Another Railroad Wanted By Plains

RAILWAY BODY IS ORGANIZED

To Connect Lamesa and Sterling City; Would Give South Plains New Outlet

At the close of the big highway meeting held here last Thursday, the representatives of Big Spring, San Angelo, Lamesa, O'Donnell, Tahoka, Slaton, and Lubbock met in a call by C. T. Watson, secretary of the Chamber of Commerce at Big Spring, to consider the matter of promoting the building of a railway from San Angelo or Sterling City to the plains, and an organization to accomplish that end was effected.

Carl Roundtree of Lamesa was elected president of the organization, which was named The Plains to Gulf Railway Development Association. A. B. Davis of Lubbock was elected secretary, and a board of directors was named consisting of the following gentlemen: O. L. Slaton of Lubbock, S. E. Staggs of Slaton, J. T. Williams of Wilson, Judge C. H. Cain of Tahoka, Mayor E. M. Wilder of O'Donnell, Judge Dixie Kilgore of Lamesa, R. L. Price of Big Spring, W. L. Foster of Sterling City, C. A. Broome of San Angelo, E. M. Turner of Sparenburg, A. B. Brown of Askerley, and H. H. Haynes of Amarillo.

The railway situation as it relates to the sections of Texas involve, as explained by C. T. Watson of Big Spring and Calude C. Wilde of San Angelo, and the possibility and importance of getting direct railway connection between the plains and Corpus Christi was stressed.

Mr. Wilde explained that a company had been organized and application for charter filed to build a railway from San Antonio to San Angelo. Capitalists residing in San Angelo, San Antonio, and Corpus Christi had been interested in the project and had formed the company, with plenty of capital to build the line. There was no doubt in his mind that the line would be built. He suggested that the people of the plains might succeed in interesting these gentlemen in the extension of the line to the plains. It was pointed out that the Santa Fe has a branch line extending through San Angelo from the south east to Sterling City and another line from the north to Lamesa, but that it had indicated no intention of filling in the gap. Since this is true, it is believed that a new line, to connect the great plains country with San Antonio and Corpus Christi, is necessary. The opportunity seemed so great to all present that they entered into the movement with the greatest enthusiasm and helpfulness. A direct line from the plains to Corpus Christi would shorten the distance to deep water considerably and would materially lessen freight rates to this section of the state, it was pointed out.

A meeting of the board of directors will probably be called at an early date to devise a plan of action and means for best presenting the matter to the parties and sections concerned.

SAN ANGELO LINE CHARTER ISSUED

AUSTIN, Texas, Aug. 13.—Charter was issued Saturday for the Gulf & Western Railway in the name of the Secretary of State. The line is to run from San Angelo to San Antonio and is to secure track from San Antonio to Corpus Christi. Terminals and wharfrage at Corpus Christi also are included, according to the purport stated in the charter application. It is generally considered that the line into Corpus Christi will be a branch of the San Antonio & Gulf line which is a Missouri property.

TAHOKA GIRL MARRIES AMARILLO MAN

Friends here learned this week that Miss Mabel Coe of this city was married to Mr. Wilson of Amarillo more than two weeks ago. Mr. and Mrs. Wilson were here a few minutes one day several days after the wedding but only relatives and intimate friends learned of the marriage.

Miss Coe is a sister of Mrs. Thomas H. Speight of the Jones Dry Goods Company of this city and has been employed from time to time in this store. Mr. Wilson, it is understood, will enter business at Canyon, where the young couple are preparing to make their home.

Many friends of the bride here are wishing her a long and happy married life.

DON'T OBSTRUCT EXIT OF FIRE STATION

Fire Chief Pete Coleman requests that people refrain from parking their cars in front of the fire station. By doing so you may hinder the boys in their efforts to save your property from loss by fire.

PATRONS WANT SCHOOL BUSES

Patrons Made For Transportation By Patrons Living In County Not Granted

A number of the patrons of the Tahoka Independent School district residing north and northwest of town appeared before the board of trustees Monday asking that transportation of their children to and from school be provided during the coming school year. Facts presented by the petitioners showed that there are about 45 children residing in that part of the district whose residences are from three to six miles from school.

The petition was not granted by the board for the reason that at the present time the board can not see where the funds are to come from with which to buy a truck or trucks and to pay the expenses of operating the same.

At the same time these gentlemen were in conference with the board, a patron living a few miles southeast of town was searching for the board, it was learned afterward, to request that transportation be furnished the children of his neighborhood also. Last year, some insistent demands came from patrons living east and northeast of town asking for transportation for their children.

None of these requests have been granted for the reason that transportation of pupils is expensive and the funds of the district are insufficient to bear the expenses.

Under these conditions it can readily be seen that the board of trustees has some knotty problems to solve and if any one can solve them satisfactorily the board would like to have his services.

Although the southern border of Texas extends for more than 800 miles along Mexico, more than 76 per cent of the state's population is composed of native white Americans.

Church Of Christ Closes Meeting

A revival meeting conducted by the Church of Christ at the city tabernacle came to a close Sunday afternoon. Elder E. S. Fitzgerald of Weatherford did the preaching, and he did it to the entire satisfaction of the local congregation. He possesses an excellent knowledge of the Scriptures and has the faculty for being able to express his thoughts clearly and forcefully.

The visible results of the meeting were not large. Fairly good crowds attended the services but there were only a few accessions to the church.

City Making Plans For Fire Station

At a meeting of the city council Monday night, a committee was appointed to devise and consider plans for a new fire station and city hall, construction of which is under contemplation. Such a structure is badly needed, it is pointed out, and it is probable that such a building will be constructed in the early fall. If the council decides to build, the city tabernacle will be torn down and the structure will be built where the tabernacle now stands.

Methodist Revival Is In Progress

Revival services were begun by the Methodist Church at the City Tabernacle Sunday night. Rev. R. T. Breedlove is doing the preaching and the song services are being led by Mr. Eagan of Littlefield. Services are held at ten o'clock each morning and at 8:15 at night. Good-sized congregations are attending, the sermons are fine, the singing good, and splendid results are expected. The meeting will continue until about the middle of next week.

Some Gas Struck In Kingsland Test

What The Highway Delegates Had To Say

At the highway meeting held here last Thursday afternoon, a delegate from each town represented was called on to give the status of Highway No. 9 in their county. Here are some of the salient points of these talks:

Henry Ansley, Amarillo News-Globe: "As the largest city of the Plains, Amarillo stands ready to help out in any road campaign in the Panhandle-Plains region because we believe that whatever is good for any part of the Panhandle Plains country is good for Amarillo. The Amarillo Board of City Development and the Amarillo News-Globe will pay the expenses of a man to Washington and to Austin for any county in this region to seek federal and state aid where bonds have been voted. . . . Canyon has no delegation present. President J. A. Hill and Claude Harrison, who were instrumental in putting over Randall county's paving bond issue, are on their vacations and were unable to be here. Randall county has the money in the bank for paving Highway No. 9 to the city limits of Amarillo on one side and from Canyon to within a few miles of the line on the south."

S. J. Cole, Amarillo: "Though very little of Highway No. 9 lies in Potter county, we have all of what road there is in the county paved. However, we want to see this highway paved all the way from Amarillo to the coast and all the way to the northeast."

R. J. Jordan, Tulia: "Though no campaign for paving has been launched in Swisher county, I believe our people are for it and realize its benefits."

Maurey Hopkins secretary Chamber of Commerce, Plainview: "Hale county has voted \$1,000,000 in bonds for paving Highways No. 9 and No. 28 through our county, and we already have part of this money in the bank. We have not yet asked for federal and state aid. We realize that it will take from a year to eighteen months to get the paving work started, and for that reason our commissioners have sold only a part of the bonds at this time, thereby allowing the taxes to increase gradually. By the time our highways are completed, we believe Hale county's valuations, caused by its rapid growth, will have increased to such an extent that the raising of taxes to a very great extent will not be necessary."

Dr. S. J. Underwood, Hale Center:

S. R. McKinnon, formerly manager of the local yard of the Cleo Smith Lumber Company, removed this week from Tahoka to Memphis, where he will be in charge of a yard of the Cameron Lumber Co.

L. C. Haney attended the convention of the West Texas Druggists Association which was in session at Sweetwater Tuesday. Mr. Haney reports a hundred druggists or more were in attendance and a very fine meeting was had.

TO MAKE TEST OF WELL SOON

Amount Not Known; Amarillo Oil Authorities Look Over Situation Here

Rumors of much gas in the Kingsland well 15 miles west of Tahoka were current here Wednesday. In fact, Dr. Gerson, geologist, who has been deeply interested in the well from the beginning, is authority for the statement that much gas has been encountered. The News was unable to get verification of these reports, however, from Mr. Gill of the Mauldin Drilling Company, which is drilling the well. We feel that we are well within the bounds of truth, nevertheless, in stating that some gas has been recently encountered, and it may be that within the next few days or within a day even this well will prove to be a good gasser. On the other hand, it may turn out that not enough gas has been encountered to render the well commercially valuable.

On Wednesday night, Messrs. Emmett Lee, production superintendent of the Kingland Oil Company, J. Levy a stockholder in the company, H. P. Harding, owner of the noted Harding Ranch in Palo Duro Canyon, two of the Mauldins of the Mauldin Drilling Company, and Paul S. Hedrick, oil editor of the Amarillo News, came down from Amarillo in response to a message received in that city to the effect that a big gasser had been brought in. They went out to the well Wednesday night and made such investigations as they were able to make. On account of the fact that a rotary rig is being used, it is impossible they say to determine just how much gas has been struck. Dr. Gerson, who has interest in the well, says that the rotary will probably be removed and the standard rig installed at once and a test of the well made. Oil people are feverishly watching developments, and they all admit that when the test is made most anything may happen.

The water well at the Nevels location to be drilled by the Elpo Oil Company, of which W. B. Powell is president, has been completed, lumber for the derrick has been placed on the ground, and the construction of the derrick is to begin today. The Company expects to spud in on or before August 26.

We have been unable to gain any information as to the Hart well four miles west of Tahoka. The company seems to be merely marking time.

Action On Gas Franchise Delayed

The matter of granting a franchise to the West Texas Gas Company, a subsidiary of the Prairie Oil & Gas Company, to furnish the people of Tahoka with gas for fuel purposes was considered by the city council at its regular meeting Monday night but no action on the matter was taken. Action granting the franchise will probably be taken at an early date, however, or as soon as some minor details can be agreed upon. If we understand the attitude of the council, there is no serious opposition to the granting of the franchise.

Plans Are Laid For Paving Highway 9

FIRE DESTROYS SOUTH TAHOKA RESIDENCE

A five-room stucco residence situated at the southern limits of the city, occupied by Herbert Stokes but owned by Marshall Swan, was completely destroyed by fire at about 2 o'clock Wednesday morning. The origin of the fire is unknown. It apparently caught in the southwest corner of the building, according to fire chief Pete Coleman. No one was at home at the time. Mr. Stokes has been in Abilene working at his trade, that of a carpenter, for some time, and Mrs. Stokes and other members of the family were away on a visit. Their household goods were in the building, however, and they too were completely destroyed.

Mr. Swan bought this residence about two months ago from Mr. Stokes. Insurance on the building was carried in the sum of \$1250 and on the furniture in the sum of \$900.

Mr. and Mrs. V. R. Elliott of Colorado and Miss Ruth Richards of Dublin were guests of Rev. and Mrs. R. T. Breedlove the first of the week.

BIG TRUSTEES MEET FRIDAY

S. E. Clark Of Austin To Address Trustees From All City And Rural Schools Of County

All the school trustees of the county are called to meet in the district court room Friday afternoon at 1 o'clock. Mr. S. E. Clark of the State Department of Education will be here and will address the body. Many matters of interest and importance to school trustees will be explained and discussed and every trustee in the county should be present. Some new laws have recently been enacted affecting both common and independent school districts. This is a time when conditions relating to our schools and education in general are rapidly changing, and every trustee should seek all the knowledge available that will help him in bringing about better educational advantages for the school children.

The trustees of the Tahoka Independent School District and of every other independent district in the county, as well as the trustees of the common school districts, are urged to be present. Prof. Clark will doubtless give much information and many suggestions that will be helpful to all. There will probably be some discussion by some of the trustees themselves.

WELL KNOWN COUPLE MARRY HERE

Miss Mary Elizabeth Slater, daughter of Mr. and Mrs. W. F. Slater, was married to Andrew R. Hill at the Methodist parsonage Sunday afternoon, Rev. R. T. Breedlove officiating. They will leave this week for Borger, where Mr. Hill is employed in the post office. Mr. Hill was formerly an employee in the post office here, and prior to that he farmed near town. He is an excellent young man of splendid habits, while the bride is a young woman of beautiful character. Their many friends are wishing them many years of marital happiness.

City Valuations Are To Be Cut

While the board of equalizers for the city have not formally reported, it is certain that the assessed property valuations in the city will be reduced about \$200,000 under the assessments of last year, according to Mayor J. R. Singleton. The valuations last year were about \$1,480,000. They will probably reach a total not exceeding \$1,280,000 this year. The tax rate will remain the same \$1.30 on the \$100.00 assessed valuation.

HIGHWAY MEN HERE THURSDAY

All Delegates At Big Meeting In Favor Of All Of Highway No. 9 Thru West Texas

The big highway meeting in Tahoka last Thursday was a decided success.

Possibly one hundred visitors were here, nearly every town between Amarillo and San Angelo being represented. The attendance was larger than the people of Tahoka expected, in spite of rains which kept a few away.

The spirit and enthusiasm of the meeting were fine. Everybody seemed to be in favor of paving, but the meeting did not end with mere talking. An organization was formed to work in concert and without ceasing until Highway No. 9 shall be paved from Amarillo to San Antonio.

The meeting was called to order in the City Tabernacle by J. A. Brasher, who introduced Henry Ansley of Amarillo, who in turn stated the object of the meeting and was elected temporary chairman. C. T. Watson of Big Spring was elected temporary secretary. A resolutions committee was appointed and it reported recommending permanent organization. The resolution was unanimously adopted and the body went into permanent organization, accepting and recognizing Judge J. T. Matthison of San Angelo as president of the general organization, which includes all cities and towns lying along Highway No. 9 as now designated from Amarillo to San Antonio, with two divisions, one lying south of Big Spring and the other north of that city. An organization for the southern division was formed at Eden on August 4. Officers for the northern division were elected as follows: Regional vice-president for the northern division, Capt. Winfield Holbrook of Plainview, secretary, Maudy Hopkins of Plainview, it being deemed advisable to have the president and secretary residing in the same town. Two directors from each county from cities and towns on the highway were selected or will be selected at an early date.

Directors selected from Lynn county are Supt. M. L. H. Baze of Tahoka and Mayor E. M. Wilder of O'Donnell. Other directors were selected as follows: Potter county Judge Sam B. Motlow and the chairman of the highway committee of the Board of City Development of Amarillo; Randall county, to be named; Swisher county to be named; Hale county, Dr. S. J. Underwood of Hale Center and J. P. Nystel of Abernathy; Lubbock county, Judge Charles Nordyke and Jed Rix of Lubbock. Dawson county, Judge Dixie Kilgore and Judge Carl Roundtree of Lamesa; Howard county Judge M. T. Morrison and C. T. Watson of Big Spring.

It is expected that a meeting of the general organization will be called at an early date to lay out plans for the ultimate paving of Highway No. 9. It may be that it will be decided to have elections called in all the counties affected simultaneously, to vote on bond issues for paving the highway. It may be that it will be deemed wise to call elections in different counties on different dates. It is not probable that any election will be called until the people have had ample time to study and discuss the proposition. In some of the counties only Highway No. 9 will be involved. In other counties the proposed bond issues will cover other highways also. For instance, in Lubbock county Highways 9, 7, and 23 will be involved. In Lynn county, highways 9 and 24 will probably be involved, with a liberal allowance also for lateral roads in the county. In Dawson county, highways 9 and

Well, we have had no rain in some time and crops are needing rain.

Mr. and Mrs. J. C. McCarley and family will leave Wednesday morning for Florence, Williamson county, going by Snyder for a visit with a sister of Mrs. McCarley's, and then on to see her parents at Florence. They expect to be gone ten days or two weeks. They will also visit his parents. His father sent him word to bring him some cotton pickers.

Charley Nichols came in Sunday eve for a visit with his parents, and while making a turn at the school house he hit an old blown-out road, throwing him off and spraining both wrists and skinning his face up badly. He also received an ugly knot on his forehead. He was knocked unconscious for awhile, but he is getting about and getting along nicely.

Flora, one of the twins, 12 year old daughter of Mr. and Mrs. W. M. Waldrep, has been quite sick for several days but is better at this time.

Mr. and Mrs. Smith and family of Draw were here Sunday visiting H. W. Crews and family. Mrs. Crews and Lucy went to Turkey last Friday for a visit with Mrs. Crews' sister.

Ridal Nichols left Monday for Oklahoma, after a week's visit here with his parents.

A protracted meeting begins here next Saturday night and runs over the next Sunday week. Rev. Henderson of O'Donnell, a Baptist minister, will have charge of the services, probably assisted by another preacher. Everybody cordially invited to come.

Our fall term of school opens Monday, August 22, the teacher having already located in our midst. Brother and Sister Matthews come very highly recommended and we are looking forward to a very successful school year. We welcome them into our community. The assistant teacher is at her father's home at O'Donnell.

The school yard will be cleaned off this week in preparation for the school and also the meeting. They happen to both be the same week. However, it is all right, for the pupils will hardly get down to real work the first week anyway.

H. W. Crews went to Tahoka on business Tuesday morning.

Brother D. Henderson, our Sand-

School superintendent, went Sunday to see his brother, who has a very sick child.

John M. Johnson and family took dinner Saturday with Mrs. Johnson's parents, G. W. Knoy and family of Tahoka.

Mr. and Mrs. M. A. Dorman made a flying trip Saturday eve to Lubbock on business.

We had a good crowd out to Sunday School and a real good singing Sunday afternoon. We surely missed the Three Lakes young people.

What about our county fair? Are we to have one? If so, when? Mr. editor, can you enlighten us on this subject?

(Ed. Note. We understand there is to be no county fair in Tahoka this fall, except that conducted by Miss Halsey, which will be announced in these columns.)

ELIZABETH HUGHES SOCIETY MEETS

Mrs. G. M. Reed was hostess to the Elizabeth Hughes Society Monday afternoon at four o'clock.

The lesson was opened with a prayer by Mrs. John Thomas and scripture reading by Mrs. Herman Turner. The lesson was discussed with very much interest, after which a delicious refreshment plate consisting of peaches, cakes, and punch was served to the following: Mesdames C. L. Dickson, J. A. Brashear, A. P. Ort, N. M. Wyett, B. C. King, John Thomas, Herman Turner and Roscoe Roberts and Misses Viola Ellis and Imogene Flanagan.

Cotton Is Opening In Lynn County

Jim Wetsel brought to the News man Friday morning an open boll of cotton which he had taken from the field of S. B. Dean, two miles east of Garlynn, in Garza county.

He stated that he saw a number of other bolls open in that locality. He also says that crops are very fine in that immediate vicinity, promising at this time to make three-quarters to a bale per acre.

Proud of the little fleecy bouquet which Mr. Wetsel had presented to us we went around the square exhibiting it and encountered H. W. Calaway, among others. The Judge informed us that we were far behind the times, that one Mr. Robinson, who lives four miles southwest of Wilson was in that town Monday exhibiting open bolls of cotton which he had taken from his field, and that Robinson was claiming that he would have a bale ready to gin by August 25.

This early cotton was grown in insufficient to bring the plant up. Of course there will not be much cotton in Lynn county to pick for some time yet. In fact it will be the latter part of September or the first of October before the cotton picking season opens up in earnest.

MISS KETNER RETURNS FROM "COLLEGE ON WHEELS" TRIP

Miss Joyce Ketner returned Tuesday afternoon from an extended trip through the North and East which she made in company with a party of 53 young women coming from various cities and towns in Texas. Misses Leona and Marry Allen of Denton, former Tahoka girls, were also members of the party. They made the trip in motor buses and the party was known as The College On Wheels. All the principal cities of the North and East were visited, and the trip was of great educational value in addition to the pleasure which the young ladies derived from it.

J. F. McCrary of Roby, Fisher county, was here last week visiting H. J. King and family of the Dixie community.

Western Road Gets Attorney's Approval

AUSTIN, Aug. 12.—Assistant Attorney General D. A. Simmons Friday approved the charter of the Gulf & West Texas Railroad Company organized with a capital stock of \$300,000, for the purpose of building a 250-mile line from San Angelo to San Antonio.

Included in the charter also was permission of leasing of tracks to Corpus Christi and for wharfage facilities at that point.

The new line, when completed, will cover the rich mohair producing district of the State and will course in a southeast direction from San Angelo in Tom Green county, through Schleicher, Sutton, Kimble, Kerr, Kendall, Gillespie, Mason, Runnels, McCulloch, Concho, Menard, and Bexar counties.

In incorporations of the company include R. W. Morrison, J. M. Bennett and Albert Steves Sr., all of San Antonio; W. C. Blanks, R. A. Hall and John Y. Rust, all of San Angelo. J. M. Shannon, Robert Driscoll, R. M. Kleberg and W. W. James, all of Corpus Christi.

Morrison, Bennett and Steves are majority stockholders, controlling 600 shares apiece of the 3,000 with par value of \$100.

It has been predicted that this might finally become a Missouri Pacific property, which was given further credence by the proposal to lease trackage into Corpus Christi. It would give a direct line between the Missouri Pacific center at San Antonio and a connection with the Texas & Pacific via Ballinger and the Abilene & Southern, recently acquired by the Texas & Pacific.

YOUNG MARRIED COUPLE ARE KIWANIS GUESTS

Mr. and Mrs. Jack E. Jackson, popular young couple just newly married, were the guests of the Kiwanis Club at luncheon Wednesday, and Prof. M. L. H. Baze, acting on behalf of the club, presented the bride with a beautiful end table and magazine rack. Mrs. Jackson rendered a couple of piano selections and Mr. Jackson responded happily to calls for a speech.

President Happy Smith asks that we announce that the regular luncheon next Wednesday will be dispensed with and the Club will go to New Lynn for a program Friday night. This will be ladies night, and the wives and sweethearts of the members are expected to be present.

Mr. and Mrs. J. D. Bacon and family of Childress were week end visitors of Mr. and Mrs. C. W. Conway. Mrs. Bacon and Mrs. Conway are sisters.

Mrs. John F. Ward of Duncan, Oklahoma, is here spending a few weeks with her sister, Mrs. J. S. Wells.

Route of No. 84 In Terry County Still Undecided

A large delegation of Terry county citizens appeared before the commissioners' court of that county last week petitioning that body to straighten out the road tangle which exists on highway No. 84 west of Gomez in that county, according to the Terry County Herald. For more than two years a dispute has been pending as to the route of No. 84 west of Gomez. Because of this dispute no work has been done on this highway west of Gomez in two years and it is getting in bad shape, it is said. Citizens of the county are becoming impatient and feel that the matter should be settled without further delay. The people of other counties through which this highway passes will likewise be very grateful if the commissioners' court and the state highway commission can settle this difficulty at an early date.

Mr. and Mrs. E. R. Brewer and J. B. Chorn and family of Mansfield are here this week visiting relatives and looking at the country. Mr. Chorn is a druggist of his little city. Mr. Brewer is a son of Mr. and Mrs. G. T. Brewer of this place. He had some nice things to say about Tahoka and the people of the West generally. He is a regular subscriber of the News and says that after he has read the paper each week it makes its round over the town, a number of people reading it regularly. If we can get them to keep that up long enough we hope to induce them to come out and see for themselves. We have plenty of room for more good citizens.

Gas Franchise Is Up At O'Donnell

O'Donnell is offered natural gas for domestic and industrial purposes. The City Council has been petitioned for a franchise. Representatives of the gas company were present at the last meeting of the council on Thursday night of last week and asked the council for permission to furnish gas for domestic and industrial purposes to the people of O'Donnell. No action was taken by the council last week, but the matter will be taken up again, awaiting the opinion of the people of O'Donnell, before giving the company their decision.—O'Donnell Herald.

Be Patient, Says Anglin

The work of rebuilding the City electric lines is just beginning, and W. S. Anglin explains that there will be frequent interruption of the current while the work is progressing. He asks the people of the city to be patient, therefore, and cooperate with the city authorities until the work shall have been finished.

CROUCH FAMILY ENJOYS VISIT TO OLD HOME

Mr. and Mrs. W. J. Crouch returned Friday from a week's visit with friends and relatives at San Saba and Richland Springs. At Richland Springs they attended a school picnic given in honor of B. Reagan, prominent in business and political circles in west Texas, who taught school at Richland Springs for four years in the early nineties. Mr. Crouch was a member of the board of trustees for the four years that Mr. Reagan taught. Other trustees and many of the pupils were there to enjoy the occasion, and of course Mr. Crouch was called upon for a speech, and although he has given us no account of his address we are sure he waxed eloquent. Then also Mr. and Mrs. Crouch attended the San Saba county fair, and Mr. Crouch says the exhibits were fine, especially the corn. One of the features of the fair was a parade of all the old settlers who had been in San Saba county more than forty years. Although Mr. Crouch moved from San Saba to Lynn several years ago, they let him in on the parade business too and called upon him to make a speech to the old settlers. He responded, and his friends here who have heard him will know that he did full justice to the occasion. They were accompanied home by their daughter Mrs. Joe L. Brown, and their granddaughter, Mrs. Edgar A. Martin, and husband, who returned to their home Sunday.

CARD OF THANKS

(Delayed) We wish to express our appreciation and thanks to the Kiwanis Club of Tahoka for their nice program, which was so well rendered. We also extend our thanks to the band, who rendered the music. OLD GOSSIP

Rev. J. N. Hunt, pastor of the First Baptist Church of Henrietta, who is now holding a revival meeting at New Home, visited friends in Tahoka Saturday afternoon. He is a brother of Rev. Jas. H. Hunt, who was formerly pastor in Tahoka. He is an old-time friend of Mr. and Mrs. G. F. Brewer, who knew him when he was just entering the ministry, and Mr. Brewer accompanied him to the New Home office. Prospects for a splendid revival at New Home were excellent. Brother Hunt believes.

I. S. Garmoth, familiarly known as "Doc" Garmoth, was a pleasant caller at the News office Saturday. Mr. Garmoth has resided in this section and in New Mexico for a number of years and is an interesting conversationalist on any topic relating to the history and development of our country. Miss Freda Weather of Abilene is spending the week with the Weather family here.

WHAT THE HIGHWAY DELEGATES HAD TO SAY

(Continued from first page)

"When Hale county put on her first paving campaign only Highway No. 28 east and west through the county. I told them I was going to defeat the bonds. But, when the second campaign was put on for paving No. 28 and Highway No. 9 we were for it and put it over, because we saw that such a road system would benefit the entire county."

Walter Posey, banker, Lubbock: "We now have a paving campaign under way. Lubbock is for good highways and wants them leading out of the city in every direction. We realize that if the great Texas Technological College in our city is to be come that institution of service to the south plains that it should be, we must pave our highways in every direction."

L. A. Wilson, secretary Chamber of Commerce, Slaton: "We want Highway No. 9 to be re-routed to pass through Slaton. The distance would be only a few miles more between Lubbock and Tahoka, but the route of No. 9 would traverse the same route as No. 7 from Lubbock, thereby saving Lubbock some money. This would also help Wilson. And, too, by taking this route travelers would have an opportunity to see Salton (laughter). Some of you seem to think that is funny, but we are sincere about it just the same."

J. T. Williams, merchant, Wilson: "Whatever Slaton is for Wilson is for."

C. H. Cain, County Judge, Tahoka: "The day has passed when people question the value of good roads. We all know the importance of highways. When Lynn county starts out to pave the highways of this county it will do the job right. When we vote \$1,000,000 in bonds for paving the two highways across the county, I believe about \$200,000 should be spent in building lateral roads. Lynn county wants good roads, but when it votes for good roads it will want to vote for a bond issue that will be of benefit to the entire county."

Dr. N. F. Tate, O'Donnell: "O'Donnell is primarily interested in seeing Highway No. 9 paved through Lynn county. O'Donnell sees the need of good roads, and I believe our trade territory is in favor of paving bonds. We are a part of Lynn county, we are for Lynn county, and when a bond issue comes before our people they will be in favor of one that will be of benefit to all Lynn county."

Dixie Kilgore, County Judge, Lamesa: There is no organization for road bonds in Dawson county, but our people are for good roads. We have some good dirt roads in our county. There is now about seven miles of freshly worked road. Our people want to see Highway No. 9 paved from one end to the other."

C. T. Watson, secretary of the Chamber of Commerce, Big Spring: "One of the main things that scares the people into voting down road bond issues is the question of taxation. Nearly always this is over-emphasized. A short while before I left Lamesa where I was chamber of commerce secretary and county agent, a man who owned a good deal of property in that county made the remark on the streets that the county agent was costing him too much, that he was not worth the money, and that the county should get rid of him. A friend told me what this man had said. I went to the tax rolls and figured out that that man was contributing through taxation 6 cents a year to my salary. I showed him the figures, and I will say for him that he was big enough to admit that I was right."

Howard county has some good roads, but our people want to see them improved and to see Highway No. 9 paved all the way through Texas."

R. D. Young, San Angelo: "Forty-five miles of Highway No. 9 through our county is already hard surfaced. We lack 10 miles on this side of the city and 32 miles on the other side having it all paved. We have the money in the bank to pave 7 highways leading into San Angelo. Ultimately all of Highway No. 9 will be paved through Tom Green county. San Angelo is ready to aid any other county along this highway in putting over their bond issues."

Claude C. Wilde, manager Board of City Development, San Angelo: "Highway No. 9 is one of the important roadways of the nation. Over it travel the people of many states. But, Highway No. 9 has competition; other highways, such as the Colorado to Gulf, are making improvements, and will soon be paved from end to end. To hold the place it now has and before it can expect to have any noticeable increase in traffic, we count-

ties which lie along its route in West Texas must pave. This highway affords the shortest distance between the northwest and the coast, and is the logical road for travel, but the day is passed when people will travel over dirt roads. They want paved roads and nearest distances so it will make little difference with them if it rains."

M. L. H. Base, Tahoka: "We invite you people while you are in Tahoka to take a look at our city. Note that what we have is built for per-

manancy. Drive out to our new high school building a few blocks west of here. This is said by those who know to be one of the best built school buildings in the entire state of Texas. On your way home, those of you who go that way, take a look at O'Donnell and the fine high school building that that city has. O'Donnell has grown from a mere village to the town it now is in only a few short years."

NOTICE TO THE PUBLIC

Any erroneous reflection upon the reputation or standing of any individual, firm or corporation, that may appear in the columns of the News, will be gladly corrected when called to our attention.

A number of recently devised cotton picking machines are to be tested out this fall, some of them on the south plains. It is to be hoped that some of them prove to be highly successful. He who succeeds in inventing a machine that will successfully gather the cotton and take the school children of Texas out of the cotton fields will be a public benefactor. We believe that children should be taught and required to work; but we do think it is a calamity that the farm child must spend or does spend three or four months in the cotton field when it should be in the school room. We hope that the time may not be far away when every child in Texas will have the opportunity to attend school nine months every year.

Two Amarillo firms paid \$3,675,000 the past year for dairy products to farmers in Amarillo's trade territory. That is the equivalent of 36,750 bales of cotton at \$100.00 per bale. The production of milk and butter for the market has become no mean business. The south plains section is just as well adapted to the production of these valuable commodities as the north plains, and there is no reason why this should not become, in time, one of the greatest dairy regions in Texas.

The City of Roscoe has just completed a sewer system.

CHILDREN'S FATAL DISEASES

Worms and parasites in the intestines of children undermine health and so weaken their vitality that they are unable to resist the diseases so fatal to child life. The safe course is to give a few doses of White's Cream Vermifuge. It destroys and expels the worms without the slightest injury to the health or activity of the child. Price 55c. Sold by

It may not be immoral to smoke cigarettes. We do not contend that it is. But it is injurious to the health, especially in the case of young boys. Not only is it injurious to the health, it stunts the mental faculties. Thousands of high school boys in Texas are failing to make their grades and are dropping out of school every year as a consequence of having contracted the cigarette habit. Boys, let's don't smoke.

OPPORTUNITY

In the future the railroads built in the plains section will be headed toward the Gulf of Mexico. We should begin right now to raise a sizeable bonus to be given to the builders of a north-south railroad through here. —Big Spring Herald.

It was an Englishman who conceived the oft-quoted "Westward the star of empire takes its way." America with a crowded Atlantic seaboard, and an undeveloped west learned to use the expression as she sent her pioneers across the rivers and prairies to expand the Nation. Horace Greeley added his homespun advice to youth, "Go west!" Now the west has built up. It is still building, it is still developing, but the West has learned that it can not turn to the East slope for its trade territory. South of it lie the two other Americas, eager for American goods, American produce, American initiative. South of it lie ports with facile clearance for the vast trade openings below the lazy belt of coral seas. There are better rail connections to the eastward, of course. That fact and the long start of eastern ports of clearance have served to make the Atlantic seaboard. But the cry now is for direct connection and direct trade. Railroad building represents a heavy investment. Railroads radiate on the spider web plan now from great centers and change can not be accomplished without time and consideration. But a State the size of Texas lends itself to the checkerboard plan. Big Spring is right. It is going to have its north and south railroad sooner or later. Texas is large enough to justify two great north and south systems.—State Press in Dallas News.

FOR A WEST TEXAS HIGHWAY

Of the thousands of tourists from South Texas who pass through Amarillo each summer all except a very few travel by way of Ft. Worth and the Colorado-to-Gulf highway. They see little or nothing of West Texas or the Plains country. They use No. 5 route because it is an accepted one, with considerable paving.

If there were a paved route through West Texas, from San Antonio or Austin or Waco to San Angelo, thence to Amarillo, it is safe to say that 50 per cent of South Texans would help the rest of the state to know West Texas and the Plains region. It would bring about that closer kin-

ship between section and section, that our state needs.

Such a highway is now in prospect. At the meeting at Tahoka Thursday, the movement was started in such a way and under such auspices as to give splendid promise of rapid consummation. Communities along the route showed every disposition to join hands and work together for its establishment as a paved highway. It is planned to finance the paving in such a way that it can be done pretty much as a whole, instead of as a piece-meal undertaking. The enthusiasm and the harmony which marked the Tahoka meeting will continue, let us hope, until the project is realized.

To value a highway in terms of tourist travel alone is to under-value it, of course. We made reference above to the route's possibilities as a tourist traffic-way merely to indicate its importance as a part of the State's road system. The tourists it will bring will be worth much, but the local travel that it will make possible will be worth far more. If it were just a local project, connecting this city with Lubbock and Plainview, for example, it would be well worth all the effort and time and money we put into it. How much more valuable would it be as a real north-south highway across West Texas!

It is an undertaking that every community involved should work for with all its might.—Amarillo Daily News.

ABOUT A BEAST THAT MADE TAHOKA FAMOUS

A few weeks ago we recorded the alleged antics of a strange animal that was said by perfectly sober and reliable gentlemen to have established his habitat in a farmer's field a few miles east of town. It is the business of a newspaper to record all important events occurring in the community where published, and therefore we gave this unknown and unwelcome intruder a bit of free publicity. Thus the story went abroad and a lot of denizens of other regions have since been inquiring as to what peculiar brand we manufacture out here above the cap rock. The Abilene Times ran the story in its columns and one Mr. "Slyboots" of that publication thereupon comments as follows:

ALL I know is WHAT I see HAPPEN AND FOLKS TELL me AND SINCE my neighbors ARE GONE on a VACATION NOTHING IS HAPPENING AND SINCE THE gossip-her IS SICK in bed AND THE gossip-her HAS GONE on a FISHING TRIP down on THE CLEARFORK or CONCHO, OR some other SEMI WATER course and HE HASN'T written me HOW FINE it is and how HE WISHES I was there OR HOW the biggest one escaped I DON'T know much BUT I read in the Times THE OTHER night ABOUT THE folks out at TAHOKA IN Lynn county ON THE CAP of the Caprock BEING ALL excited OVER SOME kind of NEW KIND of animal ABOUT THE size OF A dog but RESEMBLING A CAT THAT HAS stripes A GROWL and a long tail THE BEAST is prowling around IN THE farmer's fields in A VERY quiet and inoffensive way APPARENTLY LITTLE disturbed and NOT AT all hurt by WHACKS OVER the head WITH STICKS or shots FIRED FROM a gun at close range ALL OF which sounds QUEER TO me but THE FELLOW who WROTE THE story SAYS IT'S no Fable and THE VOLSTEAD Act is being RIGIDLY ENFORCED IN THAT vicinity I WOULD like to suggest THAT MIRAGES are very bad ON THE plains ABOUT THIS time and THAT Mr. WEBSTER defines A MIRAGE as an optical ILLUSION ARISING from AN UNEQUAL refraction IN THE lower STRATA OF the atmosphere. WE THANK you. —SLYBOOTS

Bert Murphy and his mother Mrs. Evans of Hubbard, Hill county, spent a few days here visiting Mrs. M. C. Finch, who is a daughter of Mrs. Evans and a sister of Mr. Murphy.

MR. AND MRS. W. J. CROUCH ARE HERE ON VISIT

Mr. and Mrs. W. J. Crouch came in Friday to attend the Reagan picnic, visit their daughter, Mrs. Joe L. Brown, meet their old friends and take in the San Saba Fair. The years have been kind to Mrs. Crouch and she still wears that saintly, motherly look, but it is different with Mr. Crouch. The winds have whipped off his goatee and left his mug bleak and bare, time has tried to furrow his cheeks and plant crow's feet on his forehead but it hasn't done much of a job but the wind and weather have played havoc with his once raven locks and knocked out a few front teeth, but he appears just as happy as if he lived in a good country where he didn't have to teach the guff frogs to swim. Anyway, we are glad that he is back with us for a few days and wish he would make it permanent.—Richard Spring Eye Witness.

Yes, it is different with Mr. Crouch. He looks saintly enough but not a bit motherly. His goatee, however, was not whipped off by the winds but by a Safety razor. He has had no use for a goatee since leaving the goat country. As for his "mug", it is not bleak, man. It is just as beaming and radiant as the sunrise; and we have noticed that raven locks have a way of turning gray and front teeth have a way of getting away from us in this old world of ours, wind or no wind. We have been told that this happens even in San Saba county. As for our wind, you do not give it credit for what it is really worth. It is the wind that pumps our water from the depths of Mother Earth up here in these plains, much of it being the purest and best water on earth. It is the wind also that brings the moisture from the gulf and the oceans and deposits it here on these high and level plains, making this one of the most fertile and productive countries on earth. Say, by the way, how much cotton and maize and wheat did you raise down in San Saba last year, Brother Munsell?

LUBBOCK SANITARIUM NOTES

(From Lubbock Sanitarium News) Miss Dorothy Shaw of O'Donnell had a tonsil operation Wednesday. Miss Minnie Lowrie of O'Donnell is in the sanitarium, having had her tonsils removed Wednesday. Troy Burdette, a five year old child from O'Donnell had his tonsils removed this week. Mrs. W. H. Crunk of O'Donnell who was operated on last Tuesday, is convalescing nicely.

Mr. and Mrs. Lindley left Monday for Rannels county for a visit with relatives.

Mr. and Mrs. Davis' baby has been real sick but is some better at present.

Mr. W. L. Kuykendall was out on his farm Monday morning.

Mesdames H. W. Crews came in last Wednesday from a visit with relatives in Waco.

Ridal Nichols and Lawton Payne came in from Oklahoma for a visit with relatives and friends.

Uncle Jim Nichols is talking of selling out his crop and leaving us.

Rev. Shattuck preached us a real good sermon Sunday morning to a large audience, and then Sunday eve Rev. Shumake of Post preached a real good sermon to a good crowd.

Mr. and Mrs. Bob Shewmake and family and a crowd of young people of Three Lakes were at church Sunday eve. We always welcome you, Three Lakes.

Algie Andrews and wife of O'Donnell and two sisters, Wilma and Beatrice, were with us Sunday.

Mrs. Andrews and daughters of Jewmoore were visiting Mrs. R. L. Moore Thursday eve.

Mr. and Mrs. W. M. Waldrep threw open the doors of their beautiful country home last Wednesday night to a few of their friends for a musical entertainment, and incidentally some of the old-time, used-to-be square dancers found out to their surprise that they had gotten a little bit out of practice. Nevertheless, a jolly good time was enjoyed until a late hour, and after refreshments were served all went away fully convinced that Mr. and Mrs. Waldrep were hard to beat as host and hostess.

Mr. and Mrs. Rube Wells and family and niece, Miss Cleone Wells of Tahoka were among the bunch at Mr. Waldrep's last Wednesday night. Mr. Whittington and Mr. Morris made the music with Miss Cleone Wells as piano accompanist.

Mr. and Mrs. J. H. Dorman and Ioman Johnson went to Redwine Saturday to visit her sister, Mr. and Mrs. Cecil Caraway, returning Sunday.

Mrs. Ruth Benson returned home Thursday to Dixie. Calvin and Dorman and wife went with her for a week-end visit.

A protracted meeting will begin here Saturday night before the 3rd Sunday in August, with Rev. Henderson of O'Donnell as preacher, with some help.

It has been talked that school will begin here in a week or two and continue possibly two months, then will come crop harvesting, then school will resume, the time to be set later.

The infant daughter of Mr. and Mrs. Lawton Payne was born August 4 and died August 5. Funeral services were held at the home of R. L. Moore by Rev. Henderson of O'Donnell, and the remains were interred in the Tahoka cemetery. A number of relatives and friends followed the remains to the last resting place. The precious flowers that seem to us, are like roses, budded here to bloom in Heaven. To the parents it is sorrow, but not grief, for they are of its safety in Paradise.

CARD OF THANKS

We wish to express to the good people of New Home our sincere thanks for the loving kindness shown to us in our time of trouble and sorrow in the death of our dear husband and father. And especially do we thank the good family of Mr. Goad in whose home we were at the time of his death. Also we thank the kind gentlemen who sat up with us, the pastor and kind neighbors who sent in such a splendid meal. No words are strong enough to express our feelings. May God's richest blessings rest upon this community that is so filled with His own loving spirit, is our prayer.

Still hot as dry! Some think we need rain while others seem to think we don't need it yet on the cotton. But the gardens are needing rain badly.

Mr. and Mrs. Frank Liseby and family left Wednesday night on a pleasure trip to Hico, Hubbard, and other eastern points. They will be gone some two or three weeks.

Mr. and Mrs. Levi Nordyke returned home Wednesday from a visit with relatives at Cottonwood.

Mr. and Mrs. Rob Luttrell and Jack and Tom Henry of Redwine community visited Mrs. Luttrell's, Jack's and Tom's sister, Mrs. Bud Rhodes, of Stamford last week.

Mr. Hanes and children spent the latter part of the week with Mr. and Mrs. Henderson of Redwine and attended the revival.

Our Sunday School was smaller than it has been in quite awhile, only forty-eight. Some were on vacations, others were attending the near-by revivals. But we had a good service and a fine Sunday School lesson.

Next Sunday Brother Shumake will be with us again and then the next Sunday our revival begins. We invite every one to attend it all they can.

Miss Bella Traweek visited her

George Bivens, colored, has gone down to San Angelo to attend the West Texas Baptist Association, colored, and will thence go to his old home at Brenham. He stated before leaving that he expected to come back about cotton picking time with a truck load of negroes to help pick Lynn county's cotton crop.

The News editor received a communication this week from Mrs. Ira Jenkins, formerly Miss Louise Shalkin, who taught Spanish in the Tahoka schools in 1925-26, stating that she now resides at McAllen, in the lower Rio Grande Valley, where her husband is engaged in the real estate business, and she invites any Tahoka folks who are thinking of making a change to come and see them and their country.

Grover Stewart In Pea-Hog Business

In conversation with a News representative Saturday, Grover Stewart stated that he had 65 acres of black-eyed peas on his farm in the Midway community and 340 acres of feed. He is raising hogs on a big scale and has some of the best hogs in Texas. One animal less than five months old now weighs 175 lbs. We will soon ship a carload and will have another car to ship in the winter. He raised a nice little wheat crop this year also, and is supplying many of his farmer friends with seed wheat for fall planting. He also has a little cotton patch of 300 acres on his farm, which now promises a big yield. Cotton, wheat, feed, hogs, and poultry are a good line-up on any farm. Mr. Stewart is finding that diversification pays. Of course, Mr. Stewart's tenants are doing the work and the real dirt farming, otherwise his farming operations might constitute an entirely different story.

TIPPIT RETURNS HOME PLEASED WITH LYNN

About a month ago T. I. Tippit and family became discouraged concerning Lynn county's crop prospects and left the country for a visit with relatives in other parts of the state, thinking that he might find a better place to live. This week they returned home all pepped up over conditions here. Mr. Tippit says that old Lynn county looks good enough for him that the crops here are about as good as any to be found anywhere in that part of the state he and his family traversed.

He reports that the weevils are at work in Bell and Coryell counties and that the worms are playing havoc with the Collin county crop. Other central Texas counties are likewise affected. Parts of Oklahoma have good crops, but the worms are also working in many sections there.

Coleman Wells reports that Claude Harper, living on Mr. Wells' farm 4 miles north of town, brought in a stalk of cotton with three open bolls on it Saturday. All of which reminds us that it will not be long till the gins will again be making sweet music in Tahoka.

Homer Butler and family left for their home at Henrietta Monday, after a few days visit here with the family of J. C. Welch and other relatives and friends.

Mr. and Mrs. T. M. Dobbins of Roscoe came Tuesday to spend a few days with Mr. and Mrs. Grover Stewart, Mrs. Stewart being their daughter.

E. Lam informs us that he has bought an interest in a gin at Sudan and that he expects to remove his family to that little city about September 1. Mr. Lam and family have resided in Tahoka many years and the people here will regret to give them up. Hope they come back.

THE LADIES CLUB REPORT OF MEETING AT T-BAR

(Delayed) The ladies' C. H. D. C. of T-Bar met Thursday eve with Mrs. R. L. Moore. The house was called to order by Vice-Pres. Mrs. W. H. Crews. After song and prayer the roll was called by the secretary. After the business meeting refreshments were served to the following: The officers above named, Mesdames John Moore, J. M. Johnson, J. C. McCarley, J. A. Beasley, Jim Nichols, Leslie Crews, Andrew W. M. Waldrep, M. A. Dorman, and Misses Crews, Andrews, Nichols and Moore. The next meeting will be with Mrs. D. Henderson, on the first Thursday in September. Subject: Vegetable Cookery. All members must bring a good report at this meeting. Owing to a death in our community there was no reporter at the county council Saturday.

The tomato growing industry of East Texas has grown to such proportions that the nation depends on the section for this vegetable during the intermediate season between shipments from the early regions such as the Rio Grande Valley, Florida and California, and the later movement from the Northern states.

GATESVILLE PEOPLE LIKE PLAINS COUNTRY

Mr. and Mrs. N. E. Foster and their son, Neil S. Foster, and wife were here for a short time Friday, visiting Mr. and Mrs. J. S. Boyd. The elder Mr. Foster is also an old-time friend of Burton and Jack Edwards, having known them as boys, and he came very near telling some tales out of school on Jack. Neil Foster informed us that he taught in the Tahoka High School in the winter and spring of 1923. Some of the high school pupils of that day will probably remember him well. He is now principal of the Gatesville High School and Mrs. Foster teaches in the grades.

The Fosters had been out to El Paso, to the Cavern, Roswell, thence to Hereford and Amarillo, coming from there to Tahoka. They were simply delighted with the plains, the elder Mr. Foster declaring it the prettiest country he had ever seen.

Mrs. M. M. Boyd and little daughter Pauline, returned to their home at Amarillo Monday after a week's visit here with her parents, Mr. and Mrs. W. L. Knight. She was accompanied home by Mrs. J. E. Nance and Mrs. K. F. Knight for a few days visit.

Mr. and Mrs. T. O. Bray of Ranger, old time friends and neighbors of the editor and wife, were here last Thursday on their way to Roswell and visited in the editor's home a short time.

Mr. and Mrs. E. C. Blankenship of Fort Worth are spending the week here as the guests of Dr. Townes and family. Mrs. Blankenship and Mrs. Townes are cousins.

D. H. Goodnough and family left Tuesday for a few days visit with relatives at Gorman in Eastland county. Harlan Cook is keeping shop for Mr. Goodnough during his absence.

Mrs. S. E. Reid and daughter, Miss Lilla Maie, accompanied Mrs. J. T. Bovell, who had been visiting here, to Abilene. On Sunday Mr. Reid, Kenneth, and Homer Harrison drove down to Abilene, returning that afternoon with Mrs. Reid and Miss Lilla Maie.

The assessed property values in the city of Plainview amount to \$6,443,061, which is a half million dollar increase over the valuations last year.

Mr. and Mrs. L. L. Burke and son Speck of Vernon spent Sunday here with Mrs. Burke's parents, Mr. and Mrs. E. N. Weathers.

R. H. Turner and W. E. Taylor spent the first of the week at Two Draw Lake fishing. They claim to have had some good catches.

Mr. and Mrs. W. O. Thomas and their guests, Mrs. S. B. McCubbin and Miss Dorris Wilkinson of Amarillo, returned Tuesday from a visit to Roswell and the White Mountains. Mr. Thomas reports that a hi-jacker was working the highway on the day before, having held up two or three different individuals, but was captured by the sheriff at Plains in Yoakum county. Mr. Thomas was rejoicing that he waited until Tuesday to make his return.

Grassland News

The Nazarene meeting, which has been in progress for the past two weeks, closed Sunday night. Brother Lynn of Quannah did some fine preaching during the whole meeting. Miss Pribble Adams, who was operated on in a Lubbock sanitarium two weeks ago, is at home and getting along real well.

Mr. and Mrs. A. W. Greer are visiting in central Texas.

Mrs. E. W. Hart of this place is visiting her children in Abilene.

Mr. and Mrs. Price Thomas and little daughter Hazel and Mrs. Anna Choat are in Oklahoma visiting relatives.

Mr. and Mrs. Lewis Childs and Mrs. Warren Mahan and daughters of Shelby county have been visiting relatives and friends here.

Mr. and Mrs. Man Melton and children are again living in Grassland, after spending several months in the Crane oil field. They are living at the Frank Williams place.

Mr. and Mrs. Lynn and son of Bula have been here attending the Nazarene meeting. Mr. Lynn is a brother to the Evangelist. Mrs. C. G. Watson of Bula came with the Lynns. She is visiting with the family of her father, Mr. A. A. Lawson.

Mr. and Mrs. Cleve Aten and family of near O'Donnell were visiting friends in Grassland on last Sunday.

Mr. and Mrs. Davis Key were here attending the Nazarene meeting, as they stopped off a few days. They are traveling toward Arizona, where Mr. Key's father lives.

Misses Minnie Hood and Naomi Lawson have gone to Wyoming, where Miss Hood will teach this winter.

Mrs. Lon Crawford and son Velton and daughter Ruth are here visiting Mrs. Crawford's daughter, Mrs. High Turner.

Mr. and Mrs. Earl Hicks, who live beyond Post, have been here attending the Nazarene meeting.

Mrs. E. M. Walker entertained her Sunday school class and the senior B. Y. P. U. class in her home Tuesday evening last.

The Mothers Club will give a program and sell ice cream and cake on the school campus Friday night, August 19.

Messrs. J. C. and J. J. Walker have gone to Portales, New Mexico, for a few days.

The Methodist protracted meeting will begin at this place on next Sunday the 21st. Rev. W. C. Hart of O'Donnell, the pastor, will do the preaching.

Mrs. Wiley Garrett of Lubbock is visiting with the family of her nephew, Mr. R. A. Ferguson.

Prof. and Mrs. Melvin Harper of Clear Lake, Collin county, were here Monday as the guests of Mr. and Mrs. E. J. Cooper. They had been visiting relatives at Tulsa, and were returning home. Prof. Harper teaches in Collin county and is naturally interested in school buildings. It was the pleasure of the editor to show him through our new \$100,000 school building, and he expressed great admiration for the structure.

S. R. Kemp has begun the construction of a neat six-room residence next door to the W. G. Tarrence home. It will be finished with stucco and will be an attractive home.

Miss Naomi Lawson and Miss Minnie Hood of Grassland left Tuesday for Wyoming, in which state they will spend a few weeks visiting and enjoying the scenery. Miss Lawson is one of the teachers in the Grassland school.

Mr. and Mrs. Lon Taylor of Temple are here visiting the latter's mother, Mrs. L. S. Kuykendall. Mrs. Taylor is better known here as Tula Kuykendall.

Mrs. R. T. Bland and daughter, Miss Mary Belle, returned to their home at Sweetwater Sunday, after a visit of several days here with Mrs. W. S. Swan, a sister of Mrs. Bland.

ACUTE ATTACKS Of Indigestion Helped By Black-Draught. Black-Draught was recommended to Mrs. Reatha Edmondson, of Williamson, N. Car., by her father-in-law. She says: "Shortly after I became a bride, I had a spell of indigestion, and my father-in-law told me to take a dose of Black-Draught. I had never heard of it before, but I tried it, and got such quick relief. I have turned to it ever since. "About three years ago, I began having acute attacks of indigestion real frequently. I would feel severe pains through the lower part of my body, and they were accompanied by bad gas pains. I took a systematic course of Black-Draught and soon began to feel better. The acute attacks disappeared." Try Theodor's Black-Draught for indigestion. You can get it everywhere. Theodor's BLACK-DRAUGHT Purely Vegetable

Cooking Chats with 6 Famous Cooks

SOUPS AND THEIR SERVICE

(Editor's Note: This is the first of a series of special cooking articles by 6 famous cooks, running exclusively in this paper.)

One of the finest aids to good digestion is a good soup. Most Americans neglect this healthful dish. The French, noted for their good cookery, are expert soup-makers, and make innumerable savory, tempting varieties. Eventually, it is said, every meat and vegetable finds its way to the French soup pot.

Soup is really a messenger. It tells the stomach to get ready for the meal to come, and gets the digestive juices to working.

Light Soups with Big Meals

Bouillions or clear soups, piping hot, are best to serve with big meals. Where soup is the main course, heavy cream or vegetable soups should be served.

Mrs. Belle DeGraf, home economics counselor, San Francisco, highly recommends Copsas Tomato Soup.

Copsas Tomato Soup

- 1 quart stewed or canned tomatoes
- 1 carrot cut fine
- 1 onion cut fine
- 1 cup celery cut fine
- 1 green pepper shredded
- 1 whole clove
- 1/4 teaspoon peppercorns
- 1 teaspoon salt
- Dash of white pepper

Put all ingredients into a saucepan and simmer about half an hour. Strain and reheat. Pass grated cheese or add 1 tablespoon to each serving. This makes a hearty dish.

Washington Chowder

Washington chowder is almost a meal in itself. Add a simple salad and dessert for a well-rounded menu. The recipe is from Miss Margaret Allen Hall, nutrition specialist, Battle Creek College of Home Economics.

- 2 medium sized potatoes
- 1/2 small onion
- 1 cup stewed tomatoes
- 1 cup milk
- 1/2 cups water
- 1 teaspoon salt
- 1 cup corn
- 1 cup cream

Slice the onion and cook with the potatoes in the boiling salted water. When tender, add the tomatoes and corn and bring to the boiling point. Heat the cream and milk and add to the vegetables just before serving. (1 1/2 tablespoons milk and two tablespoons melted butter may be used in place of one cup of cream.)

Cucumber Soup

An unusual way to prepare cucumbers is given by Mrs. Sarah Tyson Rorer, the Philadelphia cooking authority—cucumber soup.

Grate two large onions and one large green pared cucumber into a pint of water. Cover and simmer 15 minutes.

Add 1/2 quart of milk and two tablespoonsful of cornstarch moistened in a little cold water. Stir until it boils. Add two tablespoons of butter and stand to keep warm. Season with salt and pepper when serving.

Cream of Celery

Mrs. Rorer's celery soup is simple to prepare. Chop fine and sauté outside celery to make a pint (2 cups). Cook for 15 minutes in a pint of boiling water.

Add a pint and a half of milk, a teaspoon of salt and a dash of pepper. Rub together two tablespoons each of butter and flour. Add the soup constantly until it comes to the boiling point. Strain and serve.

The modern oil stove is a great saver of time and energy. No hissing is required; no bulky fuel storage. And the heat is so easily controlled.

The Best Base

Thin white sauce is the basis for cream soups. Use the following proportions:

- 1 tablespoon flour
- 1 tablespoon butter
- 1 cup liquid (milk or stock, or a combination of the two)

Melt butter and stir in flour gradually. Stir constantly until foamy. Add liquid slowly, stirring all the time to prevent lumps. Bring to the boiling point.

Make white sauce in a double boiler to prevent scorching.

Suggested Soups

With the white sauce base many soups can be made. For potato soup, add 1/2 cup mashed potato and a small onion for each cup of white sauce.

Good cream of tomato soup is made by heating separately 1/2 cup of tomato for every cup of white sauce. Add a teaspoon of soda to tomatoes to prevent curdling. Bring white sauce to the boiling point, stir the tomatoes into the white sauce.

Peanut butter soup, especially liked by children, and good for invalids, is made by adding 1 tablespoon peanut butter to each cup of white sauce.

Formal Service

When entertaining formally, the table will be set with service plates. Serve the soup in bouillon cups or soup plates with saucers under them.

Drink from Cups

When clear soups are served in bouillon cups, it is permissible to drink from the cup after tasting 3 or 4 spoonfuls.

Of course the soup is always dipped from the back of the plate. Like little boats put out to sea, I dip my spoon away from me. Soups are always relished, especially on cool days. Work them into your menu often.

Soup belongs in the diet. Don't neglect it.

An easy way to clean oil stove burners is to boil them in sal soda, very thoroughly.

Warm lemons before squeezing. You will get more juice.

CITATION BY PUBLICATION

STATE OF TEXAS

To the Sheriff or any Constable of Lynn County, Greeting:

You are hereby commanded to summon G. W. Small, Administrator, of the Estate of Ferdurand Becker, Deceased, and the heirs of Ferdurand Becker Deceased, whose names are unknown, to appear at the next regular term of the District Court of Lynn County, Texas, to be held at the Courthouse thereof, in the City of Tahoka on the 3rd Monday in September, A. D. 1927, being the 19th day of September A. D. 1927, then and there to answer a petition filed in said Court on the 18th day of August A. D. 1927 in cause Numbered 692 wherein B. H. Robinson is Plaintiff and G. W. Small Administrator of the estate of Ferdurand Becker Deceased and the unknown heirs of Ferdurand Becker are defendants, the cause of action being alleged as follows: (See certified copy of Plaintiff's original petition accompanying this citation and made a part thereof.

B. H. Robinson vs. No. 692, G. W. Small, Administrator et al. In the District Court of Lynn County, Texas, September Term, 1927.

To the Honorable Judge of said Court:

Now comes B. H. Robinson, hereinafter styled plaintiff, complaining of G. W. Small, administrator of the Estate of Ferdurand Becker, deceased, and the unknown heirs of Ferdurand Becker, deceased, and for cause of action, plaintiff would respectfully represent to the court:

1. That the plaintiff resides in Lynn County, Texas, that the defendant, G. W. Small, administrator of the estate of Ferdurand Becker, deceased, resides in Lynn County, Texas, that said Ferdurand Becker died on or about the 23rd day of December, 1922, and that thereafter on or about the 26th day of December, 1922 G. W. Small was appointed by the county court of Lynn County, Texas, as administrator of the estate of said Ferdurand Becker, deceased, and duly qualified as such and as such administrator the said G. W. Small has never been discharged and is still the qualified acting administrator of the estate of said Ferdurand Becker, deceased, and that the names of the heirs of Ferdurand Becker, deceased are unknown to the plaintiff and that the place of residence of said heirs of said Ferdurand Becker, deceased, are unknown to this plaintiff.

2. That on or about the 1st day of January 1927, the plaintiff was lawfully seized and possessed of the following described land and premises, situated in Lynn County, Texas, holding and claiming the same in fee simple, to wit: Being 200 acres of land out of the S. W. corner of Survey No. 14, Abstract No. 644, Block No. 7, Certificate No. 624, of the E. L. & R. R. R. Company, and being described by metes and bounds as follows, to wit:

Beginning at the S. W. corner of said section No. 14, for the S. W. corner of this tract;

Thence north on the west line of said survey, 1129 Vrs to a point for the N. W. corner of this tract;

Thence east parallel with the south line of said survey, 1000 vrs. to a point for the N. E. corner of this tract;

Thence south parallel with the west line of said survey, to the south line of said survey, 1129 vrs. for the S. E. corner of this tract;

Thence west on S. line of said survey 1000 vrs. to the place of beginning, and containing 200 acres of land, all being in Lynn County, Texas.

3. That on the day and year last aforesaid the defendants unlawfully entered upon said premises and ejected plaintiff therefrom, and unlawfully with holds from the possession thereof, to his damage in the sum of \$2,000.00.

4. That heretofore, to wit: on or about the 5th day of June, 1918, J. H. Edwards, as sheriff of Lynn County, Texas, by deed of that date, conveyed to, among others, F. Becker, who is the same person as Ferdurand Becker, deceased, all of said Survey, No. 14, Abstract No. 644, Certificate No. 624, E. L. & R. R. R. Company, which included the said 200 acres above described, said deed having been executed by virtue of an execution issued by the District Clerk of Lynn County, Texas, by virtue of which said execution the sheriff aforesaid levied upon and sold said lands above described and made the deed of conveyance aforesaid.

5. Plaintiff would show to the court that at the time of the levy of said execution upon said lands, and at the time of the sale of said lands aforesaid, the said lands were the property of Jack Alley and his wife, Effie Alley and that at the time of said levy and sale and at the time of the execution of said deed aforesaid, the said Mrs. Effie Alley was occupying, using, claiming the said 200 acres of land above described as her homestead, she having never abandoned same as her homestead and that said levy, sale and conveyance of said land by said sheriff aforesaid as to said 200 acres above described was void as to the said Mrs. Effie Alley and her husband, Jack Alley and that the said Mrs. Alley, joined by her husband, Jack Alley, conveyed said 200 acres of land above described to this plaintiff by their deed of conveyance, dated the 6th day of December, 1924, and that said sheriff's deed cast a cloud upon plaintiff's title.

6. Plaintiff would further show to the court that plaintiff and those under whom he claims title that he and they have had and held peaceably, continuous, and adverse possession under title, from and under the State of Texas, of said 200 acres of land above described at paragraph No. 2 of plaintiff's petition, for more than three years after the defendants cause of action accrued, and before the commencement of this suit.

7. And now comes the plaintiff, and for further plea, would show to the Court that the plaintiff and those under whom he claims title has had and held peaceably the lands and premises described in paragraph 2 of this petition and claimed by him aforesaid and adverse possession of same, cultivating, using and enjoying the same for a period of more than 10 years next after defendants cause of action accrued and before the commencement of this suit.

Wherefore, premises considered, plaintiff prays that the defendants be cited to appear and answer this petition and that upon final hearing hereof, he have judgment for the title and possession of said lands and premises described in paragraph No. 2 of this petition, that said sheriff's deed mentioned in paragraph No. 4 of this petition be cancelled, held void so far as it affects the title to said 200 acres of land described in paragraph No. 2 of this petition, that the cloud cast upon plaintiff's title to said 200 acres by reason of said deed be removed, and that a writ of restitution issue, and for his damages, and all costs of suit, and for all such other and further relief special and general, in law and in equity, that plaintiff may be entitled to and in duty bound plaintiff will ever pray.

The Ideal Tahoka Citizen

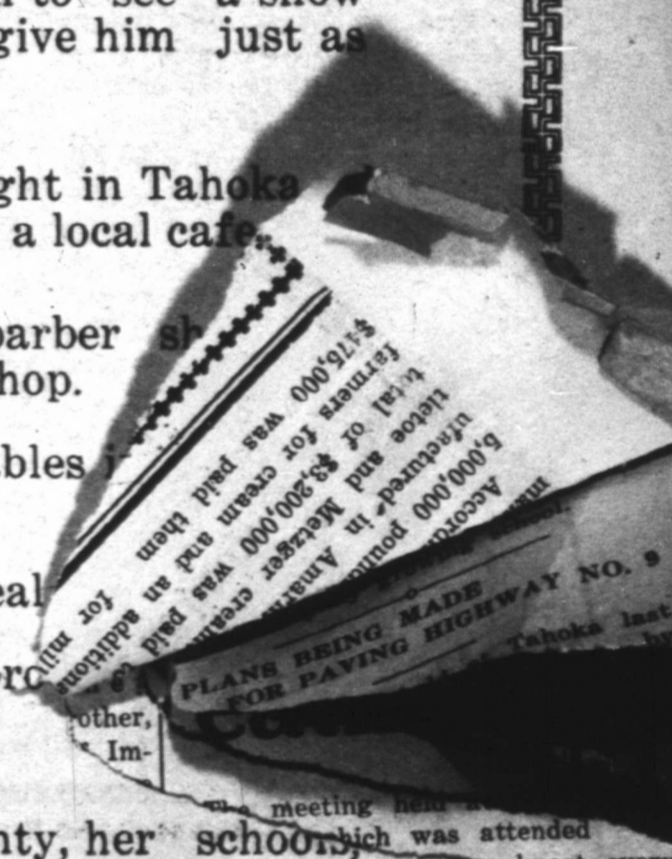

- Buys his clothes and other dry goods from Tahoka dry goods dealers.
- Buys his groceries from home stores
- Eats Tahoka baked bread.
- Has his clothes cleaned by home tailors and the home laundry.
- Purchases his car through a home dealer, fills it up at one of the near-by filling stations, and has it repaired at a home garage.
- Builds his home of lumber from the local lumber yards.
- Then furnishes it with furniture bought in Tahoka.
- Buys his farm tools, carpenter tools, and other supplies in that line from home hardware merchants.
- Calls a home town doctor when he gets sick and buys his medicine at the local drug stores, at the same place where he buys his stationery, candies, smokes, drinks, etc.
- Lays up a savings in a home bank, and is always ready to meet his obligations.
- Does not go to a neighboring town to see a show when his home town theatre can give him just as good entertainment.
- Urges his friends to spend the night in Tahoka one of the fine hotels and to eat at a local cafe.
- Gets his hair cut in a home town barber and his shoes mended at a home shoe shop.

NEARLY \$4,000,000 PAID FARMERS BY 2 AMARILLO CREAMERIES PAST YEAR

Farmers in the Amarillo territory have been paid almost four millions of dollars in the last year by two Amarillo creameries for the milk and other products of their dairies.

The actual cash paid out is \$3,675,000, the Rotary club was told yesterday noon at its weekly luncheon by A. E. Gustafson, manager of the Metzger creameries. The meeting was held at the Amarillo hotel.

P. C. Bennett, agricultural agent for Potter county, talked on the production end of the dairy business, and Mr. Gustafson discussed the manufacturing end.

According to Mr. Gustafson, over 100,000 pounds of butter was manufactured by the Metzger creameries.

A. E. Gustafson, manager of the Metzger creameries, is the president of the Amarillo Dairy Association.

Over two hundred people are employed in the two plants with a combined payroll of \$313,000. The speaker predicted that within the period of five years the Panhandle of Texas would be one of the finest dairy countries in the entire Union.

Mr. Bennett made a most interesting talk on the dairy condition of this section at the present time and told of the efforts now being made to improve the milk cattle and to introduce modern methods of dairying.

He stated that in many counties in the Panhandle during the past year dairy cattle had increased over 33 1-3 per cent. He is intensely interested in the introduction in to the territory of the finest bulls obtainable and believes that through this means the standards will be gradually raised until the cows of this section will rank favorably with those of the leading states.—Amarillo Daily News

Lubbock Planning For Big Fair

LUBBOCK, Aug 15—There will be prizes for all who come to the Panhandle South Plains Fair this year, Sept. 27, 28, 29, 30, and Oct. 1, the directors have announced. In addition to the premiums offered for winners in the live stock, women's poultry, agricultural and other departments, which runs into the thousands of dollars, several other major prizes will be offered together with a large number of smaller prizes.

5 Cars and a Windmill An automobile will be awarded each day of the fair to some visitor by the Fair Association. A 10-foot standard bearing windmill will be awarded by Artell Company to the South Plains farmer exhibiting the best 10 heads of Milo maize. Other concerns will have guessing contests, drawings, etc. with smaller prizes.

County Exhibits Draw Big Money The prizes offered for county exhibits is also attracting much attention. Two hundred dollars has been hung up for first money, other prizes range in order as follows: \$100; \$75; \$50; \$50; \$50; \$50; and ten prizes of \$25 each. This assures a county more than their expenses in addition to the advertising value to be received from exhibiting here. Every South Plains county is expected to exhibit and a majority of them have already signed a contract blank.

The live stock barn will be filled to capacity with beef cattle, dairy cattle, horses, mules, swine, sheep, and other stock. The poultry building will be crammed full of prize winning fowls. Merchants are to have attractive booths in the industrial building and the machinery shed will have the latest in the way of farm machinery and implements on display. The Women's building will be a place of beauty with the women of the South Plains vying for honors in culinary, art, textiles, etc.

Attraction Spectacular Football games, fire works, carnival shows, acrobatic acts and other attractions will answer the demands of the pleasure seekers. Four high school football games will be played in addition to the Tech vs. St. Edwards University game, Oct. 1.

Honorary vice presidents in South Plains towns have been assisting in many ways in boosting the exposition in their section of the South Plains. A. B. Davis, manager of the fair says. J. A. Brashers of Tahoka is an honorary vice president.

BROWNFIELD-MIDLAND HIGHWAY WELCOMED

MIDLAND, Aug. 13.—Direct connection between the Amarillo field and the Midland fields will be afforded by a new road which will be opened soon between Brownfield and Midland. The road connects a Brownfield, with a road into Amarillo.

This short cut, final plans for which are to be made at a meeting called by County Judge L. M. Pittman of Gaines county for Seminoles, Monday, will considerably lessen the present traveling time from Amarillo to Midland, and will be of big benefit to oil men operating in the two fields. Only a few short gaps remain to be finished, and money is already arranged for to complete these.

The sector of the road from Midland via Andrews, Seminoles and See graves is already a state designate highway. The road will also be a convenience for oil men living a Midland who have operations in Andrews and Gaines Counties and Eastern New Mexico.

Eden—Highway No. 9 Association is now at work. Organization of the group was effected here August 4 when representatives from Big Spring, San Angelo, Brady and Mason met in session at the call of interested citizens of this district.

PLANS ARE MADE FOR PAVING HIGHWAY NO. 9

(Continued from first page) \$3 will be included. Thus, in providing for the paving of highway No. 9 other highways and public roads will be properly taken care of, depending on the wishes of the people of each county.

The resolutions committee, which suggested the form of organization effected, consisted of V. G. Hill, Amarillo; Bob Anglin, Tulla; Capt. Winfield Holbrook, Plainview; A. B. Davis, Lubbock; E. I. Hill, Tahoka; Judge Carl Roundtree, Lamesa; R. T. Piner, Big Spring, and Claude C. Wilde, San Angelo.

While this committee was out numerous addresses were made, all stressing the importance of Highway No. 9 and enthusiastically advocating the paving of the road. Judge Cain of Tahoka indicated that he would favor the paving of highways 9 and 84 through Lynn county at the proper time provided provision is made at the same time for building excellent laterid roads throughout the county. Dr. Tate of O'Donnell enthusiastically favored the paving proposition and stated that he would not object to paving No. 84 at the same time, and did not believe the people of O'Donnell would oppose it.

Temporary Chairman Henry Anley of Amarillo presided throughout the greater part of the meeting, and he proved himself to be an ideal presiding officer, his frequent sallies of wit and humorous comment keeping the crowd feeling fresh and peppy; There was not a dull moment from start to finish.

The Tahoka Concert Band played a couple of selections preceding the meeting, which brought the crowd together and got them ready for action.

The visitors were entertained at the Kiwanis luncheon at the noon hour preceding the business session, Happy Smith presiding. Supt. M. L. E. Base led in the singing of a couple of peppy songs, including "Old McDonald's Farm" which put the visitors in high glee. The Wells-Edwards Orchestra also entertained with a couple of musical selections, which were greatly enjoyed by the visitors as well as the home folks.

And the visitors enjoyed the fine dinner provided by the Baptist ladies so well that, although their dinners were paid for, they dug up \$48 in addition to the regular price and placed in the coffers of the ladies society just to show their appreciation.

The delegations present were as follows: Tom Green county, 2; Sterling, 0; Howard, 5; Dawson, 16; O'Donnell, Lynn, 18; Lubbock, 14; Hale, 8; Swisher, 4; Randall, 0; Potter, 10.

GARZA COUNTY AGENT GIVES WARNING AGAINST PESTS

The county agent of Garza county has given the following warning to the farmers of his county against the probable ravages of pests, and since the same peril exists in Lynn county we pass it on to our readers.

The good crops of Garza County are being threatened by insect damage at present and the County Agent takes this means of warning the farmers to make preparations to meet this damage through the use of insecticides of different kinds.

At present the watermelons of the county are suffering considerably from the ravages of the Melon Louse (Honey Dew), but this pest is being combated by the use of Nicotine Sulphate dust, the only recommended control measure.

There will very likely be a serious infestation in a week or so of the cotton leaf worm, and in case there is the farmers should provide themselves with spraying equipment and Calcium arsenic to combat these pests.

Those farmers who have spraying equipment should look this equipment over, and see that it is in good shape and if not get it ready for business for they are more than likely to need it. At present there is a small supply of calcium arsenic on hand with the dealers of the county but this small supply will prove inadequate in case of even a light infestation. The farmers who think that they will need any of this poison should lay in a supply while there is a supply to lay in. In this way the dealers can estimate his needs and secure a new supply.

Happy Smith returned Tuesday from Fort Worth, where he went the first of the week on business.

New Home Man Died Last Week

The News received the following account of the death of T. J. Miller at New Home too late to publish last week. We published a brief account of the death, however. The contributed account follows:

We are sorry to announce the death of Mr. T. J. Miller on the night of the 5th of August.

Mr. Miller with his wife was visiting Mrs. Miller's daughter, Mrs. S. H. Gryder of the New Home community. He was in his usual state of health and had attended the morning church service and was spending the day in the home of Mr. P. W. Good. They were all preparing to attend the evening service, when he was struck with paralysis and died during the night.

He leaves to mourn his loss a wife, Mrs. Alice Miller of Nolan, four sons and two daughters, all of whom live at Eotan except Mrs. Tom Miller of Snyder. He leaves a brother Mr. R. L. Miller, and a sister, whose name we did not learn.

Mr. Miller was a stranger here

but we learned that he was a Christian gentleman, good and true, and such we welcomed him among us. The family have the deepest sympathy of the entire community.

POPULAR TAHOKA COUPLE MARRIED SATURDAY

Mr. Jack Edwin Jackson, popular young business man, and Miss Juanita Jackson, teacher of Spanish and music here, were married in Snyder Saturday night, Elder I. J. Sparks, pastor of the Church of Christ of that city performing the ceremony.

Mr. Jackson is the son of Mr. and Mrs. A. Z. Jackson and has been employed the past several months at the Tahoka Drug Company. Mrs. Jackson taught Spanish and music in the public school here last year and is to teach music the coming school term. She is a most efficient teacher, a real musician, and an unusually popular young lady. The happy couple have the best wishes of a host of friends.

Miss Meda Clayton returned Saturday from Dallas where she had been visiting for several weeks.

NEARLY \$4,000,000 PAID FARMERS BY 2 AMARILLO CREAMERIES PAST YEAR

Farmers in the Amarillo territory have been paid almost four millions of dollars in the last year by two Amarillo creameries for the milk and other products of their dairies.

The actual cash paid out is \$3,675,000, the Rotary club was told yesterday noon at its weekly luncheon by A. E. Gustafson, manager of the Metzger creameries. The meeting was held at the Amarillo hotel.

P. C. Bennett, agricultural agent for Potter county, talked on the production end of the dairy business, and Mr. Gustafson discussed the manufacturing end.

According to Mr. Gustafson, over 100,000 pounds of butter was manufactured by the Metzger creameries. A total of 1,000,000 pounds of milk was produced.

Over two hundred people are employed in the two plants with a combined payroll of \$313,000. The speaker predicted that within the period of five years the Panhandle of Texas would be one of the finest dairy countries in the entire Union.

Mr. Bennett made a most interesting talk on the dairy condition of this section at the present time and told of the efforts now being made to improve the milk cattle and to introduce modern methods of dairying. He stated that in many countries in the Panhandle during the past year dairy cattle had increased over 33 1-3 per cent. He is intensely interested in the introduction in to the territory of the finest bulls obtainable and believes that through this means the standards will be gradually raised until the cows of this section will rank favorably with those of the leading states.—Amarillo Daily News

Mrs. C. R. Brock of O'Donnell was in Tahoka Tuesday on business.

Lubbock Planning For Big Fair

LUBBOCK, Aug 15—There will be prizes for all who come to the Panhandle South Plains Fair this year, Sept. 27, 28, 29, 30, and Oct. 1, the directors have announced. In addition to the premiums offered for winners in the live stock, women's, poultry, agricultural and other departments, which runs into the thousands of dollars, several other major prizes will be offered together with a large number of smaller prizes.

5 Cars and a Windmill An automobile will be awarded each day of the fair to some visitor, by the Fair Association. A 10-foot standard bearing windmill will be awarded by Axtell Company to the South Plains farmer exhibiting the best 10 heads of Milo maize. Other concerns will have guessing contests, drawings, etc. with smaller prizes.

County Exhibits Draw Big Money The prizes offered for county exhibits is also attracting much attention. Two hundred dollars has been hung up for first money, other prizes range in order as follows: \$100; \$75; \$50; \$50; \$50; \$50; and ten prizes of \$25 each. This assures a county more than their expenses in addition to the advertising value to be received from exhibiting here. Every South Plains county is expected to exhibit and a majority of them have already signed a contract blank.

The live stock barn will be filled to capacity with beef cattle, dairy cattle, horses, mules, swine, sheep, and other stock. The poultry building will be crammed full of prize winning fowls.
