

# The Lynn County News

Lynn county, in the heart of the best diversified farming country in Texas.

We invite you to locate in beautiful Tahoka. Good homes, good schools, good churches.

Volume XXIV

Tahoka, Lynn County, Texas, Thursday, December 8, 1927

Number 15

## CO. TEACHERS HOLD MEETING

Dean Gordon Of Texas Tech And Caveness Main Speakers At Saturday's Meeting

The first meeting of the Lynn County Teachers Association was held at the Tahoka High School building at two o'clock Saturday. President A. L. Fabian was in the chair. The program was rendered as advertised. Mr. Baze gave a discussion of means of arousing interest in Inter-scholastic League. Mr. Caveness gave a very interesting discussion of the purposes of teaching and pointed out the important features of the new Elementary Course of Study.

The most important address of the evening was that by Dean Gordon of Texas Technological College. His theme was centered around the idea of perpetuation of society and the necessity of man's being taught to carry on the complex society of the day.

Miss Addie Jane Hancock of New Home and Mr. Clifton Janak of Tahoka rendered very fine solos.

At the invitation of Supt. Griggs of Draw a motion was carried to have the next meeting at that place. The time was set as the first Saturday in February.

All teachers present registered. Some forty or fifty teachers were present.

## Grassland Farmer Finds Diversification Profitable

H. B. Burkhalter of Grassland is a thorough believer in diversification.

He preaches it and practices what he preaches. Just recently he purchased two high-priced thorough-bred Jersey heifers and a Jersey bull from the Ed Lasater Ranch at Bullfuries.

Mr. Burkhalter now has a dairy herd of about thirty Jersey cows, a majority of which are giving milk at this time. He has realized approximately \$100.00 per month during the present year from the cream produced by his dairy herd. One month the proceeds from the sale of cream amounted to \$146.00. From the proceeds of his cream sales, Mr. Burkhalter has kept a hand employed constantly, has paid the entire family grocery bill, and has met all the expense of operating his farm this year.

The skim milk is fed to the hogs, and in addition to his dairy operations, Mr. Burkhalter keeps quite a bunch of hogs on his premises.

He has realized this year about \$450.00 from the sale of hogs and has had all the meat required for his family table.

While Mr. Burkhalter is looking after his hogs, Mrs. Burkhalter carefully tends a flock of chickens. She has heretofore been partial to the Rhode Island Reds, but recently she has acquired a flock of White Leghorns, and the products of the henery bring in considerable revenue each month.

Of course these cows and hogs and chickens consume considerable quantities of grain feeds, and Mr. Burkhalter raises these on his farm. This year he had 150 acres devoted to the sorghum grains and Sudan, and he made a big yield of maize and other grain crops. He had only 100 acres planted to cotton, from which he has already gathered 31 bales, and he believes that when the entire crop shall have been gathered he will be forty bales to the good.

Mr. Burkhalter began diversified farming eleven years ago, when he started into the dairy business with only two cows. He found that the two cows paid, and he has accordingly added to the herd from time to time with ever increasing profits.

Mr. Burkhalter does not pretend to be a "master farmer," but he has found that diversification pays, especially during hard years, and he is willing for other people to have the benefit of his experience. He is justly proud of his dairy herd, his hogs, and his wife's flock of chickens, and he will continue to diversify.

Sheriff Wesley Simpson was in Amarillo on business Monday.

## INTER-CHURCH PRAYER LEAGUE HAS GOOD MEET

Several ladies were present upon invitation at the meeting of the Inter-church Prayer League at the Baptist Church Tuesday night. Rev. R. T. Breedlove was on the program for a talk, after which the meeting was converted into a sort of experience meeting, and those present report that it was a deeply spiritual service. All church members and others are invited to these meetings.

## NEW CHURCH TO BE BUILT

Church of Christ To Erect Modern Stucco Church Building Soon

Members of the Church of Christ announce that their present church building will be torn down and a new building constructed on the site, work to begin within a few days. Funds amounting to about \$2,500 have already been raised for the purpose and only a few hundred dollars more will be necessary to rebuild the structure. The material in the present building will be used in the construction of the new.

The new church will be a frame building with stucco finish, will consist of a main auditorium and a basement, and its dimensions will be 60 by 60 feet. It will face the north.

The Church of Christ bought the old building from the Baptists when the latter began plans for their new building about two years ago. This building is one of the old landmarks of the town but must now give way for a more commodious and modern church structure to meet the demands of the present day.

## METHODISTS WILL BUILD PARSONAGE AT DRAW

The Methodist Church at Draw is raising funds with which to construct a parsonage, since the new pastor will preach there two Sundays in each month, and will reside here. A number of Tahoka business men have contributed to the fund.

## Government Gives Cotton Estimate

Although the Government's estimate of the 1927 cotton crop, which was made public Thursday morning, was 53,000 bales below the estimate of a month ago, its effect seems to have been to bear the market, as the price dropped immediately about 30 points.

This estimate was 12,789,000 against an estimate a month ago of 12,342,000 bales.

The gin report, released Thursday, showed a total of 11,742,806 bales ginned prior to December 1, against 3,925,000 bales ginned prior to November 1.

## FOURTH GRADE READERS PROGRAM AT CENTRAL WARD

The pupils of the Fourth Grade rendered a program at chapel in the auditorium of the Central Ward school building Thursday morning, as follows:

Song: Battle Hymn of the Republic.

Prayer.

Scripture Reading—Olin O'Neal.

Bible Story—"The Birth of Jesus"

—Mary Helen Parks.

Reading—"Christmas"—By three little girls.

Play: "Eating Milk"—Fourth Grade.

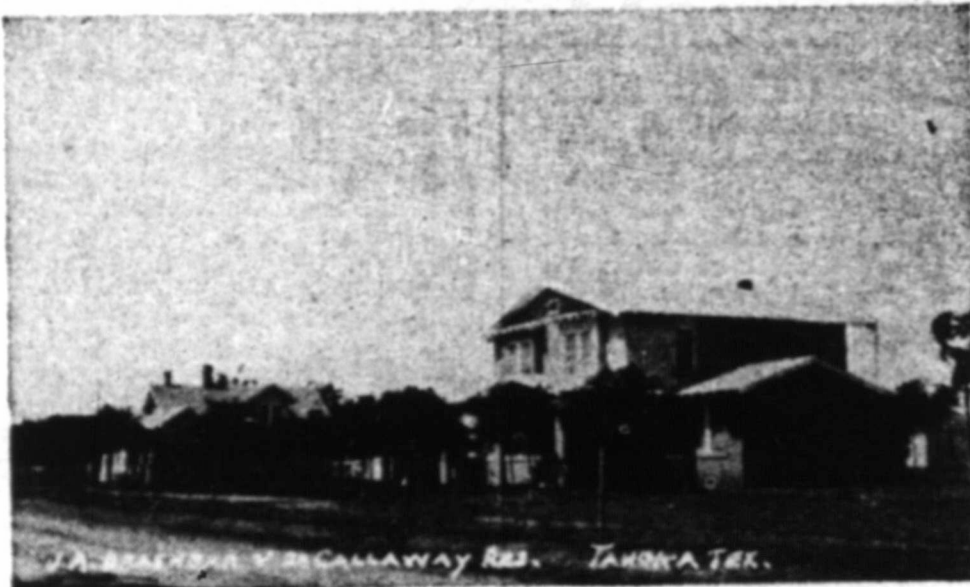

## APPOINTMENTS ANNOUNCED

Rev. "Ham" Wright, pastor of the Draw-Grassland Methodist churches, announced his regular preaching services for the charge as follows:

Draw: Preaching morning and evening on first and third Sundays in each month.

Gossett: Preaching morning and evening on every fourth Sunday in each month.

Grassland: Preaching morning and evening on every second Sunday in each month.

NEW AMERICAN LEGION CLUB

Brashear Home (In Foreground) Bought Last Week by the American Legion to be used as a Club House.

## Mrs. Glenn Dies At Mineral Wells

Mrs. Nannie Josephine Glenn, wife of J. H. Glenn, died at Mineral Wells on Wednesday, December 30, and was buried there the next day.

Mr. and Mrs. Glenn removed from Plainview to Tahoka a few months ago, when Mr. Glenn accepted the agency for the American Oil Company here. Mrs. Glenn had been in failing health for several months and finally decided to go to the hospital at Mineral Wells for treatment. She had been in the hospital only a little more than a week when the end came. Death resulted from cancer of the liver. Mr. and Mrs. Glenn had been married eleven years. They had no children.

While Mr. Glenn has a home at Plainview, he has decided to continue his residence in Tahoka. He has the sincere sympathy of many friends in this sad bereavement.

## To Begin Work On W. T. Building

Canyon, Dec. 6—Work is to begin at once on the new Education Building for the West Texas State Teachers College. The contract calls for the completion of the building by September first, 1928.

The State Board of Regents of the Teachers Colleges will be in Canyon December 8 to confer with President J. A. Hill and the architects, regarding details of the construction of the building.

The new structure will be 210 feet long, three stories high and stone and brick will be used in it. It is said that it will be the best training school building in the southwest, when it is completed.

President J. A. Hill is having daily conferences this week to settle small matters with regard to the interior arrangement of the building.

## LADIES TO SELL FANCY WORK SATURDAY

The ladies of the Church of Christ announce that on next Saturday they will sell fancy work, suitable for Christmas gifts, and also cakes, pies, and chicken, at Bouillon's store. They invite the liberal patronage of the public.

## HOW THE CONTEST GOES

Five clubs are competing in the subscription contest for the Lynn County News, which began two weeks ago. These are: The Darw Girls' Club, the Draw Women's Club, the Midway Women's Club, the T-Bar Women's Club and the Lynn Women's Club.

Reports turned into this office up to five o'clock last Saturday afternoon indicate that the Girls' Club at Draw is far in the lead, but any club in the contest has a good chance to forge ahead before the end of the contest if the members will only work on the material at hand. In fact, there is a splendid opportunity for any and all of the clubs in this contest to bring considerable funds into the club treasury during this contest.

The standing of the contesting clubs at five o'clock last Saturday afternoon was as follows:

Club	votes
Draw Girls Club	13,250
Midway Women's Club	3,000
Lynn Women's Club	2,750
T-Bar Women's Club	1,250
Draw Women's Club	750

## News Installs More Equipment

The News office has installed some additional equipment, so as to be able to better serve its advertisers and other customers. This equipment consists of a "casting box," used in making metallic cuts from pasteboard mats, and is very useful to the merchants in illustrating the goods which they advertise for sale; and a saw-trimmer for the trimming of metal slugs and cuts used in the printing of the paper.

This equipment entails an outlay of several hundred dollars on our part, but will probably be worth many times their cost in the years to come.

Upon the arrival of this equipment it became necessary for us to rearrange some of the machinery already in our shop, which consumed considerable time, and we are therefore late in getting the paper out again this week.

## County Board Is To Meet Monday

Superintendent H. P. Caveness announces that there will be a meeting of the county board of trustees in the court house next Monday at 1 p. m. He suggests that any one interested in any consolidation proposal, either in favor of or against it, should appear before the board at that time. The board is composed of H. M. Larkin, chairman, J. E. Morgan, S. L. Williams, W. M. Waldrup, and Tom Brewer.

One of the principal items of business that will receive attention by this body will be the final transfer of high school pupils in accordance with the provisions of the new law.

## BRADLEY PURCHASES INTEREST OF PARTNER

Don Bradley announces that he has purchased the interest of E. M. Swan in the Pioneer Abstract Co., and he will continue the business in the same quarters as heretofore, in the court house. Mr. Swan retains his insurance business and will hereafter give his entire attention to this.

## Nazarenes Erecting Church Building

The local members of the Church of the Nazarene are building a church house in the western part of town. When completed it will be a neat and comfortable little church building, viz.: Methodist, Baptist, Presbyterian, Church of Christ, Primitive Baptist, and Nazarene.

## P. T. A. HAS SOCIAL MEETING

The Parent-Teachers Club had a social meeting Tuesday night in the basement of the Central Ward school building. A program, as published last week, was rendered, after which the tables were arranged and the exciting game of "42" was enjoyed for an hour or two. Refreshments were served by the teachers of the Tahoka Public Schools, after which a number of cakes were auctioned off by W. O. Henderson, who proved to be an excellent auctioneer. If we have anything to sell soon, we are going to get Colonel Henderson to sell it.

Sheriff Wesley Simpson was a business visitor to Amarillo Monday.

## SLASH-L CLUB HAS SUCCESSFUL PIE SUPPER

The pie supper given by the Slash-L Women's Club Saturday night, December 3, was a success. There were quite a number present, but all were disappointed by Miss Halsey's absence.

The club received the nice sum of \$58.00, which was very much appreciated and will be very beneficial to the club. The Slash-L Club is coming to the front, and we are trying to make the best better.

## LEGION BUYS FINE HOME

Will Be Used As Club House; Is One Of Finest Homes In Tahoka

A deal was consummated this week whereby the Marion G. Bradley Post of the American Legion became the owner of the handsome Brashear home. The consideration was recited as \$8,000. The local post will use this building for club purposes, and we understand that a few changes will be made in the second story of the building to suit the purposes of the Legion.

The Brashear residence is one of the nicest homes in Tahoka. A few months ago E. M. Swan purchased this home from Mr. Brashear and he in turn sold to the Legion.

## CHESS CONNOLLY; NOT HENRY FORD

Last week we ran a full page advertisement of the new Ford car for the Connolly Motor Company but the name of the Connolly Motor Company did not appear anywhere in the ad. The name of the Ford Motor Company appeared in lieu thereof. It was Ches Connolly who ordered and will pay for this ad, and not Henry Ford. Ches says he expects to have one of these cars on display in his show rooms some time soon but any one desiring any information need not wait for a Ford to arrive. Come in and he will tell you all about it and make your order pronto.

## Winter Weather Hits South Plains

The first real, honest-to-goodness winter weather of the season struck the south plains Tuesday night when a high west wind veered around to the north and sent the mercury scampering down to a low figure by daylight Wednesday morning. Thermometers in Tahoka registered 9 above zero, according to information given the News, and it remained cold all day long Wednesday. While the high wind subsided long before nightfall, yet the temperature gradually sank to a very low level again Wednesday night. There had been several days of cool weather preceding this spell but not bitterly cold weather.

The continued dry weather has been fine for the cotton farmers but those who have wheat sowed are complaining that the wheat is suffering. There has been no rain here since early in October.

## SUPT. H. P. CAVENESS VISITING RURAL SCHOOLS

County Superintendent H. P. Caveness has been devoting considerable time recently to the visiting of rural schools. On Tuesday of this week he visited the schools at Three Lakes and New Moore.

Prof. Caveness has instituted the policy of having some of the teachers in the Tahoka schools give demonstration teaching in some of the rural schools where their services are desired. In this way the inexperienced teachers may get much help from those of more experience and training. Prof. Caveness says that there have been a number of calls for assistance of this kind, and that some of the Tahoka teachers have already been out on one or two occasions to give demonstration work.

Prof. Caveness thinks that the Lynn county schools have a corps of teachers quite above the average in efficiency this year.

## KIWANIS CLUB HAS ELECTION

"Happy" Smith Retained As President; Elect Several New Men To Offices

At the meeting of the Kiwanis Club Wednesday, officers were elected for the ensuing year.

W. E. (Happy) Smith was re-elected president; Rev. R. T. Breedlove was elected vice-president. B. H. O'Neal was re-elected treasurer; and Dr. C. B. Townes, district trustee. The new board of directors is composed of the following members: Chester Connolly, B. R. Tate, G. M. Stewart, W. O. Henderson, B. N. Shepherd, W. B. Slaton, and L. C. Haney.

The program for the day was under the direction of Supt. M. L. H. Baze; the musical portion of which consisted of a couple of vocal selections by Ernest Owan, accompanied on the piano by Mrs. Jack Jackson, and a couple of piano solos by Mrs. Jackson.

A novel form of entertainment was provided by Prof. Baze in demonstrating some of the work being done in the biology department of the Tahoka High School. He brought with him a microscope recently purchased for the High School, with a magnifying power of 2,500. Under the lens of this microscope he placed a drop of water taken from a stagnant pool and invited the members of the Club to make an inspection. The drop of water, under the microscope, became a pool, and in it were peculiar cell-like animals, called amoeba, darting here and yonder. There particular cell are the same, Mr. Baze explained, that produce dysentery when taken into the system, and their presence in large numbers in this drop of water shows the great danger from disease germs that breed and multiply with amazing rapidity in stagnant waters. It was not only a novel but an instructive and most interesting form of entertainment.

## W. M. S. ANNOUNCES ZONE MEETING AT ACKERLEY

There will be a zone meeting of the W. M. S. for this district on Wednesday, December 14, at Ackerley in Dawson county, according to Mrs. W. K. Crowley of Lamesa, chairman, and the following program has been prepared, beginning at 10 a. m.:

Opening Song.

Invocation—Mrs. H. A. Randle, Lamesa.

Devotional—Rev. McGee, Spartenburg.

Music—Mrs. G. A. Thomas, Lamesa.

Welcome—Mrs. Andy Brown, Ackerley.

Response—Mrs. N. F. Peterson, McCarty.

Jubilee Prayer League—Prayer.

Lunch.

Officers' Drill.

Our New Book—Mrs. R. W. Fenton, Tahoka.

Reading—Elizabeth Hughes Society, Tahoka.

Co-operation—Rev. Fisher, Lamesa.

Playlet—O'Donnell Auxiliaries.

Reports from each corresponding secretary.

Zone report by Chairman, Mrs. W. K. Crowley, Lamesa.

Reading—Mrs. W. L. Marr, Lamesa.

Song: "Meet Me There."

Benediction—Representative from Tahoka.

## HOUSE SAYS POULTRY PAYS

F. E. House, who resides on the Oscar Roberts farm six miles north of Tahoka and who raised many fine chickens the past year, expects to engage in the business on a still larger scale during the coming year. Mr. House not only finds that the poultry business pays but he believes in blooded stock. Last Friday he added ten hens to his flock which cost him \$4.00 each. We are glad so many of our friends are going in to the chicken business, for editors are usually hungry and all like chickens on the platter.

Berry Joyce, an old friend of the editor first at Temple and later at Colorado, was here on business Tuesday.

**NOTICE OF ELECTION**

NOTICE IS HEREBY GIVEN to the qualified voters of the City of Tahoka, County of Lynn in the State of Texas, that, in pursuance of a certain contract made and entered into by and between said City and Texas Utilities Company, a Texas corporation, which said contract, in respect to the sale of the City's electric light plant and system complete and ice plant and system complete to Texas Utilities Company, is set out in full herein, a special election will be held in the said City of Tahoka in the State of Texas on the 27th day of December, 1927, at the place and in the manner hereinafter provided for and set out; which said contract is as follows, to-wit:

**Contract For Sale of Electric Plant, Lighting System and Ice Plant To Texas Utilities Company THE STATE OF TEXAS COUNTY OF LYNN:**

This agreement by and between the City of Tahoka, Texas, acting by and through its Mayor and City Council, hereinafter designated in this instrument as the "City", and Texas Utilities Company, a Texas corporation, acting by and through its President, hereinafter designated in this instrument as "Company", witnesses:

It is agreed that the City owns and operates an electric light plant and system complete, also an ice plant complete, generally described as "light system" and "ice plant," and consisting of an electric plant and electric distribution system complete, and an ice plant complete, located in the City of Tahoka, Texas, more fully described as follows: All of Lots Nos. One (1), Two (2), Three (3), Four (4), and Five (5) in Block No. Fifty-two (52) North Tahoka Addition to the original town of Tahoka, Lynn County, Texas, except so much of said lots as is now used by the City in connection with its water-works plant, to-wit: The real estate upon which the following equipment and wells of the city are now situated and located: Two surface water reservoirs, one booster station for water works and two wells, which said property shall be excepted from the deed conveying the property to the Company by the City by an accurate description, describing the property upon which said reservoirs, booster station and wells are located by metes and bounds; also all of Lots Nos. Sixteen, Seventeen, Eighteen, Nineteen (19) and Twenty in Block No. Fifty-two, North Tahoka Addition to the Original Town of Tahoka, Lynn County, Texas, together with all buildings and improvements erected thereon, including all machinery, equipment, appliances and tools located in said buildings and on or said

**Renew Your Health by Purification**

Any physician will tell you that "Perfect Purification of the System is Nature's Foundation of Perfect Health." Why not rid yourself of chronic ailments that are undermining your vitality? Purify your entire system by taking a thorough course of Calotabs—once or twice a week for several weeks—and see how Nature rewards you with health. Calotabs are the greatest of all system purifiers. Get a family package, containing full directions. Only 35 cts. At any drug store. (Adv.)

**Coming To LUBBOCK Dr. Mellenthin Specialist**

In Internal Medicine for the Past fifteen years  
**DOE NOT OPERATE**  
Will Be At The MERRILL HOTEL Monday, December 12  
Office Hours: 10 a. m. to 4 p. m.  
**ONE DAY ONLY**  
No Charge For Consultation

Dr. Mellenthin is a regular graduate in medicine and surgery and is licensed by the State of Texas. He does not operate for chronic appendicitis, gall stones, ulcers of stomach, tonsils or adenoids.

He has to his credit wonderful results in diseases of the stomach, liver, bowels, blood, skin, nerves, heart, bladder, bed wetting, catarrh, weak lungs, rheumatism, sciatica, leg ulcers and rectum ailments.

Below are the names of a few of his many satisfied patients in Texas who have been treated for one of the above named cases:

- Miss W. Bennett, Roscoe.
- Mr. R. L. McDaniel, Sweetwater.
- Mrs. Otto Eickman, Wetmore.
- Miss Nell Egan, Palestine.
- Bill Graf, Vernon.
- H. B. Hughes, Texarkana, Ark.
- Mrs. C. A. Jones, Ranger.
- Mrs. Jean Mills, Abilene.

Remember above date, that consultation on this trip will be free and that his treatment is different.  
Married women must be accompanied by their husbands.  
Address: 211 Bradbury Bldg., Los Angeles, Cal.

real estate above described and used in connection with the electric power plant and ice plant; also  
All property belonging to said electric plant and distribution system consisting of engines, piping, prime movers, generators, switchboards, excitors, heaters, cables, conduits, containers, instruments, protective devices, tools, conveyances and all miscellaneous items such as fuel-oil, lubricating oil, waste, stocks on hand, etc., which are necessary thereto and a part thereof; including an electric distribution system complete, consisting of poles, cross-arms, insulators, wires, meters, transformers and a series street lighting system, consisting of 50 lights complete with standards, brackets, shades, etc., together with line tools and conveyances that properly belong to the electric department of said City of Tahoka. Also

An ice plant complete, located on the above described real estate, consisting of the following property belonging to and or used in connection with said ice plant: Compressors, condensers, receivers, brine tanks, cans, hoists, cranes, motors, blower, pumps and accessories, ice conveyances and teams and all everything connected with the operation of said ice plant, as well as all tools and property belonging to and used in connection with the electric department, as aforesaid.

The said ice plant, above described, is located in the same building with the electric power plant situated on the above described real estate and operated as a part of said electric power plant.  
It is understood that the City has the following described property located on the above described real estate, which belongs to and is used in connection with the water-works plant, to-wit: Two surface water reservoirs, one booster station for water-works and two wells. The said water-works property, belonging to said City, is not included in the description of the property belonging to the electric department and ice department of said City of Tahoka and said property belonging to the water-works department and situated on said real estate, as above described, is excepted from the provisions of this contract, as herein set out.

It is further agreed by said City that, after thorough and painstaking investigation of conditions of property, as previously described, and after full consideration of the financial obligations that have to be met by the City to rehabilitate the property, to take care of the sinking fund, together with interest that will have to be paid and improvements that will have to be made to take care of the needs of the community served by its electric light system and ice plant, the City Council of the City of Tahoka, Texas, is convinced that it is to the best interests of said City, and its inhabitants, to dispose of its light system and ice plant as previously described. The City of Tahoka, Lynn County, Texas, does hereby, therefore, agree and binds itself to sell to Texas Utilities Company the above described light system complete and ice plant complete, in accordance with conditions and terms hereinafter set out:

First:—It is mutually understood and agreed that this action taken by said City Council of the City of Tahoka, relative to sale of said property, as previously described is subject to ratification by a majority vote of the qualified voters of the City of Tahoka, Texas and the City agrees to call an election for the purpose of submitting the proposition for the sale of said property as speedily as possible, in accordance with the laws of the State of Texas, covering the sale of light systems and other property by municipalities.

Second:—It is understood and agreed that should the election result in the ratification of the sale of said light system and ice plant to Texas Utilities Company, the said City will grant coincident therewith, a fifty year electric franchise to said Company, granting to said Texas Utilities Company the right to construct, maintain and operate an electric light and power plant and system, and of transmission lines and distribution system, composed of poles, conduits, wires, etc., over, under, along and across all streets, alleys, thoroughfares, bridges and other public grounds of said City, substantially in the form shown on Exhibit A, hereto attached.

City further agrees that, should the election result in the ratification of the sale of said light system and ice plant as aforesaid to the Company said City will enter into a twenty year street lighting and city pumping contract with the Company, substantially in the form shown on Exhibit B hereto attached, covering the complete requirements of said City for light and power and for street lighting.

City further agrees that, should the election result in the ratification of the sale of said light system and ice plant to the Company, the said City will convey, by general warranty deed, all property herein described to Texas Utilities Company, free and clear of all mortgages, liens, and incumbrances of any kind or character whatsoever, substantially in the form shown on Exhibit C hereto attached.

Company agrees to supply said City, as aforesaid, all the necessary electric energy to meet the City's requirements, substantially in the form shown on Exhibit B above mentioned.

Third:—The Company further agrees to supply all of its consumers in the city with electric service in sufficient quantity to meet their requirements, in accordance with the terms and conditions set out in the electric franchise to be granted by the City, as aforesaid, as shown on said Exhibit A hereto attached.

It is agreed that, in case the City grants to the Company an electric franchise, substantially in the form shown on Exhibit A hereto attached, the Company will publish and charge

the schedules of rates and charges of Texas Utilities Company, commonly known as Central Station Schedules of Rates and Charges. For information, the Company represents and agrees that the present Central Station Schedules of Rates and Charges, which would be applicable to the business of the City of Tahoka, at the present time, under the terms of this contract, are as follows:

**SCHEDULE A Residential Lighting**

Per K. W. H.	14c
First 20 K W H per month	14c
Next 20 K W H per month	13c
Excess over 40 K W H for lighting	07c
Excess over 40 K W H for cooking	05c
Prompt payment discount	01c
Minimum bill per month	\$1.50

**SCHEDULE B Commercial Lighting**

Per K W H	14c
First 50 K W H per month	14c
Next 50 K W H per month	12c
Next 100 K W H per month	10c
Excess over 200 K W H per month	07c
Prompt payment discount	01c
Minimum bill per month	\$1.50

**SCHEDULE C Power**

First 22 K W H per H P connected	9c per K W H
Next 45 K W H per H P connected	07c per K W H
Excess over 67 K W H per H P connected	05c per K W H
Minimum bill per H P connected, per month	\$1.00
Discount for prompt payment 10 per cent.	

(See Rider "A" for optional Power rate)

**SCHEDULE HEATING AND COOKING RATE**

All K W H used per month	05c
Minimum bill, per month	\$2.50
Discount 01c per K W H for payment of bills on or before the 10th of the month.	

**Rider "A"**

**OPTIONAL POWER RATE**

Service charge per KW con-	\$1.00
Plus First 60 K W H	05
Next 120 K W H	04
Next 240 K W H	03
Excess of 420 K W H	02
Minimum monthly bill	\$1.25 for each KW connected. In no case shall a connection be figured at less than one (1) K W.

This rate carries no discount.

**Rider "B"**

**OPTIONAL AWNING AND SHOW WINDOW LIGHTING RATE**

Terms under which rate applies are as follows:

Applicable to commercial consumers. Customer to furnish all lamps, together with wiring and machinery, casualties or other means beyond its control or acts of God; but the Company shall, in case of interruption, use all reasonable efforts to re-establish service at the earliest possible date.

Fifth:—The Company proposes to make all reasonable extensions to its distribution system and service where revenues obtained therefrom warrant such extension, when considered in the light of good business and in accordance with the usual and customary practice of electric utility companies in making extensions. The Company shall not be responsible for electric wiring inside of private buildings or upon private property and shall not be required to correct such troubles, unless arrangements are made at the Company's office for such service.

Sixth:—The Company will own and install all the consumers' meters and replace meters at all reasonable hours of any day. Privately owned meters will not be used by the Company for metering service furnished its consumers.

Seventh:—The Company may require a deposit from its consumers sufficient to cover two months billing to guarantee the payment of bills. The Company will allow and pay on meter deposits interest at the rate of six per cent. per annum, and will refund meter deposit when service is discontinued and final bills are paid, or will refund balance due after deducting the amount of final bill due the Company by the person entitled to such meter deposit.

It is understood that the City represents that it has on deposit the sum of approximately \$2882.25, which has been deposited with said City by electric consumers, and said sum is referred to and known as consumers' deposits. The Company is willing to assume the customers' deposit account, above mentioned, with the understanding that the City shall furnish to the Company a complete record of all such deposits, giving the names of the depositors and the amount of money deposited by each consumer; and with the further understanding that the Company shall be permitted to hold said deposits as a guarantee for the payment of bills under its rules and regulations, in the same manner that said sum would be held by the Company if the same had been deposited by the consumers with the Company, in the first instance under its rules and regulations herein referred to.

The amount of customers' deposits to-wit: The sum of approximately \$2882.25 shall be deducted from the amount of the purchase price to be paid by the Company to the City for the light system and ice plant properties herein described.

Eighth:—Service wires entering any house or building must go direct to the Company meter or meters before any taps are made or energy furnished. Any taps connected ahead of the Company's meter are in violation of

the law and of the rules of the Company. Provisions for the installation of electric meters shall be made by the consumers in easily accessible places where meters will be protected from the elements.

Ninth:—The Company may cut off service on the 20th day of any month following a month in which service has been rendered any consumer who has not paid his bill, and shall have the right to make a nominal charge for reconnecting any consumer thus cut off.

Tenth:—The Company will install at its own expense any and all street lighting lamps hereafter required by the City, in the manner and upon the conditions and at the prices set out in Exhibit B.

Eleventh:—The Company shall have the right to establish and enforce reasonable rules and regulations setting forth the conditions upon which its electric service shall be furnished the consumers thereof.

Twelfth:—The Company will pay the City, when the foregoing conditions and considerations are complied with and said City conveys, transfers and delivers, by proper deeds or other instruments in writing, effective to convey title to said property to Texas Utilities Company, free from liens and incumbrances of all kinds or character whatsoever, the full amount of the purchase price, to-wit: One Hundred Thousand Dollars (\$100,000.00), less customers' deposits payable as follows:

Payable \$100,000.00 in cash, less amount of customers' deposit as shown on customers' ledger on January 1st, 1928.

It being expressly understood and agreed by and between the parties hereto that the City represents that it is in position to lawfully convey, transfer and deliver or cause to be conveyed, transferred and delivered to Texas Utilities Company, a general warranty deed, or other instruments in writing effective to convey and transfer the title to all of the property belonging to the light system herein mentioned and referred to, also all of the property belonging to the ice plant herein mentioned and referred to; and said City further represents that it is in position to deliver possession of all assets property herein described or referred to to said Texas Utilities Company at the time of the execution and delivery of deeds and other instruments in writing, conveying, transferring and selling to the said Texas Utilities Company all of said property, real, personal and mixed, herein mentioned or referred to as belonging to the light system and ice plant of the said City.

The City agrees to deliver to the Company, at the time of the signing of this contract, abstracts of title to all real estate hereinabove described for examination by the attorneys of the said Texas Utilities Company. The Company agrees that, upon receipt of the above mentioned abstracts, it will cause the same to be promptly examined by its attorneys, and notify the City of the approval of same, if same be approved, but in case Texas Utilities Company's attorneys should find any objections to title to said real estate, which, in the opinion of counsel, can be satisfactorily cured, said Texas Utilities Company shall notify the City of the things necessary to be done in order to cure such defects, which the City agrees to cure within a reasonable time after receiving notice, as aforesaid, specifying the things necessary to be done in order to correct any defects in the title to said real estate or personal property.

Thirteenth:—It is expressly understood and agreed that Texas Utilities Company is not to assume the obligation to be any contract of the City of Tahoka, except service agreements to be transferred to said Texas Utilities Company by said City, under the terms of this contract, and the customers' deposits, which are to be assumed by the Company upon the terms and conditions hereinabove set out.

Fourteenth:—It is further agreed that, at the time of the transfer of the property, as aforesaid, all of said property, real, personal and mixed, above described or referred to, shall be conveyed and transferred to the property holding titles thereto, free of all debts, incumbrances, taxes or obligation of any kind.

It being further understood and agreed that the City is to indemnify, and does hereby agree and bind itself to indemnify and hold harmless Texas Utilities Company against any claim of any kind that may be sought to be asserted against said City's property to be acquired by Texas Utilities Company through the consummation of this contract.

Fifteenth:—It is further understood and agreed that, for convenience of parties, the transactions herein referred to shall be simultaneously closed at the office of Security State Bank of Tahoka, Texas, in the City of Tahoka, Texas. It is further understood and agreed that the following papers and money are to be deposited at the office of said Bank at or prior to the time of the closing of all transactions herein referred to.

The City of Tahoka, Lynn County, Texas, to deliver the following:

(a) General warranty deed or deeds properly executed, conveying title to all of the above described property to Texas Utilities Company, a Texas corporation, free from liens and incumbrances, as aforesaid, substantially in the form of copy of general warranty deed hereto attached.

(b) All insurance policies now in force on the property transferred by the City to the Company hereunder.

(c) Certificate from the County Clerk of Lynn County, Texas, that all mortgages, if any, have been released, or that there are no mortgages or incumbrances against the property herein described of record.

(d) Statutory franchise granting to Texas Utilities Company a fifty year electric franchise, substantially in the form of Exhibit A hereto attached.

(e) Statutory twenty year street lighting and city pumping contract, substantially in the form of Exhibit B hereto attached.

**GASOLINE** must do more than one thing well if it's to be classified as good gasoline. If it gives you only extra-quick starting but is slow on the getaway and lacks power, it's a very wasteful fuel.

So be sure that your gasoline passes the triple test for (1) starting, (2) acceleration and (3) power and mileage. You can be absolutely sure that it will if you insist upon Conoco—because Conoco is the triple-test fuel that is always dependable. It's the quality gasoline that starts you off and keeps you moving in all kinds of weather.

Get it at stations and garages displaying the Conoco sign.

### Draw Items

Tom Ellis and Lillian Cook of our community were united in marriage on Thursday of last week. All of their friends wish for them much happiness. A shower was given them by their friends of this community at the home of Mrs. Austin Porterfield.

Mr. and Mrs. Louis McKay, who were married on Thanksgiving day, were given a shower at the home of Mrs. Berry on Thursday evening of last week. The entertainment was furnished by the local club girls. Those present will declare that the girls know how to entertain, too.

Mr. Clayton and Hilburn Barrick visited in the home of Mr. J. E. Sherrill last Sunday. These young men live at Abernathy.

Church was well attended last Sunday considering the disagreeable weather. Bro. Wright brought two powerful messages.

Next Sunday is our regular singing day. If you are interested in singing, come help us sing. We invite all singers of the county to meet with us.

Several cars of people from South Ward visited in the home of Mr. and Mrs. Grigg on Tuesday night of this week.

On Friday night, December 16th, the play, "Safety First," will be given in the local school auditorium. There will be a charge of 15 and 25 cents, the proceeds are to go to pay for library equipment.

On Saturday night, December 17th, there will be a box supper given in the school auditorium. The proceeds are to be used by the Methodist ladies in furnishing the new Methodist parsonage. We invite every one to come and help them out, and we send the people of Grassland a special invitation to come. Remember the date.

### TEXAS UTILITIES ANNOUNCE RATES REDUCTIONS

The Texas Utilities Company has made public a new schedule of electric lighting rates on all residences and commercial, lighting amounting to a reduction of two cents per kilowatt, to take effect January 1st. This announcement was made by Judge Kelso, president of the Texas Utilities Company.

On and after January 1st, all rates for every kind and class of service furnished by the Texas Utilities Company will be uniform in every town and city served by that company, Judge Kelso announced. For residential and commercial lighting the rates will be 14 cents per KWH; for the first 20 kilowatts of electricity consumed; 13 cents for the next 20 kilowatts and 7 cents for each kilowatt in excess of 40 kilowatts, with a further one cent per kilowatt reduction to all persons who pay their bills promptly, making the net rate 13, 12 and 6 cents per kilowatt. This is a net reduction on all this class of service of two cents per kilowatt.

Today the Texas Utilities Company has 453 miles of high tension lines in operation and about 100 miles more under construction. More than 40 towns are now being accommodated with rurrent for light and power with central power stations of massive type at Lubbock, Plainview, Clavis and Canyon.

Judge Kelso was in Crosbyton recently and announced that additional street lights would be installed here at a greatly reduced rate. Where the rate heretofore has been \$2.25 per light each month, the new rate will be \$1.75 per light each month, the company bearing the expense of in-

stalling and maintaining the street lights.—Crosbyton Review.

### NOTICE OF SHERIFF'S SALE OF REAL ESTATE

COUNTY OF LYNN. THE STATE OF TEXAS.

By Virtue of an order of sale issued of the 72nd District Court of Lubbock County, Texas, on a judgment rendered in said Court on November 10, 1927, in favor of H. R. Pickens against J. N. Moore and Mrs. Lucile Moore, defendant's, No. 2946 in such court, I have levied upon the following described land in Lynn County, Texas, to-wit: The North Half of Survey No. Four (4), in Block CB, containing 320 acres, and on the 3rd day of January, 1928, being the first Tuesday of said month, between the hours of 10 o'clock a. m. and 4 o'clock p. m. on said day, at the courthouse door of said County, I will offer for sale and sell at public auction to the highest and best bidder for cash, all the right, title and interest of the above named defendants in and to said real estate. Dated at Tahoka, Texas, this the 10th day of December, A. D. 1927.

J. W. SIMPSON, Sheriff Lynn County, Texas  
By Zoe Lowrey, Deputy.

With our Revolving Rib gins, we can make 5 to 15 pounds more lint to the bale, which means \$1.00 to \$3.00 more money. Besides they carry a looser roll which makes a smoother sample. Investigate—J. H. Holloway. adv.

### TWO COUPLES MARRIED HERE LAST SATURDAY

Jack Beezley and Miss Lucile Earley, who reside a few miles east of Tahoka, were married by Uncle Ike Metcalf in his office Saturday.

On the same day, in the corridors of the court house, Uncle Ike performed the wedding ceremony for Ivey Coor and Miss May Barton of Dixie.

All of these are splendid young people and the News wishes them the very best joys of life.

G. G. Robertson has just removed from Cooper, Delta county, to a

quarter section of land near Draw, which he purchased from L. H. West recently. Mr. Robertson is greatly pleased with this country as a prospective farming region. If the sandstorms continue late next spring Mr. Robertson will probably become discouraged before planting time, as most new comers do, but the old timers will know that there is no need to get alarmed.

### THE REASON WHY

He smoked cigars three times a day, Ten-centers, too at that. Then gave a nickel to the church When the deacon passed the hat.

She gave one cent for mission work, Then spent ten cents for gum; Then really bowed her head and prayed:

"Oh, Lord, thy kingdom come." They sat at home and wondered why The church did not succeed; She chewed her gum and couldn't tell; He, puzzled, smoked his weed. —Life and Work.

A. B. Seroyer, who has been confined to his room for several weeks from an attack of acute indigestion, is able to be on the streets again this week.

Read The Want Ads.

### ACUTE ATTACKS

Of Indigestion Helped By Black-Draught.

Black-Draught was recommended to Mrs. Reathia Edmondson, of Williamson, N. Car., by her father-in-law. She says:

"Shortly after I became a bride, I had a spell of indigestion, and my father-in-law told me to take a dose of Black-Draught. I had never heard of it before, but I tried it, and got such quick relief. I have turned to it ever since."

"About three years ago, I began having acute attacks of indigestion real frequently. I would feel severe pains through the lower part of my body, and they were accompanied by bad gas pains. I took a systematic course of Black-Draught and soon began to feel better. The acute attacks disappeared."

Try Theford's Black-Draught for indigestion. You can get it everywhere.

**NOTICE TO THE PUBLIC**

Any erroneous reflection upon the  
reputation or standing of any indi-  
vidual, firm or corporation, that may  
appear in the columns of the News,  
will be gladly corrected when called  
to our attention.

Since the killing of two alleged  
bank robbers at Odessa a couple of  
weeks ago while apparently in the  
act of entering a bank and the pay-  
ment of \$75,000 by the State Bankers  
Association to the four officers who  
did the killing, there has been con-  
siderable adverse comment on the  
policy of paying rewards by the  
bankers for the killing of robbers  
caught in the act. Some have been  
speculating as to whether or not the  
officers were themselves guilty of  
murder. Who ever may be held  
morally guilty, they were justified under  
the law of this state, if in fact their  
victims were robbers of burglars in-  
stead upon entering the bank. Our  
citizens say that homicide is just-  
ifiable when committed for the pur-  
pose of preventing murder, rape, rob-  
bery, arson, burglary and theft at  
sight, and a number of other felonies  
enumerated in the statutes. How-  
ever, the policy of the Bankers as-  
sociation in paying a large reward for  
the killing of robbers caught in the  
act could easily lead to much abuse,  
and while an officer has the legal  
right to kill a man caught in the act  
of committing one of these crimes,  
we believe that he has no legal nor  
moral right to kill any man simply  
for the reward that may be paid him.  
The Bankers Association should be  
very careful in carrying out the pol-  
icy which they have adopted.

In charging a group of Methodist  
preachers recently, Bishop Hay of  
Houston admonished them to make  
their sermons short and not to preach  
on science. He told them that twenty  
minutes was long enough for any  
sermon in this day and time. He  
told them not to preach about science  
because they knew nothing of the  
subject. Perhaps the good Bishop  
is right on both points. But we think  
the length of the sermon should de-  
pend on the quality. We have heard  
sermons an hour long and we were  
sorry when the preacher stopped. On  
the other hand we have heard others  
when we thought the preacher ought  
to quit before he had been preaching  
ten minutes. Just as the teacher,  
the doctor, the farmer, and the editor  
of today must know more than the  
teacher and the doctor and the farm-  
er and the editor of a half century  
ago, so must the successful preacher  
of today know more than did the  
preacher of yesterday. To instruct  
and inspire and lead a present-day  
congregation, the preacher should  
have broad knowledge, broad sym-  
pathies, and a broad outlook upon life.  
The ignorant and the bigot in the  
pulpit have suffered their day of  
usefulness. God give us great preach-  
ers, and we will be willing to listen  
to them for at least an hour.

Many local newspapers are advising  
the owners of cars not to pay the li-  
cense tax until after January 1. At  
that time a law passed by the last  
Legislature will go into effect allow-  
ing the county a larger proportion  
of the taxes collected. Under the new  
law Lynn county should receive sev-  
eral thousand dollars more than  
heretofore from the automobile tax.  
This will go into the county's road  
and bridge fund, and will give the  
communities' cost more money  
with which to maintain the public  
roads of the county. This should be  
good news to our people, for we need  
better lateral roads in this county.

The city of Brownfield claims to  
have the longest mail route in the  
United States. It is 74 miles long,  
has 185 boxes, and is serving 1800 in-  
dividuals comprising 250 families.  
More than 4,000 pieces of mail are  
distributed daily.

Some say that Jim Ferguson is pre-  
paring to run for governor next year.  
But he seems just a bit doubtful as  
to whether Moody or Claude Pollard  
or some other will be his chief oppon-

ent. Until recently he has been di-  
recting his keenest shafts at Dan  
Moody. Last week, however, he took  
a shot at Claude Pollard. Pollard had  
made an address to the State Teach-  
ers Association at Houston, in which  
he pleaded for city school methods  
and opportunities in the country dis-  
tricts and in this connection stated in  
effect that the old country school—  
meaning the old type of country  
school—must go. Jim Ferguson  
seized upon this as a sweet morsel  
and tried to interpret the statement  
as meaning opposition to the educa-  
tion of the country child. It was the  
purest of bunk, perfectly apparent to  
everybody who read Pollard's utter-  
ance, but Ferguson is a politician and  
he thought he saw an opportunity to  
play politics. The wise ones are  
saying, therefore, that Jim is fixing  
to run for governor and that he sus-  
pects that Pollard may be his oppo-  
nit, hence the thrust. Well, let him  
run. He will be a wiser man when  
the fracas is over.

Governor Al Smith of New York is  
being heralded by his supporters as  
the greatest governor New York has  
ever had. They point to his re-  
solution after re-election to the office  
to prove his popularity and therefore  
his worth. It is no doubt true that  
Al Smith has in many respects made  
a great governor. It is no doubt  
true that he is an able and resourceful  
statesman. It is no doubt true  
that in many respects he would make  
a good President of the United States.  
But his lack of sympathy with  
the Eighteenth Amendment, his  
friendliness to the liquor traffic, his  
every public utterance and act relat-  
ing to the liquor business, should be  
sufficient evidence to every citizen of  
his Republic that if elected to the  
Presidency he would make no serious  
effort to have the Volstead ac-  
t entered but would encourage such a  
modification of the law as to practi-  
cally nullify it. A crisis in the en-  
forcement of prohibition is upon us,  
and in this crisis the responsibility  
of maintaining and enforcing the law  
can not be entrusted to its enemies.

The News has not heretofore fev-  
ored the sale of the municipal light  
and power plant and ice factory, be-  
cause the proposals were to sell to  
private individuals, and the property,  
if sold, was not to become a part of  
a great system but was to continue  
as an isolated private enterprise.  
The proposal now is to sell to the

Texas Utilities Company, a big con-  
cern with a connected system of  
light and power plants and with a rep-  
utation of giving the best possible  
service. While we do not expect to  
attempt to influence any one in his  
vote upon this proposition further  
than it may be influenced by such  
information as may be given in our  
columns, yet we are free to state  
that we are strongly inclined to the  
view that it would now be the part  
of wisdom for the people  
submitted by the Texas Utilities  
Company and sell this property. We  
do not claim to have superior busi-  
ness acumen and may be wrong in  
this matter, but we think we are for  
the sale.

Christmas is coming! Old Santa  
Claus will soon be here. The post-  
master says that folks should mail  
their Christmas presents at least five  
days before Christmas, if they are to  
be sent as far as a day's travel away,  
in order to insure delivery before  
Christmas morning. Better do your  
Christmas shopping early.

In commending what we said about  
the dance hall last week, a good lady  
urged us to train our guns on an al-  
leged dance resort here in town,  
where, she says, dances are given al-  
most every Sunday night. Well, we  
don't know much about this place,  
but we would prefer our daughters  
to be in church, or at home.

**HOLD THAT LINE!**

At the Baptist State Convention at  
Wichita Falls last week a resolution  
was adopted without a dissenting vote  
pledging the members to oppose the  
 candidacy of any man for President of  
the United States who is opposed to  
the enforcement of national prohibi-  
tion and who favors the nullification  
of the eighteenth amendment. Ex-  
Governor Pat Neff, president of the  
convention, made a fiery speech in  
favor of the resolution. Such men as  
Pat Neff and Dan Moody will be  
needed in the National Democratic  
convention next summer to resist the  
efforts of Al Smith, Tammany Hall,  
and the Bowery to make the Demo-  
cratic party a wet party—Lynn  
County News.  
Tammany and the Bowery would  
put over a wet plank for the Demo-  
cratic party if they could, but they  
can never do it. There are too many  
good people, like Pat Neff, Dan

Moody and the Baptists in session at  
Wichita Falls, who will oppose any  
such move. Prohibition in the United  
States has proven the greatest  
humanitarian move ever made. The  
people of this country are enjoying  
health, prosperity and advantages  
whereas in the time for all good  
things never had when liquor was be-  
ing dispensed, and they are not going  
back to that habit of spending the  
family income for drink. Today the  
people are enjoying the comforts  
and luxuries of life that they  
dreamed of during the reign of  
vice. People whose incomes formerly  
went for liquor are now buying  
homes, furniture, automobiles and  
other things on the installment plan  
and making deposits in savings  
banks, and Al Smith, the Bowery  
and Tammany can't bring back the  
vice. The people will not tolerate  
it.—Colorado Record.

**NOTICE OF ELECTION**

(Continued)

Security State Bank at the City of Tahoka, Texas, at which place the conditions of this contract are performable, to be held there in escrow with this contract pending the closing of the deal herein agreed upon, and until the City has filed or caused to be filed and delivered to said Bank statutory certificates showing that this contract has been approved and sale of light system and ice plant authorized by a majority vote of the qualified voters of the City of Tahoka, voting at an election duly and regularly called and held in accordance with the Constitution and laws of the State of Texas for the purpose of voting upon the question of sale of said property.

**TEXAS UTILITIES COMPANY** shall deliver the following to said Bank, prior to or on the date of delivery of said certificate of election, and other papers to said Bank by the City:

Cash in the sum of approximately \$97,117.75, being the amount of the purchase price to be paid in cash, less the amount of the customers' deposits.

Sixteenth:— It is agreed that wherever the term or expression "City" is used or occurs in this contract it shall be construed to mean and refer to Texas Utilities Company, a Texas corporation, its successors, assigns and legal representatives. That wherever the term or expression "City Council" is used or occurs in this contract it shall be construed to mean and refer to the City of Tahoka, Lynn County, Texas, as now organized as a municipal corporation under the laws of the State of Texas, and its successors, as a municipal corporation under the laws of the State now in force or hereafter enacted. That wherever the term or expression "City Council" is used or occurs in this contract it shall be construed to mean and refer to the statutory governing body of the City of Tahoka, Texas, as now constituted, or as same may hereafter be constituted under the Constitution to the Secretary of Texas Utilities Company for the use and as the utility and laws of the State of Texas. That wherever the term or expression "light system" is used or occurs in this contract, it shall be construed to mean and refer to the above described real estate, together with the improvements thereon, and all other property, real, personal and mixed, herein described, mentioned and referred to as property to be conveyed by the City of Tahoka to Texas Utilities Company, except the following property located on the above described real estate, belonging to the water department of said City of Tahoka, to-wit: Two surface water reservoirs, one booster station for water-works and two wells.

That wherever the term or expression "ice plant" is used or occurs in this contract it shall be construed to mean and refer to the ice plant complete, now owned by the City of Tahoka and property connected with the ice plant, as aforesaid, including compressors, condensers, receivers, brine tank, cans, hoists, cranes, motors, blower, pump and accessories.

ice conveyances and teams, and all everything connected with the operation of said ice plant, as well as all tools and property belonging to and used in connection with the electric department, as aforesaid.

Seventeenth:— It is agreed by and between the City and the Company that this clause of this contract shall be construed as a lease of the necessary grounds from the City to the Company during the term of this contract for the operation of any property belonging to the Company and located on the ground of the City.

At the expiration of the term of this contract, unless the same be renewed, the Company shall have the right to remove any of its property which may be on land belonging to the City of Tahoka.

Eighteenth:— The City agrees to proceed at once to submit this contract to the qualified voters of the City of Tahoka, Lynn County, Texas, and do all things necessary to secure a ratification of this contract, as speedily as possible, under the laws of Texas, and to ask the statutory resolutions and ordinances requiring or necessary to carry out the provisions of this contract.

Nineteenth:— This contract is executed in triplicate originals at Tahoka, Texas, where this contract is performable in all of its terms, this day and year first above written, and it is agreed that this contract contains all the covenants and agreements made by and between the parties on the subject matter hereof, and that no part of this contract shall be in any manner amended, abrogated, superseded or altered, unless done in writing and signed by the parties hereto, acting by and through their duly authorized agents.

One copy of this contract is delivered to the City Secretary of Tahoka, Texas, for the use and as the property of the City, and one copy hereof is delivered to the President of the Texas Utilities Company and one property of said Company, and each of the parties hereto hereby acknowledge receipt of the copy hereof.

**IN TESTIMONY WHEREOF**, the said City of Tahoka has caused these presents to be executed in its corporate name by its Mayor and its corporate seal to be hereto affixed by its City Secretary in the City of Tahoka, Texas, this day and year first above written by authority of the City Council of the said City of Tahoka, Texas.  
By **J. R. SINGLETON**, Mayor.

Attest:  
**FRANKIE WELLS**, City Sec'y.  
And the said Texas Utilities Company accepts this contract on this date.

**TEXAS UTILITIES COMPANY**  
By **I. R. KELSO**, President.

And whereas the laws of the State of Texas provide that the light system and ice plant described in said contract shall not be sold until such sale is authorized by a majority vote of the qualified voters of the City of Tahoka, voting on said proposition at an election held for that purpose; now,

Therefore, for the purpose of authorizing the sale of said light system complete and ice plant complete, as described in said contract, by a majority vote of the qualified voters of the City of Tahoka, Lynn County, Texas, a special election shall be held within the City of Tahoka, at the time and in the manner hereinafter set out, for the purpose of ratifying and confirming a certain contract of sale of November 21, 1927, by the City of Tahoka of the electric light plant and system complete, owned and operated by the City of Tahoka, Texas, including tangible and intangible properties, a Texas Utilities Company, a Texas corporation, upon the price, terms, and conditions set out in said contract of sale of November 21, 1927.

"An ordinance calling special election to be held within the City of Tahoka, Lynn County, Texas, at the time and places and in the manner hereinafter set out, for the purpose of ratifying and confirming a certain contract of sale of November 21, 1927, by the City of Tahoka of the electric light plant and system complete, owned and operated by the City of Tahoka, Texas, including tangible and intangible properties, a Texas Utilities Company, a Texas corporation, upon the price, terms, and conditions set out in said contract of sale of November 21, 1927."

**BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF TAHOKA, TEXAS:**

Section 1: That a special election is hereby authorized and ordered to be held in the City of Tahoka, Lynn County, Texas, on Tuesday, the 27th day of December, 1927 at the polling places hereinafter mentioned and determined for the purpose of submitting to the qualified voters of said City the question of whether or not the light system complete, consisting of electric light plant, electric distribution system complete and ice plant complete shall be sold to **TEXAS UTILITIES COMPANY** in accordance with terms, conditions and provisions set out in a certain contract heretofore entered into by and between the City of Tahoka and Texas Utilities Company and referred to as contract of sale of November 21st, 1927.

Section 2: That at said election, to be held on the 27th day of December, 1927, the following proposition shall be submitted: "Shall the City Council of the City of Tahoka, Texas, be authorized to sell to Texas Utilities Company a Texas corporation for the consideration of \$100,000.00, the light system complete, consisting of electric light plant and light system complete and ice plant complete now owned and operated by the City?"

Section 3: That said election shall be held at the County Court House in the City of Tahoka, Texas, and the following named person is hereby appointed manager of said election, to-wit: **W. C. WELLS**; and said election shall be held under the Constitution and laws of the State, particularly the provisions of the laws of the State of TEXAS governing the holding of elections in cases of the issuance of municipal bonds by the City of Tahoka and only qualified voters shall be allowed to vote.

That the judges and clerks of said election shall be selected as provided by the ordinances of said City concerning city elections and in pursuance of the laws of the State of Texas, as aforesaid.

Section 4: That the tickets or ballots shall be prepared and printed for use at said election which shall be substantially in the form set out in this section. All voters who favor the proposition of the sale of the light system and ice plant complete shall have written or printed on their ballots the words:

"For the sale of the light system and ice plant complete, consisting of electric light plant and light system complete and ice plant complete now owned and operated by the City."

Those opposed to the sale of said light system and ice plant shall have written or printed upon their ballots the words:

"Against the sale of the light system and ice plant complete, consisting of electric light plant and light system complete and ice plant complete now owned and operated by the City."

The manner of holding the election shall be governed by the laws of the State of Texas regulating general elections.

Section 5: That a copy of this Ordinance, signed by the Mayor of the City of Tahoka and attested by the City Secretary of said City, shall serve as a proper notice of said election.

Section 6: That the Mayor is authorized and directed to cause said notice of election to be posted up at the City Hall and at one public place in each of the voting places of the City of Tahoka, Texas, for at least thirty full days prior to the date of said election. That the Mayor is further authorized and directed to have said notice published in Lynn County News, a newspaper of general circulation published in said City of Tahoka, and which notice shall be published once each week for four consecutive weeks, the date of the first publication being not less than thirty full days prior to the date of election.

Section 7: That the returns of said election shall be canvassed and certified to by the election officials and the proper officers of said City, as now required by the laws of the STATE OF TEXAS and the ordinances of said City, for canvassing and certifying to returns in cases of City elections held in cases of issuance of municipal bonds by said City; and if a majority of the qualified voters, voting at said election, vote in favor of the sale of said property, as aforesaid, then the contract made and entered into by and between the City of Tahoka and Texas Utilities Company as aforesaid, on November 21st, 1927, shall be in force and effect thereafter in accordance with the terms and provisions of said contract of sale of November 21st, 1927.

Section 8: That if a majority of the qualified voters, voting at said election, vote in favor of the sale of said property, as aforesaid, the City Council of the City of Tahoka, shall execute, or cause to be executed, such deed or deeds of conveyances and other instruments of writing, as may be necessary to transfer and deliver to said Texas Utilities Company said property, and shall deliver, or cause to be delivered, all of said property to Texas Utilities Company, in accordance with the terms and provisions of said contract of sale of November 21st, 1927, by virtue of the authority given by a majority of the qualified voters of said City under the laws of the State of Texas.

Section 9: That, after the vote of said election has been delivered to the City Secretary by the election officials as required by law, the said vote shall be canvassed and certified to by the City Council of the City of Tahoka, Lynn County, Texas, on Monday the 2nd day of January, 1928, and the Mayor shall declare the result of said election. The result of said election, when ascertained shall be spread upon the minutes of the meeting of the City Council of the City of Tahoka, Texas.

Section 10: That the City Council finds and declares that such an imperative public necessity exists as to create an emergency requiring the suspension of the rule which requires that Ordinances be read at three separate council meetings, and that the rule be, and the same is hereby, suspended and that this Ordinance shall take effect and be in force from and after its passage, and it is so enacted.

Passed and approved at a regular meeting of the City Council of the City of Tahoka, Lynn County, Texas, this 21st day of November, 1927, and by the passage hereof the same shall be immediately put in force and be in effect for and after its passage.

Attest:  
**FRANKIE WELLS**, City Sec'y.  
Mayor City of Tahoka.

**CITY OF TAHOKA, TEXAS**, November 21, 1927

**BE IT REMEMBERED** that on the 21st day of November, 1927 at a regular meeting of the City Council of the City of Tahoka, Texas, there came on to be considered the adoption of the sale contract by the City Council of the sale of the City's electric light plant and system and ice plant to Texas Utilities Company, a Texas Corporation, for the sum of \$100,000.00 in cash.

Alderman Applewhite duly seconded by Alderman Stewart, moved that the Contract of Sale as submitted by Texas Utilities Company and considered by the Council be executed by the Mayor and attested by the City Secretary on the part of the City.

The motion carried unanimously. Alderman Applewhite, duly seconded by Alderman Stewart, moved that the money received as the proceeds from the sale of said electric light plant and ice plant to Texas Utilities Company be expended for the purpose of retiring the public debt of the City of Tahoka.

**J. R. SINGLETON**, Mayor City of Tahoka.

**NOTICE OF SHERIFF'S SALE OF REAL ESTATE**

STATE OF TEXAS, COUNTY OF LYNN.

By Virtue of an order of sale issued out of the 72nd District Court of Lubbock County, Texas, on a judgment rendered in said Court on November 10, 1927, in favor of H. R. Pickens against J. N. Moore, No. 2947 in such court, I have levied upon the following described land in Lynn County, Texas, to-wit:

The South half of Survey No. Four (4), in Block CB, containing 320 acres; and on the 3rd day of January, 1928, being the first Tuesday of said month, between the hours of 10 o'clock a. m. and 4 o'clock p. m., on said day, at the courthouse door of said county, I will offer for sale and sell at public auction to the highest and best bidder for cash, all the right, title and interest of said J. N. Moore in and to said real estate.

Dated at Tahoka, Texas, this the 2nd day of December, A. D. 1927.  
**J. W. SIMPSON**, Sheriff of Lynn County, Texas  
By **Zoe Lowrey**, Deputy.

### SUNDAY MORNING SERVICES AT M. E. CHURCH

The subject for the Sunday morning sermon at the Methodist church will be "The Man Without an Excuse." The public is most cordially invited to be present, and especially the strangers in town.

The service Sunday evening at 7 o'clock will be in the nature of a pleasant surprise. It will have been many days since such a service has been held at the Methodist church. The speaker for the service is one of the best loved and most prominent men in this section of the country, and a man who has done more for his church in this section than any other of late years, at least.

You are urgently asked to hear him, and if you do, the Kingdom will prosper. —The Pastor.

L. C. Johnson of Redwine remembered the editor and family Thursday morning and brought in a nice bunch of fresh pork sausage. We like a friend who remembers us in time of need.

### How Wylackie Indians Capture Their Fish

Before beginning the fishing operations it was incumbent upon them to cut up five small deer which they had brought into camp. William Kent writes, in the Yale Review, concerning the Wylackie Indian tribe. This was a worthwhile performance. The deer were skinned and hung up near the fire. The Indians sat around, each with a sharpened stick. They went to the pendant carcasses and cut off strips which they then partially broiled and swallowed, and continued in this occupation without napkins or finger bowls for about fifteen hours, at which time they exhibited considerable distention. From time to time the stripped bones were handed out to the nondescript dogs that always signalize an Indian camp. After this suppurous repast both people and dogs were able to endure several days of fasting without complaint.

However, after a due allowance of sleep, our friends went out for fish, and it was a most interesting performance. Out of respect for us they refrained from the easy use of dynamite and put in practice an ancient method of getting results.

Going to a deep pool in a rock cleft they beat upon the water with branches, threw in stones and scared the school of fish until, like so many small trout, they took refuge under the banks. Then an able-bodied Indian stripped and, taking in his hand a small scoop net without a handle, dived down into the icy depths. He swam under the rocky bank until only his legs were visible in the clear water. He succeeded in getting a big fish into the net and came in triumph to the surface to drag him out in shallow water. We who considered ourselves fishermen were forced to praise and admiration of such a feat. I commend it as real sportsmanship.

### Put Implicit Faith in Power of Twins

Among certain savage tribes in southeastern Africa twins are regarded as the children of heaven and are believed to possess the power of controlling the elements.

In times of drought the people will dig a hole in the ground, put the mother of twins in it and pour some of their precious water upon her. They believe that this will cause rain to fall.

When a thunderstorm occurs the people appeal to a twin to "talk to heaven" on their behalf. In many cases the mediator is a mere child, but the natives have implicit faith in his power to persuade the thunder and lightning to go away and leave them in peace. As soon as the storm has abated the youngster is reverently thanked for his intervention.

### Soundings by Echo

The new method of taking soundings, now used on shipboard, is called the echo method. It has several distinct advantages over older methods, such as increased rapidity, lower operation cost and greater accuracy. The outfit employs no lead or line and consists chiefly of an electric transmitting unit which sends sound vibrations through the water. As they rebound from the ocean's floor they are registered on a receiver in the ship. The depth of the water is determined by noting the lapse of time between the sending and receiving of the signals. The apparatus is set into operation simply by pressing a button. The results are registered visually, so that the navigating officer can determine the depth as easily as he can tell time by looking at a clock.

### Doxologies

The lesser doxology, or "Glory be to the Father and to the Son," etc., seems to have come into use in the Fourth century. The use of the greater doxology, or "Gloria in excelsis" (sometimes called the Angelic hymn, from its being an expansion of the song of the angels in Luke 2:14) can be traced back to the Fourth century. It appears in the Roman liturgy at the beginning of the Sixth century. The last stanza of the hymn, written by Bishop Thomas Ken (1637-1711), beginning, "Praise God from whom all blessings flow," is commonly called "the doxology" in Protestant churches.

### Love After Marriage

Adolescent love is an event. Married love is a situation. The first is a critical phase of development, the second is sustained romance. The desire to retain a special mystery or attraction is imbecility. Love for a wife implies an inability to conceive of life without her. The music of the spheres begins, years after the marriage ceremony, when this happy condition is achieved. For both man and woman the domestic atmosphere should hold rest, understanding and sympathy. So is one ready for the great adventure.—Eaton Mayo, in Harper's Magazine.

### Dogs in Church Parade

Owners of pedigreed dogs in London are using the famous Sunday morning church parade in Hyde park for the purpose of showing them off. For every bona fide church goer who strolls through the park on Sunday morning there are scores of dog owners anxious to have their pets seen and admired. Many dog fanciers motor in from remote towns merely to stroll through the park in order that the thousands of curious may see the product of their kennels and perhaps make inquiry regarding the ownership and sale price of the dog.

Here's your answer~

# FURNITURE for GIFTS

You do not not have to think any longer if you would make gifts of the utmost beauty, usefulness and durability. Furniture gifts last longest and are a continual and pleasant reminder of the giver. Be sure to see our gift exhibits.

BED ROOM SUITE

What could be more appropriate as a Christmas gift than this beautiful bed room suite?

Elegant, serviceable, durable. She will appreciate it through the years to come.

Rockers

Try one of these for ease and comfort.

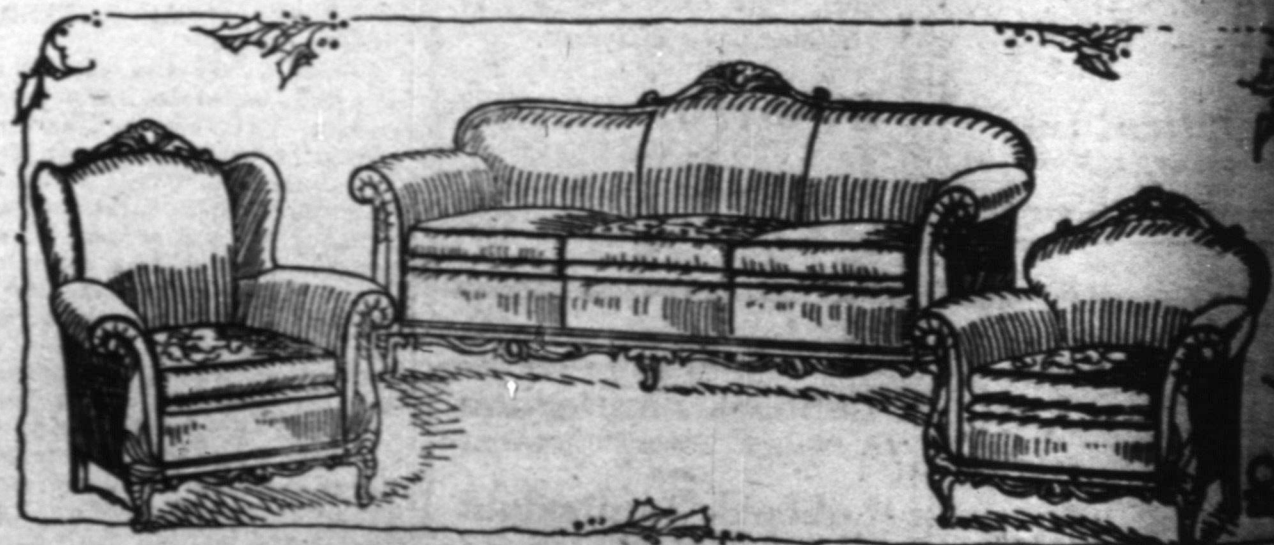

End Table Substantially built and beautiful finish.

Type End Table Ornamental wrought iron. Has genuine Walnut top.

Cedar Chests

Various sizes. Nothing more useful in a home.

LUXURIOUS LIVING ROOM SUITES

Nothing will add more to the elegance of the home or to the comfort of the family.

We invite you to come in at once and select the article or set of furniture that you need and that you will be proud of for a life time.

## Cotton Legislative Program Proposed

A comprehensive cotton legislative program was announced here today by Senator Joseph E. Ransdell, of Louisiana, of the Agricultural Committee of the Senate. He made public two bills which will be pushed energetically as soon as Congress convenes, and one of them at least, is likely to receive consideration in connection with a Congressional investigation of the "carry over" controversy which is being urged by some members of the House and Senate from the Cotton Growing States.

That dispute has been raging in the cotton trade ever since Secretary Hester of the New Orleans Cotton Exchange challenged the accuracy of the Government figures issued in September on the carry over of American cotton from the last crop, and one of the outstanding results of the controversy to date, has been the order of Secretary of Agriculture Jardine to the Bureau of Agricultural Economics to refrain from issuing such statements in the future. That, however, has not settled the matter. Numerous Congressmen in the cotton growing states maintain that the Department report caused a needless loss of many millions of dollars to the producers, and they insist that a rigid investigation be had of all the circumstances, and the facts published to the world.

One of the theories entering into the dispute has been the possibility of the government statisticians having counted round bales as bales of cotton. These have generally been estimated by American commercial statisticians as half bales, inasmuch as most "round bales" until very recently, contained about 250 pounds of lint cotton, whereas a square bale is supposed to weigh approximately 500 pounds.

The controversy now raging in the cotton trade in America and Europe by reason of Secretary Hester's challenge of the accuracy of the Government figures could not have arisen under the terms of one of the Ransdell bills. It provides that the standard bale of cotton which shall hereinafter be delivered for shipment in interstate or foreign commerce shall weigh 500 pounds, exclusive of bagging and ties with which it is covered, and contracts for the sale of the cotton shall be based upon the true net weight of the lint cotton in the bale. In order to make the change as light as possible upon existing trade practice, however, the bill provides that reasonable variation be permitted and tolerance shall be established by the rules and regulations of the Secretary of Agriculture, in bringing about this innovation.

Senator Ransdell, evidently appreciating the difficulty that would be experienced in introducing such a sweeping change in the cotton ginning industry of the South, has sought to overcome any opposition by declaring all gins where cotton is prepared for interstate shipment to be public utilities, and vests the Secretary of Agriculture with authority to prepare uniform regulations for their operation. To this end the Secretary shall identify each public gin with a number which shall be preserved as a public record; and it shall be the duty of all ginners to securely affix a metal tag bearing the number of the gin to each bale, which shall show the net weight of the lint cotton therein when the bale leaves the gin, and such other information as the Secretary may prescribe. Authority is also conferred upon the Secretary of Agriculture to prescribe the materials, including bagging and ties, that may be used in covering cotton intended for interstate shipments and the standard weight and dimensions of the same. It is claimed that this standardization of the cotton bale will not only work for greater accuracy in computing the size of the growing crop; the amount of the available supply and the annual consumption of American cotton; but that it will effectually abolish the "cotton tare" evil, which is the greatest blight that has ever hung over this or any other agricultural industry and has been responsible for the loss of tens of millions of dollars to the cotton growers every year.

A square bale of cotton weighs about 500 pounds and is covered by coarse heavy jute imported from In-

## HI-LEAGUE WILL PRESENT FINE PROGRAM

Believing in the deep and lasting influence of good and wholesome entertainment for young people, the Counselor of the Methodist Epworth Hi-League has arranged for a program of splendid numbers to be presented by the members of that organization on Friday, December 16th, at 8:00 o'clock p. m. in the basement of the Methodist Church.

We bespeak for the initial public effort of these fine young folks the hearty patronage of the general public, and especially do we urge the support of the sister churches, schools and other organizations whose common interests and ideals we are endeavoring to promote in this manner.

The program will be given by some of Tahoka's finest talent among the young people, expressed in solos, vocal and instrumental readings, a playlet, a short pageant, a girl's double trio, the ever popular male quartet numbers, etc.

The Hi-Leaguers are trying to do some fine work and have made a liberal pledge of support to various worthy religious causes, and the entire proceeds of this evening's entertainment will contribute to their large budget of expenses. Tickets will be sold by Mrs. Suddarth, Counselor, and the members of the Hi-League. Please estimate your needs generously and be ready to respond promptly when the tickets are offered you, even though you may not be able to attend. We guarantee at least your quarter's worth of entertainment. It is our opinion that you will get twice the worth of the small price of admission—25c for adults and 10c for children of school age below the seventh grade.

—Hi-League Publicity Committee

## Dairy Show To Be Held At Tulia Dec. 16

Thirty-five enthusiastic breeders, county agents and chamber of commerce secretaries met at Tulia on Nov. 19, 1927, representing eight counties.

Motion carried that permanent organization be established to hold annual Spring Panhandle Plains Dairy Show.

Officers elected:  
D. F. Eaton, President (Lubbock county agent).  
H. A. Ferguson, Vice President, (Amarillo Jersey Breeder).  
Bob Anglin, Secretary (Secretary Tulia chamber commerce).

Motion carried that committee on organization be elected, and elected as follows: Floyd county, Oscar Stansell; Hale county, Dr. S. J. Underwood; Swisher county, Bob Nicholl; Lubbock county, W. L. Stengle (chairman); Gaines county, R. B. Davis; Dawson county, C. B. Martin; Randall county, Prof. Frank R. Phillips; Potter county, P. C. Bennett. Chairman Stengle called meeting of committee on December 8, at Lubbock. Secretary was instructed to invite other counties to name their representative. Committee on organization will make recommendations at next general meeting to be held in Tulia on December 16.

—BOB ANGLIN, Secretary.

Three carloads of mules were recently shipped from the north plains to Tennessee. There were eighty-four in the shipments, and is the first shipment of mules from this section to territory east of the Mississippi river.

## GINNS STILL RUNNING AT FULL BLAST HERE

At noon Tuesday, according to interview with local ginners, the five gins here that are running this season had turned out exactly 6,352 bales of cotton at that time, and the yards were covered with bales. But with 2 more weeks of pretty weather, it will begin to come in more slowly. In fact, some are done, or almost done now, but there are others no more than half done, and in a few instances, those who had very late cotton are just getting under good headway.

Some time back some expressed the opinion that the county would not get 10,000 bales this year, but that amount, we believe is well in sight now, for taking the 1,500 that was possibly ginned at Meadow by noon Tuesday and adding to it the 600 at Wellman, the total puts us within 1,548 bales of that goal.

This has been the most ideal fall for cotton gathering ever seen on the Plains. It has not only been clear and unusually still, but warm, spring-like weather, and the pickers could get out early and stay late.

In two more weeks we are going to expect the total at that time for the county to go well over 10,000 bales.

—Terry County Herald.

B. M. Whiteaker, publicity manager of the West Texas Chamber of Commerce and his son John, both of Haskell, were here Tuesday on business and from that place they proceeded to Carlsbad, N. M. and thence they go to Alpine, Maffra, and other points in the Big Bend country.

Miss Margaret Preston has gone to Montezuma, New Mexico, to complete her course in Montezuma College.

## POST OFFICE AT CLAUENE CLOSED

Last week Postmaster J. Thompson received an order closing the post office at Claene, about ten miles south of town. The order was effective on Wednesday, and he was instructed to check out the office and take charge of all property of the postal department.

It is supposed that the Department deemed the office no longer needed as it was largely surrounded by delivery routes, and henceforth the mail for the patrons will be addressed to this place and will go out over route No. 1.—Hockley County Herald.

MOODY REFUSES TO COMMENT ON BANDITS

AUSTIN, Tex., Dec. 1. (AP)—The policy of law is to arrest men charged with crime and try them in the courts, Governor Moody said today, declining to comment further on what he thinks of rewards offered by the state bankers association for "dead bank robbers."

He would not define his statements to be a criticism of the association's plan nor would he uphold it.

Texas this year has produced approximately 2,500,000 turkeys, according to Wilson D. Jordan of Brady. More than 700,000 turkeys sold for the Thanksgiving trade alone were shipped to all parts of the country.

Texas' buying power, for the next twelve months from the income from agricultural products alone will be at least \$1,000,000,000, declares Horace T. Chilton, editor of the Texas Digest, a newspaper devoted to business of all kinds, published at Temple.

## Electric Rates Reduced On Plains

PLAINVIEW, Nov. 26.—Substantial rate reductions for power and light current, effective Jan. 1, 1928, over its entire system of transmission line served cities, was announced by Judge I. R. Kelso, the principal speaker at a banquet given by the Texas Utilities Company at Plainview Tuesday evening. It was attended by over 200 representative citizens from the northern part of the territory served by this company.

Sixteen of the 35 Panhandle-Plains cities served by the Texas Utilities were represented at the banquet, including city officials, bankers, business men, Chamber of Commerce officials, and local managers of the utility's company.

J. B. Scott, manager of the Texas Utilities Company, whose general offices are at Plainview, was toastmaster. R. A. Underwood, vice-president of First National Bank of Plainview, delivered the address of welcome following the invocation by Rev. Burney Shell, pastor of the local First Presbyterian Church.

Maury Hopkins, secretary of Plainview Board of City Development, welcomed the visitors on behalf of the commercial organizations of Plainview.

Judge Kelso explained the object of the banquet as being merely to establish a better contact with the public for his company, and he took occasion to announce future policies and plans which he believed to be of interest to this section served by his company.

He announced that with the completion of the high line connecting Happy and Kress, which will be placed in operation Jan. 1, 1928, the company would have four interconnected central power plants, one each at Lubbock, Plainview, Clovis and Canyon, each capable of supplying the various cities, and a system of high lines so constructed that any one central service station would be switched over to two or more circuits to the same town.

Simultaneously with the completion of the Kress-Happy line, the company will reduce its rates on all transmission line service cities 2c per kilowatt. This means that the transmission town lines will get the same top rate in lighting schedules now in effect in Lubbock, Plainview, and Clovis. Street lighting schedules have been reduced from \$2.25 per 100 candle power lamp to \$1.75, the company installing, operating and maintaining the light systems of the streets. Six substantial rate reductions of one kind and another have been made during the last two years, according to Kelso.

## SUNDAY SCHOOL CLASS ENTERTAINS FRIDAY NIGHT

Last Friday night the basement of the Methodist church was a scene of wholesome gaiety, when the ladies of the Bessie Brashear class, taught by Mrs. R. W. Fenton, entertained the members of the Everyman's Class, taught by Judge Grace.

Mrs. J. N. Thomas, as chairman of the program committee, was in charge and led the company without a dull moment from the short musical program through a series of games and stunts to the period when delectable refreshments were served by her efficient assisting committee members. The opening numbers on the program was "The Church in the Wildwood" sung heartily by all present and accompanied by Mrs. S. E. Reid at the piano, after which Rev. R. T. Breedlove pronounced an invocation. Following this Jewell Sargeant, with her unfailing charm, sang "Lassie O' Mine", played by Miss Merle Smith. Mrs. W. E. Suddarth then rendered the well known brilliant piano solo, "Tam O' Shanter March."

In the lively and interesting games and contests that ensued, prizes were won by Mrs. S. E. Reid, Clyde Sargeant and Rayford Breedlove. More than fifty persons were present and as a result of the delightful hospitality extended to them, the men's class had a fine attendance at their meeting on Sunday morning. It is to be hoped that other such social functions, as well as the Sunday school sessions, will in future be even more largely attended.

# The BULLDOG

**Home Economics Club**  
The Home Economics Club had their regular meeting on December 1. Each member answered the roll call by giving the name of some dish eaten at Christmas time. Then the initiation of new members was held. This consisted of taking the club each, kissing the Honey bees, bowing before the queen, and doing numerous other stunts.  
Miss Bluffus gave an interesting talk on the subject of wearing out-ton hose to school.

All enjoyed the program and are looking forward to the next club meeting.

### Basket Ball Season Begins

On Monday of last week basketball season began with five old men and five new men.

These boys are practicing daily, and it is believed by everyone that they will make a good team.

The following are the members of the team: Orin Short, E. S. Evans, James Cowan, Vernon Massengale.

Clarence Barnes, Albert Oliver, Claude Williams, Harlan Cook, James Williams and Dee Eastridge. The following are old players: Short, Cowan, Massengale, Evans and Barnes.

### Chapel Program

The high school was very much pleased to have Mrs. Broadlove with them last Wednesday morning.

He made a very interesting talk on a person's ability to do what he wants to do, if he wants to do it hard enough. He used as a basis for his talk this quotation from Daniel: Daniel purposed in his heart that he would not defile himself with the King's meat.

### Dramatic Club Organized

The pupils of the Junior and Senior Classes met with Miss Armes, the English teacher, Friday afternoon, December 2, 1937 for the purpose of organizing a Dramatic club.

The purpose of this club is to take up the study of drama and plays, and the club later on will present a number of one act plays. With Miss Armes as sponsor this club promises to be one of the most interesting clubs of the high school. Much interest is being shown by the large number of members already enrolled in this club. Only Juniors and Seniors are allowed to join this club now, but later on other members may be taken in.

The following officers were elected: Jeannette Cavness, President, Harlan Cook, Vice-President, Alice Dolanay, Secretary.

The president appointed a program committee composed of Willie Lois Nevels, chairman, Mabel Draper, Grace Thompson, E. S. Evans and Tommy Grace Clinton.

### LAKE VIEW NEWS

Juanita Campbell has returned from Lubbock after so long a time. Most every one around here is pulling bolts, for it got too cold to pick. Mr. and Mrs. R. J. Moore of McQueen Okla. are visiting relatives at Lake View.

Mr. Robert Hancock from Floydada is here on a visit. We surely are proud to have him with us.

Mrs. T. E. Wright who has been visiting her relatives here has returned to her home in Oklahoma.

Mrs. Walter Staggs from Lubbock, who has been here on a visit has returned to her home.

A little baby girl has arrived at Mr. and Mrs. Henry Wright's home this week, Dec. 2. They are doing just fine.

Mr. B. L. Bartlett was in Roperville Saturday.

Lora Belle Staggs spent the night with Edna Maye Wright Saturday night and they surely did have a nice time.

The Intermediate class of the Lake View Sunday school will have an entertainment at Edna Maye Wright's house the 9th of this month and we want all of our pupils to be present; for we are going to have a nice time.

### CROWDS HEAR "HAM" WRIGHT AT GOSSET

Large crowds turned out both morning and evening at Gossett to hear the new pastor, Rev. "Ham" Wright of the Draw-Grassland-Gossett Methodist churches. The pastor preached at the morning hour on "The Gospel" and at the evening hour on "A Holy Ghost Filled Life."

Organization of an Epworth League is now being proposed for the Gossett church, which is only four miles west of Post City.

### COMMUNITY BUILDING

To promote community building, Theodore H. Barrett, city editor of the Dallas News, gives out some timely advice on community building of towns and communities. He states that there were, during last year, \$10,000,000 spent for advertising along the line of building programs, and gives the following as rules to follow in the upbuilding of towns and communities:

1. To attract new industries.
2. To show markets and developments as distributing centers.
3. To attract capital, to develop natural resources and to promote real estate and building.
4. To stimulate business through authentic information.
5. To attract tourists and promote resorts.
6. To develop surrounding territory, promote land settlement and colonization.
7. To hold an economic position.

Dear Santa Claus—  
Please remember me this year as I want a baby doll with some clothes. Don't forget my two little sisters, Wanda and Vera. Love, Ethel, Thelma, Wilma and Ed.

### DEED AND CREED

A little more deed and a little less creed.

A little more giving and a little less greed.

A little more bearing of other people's load.

A little more godspeed on the dusty road.

A little more rose and a little less thorn.

To sweeten the air for the sick and forlorn.

A little more sun and a little less gloom.

And coins of gold for the uplift of the slum.

A little more Golden Rule in the marts of trade.

A little more sunshine and a little less shade.

A little more respect for fathers-and mothers.

A little less stepping on the toes of others.

A little less knocking and a little more cheer.

For the struggling hero who is left in the rear.

A little more love and a little less hate.

A little more neighborly chat at the gate.

—Robert A. Taylor

### NOTICE TO FARM BUREAU MEMBERS AND OTHERS INTERESTED

There will be a meeting of Farm Bureau members at the Court House next Thursday, December 15, at 2 p. m.

All interested in the Farm Bureau 21st Program are invited to attend and hear the explained. Other features will be taken up.

Overstreet and Coghlan to be present.

D. A. Adams, Field Rep.

The city of Brownfield claims to have the longest mail route in the United States. It is 74 miles long, has 185 boxes, and is serving 1346 individuals comprising 250 families. More than 4,500 pieces of mail are distributed daily.

With our Revolving Rib gin, we can make 5 to 15 pounds more lint to the bale, which means \$1.00 to \$2.00 more money. Besides they vary a looser roll which makes a smoother sample. Investigate—J. H. Holloway.

# Facts & Figures

The following illustration serves to show what is an equal turnout for ACCO, or round bales, when compared with square bales.

“A” brings 1350 pounds of seed cotton to the gin and gets 500 pounds of lint. It is put up in the square bale, with 20 pounds of bagging and ties:

500 pounds lint  
plus 20 pounds wrapping.  
Total 520 pounds

He sells this bale for 20c per pounds, realizing \$104.00.

“B” brings 1350 pounds of seed cotton to the gin and gets 500 pounds of lint. This is put up in two 2) ACCO, or round bales, using only 2 1-2 pounds of wrapping to each bale, or 5 pounds of wrapping all told, thus:

500 pounds lint  
plus 5 pounds wrapping  
Total 505 pounds

He sells this bale for 20.60c per pound, realizing \$104.03.

**How much more lint did “A” Receive than “B”?**

**How much more money did “A” receive than “B”?**

**How Much Profit did “A” Make on the so-called “Better Turnout”?**

If you gin your cotton in round bales, you can drive by the office and get your check, thereby saving time and trouble.

**QUARTERLY CONFERENCE  
AT GRASSLAND DEC. 18**

The first quarterly conference of the Draw-Grassland-Gossett Methodist churches will be held at Grassland, December 18th, according to announcement made today by Rev. "Ham" Wright, pastor. Dr. B. Doak, presiding elder, will preside.

In the forenoon Dr. Doak will preach. In the afternoon the business session will be held, followed by a sermon by the Rev. Mr. Doak. It is hoped to have dinner on the ground. Delegates are expected from Draw, Gossett, "Ragtown" and Grassland. The pastor desires a large attendance. Matters of importance to the charge will be discussed at the meeting.

The Texas wool crop this year will be the largest on record, according to San Angelo wool buyers. The fall clip will exceed 6,000,000 pounds.

Guy King of Levelland was here the first of the week visiting relatives and looking after business matters.

**Bill Der Says**

*Money has wings, but it is not a homing pigeon.*

**Steel Fence Posts**

Steel fence posts are one of the best buys any farmer can make. They are strong, will last indefinitely, easy to set because it is not necessary to dig a hole, and fencing is easily attached to them.

Let us show you AMERICAN STEEL Posts or high grade wooden ones—whichever you wish.

| Mary Ann O'Finnerty     | Myrl Sherrill     | An Irish Cook Lady      |

Place—Draw, Texas

Note to Audience: The curtain will be lowered a few minutes in the third act to indicate a lapse of three hours.

Act I. Sitting Room in Jack's little home in the suburbs. What happened to Zuleika?  
Act II. Same scene, a month later. What happened to Jack and Jerry?  
Act III. Mrs. Bridger's garden. Three weeks later. What happened to Mary Ann?

**SNYOPSIS**

Jack tries to break up his cousin's love affair with Zuleika and finds himself arrested by the police. He and Jerry escape and are run down by the Defective Detective McNutt, who loves Mary Ann with a Cop's devotion. The blood-thirty Turk searches for his daughter, Zuleika, and puts the ladies into a fright. How the men explain the predicament to the ladies is very interesting. The same formula that makes the climax a happy ending will serve you also—Safety First!

COME AND SEE IT!

**POPULAR DRAW COULE  
MARRIED THANKSGIVING**

Before a large number of admiring friends and relatives, Louis, McKay prosperous farmer, and Miss Martha Anna Cook, accomplished daughter of Mr. and Mrs. Henry Cook, were united in marriage at 3 o'clock Thanksgiving Day afternoon by Rev. "Ham" Wright, pastor of the Draw-Grassland Methodist church.

The ceremony took place at the home of the bride's parents, about two miles south of Draw. After the ceremony the newly weds retired to their new home southwest of Draw, where they will live. Both are members of the Methodist church and popular in the community where they resided.

Dear Santa Claus:—

I want to bring me a little wagon, a hammer, an axe and don't forget my little sister. She wants a little red rocker and a doll, and bring us both some candy.

Yours truly,  
George, James and Francis Marie Patterson.

**CITY ORDINANCE**

At a regular meeting of the City Council of the City of Tahoka, Texas, the following members were present:

Aldermen: J. K. Applewhite, I. S. Doak, H. F. St. Clair, and H. W. Calaway, Mayor J. R. Singleton and Frankie Wells.

The following ordinance was passed by the Council:

An ordinance protecting the Sidewalk from being used for business purposes and preventing parties from obstructing said sidewalks and providing penalty for the violation thereof.

1. Be it ordained by the City Council of the City of Tahoka that it shall be unlawful for any one to place on the sidewalk any obstruction such as boxes of merchandise or anything which obstruct except seats so placed as not to obstruct a sidewalk and any one obstructing sidewalk shall be deemed guilty of nuisance.
2. That placing any implements, wagons, goods for sale, boxes or other obstruction on said sidewalk shall be deemed guilty of a nuisance.
3. It shall be unlawful for anyone to place a sign over sidewalk which is not more than six and one-half feet above sidewalk.
4. Any person who shall violate this ordinance shall be fined not less than five or more than twenty-five dollars.
5. This ordinance shall go into effect on and after its approval and publication as required by law.

J. R. SINGLETON,  
Mayor of City of Tahoka.

Attest:  
FRANKIE WELLS,  
City Secretary, City of Tahoka.  
(City Seal)

**PETTY NEWS**

Quite a few are going over their cotton the last time. If the weather continues warm, cotton will most all be out around here by Christmas.

Most all killed hogs the last cold spell.

Robert Whitley had the misfortune of getting hurt last Sunday by falling from a car at full speed. We learn he is improving nicely.

O. S. Smith was on the sick list 2 days this week, we are glad to know that he is now able to haul feed.

There was a social gathering at D. C. Baker's last Friday night.

Warren Smith and Robert Whitley assisted Burnet Smith at Wilson last Sunday.

—Correspondent.

(Continued From Front Page)

dia. About 14 pounds of jute is used and it is fastened around the bale by nine steel ties. The total weight of the bagging and ties varies from about 21 to 26 pounds and the combined weight of the two constitute what is known to the trade as "tare." When cotton is sold in America, says the Senator, no deduction is apparent-

ly made for the weight of the bagging and ties. Thus in every day practice, when a farmer sells a 500 pound bale, on which the tare is, say 24 pounds, leaving 476 net pounds of cotton, the farmer is paid for 500 pounds—or at least he thinks he is, and in settling with him the computation is made at so much per lb. for 500 pounds.

But what what really happens? The mills cannot spin bagging and ties, and they keep that fact in mind in all purchases of American cotton. Thus when the bale reaches Liverpool, the tare, or weight of the container—in other words, the bagging and ties, estimated at 6 per cent is deducted. If the bale weighs 500 pounds the Englishman pays for 500 pounds less 30, or 470 pounds,—6 per cent of the gross weight being deducted for tare. The exporter who ships to England knows that his bale is going to be deducted 6 per cent, so if the bale only has 22 pounds of bagging and ties when it leaves the American gin, he adds 8 pounds of jute bagging before it is placed on board the ship to insure the English customer. While the American mills apparently do not make any reduction for tare, yet as a matter of fact, just as the English spinner deducts 30 pounds, so the American mills which buy the cotton compute that it has a certain amount of tare that is useless and computes the price it pays accordingly. In every case, whether in the United States, or abroad, the ultimate consumer pays only for the cotton and the producer suffers the loss on bagging and ties. By prohibiting the sale of baled cotton in interstate commerce unless

it bears a metal tag furnished by the Secretary of Agriculture, showing the net weight of the lint cotton at the gin, Senator Ransdell believes that the wasteful and costly tares can be effectually eliminated, especially as the Department of Agriculture is empowered to make rules and regulations for the covering of the bale.

This opens up a wide field for the use of low grade cotton which is now produced at little, if any profit, and the accumulation of which to extent of millions of bales works to depress the price of the better grades. It is just as feasible to cover the bales with bagging made from this low grade cotton as with imported jute, and by dipping it in a chemical which is not expensive, the cotton bagging becomes less inflammable than jute. Furthermore, it requires only 5 lbs. of cotton bagging to cover a bale as compared with 14 pounds of jute, thus effecting a saving in weight of 9 pounds to the bale.

In order, however, to build up an American industry of low grade cotton bagging and burlaps that can withstand competition with the jute materials imported from India, Senator Ransdell says that it is necessary to impose a duty which will equalize the increased cost of American production and manufacture, and his second bill is intended to do this very thing.

"The jute mill in Bengal," says the Senator, "pays for the carder 80 cents per week for the rover, \$1.75 per week; for the spinner, \$1.10 per week; for the winder, \$1.91 per week; for the beamer, \$2.37 per week; for the weaver \$2.84 per week. "I imagine there is not a single

common laborer in an American mill who does not earn more every day than the most skillful laborer in India earns in a week; yet that jute product in the shape of burlaps comes in competition with the cotton goods produced in this country by our high paid employees out of cotton grown by American farmers—the bone and sinew of our Republic.

"Suppose we could get that sort of measure enacted into law. It would mean, from the best information I have been able to obtain, that a market would be furnished for about 2,000,000 bales of low grade American cotton. This estimate includes 1,700,000 bales for all the purposes to which jute in the way of bags and sacking is put, and 300,000 bales for bagging to cover cotton for an average crop. Think of the innumerable uses for jute bagging. All grain of every kind is shipped in it; the sugar crop of this country and the tropics; all the fertilizer of every kind; cement, to a large extent, furniture is wrapped with the jute when it is packed. It is almost impossible to conceive the uses to which jute materials are placed in this country, uses which could better be served are placed in this country, served by cotton."

**T-Bar**

Rev. Shumake filled his regular appointment here Sunday.

H. W. Crews has sold his store and filling station to Charley Henderson, formerly of O'Donnell, who is now in charge of the store. We wish for him much success in his new enterprise.

Another deal was closed the past week which amounted to \$11,500. Mr. D. T. Lindley of Lubbock sold his farm, now occupied by M. A. Dorman the past five years, to Mr. J. B. Moore, who lives on Mrs. Kuykendall's farm and who will continue on her farm the coming year.

A committee of our boys are to get the tree and we are to have a Christmas tree for our Sunday school. All arrangements were made for having a nice tree.

W. L. Kuykendall is making preparations to get more water on his farm.

Mrs. Beasley has sold a good many turkeys lately to help swell her Christmas fund.

Mr. Clayton Bankston of New Mex-

ico was here visiting Sunday.

Mrs. Townzen entertained Sunday with a birthday dinner for Mr. Townzen. R. L. Moore and family and J. W. Nichols and family were among those present to celebrate and wish for him many more happy birthdays.

The C. H. D. C. ladies have bought new lights for our school house. A. CORR

Some good old time mothers still sticking to old fashioned stockings, and it was said by one a few days ago that she prefers because she could get more out of them.

Mr. and Mrs. Irvin Stewart of Anna arrived Tuesday to spend holidays with her parents, Mr. Mrs. G. W. Small, and other relatives and friends.
