

Lynn county, in the heart of the best diversified farming country in Texas.

# The Lynn County News

We invite you to locate in beautiful Tahoka. Good homes, good schools, good churches.

Volume XXIV

Tahoka, Lynn County, Texas, Thursday, February 16, 1928

Number 25

## SPECIAL TRAIN GREETED HERE

Good Crowd Sees Exhibits On A. & M. Santa Fe Demonstration Train

Despite the threat of inclement weather, a large and representative crowd of Tahoka and Lynn county residents turned out for the program of the Texas Farm and Home Special, operated by the Santa Fe and the Texas A. & M. College co-operating, on the stop of the special at Tahoka Saturday night, Feb. 11. In all a total of 832 people passed thru the train following the talks to view the exhibits which filled three cars of the eight-car special.

As announced by the speakers, the special train is carrying a message of improved farming practices with emphasis laid upon the need of lower production costs and increased revenues. The speaking program here was opened at 7:30 o'clock by J. D. Tinsley, general agricultural agent of the Panhandle & Santa Fe, Amarillo, who after telling of the purpose of the train, presented Miss Millie Halsey, Lynn County home demonstration agent, who presided and introduced the speakers of the college in turn. Those who spoke included: E. N. Holmgren, poultry specialist, Extension Service; Miss Beas Edwards, assistant state home demonstration agent, Extension Service; A. L. Darnell, dairy husbandry, department of the college; G. W. Barnes, beef cattle specialist, Extension Service; J. S. Mogford, agronomy department of the college.

Director O. B. Martin of the Extension Service, who joined the train Saturday morning at Lamesa, spoke briefly. Mr. Martin with Mrs. Martin expected to spend a week aboard the train.

I. J. Thornton, of Posey community, near Slaton, who won a free trip by the Santa Fe to the National 4-H Club Boys Congress in Chicago in 1925 and trip to Washington to the First National Boys and Girls Club Congress, given by the Texas Bankers Association, in 1927, was presented and spoke briefly of boys club work.

Miss Myrtle Murray, district home demonstration agent, aboard the train, pointed out during the stop here that Lynn county is leading in the number of contestants in the living room contest being conducted by the Extension Service in cooperation with the Semi-Weekly Farm News.

A total of \$2,845 visitors to the train for the first 79 stops of the Farm and Home Special, including the Tahoka stop, was reported by Charles W. Lane, assistant manager agricultural development of the Santa Fe.

## Another Family Receives Help

Bundles of clothing and bedding continued to come in the latter part of last week for the benefit of the Gray family who were in destitute circumstances out on the Sargent farm. However, since the immediate needs of this family had been supplied a portion of these donations were turned over to a family named Vaughn, who reside in the same immediate vicinity and who were likewise in very destitute circumstances. This was done upon the suggestion of Mr. and Mrs. Sargent who were familiar with the conditions of both families. The Vaughn family consisted of a father and mother and four children, two girls about 7 and 5 years of age respectively and two boys about 3 and 1 year of age. This family was likewise short on clothing and bedding and were genuinely grateful for the donations, according to Mr. Sargent.

## Roberts Will Build A New Brick

Oscar Roberts has let the contract for the construction of a brick building on the west side of the square immediately north of the Hall Robinson building. The structure will be one story, 25 x 50 feet. John Hickerson is the contractor and work will begin as soon as the material arrives.

## SPRING TERM COURT OPENS

Grand Jury Empaneled; Bartley Case Set For Trial On Next Wednesday

District Court opened here Monday morning, the first work of the court being to empanel the grand jury. C. A. Coleman of Wilson was appointed foreman of the body and the other members are as follows: J. D. Sossaman of Dixie, J. R. Strain of Midway, E. J. Tredway of O'Donnell, W. H. Veasey of O'Donnell, J. H. Yarborough of O'Donnell, H. M. Larkin of Tahoka, A. R. Kimbell of O'Donnell, J. E. Richardson of Wilson, J. W. Link of New Home, Wash Hickerson of Three Lakes, and R. E. Painter of O'Donnell.

After a brief but forceful charge given by District Judge McGuire, the grand jury retired to the room provided for the purpose and began its investigations, assisted by district attorney T. L. Price and county attorney L. C. Heath, Porter Tredway and Dee Sanders of Tahoka, and Geo. Lightfoot of O'Donnell are serving as bailiff for the body.

Several indictments had already been returned into court Tuesday night. Three Mexicans are charged with robbery with firearms, which is a capital offense. The cases against them have been set for trial on Wednesday of next week and a special venire of fifty men has been drawn.

We are advised that some other indictments have been returned but no arrest has yet been made and the names of the parties indicted have not been revealed.

The W. R. Bartley case, charging incest, has been set for trial also on next Wednesday, and it is understood that a special venire of 108 men will be drawn in this case.

## Dixie Farmer Is Strong Believer In Diversification

R. F. Barton who lives on the Dr. Calloway farm one mile south of Dixie has been practicing diversification and finds that it pays. He has a truck patch and raises much garden produce. With a steam pressure cooker and canner the family always cans a large quantity of vegetables for winter use. He has five good Jersey cows, has a cream separator, and sells enough cream to pay a large portion of the family expenses.

He feeds the skim milk to the hogs and chickens, and always has plenty of meat and eggs for family use and quite a lot to sell.

Of course he relies on cotton as the principal money crop. Last year he had 40 acres of cotton from which he gathered 20 bales, or a half bale per acre. This cotton was planted on June 17, 18 and 20. He had 100 acres planted to cotton, from which he has gathered 38 bales and will have three more. His cotton crop therefore has netted him a neat little sum of money notwithstanding the fact that much of it has been sold since the market began to decline.

## DISTINGUISHED BAPTIST LEADER HERE NSXT SUNDAY

Dr. F. S. Groner of Dallas, secretary of the executive board of the Baptist General Convention of Texas, will speak at the Baptist Church next Sunday morning at 11 o'clock. Dr. Groner has held his present position for about ten years and is recognized as one of the outstanding leaders of the denomination in Texas. He is a pleasing and forceful speaker, and will doubtless deliver an inspiring message next Sunday morning.

## BAPTISTS WILL HOLD MEETING

Opens Next Week; B. N. Shepherd To Preach Assisted By Denton Musician

The Baptists will begin their major revival campaign of the year on Wednesday night of next week, when a ten-days series of services will begin. Rev. E. N. Shepherd, the pastor, will do the preaching while the song services will be conducted by evangelist singer Virgil Reynolds of Denton.

Mr. Reynolds is not only a splendid choir leader and soloist, but he is also a master of several kinds of musical instruments, including the piano and the marimbaphone. We shall not undertake to tell our readers just what a marimbaphone is. Any one who is curious about the matter may satisfy his curiosity by attending the services.

Christians of all denominations are invited to cooperate and everybody is invited to attend.

## O'Donnell Man Is Assessor Candidate

We are authorized to place the name of T. W. Brown in our announcement column this week as a candidate for Tax Assessor of Lynn county, subject to the action of the Democratic primary July 28th.

Mr. Brown needs no introduction to the voters of Lynn county, as he is one of the pioneers of this section, having been a resident of Lynn and Dawson counties the past twenty-five years and is well and favorably known by a majority of the voters of the county. This is his first time to ever ask for a public office. He bears the reputation among business men of O'Donnell and old timers of this section as being honest, upright and well qualified to fill the position to which he aspires, and if elected will no doubt make the people of Lynn county a good Tax Assessor.

In announcing his candidacy, Mr. Brown stated, "My opponent is a fine man and well qualified to fill the office of Tax Assessor, but is asking for the third term. I have never asked for a public office before, and according to the Democratic custom and my qualifications, I am entitled to the earnest consideration of the voters."

He also stated that he expected to make a canvass of the entire county present his claims before the July primary. If he fails to find you, he asks that you give his candidacy due consideration with the assurance that it will be greatly appreciated.

## EASTERN STAR DEPUTY WILL VISIT HERE

Members of the Eastern Star announce that the District Deputy will be here to meet with the Order on Wednesday afternoon, February 22, at 3 o'clock. All members of the order are urged to be present.

J. S. Mogford, Associate Professor of Agronomy and Cotton Production in the Texas A. & M. College, who was here Saturday with the Santa Fe Farm and Home Special, was the guest while here of Prof. and Mrs. M. L. H. Baze. Prof. Mogford was a boyhood friend of the Bazes.

Modern locomotives now sustain steam pressure in excess to 300 lbs. to the square inch, as compared with less than 100 pounds a few years ago.

## Election Ordered On Stock Law

A stock law election has been ordered by the commissioners' court for election precinct No. 6, North Tahoka precinct, to be held on March 1. This precinct lies principally east of the Lubbock highway and north of Post highway, extending north of Tahoka about six miles and east about seven miles, the northeast corner being near New Lynn. It also includes four sections west of the Lubbock highway and immediately north of the Brownfield highway.

The petition for the election bore 51 signatures. The election officers are J. K. Calloway, G. W. Small, and A. L. Lockwood.

## YARD CONTEST RESULTS GIVEN

Mrs. Baze Makes Final Announcement; Contest Had Seventy Entries

There were about 70 entries in his contest including four schools. On account of the long dry Spring some entrants became discouraged and dropped out, but a large percent completed the work and the committees feel that the contest has been worth while.

School Ground Improvement  
1st. Dixie School, gained 97.5; awarded \$10.00.  
2nd. Grassland, gained 83.3; points; awarded six shrubs for school grounds.  
3rd. O'Donnell, gained 42 points; awarded year's subscription to Lynn County News, by Editor E. I. Hill.  
4th. New Home, gained 30 points, no prize.  
Individual Yards, County-wide

(Continued on last page)

## Florence Annoncns For Commissioner

W. Z. Florence, a prominent citizen of the Draw-Redwine community, residing about half way between these two places, announces this week as a candidate for county commissioner from Precinct No. 2.

Mr. Florence has been a resident of this community for the past 11 years, having come to Lynn county directly from Georgia, of which state he is a native. He has engaged in the business of farming and has made a success of the business. He owns one of the best half section farms in Lynn county. As a citizen he is progressive and wide-awake, and he enjoys the confidence and esteem of his neighbors, many of whom have solicited him to run or have given him assurances of support.

Mr. Florence is doubtless well qualified to fill the position to which he aspires and would no doubt serve the county admirably in this capacity. We commend his candidacy to the serious consideration of the voters of the precinct.

## SUNDAY SCHOOL CHANGES TIME OF MEETING

All members of the Baptist Sunday School should take note of the fact that the Sunday School hour, has been changed from 10 to 9:45 a. m. Every member of the Sunday School is urged by the Superintendent, Geo. B. Law, and by other officials to be on hand promptly at 9:45 next Sunday morning.

## NEW-DRY GOOD STORE TO LOCATE IN TAHOKA

A new dry goods store will open March 1 in the new Thomas building March 1 in the new Thomas building. The Neyland Dry Goods Company of Teague is opening the store here and young Mr. Neyland will have charge of the business, it is stated. The Thomas Grocery will move into new quarters but we are not yet able to state where.

W. D. Benson and family left Tuesday for Wichita Falls, where they will hereafter reside. Mr. Benson expects to engage in the poultry business there on a much larger scale than he has done here, taking his flock of Rhode Island Reds along with him. He ordered the News sent to his address.

## Noble-Knight Co. At New Location

The Noble-Knight Company, which was recently formed here as agents for the Whippet car, have procured quarters in the Tahoka Service Station building, at which place a Whippet demonstration car may be seen at any time. The members of the new firm say that they are doing a thriving business.

A Sunday School Institute is being conducted at the Baptist Church this week. Rev. D. D. Johnson of Brownfield, missionary for the Brownfield Association, is assisting in the work.

## Good Rain Falls Over Texas Plains

A slow, drizzling rain began falling Saturday night and continued until almost noon Sunday. The precipitation in Tahoka amounted to .60 of an inch. Every drop of it soaked into the soil, most of it where it fell, and it left the ground in fine condition for plowing. The rain was of great benefit to wheat, though the wheat acreage in this county is small.

The rain was even heavier further north and the big wheat acreage of the central and north plains was greatly helped.

## URGES GROWTH OF MORE TREES

Taylor White Tells Kiwanians To Grow Chinese Elm, Ash And Spruce

At the Kiwanis luncheon Wednesday Prof. Taylor White, teacher of vocational agriculture in the high school, discussed the subject of landscape gardening and the growing of shade trees and ornamental trees on the plains.

Mr. White pointed out that while the successful growing of trees on the plains is not always an easy matter, yet there are certain varieties of trees which are well adapted to the soil and climate of this section and can be successfully grown. He strongly recommended the Chinese Elm, stating that by proper care and attention a Chinese Elm could be made to attain quite large proportions in three years time. Other trees recommended are ash, spruce, etc. He stated that while the black locust has heretofore been the most popular in this section, they are now being destroyed by the borer in many towns of the plains and will probably be destroyed here within the next few years.

Judge Cain made a report of the grades made by the Kiwanians in answer to questionnaires submitted to them not long ago. The average was by no means high. The answers of one Kiwanian afforded considerable amusement, having been given evidently for that purpose.

A number of Kiwanians expressed the intention of attending a district business meeting to be held at Plainview next Thursday.

## Several Land Deals Are Made Recently

Charley Thompson, formerly of Tahoka, but now engaged in the real estate business in Abilene, was here last Thursday and reported a number of deals involving Lynn county lands which have been consummated recently.

Judge E. N. Kirby, formerly mayor of Abilene, traded 210 acres of land at Walnut Springs, Bosque county, for a quarter section belonging to C. L. Terry at New Home. Mr. Terry's land was valued at \$85.00 per acre in the deal.

Judge Kirby also traded a rooming house in Abilene to R. S. Walton for a quarter section of land lying about seven miles east of Tahoka a few weeks ago. The Lynn county land was valued at \$75.00 per acre in this transaction.

Mr. Thompson was here closing a deal between Mr. Holden, owner of the telephone exchange at Wilson, and W. L. Harwell of Abilene, Mr. Holden trading the telephone exchange and a cafe in Wilson for a \$22,000 apartment house in Abilene.

## NOBLE-COOPER CO. WILL OCCUPY McCORMACK BLDG.

Miss Minnie Cooper of Tulla, who has been engaged in the ladies' ready-to-wear business for a number of years, and her nephew, Robert Noble of this city, will open a ready-to-wear and millinery business under the firm name of the Cooper-Noble Company, at an early date in the McCormack building just north of the Cash Store, according to a statement made to the News by Robert Noble Tuesday. Miss Cooper, who has had much experience in this character of business, will remove here from Tulla and take personal charge of the business.

Mrs. George Knight returned Sunday night from Eastland, where she visited relatives last week end.

## TO MAKE FIGHT ON BOLL WORM

Situation Grows Serious; May Greatly Affect Lynn County Crop

The pink boll worm situation is threatening to become serious for the farmers of several south plains counties, according to press reports from Austin. A report to the Dallas News and other daily papers under date of February 11 states that the pink boll worm infestation has spread to Dawson county, according to R. E. McDonald, entomologist of the State Department of Agriculture, the worms having been found at one point in the southern portion of the county and at another point seven miles north of Lamesa. The infestation includes seven counties with cotton acreage as follows: Ector, 1,500 acres; Andrews, 2,500 acres; Midland, 25,000 acres; Martin, 35,000 acres; Glasscock, 3,000 acres; Howard, 125,000 acres; and Dawson, 175,000 acres.

Action to curtail the work of the pest will probably be taken at a meeting of the Pink Boll Worm Commission call for three days, starting February 27.

The Lamesa Chamber of Commerce has received the following communication from R. E. McDonald, entomologist of the State Department of Agriculture, concerning the situation, which should be of much interest not only to the people of Dawson county but also to the people of Lynn county, since there is a possibility that this county will be placed in the "regulated zone":

Department of Agriculture State of Texas, Austin  
Secretary,  
Chamber of Commerce  
Lamesa, Texas.  
Dear Sir:

It seems that the people in the area recently found infested by the pink boll worm and adjacent areas are somewhat confused about what the outcome will be. Hence I think that it would be a good idea to bear them the information, through publicity or otherwise, contained in this letter. I would suggest that you give emphasis to the fact that the Commission is undoubtedly going to listen to sensible advice from whatever source it comes. I would that you also call their attention to the fact that this infestation is a very serious matter, and not something to become hysterical about. It is something that we have to meet in a cool, thoughtful manner and work out. A bit-cotton zone if it has to be of course, would be better if it were known now. On the other hand it would be exceedingly bad to make a mistake. Hence it is much better to take time and consider every angle of the situation.

When we have gathered the facts together as best we can, the Pink Bollworm Commission of Texas will be called into session at one or more points of the infested area. This commission consists of five men; one appointed by the District Judge, one appointed by the Secretary of Agriculture of the United States, one ap-

(Continued on last page)

## Meeting To Discuss Consolidation At Grassland Wed.

A meeting of the patrons of the Grassland, Magnolia, and Edith school districts will be held at Grassland on Wednesday of next week, according to Miss Zuella Fox, principal of the Grassland school, to discuss the matter of consolidating the three districts for high school purposes. In the morning, the people of the Grassland district will join in planting out trees about the community teacherage. Dinner will be served at the noon hour. At the meeting in the afternoon the patrons of the three communities will discuss the consolidation proposal and addresses will be made by County Superintendent H. P. Caviness and Prof. M. L. H. Baze, of the Tahoka schools.

If the consolidation proposal should meet with favor, a high school for the three districts will be established at Grassland while schools for the lower grades will still be maintained in the Magnolia and Edith districts.

### CONSTIPATION

And Attend It Relieved by Taking Black-Draught.

The Rev. Granville Edwards, who lives at Schoolfield, near Danville, Va., was troubled for a long time with constipation and its attendant ills, which kept him from feeling fit. He writes:

"Lucky I then, which was about twenty years ago, heard about Black-Draught and began to take it. After taking Black-Draught for a while while I noticed that my trouble began to disappear. The poisons, which had accumulated in the body, as a result of constipation, were eliminated, and I felt a hundred per cent better. The funny feeling, which I had felt almost every morning before breakfast, was gone."

"Black-Draught is a household article with us. We always keep it on hand."

Try Theodor's Black-Draught for constipation. Sold everywhere. 25c.

stoves have been installed in the science room and in the auditorium.

As we are endeavoring to have our school affiliated this term, we are making so many improvements in library, furniture, playground equipment, etc. The class in vocational agriculture under the direction of Prof. Taylor White is assisting in these improvements by building tables, varnishing furniture and keeping the school building and teacherage repaired.

#### Church Notes

Rev. R. E. Boat filled his regular appointment Saturday and Sunday. Quarterly Conference was held Saturday morning at 11 o'clock.

After the services Sunday night, the R. Y. P. U. reorganized. There is a large enrollment now.

#### Sporting News

On Wednesday, February 1, our boys played the fourth official game, which was with Wells. The score was 20 and 7 in favor of New Home. Our next official game will be with the rural school that has played four official games and has the highest per cent.

Our girls' basketball team also played the Wells team. Our girls won with a score of 20 and 7. Both games were played at Wells.

On Friday Feb. 3, the Lakeview boys came to our school for a basket ball game. Both teams played hard. The scores were 40 and 10 in favor of New Home.

#### Benefit Program

On Friday night, February 10, "An Early Bird" will be presented in the New Home Auditorium to raise funds for the improvement of the church building. Miss Addie Jane Hancock is director.

Characters in the play are:

Mr. Cyrus R. Kilbuck, president of the P. D. Q. Railroad—Mr. P. W. Good.

Tony Kilbuck, his son—Chester Smith.

Mrs. Nora Van Dyne, purchasing agent of the P. D. Q. Railroad—Miss Addie Jane Hancock.

Mr. Barnaby Bird, the boss of Flagg county—Walter Smith.

Mr. Mullberry, chief attorney for the road—Mr. Homer Franklin.

Bruce Ferguson, a clerk in the General office—Vaid Smith.

Artie, an office boy—Mr. Jim Eubanks.

Perry Allen, a young gentleman farmer—Mr. Jim Eubanks.

Jessamine Lee, the girl—Miss Lois Hancock.

Imogene McCarty, a stenographer—Mrs. Jim Eubanks.

Mrs. Beavers, from Flagg County—Mrs. Jim Eubanks.

Ross Beils Beavers, the Belle of Flagg County—Miss Christine Seth.

Mrs. Perry Allen, Jessamine's chum—Miss Naomi Hallmark.

Dilly, Mrs. Beavers' hired girl—Miss Beulah Hancock.

In this drama the President of the

P. D. Q. Railroad drives his only son away from home because he was expelled from school. At a later date his father wished to extend his railroad through Flagg county. The prodigal learns of his father's intentions and buys the projected right-of-way for \$5,000 and sells it to his father for one half million. When the father learns of the shrewdness of his son he makes him a director of the railroad. A thrilling romance runs all through the play.

#### Club News

Last Thursday afternoon Miss Millie M. Halley met with the club girls of New Home and officers were elected as follows: Lucina Minor, President; Jettie Fae Suckan, Secretary; Lovanna De Priest, Better Home; Chairman; Opal Link, News Reporter. As our club room is now equipped with a four burner oil stove and a Singer sewing machine we expect to do much better work this year. Mrs. F. Suckan will direct the girls sewing class while Mrs. J. P. Fulton will instruct in cooking.

#### Local News

Mr. and Mrs. James Bessy spent the week end with relatives here.

Mr. and Mrs. J. B. Lowe and son, Joe, spent Tuesday and Wednesday with Miss Merle Lowe of Post.

Mrs. L. R. Castle of Lubbock visited her parents, Mr. and Mrs. W. S. Jasper this week end.

Mr. Jones of Slaton is in the Lubbock Sanitarium suffering from injuries received when the truck which he was driving collided with another truck on the road between New Home and Wilson.

Jesse Anderson has had the misfortune of dislocating his hip-joint.

Messrs. E. E. Hancock and Truett Smith who are in Tech visited New Home community last week end.

Miss Beulah Smith who is teaching in the Lubbock Schools visited home folks during last week end.

Mr. and Mrs. Eube Woodson from Eutan, Texas, have been visiting in the home of Mr. and Mrs. Carson Smith, who are moving to the Three Lakes community. We regret to lose this young couple from our community.

We are sorry we are losing Mr. and Mrs. Ed. Wright and family from our community. They are moving to Woodrow.

Misses Opal and Lois Lawler of Lubbock spent last week end with home folks.

Mr. and Mrs. A. L. Lockwood and Mr. and Mrs. E. H. Hoare of Tahoka spent last Sunday afternoon in the home of Mr. and Mrs. E. G. George.

Mr. and Mrs. A. J. Terry and family are leaving for New Mexico.

Mr. J. E. Hubbard has been brought home from a Lubbock sanitarium.

Mr. J. P. Fox and family have recently moved here from Brewshaw.

Mr. L. O. Daniel came to our community from near Lubbock.

### Edith

(Delayed)

The play, "The Old Fashioned Mother," which was presented here last Saturday night was a decided success. The play as it was presented is a credit to any community. The play was well attended and the proceeds of the evening amounted to about \$46.00. This money will be spent for the benefit of the school.

Mr. and Mrs. E. E. Appling and daughter, Eugenia, from Bebbine spent the week end with Mr. and Mrs. J. C. Campbell.

Misses Manzer and Eva Huffaker from Wilson spent Friday and Saturday nights with their sister, Mrs. C. E. Campbell.

Mr. J. C. Sage is visiting his son, Orville Sage, who is in the sanitarium at San Antonio taking treatment for infantile paralysis.

Mr. and Mrs. Leon Harter of Burden county spent Saturday night with Mr. and Mrs. Sam Harter.

Mr. and Mrs. G. C. Tiner and Miss Dorothy Dodson of Meadow spent Saturday night with the Hammons family.

Mr. and Mrs. Boyce of Slaton attended the play here Saturday night.

Mr. Rupert Huffaker was a guest of Mr. and Mrs. C. E. Campbell Sunday.

Mr. W. L. Kuykendall left for Ft. Worth last week. He will visit other points in Central Texas before returning home.

Mr. and Mrs. J. A. Sanders have returned from Glenrose, where they have been taking treatments for their health.

A new English locomotive employs both steam and internal combustion principles in its production of power.

An electrical device which answers telephone calls and tells the amount of water in the reservoir has been installed by the water department of Washington, D. C.

### SAYS GOOD STAPLE COTTON PAYS

Gen. E. Law of this city is a firm believer in good-staple cotton. He thinks the farmers of Lynn county would benefit greatly by getting rid of the short-staple varieties being produced here and by using a good staple cotton only, as is being done in many other localities. He has handed on the following clipping from the Acre Press with request that we publish it.

"Ask any well informed cotton man about the type and character of cotton produced in Limestone county and you will likely get an affirmative, very good" for an answer. And if he has been in the cotton business long, he will probably add: "It has only been in the last year or so that it has gained a reputation for having a good staple. Limestone county cotton averaged from 50 to 75 points more the past season than it did back in 1925-26." Since this county produces normally around 50,000 bales annually, a simple calculation shows that the farmers in particular, and the county in general, have been benefitted by some \$150,000.00 more than they would have received had they sold an equal amount of cotton under similar marketing conditions three years ago.

"If you were interested further and were to go to Limestone county to find out how such a remarkable thing had come about they would all you that "Paul Haines did it" Here's the story:

In 1925 Paul G. Haines came from Dewitt to Limestone county as county agent. As one of his first projects in behalf of a better agriculture, he undertook to improve the staple of the cotton produced by his farmers. Realizing that the spirit of competition often works wonders, he began by persuading the Merica Chamber of Commerce to offer \$15,000.00 in prizes in a better cotton contest.

With the purpose of creating an interest in pure-bred seed, it was stipulated that all cotton entered in the contest must be of an inch or longer in staple length. The services of the newspapers were enlisted, and farmers who had never before given a thought to certified seed and its advantages became interested.

"To follow up the beginning he had made, Mr. Haines visited the different communities he had selected to introduce his program. At each of these places he talked to ginners, merchants, clubs, and farmers. After he had created sufficient interest he called mass meetings, to which he invited out-of-town speakers who were qualified to discuss the problems of Certified Seed standardization.

"The ginners' cooperation was solicited. It was pointed out to each group that the only way to prevent mixed varieties in the field was to standardize on one type or strain so that the inevitable mixing of seed at the gin would work to no disadvantage.

"After each group had pronounced that, regardless of individual opinions, it would abide by the vote of the majority, the type or strain for that particular community was voted upon. This done, purchasing committees were elected and the program definitely put to practice.

"Mr. Haines realized that the best way to convince any one of the value of anything is by practical demonstration rather than by theoretical instruction. He therefore persuaded Mr. Bob Stroud and influential and large production farmer to plant his entire 7,000 acre farm to one variety of Certified Seed. As Mr. Stroud kept an accurate check on his operations he was in position to furnish his fellow farmers with some convincing before-and-after statistics. And, since he marketed his entire crop at a premium of 100 to 120 points above the average price, he set an example in the growing of pure seed that others were quick to follow.

"Although there were many difficulties to overcome, Mr. Haines finally put his standardization program into effect in 11 different communities. The first season saw an outstanding result since the volume of the good staple produced was comparatively low and the buyers had not been attracted. But those farmers who in the beginning had bought only a few bales of the certified seed variety, saved their seed and planted their entire acreage to staple cotton the second season. It is estimated that in 1927 there were planted in Limestone county several 60,000 acres to pure-bred cotton. Indications are that 1928 will see the production nearly doubled.

Mr. Haines has set his goal for the county to produce a uniform inch or better cotton. Judging from the beginning he has made, such an ambition is by no means an impossible one."

### S. S. CLASS ELECTS OFFICERS

members of the School to join them.

The members of the Fidelis class of the Baptist Sunday school, with Mrs. Geo. B. Law as teacher, met Wednesday night and elected officers as follows: President, Dimple Calaway; Vice-Pres., Eleanor Barber; Secretary, Edna Simpson; Reporter, Louna McCord.

These young ladies are starting a campaign to build a large class. They invite all young ladies who are not members of the school to join them.

We are pleased to announce that this picture is being shown by the ladies of Methodist Church, who will receive a part of the proceeds.  
"The Way of All Flesh" contains the greatest scenes any picture ever put on a screen, being of the truly by type.  
We are also glad to announce that according to the papers and pictures, this picture is given a higher rating than any being one of the best pictures released in 1927.

EDITH NEWS

The play "Old Fashioned Mother" which was presented here a short time ago will be carried to Edith and presented there on Friday night, February 17. A cordial invitation is extended to everyone to be present.

The Edith 4-H Club met at the school house last Wednesday, February 8. The officers elected were: President, Beatrice Hammonds; Vice President, Christine Owens; Secretary-treasurer, Ida Mae Tucker; Better-Homes Chairman, Pearl Hammonds; Program Committee, Marie Owens, Althea Tucker, Myria Harter, and Arliss Lindley; Local Leader, Mrs. T. I. Hammonds. Above all, the girls are keeping a record of their health this year.

Miss Halsey started most of the girls on their sewing last Wednesday and they are progressing nicely. The club will meet again February 22nd. The meeting will be held in the teacherage this year. The improvement and beautification of the teacherage as our meeting place will be taken up in our next meeting.

Grandmother Sanders is spending a few days with her son, Mr. Sid Sanders at Tahoka.

Mr. and Mrs. H. O. Harget went to Brownfield Sunday.

Miss Lilla Mae Reid recently visited friends in Abilene.

Mrs. Stewart Is Hostess To W. M. S.

Business session.

President—Mrs. Fenton.

Supt. Study—Mrs. G. M. Stewart.

Secretary—Mrs. Childers.

Many Members Of Clubs See Train

Dear Club Members:—

I was delighted to see so many of you going through the Demonstration Train Saturday afternoon and night. 1,411 people passed through the train in O'Donnell. Among these were Club women from four clubs and several other communities.

The Draw club girls had thirteen members and their sponsor, Mrs. John Berry, present. The Joe Bailey club girls were there with their sponsor, Mrs. Robert Ragan, while the T-Bar girls also brought their sponsor, Mrs. L. C. Crews. Girls, I was glad to see you interested and I hope that you learned some things that you can put into practice in your home work and club work.

It was a rainy, threatening night in Tahoka, but I saw the Edith club girls and their sponsor, the Grassland club girls, and club women from several of the clubs. I am glad that the club people were here and so glad that we had 832 people who were brave enough to risk the weather.

2,243 people passed through the train while it was in Lynn county.

I. J. Thornton, a successful club boy of Lubbock county, who, through his club work has won trips to A. & M. College Short Course, National Live Stock Show in Chicago, and National Club Camp in Washington, D. C., was on the train, and talked briefly about Club work.

One especially attractive exhibit to all the club girls was the club work that had been done by prize winning girls. A part of this exhibit was the work of Ellouise Wilke, Lubbock county girl of New Hope community who made the second best record in Texas on fourth year club work in 1927.

Club girls and boys, we have boys and girls here in Lynn who can do just as good club work as I. J. and Ellouise have done. To do it we must first join the club, then resolve to stick to it, making each year better until the 4 years are completed. Let's have more of that kind of Club members in Lynn county.

Yours sincerely,  
MILLIE M. HALSEY, C. H. D. A.

Bowron Honored By Light Company

Monte Bowron, director of the Tahoka Concert Band and local representative of the Delco-Light Company, has been given several awards by the company recently in appreciation of his services as a salesman. A few weeks ago they sent him a gold pen in which three diamond sets will be placed. Last week he received a gold wrist watch for his wife and a solid leather Gladstone traveling bag as an award for his sales during November and December.

Mr. Bowron is one of the highest ranking salesmen in the Fort Worth district.

DRAW-REDWINE CLUB DISCUSSES POULTRY

The Draw-Redwine H. D. Club met on February 10 with Mrs. J. A. Williams. There were 12 members present and the roll call was answered by giving the number of standard birds owned by each member. One new member was enrolled.

The subject of Poultry was thoroughly discussed by successful poultry raisers and much useful information was given.

A report was given by the Council representatives.

A program was made by the program committee for the next meeting, which meets at Mrs. I. N. Standifer's on February 24. The subject to be discussed is "Home Sanitation" Mrs. I. N. Standifer was appointed leader of the next meeting.

Mrs. Roberts Entertains Bridge Club

Mrs. Oscar Roberts was hostess to members of the 1924 Bridge Club Thursday afternoon, entertaining with games of bridge. High score in the games was made by Mrs. E. H. Boullion.

A salad course was served to Mesdames Jack Alley, E. H. Boullion, E. E. Calloway, Robert H. King, H. M. Larkin, Jerry Nash, Hal Robinson, W. B. Slaton, G. M. Stewart, L. E. Turrentine, Bill Burleson, C. F. Shook, Roscoe Roberts, Travis Stewart, Skip Taylor, A. D. Sanders.

A business meeting was held and the following officers were elected: Mrs. Bill Burleson, President; Mrs. Jerry Nash, Vice-President; Mrs. L. E. Turrentine, Secretary and Treasurer; Mrs. Robert H. King, Reporter.

Mrs. W. B. Slaton won high score for the past year.

PROGRAM FOR PARENT TEACHERS MEETING

Songs—Girls Choral Club.  
Devotional—Rev. B. N. Shepherd.  
The Importance of knowing your school—M. L. H. Baze.  
The coming events: Interscholastic League, Art Exhibit, Membership, etc.; Round Table, led by Nat Williams.

If you want planting seed that has a guarantee behind them, see Geo. B. Law. 24-25c.

SPECIAL NOTICE

There will be regular services at the Nazarene Church every Sunday. Prayer meeting every Wednesday night.

Sunday School every Sunday morning.

Pastor Mrs. Minnie Echols will preach next Sunday morning and night. Will also organize a young people's society and have a short program.

We give a cordial welcome for all to come. Especially those that do not go to the other churches.

Welcome. Come.

NEW LYNN WOMEN'S CLUB ENROLLS NEW MEMBERS

The New Lynn Ladies' Home Demonstration Club met with Mrs. Hubert Huff on the regular meeting day.

Subject: The Farm Poultry Flock.

A large crowd was present. We enrolled four new members and had two others as visitors.

Refreshments were served to Mesdames W. A. Baggett, E. W. Baggett, J. M. Berry, Jeff Higginbotham, Henry Higginbotham, A. V. Price, Taylor White.

We will meet with Mrs. Huff on next meeting date, February 21.

Guy Lemon is building a five-room stucco residence at the northern limits of the city on the Lubbock highway.

Ben T. Brown and family left Monday for Belton, where they will reside in the future. Mr. Brown has accepted a position as bookkeeper for a Lumber Company there. The Browns have many friends here who regret their removal.

Baptists were busy the first of the week raising funds with which to pay another note due on their building. The sum raised amounted to about \$1275.00, which was sufficient to pay the note, interest and insurance due.

FOR SALE ORT RADE FOR STOCK Good 12 bbl. wagon tank. See Floyd Goodrich, wagon yard. 25-1tp

Miss Eleanor Barker has accepted a position with a Lubbock automobile concern as bookkeeper and will assume her duties at once.

There will be preaching at Edith school house Sunday afternoon, the 19th. Everybody be sure to come.

George B. Law was called to San Angelo Tuesday on business. He was accompanied by Mrs. Law.

To Show Another Great Picture

The ladies of the Methodist Church are sponsoring a picture which will be shown at the Star Theatre on Wednesday and Thursday nights, February 22-23, entitled "The Way of All Flesh."

This is a picture of the true family type, containing a fine moral lesson. Although of a different type and having a different purpose, it has been voted a better picture by competent critics than Ben Hur, which showed here this week.

The ladies of the church are presenting this picture because they believe that it will not only afford the highest type of clean entertainment but will be distinctly elevating and strengthening to the moral tone of the community. Their portion of the proceeds will be used in the furtherance of the religious work of their church.

This picture always draws immense crowds and a full house is expected at each performance here next week.

GORDON HOME DEMONSTRATION CLUB MAKES REPORT

The Home Demonstration Club met in regular session February 7th with Mrs. A. Basinger. Seven members and four visitors were present. The subject of the program was Sanitation. In the business meeting Mrs. E. S. Brown was elected Better Homes Chairman to take the place of Mrs. Bonds, who could not serve. The president appointed the following: Program Committee, Mrs. A. Basinger, Mrs. Ora Mining. During a pleasant social hour the hostess served delicious refreshment. All club members expect to see the demonstration train at Southland Friday afternoon. Miss Halsey urged all members to attend the all day meeting at Wilson Feb. 24. All club members in Precinct 1 are to meet in Wilson. Take lunch and spend the day.

REPORTER.

W. S. Anglin, local manager of the Texas Utilities Company, was called to Gorman Monday night by the serious illness of his mother. A telegram came to him early Tuesday morning stating that his mother had died during the night.

Mrs. T. J. Bovell of Abilene has been visiting her sister, Mrs. John Evans and Mrs. S. E. Reid and other friends here.

There is only One way to save money on Motor Oil

NEVER let your crankcase receive a drop of oil that you do not absolutely know to be able to protect every moving motor part and to keep your motor running smoothly at any speed. Thereby you get real value in long motor service. Thereby you avoid costly repairs. You cannot make this economy if you buy cheap or unbranded oil. Rather, you face quick depreciation, scored cylinders, unnecessary carbon, burned bearings, loose pistons. Economize by insisting on Conoco Motor Oil—a known product, unvarying in quality. Refined to save cars. Each dealer has a Conoco Motor Oil chart showing the correct grade for your car and model.

CONTINENTAL OIL COMPANY  
Producers, Refiners and Marketers of high grade petroleum products in Arkansas, Colorado, Idaho, Kansas, Missouri, Montana, Nebraska, New Mexico, Oklahoma, Oregon, South Dakota, Texas, Utah, Washington and Wyoming

**NOTICE TO THE PUBLIC**  
Any erroneous reflection upon the  
reputation or standing of any indi-  
vidual, firm or corporation, that may  
appear in the columns of the News,  
will be gladly corrected when called  
to our attention.

It would seem that cotton farmers to the south of Lynn county are facing a serious proposition during the present year on account of the reported discovery of the pink boll worm at various points. None has been reported in Lynn county to date and it is to be hoped that none will be found here, but since there seems to be a large infested area south of us, it is possible that Lynn county will be placed in the "regulated zone." We are sure that the commission which is soon to meet to consider plans for stamping out the pest will be as considerate of south plains farmers as possible consistent with the general interests of the state. A quarantine of the infested area would certainly be disastrous to many farmers, and it is to be hoped that the establishment of a regulated zone will be deemed sufficient.

From press reports from San Antonio and San Angelo, it would seem that the Frisco railway is headed toward the plains from the Gulf. At least there is a strong probability of its building a line from Corpus Christi via San Antonio to San Angelo. The towns of the South Plains will probably get busy in an effort to have the line extended to this section in the event it is built to San Angelo.

**C E White Seed Co.**  
Plainview, Texas

Considering the fact that the Texas Farm and Home Special operated over the Santa Fe lines arrived in Tahoka just before night, the program beginning at 7:30 p. m., and also the fact that the weather was very unpleasant and threatening, it was a great crowd which visited the train and viewed the exhibits here. The official report placed the number at 832. Had the program been held in the early afternoon, the number would probably be twice that great. The exhibits are said to have been excellent and no doubt the visit stimulated the desire for better farming and for a continued program of diversification in Lynn county.

In those portions of Lynn county where the water supply is abundant, much attention should be given to the planting of fruit trees, grape vines, and berries. Also much attention should be given to the raising of garden truck. A large portion of Lynn county should in the course of time be a great horticultural region.

**THE DAIRY COW**

Three and a third billion dollars is what the dairy industry contributed to the value of farm production in 1926. This is over a quarter of the total value of farm production, and the dairy industry is the biggest and most profitable branch of the farm business.

The dairy cow is on top with a production greater in value than that of the combined corn, cotton, rice, and barley crops. She supplies practically half the total value of all animals and animal products, and her products are nearly equal to the total value of all the grain crops. The farm value of her milk production exceeds that of all the gold dollars coined since 1886, and it is also in excess of the value of all automobiles and trucks manufactured last year as well as greater than the total output of the steel industry. These are the values of the dairy cow's products at the farm. They are not their wholesale value in the markets of the world. Consumers paid some five and a half billion dollars for these products.

Not only is the value of dairy products in excess of the value of any manufactured product, but the quantity of milk produced is stupendous. If the yearly production of over fourteen billion gallons were placed in milk tank cars, to transport it would require over eleven trains reaching across the 3170 miles that separate New York from San Francisco. If placed in cans and transported in express cars, it would fill solidly twenty-three tracks between the Atlantic and the Pacific Oceans.

The one hundred and twenty-one billion pounds of milk produced in 1926 is difficult to comprehend even when stated in its equivalent of over one and a third billion 10-gallon cans that, placed side by side, would girdle the globe fifteen times in passing from Chicago across the United States, over the Pacific Ocean, through Japan, Asia, Europe, over the Atlan-

**Renew Your Health  
by Purification**

Any physician will tell you that "Perfect Purification of the System is Nature's Foundation of Perfect Health." Why not rid yourself of chronic ailments that are undermining your vitality? Purify your entire system by taking a thorough course of Calotabs,—once or twice a week for several weeks—and see how Nature rewards you with health. Calotabs are the greatest of all system purifiers. Get a family package, containing full directions. Only 35 cts. At any drug store. (Adv.)

**Political  
Announcements**

W. E. (HAPPY) SMITH.  
(Re-election)

For Commissioner Prec't. No. 2:  
W. Z. FLORENCE

For Justice of the Peace, Prec't. 1:  
I. P. METCALF (Re-election)

The following candidates announce their candidacy for office subject to the action of the voters in the City election of April 3, 1928:

For City Secretary:  
MRS. LOUIE L. WEATHERS

tic and then back to Chicago—a highway of milk sixteen feet wide and two feet deep going around this world of ours. Turned into a canal like the Erie Canal, this milk would float the commerce of the Midwest from Chicago to the Gulf, with enough left over to fill a harbor that would float the U. S. Navy.

We see the huge tank cars of gasoline and the filling stations located at every cross road and marvel at this demonstration of the extravagance of the American people. Yet the dairy farmers of the United States produce a quarter more milk than the nearly eleven billion gallons of gasoline that last year were consumed by our automobiles, trucks, tractors and for other purposes.

The total production of milk for 1926 was over sixty million tons, or nearly two tons or 330 gallons at every tick of the clock during the 24 hours of every day in the year.—The DeLaval Monthly.

**T-BAR GIRLS' CLUB REPORT**

The T-Bar Girls H. D. Club met at 8:30 Monday evening at the school house. Miss Halsey was present and 98 per cent of our members. We enrolled one new member. We hope that every girl 12 years of age and older will decide to join this club before many more meetings pass.

Miss Halsey gave the first year girls a demonstration on how to make her cup towel and hot-dish holder, while she gave the fourth year girls a demonstration how to make her linen table cloth and napkins. She then gave all the girls a lecture on Health. She gave us a daily record which we will keep during the month of February and see if the under-weights can't gain their natural weight and the over-weights reduce. All of the girls certainly enjoyed Miss Halsey's talk on this subject.

We urge that all of the girls in our club go to work on their pieces and let's go through with our regular work; so you who are old enough to join the 4-H dress contest may do so. You are not eligible to join this contest unless you were 14 years old before January 1, 1928.

Our next meeting will be at the school house and the third Monday. Girls, don't forget your work or you will be counted absent.

**CLUB REPORTER**

Smart London jewelers are selling rings for divorcees, and a few well-known women, qualified in this particular, are wearing them. They are slender threads of diamond and platinum with a broken line of onyx running partially around them as a symbol of the broken contract.

**THOSE WHO KNOW**

We often hear some "store keeper" say that advertising does not pay and we wonder how he happens to put his wisdom against that of the big men of the country.

Big business everywhere says that advertising does pay, and how does it happen that some little fellows know so much about it?

The big business men of the country will tell you their businesses were built by judicious advertising, and most of them will say that it was by the use of newspaper advertising.

Wm. Wrigley built his Spearmint chewing gum by newspaper advertising, and he will tell you so. John Wanamaker started with small capital, but spent part of what he made on liberal newspaper advertising and made millions.

When we speak of advertising we do not mean just any kind of publicity, but the best advertising that is obtainable to you.

It has been only a few years ago that such concerns as General Motors Standard Oil Company, Thomas Edison and even the railroad, would have had a small-sized spasm if the representative of a weekly newspaper had gone to their office and suggested the use of part of their profit in weekly newspaper advertising, but today they are among the very best advertisers on the lists of the weekly newspapers. They have found that newspaper advertising pays, and are using it generously.

And on and on we could name the big concerns that are now using weekly newspaper space who years ago did not use a line.

The man who gives the subject of advertising more than a passing thought can but see that the advertising in the weekly newspaper is best best to be had and the more you use in reason the better off will be your business.—McComb, Mississippi Journal.

Persons accustomed to regard the Ford Motor Company as a maker of only automobiles, trucks and tractors may be surprised to learn that during 1927 the company produced: More than 2,000,000 tons of coal; More than 10,000,000,000 cubic feet of illuminating gas; More than 3,000,000,000 pounds of paper products; More than 25,000,000 pounds of charcoal briquets.

J. H. Goddard returned last Friday from a visit with relatives and friends at Crawford, Olesgby, and Temple. He says that corn was being planted when he left that section. Fall oats were all killed by the hard freezes in December and January but farmers have sowed a good crop of spring oats.

TEXAS now leads the world in petroleum refining, the total 1927 output of which was valued at \$488,181,732.

(Delayed)

Brother Shumake of Bethel filled his regular appointment here Sunday evening. He took for his text, "The wages of sin is death," and My! what a good sermon! You who missed hearing him missed a real sermon.

There are people still moving in and out of our community. Mr. Fred McCarty moved his family over to Cratland but we understand he doesn't intend to remain there long. Mr. and Mrs. Louis Henderson moved where J. W. Nichols moved away from.

Miss Bob Waldrep and father returned last week from Cleburne. Mr. Martin Carson took dinner Sunday with Mr. Dee Henderson.

Little Howard Moore took Sunday dinner with Dee Howell Lindley.

Mrs. S. A. Anderson, who has been on the sick list is improving.

Mr. and Mrs. J. A. Beasley and Mr. and Mrs. Vickery visited in the home of H. W. Crews Saturday night, where they were entertained by lots of good radio music.

The Girls Club met Monday evening with 98 per cent attendance. Girls, let's make it 100 per cent next time.

Mr. Jack Henderson left Tuesday for McCamey.

Preacher Lindley and Dee Henderson killed hogs Wednesday.

There was no prayer meeting Sunday on account of bad weather. Come next Sunday night.

**APPLE BLOSSOM**

After four failures the Bureau of Standards at Washington has cast a six-foot disc of optical glass. Four previous attempts to make the disc as a step toward the building of one of the largest reflecting astronomical telescopes ever undertaken were unsuccessful because after months of labor the three ton mass of molten glass failed to cool without cracking or cooled with imperfections that ruined it. When the electrical furnace in which the glass mixture had been cooling since May 7, 1927, was opened, the cast, a single rough disc of glass eleven inches thick and seventy inches in diameter was found to be practically perfect. It will be drilled and polished, and if it survives that delicate operation it will be installed at the Perkins Observatory of Ohio Wesleyan University.

A new British bottle-blowing machine, entirely automatic in its operation, can make a million bottles in a week.

**Bill Der Says**

"If you try your hand at building and fail try using your head."

**HOME BUILDING**

—may involve sorrow instead of happiness if you are not wise in selection of materials and plans.

Since the laymen cannot be expected to know all there is to know about home building, we offer expert assistance and advice.

We will gladly furnish estimates and help you select suitable materials.

**Urges Reduction Of Cotton Acreage**

The Texas Cotton Association is an association of cotton buyers representing a majority of those engaged in handling cotton of Texas, and Oklahoma. The Directors at a recent meeting, realizing that it would be disastrous to the best interests of the South at large to increase the cotton acreage, passed a resolution and appointed a committee of three to bring to the minds of the farmers and the business interests of Texas and Oklahoma the disastrous effects of an increase in the cotton acreage. This action is entirely unselfish and irrefragable to the selfish interests of the cotton dealer by reason of the fact that his profits are calculated upon the number of bales handled and not upon the gross amount of dollars involved. The profit of the average commercial business is calculated on the dollars and cents involved, whereas in the cotton business it is upon the number of bales handled.

It can readily be seen that we have the best interest of the state at heart and we want to appeal to those who are vitally interested, the bankers whose loans are based upon the values of agricultural commodities, to the country merchants who furnish the farmer dry goods and groceries, to the county demonstration agents, the chambers of commerce and to the farmer himself, who is by far more interested than anyone else.

Further, if the cotton buyers of Texas, who in the past have been accused of trying to beat the price of cotton down, come out in the open and ask the farmer to reduce the cotton acreage for 1928 by ten per cent, probably at a financial loss to themselves; then it would seem only fair and right to reduce the acreage at least ten per cent in order that the farmer may get a fair return for his labor and investment for the year of 1928. If he increases his cotton acreage ten per cent there is no doubt in this committee's mind that we will have a repetition of the prices prevailing for the 1926-27 crop, which was disastrous to the entire state.

The Texas farmer has the situation in his own hands not only for himself but for the balance of the belt, as the Texas farmer controls the acreage (and the price legally), and the entire South is now uneasy that Texas will plant an increased acreage this year. The present talk of an increase in acreage is largely responsible for the recent declines in the market. Let each and every one of us give this serious consideration.

We endorse the work of the Texas Safe Farming Association and especially commend to your serious consideration the pamphlet entitled "Money in Farming in 1928," recently sent you by that association. As business men we cannot conceive of how the bankers, the merchants and the landlords have continuously for 50 years robbed our soil of its resources at the expense of the reserve fertility of the soil. If banking and other corporate businesses were conducted upon this line, i. e., paying dividends out of their reserves it would mean bankruptcy to those interests as it meant bankruptcy to the fertility of our soil. We have impoverished the richest part of our State through continuous cultivation of cotton and just at the moment we have practically got the last dipper's worth out of the barrel.

We want the co-operation of every farmer, banker, country merchant, county agent and chamber of commerce as we feel it is the best interest of the State as a whole to carry out this program. We consider this so important that we recommend that the Texas Cotton Association take such steps as may be necessary to give this communication the widest possible publicity and we invite the cooperation of the press of the entire state.

Yours very truly,  
S. W. King Chairman  
E. M. Wilson  
Robt. Mayer  
—Committee on Cotton Acreage

**OUR MISTAKE**

G. C. Grider, of O'Donnell, candidate for county judge, has called our attention to a little error that appeared in our mention of his candidacy two weeks ago. We stated that he had never before been a candidate for office in this county. This was an error. He was a candidate for the Democratic nomination for public weigher at O'Donnell two years ago, with seven contenders, and he lacked seven votes, he says, of getting in the run-off. The error was our own and was not due to any mis-statement of fact on his part. We cheerfully make the correction.

Read The Want Ads.

**TO THE VOTERS OF LYNN COUNTY:**

I see Mr. J. H. Yarborough is making the race for Sheriff and Tax Collector of Lynn County. I wish to say in his behalf, he worked under me four years and was the best I ever had in my six years as Sheriff. Mr. Yarborough is a gentleman in every respect, a sober and honest man. He believes in enforcing the law and if the voters of Lynn county will give him the office he will make you a good Sheriff, one that you will be proud of. Mr. Yarborough is a level-headed man. I was never afraid to trust anything to him that pertained to the Sheriff's office. He never gave me the least worry when I sent him to do anything. I knew it would be done and done right. So I hope the voters of Lynn county will give him their best consideration.

Gentlemen, if I didn't know Mr. Yarborough would make you a good Sheriff, I wouldn't write this letter, but I feel like saying something in his behalf as a citizen of Texas.

J. R. REEVES,  
Ex-Sheriff of Knox County.

**PASTOR COMMENDS PEOPLE FOR GOOD ATTENDANCE**

That the people of Tahoka go to church on rainy days was shown last Sunday, when a surprisingly good crowd was present at both the morning and evening hours at the Methodist Church.

Church-going is as much a habit as any other act, possibly more so, for work and many other habits are necessarily formed, while going to church is purely a voluntarily matter. So that the people whose loyalty took them to church last Sunday are to be specially commended.

Next Sunday being one of our average days, beautiful, sunshiney, and clear, let us hope for a great attendance at all the churches of the town, remembering that the effectiveness and standing and influence of any church is in proportion to the loyalty and interest displayed by its membership. Strike a line at the average loyalty and interest of any church membership, and you will measure the community's opinion of the Kingdom of God.

Go to church; it pays.  
R. T. BREEDLOVE, Pastor.

**NEWMOORE NEWS**

A revival held by Rev. D. D. Johnson ended Sunday night. At the close of the meeting the church called Rev. W. K. Horn of O'Donnell to be pastor.

Mrs. L. E. Daniel has been ill the past week.

Mrs. Lois Daniel was a business visitor in Tahoka Saturday.

Miss A. B. Gillam of Slaah-L spent Sunday with Mrs. Thelma and Eunice Pendleton.

Mr. and Mrs. Jimmie Pendleton

were visitors in the home of Mrs. Mrs. Joe Curry Sunday night. Gillam Sunday afternoon.

Misses Wilma and Beatrice Andrews who are attending school in O'Donnell spent the week-end with their parents.

### New Home Of Legion Used For First Time

Thursday evening, February 9th, the Marion G. Bradley Post American Legion held their first meeting in their new home and the entire evening was devoted to a social entertainment. Games of various kinds were played to suit the guests. At a late hour, the ladies retired to the dining room and proceeded to perfect the organization of the "Ladies Auxiliary." The men held a short business session in the parlor. Since the state organization of the American Legion is urging that 1928 be the biggest year in the history of the American Legion, our post voted unanimously to visit O'Donnell in an effort to affiliate all Ex-Service men in that community with our Post. The date of this meeting was set for Thursday, Feb. 16th.

Music for the evening's entertainment was furnished by the Wells Edwards Orchestra, which was enjoyed by all present, and, by one hundred per cent vote, a resolution was passed showing the appreciation of the boys for their services.

Those present for the evening on this occasion were: Mesdames L. E. Miller, J. B. Oliver, H. C. Story, E. H. Boullieu, J. H. Tunnell, D. H. Goodnoh, L. F. Craft, Jack Corley, C. R. Brock (from O'Donnell), C. M. Finch, T. S. Williams, L. E. Turrentine, Harley Henderson, Frank Hill, Tom Lemond, Jim Kelly, Rafe Richardson, Jno. Etter (from O'Donnell), J. C. Eubanks, M. B. Hood, R. R. Luttrell, R. S. Ward, J. O. Patterson, W. S. (Skip) Taylor, E. J. Henderson, W. S. (Skip) Taylor, E. J. Henderson, Misses Ernestine Holloway, Cleone Wells, Dade McCoy, Evelyn Wells; Messrs. L. E. Miller, J. B. Oliver, H. C. Story, E. H. Boullieu, J. H. Tunnell, D. H. Goodnoh, L. F. Craft, Jack Corley, Jim Burleson, C. R. Brock (from O'Donnell), C. M. Finch, T. S. Williams, Dr. L. E. Turrentine, Dr. J. H. McCoy, Harley Henderson, Frank Hill, Tom Lemond, Jim Kelly, C. C. Johnson, Rafe Richardson, Jno. Etter (from O'Donnell)

### Local Chevrolet Man Attends Dealer Meeting

Production at the Chevrolet Motor Company factories throughout the United States is running at the greatest clip on record according to C. A. Rayburn, local Chevrolet dealer who recently returned from Oklahoma City, where he attended the annual Texas-Oklahoma dealer meeting. More than 500 dealers and banker associates attended the meeting which took the form of the most comprehensive sales presentation ever staged in the automobile industry. All addresses were illustrated in the form of playlets, depicting the proper procedure to be followed in the successful operation of a retail automobile business.

The meeting was held under the direction of D. E. Ralston, assistant general sales manager, who declared in the course of the day that Chevrolet production for the first three months of the year would exceed 330,000 units if the present schedule is carried through.

Assisting Mr. Ralston in the conduct of the meeting were: Felix Doran, Jr., regional sales manager from Dallas; W. F. Doyle, Oklahoma City zone sales manager, and the following officials from the Central office in Detroit: D. G. Frazer, service promotion manager; W. G. Lewallen, assistant sales promotion manager; Gustaf Ek, assistant Commercial Car manager; D. U. Bathrick of the used car division and J. E. Rogers of the dealer accounting and management division.

Following the afternoon meeting the dealers and bankers were guests of the Chevrolet Motor Company at an elaborate banquet in the Huckins Hotel.

The meeting was the 11th of a series of 43 similar sessions that are being held this winter and spring from coast to coast.

NEW LYNN WOMEN ENTERTAIN HUSBANDS IN UNIQUE FASHION

The New Lynn club ladies entertained their husbands on Monday eve, February 13, at the home of Mrs. Herbert Huff, with a "corner store" party, following up the idea of the old corner store at the cross roads where tradition tells us that Lincoln used to love to meet his neighbors and swap stories and jokes.

The living room was cleared of its furniture and made to look as much as possible like an old-fashioned country store. Boxes and benches were arranged for the guests.

Prizes were awarded to the person holding the high score in each game. Refreshments were served by the store-keeper, the host. Crackers were served from a large box, cheese from a plate on the counter, candy and lemon snaps from a large bucket. Lemonade was dipped from a tin pail.

DRAMATIC CLUB

The Dramatic Club had its regular meeting Thursday afternoon, February 2, 1928.

Each member present answered roll call by giving the name of a modern dramatist.

The following program was rendered:

Stage History—Lee King.

Life and Works of Bernard Shaw—Harlan Cook.

Life and Works of Eva Le Gallienne—Mabel Draper.

The club plans to take up the study of the one-act play, and hopes to soon be able to present some plays.

### Another Mother Asks For Help

The communication appearing below was received by the News Wednesday. Upon its receipt we decided to make some personal investigation of the condition of this family. Accompanied by Constable Guy Sherrod, we found the mother and four little children in a cotton pickers shack just east of the Johnson Filling Station on the eastern outskirts of town. The mother stated that her husband and three older children were pulling bolls and that they have been making sufficient money to pay for the groceries for the family. There was only one mattress in the house, upon which the lady said they all slept. There were possibly six or seven heavy quilts. This was all the bedding we were able to find. There is no furniture in the house. The children were scantily clad and the mother claimed they had very little other clothing. How the family has kept from almost freezing, during some of the cold weather this winter is more than we can understand. Some of the residents of that locality have been assisting them by giving them milk and some articles of clothing. The family came here from the state of Colorado in a car which they own two or three months ago. We understand that they expect to return to that state at an early date. But they are obviously in very hard circumstances so far as clothing and bedding are concerned. We submit the facts as fully as possible so that no one may be misled. Any one desiring further information can easily obtain it by visiting the family or by enquiring of F. L. Prater, who lives near by. Those desiring to assist may deliver the goods directly to the family or leave them at the News office. The lady's letter follows:

"To get some clothes for my children, if anybody has anything they feel like they could give me, anything, shoes, hats, caps, coats, or clothing, here are the ages: I have 7 children; one girl 14, one boy 11, one girl 10, one boy 8, one girl 4, one boy 2, and one baby 10 months old. Sure will be glad to have anything I can get, as we sure need them. Please leave them at the Press office.

MRS. GEORGE CLARK"

### Propose New Rail Line To Angelo

SAN ANTONIO, Feb 11—Col. F. G. Smith, chief engineer of the St. Louis & San Francisco Railroad, and G. I. Oliver, traffic manager, Saturday promised a group of 200 shipper interested in building a line connecting Corpus Christi and San Angelo via San Antonio, that he would give the proposed road a week of careful study with a view to making recommendation to his own road as to the advisability of establishing such a line.

Col. Jonah and Mr. Oliver spoke after a number of shippers in the district representing industry, wholesale and retail business and agriculture had promised to give such a road every possible ton of freight.

A resolution passed by the meeting promised the road all possible freight business up to 40 per cent of their total.

Figures Require Study

Oliver pointed out that these figures would require careful scrutiny before he could determine what percentage of San Antonio's freight total could be transported on such a line and warned the meeting that a great deal of the tonnage probably

### HOME ECONOMICS CLUB

The Home Economics Club met Monday afternoon, February 6, in regular business meeting.

The club voted that the local club join the National Federated Clubs and that the membership be sent in at once.

The president appointed the following as members of the program committee: Katherine Poer, Neva Doak and Eva Cowan.

The program was short, but interesting and instructive. Charlyne Madex and Neva Doak read some questions and answers concerning the care of children. Lucile Kemp and Tommy Grace Clinton read interesting articles on a little boy's experience with germs.

The next meeting of the club will be held on Thursday, February 16, 1928.

### EDITH WILL PRESENT PLAY AT DIXIE

The people of the Edith community will present the play, "The Old-Fashioned Mother," in the auditorium of the Dixie school building on Friday night, February 17.

This is said to be a very fine play and is presented well. The people of Dixie should turn out en masse to enjoy this excellent performance.

would not be available to the road because of its destination or because of differentials.

Col. Jonah said he would go over the proposed route, carefully examining the probable costs of such a road, while Oliver formed an estimate of the approximate tonnage the whole territory would yield.

R. W. Morrison, who has been active in organizing the new road and who is now president of the Gulf & West Texas, the organization which is attempting to build the road, or have it built, predicted that such a road would earn between \$5,000,000 and \$6,000,000 the year it was built.

To Meet in San Angelo

Representatives of the St. Louis & San Francisco Railroad, with officials of the San Antonio Chamber of Commerce, will meet with shippers of this section and officials of the Board of City Development Thursday in an effort to determine what percentage of San Angelo's freight total could be transported over the road, which would run from San Angelo to San Antonio, thence to Corpus Christi.

A similar meeting was held in San

Antonio Saturday and was passed at that meeting. The road all possible freight business to 40 per cent of the total.

R. W. Morrison of San Antonio, president of the road, announced summer following a trip to Antonio by a group of San Antonio business men.

Those from San Antonio who attend the meeting here are G. Jonah, chief engineer of the St. Louis & San Francisco Railroad; I. Oliver, traffic manager of the same; W. T. Montgomery, tractor for the Frisco; J. Whaley, manager of the Chamber of Commerce; and Pawkett, traffic manager of the Antonio chamber.

Following the meeting in Angelo, the party will return to Antonio over one of the roads of the line.

J. H. Colleenback and his last week end in Angelo. Miss Dovie, who is in Angelo.

Get your cotton with both lose money.—G. J.

### VANITY FAIR BEAUTY PARLOR

Mrs. Rivers, formerly of the Vanity Beauty Parlor, has put in an up-to-date beauty parlor in Slaton. Her special permanent waves for 30 days are \$8.00. Mrs. Walters, an expert manicure operator from Dallas, will be with Marcell, 75 cents. Mr. Rivers will do the ladies' and children's hair-cutting and hair-curling.

Slaton ———— Texas

**I WANT HELP!**

I've got myself into a jam. I promised the Delco-Light home office that I'd run an ad in this space every other week. And now I don't know what to say. If I tell the truth about how good Delco-Light is, nobody will believe me. If I don't get more or less enthusiastic, nobody will come in and ask about Delco-Light. And that's the big idea back of these ads. Get people interested. Then sell them a Delco-Light. So if anybody has any good advertising ideas, please send them along. No pay, but lots of thanks. In the meanwhile—"stand by for further announcements."

**SHERIFF'S SALE**

THE STATE OF TEXAS  
COUNTY OF LYNN

Notice is hereby given that by virtue of a certain Order of Sale issued out of the Honorable District Court of Lynn County, on the 1st day of February 1928, by W. E. Smith, Clerk of said District for the sum of \$3364.15 Dollars and costs of suit, under a judgment, in favor of E. Roper in a certain cause in said court, No. 864 and styled E. Roper vs. Mrs. L. L. Fulton, J. P. Fulton and J. B. Anderson, placed in my hands for service, I, J. W. Simpson as Sheriff of Lynn County, Texas, did, on the 1st day of February, 1928, levy on certain Real Estate, situated in Lynn County, Texas, described as follows to-wit:

40 acres of land out of the south side of the northwest one fourth of survey No. 110, Cert. No. 637, in Block No. 12, E. L. & R. R. R. Co. land and also the north one half of the S. W. one fourth of section No. 110, Cert. 637, in Block No. 12, E. L. & R. R. R. Co. land, all of same located in Lynn County, Texas and levied upon as the property of Mrs. L. L. Fulton, J. P. Fulton, and J. B. Anderson and that on the first Tuesday in March, 1928, the same being the 6th day of said month, at the Court House door, of Lynn County, in the town of Tahoka, Texas, between the hours of 10 A. M. and 4 P. M. by virtue of said levy and said order of sale I will sell said above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said Mrs. L. L. Fulton, J. P. Fulton and J. B. Anderson.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Lynn County News, a newspaper published in Lynn County.

Witness my hand, this 1st day of February, 1928.

J. W. SIMPSON,  
Sheriff Lynn County, Texas.  
23-3tc

The Illinois Central system alone owns more pieces of railroad equipment than are found in all China, according to the Illinois Central Magazine for March. On all the railroads of China there are only 2,200 locomotives, 3,200 passenger cars and 35,000 freight cars, 40,400 pieces of equipment in all, as compared with some 84,000 pieces of equipment owned by the Illinois Central System.

**NEWMORE NEWS**

(Delayed)

The short sandstorm followed by a shower Sunday night bade fair to prevent any social gatherings for the evening. However, a large crowd came out to hear a fine sermon delivered by Rev. D. D. Johnson.

Rev. D. D. Johnson, the associational missionary, is holding a revival here this week.

The Newmore teachers, Mr. Edgar Goad, Mrs. Lois Daniel, and Mrs. Peck Millener attended the Lynn County Teachers Meeting at Draw Saturday.

Mrs. Henry Thomas has been rather ill for the past few days.

The young people of this section were entertained Friday night by a dance at the home of Mr. Rogers.

Mr. and Mrs. E. A. Goad spent the week end in the home of Mrs. Goad's parents, Mr. and Mrs. L. E. Daniel.

Mr. Argus Daniel was a business visitor in Lubbock last week.

Mr. and Mrs. Speck Preston have recently moved into the community. Messrs. Gus Caruthers, J. W. Phipps, Lon Light, Luke Bevels, and E. J. Lehman were business visitors in Tahoka Monday.

Miss Velma Goad spent the week-end with Miss Donna Daniel.

Miss Viola and Audrey Rogers of near Tahoka have been visiting in the home of Mr. and Mrs. Walter Rogers of this community.

Mr. and Mrs. John Rogers have moved into their new home which has just been completed.

Mr. Herbert King, who recently underwent an operation in a Lubbock sanitarium is doing well. It is hoped that he will soon be ready to return home.

Mr. Brashear of Tahoka made a business trip to Newmore last Friday.

R. L. Barrett of Lubbock was in Newmore Sunday.

The Newmore school children organized a literary society Friday. The following officers were elected: Miss Donna Daniel, president; Miss Flora Mae Light, vice-president; Miss Nan- nie Lee Light, secretary; and Jesse Bevels, treasurer. Committees were appointed to draft a constitution and to select a name for the organization.

Misses Wilma and Beatrice Andrews who are attending school at O'Donnell spent last week-end with their parents.

Mr. W. A. Taylor who has been staying in the home of L. F. Goad left Friday for Crosbyton.

The prairies north and west of Newmore were on fire for several days last week.

**REPORTER.**

The statement is frequently made by men who ought to know better that the President of the United States has not the power to change the Federal prohibition Amendment or law or the authority to interfere with their enforcement. Such a statement is so misleading as to challenge the intelligence, if not the candor, of those who make it, for the President is supreme in the matter of federal law enforcement, and if so minded, could completely nullify the law through his appointed subordinates and agents. Again the President has the power to appoint members of the Supreme Court in cases of vacancies in that body, and the validity both of the Eighteenth Amendment and the Enforcement Act rests absolutely in the hands of the Supreme Court. Simple, indeed, is one who can be convinced that the President has no power over the prohibition laws and their enforcement. —Rogers News.

Texas has more railroad mileage than any other state. At the last report there was a total trackage of 21,536 miles. Illinois ranks second.

**FINE ROAD WEST BEING BUILT BY S. H. DEPT.**

Late Sunday afternoon the writer and family drove out west, having a curiosity to see what progress had been made by the State Highway Department on our new road to the county line west. We found that about a mile of the road had been finished and was being traveled by the public, but we understand that the rest of the distance will not be used until it is completed and rains have fallen sufficient to settle the bed.

Some time ago Mr. Herod informed us that he was putting some eighteen thousand yards of dirt to the mile on the bed, and while at that time we did not realize how much dirt this meant, we found out Sunday. It is a whole heap of dirt. The grade is high enough to suit most any railroad, much wider and all the dips seem to be filled in with an extra quote of dirt, making them well above high water lines in any place. If this first finished mile is any sample of the rest of the road, old Terry as well as tourists will feel a sense of pride when they get on our highways, and instead of cursing us all along down the line, they will be singing our praises for our progressiveness. —Terry, County Herald.

**Lakeview**

(Delayed)

Last Friday night they had a good school meeting here at the Lakeview school house. There was a nice crowd present.

Miss Ada Dee Wisdom gave her Sunday school class a social Friday night. She served "all day suckers" and peanuts.

Mary Moore is going to give a Valentine party next Friday night. I know we will all have a nice time.

The Lakeview boys and New Home boys played a game of basketball Friday and of course New Home beat.

Mr. Rob Hancock has been here on a visit.

Miss Omega Speckman went to Kopes Saturday.

Mr. H. W. Bright has a new Ford coupe. It surely is pretty.

Mr. Billie Newman and Tom Newman went over to Mexico Friday afternoon and came back last night.

Mr. Smith's folks from New Home were visiting Mr. McManis and folks yesterday.

Mr. Foy Moore left for Newmore this morning. He will return in about two weeks.

**Petty**

(Delayed)

Well, well! Petty must be an awful good place to live, or there are some awful good folks around here, for these new comers seem to be well satisfied. We want to invite them all to come to our Sunday school. Quite a crowd attended Sunday School last Sunday. Miss James attended church at Tahoka last week.

Miss Ansel Beaty visited Miss Virginia Blair last Saturday.

O. S. Smith is adding a new room to his house where G. C. Beatty lives.

Cliff on Beaty took dinner with Mr. and Mrs. Brooke Smith Sunday.

We regret to learn that Mr. and Mrs. Elmer Hawkins will leave us soon.

Well, it is time to start the incubator. The writer has been asked what is the cause of bad hatching, so I will answer through the News. In a great many cases, especially with early hatches, poor results are due entirely to flock conditions. In many other cases wrong temperature is the trouble. This may come from a faulty thermometer, from poor adjustment of the machine, or from wide variations in room temperatures at the bottom of the eggs, even when the thermometer reading at the top of the eggs is not effected. Poor ventilation and lack of moisture are some times causes of poor hatches, but poor eggs and wrong temperature are the causes of poor hatches in incubation.

—REPORTER.

Canyon, January 31—It has been announced that contract for grading the first section of the highway which is to be paved between Canyon and Amarillo will be let at the February meeting of the Randall County commissioners court.

This section contains eight miles of the road just north of Canyon. On it are two heavy grades and two bridges as well as a viaduct under the Santa Fe railroad.

It is supposed that the second section of the highway will be approved at the next meeting of the highway commission.

Texas leads the nation in value of crops, the federal crop reporting bureau states. The valuation is placed at \$750,000,000, a gain of \$103-

**The POLICY of PROGRESS**

A STATEMENT by GENERAL MOTORS

It is the policy of General Motors to maintain continuous improvement, in every one of its car divisions, with no interruption in production.

This means that you enjoy the benefits of new engineering developments promptly — just as soon as they have been thoroughly tested on the 1245-acre Proving Ground.

It means that you can now order the new Chevrolet, Pontiac, Oldsmobile, Oakland, Buick, LaSalle, Cadillac, or GMC Truck, and receive immediate delivery.

Behind this policy of continuous improvement is an organization so widespread and resourceful that it can make and sell quality automobiles more economically than any automobile manufacturer in the world.

In the north and south it logs and mills its own lumber. In the east it makes its own ball bearings and radiators. In the middle west it produces its own plate glass. Its plants are busy in 33 important American cities.

From almost 5,000 suppliers, its materials are obtained—steel by the hundreds of thousands of tons—wire by the tens of thousands of miles—upholstery by the acre—nuts, bolts and washers by the millions. Its sales and service take place through 33,000 dealers. More than 275,000 families look directly to General Motors for their livelihood—almost a million and a half men, women and children in every community in the land.

Meaning so much to so many, General Motors has felt a supreme obligation to look ahead.

Are there methods by which General Motors cars can be better built to better serve?

Are there new ideas which can increase the utility and pleasure and safety of motoring?

Are there new materials which can add to owner satisfaction?

Such are the questions that all General Motors engineers have always asked. The answers have made it possible, year after year, to offer an increasing measure of beauty in design, modern performance, riding comfort and distinct style. Thus in every price class, from Cadillac to Chevrolet, purchasers are constantly benefiting from the General Motors policy of progress.

#### TATE'S Blistol

The King of Blister. That's Chaffin Blistol and Antiseptic Healing Oil For Sale by **TABOKA DRUG CO.** 25-27p

### WILL MAKE FIGHT ON PINK BOLL WORM

(Continued from first page)

pointed by the Commissioner of Agriculture of Texas, and two appointed by the Governor. Notices of hearing must be published in local papers ten days before the hearing is held. This Commission has full power and authority to determine what is to be done with respect to the infestation. All persons interested in the matter have the right to be heard and they will be heard, and what they have to say will be carefully considered by the Commission.

The Commission has the power to either put on a non-cotton zone or a regulated zone. A non-cotton zone, as the name indicates, means that the area as determined infested will not be allowed to plant any cotton for a period of time as in the judgment of the Commission's insect will be starved out. This procedure provides for compensation by the State to the farmers prohibited from growing cotton in the amount of the actual and necessary losses, computed by a Compensation Claim Board of three men. No other compensation is provided for.

A regulated zone is a quarantined district within which cotton is allowed to be grown under certain rules and regulations provided for by the Commissioner of Agriculture of Texas. These regulations may include the disinfection of seed, fumigation and treatment of lint, cleaning of fields, cleaning of gins, and oil mills, and the prevention of shipment of products that may be contaminated, and other measures that may be deemed necessary to retard the multiplication or to exterminate or prevent the spread of the pest. No compensation is provided in the case of regulation. The expense of sterilizing the seed, fumigation of lint and other measures, must be borne by the people. This expense, however is not usually heavy.

The policies heretofore have been when infestation of the pink boll-worm gets into the cotton belt to put a non-cotton zone on the infested area, and surround that by a much larger regulated zone. These measures have effected extermination of the pest in the southeastern part of Texas and adjacent areas in Louisiana at Hearse, Emsie and Marler, Texas and Shreveport, La.

Of course, I am not in position to say what course the Commission will take. This is by far the biggest problem of that nature we have yet had

to deal with. For the information of the citizens of the locality and adjacent areas, I might suggest that we will advise that consideration be given to the following counties, and the least we would advise for any of them would be a regulated zone: Glasscock, Midland, Martin, Howard, Borden, Dawson, Andrews, Gaines and Ector. We may conclude that it is necessary to consider a larger area than this, I am sure that the people of this section of the State realize the seriousness of this situation and the necessity for immediate action. We hope, therefore, that all will give the matter very careful consideration and study and be in position to advise with us as to what is best to be done for the best interests of the cotton industry. I would suggest further that the best way to get favorable action on the part of the Commission which represents the entire cotton industry is for the people to show they are ready and willing to give 100 per cent cooperation in the control or eradication of this pest.

Yours very truly,  
R. E. McDONALD  
Entomologist.

### ANNOUNCE WINNER OF LAST SUMMERS YARD CONTEST

(Continued from first page)

1st. Mrs. J. F. Campbell, O'Donnell awarded four trees or four shrubs for yard.

2nd. Mrs. E. A. Thomas, Grassland, awarded yard trellises, given by G. M. Stewart, Higginbotham-Bartlett Lumber Co.

3rd. Mrs. R. C. Forrester, Wilson, awarded one year's subscription to "Better Homes and Gardens," and one year's subscription to "The Small Home."

#### Individual Yards, Community

Taboka:—

1st. Mrs. E. S. Davis, gained 89.9 points; awarded three trees or shrubs for yard.
