

The Lynn County News

Tahoka, Lynn County, Texas, Thursday, March 15, 1928

We invite you to locate in beautiful Tahoka. Good homes, good schools, good churches.

Volume XXIV

Number 49

Work Started On Gas Line Project

PANHANDLE PIPE COMPANY CHANGES ROUTE

Preparations for Laying of Pipe Through Lynn County Soon

The Panhandle Pipe Line Company has heretofore procured right of way for the laying of its main line through Lynn county for the use of the West Texas Gas Co., has made application to the commissioners' court for certain changes in its right of way.

Instead of coming directly from Lubbock two miles west of the highway north out of Tahoka, the line will branch off from the highway a few miles south of Lubbock and intercept Highway No. 9 where it crosses west 15 miles north of Tahoka, and will thence follow this highway, on the west side, to the place two miles northwest of where it will drop back one mile west and proceed southward one mile west of the city limits of Tahoka.

A service line will be extended from a point near the Wayside Fill Station over to Wilson to supply the town with gas. Another service line will be built into Tahoka from the west. The main line will curve around Lake Guthrie and proceed to O'Donnell and further south.

The company's telephone line will be immediately in front of the Tahoka School building just outside the city limits.

HALE CONSENTS TO RUN FOR CITY SECRETARY

Local civil, or sun, time is sufficient for practical purposes until widespread means of rapid transportation by rail, or railroad, time was saved by "leveling off" sun time.

Hale is an experienced book-keeper, having served heretofore as city secretary, as tax assessor, and in other official capacities. He has also had much experience as a book-keeper for private concerns, particularly with one of the Gins here, and he is eminently well qualified for the position.

If elected, there is no doubt that the books of the City will always be kept in perfect condition. Personally he is a man of the highest integrity and can be fully relied on in any position of responsibility.

We commend his candidacy to the thoughtful consideration of the electors of the city.

Suspend School On Account of Smallpox

The school at Gordon suspended today on account of the prevalence of smallpox in the community, according to a communication received from County Superintendent H. P. Caveness.

It seems that several cases of smallpox have developed in the community recently, and it was thought best to suspend school until such time as the health authorities could bring the epidemic under control.

Prof. Caveness also states that at least three cases have also developed at Wells, but it is hoped that no other cases will appear there.

West Worth—A Panhandle-Plains and All-West Texas exhibit are to be shown throughout the Fat Stock show by F. W. Whiteaker of the West Texas Chamber of Commerce.

Thomas Bros. Install New Soda Fountain

A beautiful, expensive, up-to-the-minute Mechanoid Fountain was installed by Thomas Bros., druggists here, at the week. This fountain is a bigger and more complete one than the one which it replaces. It is necessary by the increasing volume of business and by the desire to keep thoroughly abreast of the times.

Teachers Meet At New Home

The Lynn County Teachers Association met Saturday at New Home, with a fairly good attendance and a good program, according to County Superintendent H. P. Caveness.

Prof. William Eilers of the State Department of Education who spent the week here inspecting schools applying for state aid addressed the body, stressing the importance of the consolidation of rural districts for high school purposes.

The program throughout was an interesting and profitable one.

Truett Smith Is Candidate For Clerk's Office

In our paper this week will be found the announcement of Truett B. Smith of New Home as a candidate for county and district clerk.

Mr. Smith is a young man, 23 years of age, residing in the New Home community, where he has been reared. For two years he has been and still is a student in the Texas Technological College, and his educational qualifications are excellent. He is a young man of unimpeachable character and would doubtless render faithful and efficient service if nominated and elected.

Read his announcement elsewhere in this paper and give his candidacy all due consideration.

Instructions To Contributors And Correspondents

If all our correspondents and other contributors of news items will always observe a few simple rules, fewer errors in their communications will appear in this paper.

First: Be sure to write legibly, especially in the writing of proper names.

Second: Always give either the first name or the initials of the individual mentioned. Do not speak of any one merely as Mr. Smith or Mr. Jones unless his full name has been previously given in the same item.

Third: Write on only one side of the paper. That is a rule required in all newspaper offices, and failure to observe it causes frequent trouble.

Just last week we had a terrible mix-up in a contributed article because it was written on both sides of the paper.

Fourth: Correspondents should try to give the real news of their respective communities. The fact that Mary Jones took dinner Sunday with Susie Brown may be interesting to the individuals involved but it is not real news. Your communications will be enjoyed and appreciated more by the readers of this paper if you will fill them up with items of general interest.

Having said this we wish to say further that most of our correspondents are highly efficient—the best on the whole we have ever seen. We appreciate them and the good work they are doing. If the few who can profit by the above suggestions will do so they can help to make our paper of greater interest to their community and to the readers generally.

Great Masters On Exhibit Monday

There will be a display of paramount interest at the Hall Robinson building next week, March 19 to 23, an ART SCHOOL. More than One Hundred Fifty pictures will be shown pictures that you want to see and should know something about. You wish to keep up with your children in school. They are learning to recognize these pictures and to know something of the artist who painted them. In addition to your enjoyment in this collection you will assist in raising a fund for the purchase of pictures for our schools and they are badly needed.

J. H. Edwards attended the Fat Stock show at Fort Worth this week.

MANY SCHOOLS GET STATE AID

Total of \$5,425 Is Allotted To Fifteen Rural School In Lynn County

A total of \$5,425 was allotted to the rural schools of Lynn county by Prof. William Eilers of the State Department of Education at Austin after an inspection of the various schools of the county last week.

Fifteen schools received aid, as follows:	
Pride, No. 3	\$200.00
Tee-Bar, No. 4	100.00
Lakeview, No. 7	585.00
Morgan, No. 10	30.00
Joe Bailey, No. 11	640.00
Three Lakes, No. 14	710.00
Gordon, No. 19	135.00
Newmoore, 1, No. 28	405.00
Newmoore, 2, No. 28	175.00
Magnolia, No. 26	450.00
Grassland Ind.	205.00
Dixie Ind.	440.00
Wells Ind.	840.00
New Home Ind.	40.00
Draw Ind.	410.00

The above figures represent the sum of money in each case necessary to supplement the regular apportionment sufficiently to run each school with state funds for a period of six months.

In submitting his report to County Superintendent H. P. Caveness, Prof. Eilers made the following comment: "I enjoyed going with you to inspect the schools of your county and found all of them meeting the major requirements of the state aid law. I feel, too, that the trustees and teachers will meet the requirements indicated in my report without delay. I desire to compliment you on the classification of your rural schools, limiting three-teacher schools to nine grades, two-teacher schools to eight grades, and one-teacher schools to six."

Mr. and Mrs. Roscoe Roberts are rejoicing over the arrival of a daughter, born Tuesday morning at 7:30. They have named her Alice.

Swan And Luallin Form Partnership

A partnership in automobile and electrical repair business has been formed by Ovid Luallin and A. B. (Boots) Swan, both of whom are well known as being among the best mechanics in this section. Luallin has leased out the old Luallin Garage (Corner Garage) and is now located with Swan at the old Briley Chevrolet building.

Both of these men have worked at their trade in Tahoka for a number of years. Swan has also worked in leading repair shops in Big Spring, Eastland, Amarillo, Borger, and other west Texas cities. Luallin has worked at the trade in Tahoka for seven years, was foreman of the Connelly Motor Company for several years, and has on several occasions been a student in the Ford school. Both are expert mechanics on all makes of cars.

Their shop is equipped with the best of tools for all kinds of repair and electrical work.

AGED LADY BURIED HERE LAST SATURDAY

Mrs. Sarah Virginia Edwards, formerly a resident of this county, died at the home of her daughter in Waco last Friday. The remains were brought to Tahoka for burial, being transported from Post by the Harris-Applewhite Undertaking Department. Funeral services were conducted in the Methodist Church here Saturday afternoon, Rev. R. T. Breedlove officiating. Interment followed in the City Cemetery.

Mrs. Edwards was about 77 years of age. For a number of years she resided in this county and two sons still reside in the county a few miles west of O'Donnell. Mrs. Edwards was well known to all the old-timers here and many friends were grieved to learn of her death.

Biddy is busy. That became evident last Saturday when eggs began to pour into our local stores from the farms. One grocery store alone reports that it bought more than 400 dozen eggs on that day. The hen is doing her part to bring prosperity to the South Plains.

DRILLING ON NEVELS WELL

New Company Resumes Drilling After Long Delay; Now Down 650 Feet

Drillers resumed work early this week on the Nevels well situated about seventeen miles west of Tahoka, two miles north of Loulynn. This well was begun by the Mauldin Drilling Co. of Amarillo, but this company closed down several months ago, since which time no drilling was done until this week. A few weeks ago the contract of the Mauldin Drilling Company was taken over by the Miller Drilling Company of Fort Worth, and this company has had a man here three or four weeks making preparation for the resumption of drilling operations. A new water well was drilled in order to insure a sufficient water supply. The old rotary rig has been taken away and a larger rig has been installed by the Miller Drilling Co. The actual work of drilling was begun Wednesday night. The well had been drilled to a depth of about 650 feet before being closed down.

This well is being drilled for the Elpo Oil & Gas Co. The contract calls for a depth of 3,500 feet. Jack Hart is here representing the Miller Drilling Company and Charles Ray is the driller. It is hoped that rapid progress will be made on this well from this time on out.

WELL SPUDDED IN ON PIPPIN RANCH

The work on the B. F. Pippin, No. 1, well, which was spudded in the first part of the week has progressed nicely.

The derrick and equipment was completed and installed the latter part of last week, which made it possible for drillers to start to work the first part of the week.

This well is located five miles north of here in about the center of the Marland Company's drilling block. It will be a deep test.—Post Dispatch.

Mrs. Walker Enters Secretary's Race

Mrs. J. B. Walker has graciously tossed her feminine hat over into the political ring as a candidate for City Secretary.

Mrs. Walker is a well-educated and highly accomplished lady and has had considerable experience in life. She is no doubt well qualified to keep the books of the City and would be faithful and attentive to her duties if elected. She respectfully asks the kindest consideration of the voters and would deeply appreciate your vote and influence. We commend her candidacy to your thoughtful consideration.

BONDS ARE VOTED; POST WILL HAVE NEW SCHOOL

The result of the school bond election which now is the time for motion which gives 266 votes and 15 against gives us a very vivid idea of how Post citizens feel about progress. The election was held Tuesday at the court house.

The new structure as pictured in Davis-Mason show window is one of the prettiest buildings of the Spanish type that we have ever seen. It shows eleven class rooms with the most modern equipment in all laboratories and a large auditorium that will seat about four times as many as the old building.

If the new lots can be secured the Spanish design that is displayed but if the old location has to be used the design will be changed to suit the old school grounds. The board will meet in a few days and perhaps next issue of the Dispatch we will have something definite about our new school.—Post Dispatch.

HOLLAND OPENS REPAIR SHOP

J. C. Holland has opened an automobile repair shop in the old Corner Garage recently vacated by Ovid Luallin. Mr. Holland was formerly associated with O. L. McHorse in the repair business and is said to be a good mechanic. He invites the patronage of the public.

Petersburg—A 20,000 bushel capacity grain elevator is to be built here.

Many Are Coming To League Meet

Trustee Candidates Should File Names

Judge C. H. Cain calls attention to the fact that the law requires the names of all persons which are to be printed on the ballot in the school trustee election in April to file the same with the county judge at least ten days before the election. The school trustee elections will be held on April 7. The names must be filed therefore not later than March 27. This applies to all common districts and to all independent districts having less than 500 scholastics.

New Home School Is Rated Highest In Lynn County

One of the duties of the county superintendent of schools is to check up on the rural schools of the county and determine their rating according to a schedule furnished by the State Superintendent. Supt. H. P. Caveness has recently made the rating for the rural schools of Lynn county and finds that the New Home school scored a total of 947 out of a possible 1,000. This is the highest rating of any school in the county, Dixie coming second with 910 points. Its rating was cut 90 points by reason of the fact it does not maintain a school term of eight months. A number of other schools in the county showed high scores.

Edith School Shows Progressive Spirit

County Superintendent H. P. Caveness, Prof. Taylor White, and Postmaster D. A. Parkhurst acted as judges in the local contests at Edith Tuesday night to determine what pupils should represent that school in the various literary events at the county meet in Tahoka next week. Supt. Caveness reports that the contests there were most excellent.

Mr. Caveness also says that the Edith community has shown its spirit of progressiveness in the fact that it has raised about \$250.00 to supplement its local school fund to enable the school to run at least seven months. It has further shown its progressiveness, according to Prof. Caveness, by voting in mass meeting, on two separate occasions, in favor of consolidation for high school purposes with some convenient adjacent rural schools.

The faculty is composed of Prof. Woods and Miss Iola Nowlin.

WILSON TO HAVE ELECTRIC LIGHTS SOON

For a number of years Wilson has looked forward to the time when she could have her white way and have her homes lit up with electricity. The dream is just about to come true as representatives of the Texas Utilities Co. and of Wilson got together one night last week and signed a contract whereby the citizens of Wilson agree to pay the Texas Utilities Co. a certain sum and in return the said Co. agrees to place in operation at least six street lights to be kept up by the Co. for a period of 30 months, and also wire the town to take care of the needs of the people at a cost equal to that charged in other near by towns. We are expecting lights by July 1st 1928.

Building Bathing Pool Near Town

Hill Hibdon states that he has already let the contract for the construction of a concrete bathing pool at his place a few miles north of town. The structure will be 24 feet wide, 80 feet long, and from two to 10 feet deep. It will be built entirely above ground so that it may be drained easily and kept filled constantly with fresh water. Two wells with windmills and a gasoline engine will furnish the water. Mr. Hibdon says that the pool will be completed and ready for service by May 1.

SELECT LEAGUE MEET ENTRIES

Interest Develops in Contests Set For March 23 And 24 To Be Held Here

Much interest is developing in the County Interscholastic League contests that are to be held in Tahoka Friday and Saturday, March 23 and 24. From reports from over the county practically all the schools will have a large crowd at the meet. The local schools are eliminating this week. Music eliminations were held Monday evening, and declamation and extemporaneous speech contests were held Tuesday evening. Athletic contests, spelling, arithmetic, etc., are also being held this week to determine the representatives from the Tahoka schools in the County Meet. Many contests were very close, and gave assurance of the winners. Possibly the final decisions of the judges sibly the greatest interest centered around the music contests Monday evening. Those who attended this contest declare that it was worth much more than many programs that have been given in this town for which admission was charged. The contestants furnished a pleasing entertainment throughout. Much interest was aroused also by the extemporaneous speech contests. This is the first year the local schools have made this work applicable to the entire student body above the primary department. Many pleasing and profitable speeches were given.

The winners of the different contests to date are as follows: sub-junior piano, Marjorie Wells; junior piano, Evelyn Wells; senior piano, Cleone Wells; junior violin, Lucille Slaton; girl's vocal solo, Charlene Maddox; boy's vocal solo, Clifton Janak; girl's vocal duets, Venoy Coughran and Ktheryn Poer; boys' duets, Ernest Cowan and Frank Sargent; boy's quartet, Ernest Cowan, Frank Sargent, Clarence Barnes, and Harlan Cook; declamation, junior boys, seventh grade, Martin Baze, Jr.; junior boys, central ward, John Janak; junior girls, central ward, Mary Jane Weathers; junior girls, seventh grade, Helen Applewhite; senior girls, high school, Evelyn Wells; extemporaneous speech, 7th grade, Margaret Wetzel; extemporaneous speech, central ward, Chas. Shook;

Miss Finch Out For City Secretary

Miss Lillian Finch, daughter of Mr. and Mrs. C. M. Finch, has authorized us to place her name in our announcement column as a candidate for city secretary at the election to be held in April.

Miss Finch is 22 years of age and has been a resident of this county for fourteen years. For the past two years she has resided with her parents in Tahoka. In 1926 she graduated in the Tahoka High School and recently she took a business course, which included type-writing and book-keeping. She believes that she is thoroughly qualified to fill the position which she seeks and respectfully asks the support of the voters of the city. "If elected, I will do my best," she said to the News when authorizing her announcement.

Miss Finch is a most deserving young lady of the finest character, and she should receive the serious consideration of the voters of the city.

Bartley Arrested On Second Charge

Soon after being found not guilty on a charge of rape in the district court last week, W. R. Bartley was re-arrested on a charge of incest. Bond in this case was fixed at \$3,500 which the defendant gave readily. It is understood that he has gone to southeast Texas to spend some time with a daughter.

200 Ladies and Childrens New Spring HATS

SALE

100 New Spring SILK DRESSES

To the Ladies of Tahoka and Lynn County who want Style and Quality at an extra Special Price—You are invited to attend our **SPECIAL WEEK-END-SALE.**

You visit our Store this Week-end, and We assure you that you will not be disappointed.

We Lead

JONES DRY GOODS

In Prices

Pecos—A \$500,000 power plant, the largest in the Trans-Pecos region, is under construction here.

Grassland

GRASSLAND, Mar. 13—Carpenters are busy constructing the new Church of Christ edifice here. It is situated about 50 yards north of the Methodist church. It will be one of the prettiest little churches in this section.

Elimination of declaimers took place at the Grassland schools Wednesday morning.

Two fairly congregations attended religious services Sunday morning and evening at the Methodist church. At the forenoon service the pastor, Rev. Ham Wright took a collection for missions in the \$1,000,000 drive which the church now is waging throughout the connection. Grassland subscribed liberally. The pastor announced that he would not be at his next appointment, April 8 due to being in a revival meeting at Draw, but selected the fifth Sunday in April, 29th, as the date he will preach. He is contemplating a spring revival here in the near future.

The Baptist at Center Church, about two miles north on the main Post Highway, began a meeting Sunday, which is said to be well attended. Many turned out Sunday to the services.

Farmers in this area for the most part have their land all prepared for the new crop and are now anxiously waiting for more precipitation, but there seems to be a fair quantity of

moisture latent in the earth.

Mr. and Mrs. Price Thomas and others left Sunday evening for Post where they entrained for Fort Worth to attend the big Fat Stock Show.

The Methodist Sunday School has added a primary department, curtailed off a portion of the church and installed about two dozen little red chairs for the juniors. The "kiddies" certainly are "tickled." The innovations are in line with the plan to make this Sunday School a standard institution.

Draw Items

Draw, Mar. 13—A light shower of rain fell throughout the Draw area Friday afternoon, approximating a downpour southwest of the town. Grass is now showing verdant in many spots, presaging an early spring.

Two good crowds attended the Assembly of God Church Sunday.

The semi-weekly singing given Sunday afternoon at the Methodist church was well attended. This is proving quite an attraction here during the off-days of preaching. In the evening the Epworth League rendered its program followed by the Sunday evening prayer meeting led by Gus Porterfield accompanied by many testimonies.

The Woman's Missionary Society held Monday of last week was well attended. This organization is the first "jubilee" organization in the zone and the second in the Lubbock district. Representatives of this society probably will go to Lamesa next Tuesday to attend the zone meeting presided over by Zone Leader, Mrs. W. H. Crawley. The pastor of the local church is on the program to deliver the devotional at the meeting.

Arrangements are well in hand for the beginning of the spring revival at the Methodist church, which is scheduled to start April 1. Prayer chains with many consecrated "links" have been formed.

A representative of the state board of education inspected the local schools last week.

Farmers of the independent rural telephone system have completed the O'Donnell telephone line to the vicinity of Draw. Installation of boxes and connection will soon be consummated. About fifty farmers have agreed to connect with the system, while two or three merchants are expected to have connection also.

Clarence Jackson, a local merchant

has been in Waco for the last several days on business.

The first social of the Junior Epworth League was scheduled for Thursday evening at the Methodist parsonage with Mrs. Hamilton Wright, Supervisor, as hostess. The social feature is to be made prominent though secondary to the work of this virile juvenile organization during the summer.

The new residence of Mr. Hensley, postmaster, immediately across the street from the postoffice is rapidly nearing completion. It will be one of the prettiest in Draw.

The second quarterly conference of the Draw-Grassland-Gossett circuit (Methodist) will be held at Gossett, just up on the caprock from Post City, in the afternoon of Sunday, March 25, and at night, Presiding Elder D. B. Doak will preach in the afternoon preceding the business session and again at night. Dinner probably will be served on the ground. Large crowds from Draw and Grassland are expected to attend. Delegates will be chosen at this session to represent the circuit at the district conference.

The annual district conference of the Lubbock District, Methodist Church, will be held at O'Donnell, April 19 and 20. The opening sermon will be preached on the evening of April 18, with Rev. J. W. Chisholm, pastor of the Brownfield church, in the pulpit. The two-day session will be given over to transaction of business, licensing to preach and recommending to the annual conference of those for admission on trial into the itinerancy. Rev. D. B. Doak, presiding elder of Lubbock, will preside. Rev. Ham Wright of the Draw circuit is secretary of the body. O'Donnell is making arrangements to handle quite a large number of lay and clerical delegates from about 40 circuits and "stations" in the district.

Newmoore

This section was favored with a nice little shower last Friday afternoon.

There has been quite a building boom at Newmoore recently. Already three houses and an addition have been completed. Two other residence buildings are now under construction; and it is reported that another will be started this week.

Mrs. J. L. M. Curry is on the sick list this week. Mrs. Rogers was recalled to her son's

near Tahoka Sunday on account of the illness of the latter's baby.

Mr. and Mrs. Nix and family of Lorraine spent the week-end in the home of Mr. Nix's sister, Mrs. E. L. Lehman. Mr. Nix is a good singer, and he was present at Sunday school in the morning and singing in the evening. His presence added very much to the song service. Newmoore always welcomes her visitors, but she is especially glad to receive such as Mr. Nix.

Mr. Philips and family of O'Donnell have just moved into the community. The state school inspector visited the Newmoore school last Tuesday.

Mr. and Mrs. Joe T. Moore left Sunday for Dallas where they will make their home.

Mrs. J. W. Pippin and children are visiting in Tokio.

Mr. and Mrs. E. A. Goad spent the week-end with Mr. and Mrs. Thomas Moore.

Mr. and Mrs. John Rogers' little girl was operated on again last Saturday.

The child is suffering from bone trouble. She is now doing

ly. The Newmoore basketball team went to Pride Friday afternoon. However, the shower prevented the game which was to have been played on an outdoor court.

A group of citizens from Newmoore, Wells, T-Bar and Three met at Wells Friday evening to discuss the question of consolidating those school districts. After a meeting by Mr. Caviness and a discussion which all had a part, a vote was taken to determine whether or not county board would be petitioned to call an election. One name was against the petition. A few days ago the petitions are now being circulated and it is hoped that the citizen of the communities mentioned will see fit to sign them.

Immediately before the meeting mentioned above, the school children gave a play which was enjoyed by everyone.

Mr. and Mrs. C. A. Thomas attended the West Texas Druggist Convention in session at Big Spring on Tuesday and Wednesday of this week. Mr. Thomas states that there were more than 400 in attendance and that the discussions were very fine.

He and Mrs. Thomas enjoyed the meeting very much.

Mr. and Mrs. Tom Rogers living on the G. T. Brewer farm south of Tahoka are the parents of a fine boy, born on Friday, March 9.

Santa Fe Plans Railroad Extension

Dallas, March 12.—The directorate of the Santa Fe Railway Company has before it for decision a survey concerning the construction of a line from Dallas to Parmerton in West Texas, a railroad project, which would be one of the largest in this state and which would cost, it is said, at least \$15,000,000.

This information comes from diverse sources, among them a Dallas traffic expert. It has been known for more than a year that the Santa Fe was considering the construction of a line cutting across West Texas, thru statements of that railway's officials. Now, well informed railroad men are declaring that such construction will soon begin, since the Burlington System is building in the West Texas territory heretofore controlled by the Santa Fe and since it is known that the latter railway has been in negotiation with W. Frank Knox, receiver for the Gulf, Texas & Western Railway, whose line is the key to the proposed new line.

The proposed route, according to well-informed railroad men, is about 450 miles in length. Parmerton, the western terminus of this line would also be the junction point at which the line would join with the transcontinental division of the Santa Fe. In this manner Dallas would have quick and direct access not only with West Texas, but with California. West Texas is a rich, fertile, rapidly developing country.

Officials of the Santa Fe are negotiating with citizens of Lamb, Parmerton and Hale counties in West Texas concerning the obtaining of land for a part of the right-of-way. The officials, in conference with Lamb county men at Olton, declared upon promise of right of way across Lamb county that the proposition would be placed before the Interstate Commerce Commission and upon the consent of that body the road would be in operation within two years.

This segment of the new line would be about 60 miles in length and connect Parmerton to Hale Center in Hale county by way of Olton.

The complete proposed route would be from Dallas to Perrin, Jacksboro, Olney, Seymour, Benjamin, Guthrie, Floydada, Plainview, and Parmerton, where it would join the transcontinental line of the Santa Fe.

The proposed new route would necessitate construction of lines between Dallas and Perrin; would necessitate the purchase of the Gulf, Texas & Western Railway Company between Perrin and Seymour, and new construction between Plainview and Parmerton. The Santa Fe now has trackage between Floydada and Plainview, Floydada and Seymour would have to be connected.

Battle Ground of Lines
West Texas has long been a battle ground of competing railroads. Last year the Burlington System received a permit from the Interstate Commerce Commission to penetrate deep into the territory and is now laying track which will constitute a line which will be finished by June. Since the recent development of West Texas, competition has become

even keener and railroad men say that the Santa Fe, which is in a prosperous condition, will not relinquish the field without a struggle.

OLTON, Mar. 8.—The Santa Fe plans the construction of a railroad from Farmerton, 26 miles northeast of Clovis, to Olton and Hale Center, a distance of 66 miles.

A definite proposition has been made to this city, according to local citizens, that Santa Fe will file application with the interstate commerce commission for the building of such road if the right-of-way is secured.

It is understood that a local committee has already secured subscriptions totaling between \$25,000 and \$30,000 for the purpose of securing right-of-way for a railroad, but it was also stated that no definite proposition has as yet been accepted.

The proposed railroad would almost parallel the Lubbock-Texas cut-off and would be approximately 30 miles from that line. It will traverse one of the richest, undeveloped sections of West Texas.

E. A. Park is spending this week at Fort Worth in attendance at the Fat Stock Show.

Beecher Sherrod has gone to Dallas to attend a Ford school of mechanics.

Sheriff Wesley Simpson attended the Fat Stock Show at Fort Worth this week.

The commissioners' court was in session several days this week attending to routine matters.

J. J. Massengale received a telegram from his wife at Killen Saturday to the effect that her father, V. P. Irvin, had died the preceding night. The family was called to Killen two weeks ago by Mr. Irvin's serious condition, who had suffered a stroke of paralysis.

Mr. and Mrs. Grover Stewart were among those who attended the Fat Stock Show at Fort Worth.

There are four state and one Federal fish hatcheries in Texas.

BUS SCHEDULE
Owing to the changes in train schedules on the main line of the Santa Fe, the schedule of the Brownfield-Tahoka-Post mail bus will be as follows:

West Bound
Leave—Post—8:40 A. M.
Leave—Tahoka—9:50 A. M.
Arrive—Brownfield—11:00 A. M.

East Bound

DRAW CLUB GIRLS WILL GIVE PLAY

A play entitled "The Winning of Joy" will be given on next Thursday night, March 22, at the school auditorium at Draw by the Club Girls, the proceeds to be used for fitting up club room. Admission 25 and 15 cents. You are cordially in-

vited; a good time promised. The News office is printing three papers this week besides its own, viz: The Meadow Review, The Seagraves Signal, and The Wilson Pointer. With the foreman of the shop absent Monday and the editor in bed sick Tuesday, we have been unable to collect news for our own paper as well this week as we would like.

**MAYFIELD LINES UP WITH
MARLATT**

Senator Earle B. Mayfield has in-
troduced a bill in the U. S. Senate
providing that the federal govern-
ment shall be the entire expense of
the control and eradication of agri-
cultural pests such as the pink boll
worm, brought into this coun-
try from a foreign country. In
speaking upon his bill Senator
Mayfield is quoted as saying that
"The policy to be followed and the
measures to be employed are deter-
mined by the Federal Government,
the States being given no power or au-
thority whatever."
We do not take kindly to the bill.
If this matter had been solely in the

hands of the Federal Government
during the past few months, the
seven West Texas counties where
some dead pink boll worms were re-
cently found, would today be under
quarantine. Had Dr. Marlatt of the
Federal Department of Agriculture
had his way, a non-cotton zone would
have been drawn around at least 14
west Texas counties before this date
and the farmers of these counties
would not be permitted to raise a
lock of cotton this year. But the mat-
ter was not in the control of the Fed-
eral Government. It had to be sub-
mitted to a commission appointed by
Governor Moody. This commission
heard the evidence, and in spite of
the recommendation of Dr. Marlatt
it refused to recommend a non-cotton
zone, recommending only regulatory
measures. Senator Mayfield would
take this matter out of the hands of
Texas and place it in the hands of a
Federal Bureau at Washington. He
would give this Bureau the power to
do that which it has been attempting
to induce the Pink Boll Worm Com-
mission of Texas to do, viz: to pro-
hibit the raising of cotton in Dawson
Howard, Martin, Midland or any other
county where a dead pink boll
worm might be found. We are against
this transfer of power to a Bureau
or Department at Washington.

The pink boll worm commission
will meet in Lamesa next Friday to
hold a formal investigation as to in-
festation in that county. Since it is
evident that the infestation in that
county last year was exceedingly
slight and since the only two worms
found in that county were dead ones,
having been killed doubtless by the
severe freezes of December and
January, our people do not feel that
even regulatory measures are neces-
sary for that county. But it is al-
most certain nevertheless that regu-
latory measures will be imposed and
there is a possibility that the regula-
ted territory may embrace a portion
of Lynn county. For that reason
Lynn county people should be in La-
mesa next Friday to protest against
including any portion of this county
in the regulated district. We do not
believe that the line should come as
far north as the boundary line of
Dawson and Lynn counties.

While the Santa Fe and other rail-
ways seem to be fighting desperately
for the north plains and central plains
territory literally spider-webbing
that section with railways that por-
tion of the plains lying south of Lub-
bock is suffering from lack of rail-
way facilities. We need a direct route
from this section to deep water.

Dairying is receiving much atten-
tion in Hale and other counties north
of us. There could be no finer sec-
tion for dairying than this south
plains country. More attention should
be given to it in Lynn county.

Several residences are under con-
struction here now and the prospects
are that many houses will be built
this spring and summer. Watch Ta-
hoka grow.

**Political
Announcements**

The following candidates announce
their candidacy for office subject to
the action of the Democratic primary
election in July, 1928:

- For District Attorney, 106th Judicial
District:
T. L. PRICE (Re-election)
- For County Judge:
G. C. GRIDER
- For Sheriff and Tax Collector:
B. R. (JAKE) HOLCOMB.
J. H. YARBOROUGH
BEN KING
J. W. SIMPSON (Re-election)
SAM SANFORD
- For County Attorney:
G. H. NELSON
- For County Tax Assessor:
J. S. (JIM) WEATHERFORD
(re-election)
T. W. BROWN
- For County Superintendent:
H. P. CAVENESS (Re-election)
- For County Treasurer:
MISS VIOLA ELLIS (Re-election)
- For Public Weigher, Precinct 1:
FRANK EDWARDS
W. O. HENDERSON
R. W. FENTON JR.
W. P. BUSSELL
R. C. WOOD (Re-election)
- For County and District Clerk:
W. E. (HAPPY) SMITH.
(Re-election)
E. W. HOLLOWAY.
- For Commissioner Prec't. No. 2:
W. Z. FLORENCE
R. B. McCORD (Re-election)
- For Justice of the Peace, Prec't. 1:
I. P. METCALF (Re-election)

The following candidates announce
their candidacy for office subject to
the action of the voters in the City
election of April 3, 1928:

- For City Secretary:
MRS. LOUIE L. WEATHERS
MRS. J. B. WALKER
HOBACE HALE
MISS LILLIAN FINCH

The Pink Boll Worm Commission in
its report recommending regulatory
measures for the seven newly-infested
counties of West Texas warned the
people that they should be now to
get ready for non-cotton zones next
year. If any pink boll worms should
be found in any of these counties this
year the commission will recommend
a non-cotton zone, and possibly de-
struction of this year's crop. They
also indicated that an intensive re-
search campaign would be carried on
to find any worms that might be
present. The federal government is
expected to appropriate large sums
for research work and the Commis-
sion has asked the state government
to appropriate \$50,000 for this pur-
pose. Pink boll worm scouts will
probably be swarming all over this
section of the state this summer and
fall. We would not undertake to
advise how and where any of this
money should be spent but we do be-
lieve that with this vast sum avail-
able some search should also be made
in the fields of south Texas along the
Gulf coast and the lower Rio Grande
and possibly other parts of the state.
It might be possible that Mexican
cotton pickers or one of Governor
Moody's little whirl winds have car-
ried a few of the pests over in that
section. Perhaps that whirlwind
business needs a little explanation.
At the Sweetwater meeting Governor
Moody drew a graphic picture of how
the pink boll worms might be carried
from one section of the state to an-
other by whirlwinds. Some of these
West Texas boys who have had an
occasional experience with a real,
sure-enough, honest-to-goodness sand
storm, had considerable fun at the
Governor's expense about his whirl-
wind theory. If a little whirlwind
could be so effective in scattering the
worms they wanted to know what the
Governor thought a real sandstorm
might do.

The state and federal governments
are preparing to comb west Texas
with a fine-tooth comb in search of
pink boll worms this year. Since
the first infestation in this state
was found in Chambers county near
Galveston and the second was found
in Ellis county in the heart of the
black land belt, it would appear that
some combing should be done in
those sections of the state also.

Happy—A twenty-five room hotel
building with space for four business
houses, lobby, and coffee shop on the
ground floor has been planned by
local capital.

Since a super-abundance of feed
can be raised here cheaply, we be-
lieve that there are splendid oppor-
tunities here for the man who will
give much attention to the produc-
tion of dairy products and to the
raising of hogs, poultry, and turkeys.

The school children and their par-
ents are going to be with us from
every community in Lynn county
next week. We should leave nothing
undone to make their stay among
us pleasant. Let's make them love
Taboka.

The News has received a commu-
nication from S. N. McDaniel order-
ing his paper sent to Weslaco in the
lower Rio Grande valley. Mr. McDaniel
says they are shipping out several
cars of vegetables from Weslaco ev-
ery day.

Mr. and Mrs. A. L. Lockwood left
Wednesday for Hot Springs, Ark.,
where they expect to spend a month
or more. They intended to stop
over at the Stock Show in Fort Worth
a day or two.

Lometa—Lometa is one among 79
Texas towns entitled to good fire re-
cords credits effective March 1.

Santa Anna—Dedication services
for Santa Anna's new high school
building have been held.

ELECTION NOTICE

By virtue of authority vested in
me as mayor of the City of Taboka,
Texas, and in compliance with an or-
der made by the City Council, I
hereby give notice that an election
will be held at the office of the Jus-
tice of the Peace in the Court House
of Lynn County in said city of Ta-
hoka on the third day of April, 1928,
being the first Tuesday in said month
for the purpose of electing two al-
dermen and a city secretary.

S. J. Smith has been appointed
presiding officer of said election and
he shall select two judges and two
clerks to assist in holding same; and
said election shall be held in the
manner and within the hours pre-
scribed by law.

Every person who shall have at-
tained the age of twenty-one years
and who shall have resided within
the limits of said city for six months
next preceding the date of said elec-
tion and who is a qualified voter un-
der the laws of the State of Texas
shall be entitled to a vote at said
election.

Given under my hand and the seal
of said City, this the 3rd day of
March, A. D. 1928.
J. R. SINGLETON, Mayor.

**Look For the Red
"O. K." Tag**

After we have thoroughly
reconditioned a used car, we
attach a red "O. K." tag to
the radiator cap.

This tag certifies that the vi-
tal units of the car have been
gone over completely by ex-
pert mechanics and put in
condition to give thousands
of miles of additional serv-
ice. It takes all the "guess-
work" out of used car buying.

Look for this tag when you buy a
used car—for it is your guarantee
of quality and value!

**Mississippi Merchant Recommends
Black-Draught For
This Symptom Of Indigestion.**

Mr. D. W. Huff, a retired
merchant of Centerville, Miss.,
and very well known in his
part of the state, makes the
following statement, in re-
gard to his experience with
Theodor's Black-Draught:
"About thirty years ago, I
found myself in need of a
medicine and I began using
Black-Draught, as it had been
highly recommended to me.
I found it good.
"I used to have a tight feel-
ing in my chest, after meals,
suffered from indigestion, and
was very uncomfortable. I
would feel tired, not like
working. I would take a few
doses of Black-Draught, and
feel like work. I call it my
"medicine".
Let Theodor's Black-
Draught be your medicine,
too. Sold everywhere. One
cent a dose.

Petty
 (Delayed)

Well, every one seems to be in high spirits, as this pretty weather is promising for a bumper crop. There is quite a lot of sickness in our community. Mr. and Mrs. Carter, who lost their infant son last week, have a little girl four years old who is very low with pneumonia, and folks these good people need more company to sit up with them. Let's be more attentive to them. We learn Mrs. D. C. Baker has been quite ill the past week. Miss Mary Dockery had the misfortune of getting her arm sprained last week while playing at school. On account of sickness there were not so many at Sunday School last Sunday. Audie Whitley of Lubbock is visiting with Warren Smith this week. Mr. and Mrs. Dockery were guests of Mr. and Mrs. G. C. Beatty Sunday. We had another birthday celebration at Petty last Sunday, when O. S. Smith reached his twenty-first year. All kinds of good eats were served, a number of relatives and friends being present. The patrons of the school met at the school house last Wednesday eve and set out a number of trees on the school ground. Petty is coming to the front. Last year she had about 17 scholars. This year she has 28. Mrs. H. C. Whitley has been real sick of the "flu". We hope she will soon be up. Little Louis Conley Umfried was real sick last week with tonsillitis but is better now. Mrs. B. A. Rowan visited Mrs. D. C. Baker one day last week. W. T. Mayberry left last Friday for his home near Waco. C. G. Farmer and family visited their daughter, Mrs. Clifford Bertling, Sunday near Meadow. Mr. and Mrs. Bertling are the proud parents of a big fine baby boy. Mr. John Heck was here last week looking after his farms. Mr. John Miller hauled cotton to Wilson two days last week. Miss Anna Miller visited Miss Vivian Baker last Friday night. Miss Zola Mae Wilson and her little sister, Neta Fae, visited their aunt, Mrs. A. B. Hamberline, Sunday. Mr. and Mrs. McCracken visited Mr. and Mrs. Fox Middleton Sunday. Mr. and Mrs. Wallace White visited Mr. White's mother, Mrs. J. W. White, Sunday. Mr. J. T. Tucker has been going to Lubbock having the doctor treat his hand for cancer. They are using the radium treatment. Mr. H. C. Whitley's sister and family from Big Spring spent Saturday and Sunday in Mr. Whitley's home.

NOTICE OF STOCK LAW ELECTION
 THE STATE OF TEXAS,
 COUNTY OF LYNN
 On this the 20th day of February, A. D. 1928, it appearing to me, as County Judge of Lynn County, Texas, that the Commissioners Court of Lynn County, Texas, did, by its order made and entered on the 18th day of February, 1928, designate as a stock law subdivision of Lynn County, Texas, for the purpose of determining whether or not horses, mules, jacks, jennets, and cattle shall be permitted to run at large therein, Election Precinct No. 6 of Lynn County, Texas, as said subdivision is hereinafter described and bounded; and did, at the same time order that an election be held therein on the 31st day of March, 1928, for the purpose of determining whether or not horses, mules, jacks, jennets and cattle shall be permitted to run at large within said subdivision of Lynn County, Texas; and it further appearing that said order was made upon the petition of J. B. Reece and 59 other freeholders residing within said subdivision. Therefore, by authority of law vested in me as County Judge of Lynn County, Texas, it is hereby ordered that an election be held at the Courthouse in Tahoka, Texas, and within the hereinafter described subdivision, on the 31st day of March, 1928, for the purpose of determining whether or not horses, mules, jacks, jennets and cattle shall be permitted to run at large within Election Precinct No. 6, of Lynn County, Texas, described and bounded as follows: Beginning at the Southwest corner of Survey No. 563, Certificate No. 74, and running thence North on section lines two miles to the Northwest corner of Survey No. 323, Certificate No. 112, for a corner of this subdivision; Thence East on section lines two miles to the Southwest corner of Survey No. 378, Certificate No. 272, for an ell corner of this subdivision;

Thence North on section lines four miles to the Northwest corner of Survey No. 387, Certificate No. 447, for a corner of this subdivision; Thence East on section lines seven miles to the Northeast corner of Survey No. 8, Certificate No. 621, for a corner of this subdivision; Thence South one mile to the Southeast corner of said Survey No. 8, for an ell corner of this subdivision; Thence East on section lines two miles to the Northeast corner of Survey No. 1, Certificate No. 468, for a corner of this subdivision; Thence South on section lines five miles to the Southeast corner of Survey No. 529, Certificate No. 2-218, for a corner of this subdivision; Thence West on section lines to the center of Alley Street in the original town of Tahoka, for an ell corner of this subdivision; Thence South along the center of said street to a point due east of the center of Court House, for a corner of subdivision; Thence West through the center of the hall through the basement of the Courthouse to the center of Sweet street, for a corner of this subdivision; Thence North along the center of Sweet street to center of Lockwood Street, for a corner of this subdivision; Thence West to the Southwest corner of Survey No. 563, Certificate No. 74, the place of beginning, and to be known as the "North Tahoka Stock Law District."

J. K. Callaway is hereby appointed presiding judge of said election, and G. W. Small and A. L. Lockwood are hereby appointed assistant judges of said election, and they shall appoint the necessary clerks provided by law. Only persons who are freeholders within said subdivision and who are qualified voters within said subdivision under the Constitution and laws of this State shall vote at said election. All voters desiring to prevent horses, mules, jacks, jennets and cattle from running at large within said subdivision shall have written or printed upon their ballots the words: "For the Stock Law;" and all voters who are in favor of allowing horses, mules, jacks, jennets and cattle to run at large within said subdivision shall have written or printed upon their ballots the words: "Against the Stock Law." Notice of said election shall be given as required by law. C. H. CAIN
 County Judge
 (SEAL)
 I hereby certify that the above and foregoing is a true and correct copy

Maybe you have a High Compression Motor—RIGHT NOW!

THERE are two kinds of high-compression motors. In one the compression ratio has been raised purposefully by the car manufacturer to produce more power; the other is a high-compression condition caused by the natural formation of carbon in the combustion chamber. This condition exists, to some extent, in every motor.

But in either case there is one best fuel to release the full power caused by high compression. That fuel is Winter Conoco Ethyl Gasoline, the super-gasoline that knocks out the "knock," turns carbon into power and assures a smooth-running motor at any speed and under practically all operating conditions. It gives the extra pull you need for snow and slush and muddy roads. It is the last word in motor fuels.

Drive up to a Conoco Ethyl pump—and convince yourself.

Coming to Lubbock Dr. Mellenthin Specialist

In Internal Medicine for the past fifteen years
 DOES NOT OPERATE
 Will Be At MERRILL HOTEL MONDAY MARCH 26
 Office Hours: 10 a. m. to 3 p. m.
 ONE DAY ONLY
 No Charges for Consultation

Dr. Mellenthin is a regular graduate in medicine and surgery and is licensed by the state of Texas. He does not operate for chronic appendicitis, gall stones, ulcers of stomach, tonsils or adenoids.

He has to his credit wonderful results in diseases of the stomach, liver, bowels, blood, skin, nerves, heart, kidney, bladder, bed-wetting, catarrh, weak lungs, rheumatism, sciatica, leg ulcers and rectal ailments.

Below are the names of a few of his many satisfied patients in Texas who have been treated for one of the above named causes:

- Mrs. Alfred Pfeil, Fredericksburg.
 - Mrs. I. N. Pond, Amarillo.
 - Mrs. Fritz Wilke, Albert.
 - Mrs. W. R. Thomas, Athens.
 - A. A. Krause, Yoakum.
 - Mrs. Nora-Hillboldt, Cat Springs.
 - Mrs. M. A. Martin, Lorenzo.
 - Mrs. J. S. Mitchell, Farmerville.
- Remember above date, that consultation on this trip will be free and that his treatment is different.
 Married women must be accompanied by their husbands.
 Address: 211 Bradbury Bldg., Los Angeles, California.

New Home Man In Clerk's Race

In offering my name to the voters of Lynn county as candidate for County and District clerk, subject to the action of the Democratic Primary, July 28, 1928. I do so with full realization of the responsibility such an office would entail.

I am the son of S. L. (Sam) Smith. I have lived in Lynn county in the community of New Home for twenty one years. During the past three years I have been in college; one year in Wayland Baptist College in Plainview and two years in the Texas Technological College in Lubbock. The training I have received in these institutions, I believe, thoroughly fits me for the office which I seek.

Against my opponents, I have not the slightest prejudice. Although not acquainted with Mr. Holloway, I have the deepest regard for him, but I believe in the principles of democracy of which, the rotation of office is one of those principles. Mr. Smith has held the office of county and district clerk for three consecutive terms and I do not believe the voters of this county will further encourage perpetual tenure of office.

I will try personally to see every voter of the county before the election, if possible.

TRUETT B. SMITH.

Mrs. Walker Enters Secretary's Race

We see in all the current magazines much discussion, favorable and unfavorable, of the subject of the woman's entrance into public life. Be this adventure of hers wise or unwise the fact remains the same that she has entered and succeeded in almost every known field of service. In the industrial, the commercial, the professional and even to some extent in the political realm she has become a recognized and vital figure. However, her advancement in the latter has not been so rapid every privilege carries with it a responsibility. Woman clamored for the privilege of the vote but has been a little slow to assume the responsibility of office holding that it involves.

There comes the question: Is the woman in the home qualified for public office? Woman's experience in the home develops qualities that are necessary for the making of a useful public servant. In the administration of the affairs of the household and her family she acquires an unlimited capacity for hard work. She gives conscientious attention to detail, and she learns the necessity of putting the interests of the whole ahead of the demands of any part. However it is not my purpose just here to discuss this subject pro or con so I'll cease "beating about the bush" and boldly cast my hat (I hope the fact that it is a last season's one will detract none from its popularity) into the political arena and proclaim myself a candidate for the office of City Secretary of the City of Tahoka. I offer no high-flown motives of patriotism for taking this step. I'm doing it from no sense of duty to my community and country and all the rest of such sentimental blah-blah. If there were no salary attached to the office I wouldn't ask for it. I've had free jobs nearly all of my life, and while I'm regretting none of them, I'm not seeking for others just now. But let me hasten to say that I wouldn't have the presumption to ask for this office if I were not fully confident that I could discharge all of its duties creditably. If I had not lived among you for nearly twenty-three years I might try to tell you what a superior kind of a person I am, but as such is the case, I'll just frankly admit that I'm just about pat with my constituency. If I'm so fortunate as to be your choice for this office I promise to give my individual personal attention to the discharge of all duties incidental to it. I have just one simple appeal to make to every voter in the city precincts, and that is that you forget all my faults and imperfections and remember only my virtues and qualifications and give me your vote and influence for the office of city secretary and I shall be eternally grateful to you.

Sincerely,
 MRS. J. B. WALKER.

NAZARENES PLAN REVIVAL TO BE HELD IN AUGUST

A Nazarene revival will begin at the City Tabernacle August 12 and end September 2nd. Evangelist Lowman and wife from Oklahoma will have charge. All Christians are asked to co-operate. Further announcements will be made later. Everyone has a welcome at the Nazarene Church. Services every Sunday. Come—Reporter.

Dr. and Mrs. E. E. Calloway left today for Fort Worth, where they will attend the Fat Stock Show.

Midway Women Hold Fine Meeting

The Midway Home Demonstration Club met Friday March 9th with Mrs. J. R. Strain. Eight members were present, as follows: Mesdames Mary Robinson, I. M. Draper, Lisensby, Warren, Godwin, T. E. Cowan Sr., Richardson, Gayther, Bailey, Tipton, and daughter and the hostess, Mrs. J. R. Strain and two visitors, Mrs. Ernest Uzzle and Miss Mildred Strain from Colorado Mitchell Co.

Subject: Becomingness of Dress. After the business meeting, a very pleasant social hour was enjoyed, during which the hostess served delicious refreshments of apples and cake.

The meeting date with Mrs. Mary Robinson for March 23 will be changed to a later date on account of the track meet at Tahoka at that time.

—REPORTER

SARAH VIRGINIA EDWARDS

Mrs. Sarah Virginia Edwards, buried at Tahoka on Saturday, March 10, died at the home of her daughter, Mrs. C. C. Whipp, March 9, at 12:25 a. m.

Mrs. Edwards was 77 years of age, born in Virginia, raised in Columbus, Ga., was a member of the Episcopal Church since girlhood. She leaves to mourn her death two daughters, Mrs. C. C. Whipp of Waco and Miss Alma O'Donnell, and five sons, A. F. and A. Y. O'Donnell, F. C. of Albuquerque, N. M., M. N. and C. H. Edwards of Americus, Ga., and two sisters, Mrs. N. C. Alston of Richland and Mrs. H. D. Snyder of Atlanta, Ga. —Contributed.

CARD OF THANKS

We wish to express our thanks to the many friends who were so kind to us in the bereavement which we suffered in the loss of our mother, Mrs. Sarah Virginia Edwards. We sincerely thank you.

Mr. and Mrs. C. C. Whipp and family, Anthony Edwards, A. Y. Edwards, F. C. Edwards

Among those attending the Fat Stock Show at Fort Worth this week are: Mrs. S. E. Reid, Mrs. Windham and daughter, Jusselle, Mable Lee and Homer Harrison.

We are requested to announce that the Women's H. D. Club of New Lynn will have its next meeting on Tuesday, March 20 at 8 o'clock.

Friday Night and Saturday Night "IN OLD KENTUCKY"

FRED BUCKER, Notary Public.

Littlefield—Indication of a great era of prosperity that has developed in Littlefield and Lamb county, more times were collected there this year than ever before in their history.

THE WORM HAS TURNED
(From Colorado Record)

The worm has turned. Despite the fact that Chairman W. D. Ferris of Emis has announced that a non-entire zone would be placed in West Texas the Pink Bollworm Commission Monday recommended only regulatory measures for the newly infested counties of Howard, Dawson, Glasscock, Martin, Midland, Ector and Andrews.

On Saturday night Chairman Ferris told the Abilene Morning News over long distance phone that the commission had been "convinced that a policy of regulation in the newly infested territory which has been urged upon us by farmers of those sections will not result in eradication, we are unanimously of the opinion that a general non-entire zone should be established in Ector, Midland, Martin, Howard, Dawson, Andrews and Glasscock counties."

On Monday, Ferris spoke before the Dallas Agricultural club, and the Dallas News quoted him as saying that "recommendations would include the placing of the seven newly infested counties in a non-entire zone for two years." At the two-day meeting, before any material evidence had been presented by citizens of the territory affected, Chairman Ferris made it plain that he favored a non-entire zone in West Texas. All of this goes to show that Chairman Ferris spoke prematurely and without authority when he pledged the commission to a non-entire zone policy before that commission had held its final meeting Tuesday at Austin.

man Ferris made it plain that he favored a non-entire zone in West Texas. All of this goes to show that Chairman Ferris spoke prematurely and without authority when he pledged the commission to a non-entire zone policy before that commission had held its final meeting Tuesday at Austin. The very fact that Chairman Ferris made the announcement before the meeting was held showed that he was anxious to create sentiment for the non-entire zone in West Texas according to our way of thinking. Inasmuch as the section in which Mr. Ferris lives had for some time been the champion cotton section of Texas and in view of the fact that West Texas is about to meet that honor from that section, it is naturally supposed that his section of the State is a little jealous or a little fearful of the future possibilities of West Texas cotton growing, and might like to see cotton growing curtailed in this section. At any rate, the Pink Bollworm Commission has held that no such drastic measures as placing a non-entire zone are necessary, and Governor Moody has concurred in that opinion. In fact, Governor Moody and the West Texas Chamber of Commerce are opposed to such action and it was probably through their efforts that the non-entire zone was annulled.

R. E. McDonald, chief entomologist of the State Department of Agriculture and Dr. C. L. Macriet, chairman of the Federal Horticultural Board, both stand for a non-entire zone. Their chief claims for a non-entire zone was fear that the pests would spread to the main cotton sections of the cotton belt in this State and even throughout the South, even though they both admitted that the pest could do little damage in West Texas owing to climatic conditions. In this latter respect McDonald said: "All pink bollworm found have been dead, indicating that the cold winter has had an effect on control of the pest outside." If that is true we can see no reason why regulatory measures can not stop the pest, for he says: "It is not safe to conclude that insects in the seed are dead" yet he states positively that fumigation and sterilization will kill all pests in the seed. There is no reason why the pest cannot be controlled with natural climatic conditions to help and fumigation and sterilization enforcement.

Mitchell Would Be Affected
According to McDonald's statement Mitchell county will be affected to some extent, at least. He says: "It is my recommendation that for purposes of eradication or control of this pest that the whole area infested and an area from fifteen to twenty miles beyond the outermost limits of infestation be considered a unit and that all fields of cotton within this general district be considered infested." It was also stated by Government scouts that since all worms in fields have likely been killed by cold weather, it is very un-

likely infestation would be discovered, and therefore it is probable that, as to the extent of the infestation in people are right. We are also glad this section. It is natural to suppose according to their argument, that sections so close to proven infestation as Mitchell, would likely be infested also. The people of this section have expressed willingness to cooperate with the State and Federal authorities in eradication of the pest, but it is common sense of opinion that a non-entire zone is not necessary and we are glad to say that despite the an-

nounced intention of Chairman Ferris, the Commission has held that the people are right. We are also glad to say that Governor Moody concurs according to their argument, that sections so close to proven infestation as Mitchell, would likely be infested also. We are glad to see that very great service has been rendered the people of this section by the West Texas Chamber of Commerce in handling of this situation. Yes, the worm has turned, and a disaster for West Texas has been averted. We rejoice!

Club Women to Celebrate Better Homes Week

Dear Club Members—The splendid occasion of the Marine C. Bradley Post of the American Legion in Tahoka, together with the cooperation of local merchants will make it possible for the clubs of the county, including the Photo E. Warner Club of Tahoka, to observe Better Homes Week in a very fitting manner.

Let every club begin talking about this matter now.

Later each club will be assigned certain things to do so that all may have an active part in putting on this demonstration.

Watch the papers for further announcements.

The guests were Mesdames Tom Leedy, Francis Stuart, G. H. Stewart, Oscar Roberts, E. H. Leckie, E. H. Bouillon, L. E. Turentine, E. E. Calloway, C. F. Shook, Jack Alley, Hal Robinson, Skip Taylor, E. E. King, Paul Miller, W. G. Thomas, Mrs. Maggie Hickerson.

Mrs. E. H. Bouillon won high scores.

MUCH INTEREST DEVELOPING IN INTERSCHOLASTIC GIG LEAGUES

(Continued on last page)

contemporaneous speech, high school, Mabel Draper. The entire declamation in the seventh grade falls to Ben Floyd without elimination. The senior girls' contest in declamation for the seventh grade and the senior boys' contest for high school were not held because of the illness of the contestants. These will be held later in the week.

In the High School Spelling contest, a team of two will be selected to represent the Tahoka school from the following five students: Elsie Crawford, Lou King, Verna Coughman, Fern Liberman and Lowell Dumbitt.

The boys' debating teams will be composed of Henry Buehler and Ernest Cowan, while the girls team will consist of Juanita Carowen and Fay Brown or Elsie Crawford.

In the arithmetic contests, a team composed of Helen Applewhite, Junior Baze and Margaret Wotard is working hard in competition with a team from central ward composed of Esther Barrington, Maurice Cowan, Clifton Walker and Howard Goodrich. A team will be chosen from each school for this contest.

Edward, Helen Applewhite, Margaret Wotard, and Kath Kemp compose the contestants who are working in competition with Esther Barrington, Anita Goodrich, Louise Buehler, and Agnes Rose for spelling honors. A team of two from each school will enter the county contests. A team of sub-juniors in spelling is being worked out by Miss Walker. They are James Applewhite, Mary St. Clair, Alice Westman.

The South Ward contestants have not at this time been determined, to our knowledge. Mr. Sanders promises to have representatives in many of the contests.

Minor baseball teams, tennis, volleyball, track and field teams and other contestants will be worked out this week.

T-Bar

The health of our community is improving. Little G. P. Matthews, who has had a bad case of pneumonia is able to be up again.

Little Wilma Dorris Crews, who has been on the sick list the past two weeks is much improved at this writing.

Our Sunday School is growing every Sunday. Lots of the new-comers are coming out and taking part, which we are very glad to see them do. You who have not yet come out, we extend to you our heartiest welcome and ask you to join it with us.

Brother Woods, our pastor, filled his regular appointment here Sunday evening.

Mr. and Mrs. McCarty gave a singing Sunday night, and of all the large crowds and good singing we certainly did have it. We will have singing every Sunday night except the third Sunday. These singings will be at the different homes. So come and find out where the next will be. We invite the old people as well as the young, so you mothers and fathers get in with the children and come along too.

The Girls' Club met last Monday evening with most of the members present, although some of the girls did not have their work with them. Now, girls, let's work, if we're going to it, let's quit trying to have a club and bothering Miss Bailey. Mr. and Mrs. Roy Hudson from Littlefield were visitors in the Grove home during Saturday and Sunday, these families being relatives.

The state inspector and county superintendent visited in our school last week. We got some state aid, which helped so much. The school will go on two more months.

Brother Henderson of O'Donnell will preach Sunday at 11 and at night.

Brother Shumate will preach here the first Sunday coming, using for his text "After the Fall." He has suggested that we have this publicly announced and asks that all the young people be sure to hear this, also we want you older people. Now boys, girls, men, and women, you who do not live in this community, set this one aside and come over here at T-Bar and listen at this wonderful sermon. We believe Brother Shumate can deliver some of the finest sermons of any pastor in our county. So we urge each and every one to come and hear this sermon.

APPLE BLOSSOM

Mrs. Lura Urdle of Colorado spent several days here as the guest of her aunt, Mrs. Lura Carter, and of Mr. and Mrs. J. R. Smith.

Three Lakes

Our school is doing good work under the able management of Prof. Huff and wife, and is running full force. Mrs. G. M. Dullitt has been quite sick, but a small letter at present.

Mrs. Siles spent several days visiting her daughter in Amarillo.

Tommy Hall Jr. was thrown by his pet saddle pony the other day and was thought to be seriously hurt at the time. However his is doing nicely now.

Farming is progressing fine up this way. Geo. W. Hickerson has more than 400 acres ready for planting. G. W. has a gentleman of color working for him this spring.

Mineral District from Waco is here visiting his parents, Mr. and Mrs. G. M. Dullitt. They Edwards and family from Shallowater are here visiting his brother, Corral Edwards.

E. T. Ellis and family visited in the home of W. E. Smith and family last Sunday.

Geo. W. Hickerson has installed in his home a radio. He can now keep posted on the chicken and egg market in New York.

COUNTY COUNCIL MEETS

The County Council of the E. D. Club met at the American Legion Hall Saturday 2:30 p. m. March 10. Eight Clubs were represented as follows: Draw 2 members, Edith I. Lewis, L. Matvey 2, Hans L. T. T-Bar 1, Wilson 4 and O'Donnell 2.

We felt very much honored when Miss Bailey announced that the Chamber of Commerce asked our cooperation in their work and we voted unanimously to elect one club member from each Commissioner's precinct to represent us in that capacity. Result of said election was as follows: Precinct No. 1, Mrs. A. L. Patterson of Wilson Club, Precinct No. 2, Mrs. E. W. Fortson of Edith Club, Precinct No. 3, Mrs. Edith Anderson of South L. Club. No representative was chosen from Precinct No. 4 as they were not represented at the Council meeting, probably due to the fact that the Teacher's meeting was held at Say Home on same date. Plans for the May meeting of the Federated Clubs were discussed and all members participated in a happy social after meeting. Watch for further announcements as these meetings are held only semi-annually and you can't afford to miss one. We are happy to learn through our County Home Demonstration Agent that the Kiwanis Club is to entertain representatives of our clubs at a luncheon in the near future and our clubs will proceed to choose these representatives and arrange a program for this meeting.

Reading of reports of our work by Miss Bailey and each club secretary brought our business to a close. A few games were indulged in which brought much merriment after which we adjourned.

Petty

Mr. and Mrs. A. E. Semberline spent the week-end with Mr. Semberline's sister near O'Donnell.

Mr. and Mrs. Joe Unfried and Mr. and Mrs. D. C. Baker made a business trip to Littlefield Thursday.

Mr. and Mrs. Clifford Berling of near Rowley visited Mrs. Berling's father and mother, Mr. and Mrs. G. G. Palmer, Sunday eve.

Mrs. E. A. Brown, Jewel and Woodrow, visited Mrs. Bright in Tahoka Sunday.

Mr. and Mrs. Martin of near New Home visited Mr. and Mrs. J. T. Tucker Sunday eve.

A few of the Petty Sunday school people started Mr. and Mrs. Joe Unfried Sunday night, and sang. Those present were Mr. and Mrs. McCracken, Mr. and Mrs. D. C. Baker, Mr. J. W. White, Mr. Allen Brown, George McCracken, and Misses Fannie McCracken, Virginia Baker, and Jessie James.

Those who attended the teacher's meeting at New Home Saturday afternoon were Mr. and Mrs. E. A. Brown, Mr. McCracken, Jewel Allen, Woodrow Brown, Mr. George McCracken, Miss Jessie James, and Miss Fannie McCracken.

Mr. Henry Beck was in our community Monday eve holding after business interests.

Mr. J. E. Tucker made a business trip to Littlefield Saturday.

There will be a pie supper at Petty next Friday night. Every one come and bring a pie. The proceeds of the supper will be used to buy some equipment for the school grounds. We are also going to have a trustee meeting in connection with the pie supper. Every one is urged to be present, Friday night, March 16.

Mr. Middleton has been real sick but is better now. We hope he will soon be up.

Mrs. Echols will preach at Petty school house Sunday eve at 7 o'clock.

AN UNDESIRABLE OMISSION

Our paper last week contained the announcement of C. W. Beck for public weigher at New Home with the statement that his name would appear in our regular announcement column this week. We overlooked

the matter of placing this column this week and column had been prepared is a candidate just the way may look for his name in our column.

O'DONNELL IN WORK

Restricted District Inclusion of Lynn County Tahoka Is Not In

At the hearing held at Friday by the State Planning Commission, Dawson placed in a regulated zone seven sections in Lynn county, including the zone. This was included as a result of O'Donnell's business to have the line fixed a county line in order that trade territory might be. Upon the protest of farmers and of Tahoka business men five sections which were included in the proscribed were cut out and left outside zone.

The territory in Lynn county in the regulated zone general shape of a pyramid extending along the county O'Donnell about the center base, and the apex lying miles north of O'Donnell, an extremity of the zone about three miles of Draw, western extremity is within miles of New Moore. A residence in this and adjacent territory circulated petitions, numerous signed, protesting the inclusion of any Lynn lands in the regulated zone, said that there is much division among the farmers at the action taken.

After the commission had what its recommendation and had adjourned, it developed the business men of O'Donnell likewise dissatisfied with the taken, and on Monday a committee of O'Donnell citizens were in a meeting with Governor Moore seeking some kind of a compromise of the regulated territory. We are not able to state what if any will be taken in regard matter.

It is expected that the decision of the governor will be within a few days, if that has been done already, declaring the regulated zone in accordance with recommendations of the commission and setting forth the regulated territory. A committee consisting of Shadon, Grover Stewart, Claude and R. C. Wood attended the meeting to look out after the interests of Tahoka and the farmers of Lynn county. Officers at the time included Judge C. H. Smith, Ben King, Edwards, W. O. Henderson, Stanley, J. P. Jeffreys, Chester, Judge J. W. Elliott, and many others. Many farmers of Lynn county were also in attendance.

Sheriff Delivers Prisoners To A

Sheriff Wesley Simpson and two deputies conveyed four prisoners to Post Monday, where they were delivered to Bud Russell, penitentiary, to be taken to Huntsville on terms recently given in the district court here.

Three of the prisoners were James, Lalo Garcia, George and Manuel Morin, who were convicted of the robbery of a woman in the Wells community a few months ago, and who were sentenced to terms of five years in the penitentiary.

The fourth man was Irvin Lee who was convicted recently of theft and who had been previously convicted in other counties for the same offense.

Lynn county, in heart of the best diversified farming country Texas.
