## GIVE COUNTY'S OFFICIAL VOTE

Commissioners' Court Convenes Returns; All Amendments Carried in County

The commissioners' court Tuesday canvassed the returns of the election held on the preceding Tuesday and their tabulation tallied with the results given by the News last week. However, we gave no results except as to the Presidential electors. The returns as canvassed by the commissioners' court showed the election of the entire Democratic ticket in this county without opposition and an overwhelming majority for all Democratic candidates for state and district offices.

The returns also showed that each of the constitutional amendments received a majority in this county. Two of the amendments, those relating to the creation of a state board of education and the terms of school officials, were submitted to the voters of Lynn county as a single amendment, and hence only three proposed amendments appeared upon the ballots.

The official returns as declared by the commissioners' court are as follows:

## School Board Sets Period For Holidays

Since some of the teachers have expressed a desire to attend the meeting of the State Teachers Association which will be in session in San Antonio on Thursday, Friday, and Saturday, November 29, 30, and December 1, Thursday being Thanksgiving Day, the school board at its meeting Tuesday afternoon decided to grant holidays on Thursday and Friday, November 29-30.

Christmas holidays were also fixed at December 21 to December 30 inclusive. School will be resumed after the Christmas holidays on Monday, December 31.

Supt. Baze was also authorized to attend the meeting of the Southern Association of Colleges and High Schools which meets in Fort Worth on December 6, as a delegate from the Tahoka school. The Tahoka High School is a member of this organization.

## Little Wandalyn Wells Passes Away

Little Wandalyn Wells, the 15 months old child of Mr. and Mrs. Claude Wells, died last Thursday morning just before noon. It had been in ill health most of its life and was in a serious condition several days preceding its death.

Funeral services were conducted at the Methodist Church Friday afternoon by Rev. D. B. Doak, Presiding Elder of this district and formerly pastor of the Methodist church here, and by Rev. R. T. Breedlove, the present pastor. Interment in the City Cemetery followed.

Mr. and Mrs. Wells and the other members of the family have the genuine sympathy of a host of friends.

## MOVEMENT OF COTTON SLOW

Continued Wet Weather Delays Picking; Gins Busy Part Of The Time

At an early hour this morning 2987 bales of cotton had been ginned in Tahoka this season. All the gins were standing idle, since the rain Tuesday night and the damp weather this morning had almost completely stopped picking. At the yard 2828 bales had been weighed, some of this having come from gins outside of Tahoka.

The market closed Wednesday night at about 17/10 for picked cotton and about 16.10 for snapped cotton. Much of the cotton is being snapped. The fall has been very unfavorable for the opening of the cotton and gathering of the crop thus far, and if this kind of weather continues throughout this month and next there will be lots of "bollies" a little later on.

Cotton seed are worth \$34.00 per ton.

## LARGE CROWD ATTENDS AMERICAN LEGION PROGRAM

American Legion services held at the Methodist Church last Sunday night attracted a large crowd, both the main auditorium and the balcony being filled. The published program was carried out, the sermon being delivered by Elder, W. A. Kercheville of the Church of Christ.

A splendid program was also rendered at the American Legion Hall Sunday afternoon, when the Boy Scouts presented a totem pole to the Legion.

## BOX SUPPER AT REDWINE

A box supper will be given at the Baptist Church at Redwine on Saturday night of this week, according to Mrs. Henderson of that community. Everybody cordially invited. The proceeds will be used for the benefit of the church.

## GRANDPA GARNETT DIES NEAR GRASSLAND

Grandpa Garnett, who has been making his home with his son, Bill Garnett, died at the latter's residence near Grassland last Friday morning. His remains were buried in the Grassland Cemetery Saturday afternoon. He leaves a wife, two daughters, and three sons to mourn his going.

Mr. Garnett was 77 years of age. He was born at Cadiz, Kentucky. He moved to Seymour, Texas, in 1903, thence to Draw in Lynn county in 1914. In 1917 he removed to New Mexico and thence to Grassland in this county in 1926.

He had been a member of the Church of Christ for 60 years and lived a devoted Christian life. He had a host of friends who were grieved at his departure.

## Wilson Store Burglarized Monday Night

The store of Pat Swan at Wilson was broken into on Monday night and six high-priced, sheep-skin coats were taken. Officers are at work on the case but no arrests have yet been made.

Unconfirmed reports are to the effect that a grocery store was likewise broken into there Tuesday night but the amount and value of the stolen goods was not stated.

## TAHOKA UNDERGOING MANY IMPROVEMENTS THIS YEAR

Circuit Churches In Good Shape

The past fiscal year on the Draw Grassland-Gossett Methodist circuit has been a very successful one. The pastor, Rev. "Ham" Wright, is leaving next week for annual conference to make his report.

During the 12 months he was on the circuit he records nearly 100 additions to the Methodist church, 112 conversions and reclamations, 60 baptisms, including six infants. He hopes to report all salaries and conference benevolences paid in full.

A new parsonage valued at \$1,500 was erected at Draw. The church there was repainted. About \$3,000 raised there for all purposes.

Grassland church has paid out its piano, put down rubber carpets and made many other additions.

These churches, subscribed around \$500 for the superannuated endowment fund and paid about \$100 as the first installment. They raised about \$100 on the missionary special. All churches have been fully insured and premiums paid in full.

In addition to work on his own circuit Brother Wright held two meetings at other places: at Three Leagues, Martin county, with 20 conversions; and at Woodrow, near Lubbock, with 20 conversions.

He leaves Draw Nov. 27 for San Angelo, where he will reside. He will be pastor of the Christoval church half-time, and Knickerbocker and Wall, each fourth time. He will also be a special feature writer for the San Angelo Daily Standard and San Angelo Daily Times.

## Well Known West Texas Rancher Dies

John E. Slaughter, one of the best known ranchmen in West Texas, died at his ranch home near Post last Sunday. Funeral services were conducted at Post Tuesday, after which the remains were shipped to Fort Worth for interment.

Mr. Slaughter was 79 years of age and he was a pioneer of this section. In fact, he was one of the oldest cattlemen in all this portion of the state and had vast holdings in lands and cattle in West Texas.

He was well known to all the pioneer cattlemen and had a number of friends in Tahoka. His Garza county ranch extended over in Lynn county, many sections of this ranch lying in the southeastern portion of Lynn.

Mr. Slaughter bore the reputation of being a man of the highest honor and integrity and his friends here highly praise his character. The big ranches are nearly all gone and one by one the big ranchers too are passing away. Time works wonderful changes.

## Rain Of Tuesday Night Was .47 In.

Lynn county was visited by another rain Tuesday night. The precipitation in Tahoka amounted to .47 of an inch, according to the government gauge kept by the News.

The rain fell between 9:30 and 10:30 p. m., after which the skies cleared and beautiful weather now prevails. All parts of the county were visited by the rain.

About the only damage to cotton was the delay of about a day in gathering it. Other crops were not damaged materially. Farmers report that the feed is unusually heavy and that it did not suffer as much damages from worms in the summer as was thought at the time.

## LUBBOCK COUNTY COUPLE MARRIED HERE SUNDAY

Thomas M. Watson and Miss Nora Mae Brogden, both of Lubbock county, became husband and wife Monday afternoon in the office of the county clerk, when Uncle Ike Metcalf pronounced the magic words that made them one.

Mr. Watson had been previously married. The bride and groom went away happy. They will make their home in Lubbock county.

## Unders Can't Enter School Till January

At a meeting of the school board Tuesday afternoon, it was decided not to permit any more "unders" to enter school until the first week after Christmas. When school resumes work after the holidays on December 31, "unders" will be permitted to enter that week and not afterward.

It was necessary to make this ruling on account of the fact that the constant entrance of "unders" makes unnecessary and altogether too burdensome work on the teachers in the primary department. Each "under" entering requires special time and attention on the part of the teacher and not only makes the work burdensome for her but takes time that should be given to the pupils already in school.

"Unders" therefore will not be permitted to enter school hereafter except during the week of December 31 to January 5. All parents expecting their children to enter school after Christmas should take notice and be sure that they enter during the first week after Christmas.

## Lloyd Grider Is Run Over By Car

Lloyd Grider, ten years of age, son of Mr. and Mrs. G. C. Grider of O'Donnell, fell from a car at O'Donnell Friday afternoon, and the rear wheel of the car passed over his body, breaking his hip. The little fellow was taken to a sanitarium at Lubbock for treatment, where he is said to be resting fairly well but his father, G. C. Grider fears that he will not be able to walk for many weeks.

Lloyd was riding on the running board of a car which was being driven by a boy friend, when the car lurched and threw the little fellow to the ground under the wheel.

## 82 Cases Disposed Of In Co. Court

A report filed with the county clerk by Judge C. H. Cain and inspected this week by the commissioners' court shows that from April 11, 1927 to November 12, 1928, a period of nineteen months, a total of 82 misdemeanor cases were disposed of in his court. This does not include cases dismissed. Of the 82 cases disposed of, 62 were pleas of guilty, 9 were convictions by juries, 9 were acquittals by juries and 2 were acquittals by the court.

Of the 84 cases, 24 charged theft, 22 swindling, 6 simple assault, 1 gaming, 1 disturbance of the peace, 9 aggravated assault, 7 drunkenness, 6 carrying pistol, 1 malicious mischief, 1 Sunday law violation, and 1 abusive language.

## PADUCAH WINS OVER TAHOKA

Score 13 To 0; Bulldogs Will Play Strong Post Eleven Tomorrow Afternoon

The Tahoka Bulldogs suffered defeat at the hands of the Paducah Chiefs Friday to the score of 13-0. It was a hard fought game from beginning to end and one that was enjoyed very much by the spectators, especially the Paducah spectators. However, it seemed to be public opinion in Paducah that they would win by four or five touchdowns.

Tahoka chose to kick to Paducah and Short kicked to Crump of Paducah on his own thirty-five yard line. From there they carried the ball for two successive first downs and a touchdown without letting Tahoka regain possession of the ball. Webb kicked goal for the extra point.

From that time on until the end of the first half the game was very interesting. Paducah made a march that brought them to Tahoka's ten yard line. They were unable to make the required yardage and an attempted pace kick was blocked and recovered by Barnes for Tahoka on his own twenty-five yard line. Then Tahoka made four successive first downs and seemed to be on their way to a touchdown when a fumble by Edwards stopped the drive.

The Paducah team scored again in the third quarter when the ball was pushed deep into Tahoka's end of the field. Short got off two bad punts in succession and the ball was on his own fifteen yard line. A gain of six yards by Crump of Paducah and an off-side penalty against Barnes of Tahoka put the ball on the

School will open next Monday with a faculty of four teachers, according to Mr. Crews. The trustees and patrons are looking forward to the best school in the history of the community.

## BOY IS KILLED WITH SHOT GUN

Egbert Wheeler Shot Monday Unintentionally By His Younger Brother

A terrible tragedy was enacted on the Burton Edwards farm near Three Lakes Monday about noon when Earl Wheeler pulled the trigger of a gun that he thought to be unloaded and shot to death his older brother, Egbert.

The boys are sons of Mr. and Mrs. Bob Wheeler, who removed from Ft. Worth to this county last week to pick cotton. They first stopped on the A. J. Edwards farm seven miles west of town but soon decided to move on down to the Burton Edwards place, which they did on Monday morning. They were moving into a house occupied by Mr. and Mrs. Douthit, the Douthits vacating one of the rooms in order that the Wheeler family might move in.

Mr. Wheeler had a double-barrel shot gun which he carried with him, unloaded. Upon reaching the Douthit place, Wheeler took his gun from the wagon with the household goods, Earl, the twelve year old son, picked up a double barrel shot gun in the room into which they were removing, thinking that it was his father's unloaded gun but which in fact was Mr. Douthit's gun, which he kept loaded, pointed it at his brother Egbert, 18, saying playfully, "Egbert, I am going to kill you," pulled the trigger, and to his consternation the gun fired, the load taking effect in Egbert's back. The older boy fell and died almost instantly.

Funeral services were conducted at the Baptist Church here at four o'clock Tuesday afternoon, followed by interment in the City Cemetery. In the absence of the pastor, Rev. B. N. Shepherd, Rev. W. K. Horn, Baptist pastor at O'Donnell, conducted the services, the Wheeler family, including the deceased, being members of the Baptist church.

This tragic death was a terrible shock to the entire family, the mother being prostrated with grief and the little fellow who did the shooting being frantic. The bereaved family has the deepest sympathy of the entire town and community.

**Campaign On To Raise Baylor Fund**

Lubbock, Nov. 14.—A third conference of all district 16 workers for the greater Baylor University campaign to raise \$2,000,000 in the state at large, will be held on Tuesday November 20 in Plainview, according to E. W. Provence, chairman of district 16 who has called the meeting. Campaign workers assembled in Lubbock last week to map out details of this state-wide drive. Undoubtedly, a most enthusiastic beginning has been made for this Baptist enterprise over the state, with hundreds of leading pastors, laymen and Baylor alumni devoting their entire time to its promotion.

Rev. J. Pat Horton, pastor of Plainview, has been asked to make the four-minute talk at the Baptist General convention of Texas this week in Mineral Wells, to report on campaign progress in district 16. Chairman Provence spoke recently at Wilson to the Brownfield workers' conference for the campaign.

Among the new campaign recruits is Rev. J. E. Anderson who has been elected associational missionary of west Plains Association who wired to headquarters that he was ready for all campaign work.

With the goal of \$2,000,000 ahead for the Popular campaign, Nov. 23 to Dec. 4, the campaign is assuming state-wide proportions and is enlisting every day, new workers in all 18 districts. The money realized will be used to retire indebtedness and to create additional endowment.

**Texas Has 123 N.**

**E. A. Life Members**

Canyon, Nov. 14.—If professional spirit and alertness can be judged by membership in professional organizations Northwest Texas teachers must be very much alive.

Texas has 123 life members in the National Education Association. Of this number 12 are on the faculty of the West Texas State Teachers College. Six more are superintendents and principals who are graduates of the Canyon college and four more are superintendents in the Panhandle. This means that extreme Northwest Texas has in it almost 18 per cent of all the teachers enrolled from this state.

The National Education Association has 1800 life members. The organization spends its efforts in research upon the practical problems of education. President J. A. Hill will attend its winter meeting, at Cleveland early in 1929.

So let more of us be present at our next meeting which will be at Lamesa.

**SMITH DELIVERS FAREWELL MESSAGE**

Governor Alfred E. Smith delivered his farewell message to the American people over the radio Tuesday night. He lavishly thanked the millions of Democrats who had worked for him and voted for him as well as many from the ranks of the Republican party who had given him their support.

He reminded the American people that Herbert Hoover is to be the President of the whole country and not merely of the Republican party, that he is entitled to a fair chance to make good, and that the whole people should give him their support. He admonished the Democrats not to become mere carping critics but to outline a constructive program of legislation and seek to have it enacted into law.

In the opinion of many, his speech was better than any he delivered during the campaign. It contained much wisdom, and if perfectly sincere it was a patriotic deliverance, prompted by a magnanimous spirit.

The Lynn County News can still be had for \$1.50 per year—52 issues. We are also still offering the combination of The News and the Dallas Semi-Weekly Farm News for only \$2.00.

**New models and THE OPEN MIND**

THE public, with its healthy desire for the new and the better, insists upon continuous improvement, and will withdraw its patronage from any product or service which stands still.

Nowhere is this more true than in the automobile industry. The car is more than a utility. It is a personal thing, involving your convenience, your comfort, your safety, your sense of beauty and color, your pride of ownership; your complete environment for many hours of your life. Customs and habits of living change fast; and the past holds many warnings of how quickly your favor can shift when an automobile, for even a single year, fails to show progress.

So continuous improvement is more than a policy with General Motors. It is a vital necessity.

**THE PUBLIC DEMANDS NEW MODELS**

And the public is right. Out of that demand have come electric starting and lighting, the closed body, Duco finish, four-wheel brakes and hundreds of refinements, big and little. Improvements that might have taken a generation have been born within a few years because people want greater performance, beauty and comfort.

Equipped with the largest research laboratories, proving ground and body building plants, and guided by an Open Mind which is ready to revise its thinking in response to new facts, General Motors believes that it is peculiarly fitted not only to sense but to anticipate public demand and to give the people better automobiles at better values year after year.

As evidence of that faith we presented some months ago the New Chevrolet, the New Pontiac, the New Oldsmobile. And now we offer, with equal pride, the New Buick, the New Cadillac, the New LaSalle and the New Oakland.

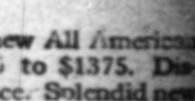

**CHEVROLET.** 7 Bigger and Better models, \$495 to \$715. 4-wheel brakes. More powerful engine. Luxurious Fisher Bodies. New colors. Also Light Delivery Truck chassis; \$375; Utility Truck chassis with 4 speeds forward; \$520.

**PONTIAC.** 7 models, \$745 to \$875. Lowest priced General Motors Six—now offers more power, greater economy—more speed, greater acceleration. Arresting beauty of bodies by Fisher expresses the vogue of the hour.

**OLDSMOBILE.** 7 models, \$925 to \$1085. Also 5 DeLuxe models, \$1145 to \$1235. "The fine Car at Low Price." Completely redesigned and improved by General Motors. More powerful 4-wheel brakes. Longer, roomier Fisher Bodies.

**OAKLAND.** 7 models of the new All American Six, recently announced, \$1145 to \$1375. Distinctively new original appearance. Solid performance. Luxurious appointments, in new bodies by Fisher. A car you'll be proud to own.

**BUICK.** 18 Silver Anniversary models on 3 wheel-bases. \$1195 to \$2145. Lightning flash getaway. Masterpiece Bodies by Fisher. Comfort and luxury in every mile. Power for the steepest hill and the longest run.

**LASALLE.** 13 new models, \$2295 to \$2875. Attractive car of Continental lines. Companion car to Cadillac, 90 degree V-type 8-cylinder engine. Beautiful Bodies by Fisher. Striking Duco color combinations.

### WRECKED

We overlooked one important item last week. There was a terrible wreck that we failed to record. For several weeks a big "band wagon" had been rumbling along the highways and by-ways of the south plains, containing only a few passengers but causing a good deal of annoyance to Hoover pedestrians, who seemed to be disconcertingly numerous.

The driver of this big "band wagon" was one Col. Mullican of Lubbock, while the chief players in the band were Judge E. L. Klett, said to be a Sunday School superintendent, one Pink Parrish, ex-judge, ex-mayor, statesman, and senator-elect, Professor J. K. Wester, pioneer teacher and statesman, Judge J. M. Marshall, Owen McWhorter, and other bright and shining legal lights.

The driver and each member of the band wore a brown derby and a Tammany uniform consisting of a tiger skin coat and trousers to match. The band raucously played a single tune, "The Sidewalks of New York," and above the noise of the band, at frequent intervals, could be heard the crack of the driver's whip and the commanding tones of a warning voice, "Get out of the way, you Hoovercrats, before you get run over."

But on November 6, this band wagon met with a terrible disaster. On the political highway several miles this side of the Grand Victoria station, it was struck by a little Hoover jitney and completely demolished. All the occupants were picked up and rushed to a good old-time Democratic hospital of the Bryan-Wilson type, and it is hoped that by careful treatment all the victims will eventually recover, though all are said

to have been badly crippled and may be lame for some time. Col. Mullican was heard from last Thursday and seemed to be resting fairly well.

The jitney was uninjured.

### Locals

J. R. McIntyre brought to the News office Monday a sample of the potatoes he has raised in his patch on the farm a few miles west of town. The vines seem to have taken root at the joints and numerous small potatoes grew wherever these roots struck into the soil. This frequently happens, but Mr. McIntyre does not believe that the yield often equals the yield of his patch this year. They are white yams and are fine flavored. He expects to sell the little ones for seed.

Prof. H. M. McEachern of the Dixie school, was a pleasant visitor at the News office Monday. He reported that after suspending for a month in order that the children might assist in gathering the cotton crop, school work was resumed Monday morning. The faculty consists of four teachers and the work started off nicely, though the attendance was rather light.

Don't forget the Living Room Contest closes Dec. 1st.

Pat Johnson of Snyder, an old friend of the editor, and his brother, Sidney Johnson of Goree, were Tahoka visitors Tuesday. They were here looking for feed, the feed crop having been a failure in the Goree country this year.

Mr. and Mrs. W. W. Stephenson and daughter, Miss Grace, of Tulia were guests Monday of Mr. and Mrs. Will Montgomery. Mr. Stephenson is manager of the Fulton Lumber Company at Tulia.

Mr. and Mrs. Marlin Smith and family of Silver Valley, Coleman county, were here the first of the week visiting S. J. Smith and family. Messrs. S. J. and Marlin Smith are brothers.

S. C. Henry of Montpelier, Ohio, is here this week looking after property interests. Mr. Henry has long owned a tract of land northwest of town.

Mr. and Mrs. Marlin Smith Jr. of Lubbock were Sunday visitors of S. J. Smith and family of this city. Mr. Smith is city engineer at Lubbock.

There are two classes: Improvements may not exceed \$50—Living Room Contest

Rev. B. N. Shepherd is in Mineral Wells this week attending the annual session of the General Baptist Convention of Texas.

W. L. Tunnell states that cotton in his community is fairly good. He says he has some that will make a half bale per acre. That is not bad.

Mr. and Mrs. M. B. Hood visited friends and relatives at Paducah Saturday and Sunday, returning to Tahoka Monday afternoon.

### ATTEND MEN'S BIBLE CLASS

You are cordially invited to attend the Men's Bible Class at the English Theatre next Sunday morning. In addition to a splendid exposition of the lesson by the teacher, there will be special music. If you are not a member of some Sunday School in town, you are urged to join this bunch of fine fellows.

### T. J. WILLIAMS WRITES ON POLITICAL STATUS

Surely the South will not let pass unchallenged, the misrepresentation of Southern sentiment as current thought, embodied in a certain resolution broadcast from Mississippi last week and fathered by some fellows whose names are not and should not be remembered. It might have been Solomon who wrote that soft words turneth away wrath but that was away back in the misty past before the sacred soil of Mississippi produced and evolved the species who advocate desecration of our dead ideals. To a true Mississippian the names of Davis, Lee and Jackson are revered and we remove our hats in their spiritual presence and abhor the thought of using their sacred memory as political propoganda.

This resolution no more represents the leading thought of Southern people than would the old flint lock represent efficiency as compared with a high powered automatic. This is in line with the lambasting of independent action of the voters by a certain Judge—in Egypt it might have been, but unfortunately in Tahoka.

Personally I am not kicking, all to gain and nothing to lose, but the writer has some mighty close friends who are Democrats and just such rot as is being perpetrated will fast drive my little bunch from your party. The old man of the house has long since kissed the back of his hand to party bosses and if the true blood of the sire courses through the veins of my boys, they too will tower above stunted, uncultivated Southern sentiment.

Let the ashes of Davis, Lee and Jackson lie in peace where God decreed, until Christ shall come again and that won't be long, and in the mean time, busy ourselves toward making conditions better and better instead of encouraging such sentiment by perpetuating to power and rulership such men as would promote their personal interest by preying upon the credulity of the unfortunate.

J. T. WILLIAMS, Wilson, Texas

### BAD PAINS

Use of Cardui Helped to Relieve Suffering.

"I have taken Cardui and have found it a very helpful medicine," says Mrs. Minnie Roeder, of Lynn Haven, Fla. "After a course of Cardui, I felt like I had been made over."

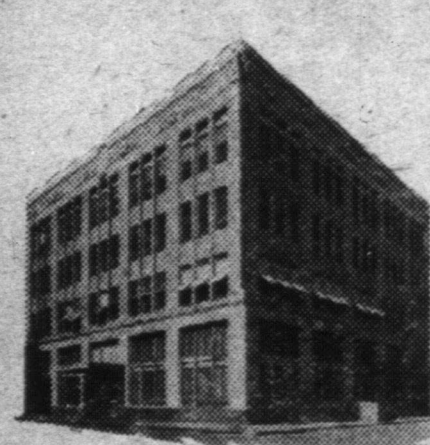

"For a while I suffered with bad pains in my back and sides. At times, these would distress me so I would seem past going."

"We had known of Cardui in our family for a long time, so I thought I would try taking it. I soon began to improve. I grew strong and well, and was able to resume my household duties without the least inconvenience."

Cardui is a mild, harmless extract of valuable medicinal herbs. Try it.

**NOTICE TO THE PUBLIC**

Any erroneous reflection upon the  
reputation or standing of any indi-  
vidual, firm or corporation, that may  
appear in the columns of the News,  
will be gladly corrected when called  
to our attention.

Ten years ago last Sunday the  
armistice which brought peace to the  
warring nations of the world was  
signed. The day was observed here  
with a brief program Sunday night  
and by closing the places of business  
in town Monday, and was observed in  
some fashion or other in almost ev-  
ery hamlet and town in our country.  
While this conflict seems to have  
been inevitable, it is to be hoped  
that the nations of the world will  
find some way by which such a con-  
flict may never occur again for cen-  
turies to come. As men become  
more enlightened, as they become  
better acquainted one with another,  
and as the spirit of Christianity  
gradually gains a dominant place in  
the hearts of the people of the world,  
may we not expect the possibility of  
war to become more and more re-  
mote? With automobiles, and air-  
planes, and radios, and newspapers,  
and the "movies", and railroads, and  
steamships, and lastly the Bible  
constantly bringing the nations of  
the world closer together and teach-  
ing them a broader sympathy one  
for the other, it would seem that  
some time there should be an end to  
war. Let us hope that for centuries  
to come there may be peace on earth  
and good will among men.

We believe that in the interest of  
harmony in the Democratic party,  
state chairman Wilcox should re-  
sign. He represents one extreme  
wing of the party. In the recent  
campaign, he assumed a dictatorial  
role that unfits him for leadership.  
He does not attempt to lead, he at-  
tempts to drive. Just before the elec-  
tion he issued a "manifesto" threat-  
ening to excommunicate all the  
bolters and to bar them from partici-  
pation in the Democratic primaries  
two years hence. He has not yet re-  
tracted that statement. He has  
shown no disposition to relent.  
Many of these "bolters" are life-long  
Democrats. They have fought the  
battles of the party in the past when  
the party was dominated by the  
South and the West rather than the  
Tammany machine of New York.  
Under the lead of Wilcox and his as-  
sociates, the Texas Democracy this  
year surrendered to New York, en-  
listed under the Tammany banner,  
tried to whip the rank and file into  
line, and led the party to a crushing  
defeat. We do not insist that radi-  
cals under the Anti-Smith faction  
be put in places of leadership or  
that Hoover Democrats be put in  
complete control of the party, but  
we do believe that there should be a  
complete reorganization, and that a  
chairman and a committee be ap-  
pointed whom both factions could  
follow. If Wilcox, Jed Adams, W. A.  
Thomas, and others of that ilk in-  
sist on ruling with an iron hand,  
they will utterly destroy the Demo-  
cratic party in this state. A "rule or  
ruin" policy will inevitably lead to  
ruin.

The negro who ran for Congress  
on the Democratic ticket in St. Louis  
was defeated, but the negro who ran  
on the Republican ticket in Chicago  
was selected. Both ran in districts  
composed largely of negroes. We do  
not believe that the St. Louis negro  
could have accomplished any thing  
worth while for his race or for his  
district had he been elected. Neither  
do we believe that the Chicago negro  
can accomplish any thing worth  
while for his race or for his district  
now that he has been elected. The  
race problem can not be solved by  
electing or appointing negroes to  
high governmental positions.

We still claim that West Texas  
is inhabited by the best people in  
the world. Out here on these plains  
we have the purest stock of Anglo-  
Saxon blood to be found anywhere in  
America. That these people are  
independent in spirit and that they  
can not be led around by the nose by  
any party boss, was forcefully dem-  
onstrated on Tuesday of last week,  
when they went to the polls, broke  
party shackles, and helped to elect  
Hoover as President. In all this  
Plain-Panhandle country, extending  
from Midland and Big Spring on  
the south to the north line of the  
Panhandle, embracing a territory  
more than 300 miles long and aver-  
aging approximately 150 miles in  
width, comprising about fifty coun-  
ties, only four counties, according to  
the latest available reports, gave  
majorities for Al Smith. These four  
were Armstrong, Briscoe, Cottle, and  
Moore—all having a small voting  
population. If we spread out further  
and embrace all the territory west  
of Fort Worth and generally refer-  
red to as Central West Texas, West  
Texas and Northwest Texas, includ-  
ing all the vast territory north of the  
Texas & Pacific Railway and a num-  
ber of counties south of this railway  
embracing approximately 100 coun-  
ties all together, we will not find  
over a dozen counties that gave ma-  
jorities for Smith. All the larger  
cities and towns in this territory,  
except El Paso, where the vote was  
close, gave a majority for Hoover.  
Wichita Falls, Amarillo, Lubbock,  
Plainview, Abilene, San Angelo,  
Sweetwater, Big Spring, Brecken-  
ridge, Vernon, Quanah, and most of  
the smaller places all fell in the  
Hoover column. The fellow who per-  
sists in "cussing" the "Hoovercrats"  
certainly has a big job.

An insistent demand is going up  
from all parts of the country that  
Chairman Raskob resign. The cry  
is coming not only from "Hoover  
Democrats" but from dry leaders all  
over the nation who followed the  
Democratic flag in the recent con-  
test and who attribute the crushing  
defeat largely to the indiscretions  
and attitude of Raskob during the  
campaign. Personally, we do not  
think that any more blame attaches  
to Raskob than to Al Smith. Nay,  
not so much. But Al Smith was put  
down and out by a vote of the peo-  
ple, and now we believe that Raskob  
should get down and out. Southern  
"drys" will not follow his leadership  
—rather, they will not be driven by  
him. They will not consent for their  
party to be longer dubbed a "wet"  
party. They will not consent for it to  
be controlled hereafter by the cor-  
rupt and dripping-wet politicians of  
Tammany Hall. If Southern lead-  
ers want to bring about the certain  
and utter destruction of the Demo-  
cratic party, let them continue to be  
the tail of the Tammany kite. If  
Tammany dictates the platform and  
the candidate four years hence, the  
vote that the Democratic party gets  
in the next campaign will look like  
thirty cents as compared with the  
vote Al Smith got in the recent cam-  
paign. If Raskob won't get out, he  
should be kicked out.

We believe that as a result of the  
election on November 6, the national  
prohibition question is forever set-  
tled. The Democrats will hardly nom-  
inate a "wet" four years hence. At  
least no candidate will be bold enough  
to make the race on a plea for the  
abrogation of the Volstead Act or  
the Eighteenth Amendment. Neither  
party and neither candidate will op-  
enly favor such a proposition. The  
election last week settled the liquor  
question. From here on out it will  
merely be a matter of enforcement.  
We can hardly expect to attain en-  
tirely satisfactory enforcement in  
all parts of the country for several  
years yet. It is largely a matter of  
education and of gradually tightening  
down on the law. We are for renew-  
ed efforts to enforce the law all  
along the line, from President to Con-  
stable. Now, if Al Smith and Tam-  
many Hall will join in an "honest  
effort" to procure rigid enforcement  
in New York City and in the other  
big cities of the North and East, we  
feel sure that even John J. Raskob  
himself will eventually become re-  
conciled to the perpetuation of this  
"damnable affliction" of prohibition.

The News appreciates the fact  
that its subscription list, especially  
in the rural districts, is constantly  
growing. Without putting on any  
automobile contests and without  
making any special campaign for  
subscribers, our list is gradually  
climbing. We believe this is due to  
the fact that we constantly strive to  
make this paper really worth while,  
so that at the end of the year the  
subscriber feels that he has gotten  
his money's worth. We appreciate  
our country friends, and in winning  
friends for the paper we feel that  
we are winning friends for the town.  
There are no better citizens than  
those who reside in Lynn county,  
and we are glad to have them as  
members of our family circle.

If one will read the record and  
growth made by Tahoka during the  
present year, as published in the  
Star Telegram Monday and in this  
week's News, he will read-  
ily see that our little city is steadily  
forging to the front. Or, if one will  
take a drive around over the resi-  
dence sections of our town, he will  
see evidences of growth on every  
hand. One of the beautiful features  
of this steady growth is the fact that  
nearly all the residences constructed  
in recent years are attractive and  
modern in every respect. Further-  
more, practically all the business  
buildings constructed in recent years  
are substantial and handsome struc-  
tures. In only one respect do we need  
to be a bit more vigilant. Due to  
the rank growth of vegetation and  
to the numerous shows which have  
visited in Tahoka the past few  
months, some of our vacant lots are  
becoming rather repulsive to the eye.  
We need to clean up.

The court of Criminal Appeals re-  
cently held that the law which pre-  
scribes that justices of the peace  
shall receive fees in criminal cases to  
be assessed against the defendant  
when found guilty, is invalid. It is  
held to be unconstitutional on the  
grounds that it gives to every  
justice of the peace a financial inter-  
est in the outcome of every criminal  
case filed in his court. The Attor-  
ney-General's department has since  
ruled that Justices of the Peace may  
legally try criminal cases but can  
not legally charge or collect a fee in  
any criminal case. This leaves our  
Justices of the Peace "up in the air",  
so to speak. The next session of the  
legislature will doubtless provide  
compensation for these officials for  
their work in criminal cases. In the  
meantime, business is liable to drop  
off in the justice courts.

Governor Al Smith did not carry  
a single county on all the South  
Plains of Texas. From Plainview  
to Big Spring and from the cap-  
rock to the New Mexico line, Hoover  
made a clean sweep. Lots of good  
folks voted for Smith, but they were  
in a hopeless minority. It's a great  
country, this.

**Draw Items**

The dry weather of the last few days has pepped up receipts of cotton at this point. The Thomas Brothers gin has begun to gin regularly again after several days of dry weather.

The election passed off here quietly. This box went largely for Herbert Hoover, though many stayed away from the polls. Returns were heard over the radios of C. C. Jackson and Mr. Manis.

With the exception of several nursing "colds" the general health of the community is reported as good. Many from Draw attended the funeral of Mr. Garnet at Grassland Saturday. He was the father of Mrs. Grady Lemond of Draw.

The Epworth League of the Methodist church put on a special Armistice Day program Sunday evening. It was one of the best programs rendered by the League in several weeks. This young peoples' institution here is growing in popularity and interest.

Brother Hamilton Wright, who has been pastor of the Methodist church here for the past year, will preach his farewell sermon Sunday morning and evening. After conference he goes to San Angelo to reside, out of which place he will serve the Cristoval church.

Rev. W. A. Hart, former pastor here, who has resided in O'Donnell the past year, is preparing to spend the winter in Cristoval and Rockport for the benefit of his wife's health. It is reported here.

Some of the farmers of this area are importing special dairy cattle. The dairy herds of this area have been largely increased during the last twelve months, as farmers have found this new industry one they can depend upon the whole year 'round. The "round-up" quarterly conference of the Methodist church was held here last week by Presiding Elder D. B. Doak of Lubbock. Only a slight deficit was reported in pastor's salary, which probably will be met before the pastor leaves next week for Conference. Conference claims are somewhat behind, but it is expected that they will be subscribed and paid before Sunday night. This has been a good year for the local church with about 50 additions and 42 conversions and reclamations. It is understood that the new pastor will be Rev. Mr. Pickens of the East Oklahoma Conference who a year ago was pastor of the Weinert church, in the Stamford district, Northwest Texas Conference. He has been in the ministry about six or seven years.

**Grassland**

The "wind-up and round-up" conference of the Draw-Grassland-Gossett Methodist circuit was held here last Thursday at 2 o'clock with Rev. D. B. Doak, presiding elder of the Lubbock district, presiding.

Grassland reported salary and conference collections paid out. Pastor's salary was overpaid.

Gossett overpaid the preacher's salary. Its conference benevolences were paid.

The charge reports a small deficit on salary at Draw and somewhat in arrears on conference collection at the same place, but both of these are expected to be liquidated before annual conference convenes at Lubbock next week.

Brother Wright preached his final sermons Sunday. Good crowds attended the last services.

Rev. Mr. Shelton, former pastor of the Nazarene church at this place preached to good crowds here Sunday. It is understood that he has taken the Quanah Nazarene church for the next year.

Many attended the singing Sunday afternoon at the Nazarene church.

**A TRIBUTE TO HOOVER WITHOUT PARTISANSHIP**

(Clarendon News)

Few men in the history of the United States have had as many tributes showered upon them for their accomplishments and high character as has the Honorable Herbert Hoover, President-elect.

From all races, creeds and political alignments these tributes have come and at the end of a heated national campaign, The News believes that it is fitting to record on this page a remarkable tribute to Mr. Hoover delivered last year by a stalwart Democrat—none other than the Hon. Joe Robinson, Senator from Arkansas, and late running mate of Gov. Alfred. Smith on the Democratic ticket. Just last year, on the occasion of Mr. Hoover's visit to Arkansas as one of the states stricken in the mighty Mississippi flood, and before Senator Robinson had any idea of his subsequent nomination for the vice presidency, he introduced Mr. Hoover at Little Rock in these sincere words:

"Few men in the history of mankind have exemplified exceptional talent in supplying the necessities and in relieving the suffering of their fellow beings. The guest of honor at the ceremonies, Mr. Herbert Hoover, is noted as the world's greatest relief administrator. "His career, apparently, has not yet reached the climax; but it is already distinguished by many unusual experiences and praiseworthy achievements. "The outstanding triumphs of Mr. Hoover's efforts consist in the organization and direction of tremendous relief forces in periods of appalling calamity or national peril. "He did not lead armed troops to battle during the late world conflict; but he was called to assume a responsibility of equal, if not greater, importance. His task was to mobilize the nation's food supply and to restrain the greed and avarice of profiteers. "Bearing the commission of our great chief and wartime president, Woodrow Wilson, Mr. Hoover opposed and halted the deadly advance of hunger, pestilence and famine following the war in Belgium, Russia, and other foreign lands. Hospitals for the sick and wounded! Food and clothing for the victims of hate and wrath! Among the suffering and the dying he bore aloft a banner, saluted with respect and love in every civilized land—the banner of the Red Cross."

**HALE COUNTY JUDGE-ELECT MARRIED TUESDAY**

Judge Eugene C. Abernathy, who was elected county judge of Hale county during the recent election, and Miss Mattie Matejowsky also of Plainview, stole a march on their many friends Tuesday of this week when they drove to O'Donnell and were married in the office of Dr. C. E. Collins, in the presence of a few witnesses. The ceremony was performed by Rev. W. K. Horn, pastor of the Baptist Church.

The couple are both prominent people of Hale county and left immediately after the ceremony for a honeymoon to be spent in South Texas.

Judge Abernathy is an old friend of Dr. C. E. Collins of this city.—O'Donnell Index.

### SOUTH WARD

The pie and box supper at South Ward last Friday night was a complete success. There were about one hundred and ten people present. The receipts amounted to about seventy-five dollars. The money is to go on the piano, and now the piano is all paid for with the exception of about fifteen dollars. Before the box supper began there were several interesting boxing matches. Laudel Hood boxed Lois Looney; Johnnie Inman boxed Venson Cobb and Lois Johnson boxed with Ty Cobb. These bouts brought loud cheers from the audience.

In our program for Friday, November 23, one week from today we have some very interesting and new features. We are going to have a grab bag, and the lucky number will get a box of candy. Also there will be a bout between Ty Cobb and Roscoe White, and between Venson Cobb and Johnnie Inman. These matches proved to be very interesting last Friday night and they will be even more so next Friday. The small charge that there will be for this

will go for a baseball and bat for the school. The rest of the program will be entirely free, and will be similar to our other programs only better. We are promised a quartet from Tahoka. Come to this program. We are planning some real entertainment. This will be our last program until the Christmas program.

Rev. O. O. Parr of the Nazarene church of Tahoka is visiting Mr. and Mrs. Disheroon this week.

South Ward school has two new pupils. Their names are Emot and Othie Allen.

The two school pigs which were purchased about two months ago are growing rapidly. These pigs belong to the school and the proceeds will go to buy school equipment when they are sold.

Everyone is picking cotton or carrying it to the gin. There are more "hombries" in our community than anything else. Spanish is more commonly used than English at this time of the year. —REPCRETE

### Edith

Our Sunday School is still growing. Tho there are lots of people in the community who do not attend. If you are not enrolled in a Sunday School elsewhere come to Edith. We extend you a welcome invitation.

Thanksgiving night we are going to have a Thanksgiving program. you are cordially invited.

Rev. Lennie Whitworth preached Sunday evening. Next Sunday is Rev. R. T. Breedlove's appointment.

We had another good singing Sunday night. Everybody seems to push forward and do their best to make each singing a success.

Mr. Bill Garnetts' father passed away last Friday. The remains were laid away to rest in the Grassland Cemetery.

Mr. E. D. Paynes' sister and niece from Gainesville visited them a few days last week.

Mrs. C. W. Krebs has been sick the last few days.

Mr. J. C. Campbell's mother passed away last Tuesday. Her home was at Avoca in Jones county. Mr. and Mrs. J. C. Campbell and son, Mr. Charlie were present at the funeral. Mr. Owens and family went to Lubbock Sunday to see his nephew who underwent an operation for appendicitis Monday.

Mr. and Mrs. Chas. Campbell and daughters visited her sister who lives at Dixie Sunday.

### Women of 18th District Help Wayland

At a recent Executive Board meeting at Lubbock the Baptist women of the 18th district pledged themselves to raise \$1,000 for Wayland College. This district is composed of five associations, one of which is the Brownfield Association. Last week at the Worker's Conference at Wilson, the women of the Brownfield Association pledged \$110 of this amount. Some of the smaller societies, which were not represented at that meeting, will doubtless add some to that amount. This is a worthy undertaking on the part of these women. Wayland College, which is proving a blessing to the world and especially to this section of the State, is distinctly a responsibility of the Baptists of the Plains, and all should count it a joy to have a part in her maintenance.

MRS. J. B. WALKER,  
Pub. Chairman W. M. U., Brownfield Association.

### ESSAY ON PANTS

Pants are made for men and not for women. Women are made for men and not for pants. When a man pants for a woman and a woman pants for a man, that makes a pair of pants. Pants are like m-l-ss-es. They are thinner in hot weather and thicker in cold weather. There has been very much discussion as to whether pants are singular or plural. When they wear pants it is plural and when they don't wear pants it is singular. If you want to make the pants last, make the coat first.

### DOAK FAMILY MOVES TO LUBBOCK

The family of I. S. Doak moved to Lubbock last Thursday. Mr. Doak, who purchased a barber shop in that city several weeks ago and who has been there since, has bought a nice residence in the southwest portion of the city and the family has moved into it. He ordered the News sent to his new address, remarking that the good wife and the girls would raise a big row unless they got the Lynn County News. Many friends here regret that this good family, who have resided in Tahoka so many years, have permanently moved away. Mr. Doak has sold his residence here to T. S. Williams.

Somebody recommended Black-Draught to me, and I got some and tried it. I felt so much better, after I had taken it, that I used it the next time I was sick, and then the next. I soon found it to be a dependable medicine to use for my family. Whenever the children had colds, or an upset stomach, I treated them with Black-Draught." Sold everywhere. 25c.

**Former Resident Of Tahoka Died Monday**

Mrs. Lorene Boswell Shook, wife of Otho M. Shook and mother of Elizabeth Crie, died Monday, November 12, at Tucson, Arizona, of tuberculosis. Her father, Jim Boswell, lives in Plainview, and in that city Friday afternoon she will be buried. Mrs. H. C. Crie and Elizabeth left for Plainview on Wednesday morning's train and Mr. and Mrs. Charles F. Shook will go there Friday morning to attend the funeral. Mrs. Shook had suffered from the incipient stages of the disease for years and for several months had

been in a sanitarium undergoing expert treatment, so that friends and relatives were not surprised when the end came. Her husband, in business in El Paso, and Mrs. C. J. Menefee, a sister of Mrs. Crie, at Phoenix, both hurried to her bedside in Tucson when the wires told them that death was near.

Mrs. Shook was a member of the Baptist Church. She was educated in Baylor University and in Wayland College. In 1916, as Miss Lorene Boswell, that being prior to her first marriage, she taught in the Tahoka schools. She later became the wife of James G. Crie, who for a time was editor of The Lynn County News. Some time after the death of Mr. Crie she married Mr. Shook. The little daughter, Elizabeth, has been making her home most of the time with her grandmother, Mrs. H. C. Crie, of this city.

Friends here sympathize with the bereaved relatives.

**W. T. Museum Gets Interesting Gifts**

CANYAN, Nov. 14—Two very different gifts have been received by the Panhandle-Plains Historical Society recently.

From J. A. Hill came a very beautiful specimen of petrified wood, which was found east of Dumas; a rock showing very fine crystalline formation and coming from the same locality was added to the collection.

From Hal Collier of the Canyon News force, was received a copy of The Constitution of the United States, by W. Hickey. This copy is one of the seventh edition of this book and appeared in 1854. Previous editions had appeared through the years, beginning in 1847.

So valuable was the book considered by members of the United States Senate that with each senatorial election, copies were bought to be furnished the new members of the Senate. The book was also sent free through the mails by all persons having the privilege of franking documents.

The book contains an analysis of the Declaration of Independence, inaugural address of the President up to 1854, and a large amount of valuable information about the governmental offices of the United States.

## TAHOKA UNDERGOING MANY IMPROVEMENTS THIS YEAR

(Continued from first page)

Shop and Goodnough's Shoe Shop. F. O. Greathouse also built a brick addition to his filling station.

Aside from these bricks, D. B. English has recently thoroughly remodeled and renovated the English Theatre. Taylor White and Verner Smith have just completed a new stucco building on East North Third Street in which a new 12,000-egg incubator will be installed at an early date. The Farm Bureau Gin and the Edwards and Lockhart gins have each erected additional seed houses. S. N. McDaniel erected a modern tourist camp during the summer and is now making additional improvements to the same.

These improvements have totaled approximately \$35,000.00. The West Texas Gas Company built into Tahoka this year, and spent a huge sum of money laying the six or seven miles of gas mains over the city. Eight or ten thousand dollars, roughly estimated, have been spent on piping houses alone.

Texas Utilities Company has just spent a neat sum of money completely rebuilding the light and power distribution system in Tahoka. They set up new poles, strung new wire, installed new transformers, made a few minor extensions, installed nine new street lights, built a reducing station at the power plant, and connected Tahoka by high-line with super-stations located at Lubbock, Plainview, Amarillo, and Canyon.

The City of Tahoka is now installing an electric fire alarm system in the business district and the residences and business houses have recently been numbered.

The new homes for the Church of Christ and the Nazarene Church were erected several months ago representing an outlay of approximately \$8,000.

Chief among the improvements made so far this year are the many new residences that have been erected, their cost totaling at least \$81,000. Never before has there been so much interest in the building of homes. Practically every one of them are of the most modern type and construction, and each is a boost to Tahoka's claim to being a town of beautiful homes. A total of thirty-nine homes have either been erected or are now under construction and are now owned by the following, some of the below named having come into possession since the homes were built: Forrest Lumber Company, Clay Hughes, Fred Barker, W. A. Strickland, J. S. Wells, R. P. Weathers, Frank Hill, J. S. McLaughan, H. A. McDaniel, Frank Larkin, Chas F. Shook, Guy Lemond, Frank Edwards, Chris L. Adair, Rube King, D. A. Childers, F. M. Billman, C. D. Crouch, J. N. Thomas, O. W. Green, A. J. Mullins, J. R. McIntyre, C. C. Spence, A. D. Sanders, Jr., E. L. Howard, D. W. Gagnat, M. L. H. Baze, W. S. Taylor, Nat Williams, E. S. Davis, A. B. Seroyer, L. E. Weathers, G. T. Nash, R. C. Wood, A. B. Swan and Mr. Cannady.

Not only have there been many houses erected in town but many farm homes of the most substantial type have gone up.

Financial conditions may not be the best that could be hoped for in Tahoka this year, but the town is growing and improving, in spite of the fact. At least the amount of building shows that fewer of our citizens are entirely without funds than before.

Lumbermen and other business men say Tahoka's growth has just started.

## PADUCAH WINS OVER TAHOKA BULLDOGS

(Continued from first page)

Tahoka six yard line. Crittenden carried it over for the touchdown on the third attempt. Webb failed to kick goal for the extra point. Then the scoring was over.

It looked like Coach Nicklaus had found an improved backfield combination in Ketter at Quarter, Short at Full, and Edwards and Minor at Halves. Ketter did well for his first game at quarter and made some nice returns of punts. Edwards carried the ball for several substantial gains. But it was left up to Short to make the most of the ground. Short never failed to gain at least a yard when he was called to carry the ball. Min-

or also made some fair gains. But the Tahoka boys felt the absence of King who was unable to make the trip.

For Paducah, Crittenden and Moore did most of the ground gaining. Crump, fast halfback, also did good work in the backfield. They showed their ability to carry the ball in making eleven first downs while the Tahoka boys were making five. However, the interference given the Paducah ball toters was superior to that given the Tahoka Boys. The home team was very apt at blocking.

Next Friday the Bulldogs go to Post to meet the much touted Antelopes. It seems to be the general consensus of opinion that the Post boys should win by about four touchdowns but the Tahoka boys are going into the game as the fighting underdogs. Comparative scores would indicate that Tahoka was the stronger team. Post tied Floydada 0-0, Floydada lost to Paducah 31-0, and Paducah only beat Tahoka 13-0. But the fact remains that very little can be based on comparative score.

## Lynn City

As we have not heard from Lynn City for some time, we will give a few dots.

Pulling bolls is the order of the day out here. The gin is running pretty regular now. Prices are about as good here as anywhere. The farmers think they ought to have a little more but the buyers say that they would love to give more but the market won't let them.

C. S. Wyly is up walking around after undergoing an operation. He was at Sunday School Sunday. Bro. Spruiell being absent, W. P. Bussell preached in his stead.

The preacher has his hands full taking care of the cotton yard and attending to the store.

Our school will begin work again two weeks from today, Monday before Thanksgiving on Thursday, and on Thanksgiving night there will be a box and pie supper at the school house for the benefit of the school. Everybody come and bring that other fellow with you. Let's have a good time and be thankful together and get up something to talk about, as the collection is over and now in the past. So we just reach forward to a better day. Bring along a right smart of pocket change, or you might not get that best girl's box that you intend eating with. The other fellow that you bring along might bid higher than you do.

Well, as there is nothing much of interest, I will ring off for this time.

—Your Uncle Tom.

## PETTY

We are having some nice days for cotton picking and putting up feed. Some are done heading maize while others have just started.

Petty still continues to improve. Brooks Smith is building a nice brick veneer home on his dairy farm. We are glad to see so many new houses. All we lack is just a few more people, and they are coming every day.

Virgil Pinnell was on the sick list last week.

We have discontinued our Sunday School for awhile. We intend to start again about the first Sunday in next month, and we want everybody to come. A neighborhood is what we make it, so come on, folks' and we will all have a good Sunday School.

Mr. and Mrs. D. C. Baker have moved into their new house.

Mr. and Mrs. Dockery and two daughters were the guests of Mr. and Mrs. Brooks Smith last Sunday.

Mr. and Mrs. Frank Blair and Mrs. White, Mrs. Blair's mother, visited at New Home last Sunday.

Miss Katie and Miss Lotabell Hubbard of Shallowater visited Mrs. Brooks Smith last Sunday.

Little Bonnie Blair was quite ill two days this week.

## ALARM SYSTEM IS INSTALLED

Switches Placed To Secure Business Section; Plans At Later Date

Fire alarm switches have been installed at various places in the business section of Tahoka by the city council upon the recommendation of the Tahoka Volunteer Fire Company.

Switches have been installed according to Pete Coleman following places: One on the fire station; one under Thomas Bros. Drug Store; one at Wells' Store; one at English Theatre; one at Higginbotham Company lumber yard; one at old red gin.

These have been so planned to Mr. Coleman, as the business interests. It is hoped later to install switches in residence section. Coleman suggests that learn to use these alarm of fire to phone the station as possible.

## Tahoka Is Defeated

The Post High School showed they were of ship calibre Friday with the Tahoka Bulldogs in a 40-0 drubbing. It was a per cent better team than the one that had the Monday before. Taylor and Taylor installed some of their team in the three two games.

Post played their best half of the game not very much behind from the standpoint of the score. At the end of the first half Taylor substituted though it then only 7-0. Bel quarter ended he had new line-up with eleven men. Then in the first string was replaced.

The Tahoka boys tackle hard and played to the last even though hopelessly beaten. The first half was much Chaney, Crumman for the Tahoka the second team we Cross first string to red to half back at the equal of any of backs in carrying the ball.

## If the Farmall Tractor Could Talk This Would Be Its Story

The Farmall at full work. Then comes belt work, and next spring planting and cultivating, haying, etc.

I AM built different from any other tractor and am ready to take over your complete power job—corn, and other row crops, and all, from plowing to harvesting, and the year 'round. The fewer horses on the place, the better you and I will get along. That's why my name is FARMALL.

"Here is a big point I want to hammer home: I have introduced real horseless farming on many farms. Another point is that, on most any job, I am a one-man outfit. Look at my photo above: my peculiar style of beauty is what makes me the handier I am when it comes to planting, cultivating, haying, plowing, belt work, or what have you got? You may say I talk strong but it's because I've got the goods. Modesty must go by the board to help revolutionize row-crop production, and that's what FARMALL, the one real general-purpose tractor, is doing in every section where its efficiency is known.

"I aim to replace an average of six to eight animals wherever I go to work and I've got my own special crew of machines that you can take or leave—such as planters (2 and 4-row), cultivators (2 and 4-row), mowers (7-ft. and a 7 ft. trailer mower beside), middle busters, lister cultivators (4-row), sweep rakes, belt tools, potato tools, etc. There's an outfit to get things done! Or, I'll work with any machine you've got, from Jan. 1 to Christmas. At plowing, two furrows is my habit and they can't beat me at the job.

"In every section where I am demonstrated they put me to work in good numbers, and you can find farmers everywhere who will back up every statement made by me or by my designers and builders. The dealer is here to help out on any servicing I may ask for in years to come.

"My headquarters here is the store of the McCormick-Deering dealer whose name is below. I am the only square-turn tractor; come in and see what I can do in a very small patch of ground. We will be glad to give you a demonstration, here or on your own land."
