

The Lynn County News

We invite you to locate in beautiful Tahoka. Good homes, good schools, good churches.

Volume XXIV

Tahoka, Lynn County, Texas, Thursday, January 26, 1928.

Number 22

Chamber Of Commerce Is Reorganized

New Directors Are Elected At Banquet

R. P. WEATHERS NEW PRESIDENT

175 Present Including Delegations From O'Donnell And Lamesa

Possibly the largest crowd that ever attended a banquet of the local Chamber of Commerce assembled in the basement of the Methodist Church Tuesday night to enjoy the feast and the program as announced in this paper last week. All told, there were not less than 175 persons present. Between thirty and forty residents of O'Donnell and four representative citizens of Lamesa were present as guests of the local Chamber of Commerce.

The banquet was prepared by the ladies of the Methodist Church who were assisted in the serving by the students of the Home Economics Class of the Tahoka High School. The flowers were furnished by the Texas Floral Co. of Lubbock. It was a great feast thoroughly enjoyed by the big crowd present.

The Tahoka Concert Band furnished music for the occasion, and the program rendered by this band brought universal applause.

The program as announced in this paper last week was carried out with the addition of an address by Dr. Tate, who acted as spokesman of the O'Donnell delegation. A number of song hits were given by members of the High School Glee Club, which also won universal approval, accompanied by Mrs. Jack Jackson on the piano.

The principal address of the evening was delivered by William E. Wilson, secretary of the Chamber of Commerce of Lamesa. His address was an able one, well delivered. Dr. Tate also made an interesting talk. Among other interesting statements made by him was the statement that O'Donnell had recently organized a luncheon club with more than 200 members. Mr. Baze outlined a tentative program of work for the local Chamber of Commerce for the present year.

Following the feasting and the oratory a snappy business session was held and new officers and directors were elected.

R. P. Weathers was unanimously elected president, Claude Wells vice-president, and a board of directors consisting of thirteen members as follows: Bill Burleson, F. A. Wyatt, G. M. Stewart, L. C. Haney, W. O. Thomas, Dr. C. B. Towne, B. H. O'Neal, B. P. Maddox, A. L. Lockwood, Robt. H. King, L. F. Craft, J. Emory Nance, W. S. Anglin.

It will be the function of the new board of directors to elect a secretary, devise a budget, and lay out a program of work for the year. It is understood that this will be done forthwith.

There is much work that a chamber of commerce can do at little expense, and it is believed that the body will function more actively and satisfactorily this year than ever before in the history of Tahoka. Every citizen of the town should lend it his assistance and support, moral and financial.

Oliver Todd and family, who spent last year in Jones and other counties east, have returned to Lynn county. They recently purchased a farm in the Lynn community from A. A. Huff. Mr. Huff has purchased another farm just south of the Nazarene Chapel at Lynn.

Every additional meter installed, every new telephone, every additional electric railway passenger, every kilowatt hour of electrical energy generated spells progress for Texas in 1928.

HOME EC. WORK PLEASES STATE

Supervisor Makes Recommendations Following Recent Visit To High School

Miss Lillian Peek, Austin, State supervisor of home economic, has made the report given below following her recent visit here:

Supt. M. L. H. Baze, Tahoka, Texas:

Dear Mr. Baze: As a result of my visit to your school in the interest of home economics on January 12th, I wish to congratulate you, first of all, on the general tone and quality of your school on the whole. The changes in the atmosphere was so pronounced that I felt it when I entered the front door and the feeling did not leave. You deserve much credit for this change, I am sure, and I believe in "flowers for the living." Your faculty and the community deserve much credit also, I am sure, as nothing constructive can be accomplished without the co-operation and good will of the majority of those concerned.

The following comments and recommendation regarding the home ec.

(Continued on back page)

Dr. J. W. Hunt Is Coming Sunday

Dr. J. W. Hunt, for many years a cowpuncher, then a newspaperman, then a preacher, now a college president of McMurry College, Abilene—will preach at the morning and evening hours at the Methodist Church next Sunday.

Dr. Hunt is one of the most successful preachers of the Northwest Texas Conference of the Methodist Church, and has had a remarkable success as president of McMurry College, having built a school from a bare spot on the prairie to an "A" grade college in just a few years. He has a fine sense of humor, and is a past master in the telling of a story, and he is indeed a great preacher. The public will never be disappointed in hearing him.

The people of Tahoka are cordially invited to attend these services. Invite the neighbors, for it will be a treat to them.

O'DONNELL RAILWAY BOOSTERS HERE MONDAY

A delegation of about sixty O'Donnell people visited Brownfield Monday in the interest of the proposed railway which is being promoted through the south plains section. They announced their presence in Tahoka by the honking of many automobile horns, their cars bearing streamers to the effect that "We are building a railroad through O'Donnell and Lynn County." They were joined here by sheriff Wesley Simpson and possibly a few others, who accompanied the party to Brownfield.

At Brownfield they met with the local chamber of commerce to discuss the proposal. As we understand it, their purpose was to induce Brownfield to assist them to get the road built through O'Donnell. The Brownfield people, we understand, made no definite promises since they are not particular as to the route further than that it shall pass through Brownfield.

Possibly O'Donnell has a splendid chance to get this railway in the event it is built, but the route is not yet definitely determined. Lamesa is making a strenuous and well organized fight for it. So far, Tahoka has done nothing. We are not able to say whether it will get in the fight or not.

No agricultural industry of Texas has developed more rapidly than the citrus fruit groves. The census of 1920 showed 65,666 orange trees and 79,493 grapefruit trees, whereas the census of 1925 reported 286,885 orange trees and 531,815 grape fruit trees.

CHAUTAUQUA TO COME HERE

American Legion Signs For Four Days of Entertainment In April

The West Coast Circuit of the Associated Chautauqua Companies will give a four-days entertainment here in April under the auspices of the Marion G. Bradley Post of the American Legion.

There will be seven programs given during the four days, consisting of plays, music, etc., and one lecture. All are guaranteed to be high-class performances and will furnish the people of Tahoka some real entertainment of the clean and inspiring type. The chautauqua will be here some time between April 15 and April 30.

The American Legion agrees to sponsor the chautauqua with the understanding that the Company will guarantee the sale of 275 season tickets, which was done. It is to be hoped that the people of Tahoka and vicinity will purchase tickets liberally, for in so doing they will not only be enabled to enjoy several days of high-class entertainment but will also be assisting the American Legion.

Ben King Enters Race For Sheriff

Ben King has mounted his political steed and taken his place in the big sweepstake and is ready to go at the drop of the hat. Ben is a candidate for sheriff and tax collector of Lynn county.

Mr. King did not make up his mind to run without due deliberation. In fact he has entered the race after being solicited by many friends, and says that he did not decide to run until he became convinced that he had a mighty good chance to win. He is not running just for the fun and the excitement of the race.

Mr. King is an old-timer in Lynn county and has many friends throughout the entire county. He came to Tahoka in 1905, when there was mighty little Tahoka here. He has seen the town grow from a frontier village to a beautiful little city with paved streets. He has seen most of the cattle ranches of the county transformed into productive farms. During his residence here the rattlesnake and the prairie dog have all but disappeared, giving way to the big farm tractor, the go-devil, and the automobile. Ben has practically grown up with the country and is a fixture in Tahoka. He has engaged in various occupation since his arrival. Before the advent of the Ford he ran a livery stable. He has also done some farming, and for many years he has conducted a dray line. He is 41 years old and is in the prime of life.

He has had some experience as a peace officer, too. For four years he served as city marshal of Tahoka and was elected to a third term but quit the drive and went to the oil fields for a few months where opportunities for making money were good. Ben's friends say that he has made good as city marshal and they believe he would make a dandy good sheriff. Ben says that if elected he will do his best.

Born in Wilbarger county, Ben was brought to the plains when he was but three years old, the family settling in Floyd county. There Ben grew almost to manhood, coming to Lynn county when about 19 years of age. He has been here about 22 years, and therefore he is well acquainted with all the old-timers and has many acquaintances and friends among the new comers. He respectfully solicits the vote and influence of every voter in the county and will show his appreciation by making the very best sheriff and tax collector possible, if favored for the place.

Herman Turner has accepted a position as traveling salesman for a clothing concern in Dallas.

Improvements Are To Be Made At The Court House

Several matters of more than passing interest received the attention of the county commissioners' court which was in session here Monday.

Since it has become necessary for a new cess pool to be provided for the sewerage from the court house, action was taken that bids for the contract to dig a new cess pool be submitted today. At the time of going to press we are unable to learn what action has been taken by the court on the bids.

Some defects in the court house electric wiring are also being repaired upon the order of the court.

The court also authorized the county judge to purchase a dozen shade trees to replace trees that have died on the court house lawn. Elm trees of some variety will probably be purchased.

Will Demonstrate Terracing Methods On Lockhart Farm

A terracing demonstration will be given on the G. E. Lockhart farm two miles south of town by Knox Parr, county agent of Garza county, on Thursday, February 2, according to Miss Millie M. Halsey, Home Demonstration Agent of Lynn county. In case the weather should be too bad to have the demonstration on this date, it will be given on February 8.

All farmers should take advantage of this opportunity to see the demonstration, and Mr. Parr will take pleasure in giving all the instructions and information possible to anyone interested.

ROBT. H. KING PROCURES TERRACING DEMONSTRATION FOR FARMERS

Robt. H. King, of the Security State Bank, who is a personal friend of C. C. Willis, county farm agent of Seymour county, has induced Mr. Willis to come to Lynn county to give a terracing demonstration for the benefit of local farmers next Monday.

Some people have the idea that terracing is not necessary except in a very hilly or rolling country but even the surface of the soil in Lynn county is not so level that terracing very beneficial. It helps to properly distribute and conserve the rainfall, especially when excessively heavy rains come, and experience has shown that terracing is very helpful even in Lynn county.

Many farmers will doubtless take advantage of this opportunity to see some terracing work done.

SOUTH WARD COUPLE MARRIED HERE SATURDAY

J. C. Quarles and Miss Grace Britt, two fine young people of the South Ward community, were united in marriage by Uncle Ike Metcalf at his office, Saturday afternoon. They will continue to reside at South Ward.

Uncle Ike says that the matrimony business is rather dull since the Christmas holidays. He expects it to pick up a bit soon, however. He married 77 couples during the year 1927, he reports.

David S. Castle and T. L. Hiner of the David S. Castle Co., architects, of Abilene, were here Wednesday. The new high school building was planned by this firm, and since these gentlemen had business in Post, where a new school building is being contemplated, they ran over to Tahoka just to take another look at the building here and to greet friends.

Mr. and Mrs. C. I. Kuykendall and baby of Midland visited Mrs. L. S. Kuykendall and other relatives here Sunday. Mr. Kuykendall is the Chrysler car agent at Midland.

J. D. Brewer, who for a time was city marshal of Tahoka, was here Saturday visiting his uncle, G. T. Brewer, and shaking hands with numerous friends.

KIWANIS HAS ANNUAL FEAST

Club Observes Thirteenth Anniversary; Rev. L. G. H. Williams Principal Speaker

With Judge C. H. Cain as toastmaster and a well-prepared, snappy program, the Kiwanis Club held one of the most enjoyable banquets in the dining room of the Baptist Church last Friday night in its history. The occasion was the thirteenth anniversary of the organization and is an annual event with Kiwanians not only in Tahoka but elsewhere.

The principal speaker of the evening was the Rev. L. G. H. Williams, pastor of the Episcopal Church of Lubbock. His address was eloquent and inspirational and was greatly enjoyed by his auditors.

Supt. M. L. H. Baze also made a report of his recent visit to the district meeting of the Texas-Oklahoma district at Dallas and he gave the club the benefit of the many things he learned about Kiwanis at that meeting.

The reading by Miss Eleanor Barber and the music by the Wells-Edwards Orchestra were highly entertaining, as well as the songs rendered by members of the High School Glee Club accompanied on the piano by Mrs. Jack Jackson.

The banquet served by the ladies of the Baptist Church, assisted by the Home Economics girls of the High School was superb.

O'Donnell Man Seek Judge's Office

G. C. Grider of O'Donnell is the first man to authorize his announcement as a candidate for county judge of Lynn county. His name will be found in our announcement column this week.

Mr. Grider is a native Texan, having been born in Tarrant county 42 years ago. Five years ago, the lure of the plains country drew him to O'Donnell, and he has been a citizen of this fine little city ever since.

While a resident of Tarrant county, Mr. Grider served for six years as public weigher of the county. Since coming to Lynn county he has not held nor asked for any public office, but he feels amply qualified to fill the position to which he aspires. He has studied law to some extent but has never been admitted to the bar. He has been engaged in the real estate business, has farmed some, and has sold goods over the counter since becoming a resident of Lynn county. One year he was a salesman in the Jones Dry Goods store at O'Donnell, while during the past year he has been connected with the Popular, another business concern there. He is also an auctioneer by profession and has had much experience in this kind of work.

Mr. Grider has a broad acquaintance, especially in the south part of the county, who will doubtless give him their hearty support. He makes acquaintances readily and promises to be a good campaigner. He declares that if elected his motto will be "Fairness to All" in every official act of his.

He respectfully solicits your vote and influence in the Democratic primaries next July.

PROGRAM OF FEDERATED MISSIONARY SOCIETY

The following program will be rendered Monday January 30th.

Song—
Devotional—Mrs. Sid Sanders.
Election of Officers.
Piano Solo—Mrs. Jackson.
Reading—Janice Sanders.
Piano Solo—Lorene.
Contest—

Mr. and Mrs. W. J. Baldwin of the Haskell County Herald were pleasant callers at the News office Saturday. They were returning from a visit to the lower Rio Grande valley, where they had gone to see the country.

THE BULLDOG

"Chang" a picture of animal life in Siam, shown at the Star Theatre on Tuesday and Wednesday nights, was sponsored by the High School. The

proceeds of the picture are to be applied to the debt on last year's Annual.

The Senior Class Attends "Monkey Talk"

On Monday evening, January 23, the Senior Class of Tahoka High

School spent a most enjoyable hour at the Star Theatre.

The class was invited by Mr. English to see the picture, "Monkey Talk". This picture has a special fascination for it shows a man who suffers disappointment and finally death rather than break a pact into which he and his comrades had entered.

Those attending were as follows: Miss Margaret Worthy, the Senior sponsor, Geneva Tankersley, Cleone Wells, Frances McCoy, Jean Crawford, Elsie Crawford, Lorene Welch, Venoy Coughran, Willie Lois Nevels, Jewell Redwine, Fern Lisemby, Fay Slater, Mabel Draper, Ernest Cowan, Liff Taylor and Henry Burkhalter.

O'Donnell Wins Over Tahoka
On last Friday afternoon, the Tahoka basketball team was defeated by the O'Donnell team by a score of 18 to 11.

Both teams were handicapped because of a strong wind which was blowing at that time. During the first half of the game our boys had to face the wind and were outplayed. During the second half, however, they played much better.

Oran Short and Dee Eastridge were high point men from Tahoka, Eastridge scoring four points and Short scoring seven points.

Football Boys Awarded Sweaters
Mr. Williams summoned the football boys into his office Monday afternoon. This is usually a summons of dread and fear, but this day it was one of pleasure and excitement.

Those receiving sweaters were Coach Lewis, Clarence Barnes, captain, Oran Short, captain elect, Floyd, Thompson, Harlan Cook, Liff Taylor, Jesse Roberson, Bill Speight, Vernon Massengale, Frank Sargent, Frank Fenton, Harold Edwards, Edgar Edwards, E. S. Evans, and Ernest Cowan.

Many of the business houses of the town contributed to the fund for the sweaters, and for these donation the football boys are very grateful. The business houses that contributed are: Swan's Garage, Jones Dry Goods, Piggly-Wiggly, Tahoka Service Station, Higginbotham-Bartlett Lumber Company, Woodridge Lumber Company, Texas Filling Station, Boullion's Grocery, Hogan Dry Goods, McCormack Hardware, Tahoka Drug Company, The Limit, First National Bank, Security State Bank, Thomas Brothers' Drug, Parks Market, Craft's Tailor Shop, and Hub Barber Shop.

Gossett Methodists Plan New Church

GOSSETT, January 25—Despite the inclement weather two large congregations turned out Sunday to hear Rev. "Ham" Wright at the school house. The Sunday School has a large representation.

Methodists are formulating plans for a new church. While these are still in a much inchoate status at present, it comprehends a building somewhere near Graham Chapel, a few miles east of Grassland.

The next quarterly conference of the Draw-Grassland Methodist church will be held here, the exact date not yet having been announced by Rev. D. B. Doak, presiding elder.

There is still some cotton and "bollies" to be gathered in this section, but it will soon be all out. Some rain has fallen, but farmers are of the opinion that there is not as much moisture in the ground now for a season as there was at a corresponding date last year.

FOUND—Ladies' glove, near Star Theatre. Owner may call for same at News office.

Grassland Epworth League Is Active

GRASSLAND, January 25—An Epworth League is to be organized at the Methodist church here on the evening of February 12. The young people of the community are looking forward to the event with much anticipation.

A team of Leaguers from the virile organization at Draw will put on a special League program—a typical one—following which the local young people will enter into organization. A Sunday School institute will be held in the Methodist church here at 10 o'clock February 2 under the direction of Mrs. Lyons of Abilene. From here the corps of teachers will go to Draw where a school will be held in the evening. Everybody is invited to all these institutes, as they are free.

The farmers of Lynn county will have a rare opportunity to learn how to terrace their lands from an experienced man next Monday, when the county agent of Scurry county gives a demonstration on the Park farm

Mrs. Irvin Bradley and Mrs. J. P. Donaldson, both of San Angelo, are the guests this week of their sister, Mrs. K. F. Knight.

Don't fail to see the terracing demonstration to be given on the Park

farm seven miles northeast of Tahoka next Monday.

Unnessary Loss

A recent issue of the Dallas Morning News carried an article on the practice of dumping cotton on the ground of a farmyard and leaving it there uncovered. As baled cotton that has become wet will mildew and decay, the farmer suffers far beyond his realization.

On a practical test made by the United States Department of Agriculture at Little Rock, Ark., between date November 25, 1918, and June 7, 1919, during which time a rainfall of 30.69 inches was recorded, the loss to baled cotton caused by weather damage varied from 2 per cent where bales were stored in a warehouse to 47.2 per cent where bales were allowed to lie flat on the ground without covering and without turning for the entire six months period. Other tests were made at different places, all of which bear out the above results.

A bale of cotton does not take up much space. It is valuable property. The farmer who builds a small platform, piles his cotton on it, and covers it with a roof, or, in the event that such is prohibitive, with a tarpaulin, makes a wise and highly profitable investment.

The farmer makes every effort possible, and naturally so, to get the highest price for his cotton. It is right that he should. But shouldn't he also make every effort possible to prevent his cotton from being weather damaged?

If a Kansas farmer left his wheat standing in the field until it sprouted in the shock, could he complain because he did not get more for it? The case is the same with the practice of storing cotton in the mud. There is no accounting for the carelessness with which many, though not all, farmers handle their cotton.

At almost every gin plant instances daily occur illustrating an-wagons are awaiting their turn to be unloaded. It will generally be other phase of avoidable loss. In the early morning a long line of found that the cotton in these wagons is wet with the dripping dew of the night. It is common knowledge that ginning damp cotton results in an inferior sample as compared to ginning dry cotton.

Manufacturers study to eliminate waste and cut costs. If they don't they go into bankruptcy. It is time for the farmers to also study their business so as to eliminate all possible loss. The proper handling of baled cotton offers a good chance to begin right now.

TERRACING DEMONSTRATION

C. C. Willis, county agent of scurry county, will terrace what is known as the Park place, Monday, January 30.

This place is situated seven miles northeast of Tahoka.

All farmers are asked to be present at this demonstration. Explanation will be made relative to the proper manner of terracing, running of rows, etc., by experienced men. For further information, interested parties should see—

BAD SPELLS

Of Backache and Weakness Helped by Cardui.

Because she wants other women to know about Cardui, Mrs. Ina Mae Jirright, Route No. 2, Troy, Ala., says this: "Mostly, I was afflicted with bad spells of backache. At times I felt as if my back would break. I would drag one foot after another, in a helpless sort of a way, and once I got down in bed. "My husband told me about Cardui and got me a bottle. I soon found out what a fine medicine it was. Ever since my first experience with it, I have continued taking it for womanly troubles and, after a few bottles, I have always been well."

Get a bottle, today, at your drug store.

NOTICE TO THE PUBLIC
Any erroneous reflection upon the
reputation or standing of any indi-
vidual, firm or corporation, that may
appear in the columns of the News,
will be gladly corrected when called
to our attention.

We heard one gentleman tell another recently, both residing in another part of the state, that Tahoka has the reputation of being one of the neatest and most attractive towns on the plains. Let's sustain that reputation by keeping our streets and alleys and vacant lots clean and by planting out more flowers and shrubbery; not tender, fragile plants, but hardy ones. Let's plant lots of roses, for instance.

Who in Tahoka is not proud of our band? This is political year, and there will be numerous picnics and other occasions when band music will be in demand. Our band has gained the reputation of being one of the best in this section. Let's keep it alive. Let's get behind it again with our means and support it.

Every business house in Tahoka should have at least a card in this paper each week, showing the kind of business and the name of the proprietor or firm. This paper goes to hundreds of addresses outside of Lynn county each week and is an index to our town. Why not help our town to make a good showing with the hundreds of readers back east? Besides, it will help your own business. Try it.

Yes, we are expecting another good year. We had an unusually small amount of rain fall last year, practically none until almost the middle of June. We are expecting more rain and better crops this year, and prices should not be bad. Of course it may turn out otherwise, but we are optimistic enough to believe that a good year is in store.

Our splendid school system has attracted at least a few citizens to our town. Tahoka has ample reason to be proud of her school buildings and her school system. We are proud of them.

Help the American Legion boys pay out their home. Just a dollar or two contributed by every family in Lynn county would turn the trick. Who'll be next.

LOST—Some one inadvertently exchanged his hat for mine at Chamber of Commerce Banquet last Tuesday night or at Kiwanis luncheon Wednesday. I have the other hat. Would exchange. E. I. Hill.

Every business concern in Tahoka, big or little, should carry an ad, big or little, in the columns of this paper regularly. It will help your business, help the paper, and help the town. Why not?

W. O. HENDERSON
R. W. FENTON JR.
W. P. BUSSELL

The following candidates announce their candidacy for office subject to the action of the voters in the City election of April 3, 1928:
For City Secretary:
MRS. LOUIE L. WEATHERS

AMERICAN LEGION THANKS PUBLIC FOR SUPPORT GIVEN OYSTER FEAST

We wish to take this method of thanking the public in general for the generous support given us at the oyster feast given by Mr. and Mrs. Jack Alley at the Sunshine Inn Thursday evening, January 19th for the benefit of the American Legion. A large crowd was present and every one seemed to have an enjoyable time. A big bon-fire was built on the tennis court and various game played, and to see a group of "ups" one would think that old folks were young again. The Tahoka Concert Band rendered a number of selections which were enjoyed by all and we wish to thank them for their assistance for which they volunteered to do, we also wish to thank the two young ladies at the Sunshine Inn who so ably assisted in helping to serve the tables. We wish to make mention also that the coffee and cream used at this supper was donated by the J. A. Folger Coffee Co., of Dallas, Texas; so we say: "three cheers for Folger, it sure am good coffee." Below we give an account of the proceeds together with the donations given in since our last report.

Total Proceeds of Supper	\$139.00
Total Expense	\$53.95
Net to Legion Home Fund	\$85.05
Texas Utilities Co.	\$5.00
B. H. O'Neal	1.00
Total Last Report	85.08
Grand total	176.13

Folks, you don't know how much we appreciate your support you have given us so far. Every member of the local post feels sure that our move has met with the approval of the citizens of Lynn county and knowing this it gives encouragement to the future. Again we wish to thank you and looking forward to your continued support. "Let's go." "Who'll be Next?"

Publicity Committee

New Church Is Completed At Draw

DRAW, January 25—A large crowd attended singing Sunday afternoon at the Methodist church. The new song books have arrived. In the evening an interesting Epworth League program was rendered.

An all-day service will be held with dinner on the ground at the new church which was practically finished this week. Visiting preachers from neighboring towns are expected to attend.

Rev. Ham Wright will preach Sunday morning and evening at the Methodist Church. There will be singing in the afternoon.

A garage was finished last week at the Methodist parsonage, members of the church donating their labor.

Mr. Henalee, garage man, is contemplating a new home in the near future.

The Young Men's and the Young Ladies prayer meetings every Wednesday evening are drawing excellent crowds and splendid programs of prayer and talks are rendered.

The Methodists are preparing for a pre-Easter revival meeting, beginning April 1 and continuing through Easter Day with a special Easter Day program.

The last of the "bibles" were gathered this week. The gin has had a pretty steady run since the fair weather. The recent drizzle put some season in the ground and will probably aid in breaking land for the new crop.

Mr. Stanford spent Saturday in Lamesa on business.

Prof. Griggs is beautifying the school grounds. He has built a stile on the north end of the grounds.

There is some sickness in the community, mostly of the "flu" type.

Every farmer in Lynn county is invited to attend the terracing demonstration to be given on the Park farm seven miles northeast of Tahoka by the county agent of Scurry county on Monday, January 30. The agent comes at the request of Robt. H. King of the Security State Bank for the benefit of the farmers of this county. Don't neglect this opportunity.

Mr. and Mrs. Ross Ketner and little daughter Fayna were here from Odessa Saturday visiting relatives and greeting their many friends. Mr. Ketner is doing a prosperous drug business in Odessa.

CHURCH OF CHRIST TO HAVE PREACHING SUNDAY

There will be preaching at the Church of Christ Sunday morning and possibly Sunday night by Elder Mullins of Brownfield. A good attendance is urged.

MINOR ILLS
Dizziness, Biliousness, Colds and Others, Relieved by Black-Draught.

"I used to be bothered with dizziness, biliousness, colds and other ailments," says Mr. Andy Parker, Route 4, Fort Payne, Ala., "and would get to feeling tired and my feet were heavy."

"I had a bad taste in my mouth. My eyes would burn. Then, pretty soon, I would have a mean headache."

"Someone told me about Black-Draught. I began taking it, and it helped me."

"Black-Draught has been our main medicine in the house now, for about twenty-five years. We take it for biliousness, colds and almost all minor ills. It's the first thing, my folks and I think of taking when we feel bad."

"We recommend it very highly."

Try it for the ills Mr. Parker mentions. For sale everywhere. Insist on the genuine.

Theodore's
BLACK-DRAUGHT
Purely Vegetable

Bill Der Says

"If you must use a hammer, build a house"

The Friendliest Roofs in Town—

—are those cheery, colorful ones whose appearance bid welcome to the home beneath.

And the friendly roof is like a good staunch friendship—everlasting.

The best roofing may be found on those friendly roofs.

School
We have received our Traveling Library and it will be open to the people of the community during the school hours at the school building. You are invited to come and select and read the books of your choice. These books are free. The only requirement is that you return them within two weeks in good condition. This work is sponsored by the Texas Historical Library Association and was brought to our community through the efforts of our local school authorities.

Our electric bells have been installed and are now in use, just another step made possible by our teachers and pupils to make our school one of the most modern in West Texas.

The Board of Education has purchased a J. B. Colt lighting system, which they hope to have installed in the school and the teacher's home in about three weeks. We all realize how important they will be in making an auditorium what it should be. Reviewing for mid-term examinations is demanding most of our attention this week.

Our tardies are growing less from time to time but let's not be satisfied until everybody is on time every day. Parents, help your school by preventing these tardies and absences.

We are glad to report Blanche Dunagan and Beattie King improving steadily from injuries received in automobile accidents and we hope they will be able to be back with us soon.

The basket ball boys defeated the Joe Stokes team on our court last Thursday by score of 32 to 4.

Church
Sunday School was well attended last Sunday, mostly by the young people. Older people and parents, you are urged to be present next Sunday.

The Epworth League was divided into groups, the Fords and Chevrolts last Sunday, with Miss Alma Hunter as the leader of the "Chevvy" and Miss Ebel Jones of the "Liz-zies". Each side is to render the program on alternate Sunday nights in a program rendering contest, to continue for a period of eight weeks, the losing side to provide for the winners' entertainment. If you are not a member of the League, enroll with us so that you may enjoy a ride in one of these "new models".

Locals
The young people enjoyed an entertainment at the home of Mr. and Mrs. Clements Friday night.

Mr. and Mrs. J. B. Zimmerman of New Home spent Sunday in the Taber home.

A chartered Training School for Nurses is conducted in connection with the Sanitarium. Young women who desire to enter may address the Lubbock

Mr. and Mrs. E. L. McCrary visited Mr. and Mrs. A. P. White Sunday. Mr. and Mrs. J. L. Heare of Tahoka visited in the J. M. Trussell home Sunday eve.

Mrs. Roy L. Montgomery of Lubbock visited her parents, Mr. and Mrs. S. K. Isbell, Sunday.

South Ward Items

The attendance at school has increased some since Christmas. The daily attendance is much more regular than heretofore. New pupils have entered school from many parts of the neighboring country. Some of our folks are transient people and have taken advantage of their opportunity by sending their children the first day of school after Christmas. The new pupils have found their place in school and the work is progressing very nicely.

We have had the misfortune of losing many of our splendid farmers but many more have come to us. We hope that the community will be bettered by having these new people in our midst and we offer them a hearty welcome.

There is some cotton left in the fields yet but the farmers are doing their best to get it out as soon as possible so that they may prepare their land for another good crop. Some of our farmers are already busy bedding their land before the sand storms begin to rage.

Mrs. Sanders, who has undergone a major operation at the Lubbock Sanitarium is able to be up again and will return home the later part of the week. Her place is being filled by Geo. E. Mays of Lorenzo. Mr. Mays has had some fifteen years teaching experience and knows how to proceed with the work and is having real success with the little folks.

Some of the farmers are plowing. Many people are moving into the community. We hope we will soon have a very large Sunday School. There were a good many people at Sunday School Sunday.

School is fine. We had examinations last Thursday and Friday.

Mr. O. L. Sanders came back from Lubbock last Wednesday. He is our principal. He has been to see his wife, Mrs. Sanders, who has went through a serious operation for appendicitis.

Miss Grace Britt and Mr. Johnnie Quarrels were married last Saturday.

Mr. and Mrs. Jess Osborn are the proud parents of a fine baby boy, born the sixth of this month.

Mr. Henry Reed went to New Mexico last week. He returned Sunday.

Mr. and Mrs. Jim Chandler, who have been visiting Mr. W. P. Inman since Christmas left Monday for Odessa. They will make their future home there.

A number of the community went to Draw Sunday to singing. They all reported a nice time.

Mr. and Mrs. J. C. Hood and Mr. and Mrs. L. D. Loney visited Mr. T. A. Sham Sunday night.

Mr. and Mrs. Gus Walker, Mr. and Mrs. Walter Rhine, Mr. and Mrs. J. C. Hood, Misses Irene and Dorothy Isaham, Mrs. Greenwood and children, Mrs. Hardt and children visited Mr. and Mrs. W. P. Inman Sunday evening.

Everybody remember and come to preaching every third Sunday at 3 o'clock in the afternoon. Brother Shepherd will preach.

BETTER HOMES CHAIRMEN HAVE MEET HERE

The Better Homes chairmen of the County Home Demonstration Clubs met with Miss Halsey Saturday, January 21. Only five communities were represented. As it is early in the year and the work is new to all there was not much to report at the first meeting.

Mrs. R. A. Metcalfe of Wilson was elected chairman of the Better Homes Chairmen and Mrs. Mary Roberson of Midway was elected county secretary.

It was decided to have our next meet with Miss Halsey the third Saturday in February. All Better Homes chairmen are urged to be there.

PRESBYTERIAN SERVICES HERE SECOND SUNDAY IN JANUARY

Dr. W. K. Johnston of Lubbock, pastor of the Presbyterian Church here, announces that there will be no services at that church on the first Sunday but that the regular monthly services will be held the second Sunday in January. This change is made by reason of the fact that Dr. Johnston could not get here the first Sunday. He expects good congregations at both services Sunday, Jan. 8. Everybody cordially invited.

New Home

ONE HUNDRED PER CENT P. T. A.

We had a P. T. A. Campaign last week among the class rooms to see which room should become one hundred per cent first. Each pupil joined for his parent, and received an orange and a black ribbon, representing our school colors. Much enthusiasm was manifested and in fewer than two days every mother in the community had joined. Many fathers also sent in their dues. Mr. J. W. Link, his two daughters and son are all members. Those joining who have no children in school are: Mr. and Mrs. J. H. Izard, Mrs. J. H. Smith, Mrs. L. G. Depriest, and Mrs. W. G. Gore.

P. T. A. Party

Our P. T. A. is giving a "turkey" party Wednesday night, January 25, in the school auditorium for the benefit of P. T. A. activities. A small admission will be charged. Booths for the sale of various articles will be in charge of the mothers. There will be games and other forms of entertainment.

Forget your age, dress up the tackiest way possible, bring the kids and let's have a romping, good time.

Local News
Mr. S. H. Bates has been visiting with his son, R. H. Bates returned to his home at Belton, Texas last Monday.

Miss Faye George, who is a student in Tech, visited home folks this week-end.

We are glad to hear that Miss Ruth Link, who has been ill, is better.

Mr. and Mrs. J. K. Miller of Lubbock spent Sunday afternoon with Mr. and Mrs. H. R. Minor and family.

Miss Viola Clements, who is working at Wilson, is visiting home for a few days.

Last Friday evening Mr. Virgil Ratliff's car shed burned, caused by negroes putting out ashes in a paste-board box.

Mr. Eugene Hancock, who is attending school at Wayland, spent the week end with home folk.

Mr. and Mrs. J. B. Zimmerman and boys and Mr. Homer Franklin spent last Sunday in the home of Mr. and Mrs. Jessie Tabor, near Wilson. Sunday night they attended Epworth League in Dixie.

Athletics
Our boys and girls are scheduled to play Ropesville High School a game of basket ball Wednesday, January 25 at Ropesville. We know that this will be one of our hardest fought games.

We are contestants in the Inter-Scholastic Basket ball contests and are taking part in the rural divisions. We have played three official games. The first one was Draw High School at Tahoka, January 13. The score was 43 and 1 in favor of New Home. January 18 we met Grassland at Tahoka. We won by a margin of 23 and 13. Again, Friday, January 20, we played at Tahoka. This game was with Redwine. The score was 14 and 12 in favor of New Home.

Edith

The people of Edith community will present the play, "The Old Fashioned Mother," some time in the near future. Watch for further announcements concerning this play.

Last Thursday afternoon the Edith basketball boys won a game from Draw by a score of 28 to 16.

Mr. and Mrs. J. C. Campbell gave a singing last Sunday night. It was well attended and enjoyed by every one present.

Mr. R. W. Fenton is building a new house on his place for Mr. G. C. Lindley.

Pearl Hammonds and Althea Tucker spent Sunday with Mr. and Mrs. Jodie Hodge.

Midway News

I wish the weather would change, but I don't want it to rain. That, however, is only my personal feelings. The rain is needed.

People are farming right along just as if nothing unusual ever happens. Let us not forget that this is election year and the crops for the year will depend on the result. Of course we all know very well that last year's crops were the direct result of the defeat of Ma by Dan. But, then, those who voted for Ma had good crops too. Truly, the Lord sends the rain on the just and the unjust. But then, again, the Lord is a believer in the right of eminent domain; i.e., that which is of the greatest good to the greatest number.

Moved to other counties: Mr. J. T. Burroughs to Tyler, Mrs. Brizey to Henrietta, and Mr. Sehorn to Ballinger. Moving soon: Mr. Doyl Sanders to Lubbock county. Moved into the community: Mr. Roberts from Abil-

ene, Mr. Lane from back east some place, and Rev. Shewmake from Post. Mr. Shewmake is the pastor of the Baptist Church at Bethel.

Local moves: J. F. Tharp and H. B. Osborn to place near Tahoka, Mr. Roman and Mr. Woodson to New

Home, and Mr. Tipton into Midway. —Poor Charlie.

In 1928 every resident of Texas should study the possibilities of this great state and pull together for a greater Texas.

The Wednesday evening services at the Methodist Church are being given for a time to the study of the discipline and doctrines of the Methodist Church. Every member of the church and any others that care to attend will be warmly welcomed. An informed membership makes for a more efficient and harder working, a more sacrificial and loving group of Christians. The meetings open at 7:15 each Wednesday evening.
—The Pastor.

SHERIFF'S SALE

COUNTY OF LYNN, THE STATE OF TEXAS.

In the County Court of Lynn County, Texas,
The Security State Bank of Tahoka, Texas, vs. Ed Zedlitz, No. 477
Whereas, by virtue of an execution issued out of the County Court of Lynn County, Texas, on a judgement rendered in said Court on the 1st day of November, A. D. 1927, in favor of the Security State Bank of Tahoka, Texas, and against Ed Zedlitz, in Cause No. 477, on the docket of said Court styled Security State Bank of Tahoka vs. Ed Zedlitz, I did on the 12th day of December, A. D. 1927, levy upon and take into my possession, the following described real estate as the property of the Defendant, Ed Zedlitz, and being all of Survey No. 17, in Block No. 10, in Lynn County, Texas, and on the 7th day of February, A. D. 1928, the same being the first Tuesday in said Month at the Court House door at Tahoka of the County of Lynn, between the hours of 10 a. m. and 4 p. m., I will offer for sale, and sell at public auction for cash, all the right, title, interest and estate of the said Ed Zedlitz, in and to said property
Dated at Tahoka, Texas, this 10th day of January, A. D. 1928.
J. W. SIMPSON,
Sheriff, Lynn County, Texas. 20-2tc

HOME ECONOMICS WORK PLEASURES STATE SUPERVISOR

(Continued from first page)

Home economics department are given with the confident expectation that every requirement will be cheerfully met.
Equipment:—The rooms provided for home economics are entirely too small. The only relief for this condition is to exchange rooms with the science department or build a separate cottage. The above statement is a suggestion, not a recommendation. At present the most must be made of a bad situation. This can be done as follows:
1. Provide lockers and hanging space in the present fitting room. Use the dining room as a fitting room.
2. Build a cabinet for the home nursing supplies in the back of the lavatory room (drawing attached for suggestion only.)
3. Build a cabinet for food supplies in the closet in the foods laboratory. Special attention should be given to making cabinet mouse proof as mice have already invaded the department.
4. Shelves should be provided on the other side of this closet to provide for the orderly storage of all extra equipment.
5. A filing cabinet should be provided for the teacher's news letters, reports, accounts, inventories, illustrative material, etc.
6. Since gas is coming to town soon it is recommended that the oil stoves be exchanged for gas stoves. The four-burner type, with the oven underneath, is recommended.
7. That the attached library list be used as a means of checking and completing the library and that this list be kept on file with other inventories.
Program and Work
1. Modern language (Spanish) has interfered with enrollment in home economics. It is recommended that Spanish be made junior-senior subjects. The girls will then be able to get home economics in the 8th, 9th and 10th grades and Spanish in the 10th and 11th. This gives them full college entrance credit and Spanish at a time when it will be of greater value.
2. No allowance has been made for the home economics department. This is one of the requirements for subsidy. The purpose of this was not understood and accounts for the negligence. We believe that wise spending can be taught only by giving the girls experience in spending wisely and accounting for the same. You agreed to explain this to the board and meet this requirement as I remember.
3. The advisability of a ten-months' teacher was discussed with you and you agreed that it would be a great improvement over the present plan.
4. Miss Blifuz has done some good work but should emphasize system and order to a greater degree. This was discussed with her personally. Good management can be taught best by managing well and setting an example.
Subsidy
It is a pleasure to recommend that the subsidy of \$575 which has already been set aside for you, and if notice is received that all the requirements set forth above this will be increased by \$100 if the balance at the end of the year warrants it. I may I take this opportunity to thank you for the courtesies a friend of me while in your community?
Cordially yours,
LILLIAN PECK
Supervisor Home Economics Ed.

—PLANTING SEED—

If you want planting seed, I have thorough-bred Mebane, Government certified. This variety of seed were planted here last year and proved very satisfactory.

I was able to procure only 500 bush of these seed and have 300 bush of them already sold.

If you need seed, see me at once.

I am trading these seed for gin seed, taking gin run seed at mill price.
