## Man New Courses For Public School

### AGRICULTURE TO BE TAUGHT

Additional Credit Secured

The meeting of the school board last afternoon, it was definitely decided to reinstate the teaching of agriculture in the Tahoka school. About twenty pupils indicated their intention to enroll in the department. Prof. Taylor, graduate of the A. & M. college, who has had about ten years experience in teaching this subject, was selected by the board to teach the courses in the Tahoka school coming year. Approximately one-third of his salary will be paid from vocational funds provided by the state and federal government. Mr. White has taught most of the past four years at Tahoka and his family are residing here.

### NOT SPEND DAY AND NIGHT IN CHICAGO

## English Teacher Resigns From Faculty

Miss Janice Jernigin, teacher of English in the Tahoka High School the two past years, has tendered her resignation to the board, giving the condition of her health as the reason. If she teaches this year she will accept a position somewhere in Central Texas, where the climate seems to agree with her better.

Miss Jernigin has done good work in the English department here and is very conscientious in her work.

The Tahoka school has three credits in English, which is as much as most schools this size have, but it is the desire of the superintendent and the board to get credit for the work of the fourth year in English. One of the requisites for this is that the teacher of English hold a degree, and an effort to secure a degree teacher will be made, it is said.

## LUBBOCK MAN PREACHES AT METHODIST CHURCH

Dr. G. M. Terry, layman from Lubbock, filled the pulpit at the Methodist Church Sunday in the absence of the pastor, Rev. R. T. Breedlove, who was closing up a two weeks meeting at O'Donnell. Bro. Breedlove reports fair results from the meeting at that place, several additions and conversions and much added interest in the church work having resulted from the services.

## Draw Man Pinched; Language Abusive

A citizen of Draw was tried in the Justice Court here Monday on a charge of using abusive language. The language was addressed to a tenant on his farm, who resented the insulting language by knocking his landlord down and administering a thrashing. The tenant came into court and entered his plea of guilty to a simple assault and paid his fine. The officers then filed a complaint against the landlord for abusive language. He employed an attorney and contested the case, which came on for trial Monday morning. The jury found him guilty and assessed his punishment at \$25.00. The total fine and costs amounted to about \$77.00. The defendant paid off. That was one case in which talk was not cheap.

## LORENZO FIREMAN KILLED BY TRUCK FRIDAY NIGHT

George Koonce, a member of the volunteer fire department of Lorenzo, was killed in that place Friday night, when he accidentally fell under the fire truck, one of the wheels passing over his head and crushing the skull, according to Pfleger Wampler of this office, who visited in Lorenzo Sunday.

Lorenzo had recently purchased a new truck. When the department was called out Friday night, Koonce had evidently undertaken to alight near the fire plug and in some way unknown to the other members of the department he fell under the wheels. The other boys did not know of the tragedy until some bit after Koonce was dead.

## Barna Haney and family of Escobedo visited Mr. and Mrs. L. C. Haney here Tuesday and Wednesday.

Mr. Haney is a druggist of his city and is President of the school board. He visited and inspected the new high school building here and expressed great admiration for the plant.

Mr. and Mrs. Frank Neeley and two daughters of Austin were visitors in the home of E. C. Wood last Sunday. Mrs. Neeley and Mrs. Wood are cousins. They came not only to visit but to see the wonderful plains country, proceeding from Tahoka to Lubbock.

Mrs. Jack Alley and daughter, Miss Hazel, returned Thursday from San Antonio, where they visited relatives.

## Miss Halsey Is Back From Rogers

Miss Millie M. Halsey, county home demonstration agent, who spent several weeks in her father's home at Rogers, Bell county, recuperating and taking medical treatment, returned to Tahoka Saturday, accompanied by her father. The latter proceeded to Lubbock to visit his sons before returning to his home. Miss Halsey says that she has returned feeling much better than when she left several weeks ago. Her many friends, as well as club women and girls of the county, are glad to welcome her home and to note her improved health.

## C.-C. To Continue Work; Elect Sec'y.

### Tech Students Weave Likeness Of Dan Moody

The News has received from the Texas Technological College a small piece of the cotton fabric which is being woven by students in the textile engineering department of that institution, the likeness of Governor Dan Moody being woven into the fabric. This work was done by boys who have been studying textile engineering not more than two years, it is stated.

The purpose of the engineering school in the Tech is to turn out graduates who can earn, upon their graduation, good salaries. The Texas Technological College expects to furnish trained young men who will greatly stimulate the manufacture of the cotton and wool produced in Texas into the finished product, according to those who are directing the destinies of this institution. This was the hope of its founders, and the interest shown and the progress already made indicate that the Tech is to play a wonderful part in the development of the state.

Lawrence McLean, representing the Hall Music Co., was here from Lubbock Saturday, and called at the News office. Mr. McLean is a cousin of Miss Millie M. Halsey and is a friend of the editor in other years. He has sold an unknown number of musical instruments during the past quarter of a century.

Joe Bovell was here Tuesday on business. He states that Mrs. Bovell is at Glenrose taking treatment and is showing great improvement. Mr. Bovell says that there are many things he likes about the plains and one of them is that he can sleep here. It's too hot to sleep down about Fort Worth and is pretty warm at Abilene, he declares.

W. M. Harris was called to Marietta in Cass county Monday night by the serious condition of his mother. A letter received by Mrs. Harris Wednesday advised that his mother was better.

Prof. H. P. Cavness returned Friday from Greenville and McGregor, where he and family visited relatives. He left the other members of the family at McGregor, where they will remain a few weeks visiting.

## M. E. Women To Build Club House In Palo Duro

Canyon, July 19—The women of the Methodist Church at Canyon are building a camp house for the use of Canyon girls at the Methodist Encampment grounds, 20 miles southeast of Canyon. It is expected that the Canyon headquarters will be completed in time for the annual Northwest Conference Girl's camp in August.

At this time between two and three hundred girls from all parts of the Panhandle will spend a week camping and considering the problems of young people in the church.

Mrs. T. G. Delaney of Memphis, Texas, will have general charge of the camp.

## Kiwanis To Feed Highway Visitors

A letter from the Board of City Development of Amarillo addressed to the secretary of the chamber of commerce at Tahoka suggesting a meeting in Tahoka on August 11 of representatives of all towns lying along highway No. 9 between Amarillo and San Angelo was read at the Kiwanis luncheon Wednesday. The matter was generally discussed and by general consent it was decided to entertain the visitors at luncheon on that day. The Kiwanis luncheon for that week will be held on Thursday, Aug. 11, instead of Wednesday, the regular luncheon day.

## WORK DEMANDS A SECRETARY

Base Volunteers Services Free Of Charge And Elected To Serve Temporarily

At the meeting of the board of directors of the chamber of commerce held two weeks ago, at which Mr. Nelson tendered his resignation as secretary, it was decided to suspend operations temporarily; but following Mr. Nelson's removal from the city, President J. A. Brashear received so many communications that demanded the attention of the body that he called the board together Tuesday morning, and the former action to disband was rescinded and the old organization with the same board of directors was declared to be intact.

A communication was read from M. L. H. Baze tendering his services as temporary secretary free of charge, to act till such time as the organization might feel able to employ a secretary. This generous offer of his was accepted with the thanks of the body and with the understanding that if the body should hereafter see fit to partially remunerate him for his services it might do so. Mr. Baze is therefore the acting secretary of the Tahoka Chamber of Commerce.

In order to provide funds to pay absolutely necessary expenses, each member of the Chamber of Commerce was assessed one dollar per month. A young lady will doubtless be engaged to collect this small assessment on the first day of each month. Every business man and every citizen of Tahoka who has any interest whatever in the welfare of Tahoka—and certainly all have—will be willing to pay this small sum monthly. If you do not feel that a chamber of Commerce can be worth this small sum to your town and to you, then turn down the collector and keep your dollar. No high pressure methods will be used to induce you to dig up.

Those at the meeting Tuesday morning were: J. A. Brashear, E. H. Boulliens, Happy Smith, Chester Connolly, J. K. Applewhite, Robert L. King, I. S. Doak, L. F. Craft, N. M. Bray, T. H. Speight, E. I. Hill and possibly one or two others.

## Band Plays At O'Donnell; Play At Tech Friday

The Tahoka Concert Band were guests Tuesday night of the O'Donnell Luncheon Club. The band dispensed music for the occasion and report that they were treated royally by the O'Donnell people.

The band has been invited to give a concert at the Texas Technological College Friday night. Quite a number of Tahoka people in addition to the members of the band are going along to enjoy the occasion.

Mr. and Mrs. Lynn L. Williams and little son of Putnam left for their home Saturday, after a few days visit with his brother, Nat Williams, and family of this city.

## Tahoka Gets Big Highway Meeting

### Ten Will Attend A. & M. Short Course

A number of women and girls residing in Lynn county will attend the Short Course to be given at the A. & M. College next week, accompanied by Miss Millie M. Halsey, county home demonstration agent. The party will leave here Saturday and will not return until Sunday, July 31. Special railway rates will be given from Lubbock, where they will join other club members from various counties of the plains.

Those who will attend from Lynn county are as follows: Jamie McCarty of the T-Bar Club, Mrs. Ruth Crews of T-Bar, Ruby Moore of T-Bar, Beatrice Hammonds of Edith, Martha Cook of Draw, Nola Parks of Draw. Members of the women's clubs who will attend are: Mrs. R. H. Bates of New Home, Mrs. J. M. Johnson of T-Bar, and Mrs. T. I. Hammonds of Edith. O'Donnell will also have a representative.

### LOCUST TREES BEING INOCULATED AGAINST BORER

Several people are taking advantage of the presence of a tree doctor and are having their trees inoculated against the borer, and infected trees treated.

The locust trees of Plainview are seriously threatened by the borer and to save the trees it is necessary to kill off borers. Inoculation is said to make the trees immune from the borer—Plainview News.

## Mrs. Haynes Buried Here Last Thursday

Mrs. M. L. Haynes, who lived on Dr. Callaway's farm a few miles southeast of Tahoka, died early Thursday morning and was buried in the Tahoka cemetery late Thursday afternoon. The funeral was conducted from the First Baptist Church of this city.

Surviving the deceased is a husband and ten children. The family, we understand, has had a rather strenuous time trying to make ends meet during these stressful times. The family has the sympathy of all good people in this sad bereavement, and if any material assistance is needed it is hoped that this will be forthcoming.

### UNCLE IKE MARRIES ANOTHER COUPLE

Uncle Ike reports that he was awakened at 3:30 Wednesday morning by the county clerk, the night watchman, and a couple who wanted to get married, accompanied by a number of their friends. He arose and performed the ceremony in the most binding and solemn manner he had ever been taught and the two young people went away happy.

The contracting parties were W. E. Warren of O'Donnell and Miss Marguerite Tucker of Seminole. Car trouble en route had delayed the party, which accounted for their disturbing the accommodating Judge at so late an hour in the night. Mr. Warren was reared at O'Donnell and is said to be a most excellent young man. The young lady is unknown here. They will reside at O'Donnell.

Rev. R. T. Breedlove and family left Monday for the Ruidoso resort in the White Mountains of New Mexico, where they are spending this week enjoying the cool mountain atmosphere. They will return by way of Carlsbad Cavern and be home in time for Sunday's services.

Louis Weathers returned Tuesday from Jefferson, where he spent his vacation. Mrs. Weathers remained to visit relatives a few weeks longer.

Mrs. L. B. Gamble and daughters of Fort Worth are visiting this week with J. S. Wells and family.

Mrs. McCormack is in Dallas this week on business.

## PLAN MEETING OF MANY TOWNS

Will Discuss Plans For Paving Highway No. 9 From Amarillo To San Angelo Aug. 11

J. A. Brashear, president of the Chamber of Commerce, this week received a communication from the secretary of the Board of City Development of Amarillo suggesting that a meeting be held in Tahoka on August 11 to discuss plans for the hard-surfacing of state highway No. 9 from Amarillo to San Angelo. Representatives from all towns through which highway No. 9 passes between Amarillo and San Angelo are expected to be present.

Mr. Brashear called a meeting of the Board of Directors of the Tahoka Chamber of Commerce on Tuesday morning and at this meeting action was taken inviting representatives of these towns to meet in Tahoka as suggested. This invitation has been communicated to the secretary of the Board of City Development of Amarillo.

It is not known how many gentlemen will be here for this meet, but if all towns along the line send delegations there will probably be quite a crowd.

Highway No. 9 is recognized as one of the most important highways in the state, connecting San Antonio, Brownsville, and the Gulf Coast country with the South Plains and Panhandle and thence proceeding northward to Denver and the far Northwest. Randall and Hale counties have recently voted bonds to pave this highway. A campaign is pending in Lubbock county. The object of the meeting is to discuss plans for the paving of the highway ultimately for its entire length. Lynn county is one of the important links of the route. The meeting to be held here will doubtless serve to sound the sentiment not only in Lynn county but in counties to the south of us in regard to paving projects, and it is expected to be a most important meeting.

A movement has been launched by the Board of City Development to have representatives of every city between Amarillo and San Angelo, meet in Tahoka, on August 10 to discuss plans for the immediate hard-surfacing of the State Highway No. 9, connecting the two cities.

Col. H. H. Haines, general manager of the Board, has written the chamber of commerce in every city along the highway regarding the meeting and Plainview and Tulsa have already announced that they will send large delegations to the meeting.

Highway No. 9 is also known as Federal Highway 385 and is recognized as one of the most important highways in the state. A number of counties along the route have already taken steps toward hard-surfacing the road and it is proposed to make concerted action to that end with counties all along the route aiding others in securing state and federal aid for the project—Amarillo News.

## FIELD IS AGAIN HIGHWAY HEAD

Is Officially Reinstated As District Supervisor; Taken Place Left Vacant By Hemphill

Official announcement from the State Highway Department at Austin was received late yesterday afternoon by the Avalanche telling of the re-appointment of George A. Field as highway engineer of division five with headquarters at Lubbock. Field's re-appointment follows the resignation of Major Petrus Hemphill, engineer for the past three months assigned here after Field resigned.

Mr. Field quit the position March

(Cont'd on Last Page, Sec. 1)

Announcement is made that the new Crawford hotel under construction in Big Spring is to be increased in capacity from a 100-room to a 150 room hostelry. It will be seven stories instead of five stories high, as originally planned.

Denver Towns Are Attracting Attention

Rhodes will be the name of the new town at the junction of the two lines of the Fort Worth and Denver South Plains railroad north of Lockney 11 miles which will be promoted by Earl Fuqua of Amarillo. C O Bergstrom and T C Ward, the promoters of Roxana in the Hutchinson County oil fields on the North Plains, will have charge of the actual developing and promotion of the new town of Fuqua's 240 acre tract adjoining the junction proper.

According to T. C. Ward, who was interviewed in Lockney Tuesday, the new town will be opened for the purchase of lots on July 30th, but there will be no auction sale of lots. Plans for platting the town, and for naming the streets and putting a value on the lots are well under way and will be made public at that time.

Ward displayed a map which shows the improvements that will be placed at the junction on the main line of the Fort Worth and Denver from Estelline into Plainview with the intersecting branch line from Silverton to Lubbock by way of Lockney. According to Ward, a depot, five hundred foot gravel platform, oiling station, water pump plant, water reservoir and station, sanding plant, engine house, and several repair tracks will be located at that point in addition to several minor improvements. Ward says that the payroll of the Ft. Worth and Denver at the junction Rhodes, will have in excess of sixty people on it after the line is put in operation, and he estimates that fifteen hundred people will make their homes in Rhodes during the laying of the rails and the completion of the new lines.

The new town will be about seven miles from Plainview on the new line of the Denver, and will be five miles west of the new town of South Plains which is being built where the Denver's main line crosses the Floydada Silverton highway by A. B. Brown, Lockney banker, and J. S. Edwards of Slaton.

South Plains Growing One brick building is under construction, a gin is completed, and five brick business houses will be started as soon as material is placed on the ground in the new town of South Plains in Floyd County thirty miles northeast of Plainview where the new line of the Ft. Worth and Denver South Plains Railroad will cross the Floydada-Silverton highway. The town is being promoted by A. B. Brown of Lockney, President of the First National Bank of Lockney and J. S. Edwards, veteran town promoter of Slaton.

The new town lies in one of the thickest populated portions of Floyd county and already several industries have purchased locations and will erect buildings including a lumber yard and five grain elevators. The Lockney Gin Company has already erected its plant.

One of the new brick buildings will house the bank, and already the town has a weekly paper even before it has any population. The Nunn-Warren Publishing Co., has already started The South Plains Sun, and the first issue appeared this week.

The streets of the new town are named for various parties connected with its promotion and for officials of the Fort Worth and Denver Railway Company. F. E. Clarity of Ft. Worth, John A. Hulen of Houston, Judge W. D. McKay of Plainview, all have streets named for them at South Plains.

Part of the land was purchased from S. F. Gilliland, pioneer cattleman of Floyd county upon which the town is located. Gilliland is starting construction of a stucco residence in the townsite which will be the first residence in the new town. —Plainview Herald.

DAWSONS LEAVE WILSON

Mr. and Mrs. Floyd Dawson and son, T. E., left Monday for Midland and will be there about a month. From there they will go to California to make their home. We regret very much to lose these good people.

Mr. and Mrs. Dawson have meant a lot to Wilson. They are active church workers, and Mrs. Dawson has taught four or five successful years in our school, and was re-elected for this coming year. —Wilson Poniter.

A dollar goes a long way in the Piggly Wiggly Store. 47-11c

A. A. Thrasher, representing E. C. Palmer & Co., of Dallas, was here in the interest of his House Tuesday. Like many others who visit Tahoka for the first time, he declared that we have one of the most beautiful little cities here he has seen anywhere.

Grassland News

Crops as a rule around Grassland are good but rather late and rather full of weeds, but just give us time and we will remedy the weedy condition.

We had another good rain about Wednesday the 19th, but it was not such a "good" rain for some people northwest of here a few miles. It brought another hail to a strip of country about three or four miles wide which left them almost nothing; and it seems very late to plant over.

Mr. and Mrs. Noble Melton have a new son to brighten their home. The baby arrived Friday, July 8, and is managing to keep his grand parents, Mr. and Mrs. Hood, and Mrs. Melton busy and happy.

Grandpa and Grandma Warrick have both been sick for several weeks. Their daughters, Mesdames Cunningham and Boen of Bula, with their families have been visiting them for a few days.

Mr. J. V. Huddleston has gone for a few days to the oil field, Odessa, Crane, etc, being his destination.

Mr. and Mrs. Carl Greer and family have gone for a few days visit with Mrs. Greer's father, Elder Hester of Snyder.

Mrs. Maude Thomas and son, Walter Jr., and Miss Sibly Thomas are spending a few weeks in their old Shelby county home. They made the trip in Mrs. Thomas' car.

Mr. Frible Adams of Grassland and Miss Childs, who was teaching at Redwine, were married several weeks ago, and your correspondent failed to hear of it until too late for the last communication.

Mr. and Mrs. Ernest Walker and little son, James Davis, have gone to Amarillo, where Mrs. Walker will meet her brother, Mr. Johnnie Davis, whence they will motor through the country in Mr. Davis' car to San Augustine to see their parents. Ernest returned via Portales, New Mexico.

Several have accepted the invitation to work the school yard, for which we thank you each one. Mr. Inklebarger and family went up there to work, and finding some plowing was needed, went back, brought teams and plow, and made some new ditches around the trees where they had been badly needed. We all appreciate this work very much.

The meeting of the Mothers' Club July 15 was a very interesting one. There were several good readings and lively discussions. We voted to have a special program Friday night, August 19, and invite everybody in this and surrounding communities to attend. We will sell ice cream at 5 cents a cone or saucer and will also sell sliced cake. The money will be for the benefit of a domestic science course we want to have this fall in connection with the school. Come about sundown to the school campus. That night we will also talk about a community club we are trying to organize.

The Nazarene protracted meeting will begin the fifth Sunday in July and the Methodist protracted meeting the third Sunday in August. We hope that people as a rule will not have much farm work to do during the revival meeting season. It is time for us to stop in our mad rush after money or pleasure or work or whatever it is we are so intent upon, and think on our ways. Let us each one stop awhile and look at our own lives. Are we making them what they should be? If not, why not? God is calling us each to higher and better lives. Let us heed his call now.

REPORTER

HARRIS RETURNS FROM EXTENDED PLEASURE TRIP

Mr. and Mrs. W. M. Harris came in home Friday night ahead of schedule time from an extended pleasure trip, driving through from San Antonio Friday.

Leaving Tahoka about three weeks ago, Mr. and Mrs. Harris first visited relatives in Marietta in Cass county. Then they proceeded to Shreveport, La. After completing their visit there they came back via Marshall, Longview, Tyler, Corsicana, Waco, and Marlin, where they spent a week. Thence they proceeded to Temple, Austin, San Marcos, New Braunfels, and San Antonio, stopping in each of these cities either to visit or just to enjoy the scenery. Mr. Harris declares that it was the most enjoyable trip of this kind he has ever taken. Leaving San Antonio Friday morning they expected to spend the night in San Angelo, but they arrived in the latter city so early in the afternoon that they decided to come on in home—and Tahoka looked good to them when they got here.

Piggly Wiggly has specials for you next Saturday. 47-11c

New Home

Mr. Ross White is visiting his parents, Mr. and Mrs. J. W. White, this week. He has been working at Rankin.

Irene McWhorter came in last week from visiting her grand-parents and sunt.

Quite a few of the young people took dinner Sunday with Mr. and Mrs. H. R. Minor. All reported a delightful time.

Judge Cain delivered an address on the four amendments to the constitution. There were quite a few who came out to hear him.

Jean May from Post City visited her grandparents, Mr. and Mrs. J. B. Lowe.

Mrs. John Lowe's sister from Denton is visiting her this week. We failed to learn her name.

The Hancock family had a reunion at Henry Heck's last Sunday.

Mr. Elmer Newman is visiting his uncle at Lakeview, Mr. John Newman.

Mr. and Mrs. Harvey King and family, who have been visiting their son and brother, A. O. King, returned last Monday to Portales, N. M. Mrs. Andrus, who is visiting her son, Mr. Perry Andrus, has been on the sick list this week.

REPORTER

WORK ON COMPRESS STARTED AT BROWNFIELD

One of the biggest compress companies in the state began cleaning off the grounds just east of the stock pens and north of the English gin Wednesday of this week, preparatory to erecting their plant in order to get it ready for the season's run. This is the same people that was to have put in here two years ago, but somehow could never secure trackage to the plant.

We understand that the plant will be of sufficient capacity to care for the business of this section for years to come, and will employ a number of men through the cotton season. Mr. S. A. Underwood, the general manager of the company, is here superintending the work of getting started. Some of the machinery has already arrived, and material is being put on the ground for the building. This is the same company that is putting in plants at both Falls and Littlefield, and we understand they have some 17 other compresses.

This plant will be a great help, not only to Brownfield, but to the cotton shippers, buyers and farmers of this section, and it only goes to show that outside capital have confidence in the future of our city, and we welcome them here.

Besides the three new plants mentioned above the firm, East Texas Compress and Warehouse Co., have compresses at Henderson, Jacksonville, Chillicothe, Athens, Bonham, Wolfe City, Quanah, Paducah, Mt. Pleasant, Pittsburg, Lamesa, Gilmer, Plainview, Shamrock, Texas, and Elk City, Okla.—Terry County Herald.

### BETTER FEEDING AND CARE OF PULLETS FOR EGG PRODUCTION

By F. W. KAZMEIER, Bryan, Texas

When a large number of fall eggs, you better take the pullets into your confidence and give them good feed and care. This will be reflected in a wonderful crop of pullets, that will do their job of producing high priced Fall eggs. Yes, eggs have gone up more than 5 cents this Fall and Winter, and quality eggs will again be hard to get.

**Intestinal Worms**  
 Your flock of pullets, close to the ages of 12 and 24 months at that age intestinal worms are the cause of the most of the damage. If you are bothered continually with worms, and are losing in weight, look out for worms, round worms or tape worms, both. As a general rule, the pale around the eyes, the prominent and thin skin on the breast and the fresh fine ground feed to 100 lbs. of growth. Keep this before them start laying. For individual give so-called worm medicine.

Your local druggist can give you capsules for you by these directions: Approximately 6.6 C. C. of nicotine (Black Leaf 40 or other brand containing 40 per cent) with 16 grams of Iodol Reagent (do not use iodine as it will not hold) which will condense on the capsules and poison them. Pack in No. 2 gelatine capsules when filled 350-400.

Put the capsule well down the throat. Intestinal worms will die within 48 hours. A reliable patent worm remedy also be used. The important thing is that you do something to the pullets of these worms. At present time there is a compound worm and tape worm on the market that is giving results. In calling your attention to state that I am not a veterinarian and that Stations do not believe to successfully compound worm and tape worm.

Do not care to use commercial worm remedies or capsules, the following recommended by the Texas Agricultural Experiment Station: To each gallon of feed add a small table spoonful of concentrated lye; mix with feed and stir thoroughly. Allow the birds to feed for two or three days. Allow the birds no feed at all in the afternoon. The following give the birds all of the grain that they will consume plenty of drinking water. Repeat in 24 hours. Next time you look at your pullets, catch one or two of them and appear very thin and

poor in flesh. Kill them. Make a post-mortem examination by opening and emptying contents of intestines into a bowl of water. Also examine inside walls of intestines very carefully. If infested with worms you will find them.

**Fresh Air**  
 Go out to the roosting coop some sultry and hot night. See whether the house is sufficiently ventilated. If not, get the ax, saw and hammer and make the necessary arrangements. Without plenty of fresh air the pullets will never develop into profitable layers. If you do not want to take the time to build shutters, hinged at the top to swing out you can at least do it the "lazy man's" way, and that is to take the ax and knock out a few of the boards on each side. This is better than letting them suffer for want of fresh air. Of course, in the Fall these boards must be put back, so use judgment in knocking them out.

**Green Food**  
 This year, everywhere, there is a world of green food, so that, probably most flocks will have an abundance. We want it understood however, that every day they should have plenty of fresh, tender, green food. It is just as important as grains or mash. Just because it is cheap is no sign they don't need it.

**Fresh Water**  
 It seems ridiculous to have to mention the importance of fresh water, still hundreds of flocks suffer each year from a want of it. Indifference and carelessness are with us and always will be, therefore, for a long time to come many flock will continue to suffer due to a lack of fresh, clean water.

**Mash and Grains**  
 As a general rule, it is best to keep both mash and grains before your flock. If they are early hatched pullets, grain should be fed liberally and should consist of at least 50 per cent of the feed they consume. If the flock consists chiefly of late hatched pullets, the mash is of greater importance. The mash should be preferably a good so-called commercial growing mash, or if a home mixed mash is used, at least 15 per cent of the mash must be high grade meat scraps. If possible keep milk to drink before them all the time. We will have more on the feeding of pullets later.

Read The Want Ads.

SHERIFF'S SALE

THE STATE OF TEXAS  
 To the Sheriff or any Constable of Lynn County—Greeting:

You are hereby commanded to summon Seth H. Moore and J. A. Moore by making publication of this citation once in each week for four consecutive weeks previous to the return day thereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in the nearest county where a newspaper is published, to appear at the next regular term of the Justice court of Precinct No. 4, in Lynn county, Texas to be holden at the Justice of the Peace's office in O'Donnell on the first Monday in September, 1927, the same being the 5th day of September, 1927, then and there to answer a petition filed in said court on the 13th day of January, 1927, in a suit numbered on the docket of said court No 85, wherein E. F. Lehman is plaintiff, and Seth H. Moore and J. A. Moore are defendants, said petition alleging that the defendants are indebted to the plaintiff in the sum of \$184.44 for work and labor done by the plaintiff at the special instance and request of the defendants, during the fall of the year 1926. That the plaintiff has attached five tons of cotton seed, more or less, belonging to the defendants and prays for a foreclosure of his attachment lien. Herein fail not, but have you before said court on the first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Witness: C. C. Jones clerk Justice Court, Precinct No. 4, Lynn County, Texas.

Given under my hand and seal of said court in the town of O'Donnell, this 7th day of July A. D. 1927.

C. C. JONES,  
 Justice of the Peace Precinct No. 4, Lynn County, Texas  
 Issued this 7th day of July, A. D. 1927.

SENDER TO THE CONTRARY, NOTWITHSTANDING

"The so-called breakdown of administration of justice is a myth and not a fact," declared Governor Moody in an address before the State Bar Association recently. "I think lawyers should speak out in defense of our courts and take issue with periodicals which are making vicious attacks on our action and on Anglo-Saxon methods of law administration in Texas," he is quoted as stating further. He was supporting the proposed constitutional amendment pertaining to the judiciary.

Governor Moody spoke both bravely and wisely. Of course he recognized the fact that our courts are not perfect and that some reforms in procedure should be made. Nevertheless, our courts are functioning with a fair degree of efficiency, and there has been no breakdown of justice in Texas, as the critics would have us believe. Justice is being administered just as efficiently today, we believe, as ever before in the history of this state.

There are a number of reforms in procedure that we believe should be made, which would have a far reaching effect in saving time and expense and would make possible the dispensing of justice more uniformly and even-handedly than ever before. We have frequently called attention heretofore to some of these needed changes and we expect to do so hereafter, but we have never found it necessary in advocacy of these reforms to condemn and abuse our in an address before the State Bar.

of stuff. That most excellent agricultural journal, The Texas Farm & Ranch, seems to have come under the spell of those who hate our courts and for the past two or three years it has been lending its editorial columns to a vicious effort to discredit them. One E. G. Senter seems to have been the inspiration for most of its unjust and unfair criticism. He has been filling its columns, week after week and month after month, with long articles, criticizing, abusing, chiding, and sometimes misrepresenting the courts. Of course there has been much truth in what he has been saying, but it was so mixed with the error and sophistry that his articles were far more harmful than helpful.

This same E. G. Senter is a member of the State Press Association. Long ago he was a newspaper man. For many years he has been a lawyer. At one time he was a state senator. At all times he has been a fire-brand and a grouch. Recently, at a meeting of the State Press Association at El Paso, being almost the only lawyer in the group, he induced the body to adopt a resolution opposing the proposed constitutional amendment relating to our court system and succeeded in inciting the active opposition of some of the members to the amendment.

Then he went to the State Bar Association, with the avowed intention of inducing that body to take like action. They turned him down by an almost unanimous vote. The State Bar Association, which has been advocating certain reforms in court procedure for years, went on record as favoring the adoption of the proposed judiciary amendment, to the great discomfiture of the eccentric Senter. It was at this meeting that Governor Moody spoke the words quoted at the beginning of this editorial, which must have been construed by the Dallas lawyer as a stinging rebuke of himself and the great agricultural journal whose politics he has dominated the past few years.

This amendment should be adopted. It may not reach the ideal in the construction of a court system for Texas. But it will be an improvement over the present system. Whether it is adopted or not, the courts will continue to mete out justice in a fairly efficient manner. Governor Moody spoke the truth, there has been no breakdown of the administration of justice in Texas.

Randall county some time ago voted bonds with which to pave highway No. 9 and other highways in that county. Hale county has voted bonds for the same purpose. An election is soon to be held in Lubbock county to pave this and other highways through that county, unless the agitators back off. An election in Dawson county is being agitated. We have heard little sentiment in favor of an election in this county yet. But if elections are called and bonds are voted in other counties thru which No. 9 passes there will be agitation for an election in Lynn county. We hope that no election will be called in this county until sentiment fully develops and crystallizes in favor of the bonds. We need paved highways but there are some things we need more. One of these is a period of prosperity, possibly two or three years of prosperity. In the course of time we shall expect to see highway No. 9 paved throughout its length in Texas. We shall also expect to see No. 84 paved across these south plains. But we do not believe that now, when financial conditions are depressing and taxes are already high, is the proper time to undertake a paving program. Let's wait till a vast majority of the people shall have become prosperous again and feel that they can afford the luxury of paved highways.

If anybody can fly across the Atlantic it looks like Byrd ought to. Clean up Tahoka!

SAUCE FOR THE GOOSE A farmer was in the News office Monday complaining that Tahoka does not furnish a market for farm products. He found it almost impossible to sell home grown Irish potatoes, and he had some as fine potatoes as can be grown anywhere. The cafes, he complains, refuse to pay more for infertile eggs than for fertile eggs. He was offered a better price for frying chickens in a neighboring town than in Tahoka, he stated. All these facts conspired to make him a bit "sore" at Tahoka. We do not know whether other farmers are making the same complaint or not, but if his complaints are well founded then it is high time that the business men of Tahoka should "get right." We are not attempting to run their business but we believe that merchants who preach that the farmers should buy at home should practice what they preach and buy home-grown produce in preference to the imported article.

We have all been preaching diversification. We have been begging the farmer to raise something besides cotton. Now, if we refuse to buy his produce after he has raised it and brought it to market, how can we expect him to go very strong on a diversification program? If we refuse to buy his produce and force him to go to Lubbock or elsewhere to sell it, how can we then expect him to come to Tahoka to buy his flour and his clothing? We are not saying that his complaint was a just one, but if so then we people of Tahoka are pursuing a very short-sighted and foolish business policy.

The News would not contend for an instant that all courts are as efficient as they ought to be or that all district judges are as pure as angels. But in our contact with judges, embracing a quarter of a century, we have found very few judges who did not possess a high degree of integrity. Almost without exception they have attempted to be fair and just on the bench at all times. Of course there are exceptions. Occasionally a district judge, and more frequently a county judge, will be found who permits his prejudices to color his rulings. Occasionally one is found who constantly plays politics on the bench. More rarely one is found who is actually corrupt. Such a one deserves the utmost contempt of all good citizens. But as a rule, our judges are men of the highest character and the strictest integrity, and they are functioning today just as efficiently as in any other day. Some are too slow, it is true, others are incompetent, just as there are lawyers and doctors and farmers and business men and editors who are incompetent. But there is nothing in the personnel of our judiciary or in the administration of justice in Texas to justify the tirades against our courts and judges that are being published in some supposedly high-class journals in this state. While deploring the disregard and disrespect for law that seems to have become so widespread, these journals, by their unjust and intemperate attacks are doing more to create disrespect for law and for the courts than all of the alleged inefficiency and corruption on the part of the courts of which they complain. Let's be temperate and fair, brethren.

And still the borers work. Locust trees in all parts of Plainview are being destroyed by this pest. How much better it would be to employ an experienced man to stop the ravages and destruction of this pest than it would be to replant with young trees and await the years to again have the shade that has won for Plainview the name of being the most beautiful little city in West Texas.

It is a serious time in the life of our shade trees. It is a matter now of but a few years when there will not be a living locust tree in Plainview unless something is done to place the locust borer under control now.

To allow a tree to grow from the seedling to maturity, then sit idly by and let an enemy that could be controlled bring an unnatural death is not much different than allowing a dog, cat, horse or cow to go in a like manner. But when the foot and mouth disease or cholera hits our livestock we go to work. To Plainview our shade trees have always been one of the greatest pulling powers for new home seekers and an investment now by the city in the salary of a tree doctor will bring profitable returns if we consider the future-Plainview News.

That man Byrd seems to be quite a bird man. Possibly Henry will name the next model The-Wandering Jew.

The Tahoka Concert Band was called to Sudan Saturday to furnish the music for a big picnic that was staged there. It stopped at Littlefield en route, paraded the streets and gave a concert. A brief concert was also given at Amberst. Thus did the band not only furnish music for the picnickers at Sudan but it gave Tahoka considerable publicity in other places. Our band is going to be quite an asset to the town.

The Lamesa Reporter is advocating a bond issue for the paving of highways 9 and 83 through Dawson county. The Reporter has always been extremely conservative in matters of this kind, but it seems to be anxious to go the "whole hog" on this road improvement business.

Bethel

Everybody is cleaning out their crops since our much needed rain last Wednesday evening. Gardens are looking fine and people are feeling better. Our community was saddened by the death of Mrs. Lizzie Hanes last Thursday morning. Interment was at Tahoka cemetery Thursday afternoon. Our hearts go out in sympathy to the grieving family. We will miss her.

Mr. and Mrs. Jess Meades and son Billie visited Mr. and Mrs. Ray Applin Sunday. Mr. and Mrs. Rob Luttrell visited Mrs. Luttrell's sister who lives near O'Donnell. Mr. Levi and Theodore Nordyke, who are drilling wells at Stanton, are home on a visit.

Brother Shumake filled his regular appointments Sunday. He was accompanied by his children, Lena and John. Miss Fern Lisemby is the guest of Miss Lena Shumake of Post this week. They will attend the Baptist Encampment.

Mr. and Mrs. Ben Loden of Draw spent Sunday at the Osborn home. Our church crop is fine. We have 60 acres of pretty cotton, and it was all cultivated Monday morning. Mr. and Mrs. Bob Applin of McLean have been visiting his brother, Ray Applin and family.

The following and their families, of our community, went to Redwine Sunday afternoon to church: Mr. and Mrs. Godwin, Mr. and Mrs. Coaly, Mr. and Mrs. Frank Lisemby, Mr. and Mrs. George Henry, Mr. Hanes, Mr. and Mrs. Ben Loden of Draw, Mr. and Mrs. Dawkins, and Mrs. Osborn. Our B. Y. P. U. is getting better every day. We have fine attendance and the membership is growing. We have a wide-awake president who is leading us on. Everybody come and enjoy it with us.

Our church has decided to all meet at the church house Sunday morning at 8 o'clock and get on trucks and go to the Post Baptist Encampment. We will carry dinner and have a great time. We have been told Governor Dan Moody will speak Sunday afternoon. —SKEEZIX

CARD OF THANKS We take this method of thanking the people for their kindness during the sudden death of our darling wife and mother. We thank her and all, and especially do we thank Dr. Campbell for his faithful services. When those sad hours come your way may you find the same kindness that was shown us. May God bless all of you. M. L. Hanes and Children.

Uncle Jimmie Fleming has been imparting us to "shoot 'em hard" this week about the weeds. He says he has cleaned up thoroughly around his home and that he is going to go out with his shot-gun till all his neighbors do the same thing. The News can't afford to shoot as hard as Uncle Jimmie is threatening to do, but in order to play safe, and make sure that no casualties result from his hostile activities, we advise you to cut your weeds.

Cisco — Plans have been perfected for the opening of five local projects in Cisco, July 22nd. Completion of state highway No. 23, completion of the bridge over Wilson Dam at Lake Cisco, completion of the \$100,000 swimming pool and bathing beach, the new country club and the \$50,000 state fish hatchery will all be celebrated in one monster celebration. Among the speakers will be Governor Dan Moody and both United States Senators.

Sam Sanford and family returned Thursday from Corpus Christi, where they spent a month by the sea. They also visited at San Antonio and Lockhart. The entire family enjoyed the outing and the visit very much.

9 Years Gas Ruined Her Sleep

stomach trouble 9 years, she made me restless and nervous. Adierka helped so I can eat and sleep good. Mrs. E. Touchette had one spoonful Adierka and that bloated feeling went away and I could eat and sleep well. Both upper and lower bowels and removed old waste matter from my system. No more gas. What you have tried for your stomach and bowels, Adierka will cure you. Thomas Bros Drug Company.

MOTHERS

Think for symptoms of worms in your children. These parasites are the great enemy of child life. If you have a child who is thin, listless, irritable, give the little one a dose of White's Cream Vermifuge. Worms exist where this time-tried and reliable remedy is used. It drives out the worms and restores the rosy hue of the baby's cheeks. Price 35c. Sold by THOMAS BROS. DRUG CO.

TERRIBLE PAIN

Mrs. Cox Quite Well Now And Pleased With Cardui

Mrs. W. L. Cox, 130 Church Street, Chester, Pa. says: "I suffered awfully... I would have a terrible pain at times; I could hardly stand it. I slept badly; my rest was disturbed and I seemed to get little benefit from it. I read about Cardui in the papers and thought it might be a good thing to try, so I began taking it. I was so pleased with the way I improved that I kept on taking it until I felt quite well. Cardui helped me so much and so many people have remarked on my improvement. Cardui has been used and recommended by thousands of other women, for over 45 years. Try it."

miles plus DON'T expect a good average number of miles from a tankful of Summer Conoco Gasoline. Expect more. And you won't be disappointed! Summer Conoco is especially refined to give you mileage—to cut down your cost per trip—to deliver real power under all motoring conditions. So why not use the extra miles that are packed into Summer Conoco Gasoline? Just make sure you are getting it by filling only where you see the Conoco sign—at service stations and garages.

Continental Oil Company logo and advertisement for Conoco Motor Oil, featuring the text 'Packed with extra miles' and 'SUMMER CONOCO MOTOR OIL'.

Announcement is made that the South Plains Fair will be held in Lubbock September 27 to October 1 five days. Plans are being made to make the fair the best in its history. Many Tahoka and Lynn county people always attend the South Plains Fair.

The Exploration Oil Company has spudded in a well in Floyd county near the Hale county line. The same company also spudded in a well thirteen miles west of Plainview on Tuesday.

The Church of Christ is preparing to begin the construction of a new church in Plainview on August 1. It will be constructed of brick and interlocking tile.

Immense deposits of potash are said to have been found in a test oil well being drilled seven miles south of Stanton. Other deposits have been found in wells being drilled in Howard county.

Slaton's paving program is to be finished this week. The city will have 35 blocks paved with brick, twenty blocks of which are in the business district.

An old settler's reunion is to be held in Big Spring on July 29.

Work on the new Scarbauer Hotel was begun at Midland Monday.

Miss Mattie Will Seroyer is visiting relatives and friends in Cleburne.

Cloudercraft — The West Texas Chamber of Commerce district convention recently held in Cloudercraft decided upon Carlsbad, N. M., for the next meeting place of that district, same to be held in the large room of the Carlsbad cave.

Ballinger — Work on the construction of a gas distribution system for Ballinger was started recently, and it is expected that the town will have gas by the first of September.

Mrs. P. S. McLarty of Seymour arrived Friday afternoon to spend several weeks here with her sister, Mrs. I. P. Metcalf.

Just a little premium for baby with every loaf of Honey Toast Bread

RALLS MAKING GREAT PROGRESS, NELSON SAYS

The News this week received a communication from Prof. G. H. Nelson, who recently removed from Tahoka to Ralls to become secretary of the chamber of commerce at that place. Mr. Nelson has many words of praise for Tahoka and for The Lynn County News, all of which we appreciate. He did a good work here, first as superintendent of the Tahoka schools and later as secretary of the Tahoka chamber of commerce. Tahoka and Lynn county will welcome him and his good family back any time they decide to come.

Mr. Nelson also has a good word for the town to which he has removed. They seem to be a progressive bunch over there. We quote this paragraph from his letter: "We have a man who is already putting the machinery on the ground for a compressor. Last year Ralls shipped 31,700 bales of cotton. An election has been called to vote bonds for the paving of our streets. A franchise has been granted and a contract signed to pipe natural gas to Ralls not later than next May 1st. A complete sewer system has just been completed and accepted by the city. Crops look good. So, if anybody else wants to move to a good town, tell them to move to Ralls."

SIX \$1,000,000,000 FORTUNES WAIT TAKERS SCIENTIST SAYS

Six fortunes of one billion dollars each are ready and waiting for somebody to take them, says Dr. Henry Smith Williams, president of the Science Association in the American Magazine, published recently. Dr. Williams is the author of more than 50 scientific works and college textbooks.

None of the fields wherein these fortunes lie is impossible or even improbable of access, Dr. Williams declares in his non-Technical summing-up of approaching scientific achievements. The six fortunes lie in the following briefly stated accomplishments.

Conversion of hydrogen into helium thus gaining heat and power that would throw coal and oil into the discard.

Combining ordinary atoms all of which are now known, and contained in a tumbler of water, into all kinds of synthetic foods.

Harnessing the tides successfully through the development of other principles than those now partially successful.

Transmission of heat in one direction, probably through the discovery of the relation between electric currents and heat transmission, thus giving intense heat or absolute frigidty at will.

Perfection of the present highly possible theories for the manufacture of gold from material such as mercury. This is already believed to be successful development of the study of separating and regrouping atoms.

Reaching and putting to use the in exhaustible heat beneath the earth's crust, which for ages has manifestly been accessible by volcanoes and hot springs.

"Why have all these opportunities been so long neglected?" asks Dr. Williams, and answers that "Old Mother Necessity has not been at hand."

C. B. Keltner, who returned last week from Ada, Oklahoma, where he spent the past two or three months, tells a very interesting story about the unexpected bringing in of a big oil well near that city while he was there. Mr. Keltner says that the production in the Seminole field is something marvelous, and he does not think there will be much development in wildcat territory until production in Oklahoma falls off.

There is none better than Honey Toast. Try one loaf and you'll call for it next time. adv

Dr. and Mrs. J. R. Singleton returned Tuesday afternoon from Jefferson, where they spent two weeks visiting relatives. The Doctor says the old town is growing again, Jefferson was an important Texas city in an early day.

Amherst is preparing to celebrate her fourth anniversary on July 29-30. Carnival attractions, ball games, horse races, foot races, goat roping, rodeo, dancing, and speaking will be among the attractions of the day. The Tahoka Concert Band has been engaged to furnish the music for the occasion.

Figgly Wiggly has it at the price that fits the times. 47-17c

Rapid progress is reported on the paving program under way at Midland.

Making Preparation For Encampment

Canyon, July 19—Preparations are being made for the annual encampment of the Panhandle Baptists which will take place in Cita Canyon, 20 miles southeast of Canyon, August 15-21.

An especially strong program has been arranged for the meeting with Dr. Millard A. Jenkins, pastor of the First Baptist Church of Abilene as one of the main speakers. The problems of Sunday school work, of the B. Y. P. U. sections, and of the Women's Missionary Union will be given detailed study during the week.

The Panhandle Baptists own one of the most picturesque sites along the Palo Duro Canyon. A large number of individuals and churches have erected cottages and hundreds of others camp on the grounds during the annual meeting.

The place is used as a recreation ground during every month of the year. It is so located that even in coldest weather parties can picnic and camp in comfort.

The Baptist Encampment grounds are of particular interest to students of nature study, because of the many varieties of birds and flowers to be found there.

Much Money Is Loaned By Company

Mr. B. F. Rogers, Secretary-Treasurer of the Tahoka National Farm Loan Association, was in the office this week talking about Federal land bank loans. He tells us that the local association has loaned more than \$430,000.00 to more than 200 farmers in this territory. Illustrating the type of service that his associations is rendering, he mentioned a loan made recently to a farmer in the South Ward community who had been paying 8 per cent interest on a \$21,000 loan, to a mortgage company which is organized for profit only and does not return any of the earnings of its company to its borrowers. His association is now saving him \$630 per annum by charging him only 5 per cent interest. A loan in the national farm loan association does not require renewal. It is amortized over a long period of time so that it can be paid from crop returns. Total payments on loans made at this time are \$30 each six months for each \$1,000 borrowed. The borrower, however, has the right to pay it off at any semi-annual payment date after five years without bonus or expense charge.

The officers of the local association are: W. D. Nevels, President; A. R. McGonagill, Vice-President; B. F. Rogers, Secretary-Treasurer; and W. D. Nevels, A. R. McGonagill, I. M. Draper, J. S. Wells and W. B. Edwards, Directors.

The association has \$20,120.00 capital stock owned by the borrowing members. All dividends paid on the stock go to the farmers-borrowers. This is the farmer's answer to those who said he could not successfully organize to obtain the benefits of cooperative credit.

REV. SHEPHERD RETURNS FROM DALLAS SANITARIUM

Rev. B. N. Shepherd, who has been under treatment at the Baylor Hospital in Dallas the past few weeks, returned home Wednesday afternoon, accompanied by Mrs. Shepherd and Gertrude.

Brother Shepherd first underwent an operation for appendicitis, then had to have some teeth extracted and his tonsils removed. He came back feeling very much better, and his friends are hoping that he will have perfect health hereafter.

NO PREACHING AT BAPTIST CHURCH SUNDAY

On account of the Encampment at Post, there will be no preaching services at the Baptist Church here next Sunday morning. There will be Sunday School for those who can not or do not go to Post.

Governor Dan Moody will speak at Post at 3:30 Sunday afternoon.

Uncle Ike Metcalf favored the News with a half dozen fine Maribus Washington peaches Saturday. Uncle Ike says that he has only a few on his trees this year but they are large luscious fellows. We hope his trees may be hanging full next year. The freeze got 'em this year.

Rev. R. E. Host of Plainview, pastor at New Home, was here Tuesday morning on his way to the Baptist Encampment at Post.

Call for Honey Toast bread and get a little premium for the kiddie. adv

LUBBOCK SANITARIUM NOTES

(From Lubbock Sanitarium News) Miss Leola Burdette of O'Donnell was operated on for appendicitis last Sunday and is doing well. Graham George of Tahoka had a tonsil operation this week.

Miss Augusta Barber of Wilson who has been in the sanitarium several days, returned home Wednesday.

Mrs. J. D. Mathis of Tahoka is in the sanitarium this week for treatment.

Mrs. A. W. Early of O'Donnell who was brought to the sanitarium in a very weakened condition, is improving since her operation.

E. A. Hendricks of Plainview, the

principal stockholder in the States Telephone Company which operates in Tahoka and other south plains towns, has purchased the line of the Miami Telephone Company. The plant will be rebuilt and modernized, according to the Miami Chief.

Burnett No. 2 of the Gulf Petroleum Company at Borger, the oldest oil well in the Panhandle, is still producing, making 45 barrels on the pump. It is 3,962 feet deep.

Oil has been struck in a well in Reagan county at a depth of 6,270 feet. The hole was deepened to 6,365 feet. It is believed to be the deepest oil well in Texas.

E. A. Warren, editor of the Post Dispatch, and Knox Parr, county agent of Garza county, were callers at the News office Friday afternoon. They were members of a party of Rotarians, who were on their way to Brownfield to participate in an inter-city meeting of that organization. Mr. Warren is publishing a good weekly paper over at Post and Mr. Parr is making good as county farm agent.

Supt. M. L. H. Base and J. Anson Coughran went down to Abilene Wednesday afternoon to be gone a day or two on business.

**ONE IN TEN**  
Neglecting a little wound, cut or abrasion of the flesh may in nine cases out of ten cause no great suffering or inconvenience, but if it is the one case in ten that causes blood poisoning, lockjaw or a chronic festering sore. The cheapest, safest and best course is to disinfect the wound with Liquid Boraxone and apply the Boraxone Powder to complete the healing process. Price (Retail) 30c, 60c and \$1.25. Powder 25c and 50c. Sold by THOMAS BROS. DRUG CO.

## ANNOUNCEMENT

We are open and doing business in the niftiest little filling station in town. We invite you to drop by and see us. Try Pennant gas and oils and you will come back.

# Pierce Filling Station

Ben T. Brown, Manger

## T-Bar

We seem to be needing rain just now in our immediate neighborhood, especially north and west of T-Bar, but in a half mile north of the school house and on east and south there has been plenty of rain for the present. Some hail fell but no damage was done.

Corn is looking fine. Some have roasting ears, while some is a little later.

Jim Smith was in our midst Sunday, returning from Berger Saturday.

Several of the Three Lakes young people were over Sunday.

Miss Mabel Crews gave a birthday dinner Sunday, and such a lovely cake! Quite a number of her friends were present: Misses Lucille Townsend, Jewel Johnson, Mae Cunningham, Willie Mae McMillan, and little Mary Helen Henderson and Ouida Johnson, and Messrs. Doyle Beasley, Nual McKee, Boyd-Helm, Martin Carson, and Louis Henderson, Mr. and Mrs. J. M. Johnson, and the hostess and family. In the afternoon cream was enjoyed by the young people—a very pleasant occasion. Miss Mabel received a beautiful birthday ring and made a delightful hostess. We all wished her many more happy birthdays.

Rev. Henderson of O'Donnell filled his appointment Sunday at 11 A. M. and at 8 P. M.

A number of our young people went on a picnic and to take Raymond Moore back to his work six miles south of O'Donnell Sunday. They report a jolly, good time.

Mr. and Mrs. M. A. Dorman went to Dixie Saturday to visit their daughter, Mrs. Ruth Benson and family, returning Sunday eve.

The county demonstration representatives will leave Saturday, July 23, for the A. & M. College Station and will return the 31st inst. There will be three representatives from our club this year, one from the ladies club and two from the girls' club. The girls have done fairly well but could have done better and all want to never drop out of the club work.

Most of the crops are fairly clean and everybody is busy killing weeds. Louis Henderson came in Friday for a visit with relatives and friends.

Mr. Carl Alexander of Littlefield was visiting in our community Saturday night and Sunday. He says he got halloed out one night last week.

Miss Jamie McCarley will be a visitor with the club representatives to the A. & M. Saturday.

A protracted meeting will begin here on Saturday night before the third Sunday in August by Rev. Henderson and another preacher.

Mrs. Minnie McMillan, who underwent an operation at Elwood Hospital recently, is very much improved at this time.

Mr. and Mrs. T. M. Ward entertained the young people Saturday night with a party.

Mrs. Donaldson entertained Sunday night with a singing.

Some of the young people made a flying trip to O'Donnell Sunday eve. Mr. Nual McKee was with us Sunday.

Mr. and Mrs. Slaughter, who recently lived at O'Donnell, have moved on their farm four miles southeast of the T-Bar school house. —A. CORR.

## Redwine

The health of the community is very good, as far as we are able to learn.

Yes, yes, we got a rain last week, —so much that some of the farmers are busy planting over this week the crops that were washed away and covered up last week.

Mr. and Mrs. E. W. Holloway and Jim Holloway made a business trip to Abilene Monday.

Mrs. M. L. Henry and the Misses Hunt and Mildred Holloway visited in the home of Mr. and Mrs. Tom Smith Sunday.

Mr. and Mrs. E. H. Cunningham visited Mr. and Mrs. E. W. Holloway Sunday.

Several of Mr. Traweck's kin people from Slaton visited him Sunday.

Miss Hythen Tunnell visited the Misses Traweck Sunday.

Rev. Shumake of Post preached at this place Sunday eve.

A number of the Bethel folks attended church here Sunday eve. Welcome. Come again.

Don't have much news to write this time.

### OLD GOSSIP

Rev. Marcellus Watkins of Lubbock filled the Baptist pulpit here Sunday morning and evening, preaching two very excellent sermons.

## GEO. FIELD IS AGAIN HIGHWAY SUPERVISOR

(Continued from First Page)

13, 1927, following a shake-up in department which ordered him away from Lubbock. He was assigned to another position in the department which would have necessitated his moving from this city.

Following his resignation as engineer he was offered the position of city manager here and accepted, but resigned before going into office April 15, stating that he would continue in the engineering profession. He accepted a position with Nagle, Witt, Rollins, and Gilchrist, general and consulting engineers of Dallas. He has been in Wichita Falls for the past several weeks.

Friends have known of his re-appointment for several days following Major Hemphill's resignation, but no official notice had been received and Mr. Field refused to give out any information regarding the change.

Major Hemphill gave no reason for his resignation and has been gone from Lubbock for several days. Mr. Field's appointment took effect yesterday, the department noted. Mr. Hemphill came to Lubbock from the Big Springs division.

Mr. Field came to Lubbock in March, 1925, as division engineer and at once launched a campaign which soon placed the highways of the county in good condition. His work was very satisfactory during the two years which he was engineer and his efficiency and service was lauded by both citizens and the state department. When it became known that he was resigning because of the change in policy of the department, the state department at Austin was flooded with letters, telegrams and personal visits from citizens and commissioners throughout the eighteen counties of the division protesting the action of the department in sending him away from this district.

Mr. Field has maintained his home here since resigning and Mrs. Field has remained here.—Lubbock Daily Avalanche.

## PLAN NEW COURSES FOR PUBLIC SCHOOL

(Continued from First Page)

been given credit by the State Department of Education for the work being done in Public Speaking. This course was taught by Mr. Base and was given for the first time last year. The Tahoka School now has 22 1-2 credits. Biology and possibly Latin will be added this year. With one of the best new high school buildings of its size in Texas and with one of the best faculties, we believe, to be found in any town the size of Tahoka, it is the intention of the faculty and the board of trustees to make the Tahoka schools the peer of any on the plains in efficiency and thoroughness.

## WINNERS NAMED IN COUNTY CLUB CONTEST

(Continued from First Page)

L. Ruth Crews, T-Bar. 2. Nola Parks, Draw; 3. Myrtle Hammonds, Edith. All Around Garden Club Members: 1. Martha Cook, Draw; 2. Jewel Sewell, Draw; 3. Myrl Sherrill, Draw.

Judges for the Girls' County Contest this year were: Mrs. C. H. Cain, Mrs. W. T. Clinton and Mrs. W. S. Swan. On behalf of the Club girls I wish to thank each of the judges for their faithful work.

The T-Bar Club is sending three of its members to the Short Course, the Club paying the expenses of two. Edith Club is sending one girl. Draw Club is sending two girls. Draw Club has been represented at A. & M. ever since the Club work has been in the county, and is the only club that has ever had representatives at the Girls' Encampment at the State Fair.

It is hoped that the clubs not sending representatives to the Short Course will work hard and be ready to send members to the Fair this year.

## Attention Poultry Raisers

Z-I-P

PARASITE REMOVER

Used in the drinking water, ridges poultry of blue bugs, lice, fleas and all other insects.—Sold and guaranteed by Thomas Bros. Drug Co.

## H. L. GRACE

Lawyer  
Office Thomas Drug Bldg  
Tahoka, Texas

Yours sincerely,  
MILIE M. HALSEY, C. H. D. A.

J. F. Williams living ten miles east of Tahoka favored the News force with an armful of roasting ears Saturday. The editor and family can testify that they were fine. Mr. Williams says that he has 20 acres of good corn, from which these samples were taken. He also has 75 acres of cotton which at that time was knee high and is probably as good as can be found in Lynn county. He also has 25 acres of late cotton. Prospects for a crop are very rosy and there is no wolf prowling around this good farmer's back door.

When ordering bread don't fail to call for Honey Toast. It is delicious.

P. E. Root, state fire inspector, was an official visitor in Tahoka Thursday. Among other buildings he inspected the new high school building and pronounced it a splendid structure.
