

The Lynn County News

We invite you to locate in beautiful Tahoka. Good homes, good schools, good churches.

Volume XXIV

Tahoka, Lynn County, Texas, Thursday, November 10, 1927.

Number 11

MAKES REPORT ON AGGIE WORK

Inspector Praises And Makes Suggestions Following Visit To Tahoka

C. L. Davis, who recently visited the school, has sent back the following report:

November 4, 1927.
Mr. M. L. H. Baze,
Supt. of Schools,
Tahoka, Texas.

Dear Mr. Baze:

This is the report concerning my visit to your department of vocational agriculture on October 31st.

We are glad that vocational agriculture has been given a comfortable room, a filing cabinet and a bulletin rack.

A good supply of bulletins has been secured, and the list of reference books seems to be adequate. We want to request that you add to the list of books to the following:

Diseases of Poultry by Pearl, Curtis and Surface, Macmillan Company, Dallas Texas; Pest of Farm, Garden, and Orchard by Sanderson & Peairs, John Wiley and Sons, 440 Fourth Ave, New York, Teaching Farm Shop Work and Farm Mechanics by Schmidt, Ross and Sharp, The Century Company, New York City, New York.

We recommend that you purchase a milk fever instrument, a caponizing set and a spray pump. None of this list is expensive.

During the day of my visit the lesson in agriculture was on cotton raising. Mr. White had provided plenty of samples and the lessons were handled in a very creditable manner. This work is seasonal, and Mr. White is handling it at a time that he can secure plenty of samples. The seventh grade class in agriculture should be dropped. This is my recommendation as well as that of the High School Division. The boys of this group can get all the agriculture that they desire to secure after they have reached the higher grades. It is my understanding that this class will be discontinued January 1st. Mr. White needs the time that he is giving to his class for the purpose of developing his work in the two rural schools in which he works.

In my judgement, Mr. White could give careful attention to the organization of the courses that he is teaching in the two rural schools. This work is very carefully organized this group of boys is not going to continue in the class. I suggest that he carefully study the suggestions that we have recently given on concerning evening school procedure. This material should be helpful to Mr. White.

Mr. White is to be congratulated for the father and son banquet that he put on on the evening of the 31st. This kind of things will do much to promote a good spirit in the community.

Please advise us as soon as you have been able to comply with our suggestions in order that we may properly credit your school before we begin consideration of affiliated credits in vocational agriculture for the current year.

We very much appreciate the cooperation that you and your board are giving us and hope that you will feel free to call on us whenever you feel that we can be of service.

Very truly yours,
C. L. DAVIS,
Supervisor Agricultural Education.

New Dry Goods Firm Comes Here

The Krauss Dry Goods Company is opening a store this week in the new Hall Robinson building on the west side of the square. The goods are now arriving and are being placed on the shelves. The stock of goods is being brought from Crane, where the Company has had a store. Mr. J. O. Castle, formerly of Crane, will be the manager of the business here.

The Krauss Dry Goods Company is a big concern, having other stores at Post, Abilene, Winters and McCamey.

DRAW HAS SPECIAL SECTION IN THE NEWS THIS WEEK

We are issuing this week a special section, giving much information about Draw and community. Draw is one of the most progressive and prosperous communities anywhere on the south plains. Its progressiveness is exemplified in many ways, especially in the handsome and commodious school building which has been constructed and in the fine school system and the splendid school spirit that exists there. No better people are to be found anywhere than the people of Draw. No better land is to be found on the plains than the land in that section of the county. They desired that some of the merits of this splendid community and some of the historical matter relating to their community be set forth in the county paper, and we are therefore gladly devoting a special section of our paper this week to these matters. In addition to this we are printing some extra copies of the paper, and every family residing on Rt. 2, which extends through the Draw community, will receive a copy of our paper this week. The News wishes to congratulate the people of Draw upon their progressiveness and upon the fine way in which they cooperated with us in issuing this paper.

SEWER SYSTEM IS PROPOSED

San Angelo Men Want Franchise For Tahoka; To File Application With Council

Messrs Kimbrey and Clouse, contractors, of San Angelo, were here Wednesday interviewing the citizens and authorities of the city with reference to the installation of a sewer system here. They appeared before the Kiwanis Club at its luncheon Wednesday and explained their attitude in the matter. We understand that they will probably file an application with the city secretary at an early date asking for a franchise. They explain that if they are granted a franchise and put in a sewer system, their contract with the City will provide that the City itself will have the privilege of buying the system at the end of five years.

We have not learned the attitude of the city council in the matter. Since the City owns the water and light systems, it is possible that the council may not be disposed to let a franchise to these gentlemen. The Council will probably grant a franchise or take some other steps in the near future to secure a sewer system for our citizens.

J. E. Ketter and daughter, Miss Joycie, left this morning on a few days business trip to Cleburne.

Government Causes Cotton Price Drop

The Government estimate of the size of the 1927 cotton crop, which came over the wires Wednesday morning, increased the amount over the estimate of a month ago by 164,000 bales, and as a result the price of cotton took a tumble of about \$7.50 per bale. It had recovered a part of this loss before night Wednesday, however, the market for the day closing about \$5.00 per bale lower than on the previous day.

The estimate as issued by the Government was 12,842,000 bales against an estimate of 12,678,000 bales a month ago.

The ginners' report showed that 9,925,000 bales had been ginned against 8,118,000 up to a corresponding date last year. On account of favorable weather, picking has advanced much more rapidly this fall than last fall.

As indicated last week, Rev. R. T. Breedlove is at Big Spring this week attending the meetings of the Northwest Texas Conference.

Mrs. Nat Williams visited her parents in Roscoe last week-end, returning home Saturday night.

CLUBS ELECT NEW OFFICERS

New Year Is Started By Lynn County Home Demonstration Organizations

The Lynn County Women's Home Demonstration Clubs are busy preparing to enter upon the new year's work.

New officers are being elected to take charge of the work on January 1st, 1928. To date the following officers have been reported by clubs:

Slash L.—Pres. Mrs. Edd Anderson, O'Donnell Rt.; Vice Pres., Mrs. R. E. Seay, O'Donnell Rt.; Sec'y.—Treas., Mrs. A. G. Crutcher, O'Donnell Rt.; Reporter, Mrs. J. E. Carrell, O'Donnell Rt.; Better Homes Chairman, Gordon—Pres., Mrs. C. W. Dean, Southland, Rt. 1; Vice-Pres., Mrs. F. W. Hall, Post, Rt. 1; Sec'y.—Treas., Mrs. F. Bagby, Southland, Rt. 1; Reporter, Mrs. W. T. Walker.

O'Donnell—Pres., Mrs. W. H. Veasey, O'Donnell; Vice-Pres., Mrs. H. E. Gillespie, O'Donnell; Sec'y.—Treas., Mrs. R. O. Stark, O'Donnell; Reporter, Mrs. Harve Everett, O'Donnell. Better Homes Chairman, Mrs. J. F. Campbell, O'Donnell.

T-Bar—Pres., Mrs. J. A. Beasley, Tahoka, Rt. 3; Vice-Pres., Mrs. H. W. Crews, Tahoka, Rt. 3; Sec'y.—Treas., Mrs. A. E. Leverett, O'Donnell, Rt. A. Reporter, Miss Esther Nichols, Tahoka, Rt. 3; Better Homes Chairman, Mrs. J. B. Vickery, Tahoka, Rt. 3.

Wilson—Pres., Mrs. A. L. Faubion, Wilson; Vice-Pres., Mrs. L. Lumsden, Wilson; Sec'y.—Treas., Mrs. B. W. Baker, Wilson; Reporter, Mrs. R. C. Forester, Wilson; Better Homes Chairman, Mrs. Raybourn Metcalf, Wilson.

As will be seen each Club is to have a 'Better Homes Chairman' this year. And each Club will stress Home Sanitation, Yard Improvement, and Living Room Improvement, together with other important subjects.

Plans are being made to publish the year book in December. All clubs are urged to be represented December 10. Be ready for the following:

(1) To elect new officers for the Council, including a Better Homes Chairman for the entire county. (2) To pay for all Year Books needed by your Club. (3) To select twelve subjects for year book programs, and make other suggestions for year book. (4) To give a complete list of your own club members, together with mail address. (5) To select a committee to prepare Year Book Material for the printer. (6) To select a committee to assist in completing Lynn County's Annual Report.

Come to this meeting promptly at 2:00 p. m., December tenth, 1927.

Yours sincerely,
MILIE M. HALSEY, C. H. D. A.

Supt. and Mrs. M. L. H. Baze visited friends and relatives in Roscoe and Sweetwater last week end. On Saturday they attended the Sweetwater Teachers Institute, which was in session at that time, and heard some excellent discussions of school problems, Mr. Baze stated.

17,000 BALES NOW GINNED

O'Donnell Leads County With Tahoka Close Second With 4,500; Grassland Third

The News can give only an estimate of the number of bales of cotton ginned in Lynn county to date this season, but it is believed that this estimate is fairly accurate. We failed to get the exact figures for O'Donnell, Wilson, New Home, Gordon, and New Moore, but we have pretty accurate estimates for these places. O'Donnell has ginned about 4,500 bales, Wilson about 1,200 and New Home about 500. We have no figures for Gordon and New Moore, but these places have together ginned probably 1,000 bales.

At an early hour this morning we obtained the exact figures of Tahoka, Grassland, Draw and New Lynn, and we give these figures and the approximate number for the other places below.

Tahoka	4,500
Grassland	2,100
Draw	1,500
O'Donnell	4,500
Wilson	1,200
New Home	500
New Lynn	1,061
Total	15,911

The figures for Gordon and New Moore would bring this total to about 17,000 bales.

Building and Loan Association Enters Tahoka

As will be noted from its advertisement appearing elsewhere in this paper, the Colonial Building & Loan Association of Utah has made arrangements to do business in Tahoka. A local advisory board has been named consisting of G. M. Stewart, R. W. Fenton, Jr., and W. S. Taylor. The plan is about the same as that followed by the companies that have been operating in Lubbock, Sweetwater, and other places in this section for several years and that have been such important factors in the building of these little cities. It would seem that there should be a good field for such an association in Tahoka.

Redwine Farmer Says Turkeys Pay

L. C. Johnson of Redwine brought a bunch of turkeys to town Tuesday and sold them to one of the local produce dealers. Mr. Johnson says that the seventeen turkeys netted him \$58.90. It cost him practically nothing, he says, to raise them, and so the proceeds of the sale were just like that much money picked up. Many farmers find it profitable to raise turkeys both for home use and for the market.

J. A. Brashear has been confined to his room the past few days. His ailment is not serious.

Armistice Day Is To Be Celebrated

READ THE NEWS; YOU'LL GET YOUR MONEY'S WORTH

Reader, if you receive a sample copy of The Lynn County News this week, please regard it as an invitation to become a subscriber. We want you to join our big News family. If you once become a subscriber, we believe you will keep it up. You will enjoy the paper, the good wife will enjoy it, the children will enjoy it. We publish the things that you and they are vitally interested in—the things that your neighbors and friends are doing, the community news, the court news, the church news, the school news, the county news generally. How can you afford to do without your county paper when it costs you less than 3 cents per week? Fifty-two issues for only \$1.50. Or, we can send you our paper and the Semi-Weekly Farm News, three papers each week, for only \$2.00. Why not come in and subscribe at once?

MANY EVENTS SET FOR DAY

Queen Coronation, Football Game Parade, Band Concert and Operetta On Program

Program in General
Queen Coronation—Thursday, 7:30 P. M. High School Building.
Ex-Service Men's Program, Friday 10:30 A. M. Methodist Church.
Parade—(Assemble on vacant lot west of Higginbotham-Bartlett Lumber Co.), Friday 1:30 P. M.
Foot Ball Game, Friday 3:00 P. M. High School (O'Donnell vs. Tahoka).
Operetta, Friday, 7:30 P. M., High School Building.

In spite of the fact that farmers are exceedingly busy gathering their cotton and business men are unusually busy, just now, Friday is expected to be a day of much festivity in Tahoka.

It is Armistice Day!
The American Legion Program will be given at the Methodist Church, beginning at 10:30 A. M. This program is given below. A big parade will be staged at 1 o'clock in the afternoon. The American Legion will head the procession, followed by school children, and many decorated floats, decorated and undecorated cars.

Possibly the center of attraction in this parade will be the Armistice Queen, in queenly costume, seated on a throne, mounted upon a decorated float.

There will be a lively football game between O'Donnell and Tahoka on the local field, beginning at 3 o'clock. This promises to be a hard-fought game.

The crowning event of the day will be the operetta, given in the High School Auditorium at 7:45. There will be forty individuals participating in this great entertainment, and it promises to be the best of its kind ever produced in Tahoka.

To Crown Queen Tonight
Little Miss Dottie Turrentine will be crowned Armistice Queen at elaborate coronation ceremonies held in the high school auditorium tonight.

She was chosen Queen in a contest which came to a close Tuesday night. A spirited contest was being waged between other contenders, when Miss Dottie was entered as a 'Dark Horse'. She won by a tremendous majority, her total vote being 832,200.

Miss Dottie will be in the line of march on a decorated float in the festivities here Friday, Armistice Day.

The coronation tonight will be an elaborate and colorful affair. There will be numerous attendants, and brilliant ceremonies, and quite a lengthy program of music and readings will be rendered.

A large crowd is expected at the coronation exercises. A small admission fee of 10 cents will be charged to defray the expenses of the coronation and of the decorated float for Armistice Day.

Ex-Service Men's Program
The following is the program to be given by the ex-service men at the Methodist Church:
Star Spangled Banner.
Invocation—Rev. B. N. Shepherd.
America.
The World War As It Appears Today—M. L. H. Baze.
War Songs.
Quartet—
Experiences of a Doughboy—Jesse Eubanks.
Duet—"Keep the Home Fires Burning"—Mrs. Skip Taylor and Mrs. H. P. Caviness.
The Changing Expressions of Patriotism—Judge C. H. Cain.
Homage to the Dead—Ex-Service Men.
Benediction—Rev. R. T. Breedlove.

Schools To Have Exhibits
All the Tahoka School are cooperating in arranging an exhibit for

(Cont'd. on last page, section one)

DEALERS BUY MUCH MAIZE

2,000 Tons Are Marketed in Tahoka From Lynn County's Big Feed Crop

Vast quantities of maize have been purchased from Lynn county farmers the past few weeks by local dealers. At the beginning of the harvesting season the price paid was \$13.00 per ton but the price has gradually declined until now only \$9.00 per ton is being paid.

Owing to the low price of maize and to the cotton picking rush that is now on, very little maize is being brought in just at this time. According to the estimate obtained by the News, these Tahoka dealers, however, have purchased more than 2,000 tons from farmers during the past few weeks.

The Burleson Grain Company and Wyatt Brothers have each purchased approximately a thousand tons while Coleman Wells has purchased about 150 tons.

A big feed crop has been produced in Lynn county, and if the market price should advance considerably, much more maize would probably be marketed here.

Singing Convention Meets November 27

M. C. Richey, president of the Lynn County Singing Convention, announces that the next meeting will be held in the Baptist Church in Tahoka on the last Sunday afternoon in this month, November 27. The singing will begin at 2 p. m. "We will have the new Stamps-Vaughn books," Mr. Richey stated, "and expect to have some good singing. Possibly we will have some quartets with us. Every singing class and every good singer in this section is invited. We expect a good crowd."

This convention meets semi-annually, once in the spring and once in the fall. The spring meeting was held at Central Church. Visitors are expected from all the neighboring towns and communities.

Pleads Guilty To Simple Assault

County Attorney L. C. Heath was called to O'Donnell Monday to represent the State in a misdemeanor case which had been filed in the Justice court there. The defendant was charged with having made simple assault upon a Mexican near that town. He entered a plea of guilty and paid the fine and costs. The young man had previously paid a fine in the city court at O'Donnell for drunkenness on this occasion. So his little spree proved to be quite expensive.

Armistice Day November 11th

Just nine years ago today ended that vast, destructive struggle wherein thousands of our bravest boys, our finest citizens unstintingly gave their efforts, their blood, their very lives, that we at home might remain forever safe from the threat of militarism.

AT 11 O'CLOCK

At 11:00 o'clock let us stand for a minute in silence, facing East, thinking of the incalculable debt we owe to those who perished in the most glorious cause under Heaven.

HISTORICAL SKETCH OF THE 315 SUPPLY TRAIN, 90TH DIVISION

(By 1st Lieut. Ray Leeman, QMC)

The 315th Supply Train was organized at Camp Travis, Texas, September 5, 1917, made of men from the States of Texas and Oklahoma, a large majority of them being from the El Paso district, and officered by graduates of the First Reserve Officers Training Camp, then at Camp Funston, Leon Spring, Texas.

From the first draft the companies of the organization were filled to about one half war strength and immediately began the schedule training laid down for the infantry organizations of the division. Most of these men had followed agricultural pursuits before being drafted. In March six Packard trucks were assigned to the train for the purpose of instruction and it was with these trucks that the men of the train received their first lessons in truck driving.

One week before leaving Camp Travis the companies were filled to war strength by men received from the 165th Depot Brigade, most of this personnel being from Camp Dodge, Iowa, without any previous experience in driving.

The organization left Camp Travis June 12, 1918 for the Port of Embarkment, in one train section, routed SP-SAAP-CRIP-Wab-Erie to Jersey City. Detained at Jersey City, ferried to Long Island, thence to Camp Mills by train. A series of field inspections were held at Camp

Mills after which we embarked on the S. S. Demosthenes, of the Glasgow Line, on June 29th, arriving in Halifax Bay July 5th, fifteen shipping in convoy and one cruiser. Three days out of Liverpool we were attacked by U-Boats but by this time we had picked up a convoy of ten destroyers. The ship on our port was directly attacked and gave the signal of distress. The destroyers answered the call and later signalled that they had accounted for one submarine. Several depth bombs were dropped. The voyage was without further incident.

We anchored in the Mersey of Liverpool on July 15th at 5:20 p. m., disembarked and marched through the town to Camp Knotty Ash, arriving in camp at 9:30 p. m. Left following day for Winchester, entraining at 11:00 a. m. and detraining at 12 midnight. We marched to Camp Morn Hill in the outskirts of the city and after a two day stay at this camp entrained for Southampton and embarked there on the channel boat Queen Alexandria for Le Havre, arriving there at 4:30 a. m., the 19th. At Le Havre we went into Rest Camp No. 2 and after a two days stay entrained in box cars for La Pallice where we arrived forty-eight hours later, remaining in this place about a week when the train was divided, Companies A, B, and C, going to Rochefort and Companies D, E, F, Headquarters and Medical Detachment remaining in La Pallice. From these two points companies drove convoys of Quad trucks to Dijon, entraining at this point for the Division area and arriving at our station

at Recy-sur-Corve two days later where we established the first 90th Division Motor Park. Company "A" was placed on special duty at Division Headquarters, Aigny-le-Duc and balance of train remained at Recy-sur-Corve for 23 days, then left for the Pool Sector with various supplies and personnel.

The train was billeted in the village of Choley, four kilometers south of Poul, where it remained three days at the end of which time it was busy transporting the Division Units to their places in the line. On the 24th of August the train was moved to Manocourt where the first permanent assignment of trucks was made, many of which were worn out. From this point Companies E and F were sent to Avrainville at Manocourt. On September 6th Companies E and B were moved to a forest near Villars-en-Haye and Company F was assigned to duty with Division Headquarters at Willers-en-Haye. The Train was again assembled at Dieulouard on September 10th. At this time the Railroad was at Bellville.

On September 11th the first convoys under fire were made when trucks loaded with rations and munitions proceeded to the Regimental P. Cs which were then in the line. On the night of the beginning of the advance in this sector we hauled supplies, munitions and personnel and were constantly on the move for three days thereafter as the Ammunition Train of the Division was training in the back areas. This organization with its pitifully inadequate equipment, only half its quota of officers, half its personnel totally untrained as truck drivers and those men who were competent to drive, dulled by fatigue, transported all of the supplies and a great portion of the ammunition of the division, in the mud and driving rain, without lights or tire chains, and under constant shell fire. The night driving in this sector could not be excelled. Dieulouard, the Headquarters of the Supply Train, was under constant shell fire from September 15th to October 10th. Casualties in Dieulouard were, one officer wounded, two killed and five men wounded.

A Provisional light ammunition train was organized, using Fords, and the courage shown by some of its men was remarkable.

The Division then moved from the St. Mihiel sector to the Meuse-Argonne Sector and the train did usual transport duty, moving over the same ground many times owing to shortage of transportation, men working many times forty-eight hours without rest. On the front we were located near Vadelaincourt in the Bois-de-la-Cote. Another Provisional Ammunition train was organized here, composed of men of all companies, and moved up to an open field near Nantillois. This Company was under shell fire and aerial observation constantly.

On October 25th we moved to Sivry-la-Perche where we slept in a rock quarry. On account of the narrowness of the roads, mud and traffic jams, transportation of supplies and ammunition was a Herculean task on this front. Many times trucks were held in traffic jams for twenty hours under observation and shell fire.

Near Villers-devant-Dun a driver who had been severely wounded in leg, so badly that it later had to be amputated took the wheel of his truck again and with his assistant operating the gear shift levers and control pedals tried to finish his haul.

The train moved to Clerges November 5th and left on November 10th for Brulles-sur-Meuse, on November 24th we went to Marville and on the 29th to Longwy and followed the division on its march through Luxembourg, and arriving at Wittlich, Germany had only ten trucks rolling under their own power. Still in all this time we had carried out the duties of a supply train besides handling many things which did not come under our specified work. All men slept in trucks during this period. From Wittlich we went to Traben, thence to Bleckhausen and finally arrived at Cues on December 22nd where we went into winter quarters.

More than five hundred and fifty bales of cotton have been ginned at the Meadow gins up to date. In speaking of the cotton situation in this section, and the probable number of bales ginned by the two local gins, J. M. Burleson, manager of the Handley gin, stated Monday that his first prediction that there would be approximately twenty five hundred bales ginned, still stands good. He thinks there will be that many or more before the season is over.

—The Meadow Review.

Texas ships to New York every year more than 7,000,000 pounds of dressed poultry, and to Chicago more than 2,000,000 pounds.

THE HISTORY OF THE BATH TUB

According to records available, the first bath tub was installed in Cincinnati in 1842. It was about 7 feet long, four feet wide, lined with lead and covered with mahogany. Doctors in those days must have been more conservative than they are now. They upset all of Cincinnati about that tub and freely predicted that all who bathed in such a contraption during the winter would have "lung fever" as pneumonia was then known. They even went so far as to try to prohibit bathing between November and March. Boston people made an effort to have a law passed prohibiting bathing at any season, unless upon a doctor's prescription. President Filmore had the first bath tub installed in the White House in 1850.

What would those people have done had the lived on the South Plains? —The Meadow Review.

Judge L. C. Heath and family visited his parents, Rev. and Mrs. H. D. Heath, near Brownfield Sunday. The Judge says his father came to Tahoka one day last week, picked up thirty Mexicans and turned them loose in his cotton field. They were gathering the cotton much faster than he could haul it to the gin.

Miss Ocie Howard of Anson was a guest in the home of her aunt, Mrs. B. N. Shepherd, the first of the week.

"ON TOP OF THE WORLD"

We have heard of people "sitting on top of the world" but as for us, individually, we have never reached the top, and have made but slow progress toward reaching the peak. We started in on the bottom rung of the ladder and we have held our own—still there. However, we have known people who have reached the top, also we have lived in sections of Texas that have reached the peak of prosperity. And right here in Terry county is one section that is gaining the top rung as fast as any section we have ever lived in in the State. For the last two years the country has been somewhat dented from its upward progress, but its development is still being pushed onward and if it is favored with another good year, it will be "sitting on top of the world" where it rightfully belongs.

—Lynn County News

To Hold Poultry, Livestock Show

Plans are now being made for a Live Stock and Poultry Show to be held in Tahoka some time during December. All classes of both poultry and livestock may be entered, entries open to every man, woman, boy and girl in Lynn county. Watch for further announcements.

HUNDREDS OF YOUNG SINGERS FOUND IN HUNT FOR TALENT

RADIO AUDITION MEDAL

MADAM LOUISE HOMER

MRS. EDGAR STILLMAN KELLEY

A. ATWATER KENT

TEN young American singers—presumably the best in the country—will face the microphone at Station WEA-F in New York City early in December to sing for fame and fortune. They will be the finalists in the National Radio Audition of the Atwater-Kent Foundation of Philadelphia.

This nation-wide quest for radio voices has already revealed hundreds of young singers of promise, who have entered the contests eagerly because the auditions offer them recognition at home and a chance to compete for prizes aggregating \$17,500. Distinctive figures are sponsoring the undertaking as a National Audition Committee. They are Madam Louise Homer, the Metropolitan Opera star; Mrs. Edgar Stillman Kelley, president of the National Federation of Music Clubs; Edward W. Bok, former editor of the Ladies' Home Journal, and Mrs. Otto H. Kahn, wife of the world-famous New York banker and music patron.

Winners of state auditions—one boy and one girl—receive silver medals and are taken to their district auditions at the expense of the Foundation to compete with young singers from their neighboring states. Winners each of the five district auditions—two young men and one young woman—receive gold medals and are

EDWARD W. BOK

taken to New York by the Atwater-Kent Foundation for the finals, which will be broadcast over a national network of stations. The awards for these will be as follows:

- Winners of first place—one young man and one young woman—will each receive \$5,000 cash and two years' tuition in a musical conservatory.
- Winners of second place will each receive \$2,000 cash and one year's tuition.
- Winners of third place will each receive \$1,000 and one year's tuition.
- Winners of fourth place will each receive \$500.

METHODIST SOCIETIES HAVE JOINT MEETING

The Woman's Missionary Society and the Elizabeth Hughes Society entertained with a joint program at the Methodist Parsonage Monday.

The study opened with assembly song, "To the Work." Scripture reading: 25th Chapter of Matthew, Mrs. Fenton. Song: "Blest Be the Tie That Binds."

The continuation of the program was given especially for the purpose of introducing our new study, The Straight Way Toward Tomorrow. This introduction was brought about with Mrs. Fenton acting as Mother Straightway. She introduced her six daughters, each of whom represented her special chapter of the book.

Introduction—Mrs. G. M. Stewart. Chapter I, Welfare—Mrs. Roscoe Roberts.

Chapter II, Christian—Mrs. Dr. Callaway.

Chapter III, Companionship—Mrs. Larkin Weathers.

Chapter IV, Teacher—Mrs. R. M. Stewart.

Chapter V, Progress—Mrs. Clinton.

Chapter VI, Friendship—Mrs. Childers.

A delicious refreshment course consisting of hot chocolate and angel food cake was served.

COUNTY DEVELOPS FAST—The assessed valuation of Lubbock County is \$20,804,737, an increase of \$1,098,120 in one year. This increase is due to the rapid development of the county.

Unwrap meat as soon as it is brought from the market, and place it in a clean, dry, covered dish in the refrigerator, or other cold place until wanted. Don't wash the meat until just before cooking. Washing draws the juices in it and hastens spoilage.

Texas leads all states in consumption of natural gas for production of electricity. Last year public plants of this state consumed 19,108,220,000 cubic feet, which was 35.91 per cent of the total amount used in the United States.

Clean up Tahoka!

Liver and bacon makes a good dinner meal, especially prepared with the merit of being very valuable in the diet. Any kind of liver supplies vitamins, iron, and furnishes the body with protein and calories.

The color of salmon is no indication of its quality. It indicates variety. There are several kinds of salmon and these vary in color after canning, from a bright red to almost white.

An Internal Antiseptic for all of the Organs of Elimination and for the quick relief of High Blood Pressure from whatever cause, and especially beneficial in disorders of the Stomach, Liver and Bowels, such as acute, chronic and Nervous indigestion, acid stomach, gas formation, biliousness, torpid liver and constipation. Removes the toxins and other poisons and aids in the Prevention and relief of Rheumatism, Diseases of the heart and kidneys.

FARMERS SELL PRODUCE

The produce dealers in Meadow, on the Santa Fe Railway in Terry County, report that in August they bought from farmers 3,663 pounds of butter fat for which \$1,101.23 was paid; 1,905 pounds of chickens for which \$265.30 were paid; and 2,580 dozen eggs for which \$477.80 were paid, a total for the month of \$1,844.33. This is a new section that is coming to the front rapidly. Dairying and poultry growing add much to the farmers' income.

and a 250,000 gallon reservoir has been built. A sewerage system and disposal plant are also under construction.

IS ANOTHER EDEN—The Muleshoe section, where pump irrigation is in use, reports a good season. From year to year greater attention is being paid to market garden products. The district produces fine melons, cantaloupe, tomatoes, Spanish onions, cucumbers, and similar crops. Being located on the Gulf-Pacific trunk line of the Santa Fe Railway, Muleshoe has direct access to markets on the Gulf and to the West.

IMPROVES WATER PLANT

Perryton, on the North Texas line of the Santa Fe Railway, has added a second well to its city water system.

Lynn County News

E. I. HILL, Editor and Owner

Published Every Thursday at Tahoka, Lynn County, Texas

Entered as second class matter at the post office at Tahoka, Texas, under act of March 6th., 1879.

\$1.50 PER YEAR IN ADVANCE

Advertising Rates On Application

NOTICE TO THE PUBLIC
Any erroneous reflection upon the reputation or standing of any individual, firm or corporation, that may appear in the columns of the News, will be gladly corrected when called to our attention.

The country is full of feed. The commodity brings very little money on the market. Why not convert it into hogs and turkeys and chickens and cows? Let's continue to raise our milk and butter and eggs and meat at home, so that our cotton money will be a surplus.

There is a Congressman over in east Texas named Box who wants to bar Mexican immigration into this country. If his ideas had prevailed ten years ago and practically no Mexicans had been admitted in to this country during the last decade, we imagine that there could be few Mexicans in the cotton fields of the south plains today. In their places would be the white school children of this region. Some wise men have some very foolish notions.

It has been suggested to the News that a campaign be started to have concrete sidewalks extended along many residence blocks of the city which now have none. We don't know how such a campaign might be started, but it would be a fine thing for property owners to get interested in this matter. Nothing perhaps adds more to the appearance of a town or to the convenience of pedestrians than good concrete sidewalks. Let's build more of them in Tahoka.

The News has been appealed to to do something to get a sewer system installed in Tahoka. We wish we knew what to do. It does seem that the time has arrived when Tahoka should no longer be without an adequate sewer system.

With a fair crop and a fair price, cotton is the big money crop. There is no disputing this proposition. Still people can save a lot of expense by raising their living at home. That was amply demonstrated this year. We hope that the people of Lynn county will continue to diversify.

The City has just built a concrete sidewalk along the south side of the block on which is situated the City Tabernacle and the City Park and on which the new fire station is being constructed. This sidewalk certainly does add much to the convenience of the hundreds of pedestrians that continually pass along that way. It also adds much to the attractiveness of the city property. If many of our citizens would follow the example of the City, we would soon have a much better and more attractive town.

Senator Mayfield is a shrewd fellow and a good politician. He wants to go back to the Senate. Congressman Tom Blanton is likewise a shrewd politician and a tireless worker. He wants to go to the Senate. Congressman Tom Connolly is a brilliant member of the Lower House and likewise a good hand-shaker. He also wants to go to the Senate. Oscar Colquitt has been successful in many a campaign, and it is said that he too has his eye on the Senate. There may be others. At any rate, we are going to have some fun in Texas next year.

The News is highly in favor of good roads. We want the best highways that it is practicable for us to build and then we want the best system of lateral roads in this country that it is possible for us to maintain. We believe that splendid public roads should be built and maintained out of every railroad joint in the county into the neighboring communities. We believe that the commissioners courts in recent years have done good work with the funds at their command in improving our public roads, but the time has

come when this county should have still better roads than it now has. It will probably require more money than we have been spending on the roads, but if so, more money should be provided. Money economically and prudently spent on roads and schools is always a good investment.

THE CIRCUS

Colorado Record: The circus has come and gone. Even though it left a wake of dust, a voidness in our pocketbook and a ringing in our ears, many a little heart was made glad, and we feel that it worth the price. The children of Colorado and Mitchell county enjoyed the circus, as did many of the older persons, and it is always worth the price to give the children a chance to see things that they want to see so dearly.

Yes, grown man, the circus was worth the price. Those who frown upon circuses because they are alleged to "take money out of the community" should remember that children themselves are costly and frequently take money out of the community. But they are worth more than they cost. You will say so. Still, circuses are not for children alone. Circuses are for everybody who wants to see animals from foreign parts, clowns from only heaven knows where, tumblers who are amazingly tumblers, trapeze performers who do death-defying swings leaps and catches at the top of the tent, with only a net under them for protection. Best of all it is only in a circus where you see beautiful ladies in tight riding galloping horses forward, backward and sideways. The circus is foreign travel brought to where you sit on a more or less comfortable seat. The circus is a medley of strange sights, exotic smells and cosmopolitan connotations. The camel reflects far deserts, the elephant brings the jungle to our door, the hippopotamus reminds of Nineveh and Tyre and the tiger tells of Nimrod, mighty hunter before the Lord. The peanuts and the lemonade are reflectors of the caravansaries where dusty travelers find rest and refreshment, and the ladies who ride the broad horses typify the hours who inhabit the Arabian heaven. The circus is worth the money. It is.—State Press in Dallas News.

WHITE AND BLACK SPOT MAP SHOWS BUSINESS GOOD ON PLAINS

The black and white map recently issued showing good and dull business of the country, the Panhandle of Texas stands among the 14 areas of the good district of the country. For some years past this section has shown on the white side of the district of the United States, following the regular survey of America's business conditions and this fall has been no exceptions. Other white spots have diminished considerably but there has been little change in the panhandle region, all being still solid white.

There are only a half dozen white of considerable size, while practically the entire country is shown to be fair. The three quietest spots are in Southern Florida, along the coast of Georgia and South Carolina and the Mississippi flooded district. The Panhandle, nearly all of Arizona, Montana, Northeastern Oklahoma and Eastern Kansas, and the Western half of the Carolinas and Virginia are the principal white spots.

SHEEP INDUSTRY PROSPERS.
—The total spring clip of Texas, in 1927, was 28,176,644 pounds and the fall clip is estimated at 8,000,000 pounds. San Angelo was first in shipments of spring wool with 10,311,291 pounds. Del Rio second with 3,385,115 pounds; Kerrville third, with 2,539,331 pounds; Menard fourth with 2,398,544 pounds. San Angelo reports that prices on sheep on the range are up. Mixed lambs are bringing \$7, yearling ewes \$10, and old ewes \$6.00 to \$7.00. Many ewes were taken to the farms this fall and there will be a good crop of winter lambs.

COTTON AND WHEAT—Winter wheat is coming back into favor on the South Plains. When cotton production grew important some years ago, the farmers lost interest in wheat. But the last year convinced many farmers that it is worth while to grow wheat as well as cotton. This year a large acreage of wheat has been sowed. A large flouring mill is located at Plainview.

GAS FOR HEREFORD—Hereford has granted a franchise to the West Texas Gas Company which plans to build a gas line from the Panhandle gas field. The pipe line will be constructed early in 1928.

Draw Items
The box supper at the school house was a grand success last Saturday night. There were about 55 boxes sold, and a beautiful coconut cake given to the most beautiful girl, Miss Ruth McKibbin won this cake. We took in \$130. This will go to furnishing the Girls Club room and buying equipment for the playground.

Mr. and Mrs. Bruce Porterfield visited at the home of Mrs. Porterfield's sister, who lives at Seymour, over the week-end.
Mrs. Jim Cook was taken to the Lubbock Sanitarium last Friday. She is very low at this time, but we are hoping to hear very soon of her recovery.
This cool weather makes us think winter is soon coming.
Most of the cotton is gathered now. There are lots of cotton pickers and it is going fast.
A number of new students entered school this week. The teachers hope it won't be long until all will be enrolled and hard at work.
The young women's and men's Prayer Associations were well attended Wednesday night. We feel this is a great spiritual uplift to us, and everyone is invited to come and be with us.

PRESBYTERIAN SERVICES
Services will be held next Sunday morning and night and possibly over every night next week. Rev. B. K. Tenny of Dallas, secretary of Synods Causes will speak Sunday morning and night. Dr. Tenny is a splendid speaker and you will greatly enjoy hearing him at both of these services. Plans are for Rev. J. M. Lewis of Lubbock to preach Monday and Tuesday nights and over all next week. Will be glad to have all of our people and friends in the services Sunday morning and night and in the mid week services. You are cordially invited. Let us have a good hour Sunday morning and night. Thanks for your help in all the services.
W. K. JOHNSTON, Minister

The annual value of the commercial well waters of Texas is estimated at \$20,000,000, which puts the "mined" waters of the state among its leading minerals.

NEW POWER LINE—The Texas Utilities Company has completed a high tension power line from Southland to Post, on the Santa Fe Railway in Garza County. This company is now serving thirty-three towns on the plains in northwest Texas.

GORDON CLUB REPORTS

The Gordon Demonstration Club of Lynn county met Tuesday afternoon, November 1, at the residence of Mrs. W. F. Hall at 2:30 p. m. Miss Millie M. Halsey, county demonstration agent for Lynn county, was present and a most enjoyable program was rendered. The visitors present were Mesdames Spence and Neely of Post and Mrs. McElvey of Southland. The members present were Mesdames Frank Bagby, W. T. Walker, Ed Denton, Ruth Spence and Eula Evans.

The report for the year was made, which was very encouraging. New officers for next year were elected as follows: President, Mrs. C. W. Dean; Vice President, Mrs. W. F. Hall; Secretary, Mrs. Frank Bagby; Reporter, Mrs. W. T. Walker; Membership Committee: Mesdames Houghton Hare, Ed Denton, and Scott Bonds.

Refreshments consisted of pressed chicken, sweet pickles, sandwiches, hot coco, and coffee.

The next regular meeting will be January 3, 1928 at the residence of Mrs. Frank Bagby.

Will send in the year's report next week.

REPORTER.

PLAN NEW HIGHWAY—El Paso and Hudspeth counties have created a highway district for the purpose of building a short line highway from El Paso to the Carlsbad Caverns. The road will run east from El Paso to the base of the Gaudalupe peak where it will connect with a highway from Van Horn. The distance is 95 miles. From the junction of the two roads the distance to the Carlsbad Caverns is 50 miles.

GAS FOR FARM USE—A gas pipe line has been completed from the Panhandle gas field to Lubbock, supplying Canyon, Happy, Tulia, Kress, Plainview, Hale Center, and other points with natural gas for domestic and industrial use. The company is also planning to supply gas to farms in the shallow water belt around Tulia, Kress, and Plainview for the operation of pumps used for irrigation. A low rate will be charged. This is to help the development of irrigation.

New Home

The pupils of English III are writing for The News this week.

All pupils of our school are so anxious each week to read the articles from the school in Lynn county.

Mr. Editor, we invite you to our banquet next Friday night.—J. B. Zimmerman, Supt.

Banquet

Next Friday night the Parent Teachers Association are giving a Father-Daughter, Mother-Son banquet to the high school students. Each father is to sit with his daughter or daughters, and each mother to sit with her son or sons. One of our mothers has two sons to accompany on that night. County Superintendent Caveness will be the principal speaker. Hooray! Boy Howdy! Get your feet under the table. Don't remove them until you want to.

Educational Week

As this is National Education Week, we are planning a special program for each day. On Monday new games will be taught to emphasize the importance of strong physique. Tuesday all parents are requested to visit school to see what we are trying to do and to encourage us in our work. The school is the center of thought for Wednesday. Schools give the rich and poor children equal opportunity. What our nation shall be in the future depends largely upon what our school is today. As Friday is Armistice Day we shall sing patriotic songs, raise Old Glory, and read appropriate stories and poems.

Church Notes

Saturday at eleven o'clock Rev. R. E. Bost preached a very interesting sermon. After services conference was held. We are trying to raise sufficient amount of money to finish paying for the church building. We are hoping that this church can be dedicated at Thanksgiving.

Saturday night and Sunday morning Rev Bost preached very impressive sermons. Misses Iola Vern Swift and Wanda Bradley favored us with a special song in the services Sunday morning.

At three o'clock Sunday afternoon we had singing at the church.

On Sunday evening at 8 o'clock Rev. Bost spoke to us on the value of education. This was a very interesting subject to us all.

A large crowd of young people gathered at seven o'clock for B. Y. P. U. Sunday night. George Hancock was leader. A very interesting program was rendered.

Local Items

Mr. and Mrs. Woodson and three daughters of Rotan, Texas, have been visiting in the home of their daughter, Mrs. Carson Smith, the past week.

Mrs. Berryman of Writers, Texas, was a guest of her niece and nephew Mr. and Mrs. Joe Humphries, last week.

Mr. and Mrs. Henry Heck and little son, Rodney Fern, of Wilson visited in the F. H. Hancock home Sunday.

Mr. and Mrs. Ben Anderson and family motored to Slaton Sunday to see Mr. Anderson's sister.

Mr. and Mrs. J. B. Lowe were hosts at a luncheon Sunday to Mr. and Mrs. J. B. Zimmerman and sons.

Mr. L. N. Hancock returned Thursday from Sonora where he has been working.

Miss Lois Lawler, of Lubbock visited home folks this week end.

Miss Opal Lawler entered a business college in Lubbock Monday.

Mr. and Mrs. Nathan Elliot of Petersburg, Texas, spent Saturday with their relatives, Mr. and Mrs. Creed and J. W. Clements.

Mr. Tony Balch, who is attending Wayland, was home this week.

Miss Naomi Hallmark spent Saturday in the home of her friends, Mr. and Mrs. J. H. Houston and daughters Lucille, of Lubbock.

Mrs. J. W. Fulton has gone to Plainview to see her relatives.

Mr. Bud Hillas, who has been visiting in the home of his uncle, Mr. R. L. Smith, returned home Sunday to Ropesville.

Mrs. J. H. Eubank and Miss Mabel Willhoit motored to Lubbock Saturday.

Miss Velma Hancock, who is teaching at West Point, was home during the week end.

Mr. Edd Wright and Vernon Willhoit made a trip to Lubbock Monday on business.

It is reported to us that Miss Jewell Jasper is being operated on this week at Lubbock. We hope she will soon be back to join us. Miss Jasper is student in New Home HI.

With our Revolving Rib gins, we can make 5 to 15 pounds more lint to the bale, which means \$1.00 to \$2.00 more money. Besides they carry a looser roll which makes a smoother sample. Investigate—J. H. Holloway. adv

SHERIFF'S SALE

THE STATE OF TEXAS, COUNTY OF LYNN.

Notice is hereby given that by virtue of a certain order of sale issued out of the Hon. District Court of Lynn County, of the 22nd day of October, A. D. 1927, by W. E. Smith, District Clerk of said County for the sum of Two Hundred Seventy Six and 82-100 (\$276.82) Dollars and costs of suit, under a judgment in favor of William D. Green as Independent Executor of the Estate of Wm. Green deceased in a certain cause in said Court, No. 680 and styled William D. Green vs. E. S. Pendleton, placed in my hands for service, I, J. W. Simpson as Sheriff of Lynn County, Texas, did, on the 1st day of November, 1927, levy on certain Real Estate, situated in Lynn County, Texas, described as follows, to-wit: All of Lots Numbers Four (4), Five (5), and Six (6), in Block Number Ninety One (91), situated in the town of Wilson, Lynn County, Texas and levied upon as the property of E. S. Pendleton and that on the 1st Tuesday in December 1927, the same being the 6th day of said month at the Court House door, of Lynn County, in the City of Tahoka, Texas, between the hours of 10 A. M. and 4 P. M., by virtue of said levy and said Order of Sale I will sell above described Real Estate at public vendue, for cash to the highest bidder, as the property of said E. S. Pendleton. And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Lynn County News, a newspaper published in Lynn County.

Witness my hand, this 1st day of November, 1927.

J. W. SIMPSON,
Sheriff Lynn County, Texas
Zoe Lowrey, Deputy

NOTICE OF TRUSTEE'S SALE

THE STATE OF TEXAS, COUNTY OF LYNN.

Whereas, by virtue of authority vested in me as Trustee named and appointed in a certain Deed of Trust recorded in Vol. 10, page 578, et seq., Deed Records of Lynn County, Texas executed and delivered to me on October 5, 1922, by J. B. Nance and wife M. G. Nance for better securing the payment of six promissory notes, dated October 5, 1922, providing for 3 per cent interest from date until paid, providing for 10 per cent Attorney's fees, numbered one to six inclusive, notes numbered 1, 2, 3, 4, & 5, being for \$200.00 each and note No. 6 being for \$100.00, said notes being payable on or before 2, 3, 4, 5, 6, and 7 years after date respectively, said notes being signed by J. B. Nance and payable to L. P. Henslee or order, being secured by a Vendor's Lien on the land described below, and whereas, the said L. P. Henslee is the holder and owner of said notes and the said J. B. Nance or his assigns has made default in the payment of the last five of the same, the 1st only having been paid and there is a balance due and unpaid of \$900.00 principal, and \$294.00 in interest, and \$119.40 Attorney's fees, making a total of \$1313.40 and said notes, principal, interest and Attorney's fees are now past due and unpaid; and whereas I have been requested by the said L. P. Henslee to enforce said trust, I will offer for sale between the legal hours thereof, between the hours of 10 A. M. and 4 P. M. at public auction to the highest bidder on the first Tuesday in December, 1927, the same being the 6th day of said month at the Court House door in Tahoka in Lynn County, Texas, the following described property, to-wit:

Situated, lying and being in the County of Lynn and State of Texas; Being 22.7 acres, more or less, out of Sur. No. 487, Abstract No. 16, in Blk. No. 1, Certificate No. 468, E. L. & R. Ry. Co. land, described as follows: Beginning at a point on S B L of said Sur. No. 487, 2326 ft. W. of the S. E. Cor. of said Sur. Thence N. 580 ft. Thence W. 1480 feet. Thence S. 280 ft. Thence W. 440 ft. Thence S. 300 ft. to S. B. L. of said Sur. Thence E. 1920 ft. to place of beginning, with all of the rights, members, and appurtenances thereon in anywise belonging.

Witness my hand this the 1st day of November A. D. 1927.

PAUL V. HARRELL,

Central B. Y. P. U. Holds Thanksgiving Meetings

We feel that the evening services of the young people are the most interesting program of the day.

Last Sunday evening the young people met at 7 o'clock, and as it was our first lesson in November, the Thanksgiving month, we silently thought of the many things we have to be thankful for. Every meeting of the B. Y. P. U. in November, we are going to try to give thanks to God in prayer or by testimony. We feel that if we practice this praise and thankfulness to God through this month, we will receive such blessings and joy that we will want to keep it up through the whole year.

When the general assembly of the Unions met back in the auditorium Sunday night, the Senior Class gave the following short program:

Song—Senior Class.
Reading—Miss White.
Open Homes for Our Young People—Miss Fox.

Piano Solo—Miss Cecil White.

This program was enjoyed so much by all present that the Adult Class has promised to give us a special program next Sunday night, November 13.

The Senior B. Y. P. U. invites every young lady and young man who is not in some other Union to be with us Sunday at ten o'clock and seven o'clock in the evening.

NAUSEA

This and Other Troubles Relieved by Black-Draught.

Mrs. Ada Blackmar, of Alexander City, Ala., writes: "From time to time, I would have spells of nausea . . . which would put me to bed. I would turn a dull, yellow color and, for days at a time, would have no appetite. Everything I ate sickened me."

"My mother had been a user of Black-Draught for years, so while I was at home, visiting, she asked me why I did not try Black-Draught for my troubles."

"I began taking a small dose, three times a day, before meals. I kept this up for several weeks, and it was just a little while before I began to notice an improvement in my condition."

"Black-Draught is certainly a fine medicine."

You will say the same thing, once you have tried Theford's Black-Draught.

For sale everywhere. 25c.

Our school opened at nine o'clock Monday morning with ninety pupils present and a goodly number of parents.

We are expecting a much better term of school this year, although we have the same teachers except Miss Cressie Turner takes the primary work in place of Miss Ady. We were sorry to lose Miss Ady but we know that a finer girl could not be found than Miss Turner. We are glad to say that this year Grassland has a very accomplished young lady, Miss Cecil White, teaching Expression and Piano. We welcome Miss White among us.

PLENTY OF FEED—The livestock industry on the plains of northwest Texas is prospering. The pastures and ranges are excellent and the livestock is in prime condition. The prices are very satisfactory. The farmers have an abundance of feed crops, and the cotton seed cake and other by-products of the cotton seed oil mills, located on the plains, are available in large quantities.

Red Cross Meets Heavy Demand for Water Safety Duty

Trained life-savers in the United States, qualified by the Red Cross as experts in all phases of water safety, now number 134,582 adults and juniors, according to the Life-Saving Service of the American Red Cross, which reported 22,506 trained and qualified in the past year. This number does not include other thousands who were taught to swim.

Training courses conducted by the Red Cross last summer brought out a uniformly high standard of proficiency. In addition, more than 20 winter training courses were conducted the past year. Swimming "institutes" at camps in Arizona, California, Indiana, Massachusetts, New York, North Carolina, Missouri, Oregon, Washington, and Wisconsin. "Splash weeks" and swimming and life-saving campaigns under Red Cross auspices held in many States aroused great interest.

"The experience gained during the last few years indicates that the dangers involved in water sports can be eliminated through training and by the adoption of water safety methods," a recent Red Cross report stated. "When our communities provide sufficient swimming pools, bathing beaches, and skating places, and furnish trained leaders under whose guidance both adults and children may enjoy themselves in safety, the number of preventable deaths through drowning will be greatly reduced."

The Red Cross is endeavoring to supply trained leaders in water safety so far as its facilities permit. To increase the effectiveness of this and other services, the Eleventh Annual Roll Call, from November 11 to 24 will urge an enrollment of 5,000,000.

The American Red Cross will ask an enrollment of 5,000,000 members for the coming year, during the Annual Roll Call, November 11-24 in class.

5,000,000 MEMBERS GOAL OF RED CROSS ANNUAL ROLL CALL

Need of Expansion Due to Excessive Demands for Disaster Relief and Other Services.

A Red Cross membership of 5,000,000 in the United States will be sought this year during the Eleventh Annual Roll Call, November 11 to 24, Chairman John Barton Payne announced following completion of a study of the demands which the past year made on all branches of the Red Cross organization.

He stressed particularly the increasing demands of disaster relief as pointing to the need for an increased membership to aid in carrying the growing responsibility in this field.

"For several years our membership has remained at a little more than 2,000,000 adults," he said. "We are proud of this membership. It is a body of our choice spirits, but there are many more of like spirit who should be counted in this Roll Call. We need at least 5,000,000 adult members. We are obliged to draw annually upon our reserves, and the demands upon us increase each year. Our Roll Call funds should meet our normal needs and add something to our reserves for the great disasters. We must have a large reserve. No one can tell when a situation may arise when this reserve will be essential to the lives of thousands."

"The Red Cross cannot wait to raise funds," Judge Payne declared. "Action prompt, instant, is its life. Instant action means the lives of many. It must be strong, it must be ready; this means a large reserve."

Total expenditures of the American Red Cross in the fiscal year to June 30 last in all fields amounted to \$16,139,345.60, of which \$11,550,348.50 represented the National Organization's appropriations and \$4,779,000 the cost to the Red Cross local chapters. Included in this total was a disaster relief, for which \$5,316,892.31 had actually been expended to the close of the year. This does not cover expenditures which continued to be made in the Mississippi Valley flood, or in other disasters originating during the fiscal year but whose operations extended over into the current period.

Service to disabled veterans, another outstanding demand on the organization, called for \$2,930,223.56, and service to men of the Regular Army and Navy, \$507,532.30. Maintenance of an enrolled Nurses' Reserve, from which the needs of disaster service and other emergencies are met, and which numbers more than 45,000 nurses totaled \$45,248.53. For the Public Health Nursing program, a nationwide activity of the Red Cross, \$501,065.99 was expended. Other services contributing to health and well-being included instruction in Home Hygiene and Care of the Sick, for which \$165,350.16 was spent; Nutrition instruction, which teaches thousands annually correct food principles in relation to health, \$171,370.73; First Aid and Life Saving, a service which is actually curtailing accident and water casualties, \$354,780.06; Junior Red Cross, the children's branch of Red Cross activity, and one of the most unique organizations in the world, \$582,434.23.

Other Red Cross Chapter activities, including Home Service to civilians amounted to \$1,220,000; while other national domestic operations required \$236,147.17.

An outstanding American contribution to the rest of the world is Red Cross assistance in foreign disasters, which the report shows, called for \$256,962 to the end of the fiscal year. Activities under the League of Red Cross Societies, Junior Red Cross foreign projects, assistance to American insular chapters, and other foreign and insular work completed the demands on the total appropriation for the year.

These expenditures were cited by Chairman Payne as emphasizing the need for a growing membership and increased income.

Red Cross Nurses Aid In Every Great Disaster

Two major disasters, the Florida hurricane and the Mississippi flood, required the services of Red Cross nurses in large numbers over a long period of time in the past year.

In the Florida storm, service of 160 nurses is recorded. It is estimated that about 100 others assisted in the first few days as volunteers. The total number of nurses in the Mississippi valley flood, was approximately 200. In every major disaster the services of Red Cross nurses are needed, lending added importance to the enrolled reserve which now numbers more than 45,000 Red Cross nurses. These nurses are available for any emergency, though they are on duty in hospitals and in private practice. They constitute the reserve of the Army and Navy nurse corps in time of war.

Besides emergency duty, Red Cross nurses assisted materially in many local services, Chapter reports to National Headquarters indicate. The Eleventh Annual Roll Call of the Red Cross, from November 11 to 24, it is pointed out, is an opportunity for everyone to become identified with the Red Cross.

Read The Wang Ads.

The Lone Star Flag of Texas was adopted at the third congress of the Republic at Houston, January 25, 1839.

The highest town of consequence in Texas is Fort Davis, seat of Jeff Davis county, known as the 'city a mile high. It is in the Davis mountains.

Fort Davis may soon have its first modern electric light and power plant. A 50 year franchise to supply the town with light and power has been granted to the Central Power and Light Company of San Antonio.

The Texas flower is the Bluebonnet by legislative enactment of 1901. The state tree is the Pecan.

The annual value of poultry products consumed at home and shipped out of the state is almost \$75,000,000.

A crop of from 12,000,000 to 15,000,000 hogs is expected in Texas in the next few years.

Oranges at the breakfast table, a salad at dinner, things formerly regarded as luxuries by families of average means, are fast coming to be necessities.

With our Revolving Rib gins, we can make 5 to 15 pounds more lint to the bale, which means \$1.00 to \$3.00 more money. Besides they carry a looser roll which makes a smoother sample. Investigate—J. H. Holloway. adv

NOTICE

Notice is hereby given to all parties that the Kingsland Oil & Potash Company has no further responsibility whatsoever in the drilling of its Brownfield well No. 1, Terry County, Texas, and will be responsible for no debts nor accounts in connection therewith.—Kingsland Oil & Potash Company, by W L Kingsland, President. 9-3tc

Facts & Figures

The following illustration serves to show what is an turnout for ACCO, or round bales, when compared with square bales.

"A" brings 1350 pounds of seed cotton to the gin and 500 pounds of lint. It is put up in the square bale, with 500 pounds lint plus 20 pounds wrapping. Total 520 pounds.

He sells this bale for 20c per pounds, realizing \$104.00.

"B" brings 1350 pounds of seed cotton to the gin and 500 pounds of lint. This is put up in two 2) ACCO, or round bales, using only 2 1-2 pounds of wrapping to each bale, pounds of wrapping all told. thus:

500 pounds lint plus 5 pounds wrapping Total 505 pounds.

He sells this bale for 20.60c per pound, realizing \$104.00.

How much more lint did "A" Receive than "B"?
How much more money did "A" receive than "B"?
How Much Profit did "A" Make on the so-called "Better out"?

If you gin your cotton in round bales, you can drive to the office and get your check, thereby saving time and trouble.

ANGLIN FAMILY STILL EATING GREEN PEAS

This fall sets the record for extended warm weather. Due to the fact that a killing frost has not yet hit this territory, people are still eating green vegetables out of their gardens.

W. S. Anglin reports that Mrs. Anglin is still picking green peas and okra out of their field.

Carnival Visits Tahoka This Week

E. P. James Old Fashion Carnival is showing in Tahoka this week with large crowds in attendance. The show is composed of a Merry-go-round, a ferris wheel, a merry mix-up, two shows and a number of concessions.

This is the same carnival that showed in O'Donnell two or three weeks ago.

PARENT TEACHERS MEET AGAIN TUESDAY

The Parent Teachers Club will have their next meeting in the High School Auditorium next Tuesday afternoon.

Members will answer the roll call with the name of an American-born music composer.

Piano Solo—Helen Applewhite.

Musical football.

Business meeting.

Let's have more of the parents present and get more enthusiasm into our meetings.

A. W. White arrived Wednesday from Los Angeles, California. Mr. White owns property here and will remain here some time looking after his property interests. He reports that business conditions are a bit depressed on the Coast now, as a natural reaction from the abnormal business activity of the past few years. He finds Lynn county putting on her Sunday clothes again.

W. G. Briley of Abilene was here Wednesday accompanied by M. R. Street of that city and Rev. T. W. Stone of Jamestown, Ala., both of whom were prospecting. They were impressed with our country and our little city.

Three Are Charged With Cotton Theft

Complaints were filed in the Justice Court here Wednesday charging R. H. Holder, O. P. Wilcox and W. R. Jordan with the theft of cotton from L. T. Brewer, who resides in the Joe Bailey community.

About 1,000 pounds of cotton had been stolen from the Brewer field a day or two before and several hundred pounds from the field of one of his neighbors, and had been secreted by the thieves at another place in the community with the evident purpose of going back and getting it later.

The gentlemen above named had been under surveillance at O'Donnell by the officers for a day or two and on Wednesday they were arrested and complaints filed. They each made bond to appear before the next term of the district court, when their cases will be investigated by the grand jury.

There have been unusually few complaints of cotton theft in this county this fall. It is thought that this is due in a large measure to the activities of the Anti-Theft Association, which was organized in the county a few months ago.

O'DONNELL COUPLE MARRY HERE WEDNESDAY NIGHT

Larrie Gilliam and Miss Florence Herman of O'Donnell drove up to Tahoka Wednesday night, procured a marriage license from Happy Smith engaged the services of Judge I. P. Metcalf, and returned to their home city as husband and wife. Judge Metcalf performed the solemn ceremony at his residence at 8 o'clock. Mr. Gilliam and the bride are prominent young people of O'Donnell and have the best wishes of a large host of friends.

O'Donnell Host To County Doctors

The Physicians' Scientific and Business Leagues of Lynn County had their regular meeting Monday night, the meeting this time being held at O'Donnell.

All the Tahoka doctors, practically all the O'Donnell doctors, three from Lamesa, Dr. Howe of Wilson, and Dr. Allen Stewart of Lubbock were in attendance.

Dr. Stewart read a very interesting paper on Obstetrics and Modern Improvements in Obstetrics Technique.

After the business session, they repaired to the home of Mr. Palmer one of O'Donnell's prominent citizens, where they were served with a sumptuous feast. The Tahoka doctors all report a good meeting and splendid entertainment.

NOTICE CLUB WOMEN

Saturday, November 12 promises to be one of the most interesting Council meetings of the year. Come promptly at two o'clock if you wish to see it all. Clubs that have elected new officers may send both new and old officers to this meeting.

Yours sincerely,
MILIE M. HALSEY, C. H. D. A.

B. Y. P. U. ORGANIZED SUNDAY AT REDWINE

Members of the local B. Y. P. U. were invited to Redwine Sunday afternoon, where they assisted in the organization of a B. Y. P. U. at that place. The new Union started off with an enrollment of 12, and the Tahoka people who attended report that the Redwine young folks appear to be a "live" bunch.

Nick Sawaya of the Sawaya Dry Goods Company opened up his heart and presented the editor with one of the beautiful cake plates, Tuesday which the firm is offering as a prize to their customers. We greatly appreciate the gift. Our greatest difficulty is going to be to get the cake to go the plate.

W. P. Anderson, who returned last week from Cuero, where he had been buying cotton, is still on crutches as the result of an accidental fall which he sustained near the end of July. Mr. Anderson fell from the stairway of an office building, fracturing his hip. The bone has been steadily healing but the process has been slow. Mr. Anderson thinks he will be able to throw his crutches away within a few weeks. Mr. Anderson formerly bought cotton here and also worked for a time in Doak's barber shop.

O. B. Adami has bought a residence in Abilene and his family will remove to that place this week to reside. They go on account of Mrs. Adami's health. Mr. Adami will remain here and run the Bakery.

Gordon Citizens Charged Of Affray

Complaints were filed in the Justice Court here this morning charging two Gordon citizens with a fight out at that place Wednesday. One of them paid his fine, which with the trimmings amounted to \$12.00 and the other is expected to dig up with in a day or two. Just a case of two good men disagreeing and undertaking to settle their differences with their fists.

Fire Boys Need Room Equipment

The volunteer fire boys say that they need some furniture in their room in the new fire station, such as a bedstead, some chairs, a dresser, etc. Possibly some one has furniture that they would like to donate to the boys. If so, the boys say it would be highly appreciated. Who will help the boys who guard our property against fire?

BOX SUPPER

A box supper will be given at the New Lynn Methodist Church, Saturday night, November 19. The proceeds will be used for the benefit of the church. A musical program will be rendered. Everyone invited. Girls, bring a box or a pie. Boys, Cash!

In renewing his subscription today, F. L. Willingham remarked that he did not know how he could get along without his county paper and he thought that every man in the county ought to take it. We think he is eminently correct.

Mrs. L. S. Kyykendall renewed her subscription to the News one day this week and paid subscriptions for three children residing in other parts of the country. She says that they all must have the Lynn County News. How can you do without it, reader?

Mrs. E. I. Hill is visiting her daughter, Berta, a few days this week, at Canyon, where the latter is attending the West Texas State Teachers College. She went in company with her sister, Mrs. John Haley of Midland, who is visiting her son, Evetts Haley, of the Panhandle Plains Historical Society of Canyon.

Quite a good many of our subscribers have dropped in the past week and renewed their subscriptions. Nearly all of them take time to say a kind word for the paper, which we appreciate. We hope our subscribers keep up the good work.

W. A. Sloan and Newt Williams of Roscoe, old time friends of the editor,

were here Monday on business. Mr. Williams is thinking of investing in some south plains land.

Uncle Ben Rogers was invited to Three Lakes Sunday, and in the absence of the pastor, Rev. Vinson, he filled the Baptist pulpit there Sunday night. Uncle Ben says they had a good service.

TERRIBLE PAIN

Mrs. Cox Quite Well Now And Pleased With Cardui.

Mrs. W. L. Cox, 120 Church Street, Chester, B. C., says:
"I suffered awfully. . . I would have a terrible pain, at times; I could hardly stand it. I slept badly; my rest was disturbed and I seemed to get little benefit from it."
"I read about Cardui in the papers and thought it might be a good thing to try, so I began taking it. I was so pleased with the way I improved that I kept on taking it until I felt quite well. Cardui helped me so much and so many people have remarked about my improvement."
Cardui has been used and recommended by thousands of other women, for over 45 years. Try it.

Mr. and Mrs. G. E. Howard and daughter of Ralls visited Mr. Howard's sister here last week end, Mrs. B. N. Shepherd. The Howards have resided in Idaho the past fourteen

Merchants Say Business Is Fine

All the merchants say that business is good now. Their Saturday business is especially heavy. Some of them say that their business last Saturday was the largest for any one day in their experience in Tahoka. The fall has been unusually favorable thus far for the gathering of the cotton crop, hands have been plentiful and cotton has been bringing a good price. If the weather continues favorable for the gathering of the remainder of the crop, business conditions will probably continue to be good through the coming year. The end of the cotton season will likely find the farmers in better financial condition than they have been in for several years. It looks as if a period of prosperity for the people of the south plains is just beginning.

Snyder Is Victor Over Tahoka '11'

Tahoka's game with Snyder last Friday at the latter city was one of the most interesting games yet played by the local eleven, although the score was 25 to 6 in favor of the Snyderites.

Snyder piled up her 25 points in first half, while in the second Tahoka held their opponents scoreless and were able to chalk up 6 points. The touchdown was made as a result of a pass from Evans to Harold Edwards.

The Tahoka boys have reported as being ready for the O'Donnell fray tomorrow afternoon at 3 o'clock on the local gridiron.

LUBBOCK COUPLE MARRY IN TAHOKA SUNDAY

Judson Modrall and Miss Allie Drake drove down from Lubbock Sunday afternoon to the home of S. N. Daniel, at which place they called for the Baptist pastor, and Rev. B. N. Shepherd responded to the call and proceeded to pronounce the ceremony which united the young couple as husband and wife, whereupon they returned to Lubbock, where they will make their home. Mr. Modrall procured the marriage license at the office of the county clerk here several weeks ago.

Old Timer Boosts For Lynn County

H. T. Gooch of O'Donnell has been in Lynn county a long time and he is a booster of the south plains. He dropped into the News office Monday to set his figures ahead and in conversation with the editor he stated that there is no other country under the sun that can do what the south plains has done this year—plant and make a splendid cotton crop after the middle of June.

"I have been here twenty-four years," Mr. Gooch stated, "and in all that time I have seen only one complete crop failure. That was in 1917." Mr. Gooch raised one of the first bales of cotton that was ever raised in Lynn county. He planted a little patch just as an experiment in 1903 and made a bale. Mr. Meyers got out the first bale that same year but Mr. Gooch was not far behind him.

He says that Bill Nevels predicted then that he was going to ruin this country with cotton, "and it looked like we pretty nearly did it last year," Mr. Gooch added. Mr. Gooch served this county several years ago as a county commissioner, and he made a good one. For long years he has been a reader of the Lynn County News.

DRAW INFANT BURIED LAST TUESDAY

The little infant of Mr. and Mrs. Cook residing near Draw was buried Tuesday at that place. The funeral services were conducted by Rev. B. N. Shepherd in the Methodist Church in Draw. The infant was born Saturday. The mother is in a sanitarium at Lubbock, where she has been in a precarious condition but is improving.

Dixie Farmer Tries New Feed

J. O. Allen of Dixie brought to the News office Wednesday a couple of stalks of feed known as "Algeria." It looks very much like felerita but has a very large head. Mr. Allen planted about four acres this year. It is late maturing and he is unable to form a conclusion yet as to the merits of the plant but he thinks it pretty good.

SLASH L HAS SPLENDID COMMUNITY MEET

The supper given by the Slash L Women's Club was a success. All members were present except two. There were something like ninety people present; among them Miss Halsey and Mr. Caveness of Tahoka.

After supper a very delightful program was rendered, as follows: Three songs by the audience. Reading—Ruth Pharr. Reading—Gladys Seay. Dialogue—Mrs. Lillie Crutcher and Mrs. Anderson, "Eleven Cent Cotton and Forty Cent Meat." Song—"Texas Club Work"—Miss Halsey, Ruby and Ruth Pharr, and Gladys Seay.

A very interesting talk was made by Miss Halsey on Home Demonstration Work, which was very much appreciated by all. Mr. Caveness also made a fine talk on Education, which was enjoyed.

We feel that this meeting was a help to the community and to the club. All who were not present missed a good time.

The club women will meet again Friday evening, November 18. —REPORTER.

Methodist Church Is Dedicated Sunday

Last Sunday the members of the Methodist church here dedicated their church, with Presiding Elder Doak present. A full membership attended the ceremonies. The church is now out of debt and the members are well pleased with the efforts of Rev. Duncan, which he has put forth during his pastoral work here in clearing the debt that was hanging over the church.

Judge H. L. Grace has moved his law office from the Thomas Building to the Wells Building on the west side of the square.

J. H. Wyatt, who was confined in the Lubbock Sanitarium so long but who came home two or three weeks ago, says that he is gradually improving. He highly praises the service and attention one gets in the sanitarium, but he is glad to be home again. His many friends are hoping for his complete restoration to health speedily.

FRIDAY GREAT DAY IN TAHOKA

(Continued from First Page)

Armistice Day. Arrangements have been made to use the show windows of the Thomas Grocery and a room at the high school building for display. It is the purpose of this exhibit to bring before the people some of the things that are actually being done in the schools. Every patron is urged to look over the display of school work.

To Exhibit Relics The Boullion show window will be filled with war relics and other interesting articles on Armistice Day.

LARKINGRAMS

No, Sir-e-e,

I don't waste time hunting Shoe Sales. Wear-u-wells satisfy. They save me at least a dollar two cents on every pair.

We deliver goods to any part of town. Phone us your orders.

Some shoes in stock and others coming. Best shoe for the money. See them.

Our dry goods have arrived. Look them over. Our prices are right.

Our groceries are all fresh and the prices are as low as the lowest, and we will deliver them to your door.

We invite all of our old customers to give us a call, as well as others.

The Lynn County News

Volume XXIV

Tahoka, Lynn County, Texas, Thursday, November 10, 1927.

Number 11

We invite you to locate in beautiful Tahoka. Good homes, good schools, good churches.

Draw Has Excellent Independent School

The Draw Independent School District is made up of forty two and one quarter sections of land. All of this land is tillable, but only about twenty eight of these sections are in cultivation. This is one of the best farming sections on the South Plains. As a result, it has a majority of citizens who own their homes and are permanently located. This makes it very favorable for the building of a good school and a prosperous community.

The Draw school house is eight miles east and nine miles south of Tahoka. The District is bounded on the north by Redwine, on the south by Berry Flat, and on the west by Joe Alley. The school building is one of the best found in a rural district in the county. It has five class rooms, a Home Economics room, being equipped for the local club girls, a library, two spacious halls, and a well arranged auditorium with a seating capacity of 300 people. The building is fire-proof and is lighted by electric lights. There is a good well of water on the campus and an underground cistern for the schools, and water is piped to sanitary drinking fountains inside the halls of the building.

There is a good four room teacherage on the school campus. A spacious garage and a shed and plenty of water makes it possible for the Superintendent to keep a cow and a few chickens he desires to do so. The school board thinks it a good plan for the teachers to have the conveniences of home while working in their community.

Faculty

The faculty for the school year '27-'28 is possibly the strongest the Draw school has had. Each of the teachers have had previous experience in this and adjoining communities and come to the work this year with much enthusiasm. Each became members of the Texas State Teachers Association the first week of school, not because they expected to be solicited, but because each felt that the institution is a means for the betterment of the teaching profession, and

that every live and wide awake teacher should be a supporter of its institution.

The motto for the Draw faculty is: "Allegiance to the Child."

"We pledge our allegiance to the child, The one for whom the school must live. We will study his needs and seek to give Our time, our thro't, that we may know How to teach, how to train, how to help him grow. Like Jesus—in wisdom, in truth, in heart, And hand, in favor with God and his fellowman."

The feelings of the teachers toward the patrons of the community were voiced by Miss Knowles on the first morning of school when she sang the following verses to the tune of Tramp, Tramp, The Boys are Marching:

"We're so glad to greet you here, Patrons, friends, and children dear, In our nice school auditorium here at Draw. We're so glad that we may work With a people who don't shirk, And we think you're 'bout the best we ever saw

Chorus

We're so glad for loyal patrons, For communities like Draw, Cheer them on to do the right, Help them 'gainst the wrong to fight 'Till they all shall obey God and His great law.

First we looked at the school grounds, They were nice and clean we found, And the coal bin filled with coal clear to the top; Teachers' home so clean and neat, Windmill and garage complete, Then we felt quite glad with you we'd cast our lot.

Now we mean to do our best, Make this school term a success, Help your children and help you just all we can. A good school we want to make;

(Cont'd on Last Page, Sec. 2)

Draw's Fine School Building

DRAW COMMUNITY IS ONE OF THE OLDEST IN LYNN COUNTY

(Author's Note: As the author had to rely wholly upon the memory of the old settlers of this community for the information regarding the early history of Draw, a few minor mistakes may have been made. The information regarding the school since 1916 is correct as shown by the school records.—Joseph R. Griggs.)

The First School

Even though there were few settlers in this part of the county at this time, those who were here realized the need of a community gathering house and of a school. So, a small two-room house that was 14 by 28 feet was drawn by teams all the way from Sig Spring. This was in 1904. The house was located about two miles northwest of the present Draw.

About one-half mile north of this was located a store and post office that was known by the name of "Draw." This new community house that had been brought from Big Spring was used as a school house, church, and general community house. This house was used for a little over one year.

A New Location

In 1905 there was a 14 by 18 feet school house built on the southwest corner of section number 442, which is three miles north and one mile east of the present Draw. Since the former school had been called "Draw," this one was named "Draw." School and community gatherings were held in this building for about two years. Mr. Brown Bishop, who is now teaching at Wilson, taught in this building at that time. This building was then moved to about three-fourths mile north of present Redwine school, which is 4 miles north of the present Draw school. The building was not used as a school any more, as a hard wind came and blew it off its foundation before it had stood longer than three or four months in its new location.

Draw No. 2

About this time, in the summer of 1907, a new school house was built at the present site of Draw stores. Mr. J. N. Lemond, who still lives in this community, helped get up the money for this building. It was paid for by subscriptions. The lumber

was hauled from Big Spring in wagons. Most of the money was donated by the people at Draw, but a few merchants at Tahoka, and the lumber company at Big Spring also contributed.

This school was called "Draw No. 2." This school was taught in this building until the spring of 1916. During this time I. L. Duckworth, Charles Nunnelly, Miss Nell (?), W. P. Bishop, Clint Ware, and a few others whose names have been forgotten, taught the successive terms. Two of these taught two terms of school each.

A New School Building

In the spring and summer of 1916 bonds were voted for a new school at Draw. (The school had ceased to be called "Draw No. 2"). Mr. and Mrs. John Berry deeded enough land for a school campus one-quarter mile south of the former school. A two-room frame building was erected that summer. This building had interior folding doors so that the two rooms could be converted into one auditorium for community gatherings. The people of Draw and surrounding communities were very proud of this building, for it was the best of its kind any where in the county in a rural district.

The old building was sold to the Christian Church, but the same year this church sold it to C. C. Jackson at auction for \$125.00.

Mr. Jackson opened a store in the building in the fall of 1916. He carried a stock of groceries. This was the first permanent store in Draw. He held store in this building until 1920, when he moved the building about seventy-five yards away and remodeled it and made a dwelling out of it.

Mr. Madison Yates and Miss Pearl Jones taught the term of 16-17 in the new Draw school house. It was during this time of progress that the people of Draw first began to have and feel a community spirit and pride.

Then in the summer of '17 there was a drought. Many left the country and those who stayed thru the drought were not able to support a two-teacher term. So Mr. E. W. Holloway, who now resides in the Redwine community, taught the term of '17-18 by himself.

In the spring of '18 it rained and prospects seemed good, so the trustees contracted for a two-teacher term again. Mr. and Mrs. A. R. Hensley taught this term of '18-'19. Mr. and Mrs. Hensley are still residents of our community, and they have done much towards the building of our school and community pride. (Mrs. Hensley will be assistant teacher at Joe Bailey this year).

Henry McDaniel and Miss Pearl Jones contracted for the '19-'20 school term. Miss Pearl resigned before the

(Cont'd on Last Page, Sec. 2)

Prosperity Reigns In Draw Section

Unfortunately, many visitors and home seekers who visit the South Plains in Lynn county fail to see and appreciate one of the most thriving sections of the county. Since the two main highways of the county do not pass near our community, many tourists judge the prosperity of our county by the open country as seen from the highways west and south of Tahoka, and do not know that the Draw Independent School District in Lynn county has forty two and one quarter sections of the finest land found anywhere on the South Plains. But such is the truth and practically all of it is tillable land, too.

Good Homes

A visitor in our community would find an exceptional per centage of the farmers who own their own homes and who live at home. Diversified farming has been practiced to such an extent that during the dry years the majority of the permanent farmers were enabled to retain possession of their homes. This year Draw has already sold approximately \$8,000.00 worth of produce, eggs, cream, poultry, etc.

Cotton

Of course here, as most places on the South Plains, cotton is the great money crop. Of the 42 1-2 sections of land in the District, only 28 (about) are in cultivation up to the present (Nov. 4). The Draw gin has ginned 1,265 bales of cotton this fall. By the time this article is read, another week of ginning will have made the sum greater. It is estimated that the crop is about half gathered. Much of the cotton was late, but since the frost has also been late, practically all of it has matured. It is estimated that the average per acre over the Draw District will be near one-third of a bale. Of course some cotton comes to our gin from the adjoining communities.

Business Section

The business section of Draw is made up of three general stores, one cream station, one garage, one blacksmith shop, one restaurant, one barber shop, five filling stations, and

Mr. Parkhurst, the Tahoka Post Office Master promises us a post office here within the next few months. Mr. C. C. Jackson opened a store here in 1916, Mr. G. D. Cook opened in 1920, and C. R. Cargile in 1923. The first two mentioned have now become known as Jackson Bros. and Cook Bros., respectively.

Community Interest

The people of the community are very much interested in anything that is for the growth and development of the young people. Nowhere is more hearty cooperation shown toward the local church and school than here. It is planned to build a new parsonage this fall and have a half-time pastor here at home in the community.

Most of the school patrons are beginning to realize that the education of the child is of vital importance. Because they realize that a divided school term is not desirable, school began on October 17th, and will run for eight consecutive months. Next year, if it is possible to have a nine months term, the school will start in September and will run for nine consecutive months. School patrons are beginning to realize that the education of the child is so vital that its importance cannot be measured in dollars and cents. So, as a result of this reasoning, many have gone away and brought hands into the community to pick the cotton, and then put their own children in school. Broad-minded school patrons like these would make any community grow.

Community Needs

It is a recognized fact that when an individual or community gets to the point where they think they have all that is needed, from this time they will cease to advance. Realizing this, we must mention some of the pressing needs of our community.

We need more home-seeking men to come into our community. There are several sections of good farming land in our school district that has never been touched by a plow. In

DRAW NEWS EDITED BY JOS. R. GRIGGS

Joseph R. Griggs, superintendent of the Draw Independent School, is the writer of practically all the material to be found in this, the Draw section of the Lynn County News, and this week's feature was made possible through his co-operation with the management.

The News wishes to congratulate Mr. Griggs on the splendid material he has arranged.

Wants Your Ginning Business

We promise you real service and a good turn-out.

We want you to gin your cotton with us and we will greatly appreciate your business.

We are in the market for your cotton, cotton seed and remnants.

Blakney Gin Co.

Draw, Texas

—Boosters For Draw School—

Draw School Has Excellent Faculty

Joseph R. Griggs was born in Alvarado, Johnson county, Texas. He received his early school training in the Fort Worth Public schools. He graduated from the Cotton Valley High School with the class of '24. During the school terms of '24-'25 and '25-'26 Mr. Griggs attended the John Tarleton Agricultural College of Stephenville, Texas, and was a member of the graduating class of '26. He was principal of the South Ward School of Taboka during the school year of '26-'27.

Miss Tenie Thompson was born at Whitt, Parker County, Texas. She first entered the Lake City school, Parker County, Texas and later attended school at Anson for 5 years. Five years were spent by her in professional training at the West Texas State Teachers College at Canyon, and she holds a permanent certificate of that institution. She has had 13 years of teaching experience, this being her second year at Draw where she has a charge of the seventh and eighth grades.

Miss Ruth McKibbin was born in Blaine, County Homestead, Oklahoma. Her parents came to Texas when she was quite young. She attended the grammar and high school at Chico, Texas, and entered the North Texas State Teachers College in January, 1925. She has since completed two full years work at this institution. She is in charge of the fifth and sixth grades at Draw this year, having filled this position last year. This is her third year of teaching experience.

Mrs. J. R. Griggs was born at Stigler, Oklahoma. She received her early schooling in the rural schools of Erath county, later completing high school work in Stephenville, Texas. She then attended John Tarleton College, and now holds a first class elementary certificate from this institution. She then taught one year in a rural school of Erath county. Then, after changing her name from Miss Jewell Knowles to Mrs. J. R. Griggs, she became assistant teacher of the South Ward School, Taboka, for the term of '26-'27. She this year has charge of the third and fourth grades of the Draw School.

Miss Euna Knowles was born in Stigler, Oklahoma. Her parents removed to Erath, county, Texas, when she was seven years of age. She received her elementary and high school training in Erath county. She was assistant teacher of the Acres rural school for two years in Erath county and graduated from the John Tarleton College in the spring of 1924. She was then primary teacher in the Huckaby Independent school for the next two years. This makes her second term as primary teacher of the Draw Independent School.

Epworth League At Daw Progresses

(By Bruce Porterfield)
The Leaguers take pride in heralding the progress of the Epworth League at Draw. From its organization in 1923 its progress has been remarkable, inasmuch that its present membership numbers near to 35 young people.

To the Rev. Gerald McCollum is due the honor of organizing the League at Draw, and its progress is due largely to his faithful efforts as first president here. Succeeding the Rev. McCollum, Mr. Homer L. Deakins' services as second president has been so remembered that at present he is serving as vice president under Weldon L. Porterfield.

Thirdly, to the president's office, and prior to the present W. L. Porterfield, was George A. Pugh. Mr. Pugh's service to the Epworth League was not slack. Some weeks ago he was extended a hearty welcome, while passing through on his way to Countyline, Texas.

No little pleasure is taken, on the part of the Leaguers in announcing that a former member and diligent worker of the Epworth League at Draw, Mr. Claud R. Leonard is a student for the ministry at McMurry College, Abilene, Texas.

Another member whose fidelity to the League is highly esteemed is attending a College for young ladies at Canyon, Texas. Miss Leda Martin's success is hoped for by all her fellow Leaguers.

The Leaguers have with them now Prof. Joseph R. Griggs, Superintendent of Draw school this term. Prof. Griggs, together with Mrs. Griggs and her sister, Miss Euna Knowles, will do much for the advancement of the Epworth League here, as well as the progress of the school. Miss Tenie Thompson and Miss Ruth McKibbin, also teachers in the Draw school, will be of service to the League.

A carefully arranged and interesting program is presented each Sunday night dealing with education applied to the spiritual life, Missionary service, and discussions of different natures. These subjects are chosen from well known Missionaries and distinguished ministers of the Methodist Episcopal Church, taken from the Epworth Era.

President W. L. Porterfield, in a discussion some time ago, brought out the fact of two existing influences in a man's life—the good and the evil. No doubt, according to Mr. Porterfield's discussion, the purpose of the League is to create in the hearts of young people a higher aspiration for the good, and a stronger power to resist the evil.

Last Sunday night Prof. Griggs presented the thought: "Young People of High Ideals and High Aims Will Inevitably build up and strengthen a Community."

It is generally accepted that the Epworth League at Draw is the laying of a firm foundation, upon which to build a stronger, better community.

The Leaguers extend a hearty welcome to any neighboring community, far or near, to come and be with them. They urge you to cooperate with them in the work of strengthening and bettering the young life of the Nation today.

REMINGTON TYPEWRITER (standard) for sale at \$15.00 cash.—Lynn County News.

Draw Methodist Church

DRAW METHODIST CHURCH HAS VERY INTERESTING HISTORY

When the first school was built here at the present site of Draw in 1907, Rev. Gore of the Methodist Church South organized a church in it. There were only seven members of this church. Mr. J. N. LeMond is the only member of that first church who still lives in our community. (This is all that the author knows of.)

A Sunday School was organized the same year with thirty members. Attendance and membership gradually increased until the dry years of 1916 and those that followed. During the drought many left, and those who stayed were financially distressed, yet by heroic loyalty the church was kept alive and Rev. C. W. Hart, who was then the pastor, missed very few appointments.

Preaching services were held in the school house until the summer of 1915 when the present church house was built. The first church house was then sold to C. C. Jackson. Mr. Jackson moved the house down in the business section and used it for a store. The building is now the home of Jackson Bros. General Merchandise.

The pastors who preached in the school house from 1907 to 1915 were Rev. Gore, Rev. West, Rev. T. C. Willet, Rev. Fee, Rev. Knight, Rev. Jackson and Rev. Kirkpatrick. Rev. Fulton was pastor in 1915 when the first church house was built.

Then came Rev. W. C. Hart as pastor in the new church house. He served this church faithfully for 5 years. During these droughty

years Bro. Hart came faithfully even though his salary sometimes fell short on account of short crops. Bro. Hart will always be loved by the people of Draw for his faithful service.

Bro. J. E. Eldridge followed Bro. Hart in 1921. He served the church faithfully for two years. The new church was built in the spring of 1923.

Bro. W. B. Hicks followed. He is now pastor at O'Donnell. He also did much to build our church and centralize our community.

Then in 1925 Bro. W. C. Hart came back and has been working faithfully for the last two years. During the last few years our church has grown very rapidly, and it is still growing. We now have 175 members in the church and 168 enrolled in Sunday School.

Mr. G. D. Gook is Superintendent of the Sunday School. He also deserves mentioning as one who has given faithfully towards the building of the church and Sunday School. There are others who deserve mentioning, but even if we do not give their names, the people of our community appreciate what they have done in the past.

The church at Draw extends an invitation to everyone to come and worship here. Sunday School meets every Sunday morning at 10:30, and League services each Sunday evening at 7:15. We plan to build a new parsonage here at Draw and locate a pastor here on half time.

HISTORY OF 1927 CLUB GIRLS AT DRAW
(By Mrs. John Berry, Local Leader for 1927.)
On February 21, 1927, our Home Demonstration Agent, Miss Halsey, met at our school house with the girls and organized our Club Girls for this year. There were 26 members. Nola Parks was elected President, Alline Cargile was elected Vice President, and Myri Sherrill was elected Secretary. As long as our school was in session, we had almost 100 per cent attendance.

At first we took up only the required work. In the early Spring we took the projects of gardening, poultry raising, and dairying, or the care of milk and butter. During the Spring we met in a meeting twice each month.

A Representative to A. & M. College
About this time we began to plan to send a representative to the A. & M. Short Course. In order to raise the sufficient funds to send this representative it was decided to give a play and charge a small fee. The proceeds from this play was \$28.50. This was enough to send one girl, but we decided that this trip would be enjoyed better if two girls went instead of one. So, as everyone seemed to enjoy our first play, we got up another one. We gave this play free to our home community, but we took it to O'Donnell. We engaged the theatre at that place for one night and had hand bills printed. Our part of the proceeds was small, but we all surely did enjoy our supper eaten in picnic style at O'Donnell.

But we were now at a loss, for we did not yet have enough money to pay the expenses of two girls to College Station for the Short Course. We decided then to have a "hen drive"—and we did. We raised \$19 in this way. We surely did appreciate the help and cooperation shown by the good women of our community who each gave us a hen. But still we did not have quite enough money, so some of the ladies gave us another hen and the local merchants gave us enough money to make the funds sufficient. We certainly did appreciate all this help, too!

The next problem was, who should go? As school was out by this time, our membership had diminished to seven girls. It was then decided that each girl should have her sewing and record book graded, and the two best all round workers should be sent to A. & M. When the grading was over, Martha Cook had won first place, and Nola Parks had won second. All the girls showed a fine spirit in this choice and those who were left were glad for the winners to go.

Preparing For The Fair
Early summer was taken up with gardening, poultry raising, and sewing. After we had finished the required sewing and passed the contest, we took up our canning. Each girl had a required amount of canning to do. Some was for home use, and some was for the exhibit at our fair.

Won At County Fair
Our girls made a good showing at our club fair at the county fair. We won over all other club girls in the county. Harris & Applewhite gave our club an eighteen quart pressure cooker and a Burpee sealer. We also won several other prizes of cash and merchandise given by the business men of Taboka. We appreciate all of these very much.

There were 77 places won at the Lubbock Fair by Lynn county, and all but a few of these were won by our club girls and the women of Lynn county. Some of our work went to the Dallas Fair.

New Club Room
We have a class room in our school house not being used. So, with the consent of the trustees, this room is being equipped for the girl's club room. Each club girl is donating some piece of kitchen ware, and some things are being given by the ladies of our community. The club girls took some of their prize money and bought enough lumber to build shelves and a cooking table. An efficient carpenter has offered his services free of charge to build them for us. Enough money was raised in a box-supper last Saturday night to buy a New Perfection oil cook stove.

Urge Other To Join
We wish to express our appreciation to all who have helped and encouraged us in any way. We especially wish to express our appreciation for our teachers who have shown and given us their help and cooperation, and for the interest they are showing towards our work now.

We invite and urge everybody in our community who is in club age to come join us. We are expecting an even more profitable year next year than we have had this time.

DIAL TELEPHONES
Dial telephones now are used in 2,500,000 out of the 18,000,000 phone stations of the United States.

Young Men Have Prayer Association

(By Ruth McKibbin)

On the evening of October 26th the young women of Draw met at the church and organized a Young Women's Prayer Association. There were about 25 women and girls present. All were very enthusiastic about this organization for the developing of our spiritual lives as well as our mental and physical. We believe a well rounded education is not complete without this spiritual development. There were 18 joined this Association. The following officers were elected:

President—Mrs. Joseph R. Griggs.
Vice President—Miss Euna Knowles.

Secretary—Miss Ruth McKibbin.
Devotional Committee—Ruby Ash, Nola Parks, Tressie Cook.

Look-out Committee—Alline Cargile, Jewell Sewell, Martha Cook, Mrs. Myrtle Porterfield, Mrs. Ivy Eldridge, Myri Sherrill.

For the following Wednesday night the devotional committee chose the subject "Love" as a discussion. Each member told something of the great love of Christ to us as individuals and to all the world as well—or if desired a passage of scripture on love was repeated. Three new members were added to the roll this past Wednesday night, making a total of 21 members.

We are expecting good things to result from these meetings and heartily invite anyone to come and be with us. All active member take part in anything called upon to do.

Women above the age of 40 years are honorary members. We younger women need your help so come be with us.

SHERIFF'S SALE

THE STATE OF TEXAS,
COUNTY OF LYNN.

In the District Court of Lynn County, Texas.

Henry Reed, Plaintiff, vs. H. A. Lowrie et al, Defendants, No. 696.

Whereas, by virtue of an order of sale issued out of the District Court of Lynn County, Texas, on a judgment rendered in said Court on the 20th day of September, A. D. 1927, in favor of the said Henry Reed, and against the said H. A. Lowrie, L. E. Turrentine, E. M. Swan, Thelma L. Swan and J. A. Brashear, No. 696 on the docket of said court, I did, on the 1st day of November, A. D. 1927, at 10:00 o'clock A. M. levy upon the following described tracts or parcels of land situated in the County of Lynn, State of Texas, and belonging to the said H. A. Lowrie, L. E. Turrentine, E. M. Swan, Thelma L. Swan and J. A. Brashear, to-wit:

The west one-half of section No. 203 in Block Numbered 4, Certificate No. 218, issued to the T. T. Ry. Co. and containing 320 acres of land situated in Lynn County, Texas; and on the 6th day of December, A. D. 1927, being the first Tuesday in said month between the hours of ten o'clock A. M. and four o'clock P. M., on said day, at the court house door of said county I will offer for sale and sell at public auction for cash all the right, title and interest of the said H. A. Lowrie, L. E. Turrentine, E. M. Swan, Thelma L. Swan and J. A. Brashear in and to said property.

Dated at Taboka, Texas, this 1st day of November, A. D. 1927.
J. W. SIMPSON,
Sheriff of Lynn County, Texas.
By Mrs. Zoe Litwrey, Deputy.

TAHOKA CONGRATULATES DRAW COMMUNITY

ON BEING one of Lynn County's very best—a community of first class citizens, wide awake, progressive, neighborly, and spiritually upright—a community where great interest is taken in its school and the education of its young people, its church organizations, and its women's and girls' clubs. Draw is the center of one of the very best agricultural sections on the South Plains. Draw has a progressive bunch of merchants and one of the county's best gins, all serving the progressive citizenship in a creditable manner.

Again, we congratulate Draw on these merits. We urge the citizens of the entire community to buy everything you can at the Draw stores, but anything you cannot buy there, we gladly welcome you to buy in Tahoka.

DRAW HAS EXCELLENT INDEPENDENT SCHOOL

(Cont'd From First Page, Sec. 2)

We believe you'll co-operate, so we're glad you're here today, again we'll say.

Interscholastic League

The present administration at Draw is a hearty believer in the Interscholastic League. Practice work is already being carried out in the Draw school in spelling, arithmetic, and Glee Club work. The Interscholastic League spelling book has been ordered, and every pupil in school shall have at least one spelling lesson each day. Oral and practice in practical arithmetic is being stressed. Mrs. Griggs has organized a boys' glee club and a girls glee club. Much interest is being shown by the pupils in these different activities.

Vocational Training

The Home Economics Vocational room is being equipped for the local club girls. There will be a plan or schedule worked out by which the local leader will meet with the girls for a practice period. Miss Halsey will assign lessons in the text book and projects to be worked out. She has promised to meet with the girls twice each month if possible. This is all the vocational training this term, but plans are being made for obtaining some vocational training for both boys and girls for next term. The help and co-operation that Mr. Cavness and Miss Halsey have shown our school is highly appreciated by pupils, teachers, and patrons alike.

But after all, the best teachers can not make a school a success alone. It takes hearty co-operation between teachers, pupils, and patrons. And since this co-operation does exist here at Draw, it is felt that this will be the best school Draw has known in its history.

PROSPERITY REIGNS IN DRAW SECTION

(Cont'd From First Page, Sec. 2)

only a few more years this land will be producing a living and paying for the home of some one. So we want more men to move in our community who are willing to cooperate in the building of homes that are the strength of a community.

Then we need better roads. We

Raise More

HENS HEIFERS HOGS

and subscribe to the **Lynn County News**

Supt. Joseph R. Griggs And Mrs. Griggs

feel that we have not received our share of the road grading in the county. We do not ask that all our roads be graded, but we do think we should be entitled to at least one graded road to O'Donnell and one to Tahoka. Our community adds much to the prosperity of these two towns, so why should it not be of interest to all as well as to us? Think it over. We are already thinking.

Young Women Have Prayer Association

The young men of Draw have organized a prayer association. The young men's association is similar to the one the young women have organized. We meet each Wednesday evening at the teachers' for a devotional hour. The officers are:

President, Joseph R. Griggs; Vice President, Paul Hursi; Secretary, Maurice Evans; Devotional Committee, Billy Porterfield, Edward Boatright, Burl Porterfield; Lookout Committee, Barcus Porterfield, Edward Bozarth, Bruce Porterfield, Austin Porterfield, Fred Porterfield.

The young men and young women meet at the same time, the women at the church and the men at the teachers. We extend an invitation to all young men of this and adjoining communities to come meet with us. The preamble to our constitution reads: "We, the young men of Draw, in order to strengthen our own spiritual life, to help those about us who are trying to live a Christian life and to encourage others to accept a Christian life, do hereby organize the 'Young Men's Prayer Association' of Draw."

REMYNTO TYPEWRITER (standard) for sale at \$15.00 cash.—Lynn County News.

MANY STUDENTS ARE ENROLLED IN THE DRAW PUBLIC SCHOOL

This is a list of the students who will probably be enrolled in the Draw Independent School during the school year of '27-'28. There are 131 in all and 79 of these have already enrolled. Out of this 79 who have enrolled there has been an average daily attendance of 49 since school began on October 17, despite the cotton picking season.

First Grade

Everett Cook, Charles Uzzle, Clemmie Mensch, Junior Collins, Johnnie Smith, Herman Boatright, Dorris Cousey, Ruby Long, Quennie Bracher, Frankie Cook, Edna Standerfer, Charles Barker, Lois Walker, Virgil Ellis, William Parnell, Marie Veach, Byars McDaniel, Lewis Garrett.

Second Grade

L. D. Jackson, Leroy Moyers, Fred Pierce, Flora Higginbotham, Brown Stoderfer, Eugene Barker, Letha Jackson, Rex Jackson.

Third Grade

Fourth Grade

Delton Hale, Morrow Luttrell, Nola Dean Jackson, Edna Merle Parks, Ronald Sherrill, Wayman Pierce, T. J. Cook, Fay Jackson, Leonard Petty.

Fifth Grade

Fred Stone, Bonnie Lee Evans, Jewell Higginbotham, Emory Murry, Hazel House, Bernice Merrill, Lois Brigrance, Louise Williams, Hershell Parnell, T. W. Smith, Thedo Cook, Vernah Porterfield, J. D. Wilhite, Fannie Wilhite, Fay McDaniel.

Sixth Grade

Ray Jackson, Bervin Casewell, Dorothy Boatright, Nina Graft, Woodrow Coursey, Fred Porterfield, Nora Pierce, W. L. Morrison, Louise Williams.

Seventh Grade

Maurice Evans, Govie Ash, Chloe Bratcher, Virginia Cargile, Melba Cook, Leona Caswell, G. C. Cook, Rachel Long, Obie Standerfer, Barcus Porterfield, Gussie Parnell Fletcher Bratcher.

Eighth Grade

Mildred Boatright, Flois Greenwood, Edith Williams, John Sewell, Dudley Martin, Fleta Cook, Pauline Jackson, Gus Sherrill, Delmond Jackson.

Ninth Grade

Ruby Ash, Zan Hensley, Weldon Martin, Milton Uzzle, Bernice Newton, Vernon Caswell.

Tenth Grade

Graham Hensley, Bruce Porterfield, Jewell Sewell, Tressie Cook, Deck Porterfield, Alline Cargile, Alton Deskins, Martha Cook, Roy Leonard, Kenneth Williams.

Eleventh Grade

Nola Parks, Myri Sherrill.

DRAW, A PROSPEROUS COMMUNITY

(Cont'd From First Page, Sec. 2)

term was completed and married Ray bourn Metcalf. Miss Vera Angles finished the term in her place. Mr. McDaniel also resigned and Mr. Madison Yates finished his unfinished term. Although these changes were made during the school year, nevertheless, the community began to take a new interest in the school.

Mr. J. L. Dyes and Miss Ruby Burkhart taught the school term of '20-'21. They did some splendid work in the community. Miss Ruby Burkhart is now Mrs. Charlie Tunnell. (Mr. and Mrs. Charlie Tunnell now live in Austin. They were welcomed visitors in our county the past summer).

J. R. Whaley and Miss Lattie Rogers taught the school term of '21-'22. They also gave our community some creditable service.

Mrs. A. R. Hensley and Elain Sanders taught the school term of '22-'23. Again Mrs. Hensley gave our community a term of hearty cooperation and help. This time, however, she was assisted by Miss Elain Sanders instead of her husband, Mr. Hensley! The school spirit and the increased attendance caused the people of Draw to realize that more room was needed in the school building.

So during the summer of 1923 a new room was added to the school house. This room built about 24 x 30 ft. (A few years later, when the new school house was built and the former one torn down, this new room was converted into a teacherage for the teachers. It is the present teacherage that is shown in the illustration).

Mr. L. Cargile of O'Donnell, Miss Margaret Roberts from Lou, and Miss Elain Sanders taught the term of '23-'24. This was the first time there had been three teachers employed at Draw. This was another prosperous school year. Miss Elain Sanders, who taught the primary department, later became the wife of Rev. Ira Hart.

The school term of '24-'25 was taught by Mrs. Hansford Tunnell of Tahoka, Miss Winnie King of O'Donnell, and Miss Ada Bell Hancock of Draw. Mrs. Tunnell was a former teacher at Tahoka, and is now head of the department of history in the Tahoka High School. She is remembered by the people of this community for her untiring efforts and interests that were shown while principal of the Draw School. Miss Winnie King and Miss Ada Bell Hancock had both received their early school training in the home community, Draw. The people appreciated the work of these home girls.

The six years of growth and development of the Draw community caused the people to see the great need for a better school house and better teaching facilities. So in the spring of 1925 a move was started which culminated in the voting of a \$25,000.00 bond and enlarging of the district. The new school building was started in the summer of '25 and was completed about January of 1926.

The '25-'26 term started before the new building was completed, so classes were still held in the old building. Four teachers were employed, and as there were only 3 class rooms in this building, one of the cloak rooms was used as a recitation room by one of the teachers. This was heated by an oil stove in cold weather. As soon as the new building was completed, the school work was transferred to it. The new building was of brick and had six class rooms, spacious hall-ways, well arranged auditorium with a seating capacity of 300 people.

Mr. and Mrs. Roy Gladston, Miss Ada Bell Hancock, and Miss Winnie King were the faculty for the school term of '25-'26. Mr. Gladston had formerly taught at New Home. A more unified community spirit was realized in the new school building than ever before.

The school term of '26-'27 was taught by Mr. O. T. Bryant, Miss Tenie Thompson, Miss Ruth McKib-

bin, Miss Regnal Hackney and Miss Euna Knowles. Mr. Bryant had taught in Wise county before coming to our school. He taught two terms at Tahoka about 1911 and 1912. Miss Regnal Hickney came to us from Commerce, Texas. She did some commendable work here. (The other teachers of this term are mentioned elsewhere in this issue).

The school term of '27-'28 is discussed under another topic in this issue. But after reading this brief history of the Draw Independent School, let us not fail to realize the work of the noble teachers and patrons who have contributed to its growth, and from them add renewed determination to do our part in the building of this, our community!

CONSERVATIVE ESTIMATE. Considering all factors, 5,400,000, is deemed a conservative estimate of Texas' population for 1926.

NOTICE TO CAR OWNERS

Attention is called to the fact that all cars, no matter how old or worthless, must have a head light certificate and a bill of sale or the 1927 license receipt before they can be registered for the year 1928. Don't wait; get your papers together, as you will have to have them before you can register your car.

J. W. SIMPSON, Tax Collector, Lynn County, Texas 10-27c

With our Revolving file pins, we can make 5 to 15 pounds more out of the bale, which means \$1.00 to \$3.00 more money. Besides they carry a looser roll which makes a smoother sample. Investigate—J. H. Holloway.

The number of children in Texas of school age is about 1,348,635.
