

# The Lynn County News

Lynn county, in the heart of the best diversified farming country in Texas.

We invite you to locate in beautiful Tahoka. Good homes, good schools, good churches.

Volume XXIV

Tahoka, Lynn County, Texas, Thursday, September 29, 1927

Number 5

## TAHOKA VISITS LUBBOCK TODAY

Large Crowd to South Plains Fair And Foot Ball Game; Band To Play Concerts

The high school suspended today to permit the pupils to attend the fair at Lubbock. This has been designated as Lynn County Day, and free tickets are to be given to all school children. A large per cent of the students in the high school, including the seventh grade, indicated that they intended to attend the big show and the superintendent and faculty decided to suspend school work for the day. Central Ward school was not suspended, because most of the little folks there indicated that they would not attend the fair even if school should be suspended.

At the Kiwanis luncheon Wednesday Supt. Baze urged the members to take some action to induce a large attendance from Tahoka, suggesting the appointment of a committee. He pointed out that Thursday has been designated as Lynn County Day, that it is also school children's day, that other counties will be well represented, and that Lynn county can not afford to fail to make a good showing. He announced that plans had been made to have a parade at ten o'clock led by the Tahoka Concert Band, and it was desired that as many Tahoka and Lynn County cars as possible be in this parade. His suggestion was adopted and a committee appointed consisting of W. O. Henderson, L. C. Haney, and Buster Fenton to canvass the town and get as many business men as possible to go. The canvass was made and most of the business houses agreed to send a representative.

Many cars left Tahoka a little after eight o'clock this morning, loaded with people intent on seeing the fair. Among other attraction today will be the big football game this afternoon between teams of the Tahoka and Littlefield high school. Littlefield has a strong team and we are hardly expecting Tahoka to win but the game will no doubt be a good one. The Tahoka Concert Band will help furnish music to entertain the crowds.

## Touches Live Wire; Is Seriously Injured

While W. S. Anglin was making some repairs on an electric light line early Sunday afternoon, he came in contact with a live wire, and the electric shock was so severe as to knock him from his position on the pole to the ground, twenty feet below, resulting in serious injuries. His right collar bone was broken, one shoulder badly wounded, a rib on the right side fractured, and his body generally badly bruised and shocked. As a result, a light attack of pneumonia developed Tuesday in the right lung, and his condition was such Tuesday night and Wednesday as to cause great concern, according to Dr. L. E. Turentine, the attending physician. It is believed however that the condition of the patient would soon begin to improve and that he would soon be able to be out again. But it was indeed a narrow escape.

## Steals Cigarettes; Sentenced To Pen

Jack Green Barnett drew a penitentiary sentence of two years in a case tried in the district court Monday upon an indictment charging the theft of quite a large quantity of cigarettes consigned to Thomas Brothers out of a box car several months ago.

Barnett is one of the men who escaped from jail just a few weeks later, but was afterwards apprehended and brought back to the Lynn county bastille, where he has remained since.

He pleaded not guilty to the charge Monday and asked the jury to suspend sentence in the event he was found guilty. He was represented by counsel appointed by the court. District Attorney T. L. Price strenuously opposed the suspension of the sentence and the jury seemed to agree with his view of the case.

Charming ingenue with Harley Sadler's Own Company

## FLOWER SHOW AWARDS MADE

Many Beautiful Flowers Entered In Contests During County Club Fair

In the flower show held under the direction of Mrs. M. L. H. Baze in connection with the county club fair last Friday and Saturday, the exhibits were divided into two classes; first, those coming from the yards of contestants in the Yard Improvement Contest, and second, those coming from the yard not in the contest. First place was indicated by blue ribbon, second by red ribbon, and third by yellow ribbon.

Bouquets from yards entered in the Yard Improvement contest were awarded prizes as follows:

**Roses**  
Best bouquet (mixed blossoms):  
1st. Mrs. E. L. Sorrells, O'Donnell.  
2nd. Mrs. J. F. Campbell, O'Donnell.

Best bouquet of red roses:  
1st. Mrs. J. F. Campbell of O'Donnell.

Best bouquet of pink roses:  
1st. Mrs. J. F. Campbell of O'Donnell.

**Zinnias**  
Best bouquet (mixed)  
1st. Mrs. N. T. Singleton, O'Donnell.

2nd. Mrs. H. R. Minor, New Home.  
3rd. Mrs. M. R. Minor, New Home.

**Cosmos**  
1st. Mrs. N. T. Singleton, O'Donnell.

(Continued on last page)

## Former Tahoka Business Man Is Convicted of Felony

John Kincaid, formerly proprietor of a grocery business here, was tried and convicted in the district court Tuesday upon an indictment charging the unlawful transportation of intoxicating liquor. The jury fixed his punishment at one year in the penitentiary. He was represented by Judge G. E. Lockhart of Lubbock, while district attorney T. L. Price prosecuted.

There were two counts in the indictment, one charging the unlawful possession of the intoxicants and the other the unlawful transportation of the same. The first count was eliminated from consideration by the charge of the court, with the consent of the district attorney.

The alleged offense occurred several months ago, while Mr. Kincaid was engaged in business here. He was apprehended by Sheriff Wesley Simpson and one of his deputies near the old ball park, who testified that upon their approach the defendant took a jar of whiskey from his car and tried to hide it in the weeds. They procured this jar and another jar of whiskey as evidence, arrested the defendant and filed complaint against him. Kincaid claimed that another party owned the whiskey and placed it where it was found and denied any guilty knowledge of the owner's intent. The trial narrowed down to a question of veracity between the sheriff and his deputy on the one hand and the defendant on the other, and the jury chose to believe the State's witnesses.

Kincaid left Tahoka and moved to Oklahoma several months ago. It is understood that he will appeal.

## HARLEY SADLER HERE MONDAY

"The Elder Brother" Is the Title Of The Opening Play Monday Night

Harley Sadler is to be in Tahoka with his splendid troupe next week. The simple announcement is enough to insure a full house at the very first performance, for the people of Lynn county have come to thoroughly appreciate Harley Sadler. He can draw a crowd when no one else can. His show has gained great popularity not only in Lynn county but throughout all west Texas and wherever he has had an engagement. The people of this city and county always look forward to Harley's coming with a great deal of pleasure. Harley is himself a west Texas product. He knows the people of west Texas just like a congressman knows his constituency, and there is hardly a town in all this section but that he has intimate friends in it, whom he can address by their first names. Not only does Harley Sadler know the people; he knows how to entertain them. He is himself an inimitable actor and entertainer and he has gathered around him a group of the best players obtainable. He always has a splendid line of new plays but frequently requests that a play be repeated as so numerous and insistent that he is compelled to put it on again. He also has new vaudeville and a most excellent band and orchestra.

He is coming to Tahoka next week under the auspices of the Tahoka Concert Band. The show Monday night which will be their opening performance in Tahoka, will be "The Elder Brother." This is said to be a wonderful play, one that will thoroughly please everyone who can crowd into the tent. The people of Tahoka and Lynn county are expected to come out in great numbers. It might pay you to get on the grounds early. The big tent is located at corner north-east of court house.

**Prospects Good In Kingsland No 1**  
Drillers have reached a depth of 3,100 feet in the Kingsland well just over the line in Terry county, according to A. E. Krause, and prospects for oil are said to be good. While Mr. Krause was rather reticent in discussing the prospects with the News representative, as oil men usually are, yet he frankly stated that the showings for oil were excellent. Slow progress is being made in Nevels No. 1 near the west line of this county, we understand, owing to the exceedingly hard formation in which they are drilling, the drill now being in a hard lime.

No actual drilling is being done yet at the Hart well.

## MORE PREMIUMS ANNOUNCED NEXT WEEK

Owing to the fact that Prof. Taylor White has been busy this week with the Lynn County agricultural exhibit in the fair at Lubbock, we were unable to obtain from him a list of the prizes awarded at the agricultural exhibit given in Tahoka last Friday and Saturday. This list will be published in our issue next week.

Read The Want Ads!

## CANNING HAS BECOME A BIG BUSINESS IN LYNN COUNTY

The magnitude of the canning business in Lynn county may be partially realized when it is stated that considerably more than 100,000 cans have been purchased by Lynn county housewives this year for canning meats, vegetables, and fruits, according to Tahoka dealers. From 60,000 to 75,000 cans have been supplied by three Tahoka firms, according to the most reliable and conservative figures we have been able to get. In addition to this many cans have been bought by Lynn county housewives in O'Donnell, Post, Lubbock, and Stanton.

The canning business is a development of the last two or three years. Prior to the time that this county employed a home demonstration agent, only a few hundred cans would be sold each year, according to Tahoka merchants. Miss Halsey has taught the farm women how to can their meats, vegetables, and fruits, and as a result hundreds of them are "living at home" today, whereas they formerly had to buy everything. One Tahoka merchant stated to the News man Monday that his firm had sold more than fifty complete canning outfits this season. We do not

## HEAVY RAINS SOAKED PLAINS

Are Accompanied By Norther And Low Temperature; But Crops Escape Freeze

Soaking rains visited a large portion of the plains and most other portions of the state the first of this week. Rain in varying amounts covered every nook and corner of Lynn county, according to reports coming in from the various communities. The precipitation in Tahoka Monday night and Tuesday amounted to .81 of an inch. A shower amounting to .20 fell late Saturday afternoon, and there was a fine mist almost equal to a shower Wednesday morning. The total precipitation here this month amounts to 3.57 inches, according to the rain gauge kept by the News. In some localities the rain fall has been much heavier; in others not so heavy.

The rains the first of this week were accompanied by the second "norther" of the season, which arrived Sunday afternoon. The temperature continued to drop until Tuesday morning, when the thermometer registered 40. Business men and farmers felt much relieved Wednesday morning when a brisk breeze set in from the southwest. By noon the clouds had broken away and the sun was shining beautifully. The fear of a freeze which might prevent many thousands of bales of cotton maturing in this county had passed. Two or three weeks longer without a killing frost or a freeze will mean much to the farmers and business men of this county, since almost the entire crop is unusually large there is also much late feed. Much of it will mature within the next two or three weeks if weather conditions remain favorable. Everybody is hoping for clear, dry weather from here on out.

J. A. Brashear went down to Abilene on business Wednesday afternoon.

## Methodist Ladies Meeting Here Today

Probably a hundred or more members of the women's Missionary Societies of the Methodist churches of Lynn and Dawson counties are meeting in Tahoka today. A very fine program, as published in this paper two weeks ago, is being rendered. The societies of this zone are very active and are doing a great work. They are planning even greater things for the future. Tahoka feels honored by the presence of these good women today, and The News expresses the hope that other such meetings may be held here in the not-distant future.

## ROSCOE ROBERTS NOW WITH LUALLIN GARAGE

Roscoe Roberts, who has been an employee of Connolly Motor Company as a mechanic, has accepted a similar position with the Luallin Garage.

Meaid says the addition of the new mechanic will enable him to give better service on all kinds of car repair work.

Beal Brashear had his tonsils and adenoids removed in the West Texas Hospital at Lubbock a few days ago.

## Club Fair Exhibits Viewed By Many

### 1,200 Cattle Sold By C. O. Edwards

C. O. Edwards effected one of the biggest deals in cattle that has been consummated in this section in recent years when he sold to Frank Corn of Crosbyton on last Friday 1,200 steers, one, two, and three years old. The consideration is said to have been about \$63,500. The steers were shipped out Friday night.

## CAPITAL CASE IS ON TRIAL

O'Donnell Boy Charged With Offense Against Girl. Much Interest In Case

The case of the State of Texas vs. Clint Wright went to trial in the district court Wednesday afternoon when Judge McGuire overruled defendant's motion for a continuance. The selection of a jury from a special venire of sixty men began immediately and when court adjourned Wednesday afternoon four jurors had been selected. It is expected that the jury will be completed today and that considerably progress will be made in the introduction of the evidence.

Wright was indicted last spring and is charged with statutory rape, the young girl being under eighteen years of age. Both parties resided at O'Donnell at the time, and a great portion of the male population of O'Donnell is here this week attending the trial, either as witnesses or as spectators.

Since this is a capital offense, jurors must be selected one at a time from a special venire, and the work of selecting jurors in such a case is always slow.

The State is represented by District Attorney T. L. Price, by County Attorney L. C. Heath, and by special prosecutor G. E. Lockhart.

The defendant is represented by Judge Stewart of Lubbock and W. H. Crunk of O'Donnell.

It promises to be a bitterly contested trial.

## Chicen And Car Thief Gets Four Years In The Pen

Otto Strother pleaded guilty in the district court Monday to a charge of stealing a car belonging to Price Thomas in the Grassland community. The jury assessed his punishment at three years in the state penitentiary. Strother also pleaded guilty in a second case charging the theft of chickens from J. M. Inklebarger of the same community. The jury in this case assessed his punishment at one year in the penitentiary.

Strother was defended in both cases by H. L. Grace of this city. His effort, as we understand, was to induce the court to make the penalty in the two cases run concurrent not only with each other but with other penalties in cases against him in another court.

Strother was caught by the officers some time ago, soon after Mr. Inklebarger had lost a flock of his choice fowls. The defendant is alleged to have stolen a car from Price Thomas the same night and left with it and the chickens. His escapade was highly unsuccessful and now he has several years of prison life before him.

## ORGANIZES CHORAL CLUB AMONG TOWN LADIES

A ladies choral club was organized at the High School building Friday night by Mrs. Juanita Jackson, teacher of music in the school. A number of ladies were present at the initial meeting.

Though the membership will be limited to twenty, the roll is not yet complete, and several more ladies who wish to belong to such a club are asked to join.

## MANY PRODUCTS ARE DISPLAYED

Miss Halsey And Taylor White Successful In Staging Small Fair Friday And Saturday

The county club fair held here Friday and Saturday under the direction of Miss Millie M. Halsey, county demonstration agent, and the agricultural exhibit directed by Prof. Taylor White, teacher of vocational agriculture in the Tahoka High School, were surprisingly successful, in view of the conditions under which they were given.

Owing to the exceedingly dry spring and summer, the farm women of the county labored under difficulties in attempting to raise gardens and many of them naturally were a bit discouraged in their club work. Yet, the exhibits in canned goods and in clothing which were on display here Friday and Saturday would have done credit to any county in Texas. While there were only five women's clubs that had club exhibits, yet these were very fine and were sufficient to convince the most skeptical of the value of the home demonstration work.

In view of the fact that it was decided almost at the eleventh hour to have agricultural products on display, the exhibits gathered by Prof. White and Supt. Baze were most excellent. Cotton, maize and other sorghum grains, seeded ribbon cane, pumpkins, cushaws, watermelons, and other farm products of the finest types were on display. While the collection was not large, it was most admirable.

The flower exhibits, too, were good. O'Donnell carried away most of the honors in this department. Their roses, dahlias, and other varieties of flowers were super-fine. We are convinced that Tahoka could have made a much better showing in this department if a sufficient number of our home owners had been really interested.

Prof. White was assisted in his work by some of the boys of the vocational agriculture class, and from the exhibit brought in, they prepared an exhibit for the Panhandle South Plains Fair and took the exhibit to Lubbock Monday.

Miss Halsey likewise took her exhibits to the big Lubbock fair for display there this week.

If a sufficient number of people in Lynn county will take an interest in the proposition, a truly great county fair can be held here next year, if normal conditions prevail.

## Carnival Is In Town This Week

The Commercial Show came in Wednesday and gave their first show Wednesday night. There had been no previous announcement of the coming of this show but quite a crowd of townspeople were in attendance Wednesday night nevertheless. Large crowds are expected during the remainder of the week.

The show came here from Lamesa, where they showed during the fair last week. They have a number of the ordinary carnival attractions and in addition to that have a merry-round or "flying-jenny", a Mixup, Baby Swing, an Athletic Show, a "bodyless woman," etc. The kids will all want to attend the "carnival"—and most of the grown-folks.

There was one of the largest crowds of people in town from the rural districts last Saturday that has been in Tahoka in several months. Business with the merchants was fairly good, considering the fact that little cotton has been gathered yet.

Dr. C. B. Townes returned Wednesday from Fort Worth, to which place he was called the first of the week by the death of a relative.

### South Ward Items

We are having real winter weather aren't we? The rain will be fine on the wheat, but bad for the cotton. Lots of wheat is being planted in this community.

Mr. Courtney Summer's car was destroyed by fire early Saturday morn.

Mr. and Mrs. Troy B. Cowan Jr. and little daughter "Billy Jo", attended the reunion of their grandparents, Mr. and Mrs. W. C. Cowan of Tahoka last Tuesday. Little Billy Jo is the only great-grand child of that couple.

There was a large crowd out for Sunday school Sunday. New officers and teachers were elected for next quarter. Mr. J. C. Hood, Superintendent, Mr. Troy B. Cowan Jr. assistant supt. and senior teacher. Mrs. Looney Bible teacher, Mrs. Walker, junior teacher. Mrs. Sanford, Card teacher, and Miss Francis

Taylor, secretary. We now have a union Sunday school and invite everyone to attend. We need your hearty cooperation.

A fine singing was enjoyed at Mrs. Taylor's Sunday night.

Mr. J. C. Hood and John Stuart returned home last Thursday.

Miss Melvina Inman of Tahoka attended Singing at Mrs. Taylor's Sunday night.

Mr. and Mrs. Bill Holt returned Sunday from a visit in Oklahoma.

Mr. Marvin Walker visited in Tahoka Sunday afternoon.

Mr. Roy Cowan, and Miss Bertie Winters of Seagraves visited his parents, Mr. and Mrs. T. B. Cowan Sunday.

We read with regret of the death of Mr. O. L. Culp of O'Donnell, who passed away at his home last Tuesday. He had been suffering with T. B. for several years. Mr. Culp was a former citizen of our community.

### "LET'S MAKE A CAKE"

(Editor's Note: This is one of the unique series of cooking articles appearing weekly in this paper.)

"Nothing difficult about cake-making so long as you make sure of three things before you start—a steady oven temperature, constant air circulation, and the careful, exact measurements of all ingredients," says Mrs. Kate Brew Vaughn, household economics director, Los Angeles Evening Express. "And what a chance for cake variety there is! Here are two of my favorite recipes, date cake, and orange cake."

MRS. KATE B. VAUGHN

We read with regret of the death of Mr. O. L. Culp of O'Donnell, who passed away at his home last Tuesday. He had been suffering with T. B. for several years. Mr. Culp was a former citizen of our community.

#### Date Cake

1 cup sugar  
2 tablespoons shortening  
1 egg  
1 cup dates  
1/2 teaspoon salt  
1/2 cup nuts  
1/2 teaspoon soda  
1 cup boiling water  
1/2 cup flour  
2 teaspoons baking powder  
Put soda and the cup of boiling water over the dates and let stand until you have creamed the sugar and shortening, add the egg (beaten), the nuts, the baking powder, salt. Then add dates, hot water, and nuts the last thing. Bake slowly (350 degrees). This may be served with whipped cream as a pudding.

#### Orange Cake

1 1/2 cups sugar  
1/2 cup shortening  
2 eggs (separate)  
1/2 cup strained orange juice  
1/2 cup water  
1 tablespoon grated orange rind  
2 cups flour  
2 teaspoons baking powder  
1 teaspoon salt  
1 teaspoon orange extract  
Cream the shortening and sugar thoroughly, add a little water. When very light add the well beaten yolks of eggs and as much orange juice as possible, add the dry ingredients which have been sifted together, and the liquid. Beat the whites of eggs and add with the rind of orange and extract.  
Bake in 2 or 3 layers in slow oven (350 degrees) and slowly increase heat to 350 degrees F. Decrease when begins to brown. Use orange icing. When the icing has set on cake, press down into same, sections of the oranges, a rather thin wreath about the edge and a star made of the sections, in the center of the cake.

Always mix cakes thoroughly, work quickly, and bake as soon as mixed.  
After four cakes are in the oven, never reduce the heat until cakes are fully risen.

Perfect air circulation is necessary for good baking results, as most women know. One manufacturer has invented an oven which uses the "live heat" principle, and keeps the air in constant circulation. 108 small holes let the air into the oven, and out. All odors are carried away.

#### New Orleans Gingerbread

"Good for children, good for adults," says Miss Rosa Michaelis, New Orleans cooking expert, of gingerbread. "And what a tempting dessert it makes, topped with whipped cream and a few nuts!" This is the recipe Miss Michaelis uses—  
2 eggs  
1 cup flour  
1 cup molasses  
1 cup sugar  
1 cup buttermilk  
1/2 teaspoon soda  
2 tablespoons ginger  
1 teaspoon cinnamon  
1/2 teaspoon salt  
1 cup butter or 1/2 cup liquid shortening  
Cream shortening and sugar. Add yolks of eggs, molasses, the buttermilk in which the soda has been dissolved. Sift together flour, salt, ginger and cinnamon. Add to first mixture, then beaten whites. Bake in square pans for an hour, cut into squares and ice.

#### Delicate Angel Food

Angel food, that test of a good cook, is easily made according to the recipe of Miss Margaret A. Hall, teacher in the Battle Creek College of Home Economics. The secret is in starting with a cold oven.  
1 cup egg whites  
1 cup pastry flour  
1/2 cups fine granulated sugar  
1/2 teaspoon cream of tartar  
1/2 teaspoon vanilla extract  
1/2 teaspoon almond extract  
Sift flour once and measure, then sift four times. Sift sugar four times. Place egg whites on large platter, beat until foamy, add cream of tartar and continue beating until stiff but not dry.  
Add the sugar, a tablespoonful at a time, fold in carefully until all has been added. Then add flour in the same manner. Put in flavoring.  
Pour into unbuttered tube pan, place in cold oven, light burners, gradually increasing temperature to 325° to 350° (moderate). Bake for fifty to sixty minutes. Remove cake from oven, invert pan, allowing cake to remain suspended in pan until cold.

#### When's the Cake Done?

Here are three reliable tests for cakes. They are done when:  
1. They "creep" away from sides of pans.  
2. They spring back at the touch of finger.  
3. They won't stick to a clean straw or toothpick.

In hot weather a woman is certainly justified in thinking of her own comfort in the kitchen. Thousands of women have learned that an oil stove is a big aid in keeping the kitchen cool. It saves work, too. No wood to chop and carry. No coal to haul. And no messy ashes.

(Don't miss our special cooking

### HAPPENINGS AT THE BAPTIST CHURCH

Last Sunday was a precious day with us. The morning service was conducted as a children's service. The pastor spoke to the young people and there was a large appreciative crowd to hear him. Best of all two fine children were saved. Some others would have been saved, we think, had there been some more personal work done. They were convicted of sin.

The Sunday school attendance was good but not as good as it might have been. Bring some one with you next time. God has given you what you have and made you what you are, if you amount to anything, so you should honor Him with your presence at your church every Lord's day. We want to meet you at the church next Sunday. We have a good prospect for a good harvest, but if we are not honoring God with what he has already given us He may not let us have the harvest. What are you doing about it, Baptists?

The B. Y. P. U.'s were fine. There were about ninety young people in the training service. Bring one with you next Sunday and let us have more than a hundred.

The crowd was fine at the Sunday evening service. The singing was excellent. Come help us make the evening service especially evangelistic.

On next Sunday afternoon at 3 o'clock Bro. Baucom with the Superintendent of West Texas Baptist Sanitarium and the Superintendent of nurses will be at the church. We shall be glad to have a large attendance. All are urged to be there.

#### Sunday:

10 a. m.—Sunday School. A class to fit everyone. Come!

11 a. m.—Preaching.

3 p. m. Bro. Baucom and his party speak.

7 p. m.—B. Y. P. U.

#### Monday:

3:30 p. m. W. M. S. and Sunbeams.

All the children should have a chance to grow their spiritual lives. Bring them.

4:15—p. m. Junior Girl's Auxiliary. Ages 9-12 years.

#### Tuesday:

4:15 p. m.—Intermediate G. A.'s. Ages 13-16 years.

8:00 p. m.—Men's Prayer League.

Wednesday—8 p. m.—Prayer and Business meeting.

### A PAPER'S PROBLEMS

A mistaken idea with some people is that the newspaper is an individual proposition. If they don't like the editor, they feel they must knock the paper and stand in the way of its success whenever possible. They do not realize that the local paper is just as much a part of the community as the schools, churches, or anything else. The newspaper is different from any other business, it is a community affair. It is for service to the people and not for any individual.

You may not like the editor and the editor may not like you any too well—but the paper he is responsible for does just as much for you as the service rendered others. There is nothing personal with it, it is here for a purpose and that purpose is to do what good it can in every way it can and the greater the support of those it undertakes to serve the better service it can render. It takes the people to make a good newspaper and without the help of the people no one can run a successful newspaper. It requires money to operate any kind of business—even the churches and the papers are no exceptions and for this reason must have the financial support of the business interests as well as the good will.

Few newspaper publishers make more than a comfortable living and scarcely one is reported wealthy from money made in the news paper business. They deserve to be trusted and to be understood by the people—it is the editor and not the plant that makes a newspaper useful in a community, though a liberal patronage is necessary if the paper is to be a credit to the town.—New Bern (N. C.) Sun Journal.

### NO CHOICE

Booth Tarkington, brilliant Hoosier author, creator of Penrod and his little colored accomplice, Sam, may or may not have created this tale—but it's about a Sam who has grown up—and landed in court The judge was explaining the oath: "You understand, you swear to tell the truth, the whole truth and nothing but the truth?" "Yassah!" "You know what happens is you lie?" asked the court. "Yassah! Ah'll burn in hell fo'evah," replied Sam. "And if you tell the truth, what happens?" Ah'll lose the 'no, judge!"

**Tech Band To Have 100 Members**

Lubbock, Sept. 28.—Harry Lemaire, director of the Texas Technological College band says he will have at least 100 pieces in the organization this year. Most of the eighty members last year have returned and in addition to a number of freshmen who will try out for places, there are several experienced musicians among the new members.

Mr. Lemaire took about forty members of the organization to the encampment of the national guard at Palacios in the summer and carried off all honors there. He has been a successful director of orchestra and band for twenty-five years. He expects to make the Tech band this year one of the outstanding organizations of its kind in the country.

Austin—Contract has been let to complete the First Methodist church at a cost of \$103,000.

Amarillo—The Southwestern Bell Telephone Co. is reported to be planning a new warehouse and supply depot here.

**RHEUMALAX**

The latest of all scientific discoveries for rheumatism. It reaches the cause and makes you feel like a new person. No guess work or rubbing on. Sold and guaranteed by Tahoka Drug Co.

Your tongue tells when you need

Coated tongue, dry mouth, bad breath, muddy skin, groggy nerves and sour stomach suggest its use.

**HALE SECOND IN NUMBER STUDENTS AT TEXAS TECH**

Next to Lubbock county more students for Texas Technological College at Lubbock came from Hale than any other county last year. Lubbock supplied 722 students at the Tech, Hale 54, Crosby and Lynn 30. Of the total enrollment of 1,893, 62 were from other states.—Plainview Herald.

M. B. Walters of Draw was in Tahoka Saturday and stated that he had already picked eighteen bales of cotton. He planted some cotton following the April rains that fell in that section and this cotton matured early. Only a few farmers in his neighborhood, however, have any cotton as early as his.

C. C. Barnes made a business trip to Plainview the latter part of last week and he reports that much wheat is now being sown in Hale county.

E. G. George of New Home has 125 acres of wheat up and looking nice. Quite a lot of wheat is being sown in the New Home community and in some other parts of the county.

Bread is the staff of life, especially when baked by the City Bakery. adv

Miss Helen Lee Maddox is spending the week with the home folks. She is attending Draughon's Business College at Abilene.

Miss Jewell Minor, who is a student in Draughon's Business College at Abilene, is spending a few days here with the home folks.

R. L. Barrett, formerly of New Moore but now a resident of Lubbock, was a Tahoka visitor Saturday.

Benjamin—Population of this town was largely augmented within the past weeks by widespread attendance of the bank robbery trial of E. C. Bergman and James Watson. The offenders were given 50 and 45 year sentences respectively.

Carbon—Street lights are being installed in this town and numerous improvements in residential and business houses are underway.

**Record Number Of Freshmen At W. T.**

Canyon, September 29.—353 Freshmen have already enrolled at the West Texas State Teachers College. Most of these boys and girls have never been away from home before. The average age is between 18 and 19.

In this class of 1931 there are representatives from 54 counties of Texas, Brazos county being the greatest distance away; it is represented by Miss Iris M. Bullock of Bryan.

Every county of the territory commonly known as the Panhandle-Plains region has more than one representative in the class, several counties having 25 or more. It is observed that freshmen usually come in groups of two or more from the same place.

The Freshman who is farthest from home is Howard Batchelder of Bill- enca, Mass.

New Mexico, Oklahoma, Kansas and Illinois are other states having representatives in the freshman class.

Most of these freshmen are graduates of recognized high schools, but 35 of them took entrance examinations. These had done their high school work in unaffiliated schools.

**PENN NO 1 DRILLING AT 3,650 FEET TODAY**

The Penn Drilling Company who is sinking a wildcat test on Section 16, eight miles south east of town, reached their contracted depth on last Saturday without having gone through any formations which caused any excitement.

Upon reaching the contracted depth of 3,650 feet the company decided to make a further test and see what is below the 3,500 foot level. On last reports they were drilled in at 3,650 feet in a gray lime which we are told is the most promising formation they have encountered so far. As to just how deep the contractors intend to go we are unable to learn. However, we understand they will go to 3,700 feet and possibly deeper, all depending on the formations at this depth.

The Penn Drilling Company no doubt has ample reasons for going deeper than the contracted depth, so here's hoping Penn No. 1 blows in before the ink is dry in this paper.—O'Donnell Index.

**ANOTHER LARGE DEAL IN WILSON**

Last week a deal was made in which the Wilson Lumber Co. changed hands, W. A. Brashear, of Canyon, becoming the owner.

G. B. Moss, who has been manager of the Wilson Lumber Co. every since it has been doing business in Wilson, has been retained and will look after the business at least for the next few months. We understand that Mr. Brashear intends moving here about the first of the year.—Wilson Pointer.

Mr. and Mrs. W. L. Knight left for a visit with relatives and friends at Naples, Texas, and other points in that section of our state. They expect to be away two or three weeks. Mr. and Mrs. Knight resided in northeast Texas many years ago, and they decided to go back and see if the old hill and streams and persimmons and pine knots looked natural.

Charley Thompson returned Wednesday night from Abilene, where he saw Lindy. Thompson has recently established a real estate office in that city. He is preparing for a big auction sale of all his household goods, farm tools, livestock, and crop on October 1, at his residence on the Bob Chamber's farm 2 1-2 miles southwest of Wilson preparatory to moving to Abilene.

Rev. W. G. Shelton, who has been pastor of the Nazarene Church at New Lynn the past two or three years, has declined to serve longer, and he and Mrs. Shelton will leave Monday for Oklahoma City, where they will spend a few months recuperating, after which he expects to again enter the evangelistic field.

Paducah—Cottle county will have a two day free fair here October 4 and 5. A series of good will trips covering 23 communities of the trade territory are being made by the chamber of commerce, accompanied by the chamber of commerce band. The fair management is strongly favoring organized community exhibits rather than individual exhibits. The Cottle county division of the Green Belt Poultry Association will hold their show in connection with the exhibition.

J. H. Surles, masseur, of Cisco, is spending a few days here.

**WEST TEXAS GAS CO. TO ERECT OFFICE BUILDING AT SLATON**

The West Texas Gas Company, now constructing natural gas lines into Slaton and a score or more of other Plains towns and cities, will erect a modern office building in Slaton, work to start soon, it is announced. A lot has been purchased by the company, situated on South Ninth street in the first block from the square, the lot facing east. J. T. Overby, local realtor, closed the deal.—Slaton Slatonite.

When you order bread from your grocer, don't forget to call for City Bakery product. adv

J. H. HOLLOWAY is ginning and raring for work, and is able as ever before to give the best of ginning as to sample, turnout, etc. Let us show you. 3tfc

Texline—Approximately 150 tons of clay are shipped from Texline each week. The quality of the material is remarked upon wherever it is sent. Texline people are hoping to attract a clay products company here for manufacturing purposes.

Hereford—Natural gas is to be piped into Hereford not later than December 1, 1928, according to contract signed with the West Texas Gas Company. A twenty year franchise was granted to them by the city commission.

Junction—The Wolf Club of Kimble county met recently and outlined plans for raising funds to start a predatory animal eradication program in this section. The commissioners court is cooperating in the movement.

Counties in which rice is the leading crop are: Brazoria, Chambers, Colorado, Fort Bend, Galveston, Harris, Jackson, Jefferson, Liberty, Matagorda, Orange, Waller and Wharton.

"Where there is no vision, the forests perish—and the people."—Dr. C. A. Schenck.

Alvord—One hundred and sixty-three cars of watermelons had been shipped out of Alvord by train up to September 15.

Pampa—Pampa won the 1928 district convention of the Panhandle Plains region of the West Texas Chamber of Commerce following a close contest at the Wellington meet August 25. The 1927 gathering was one of the most successful held this year, with more than 421 registered delegates.

Lampasas—Ranchmen have begun fall shearing in this section. The fleece is said to be heavy and the clip unusually fine. The Fall clip is expected to be the largest in the history of the county.

Junction—The Chamber of Commerce and citizenship of Junction are hard at work on plans for incorporation of the city. Vote to incorporate was made recently 158 to 116.

Silverton—Agricultural students in the Silverton High School are making practical application of the vocational work offered them by constructing a frame building to the school system which will be used as home for the newly added music department.

Rochester—The Traveler's Hotel is the name of a new hostelry opened in Rochester. The building is first class and well equipped.

**NOTICE TO THE PUBLIC**  
Any erroneous reflection upon the  
reputation or standing of any indi-  
vidual, firm or corporation, that may  
appear in the columns of the News,  
will be gladly corrected when called  
to attention.

While the Democrats are hunt-  
ing some suitable candidate to pit  
against Al Smith, the Republicans  
seem to have more material than  
they know what to do with. There  
is Hoover, Lowden, Dawes, Hughes,  
and others in the Republican ranks  
who are generally regarded as strong  
prospects. Hoover handled a big  
job in a fine way during the world  
war and is making good as a mem-  
ber of the Coolidge Cabinet. Hughes  
was the Republican nominee in 1916  
and came very near being elected. He  
has been a member of the U. S. Supreme  
Court, was secretary of state under  
Harding, and is regarded as a very  
able and competent man. Governor  
Lowden of Illinois is both able and  
progressive. He is particularly strong  
in the West and would no doubt make  
a good President. Dawes is also  
popular in the West. He did a great  
work in rehabilitating Europe from  
a financial and industrial standpoint  
following the world war. He is  
independent and aggressive and many  
people think he is just the man to  
place at the head of our government.  
There are a number of others in the  
Republican ranks that have the confi-  
dence of the country and who would  
make a strong race if nominated. It  
is to be hoped that some strong  
material develops or comes to light  
in the Democratic fold before the  
convention meets. We are not exactly  
satisfied with the prospects just now.

The News editor passed through  
Snyder two weeks ago while the  
county fair was on. We did not have  
time to visit the fair but we did have  
time to note the crowds of people in  
town. The sidewalks were lined  
with people. There was a great  
parade, in which many interests were  
represented—business men, stock  
men leading their horses and cows, a  
great host of school children. It was  
an inspiring spectacle. And everybody  
in the county seemed interested. It  
was everybody's fair. Wonder if we  
can't have something like that in  
Tahoka next year.

**Renew Your Health  
by Purification**

Any physician will tell you that  
"Perfect Purification of the System  
is Nature's Foundation of Perfect  
Health." Why not rid yourself of  
chronic ailments that are undermin-  
ing your vitality? Purify your en-  
tire system by taking a thorough  
course of Calotabs, once or twice a  
week for several weeks—and see how  
Nature rewards you with health.  
Calotabs are the greatest of all  
system purifiers. Get a family pack-  
age, containing full directions. Only  
35 cts. At any drug store. (Adv.)

**Dr. Leach's

for the quick relief of High Blood Pressure from whatever cause,  
and especially beneficial in disorders of the Stomach, Liver and  
Bowels, such as acute, chronic and Nervous indigestion, acid stom-  
ach, gas formation, biliousness, torpid liver and constipation. Re-  
moves the toxins and other poisons and aids in the Prevention and  
relief of Rheumatism, Diseases of the heart and kidneys.

Sold By—  
**TAHOKA DRUG COMPANY**

We often hear it said that people  
residing within a few miles of Tahoka  
are going elsewhere to trade,  
that Tahoka is not getting the busi-  
ness that is justly hers. It is no  
doubt true. What is the remedy?  
Advertising. Advertising and then  
delivering the goods. Every time a  
merchant advertises he not only helps  
his business, he helps his town. We  
believe that all the merchants of Tahoka  
should wage a vigorous and  
ceaseless campaign to gain back the  
business that rightfully belongs to  
Tahoka. We will do our part. We  
have been doing our part. We have  
been boosting Tahoka in almost every  
issue of our paper. Every issue is  
an advertisement of the town. That  
is one of the reasons why we have  
tried to make it the best paper possible.  
We want the people of Lynn County  
to like the paper. We want them  
to like our town. We want them  
to come here to trade. We want  
the merchants to work together to  
the same end. Make it worth-  
while for the people to come to Tahoka.  
Make it pleasant and profitable  
to them to come. Let's offer them  
the very greatest inducements possible.  
Let's make them understand that  
Tahoka is a live wire. We have a  
splendid class of business men, and  
we believe that now that prosperity  
is in sight again they will individually  
and collectively do their best  
to make Tahoka the best trading  
point in all this section.

Secretary of Agriculture Jardine  
made a bad blunder when he gave  
out a statement a few weeks ago  
predicting the trend of the cotton  
market. As a result cotton dropped  
several dollars a bale and Southern  
farmers lost hundreds of thousands of  
dollars. A number of requests for  
the Secretary's resignation went up  
from the South. These have been  
ignored. There was evidently nothing  
"crooked" in the secretary's an-  
nouncement but it was a terrible  
blunder. We are sure he will never  
make such a blunder again. He promptly  
recognized the mistake by an-  
nouncing that no further state-  
ments of this character would issue  
from his department. We are will-  
ing to forgive this one time, but we  
hope the Secretary will exercise more  
discretion in the future.

All the surrounding towns are lay-  
ing their plans to extend their trade  
territory just as much as possible.  
That is all right. We have no com-  
plaint to make against them for do-  
ing so. But to the extent that they  
succeed, to that extent is Tahoka's  
trade territory reduced. We want  
to see Tahoka's trade territory ex-  
tended rather than reduced. We think  
that the power to extend it lies in  
the hands of the local merchants. If  
they will wage the proper kind of  
campaign, we believe that they can  
regain and hold the trade territory  
that rightfully and naturally belongs  
to the town. Gentlemen, let's put  
Tahoka on the map. We are at your  
service.

Unless all signs fail, old Lynn  
County is going to be "somebody  
come" in about sixty days. For the  
past several years she has been flirt-  
ing with cotton and for the past two  
seasons her coquetish lover has be-  
trayed her, and she has been feeling  
like a kid that had to eat at the  
third table. But this year she is  
going to be the guest of honor. She  
will have a seat at the head of the  
table. She is going to deck herself  
in robes of splendor and enjoy a royal  
feast. You can't keep Lynn coun-  
ty down.

If Al Smith should be the Demo-  
cratic nominee next year, fishing will  
be a remarkably popular sport in the  
South about the first week in Nov-  
ember.

Why buy imported bread when you  
can get as good as there is on the  
market from the City Bakery? adv

**YE EDITOR PLAYS SAFE**

The publisher of a newspaper in a  
nearby city had been recently threat-  
ened with a libel suit by an indig-  
nant citizen because of an errone-  
ous statement regarding him which had  
been permitted to get into print. The  
editor decided he had better read up  
on the law of libel, and after much  
study he came to the conclusion that  
the weather was the only subject  
about which he would be safe in  
making positive statements. There-  
upon he determined to steer clear of  
legal embarrassment in the future.  
The next morning the readers of the  
society column of his paper were  
greeted with strange reports of so-  
cial functions, of which the following  
is a specimen:

"A woman giving the name of  
Mrs. W. C. Jones, who is believed to  
be one of the society leaders of the  
city, is said to have given what pur-  
ported to be a reception at her home  
yesterday afternoon.

"It is understood that a consid-  
erable number of so-called guests, re-  
ported to be ladies of distinction in  
local society, were present, and some  
of them are quoted as saying they  
enjoyed the occasion.

"It is claimed that Montagni Bros.,  
caterers, furnished the refreshments  
said to have been served, and the  
Bon Ton Orchestra the alleged mu-  
sic.

"The hostess is said to have worn  
what was alleged to be an expensive  
pearl necklace, which she declared  
was given her by Mr. W. C. Jones, a  
gentleman with whom she is said to  
be living, and who, it is generally be-  
lieved, is her husband."—Honey  
Grove Signal.

Last Sunday's issue of the Abilene  
Morning Reporter-News contained  
102 pages. It was the first anni-  
versary of the News. The Reporter is  
44 years old. The big edition was  
issued not only to commemorate the  
first anniversary of the News but to  
usher in the big fair which was to  
open the following day, and to greet  
Lindbergh, who was to visit this  
splendid west Texas city on Monday.  
The paper was one of the largest  
ever issued in west Texas and was a  
credit to the city of Abilene and to  
the state. The Reporter-News is  
rapidly taking its place as one of the  
best daily papers in Texas.

It is our humble opinion that a  
county farm agent could be of vast  
benefit to the people of Lynn county.  
An agent was employed for one year  
a few years ago and the results were  
not quite satisfactory, but we main-  
tain that one year's time is not suffi-  
cient to thoroughly test out the  
proposition. Farm agents are do-  
ing a great work in some other west  
Texas counties, and we believe that  
a farm agent could be of great bene-  
fit to the farmers of this county,  
just as the home demonstration a-  
gent has been.

The Sunday Avalanche-Journal of  
Lubbock came to our desk Monday  
in a mammoth 84-page edition. The  
occasion for the special issue was  
the approach of the big Panhandle  
South Plains Fair, which opened  
Tuesday morning. The publishers of  
Avalanche-Journal are to be con-  
gratulated upon the content of this  
big paper and upon the splendid  
support given by Lubbock and other  
south plains towns in the making of  
a paper that rivals the big papers of  
the state in magnitude and merit.

**LUBBOCK SANITARIUM NOTES**

(From Lubbock Sanitarium News)  
Mrs. A. Seals, of Tahoka, who was  
operated on about two weeks ago, is  
much better and will soon be able to  
go home.

Ms. Geo. B. Law, of Tahoka, and  
her baby are doing nicely and will  
soon go home.

Mr. A. M. Willingham, of Tahoka,  
is doing nicely, having had a minor  
operation a few days ago.

Aleen Manning, an eleven year old  
child from Tahoka, is getting along  
well, following an operation for ap-  
pendicitis a few days ago.

Mr. J. H. Wyatt, of Tahoka, is im-  
proving after having been operated  
on last week.

Mrs. B. C. King, of Tahoka, who  
was operated on Thursday, is doing  
well at this time.

G. T. Brewer and son, L. T. were  
in Amarillo Friday and Saturday.  
Mr. Brewer says that he saw a lot  
of wheat up and looking fine. Much  
other wheat was being sown. Heavy  
showers fell on many sections of his  
road home, which he says was just  
the thing for the wheat.

**An Open Letter to the Editor**  
From the President of General Motors

LAST SPRING I wrote you that my belief  
in the country newspaper had led us in General  
Motors to decide to advertise our products  
together in the small-city press of the country.  
The returns from the series of the messages  
recently published have justified that faith;  
and we shall continue to advertise in your  
community through your newspaper this fall.  
It occurs to me, however, that some of your  
readers may be asking: "What is General  
Motors?" and "Why is General Motors?"  
These are fair questions and I should like to  
answer them as frankly as I can.  
General Motors was organized some years  
ago on the theory that a group of large com-  
panies, working together, could render a better  
service than they could separately. In this we  
simply applied to industry a principle that is  
as old as civilization as regards the human  
family and human progress.  
Original members of the General Motors  
family were Buick, Cadillac, Chevrolet, Oak-  
land and Oldsmobile, together with the Delco-  
Light Company and other well-known com-  
panies manufacturing automotive equipment.  
By joining together their resources, we were  
able to establish great Research Laboratories,  
a 1245-acre Proving Ground and the GMAC  
Plan of credit purchase; to effect vast econ-  
omies in purchase and manufacture and  
distribution; to assure and maintain the quality  
of every product in the General Motors family.  
Has the General Motors family principle  
proved itself in practice?  
The best answer, I think, is to compare the  
Chevrolet, Buick, Cadillac, Oldsmobile and  
Oakland of today with the models of five or  
ten years ago.

Then add Pontiac, a General Motors crea-  
tion. Add LaSalle, another General Motors  
creation. And then consider how General  
Motors has developed these cars into a com-  
plete line, within which any family may find  
a suitable quality car at the price it plans to  
pay: "A Car for Every Purse and Purpose."  
Another example is Frigidaire, the electric  
refrigerator. General Motors had the resources  
to spend millions to develop a satisfactory  
refrigerator, and then to apply to its manu-  
facture the same processes which have in-  
creased the utility and lowered the cost of the  
automobile.  
We believe that this record justifies General  
Motors as an economic institution. Its prod-  
ucts are quality products, first of all. Their  
prices represent the economies of united effort  
passed on to the purchaser. In the last year one  
in each three automobiles chosen by the public  
has been a General Motors car. The service of  
Delco-Light electric plants has extended to  
more than a quarter million homes, while  
Frigidaire has become the world's largest sell-  
ing convenience of its kind.  
We believe also that the values now offered  
in the current General Motors products  
(which are listed below) prove anew that  
"many minds are better than one" and that a  
family of companies, working together, can  
produce results which are decidedly in the  
public interest and of increasing benefit to the  
individual family.

Very truly yours,  
Alfred P. Sloan, Jr., President  
General Motors Corporation  
Detroit, September 23, 1927

**Eighteenth District Largest In Nation**

Congressman Marvin Jones foresees better representation of this portion of Texas in congress due to the increased population here. Based on poll tax payments the population of this district is now estimated at 400,000, more than twice what it was when the 1920 census was taken. The 18th Congressional District of Texas is one of the largest single districts. No member of congress represents a larger territory than Mr. Jones, save congressmen at large from states larger than this district. The 18th district is exceeded in area by only 28 of the 48 states of the union. It is larger than New York, Louisiana, Mississippi, Pennsylvania, Virginia, Tennessee, Ohio, Kentucky, Indiana, Maine, and ten other states. The district is composed of fifty-three counties, containing 32,397,440 acres of land, 50,621 square miles. The fifty three counties are Armstrong, Bailey, Borden, Briscoe, Carson, Castro, Childress, Cochran, Collingsworth, Cottle, Crosby, Dallam, Dawson, Deaf Smith, Dickens, Donley, Fisher, Floyd, Foard, Gaines, Garza, Gray, Hale, Hall, Hansford, Hardeman, Hartley, Haskell, Hemphill, Hockley, Hutchinson, Kent, King, Knox, Lamb, Lipscomb, Lubbock, Lynn, Moore, Motley, Ochiltree, Oldham, Parmer, Potter, Randall, Roberts, Scurry, Sherman, Stonewall, Swisher, Terry, Wheeler, and Yoakum.—Canyon News.

**NEW CROSSING WILL BE OPENED SOON**

Preparations are being made this week to open the new crossing on Highway No. 9 near Brown's gin. Fences have all been removed and it is expected the highway department will begin the grading within the next two or three days. The opening of the crossing will be glad news to the people of O'Donnell and to the traveling public in general, as it eliminates a very dangerous curve—O'Donnell Index

**RUN-DOWN**

**Cardui Starts Missouri Lady On Road To Health Again.**

Mrs. T. G. Harris, of Clarkburg, Mo., writes: "For two years, I was in very poor health, almost past going, so weak and run-down. I tried to make the most of what little strength I had left, but I could find nothing to start me on the road to health again until, one day, I decided to try Cardui. "I took Cardui for several months and was very much gratified with the results. I began to do my own work again. My color, which had been pale and sallow, became natural. My complexion cleared up. Cardui was just the tonic I needed."

Take Cardui if you are run-down. It should do you good. At all drugists.

**75 PER CENT OF TAXES GOES TO SCHOOLS AND ROADS**

The sum of seventy-five cents out of every "tax dollar" paid into the treasury of the State of Texas is expended for education and good roads was one of the facts developed in the address delivered at the session Thursday afternoon of the Grayson County Teachers Institute at Sherman by S. M. N. Marrs, state superintendent of public instruction, Austin.

The "tax dollar," Mr. Marrs explained, is the standard by which the proportions in which tax money is spent is determined. Amplifying his statement regarding education and good roads, he stated that 32 1-2 cents of the dollar went for the support of the public schools, 12 1-2 cents for the support of the University of Texas, Texas Agricultural and Mechanical College, and other institutions for higher education, and 30 cents for good roads. "The State of Texas is spending more money on education than anything else," declared Mr. Marrs, after quoting these figures. The remaining 25 cents of the dollar goes to pay all other costs of government, he said.

"I believe that the teachers should know where the tax money goes," said Mr. Marrs, "because a man gets more for his tax money than he does for any other money that he spends. The greatest bargain that any man gets is when he pays his taxes."

**Resume of Activities**

A brief resume of the activities of the State Department of Education showed that it was brought more or less in contact with every man, woman and child in Texas, through the teachers working under it, and through correspondence. Many parents, he said, communicated directly with his office regarding many angles of school work. "No citizen of Texas is restrained from writing to the Department of Education," he declared, and an answer is sent to every letter that is received. The department, he declared, was at all times ready to aid in every way the 1,370,000 children in the schools, their 35,000 teachers, and their parents.

The \$15 per capita as was one of the measures passed by this Legislature for which it deserved praise and thanks, Mr. Marrs stated, and he assured his hearers in this connection that not only would this per capita be paid for the 1927-1928 term but for the 1928-1929 term as well. The money, it was said, had been secured through the 2-cent gasoline tax and economy in the purchase of text books. No new contracts had been made, only replacements being bought, and the purpose was to use the surplus from schools having more books than were needed in supplying schools which needed the books.

As a result of this policy, the per capita cost of books had been reduced from 98 cents to less than 90 cents, said Mr. Marrs.—Olney Enterprise.

**MUCH WHEAT TO BE PLANTED IN HOCKLEY**

Indications point to a large acreage being planted to wheat in Hockley county this fall, officials of the Texas Wheat Growers Association say to the best information obtainable about 30,000 acres.

The success made by the wheat crop under adverse conditions last season has greatly encouraged the farmers to believe that this will finally develop into one of the best wheat growing sections of the plains. The soil in about one-third of the county is of a stiff nature and very similar to the Plainview country and is given up by experts to be ideal wheat land.

As a matter of fact some of the best wheat grown in the county last year was grown on land of a more loose type. It is also known that this latter type is drought resisting and in the event of a dry winter will keep the young plants in better condition. It is believed that wheat can be successfully grown throughout the entire county.

So great has been the demand for drills and seeders that both implement companies have sold completely out before supplying the demand.—Tockley County Herald.

**ANOTHER LARGE DEAL IN WILSON**

Last week a deal was made in which the Wilson Lumber Co. changed hands, W. A. Brashear, of Canyon, becoming the owner.

G. B. Moss, who has been manager of the Wilson Lumber Co. every since it has been doing business in Wilson, has been retained and will look after the business at least for the next few months. We understand that Mr. Brashear intends moving here about the first of the year.—Wilson Pointer.

**Recent Decline In Cotton Price Unjustified, Bureau Says**

That the recent severe decline in the market price of cotton has been brought about through speculative pressure, that it is unjustified in relations to present conditions and prospective crop production, and that higher prices will undoubtedly and ultimately be realized, was an announcement made recently by Harry Williams, general manager of the Texas Farm Bureau Cotton Association according to word received in Post by D. A. Adam, field service representative of the association for Lynn and Garza counties.

According to Mr. Adam, the growers themselves who are not members of the cotton cooperative marketing associations as well as others controlling the crop, have materially and effectively aided the decline through forcing the commodity upon the market as rapidly as ginned, and at a greater rate than the market can or does absorb it temporarily.

"This practice shows a distinct lack of confidence in the commodity and its value," he said, "and the more cotton that is so forced upon the market, merely adds weight to the seasonal stampede to get out from under, without any careful consideration of real conditions, crop prospects, crop infestations, spinner requirements and takings, and commodity values.

"We are now in the season of the year when we may expect market confidence to be shattered, and in the interest of grower prosperity and community prosperity, it behooves the grower and mortgage holder alike to stand together and utilize the facilities of orderly and cooperative marketing which have been set up to meet such situations."

Mr. Adam also brought out that the Association is continuing to advance \$80.00 a bale on cotton at time of shipment, which he stated "shows the confidence cotton cooperatives have in the market after a knowledge of world conditions." This initial advance, he stated is followed with periodic distributions through the season.

When the non-member disposes of his cotton outside the channels of cooperative marketing he is through insofar as price is concerned. Mr. Adam emphasized, "but in the cooperatives he not only gets a substantial advance at the time of shipment, but is given further funds at the seasons of the year when most needed such as tax paying time, crop preparation expenses, etc. and further secures the entire season's average price for the particular quality of cotton produced by him. He is paid for his quality cotton on the basis of premiums paid by spinners in the markets of the world."

**ONE CONCERN SHOWS 833 PER CENT INCREASE**

According to an analysis just completed by Standard Statistics Company, Inc., of the net earnings of all industries in the United States for the first six months of this year, the Tidal Osage Oil Company ranked first with a gain of 833 per cent in net income over the first six months of 1926. Seiberling Rubber Company ranked second with a gain of 354.5 per cent. The B. F. Goodrich Company ranked third with a gain of 327.9 per cent. The M. A. Hanna Company ranked fourth with a 220.5 per cent increase. Pacific Mills with 211 per cent; Loft, Inc., with 184.6 per cent followed.

The six month's report of eleven rubber companies showed only three reporting a net increase. All the others showed a decrease in net. Seiberling led all rubber companies, with Goodrich second and Goodyear Tire and Rubber Company third with an increase of 58.5 per cent.—From N. Y. World.

Good dairy cows while milking should not be overly fat. They can well be fed enough to put on some flesh during the dry period and should be fed so as to keep in good condition while in milk. The general principles for correct feeding are (1) feed a balanced ration, (2) feed according to production—all the good roughage that the cow will consume and generally 1 pound of concentrates for each 3 to 3 1-2 pounds of milk produced. If a balanced ration is fed and the cow gets too fat, the amount of feed should be reduced somewhat. If she is producing heavily and getting too poor in flesh, she is either not receiving enough feed or the ration is not properly balanced.

Jayton-Jayton schools have gotten underway with a record attendance. It is planned to put the institution on a firm basis of affiliation this year.

Pontiac, a General Motors creation, is another General Motors product. Then consider how General Motors developed these cars into a complete line which any family may find in any car at the price it plans to pay for Every Purpose and Purpose."  
The new Frigidair, the electric refrigerator General Motors had the resources to develop a satisfactory refrigerator then to apply to its manufacturing processes which have increased efficiency and lowered the cost of the product.  
This record justifies General Motors' economic institution. Its products, first of all. Their economies of unit effort to the purchaser. In the last year one automobile chosen by the public General Motors car. The service of electric plants has extended to quarter million homes, while become the world's largest seller of its kind.  
The values now offered by General Motors products (and below) prove anew that "the better than one" and that a family, working together, can benefit which are decidedly in the line of increasing benefit to the family.  
Truly yours,  
W. F. Sloan, Jr., President  
General Motors Corporation

## WINNERS AND PREMIUMS IN CLUB CONTESTS ANNOUNCED

### GIRLS, AND BOYS' CLUB WORK

#### First Year

Best complete exhibit of sewing: 1st, Christine Owens of Edith, \$1.50 of merchandise at McCormack's. 2nd, Althea Tucker of Edith, \$1.00 of merchandise at McCormack's. 3rd, Virginia Cargile of Draw. Best complete exhibit of canning: 1st, Christine Owens of Edith, \$1.50 of merchandise at McCormack's. 2nd, Virginia Cargile of Draw, \$1 of merchandise at McCormack's. 3rd, Jewell Sewell of Draw. Best complete exhibit of poultry: 1st, Althea Tucker of Edith, \$1.50 of merchandise at Greathouse Gro. 2nd, Otis Spears of Lynn, \$1.00 of merchandise at Greathouse Grocery. Best record and history: 1st, Jewell Sewell of Draw, \$1.50 by Geo. Small. 2nd, Christine Owens of Edith, \$1 by Mr. Nash. 3rd, Althea Tucker of Edith.

#### Second Year

Best complete exhibit of sewing: 1st, Margie Higginbotham of New Lynn, \$1.50 by Jones Dry Goods Co. 2nd, Martha Cook of Draw, \$1.00 by Geo. W. Small. 3rd, Alma Elliott of Grassland. Best complete exhibit of canning: 1st, Martha Cook of Draw, \$1.50 by Jones Dry Goods Co. Best record and history: 1st, Martha Cook of Draw, \$1.50 by Handley Gin Co. 2nd, Margie Higginbotham of New Lynn, \$1.00 by Jones Dry Goods Co.

#### Third Year

Best complete exhibit of sewing: 1st, Beatrice Hammonds of Edith, \$1.50 of merchandise by Sawaya D. G. Co. 2nd, Ruth Crews of T-Bar, \$1.00 cash by Keltner Hotel. 3rd, Ida Mae Tucker of Edith, 5 shins at Deak Barber Shop. Best record and history: 1st, Myrtle Hammonds of Edith, \$1.50 cash by Handley Gin Co. 2nd, Nola Parks of Draw, \$1.00 of merchandise by Sawaya D. G. Co. 3rd, Ruth Crews of T-Bar. Best complete exhibit of poultry: 1st, Nola Parks of Draw, \$3.00 of merchandise by Cicero Smith Lbr. Co. 2nd, Vivian Moore of T-Bar, \$2.00 of merchandise by Cicero Smith Lbr. Co. Best record and history: 1st, Nola Parks of Draw, Marcelle by Miss Holloway. 2nd, Misses Hammonds of Edith, \$1.00 hair tonic by Hart Barber Shop. **Fourth Year** Best complete exhibit of sewing: 1st, Tressie Cook of Draw, \$3.00 by Thomas Drug Co. 2nd, Alline Cargile of Draw, \$2.00 by Thomas Drug Co. Best complete exhibit of canning:

1st, Tressie Cook of Draw, \$3.00 in merchandise by J. S. Wells & Sons. 2nd, Alline Cargile of Draw, \$2.00 in merchandise by J. S. Wells & Sons. Best record and history: 1st, Tressie Cook of Draw, \$1.00 by Wyatt Grain Co. Girls' Club having Best Complete Exhibit of Required Work. 1st, Draw Girls' Club, complete canning outfit given by Harris & Applewhite.

#### Women's Clubs

Made-over Garments. 1st, Edith. 2nd, O'Donnell. Dried-over Garments: 1st, Edith. 2nd, O'Donnell. Home-braided Rug: 1st, T-Bar. 2nd, Edith. 3rd, Midway. 4th, New Home. Best Pillow Case: 1st, O'Donnell. 2nd, Midway. 3rd, New Home. 4th, Edith. 5th, T-Bar. Table Cloth or Lunch Cloth: 1st, New Home. 2nd, T-Bar. 3rd, O'Donnell. Best Wash Dress: 1st, Midway. 2nd, Edith. 3rd, O'Donnell. 4th, T-Bar. Boy's Cotton Suit: 1st, Midway. 2nd, O'Donnell. Girls' Cotton Dress: 1st, Midway. 2nd, T-Bar. 3rd, O'Donnell. 4th, Edith. Rugs Not Braided: 1st, T-Bar. 2nd, O'Donnell. 3rd, New Home. Best Complete Exhibit in Sewing: 1st, O'Donnell. Dinner party given to club by Jake Leedy of the Club Cafe. 2nd, Midway; \$2.00 worth of bread given by City Bakery. 3rd, Edith; \$1.50 mdse. given by Piggly-Wiggly.

### LIGHTNING KILLS A VALUABLE MULE

Last Thursday during the rain-storm lightning struck a fine mule belonging to Mr. Tom Lishman. There were several head of mules and horses in the bunch when the lightning struck, but only one seemed to be injured, it being the best one in the bunch, and was killed outright—Wilson Pointer.

### Always call for City Bakery bread and you will make no mistakes.

Mrs. J. H. Tate of Comanche left Sunday for Lorraine, after a visit of several days with her son, E. R. Tate, and family. Mr. Tate accompanied her to Lorraine, returning the next day. He says that there was a terrific rain at Snyder Saturday night, amounting to three or four inches.

### Mr. Wm. B. Smith of San Saba, Texas, joined the Index force on Monday morning of this week as operator, and shop foreman. For the past three months the Editor has been acting as editor, operator, pressman, devil and errand boy, and since the first of September business has increased so that we found it necessary to secure additional help. Consequently Bill was greeted with a glad hand and so far is delivering the goods.—O'Donnell Index.

### LOST—Two ladies, hats between Seals place and town on last Friday. Finder please notify Mrs. I. E. Miller at Burleson Grain Co. 5-1tp

### A. R. Hensley, public weigher at Draw was in Tahoka Monday and reported that he had weighed about 85 bales at his yard. The damp, cloudy weather the past week or two is keeping the cotton from opening rapidly.

### Don't accept an inferior quality bread. Call for the City Bakery product. adv

### FOR SALE—Two row-binders and 1 broadcast.—Roy Todd, 1 mi. east of Tahoka. 5-2tp

### Abilene—The Hilton Hotel heralded as the largest and finest hotel between Fort Worth and Los Angeles, was formally opened to the public the week of September 19. The structure has 260 rooms with baths and is ten stories high, beautifully finished both inside and out.

### Sterling City—The county caterpillar tractor is being used as a stump puller in clearing the Sterling Creek of timber. The road will be opened for travel as soon as the fences are adjusted.

### Mason—Mason, the largest inland town in Texas, is to have another newspaper soon. Dan W. Huffer of Brady will be the owner and editor.

### Fort Worth—The eighteen story, 300 room Worth Hotel was opened to the traveling public September 24. The building is beautifully finished and has excellent appointments. It will accommodate many of the thousands visitors to the 1928 convention of the West Texas Chamber of Commerce which will be held here next June.

### The nighthawk, formerly wantonly shot for sport, is really one of the most useful of birds, and an insect catcher of great value. These birds scoop their prey out of the air on the wing. Biological Survey experts have examined stomachs of nighthawks and have found more than 50 different kinds of insects, representing thousands of individuals, in a single stomach.

### Mrs. Jack Cahal of New York, specialty dancer and pianist of Harry Wayman's Orchestra, spent last week in Tahoka visiting her friend, Mrs. Bill Burleson. She left Saturday for Chicago, where she will study this winter.

### Spearmen—Tax-paying voters of a new city hall; and \$20,000 for ing some city indebtedness.

The profitable pig is now grows continuously from farm to market.

## GROCERIES?

Boy, howdy, we've got 'em as good as you can find anywhere. Tell us what you want, and we'll do the rest.

And, say, we can now deliver them to you at any time of day you want them. Thanks!

## WELCH GROCERY AND STORAGE

Phone 211. —"Everything in Groceries"—

All of these appliances carry a guarantee for a period of one year from date of sale, against defects in manufacture.

## THOMAS BROS. DRUG COMPANY

**AT YOUR SERVICE**  
Our Greasing and Wash Rack  
Quick and satisfactory tire repairing;  
Vulcanizing.  
**Texas Filling Station**  
Clyne Thomas, Manager.

# TAHOKA INVITES YOU

To do your trading in this town, where you can at all times select first class merchandise from any of her many first class stores at reasonable and fair prices, and where your patronage is appreciated. She also invites you to market your farm products with her.

**T-Bar**

We are still having showers, which retards the feed getting ripe and the cotton opening.

Raymond Moore and Lawton Payne were here attending the meeting some. They are working at the Brownfield oil field.

Ridal Nichols came in from the oil field last Friday for a visit with the home folks.

Rev. J. T. Weems of Crosbyton came Thursday for a visit with his sister, Mrs. Henderson and family and preached a fine sermon for us Tuesday night as our protracted meeting was in progress, and we had some awful good sermons, which were of great help to many of us, and which we hope will bring forth fruit later.

J. M. Johnson and family visited John W. Russell and family near Tahoka Sunday.

We were well represented at the county exhibit Friday and Saturday but we failed to work hard enough and both the girls' and women's clubs were defeated by neighboring clubs. Let's begin now to think about what we will exhibit next year, and do better thereby. Let's everyone be a real live member from now

on and bring a full report and help our secretary to have a better record. Our community was well represented at Tahoka Saturday

J. W. Nichols and wife and R. L. Moore and wife visited Edwards Denton and wife eight miles east of Tahoka Sunday

Mr. Lindsey of Lubbock was a caller at M. A. Dorman's Sunday

Jesse Dorman and wife were here Saturday night from Grassland for a visit with home folks, and also Mr. Ed Hart visited his sister, Mrs. M. A. Dorman, Saturday and Sunday.

—A. CORR.

**Lynn City**

It's raining this morning and cotton picking has closed down and stopped the gin from running.

Well, the Tahoka folks were so anxious to see the Lynn people that they sent over and invited them in and they had twelve good looking men upstairs in the court house to interview them. They have not yet told what kind of a time they had.

The cotton yard here has eight bales on it. If you want to know about the market call up Lynn City and get it right off the real.

The Nazarene folks called a new pastor. Brother Wade was called to succeed Brother Shelton. They had a good service last night.

The Baptists figure on calling a pastor next Sunday. We hope they will.

—Your Uncle Tom.

**FISH GROW RAPIDLY IN ROUND TANK**

D. A. Thomas, who has a fish pond on his farm which is fed by a windmill, last week while entertaining visitors from a distant town, took 2 German carp from his pond which weighed five and six pounds each.

These fish were put in the pool last March, as tiny specimens, and have grown to this size in about eighteen months. There are some fish in the pond which are much larger than those caught, which were put in at the same time, besides they have increased until they now number thousands.

These fish are fed, as are the chickens and other things on the farm. There is no reason why anyone equipped with a well and windmill could not raise his own fish, and so great is the demand, we don't see why it could not be made commercially profitable.—Hockley County Herald.

**OUR INFLUENCE**

No man lives to himself alone. We are always influencing our fellows for good or for evil. To pass through life and leave no trace of our passage, is more impossible than to walk along on the soft, wet sand and leave no impression of our feet. As we are—either consciously, or often unconsciously—influenced by others, so in like manner others are influenced by us. They are influenced by our conduct, by our general character, by our method of life; and by our views and opinions and judgments whether of men or of things. Then, it concerns us very closely to ask: what is our conduct? Is it upright, honest, pure, gentle, and loyal? Is it humble, considerate, charitable? Do those who see us, who know us, who witness our daily conduct, who number us among their friends feel our life to be "a light illuminating them on their way; a beacon" pointing out the road to Heaven? What is in very truth your influence upon others? Is it, at least so far as it goes, an influence in the right direction?—The Southwestern Ambassador.

**FREIGHT BUSINESS GAINS IN IMPORTANCE**

Railway freight business, as measured by the gross revenues received by the railways, is now almost five times as important as the passenger business, according to figures just compiled and published by the Interstate Commerce Commission. In the first six months of this year, the total revenue received by the carriers for transporting freight amounted to \$2,263,000,000, while the passenger revenue totaled \$479,000,000.

Approximately this same relationship held true last year. In 1926, however, the freight business was less than four times as great as the passenger business, while in 1911 the revenues received by the roads from freight traffic were less than three times as large as those received from passenger traffic.

These figures are indicative of the gains which have occurred in railway freight traffic and also of the losses which have been suffered in passenger business, principally because of motor competition.

J. H. HOLLOWAY

Is ginning and rareing for work, and is able as ever before to give the best of ginning as to sample, turnout, etc. Let us show you. 4-1c

**CONTESTS OF BONDS COMMERCIAL INSTITUTE**

Miss Alcie Bond, the head of Bond Commercial Institute at Lamesa; in conference with Mr. Wilson, secretary of the Chamber of Commerce of Lamesa and Mr. Bush, secretary of the Chamber of Commerce at Stanton, has decided to stage contests between the several junior colleges. The school receiving the greatest number of points, according to size of school, is to win the loving cup.

These contests are to be held every four months. The first of which is to be held at Stanton in December. It is to consist of spelling, shorthand, declamation, and debating. Surely Tahoka can win the loving cup, if everyone will help.

Who is going to pull for Tahoka, beside Tahoka people? Stanton, Snyder, Slaton, Midland, or Littlefield? I think not. Neither do you. They each have their own branch to help. Come on everybody! Let's put the Bond's Commercial Institute of Tahoka on the map by winning the loving cup and keeping it here. We also want the help of the citizens in getting the second meet here in Tahoka (a good town, with a good school, made by people who have enough backbone to get and keep what they start for).

—STUDENTS.

**IT FAILED TO WORK**

Last Friday afternoon a young girl one would judge to be somewhere in her late teens of age, blew into Meadow and secured temporary quarters in one of the private homes in town, stating she would not be here but a short time. After getting herself located, she made a shopping tour in the down town district, making purchases at different stores, stating that she was visiting for a few days and that she would be in town the next morning and pay all the bills for goods she had bought in the afternoon. These purchases consisted of some dry goods, shoes, and other articles. Then she visited the drug store and purchased quite a supply of various toilet articles, making the same statement that she would be down next morning and settle the bill. It was soon learned that she had visited other places of business, making purchases with the same promises. This caused some suspicion on the part of the mer-

chants and early next morning Mayor Edwards, with John Cadenhead, J. P., visited the home where she stated she was stopping and collected all the goods bought the evening before, excepting a few minor articles, returning them to their proper owners.

—The Meadow Review.

Abilene—The West Texas Cham-

ber of Commerce is protesting denunciation of the "Llano Escacado" of northwest Texas and New Mexico as a "very dry and almost woodless plateau" such as was given recently by a national periodical. The organization has compiled figures which show that this area is one of the richest farming sections of the entire nation and is offering widespread refutation of the article.

**NEW GOODS ARRIVING**

We are receiving new goods almost every day. Everything that—

—The Best Place to Trade After All—

**CONSTIPATION**

And Attendant Ills Relieved By Taking Black-Draught.

The Rev. Granville Edwards, who lives at Schoolfield, near Danville, Va., was troubled for a long time with constipation and its attendant ill, which kept him from feeling fit. He writes:

"Luckily I then, which was about twenty years ago, heard about Black-Draught and began to take it. After taking Black-Draught for a little while I noticed that my trouble began to disappear. The poisons, which had accumulated in the body, as a result of constipation, were eliminated, and I felt a hundred per cent. better. The dizzy feeling, which I had felt almost every morning before breakfast, was gone."

"Black-Draught is a household article with us. We always keep it on hand."

Try Theford's Black-Draught for constipation. Sold everywhere. 35c.

### REPORTER

## BROWNFIELD WOMAN JAILED FOR THEFT

Opal Lewis, white, was arrested in Brownfield, Terry county, Sunday upon information from the Lubbock county sheriff's office, on a charge of theft by pretext, and was lodged in the county jail here to await trial. She is charged with having taken goods from a local store, without payment under pretext of going out to see whether or not the money for a proposed check was in the bank.—Lubbock Daily Journal.

San Angelo—Contract has been let for the erection of a \$250,000 junior college here. The money is to be available from a bond issue.

Borger—Borger is building a new city hall to cost \$28,000.

## CANNING HAS BECOME A BIG BUSINESS

(Continued from first page)

know how many canning outfits other merchants in Tahoka and at other points have sold to Lynn county people this year, but the number has been considerable. "Many people have been able to get by this year", one merchant said, "simply because they had learned to can and preserve for their own consumption the products of their own farms and gardens. If they had not learned to do this, I don't know how they would have been able to get by," he stated.

As a result of Miss Halsey's work, many of the farm people have learned how to make their living on the farm and to have their cotton crop largely as a surplus. This will be true this year in more instances than ever before in the history of the county. One farmer stated to the News man Saturday that he was coming up to the fall season with less indebtedness than ever before since he has been a resident of the county; that he and his family had lived almost entirely off the products of the farm. What is true of this farmer is true of hundreds of others.

The investment that this county has made in a home demonstration agent is one of the best investments it has ever made.

## PRIZES AWARDED IN THE FLOWER SHOW FRI. & SAT.

(Continued from first page)

There were several bouquets of cock-comb and bachelor buttons but the names were mixed and lost before a list was made for the printer.

Mrs. Baze expresses her thanks for the cooperation that was given her and indulges the hope for even a better show next year.

El Dorado—Schleicher county farmers are making good profits from poultry here. One stockfarmer kept books on 150 white leghorn hens for six months and found that they fed themselves, bought feed for raising 500 other chickens and banked over \$25 a month besides. He exhibited his birds at the annual Schleicher county fair held for the fifth time recently.

A flaming meteorite, 25 pounds in weight, is reputed to have caused a recent forest fire in the Walla Walla section of the Umatilla National Forest in Oregon. The meteorite, according to reports of the Forest Service, broke off a 28 inch tree 20 feet from the ground and lodged in the stump.

## Press Association Meets Oct. 21-22

As announced heretofore, the West Texas Press Association is to hold its fall meeting in Lamesa on Friday and Saturday, October 21-22.

This association was organized at Colorado nearly a year ago. J. L. Martin of the Scurry County Times is president. W. E. Reid of the Colorado Record is secretary; and T. Paul Barron, editor the Midland Reporter, is chairman of the program committee. It is said that a splendid program is being worked out, and some high-powered speakers are expected.

The visiting editors will be entertained at luncheon at noon Friday and at a banquet Friday night. J. W. Smith, editor of the Lamesa Reporter, will be the toast master at the banquet. These "feeds" are to be put on by the Lamesa Chamber of Commerce, and this body will probably provide other entertainment for the visiting editors also. It will offer a prize of \$50.00 in gold, we are told, for the best article on Lamesa and Dawson county following the meet.

The News hopes that all the editors and newspaper-people of the entire South Plains will attend this meeting. By all means the fraternity from all towns south of and including Plainview and Floydada should be present. Let's make the Lamesa meeting a glowing success.

## South Ward Items

The fifth, sixth, and seventh grades were delightfully entertained by the Good English Club of the fourth grade on Friday afternoon. A good program was rendered. A drive is being made to stamp out bad English this week.

Mr. R. B. Brewer was taken to a sanitarium this afternoon, where he will probably undergo an operation for appendicitis.

H. C. Reed received a message early Sunday morning that his father had died at 7:30 Saturday evening. Mr. Reed left immediately for Wheeler county to attend the funeral.

Mr. and Mrs. H. Disheroon and family motored down to O'Donnell Sunday afternoon to attend the Nazarene revival, conducted by Rev. Johnnie Douglass and Mrs. J. A. Pruitt, with Miss Ruth Leneax conducting the singing services.

## Program For W. M. U. Given

9:30—Devotional—Mrs. Marshall.

9:45—How To Make A Sunday School Grow—B. N. Shepherd.

3:30—Song—Jesus Calls Us.

3:35—Our Ruby Anniversary—Mrs. May of Brownfield.

3:50—Our Objective for 1928—Mrs. J. B. Walker of Tahoka.

Crawford Edwards returned to Ft. Worth Wednesday, after spending a week here looking after property interests. He was accompanied by Tom Smith of Fort Worth, who came out to look after a farm or two that he owns, and by J. M. Lyles, who visited relatives here.

Mr. and Mrs. C. O. Edwards returned to their home at Fort Worth Sunday, after spending a few days here with Mr. and Mrs. D. A. Childress on the T-Bar Ranch.

## Plan Ready For \$300,000 Building At W. T. S. T. C.

Canyon, Sept. 29.—Final changes in the detailed arrangement of the plans of the Education Building, which is to be immediately erected at the West Texas State Teachers College are to be made today. Architect E. T. Rittenberry is in Canyon in consultation with members of the faculty at this time.

The new building will be 200 feet in length, 85 feet deep and three stories high, and will be one of the best training school buildings in the United States. Besides 17 classrooms, there will be an auditorium seating 450 people, a gymnasium which will serve the students from grade 1 to 11, a grade and high school library, ample store rooms, several

offices and a well equipped room for students during the school building will cost \$300,000.

In appearance the building will be very modern, south and will be located in the Administration building, which has been placed as far as possible from the street in order to avoid the probability of automobile children.

Gene Brashear, who is undergoing treatment at the Hospital, is said to be improved. His friends think that he will soon be out.

Mr. and Mrs. Chester are spending a few days at Mrs. Connolly is taking a rest there.
