

The Lynn County News

Tahoka, Lynn County, Texas, Thursday, April 19, 1928

We invite you to locate in beautiful Tahoka. Good homes, good schools, good churches.

Numbr 34

ACTION RESCINDED

Bank Up On McCamey Bonds At Monday's Meeting

At the meeting of the new city council held Monday night, the action of the old council in purchasing the bonds of McCamey in the sum of \$118,000 on the dollar and the city of Tahoka in the sum of \$118,000 on the dollar was rescinded. We are informed that the vote of the council, Monday night, April 6, the council, by a vote of three to one, being absent, agreed to rescind the purchase of the bonds of McCamey & Co. at \$1.02, and to take up the bonds of the city of Tahoka in the sum of \$118,000, also McCamey & Co. at \$1.18, with interest.

Texas Utilities Opens New Building

The Texas Utilities Company moved Tuesday into its new office on the west side of the square, with W. S. Anglin, local manager in charge. R. C. Workman of Lubbock, the sales manager of the company, has spent most of the week here overseeing matters and making preparation for the big formal opening to be held Friday afternoon and night, announcement of which appears in this paper. The Texas Utilities is preparing to give the people of Tahoka real service.

HIGHWAY MEET IS WEDNESDAY

Roswell Airline Sponsors Meet At Post Next Week To Plan Program

The date of the meeting of the Roswell Airline Highway Association has been changed from Tuesday to Wednesday of next week, according to a communication received Tuesday by Belton Howell from J. E. Shelton of Brownfield, the secretary. This meeting will be held at Post, and the change in the date was made at the suggestion of the Post members of the association.

Aggie Students Stage 3-Act Play

"Back to the Farm", a three act play, illustrating the difference between scientific farming methods and the old style hit-or-miss methods, was given by the boys of the vocational agriculture class at the high school auditorium Tuesday night. The big crowd that almost completely filled the big auditorium thoroughly enjoyed the performance. The receipts amounted to more than \$70.00 and will be used to help pay the expenses of the boys who are going to College Station the last of this week to engage in the state judging contests to be held under the auspices of the A. & M. College.

Winter Takes Another Parting Shot

Last week when we told about the freeze that visited this section on Easter Sunday, we presumed that that was Old Winter's parting shot; but not so. He showed up again last Friday night. We understand that a little snow fell soon after midnight. Saturday was a cold, cloudy, blustery day, and snow again fell in some places in West Texas, but not here. On both Saturday morning and Sunday morning, however, there was quite a bit of ice. It was Tuesday of this week before spring-like weather really arrived. We are hoping that Winter is gone not to return until next December. We are now in a receptive mood for summer. Can any body tell us when it will rain?

HORSE FALLS; INJURES RIDER AT DRAW

Andrew Menach, farmer, residing on Dr. Callaway's farm near Draw was rather seriously injured last Sunday when his horse fell with him while running. Mr. Menach sustained a rather severe concussion of the brain, a gash was cut entirely through his lip, and his face was badly bruised.

C. OF C. VISITS AT GRASSLAND

Southern Falls To Keep Away Large Crowd; Candidates Makes Announcements

In spite of howling winds and almost freezing weather, a good-sized crowd gathered at the Grassland school building last Friday night to enjoy the program rendered by the Tahoka Chamber of Commerce and the Tahoka Band. Grassland made a splendid contribution to the program also, in a most entertaining reading by Miss Cecil White.

R. P. Weathers, President of the Chamber of Commerce, presided in a fine way, cracking a humorous anecdote now and then to help keep the crowd in a good humor. Bob McCord of Grassland welcomed the visitors with a nifty speech, which was responded to by the publisher of this great moral weekly. The band furnished the chief entertainment of the evening, dispensing a lot of stirring music. Monte Dornow knows how to direct a band.

Pract. Conventions Will Be Held In The Court House

J. S. Wells, who has been appointed to hold the Democratic Precinct Convention for voting precinct No. 1, South Tahoka, announces that this convention will be held at 2 p. m. on Saturday, May 5, in the district court room.

Dist. Conference In Session At O'Donnell

The district conference of the Methodist Church met at O'Donnell Wednesday night and is in session today. Dr. J. W. Chisolm of Brownfield preached the opening sermon. Dr. Chisolm was formerly teacher of Bible in Cleveland College, and we understand will hold the same position in the Amarillo College when it opens.

Press Meeting At Childress This Week

The Panhandle Press Association, one of the largest and most virile sectional press associations in Texas, will hold its annual meet in Childress on Friday and Saturday of this week. The editor of this paper has been assigned a place on the program but will be unable to attend. We regret very much that circumstances will not permit us to be there, for there is no finer set of country newspaper men in the world than those Plains and West Texas editors. Clyde Warwick of Canyon is secretary of the association and sent us a program, which appears to be an excellent one, on the whole. By the way, they are going to elect Clyde to a seat in the legislature up in the Amarillo-Canyon district this year.

BETTER HOMES WEEK AP. 22-28

Programs To Be Carried Out In Tahoka; Sponsored By Miss Mille M. Halsey

We have often heard the saying: "The Home is the heart of the Nation." "A nation is just what the homes that are in it are," and other such sayings that most of us believe are true.

Then, if we would have a better Nation we must have better homes. That is what we must take more interest and more pride in our homes and try to see that these homes are as comfortable, convenient, attractive and inspiring as we can make them. So, it is fitting at this time that the women of Lynn county, both rural and urban are this year joining the movement for observing National Better Homes Week.

Agriculture Boys Go To A. & M. Judging Contests

Thirteen members of the Vocational Agriculture Class of the Tahoka High School are planning to leave here Friday morning in a truck for College Station, where they will engage in state judging contests to be held at the A. & M. College of Texas. They will be accompanied by Prof. Taylor White, the vocational agriculture teacher.

CANDIDATE FOR STATE SENATE VISITS TAHOKA

Hon. Pink L. Parrish, Mayor of Lubbock and candidate for the state senate to succeed Senator W. H. Bledsoe, also of Lubbock, was here interviewing the voters Wednesday.

Methodist Services Announced For Next Sunday

The regular services will be held at the church Sunday morning, the pastor preaching. The Hi-League will go in a body to Wilson for a union meeting at 2 p. m. The Union is composed of Post, Draw, Grassland, Wilson, other points and Tahoka.

C. of C. Going To New Home Friday

The members of the Tahoka Chamber of Commerce, accompanied by the Band will meet with the people of New Home Friday night of this week. The candidates will be there too. Many New Home people are expected to be present and the indications are that many Tahoka people will be there also.

CLUB BANQUET TUESDAY NIGHT

Kiwanians To Be Host To Home Demonstration Clubs Of The County

The Home Demonstration Clubs of the various communities of Lynn county will be the guests of the Kiwanis Club at a luncheon to be given at the Baptist Church next Tuesday night, April 24. Many members of these clubs are expected to be present and the following program has been announced by Miss Halsey, county home demonstration agent.

Baylor President Speaks to Students

Dr. J. C. Harty, President of Baylor College, Belton, addressed the members of the Senior Class of the Tahoka High School at the banquet tendered them by the Woman's Missionary Society of the Baptist Church Monday night and also addressed the student body of the High School at chapel Tuesday morning, delivering two most inspiring addresses.

Several Families Under Quarantine

Dr. E. E. Callaway, county health officer, reports that several families in various parts of the county have been placed under quarantine for various diseases during the past few days.

Chevrolet Firm Moves Into New Brick Building

The new building constructed by Sam Sanford and Ira Deak on the east side of the square for the Chevrolet dealers here was turned over to the owners by the contractor Tuesday and Messrs. Snowden and Rayburn, Chevrolet agents, began moving in Wednesday. This building is 50 x 100 feet in size, instead of 50 x 70 as stated last week, and is a most commodious building. The front office and sales room is 25 by 50 feet and is beautifully finished in the interior.

STATE HIGHWAY OFFICERS HERE

Commissioners Make Inspection Of Highways 9 and 54 In Lynn County

R. S. Sterling, chairman of the state highway commission, Judge W. R. Ely, a member of the commission, Claude Teer, secretary, Gibb Gilchrist, state engineer, and Gen. A. Fields of Lubbock, division engineer, visited Tahoka last Friday morning and held a conference with Judge Cain and the members of the commissioners court as well as a goodly number of private citizens to talk over highway matters. The third member of the commission, Hon. Cone Johnson, was not with the party. They were accompanied by Homer D. Wade, manager of the West Texas Chamber of Commerce.

Seniors Enjoy Picnic

The Seniors of Tahoka High School enjoyed a picnic at the sand hill Friday, April 6.

Seniors with Mrs. Jim Wessel and Miss Irene Armes left town soon after sundown in a truck. After a long time of playing in the sand, the luncheon was eaten, and the merry group returned to town.

Here we are with the same old cry, "sanitarium", but My! we do wish we could get a big rain. It would certainly put a lot of people to work planting, although there are some few who are dry-planting some cotton.

The main which has been planted around here is coming up nicely.

There was a large crowd at Sunday School Sunday. It seems that more interest is being taken in our religious work than usual. Brother Henderson filled his appointment here Sunday.

We are very sorry that the meeting had to be postponed on account of scarlet fever. We understand it will begin the first Sunday in May.

Little Margaret Davis, who has had the scarlet fever and gave the community such a scare, is improving nicely. Her case was not serious.

Mrs. Dee Henderson and Mrs. Louis Henderson spent last Thursday night in O'Donnell with Grandpa and Grandma Nichols.

Mr. and Mrs. R. S. Ward from near Tahoka visited their relatives, Mr. and Mrs. H. W. Cross Sunday.

There are several from here who are planning on going to the Methodist Conference at O'Donnell Thursday and Friday.

Preacher Lindley, Dea, Irvin, and Charley Henderson left Monday on a fishing trip. They intend to go down about the coast somewhere.

The girls' club did not meet Monday

Bill Der Says

The Carpenter Pounds his way to success.

There's alao's suthin'

It seems as though, when spring and summer come around there's always "suthin'" in the way of carpentry to be done around the house or building.

For construction or repairing inside or outside of any structure, best lumber is best. That's ours.

OVER-WORKED

Cardui Helped to South Carolina Lady Whose Health Gave Way.

Mrs. Letha Oberster, of Chocoma, S. C., "did too much," and her "health gave way." She writes: "I took heartburn and, at the same time, worked in the mill. As a result, I had to stay in bed from overwork for sixteen days. I had had pains... I got clear down and was very much depressed. I had read of where Cardui had helped other women suffering with troubles like my own, so I made up my mind to take Cardui myself.

"I sent and got a bottle, and it did me so much good I took it on until I got entirely well." Cardui should also prove helpful in your case. Try it. Ask your druggist.

CARDUI

EDWARDS WILL INSTALL PLATFORM SCALES

I wish to state to the people of Tahoka and this precinct that if I am elected public weigher, I expect to install platform scales for the weighing of grain, hogs, and any and everything that the farmers have to weigh, and will have a man there all the time to handle any kind of weighing of grain, hogs, and any and ever-wigher alone, but for public weigher, and I expect to give service all this year round. I have been making this statement ever since I announced for the office but I want everybody to know what kind of service I expect to render if elected. I will appreciate your support and will try to render value received.

FANK EDWARDS (Political Adv.)

ABOUT THAT CITY ORDINANCE

The News has received a communication, written by one of our colored citizens, protesting in a most respectful but appealing manner against the city ordinance adopted by the city council a few weeks ago relating to the residence of negroes in Tahoka. This article was crowded out this week but we shall publish it next week. We believe every white man in the city should read it.

BOY IS KILLED IN AUTO CRASH NEAR LAMESA

LAMESA, Texas, April 17.—The second death within the past week caused by an auto accident occurred here this morning.

Leonard R. Phipps, son of E. A. Phipps of Knox City, was riding to his work in a Ford roadster and when 17 miles north of here the radiator rod came loose, stuck into the ground, turned the car over and pinned him beneath it, crushing his skull and chest.

He died at 11 o'clock. He leaves a wife, several sisters and his father.

The other auto accident occurred a week ago today when Miss Ida Mae Erickson of North Dakota was killed when two cars collided on the street here.

Last week we stated that Rev. Graves Darby of Wilson had declined the call of the First Baptist Church at Roscoe. The Church insisted he accept the call however, and we understand that he has done so. It is announced that he will preach his farewell sermon at Wilson next Sunday night. Brother Darby has been at Wilson nearly four years and has done a wonderful work there. His friends throughout this section will regret that he is to leave us, but are congratulating Roscoe upon its good fortune.

Sweetwater—Sweetwater's official West Texas Chamber of Commerce Band will attend the Tenth Annual Convention at Fort Worth with brand new uniforms.

Ford Continues To Make "T" Parts

Detroit, April 12.—The manufacture of replacement parts for the millions of Model T cars still in daily use continues to demand nearly one-third the production capacity of Ford plants here.

Ford officials estimate, from reports of dealers all over the country, that there are still approximately eight millions of the Model T cars in constant use in the United States. Some of these cars are many years old. Every now and then there are reports of Ford Cars of the old brass-bound radiator types of twelve or fourteen years ago, still running after more than a hundred thousand miles of service.

The newest of the Model T Fords is now nearly a year old, for the production of assembled Model T cars was suspended in May 1927 to make way for the new Model A.

This suspension of assembled Model T cars did not affect the production schedule of Model T replacement parts, however. Throughout the past year the manufacture of Model T parts continued to occupy about one-third the production capacity of the Ford plants.

A few days ago newspaper correspondents here asked Henry Ford how long he expected to continue making parts for Model T cars.

"Until the last Model T is off the roads," Mr. Ford replied promptly. Then he added: "That may be ten years, but we do not intend to allow any Ford car to ever become obsolete as long as it can be made useful with reasonable replacements.

Ford engineers, from test and observations made over a long period of years, have estimated that the average useful life of a Model T Ford car is about seven years.

Bryson—The town responded heartily to a home talent affair presented here recently.

Frisco—Frisco will be an incorporated city as result of a 65 to 34 vote in the matter.

Neff To Address Tech Gaduates

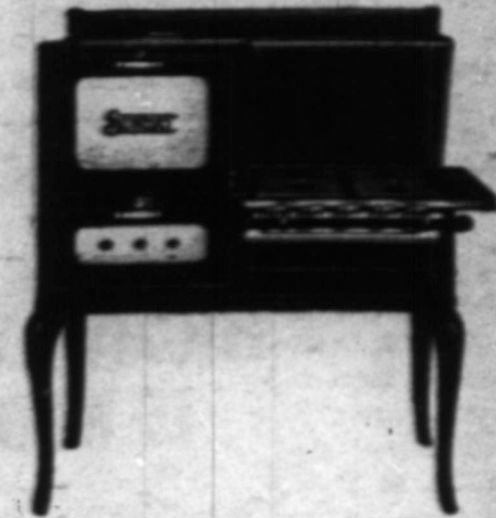

LUBBOCK, Texas, April 11, 1925.—Former Governor Pat M. Neff will deliver the address to the graduating class of Texas Technological College on Monday, May 26 at 10:30 a. m. Mr. Neff at the present time is a member of the Federal Railroad Mediation Board with headquarters in Washington, D. C.

As governor of Texas Mr. Neff signed the bill which created Texas Technological College, and he has never slacked in his interest in the institution, according to President Paul W. Horn.

Mr. Neff also made the principal address at the laying of the cornerstone of the administration building in 1925.

Mr. and Mrs. L. C. Henny were weekend visitors in Dallas.

A QUALITY RANGE At A REASONABLE PRICE

The New Sunray represents a remarkable achievement in gas range designing and production—a very attractive high-grade range produced in large quantities and thus a reasonable price.

QUARTERS PROCURED FOR BAND AND C OF C. AT ANNUAL MEETING

Through the efforts of Emory Nance, who formerly held a position with the Fort Worth National Bank, that institution has kindly offered its club house in that city for the use of the Tahoka Band and the members of the Tahoka Chamber of Commerce who attend the meetings of the West Texas Chamber of Commerce to be held in Fort Worth in June. This building will furnish sleeping apartments for at least one hundred people according to Mr. Nance, absolutely free of cost. It is hoped that a large delegation shall go down from Tahoka.
 The letter received by Mr. Nance follows:
 Mr. Emory Nance,
 Tahoka, Texas.
 I am in receipt of your letter of the 10th, relative to your bunch that intend to come to Fort Worth to attend the West Texas Chamber of Commerce Convention in June.
 Yes, we still own the Club House, and I am pleased to advise you that it will be entirely satisfactory for you and your crowd to use it while here. I don't think we have but about 12 cots, but as you know there's lots of floor space and if you on't mind sleeping on the floor there's lots of room for quite a number. The place has lights and water so you won't fare so badly.
 Kindly let me know whether or not you will want the Club House and the exact dates you will occupy it so I can make the necessary arrangements.
 With kindest regards and best wishes, I remain
 Yours very truly,
 D. G. Weller, Ass't. Cashier.

NOTICE TO THE PUBLIC
Any erroneous reflection upon the reputation or standing of any individual, firm or corporation, that may appear in the columns of the News, will be gladly corrected when called to our attention.

Governor Smith's Tammany bunch votes the Democratic ticket when it wants to and scratches it when it wants to. In 1920 Al Smith was a candidate for Governor of New York. New York City gave him 709,694 votes against 389,729 votes for Nathan Miller, his Republican opponent. On the same day Cox, the Democratic nominee for President, received only 345,001 votes in New York City, while Harding, the Republican nominee, received 786,947. In other words Tammany rolled up a majority of 319,956 votes for Smith, and then enough of them turned around and voted the Republican ticket for President to give Harding a majority of 440,946 votes over the Democratic nominee. We do not have the figures for the city of New York in the 1924 elections but we do know that Al Smith was elected Governor and received a tremendous majority in New York City. But at the same election, John Davis, the Democratic nominee for President, received only 950,000 votes in the state, while Calvin Coolidge rolled up a total of 1,820,058. Tammany was "johnny-on-the-spot" so far as Smith was concerned, but it betrayed the Democratic party and helped to elect a Republican President, just as it had done in 1920. This same bunch is coming to the Houston convention without having taken any pledge to support anybody that does not suit Tammany, but Texas Democrats, before they will be permitted to participate in even a precinct convention of their party, must walk up to the Tammany lick-log and sign a

solemn pledge that they will vote the ticket straight even though it may be strictly a Tammany ticket. And this dose is being fed to the dry Democrats of Texas by Dan Moody and his Executive Committee! We have always been for Dan. We are for him yet. But we are constrained to say that in our opinion he is making a colossal blunder.

We guess it is all right for the State Democratic Executive Committee to prescribe a pledge for every person participating in the precinct, county, and state conventions to sign, binding themselves to support the nominees of the party. We guess that as a general rule those who participate in party conventions should support the party nominees. But we do not believe that such a rule should be enforced against Texas dry Democrats unless it is likewise enforced against New York wet Democrats. So far as we know—and all we know is what we see in the papers—Texas is the only State that has adopted such a rule. No such pledge has ever been required of those participating in the national Democratic convention. No such rule has ever been invoked against the Irish and Dagoes of Tammany Hall nor the Budweiser patriots of Milwaukee. They regularly participate in the precinct, county, state and national Democratic conventions and then go straightway and vote the Republican ticket in November if it happens to suit them better—and it often does if the Dutch and the Dagoes and the Pats and the Mikes and the Ottoes and the likes of New York and Chicago and Budweiser City are not required to take such a pledge, then we do not believe that it should be exacted of the Jims and the Johns and the Toms of Texas, who are in the habit of voting dry on election day and living dry on other days. Sauce for the goose should be sauce for the he-male of the species.

In a few years the dairy business should be a thriving business in Lynn county. It is already a big business in the Plainview country. Lynn county is just as good a dairy county as any county on the plains. Let's encourage the building up of small dairy herds. Let's turn our abundant feed into cows and cream. It will pay.

Old winter came back and got most of the fruit. In planting fruit trees from here on out more attention should be given to varieties that bloom late in the spring. This is a great fruit country when Jack Frost doesn't get it.

Political Announcements

The following candidates announce their candidacy for office subject to the action of the Democratic primary election in July, 1928:

For District Attorney, 106th Judicial District:
T. L. PRICE (Re-election)

For Justice of the Peace, Prec't. 1:
I. P. METCALF (Re-election)

For Public Weigher, Prec't. 5 (New Home):
C. W. SETH
W. L. BALCH

The News does not reach all the families that live in the "twilight zone" that divides Tahoka's trade territory from that of the neighboring towns but it reaches a lot of them. We are anxious for Tahoka merchants to reach and to hold the trade of these families. But other papers come into that same "neutral" territory. When these papers carry big ads exploiting the various businesses of these neighboring towns and our paper carries none, or only small ones, anybody can see that we are laboring in vain to win this territory or any considerable part of it for Tahoka. Some Tahoka business men seem to think that their only competitors are other Tahoka business men, when their chief competitors are the business men of Post, Slaton, Brownfield and other towns. Tahoka business men are a fine set, and we would like to see them get the business that rightfully belongs here, and we are doing our best to get it for them, but we would like to have a little more help.

This paper has never asked for an advertisement as a donation. We do not expect to do so, although liberal advertising helps us to get out a better paper. We do invite the business men of our town to use our columns as a business investment. We believe that advertising pays. It will not only help the advertiser to hold his own with his local competitor but it may help him to win over his competitor that does business in a neighboring town. Now and then we hear a business man say that advertising does not pay, but Henry Ford and General Motors and other big corporations certainly believe that it pays. No town was ever put on the map without advertising, unless it suddenly struck oil.

Boys, let cigarettes alone. They can do you no good; they may do you much harm. No cigarette fiend can get on a college foot-ball team. Few of them ever get to college, or if they do they rarely stay long. In fact most of the slaves to the smoke habit never go through high school. For your own good, let the cigarette alone.

In a few years the dairy business should be a thriving business in Lynn county. It is already a big business in the Plainview country. Lynn county is just as good a dairy county as any county on the plains. Let's encourage the building up of small dairy herds. Let's turn our abundant feed into cows and cream. It will pay.

Clean up Tahoka!
THOMAS BROTHERS

Bob Henry, who for a long time was Congressman from the Waco district, is a life-long anti-prohibitionist. He voted against prohibition, local, state-wide, and nation-wide, we suppose, every chance he got. When the Klan organization began to grow he joined the Klan. He tried to run as the Klan candidate for the U. S. Senate six years ago but Eearle B. Mayfield beat him to it. For several years Henry has been practicing law in Houston and now he is the leader of the Smith forces for President. When the political bee gets to buzzing in a man's ears it can lure him into many strange fields. Think of Bob Henry an ex-Klan leader, now whooping 'em up for Al Smith. S'funny.

An oblong patch in the middle of the street on three sides of the square is not paved. Instead these spaces have been filled in with jagged rocks that leave the surface rough. We believe that it ought to be the duty of somebody to start a movement either to have these spaces paved or to have gravel or pebbles or ground-up stone placed therein. It would not only greatly improve the appearance of the public square but would add greatly to the convenience of those who must park their cars in these spaces.

STOCK LAW PROCLAMATION

On this the 16th day of April, 1928, it appearing to me, as County Judge of Lynn County, Texas, that Election Precinct No. 6 of Lynn County, Texas, as described and bounded as follows: Beginning at the Southwest corner of Survey No. 563, Certificate No. 74, and running thence North on section lines two miles to the northwest corner of Survey No. 323, Certificate No. 112, for a corner of this subdivision;

Thence east on section lines two miles to the southeast corner of Survey No. 375, Certificate No. 272, for an ell corner of this subdivision;

Thence North on section lines four miles to the northwest corner of Survey No. 487, Certificate No. 447, for a corner of this subdivision;

Thence East on section lines seven miles to the northwest corner of Survey No. 8, Certificate No. 621, for a corner of this subdivision;

Thence south one mile to the southeast corner of said Survey No. 8, for an ell corner of this subdivision;

Thence East on section lines two miles to the northeast corner of Survey No. 1, Certificate No. 468, for a corner of this subdivision;

Thence South on section lines five miles to the southeast corner of Survey No. 529, Certificate No. 2-218, for a corner of this subdivision;

Thence West on section lines to the center of Alley Street in the original town of Tahoka, for an ell corner of this subdivision;

Thence south along the center of said street to a point due East of the center of the Court House, for a corner of this subdivision;

Thence West through the center of the courthouse to the center of Sweet Street, for a corner of this subdivision;

Thence North along the center of Sweet Street to the center of Lockwood Street, for a corner of this subdivision;

Thence West to the southwest corner of Survey No. 563, Certificate No. 74, the place of beginning, and to be known as the "North Tahoka Stock Law District," was, on the 13th day of February, 1928, designated by the Commissioners Court of Lynn County, Texas, for the purpose of determining, by an election to be held therein, whether or not horses, mules, jacks, jennets and cattle should be permitted to run at large therein; and that said Commissioners Court did, thereafter on the same date, order that an election be held in said subdivision on the 31st day of March, 1928, for the purpose of determining whether or not horses, mules, jacks, jennets and cattle should be permitted to run at large within said subdivision of Lynn County; that due and legal notice of said election was given as required by law; that said election was legally held on the 31st day of March, 1928; that the returns of said election were legally made; that the returns of said election were opened, canvassed and counted on the 9th day of April, 1928; and the result of said election declared; and that said election resulted in favor of the stock law within said subdivision;

Now, therefore, by the authority vested in me by law, I, C. H. Cain,

County Judge in and for Lynn County, Texas, do hereby declare and proclaim that the election held in the North Tahoka Stock Law District, above described, on the 31st day of March, 1928, resulted in favor of the Stock Law, and that at any time after thirty days from this date it shall be unlawful for any person to run horses, mules, jacks, jennets, or cattle to run at large within said law district hereinabove described, as provided by Title 121, Chapter 10 of the Revised Civil Statutes of 1925.

Draw Items

The Methodist revival meeting came to a close Sunday night with a total of 37 conversions and reclamations and about 15 additions to the church. It was probably the best Spring revival ever held in the church here. The preaching was done by the pastor, Rev. Ham Wright, who was assisted in two services by Rev. McCollum of the Lubbock 19th Street church. The number of conversions appreciably increased after 40 members of the church spent an entire day fasting and praying.

Many Draw people are attending the district conference at O'Donnell this week. Dr. D. B. Doak, presiding elder of the Lubbock district, is presiding.

The weather has been a bit raw during the week, but farmers are looking for the needed rain.

Laymen will occupy the Methodist pulpit here Sunday morning. Billie Porterfield in the forenoon and Prof. Joseph Griggs at night.

Miss Opal Knowles of Stephenville visited her sisters, Miss Euna Knowles and Mrs. Joseph Griggs last week and signed up to teach in the Draw School this fall. Miss Opal made many friends while here.

Mrs. Hamilton Wright attended the district zone meeting of the Woman's Missionary Societies at Slaton Monday.

SCHOOL SUPERINTENDENT ELECTED AT O'DONNELL

At a recent meeting of the O'Donnell school board, Prof. D. A. Edwards, the present principal of the high school, was elected Superintendent for the ensuing year, to succeed Prof. Rickard, who goes to the University of Texas as a student-assistant. Mr. Edwards has also been teacher of Math and Athletics coach in the O'Donnell school the past four years and as such has been very successful and popular.

The board also elected Mr. A. S. Graham of Hamlin as principal of the high school and Mr. J. J. Burkhalter as principal of the ward school, according to the O'Donnell Index.

Abilene—Abilene's new directory shows a population of 32,400 people, a gain of 7,000 people in seven years.

TAHOKA 20 YEARS AGO

In digging around among some old papers a few days ago, Pete Coleman brought to light an envelope 20 years old that bears some interesting propaganda, characteristic of the "dope" that was put out by the ordinary real estate man of that day.

On the address side is the picture of a real estate office, the same building that yet stands on the south side of the square, occupied by the Fraser Produce Company. Below the picture of the building is the name of the firm that occupied it, the Tahoka Real Estate Co. Ed Redwine informs us that this company was composed of Grover Harrison and Laverne Kerchner. The former was a cousin of our own Homer Harrison and died in Oklahoma or Kansas possibly a year ago. The latter is now a resident of Lubbock and is presumably busy boosting for that fine South Plains city.

On the reverse side of this envelope is the following interesting information, slightly exaggerated perhaps, but so interesting that we publish it in its entirety. Here it is:

"Unceda Home in Lynn County, Texas Where the best farming lands can be bought for from \$8.00 to \$12.50 per acre, and on easy terms. Come to the plains of West Texas and get rich on advancing values in real estate."

Lynn
County land will produce a bale of cotton per acre with one hoeing and two plowings, fifty bushels of oats or corn, sixty-five bushels of Kafir or maize, five tons of sorghum, fine wheat, millet, and alfafa, big crops of sweet potatoes, two good crops of Irish potatoes per year, eighty-pound watermelons, two pound tomatoes, twelve-pound cabbages, and peanuts by the peck. Hogs do extra well.

Lynn
County grows fine grapes, strawberries, squashes, pumpkins, cantaloupes, and all vine products. Apples, plums, and apricots do well here and are freer from insects and disease than East Texas fruits. We have 2,500 people, 400 school children, and over 350 voters in the county. No crab grass, goose grass, nor cockle burrs. Raised over 600 bales cotton last year; will raise a thousand in 1908.

Tahoka
is the county seat and is a good town for its age. Its elevation is over 3,000 feet and its summers are exceedingly cool and healthful. It has three daily mails, telephone connections with all points. It is 80 miles from a railroad but has daily hack and auto lines. It has two thriving banks, two hotels, two churches, two lodge halls, one newspaper, 14 stores, 600 people, over 200 school children, one good school, four teachers, no saloons, frosty joints, jails, prisoners nor paupers. Come to Lynn County, while land is cheap; when we get a railroad land will cost \$25.00 an acre.

Newmoore

News has been about as scare as the proverbial hen's teeth around Newmoore lately.

Easter Sunday was so bad that few people were inclined to be out. There was no Sunday school.

The school children were treated to an Easter egg hunt on Good Friday. Several other egg hunts were scheduled but were not had due to the inclement weather.

The Newmoore school was closed last Monday due to a lack of fuel. Everyone had thought spring was with us for good, and had failed to observe that all the coal had been burned.

Mrs. Lois Daniel has been unable to attend to her school duties the past several days due to illness.

Messrs. Walter and John Rogers were called to Lubbock Saturday on account of the serious illness of their father.

Luther Clarence Goad of Lubbock visited in the home of his uncle, L. F. Goad the past week-end.

Several patrons of the Newmoore school met last Tuesday night to discuss the grouping of the school with Wells.

REPORTER.

Mr. and Mrs. A. L. Lockwood returned last Friday from Hot Springs, Ark., where Mr. Lockwood took a course of the hot baths. He says that more than 200,000 people visit Hot Springs each year aside from the tourists that merely pass through. The people from the North and East are there during the winter and the people from the South in the summer. Half the houses in town are hotels and boarding houses. In fact there are no industries there except taking care of the visitors. Hot Springs claims a population of 60,000. This was Mr. Lockwood's second visit there and he says he expects to go again.

E. L. Hogan left Friday for his home at Olney, after spending a few days here looking after business interests.

CHEVROLET MAKES NEW PRODUCTION RECORD

Detroit, Mich., April 10—With March production running fourteen percent ahead of any previous month in history, and production and sales organizations operating at a record-shattering pace, the Chevrolet Motor Company for the first quarter of 1928 built a total of 342,184 cars and trucks, W. S. Knudsen, president and general manager, announced here today.

This record output is 70,000 units more than the turnout during the corresponding period last year, and gives substantial backing to the statement made a week ago by Chevrolet executives that the country is in the midst of an unusual era of prosperity that is destined to hold throughout the greater part of the year.

In March Chevrolet built 133,657 cars and trucks. This is 17,000 units better than February, 1928, which previously was the largest month's output in the sixteen year existence of the company, Mr. Knudsen pointed out.

On top of the new high performance in March, the fourteen domestic Chevrolet factories are building cars as fast as precision methods will permit, with the expectation that April, despite having two less working days than March, will show practically as high a production volume as the month just ended. Mr. Knudsen stated that still higher records are possible when a new assembly plant with a capacity of 350 cars a day, which is shortly to be opened at Atlanta, gets under way to augment the output of the other factories.

An unusual feature of the March output was the fact that more than 113,000 units of the total volume were absorbed by the domestic market to assure all dealers of an adequate number for prompt delivery.

The remarkable showing of the company was interpreted here as a sweeping endorsement of the refinements embodied in the Bigger and Better Chevrolet as well as a tribute to the far-seeing policy of Chevrolet officials in arranging their production facilities so that cars might be instantly available to the public.

Miss Floy Anglin of this city has the distinction of being one of the two students of Texas Technological College who were recently elected to membership in the Southern Scholarship Society. This honor is conferred annually upon those making the best record in college work.

The total number of cattle, including calves, in Texas in 1927 was 6,136,000 and the total value was \$175,775,000.

Texas is the Union's leading state in the number of sheep, number of mules, number of beef cattle, and number of goats.

QUALITY AT LOW COST

Hope To Bring Chautauqua Back

(By Mrs. W. E. Suddarth) Under the management of the Associated Chautauques, the Tahoka day festival has come and gone.

This, with Prof. Williams' program, was the "meat" of the Chautauqua "menu"; and one of the local business men was heard to remark if only one boy heard the lecture and was inspired by it to ultimate success, the price of the entire chautauqua was well spent.

SYSTEM CHOKED

Texas Was Helped by Use of Black-Draught

Mr. James W. Barnett, who lives on Rural Route No. 4, Whitney, Texas is a great believer in Theodor's Black-Draught for the relief of such common ills as indigestion and constipation.

Since I first found out about Black-Draught, I have never been without it in the house. For several years, I had been a sufferer with indigestion. Occasionally, my system would become thoroughly choked with poison, and I would have a real sick spell. Now I ward them off by being forehanded, and taking Black-Draught before they come, instead of after.

During the entire program of four days, the Chautauqua ideal was strictly upheld. Conspicuous by reason of their absolute absence, were the usual rounds of profanity, near vulgarity, and suggestive indecencies which so frequently characterize the usual run of transient performances that visit our town.

The cordial reception on the part of the Tahoka public to these fine programs led the Bureau representatives to start a movement to assure a return engagement next year, possibly a little later in the season—with just as fine or better talent and equipment.

The local schools, church officials, officers of the Kiwanis Club, Chamber of Commerce etc., are wholeheartedly behind the movement and it only remains to lengthen the list of the other public spirited citizens of the town to bring this universal institution back to us in 1929.

BANQUET GIVEN HIGH SCHOOL SENIORS

The first social event of the year for the Senior Class of the Tahoka High School was a banquet given by the Woman's Missionary Society of the First Baptist Church of Tahoka in the dining room of the church on the evening of April 16, under the direction of Mesdames Taylor White and B. N. Shepherd.

The room was beautifully decorated in maroon and gold, the class colors, which color scheme was also carried out in the menu. The following program was rendered with Mr. Taylor White as toast-master.

Invocation Rev. B. N. Shepherd
Toast to Seniors Mr. H. P. Caviness
Response Harlan Cook
Toast to Faculty Willie Lois Nevels
Response Miss Worthy

Relationship of the Faculty to the Senior Class M. L. H. Baze, Supt. Schools.
Quartette High School Boys
Choosing a Calling E. I. Hill, Chairman Board of Trustees
Piano Solo Mrs. Jackson

Dr. J. C. Hardy, Beiton, President of Baylor College
The Senior Class consists of the following boys and girls: Mabel Draper, Harlan Cook, Jeannette Caviness, Lorene Welch, Venoy Coughran, Willie Lois Nevels, Faye Brown, Alice Dulaney, Elsie Crawford, Liff Taylor, Ernest Cowan, Henry Burkhalter, Cornelia Cobb, Fern Lisenby, Fay Slater, E. S. Evans, Virgil Richards, Cleone Wells, Duda McCoy, Geneva Tankersley, Melvina Inman, Claude Williams, Jewell Redwine, and Lee King.

—REPORTER
J. H. Deaver, son of E. L. Deaver, who until recently lived near Wilson but now resides near Littlefield, was here Friday and stated that he was preparing to start a paper at South Plains, a new town in Floyd county on the new extension of the Denver railway.

BOY SCOUTS ARE GUESTS OF KIWANIS CLUB

The Boy Scouts of Tahoka were the guests of the Kiwanis Club at luncheon Wednesday. Under the direction of Mr. Baze, scout-master, they gave demonstrations in first aid in case of fire, drowning, snake-bite, etc. They also gave some signaling demonstrations. The program was much enjoyed by the Kiwanis and their other guests.

The club also had as its guests the entire commissioners' court consisting of W. J. Faires, R. B. McCord, Elton George and T. J. Yandell.

City Fire Marshal M. C. Finch and Firemen J. E. Nance and Beecher Sherrod visited the Central Ward school Thursday morning and witnessed the fire drill, and a short talk was made by Mr. Nance on the subject of fire prevention. The visitors complimented the school very highly on its work.

Edgar Edwards is confined to his bed this week with the "flu"

Crowell—Eighteen cars of pipe have been unloaded here for the gas extension of the Stamford and Western Gas Company from Chillicothe to Stamford.

Bovina—Roads leading out of Bovina to the west and north are being worked to form a good route into adjoining territory of New Mexico.

WAYLAND COLLEGE IS FREE OF DEBT

Plainview, Texas, April 20—Those interested in the future of Wayland College are rejoicing in the announcement made the past week by Frank Day, president of the board of trustees, that the college is free of debt. The declaration follows a campaign for funds that has been waged in Plainview by the Chamber of Commerce represented by A. C. Hinn and R. H. Knohuzen.

Wayland opened school last fall under the burden of a \$42,500 debt and facing a gloomy future. Today it is free of debt and according to A. B. DeLeach, college accountant, will open next fall with the brightest future the institution has ever known. Several months ago a proposition was made whereby Wayland College would receive \$10,000 from a group of Amarillo citizens, \$7,500 from the State Baptist Convention, \$10,000 from Plainview Baptists if the citizens of Plainview would contribute \$15,000. Plainview met its quota last week and all debts were paid in full.

Mr. Day stated that members of the board of trustees working thru the chamber of commerce had found more friendly feeling and cooperative spirit existing toward Wayland among citizens of Plainview at this time than at any previous period in the existence of the college. Baptists over the Panhandle have become interested in the institution and criticism has been turned to praise. This fact points toward an increased enrollment next fall.

A \$200,000 endowment is now the goal of the board of trustees. An Amarillo man, who is interested in the college has offered \$25,000 to apply on the proposed endowment and other individuals have intimated that they will be interested in aiding the board to procure the desired amount.

Never has the institution faced a more brilliant future than at the present time. The high type of students that attend Wayland and the excellent training received from the carefully selected faculty are evidence of future growth. With the school out of debt and a substantial endowment visioned, G. W. McDonald president, is looking forward to an increased enrollment and many needed improvements.

ABILENE, April 18—Master Classes in piano for the benefit of West Texas artists and piano instructors will be offered by Prof. Irl Allison, concert pianist of the Southwestern Musical Bureau, and head of the piano department of Simmons University at that school this summer, it is announced by the bulletin of that school recently published.

The classes will be offered in two five-week divisions, the first to start June 12 and last to July 14, the second to run from July 16 to August 18.

This announcement comes as a part of the curriculum of the West Texas Conservatory of Music at Simmons which offers an unusually large variety of work in the four schools, piano, voice, violin and theory.

The catalogue also announces an athletic coaching school under the direction of Coach Frank B. Bridges,

work in 22 regular departments, and professional work in Business Administration, Home Economics and Journalism.

Prof. Nat Williams, principal of the high school, began construction of a residence Monday morning near the Judge Cain home. It will be an attractive little structure. It is rumored that other residences are to be built in that vicinity at an early date.

L. H. Moore of Slide was a pleasant caller in the News office Wednesday. He says a little planting is being done in his part of the county but not much yet. Folks are just waiting for rain.

The Lynn County News and The Dallas Semi-Weekly—1 year, \$2.00.

AN EXHILARATING EFFECT
A bottle of *Herbine* on the shelf at home is like having a doctor in the house all the time. It gives instant relief when the digestion gets out of order or the bowels fail to act. One or two doses is all that is necessary to start things moving and restore that fine feeling of exhilaration and buoyancy of spirits which belongs only to perfect health. Price: 60c. Sold by

Published in the interest of the people of Tahoka, and vicinity by the CECERO SMITH LUMBER CO. E. C. Blänkerbecker, Mgr. H. F. St. Clair, Editor

Editorial
There are several claps in this town who sure do a lot of thinking for the other fellow, especially along the line of how to run a newspaper, but we welcome these suggestions and would welcome them still more if they would sometimes come across with a small news item or two for Sawdust.

ONE IN 15,000,000 (Sign seen on the back of an old Ford)

Be there a man with soul so dead, who never to his spouse hath said: "I've got to go to lodge tonight. You might as well turn out the light, and trot along to bed".

Mother Goose (?)
Jack and Jill went up the hill, To see a bootlegger's daughter. But alas and alack; They had to walk back, 'Cause the cops had been there and got her.

We heard a man say the other day that he wouldn't live any place but right here in Tahoka.— Amen, brother!

If politics have anything to do with the weather, we'll have a very warm summer.

"My class", said a long-suffering teacher at Tahoka School the other day "is like the McNary Haugen Bill; it won't work".

The path of progress is strewn with the wrecks of fools and fogies.

How about some new screens for the old homestead, maybe a coat of paint wouldn't hurt the appearance either. We have both in stock.

We carry lumber, coal and miscellane-ous items in stock, but we carry a big stock of appreciation for your business in our dealings with you.
