GAS FRANCHISE IS BEFORE CITY BIG ROAD MEETING IS SET FOR TODAY

MAN TO PAVE HIGHWAY NO. 9

13 Towns Are Expected Meeting At The City Tabernacle

One of the most important highway meetings to be held in Tahoka today. Representatives from at least thirteen cities between Amarillo and San Angelo are expected. The meeting will possibly be seventy-five visitors here, all thinking and planning about the paving of Highway No. 9.

The visitors will be entertained at the Kiwanis Club at the dining room of the City Tabernacle, where luncheon will be served by the ladies and a short program will be rendered.

At 1 o'clock or soon thereafter, it is planned for the visitors, home and everybody to assemble in the City Tabernacle, where several speakers from the ranks of the visitors are expected to entertain, instruct, and enlighten those present.

Reference to the importance of Highway No. 9 and plans for accomplishing this end.

The Tahoka Concert Band will furnish music for the occasion. The houses of the town are to be open for an hour or more and business men and many farmers are expected to attend the meeting and hear the discussions.

Highway No. 9 is already a great highway. It is destined to become one of the most important in all the country. It is important locally because it traverses the heart of the country from north to south and connects Amarillo and the oil fields of the north Panhandle with San Angelo and the Gulf Coast country.

From San Antonio it extends southward, connecting with No. 12, which extends to Brownsville on the one end and Laredo on the other, whence there is to be a great national highway through the heart of Mexico into Mexico City.

From Amarillo, it extends northwestward to Denver and on to Glacier Park, Montana, and connects with other highways leading directly into Canada. It also intercepts a number of transcontinental highways extending east and west across the country, such as the Bankhead and the Lee in Texas and a number of others further north.

In fact it provides a direct and wonderful thoroughfare from the matchless scenic wonders of the Northwest to the historic and interesting city of San Antonio and the magic Rio Grande Valley country. When paved it will be one of the really popular highways of the country.

Tahoka welcomes the forward-looking and progressive citizens of the country and cities which lie along this highway into her confines today to discuss the proposition to ultimately pave this thoroughfare throughout the course in Texas.

Highway Meeting Held At Eden

SAN ANGELO, Aug. 6.—The State Highway No. 9 Association was organized at Eden this week with J. T. Mathison of San Angelo president. It was organized at a meeting of representatives from along the highway from Big Bend to San Antonio. About 50 were present. The meeting was presided over by Claude C. Wild, manager of the Anglo Board of City Development. Other officers include Mr. J. B. Brady, vice president, and

Methodist Revival To Begin Sunday

The revival meeting will begin Sunday morning, August 14 at the Methodist Church, night service and all succeeding services at the city Tabernacle. Unfortunately there are just ten days open for this meeting, other meetings taking up all available time.

Mr. J. Vernon Eagan of Littlefield will assist in the meeting, while the pastor will do the preaching. The people of the community are cordially invited to participate in all the benefits of the meeting. United efforts bring best results.

The officials of this church have arranged to hold a meeting the last week of July and August, 1928.

WILL DEVELOP SILICA BEDS

J. B. Nance Leases Land South of Town To Dallas Lawyer And Capitalist

J. B. Nance this week sold to E. P. House of Dallas all the silica, pumice stone, and volcanic ash rights on his 480-acre tract of land lying six miles south of Tahoka, for a cash consideration and for 25 cents per ton for all the silica that may be mined on the tract after one year from date.

Mr. House is a prominent lawyer and it is understood that he represents other interests in the deal. He represents that it is the intention of himself and associates to begin development and mining of the property at an early date, according to Mr. Nance, and in the course of time a great many men will be employed at the plant which will be established on the land. Parties who have investigated represent that vast beds of silica underlie this tract of land, possibly a million tons or more. Mr. Nance is himself very uncertain as to the magnitude of the enterprise and the volume of the business which will be developed, but he has been told that a large plant would be required and that this enterprise will develop into the biggest thing that has ever come to Tahoka. Just how much it will amount to commercially only time will tell, but silica has many uses and is a valuable commercial commodity.

The development of this industry will be watched with a great deal of interest by the people of Tahoka.

Tennessee Men Like Lynn County

W. H. Green and son Curtis of Chattanooga, Tenn., were here Monday looking after property interests. Mr. Green owns a section of land in the Midway community and is greatly interested in the development of this country. He was much pleased with the crop prospects in Lynn county. These gentlemen drove through from Chattanooga in their car, leaving their home Wednesday morning and arriving here Monday morning, stopping at Dallas for almost a day and at other places en route for a shorter period. These gentlemen are great boosters for their home city, Chattanooga. They say it is growing very rapidly now. They are also greatly interested in the south plains of Texas and keep informed as to conditions here by reading the Lynn County News.

Uncle Will Brown has gone over the grounds in the City Park, killing the weeds and removing the trash. He states that he expects to plant the grounds in turnip seed within a few days and thus raise some turnips for the people of Tahoka while the process of beautifying the park goes on.

KIWANIS CLUB AT NEW HOME

Business Men And Band Well Entertained By Community Northwest of Tahoka

The Kiwanis Club had its first meeting for the season with the rural communities at New Home Friday night. The Women's and Girls' Clubs of that community served a luncheon, and the long tables were literally loaded down with good things to eat. Quite a crowd of men, women and young people of that community assembled to greet their friends, the visitors from Tahoka, and to enjoy the feast and the program.

The affair was held at the splendid school building of the New Home district, the tables being arranged and the program rendered on the campus. Each member of the Kiwanis Club had a resident of the community as his guest at the luncheon.

The invocation was pronounced by Rev. B. N. Shepherd, and after the hungry Kiwanians had feasted for ever so long, while the Tahoka Concert Band was playing a number of splendid selections, the program proper began. Superintendent Baze led in the singing of a couple of Kiwanis songs, one of which was that immortal gem, McDonald's Farm, after which President Happy Smith, acting as toastmaster, announced that Mrs. R. H. Bates desired to make a few remarks. She delivered a most excellent welcome address, taking occasion to praise the work of Miss Millie M. Halsey, county home demonstration agent, and to thank Elton George, the local commissioner, for consistently supporting her in the work.

Rev. R. T. Breedlove, affectionately known as Ike, responded in his usually happy manner, taking a few sideswipes at his fellow Kiwanians to the great delight of all the others. Miss Addie Jane Hancock rendered a vocal solo, with piano accompaniment by Mrs. Henry Heck, which

(Continued on Last Page)

Hail Damages New Home Crop

A terrific hailstorm almost completely destroyed crops covering a territory of considerable extent around New Home Monday afternoon. Possibly forty or fifty sections were affected. The stricken area on the south extended almost to Dixie and on the north beyond Slide. Much of this territory was embraced in the territory visited by a destructive hailstorm early in July. Much cotton was destroyed then and much other cotton was so badly damaged and retarded in its growth that the yield would necessarily have been light. The storm Monday seems to have finished the job, many of the crops being completely destroyed. It is not thought that either the cotton or the young feed can now "come out" and make anything. Some of the land may yet be planted to sorghum and other quickly maturing crops. A heavy rain accompanied the hail.

Considerable hail also fell in Tahoka, gardens being badly damaged but not destroyed. The rainfall here amounted to .61 of an inch. A light rain covered much of the territory north of town and will help the crops where the hail did not destroy them.

Mrs. J. L. Harris of Dallas is here visiting her daughter, Mrs. C. A. Thomas.

Mrs. McCarty of Dallas has been visiting her niece, Mrs. A. I. Thomas.

SCHOOL OPENS SEPTEMBER 5

Local Teachers To Attend Lynn Co. Institute; Pres. J. A. Hill To Be Here

At a meeting of the board of trustees Monday, it was decided to change the date of the opening of the Tahoka Public schools from the second Monday to the first Monday in September, which will be September 5.

This change was made after it was decided that the teachers of the Tahoka school would attend the county institute to be held here about the latter part of October instead of the Lubbock institute to be held in the Tech building the first week in September.

A new law governing county institutes was enacted by the last legislature, providing that a county institute of two days shall be held by the county superintendent just preceding the opening of a majority of the schools of the county, and providing further that independent districts having more than 500 scholars could organize and hold their own institutes if the board of trustees and the county board of trustees should so order. Acting under this law, the county board of trustees and the county superintendent have set the time for the county institute at October 27-28. Tahoka is the only school in the county having more than 500 scholars, and it was deemed best by the local board of trustees and Supt. Baze for our teachers to join with the other teachers of Lynn county in a county institute. There are more than a hundred teachers in Lynn county, and it is thought that a splendid institute of two days can be conducted here. It is said that the teachers of Borden county will probably join with the teachers of Lynn county in this institute.

County superintendent H. P. Caviness announces that Pres. J. A. Hill of the West Texas State Teachers College at Canyon has accepted an invitation to address the Lynn county institute. He is expected to be here both days of the institute.

City To Lay Pipe Line To Railroad

The City of Tahoka is preparing to lay a pipe line from the Santa Fe tracks to its power and light plant through which to convey fuel oil used by the City in operating its public utilities. This will effect a considerable saving in drayage charges, it is said. Work is expected to begin at an early date.

THE NEW HIGHWAY

(An Editorial)

One of the most important highway meetings before the Panhandle in years will be held in Tahoka this week, when plans will be discussed for paving a direct route from Amarillo to San Angelo. The road would be joined on the north at Liberal, Kansas, by a national highway running down from Canada, and would be extended south to Mexico. Observers are almost unanimous in their conclusions that the next few years will witness unparalleled development in Old Mexico, and a national highway leading to the Rio Grande would become one of the most important routes in America. The success of planes for the road to San Angelo will depend very largely on Amarillo's attitude, but the co-operation of all points is, of course, necessary.—Amarillo News.

Mr. and Mrs. J. B. Cumble of Ft. Worth are here this week visiting their parents, Mr. and Mrs. Monte Bowron.

Paralysis Claims New Home Man

Mr. Miller of Rotan, who was visiting his daughter, Mrs. S. H. Gryder at New Home, was stricken with paralysis Monday afternoon and died Monday night. The stroke came while he was at the home of P. W. Goad, having gone to the Goad home to take supper before going to church.

Mr. Miller was 67 years of age and was an honored citizen of his county. This was the first stroke of paralysis he had suffered. The remains were shipped back to Rotan for burial. The friends of the family greatly deplore his sudden and unexpected death.

CITY PLANS TO REBUILD LINES

Poles Arrive For Improvements To City Light Lines; To Install Voltage Regulator

Poles ordered some time ago by the City with which to rebuild its electric lines in the city have arrived and the work of taking down many of the old poles and substituting new ones will begin at once. A voltage regulator has also been ordered and it is expected at an early date. After being installed it will be possible to keep a steady current of electricity over the wires, which is impossible without it. Considerable difficulty resulting from an unsteady current has been experienced by users of electricity in Tahoka. This trouble is expected to be eliminated entirely by the voltage regulator.

BOWRON REPORTS ROYAL TREATMENT AT AMHERST

The News failed to give any report last week of the Tahoka Concert Band's trip to Amherst. The band was engaged to play for the two days picnic and barbecue held there in honor of the fourth anniversary of the town, and Mr. Bowron declares that he was never more royally treated anywhere than he and the band were treated by the people of Amherst. Great crowds were there celebrating and they all seemed to appreciate the work of the our band. Tahoka's band is becoming quite an advertising asset for the city.

Teacher Of English Elected For School

Miss Irene Armes of Slaton was elected teacher of English in the Tahoka High School for the ensuing school year at a meeting of the board of trustees held Monday afternoon.

Miss Armes holds an A. B. degree from Simmons University and has done post-graduate work on her M. A. degree in the University of Texas and the University of California, having spent two summers in the latter institution. Miss Armes has had six years experience as a teacher, three in the grades and three years as teacher of English in the high school. After the close of the fall term at the University of Texas last year, she accepted a temporary position in the Slaton schools for the remainder of the year. She has been re-elected at every place she has taught and comes highly recommended.

Lige Waldrep and family of Pottsville, Hamilton county, left Sunday for their home after a week's visit here with Mr. and Mrs. R. H. Turner. Mr. Waldrep is a brother of Mrs. Turner's.

LINE INCLUDES SEVERAL TOWNS

Lamesa And Midland Grant Franchise; Tahoka Council To Meet Monday Night

An application for a franchise has been filed with the city secretary by the West Texas Gas Co., a subsidiary of the Prairie Oil and Gas Co. to build its lines into the city of Tahoka and furnish natural gas to its citizens. The rate specified in the franchise is 67 1/2 cents, the same rate that will be in force in all other cities and towns on this line from Canyon south.

This is the same company that is now building its line into Lubbock and Slaton. The line extends south from Amarillo through Canyon, Tullia, Plainview, Lubbock and other small towns in the intervening territory, with branch lines to Lockney, Floydada, Crosbyton, and other towns on the eastern plains. It will extend southward from Lubbock to Tahoka, O'Donnell, Lamesa, Stanton, and Midland. A branch line will also be built into Wilson, it is said. It is the ultimate purpose of the company, we understand, to extend the Slaton line on to Post, Snyder, Colorado, and thence westward to a connection with the Tahoka-Lamesa-Midland branch, forming a circuit of this line. It is said that the southern extension will pass about two miles west of Tahoka, being tapped just west of the city for the Tahoka service. The southern extension will be constructed of ten-inch piping.

The franchise requested of this City by the company provides that the construction of this line into the city shall begin not later than March 1, 1928, shall be completed not later than November 1, and that the gas shall be turned on not later than December 1. One of the provisions of the franchise, according to Mayor J. R. Singleton, is that all bills shall be paid on or before the 10th of each month, otherwise a penalty of one ninth of the amount due shall attach and a disconnecting fee of \$1.50 will be charged. An initial meter deposit of \$10.00 will also be required.

A franchise for the proposed southern extension has already been granted by Lamesa and Midland. Every town approached thus far has granted the franchise promptly, each one considering the bringing of natural gas as a great boon to the town. The application for a franchise in Tahoka will be acted on by the city council at its next regular meeting, it is understood, which will be on August 15. The franchise will doubtless be granted promptly by the city council when it meets to consider the matter.

Possibly many of our citizens will want to know about rates in other cities and the probable cost of gas if the franchise should be granted and the system installed. The last issue of the Miami Chief furnishes

(Continued on back page)

Santa Fe May Extend Plains Line

Six tracks, each of 70-car capacity now being built by the Santa Fe railroad in San Angelo, will double the yard trackage of the system in San Angelo. The construction will cost in the neighborhood of \$35,000 and will be completed within the next six weeks. It is believed the system has in mind ultimately to connect the San Angelo line with the Plains at Lamesa, giving this section an outlet to the Plains.—San Angelo Standard.

Henderson Family Are Believers In Diversification

Much has been said during the past two or three years about diversification and farmers who diversify. Lynn county has many diversified farmers, but Mr. and Mrs. H. J. Henderson and son, Frank Henderson, together with other members of the family stand near the head of the list in the matter of diversification.

One of the New's men recently had opportunity to visit the Henderson farm, which is about 15 miles south-east of Tahoka and a mile and a half northeast of Redwine school. The visit was an eye-opener to the writer and would have been to any person who has been censuring farmers for not raising their living at home.

Mr. Henderson and his family and one Mexican renter work 600 acres of their farm consisting of about 750 acres. But, unlike many other of our farmers, the Hendersons are not trying to get rich raising cotton. Almost their entire place is planted to feed and garden products with a very small acreage, comparatively, in cotton. In fact, if the writer remembers correctly, they have 500 acres in feed and garden stuff.

The principle products raised on the farm include maize, hygeria, sudan grass, corn, cotton beans, peas, watermelons etc., and in addition there is a large orchard.

What do they do with all of that feed, one may wonder. Most of it is fed to hogs, cows, chickens, turkeys, and the work horses, while some is sold. The Hendersons are lovers of fine livestock and are making an excellent living raising them.

Thirty-five or forty thoroughbred Jersey cows are kept either at the home or on a one-section on pasture near the edge of the breaks that they have under lease. Six cows are now being milked by the family and each cow gives anywhere from three to six gallons of milk per day. Milk is drunk at the table, milk is fed to the hogs, and milk is sold on the market. Occasionally a fine

CHILDREN'S FATAL DISEASES
Worms and parasites in the intestines of children undermine health and so weaken their vitality that they are unable to resist the diseases so fatal to child life. The safe course is to give a few doses of White's Cream Vermifuge. It destroys and expels the worms without the slightest injury to the health or activity of the child. Price 35c. Sold by

THOMAS BROS. DRUG

BAD SPELLS

Of Backache and Weakness Helped by Cardui.

Because she wants other women to know about Cardui, Mrs. Ina Mae Jimright, Route No. 2, Troy, Ala., says this: "Mostly, I was afflicted with bad spells of backache. At times I felt as if my back would break. I would drag one foot after another, in a helpless sort of a way, and once I got down in bed."

"My husband told me about Cardui and got me a bottle. I soon found out what a fine medicine it was. Ever since my first experience with it, I have continued taking it for womanly troubles and, after a few bottles, I have always been well."

Get a bottle, today, at your drug store.

CARDUI
A Vegetable Tonic

young heifer is sold at a handsome price, and during the winter the steer calves make fine eating or bring a fair price on the market.

Two hog pastures are filled with 75 pigs and hogs and are being fattened for the market and for food for the family this fall and winter.

The Hendersons are also lovers of excellent horses and mules and have thirty-five head. Those not needed for working are carried to another section of grass near the breaks when not in use. All of them are kept in the best of condition.

They had hard luck with their chickens this year, several hundred having been stolen last spring when thieves made raids in that neighborhood, but the family does not want for eggs and fried chickens, in spite of this fact. They also find that turkeys are good money-makers and have a nice little flock.

Hendersons believe in raising something that they can eat or in raising something that can be fed something else that can be eaten. The low price of cotton, the infestation of worms, or an early freeze will not ruin that family. With chickens, hogs, cows, canned vegetables, meats and fruits this winter will find their pantry filled to capacity.

Mr. Henderson deserves a place among the so-called "master farmers" of Texas.

Loulynn Briefs

A protracted meeting is in full progress at West Point. Bro. Isabell is conducting the services. Everyone is invited to come and help during this revival. A large crowd attended the Sunday morning service.

A large crowd attended the singing in the home of Mr. and Mrs. C. T. Tankersley Sunday afternoon.

Mr. and Mrs. John M. Blackburn and son, Fred, daughter, Mrs. Joe Montgomery, and grandson, Billie Montgomery, all of Okustee, Oklahoma, have been the guests of their son and daughter, Mr. and Mrs. James Blackburn for the past week.

Mr. and Mrs. Robert Noble were Tahoka visitors Saturday afternoon.

Mr. and Mrs. James Blackburn, Mr. Joe Montgomery, and Fred Blackburn motored to Brownfield Sunday.

Mr. and Mrs. C. T. Tankersley, and daughters, Nola B. and Pansy and Mr. and Mrs. Otto Williamson and little daughter, Justine, were Tahoka visitors Saturday afternoon.

Mr. and Mrs. Robert Noble have as their guest this week the latter's grandmother, Mrs. Cooper of Tulsa.

Weldon Noble, who has been visiting his grandparents, Mr. and Mrs. Wood, of Tahoka, for the past two weeks has returned to his home.

Mrs. Nelson of Amarillo is visiting her brother, Mr. Bill Thomas, and sister, Mrs. Brantly, of this community.

Mr. and Mrs. R. W. Wade and daughters, Lucille, Pauline, Dorothy Dean, and Mrs. J. H. Childress, who have been guests of their daughter and sister, Mrs. James M. Blackburn, returned to their home in Altus, Oklahoma, Saturday.

FOOD SALE BY HI-LEAGUERS

Through the courtesy of Mr. Boulhion, the Methodist Epworth H. League will hold a food sale in his store Saturday, August 13th, beginning at 1:30 o'clock. Cakes, pies, and candies will be offered and your patronage is earnestly solicited. Advance orders may be telephoned to 182, and will receive prompt and careful attention.

Call for Honey Toast bread and get a little premium for the kiddie.

Three Lakes

A light shower visited our community Monday evening. The crops do not need a hard rain. The light showers will be enough to finish making the crop.

The Baptist meeting will begin Friday night, August 12. Rev. Vinson, the former pastor at this place will conduct the meeting. We wish for it to be a success.

The singing at Mr. S. W. Ellis' home Sunday night was enjoyed by a large crowd and lots of good singing was engaged in.

Mr. and Mrs. C. J. Edwards of Crawford and Mr. and Mrs. J. Wright Edwards are spending a few days at Lubbock with relatives.

The church crop will be plowed Wednesday morning if there is not anything to prevent the people coming. The crop is progressing nicely.

Mr. and Mrs. Charlie Shewmake of Brownfield are visiting with Mr. Shewmake's parents, Mr. and Mrs. Bob Shewmake.

Sanders Family Holds Reunion

The children of Mrs. W. E. Sanders, better known as "Grandma", met August 1 at O. L. Sanders' her home, for a family reunion.

Those present were: Mrs. Will Sanders, widow of G. B. W. Sanders; her children, Doyle, Elizabeth, Benjie and wife with their two children, Tom G. Sanders, wife, son and son's wife and baby girls, all of Hillsboro, Joe Sanders and wife of Tahoka, Sid Sanders, wife, and little daughter, Janice, of Tahoka, O. L. Sanders, wife, and their children, Marie, Arden, Robert, and Oscar Jr., all of Tahoka, Dee Sanders, wife, and daughters, Modelle and Inez of Tahoka.

The out-of-town visitors were: J. S. Barnes, an old time resident of Tahoka now residing in Seoba, Miss., "Granny" Mayes, mother of Mrs. Will Sanders and a sister to Uncle Frank Vaughn, a resident of Lynn county. Mrs. Mayes celebrated her 80th birthday, and there were several others celebrating birthdays.

Grandmother Sanders is 79 years old. She sent greetings to her absent son, Bob Sanders, and family of Lineville, Iowa; her daughter, Mrs. R. A. Henderson, and family, living at Eastland, Texas; her eldest grandson and family of Hillsboro, Mrs. Elaine Hart, and family of Clarendon.

There were four generations present. Every one enjoyed the day in spite of the great heat.

SHERIFF'S SALE

THE STATE OF TEXAS, COUNTY OF LYNN

Notice is hereby given that by virtue of a certain Execution issued out of the Honorable County Court of Lynn County, of the 8th day of February 1927, by W. E. Smith of said County Court for the sum of six hundred twenty three dollars and 20 cents and costs of suit, under a judgment, in favor of J. E. Ketter in a certain cause in said Court, No. 425 and styled J. E. Ketter vs. L. L. Williams, placed in my hands for service, I, J. W. Simpson as Sheriff of Lynn County, Texas, did, on the 9th day of August 1927, levy on certain Real Estate, situated in Lynn County, Texas, described as follows, to wit: All of Lot number thirteen (13) in Block number forty nine (49) in North Tahoka, addition in the City of Tahoka, Lynn County, Texas, and levied upon as the property of L. L. Williams and that on the first Tuesday in September, 1927, the same being the 6th day of said month, at the Court House door, of Lynn County, in the City of Tahoka, Texas, between the hours of 10 a. m. and 4 p. m., by virtue of said levy and said execution, I will sell the above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said L. L. Williams.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Lynn County News, a newspaper published in Lynn County.

Witness my hand, this 9th day of August, 1927.

J. W. SIMPSON, Sheriff of Lynn County, Texas
By Zoe Lowrey, Deputy 50-3tc

Mrs. J. B. Coleman of Corpus Christi left for her home Sunday after a week's visit here with her niece, Mrs. Monte Bowron.

Mr. and Mrs. J. W. Small of Lamesa were here Tuesday visiting G. W. Small and family. Mr. Small stated that he and Mrs. Small were preparing to leave Saturday on a visit to north Arkansas, where he expects to visit a sister he has not seen for more than thirty years. Mr. Small was formerly in business here and still likes Tahoka.

Mr. and Mrs. Otho Thomas and their guests, Mrs. McCubbins and Miss Wilkinson of Amarillo, left Tuesday morning for a few days outing and sightseeing in the White Mountains of New Mexico. They will probably visit Carlsbad Cavern also before returning.

Mr. and Mrs. E. C. Tidwell of Dallas are the guests this week of Mr. and Mrs. R. H. Turner, Mrs. Tidwell and Mrs. Turner being sisters.

Mr. and Mrs. John Stokes returned Friday from a pleasure trip over into New Mexico. They visited the cavern, Ruidoso, and other scenic points. After having spent several months in south Texas, they have taken up their abode in Tahoka again, and Mrs. Stokes says she would rather live in Tahoka than anywhere else on earth. Glad to have these good people back.

Miss Lucille Collier of Post is here this week visiting her uncles, A. I. W. O., and C. A. Thomas and their families.

Contract for the construction of two additional school rooms at Roscoe was let a few days ago.

Wealthy natives of Morocco frequently carry several watches at one time, and keep a number of clocks in the same room.

J. S. Weatherford returned Monday from a visit with relatives and friends at White Deer and Higgins in the north Panhandle. He also ran over into Oklahoma for a short visit.

Mr. and Mrs. H. M. Larkin returned Saturday from an extended visit in Florida and Tennessee. They were accompanied home by their son, Frank, who will spend the fall here.

Jack Reeves who was formerly in business here but who is now located at Winters has a host of friends here, who are always glad to see him.

Rev. R. T. Breedlove, E. H. Boulhion, W. E. Smith, R. P. Weatherford, Frank Hill and Mr. and Mrs. W. M. Lee and family attended the services of the Will Hogg evangelistic party in Lubbock Tuesday night.

A FINAL CLEARANCE OF SHOES

SALE OF SHOES

A 3 day selling of short lots beginning tomorrow (Friday) and running through Monday.

Our shelves are loaded with hundreds of pairs of odds and ends and short lots of every type of shoe, in ladies, mens, and childrens. Bethel

My! but it is hot these days. Some think that is what it takes to conquer the worms. It must be an awfully strong worm that could live through it.

Mr. and Mrs. Levi Nordyke and Theodore Nordyke are visiting relatives at Cottonwood.

Mr. and Mrs. Jess Meades of Tahoka and Mr. and Mrs. Jackson of Hamlin spent Sunday with Mr. and Mrs. Roy Appling.

Miss Jean Crawford spent a few days this week with her sister, Mrs. Marshall Stewart of Tahoka.

Joe Godwin came home Friday. Joe Godwin came home Friday from Denton county, where he has been working.

Mr. and Mrs. Ben Loden of Draw community spent Sunday with Mr. and Mrs. Frank Lisemby.

Mr. Anderson spent a few days with home folks last week but now he has gone to Glen Rose for treatment. He has improved some and his friends are hoping he may be well again.

Rev. Shumake filled his regular appointment here Sunday. He was accompanied by his wife and family.

Nearly every one has plenty of vegetables to eat now, and some few are canning. Roasting ears taste as good this year as usual. It won't be long until watermelon time.

The church crop was hoed last Wednesday. On account of rain it wasn't hoed on the day first appointed, but last Wednesday people met at the church and hoed the entire crop that day. The ladies had their lunch baskets along and spread a bountiful dinner for the hungry hoe hands at the noon hour. Then after the crop was hoed they had lots of ice cream. Under Mr. Hanes' supervision the crop has been well cultivated and is now laid by.

A good many from our community are attending the meeting at Redwine this week. They're having a fine revival over there.

Our revival begins the last Sunday in August at the eleven o'clock service. Rev. Richburg of Big Spring will hold it. He held our meeting last year and we all know how good he is.

Mr. Coaly had the misfortune of getting some pieces of steel in his eye last week. He had it removed and his eye was some better.

Mr. and Mrs. Marshall Stewart and little daughter Mary visited Mrs. Stewart's parents, Mr. and Mrs. Crawford.

—REPORTER—

COTTON HARVESTER INVENTOR IN CITY

M. C. Knipe, of Post, inventor of a cotton harvesting machine, was in Lubbock yesterday laying plans for the organization of a company to manufacture the machine. Under present plans he would locate an assembling plant in Lubbock and distribute his machines from here.

A model of the harvester has been tested during the past three years and it is claimed that it will work effectively. A series of prongs remove the bolls from the stalks while a burr machine removes all trash and burrs and leaves there in the field.

The machine is capable of harvesting about 75 acres of cotton per day, and takes four rows at a time, it was explained.

The cotton is accumulated a bale at a time in the harvesting—Lubbock Avalanche.

Aaron Griffing, police reporter on the Dallas Morning News is spending the week here visiting his father, W. R. Griffing, and his brother, Carl.

MISS HALSEY GIVES RECIPES FOR STEAM PRESSURE CANNING

(Millie M. Halsey, C. H. D. A.)

So many people are telephoning for help about vegetable canning that it seems advisable to publish a few recipes each week for a time.

But if these recipes do not give the information you need, call 202, or 53.

Caution No. 1

If you expect to find a quality product when you open your cans next winter, you must select a quality product to put in your can now; and you must use the best methods of putting your products up. Follow directions carefully.

Caution No. 2

No matter whether you are opening a can of something you have canned yourself or if it is something you have purchased, always inspect the contents of each jar or can carefully as soon as you open it. Any product that looks mushy or has any suspicious odor should be discarded at once, without tasting. All vegetables taken from a can or jar should be boiled at least five minutes before serving.

Caution No. 3

Here in the South products that are hard to keep, such as peas, beans, corn and such vegetables MUST be processed 1 hour at 15 lbs. pressure, or 1 hour and 20 minutes at 10 lbs. pressure.

Meat must always be processed 1 hour at 15 lbs. pressure.

String Beans

The green "Refuges" and "Stringless Green Pod" are good varieties for canning. Beans should be picked while young and tender and canned very fresh. When the beans within the pods have grown to any size canning is more difficult and the finished product is poor. The beans should be graded according to thickness, and only small, tender beans should be used for canning. (Older beans may be shelled and canned separately if desired, but care must be taken to blanch longer, and the cans are not to be filled as full as in the case of young beans.)

Blanch 3 to 5 minutes in boiling water containing one teaspoon of soda to the gallon of water. Cold dip in water containing 4 tablespoons salt to each gallon of water.

Drain well and pack quickly. Add 1 teaspoon salt and sugar mixture. (Made by using 2 parts sugar to 1 part salt.) Fill can with boiling water to within one inch of top, seal and process 60 minutes at 10 lbs. pressure. Note: Older beans require 15 lbs. pressure.

Peas are canned in the same way, except that the grading should be even more carefully done.

Corn—In canning corn much depends upon the careful selection of tender, juicy corn before it reaches the starchy stage. If allowed to grow beyond the point of greatest succulence it becomes tough and dry. The sweet white variety is preferable for canning. The Western yellow corn is less succulent. Corn grows stale very quickly and loses its flavor, therefore it should never be allowed to stand longer than a few minutes after being snapped from the stalks before canning. Corn is never put in cans larger than No. 2. Always use plain cans.

Method 1

Blanch on cob 3 minutes, cut off kernels very close to cob, and do not scrape. Fill can, add 1 teaspoon salt and sugar mixture, fill to within 1 inch of top with boiling water, shake to remove air bubbles. Seal, process 80 minutes at 10 lbs, or 60 minutes at 15 lbs.

Method 2

Blanch, cut off tips of grains, scrape balance of kernels out. Fill cans within one inch of top, add salt and sugar mixture and boiling water, and proceed as before.

Method 3

Without blanching, cut corn grains once or twice, and scrape if desired—or grate from cob on a vegetable grater. Put corn in pan on stove or in oven. Stir and let cook until starch is clear. Fill cans, add seasoning and boiling water and proceed as above.

Corn Relish—
1 dozen ears corn.
1 head of cabbage.
3 sweet red peppers
3 sweet green peppers.
1 quart of vinegar
1 cupful sugar.
2 tablespoon of mustard.
1 tablespoon full of salt.
1 tablespoon of celery salt.

Blanch corn for two minutes and drop into a cold bath for a few seconds before cutting from cob. Cook all together for twenty minutes. Pack into sterilized jars, seal, and process for thirty minutes at boiling.

Dried Corn

Select very young, tender corn, and prepare immediately. Boil or steam corn on cob 6 to 8 minutes to set the milk—1 tsp. of salt to a gallon of water improves the flavor. Drain well, and cut the corn from the cob, using a sharp, flexible knife. Cut the grains only half way down to the cob and scrape off the remainder of grain, being careful not to scrape off any of the chaff next to the cob. Dry either in sun or by artificial heat. When field corn is used, good, plump roasting ear stage is the proper degree of ripeness. A large pound of dried corn per dozen ears is an average yield. Dried corn gives a delicious product which is easily kept. Only dry, sunny weather should be selected for drying time. The standard container for dried products is the square pint jar.

Cucumber Pickles (for exhibit)
Use small cucumbers. Pour boiling brine over them (about half cup salt to one gallon water). Let stand twenty-four hours and repeat twice more with fresh brine. The fourth morning cover with fresh boiling water and let stand till next morning. To one gallon of vinegar, add 2 or more cups sugar, 2 teaspoons whole cloves, 2 of cinnamon and 2 of allspice (or as many of the spices as you like). Let boil, set aside and drop pickles into this. Next morning reboil vinegar and place pickles in jars. Pour boiling vinegar over them and seal.

Cold Cucumber Pickle
1 gallon vinegar
1 cup sugar.
1 cup salt
1 cup dry mustard.
Wash the cucumbers and put in jars. Dissolve the dry ingredients in the vinegar and use to cover the cucumbers. 1 cup horse radish may be added if desired. Seal. If desired, small cucumbers as gathered may be washed and added.

Olive Oil Pickles
Peel and thinly slice 30 cucumbers (table size) and 6 onions. Cover with brine made of 1-4 cup salt and boiling water. Let stand 2 hours. Drain. Save brine, measure, add equal amount of vinegar, 1-2 cup oil (olive or salad), 1-4 cup mustard seed 1-4 teaspoon white pepper. Bring to boiling point, pour over pickles. Pack in glass jars. Seal. Next week will give receipts for Jelly, preserves, Dixie relish, and Chili sauce.

COTTON PICKING MACHINE

On July 22 Mr. E. G. Trimble, representing a company which is manufacturing the Herring Cotton Picking Machine, was in Lubbock. His company will place twenty of these machines in this section this fall for demonstration and experimental purposes. They have no stock to sell nor machines. If the machines prove out a distributing office will be placed here.—Lubbock Avalanche.

Ozona — T. A. Kincaid of this city is head of the Texas Sheep and Goat Raisers Association for the fourth time, having been elected to this place at the twelfth annual convention of the association held in Kerrville recently. San Angelo won the 1928 meet.

Goree — Forty-two cars of maize in the head have been shipped out of the Goree Grain Elevator, and during the past two weeks, 11 cars of threshed grain have been sent out.

AN ORDINANCE

Providing for slow and stop signs on Streets, and providing a penalty

Be it ordained by the City Council of the City of Tahoka, Texas:

1. All automobiles, trucks, and vehicles are hereby required to stop at any sign so placed at the intersection of street a stop sign, and also required to drive slow wherever there is placed a slow sign at the intersection of the streets in the City of Tahoka, Texas.

2. Any one disregarding article 1 of the ordinance will be declared guilty of a misdemeanor and upon conviction thereof shall be fined not less than \$1.00 or more than \$5.00.

3. That this ordinance to be in full force and effect after passage and publication as required by law.

Passed and approved this 1st day of August, 1927.
J. R. SINGLETON, Mayor.

Special Representative TEXAS PRESS WEEKLIES, INC. H. L. Grable, Mgr. 813 Mercantile Bank Bldg., Dallas

NOTICE TO THE PUBLIC Any erroneous reflection upon the reputation or standing of any individual, firm or corporation, that may appear in the columns of the News, will be gladly corrected when called to our attention.

After a long struggle through the courts extending through a period of several years Sacco and Vanzetti, anarchists, are facing death at the hands of the law in Boston next Friday for the crime of murder. Governor Fuller was asked to grant a pardon or to commute the punishment to life imprisonment. He seemingly made a thorough and painstaking investigation of the case against the two condemned men and announced a few days ago that he would not interfere. Prior to that there had been a world-wide campaign by anarchists and extreme radicals to create sentiment in favor of the two men and to prevent their execution. Since Gov. Fuller courageously announced that he would not set aside the verdict of the jury and the courts, threats of violence against those who had a part in the trial and against the government have been made. The greatest precautions are being taken to forestall any such violence. Since these men have had able legal counsel who have succeeded in saving the lives of their clients for several years, since the higher courts have passed on the case, since the governor has thoroughly reviewed it, and since all these agencies say that these two men merit death, we do not presume that even their friends doubt the guilt of the two men. Anarchy does not contend that the two men are not guilty of murder; it

AN EXHILARATING EFFECT A bottle of Herbine on the shelf at home is like having a doctor in the house all the time. It gives instant relief when the digestion gets out of order or the bowels fail to act. One or two doses is all that is necessary to start things moving and restore that fine feeling of exhilaration and buoyancy of spirits which belongs only to perfect health. Price 60c. Sold by THOMAS BROS DRUG CO.

takes the position that they had a right to murder. Death is a severe punishment to mete out to any criminal, but we know of no other way of dealing with the red-handed murderer. The courts and the Government of Massachusetts are about to finish a good piece of work.

WHO WEARS THE SMILE?

The biggest smile of the recent campaign for and against the proposed amendments to the state constitution was the grand-stand play of Old Jim Ferguson. He waited until he found the sentiment over Texas overwhelmingly against the four measures, then he grandly announced his opposition to them all and took a shot at Dan Moody for favoring them. Now he'll probably claim that the state is for him and against Dan, because the voters followed their own judgment in the matter in snowing them under like they did. It is to laugh.—Clarendon ews. Slightly inaccurate, Brother Braxwell. Jim Ferguson was one of the first men in Texas to raise his voice and his Forum against the four proposed amendments. He commenced fighting them almost as soon as they were submitted. From the very beginning he sensed the ending. He saw that the submission of these amendments afforded him a matchless opportunity to hammer Dan Moody. He is no fool. Early in the game he raised the cry "Swat 'Em All!" He printed this slogan in every issue of his paper for months. Every one of his worshippers throughout Texas—and they are legion—took up the cry among his neighbors. The leaven had soon leavened the whole lump. We are of the opinion that the result of the election will prove to be of little benefit to Jim Ferguson politically, but to Jim Ferguson more than to any other man in Texas is to be given the credit—or the blame—for the overwhelming defeat of these four amendments. "The biggest smile" of the campaign is the one that Jim Ferguson has been wearing since the election.

RETELLING A FABLE

The Collingsworth Standard thus dresses up a well known contribution to the lore of mankind: Aesop, who made a lot of wisecracks many years ago, told a story about a grasshopper and an ant. The grasshopper, according to Mr. Aesop, sang, danced and played the ukulele and drank home brew all Summer. The ant put on his overalls and hotfooted it off to work every morning when the 6 o'clock whistle blew. After the beautiful Autumnal months had passed, as usual, Winter came. The industrious ant had a barnful of maize and kaffir corn and a cellar full of home-canned peaches and plums. The sheik grasshopper had a dark brown taste, a threadbare overcoat and an empty tummy. It looked like it would be a hard winter for him. And it was. The point of this story, if any, is: The person who makes his plans during the Summer for the Fall is the person who reaps the greatest benefit. This applies to farmers as well as to merchants.

The bringing of natural gas to Tahoka will be one of the greatest boons the town has ever had. There are two features about the proposition now up to this city that commends it greatly. The first is that this gas is to be supplied from the largest known gas field in the world. While no gas field is inexhaustible, still the Amarillo and North Panhandle field is possibly as nearly so as and yet discovered, and hence the undertaking to supply the citizens of our town with gas has a permanency about it that makes it desirable. Another feature is that this gas in non-poisonous. The gas being supplied some places in Texas is of the poisonous variety. Tahoka is fortunate in this opportunity to connect up with the greatest natural gas field in the world.

NEW HIS MEAT

"Why pa, this is roast beef!" exclaimed little Willie at dinner one evening when a guest of honor was present. "Of course, what of it?" said his father. "Why, you told ma this morning that you were going to bring an old muttonhead home for dinner this evening."

More Indian corn was planted in Lynn county this year than ever before, and the yield generally seems to be good. Hundreds of farmers have a few acres in corn. Probably the annual production of corn in the county will gradually increase, although the raising of maize and kaffir crops are so easy that these fine sorghum grains will never be supplanted by corn. Still, the fact that it has been demonstrated the past few years that corn is a fairly successful crop here adds one more laurel wreath to the agricultural crown of the great South Plains.

Visitors are in the city today from many cities and towns through which Highway No. 9 passes to discuss the matter of ultimately paving it. Lynn county has had a very hard year financially, but better days are apparently in sight. Whether we make a bumper crop or a small one, whether we get high prices or low, whether prosperity returns or not, the proposition of paving Highway No. 9 through Lynn county is going to be put up to our people in the not-distant future. This is already one of the important highways of the state, and whenever it shall have been paved from Texline to the Gulf coast, traffic over it will greatly increase. We all hope that the day will not be distant when every foot of this highway can be paved from the Canadian border to the Gulf.

HE DOESN'T BELIEVE IN ADVERTISING

There was a man who said that he did not believe in advertising. He is a married man. When he was young and gay he had a sweetheart. She became his wife. He is happy now. But why and how did he get her? He advertised. Not in magazines or by joining a "Lonesome Club." But he advertised just the same. He "showed off" at picnics; did stunts of physical skill where she could see him. His trousers were always pressed when he went a-courting. His tie was of the latest hue and pattern. He talked of big brave things in her presence. He told her of a little home they would acquire, and how it could be done on his salary. By the time she answered "Yes" she knew who he was, she knew all about him, who he was, where he was, and what he was worth financially and morally. By his "advertising," her attention was directed to him, she knew all about him, and she was convinced of his value. She simply "answered his ad." Both are happy now, and both have profited by the transaction. He simply "let her know what he had to offer." Advertising is simply letting the world know what you have to offer. Newspaper advertising is the best way to do it. Advertising in the HOME PAPER is the BEST PARTICULAR WAY of doing it.—Selected.

MORE TRUTH THAN POETRY

I would rather have one little rose from the garden of a friend, Than to have the choicest flowers when my stay on earth must end. I would rather have the kindest word And a smile that I can see, Than flattery when my heart is still And this life has ceased to be. I would rather have a loving smile From friends I know are true; Than tears shed around my casket When this world I bid adieu. Bring me all the flowers today, Whether pink, white or red; I'd rather have one blossom now, Than a truck load when I'm dead. Hugh Raymond Thompson

ABLETTE

The West Texas Chamber of Commerce and the Texas Conservation Association have issued a call for representatives from all sections of the state to gather at this place August 18 to discuss the question of water rights. The question at issue is: Shall power companies control the streams of Texas, or shall water rights be preserved by the people? Many business men and farmers of the West are expected to attend the meeting. Seymour — Representatives of all surrounding counties near this point are co-operating in a move for promotion of an irrigation project in this section. A preliminary survey of a damsite shows that water could be impounded to irrigate between two and five hundred thousand acres.

Stamford — The West Texas Chamber of Commerce has pledged to support the ranchmen of West Texas whose rights to oil royalties have been jeopardized by action of the state in seeking to declare unconstitutional an act of the legislature granting one sixteenth of the oil to land-owners purchasing state land. Under the old law the state retained the mineral rights of state land. The legislature passed a bill giving the land owners one half the royalty and acting in good faith the land owners permitted oil operations on their land. Should the bill be declared void, title to royalties on many thousand acres of West Texas land will pass from the land owners and will work great hardship in west Texas. The matter was precipitated when the royalty of Ira G. Yates was attacked. The Yates pool in Pecos county is now one of the most promising pools of West Texas. The directors of the West Texas Chamber voted at their recent meeting in Cisco to support Mr. Yates and other West Texans whose property is jeopardized and the legislative bureau of the organization instructed to take whatever action is necessary in the case. Homer D. Wade, manager of the organization is now making a study of the matter.

Wellington — Delegates from some forty towns of northwest Texas will convene here the latter part of this month at the Panhandle-North Plains District Convention of the West Texas Chamber of Commerce.

Menard — Menard's new \$100,000 hotel will be under construction here at an early date, following acceptance of plans and specifications. The building is to be four stories, fire-proof and of the latest design and structure.

San Saba — The annual Hills Country District Convention of the West Texas Chamber of Commerce is scheduled to be held on September 22. Llano was last year's host.

Mineral Wells — Work on the Baker Hotel here is progressing nicely. Under the new plans for the structure, there are to be 12 stories with 28 rooms to the floor, making a total of 336 rooms with a roof garden in addition. A swimming pool is to be on the east side of the hotel.

Vernon — Programs and invitations to the Northwest Texas Press Association meeting in Wichita Falls Sept. 9-10 are being sent out by Ray Nichols, editor of the Vernon Record, who is also secretary of the Press Association. Sam Roberts of Haskell is president of the organization.

Wichita Falls — The special train of West Texans who went from Wichita Falls to California where they spent two weeks studying the irrigation situation there has returned. The party was headed by H. A. Kemp of this city. B. M. Whiteaker, agricultural manager of the West Texas Chamber of Commerce represented his organization. The party reported a successful trip and returned convinced that Texas offers a better field than California for agricultural development.

CITATION BY PUBLICATION

STATE OF TEXAS

To the Sheriff or any any constable of Lynn County, Greeting: You are commanded to summon W. H. Bray by making publication of this Citation once in each week for four successive weeks previous to the return day hereof in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the 106th Judicial District; to appear at the next regular term of the Justice's Court of Precinct No One, Lynn County, to be holden at Tahoka in said Lynn County on the 15th day of August, A. D. 1927, then and there to answer a petition filed in said Court on the 24 day of March, A. D. 1927 in a suit numbered on the docket of said Court No. 839 wherein Swan & Bradley, Plaintiff, and W. H. Bray Defendant, and said petition alleging that the said W. H. Bray is indebted to the said Swan & Bradley in the sum of \$15.00 for labor done by Bradley & Swan for the said W. H. Bray in abstract work. Herein Fail Not, but have you before said Court, at its aforesaid next regular term, this writ, with your return thereon, showing how you have executed the same. Given under my official signature, at office in Tahoka, Texas, this the 25th day of July, A. D. 1927. I. P. METCALF, Justice of the Peace, Precinct No. 1, Lynn County, Texas. 48-4tc

There is none better than Honey Toast. Try one loaf and you'll call for it next time.

MINOR ILLS

Headaches, Biliousness, Colds and Others, Relieved by Black-Draught.

"I used to be bothered with many ailments," says Mr. Andy Parker, Route 4, Fort Payne, Ala., "and would get to feeling tired and my feet were heavy."

"I had a bad taste in my mouth. My eyes would burn. Then, pretty soon, I would have a mean headache. Someone told me about Black-Draught. I began taking it, and it helped me."

"Black-Draught has been my main medicine in the house now, for about twenty-five years. We take it for biliousness, colds and almost all other ills. It's the first thing my folks and I think of taking when we feel bad. We recommend it very highly."

Try it for the ills Mr. Parker mentions. For sale everywhere. Insist on the genuine. Theodor's BLACK-DRAUGHT Purely Vegetable

Redwine

My! My! This weather surely is hot though it is fine on the cotton, some say. Some few are getting to where they can see out over the weeds a little.

The Baptist meeting is in progress at this place this week with good preaching and good crowds at night. Rev. Billy Evans of Lamesa is doing the preaching. Miss Christine Barnett of the Grandview community is here helping with the song services and playing the piano.

Uncle Ben Rogers visited in the community Monday and attended services Monday and Monday night.

Mr. Robert Smyth and son, Guy, of Anson visited in the home of E. W. Holloway last week end. Mr. Smyth is an uncle of Mrs. Holloway's.

Mr. and Mrs. R. S. Traylor made a short visit and business trip to Coleman county returning Monday before last. Mr. Traylor's sister, Miss Bernice Traylor of Santa Ana came home with them for a few days visit.

Mr. R. E. Bond and Henry McDonald left last week to work in the oil fields.

Mr. and Mrs. Morgan Smith of the Edith community visited Mr. and Mrs. W. L. Tunnell Sunday.

Mr. and Mrs. John Garnett visited Mrs. Gornett's sister at Lubbock a few days last week.

Mr. and Mrs. Frank Hill of Tahoka visited Mr. and Mrs. Harve Henderson Saturday night and Sunday.

Mr. and Mrs. Hill and "Grandma" Ramon of Newcastle, Texas are visiting Mr. and Mrs. Henry Veach this week.

Several of the young folks took dinner at the home of Mr. and Mrs. L. C. Quincy Sunday. Among those present were Misses Della and Beatrice Hunt, Hythen Tunnell, Elva Smith, Roy Tunnell, Marvin Walker, Lloyd Smith and Hi Smith.

Little Neva Smith has been on the sick list but is reported better now.

Lucian Nelson returned from the McCamey oil field Monday night where he has been working for the past month.

Mr. Bert Wilson visited in the home of Howard Tunnell Sunday.

Mr. and Mrs. Traylor of Trent visited R. S. Traylor and family Saturday night and Sunday.

— OLD GOSSIP

THEIR SPIRITS WILL LEAD—FAD GRID HEROES HONORED

Two college football teams of Texas this fall will carry on under the leadership of their captains.

Abe Kelly, halfback of the Baylor Bears for two years, and captain-elect for 1927, with nine other Bruin athletes lost his life when the Baylor bus crashed into an L-G. N. passenger train at Round Rock on January 27.

Ovid Donaldson, stellar end of the McMurry College Indians for three years, who would have led his team through its next campaign, died on June 3 from injuries sustained in a dive into shallow water at a local natatorium.

Independent of the others' action, team members in each school elected to let their dead leaders run the team in spirit if not in actuality.

In both cases a member of the team will be appointed as acting captain for each game.—Abilene News.

J. B. Nance was exhibiting to the editor last Saturday a check which had been given to him to pay the lease on a section of land. He had dropped a little ad in our Classified Ad column and it had done the work. It pays to advertise.

Thos. H. Speight of the Jones Dry Goods Store left last Sunday for St. Louis to make purchases of fall and winter goods for the Jones store. Representatives of all the Jones stores went in a body. Mr. Speight will return in about ten days.

J. P. Seroyer and family of Cleburne are here visiting his parents, Mr. and A. B. Seroyer. Miss Mary Seroyer, who has been visiting in Cleburne for several weeks, returned home with them.

The Board of City Development of Lubbock has decided to place signs on the highways leading out of Lubbock in seven different directions.

Signs will be placed every two miles for the first fifty miles out and every four miles for the next fifty, showing the distance to Lubbock.

Honey Toast bread is a home product of which we are proud. Try a loaf. You'll like it. adv.

Post Man Is Shot At Theatre

Will 'Dutch' Luman, Garza county ranchman, is out under a \$5,000 bond at Post City and Marvin Breeding, 23, lies in the Lubbock Sanitarium dangerously near death, as the result of a shooting affray in a Post City theatre about 10 o'clock Friday night, W. F. Cato, sheriff of Garza county, told the Avalanche-Journal late yesterday afternoon.

Breeding was shot from the side by Luman, Sheriff Cato said, while the motion picture program was in progress. No trouble was experienced as the crowds, stunned by the shooting, made for the show-house exits following the affray.

The injured youth was brought to Lubbock late yesterday afternoon and placed in the Lubbock sanitarium, where physicians reported his condition precarious. His spinal cord was severed and he was paralyzed from the chest down when the heavy calibre bullet whizzed into his body, doctors reported.

Luman had not made a statement late last night, and the wounded boy was unable to talk. Garza county officials have not filed charges as yet, awaiting a report of Breeding's condition. Hospital attaches, however, said last night that little hope was held for his recovery. Luman was lodged in the Garza county jail immediately following the shooting, but made bond late last night.

The Breeding shooting was not the first with which Luman has been connected, officials in Lubbock and Post City reported yesterday.

He was arrested in connection with the fatal shooting of Roy Dalton, another Garza county ranchman, two years ago, but the charges were later dismissed. Dalton was a brother-in-law of Sheriff H. L. 'Bud' Johnston of Lubbock county.—Lubbock Avalanche.

Lamesa Bank Is Open Again

LAMESA, Aug. 8.—Exactly at 9 o'clock Monday morning the State National Bank under a new charter and new name, the Lamesa National, opened its doors after having been closed two months and six days. On the second of June the State National Bank closed in the hands of the national bank examiners.

Hundreds of people were crowding the corridors of the new institution within a few moments after the doors opened. However, funds were available to pay off all depositors.

O. B. Norman of Rotan is active president, W. V. P. Baker, 21 years with the State National is vice president; O. F. Priest, cashier of the State National is retained as assistant cashier. Other directors are Walker Barfoot, John A. Couch of Haskell, J. Y. Hellums, Rotan; Dan Couch, Aspermont; B. Bashermont, J. B. Post and H. S. Post and R. C. Montgomery of Haskell, Col. R. V. Colbert, Stamford; R. E. Harding, Ft. Worth. E. E. Bewely, H. B. Herd and W. E. Connell all of Fort Worth.

Business is predicted to pick up in Dawson county and a new saving to the 2,800 depositors of the State National is realized. All depositors are getting 100 cents on the dollar of old deposits.

TUDOR & DYKES GIN CO. TO ERECT PLANT ON THE EDWARDS & THORNTON-SITE

Tudor & Dykes Gin Co. have purchased the site on which stood the Edwards & Thornton Gin, which burned last winter and is now erecting a new plant, which will be modern in every respect and as good as the best. Mr. J. H. Sexton, who is local manager, is a very pleasant man and we predict that the plant will do well under his management.—Wilson Pointer.

When ordering bread don't fail to call for Honey Toast. It is delicious.

O'Donnell key rate for fire insurance was recently reduced six cents, three cents for the addition of a fire marshal and three cents on the chemical truck now in use. This leaves the present key rate at 91 cents, according to the O'Donnell Index, which paper is strongly advocating a water system for the town. Water bonds were voted down some months ago.

Canrad Lam has organized bands at both Amberst and Sudan and will direct them until Oct. 1, when he will begin his medical course in Yale University. Canrad has been a member of the famous Simmons Cowboy band for a number of years.

Livestock Market

(By Cassidy Southwestern Commission Co.)

Fort Worth, Aug. 9.—Cattle receipts have been very light here this week, though all classes of butcher cows are 25 to 40c lower than one week ago. This decline also applies to canners and cutters. Most of this decline was shown last Thursday and Friday, grass heifers suffering the same decline as cows. Stocker heifers, cows and steers remain about steady and in good demand, though some aged stocker cows might be bought this week a little cheaper than last. Judging from prices on Northern markets, we think we are entitled to some improvement in prices here before the end of the week.

Choice cows are selling from \$6 to \$6.50, though to bring the latter price they must be fancy. Good kind of cows bringing \$5.25 to \$5.75; common and fair kinds, \$4.75 to \$5.25; cutters \$4 to \$4.50; canners, \$3.50 to \$3.85. Good to choice white-face stock cows are bringing \$5.25 to \$5.50. Red cows and aged white-face cows, \$4.50 to \$5. Bulk of the white face stocker heifers, \$7.25 to \$7.50. We sold a load of white-face suckling yearlings yesterday at \$8.75, though individuals could be good enough to bring around \$9.50. Bulk of red heifers, \$6 to \$7; common kinds, \$5 to \$5.50.

Heavy and medium weight calves are about 25c lower for the week, choice kinds selling from \$8 to \$8.50, with medium to good calves, \$7 to \$8. Choice 181 lb. veals brought \$11 today, sold by Cassidy. Bulk of the good veals selling from \$10 to \$10.50.

Hog receipts very light, market ruling about steady. Best butcher-weight hogs are quotable from \$10.50 to \$10.65, smooth packing sows, \$8 to \$8.25; rough kinds, \$7.50 to \$7.75. Sheep steady, choice, fat weathers selling from \$7.50 to \$7.75, a few contracted to be delivered here at \$8. Bulk best fat yearlings around \$10, with choice kinds up to \$10.25.

Hon. James T. Brooks of Big Spring, district attorney of the 32nd Judicial district, had professional business in Tahoka Saturday and made a pleasant call at the News office, having been a friend of the editor for many years. There is a possibility of Judge Brooks becoming a candidate for district judge in his district next year.

Dr. E. E. Callaway, county health officer, reports that all cases of infantile paralysis in the county are improving. Three cases at O'Donnell are the only cases that have been reported.

Mr. and Mrs. A. I. Thomas attended the Hogg revival at Lubbock Tuesday night.

REFUGIO COUNTY VOTES \$1,200,000 ROAD BONDS

SAN ANTONIO, Texas, Aug. 8.—Refugio county's \$1,200,000 road bond issue carried by a vote of more than 7 to 1, according to advices received here. The bond money, supplemented by State and Federal aid, the advices said, will provide for two roads, one forty miles long crossing Refugio county from Victoria to San Patricio county line; the other road, thirty miles long, will run south from the iVictoria county line thru Tivoli and Austwell to a connection with the designated highway to Rockport.

Highway Officials Make New Survey On O'Donnell Road

Federal and state highway officials met with the county commissioners in O'Donnell Wednesday for the purpose of discussing plans for the completion of the route highway No. 9, will follow through O'Donnell. Plans were also discussed relative to the railroad crossing that is to be made just at the north side of town where the new grade stops near Brown's gin. The officials believed that the old cattle guard is the logical place for the crossing and expect to begin work in the very near future.

The highway will follow the old route from the above mentioned point through the city to the Highway Garage and from there straight south to the old Hester place on the outskirts of the city, then west to the old highway, according to a new survey made by the officials Wednesday—O'Donnell Index.

MAJOR GEERAL WOOD DEAD

Major General Leonard Wood died in a Boston sanitarium Saturday following an operation, made necessary by the recurrence of a tumor trouble which developed many years ago, requiring an operation at that time.

Major General Wood has been serving the past few years as Governor-General of the Philippines, where he has had a stormy career. For many years he has been frequently mentioned as presidential possibility and made a vigorous campaign for the Republican nomination in 1920.

A contract has been let for the erection of a modern hospital at Colorado. It will be a brick structure of twenty rooms, one of which will be set aside for negro patients and one for Mexicans, these two rooms being in the basement. A five room cottage for the use of the superintendent and employees will also be built on the premises.

Childress—Childress's new city hall is to be opened at an early date. It will house the city officials, fire department, and board of city development.

MR. MERCHANT

Here's something to think about: The Tahoka business man who buys his job printing out of town has no kick coming at the local citizen who buys goods from Sears & Roebuck, Montgomery - Ward, at Lubbock or elsewhere.

N. B.—Tahoka printers buy everything they use from Tahoka merchants except printing machinery and paper.

TABOKA KIWANIS CLUB VISITORS TO NEW HOME

(Continued from First Page)
was entered heartily. In introducing Miss Haley, Happy Smith confided to the merry-makers that she was that day celebrating her birthday but didn't know whether it was her sixteenth or seventeenth and called upon her to enlighten the auditors in the matter. She deftly sidestepped his request but proceeded to relate a joke at Happy's expense which sent him into hilling. Miss Timmy Hancock gave a reading which was much enjoyed. Some more band music followed, after which Happy Smith took advantage of Ray Weathers and introduced him to the crowd as Tahoka's champion mathematician. Ray responded in a way that proved him to be an expert. Happy then introduced F. W. Good of New Home as a gentleman who had been on a diet recently and cries for Good brought him to the top of a chair, whereupon he showed himself fully equal to the occasion. The entire program was greatly enjoyed by the visitors and they hope it did not prove tiresome to the people of New Home.

WILL START RESURFACING CLARKSVILLE HIGHWAY

CLARKSVILLE, Texas, Aug. 8.—The work of resurfacing seven-and-a-half miles of highway five miles east and west of Clarksville will be started this week. This highway is being widened to eighty feet and when completed will be one of the best in the State. A large per cent of the traffic passing through Clarksville from North and East are traveling this highway, arriving in Dallas by way of Paris and Greenville.

NATURAL GAS FRANCHISE IS BEFORE CITY COUNCIL

(Continued From First Page)

This information. The rates for several Texas cities as published in that paper last week are as follows:

Town	Gross	Net
Amarillo	\$.50	\$.45
Dallas	.75	.67%
Ft. Worth	.75	.67%
Coleman	.65	.60
Weatherford	.60	.55
Ahrens	.75	.67%

The minimum charge in each of these towns is \$1.00 except Dallas and Ahrens, where the minimum is \$1.50. The Chief also gave the average cost of house consumption in Pampa, on the basis of a 75 cents rate, where gas is being used. Its figures are as follows:

Six-room modern residence: Sept. \$2.10; Oct. \$2.15; Nov. \$2.75; Dec. \$1.10; Jan. \$1.50; Feb. \$1.17.

5-room modern house: Jan. \$2.00; July. \$1.50; August. \$2.00 Oct. \$1.00; Nov. \$7.00.

The average domestic consumption is \$50.00 per year at 75 cents in Pampa, says the Chief.

WEST TEXAS TO GET GAS FROM PANHANDLE

The West Texas Gas company, a subsidiary of the Prairie Oil and Gas company, and now constructing a natural gas line from the Panhandle field to the South Plains to extend this line into the West Texas District. Tentative franchises have been taken at Lamson, Stanton, and Midland, and franchises may be taken at Tahoka, O'Donnell and other towns. The extension from the south Plains line, now in the process of completion, would lengthen the present line from 274 miles to 296 miles, with the field for laterals into other towns for the future. The extension to Midland would be 10 3/4 inches in diameter, and be a welded line. Construction will not start until late in the year, or early next year. The Midland extension will increase the grand cost of the West Texas line from \$5,000,000 to around \$20,000,000. A large compressor station is to be built near Plainview, in Hale county, and it will push the gas on south. Motion pictures of the important phases of construction on the line have been taken by the Pathé News at the direction of N. K. Moody, president of the Prairie company, and these are being shown to civic bodies along the route. W. W. Geaves, engineer of the company, is explaining the picture to the different clubs where it is shown. The films depict the drilling of a gas well and the various steps in the building of gas line so consumers can utilize the cheap fuel found in the world's largest gas field. The West Texas Gas Company will move more than 50,000,000 cubic feet of gas a day through the line when it is completed. The gas has a rock pressure of 435 pounds per inch.—Amarillo News.

Mr. and Mrs. M. E. Wilson and two daughters, Lorey and Nellie Mae, and Mrs. Bailey of Cleburne visited A. R. Scripper last week. While here they made a trip to Carlsbad Cavern accompanied by Miss Nellie Will Scripper. They report that several new rooms have been opened up to the public recently, making the cavern even more interesting than ever before.

W. C. Yarrama and family and Burton Hackney visited Mr. and Mrs. C. H. Nelson at Balls Sunday. They also ran over to Silver Falls Lake beyond Crosbyton to spend a part of the day. Vernon Messing and Norval Hedwire left Wednesday morning to spend ten days at the Bay State Camp near Post.

HIGHWAY NO. 9 MEETING HELD AT EDEN

(Continued From First Page)

E. H. Swain, Eden, secretary. The meeting was called in an effort to stimulate interest in getting more travel over the route and with expectations to eventually giving the road from Amarillo to San Antonio. A resolution, offered by Wild, was adopted, which set up machinery for the forming of the organization. It brought out that it is to the interest and benefit of each county to improve its roads in order to secure the maximum possibilities, and that the State Highway No. 9 Association be formed. Two directors from each county will be appointed by local interests. As quickly as they are named Judge Matheson will call a meeting to get the organization under way. H. G. Wendland and Wild will serve as the Tom Green county directors. The association has three aims: The ultimate paving of the highway, assistance to each county in solving local problems with state and federal departments, and publicity measures for the highway and towns along the route. MIDLAND.—Representatives from Seminole, Andrews, Brownfield, Seagraves and Midland will meet in Seminole Aug. 15 at call of the Chamber of Commerce and County Judge L. M. Pittman to discuss the completion of all gaps in the state designated highway from Midland to Muleshoe in Bailey County. The road runs via Andrews, Seminole and Seagraves, thence north. The new route is to give a shorter route between the Amarillo and Midland oil fields, and will traverse the territory being explored now in Andrews and Gaines Counties. Designation was obtained more than a year ago by the Midland Chamber of Commerce, but maintenance has never been granted. Midland County commissioners are raising completion of their sector of the road to the Andrews line. Andrews commissioners have completed their end of the road from the Midland line to the town of Andrews and Gaines commissioners have funds to complete their road both south and north. SEMINOLE.—The Chamber of Commerce met this week to promote plans for the extension of State Highway No. 53 from Brownfield. Its present terminal, on through Gaines, Andrews and Midland counties, connecting with the Backhead Highway. Delegates from the Brownfield, Midland, Seagraves, Andrews and Odessa Chambers of Commerce will meet in Seminole Aug. 15 to perfect further arrangements in securing the extension of this road. Gaines County citizens are wide-awake as to the possibilities and advantages of the Dal-Paso Highway traversing the county from east to west, No. 53 from north to south, and Seminole as the center of each, the county will be adequately served along this line. BELLEVUE.—Commissioner R. E. Johnson of Bellevue, Precinct and Supervisor of Precinct No. 4 are to grade the road running north from Bellevue to the St. Jo road and across the ridge that is nearing completion over Red River near Ryan. The road must be straightened and improved if state and federal aid are to be secured.

TO VOTE ON TARRANT CO. BONDS SEPTEMBER 10

Tarrant County's Commission Court Monday morning unanimously called a bond election for Saturday, September 10, to determine if \$2,000,000 worth of bonds shall be voted for the reconstruction of state highways, \$2,000,000 for lateral roads and bridges and \$250,000 for a bridge across Lake Worth. The issues involve a total of \$2,250,000.

Haskell Defeats Road Bond Issue

HASKELL, Aug. 7.—Lacking 501 votes of having two-thirds majority, Haskell county voters Saturday defeated the proposition of voting bonds to the amount of \$2,250,000 for reconstruction of 125 miles of highway in the county. Complete returns from the election held Saturday, an adjourned Tuesday, showed 1,712 votes for the bond issue and 693 against. Had the election carried, four highways were to have been improved, 10 miles of which would have received Federal aid. It is expected that the proposition will again be placed before the people.

SHERRIFF WADSWORTH DEPUTY

Deputy Sheriff Wadsworth, deputy Deo Sanders, and City Marshal M. C. Finch expect to attend the West Texas Sheriff's convention which will meet at Lamson Friday and Saturday of this week. Possibly 150 to 200 peace officers are expected to be present.

The Lubbock school board will build an additional room to the new school building in that city. The building now has two rooms with about 150 pupils enrolled. A new fence is also to be built around the high school grounds and undertaken to beautify the premises.
