SIX COUNTIES IN LEGAL SUIT

Lynn-Garza County Line Dispute Draws More Counties Into Big Legal Mix-Up

(From the Lubbock Journal) Four more counties adjacent to Garza and Lynn have been drawn into the impending long legal fight to definitely establish boundaries between the two latter mentioned coun- ties. Lubbock, Crosby, Hockley and Terry counties are proper and neces- sary counties to the suit, it is charged in defendant Lynn county's origi- nal answer to pleadings in the suit filed recently by Garza county.

Lynn's answer, filed Thursday with the district clerk here by Lockhart and Garard, of this city, offers gen- eral denials to the plaintiff's peti- tion, saying that the allegations therein are insufficient to constitute a cause for action, or require the de- fendant to answer.

The petition further specifies that complaint is made of Lubbock, Cros- by, Hockley and Terry counties, that these counties are proper and neces- sary to satisfactory culmination of the suit; that no definite survey of boundary lines between any of the counties has been made, but that un- der the act of Texas Legislature ap- proved August 21, 1876 creating the counties, the northwest corner of Garza, the northeast corner of Lynn, the southeast corner of Lubbock and the southwest corner of Crosby is a common corner of Lynn.

The petition recites that according to calls of field notes of the act creat- ing the counties, the southwest cor- ner of Lubbock county and the north- west corner of Lynn is 120 miles due west and 60 miles south of the southwest corner of Childress county, which also was created by the act of August 21, 1876; that each of the counties west of the point of beginning is 30 miles square, with common corners; and that the cor- ners of boundaries of counties af- fected have never been truly deter- mined and laid out on the ground.

Southwest Corner Named The petition charges that the southwest corner of Lubbock county, established in 1892 by J. B. Jones, which corner was used as the point of beginning by Garza county in the survey recently undertaken, is 300 yards south and 700 yards west of the true northwest corner of Garza county, which under the common point, would be the northeast corner of Lynn when measured from the 12th mile post on the 100th meridian, as is alleged to have been specified in the act of the Legislature.

It is charged that the northwest corner of Young county, as called for by the plaintiff, Garza county in the original petition, is not the prop- er place of beginning because there are two well established corners about 500 yards apart.

TEACHERS GO TO O'DONNELL

Next Meeting of Educational Association To Be Held April 5, Zimmerman Says

The next meeting of the Lynn County Educational Association will be held in O'Donnell Saturday, April 5, at 2 p. m.

W. J. A. Rickard as chairman of the program committee has been re- quested to prepare a program for the coming meeting. In this mat- ter of program he will be aided by Frank Fauson of Wilson Schools, Principal King of O'Donnell Schools and Dept. Base of Tahoka Schools.

These gentlemen will prepare a pro- gram that will be of interest to all persons interested in schools in Lynn county. This means you, because, as the Tax Payer, you pay for the schools.

At the last two meetings of the association, it was a pleasure to have people from many walks of life. There were doctors, preachers, mechanics, merchants, stu-

ELECTION FOR SALE OF LIGHT & ICE PLANT TODAY

The qualified voters of the city of Tahoka are deciding today at the bal- lot box whether or not the City shall sell the electric light and power plant and the ice factory to Messrs. Sam- ple & Malby of Matador for a con- sideration of \$80,000, \$30,000 of which is to be cash and the remain- der in ten equal annual payments of \$5,000 each covering a period of ten years.

On account of the intense sand- storm which is raging, the vote is expected to be light. Only a little more than 60 votes had been cast at noon.

RE-ELECT BAZE AND WILLIAMS

Board To Elect Other Teachers Soon; Building To Be Complete By July 1st

At a meeting of the school board Monday afternoon Superintendent M. L. H. Baze and Principal Nat Will- iams were each re-elected for the en- suing year. The election of other teachers will probably be considered at the regular meeting of the board to be held next Monday night.

The board also authorized a slight change in the high school building now under construction, increasing the length of the study hall about ten feet and decreasing the length of Commercial Department room by the same amount, leaving it about the same size as the other class rooms. This will increase the capacity of the study hall to about 125 pupils, possi- bly 150.

The water committee was also in- structed to procure and lay piping from the city main to the school building, a distance of a little more than 300 feet. Two-inch piping will be used.

Mr. Wheeler, the contractor, and Mr. Woolley, the architect, estimate that the building will be completed about July 1.

The Board set Tuesday, April 12, as the time to receive bids for the furniture and equipment for the new building.

Four Poker Players Pinched By Law

Four poker players were located by the "law" out in the T-Bar pas- ture Sunday afternoon and invited in a most persuasive manner to appear before his Honor, Judge Metcalf, and make amends for their misdeeds. Three of them pleaded guilty instan- tly and dug up the necessary coin to satisfy the State. One of them de- cided to "buck the law" and his case was accordingly tried before a jury in the Justice Court Monday. The jury decided that he was guilty as charged, and the extra "trimmings" made his fun considerably more ex- pensive than that of his fellow-fun- ders. Deputy Sheriff Dee Sanders and City Marshal C. M. Finch were the two members of the local peace officers squad who located and cor- ralled the offending citizens. They located the gamblers with the aid of a pair of field glasses and from a considerable distance they watched the progress of the game with quite a good deal of interest. Then after having procured all the evidence that they needed they stepped on the gas and closed in on the players in a jiffy. The game occurred out in what the officers call "Poker Canyon."

Tahoka Loses To Post Tennis Team

The boys' tennis team, composed of E. S. Evans and Bonnie King, played Post High School represen- tatives at Post Tuesday afternoon. The first set of doubles was won by Tahoka by the count of 6-2, Post winning the next two, 6-2 and 6-3. The singles contest between E. S. Evans and Speck of Post ended in a tie of one set each, the game being unfinished on account of darkness.

The games were fast throughout, drive after drive being returned. With continued work the local boys will be strong competition at the dis- trict meet, according to Coach Lewis.

COUNTY GETS GOOD RAINS

Will Be Of Much Benefit To Grain Crop And Put Good Season In Ground

Portions of Lynn county were vis- ited by heavy rains Wednesday night, while other portions received none. The lakes at Draw are said to have been filled, the rainfall amounting to possibly three inches. Joe Bail- ey, Redwine, Grassland, and portions of Midway and Edith communities al- so received heavy rains. At Grass- land the precipitation was reported as 3 3/4 inches. New Lynn also re- ceived a good rain. The rain was light at Wilson but is reported to have been heavier east of the town, O'Donnell and much of the territory surrounding it were drenched, the heavy fall coming as far north as the lake on the highway at the J. B. Nance farm. West of Tahoka the rain was light. New Home and Dixie received no rain. A good shower fell at the cross roads filling station nine miles north of Tahoka and for a few miles north and south of that place.

In some localities considerable hail is reported but practically no damage was done, as the pellets were small.

The rainfall in Tahoka amounted to only .10 of an inch.

The clouds were highly electrified and the rains were accompanied by the most brilliant electrical displays and terrific thunder.

A high west wind is blowing this morn- ing, filling the atmosphere with sand. The rains were highly welcomed where they came, though no part of the country was suffering from lack of rain. The top of the soil is a little dry in sections not visited by the rain but a deep underground season exists, which makes prospects for crops good. Farmers in the rain districts are very optimistic.

Boy Scouts On Hike Tuesday Night

About twenty-four boy scouts, ac- companied by scoutmaster M. L. H. Baze and assistant Nat Williams, went on a hike out into the T-Bar pasture Tuesday night. A weenie roast was enjoyed and many games were played and the boys all report a delightful time.

Wells Fill New City Reservoir In Just Forty Hours

It required just forty hours and 15 minutes for the pumps at three of the City's new wells to fill the big new reservoir this week. The pumps started at 4 o'clock Tuesday after- noon and the big reservoir began overflowing at 8:15 this morning. Its capacity is about 187,000 gallons. These three wells therefore furnis- hed about 4675 gallons per hour, a little more than 75 gallons per minute, 25 gallons each. These are per- haps the three best wells that the City has but there are four other new wells which are fairly good producers, and five old wells. W. S. Anglin, the water man, was very much pleased with the test, and he feels sure that there will be no water shortage in Tahoka this summer.

Lynn County Has Ten Organized Girls Clubs

Need More Interest In County 4-H Clubs To Send Members To A. & M. Short Course

(Millie M. Halsey, C. H. D. A.) In Lynn county there are now ten 4-H Clubs. The greatest need of these clubs at present is for a local leader to give them help with their work when they need it; and the co- operation of every parent all the time, so that each child may com- plete every piece of work that she undertakes.

The fact that a Lubbock County boy and three other Texas boys and girls are invited to the National Club Camp in Washington D. C. in June is not an accident. I. J. Thornton, of Posey Club in Lubbock county is a nationally known Club boy today because his parents co-operated with the County Agents and encouraged their boy to complete everything that he started. I. J. did not make \$15,000 on his Club work accidentally. He made it because he followed in- structions carefully, worked hard, and kept a complete record of every- thing that he did.

Lynn county boys and girls are just as willing to do as any boys and

MRS. NETTLES DIED TUESDAY

Came To Lynn County Nineteen Years Ago; Was Well Known Over This Section

Mrs. Frances A. Nettles, wife of J. J. Nettles of Meadow, died at her home in that town Tuesday and the remains were interred in the Tahoka Cemetery Wednesday afternoon. Funeral services were conducted in the Methodist Church at Meadow at 10 o'clock Wednesday morning. Rev. Duncan, pastor of the Methodist Church, officiating. School at Meadow was dismissed in deference to the memory of the good woman who had gone and the pupils attend- ed the funeral services in a body. A short concluding service was con- ducted at the grave.

Mrs. Nettles was one of the pion- eer women of Lynn county, coming with her husband and her family to Lynn county many years ago, and being among the most prominent peo- ple of this section. Mr. Nettles served for some time as one of the county commissioners of this coun- ty. Mr. and Mrs. Nettles resided at Lakeview in this county until two or three years ago when they re- moved to Meadow.

Mrs. Nettles nee Howard was born in Mississippi on May 15, 1867. She joined the M. E. Church South when 17 years of age and had lived a consistent and devoted Christian ever since.

In 1884 she was married to J. J. Nettles and of this union fourteen children were born, ten of whom are still living.

Death was due to heart trouble, the fatal attack being of short duration. She became sick Monday and death followed the next morning.

The members of the family and other relatives have the sympathy of hundreds of friends here and through- out the county.

Tahoka Is Winner At County Meet

CHARLES TUNNELL IS FATHER OF TWINS

Friends and relatives in Tahoka have been advised of the arrival of twin daughters, Reta and Nets, in the home of Mr. and Mrs. Charles N. Tunnell at Austin. Mr. Tunnell is in Austin studying journalism in the University of Texas and practicing his profession at the same time. Not long since he purchased a home there and is suc- ceeding financially as well as other- wise. His friends here are sending congratulations upon his most recent good fortune.

KIWANIS HEARS OF B. S. WORK

Hike Is Planned By Two Organiza- tions For Friday Night, April 15th

Scoutmaster M. L. H. Baze present- ed the work of the local boy scout organization at the Kiwanis lunch- on Wednesday noon. Among other things, he announced that a hike to be participated in by Boy Scouts and Kiwanians was being planned for Friday night, April 15. "The hike will necessarily be a short one, out of consideration for the Kiwanians," Mr. Baze explained. And some of the "fat" members of the Kiwanis club gave a sigh of relief.

President Happy Smith spoke in- terestingly on the work and the pur- poses of the Kiwanis organization. Quite a number of invited guests were present and most of them made snappy speeches, and Mrs. Nelson related a very colorful story of the pre-Volstead days when barrels of booze and fleet-footed bulls were pre- valent in west Texas. It was a good story that any cowman would have enjoyed.

Messrs. Baze and Nelson were both reported as new members.

Falls Two Stories; Not Seriously Injured

Making a mis-step, J. W. Woodson fell Saturday from the top of the auditorium at the high school build- ing now under construction to the ground beneath, a distance of more than twenty feet, and received very painful but probably not serious in- juries. His back was badly bruised but unless pus forms or the wounds become infected, it is thought that he will recover within a few days. It is not believed that any serious injury to the spine re- sulted.

Fellow-workers say that Woodson started to turn while on top of the building and that in stepping back- ward he stepped too far and missed his footing. The force of the fall was broken somewhat by the top of a tile wall which he struck a few feet below the platform from which he fell, but it must have been fifteen feet from the top of this wall to the ground. Eye-witnesses feel that it was almost miraculous that he was not killed instantly.

Mr. Woodson had worked only one day prior to the accident, and had just begun his day's work Saturday when the accident occurred.

Post Band Coming To Tahoka Sunday

Tahoka is scheduled to have a musical treat Sunday afternoon. The Post Band will come over and the Post and Tahoka bands jointly will give a concert on the court house lawn, beginning at 3 o'clock. The Post Band consists of about 25 members and the Tahoka Band has more than 20. There will be nearly fifty pieces in the combined band, therefore, next Sunday afternoon. The Tahoka Band went to Post last Sunday afternoon and the com- bined bands gave a concert there. Many Tahoka people drove over and enjoyed the program.

(Continued on next page)

MANY ENTRIES IN CONTESTS

Meet Declared Big Success; Local Students Bring Home Many Coveted Honors

(By M. L. H. Baze) The 1927 Interscholastic League meet for Lynn county is a thing of the past. The local schools gave good account of themselves and car- ried off many first and second places. Out of a possible 27 first places where there was competi- tion the Tahoka School won 17 first places and 6 second, third, and fourth places. Although the points in track and field were not counted against the other schools, the locals carried off nine of the fourteen events in track and field against the combined efforts of the four other high schools of the county. South Ward came in for its share of the honors in taking first place in jun- ior boy's declamation.

In class B high schools O'Donnell ranked first, Wilson second, New Home third and Wells fourth. The all-round county championship in rural schools has not at this time been definitely decided. From first count indications were that New Lynn had triumphed, but later check- ing indicated that Dixie might have won. This matter is to be consid- ered in an executive meeting of the committee Wednesday of this week. Below is given a complete account of the events so far as the Director General is able to determine at this time. All high schools of the county competed against each other, but in essay and track and field points had to be counted separately.

One of the most interesting events of the whole meet was the debate. The local high school teams composed of Orvis Weathers and Henry Burk- halter for the boys and Lillie Mae Reid and Leta Tarrance for the girls were matched against the veteran teams of O'Donnell. Experience in debating was the deciding factor, each side presenting some very strong argument. The girls' con- test was especially close, the team of the O'Donnell High School win- ning by a close decision of four to three.

The music contests of Friday night were a treat to all who attend- ed. Tahoka had no opposition in several events, but the boys and girls brought much praise for their splendid work and reflected great credit on the school and director, Miss Jackson.

Tennis Boys Singles—Evans (T), first; Shook (O), second; Cruze, (W), third. Boys Doubles—Evans and

48,956 BALES GINNED HERE

Final Government Report Gives Lynn County Third in Plains Cotton Production

Texas produced nearly five and a half million bales of cotton last year, according to the final report of cotton ginned in this state, made by the Bureau of the Census on March 21. The exact figures are 5,458,318. This will be the final report made by the government, but as to Lynn county several hundred bales have been gin- ned since the last report was sent to Washington, and a few bales are to be ginned yet.

According to this report, there are 18 counties in Texas which produced more than 60,000 bales each, five of these being west Texas counties and two of the latter lying on the south plains. Seven of these 18 counties are in central Texas, three in north Texas, and three in south Texas. The 18 counties and the amount of cotton

SIX COUNTIES IN LEGAL SUIT

Lynn-Garza County Line Dispute Draws More Counties Into Big Legal Mix-Up

(From the Lubbock Journal)
Four more counties adjacent to Garza and Lynn have been drawn into the impending long legal fight to definitely establish boundaries between the two latter mentioned counties. Lubbock, Crosby, Hockley and Terry counties are proper and necessary counties to the suit, it is charged in defendant Lynn county's original answer to pleadings in the suit filed recently by Garza county.

Lynn's answer, filed Thursday with the district clerk here by Lockhart and Curran, of this city, offers general denials to the plaintiff's petition, saying that the allegations therein are insufficient to constitute a cause for action, or require the defendant to answer.

Complaint is made
The petition further specifies that complaint is made of Lubbock, Crosby, Hockley and Terry counties, that these counties are proper and necessary to satisfactory culmination of the suit; that no definite survey of boundary lines between any of the counties has been made, but that under the act of Texas Legislature approved August 21, 1876 creating the counties, the northwest corner of Garza, the northeast corner of Lynn, the southeast corner of Lubbock and the southwest corner of Crosby is a common corner of Lynn.

The petition recites that according to calls of field notes of the act creating the counties, the southwest corner of Lubbock county and the northwest corner of Lynn is 120 miles due west and 60 miles south of the southwest corner of Childress county, which also was created by the act of August 21, 1876; that each of the counties west of the point of beginning is 30 miles square, with common corners; and that the corners of boundaries of counties affected have never been truly determined and laid out on the ground.

Southeast Corner Named
The petition charges that the southeast corner of Lubbock county, established in 1892 by J. B. Jones, which corner was used as the point of beginning by Garza county in the survey recently undertaken, is 300 yards south and 700 yards west of the true southwest corner of Garza county, which under the common point, would be the northeast corner of Lynn when measured from the 100th mile post on the 100th meridian, as is alleged to have been specified in the act of the Legislature.

It is charged that the northwest corner of Young county, as called for by the plaintiff, Garza county in the original petition, is not the proper place of beginning because there are two well established corners about 500 yards apart.

ELECTION FOR SALE OF LIGHT & ICE PLANT TODAY

The qualified voters of the city of Tahoka are deciding today at the ballot box whether or not the City shall sell the electric light and power plant and the ice factory to Messrs. Sample & Malby of Matador for a consideration of \$80,000, \$30,000 of which is to be cash and the remainder in ten equal annual payments of \$5,000 each covering a period of ten years.

On account of the intense sandstorm which is raging, the vote is expected to be light. Only a little more than 60 votes had been cast at noon.

RE-ELECT BAZE AND WILLIAMS

Board To Elect Other Teachers Soon; Building To Be Complete By July 1st

At a meeting of the school board Monday afternoon Superintendent M. L. H. Baze and Principal Nat Williams were each re-elected for the ensuing year. The election of other teachers will probably be considered at the regular meeting of the board to be held next Monday night.

The board also authorized a slight change in the high school building now under construction, increasing the length of the study hall about ten feet and decreasing the length of Commercial Department room by the same amount, leaving it about the same size as the other class rooms. This will increase the capacity of the study hall to about 125 pupils, possibly 150.

The water committee was also instructed to procure and lay piping from the city main to the school building, a distance of a little more than 300 feet. Two-inch piping will be used.

Mr. Wheeler, the contractor, and Mr. Woolley, the architect, estimate that the building will be completed about July 1.

The board set Tuesday, April 12, as the time to receive bids for the furniture and equipment for the new building.

Four Poker Players Pinched By Law

Four poker players were located by the "law" out in the T-Bar pasture Sunday afternoon and invited in a most persuasive manner to appear before his Honor, Judge Metcalf, and make amends for their misdeeds. Three of them pleaded guilty instantly and dug up the necessary coin to satisfy the State. One of them decided to "back the law" and his case was accordingly tried before a jury in the Justice Court Monday. The jury decided that he was guilty as charged, and the extra "trimmings" made his fun considerably more expensive than that of his fellow-funsters. Deputy Sheriff Des Sanders and City Marshal C. M. Finch were the two members of the local peace officers squad who located and corralled the offending citizens. They located the gamblers with the aid of a pair of field glasses and from a considerable distance they watched the progress of the game with quite a good deal of interest. Then after having procured all the evidence that they needed they stepped on the gas and closed in on the players in a jiffy. The game occurred out in what the officers call "Poker Canyon."

Tahoka Loses To Post Tennis Team

The boys' tennis team, composed of E. S. Evans and Bonnie King, played Post High School representatives at Post Tuesday afternoon. The first set of doubles was won by Tahoka by the count of 6-2, Post winning the next two, 6-2 and 6-3. The singles contest between E. S. Evans and Speck of Post ended in a tie of one set each, the game being unfinished on account of darkness.

The games were fast throughout, drive after drive being returned. With continued work the local boys will be strong competition at the district meet, according to Coach Lewis.

COUNTY GETS GOOD RAINS

Will Be Of Much Benefit To Grain Crop And Put Good Season In Ground

MRS. NETTLES DIED TUESDAY

Came To Lynn County Nineteen Years Ago; Was Well Known Over This Section

Mrs. Frances A. Nettles, wife of J. J. Nettles of Meadow, died at her home in that town Tuesday and her remains were interred in the Tahoka Cemetery Wednesday afternoon. Funeral services were conducted in the Methodist Church at Meadow at 10 o'clock Wednesday morning, Rev. Duncan, pastor of the Methodist Church, officiating. School at Meadow was dismissed in deference to the memory of the good woman who had gone and the pupils attended the funeral services in a body. A short concluding service was conducted at the grave.

Mrs. Nettles was one of the pioneer women of Lynn county, coming with her husband and her family to Lynn county many years ago, and being among the most prominent people of this section. Mr. Nettles served for some time as one of the county commissioners of this county. Mr. and Mrs. Nettles resided at Lakeview in this county until two or three years ago when they removed to Meadow.

Mrs. Nettles nee Howard was born in Mississippi on May 15, 1867. She joined the M. E. Church South when 17 years of age and had lived a consistent and devoted Christian ever since.

In 1884 she was married to J. J. Nettles and of this union fourteen children were born, ten of whom are still living.

Death was due to heart trouble, the fatal attack being of short duration. She became sick Monday and death followed the next morning.

The members of the family and other relatives have the sympathy of hundreds of friends here and throughout the county.

Wells Fill New City Reservoir In Just Forty Hours

It required just forty hours and 15 minutes for the pumps at three of the City's new wells to fill the big new reservoir this week. The pumps started at 4 o'clock Tuesday afternoon and the big reservoir began overflowing at 8:15 this morning. Its capacity is about 187,000 gallons. These three wells therefore furnished about 4675 gallons per hour, a little more than 75 gallons per minute, 25 gallons each. These are perhaps the three best wells that the City has but there are four other new wells which are fairly good producers, and five old wells. W. S. Anglin, the water man, was very much pleased with the test, and he feels sure that there will be no water shortage in Tahoka this summer.

Tahoka Is Winner At County Meet

CHARLES TUNNELL IS FATHER OF TWINS

Friends and relatives in Tahoka have been advised of the arrival of twin daughters, Reta and Neta, in the home of Mr. and Mrs. Charles N. Tunnell at Austin.

Mr. Tunnell is in Austin studying journalism in the University of Texas and practicing his profession at the same time. Not long since he purchased a home there and is succeeding financially as well as otherwise. His friends here are sending congratulations upon his most recent good fortune.

KIWANIS HEARS OF B. S. WORK

Hike Is Planned By Two Organizations For Friday Night, April 15th

Scoutmaster M. L. H. Baze presented the work of the local boy scout organization at the Kiwanis luncheon Wednesday noon. Among other things, he announced that a hike to be participated in by Boy Scouts and Kiwanians was being planned for Friday night, April 15. "The hike will necessarily be a short one, out of consideration for the Kiwanians," Mr. Baze explained. And some of the "fat" members of the Kiwanis club gave a sigh of relief.

President Happy Smith spoke interestingly on the work and the purposes of the Kiwanis organization. Quite a number of invited guests were present and most of them made snappy speeches, and Mrs. Nelson related a very colorful story of the pre-Volstead days when barrels of booze and fleet-footed bulls were prevalent in west Texas. It was a good story that any cowman would have enjoyed.

Messrs. Baze and Nelson were both reported as new members.

Falls Two Stories; Not Seriously Injured

Making a mis-step, J. W. Woodson fell Saturday from the top of the auditorium at the high school building now under construction to the ground beneath, a distance of more than twenty feet, and received very painful but probably not serious injuries. His back was badly bruised but unless pus forms or the wounds become infected, it is thought that he will recover within a few days. It is not believed that any serious injury to the spine resulted.

Fellow-workers say that Woodson started to turn while on top of the building and that in stepping backward he stepped too far and missed his footing. The force of the fall was broken somewhat by the top of a tile wall which he struck a few feet below the platform from which he fell, but it must have been fifteen feet from the top of this wall to the ground. Eye-witnesses feel that it was almost miraculous that he was not killed instantly.

Mr. Woodson had worked only one day prior to the accident, and had just begun his day's work Saturday when the accident occurred.

Post Band Coming To Tahoka Sunday

Tahoka is scheduled to have a musical treat Sunday afternoon. The Post Band will come over and the Post and Tahoka bands jointly will give a concert on the court house lawn, beginning at 3 o'clock. The Post Band consists of about 25 members and the Tahoka Band has more than 20. There will be nearly fifty pieces in the combined band, therefore, next Sunday afternoon.

The Tahoka Band went to Post last Sunday afternoon and the combined bands gave a concert there. Many Tahoka people drove over and enjoyed the program.

MANY ENTRIES IN CONTESTS

Meet Declared Big Success; Local Students Bring Home Many Coveted Honors

(By M. L. H. Baze)

The 1927 Interscholastic League meet for Lynn county is a thing of the past. The local schools gave good account of themselves and carried away many first and second places. Out of a possible 27 first places where there was competition the Tahoka School won 17 first places and 6 second, third, and fourth places. Although the points in track and field were not counted against the other schools, the locals carried off nine of the fourteen events in track and field against the combined efforts of the four other high schools of the county. South Ward came in for its share of the honors in taking first place in junior boy's declamation.

In class B high schools O'Donnell ranked first, Wilson second, New Home third and Wells fourth. The all-round county championship in rural schools has not at this time been definitely decided. From first count indications were that New Lynn had triumphed, but later checking indicated that Dixie might have won. This matter is to be considered in an executive meeting of the committee Wednesday of this week.

Below is given a complete account of the events so far as the Director General is able to determine at this time. All high schools of the county competed against each other, but in essay and track and field points had to be counted separately.

One of the most interesting events of the whole meet was the debate. The local high school teams composed of Orvis Weathers and Henry Burkhalter for the boys and Lillie Mae Reid and Leta Tarrance for the girls were matched against the veteran teams of O'Donnell. Experience in debating was the deciding factor, each side presenting some very strong argument. The girls' contest was especially close, the team of the O'Donnell High School winning by a close decision of four to three.

The music contests of Friday night were a treat to all who attended. Tahoka had no opposition in several events, but the boys and girls brought much praise for their splendid work and reflected great credit on the school and director, Miss Jackson.

48,956 BALES GINNED HERE

Final Government Report Gives Lynn County Third In Plains Cotton Production

Texas produced nearly five and a half million bales of cotton last year, according to the final report of cotton ginned in this state, made by the Bureau of the Census on March 21. The exact figures are 4,893,318. This will be the final report made by the government, but as to Lynn county several hundred bales have been ginned since the last report was sent to Washington, and a few bales are to be ginned yet.

According to this report, there are 18 counties in Texas which produced more than 60,000 bales each, five of these being west Texas counties and two a fifth lying on the south plains. Seven of these 18 counties are in central Texas, three in north Texas, and three in south Texas. The 18 counties and the amount of cotton

"Laddie" is a wonderful show. It will be given at the Star Theater on the nights of March 30-31, sponsored by the Farm-Teachers Club. 30-1tc

Elec. L. Notes 9,000 000
Total \$51,000 \$44,000

Out of the proceeds of the \$18,000 electric bonds above, script warrants were paid to the First National Bank in the sum of \$3,900 issued and delivered to the Bank when the City bought the plant and assumed the indebtedness to the Bank. The amount of bonds of this issue actually outstanding amount to \$15,500, but a sinking fund of \$1,500 has been set aside to pay off that amount due this year, reducing the actual indebtedness to \$14,000, as shown above.

Since February 1, 1925, there has been paid out of the net earnings of the electric light and ice plants, the note shown above in the sum of \$9,000, with 8 per cent interest thereon, warrants in the sum of \$2,000 with 6 per cent interest thereon and in addition to this \$1,200.00 with 7 per cent interest thereon has been paid out of the Ice, Light and water earnings.

The following items of indebtedness have been created since October 30, 1925:
Fire Truck \$ 5,825.00
Grader 2,875.00
Fire Hose 1,900.00
Water Bonds voted 60,000.00
Overdraft in the General fund Dec. 20, 1926 \$4,439.30

Can not state the amount of Taxes that have been collected and the condition of the general fund at this time.

FARM SHORT COURSE WAS A BIG SUCCESS

(Continued from First Page)

Fifteen Master Farmers, selected in a contest conducted last year. "They made more than ten per cent on their investments last year," he stated. "On an average they planted only one third of their land in cotton, had an average of eight milk cows and 41 sheep, and all had chickens. All of them used standard bred stock and pure bred seed for planting. Not a one of them had a scrub animal or a scrub plant on the place." He named three things as necessary to successful farming: Crop Rotation, Diversification, and Live Stock of pure breeds. The cow and the hen are the only two sources of revenue every day in the year, he stated, and he stressed the importance of having cows, chickens, and a garden. Crop rotation, diversification, and the raising of purebred stock was practiced by the ancients, he pointed out, and is enjoined in the Bible. He also stressed cooperation among the people of a county or locality in raising and marketing a uniform product. He punctuated his address by an occasional humorous story, and proved to be a good entertainer as well as an instructor.

Following his address the Club Girls of the county sang their club song and two of them rendered a dialogue illustrating the value of home demonstration work.

Miss Myrtle Murray, District Home Demonstration Agent, spoke on the Health of Our Boys and Girls, or Vegetables in the Diet. She exhib-

ited a number of pictures illustrating the results of proper and improper diet. There are four kinds of foods that each child should have every day in proper quantities, she pointed out:

1. Milk—Each child should have a glass of milk each meal and enough in addition to make a quart a day. Necessary for the bones and the teeth.

2. Oranges or tomatoes—It has been found that where these are lacking in the diet scurvy and pyorrhea are apt to develop.

3. Two raw fruits or two raw vegetables. Carrots and onions are fine. These are necessary to clean out the body.

4. One cooked leafy vegetable—prevents constipation.

D. L. Jones, Supt. of the Texas Experiment Station at Lubbock, spoke on Trees, Shrubs, and Flowers, or Planning and Planting the Home Grounds. He gave much valuable information and many timely suggestions, naming the trees and shrubs best suited to this climate.

In the afternoon Paul Huey of the Progressive Farmer gave a demonstration in Scoring Butter, and Mr.

Thrash of the Perfection Stove Company, gave a demonstration in the care of oil stoves.

"Lynn County's Agricultural Needs and How We are Trying to Meet Them" was discussed briefly by Mr. Nelson of the Tahoka Chamber of Commerce. Practically every speaker of the day called attention to the need of a county farm agent in Lynn county.

Uncle Ike Marries Mexican Couple

A young hombre and a beautiful senorita living near Wilson were married in the office of Uncle Ike Metcalf Monday afternoon. The swarthy couple could neither speak nor "savvy" English, so Uncle Ike was compelled to perform the ceremony in Mexican lingo. Uncle Ike does not claim to be an adept in the language of the Mexicans, but he says he was able to make himself understood, and that the couple went away very much married and happy.

SIX COUNTIES IN LEGAL SUIT

Lynn-Garza County Line Dispute Draws More Counties Into Big Legal Mix-Up

(From the Lubbock Journal)
Four more counties adjacent to Garza and Lynn have been drawn into the impending long legal fight to definitely establish boundaries between the two latter mentioned counties. Lubbock, Crosby, Hockley and Terry counties are proper and necessary counties to the suit, it is charged in defendant Lynn county's original answer to pleadings in the suit filed recently by Garza county.

Lynn's answer, filed Thursday with the district clerk here by Lockhart and Garrard, of this city, offers general denials to the plaintiff's petition, saying that the allegations therein are insufficient to constitute a cause for action, or require the defendant to answer.

Complaint is Made
The petition further specifies that complaint is made of Lubbock, Crosby, Hockley and Terry counties, that these counties are proper and necessary to satisfactory culmination of the suit; that no definite survey of boundary lines between any of the counties has been made, but that under the act of Texas Legislature approved August 21, 1876 creating the counties, the northwest corner of Garza, the northeast corner of Lynn, the southeast corner of Lubbock and the southwest corner of Crosby is a common corner of Lynn.

The petition recites that according to title of field notes of the act creating the counties, the southwest corner of Lubbock county and the northwest corner of Lynn is 120 miles due west and 80 miles south of the southwest corner of Childress county, which also was created by the act of August 21, 1876; that each of the counties west of the point of beginning is 30 miles square, with common corners; and that the corners of boundaries of counties affected have never been truly determined and laid out on the ground.

Southeast Corner Named
The petition charges that the southeast corner of Lubbock county, established in 1892 by J. B. Jones, which corner was used as the point of beginning by Garza county in the survey recently undertaken, is 300 yards south and 700 yards west of the true southwest corner of Garza county, which under the common law would be the northeast corner of Lynn when measured from the 100th meridian, as is alleged to have been specified in the act of the Legislature.

It is charged that the northwest corner of Young county, as called for by the plaintiff, Garza county in its original petition, is not the proper place of beginning because there are two well established corners less than 100 yards apart.

TEACHERS GO TO O'DONNELL

Next Meeting of Educational Association To Be Held April 1, Zimmerman Says

The next meeting of the Lynn County Educational Association will be held in O'Donnell Saturday, April 1, at 2 p. m.

Mr. J. A. Rickard as chairman of the program committee has been requested to prepare a program for the coming meeting. In this matter the program will be aided by the teachers of Wilson Schools, King of O'Donnell Schools, and the Base of Tahoka Schools.

The program will be of interest to all those interested in schools in Lynn county. This means you, because, if you are a parent, you pay for the education of your child.

At two meetings of the association it was a pleasure to hear from many walks of life. There were doctors, preachers, teachers, merchants, stu-

(Continued on Next Page)

ELECTION FOR SALE OF LIGHT & ICE PLANT TODAY

The qualified voters of the city of Tahoka are deciding today at the ballot box whether or not the City shall sell the electric light and power plant and the ice factory to Messrs. Sample & Malby of Matador for a consideration of \$80,000, \$30,000 of which is to be cash and the remainder in ten equal annual payments of \$5,000 each covering a period of ten years.

On account of the intense sand-storm which is raging, the vote is expected to be light. Only a little more than 60 votes had been cast at noon.

RE-ELECT BAZE AND WILLIAMS

Board To Elect Other Teachers Soon; Building To Be Complete By July 1st

At a meeting of the school board Monday afternoon Superintendent M. L. H. Baze and Principal Nat Williams were each re-elected for the ensuing year. The election of other teachers will probably be considered at the regular meeting of the board to be held next Monday night.

The board also authorized a slight change in the high school building now under construction, increasing the length of the study hall about ten feet and decreasing the length of Commercial Department room by the same amount, leaving it about the same size as the other class rooms. This will increase the capacity of the study hall to about 125 pupils, possibly 150.

The water committee was also instructed to procure and lay piping from the city main to the school building, a distance of a little more than 300 feet. Two-inch piping will be used.

Mr. Wheeler, the contractor, and Mr. Woolley, the architect, estimate that the building will be completed about July 1.

The Board set Tuesday, April 12, as the time to receive bids for the furniture and equipment for the new building.

Four Poker Players Pinched By Law

Four poker players were located by the "law" out in the T-Bar pasture Sunday afternoon and invited in a most persuasive manner to appear before his Honor, Judge Metcalf, and make amends for their misdeeds. Three of them pleaded guilty instantly and dug up the necessary coin to satisfy the State. One of them decided to "buck the law" and his case was accordingly tried before a jury in the Justice Court Monday. The jury decided that he was guilty as charged, and the extra "trimmings" made his fun considerably more expensive than that of his fellow-funsters. Deputy Sheriff Dee Sanders and City Marshal C. M. Finch were the two members of the local peace officers squad who located and corralled the offending citizens. They located the gamblers with the aid of a pair of field glasses and from a considerable distance they watched the progress of the game with quite a good deal of interest. Then after having procured all the evidence that they needed they stepped on the gas and closed in on the players in a jiffy. The game occurred out in what the officers call "Poker Canyon."

Tahoka Loses To Post Tennis Team

The boys' tennis team, composed of E. S. Evans and Bonnie King, played Post High School representatives at Post Tuesday afternoon. The first set of doubles was won by Tahoka by the count of 6-2, Post winning the next two, 6-2 and 6-3. The singles contest between E. S. Evans and Speck of Post ended in a tie of one set each, the game being unfinished on account of darkness.

The games were fast throughout, drive after drive being returned. With continued work the local boys will be strong competition at the district meet, according to Coach Lewis.

(Continued on Next Page)

COUNTY GETS GOOD RAINS

Will Be Of Much Benefit To Grain Crop And Put Good Season In Ground

Portions of Lynn county were visited by heavy rains Wednesday night, while other portions received none. The lakes at Draw are said to have been filled, the rainfall amounting to possibly three inches. Joe Bailey, Redwine, Grassland, and portions of Midway and Edith communities also received heavy rains. At Grassland the precipitation was reported as 3 3/4 inches. New Lynn also received a good rain. The rain was light at Wilson but is reported to have been heavier east of the town, O'Donnell and much of the territory surrounding it were drenched, the heavy fall coming as far north as the lake on the highway at the J. B. Nance farm. West of Tahoka the rain was light. New Home and Dixie received no rain. A good shower fell at the cross roads filling station nine miles north of Tahoka and for a few miles north and south of that place.

In some localities considerable hail is reported but practically no damage was done, as the pellets were small.

The rainfall in Tahoka amounted to only .10 of an inch.

The clouds were highly electrified and the rains were accompanied by the most brilliant electrical displays and terrific thunder.

A high west wind is blowing this morning, filling the atmosphere with sand.

The rains were highly welcomed where they came, though no part of the country was suffering from lack of rain. The top of the soil is a little dry in sections not visited by the rain but a deep underground season exists, which makes prospects for crops good. Farmers in the rain districts are very optimistic.

The rains were highly welcomed where they came, though no part of the country was suffering from lack of rain. The top of the soil is a little dry in sections not visited by the rain but a deep underground season exists, which makes prospects for crops good. Farmers in the rain districts are very optimistic.

Boy Scouts On Hike Tuesday Night

About twenty-four boy scouts, accompanied by scoutmaster M. L. H. Baze and assistant Nat Williams, went on a hike out into the T-Bar pasture Tuesday night. A weenie roast was enjoyed and many games were played and the boys all report a delightful time.

Wells Fill New City Reservoir In Just Forty Hours

It required just forty hours and 15 minutes for the pumps at three of the City's new wells to fill the big new reservoir this week. The pumps started at 4 o'clock Tuesday afternoon and the big reservoir began overflowing at 8:15 this morning. Its capacity is about 187,000 gallons. These three wells therefore furnished about 4675 gallons per hour, a little more than 75 gallons per minute, 25 gallons each. These are perhaps the three best wells that the City has but there are four other new wells which are fairly good producers, and five old wells. W. S. Anglin, the water man, was very much pleased with the test, and he feels sure that there will be no water shortage in Tahoka this summer.

Lynn County Has Ten Organized Girl's Clubs

Need More Interest In County 4-H Clubs To Send Members To A. & M. Short Course

(Millie M. Halsey, C. H. D. A.)
In Lynn county there are now ten 4-H Clubs. The greatest need of these clubs at present is for a local leader to give them help with their work when they need it; and the co-operation of every parent all the time, so that each child may complete every piece of work that she undertakes.

The fact that a Lubbock County boy and three other Texas boys and girls are invited to the National Club Camp in Washington D. C. in June is not an accident. I. J. Thornton, of Posey Club in Lubbock county is a nationally known Club boy today because his parents co-operated with the County Agents and encouraged their boy to complete everything that he started. I. J. did not make \$15,000 on his Club work accidentally. He made it because he followed instructions carefully, worked hard, and kept a complete record of everything that he did.

Lynn county boys and girls are just as willing to do as any boys and

(Continued on Next Page)

MRS. NETTLES DIED TUESDAY

Came To Lynn County Nineteen Years Ago; Was Well Known Over This Section

Mrs. Frances A. Nettles, wife of J. J. Nettles of Meadow, died at her home in that town Tuesday and the remains were interred in the Tahoka Cemetery Wednesday afternoon. Funeral services were conducted in the Methodist Church at Meadow at 10 o'clock Wednesday morning, Rev. Duncan, pastor of the Methodist Church, officiating. School at Meadow was dismissed in deference to the memory of the good woman who had gone and the pupils attended the funeral services in a body. A short concluding service was conducted at the grave.

Mrs. Nettles was one of the pioneer women of Lynn county, coming with her husband and her family to Lynn county many years ago, and being among the most prominent people of this section. Mr. Nettles served for some time as one of the county commissioners of this county. Mr. and Mrs. Nettles resided at Lakeview in this county until two or three years ago when they removed to Meadow.

Mrs. Nettles nee Howard was born in Mississippi on May 15, 1867. She joined the M. E. Church South when 17 years of age and had lived a consistent and devoted Christian ever since.

In 1884 she was married to J. J. Nettles and of this union fourteen children were born, ten of whom are still living.

Death was due to heart trouble, the fatal attack being of short duration. She became sick Monday and death followed the next morning.

The members of the family and other relatives have the sympathy of hundreds of friends here and through out the county.

Tahoka Is Winner At County Meet

CHARLES TUNNELL IS FATHER OF TWINS

Friends and relatives in Tahoka have been advised of the arrival of twin daughters, Reta and Neta, in the home of Mr. and Mrs. Charles N. Tunnell at Austin.

Mr. Tunnell is in Austin studying journalism in the University of Texas and practicing his profession at the same time. Not long since he purchased a home there and is succeeding financially as well as otherwise. His friends here are sending congratulations upon his most recent good fortune.

KIWANIS HEARS OF B. S. WORK

Hike Is Planned By Two Organizations For Friday Night, April 15th

Scoutmaster M. L. H. Baze presented the work of the local boy scout organization at the Kiwanis luncheon Wednesday noon. Among other things, he announced that a hike to be participated in by Boy Scouts and Kiwanians was being planned for Friday night, April 15. "The hike will necessarily be a short one, out of consideration for the Kiwanians," Mr. Baze explained. And some of the "fat" members of the Kiwanis club gave a sigh of relief.

President Happy Smith spoke interestingly on the work and the purposes of the Kiwanis organization.

Quite a number of invited guests were present and most of them made snappy speeches, and Mrs. Nelson related a very colorful story of the pre-Volstead days when barrels of booze and fleet-footed bulls were prevalent in west Texas. It was a good story that any cowman would have enjoyed.

Messrs. Baze and Nelson were both reported as new members.

Falls Two Stories; Not Seriously Injured

Making a mis-step, J. W. Woodson fell Saturday from the top of the auditorium at the high school building now under construction to the ground beneath, a distance of more than twenty feet, and received very painful but probably not serious injuries.

His back was badly bruised but unless pus forms or the wounds become infected, it is thought that he will recover within a few days. It is not believed that any serious injury to the spine resulted.

Fellow-workers say that Woodson started to turn while on top of the building and that in stepping backward he stepped too far and missed his footing. The force of the fall was broken somewhat by the top of a tile wall which he struck a few feet below the platform from which he fell, but it must have been fifteen feet from the top of this wall to the ground. Eye-witnesses feel that it was almost miraculous that he was not killed instantly.

Mr. Woodson had worked only one day prior to the accident, and had just begun his day's work Saturday when the accident occurred.

Post Band Coming To Tahoka Sunday

Tahoka is scheduled to have a musical treat Sunday afternoon. The Post Band will come over and the Post and Tahoka bands jointly will give a concert on the court house lawn, beginning at 3 o'clock. The Post Band consists of about 25 members and the Tahoka Band has more than 20. There will be nearly fifty pieces in the combined band; therefore, next Sunday afternoon.

The Tahoka Band went to Post last Sunday afternoon and the combined bands gave a concert there. Many Tahoka people drove over and enjoyed the program.

MANY ENTRIES IN CONTESTS

Meet Declared Big Success; Local Students Bring Home Many Coveted Honors

(By M. L. H. Baze)
The 1927 Interscholastic League meet for Lynn county is a thing of the past. The local schools gave good account of themselves and carried away many first and second places. Out of a possible 27 first places where there was competition the Tahoka School won 17 first places and 6 second, third, and fourth places. Although the points in track and field were not counted against the other schools, the locals carried off nine of the fourteen events in track and field against the combined efforts of the four other high schools of the county. South Ward came in for its share of the honors in taking first place in junior boy's declamation.

In class B high schools O'Donnell ranked first, Wilson second, New Home third and Wells fourth. The all-round county championship in rural schools has not at this time been definitely decided. From first count indications were that New Lynn had triumphed, but later checking indicated that Dixie might have won. This matter is to be considered in an executive meeting of the committee Wednesday of this week.

Below is given a complete account of the events so far as the Director General is able to determine at this time. All high schools of the county competed against each other, but in essay and track and field points had to be counted separately. One of the most interesting events of the whole meet was the debate. The local high school teams composed of Orvis Weathers and Henry Burkhalter for the boys and Lillie Mae Reid and Leta Tarrance for the girls were matched against the veteran teams of O'Donnell. Experience in debating was the deciding factor, each side presenting some very strong argument. The girls' contest was especially close, the team of the O'Donnell High School winning by a close decision of four to three.

The music contests of Friday night were a treat to all who attended. Tahoka had no opposition in several events, but the boys and girls brought much praise for their splendid work and reflected great credit on the school and director, Miss Jackson.

48,956 BALES GINNED HERE

Final Government Report Gives Lynn County Third in Plains Cotton Production

Texas produced nearly five and a half million bales of cotton last year, according to the final report of cotton ginned in this state, made by the Bureau of the Census on March 21. The exact figures are 5,458,818. This will be the final report made by the government, but as to Lynn county several hundred bales have been ginned since the last report was sent to Washington, and a few bales are to be ginned yet.

According to this report, there are 18 counties in Texas which produced more than 60,000 bales each, five of these being west Texas counties and two of the latter lying on the south plains. Seven of these 18 counties are in central Texas, three in north Texas, and three in south Texas. The 18 counties and the amount of cotton

Perfection Stove Company, gave a demonstration in the use of all stoves.
Lynn County's Agricultural Needs and How We are Trying to Meet Them was discussed briefly by Mr. Nelson of the Tahoka Chamber of Commerce. Practically every speaker of the day called attention to the need of a county farm agent in Lynn county.

Uncle Ike Marries Mexican Couple

A young hunk and a beautiful senorita living near Wilson were married in the office of Uncle Ike Metcalf Monday afternoon. The swarthy couple could neither speak nor "savy" English, so Uncle Ike was compelled to perform the ceremony in Mexican lingo. Uncle Ike does not claim to be an adept in the language of the Mexicanos, but he says he was able to make himself understood, and that the couple went away very much married and happy.

Young M. E. Ladies Organize Society

The Methodist young ladies met at the home of Mrs. John Thomas Wednesday afternoon at 3:30 o'clock for the purpose of organizing a young Women's Missionary Society. The officers were elected as follows:

Supt. of Young Women's Auxiliary, Mrs. John Thomas, President, Mrs. Roscoe Roberts; Vice Pres., Mrs. C. L. Dickson; Supt. of study course, Mrs. Chas. Shook; Corresponding Sec., Mrs. Frank Hill; Recording Sec. and Treas., Mrs. Frank Edwards; Supt. of social service, Mrs. Herman Turner; Reporter, Miss Imogene Flanagan. Program committee, Mrs. Hubert Davis and Mrs. Arthur Carter. Membership committee, Mrs. C. L. Dickson and Miss Imogene Flanagan.

Refreshments of bread and butter sandwiches, Orange Ade and cake were served to the following: Mrs. Roscoe Roberts, Mrs. C. L. Dickson, Mrs. B. C. King, Mrs. E. W. Fenton, Mrs. Arthur Carter, Mrs. Hubert Davis, Mrs. Frank Edwards, Mrs. Herman Turner, Miss Imogene Flanagan, and the hostess, Mrs. John Thomas.

The society will meet again Monday at 4:00 o'clock at the Church for their first business meeting, with this program, "Getting Acquainted with Jesus," with Mrs. Herman Turner as leader.

—REPORTER.

TEACHERS WILL HOLD NEXT MEETING AT O'DONNELL

(Continued From First Page)

Students of high school, students of grammar and rural schools, officers and members of parent teacher associations, and just school teachers. So far as I know in Texas, this kind of meeting for a county organization is somewhat of an innovation. When we mention teacher's meetings in some localities, the average person thinks of readin', writin', 'rithmetic and hickory stick, but in Lynn county the parents and pupils and friends seem to wish to mingle and be hospitable with their teachers. This is a healthy and wholesome condition in this part of the state. It has often been charged, and justly, that school legislation receives little notice, but the building of a fine jail, court house, or the securing of a Federal building for any locality begets much enthusiasm and yards of advertising. However, the editors of our worthy papers, both weeklies and dailies, are beginning to realize the inestimable importance of education and the building of commodious and comfortable school houses. It has been well said that you may show any one of your schools, churches and newspapers in your town, and it can be quickly decided the standard of citizenship that obtains. Especially do we wish to commend the press of this great county for their untiring efforts in educational advancement.

Let us meet in O'Donnell. Officers of parent teacher's associations, members of school boards and friends of education in all of Lynn county, encourage your children and your teachers to attend and assist in transportation. Make this meeting worth while. The good people of O'Donnell have said they wanted you to come. We promise a most interesting program for every one of you. Let's go.

Sincerely Your Friend,
J. B. Zimmerman, Chairman Lynn County Educational Assn.

PRESBYTERIAN SERVICES

Services at Presbyterian Church next Sunday morning and night. And always on first and second Sunday of each month. Next Sunday is first Sunday. Rev. Solom Johnson of Lubbock will preach both morning and night. On following Sunday Rev. W. K. Johnston, D. D. will preach and go from here to meeting of the El Paso Presbytery at Ft. Stockton. Our members will keep in mind both services and let us have a good attendance. Reports will be prepared for Presbytery and a good round-up of the year's work. You are invited to all of our services.—W. K. Johnston, Minister.

CORRECTIONS

An error occurred in publishing the news items from Loulynn last week which we very much regret. Our copy stated that Messrs. Vernon Quinn and Albert Jeffries went to Brownfield Thursday. In setting the type the Linotype operator erroneously set it "Mrs." Vernon Quinn, and it so appeared in the paper. This error was wholly unintentional and innocent on our part which we never discovered until our attention was called to same by Mr. Quinn. Such errors will frequently creep into any newspaper, however careful the editor and the printers may be, as all of us are human and are prone to err. Nevertheless we deeply regret this and all other similar mistakes.

Also in the news items from Midway, we made the correspondent say that she hoped we "have a little frost at least," whereas she used the word "fruit" instead of frost. If there is any newspaper or any set of printers on earth that can publish a newspaper without getting a word wrong or a letter wrong occasionally, we have never heard of them. Nevertheless we are sorry for the mistakes that we make and shall ever try to reduce the number to a minimum as well as to correct those that we do make when they appear objectional to any person on earth.

FOR SALE OR TRADE

By and complete stock of Pianos and Phonographs to sell on very convenient terms or will take cows or milk as payment. Write or phone for our representative to call to see us.—BARRIER BROS. Lubbock, Tex.

Miss Dovie Coltenback, who is now a student in Simmons University visited her parents here last week and.

New Home

There were quite a few of the New Home folks who went to O'Donnell to the county meet last Friday and Saturday. Every one reported a nice time.

Mr. Garland and Bill McWhorter, Mr. Billie Newman, and Mr. Jimmie Wright left for Crane City last Monday morning, where they will go to work there.

Miss Mary Lee Lowe, who is teaching at Post City, is coming home Wednesday to spend a few days with her parents, Mr. and Mrs. J. B. Lowe. The school is suspended there for the county meet.

Next Friday night "Son John" will be presented in the high school auditorium. Everyone is invited to be present.

R. L. Smith and E. K. Depriest made a business trip to New Mexico last Saturday and came back Sunday. Miss Louise Hancock spent last week end in Lubbock, visiting her sister, Miss Tinsley Hancock.

Mr. Toney Balch spent the week end at Plainview visiting friends, Mr. and Mrs. Greer and family. A real nice time reported.

We have just learned of the death of Mrs. Nettles. She was the mother of a large family, who remain to mourn her loss. We greatly sympathize with them in their bereavement.

—CORRESPONDENT

Grassland

Mrs. Man Melton and children are here visiting her parents, Mr. and Mrs. A. A. Lawson. The Meltons are now living at Crane City.

Mr. Bill Childs of Chillicothe has been here a few days visiting his brother, Bryant Childs.

Mr. and Mrs. Bee Norman are entertaining a son who arrived a few days ago.

Grandma Aten has been sick for several days and all of their children have been with them, including Mr. Cleve Aten and family from near O'Donnell, who were here last Sunday.

The infant of Mr. and Mrs. Mitchell, who live five miles north of Grassland, was buried at Grassland cemetery last Friday afternoon.

Mr. and Mrs. J. J. Walker and Mr. and Mrs. E. M. Walker and Master James Davis left Tuesday morning for East Texas. They went thru in a car and will visit several points in Shelby and San Augustine counties.

Our school was well represented at the county meet at O'Donnell last Friday and Saturday. I failed to get full particulars but our school won fourth place in rural school and several of our boys and girls won fourth places in different events. Gusie Ferguson won first place in the one-mile race.

—REPORTER

SON JOHN

A four-act comedy entitled "Son John" will be presented by the students of the New Home High School in the New Home school auditorium next Friday night, April 1, for the benefit of the school.

This promises to be a most entertaining play. Admission 20 and 30 cents.

Mr. and Mrs. E. Lam had a letter from Conrad this week stating that he was leaving with the Cowboy Band to play for the Confederate Re-Union to be held at Tampa, Fla. This band played for this Re-Union at Birmingham, last year. Conrad writes that he has been made a flattering offer to remain with the Simmons Band, the college publication, during the summer months.

E. E. McManis of the Lakeview community was in town to renew his subscription to the paper Wednesday and while here dropped a few flowers in our path. Mr. McManis said he could not well get along without the Lynn County News and greatly appreciated the editorials. Thanks.

Mrs. Iru Jackson returned to her home at Abilene Monday, after a visit of a few days here with her daughter, Miss Juanita Jackson of the high school faculty.

J. B. Nance, Skip Taylor, and William Zappe were business visitors to Clovis Wednesday.

Elie Lam, who is a student in Simmons University, visited home folks here Saturday.

The Methodist Ladies will conduct their market at Boullion's Grocery Store next Saturday.

LEE KING
Acting Editor-in-Chief

Hattie Harper, J. B. Zimmerman, Jr., Sterling Alderson, J. D. Harper, Elgin Harper, Otis Mayberry, Ethel Murrah, and Verdie Mae Warren, reporters.

Intercholastic League Meet

A large number of pupils, parents and friends of our school attended the League meet in O'Donnell on Friday and Saturday of last week. Every one reports a very enjoyable time. It was evident to all of us that the good people of O'Donnell were prepared for our coming and that nothing was left undone to make our stay pleasant and profitable. The hospitality shown us made us feel that we were welcome and that they wanted us to stay in their midst as long as we wished.

If any one takes the trouble to study the good results obtained from these Intercholastic League meets it can be readily seen that great good is accomplished in training for citizenship. It is entirely wrong to think of our boys and girls now in any way except as young citizens. Their lives are molded and shaped by the environments and the activities of their young lives. The writer was impressed by a statement made once by a Young Men's Christian Association secretary who had charge of a large Y. M. C. A. in Buenos Aires, Argentina, South America. In summing up the accomplishments of his Association work there, he compared the conditions that obtained before the Y. M. C. A. was founded. Any night one could visit the clubs and hear the young men discussing wine parties, horses, races, gambling, women, etc. Now some of these same young men discuss hand ball tournament, cross country runs and hikes, baseball games, swimming championships, gymnasium stunts and other clean and many sports. It is feared that we older people often criticize our children for unbecoming conduct when we do not try to encourage clean and wholesome living. In the first place, if a pupil qualifies as an entrant in the Intercholastic League meet in Texas, he must be making passing grades in three-fourths of his school work in the school from whence he comes. We know of no contest that a pupil can enter without long, hard, and conscientious effort, unless he wishes to show himself very incompetent. Those boys and girls who enter these contests must be worthy and well qualified, and this means long hours of study and preparation in the literature events and many days of practice and hard work in the track and field event. We know of many boys and girls who diet and abstain from the use of tobacco, coffee and tea in order to be fitted for the endurance tests demanded. Clean living and righteous thinking are dominant in these youthful but manly student minds. If you believe that a boy or girl can dissipate, and show up with transcendent abilities and rugged stamina, ask any contestant who has participated and walked off with the honors in track or literary activities. As has been wisely said, "If we prepare for this Intercholastic League work as we should, there is no reason why this preparation cannot be made a vital and interesting part of our school work."

If you think you are a good speller, do these without batting an eye—enchilada, crysipelas, frijoles, Jerusalem and presbytery, etc. If you are a bank clerk or a bookkeeper, try your accomplishments with some of our school students in arithmetic tests. If you are sure you can sing, listen at some of our high school glee clubs and quartets. If you like to speak in public, listen and be convinced with the art of our declaimers and debaters. If you wish to know how entirely insignificant you really are, listen at the tiny tot story tellers. Some men praise themselves for endurance and hard work. You can run the mile race with our athletes. Such events are training for citizenship of the right kind, and from the large number of parents who attend these meets, I glean that the tax payers like and encourage these activities.

Our people were delighted with the showing made by our pupils from Dixie. When all information is compiled, we shall be able to give you exact figures and names of winners. Suffice this to say that all spectators were pleased with the showing of our boys in the senior track and field meet. No one can

forget the admirable showing of Lonnie King, our human bird, in the pole vaulting and the admirable way in which Kit Medlin starred in the same event. In the 220 yard dash, rural, Winfred McNeely ran like a west Texas rabbit. We are proud of our declaimers, Frances Medlin who won first place in the junior girl's contest, and Hynson Shelton and Bryan Medlin who won second places in the junior and senior boy's contests in declamation respectively. In fact every student we had won in some kind of event. If he failed in one, he won in another, for so varied were the activities and the zeal with which our students tried. Did you hear Densel Iabell in the tiny tot story contest? If you did not, it will be a long time, perhaps before you hear a young orator of that calibre who can also wink and blink like an owl. Winfred McNeely and Earl Outlaw had never tried low hurdles before, yet they walked away with first and second honors easily in the rural schools. Our volley ball girls piloted by Hattie Harper and Miss Naomi Halmark made a good showing by winning the first game played in the meet. Our Mr. Homer Franklin, athletic coach of Dixie, worked untiringly and almost unceasingly in getting our boys ready for all events. Other pupils worthy of honorable mention are J. D. Harper and J. B. Zimmerman in the junior broad jump and high jump. First and second places were won by these boys, and J. D. showed his "stuff" in the 100 yard dash. Our parents should be happy that none of our students were disqualified unspornsmenlike activities and none were criticised for unmanly acts or behavior. Some one has wisely said: "If you wish to know a man, travel and eat with him." Well, we traveled to O'Donnell and ate after we got there, and we noted no conduct unbecoming a gentleman.

Our Sunday school at Dixie was well attended yesterday. Brother Evans of Comanche, Texas, an uncle of Mrs. J. W. Jones was present Sunday night and assisted Brother McCarty from Plainview in the services. We learn that Brother Evans will preach for us, again Wednesday night. All are urged to hear him. It is understood that he may preach again Thursday night. Mr. and Mrs. O. B. Davis and family have rented from Uncle John Kirkpatrick and have moved near church and school. Mr. Davis remarked that he could not get away from Dixie at all but wanted to get nearer all the time. We welcome you, neighbors.

We have a new store on the Lubbock Pike near Dixie. Mr. H. J. King, one of our most prosperous farmers has engaged in the mercantile business. We are glad to note that Mr. King is improving in health.

Tenth Grade

In spite of the fact that our number is small, we have been making quick progress in our daily studies.

We have very much to do in our English looking up interesting articles and reading classics. Our other studies are interesting too.

Miss Lillie Mae Crum, one of our classmates, has been absent quite a few days. We hope she will soon return to her classes, as we miss her very much.

Local Items

Mrs. Hawkins and daughter, Miss Jonnie, spent Sunday with their friends, the Misses Tabors.

Mr. John King, son of J. H. King, went to Lubbock Monday to have his tonsils removed. He is improving nicely.

Mr. and Mrs. G. M. Murrah are the proud parents of a baby girl, born Monday, March 18.

Miss Ellen King was absent from school Monday on account of sickness.

The junior girls "Playground Ball" team are going to play New Lynn at Tahoka Thursday. Come on everybody! Let's root for them. Miss Naomi Halmark spent Sunday with friends in O'Donnell.

Nearly all of the cotton in our community is out. We hear that Mr. C. L. Terry is going to plant 900 acres of cotton this year. He is breaking with a tractor and running day and night. Mr. Terry is getting more land ready to plant.

We noticed Mr. Terry and Mr. Hill carrying off cotton this week. Nearly all of the farmers have finished putting up their land. Some have finished and are getting ready to plant.

Buy Your Oil by name

NEVER buy motor oil blindly. Be sure you know the name and the grade of the lubricant which goes into your crankcase. You'll save yourself lots of repair bills if you always order your oil by name—one name—Conoco.

Conoco is the clean, scientifically tested oil which is keeping thousands and thousands of motors in good running order—in winter or summer.

There's a grade of Conoco Motor Oil for your motor. Any Conoco dealer will tell you what it is. Use it regularly.

HOPELESS

Weak, Thin, Nervous Woman Gets Strong, Gains Weight.

Mrs. L. N. Crawford, Jr., of Lumberton, La., writes: "I felt perfectly hopeless. 'Life wasn't worth living, it seemed. I felt like giving up but, you know, a woman with a family just can't do that. I was weak, thin and nervous. I tried so many things but didn't get better. Finally I asked my husband to get me some Cardui. After I had taken three bottles, I was like a new person. I gradually resumed my work around the house and went places. I quit suffering. Now I am strong, in good weight, and feel fine." Thousands of women have been helped by Cardui, in a similar way, in the last 45 years.

Three Fighters Pay Fines Voluntarily

Three men voluntarily paid fines in the justice court Monday for the offense of fighting.

The three gentlemen referred to live somewhere in the southeast portion of the county. A difference arose between one of them and the other two Sunday, according to Uncle Ike, who fixed the fines and accepted the "case" proffered by them to satisfy outraged justice.

"I can whip both of you if you will fight one at a time," one of the pugilists is said to have told the other two. "All right, we'll accept the challenge," they are said to have retorted. So they got ready and the battle began. After a few rounds the challenged man decided that the man who threw out the challenge knew what he was talking about and thereupon withdrew from the contest. Then the third man waded in. We have not learned just how the second battle terminated, but pugilist number 1, who threw out the challenge, is said to have borne little evidence of having been in a fight when he appeared in justice court.

"I was requested to fine him twice, one for each fight," Uncle Ike said to a representative of the News. "I refused to do it, because I figured that he had had but one continuous fight," he explained. "That may not be law but it's justice, and this is a justice court." And the glint in Uncle Ike's eye indicated that he meant what he said.

BIG CORPORATION BELIEVES IN ADVERTISING IN COUNTRY WEEKLIES

"I believe in the country weekly. I believe that no printed matter in the United States is more thoroughly read, or has more influence than the pages of these home town papers."

The above is an extract from a letter written by Alfred P. Sloan, President of the General Motors Corporation of Detroit, Michigan, to The Lynn County News. This company has just contracted for a series of ads to be run in our columns, with a coupon attached for the purpose of bringing inquiries direct from those of our readers who may be contemplating the purchase of a car. The General Motors Corporation manufactures the following cars: Chevrolet, Pontiac, Oldsmobile, Oakland, Buick, and Cadillac, also Delco Light plants, Frigidaire the Electric Refrigerator.

This company is expecting many inquiries as to their products as a result of this advertising campaign in the country weeklies throughout the United States, including the Lynn County News.

SIMPLE ISN'T IT

"How do you manage it," asked Mrs. X who was on the verge of a nervous collapse from preparing food for her Sunday dinner. "You look so fresh and rested and still your table is loaded with so many good eats that require so much time and energy in preparing."

"Oh," replied Mrs. Y, with a graceful sweep of her soft white hands, "I buy my chickens already dressed, My cakes and pies freshly baked from the market conducted each Saturday at Boullou's Grocery by the Woman's Missionary Society."

"Business is pretty good; I believe it is better than it was at this time last year." This was the statement of S. R. Kemp made a few days ago and we believe that it expresses business conditions generally. The people are gradually recovering from the terrible blow that fell last fall when cotton prices dropped to the bottom. Cows and poultry are helping to turn the trick.

Mr. and Mrs. S. H. Howell have removed to Tahoka from Amarillo, where they have resided the past few years. Mr. Howell is the father of Belton Howell and formerly resided here.

F. E. Redwine is just a bit more sprightly than usual the past week. There is another young American up at his house, who made his advent last Friday evening. The little fellow has been named Winston.

THE MOTHER'S CLUB

The Mother's Club met Wednesday March 23rd at the home of Mrs. E. M. Stewart.

After attending to business an interesting program on the Characteristics, Habits and Uses of the Bee, was given with Mrs. E. H. Boullou as leader.

The next meeting will be at Mrs. Skip Taylor's Wednesday, April 6th.

 - (2) The Boyhood of Furman—Venoy Coughran.
 - (3) Revolutionary Activities—Edna Simpson.
 - (4) Furman as a Pastor—Modelle Sanders.
 - (5) President of Convention—Glenda Milliken.
 - (6) Furman as Preacher—Inez Sanders.
 - (7) His School Work—Myrtle Marie Hill.
 - (8) Liberty in Religion—J. W. Lowry.
5. Leader's Ten Minutes.
6. Prayer.

Everyone who is of intermediate age is invited to attend this B. Y. P. U. each Sunday evening at 7:00 o'clock at the Baptist Church. —REPORTER.

PROGRAM FOR PARENT-TEACHERS ASSOCIATION APRIL 5th. 1927

Mrs. Tunnell Leader. Song—The Old Rugged Cross—Mary and Margaret Wetzel. Prayer—Rev. Breedlove. Business Meeting Reading—A Southern Court Scene—Lola Belle Edwards. Vocal Solo—Mother Machree—Kathryn Poer. Reading—E Pluribus Unum—Evelyn Wells. Violin Solo—Traumeri—Lucille Slaton.

The Human Ford of 1910—Constructed by Mr. O. G. Lewis.

Our good friend J. V. Dyer, who has been residing at Slaton the past few weeks, dropped into the office a few days ago and ordered the paper sent to his address there. He has been a reader of the News since its first issue and he does not like to miss a copy. He is a close student of political affairs and much interested in the approaching struggle between the wets and the dries to control the next national Democratic convention.

J. K. Calloway left Monday to visit a brother, W. H. Calloway at Fort Worth and friends at Coolidge. He expects to be away several days.

K. F. Knight went to San Angelo Sunday and was accompanied home by Mrs. Knight, who had spent a few days there visiting relatives.

Mrs. J. E. Strain and son and J. L. Strain and family of Mitchell are here this week as the guests of J. R. Strain of the Midway community.

Patronize the market of the Methodist Ladies at Boullou's Grocery Saturday.

Fifteen Games On Tech Ball Schedule

LUBBOCK Mar. 30.—The 1927 schedule of the baseball club of Texas Technological College at present includes fifteen games with five teams. Twelve of these games will be played on the Matador diamond. The incomplete schedule is as follows:

- April 6, 7: N. M. M. I. of Roswell at Lubbock.
- April 11, 12: W. T. S. T. C. of Canyon at Lubbock.
- April 18, 20: Simmons University at Abilene.
- May 20, 21: N. M. M. I. of Roswell at Lubbock.
- May 6, 7: W. T. S. T. C. of Canyon at Canyon.
- May 10, 11, 12: Daniel Baker at Lubbock.
- May 20, 21: N. M. M. II. of Roswell at Roswell.

MOTHERS CLUB PEPOGRAM APRIL 6TH

How To Interest Boys and Girls in Books on National History Leader—Mrs. Roscoe Roberts. The Love and Study of Nature—Mrs. R. M. Stewart. The Art of Seeing—Mrs. E. H. Boullou. At the World's End—Mrs. Charlie Shook. The Ship of the Desert—Mrs. Heath. The Birds of Cobb's Island—Mrs. Oscar Roberts. The Bird in the Air—Mrs. Louise Weathers. The Giraffe and its Enemies—Mrs. B. H. O'Neal. The Club will meet with Mrs. Skip Taylor Wednesday, April 6th. Each member will answer with a short talk on an interesting object of native natural history.

The Women's Missionary Society met Monday afternoon.

The lesson was a continuation of studies in Prophecy, which dealt with Woman's Part in the Oppression of the Poor—Amos 4: 1-3. This lesson revealed to us the fact that a great deal of Israel's immorality at the time of Amos is closely allied to ours of today. The Lord's Prayer, repeated in union closed the study hour.

Don't fail to call at the market of the Methodist Ladies at Boullou's Saturday.

DARING MAIL PILOTS WHO FLY BY NIGHT

Purchase of eight new airplanes for use of the Chicago-Oklahoma-Fort Worth and Dallas air mail line and the launching of a survey to determine the feasibility of establishing overnight mail service between Oklahoma, Texas and Chicago has been announced by E. W. Ireland, traffic manager of the National Air Transport, Inc., operators of the air mail line.

The new planes, to be delivered May 1, are equipped for carrying passengers, a feature not included in the present planes. Inauguration of a regular passenger service is contemplated in the near future. The hazards and hard work of air mail flying will be told in the monthly Magazine Section of the Lynn County News, to be issued April 14.

SPECIAL DINNER

We wish to take this method to thank the good people of Tahoka and surrounding community for their assistance in making our first year in the hotel business a success. We expect to celebrate our first anniversary with a special dinner Sunday, April 3. On our opening day last year we had 76 guests. This year we expect 100. Bring your families and let's have a good time. Price reduced to 50 cents for this meal. —ST. CLAIR HOTEL.

ONE IN TEN

Neglecting a little wound, cut or abrasion of the flesh may in nine cases out of ten cause no great suffering or inconvenience, but it is the one case in ten that causes blood poisoning, lockjaw or a chronic festering sore. The cheapest, safest and best course is to disinfect the wound with liquid Boraxone and apply the Boraxone Powder to complete the healing process. Price (liquid) 25c, 50c and \$1.25. Powder 50c and 60c. Sold by THOMAS BROS. DRUG CO.

A number of Tahoka people have recently invested in business lots at Derriek City, a new town situated about 15 miles west of Odessa on the T. & P. Railway. We hope they all make barrels of money.

Dr. E. E. Calloway was called to Bartlesville, Oklahoma, Tuesday by the illness of his sister, Mrs. Joe Beasley, whose condition was so serious that she was not expected to recover.

A MONEY MAKING OPPORTUNITY For a Live Business Man in Tahoka

One of the ten largest manufacturers of automobiles, producing a line of six-cylinder cars ranging from \$945 to \$2245, has an opening for a dealer in Tahoka. This is an exceptional offer to obtain a franchise which carries permanent opportunity for profit. An inquiry for further information may be directed to 26th floor, 310 South Michigan Avenue, Chicago, Illinois. All correspondence will be held confidential.

NEWS OF LYNN COUNTY 4-H CLUBS

(Continued From First Page) ing and instructive to the birds. T-Bar Club girls have been sending reports of their Club meetings to the paper. Glad to see the reports girls.

Perhaps everyone knows that T-Bar Club girls have half of their money for a Short Course Scholarship. The Women's Club at T-Bar encourage the girls in every way, so I am sure some T-Bar girls will go to the Short Course and perhaps another will attend the Club Camp at the State Fair, also. The Lynn girls won several prizes at both Tahoka and Lubbock last year and they seem to be working in that direction this year. Watch out for Lynn!

Another thing about Lynn they are sending in their Club reports to the paper. The Wilson Club girls are fortunate in having for their Local Leader Mrs. A. L. Fambion, who is President of the Community Club. Doubtless this Club will make a fine showing this year, for the parents, too, are

co-operating. New Home has one of the largest Clubs, and is planning to send a member to the Short Course at A. & M in July.

The Grassland Club girls are very fortunate in having three teachers in their school who have been Club members. One of these, Miss Ols Ady, is the Local Leader for the Club which means that Grassland girls will make a success of their work this year.

Edith girls have always been winners, and they are already giving some mighty good reports of 1927 work. Slish L. has the smallest Club but they are all such willing workers that I am expecting great things of them. They have the interest and cooperation of their parents, too.

Morgan and Lakeview are just getting started, but you will hear from them later. Just wait until we have our Poultry Judging Contest. Club Girls Going to A. M. Short Course

Each year since Club work was started in Lynn County Club members have attended the State Short Course. In 1924 when we had a County Agent, one man, eight boys and two girls accompanied the Agents. In 1925 five girls and one woman went with the Home Demonstration Agent. In 1926 five women and three girls went with the Home Demonstration Agent.

In 1927 our goal is at least one girl from each girl's Club and one woman from each woman's Club which means twenty or more people from Lynn County attending Short Course! Yes, we can do it!

Several women's clubs have a part of their scholarship money already. And at least one girl's club has a part of theirs.

Here is what the Draw girls have done: Organized, ordered a play and produced it just two weeks after they received it. Though they charged only a small entrance fee, they made more than enough money for one Scholarship. They had some good co-operation. The young men of the community took part in the play. Mrs. John Berry their local leader, coached the play; and the attendance by parents and friends was fine.

They are thinking of giving their play again so they can offer a State Fair Scholarship also. Send in your Club news girls and let others know what you are doing.

Mile—Gaston (O), first; Speight (T), second; Mamilten (W), third. Mile Relay—Evans, Hackney, King and Cook (T), first; team (O), second, team (Gr), third.

High Jump—Gaston (O), first; Medlin (D), second; Payne (T), third. Broad Jump—Evans (T), first; Lines (O), second; Holden (W), third. Junior Track—High Jump—Crooks (W) and Smith (N. H.) tied for first; Welch (T), second; B. Stiles (W), third. Chinning Bar—Tredway (O), first; Willingham (D) and Minor (T) tied for second; Cruze (O), third.

Broad Jump—Smith (N. H.) first; Welch (T), second; B. Stiles (W), third. 50 Yard Dash—McKinsley (O), first; Minor (T), second. Wilhoite (W), third. 100 Yard Dash—B. Stiles (W), first; Minor (T), second; J. Key (W), third.

Relay—O'Donnell first; Wilson second; Tahoka third. Volley Ball—Rural: Dixie first. New Lynn second. High School: Tahoka first, O'Donnell second. Playground Ball: Boys (High School), Wilson, O'Donnell, Tahoka; Girls: Wilson, Tahoka, O'Donnell; Boys (Rural), New Lynn, Dixie, South Ward, Girls (Not decided).

High Point Men in track and field: Evans (T) first, (21 1-4 points); King (T), second, (15 1-4 points); Gaston (O) third, (14 points); McLauren (O), fourth (13 points), Hackney (T), fifth (11 3-4 points). Championships—All-round County—Class A High School: Tahoka; Class B: O'Donnell first; Wilson, second; New Home, third; Wells, fourth. Grammar: Tahoka, first; Wilson second, O'Donnell, third. Rural: (not yet decided).

Where all schools have competed together, the standing or rural pupils may be obtained by re-classifying and omitting high school pupils. Tahoka, O'Donnell, Wells, Wilson and New Home represent high schools. New Home was first classed in rural divisions of schools and was later re-classified as a high school. While competing as rural school in declamation the New Home contestants won first place in junior boy and junior girl declamations. A resolution was passed by the executive committee asking that the University Interscholastic League allow these same contestants to enter the High School divisions in the district meet at Lubbock. They were also to be given first place medals.

The way to make money on the farm is to keep a big barn full of feed all the time. This was the opinion expressed by A. L. Luckwood while talking with a group of men on the street Monday. Mr. Luckwood is a good financier and he knows what he is talking about. The farmer with plenty of feed and plenty of cows and chickens and hogs to feed it to can manage to get along pretty well when the man who raises nothing but cotton is having a terrible struggle to get by. Diversification will pay. Mr. and Mrs. L. C. Haney visited members of the Haney family in Roscoe Sunday.

FOUR MORE COUNTIES IN LINE DISPUTE

(Continued from First Page) "Proper Point" is Set. The proper point of beginning the petition claims, is the twelfth mile post on the 100th meridian, and the court is asked to issue an order for a true survey to be made of all the counties affected, in order to definitely establish the true boundaries as specified by the Legislative Acts.

The case grew out of an injunction granted in district court here recently in favor of Garza county, restraining Lynn county and Silyan Sanders from proceeding with a boundary survey then under way, in which petition it was charged that if the survey were completed as started, Garza county would have been deprived of approximately twenty section of land.

The case is considered one of the most wide spreading ever filed in West Texas, and before it is finally decided may call for a survey definitely establishing the boundary lines of all counties in the northwestern part of the state.

W. P. Inman inserted a little "want ad" in the News a few weeks ago. He was in the office Wednesday and reported that little "ad" did the work. It brought results. Mr. Inman says that many people in his community have prepared for planting.
