

The Lynn County News

Lynn County, the heart of the South Plains, the home of diversification.

Tahoka, Lynn County, Texas, Thursday, July 14, 1927

Number 46

BRADLEY XXIV

TABOKA BAND IS IN DEMAND

For Concerts By Texas and Cities of Oklahoma and Amherst

The Taboka Band is becoming ever more popular in the south plains and its work is a great advertising for the city is evidenced by the calls are constantly being made for concerts in other

Monte Bowron is in receipt from Dr. W. R. Wagner of the Department of State Technological College, to give a concert at the school for the benefit of the school students and the city of Lubbock. The Taboka Band has been highly praised by one of the Tech officials as one of the best bands in this section.

has been made on the occasion to play at the big picnic to be held in Sudan which a crowd of 10,000 is expected. The entire band will go on this trip, Bowron says.

are being made with Amherst citizens for their big picnic on July 15. Several members of the band with the Post band during the picnic at the Sudan.

organization of the band for a year ago, public concert has been given in Wilson, Clayton, Ralls, Idalou, Lubbock, Draw, New Home, and several each in Post field, in addition to a number of appearances at home.

is sponsored by the Klans with Happy Smith as chairman of the committee from that section to see after its work. member in business manager.

SIMPSON-HORTON
Miss Simpson, daughter of Mrs. J. W. Simpson, was on Tuesday of last week at the home of Mrs. Horton while she was visiting relatives in that section. Her visit was a complete surprise to her. The young couple have their home in Winters.

Roundtree, old time cowboy and Texas ranger, on Monday and visited until Tuesday with his uncle, Uncle Roundtree. Brother Roundtree was thought, died, and died for many years ago.

Cattle On T-Bar Ranch
There are now approximately 3,000 head of cattle on the T-Bar ranch, exclusive of the young calves born this year. D. A. Childers, manager of the ranch, told a News man this week that there must be something like 1,500 head of the young animals on the T-Bar.

Handling 1,500 head of cattle and branding with several places over the T-Bar are of the best of all of them being Hereford. Each year a number of new calves are brought with which to keep up the stock. There are 31 head of thoroughbred bulls on the pasture, 31 of which were bought this year.

which is owned by the State of Fort Worth and is still one of the largest in this part of the country. It is divided into 111 sections. Under part of the ranch into two or three years ago, a total of 186 sections in all.

and wife have gone to the Santa Fe for several months. In his absence the charge of the local affairs of the company. Reliable advertisement effect that Mr. Simpson has been moved from Tahoka.

School Building Nearing Completion

With work now going forward at a rapid rate, completion of the new \$100,000.00 high school building is expected within the next two or three weeks. Floor and finishing work is now occupying most of the time of the builders. The storehouse has been moved and the grounds cleaned up preparatory to delivering the building to the school board by C. W. Wheeler, the contractor.

Furniture and equipment are already arriving and will be installed on the arrival of installation men of the companies from which the material was bought.

COUNTY CLUBS HOLD MEETING

Discuss Year Books, Plan A. & M. Trip, Work Of Girls Clubs Displayed

(By Co. Council Sec'y.)
The County Council of the Lynn County Home Demonstration Clubs met Saturday, July 9th. The president, Mrs. Lumsden, being absent the house was called to order by vice president Mrs. J. W. Nowlin.

Those represented in the council when the roll was called by the secretary were T-Bar, Edith, Lakeview, Draw-Redwine, Lynn, Midway and New Home.
We discussed the year books for 1927—whether or not we should have year books. The County Council is not willing to enter in on the 1928 work without them. We just must have them. Now, club members, let's get busy and do something to raise the money to finance our 1928 year books. A motion was made by Mrs. Jeff Higginbotham and seconded by Mrs. John Berry to the effect that we take up the subject at our next club meetings and decide how we are going to raise the money for the year books and get them printed and out by the first of the year. Our treasurer, who has been appointed to attend to this part of the business, tells us only \$15.00 has been raised.

Hubert Davis Gets Finger Pulled Off

While working at the Hart well 4 miles west of town last Thursday afternoon, at 4:30 o'clock, Hubert Davis lost the first finger and part of the second on his left hand in an accident that came near being even more serious.

Hubert was standing on the shed of the derrick when he became over-balanced, and to keep from falling to the floor 25 or 30 feet below, he grabbed a moving cable with his left hand. Before he could swing back to a landing for his feet, his hand and arm had been pulled into a block. The first finger was pulled completely off and part of leader was pulled out. The second finger was so badly mashed that the end of it had to be amputated. Other painful injuries were sustained about the arm.

He was brought to town immediately after the accident, his wounds dressed, and then carried to a Lubbock hospital, where the operation was performed. The wounds are healing rapidly and he is now able to be on the streets again.

Band Concert Is One of The Best

The Taboka Band assisted by several members of the Post Band gave one of the best concerts on the streets of Tahoka Sunday afternoon that has ever been heard here. A large crowd was on hand to hear the music. The concert was given in front of the Jones Dry Goods store.

In spite of the fact that several of the organization's members have moved away during the past few months, the band is developing very rapidly into one of the best bands to be found anywhere in a town this size. Several new musicians are expected to join the ranks of the organization this fall.

Number Of Farms In County On Increase, Census Report Shows

Below is the first of a series of articles on Lynn county farm statistics, the data being derived from the recent report of the Bureau of Census. One short article will appear each week for several weeks. Read these articles and learn more about Lynn county's great business of farming.

Final statistics for 1925 released to the public last week by the United States Bureau of Census show that in that year Lynn county had 757 individual farms, a gain of 83 over the census figures of 1920 when 674 farms were listed and a gain of 556 over 1910 when there were 201 farms. In other words, there was a gain of over 376 per cent in number of farms during the 15 years.

Of the 757 farms in the county, all were operated by white men, the census failing to list a single colored farmer in the county. A total of 385 farms were operated by the owners themselves, 17 by part owners, and 355 by tenants. Percent-

ages show that the number of tenants on farms in the county are growing. In 1910, 26.9 per cent of the farms were operated by tenants in 1920, 39.5 per cent; in 1925, 46.9 per cent.

Lynn county contains 562,960 acres, and in 1925 there was 46.5 per cent of this acreage in farms, or 257,108 acres. More farms were from 100 to 174 acres in size than any other size, however the average size of farms was 369.6 acres.

The farm lands was classified as being 153,607 acres of crop land, 101,668 acres of pasture land, 42 acres of woodland not used for pasture, and 1,791 acres not used for either. Full owners farmed on 170,218 acres, part owners on 6,275, and tenants on 80,615.

Next week The Lynn County News will publish the statistics as to farm values, mortgage debt, expenditures, cooperative marketing, farm facilities, and kinds of roads as revealed by the Bureau of Census.

GOOD SHOWERS DURING WEEK

Will Be Of Great Help To Crops; Rain Scattering; Showers & Successive Days

Reports from various parts of the county indicate that the rains of Wednesday afternoon and night were spotted, varying from 1-4 of an inch to veritable cloud-bursts.

According to the government gauge kept by The News, Tahoka received only .15 of an inch, while reports from the north part of the county report 4 or 5 inches. Heavy rains fell over practically all the northern part of the county, growing lighter toward Tahoka. Slaton, just across the line at the northeast, reports 5 inches. T. E. Park, seven miles northeast, received one-half inch. Grassland reported 2 inches and Draw 4. A heavy rain south of town extended from the Nance lake, six miles south, to several miles to the other side of O'Donnell.

The only damage by hail reported to The News was three and four miles northeast of O'Donnell, where hail is said to have badly damaged a few crops.

Showers have been falling at different places over the county ever since Sunday afternoon, and practically every part of the county has received good rains during the past few days. Tahoka has received .54 inches since the showers started Sunday, 21 inches falling that day, .07 Monday night, .11 Tuesday afternoon, and .15 Wednesday afternoon and night.

The skies are still cloudy this morning with indications that the rains may not be over.

Albert King returned Sunday from his vacation.

Methodist Church To Have Services

Regular preaching services will be held at the Methodist Church next Sunday as usual although no speaker for the occasion had been secured Wednesday, according to the pastor, Rev. R. T. Breedlove.

Bro. Breedlove is holding a meeting at O'Donnell and will close the series of services there Sunday night.

County Court To Meet This Month

The July term of county court will open Monday, July 25, according to County Clerk "Happy" Smith. The following men's names appear on the jury list: John Evans, G. H. Wilson, J. J. Massengale, T. G. Duha, C. W. Conway, A. E. Sewell, J. N. Schooler, G. W. Hickerson, E. O. Tompkins, Fred Davidson, E. O. Slaughter, C. J. Campbell, D. G. Phillips, J. H. Knight, G. H. Stearns, and L. F. Craft.

Must Stop Dumping Trash In T-Bar

Citizens of Tahoka and Lynn county absolutely must quit dumping paper, cans, or any trash of whatever kind anywhere in the T-Bar ranch except in and around Guthrie Lake, is the ultimatum issued by City Marshal C. M. Finch and D. A. Childers, foreman of the ranch.
"We are not going to stand for this practice any longer", Mr. Childers told The News Monday, "and anyone found dumping trash anywhere on the ranch except in Guthrie lake will be prosecuted to the limit of the law."

ROUTE CHANGE IS POSSIBLE

Route 4 May Be Lengthened And Made To Go By Stores At New Home

Changes and improvements in the service on Route 4, which serves the Dixie, Petty, Lakeside communities and part of the New Home country, have been recommended to the Post Office Department at Washington by local office and prospects are that the changes will be made.

The principal change will be to run the route directly through New Home, whereas it now misses that place one mile. This will give the New Home people the option of getting their mail out of either Wilson or Tahoka. The route now goes around the section to the south and west of New Home. The change would make the route run around the east and north sides.

Other minor changes will lengthen the route 5 miles and give service to a much larger number of people.

CARS NEEDED

Members of the Tahoka Band are badly in need of cars to transport them to Sudan Saturday for the big picnic, Monte Bowron says, and any one who can and will be asked to take a few of the band members with them to the affair. The picnic will be featured by horse races, foot races, a ball game and other entertainment.

Post Office Receipts Show An Increase

In spite of the fact that business conditions have been below normal in Tahoka during the past few months, receipts of the local post office for the quarter ending June 30 show an increase of \$388.03 over the same period for 1926. The gross receipts for the quarter just closed were \$2,337.79, while the receipts for the June quarter last year were \$1,949.76.

During the fiscal year, 1,687 pieces of mail has been registered, 1,843 packages have been insured, 6,778 money orders have been written, and 891 money orders have been paid. Postmaster D. A. Parkhurst predicts that the receipts for the year will go well over the \$10,000 mark. Last year's receipts were about \$9,200.

Mr. and Mrs. J. Anson Coughran and family have moved to their farm on the Reigler ranch northwest of here and near Slide. Mr. Coughran is making a crop on his place this year.

Judge Cain Speaks To Kiwanis Club

A talk on the proposed amendments to the constitution of the state of Texas by Judge C. H. Cain and music by the Taboka Band was the program at the regular noon luncheon of the Kiwanis Club at the Baptist Church Wednesday.

Judge Cain took up the amendment propositions one at a time and briefly pointed out the principal arguments on both sides of the questions.

The Band appeared before the club in their new uniforms. "Happy" Smith stated that subscriptions were being taken to refinance the band, and that the organization seems to have been winning the favor of most of the business men of the city.

TALK PAVING OF HIGHWAY

Agitation Begun Following The Voting Of Bonds By Hale County For Paving Number 9

PLAINVIEW, July 10.—A paved road in West Texas from Amarillo to San Angelo looms as a probability with the awakening interest in a concerted action on the part of the counties along State Highway No. 9 displaying itself following the recent voting of a million dollars in road bonds in Hale County to pave the Hale county segment of this highway through Plainview, Hale Center, and Abernathy, from the south line of Swisher county to the north line of Lubbock county.

Claude C. Wild, manager of the San Angelo Board of City Development, has sent out a letter to all of the counties along the line asking what improvements have been made in the respective counties and what improvements are contemplated. This road, he points out, is one of the most important in the state, and is so ranked by the United States Bureau of Good Roads. It is numbered 385 in the Federal system of conducted roads, and No. 9 in Texas, and the Texas highway number applies on the road from San Antonio to Amarillo.

C. T. Watson, manager of the Big Spring Chamber of Commerce, has written a number of letters to commercial organizations along the road urging concerted action in paving the entire highway.

The Lubbock Chamber of Commerce is sponsoring an organization in that County which is proposing the paving of seven ways out of Lubbock, and Highway No. 9 would receive first consideration in their program of paving.

Randall County has already voted bonds for the paving of the road through that county, from the south line of Potter where the pavement is already done to Amarillo.

Swisher county is contemplating a hard surfacing program on the same road.

J. E. Shelton, manager of the Brownfield Chamber of Commerce is very anxious to organize a highway association to promote travel from Amarillo to his city, most of which would be over Highway No. 9, and is urging that such association could well work on the project of connecting the two big oil fields of Texas, the one at Amarillo and that at Odessa. A great saving in distance could be affected by getting a State designation from Brownfield to Odessa, and putting it under State maintenance. The balance if the route is already State highway controlled.

Nelson Is Elected Ralls Secretary

G. H. Nelson and family have moved to Ralls, where Mr. Nelson was elected secretary of the Chamber of Commerce the middle of last week. He was notified of his election Thursday and Saturday they moved to that city.

Nelson came to Tahoka two years ago from Hermleigh as superintendent of the Tahoka Public Schools in which capacity he served the city efficiently for one year. At the close of the school term, he was elected secretary of the Chamber of Commerce, which position he has held since that time. As its secretary, the Chamber of Commerce has done better work than ever before in its history. He and Mrs. Nelson have been active in church work, the Parent-Teachers Association, and were leaders in the community.

Before leaving, Mr. Nelson dropped the hint that he was not leaving permanently but expected to be back to Tahoka within the next year or two to make his permanent home.

NEW AMERICAN FILLING STATION OPENED MONDAY

The new American Filling Station on the southwest corner of the square opened for business Monday. The building is neat in appearance and is a nice addition to that part of town.

H. A. Welch is manager of the station and J. H. Glenn of the American Oil Company also offices there.

Mr. and Mrs. Henry McDaniel visited in Slaton Sunday.

SIGNS YOU CAN BELIEVE IN
If your breath is bad and you have spells of swimming in the head, poor appetite, constipation and a general no-account feeling, it is a sign your liver is torpid. The one really dependable remedy for ailments in the liver, stomach and bowels is Herbin. It acts powerfully on the liver, strengthens digestion, purifies the bowels and restores a fine feeling of energy, vim and cheerfulness. Price 60c. Sold by

T-Bar Club Is Active Organization

The ladies club met with Mrs. J. A. Beasley as hostess. Eleven members were present, including our president, Mrs. R. L. Moore. The secretary was absent. The meeting was called to order at 3:30 o'clock by the vice president and the roll called by the assistant secretary, Mrs. Johnson. After business the social hour was spent working on the rugs. Refreshments were served.
Those present were: Mesdames R. L. Moore, Crews, Johnson, Lindley Dorman, John Moore, D. Henderson, L. Payne, J. A. Beasley, J. Nichols, and Miss Esther Nichols.
Some of the ladies were out among the club members making a hen drive Friday. Two outsiders helped by donating a hen, which was highly appreciated. We thank those that help the Home Demonstration Club in any way at any time.
The County Home Demonstration Club will have their next meeting, a religious affair, at the school house, and everybody is invited to attend. We intend to have a very interesting program, the date to be set later, and hope each one will be there with their part.
We do not know yet who will go to College Station as representatives from the girls' home demonstration club. Mrs. Jno. M. Johnson will represent the ladies home demonstration club. We are to take advantage of the best railroad service the club agents and representatives have ever had the privilege of if Mr. Eaton of Lubbock succeeds in getting a thru—Corresponding Sec'y.

1,254,500 BUSHELS OF WHEAT IS TOTAL CROP OF 1927

Over one million and a quarter bushels of 1927 wheat is the production record set in Floyd County with 85 to 90 per cent of the present crop harvested, a check made Wednesday shows. To date the county has shipped 733 cars of wheat and the estimated total compiled includes approximate storage in granaries and elevators. The figures obtained show 1,254,500 bushels produced.
Late yields, while testing 54 to 58 has been disappointing in some respects, especially after early yields were considered larger than at first estimated. The harvest at present shows an average of five to nine bushels as compared to fifteen bushels for the early crop. Some smut has been found but in varying amounts.
The price has been steady throughout the season, standing today as for the past two weeks at \$1.20 per bushel.
The shipment, according to officials from the different elevator stations over the county follows:
Floydada 360 cars or 454,000 bushels, Lockney 260 cars or 364,000 bushels, Muncy 12 cars or 16,000 bushels, Aiken 101 cars or 141,400 bushels, ten to fifteen per cent not harvested, 153,300 bushels, in elevators and stored 75,000 bushels.—Floyd County Hesperian.

W. F. Inman of the South Ward community brought the editor a big mess of roasting ears Saturday, that he raised on his place. He also left a few stalks of fine corn in the office to show what can be raised in Lynn county. Mr. Inman has four acres in corn.

Mrs. Zoe Lowery and Miss Frankie Wells have returned from a trip south which took them to Matamoras Brownsville, and other points along the Rio Grande Valley. "Happy" Smith says they are a bit wobbly since returning—probably dizzy from riding too much.

Mr. and Mrs. E. H. Boullion left Monday for El Paso, where they are spending several days visiting Mrs. Boullion's sister, Mrs. Robert Turner, and seeing the sights in and around that city.

Mr. and Mrs. Webb Williams and Miss Gertrude Bishop left Tuesday for the Ruidoso resort in the White Mountains of New Mexico, where they will spend a month camping out at the foot of "Old Baldy" peak.

Charley Lockhart of Austin, employee in the State Treasurer's office is visiting his brother, Judge G. E. Lockhart, and family in Lubbock and was in Tahoka Tuesday shaking hands with friends.

Kara F. Knight and wife are in south Texas this week enjoying a vacation trip.

There is none better than Honey Toast. Try one loaf and you'll call for it next time. adv

THE DEAR OLD SILVER DOLLAR

How dear to my heart is the old silver dollar, when some kind member presents it to view; the Liberty head without necktie or collar, and all the strange things which to us seem so few. The wide-spreading eagle, the arrow below it, the star and the words with the strange thing they tell; the coin of our father's, we are glad that we know it, for some time or other 'twill come in right well; the spread-eagle dollar, the star-spangled dollar; the old silver dollar we all love so well.—The Enthusiast.

Between January 1 and May 24 this year truck farmers of Texas shipped 1,758 cars of potatoes, 3,744 cars of onions, 4,520 cars of spinach, and 8,686 cars of mixed vegetables, making a total of 19,708 cars of winter vegetables with a net return to the growers of \$15,635,276.

Texas leads the world in mohair production. Out of a total of 1,682,912 Angora goats in the United States, there are 1,077,463 of them in Texas with an average production about double of any other state, because Texas goats are shorn twice annually.

Texas now has 570,620 telephones, according to the latest figures. Of this number 367,620 are operated by the Bell System, and 202,949 by independent telephone companies which have connections with the Bell System.

Hulda Fornell, 13, who could speak no English when she came from Sweden four years ago, won the Michigan spelling championship from grammar school pupils, and received a message of congratulation from King Gustavus Adolphus of Sweden.

The public road system of Texas is about 180,000 miles long and would reach around the earth more than 7 times. The total mileage of improved highways is about 20,000.

Miss Susie Yamamoto, American-born Japanese girl of San Bernardino, Calif., at the age of 24, it worth \$100,000 through raising hogs on her ranch. She speaks four languages.

The face of baby Mildred Pinkenfield of New York, declared American's "most perfect baby," is being used as a model for dolls made by a prominent manufacturer.

Electric power plants in Texas showed a gain of 27 per cent in amount of electricity produced in February this year compared with February last year.

Texas is free from interruptions in fuel supplies to an extent that no other state enjoys. This is due to its fuel oil, natural gas and lignite that requires little mining.

Alton Matejka, 13-year-old fishing expert of the Black Hills, says he will show President Coolidge where to catch the biggest trout.

About 600,000 farm children are enrolled in 4-H club work this year, according to Secretary of Agriculture Jardine.

Phyllis and Bernice Zitenfield, 12-year-old twins of New York, swam from Yonkers to the Battery, 17 miles.

The extent of electric transmission lines in Texas is expected to amount to more than 5,000 miles by the end of 1927.

Clean up Tahoka!

Every major division of Texas is now either producing petroleum and natural gas or is potential in such industry.

Texas produces 19 per cent of all the natural gas gasoline output in the United States—about 190 million gallons a year.

Texas stands high in value of its mineral production, being prominent in petroleum and sulphur.

About two million miles of wire are now used by the telephone companies in Texas.

Texas produces more agricultural values every year than any other state.

Never mind the future. Be what you ought to be; the rest is God's affair.—Amiel.

Courage conquers all things; it even gives strength to the body.—Ovid.

MARCELLUS WATKINS TO PREACH HERE SUNDAY

Rev. Marcellus Watkins of Lubbock, who preached at the Baptist Church last Sunday, will again fill the pulpit of that church next Sunday at both the morning and evening services.
Rev. Watkins preached an intensely interesting sermon last Sunday, according to those who heard it.

John is a small boy, the youngest of a minister's family. As a punishment for some misdemeanor at the table it was decided that he must not eat with the family at the next meal. So his dinner was placed on a small table at the end of the dining room. When all were seated the minister said, "Now, John you should ask a blessing before you eat." This was a new duty for John, but he bowed his head and said, reverently: "Our Father in Heaven: Thou hast prepared a table for me in the presence of mine enemies. Amen."

TO MY PATRONS OF TAHOKA

WHIT DAVIDSON FAVORS REFORM OF JUDICIARY

Houston, Texas, July 7.—Reform of the jury system was urged here today in an address by T. W. (White) Davidson, former lieutenant governor and president of the Texas Bar Association, before the annual meeting of the bar association. Davidson would give the defendant in a criminal case the right to waive jury trial, thus lessening court costs and relieving the congestion of the criminal courts. Maryland and Connecticut are the only two states which follow such procedure. In Baltimore, Davidson said, ninety per cent of the criminal cases were tried before a judge and without a jury. In 1925 all but 177 out of 1500 cases were tried without a jury.

Two criminal courts of Baltimore, a city of 800,000, are able to handle all the criminal cases. The record of trials for the year show 3,722 convictions and 610 acquittals. Davidson would shorten the method of appeal in both civil and criminal cases. In contested jury cases he would have three judges sit and let the appeal lie directly to the Supreme Court. The higher court would write no opinion but merely affirm or remand the case.

Davidson would also create a judicial council, such as has been adopted in Kansas, North Carolina, Massachusetts, Ohio and the Dakotas. The judicial council in these states made a survey of the cases in the different courts and condition of dockets. The council establishes rules of practice and makes recommendations to the governor.

The council in the state of Kansas is made up of three judges and four lawyers, to which is added the judiciary chairman of both House and Senate of the Legislature. Davidson would make the chairman of the council a Minister of Justice, who would be elected, and would be a sort of business manager for the judiciary.

"We need one trial and one review," said Davidson.

This would mean the doing away with the courts of civil appeals. Davidson said all his recommendations are to do away with delays in courts, which in criminal cases are beneficial only to the criminal.

"Society itself," he said, "has a deeper and more persuasive interest. It is calling for protection from the criminal. It demands that every possible element of chance be eliminated from our court trials; that the arm of justice be swift and powerful, filling the offender with fear and inspiring the peaceful, honest man with a wholesome respect for the modesty of the law."

Texas judges, Davidson said, write too many opinions. Texas judges in the last five years, he said, have written more legal volumes than the judges of the combined states of New York, Illinois, Indiana, Ohio and Massachusetts. While the Northwestern Reporter has filled 22 volumes of opinions during the last five years the Southwestern Reporter, with forty-six per cent of the cases from Texas, has filled fifty-five volumes.

To see what is right and not to do it is want of courage.—Confucius.

SAWS By Viola Brothers Shore

FOR THE GOOSE—PLEASANT things is never too unimportant to be worth tellin'. Unpleasant things is seldom important enough.

Even a smudge of Mascarra looks beautiful around the eyes of a beautiful woman.

If you burn a kid's fingers, it'll stay away from matches. It's on'y after they're grown up and got sense that they go back again and again for more of the same.

FOR THE GANDER—Love and war is related by more reasons than General Sherman's.

When you're hungry think of the good meal you're gonna get. And when you're eatin' think of how hungry you're gonna be.

Give'n a fool a college education is puttin' a load of books on a blind mule's back.

Hoping for the Best Mrs. Pintop—When do you expect your wife home from the hospital? Mr. Lonesome—Next Wednesday, with luck.

Mrs. Pintop—That's too bad, I won't be able to visit her there before Thursday; but maybe she'll have a relapse.

WIN KITCHEN CONTEST

Winners for this district in the 1927 Kitchen Improvement Contest, conducted annually by the Dallas Semi-Weekly Farm News and the Extension Department of A. & M. College were as follows: Class 1, Mrs. A. G. Jones, Lubbock, route 2; Class 2, Mrs. Herbert Slater, Loving.

W. E. Sikes of the Three Lakes community is a believer in raising something besides cotton. He and Pete Ellis, who lives on his place, gathered a total of 1,000 bushels of corn from his last crop, which he says made an average of about 35 bushels to the acre.

Floydada is to have a new newspaper and job printing plant at an early date. This will be the city's second paper. The Floyd County Hesperian, the present paper, is now in its thirty-fourth year of publication, and is generally conceded to be one of the best weekly papers in all west Texas.

A Hog Shipping Association was recently organized by a number of Dawson county farmers. The purpose of the organization will be to ship hogs co-operatively. The first shipment will be made the latter part of August or the first of September.

The Lone Star Gas Company with headquarters in Dallas has bought the properties of the Texas Company in Central West Texas. The Lone Star is planning considerable expansion of its system in West Texas, having obtained franchises in Ballinger and San Angelo. More than 10,000 consumers are served by this new unit of the Lone Star Company, which reaches Abilene, Moran, Albany, Clyde, Baird, Putman, Cisco, Eastland, Sedgwick and Crystal Falls.

Conrad Lam Passes Yale University Test

Conrad E. Lam, of Tahoka, June graduate of Simmons University, now residing in Abilene, received information from Yale University this week, admitting him unconditionally to the school of medicine there, following a psychological test which he passed satisfactorily, according to the Abilene Morning News.

This test, which is a new one designed by the Yale authorities, is said to eliminate many of the applicants whose credits have already been accepted. Lam's work at Simmons was of the highest rank and his standing was acceptable, but it was only after passing the intelligence test that he was finally admitted. It is not a technical examination, but purely one to test alertness of mind and ability to work under stress.

Medical schools at the University of Pennsylvania and Vanderbilt University have also accepted Lam's work in Simmons. He has not yet decided whether he will go to Penn or Yale.

During his four years at Simmons, Lam has made a name as a scholar and leader in student activities. In his senior year he not only kept up his academic standing so that he was graduated with honors, but was business manager of the university newspaper, the Brand, and was manager of the Kollege Sirkus, the student exhibition given last spring.

Lam plans to work in Abilene a few more weeks and then leave for the north, where he will make arrangements for his medical training.

Texas has one of the greatest canyons in the United States. It is the Saint Helena Canyon, also called the Grand Canyon of the Rio Grande, located near the southern tip of the Big Bend in Brewster County. Here the Rio Grande cuts through the mountains forming a gorge 1,800 feet deep. Its walls are almost vertical and it is very narrow. The exit of the river from the cleft in the face of the steep mountain side is one of the most marvelous sights in the natural scenery of the United States.

Emmett Fleming left Tuesday for Lubbock, where he has accepted a position at the Santa Fe depot. Emmett says he is not gone for good but will be back in a few months.

The Odessa News, established a few months ago by Barney Hubbs, Pecos newspaper man, has been bought by Frank P. Fildes, publisher of the Miami Tribune and West Palm Beach Times, of Florida.

BEAUTIFUL HOME FOR WILSON

L. Lumsden had what will be a beautiful home started Tuesday. This will add wonderfully to our little city. This home is to cost something like \$15,000. Homer Scott, with his helpers will do the work.—Wilson Pointer.

Honey Toast bread is a home product of which we are proud. Try a loaf. You'll like it. adv.

Courage is the greatest quality of the mind next to honor.—James Lane Allen

Fort Worth — An All-Texas exhibit, to be a part of the Dairying in Dixie Exhibit of the South, will be collected and sent to Memphis, Tenn., in October for the fall session of the National Dairy Show which will be held south of the Mason and Dixon line this time for the first time in history. The exhibit will be sent through cooperation of the East, West and South Texas Chambers of Commerce. R. M. Whiteker, Exhibit Agricultural Manager of the West Texas Chamber of Commerce who arranged the prize-winning Sesqui-Centennial exhibit last year, will arrange the All-Texas display, working in conjunction with J. E. Stanford, exhibit-manager of the East Texas Chamber of Commerce, and other members of the special Texas committee.

Lamesa — Approximately 400 acres of the Weaver Ranch, west of Lamesa, is being planted in sunflower seed, the Mammoth Russian variety being sown. The average yield is about a ton to the acre, and during the last ten years, the average price per ton for this seed has been \$90. It is thought a new industry will receive impetus from the Weaver Ranch project.

SYSTEM CHOKED

Helped by Use of Black-Draught.

James W. Burnett, who lives on Rural Route No. 4, near Tahoka, Texas, is a great believer in Thedford's Black-Draught for the relief of such ailments as indigestion, constipation, etc. He writes: "I first found out about Black-Draught, I have used it without it in the past several years, I am a sufferer with indigestion. Occasionally, my bowels would become choked with poison. Now I ward them off by taking Black-Draught before meals instead of after. It is all my Black-Draught that I use for constipation."

Black-Draught today, and Thedford's Black-Draught that you are constantly sold everywhere. One box a day.

Thedford's BLACK-DRAUGHT Fully Vegetable

Some Facts About Peas

IT'S no "Irish bull" to say that canned peas are fresher than many of the fresh peas we buy. The reason is that the vinery is practically next door to the cannery. The vines are mowed down in the early morning, and the entire canning process is completed before night. But the so-called "fresh" peas, after being shipped from farm to market and thence to the consumer, are seldom really fresh when they reach the table.

Moreover, peas come out of the can as fresh as when they went in, because the complete exclusion of the air, and the process of sterilization eliminate all possibility of deterioration.

Grade, in canned peas, is merely a matter of size. Before the peas enter the can, they are graded; first being sifted through the different-sized meshes of five "squirrel-cage" machines, and afterward picked over by hand. The smallest are the tenderest, but the largest contain more food value.

Appetizing dishes that may be made from peas are: Baked Peas—Heat in their own liquor the contents of two cans of peas. Drain, pour into baking-dish and season. Break six eggs over peas, dot with butter and bake ten minutes in hot oven. This will serve six and will take the place of meat. Peas En Casserole—Put 24 small white onions into casserole. Add 2 cans of peas, inclusive liquor; 6 tablespoons butter; 2 bunches parsley; 1 teaspoon powdered meat; and seasoning. This makes enough for six.

It's false economy to buy unbranded oils

IT pays to be specific when you buy oil for your car. Beware of the unbranded "just as good!" Ask for and get Conoco Motor Oil—the perfect motor oil. It is the tested scientific product made to give extra life to any motor by keeping it in smooth running order. See the Conoco chart for the correct grade for your car.

their home merchants, their neighbors and friends, that they do not encourage home enterprises, and that they are helping to build some other town other than the one in which they live.

A newspaper's business is to get the news—all the news that is news to a large per cent of its readers—and publish it while it is still news.

One noticeable improvement in Tahoka this summer over last summer is the water supply. Not one time, to the writer's knowledge, has there been a shortage of water; at any rate, not to such an extent that it has had to be cut off for hours at a time.

Cut the weeds and help make Tahoka the cleanest town on the South Plains.

Tahoka has \$10,000 worth of fire fighting equipment that would be a credit to any town the size of this. Tahoka has a good volunteer fire department that has been doing much to protect the property of Tahoka citizens in the way of fighting fires, learning how to use the equipment, and putting the plugs and lines in condition for use.

Not so bad! Tahoka's two banks show a total of \$540,715.96 in deposits, \$378,627.76 in loans and discounts, and \$313,975.34 in cash and exchange.

A visitor to Tahoka Monday remarked to the writer that he believed Tahoka was one of the most beautiful little towns to be found anywhere.

WHAT A PAGE AD COSTS

Readers of the larger magazines of national circulation often wonder just what a page advertisement costs and often the guesses run into fabulous figures.

Table listing ad costs for various publications: Ladies Home Journal (\$2,500), Good Housekeeper (2,500), Women's Home Companion (6,399), etc.

THE IDEAL CITY

It must be a city where people diligently mind their own business, and the public business, and to do both with a decent regard for the other men, a city where there is no boss to rule in anything, where all men are not brought to the measure of one man's will.

THE NEWSPAPER MUST CARRY ON

An exchange states that there is one business in town that never cuts expense—The newspaper must go on during the dry hard times and all the other kind of times.

Eva and Neva Doak and Faye Brown visited with Merna Fancher at Pride last week.

SOMETHING TO THINK ABOUT

DARKENED WINDOWS

IT IS not for you who dwell continually behind darkened windows to see the beautiful things that are everywhere about you, beckoning you to look and be filled with the joy unspeakable.

Through the winds come their invitation to closer companionship and friendliness. If you will listen you will hear their voices in the sigh of the trees, in the patter of rain, in the roaring storm, or in the silent night, when you suddenly awake as if waiting for the fulfillment of some splendid promise!

Of the nobler impulses, the higher aspirations, the greater emotions and the loftier dreams, you are utterly destitute. Your heart is as bare as a desert, bereft of verdure and flowers, barren of faith and unhappiness.

And it is quite possible, too, that you know nothing of true love, nothing of the fine intimacies between souls, which tongues cannot name or express, for you have broken the vial and spilled the essence of truth and imperishability.

If you are living behind darkened windows, fling aside the curtains, open wide the casements and let God's sunshine flood your house of clay until you, ensconced therein, shall feel the living warmth of His enduring love and praise Him.

How It Started

THE CHEST OF DRAWERS

THE story of the beginning of the term "chest of drawers" to describe the piece of furniture which today bears that name, throws light in an interesting way upon the development and evolution of furniture.

One of the earliest pieces of furniture was the chest which at one time served the multiple purposes of trunk, seat, cupboard and even table. Originally flat on the floor, the necessity to protect its contents from dampness and vermin caused it to be raised by feet or a base above the floor.

Two, three and four drawers developed and finally, all drawers, whence came the name "chest of drawers" which we use today in all innocence of the story which has concealed in the words.

Farmers of the New Home community who were haled out recently are replanting a great deal of their land in feed and beans, J. H. Isard informed The News Monday; however, a large acreage of cotton is also being planted.

San Saba — San Saba's new hostelry, Hotel San Saba, will be erected at a cost of \$96,000 and will contain 35 rooms. The building as suggested would have space on the first floor for a drug store, barber shop, and a telegraph station.

Petersburg — Contract has been let and work is under way on a light and power plant for this place. A Throckmorton contractor has charge of the work.

Big Spring — Farmers of Howard county are milking more cows, feeding more chickens, and hoeing more gardens than at any previous time. Neither the acreage usually sown in cotton nor that of feed is as large in this section for 1927 as it was for 1926, due to the lateness of rains.

When ordering bread don't fail to call for Honey Toast. It is delicious.

REDWINE-NORRIS

Miss Allien Redwine and Chris Norris, well known Tahoka young people, were quietly married at Post Monday, July 4. They are now residing at Carlsbad, New Mexico, where Norris is working at the Cavern Garage.

San Antonio — Traffic experts of the West Texas Chamber of Commerce have completed an analysis of the recent decision handed down by the Interstate Commerce Commission with reference to what is known as the Common Point Freight Case after six weeks of intensive study.

99 YEARS; FACES CHAIR LATER
 LAW, Okla., July 11.—Un-
 sentence for the crime that
 the first notoriety, Mat-
 youthful Oklahoma bank
 Saturday was returned
 penitentiary at McAles-
 he had been held for safe
 his capture in Arizona.
 sentenced for the slaying of
 Chocolate, Indian deputy sher-
 was brought here Monday
 under heavy guard and
 from the District Judge C.
 with the fatal words that he
 had November when a band
 friends swooped down on

the Sequoyah County jail and liber-
 ated him.
 Kimes twice had been found guilty
 of slaying Chocolate, and was
 awaiting formal pronouncement of
 the sentence that had been assessed
 by a jury when he was delivered.
 The State, however, is not satis-
 fied with the sentence and in another
 trial in Okmulgee County will at-
 tempt to send him to the electric
 chair for the murder of W. H. Mc-
 Annally, chief of police at Beggs,
 who was killed last May when a bank
 was robbed by a gang alleged to have
 been led by Kimes.
Killed in Capture Attempt
 Chocolate was killed when he and
 other Sequoyah county officers at-
 tempted to intercept Kimes, his bro-

ther George, and another man when
 they dashed thru the county, after he
 robbery of a bank at Covington,
 Okla., apparently headed for the O-
 zark Hills of Arkansas.
 The brothers were captured in Ar-
 kansas after an all-day running fight
 with a large posse. George Kimes
 was convicted of manslaughter in
 connection with Chocolate's death
 and is now serving a 25-year sen-
 tence in the penitentiary.
 Matthew Kimes was convicted of
 manslaughter and sentenced to 35
 year imprisonment, but was retired
 because neither he nor the State was
 satisfied with the sentence. The jury
 recommended a 99-year sentence up-
 on his second conviction.
 The evolution of an Okmulgee
 county farm boy, who began his
 criminal career with petty robberies,
 into a notorious desperado was com-
 pleted last Fall after Kimes' escape.
 He became a wraith and virtually
 every sensational exploit carried out
 in Oklahoma or near the borders of
 adjoining States was attributed to him.

**WEST TEXAS PRESS MEET
 JULY 23RD AT SWEETWATER**
 The West Texas Press Association
 will meet at Sweetwater Saturday,
 July 23, and the Sweetwater Board
 of City Development through its sec-
 retary, Monte E. Owens, is already
 broadcasting invitations to the
 event.
 This meeting was originally set
 for June 4, but owing to the fact
 that it would conflict with the Texas
 Press Association meeting at El
 Paso, the officers deferred the meet-
 ing to July 23rd. Mr. J. L. Martin
 of Snyder is president, and Mr. W.
 E. Reid of Colorado, secretary. The
 program is being made up this week.
 At this meeting which will be the
 main business meeting of the asso-
 ciation for the year, plans will be per-
 fected for a general membership
 drive to make this one of the largest
 regional organizations in the state.
 The association was born this past
 November when the newspaper edi-
 tors and owners met in Colorado and
 started the association.
 Interest has been manifested
 throughout the entire section by
 the newspaper fraternity, and quot-
 ing President Martin: "This asso-
 ciation will have no leg pulling, no
 graft, and no dues; the only object
 is the get-together meeting of the
 newspaper men of West Texas to
 work out the problems of mutual
 benefit and better understanding for
 the upbuilding of the business."

E. H. Boullion, "Happy" Smith
 and Van Bates returned Saturday of
 last week from the Devil's river,
 where they made some big fish
 hauls. As evidence of their luck,
 they brought home four huge cat-
 fish which weighed a total of 60
 pounds. Sheriff J. W. Simpson
 went down with the boys to act as
 chaperone, but returned earlier in
 the week.

Mr. and Mrs. Ryon Taylor of Sher-
 man and Mr. and Mrs. Edgar Wom-
 ack of Bonham are visiting in the
 home of Mr. and Mrs. L. N. Hancock
 at New Home. Mrs. Taylor and
 Mrs. Womack are daughters of Mr.
 and Mrs. Hancock.
 D. C. Fritz and daughters, Mary
 and Madeline, of Munday are here
 visiting Mr. and Mrs. N. M. Bray.
 Miss Noel D. Bray, who has been vis-
 iting in Munday, returned home with
 them.

Subscribed and sworn to before me this 6th day of July, 1927,
 W. C. WELLS, Notary Public, Lynn Co., Texas

ATTEST:
 R. L. Lockhart, S. W. Sanford, B. P. Maddox, Directors.

Caught in Grand Canyon
 Kimes submitted tamely about 2
 weeks ago after a posse of Arizona
 officers chased him over the rim of
 the Grand Canyon and surrounded
 him. His return to Oklahoma was
 comparable to the homecomings of
 recent heroes of the air. Large
 crowds gathered wherever his pres-
 ence was made known and when he
 was taken to Okmulgee for arraig-
 nement on the murder charge, county
 officers paraded him twice before
 large crowds that clamored for a
 sight of him. The crowd that gath-
 ered in Sallisaw Monday was one of
 the largest that has ever congregat-
 ed in this town for any occasion.

ELIZABETH HUGHES SOCIETY
 The Elizabeth Hughes Society met
 at the Church Monday afternoon for
 a lesson in the study course, subject
 being "Budget Making". It was
 discussed and enjoyed by all.
 —REPORTER.

Just a little premium for baby

Chas. L. Nance of Briscoe, Okla.,
 is here visiting his brother, J. B.
 Nance. He is county judge at that
 place.

**VERNONS ENTERTAIN
 WITH BARBECUE JULY 4TH**
 Mr. and Mrs. C. R. Vernon enter-
 tained the following guests at their
 place with a wonderful barbecue the
 4th: C. F. Schnell and family, G. B.
 Moss and wife, E. J. Spurgeon and
 wife, C. C. McCormack and family,
 R. E. Finley and wife, W. E. Gallo-
 way and wife, Pat Swan and family,
 C. L. Roquemore and family, G. H.
 Spears and Miss Viola Clements, R.
 K. Tate and family of Tahoka, J. K.
 Rogers and family of Slaton, Alene
 Dickson and family of Hale Center,
 Mrs. Tull Ross, mother of Mrs. Dick-
 son and J. S. Weatherford of Tahoka.
 Barbecued goat, turkey and chick-
 en, and everything else that goes to
 make up a barbecue was on the table.
 Lemonade and iced tea were served
 as the drinks. Everybody left wishing
 the Fourth of July would come ev-
 ery week.—Wilson Painter.

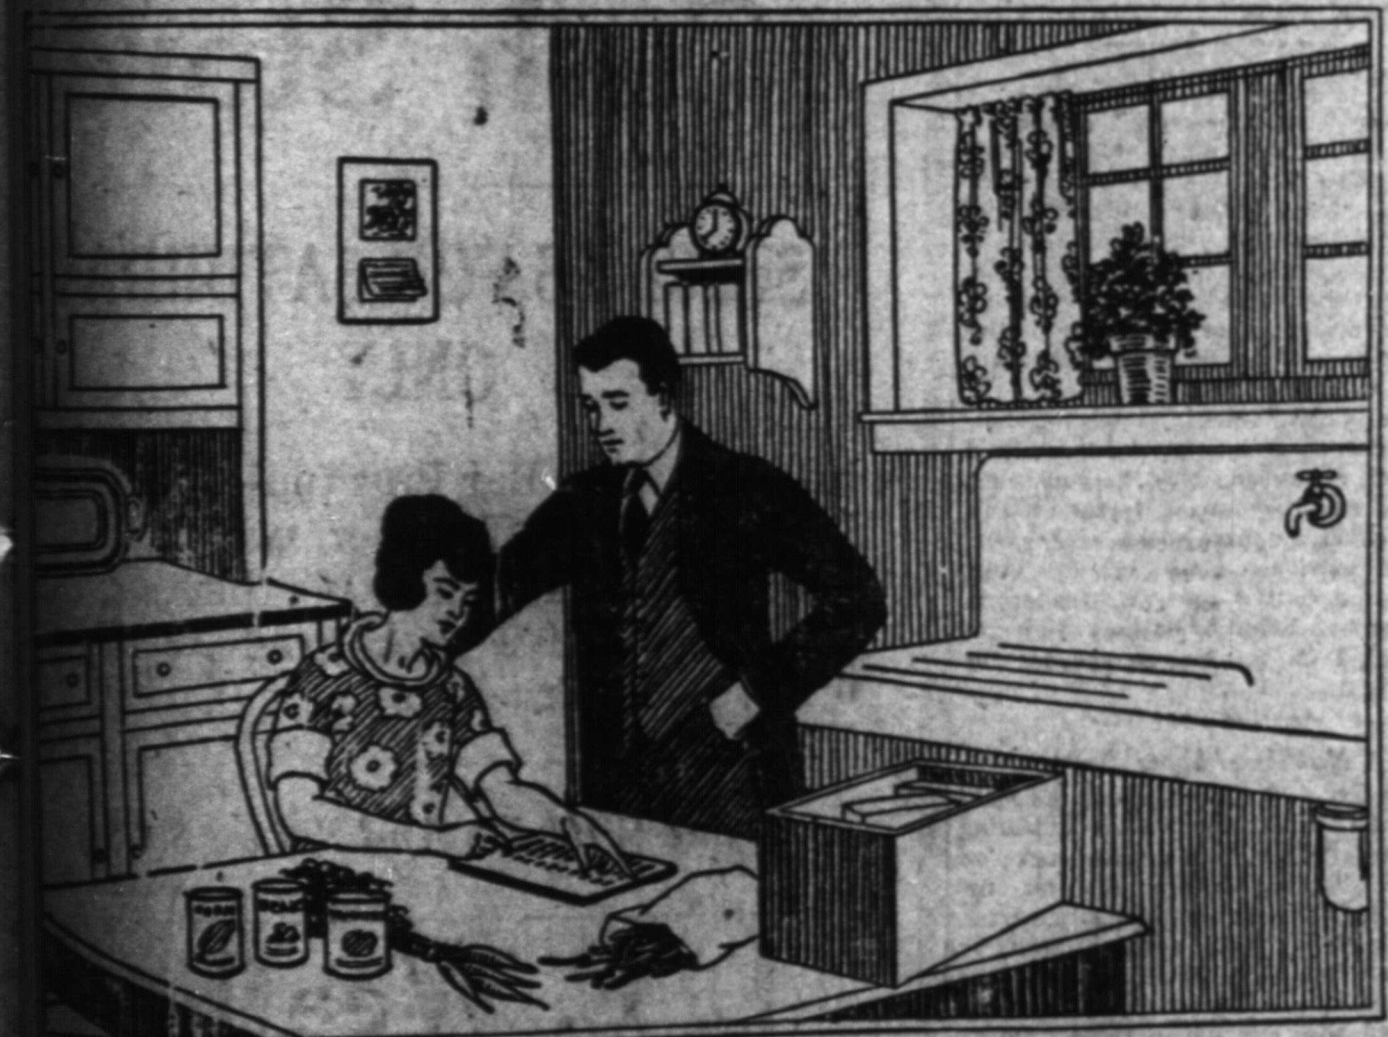

**WHAT THE TEXAS AUTO-
 MOBILE LIGHT LAW REQUIRES**
 The Texas Automobile Headlight
 Law requires that the motor vehicles
 traveling on the highway at night
 comply with the following:
 1. Two headlamps must be burn-
 ing.
 2. The headlamps must be properly
 adjusted.
 3. The tail light, either red or
 yellow, must be burning.
 See that your car is equipped ac-
 cordingly so you will not be stopped
 on the highways at night for not com-
 plying with the law.
 Make night driving safe in Texas.

**FIXTURES OF OLD LARKIN
 STORE MOVED TO DIMMITT**
 Show cases, office equipment, scal-
 es, etc., of the old H. M. Larkin gen-
 eral merchandise store were moved to
 Dimmitt, the terminus of the new
 Fort Worth & Denver extension Wed-
 nesday.
 The fixtures are owned by Ayres
 Bros. who bought the Larkin stock.
 They are opening a store at Dimmitt

SPECIAL LINE FOR PRESIDENT
 Two hundred and fifty miles of
 telephone wires have been strung to
 give President Coolidge and his party
 dependable telephone and tele-
 graph communication at his summer
 home in the Black Hills of South Da-
 kota. The special line has been
 run from Sidney to Rapid City, S. D.
 and supplements equipment already
 in operation. Its cost was around
 \$300,000.

Shamrock—An expenditure of
 \$16,000 for improvements in the
 Shamrock yards has been authorized
 by officials of the Rock Island Rail-
 roads. Included in the improve-
 ment program will be three addi-
 tional spur tracks, two north of the
 depot and one south.

Rule—Contract for the bridge
 over the Double Mountain Fork of
 the Brazos west of here has been
 awarded. The contract price was
 given as \$13,727.
 W. D. McCullum, J. C. Beck and J.
 C. Kitt, all of Frost, were here Fri-
 day looking over the country and
 visiting their old time friend, C. W.
 Conway.

What Foods Are Cheapest

RELATION of the food budget
 to the home requires familiarity
 with current food prices. Food
 costs enter into this question.
 Choice of foods yield the most nu-
 trition for the least money, and at the
 same appeal to the family taste?
 A study and obser-
 vation of the market is perhaps one of the
 best methods of becoming posted on
 the general.
 It is an important factor
 in the home. Everything we are
 consumed, from the cradle to the
 grave, is purchased. It is per-
 manently called to our
 attention. No matter where we go,
 the same things being told what is
 the best, nor reminded of the
 fact that our life worth living—
 we can get them.
 In direct advertising. And
 sometimes, it is indi-
 cated. Just now, the food
 in America are involuntarily
 being advertised on a
 large scale, because of the ex-
 traordinary food pack of last
 year. Foods are now being
 sold at remarkably low prices. This
 is due to the specific purpose
 of the market, but rather for the sake
 of surplus stock.
 In the past, there were usually
 practically all the staple
 commodities, packing a
 quantity of these foods.
 The market for the supply
 has adopted the plan
 of selling them at exceedingly low
 prices. In so doing, they have in-
 directly entered upon one of the most
 extensive advertising campaigns ever
 undertaken by them.
 It is a campaign of education. Vast
 numbers of people, taking advantage
 of this great price-reduction, are
 learning the convenience, economy and
 excellence of ready-to-serve foods.
 In other words, they are being edu-
 cated to eat more of them, in pre-
 ference to the more expensive and less
 easily obtained fresh foods—so-called.
 For instance, those who have used
 a dozen cans of corn, this year, will
 buy two dozen next year. And so it
 will be with all kinds of canned foods.
 "The proof of the pudding is in the
 eating." Ready-to-serve foods have
 advertised themselves for all time.
 In figuring the comparative cost of
 fresh and canned foods, the season of
 the year must be taken into account.
 In all save the extreme southern and
 south-western sections of the United
 States, fresh foods have to be carried
 a long distance in the winter months.
 Consequently, high prices must neces-
 sarily be charged for them. At this
 season, therefore, the economy of pre-
 pared foods is unquestionable.
 This economy, however, lies not
 alone in the low price, but in the
 value obtained from that obtained
 acts, as compared with that obtained
 from fresh foods. In the first place,
 fresh foods brought from a distance,
 fresh foods brought from an immense
 and passing through innumerable
 hands en route, have lost the quality
 of "freshness" by the time the con-
 sumer gets them. They are there-
 fore not worth their high price. The
 prepared foods, on the contrary, were
 canned while absolutely fresh, and
 their valuable properties have all been
 retained in the air-tight can. Second-
 ly, there is no waste to be eliminated
 from the ready-to-serve foods, where-
 as much must be removed from fresh
 foods before they are ready for cook-
 ing or serving.
 Another economical feature of can-
 ned foods is the fact that many stores
 have frequent "special sales" of two
 cans for 25 cents, three for 25 cents,
 etcetera. As these prepared foods
 do not keep indefinitely, the consumer is
 afraid to stock up with them and
 thus reap the benefit of the lower
 prices; in addition, gaining the con-
 venience of having a variety always
 on hand, ready to serve at a moment's
 notice.
 In reducing their surplus stock by
 reducing their prices, the American
 food-packer are really "casting their
 bread upon the waters." It will re-
 turn to them, not only in enormously
 increased future sales, but in a
 strengthened confidence on the part
 of the public. For there is a rapidly
 spreading realization of the fact that
 nowhere are the laws of hygiene and
 sanitation more rigidly observed and
 enforced, today, than in the commer-
 cial preparation of the world's foods.
 And when to this is added the further
 advantage of economy, the consumer
 is not slow to respond.

TYPEWRITER Second sheets 3 1/2 x 11, good grade, 75c per 500 at The Lynn County News.

Redwine

My! My! I wonder when we will get to go picnicing if these weeds keep growing this way.

A good rain would be appreciated any time soon.

Bob Traweck has been on the pony list but is better now.

Mr. and Mrs. Morgan Smith of the Edith community visited in the home of Bert Wilson Sunday.

Mr. Daggett of the Graham Chapel community spent Sunday with R. S. Traylor and family.

Mrs. Howard Tunnell and Mrs. Tom Smith attended the regular monthly meeting of the Women's County Council which was held in the district court room at Tahoka Saturday afternoon.

Mr. and Mrs. Wess Luttrell visited in the home of Bob Traweck Sunday.

Tom Smith and R. S. Traylor made a business trip to Justiceburg Saturday eve returning Sunday.

Mrs. John Lamb made a business trip to Snyder Friday.

We failed to learn the name of the club girl that will represent our club girls at A. & M. this summer as the judging of the clothing could not be completed Saturday afternoon.

RHEUMALAX

The latest of all scientific discoveries for rheumatism. It reaches the cause and makes you feel like a new person. No guess work or rubbing on. Sold and guaranteed by Tahoka Drug Co.

ONION BUTTONS — For sale at R. H. Turner and Son's Grocery. 46-1tc

LOTS FOR SALE—Near new High School Building on easy payment plan.—See W. C. Wells.

The King of Blisters. Tiae's Cholle Relief and Antiseptic Healing Oil For Sale by

TAHOKA DRUG CO. 35-13tc

LOST

LOST—A mob chain for Ford truck between Post and Grassland.—W P Inman.

FOR RENT

FOR RENT — 3-room house near present school building. In my absence call at News Office. Geo. H. Law. 39-1tc

FOR RENT—3-room house in south Tahoka on O'Donnell highway. Cicero Smith Lumber Co. 34-1tc

MISCELLANEOUS

LUBBOCK AVALANCHE
Buy the Morning Avalanche at the Limit It arrives in town early in the day on the same date that it is printed it brings the first news to town every day. adv.

The Lynn County News can still be had for \$1.50 per year—52 issues. We are also still offering the combination of The News and the Dallas Semi-Weekly Farm News for only \$2.00

Rev. J. W. Braswell of Lamesa filled his regular appointment here Saturday night, but failed to be with us for the services Sunday morning, on account of being called away to conduct the funeral services of a child over in the Grandview community. He stated he would preach for us the fifth Sunday in this month. Bro. Shumake of Post will preach here the third Sunday afternoon in this month. Everybody is invited to attend these services as well as our regular Sunday School services. —OLD GOSSIP

SNYDER HOME RAIDED; MUCH BREW OBTAINED

The home of Chas. Green in the southeastern part of the city was raided by local officers Sunday, 1,572 bottles of home brew, 20 gallons in jars and 27 pounds of malt syrup being seized. 844 bottles were capped, and 728 were uncapped and had to be poured out. The capped bottles were kept and brought to town. 80 bottles on ice in a refrigerator were also taken.

It had been the belief of many for several months that Mr. Green was making and selling some sort of liquor, but up until Sunday no search had been made of his premises, although there are already indictments against him.—Snyder Times-Signal.

John Harris Burns, 13-year-old boy of Sheffield, Ala., made such an impression in a recent speech to a party of visiting Kiwanians that he has been made an honorary member of the Detroit Club.

COUNTY DEMONSTRATION CLUBS HOLD MEETING

(Continued From First Page)

been collected on this year's books. Dear club secretaries, that will never do. Get busy and collect for your club and turn the money in to the treasurer.

Our Girls' Clothing Contest was also held during the day. Miss Halsey couldn't be with us on account of failing health, for which we are very sorry. We miss her so much. Miss Grimes from Dawson county was to have done the judging, but from some cause, we failed to learn why, she didn't come. We had to wait until the council met and decide on who we could get for judges. Mrs. Bud Clinton and Mrs. C. H. Cain were selected to do the judging. It was late in the evening, and they did not have time to judge everything Saturday evening. Mrs. Cain took the remaining garments to her home where she and Mrs. Clinton were to finish the judging Tuesday.

Ladies going from Lynn county to the A. & M. Short Course are as follows: Mrs. J. M. Johnson, T-Bar; Mrs. Grace Bates, New Home; Mrs. T. I. Hammonds, Edith. We are going to send five girls from Lynn county, but up to date the names have not been given.

Many entries were made in the county wide clothing contest of the Home Demonstration Clubs of the county Saturday at the court house and much interest shown in the work done, in spite of the fact that the day's program was a bit upset by the absence of Miss Ezra Grimes of Lamesa who was sick and could not be here to judge the work and take charge.

The exhibits were good, according to those interested in the work, and especially did Draw, T-Bar and Edith make a good showings. Mrs. C. H. Cain and Mrs. W. T. Clinton were called on to judge the work in Miss Grimes' absence, but announcement of the winners will not be made until the arrival of Miss Mille M. Halsey. Miss Halsey left Rogers Wednesday and is expected home today.

Representatives from each of the clubs will be sent to the annual short course held at A. & M. College each summer, and announcement of the names of those who will make the trip will be made along with the announcing of the clothing contest winners.

Bazes Back From Extended Vacation

Superintendent M. L. H. Baze, wife and son returned the latter part of last week from a vacation trip thru the mountains of New Mexico, thru El Paso, Juarez, and the Davis Mountains. They also spent several days at Austin, Taylor and Brady. Mr. and Mrs. Baze are now making out plans for the year's work of the Tahoka schools and will be so engaged until the opening date early in September.

Three Lakes

The shower Sunday afternoon dampened the earth to an advantage to the gardens. The crops are looking fine and green. Some of the corn is too late to produce much.

Last Thursday sixteen knives were put in the church crop. They completed the crop by noon. We are looking forward to a good crop.

Mr. and Mrs. W. E. Sikes were in Mr. and Mrs. N. M. Barham's home Sunday, also Mrs. George Duckett and children were in Mr. and Mrs. E. D. Robinson's home Sunday.

The young folks took dinner with Mrs. Pets Ellis Sunday.

Mrs. H. C. Lewis and children were in the home of Mrs. G. M. Duckett Monday and Dorna Faye Edwards.

Miss Ouida Duckett spent the week end at the home of her sister, Mrs. E. D. Robinson.

Mr. and Mrs. John Fulford were in the home of her parents, Mr. and Mrs. Yates.

Rev. A. W. Shumake and family of Post, were in the home of his brother, Mr. Bob Shumake Saturday night and Sunday.

Rev. Shumake delivered a good sermon Sunday morning. —REPORTER

DRESS UP OR WALK

In Brazil people take their street car riding seriously. Correct attire is required on all street cars in Rio de Janeiro, the capital, and rules are rigidly enforced. On first class cars men must wear a collar and tie and are requested to keep on their coats.

Wonder of Nature Is Vision Given to Birds

The vision of birds is an amazing thing. A vulture soaring almost out of view sees a carcass lying perhaps in a quite inconspicuous position; a kestrel hovering at a height of 100 feet, spies a mouse creeping about in the grass; a gannet cruising round 200 feet above the sea observes a fish swimming some distance below the surface, says W. W. White, in the Nineteenth Century Magazine.

The gannet's sight is by no means the least remarkable among keen-eyed birds, for it has to penetrate water as well as air. A gannet's turtle on fish beneath well expresses the action. At once it checks its flight, poises for a second, half closes its wings, and dives with tremendous speed. There is a curious corkerlike motion in the downward swoop, and at the moment of entering the water the long, pointed wings are folded.

Day's Length Varies in Different Parts

If you met a man, and he casually remarked that he ate 315 meals yesterday, you would either be amazed at his appetite or take him for a hardened romanticist. But the man may be from Spitzbergen, where they have a day three and a half months in length.

And on the whole it would be wise, if one should undertake to do certain work to receive so much a day in payment, to understand just where the work is to be done, or one might have to labor 18 1/2 hours at Stockholm, if it happened to be the longest day of the year, or all the time from May 21 to July 23 in some parts of Norway.

In Petrograd the longest day is 19 hours and the shortest 5 hours. In Finland there is a 23-hour day. In London and at Bremen the longest day is 16 1/2 hours; at Hamburg and Danzig 17 hours, and at Washington about 15 hours.

New Rays Discovered

Science has established the existence of new rays, stronger than ultra X-rays and 1,000 times greater in frequency, with ionization the same at all times of the day or night and of 10,000,000-volt variety. They were partly described by Dr. R. A. Millikan of the California Institute of Technology to the convention of the National Academy of Sciences in Madison, Wis. He has studied them since the World war, beginning where German scientists left off. Millikan won the \$40,000 Nobel prize for first measurement of the electron. The rays, unnamed, are due to atoms passing over to other atoms, with the sun having no effect on the action, he said. They appear throughout space, bombard the earth from all directions at all times, and have extraordinary absorbing power.

Was Well Stocked

A day book of a retail grocer located in a midwestern town shows the entire list of imported articles sold by him in 1922 as follows: Coffee, tea, figs, mustard, pepper, cloves, allspice, nutmeg, ginger, cinnamon, lemons, oranges, sage, prunes, raisins and almonds. Other foods handled by him were: Eggs, molasses, dried apples, dried peaches, cranberries, potatoes, sugar, vinegar, saleratus, butter, cheese, crackers, lard, smoked halibut, whitefish, dried herring, rice, strap, salt, cream of tartar, beans, rye, coffee, peanuts, beef, veal, pork, lemon extract, onions, cabbage, turkeys and native cuts. If this storekeeper had other foods they were not indicated on his charge account for two years.

Nothing Ever Lost

Elements which enter into the making of a soap-bubble film are as lasting as those which form granite rock; no material thing is ever lost or destroyed, says science. Man's immortality is fairly well assured both by science and the Bible. It was the Frenchman, Lavoisier, who first proved with his fine balance, that in all chemical operations it is only the kind of matter that is changed, the quantity remaining the same. This was the discovery of the conservation of matter to which knowledge of the conservation of energy has since been added.—Capper's Weekly.

Officer's Revenge

A naval officer, who had taken offense at something said at a dinner party by a clergyman who had just been made an honorary canon, and who was somewhat autocratic, resolved to be revenged.

He invited the whole party to inspect his ship next day, and when inquiry was made regarding the use of one of the sham wooden canons he had put in a conspicuous place to attract notice, he replied, in a loud tone: "Oh, that wooden thing; it's only a dummy—a sort of honorary canon!"

The Great Smith Family

The great family of Smiths bear a name which is not only the commonest but the oldest in the world. Professor Mahaffy, when deciphering the Petrie papyrus, came upon one bearing the name of Smith, unmistakably written. "We have never," he says, "found anything like it before, and it is surely worth telling the many distinguished bearers of the name that there was a man known as Smith in the twentieth year of the third Ptolemy, 227 years B. C., and that he was occupied in brewing and selling—beer!"

T-Bar

Well, some of our citizens caught up with their work and went on an outing and fishing trip. The party included Messrs. H. W. Crews, L. D. Maynard, one McMillian, D. Henderson, W. P. Cloud. They say they caught lots of fish, but did not bring back any proof that we know of.

Our Methodist pastor can't be with us until the second Sunday in September. He will be in protracted meetings at other places from now until that date.

We had some real good singing Sunday at Sunday School and also in the afternoon at preaching.

Mr. and Mrs. O. A. Crotwell left Sunday morning for Eastland to make their home. His mother and one sister resided there.

Little Miss Helen Henderson, daughter of Mr. and Mrs. D. Henderson, entertained her little friends with a birthday dinner Sunday, celebrating her ninth birthday. After a dinner, suiting the occasion, the little folks had games. All left at church time wishing her many more happy birthdays. Those present were: Rupert Moore, Ouida and Wymon Johnson, Hazel Moore, Minnie Faye McMillian, Flora & Lora Waldrip, Callie and Birdie Dorman and Grandma Nichols, their Sunday School teacher.

Mrs. Allen McMillian is undergoing treatment every week at Lubbock at Elwood hospital.

Floyd county has set August 1st for an election to vote on road bonds totaling \$475,000. Following Hale county's million dollar project which will connect on to their highway, it is but a matter of time before every foot of the road will be paved from here to New York and in time to the West to San Francisco. The advantages of paved roads are many and practically every county has awakened to the idea and will soon pave their main roads through their counties. Hale county is extremely fortunate in receiving two dollars for every dollar that they are called upon to invest in the two main roads that are to be paved.—Plainview News.

Miss Merna Fancher of Pride is visiting friends in Tahoka.

Now Enjoys Eating. Thanks His Wife

"For years I suffered with stomach trouble. Then, my wife got me to take Adlerika. Today I feel fine and eat what I like."—Wm. Opp.

Adlerika relieves stomach gas and sourness in TEN minutes. Acting on BOTH upper and lower bowel, it removes old waste matter you never thought was in your system. Let Adlerika give your stomach and bowels a REAL cleansing and see how much better you will feel. It will surprise you!—Thomas Bros. Drug Co.

Lockney — Work on the gas distribution lines over Lockney and Floydada will be underway soon and ready for use by fall.

MOTHERS

Watch for symptoms of worms in your children. These parasites are the great destroyers of child life. If you reason to think your child has worms, act quickly. Give the little one a dose or two of White's Cream Vermifuge. Worms cannot exist where this time-tried and successful remedy is used. It drives out the worms and restores the ray line of health to baby cheeks. Price 25c. Satisfy
