MANY ATTEND C-C BANQUET

Members in New Vice-President Board of Directors

The Chamber of Commerce banquet, given by the ladies of the Parsonage Association, held in the First Christian Church last Thursday night, was a most successful affair from every standpoint. The feast was the most elegant and most eloquent. Messrs. Grant Beaves and B. Sherman of the Lubbock Chamber of Commerce brought words of greetings and will from Lubbock.

TEACHERS FORM COUNTY ASS'N

J. B. Zimmerman President of Organization Formed here Saturday, Horn Talks

In response to a call previously made by County Superintendent H. P. Caviness, a representative body of teachers of Lynn county met in the High School Auditorium here Saturday afternoon and formed an organization. About forty-five teachers were present and entered into the organization. While a majority of the schools of the county were represented, there were several which were not.

Prof. J. B. Zimmerman, principal of the Dixie School, was elected president, Supt. R. L. Faubion of Wilson was elected vice-president, and Miss Janice Jernigan, teacher of English in the Tahoka High School, was elected secretary. Supt. M. L. H. Baze of Tahoka was chosen as publicity agent. A program committee was selected, composed of the following: Superintendents Baze of Tahoka, Faubion of Wilson, and Rickard of O'Donnell. Wilson was chosen as the next meeting place, the time being the first Saturday afternoon in March.

County Superintendent Caviness presided at the meeting last Saturday, and the program was begun by singing "Onward, Christian Soldiers" led by Mr. Baze. Miss Van Cade of Wilson gave a delightful reading, and the "Donkey" Quartette consisting of Messrs Baze, Williams, Nelson and Townes, favored the body with a couple of selections.

Dr. P. W. Horn, President of the

Clubs are Planning Educational Tour

The County Council of Women's Home Demonstration Clubs of Lynn County voted for all Club members to go on two Educational tours this year.

The first trip is to be made on February 22, the crowd going to Post to inspect the Postex Cotton Mill and a local Hatchery.

Every Club Woman in Lynn county is invited and husbands are cordially invited. The rules at the mill are that no person under sixteen years of age can go thru, so arrange to leave children outside or at home. Every woman will carry lunch. You may leave Lynn county when you please but be at the Court House in Post at 11:30 A. M. so we can go and eat our lunch together and proceed from there on our sight seeing trip.

When places of interest have been visited members may start for their respective homes without waiting for the crowd. Let's all go and make this trip a success, then make more plans for the trip to Lubbock later in the year. Your sincerely
MILIE M. HALSEY, C. H. D. A

YEATTS DRILLED SEVEN WELLS ON PLACE BEFORE FINDING OIL

There is at least one Lynn county citizen who is thoroughly convinced that there is a paying oil pool in this section. That man is S. D. Yeatts, on whose farm oil was found in a water well two weeks ago.

He knows there is some oil beneath his land; he is very positive that there is a big pool somewhere not very far in the direction of China. He himself discovered the oil when he and his helper began cleaning out an old well. Oil has been slightly rising in the well ever since the discovery, in spite of the fact that the well has been gradually and constantly caving in. Adding to his belief, is the fact that he found a showing of oil in another well 300 yards north of the discovery well about a year ago. Also slight oil showings were found on the Sutton place, one-half mile east of the Yeatts place, some time ago. Still another reason: oil showing were found in a water well on the H. M. Larkin

farm in that section of the county some 20 years ago. The Yeatts place is about 15 miles southwest of Tahoka, between Wells and Newmoore; it is 2 miles north and 8 1-2 miles west of O'Donnell. A ridge runs across the 320 acre farm and extends to the southwest. On this ridge sits the small Yeatts home. Here the oil indications were found. Two miles to the south west of the place is Gooch Lake which covers over a half a section, and to the south 1-1/2 miles is small lake, the Black Lake. All of the surrounding country is rolling, a bit hilly; and has about the same appearance of other Texas sections in which paying oil has been found. "I have dug seven shallow wells on my place in the last year trying to get water," Mr. Yeatts told a News man Sunday, "and have never found water. I have to haul the water we use. The first well was

Many Speakers On Poultry Show Program Saturday

DIST. COURT OPENS MONDAY

Grand Jurors and Petit Jurors Summoned for February Term of District Court

The February term of the district court will open next Monday. The first item of business will be the empaneling of a grand jury. Petit Jurors have been summoned for three weeks of the term, the second, third and fourth. There will be no petit jury for the first week. The following sixteen men have been summoned to appear as grand jurors: Perry Andrews—New Home. J. E. Rice—Joe Stokes. Paul H. Gooch—O'Donnell. A. R. Kimbrell—Jog Bailey. J. K. Applewhite—Tahoka. D. H. Goodnough—Tahoka. E. L. Deavers—Wilson. W. M. Thompson—Tahoka. J. T. Williams—Grassland. J. C. Hood—Redwine. O. R. Cook—Gordon. W. T. Griffin—O'Donnell. Anton Ahrens—Wilson. A. H. Ash—Redwine. W. B. Edwards—Tahoka. J. T. Middleton—O'Donnell. Petit jurors summoned for the 2nd, 3rd, and 4th weeks of the term are as follows:

Second Week, Feb. 21
B. H. Robinson—Tahoka.
M. C. Hamilton—O'Donnell.
Hofford Medlin—Wilson.
Jake Leedy—Tahoka.
J. N. Schooler—O'Donnell.
Boyd Rice—Joe Stokes.
Frank Eubanks—O'Donnell.
I. M. Draper—Midway.
Newt Barham—West Point.
Herman Turner—Tahoka.
Ralph Deavers—Wilson.
J. N. LeMond—Draw.
D. W. Fleming—Magnolia.
Bonnie Milliken—Morgan.

Good Collection Of School Taxes

At a meeting of the school board Monday night Jim Weatherford reported that nearly 90 per cent of the school taxes assessed in this district had been paid. This is not quite as good a percentage as was made last year but it is better than was expected.

By a unanimous vote the board extended the time for paying taxes without the penalty being added until March 1. Any one who has not paid may still pay his taxes without any additional cost. It is believed that a very small per cent of the taxes will go on the delinquent list. That's fine.

PRESBYTERIAN LADIES WILL PRESENT PLAY

"Rosetime," a musical comedy, will be presented Friday night in the high school auditorium under the auspices of the Presbyterian Auxiliary. This is a clean and highly entertaining play and every ticket-holder is promised the worth of his money. You will regret it if you miss this performance.

COUNTY CLUBS HOLD MEETING

Next Meeting of the Federated Clubs Goes to O'Donnell; Officers Are Announced

A meeting of the Council of the County Federated clubs was held in the office of the County Home Demonstrator on Monday afternoon at 2 o'clock. The meeting was called by Mrs. Galloway, of Wilson, President of the organization. The object of the meeting was the election of new officers, and Miss Halsey acted as temporary chairman, after an address by Mrs. Galloway. A list of 1927 officers follows: President, Mrs. Chas. F. Shook; 1st vice-president, Mrs. H. Everett of O'Donnell; 2nd Vice-President, Mrs. I. M. Draper of Route 3; Secretary and Treasurer, Mrs. Tom LeMond of Tahoka; Corresponding Secretary, Mrs. A. Z. Jackson, of Tahoka; Parliamentarian, Mrs. Galloway of Wilson.

The Federated Club of the County will be the guests of the O'Donnell Home Demonstration Club the first Thursday in May, at which time a program observing the Better Homes and America movement will be given. This is a national movement and is very important to all clubs having for their aim the improvement of the home. All plans for the May meeting will be given out later.

A short resume of the things accomplished by the County Federation in the past year include the initial organization late in the past summer; the presentation of an Armistice Day program which was instructive and entertaining, owing greatly to the cooperation of other Civic Clubs of the City. All meetings of the Council were well attended and a spirit of progress and loyalty to the organization made manifest.

Mrs. Galloway, the retiring president, has done wonders with the newly founded organization and by her ability and fine tact she has endeared herself to the entire membership. Mrs. I. M. Draper, Secretary, has also given of her time and energy for the good of the county. The former officers bequeath to the incoming ones a high ideal of service and accomplishment.

Miss Halsey, the County Home Demonstrator has worked faithfully in the interest of the women and homes of the County and it is owing in a large measure to her help and inspiration that the young Federation has done so well.

SERVICES AT METHODIST CHURCH NEXT SUNDAY

Rev. R. T. Breedlove, the pastor, has announced that there will be preaching services at the Methodist Church each night next week. These are expected to be most spiritual and helpful services and you are cordially invited to attend.

Sheriff Wesley Simpson has received a communication from Judge J. W. Elliot, who is spending the winter at Santa Ana, California. Judge Elliot says that he doesn't see much there to brag on and he and Mrs. Elliot are anxious to get back to Lynn county. They expect to come back soon.

Mrs. L. T. Graves of Rising Star is visiting Mr. and Mrs. Jim Swope this week.

TO BE FIRST ANNUAL SHOW

Birds From all Over County to be on Display; Poultry Experts on Program

Lynn County's first Poultry and Egg Show and School will be held in Tahoka next Saturday, and a number of poultry raisers of the county are preparing to exhibit their birds and attend the school on that day. A number of experienced poultrymen are on the program for talks during the day.

Miss Halsey has the following to say concerning the planned activities:

Mr. Hall Robinson has kindly given us permission to hold our show in his brick building just west of the court house. Mr. Nelson will have coops there Friday, so bring your fowls in Friday afternoon if possible. At least they must be in place by 9:30 Saturday morning, as we should not disturb the speaking after the program begins. You may take them out after 4 o'clock Saturday afternoon.

This is your show and it cannot be a success unless you come and bring some of your birds and some eggs. The following program has been arranged and will be carried out in full if possible.

1. Purpose of the Meeting—Home Demonstration Agent.
2. Lynn County Diversification Program in 1927—G. H. Nelson, secretary Tahoka Chamber of Commerce.
3. Judging Eggs—Advantages of the Early Hatch—Care and Feeding of Baby Chicks—N. H. Payne, Lubbock.
4. Culling for Egg Production—Feeding for Egg Production—Housing the Flock—D. F. Eaton, County Agent, Lubbock.
5. Judging Birds.

NOON

6. Slides on Poultry Management and Housing to be shown at Picture Show from about 12:45 to 1:15 p. m.
7. Insect Control—Selecting a Breeding Pen—Advantage of a Pen to build up a flock—Keeping Records—Mr. Knox, Farr, County Agent, Seminole.
8. Has this Show been worth while?—Shall We Make Plans for an Annual Winter Poultry Show in Lynn County?—G. H. Nelson, Secretary Tahoka Chamber of Commerce.

Instead of sitting with folded hands and waiting for an oil field to be opened up at our doors, or for Congress to pass some laws to relieve the present farm situation let's get to work with what we have at hand. Poultry products of the United States are of more value than the cotton crop every year. Why not push the big things? Come to the Poultry School February 12!

Your sincerely,
MILIE M. HALSEY C. H. D. A.

A MEMBER

T. I. Tippit, a farmer east of town was in the News office Wednesday and stated that he was rapidly recovering from the "blues." Mr. Tippit raises lots of chickens and they help pay the running expenses of his household. He has a little cotton in the field yet, also, and the price of cotton has picked up considerably. He thinks conditions will be better from here on out.

J. H. Holloway informs us that his residence in Sulphur Spring was totally destroyed by fire a few weeks ago. Mrs. Holloway and some of the children were there while Mr. Holloway has been here running his gin. It was a splendid 11-room residence worth about \$7,000. Insurance was carried on the house to the amount of \$3,500 with about \$1,200 on the furniture. The fire originated in a bath room upstairs, thought to have been caused by mice striking a match.

(Continued on back page)

SERVICES AT FIRST CHRISTIAN IAN CHURCH SUNDAY

Announcement is made that Rev. J. F. Mathews of Lubbock will preach at the First Christian Church here next Sunday morning at 11 o'clock and at 7 p. m. He is an able minister and will have an interesting message. The members of the congregation cordially invite you to be present.

COTTON REPORT SHOWS GAIN

One Million More Bales Ginned in 1926 Than in 1927 Govt. Report Shows

The last ginner's report, issued by the U. S. Department of Commerce shows that 5,171,599 bales of cotton of the crop of 1926 had been ginned in Texas prior to January 16, 1927, as against 3,999,769 prior to the same date a year ago.

This report also discloses the fact that west Texas and the South Plains sections are rapidly taking high ranks as cotton producing sections. Jones county stands sixth among all the counties of the state in the number of bales ginned. Other west Texas counties have taken their place among the big cotton-raising counties of the state.

The first twelve counties in the state follows:

Ellis	120,969
Nueces	102,762
Williamson	101,793
Hidalgo	89,818
McLennan	88,290
Jones	82,160
Navarro	75,643
Kaufman	71,789
Hill	69,668
Milam	68,291
Falls	68,308
Gollin	65,663

Of the thirty-nine west Texas counties listed below, Jones county stands first, Runtells second and Lubbock third. Lynn county stands tenth

(Continued on Last Page)

Payment of Poll Taxes Decrease

We are not able to give the number of poll taxes paid in Lynn county by boxes, since the statistics have not yet been compiled by the collector, but the total number in the county, according to the books, is 2,254. This is about 1,000 less than the number paid last year.

The decrease is due primarily to the scarcity of money in the county and to the fact that this is an off year politically. With a fair degree of prosperity this fall there will be a great increase in the number of payments next year.

GREAT SLUMP IN CAR LICENSE

Only 1,444 car licenses had been paid up to Monday, according to Mrs. Lowrey in the collector's office, against about two thousand paid to the same date last year. A good many people have evidently run the old car in the shed.

Levelland—Contract has been entered with the Texas Utilities Company for maintenance of 14 street lights for the business section of the town. The lights are to be 100 candle power and of the pole and bracket type.

pointed by President Brashear, consists of the following: J. A. Brashear, president, R. P. Weathers, vice president, Robt. H. King, J. K. Applewhite, T. H. Speight, L. F. Cratt, W. E. (Happy) Smith, E. H. Bouillon, Alvin Hicks, Dr. C. B. Townes and E. L. Hill.

The new board has entered upon its work with a good deal of zest and the outlook for the organization is most flattering.

LOW DOCTORS Treat Colds and the Flu

To break up a cold overnight or to get short an attack of grippe, influenza, sore throat or tonsillitis, physicians and druggists are now recommending Calostat, the purified and refined calostat compound tablet that gives you the effects of calostat and is absorbed without the unpleasant effects of either.

One or two Calostats at bed-time with a swallow of water—that's all. No salts, no nausea nor the slightest interference with your eating, work or pleasure. Next morning your cold has vanished, your system is thoroughly purified and you are feeling fine with a hearty appetite for breakfast. Eat what you please—no danger.

Get a family package, containing full directions, only 35 cents. At any drug store. (adv)

RUN-DOWN

Cardui Starts Missouri Lady On Road To Health Again.

Mrs. T. G. Harris, of Charlestown, Mo., writes: "For two years, I was in very poor health, almost past going, so weak and run-down. I tried to make the most of what little strength I had left, but I could find nothing to start me on the road to health again until, one day, I decided to try Cardui. I took Cardui for several months and was very much gratified with the results. I began to do my own work again. My color, which had been pale and sallow, became natural. My complexion cleared up. Cardui was just the tonic I needed."

Take Cardui if you are run-down. It should do you good. At all drug stores.

TEACHERS FORM COUNTY ASSOCIATION

(Continued from First Page)

Texas Technological College, was the principal speaker of the occasion. His address was most thoughtful and thought provoking. He discussed the general subject of Education, depicting it as a "moving picture" rather than as a static picture. In the course of his address he called attention to a few educational measures now pending in the legislature.

He favored the bill which would authorize the levy of a county school tax to the end that the child out in the remote and unfavored districts might have better educational advantages. He thought the child out there was worth just as much as the child in the cities and towns, and that better educational opportunities should be afforded it.

He also favored the extending of the powers of the county boards of trustees, giving them the power to elect the county superintendent just as superintendents of the cities and independent school districts are elected, not by a vote of the people, but by a board of trustees. He also favored the creation of a state board to elect the state superintendent of public instruction.

He opposed the bill pending which would prohibit any change in text books until three fourths of the principals or superintendents in the state should agree to such change. He thought that would render any change practically impossible.

Following his address and just preceding the business meeting refreshments were served. The first meeting of the Lynn County Teachers Association was declared by those present to have been a helpful and successful one.

Uncle Ike Metcalf has some kind of a stand-in with the bankers that we can't understand. One of them made him a present of a dandy \$16, four gallon hat. The judge, it is true, is a good customer of bankers, as he takes in a bunch of silver wheels nearly every day for marrying some happy couple, or as a penalty for the infraction of some law of the state on the part of some hilarious or pugnacious or otherwise incorrigible citizen. He deposits these coins in the banks of the town and thus helps to swell the deposits in these institutions. It may be for this reason that the said banker came across, and it may be simply because he merely wanted to show his appreciation of a good justice of the peace like Judge Metcalf is. At any rate the donation was purely voluntary and was duly appreciated by the good-natured judge.

Terry Noble recently shipped two cars of full-fed sheep to the Kansas City market and is now feeding a car of ewes to be shipped out soon. Mr. Noble finds that sheep are profitable.

Texas Tech Enrolls 1,500th Student

LUBBOCK, Texas, Feb. 10.—The Texas Technological College has just registered its fifteen hundredth student during the current scholastic year — the record of the school's history. Eugene Wilson, a 17 year old graduate of Bay City High School is the student who has the above honor.

The passing of the 1,500 mark in Tech's enrollment caused President Horn to call renewed attention to the institution's urgent need for more buildings and equipment, as well as more courses and a larger faculty. The next school year, in his opinion will see the enrollment of the two thousandth student. Greatly enlarged facilities are absolutely necessary to care for this great student body.

HOW TO MAKE COTTON AT 12 CENTS A POUND

Writing in the Anderson Mail, Geo. McGee tells just how to make cotton at 12 cents a pound. We know our readers will be interested in finding out just how it can be done, so we give McGee's 10 specific rules as follows:

1. Rent a good farm for part of the crop, and shoot your landlord if he ever mentions his part to you.
2. Buy your goods on credit. Steal your mule feed and plow tools from your neighbor. Give checks for groceries.
3. Stay away from church so's your preacher won't expect you to pay him anything, and if he sends a collector around, why turn him down.
4. Borrow a shoat to raise on the halves. When he gets fat, kill him and tell the man you got it from that his half died.
5. Spend every Sunday with your wife's kinfolks, if she's got any fit to go to see, and borrow enough rations to live on thru the following week.
6. Hire a hand and promise him 2 bales of cotton for his services and run him off before you begin to gather your crop. (N. B. Make him board himself while working for you.)
7. Get some good man to endorse your note for \$50, and don't speak to him again.
8. Trade at every store you find that will sell you on credit till "next Saddy."
9. If any of them turn you down—buy one load anyhow with a check.
10. As soon as crops are laid by take your mules back to the man you bought them from, and tell him you are ruint. (He will be glad to get his mules back by that time.)
11. Pick your cotton as fast as it opens. Have it ginned and charge the ginning to your landlord. Sell your seed and cotton as soon as possible. Dodge everybody you owe, and move just as soon as you think that somebody else is thinking that you are planning to leave the state. That's all.—The Progressive Farmer.

W. M. S. HAS BUSINESS MEETING

About 15 members of the W. M. S. met at the Baptist Church Monday afternoon for the monthly business meeting. Mrs. Higginbotham, who presided, led a short devotional. The society voted to pay \$50.00 on the church building by the 15th of February; also to buy materials for the Junior department of the Sunday School.

Circle C. reported plans to raise money by staging a play in the near future. In order not to be surprised in zeal, the other circles are casting about for plans to rival them. No doubt the building notes will be met promptly.

WANT NEW COUNTY IN VICINITY OF TOYAHVALE

Citizens of the south part of Reeves county held a meeting in Pecos last week to devise plans to divide that county and create a new county, with Toyahvale as the county seat. Saragon is another town that would be in the new county, which would take practically the south half of Reeves, a small portion of Jeff Davis and Culberson counties.—Colorado Record.

FOR SALE—Good work mules, in good shape. Will give some terms. See Dean Nowlin or W. G. Briley. 24-4tp

Plainsview — Hale County has added 16 fine registered bulls to its bull circles. The animals were brought from Ohio by Paul Hony county agricultural agent.

ZAPPE'S CAR TURNS OVER

Wm. Zappe's big Studebaker tipped over on the highway six miles south of O'Donnell Wednesday as he and C. F. Dickson were on their way to Lamesa. Mr. Zappe was uninjured but Mr. Dickson received some slight bruises on the head and arms this morning with a slightly stiff neck. The windshield of the car was shattered and the top smashed and other minor damages to the car was done.

The accident was due to the slippery surface of the highway, due to the sleet and ice that covered the surface of the earth. Mr. Zappe had been driving very slowly and carefully but upon encountering a thin layer of snow he speeded up a bit, and almost before the occupants had time to realize what was happening, the car skidded and turned bottom side up. Zappe swung to the steering wheel, but Dickson found himself in the back seat after the car had stopped instead of the front seat where he had been riding. He does not know yet just how his change of locus was effected.

The two gentlemen succeeded in putting the car on its feet again, but upon doing so found it headed north and thereupon they made tracks back to Tahoka. They decided their Lamesa trip could wait.

INFANT DIES

Thomas Rogers, Jr., infant son of Mr. and Mrs. T. H. Rogers living on the G. T. Brewer farm 8 miles south of Tahoka, died late Tuesday afternoon and was buried in the Tahoka Cemetery Wednesday afternoon. The Harris-Applewhite had charge of the remains and prepared them for burial. Rev. B. N. Shepherd conducted the funeral services. The little child was just exactly one month old at the time of its death. The parents, have the sincere sympathy of many friends.

FORMER TAHOKA CITIZEN DIES IN AMARILLO

Friends and acquaintances here were advised Wednesday of the death of L. L. Williams, a former citizen of Tahoka, which occurred in Amarillo, where Mr. Williams has resided the past four or five years.

Mr. Williams was the first Santa Fe section foreman at this place. Later he acquired the St. Clair Hotel and operated this popular hostelry till his removal from Tahoka to Amarillo four or five years ago. Many friends here regret his demise. He leaves a wife and two sons surviving him.

EASTERN STAR WILL HAVE CALL MEETING

A call meeting of the Eastern Star will be held Thursday evening, February 17 at 7:30 p. m. All members are urged to be present to meet our grand officer, Pearl Callaway, W. M. Lenore Tunnell, Sec.

Rev. B. N. Shepherd of this city and Rev. J. F. Curry of O'Donnell were visitors to Mandy the first of the week.

FOR SALE—Good work mules, in good shape. Will give some terms. See Dean Nowlin or W. G. Briley. 24-4tp

Rev. C. E. Bell, pastor of the Brownfield Baptist Church was a Tahoka visitor Monday afternoon.

CARD OF THANKS

We wish to thank our many friends for their help and kindness to us in the sickness and death of our infant son.

MR. AND MRS. TOM RODGERS AND CHILDREN.

Haskell—Work on the city hall here is progressing nicely. When completed, the building will hold offices of the mayor, city secretary, and water department as well as housing equipment of the Haskell Fire Department. A city jail is also included in the building, occupying part of the ground floor in the rear of the structure.

Standard—Nine of the 15 men named as Master Farmers of Texas in the recent contest of The Progressive Farmer are men who live in the territory served by the West Texas Chamber of Commerce. The West Texas entrant, in the contest were rather noticeably in the minority, more than fifty per cent of the winnings were carried off by the western section. The Master Farmers of West Texas came from the following counties: Comanche, El Paso, Medina, (2) Hale, Kerr (2), Lubbock, and Howard.

Goals for Lynn County Home Demonstration Work in 1927

By MISS MYLIE M. HALSEY, Co. Home Dem Agent
No. 1—Running Water in Every Kitchen

Do you know that 397,000 farm homes in Texas have no running water? Do you know that less than 9 per cent of farm homes have running water? Do you know anything that would make a farm home more comfortable than a home with water?

Do you know one thing that will make the home happier, or keep her fresh and health longer than home water works?

Do you know any one thing that would keep the young folks satisfied with farm life better than home water works?

Do you know of any one thing that will return to your home better results in cleanliness, health, convenience, and comfort, than a home water system?

In short, where can you find a better investment for the present and future use of a few dollars than to get water works in your home in 1927?

To get water works in Plains homes need not be very difficult or expensive. On the majority of the 107 farms in Lynn county there is a fine well of water, with a good pump which will pump it. Our Lord sends plentiful plenty of wind power for lifting this good water up to us. On numbers of these farms a pump water pipe is lying around in your yard or in the kitchen and pipe all the water out.

Kind of Water Systems

You do not have to wait until you have 200 bales of cotton and 20 cents a pound for it before you install a home water system. Go ahead and let your wife show you how to install a temporary system and then when you do get the good

Draw Items

Miss Halsey was a Draw visitor Sunday night and Monday morning. She gave a chicken culling demonstration to the girls in school there. Culling these flocks took quite a bit of time. We wish to extend her thanks for the fine co-operation of all, especially the teachers. We certainly hope we have all been benefited.

Chas. Ellis, who has been on the sick list, is much better, also the Car-gille family.

Miss Nola Parks spent Sunday night at the home of Mrs. John Berry.

The program at the school auditorium last Wednesday night was enjoyed by many. We thank Mr. Nelson and Miss Halsey for their good talks; also Prof. Bryant, and we are glad to know that we shall in the future have other meetings of that kind.

Mrs. Jewell Reed was a Draw visitor Monday.

Mr. and Mrs. R. E. Reagan visited our city Saturday.

Anson Coughran and Harley Henderson were here last week doing some work blocking up an oil lease. We wish them success.

The Women's Home Demonstration Club will meet with Mrs. I. H. Parks on the fourth Friday of this month. Miss Halsey will give a demonstration in hot bed making. All are invited to attend as that is a subject we all should be interested in.

CORRESPONDENT

Warner Club Holds Regular Meeting

The Phoebe K. Warner Club met Friday, January 28, in regular session, the subject of the program being "Poverty; Its Causes, and Desirable Steps toward Its Diminution."

Mrs. Applewhite had charge of the following program:

"The Causes of Poverty"—Mrs. Buford Swan.

"Steps Toward the Abolition of Poverty"—Mrs. Tom Lemond.

Round Table Discussion on the Causes and Abolition of Poverty.

Special Feature—Book Review—Mrs. R. W. Fenton.

After the study, a short business session was held during which the following officers were elected for the next two years:

Vice-President—Mrs. Fenton.

Secretary-Treasurer—Mrs. Nelson.

Corresponding Secretary—Mrs. Le Mond.

Press Reporter—Mrs. St. Clair.

Couch Practices Diversification

W. J. Crouch residing four miles west of Tahoka is another farmer who is going to diversify.

He has recently sowed eighty acres to spring wheat, which is now up and looking nice. With a splendid season in the ground he thinks it will not require very much rain in the spring to make a good crop. He also has a small patch of fall wheat, which is fine.

Mr. Crouch has fifty head of sheep and is buying a few more of high grade stock. It costs little to feed sheep and he figures that they will be a paying proposition.

He raised quite a bunch of hogs the past year and still has about 900 pounds of pork to kill. He is milking three cows and the milk and the butter bring him in a little sum each week, in addition to supplying his own table. He is also going strong on chickens. He has more than a hundred good hens, and he expects his egg money during the present year to net him quite a nice little sum of money.

In addition to all this Mr. Crouch has a sorghum mill and has been making sorghum for himself and the neighbors and selling a little in Tahoka.

In other words Mr. Crouch is living at home and boarding at the same place. He will raise some cotton, of course, and if the season is favorable for gathering the crop next fall he will probably realize good money out of this crop, most of which should be in addition to his living.

Many other farmers in Lynn county are going to diversify this year, some of them on a much larger scale than Mr. Crouch, all of which means prosperity in the future.

Sheriff Wesley Simpson reports that he located a poker game in a business house in Tahoka Saturday night and found two citizens engaged in the alluring game. Complaint was filed and the twain required to make bond for their appearance in the county court at a later date.

Oil Excitement At Brownfield

It is reported here now that a strata of oil was struck at 600 feet in the well being drilled on the Brownfield ranch, but opinion varies as to the amount. Some say it was merely a seep, while others who are interested say it would amount to some 50 barrels per day if shot with nitro, and that if a better strata is not found deeper, the casing will be pulled up to the 600 feet strata. The Herald does not vouch for this, but merely gives this information for what it may or may not be worth. But some oil was struck.

The well found on the Singleton ranch some 25 miles southeast of town has created some excitement here, and a sample was brought here. Those who tested it say it would easily ignite on the stopper and is not "dead" oil as some maintain.

It has been known for years that oil struck down in the southeast part of the county in the early days in a well being drilled for water, but that was before automobile days, and oil was of no value, especial 100-miles from a railroad, but many of the old timers remember about the location. Indeed one ranchman here says he can go in a hundred feet of where it was located. As stated above, water and not oil was what they were after in those days, and the cattlemen being disappointed with the well, it was allowed to be covered up and forgotten.—Brownfield Herald.

NOTICE OF ESTRAY

Notice is hereby given that I have taken up, on my farm situated near the town of Tahoka, in Lynn county, Texas, the following animals found by me running in my pasture on said farm, to-wit:

One bay mule, about 15 1-2 hands high, about 10 years old, and one mouse colored mule with white nose, about 15 1-2 hands high and about 10 years old.

If same are not claimed by owner within 20 days, I will stray said animals as required by law.

G. M. STEWART, Taker-Up.

NOTICE

THE STATE OF TEXAS, COUNTY OF LYNN.

Notice is hereby given that the Commissioner's Court of Lynn County, Texas, will, until 10 o'clock, a. m. on Monday, February 14th, 1927, receive sealed bids from any banking corporation, association or individual banker in Lynn County, Texas, who may desire to be selected as the Depository of the funds of said county, including school funds, for the ensuing two years. A certified check for \$500.00 must accompany each bid as required by law, and each such bid shall state the rate of interest offered by such bidder on such funds, which said rate shall be computed on average daily balances and the same shall be paid monthly. The Court reserves the right to reject any and all bids.

Given under my hand and seal of office, at Tahoka, Texas, this 24th day of January, A. D., 1927.

C. H. CAIN, Judge County Court, Lynn County, Texas. 22-3tc

MY STORY

If I ever write a story, A nature's poem 'twill be. I'd write about the mountains Of the hills and placid sea;

Of the winding brooks and rivers; Of the humming, busy bees; Of the flowers in their glory, Of the sighing whispering trees; Of the cold, the snow in winter; Of the budding leaves of Spring; Of the warmer days in summer; Of the birds, the songs they sing.

Thus I would word my story That the humble could conceive. In each line I will strive Pleasant thoughts to weave.

—LILLIE M. QUINSEY

Preacher: "And he smote them hip and thigh!"

Deacon (absently): "Smash anything?"

A SPLENDID FEELING.
That tired, half-sick, discouraged feeling caused by a torpid liver and constipated bowels can be gotten rid of with surprising promptness by using Herbine. You feel its beneficial effect with the first dose as its purifying and regulating effect is thorough and complete. It not only drives out bile and impurities but it imparts a splendid feeling of exhilaration, strength, vim, and buoyancy of spirits. Price 60c. Sold by

CHEVROLET
The Sedan
\$695
L. A. B. Fiat, Mich.

True Distinction
The Most Beautiful Sedan in Chevrolet History!

A masterly example of the coachmaker's art, the Chevrolet Sedan with its Body by Fisher reveals a distinction usually found only on the costliest custom-built creations. It is literally true that no four-door enclosed car, priced so low, ever exhibited such marvelous beauty of line and color.

It is finished in rich Marine Blue Duco, gold striped, and its handsome proportions are emphasized by new full-crown one-piece fenders and bullet-type lamps. In addition it offers the host of improvements which helped make the Most Beautiful Chevrolet the greatest sensation of America's greatest industry. AC air cleaner, AC oil filter, large 17-inch steering wheel, new frame-mounted tire carrier, gasoline gauge and many, many others.

Come in! You need only to see this new supremely beautiful and mechanically finer sedan to realize what amazing value it represents at its greatly reduced price.

NOTICE TO THE PUBLIC
Any erroneous reflection upon the
reputation or standing of any indi-
vidual, firm or corporation, that may
appear in the columns of the News,
will be gladly corrected when called
to our attention.

Two charges of bribery were filed
against two members of the
House of Representatives at Austin
a few days ago. The charges were
promptly referred to a committee for
investigation and on Monday the
committee recommended to the
House that the two members be ex-
pelled. A long debate on the best
way to proceed ensued and at this
writing we do not know what action
the House has taken. In the mean-
time, Judge Hamilton charged the
grand jury to thoroughly investigate
the charges and that body has been
doing so. We do not know what
the final outcome will be, but the evi-
dences of guilt as brought out in the
committee investigation seems to us
to have been conclusive. If guilty,
it is hoped that the culprits will not
only be expelled from the House,
but convicted and sentenced to the
penitentiary. There is no more con-
temptible crime than that of bribery.
It belongs in the same category with
treason. The man who will sell his
vote or influence either for or
against any proposed measure, is
worse than a thief. He is a traitor.
Corruption in politics and in govern-
ment should be dealt with in the
most severe manner. "Turn the rascals
out"—out of the legislature, we
mean, and land them in jail, where
they belong.

Cities do not happen; they are
built.

PREVENTS INFECTION

The greatest discovery in flesh healing
is the marvelous Borozone, a preparation
that comes in liquid and powder form.
It is a combination treatment that not
only purifies the wound of germs that
cause infection but it heals the flesh with
extraordinary speed. Bad wounds or
cuts which take weeks to heal with the
ordinary liniments mend quickly under
the powerful influence of this wonderful
remedy. Price (liquid) 30c, 50c and \$1.20.

year. We especially invite you to come and visit us, the most mod-
ern, sanitary and up-to-date Hatchery in West Texas.
Phone 477
MRS. H. J. DIETRICH

A bill is pending in the legisla-
ture to levy a tax on cigarettes and
tobacco, the theory being that a tax
on these will be a tax on luxuries and
will also discourage their use. As
much as we hate the cigarette we
doubt the advisability of such a tax.
We believe that the use of the cig-
arette should be discouraged, that
people should be taught its evil ef-
fects, and we might go so far as to
favor a law that would prohibit its
sale on the grounds that it contains
poison. At any rate we would re-
quire that the word Poison be printed
in large letters on every package and
sack sold, so that every purchaser
would be warned every time he made
a purchase that the filthy things are
poisonous. But no such tax could
be made to apply to interstate ship-
ments, and out-of-state dealers could
ship them into the state in limitless
amounts without being subject to the
tax. Furthermore, such a tax would
operate in about the same way that
a license tax on liquor used to op-
erate. An argument against prohibi-
tion that had much weight with many
people was the fact that the state
derived much revenue from the sale
of the stuff, much of which went in-
to the school fund and helped to sup-
port the public schools of the state.
Thus a penalty placed by the state
on the sale of the poisonous stuff be-
came an obstacle in the way of its en-
tire prohibition every time that was
attempted. The use of cigarettes is
not as hurtful as the use of whiskey,
but its use is more general and the
evils of the habit are constantly
growing. We are opposed to licens-
ing the business and sharing in the
profits from the sale of the poison,
which is undermining the health and
retarding the development of the
mental faculties of the youth of our
land.

Plant a tree.

It is indeed regrettable that so
few of the citizens of the town were
present at the teachers meeting at
the school building Saturday after-
noon. While it was primarily a
teachers meeting, still it was a fine
opportunity for the citizens to Tahoka
to show that they appreciated the
presence of the teachers among us.
Besides, the address of Dr.
Horn would have been a treat to any
thoughtful man or woman, whether
teacher or not. Tahoka has as fine
a citizenship as can be found any-
where but they manifest as little in-
terest in all school functions as we
have found anywhere. It is the
hardest thing in the world to get a
crowd out to any kind of an enter-
tainment or meeting at the school
building except at the Commence-
ment exercises. We wish that it
were not so.

Help support the band.

Thousands of bales of cotton have
gone to waste in Lynn county, due
to the unfavorable fall for gathering
the crop. If the weather had been
favorable, as it usually is, farmers
would have gotten eleven or twelve
cents for their cotton and even a
better price than that for some of
it. In that event this country would
have been in good condition finan-
cially. Good cotton is now quoted
at 14 cents, and while we would en-
courage no any to plant as large
an acreage in cotton as was planted
last year, yet it seems to us that
with normal crops and normal weath-
er conditions this fall, all of this
section of the state should be in
splendid financial condition again
next fall. This period of financial
depression is merely temporary and
transitory. Lynn county is coming
back strong and she is already on
the way.

Plant a tree.

California produced \$44,000,000
worth of eggs last year. West Tex-
as is said to be even better suited to
poultry raising than California. The
marketing of \$25,000,000 worth of
eggs a year will put West Texas a
notch higher. Why not do it?

Get your name on the roll of the
Parent-Teachers Club, and attend its
meetings.

Every business man, clerk, me-
chanic, doctor, lawyer, official, and
every other citizen of Tahoka should
become a member of the Tahoka
Chamber of Commerce. The organi-
zation is functioning for the bene-
fit of all and just a mite contributed
by each beneficiary each month
would keep a sufficiency in its treas-
ury to carry on its work in a fine
way. Let's all get in.

Join the Chamber of Commerce.

"Take that ad out of your paper;
I sold every one of those leases in 15
minutes after the paper reached the
hotels," Paul Miller said to us Tues-
day. He inserted a little ad in the
classified column last week advertis-
ing oil leases for sale on five and
ten acre tracts near the Brownfield
well. A guest at the hotel read the
ad and bought the leases. It pays
to advertise.

Plant a tree.

We want to say again that we be-
lieve the people of Tahoka appreciate
the fact that so many of our streets
have been graded and placed in such
splendid condition. There are just
a few places, particularly at the end
of the pavement on the various
streets, that could yet be improved.
But on the whole, our streets are in
excellent condition.

With the board of directors of the
Chamber of Commerce greatly in-
creased in number so as to make it
more representative of the business
interests of the town, with a num-
ber of younger business men on the
board, and with a number of com-
mittees at work the Chamber of Com-
merce seems to be on a more solid
footing than it has ever been. The
prospects are that it will be capable
of serving during the coming year
in a much bigger way than ever be-
fore. Every young man in town
should become a member.

Plant a tree.

Every citizen of Tahoka should en-
ter heartily and actively in the move-
ment to beautify our town with the
planting and better care of shade and
ornamental trees and with the grow-
ing of flowers and shrubbery on our
premises. Let's increase Tahoka's
attractiveness and beauty.

If you are a member, attend the
Kiwani luncheons.

**TO THE CITIZENS OF THE
SOUTH PLAINS**

We are well organized along nearly
every line except for attention to
our most vital asset—our growing
boys and girls.

The Federal, State and County gov-
ernments maintain a county farm
agent in our midst to help us im-
prove our hogs, our cattle and crops.
We have Chambers of Commerce.

Our City governments maintain
street departments, health depart-
ments, fire departments and the
strong arm of the law.

Our churches and schools are do-
ing splendid work, but cannot ex-
tend their activities to fill the 3000
hours of unsupervised time that the
average American boy is spending
away from their leadership. They
need help.

Coupled with Home, Church, and
school, Scouting has come to be re-
cognized as a fundamental American
institution. We want it for our
South Plains boys. It has been
tried and has rung true. The past
four presidents of our nation—Cool-
idge, Harding, Wilson, and Roosevelt
have been ardent promoters of the
Boy Scouts of America.

My heart goes out to the thous-
ands of fine boys who are annually
"stumbling into citizenship"—utterly
unconscious of the sacred birthright
which has been won with the life-
blood of patriots and the vision of
pioneers. Only 21 per cent of us
gave it even the thought of a hasti-
ly prepared ballot at the last presi-
dential election. Something must
be done about it.

Let us invest in this great citizen-
ship training and character building
program for our boys.

We spend \$44.00 per capita in the
United States for tobacco, movies,
soft drinks, candy and chewing gum
alone last year.

Surely the poorest laboring man
under whose breast a patriotic heart
beats, can invest at least one dollar
monthly if he will.

I stand ready to do my part for
the future of West Texas and Amer-
ica. Won't you do yours?

ARTHUR P. DUGGAN, Chairman,
Campaign Executive Committee.

Plant a tree.

Three Lakes Items

We are wishing for the week's
weather to be fair. It seems as if
we have had our trials of damp
weather.

Mr. and Mrs. W. E. Smith are
planning to move to their new home
in a short while. We are wish-
ing them the best of happiness.

Some of our students are at home
with the mumps. We hope they will
be back at school in a few days.

Mr. and Mrs. B. F. Dial are re-
joicing over the arrival of a new
daughter.

T-Bar and Three Lakes girls are
going to play ball at Three Lakes
Friday afternoon. We wish to win,
and I am sure we will too.

Mr. G. W. Hickerson and family
visited relatives at New Home Sun-
day.

We have some cotton to gather
yet. Some of the farmers are put-
ting the land in order to raise a bum-
per crop for this year.

Mr. John Anderson and family of
O'Donnell were guests in the Orroll
Edward's home Sunday.

We have organized a literary so-
ciety in our school with the follow-
ing officers: Harvey Duckett, presi-
dent; Jack Ellis, vice-president;
Ouida Duckett, secretary; Ruth El-
lis, assistant secretary; Raymond Ed-
wards, president of the program
committee; Fagan Johnson, Ruth El-
lis, Vera Shugart, and Alta Duckett
are on the committee. We are ex-
pecting to prepare a program in the
near future for the community.

Mr. Carl Alexander, principal of
Three Lakes School, spent the week-
end at the home of his father at
Littlefield.

Archie Johnson has not attended
school for some time. He is report-
ed sick.

NINTH GRADE

THANKS

In behalf of the teachers of the
Chamber of Commerce, the Home
Economics girls, and the teachers
and citizens of Tahoka for their
hospitality and for their cooperation
in making the first meeting of the
Lynn county Teachers Association a
success.

J. B. ZIMMERMAN, Pres.

Virginia Sanford, daughter of Mr. and Mrs. Sam Sanford, was taken to a Lubbock Sanitarium Wednesday for treatment, suffering from a nervous condition. Her many friends are hoping for complete and speedy recovery.

P-T Club Has Interesting Session

There was a good attendance at the meeting of the Parent-Teachers Club at the high school auditorium Tuesday afternoon, thirty-five being present. An attendance contest is on and the losers will entertain the winners at the close of the contest. A report from Mrs. Towne, as treasurer showed that the Club netted nearly \$70.00 from the banquet served to the Chamber of Commerce on last Thursday night.

The program opened with a couple of selections from the girls Choral Club, which were much enjoyed. Messrs. Bask and Williams favored the club with a couple of duets, which were also good. The only sorry number on the program was a talk by the editor on Obedience, a subject which he knows little about.

The next meeting of the Club will be a social meeting and on account of the fact that the Kiwanis Club will have a meeting on Tuesday night, February 22, the Parent-Teachers Club will meet on the preceding night, Monday 21, instead of Tuesday night, which would have been their regular time. An interesting program for this meeting is being prepared and a hundred parents should be in attendance.

A meeting of the Club is being planned for South Ward at an early date, to be announced later.

The Lynn County News and The Semi-Weekly Farm News, 1 yr. \$2.

Grassland News

The baby of Mr. and Mrs. Tom Ferguson has been very sick with pneumonia for the past ten days. He is now somewhat better, though still very sick.

Mr. and Mrs. Tom Mitchell, who live below Post, have been here with their daughter, Mrs. Ferguson, and at the bedside of their little grandson.

Mrs. B. J. Emanuel has been very ill, but we are glad to report that she is now improving.

Mrs. P. K. Flemming and 10-day-old daughter are both very sick with pneumonia. Hope soon to hear of them regaining their health.

The Misses Fox spent the last week end with friends in O'Donnell.

Mrs. E. M. Walker entertained her Sunday School class on last Thursday night. Everybody reported a good time.

Mrs. J. E. Parris, who has been in a Lubbock hospital for some time is at the home of her sister, Mrs. Shelton, near Garlynn, and is able to sit up some, to the joy of her many friends.

The Misses Fox and Lawson went with their pupils on a hike on last Friday afternoon, which was much enjoyed by all.

School News
On Friday, February 4, the students of the Intermediate grades of the grammar school and the students of the high school of Grassland went on a picnic to the brakes. We took our lunch and cooked it after we arrived at the brakes. We started for the brakes about 4 o'clock and returned to Grassland about 7:30 o'clock. We all had a fine time.

On February 7th, the ninth grade of the Grassland High School organized their class. The members of the ninth grade are: Lucille McCord, Jesse Ewing, Georgia Mae Langford, Irene Greer, Smith Lawson, Gladys Tankersley. The following officers were elected: President, Jessie Ewing; Vice-President, Smith Lawson; Secretary, Lucille McCord; Reporter, Georgia Mae Langford.

Red and blue were selected as class colors.

The eighth grade is glad to welcome Ruby Hodo, J. B. Barrett, and Clyde Tankersley as members of the class.

The school has decided to put out a school annual this year. This annual is to be left in our school library.

The pupils in the fifth and sixth grades, with the help of Miss Gladys Fox, conducted chapel exercises last Friday morning.

If you don't believe the school spirit is growing just visit us and see.

—REPORTER

T-Bar News

First and most important just now we believe, is a spelling match between T-Bar outsiders and T-Bar school, to take place at T-Bar school house February 11, Friday night. We are inviting everybody and expect some from Tahoka to be present.

Jim Smith returned home Thursday from a visit to east Texas.

Misses Thelma and Lola Waldrip returned home Saturday after an extended visit with relatives in Cleburne.

Mr. Claude McKee and Jesse Dorman and Misses Maggie Garrett and Sue Ellen Johnson spent Sunday with the Misses Waldrip.

Mr. and Mrs. Chester Dorman of Tahoka spent Saturday night and Sunday with his parents.

Mr. Lindley was here the past week from Lubbock to erect a windmill on his farm, occupied by M. A. Dorman.

A. CORR

SHINNERY CORN IS BEING GROUND INTO MEAL BY FARMERS

Farmers in the shinnery country west of Weaver, Higginbotham and Patricia, are going back to "primeval days" by taking their sacks of corn to the mill to be ground into meal. The hard, flinty corn produced there makes an excellent meal, it is said, and cuts down appreciably the cost of maintaining the home larder.

It is said that corn is selling as low as 15 cents a bushel in that section. Gins and windmills are being equipped with grinders. Some Ford cars also are being utilized to furnish power to run the mills.—Dawson County Journal.

FOR SALE—Good work mules, in good shape. Will give some terms. See Dean Nowlin or W. G. Briley. 24-47p

Redwine News

There are several remnants of cotton in the fields here yet but most of the farmers are through picking. We have quite a small-pox scare in this neighborhood. Most everybody is being vaccinated. Hope it stops at that.

The school board has bought a house at Draw and will move it to Redwine and make a Teacher's Home out of it.

Mrs. Mandie Worthen of Jayton visited her parents, Mr. and Mrs. L. C. Johnson, this week.

Mr. Bert Wilson is putting in a small corn mill. So bring your corn if you want meal.

Yes, we are going to have an oil well soon, Mr. Harley Henderson and others are getting up a 20,000 acre lease in this neighborhood. I would feel bad to have a good cotton farm ruined with an oil well.

Mr. Jake Mangum and wife of Ragtown visited with Mr. and Mrs. B. M. Vaught Wednesday of this week.

Tom Smith took his family to town Wednesday and had them vaccinated.

We are glad to welcome our old friend and neighbor, Mr. Morgan Smith and family back here again. They lived here in 1917 and 1918 but moved back to Peel, Ark, but like most everyone who leaves here, they just had to come back. They are stopping with Mr. Bert Wilson until their things get here. They will then move to the Bill Thompson farm east of Tahoka.

We are sorry to hear that our teacher, Mrs. Taylor, is not well this week. Hope she will be well soon. They are fine folks and are teaching us a good school.

L. C. Johnson and Mrs. Johnson spent the day with their daughter, Mrs. J. J. Bishop, Monday, the 7th.

Our school started gain Monday the 7th. No new cases of smallpox, we are glad to report.

Mr. and Mrs. Bob Traweck spent fast Sunday afternoon with our teachers, Mr. and Mrs. Taylor.

property, in accordance with the commands of said order of sale, will be sold by me on said date at public sale to the highest bidder for cash.

Given under my hand this 9th day of February, A. D. 1927.

GUY SHERROD, Constable, Lynn County, Texas.

24-11c

Pampa — Brick work on the new Schneider Hotel has started, and the building will be ready for occupancy by May 1, according to the contract. Several colors of bricks are being used in the work.

LADIES DEMONSTRATION CLUB AT T-BAR REPORTS

The ladies met the first Thursday, February 3, with Mrs. M. A. Dorman. Almost all of the members were present and on time. We hope to have a real sure-enough, wide-awake club this year, and we made a start to that effect last Thursday. We made plans on gardening and the best varieties to plant in our locality. However, we are a little backward until we can get our year books.

We had a very interesting time, seven ladies taking part, especially with such a hostess as Mrs. Dorman. After business was over gold cake and whipped cream were served.

The next meeting will be with Mrs. Lewis Moore, March 3, at 2:30 p. m. Be sure and bring your report made out and be on time. Every one be sure and come. Remember the meeting with Miss Halsey at Tahoka, Saturday, February 12; and the women and the girls too, bring your hen or hens—there will be coops for them—and have them judged.

We were greatly disappointed in our meeting; our demonstrator from some unknown cause was absent. We realize she was disappointed too.

Mrs. R. L. Moore is president; Mrs. McCorley Secretary; Mrs. M. Johnson Corresponding Secretary of the T-Bar Ladies Club for 1927.

SICKLY, FEEVISH CHILDREN

Children suffering from intestinal worms are cross, restless and unhealthy. There are other symptoms, however. If the child is pale, has dark rings under the eyes, bad breath and takes no interest in play, it is almost a certainty that worms are eating away its vitality. The surest remedy for worms is White's Cream Vermifuge. It is positive destruction to the worms but harmless to the child. Price 35c. Sold by

TIGHT FEELING

Medicated Merchant Remedies Black-Draught For This Symptom Of Indigestion.

Mr. D. W. Huff, a retired merchant of Centerville, Miss., and very well known in his part of the state, makes the following statement, in regard to his experience with **Black-Draught**: "About thirty years ago, I found myself in need of a medicine and I began using **Black-Draught**, as it had been highly recommended to me. I found it good. I used to have a tight feeling in my chest, after meals, suffered from indigestion, and was very uncomfortable. I would feel tired, not like working. I would take a few doses of **Black-Draught**, and feel like work. I call it my 'rescue'."

Let **Black-Draught** be your medicine, and hold everywhere. One cent a dose.

TIRE HOSPITAL

They don't cut off your leg if you break it. They mend it! That's what we do to broken tires and tubes—as long as it's money in your pocket to do it. Any time a tire or tube needs an operation, bring it to us. If any one can mend it our expert can—and that will save you money.

Eventually, of course, we want you to have tires made by GOODYEAR. That's the ultimate solution to your tire trouble. Not until then will you really enjoy motoring as you should.

“Something New Most Every Day”

No wonder women feel they have made a discovery when they find what a modern Singer will do. It is so smooth, so quiet, so easy to operate, so swift in the completion of each task that sewing itself becomes a delightful pastime. And when you realize that it makes possible three lovely dresses at the usual cost of one, you know a Singer is never an expense, but the best investment a family ever made. Often it saves its cost in a single season—then goes on saving money through the years.

There is an easy way to prove to yourself what a modern Singer will do. The nearest Singer Shop will gladly send a machine to your home to use for a few days, in doing your own sewing. You may have your choice of the widest variety of models—electric, treadle and hand machines. Any one of them may be yours on a convenient plan by which you will receive a generous allowance for your present machine, and your new Singer will pay for itself as you save.

LOST—Lock on spare tire for Studebaker car, also key. Finder please leave same at Tahoka Service Station. 24-4tc.

YEATTS DRILLED SEVEN WELLS ON PLACE
(Continued from First Page)

drilled north of the house and it was here that we found oil on the water. We then moved to the south part of the place and drilled five holes, but never got any water. We were cleaning out the well here in front of the house, and had dug it down to 146 feet when we drew up a bucket of oil. The oil rose as high as five feet in the well.

"We have never been able to tell whether the oil is seeping in from the bottom of the well, or whether it is coming in higher up. The formation of this soil here is a peculiar one; there was no water coming in, but the well kept caving in. The well has caved in to 85 feet, and we can still dip out oil in small quantities. Some gas has been coming from the well all the time. A man stuck a match over the hole Wednesday or Thursday and they said (I was not there) that there was a big explosion.

"I have dug all the shallow wells I am going to, though. I'm tired digging for water and not getting any. Our next well will be a deep

WANTED—To trade for real estate or town property and will assume some indebtedness.—R. L. Richardson at Light Plant. 21-4tp.

test oil well.
Several thousand people have visited the well many of them carrying away samples. Oil scouts from Marland, Humble, T. & P. and other big oil companies active in Texas have visited the place, although most of them have little or nothing to say concerning the probability of finding oil in paying quantities. A few, who have declared themselves, said they believed oil would be found in big quantities, while others, were less encouraging.

Contract for drilling a deep test has not yet been let, but sufficient acreage has been blocked by a committee headed by M. C. (Mack) Hamilton of O'Donnell to insure a test, since several offers have been made by the lease blockers by big oil companies. Several other leases are being blocked in that section of the county. Ben T. Brown is blocking one south of the Yeatts lease, most of which block will be in Dawson county. Another is being blocked from Wells School east, and one west to Newmoore. Several miles southwest of O'Donnell, in the vicinity of the Orson place, a tract is being blocked. Other tracts in process of formation are in the Midway section and Redwine-Draw section southeast of Tahoka. Hart Oil Company has 10,000 acres south of Tahoka and 20,000 west. The Kingsland well on the Lynn-Terry county line is on a 10,000 acre lease. Green & Lumsden has a tract in the same vicinity, and Deavers and Miller have one northeast of Tahoka, near Wilson.

There may be oil in paying quantities, and there may not be. At any rate, we are probably going to get a thorough testing.

GOVERNMENT COTTON REPORT SHOWS GAIN

(Continued from First Page)

among all the counties of West Texas and third on the list of plains counties. Lubbock stands first on the plains, Crosby second and Lynn third. The figures for these counties are as follows:

Jones	22,160
Russells	62,034
Lubbock	59,814
Crosby	58,843
Hall	56,579
Willbarger	54,247
Taylor	53,353
Haskell	48,332
Fisher	45,994
Lynn	42,454
Coleman	42,400
Collingsworth	41,694
Hardeman	40,184
Knex	40,188
Mitchell	39,732
Childress	39,671
Scurry	38,470
Dawson	36,171
Cottle	35,966
El Paso	35,947
Hale	33,565
Floyd	31,856
Wheeler	30,843
McCulloch	29,382
Dickens	27,202
Lamb	26,147
Howard	25,023
Nolan	24,931
Young	23,965
Wichita	23,901
Baylor	23,591
Donley	22,312
Motley	21,705
Foard	20,713
Hockley	19,479
Concho	19,288
Terry	19,073
Garza	16,586
Stonewall	15,882

Thus it will be seen that these 39 west Texas counties produced more than 1,400,000 bales of cotton last year. We have not taken the trouble to compile the figures for all west Texas, but the total production in West Texas last year was not far from 1,600,000.

Lampasas — Lampasas' 24,000 egg capacity chick hatchery has opened for 1927 operations. C. R. Oakley is in charge.

Pat Northcross of O'Donnell was here Monday and romped mildly on the editor for claiming the Yeatts' greenbacks for both O'Donnell and Tahoka. We are not the least jealous or selfish, Pat. We are not going to fall out with Pat about that. If oil in big quantities should be found in that vicinity there would be plenty of glory and greenbacks for both O'Donnell and Tahoka. We are not the least jealous or selfish, Pat.

FOR PLANTING TIME

We have an assortment of new garden seeds, the 5c kind of good seed. Also Minnesota Triumph and Cobbler seed potatoes, and will have onion plants and sets in a few days. Everything in groceries to supply your wants.
