CONATSER GETS LIFE SENTENCE; SHEPPARD ON TRIAL

Lloyd Conatser, charged with the murder of Sheriff Bob Smith of Fisher county a few weeks ago, must serve the rest of his life in the penitentiary, if the verdict of the jury which heard the evidence in his case is carried out. The jury found him guilty and assessed his punishment at 99 years in the penitentiary after being out only 56 minutes at the close of a week's trial at Anson.

Conatser was raised in Fisher county but removed with his parents to Levelland a year ago. He and a fellow going under the name of Bill Smith were in a car with Sheriff Bob Smith and Deputy Jake Owens when firing was begun and the officers were killed. Smith alias Joyce Sheppard was under arrest and was being taken to jail on a charge of stealing a bale of cotton.

Rev. E. T. Breedlove filled the pulpit of the First Methodist Church at Lamesa Sunday morning, speaking at a district League meeting which was in session there at the time. Brother Breedlove reports that the League meeting was good, though the attendance was small.

CONSTIPATION And Attend Ills Relieved By Taking Black-Draught. The Rev. Granville Edwards, who lives at Schoolfield, near Danville, Va., was troubled for a long time with constipation and its attendant ills, which kept him from feeling fit. He writes: "Luckily I then, which was about twenty years ago, heard about Black-Draught and began to take it. After taking Black-Draught for a little while I noticed that my troubles began to disappear. The poisons, which had accumulated in the body, as a result of constipation, were eliminated, and I felt a hundred per cent. better. The dizzy feeling, which I had felt almost every morning before breakfast, was gone."

Find Alaskan Summer Heat Hard to Endure

During the summer heat of the temperate zone the Arctic regions look like a haven of rest and comfort from this distance, and it is hard to visualize the conditions which explorers describe. Summer is very short in the Far North, but it is denser in proportion to its limited time. Under a sun shining from twenty to twenty-four hours a day, everything that grows and breeds comes to life with a rush.

Incident That Upset Dignity of Inspector

A quantity of milk had arrived in the North and was loaded on an ordinary trolley awaiting claim by the consignee. The trolley had on it about ten of the large cans in which milk is carried by rail.

Along came a dignified inspector, bent on taking samples of the milk for testing purposes. He mounted the trolley and proceeded to insert the special implement he carried to mix the milk before taking out the samples.

Bob Naismith has returned from Belton and has again accepted a position as mechanic for the Edwards-Lockhart gens. Mr. Naismith spent the ginning season at Belton and says that the crop had been almost gobbled there when he left two weeks ago.

Prolific Tomato Plant

The bureau of plant industry says that it is not beyond the bounds of possibility to produce one bushel of tomatoes from a single plant. This yield is received, however, by giving individual attention to the plant, allowing plenty of room, liberal feeding and fertilizing. A trellis must also be erected over which the plant can extend its shoots.

Tribute to Teacher

Frank, age six, was a mischievous lad in school and along with several others, just as bad, managed to give the first-grade teacher no little trouble. His schoolhouse was situated on a busy street, so that the teacher always went with the children to the street. Frank was telling his father about some of the pranks they played and then began to explain how the teacher coached them never to cross the street without looking both ways for machines, for they might be killed.

The Highest Mountains

"You see them mountains" exclaimed the driver of a jaunting car in Ireland to an American passenger. The tourist admitted that he did see them. "Well, them's the highest mountains in Ireland." "You don't say so?" "Oo do indeed! An' you see them mountains?" the driver went on, flicking the whip toward another range. "Them's the highest in the world!" The American expressed his incredulity. "Surely not!" he protested. "Sure, it's three!" the driver retorted, bridling, "exceptin', av course, for them in furin parts!"

Poetry Restored

Let poetry once more be restored to her ancient truth and purity; let her be inspired from heaven, and, in return, her incense ascend thither; let her exchange her low, vulgar, trifling subjects for such as are fair, useful, and magnificent; and let her exercise these as at once to please, instruct, surprise and astonish; and then, of necessity, the most inveterate ignorance and prejudice shall be struck dumb, and poets yet become the delight and wonder of mankind.—James Thomson.

Odd Court Cases in 1668

A page from a Massachusetts court docket for the year 1668 reveals that Henry Walton was fined for saying that he would as leave hear a dog bark as to hear Reverend Cobbell preach; that Robert Edwards was fined for excess in apparel in wearing sleeve lace and gold buttons; that John Scully was fined for stealing his master's ox and selling it to him and that Sarah Collins was fined for railing at her husband.—Detroit News.

Route Of Paved Road In Randall County Decided

Following a month of watchful waiting, and unquestionable uncertainty, engineers snapped into action Tuesday when the plans of the paved highway from Canyon to Amarillo were received from Washington. With the approval of the Bureau of Public Roads as to the route selected several weeks ago by the county, state and federal engineers. Work is in progress along the line. Seven additional men were put on the job by county engineer A. E. Dyant, who hopes to have all plans and specifications complete and rechecked within a week or ten days.

IN MEMORY OF A NOBLE WOMAN

(By Rev. M. I. Davis)
Mrs. P. G. Mays, better known as Granny Mays, peacefully passed away at her daughter's home, Mrs. Lillie Sanders, twelve miles south of Tahoka, October 6, 1927. Rev. M. I. Davis of Post, who was her pastor at Goodnight, where she removed from here, conducted the funeral at the family home, assisted by Rev. B. N. Shepherd, pastor of the First Baptist Church of Tahoka.

Grandma Mays was born in Shelby county, Ill., August 27, 1841. She was converted at the age of sixteen and at once joined the Baptist Church, being a consistent, faithful member seventy years.

She was the daughter of Albert and Mary Vaughn. Her sister, Mrs. Matilda Colville, died three months ago, aged 92 years; another sister died in 1922 aged 85 years. James W. Vaughn died in 1910 aged 71 years. George Vaughn, her brother, lives in Missouri and is 84 years old. John W. Vaughn, another brother in Missouri, is 81 years old. W. F. (Uncle Frank) Vaughn and sister, Mary Ellen Hammonds, ages 79 and 74 live near Tahoka. Alex A. Vaughn died at Tahoka in 1921, aged 70 years. Only one of the family, a sister, Martha, died young, age 16 years. T. Jeff Vaughn, another brother in Oklahoma, is 71 years old.

Her husband died in 1913. To them were given eight children, four of whom survive her. Those of the children present at the funeral were: Mrs. Lillie Sanders, with whom she made her home, Mr. R. O. Mays and Mrs. John Wilmouth of Goodnight. G. H. Mays of Sabinal was unable to attend. She is also survived by 14 grandchildren and seven great-grandchildren.

With our Revolving Rib gins, we can make 5 to 15 pounds more lint to the bale, which means \$1.00 to \$3.00 more money. Besides they carry a looser roll which makes a smoother sample. Investigate—J. H. Holloway. adv.

LUBBOCK SANITARIUM NOTES

(From Lubbock Sanitarium News)
Miss Vera Nichols, of Tahoka, was brought to the sanitarium Wednesday and operated on for acute appendicitis. Miss Nichols is doing nicely at this time.
Mrs. N. A. Gray, of Tahoka, who had a minor operation a few days ago, is doing nicely.
Miss Leta Tarrance, of Tahoka, had a tonsil operation a few days ago.
Mr. W. H. Jones, of Wilson, had a nose operation a few days ago and has returned home.
Inell Jernigan, a nine year old child from Wilson, who was injured quite severely several weeks ago is improving.
Geneva Austin, the five months old baby of Mr. and Mrs. Harlan Austin of O'Donnell, is in the sanitarium for treatment.

PROTECT AGAINST DIPHTHERIA

Quite a few cases of diphtheria have developed in this territory the last few days. Diphtheria is a very serious disease and often has very serious after effects. All children could be immunized by three injections of toxin-antitoxin given at weekly intervals. Every child under the age of twelve should be given this serum as it is almost an absolute preventative of diphtheria for life.

GENE TUNNEY TELLS BOYS RIGHT ROAD TO SUCCESS

Gene Tunney, heavyweight champion of the world, broke his characteristic silence at Dayton, Ohio recently and told some 5,000 news carriers the way to success.
Climbing from a marine who fought for \$30 a month to the gentle- of the ring with a million-dollar valuation on his services, Gene Tunney's admonition appeared to register.
The first bit of advice he gave was not to smoke, because, he said, smoking kills the appetite and three square meals a day are absolutely necessary to proper development.
"Early to bed" was Tunney's second tip.
"Never take a drink of alcoholic liquor," was the next in line.
Fourth in his catechism was this: "Don't use profane language. It's a vulgarity for cowards only."
And lastly: "Have the will to win and you will win." Miami Chief.

NOTICE TO THE PUBLIC

Any erroneous reflection upon the
reputation or standing of any individual,
firm or corporation, that may appear
in the columns of the News, will be
gladly corrected when called to our
attention.

Few counties in Texas have better
public school buildings and
equipment according to their population
than Lynn county. We doubt if any
county has. The only real obstacle
to educational advancement in this
county is the fact that so many of
the children of the county are
required in the cotton fields during
the cotton-picking season. Some of
the schools, however, are partially
overcoming this obstacle by beginning
their terms earlier, then suspending
for two or three months in the fall,
resuming school work in December
or January and running until late in
the spring. In this way seven and
eight months session are maintained,
while at the same time the labor of
the children is utilized in the fields
during the busiest farming season of
the year. Still shorter summer
vacations might enable many of the
rural schools to maintain a nine
month term, as some do already.

There may be oil somewhere underneath
the surface in Lynn county but
whether oil in paying quantities is
ever discovered or not this promises
to become one of the most highly
prosperous counties in Texas. Its
agricultural possibilities are marvelous.
Cotton is the big money crop but it
is also one of the greatest feed-producing
counties in Texas. It has probably
produced enough feed this year to
run the county for two years. Since
feed is raised so easily, it is one of
the best live-stock and poultry countries
in the world. What we are

saying of Lynn county may be said
of a number of other south plains
counties. We have a veritable empire
in the making.

A fellow named Arnold down at
Houston has announced as a candidate
for lieutenant governor. He states
that one of the chief planks in his
platform is a declaration for Al
Smith for president. He is strong
for Al and presumably for Alcohol.
He will no doubt get Jim Ferguson's
support.

In renewing his subscription to
the News, H. W. Barkuloo of Hondo
complains that taxes are getting a
little high in Tahoka. He fears it
will hurt the town. As a matter of
fact, considering the public improvements
that are to be found here, such as
the court house, school buildings,
paved streets, electric light, water,
and ice plants, and a city hall now
under construction, we believe that
taxes are most reasonable here. We
know of no town where the people are
getting more for their taxes they pay
than are the people of Tahoka.

CARELESSNESS KILLS THOUSANDS

Some one has said that accidents
have come to be an epidemic and that
this epidemic constitutes the most
appalling situation now before the
American people.

When we realize the loss of life,
the suffering and the destruction of
property resulting annually from
accidents, we are forced to accept the
truth of the above statement.

From September 1, 1926, to June
1, 1927, a period of nine months, accidents
of all kinds in Texas were
responsible for the loss of 1,310 lives
and 4,244 personal injuries. This is
a greater loss than was sustained in
three of the leading battles of the
Texas Revolution.

Clarence E. Gilmore, president
Texas Council of Safety, writes an
able article entitled: "Carelessness
Kills Thousands." It will be published
in the Lynn County News Monthly
Magazine Section November 10th.

The Sunday School and singing were well attended here Sunday. Renewed interest was shown in our singing by the large number of visitors that were present from other communities. We have ordered the new Vaughn song books. So Come next first Sunday and sing with us. A very interesting program was given by the Epworth League Sunday evening. The theme of the program was "Faith." We are proud of our Epworth League and feel that it is a great help to all who attend its devotional services.

The young men of Draw met at the Church last Wednesday evening and organized a Young Men's Prayer Association. A number of young men were present, and we feel that much good can be accomplished by these young men for the community. We extend an invitation to all young men in adjoining communities who are interested in this work to come and meet with us each Wednesday evening. The young women of Draw plan to meet and organize on Wednesday evening of this week. The devotional services for the young men and the young women will be held separately.

Mr. and Mrs. Roberts came from Ropes Saturday and spent the night with her mother, Mrs. Ash of our community. Mr. Roberts returned home Sunday. He is superintendent of the eight-teacher Independent school at Ropes.

Miss Jan Odom, who has been visiting with Miss Myrl Sherrill here returned to her home at Breckenridge Sunday.

Mr. Ed. Blakney, who has a partnership interest in the Draw gin, received a telephone message Saturday that his little son had been run down by a car near their home at Plainview. Mr. Blakney went home Saturday and returned Sunday with the good news that the little fellow was not seriously hurt.

(Delayed from last week)

Our school opened Monday morning with a number of the parents and patrons present. Everyone was very enthusiastic and in a jolly good mood to begin real work. Mr. Caveness was present and made a splendid talk. The program rendered was as follows:

Song—Onward Christian Soldiers. Scripture Reading—Miss Thompson.

Prayer—Mr. Ash. Introduction of Teachers; a short talk given by each one.

Vocal Solo—Miss Emma Knowles. Talk—Mr. Sherrill, President of School Board.

Reading: The House With Nobody In It—Miss Ruth McKibben.

Piano Solo—Mrs. Joseph R. Griggs. Talk—Mrs. Berry, Director of Girls' Clubs.

Talk—Mr. Caveness. Talk—Mr. Griggs. Song—Revive Us Again.

There were about seventy-five pupils enrolled Monday morning. We are hoping there will be more soon.

Ben Bryant, who works at the cotton gin, got his arm fastened some way in the machinery last Saturday and cut it. There were several stitches taken on it to pull it back together. He seems to be resting as well as possible at present.

Berlum Ash and Oneda Beattie, who attended school at Ropes, were here visiting the home folks over the week end. Charles Roberts, who is a brother-in-law to Berlum, is superintendent of the Ropes school. Ruby Ash returned with the girls to attend school there also.

Brother Hart preached here Sunday morning, also Sunday night. This was Brother Hart's last time before conference. We heard some very good messages, which did us all good. We all love Brother Hart and wish him much success wherever he may go.

Tressie Patterson from New Home community, a former resident of Draw, was buried here in the Draw cemetery last Thursday. The Patterson family has our deepest sympathy in this bereavement.

Mr. and Mrs. Griggs and Miss Knowles were partakers of a fine birthday dinner at Mr. and Mrs. Ash's Sunday. The dinner was in honor of Ruby Ash. They report a fine time.

Jane Odom of Breckenridge is visiting Myrl Sherrill this week.

Hazel Newton, who attends school at Tahoka, was visiting home folks over the week end.

These beautiful sunny days are fine on our maize and cotton. We are gathering as fast as we can but surely need some more help.

Jula Mae Eldridge has gone to Jayton to help in a meeting there.

Mr. and Mrs. M. Rogers of Cushion visited in the home of the latter's parents, Mr. and Mrs. G. V. Cobb this week end.

Mr. and Mrs. T. W. Gorman and Mr. and Mrs. J. Grizzle of Hubbard, Texas spent a few days with their relatives, Mr. and Mrs. Looney this week.

Mr. and Mrs. Edgar Asbill of Eastland, Texas are visiting in the home of Mr. and Mrs. J. C. Wood.

Mr. and Mrs. James of Dallas accompanied by Miss Deila Pearl Brewer visited relatives in Levelland Sunday.

Buck Brewer who has been in a Lubbock sanitarium for some weeks past will return home Tuesday. Mr. Brewer is in very poor health and will be some time before he will be able to resume his duties on the farm.

Delayed From Last Week

Mrs. Mary Crouch, sister of Mrs. Henry Reed was here visiting Monday. Mrs. Crouch has been touring the Southwest and spent some time in Phoenix, Arizona, returning by Pampa and Amarillo. Mrs. Crouch will probably be in Tahoka country for some time.

The singing at the school house Sunday afternoon was accompanied by a lecture by Mr. Griggs, the former school teacher of South Ward. Mr. Griggs expounded on his vacation trip during the past summer in the Western states. It was a very interesting talk and was appreciated by every one.

The singing at the school house Sunday afternoon was one that was enjoyed by every one but there was not enough singing to it. The singers met again Sunday night at Mr. Reed's and some wonderful melodies filled the air.

Mr. and Mrs. Sanders drove to Lubbock Saturday to have some dental work done. They also visited in Lorenzo and returned home Sunday afternoon.

Mr. Wampler of the Lynn County News was a visitor in the home of Mr. and Mrs. Sanders Friday night.

HUNTING THE BUFFALO

It seems a far cry back to the days when great herds of wild buffaloes, bison, covered the plains of many of our western States from Texas northward and up into the far Canadian Northwest. However, quite a few western plainmen are still living who will remember those early days, and some there are who had an im-

portant part in helping well-nigh to exterminate these large herds of buffaloes, as well as riding the American frontier of hostile Indian tribes.

Under the title of "Hunting the Buffalo" an old Texas Ranger tells how near he came to losing his life in an encounter with a wounded buffalo. The story will appear in the Lynn County News, November 10th.

WEST TEXAS PRESS TAKES RAP AT TELEPHONE CO. POLICY

At the annual meeting of the West Texas Press Association at Lamesa last week, the members unanimously adopted the following resolution which asks for specific things from the Bell Telephone interests, and their subsidiaries. The resolution follows:

"We, your committee appointed to draft resolutions regarding the telephone companies operating in West Texas, beg to submit the following:

"The West Texas Press Association in meeting assembled, deplore the lack of co-operation manifest by many of the corporations operating in this territory, and especially that of certain telephone concerns. Therefore, we resolve that these companies, and especially the State Telephone Company, the Bell Telephone Company and all subsidiaries be advised by every newspaper in West Texas that their present attitude of selling advertising to our local

merchants on a monthly charge basis should be eliminated as unjust and unreasonable from a business standpoint; that the local publisher have an opportunity to bid on the work; that the service and rates charged patrons should be in equitable proportion to that charged in towns and cities of similar population and business magnitude; that each publisher in West Texas be asked to publish this resolution and that a marked copy of same be mailed to the district and state head quarters of the telephone company.

Signed,
"George F. Smith, Snyder,
J. W. Smith, Sr., Lamesa,
"Jess Mitchell, Littlefield."

NOTE—The reason the newspapers asked for this equitable understanding is because of the unjust and unreasonable charges made against advertisers in the telephone directory, as well as the telephone people hauling every directory into Dal-

las to be printed, eliminating the publishers in the representative towns in which the phone people have an office and exchange from even making a quotation.

An advertisement in the directory is based on so much money for a space on a monthly rental basis. As a concrete example in Snyder, the two advertisers on the front cover of the directory pay practically the entire cost of the book, leaving the balance of the advertising money to be piled up in the coffers of the telephone company as so much "gravy." One advertiser pays \$4.00 a month, the other \$1.50. Whereas, the equitable way to handle the matter is for a stipulated one charge for the entire six months period that the book operates. By taking the front pages of the directory at Snyder as a comparison, the total amount realized from advertising would run from \$600 to \$800 per book. The actual cost to the phone company for the Snyder book could not exceed \$110.

The Times-Signal is glad to see West Texas publishers wake up on this proposition and see that their district and local offices get a marked copy of the resolution.—Snyder Times Signal.

SOMETHING TO THINK ABOUT

By F. A. WALKER

DARKENED WINDOWS

IT IS not for you who dwell usually behind darkened windows to see the beautiful things that are everywhere about you, beckoning you to look and be filled with the joy unspeakable.

It is not for you who have been made sightless by the gloom of evil thoughts, envies and hates, to know and feel the tranquillizing influence of the green earth, the colored groves, the grazing knee and the inspiring grandeur of the boundless outdoors, when the light of day is fading and the clear new moon shines in the west like a crescent of lustrous silver.

The glorious dome above, with its ever-changing cloud-lands, the somber hills below, the winding streams lit by golden sunlight, the shaded woods and the purple pools are always calling you to friendly communion.

Through the winds come their invitations to closer companionship and friendliness.

If you will listen you will hear their voices in the sigh of the trees, in the pattering rain, in the roaring storm, or in the silent night, when you suddenly awake as if waiting for the fulfillment of some splendid promise!

You may be versed in language, letters and art; you may be accomplished beyond the highest accomplishments of those upon whom you look as friends; you may have a super-abundance of wealth, able by a mere gesture of a hand to compel thousands to yield to your wishes, but if you live behind darkened windows you are not getting from life the great things intended to make of you a better man or woman, by giving you glimpses of heaven.

Of the nobler impulses, the higher aspirations, the greater emotions and the loftier dreams, you are utterly destitute.

Your heart is as hard as a desert, bereft of verdure and flowers, barren of faith and un happiness.

And it is quite possible, too, that you know nothing of true love, nothing of the fine intricacies between souls, which tongues cannot name or express, for you have broken the vital and uplifted the essence of truth and superfluity.

If you are living behind darkened windows, fling aside the curtains, open wide the casements and let God's sunshine flood your house of clay until you, enmeshed therein, shall feel the living warmth of His enduring love and praise Him.

How It Started

By JEAN NEWTON

THE CHEST OF DRAWERS

THE story of the beginning of the term "chest of drawers" is to describe the piece of furniture which today bears that name, throws light in an interesting way upon the development and evolution of furniture.

One of the earliest pieces of furniture was the chest which at one time served the multiple purposes of trunk, seat, cupboard and even table. Originally flat on the floor, the necessity to protect its contents from dampness and vermin caused it to be raised by feet or a base above the floor. The "two-story" chest evolved—one above the other—which inspired the idea of a chest with a drawer in it.

Two, three and four drawers developed and finally, all drawers, whence came the name "chest of drawers" which we use today in all instances of the story which has concerned in the work.

AEROPLANE FALLS AT TULLIA LAST MONDAY

The aeroplane belonging to R. L. Lowry fell at Tullia Monday afternoon at 6:15 o'clock. No one was seriously injured and the plane can be repaired although a complete new fuselage is necessary.

Mr. Lowry had taken his wife to visit her parents who live about 12 miles east of Tullia and had then gone to Tullia to take a few passengers riding. He had with him as passengers Scott Garrison and Carl Goodner at the time of the accident.

Garrison suffered four broken ribs while Goodner escaped with only a small cut on the temple and a bruised wrist. Mr. Lowry was only bruised and was on the streets of Plainview Tuesday.

According to Mr. Lowry the plane went into a flat spin, which means it was in a level spinning position, at about 700 or 800 feet in the air. It is very unusual for a plane to get in this position but Mr. Lowry says it is almost impossible to gain control of a plane after it gets in this position, and that they will gradually settle to the ground.

The plane will be repaired, but it will take about four to six weeks to get the parts. Mr. Lowry says, "we are not through flying," and his wife stated she was ready to fly with him as soon as the plane was repaired.—Plainview News.

TURKEY TIME

To fatten turkeys for the market, begin about the first of November. Feed just enough at a time so the birds will go away a little hungry, gradually increasing the quantity until they are given all they will clean up three times a day during the week before marketing. It is a good plan to feed equal parts of wheat and oats during the first part of the fattening season, gradually changing to corn as the weather becomes cooler. Old corn is much better for turkeys than new corn, but it must be free from smutiness. Heavy feeding of new corn often results in scours.

Tullia—Considerable improvements are underway at Hotel Tullia. Gas stoves have been installed, and concrete walks are being laid about the building.

Local People Attend Dist. League Institute at Lamesa

The Institute of the District Epworth League of the Methodist Church held at Lamesa on Oct. 22 and 23 was quite a success as far as Tahoka was concerned. A number of the local Hi-League members, accompanied by the pastor, Rev. Breedlove, and their Councilor went down Saturday morning for the opening session.

The two days Institute under the supervision of Miss Hazel Morris of Post, District Secretary was well planned and the programs were all interesting, instructive and helpful. The slogan of the Institute was "Know Your Stuff"—and the four departments of the Epworth League work were ably handled by the following teachers: Worship Department, Rev. R. T. Breedlove of Tahoka; Social Service, Rev. J. B. McReynolds of Post; Recreation and Culture, Mrs. Ruby D. Sudarth, Counselor of Tahoka; Hi-League; and Missions, Rev. J. W. Watson of Lamesa. Mrs. Sudarth also wreathe the subject, "Know Your Music", and directed the hymns and recreational songs which lived up the session.

A sunrise prayer meeting Sunday morning led by Mr. Leslie Pratt of Lamesa, was a fine feature of the Institute.

Rev. McReynolds and Rev. Breedlove gave two splendid sermons on Saturday night and Sunday morning respectively, while Dr. Loveless, of Lamesa made an inspiring address on "The Call To Service" at the last session. Rev. Watson filled the pulpit at Tahoka Sunday morning. The Assembly was also privileged to hear Miss Kate Lowrey of Post in a most interesting talk on the Hughes-Caperton Memorial, she having been a personal acquaintance of both Mr. Hughes and Dr. Caperton, and familiar with many intimate incidents in the latter's life which she related in a most effective manner. At the close of the Saturday night program Miss Kathryn Poer of Tahoka, sang two songs in her usual delightful way after which there was a program of amusing and most enjoyable "stunts." At the close, delicious light refreshments were served.

Churches from Post, Wilson, and Tahoka were represented; Tahoka easily taking the attendance banner with a total of 24 present Sunday P. M., of which they were very proud. Tahoka will entertain the Institute, perhaps in January, and will appreciate the opportunity to dispense the same cordial hospitality they received at Lamesa.

TEXAS' TREASURE ISLAND

Rich in romance and adventure, holding the secret of buried treasure and the deeds of freebooters, back in the days when Jean La Fitte and his bold buccaneers roamed the Texas coast, Padre Island gives to the world a treasure trove to legends bearing on "pieces of eight."

The island is two to three miles wide and begins about twenty-seven miles from Brownsville, Texas, near the mouth of the Rio Grande river, and proceeds near and along the gulf coast for almost 150 miles. At the northern end it has been recently linked up by means of the Corpus Christi causeway, and affords tourists one of the finest ocean drive-ways in the world.

The modernizing of Padre Island has brought to light its romantic past—the secret of its buried treasure.

COMMUNICATIONS LAST WEEK DELAYED

We are publishing this week a number of communications from rural communities intended for publication last week, which we were compelled to bring over to this week on account of receiving a number of large ads after a part of our paper had been printed and on account of having other matter that we could not leave out. We prize very highly these communications from the various communities of the county and expect to make arrangements for more of them in the near future, and we regret exceedingly this unavoidable delay in publishing those received last week. We expect to be able to avoid any such delay in the future. If your community has no correspondent make arrangements at once to have some one send in the news. We will appreciate it and it will be a help to your community.

The head of the Home Economics Department, is our sponsor.
The aim of the club is: To Help Build Up the Home Economics Department. They are planning now to buy and make some napkins for the Home Economics Department. The right spirit was shown Wednesday afternoon toward a lively and progressive club.
The dues of the club are 10 cents a month, the club meeting only twice a month, one a business and the other a social at one of the homes.
All mothers, lady teachers, and high school girls are urged to come, work and play with us.

OVER THE COUNTY WITH THE WOMEN'S CLUBS

(Continued from first page)

A short time to come to that dinner. A beautiful table, delicious food, lively conversation, with a few short talks, made an occasion long to be remembered by the following members of the O'Donnell Home Demonstration Club: Mesdames D. W. Harris, John Etter, W. K. Horn, D. M. Estes, J. N. Lines, Bob Gary, J. F. Campbell, John Earls, C. C. Jones, W. E. Vermillion, J. L. Schooler, Ben Moore, Harvey Everett, Harvey An- ne Everett, J. P. Bowlin, R. O. Stark, H. C. Williams, Frank George, Dudley Middleton, J. W. Roberts, H. C. Williams, Paul Gooch, Waldo McLau- rin, H. E. Gillespie, N. T. Singleton, and Miss Millie M. Halsey.
It is a pleasure to report that Wil- son, New Home and Lynn Clubs each have cash in hand for A & M. Short Course Scholarships.
Remember that every Home Demonstration club in Lynn county is to have election of officers and year book plans at the November meet- ings. No club has a meeting sched- uled for December, so let's make November meetings the best of the year.

New Home, O'Donnell, Midway, Edith, Wilson and Lynn report that each club has already set aside money to buy as many Year Books as it has members, with a few extra copies for new members. Live clubs like these are wise in providing for new members.

The A. & M. College is asking us to have a "Better Homes Chairman" in every club this year. Has yours been appointed?
No club has sent in 100 per cent of reports. Who will be the first?
Yours sincerely,
MILLIE M. HALSEY

With our Revolving Rib gins, we can make 5 to 15 pounds more lint to the bale, which means \$1.00 to \$3.00 more money. Besides they carry a looser roll which makes a smoother sample. Investigate—J. H. Holloway.

Redwine

Hello, folks, here is a little news from Redwine.
Mr. and Mrs. G. A. Henry and daughter spent the day with Mr. Bob Traweck and family last Sunday.
Mrs. M. L. Henry spent the night with Mr. and Mrs. G. A. Henry last Saturday night.
Mr. and Mrs. Bob Traweck and family spent the evening in the home of Mr. and Mrs. A. L. Doss Sunday.
Mr. and Mrs. L. H. Taylor and Miss Bertha McAllister went to Lub- bock last Sunday afternoon to visit Mr. Taylor's brother, Mr. H. J. Taylor.
Mr. and Mrs. H. L. Tunnell visited Mr. Tunnell's father and mother, who live in the South Ward commu- nity, on last Sunday.
Mr. and Mrs. B. M. Vaught visited in the home of Mr. J. L. Holder in the Grassland community last Sunday afternoon.
Mr. and Mrs. E. W. Holloway and family and Mrs. Tom Smith visited Mr. Holloway and Mrs. Smith's sis- ter in Littlefield last Sunday.
Mr. and Mrs. J. B. Denton spent the day last Sunday in the home of their son, Mr. H. H. Denton.
Mr. Lace Nelson of Oklahoma is visiting Mr. and Mrs. L. K. Nelson.
Mr. Charley Barnes is expected to arrive from New Mexico this week.
Mr. and Mrs. L. C. Johnson spent Sunday with Mr. and Mrs. T. W. Ter- ry of Garlynn.
Mr. Woody and family of Austin are visiting in the home of Mr. and Mrs. M. B. Walters.
Mr. and Mrs. W. T. Garnet visited Mr. and Mrs. Ed Garnet of Draw last Sunday.
The cotton is opening rapidly in our community and pickers are in demand. We are having wonderful weather and we are very thankful for it.
School News
The attendance in our school has fallen off considerably in the past 2 weeks. However, we have exception- ally good attendance considering the time of the year. This weather is so good for picking cotton, and of course that keeps some of the pupils out of school. We are taking up early in the morning and turning out early in the afternoon, and we find this plan very satisfactory.
Our Sunday School
We wish to invite everyone in the community to Sunday School at the Redwine Church. To all appearan- ces it seems that a great many of the people of this community are not a- ware of the fact that there is a Sun- day School here. Come to Sunday School next Sunday and bring some-

Hale County Sells Bonds At Premium

Hale county this morning sold \$100,000 of road paving bonds to Kauffman, Smith & Co. of St. Louis, receiving the extraordinary offer of \$104.71 or a premium of \$4,710 on the amount sold. Bond buy- ers were here from some of the prin- cipal cities of the United States, in- cluding St. Louis, Cincinnati, Kansas, City, Dallas, Houston and San An- tonio, and many declared it the high- est price ever paid for Texas five per cent road bonds.
Twenty firms placed bids with the commissioner's court and the bids were consistently grouped with an average of about 103. The court went into session at ten o'clock and the result was announced about noon. Jim- my McGee of St. Louis was the rep- resentative of the successful firm and more than twenty bond house buyers were in attendance. The sale seemed to have been exceptionally well advertised.
State Highway engineers were also here to attend the meeting and included J. W. Puckett of Anson, surveying engineers, and a locating engineers. These gentlemen were out on the proposed routes this afternoon and it is hoped that this sur- vey will be made at once and bids on work called for.
County officials are entirely pleas- ed with the progress being made in the preliminary steps for an early beginning of construction.
Plainview business men, as well as those in official position, are elated at the price brought by the bonds. It is pointed out that this will set a precedent throughout this territory in future sales of public bonds.
The bonds will also draw five per cent accrued interest from the time issued, September 15th, until finally delivered to the offices of the St. Louis buyers, and this will add something to the premium, bringing it close to the \$5,000 mark.—Plain- view News.

What Is An Equal Price FOR COTTON Ginned In ACCO (Round) BALES And Square Bales

To compare prices: Take a pattern of square bale bagging and ties weighing 20 lbs and bagging for two ACCO (round) Bales together weighing 5 pounds—a difference of 15 pounds. Remember in comparing prices this is the only difference.

For example: Say you have enough seed cotton to make 500 pounds of lint—

Square Bale—	ACCO Bale—
500 pounds lint	500 pounds lint
20 pounds bagging and ties	5 pounds bagging
520 pounds total	505 pounds total
20 cents per pound	20.60 cents per pound
\$104.00	\$104.03

Before ginning get the square bale price and the ACCO Bale price. Then multiply as above—that is, the square bale price X 520 pounds, and the ACCO Bale price X 505 pounds.

THINK—DO YOUR OWN FIGURING—FIGURES ARE FACTS
Remember—If you gin cotton in ACCO Bales, there is **NO** WEIGHING CHARGE
YARD CHARGE
HAULING
SAMPLING
WASTE OF TIME

There is positively no loss in "Turn-out" in ginning ACCO BALES
All square bales are compressed and recompressed before being exported; ACCO bales are compressed only at the gin.
I will be glad to gin your cotton either round of square. My gin is as good as the best in Tahoka. Come and see for yourself.
If you gin your cotton in round bales, you can drive by the office and get your
