DISCUSS NEED OF SIDEWALKS

Kiwanians Seek Plan Enabling Their Being Built; Also Talk Street Signs

At the Kiwanis luncheon Wednesday, the advisability of starting a campaign for the building of sidewalks throughout the residence sections of the city was discussed. Mayor J. R. Singleton, being called upon for an expression, gave approval of such a move and suggested that some such plans as that which was adopted at Snyder a few years ago be resorted to here. This plan provided for the issuance of certificates and the giving of liens upon the property to secure deferred payments and allowing property owners a period of three or four years to pay the cost of constructing sidewalks. Postmaster D. A. Parkhurst thought that with a sufficient amount of sidewalks laid it would be possible to get free mail delivery throughout the city. Other members spoke briefly approving a campaign for more sidewalks.

The desirability of having street signs erected showing the names and numbers of the streets was also discussed approvingly, with suggestions that the matter be brought to the attention of the members of the city council.

Judge C. H. Cain and President Happy Smith made reports of a visit with the Lubbock Kiwanians at their luncheon last Thursday. They reported a large attendance and a very lively time. Happy suggested that their own luncheon programs could be improved by having a couple of regular song leaders and having more and snappier singing, a formal welcome to new members, etc.

Tahoka Kiwanians attending the Lubbock luncheon were Judge Cain, Happy Smith, Rev. R. T. Breedlove, and D. A. Parkhurst.

METHODIST LADIES WILL STAGE RUMMAGE SALE

A rummage sale for the benefit of the ladies of the Methodist Church has been announced for Saturday on the west side of the square.

Those having good old clothes are requested to load the same at Neyland's store any time this week prior to Friday night.

Ort Will Open New Bakery Here

Tahoka is to have a new bakery, according to A. P. Ort, who stated to the News Tuesday that he has made arrangements to open such a business within the next few days. J. W. Wiesner of Houston will be associated with him in the business. Mr. Wiesner has been in the bakery business in that city and recently sold there. He is said to be an expert baker himself. Until recently Mr. Ort has been in the employ of the City Bakery here.

Mr. Ort explained that while their business will occupy a space 30 x 25 feet in the rear end of the Welch Grocery, they will have a show window at the front. Mr. Ort says that they were compelled to take the rear end of the building by reason of the fact that there are no vacant business houses here.

Mrs. Crie Says Pecans Do Well

Mrs. H. C. Crie says that she has a pecan tree on her premises that has this year made a fairly heavy yield of large, fine pecans. This tree has yielded a few pecans the past two or three years but they were small. This year the nuts are of good average size. So, she believes that this is a successful pecan country. Possibly the trees might need irrigation in dry years, but she is convinced that fine pecans can be raised here.

MARRIED

Elder W. A. Kercheville gave us a delayed report of a marriage he performed several days ago. The contracting parties were Penny Stegall and Miss "Skeeter" Vivian Doss of Lubbock. They drove down to Tahoka, procured their license here, and got a Tahoka preacher to perform the ceremony. They are starting out right.

LUBBOCK WILL VOTE ON BONDS

\$2,000,000 Road Bond Issue Will Be Voted On By Citizens Saturday Of This Week

The voters of Lubbock county will decide next Saturday whether or not bonds are to be issued in the sum of \$2,000,000 for the purpose of paving the highways and some of the lateral roads of the county.

An aggressive campaign is being waged by those favoring the bonds. An organized effort is also being made to defeat them. The proposition seems to be enlisting much interest throughout the county and a heavy vote seems probable.

If the bond proposition carries, it is proposed that three main highways passing through the county and intersecting at Lubbock shall be paved. These are highways No. 9, passing north and south through the county, No. 7, running diagonally through the county from southeast to northwest, paralleling the main line of the Santa Fe Railway, and No. 85, entering the county between Lorenzo and Idalou, passing westward through Lubbock and thence southwest to Brownfield. Also the road extending west from Lubbock to Levelland and thence to the New Mexico line is to be paved to the west line of the county. The Tahoka-Slaton road is to be paved from the point where it enters Lubbock county through Slaton, Idalou, and Beeton on to the north line of Lubbock county. Other public roads in the county are to be improved.

If the bonds are voted it is contemplated that \$2,000,000 additional will be appropriated by the state and federal governments, making a total of more than \$4,000,000 available for paving and hard-surfacing purposes. Concrete paving is to be done on the cardinal highways, 9, 7, and 85. Rock and gravel base with asphalt topping is to be used on the other highways.

The outcome of this election is being watched with much interest by the people of Lynn county, since Highway No. 9 passes through this county.

GRAHAM DIES OF PELLAGRA

Was 62 Years Old; Funeral Services Held Monday Afternoon At Baptist Church

Arthur Graham, 62, died at the residence of his son-in-law, A. P. Thomas, in this city Monday afternoon. He had been sick for some time and his malady was diagnosed as pellagra.

Funeral services were conducted at the Baptist Church at 2:30 Tuesday afternoon, Rev. B. N. Shepherd, the pastor, officiating, and the remains were laid to rest in the City Cemetery.

Deceased left surviving him his wife, three sons, Edward A. Graham of Augusta, Ark. and A. J. Graham and T. C. Graham of Tahoka, and two daughters, Mrs. Beulah Price and Mrs. Sadie Thomas of this city. He also left surviving him two brothers, H. J. Graham of Jonesboro, Ark., and Johnnie Graham of East Claridon, Ohio, and five sisters, Mrs. Julia Hardy of Jonesboro, Ark., Mrs. Maggie Benson of Wynne, Ark., Mrs. Ella French of Rector, Ark., Mrs. Sadie Page of Watsonville, Calif., and a sister whose name we failed to learn, of East Claridon, Ohio.

Deceased was a faithful member of the Baptist Church and left every evidence that he was ready to meet death.

The family and relatives have the sympathy of many friends.

Lady's Eye Injured When Glass Breaks

Mrs. P. M. Montgomery, who with her husband resides on the Will Montgomery farm just northwest of town, was the victim of a peculiar accident Monday which resulted in serious injury to one of her eyes.

When she walked from a warm room in their residence into another room in which the air was cold, one lens of her glasses suddenly broke into innumerable pieces, many of the fragments entering the ball of the eye. Mr. Montgomery immediately brought her to town for treatment, which was rendered by Dr. Turrentine. On Tuesday she was taken to Slaton for treatment by an eye specialist. Apparently the sight of her eye is not impaired and it is hoped that the wounds will heal without leaving any impairment of vision.

It is presumed that the breaking of the lens was the result of coming suddenly in contact with cold air.

"The storm burst so suddenly upon us that we had no warning of its approach," remarked the globe-trotter to a group of interested friends at the club.

"In an instant," he continued, "the house was demolished and scattered to the four winds. How I escaped being torn to pieces I do not know! We—"

"G-good gracious!" exclaimed Mr. Meke, jumping to his feet, "That reminds me. I almost forgot to mail a letter for my wife!"

"But surely," urged Jones, "seeing is believing!"

"Not necessarily," replied Johnson. "I see you every day."

NEW OIL WELL TO DRILL SOON

Drillers Hope To Spud In Next Week; Location Is North Of Old Hart Test

Construction of the derrick at the new location four miles west of town where another test for oil is to be made is proceeding satisfactorily, and the Company expects to be ready to spud in by the first of next week, we understand.

This location is on the same section but about a half mile north of the Old Hart well, which was never completed, the well being abandoned at a depth of approximately 1300 feet on account of a crooked hole and financial difficulties.

It is claimed that the Company which is to drill the new test is financially able to go right on down with the hole and that no long-continued delays are expected, except such as usually occur in any wild-cat territory. One member of the drilling crew is already here and others are expected within a few days.

The progress of this well will be watched with much interest by the people of Tahoka and by oil people elsewhere.

Two hundred and fifty thousand pounds of wool were sold at Rock Springs, at a price calculated to be 35 cents. Edwards County will market approximately 1,700,000 pounds of mohair this year.

Eleven Drunks Put In Jail Saturday

Deputy Sheriff D. Sanders, City Marshal Milt Finch, Constable Guy Sherrard, and Night Watchman J. E. Brooks, rounded up a total of ten or eleven drunks Saturday night, most of whom were placed in jail. Some of them have already paid their fines and others, it is understood, have made arrangements to do so at an early date.

Just where the offenders procured their liquor, the officers were unable to find out. There must have been an unusual amount of it in circulation here Saturday, though. In speaking of the matter to the News, City Marshal Milt Finch said the officers were going to make it hard for the drunks from here on out. Some of them had gotten off heretofore without being "thrown in", but he said they were going to put them all in the jug after this.

HEAVY TRAFFIC ON HIGHWAY NO. NINE

Very few of our folks realize the amount of traffic that uses State Highway No. 9 northward from Big Spring, but a count will prove it is not far behind the Bankhead Highway in number of vehicles passing a given point. On Wednesday afternoon a train blocked the crossing at Gregg Street for just about three minutes and during that short period forty-two north-bound automobiles and trucks were lined up awaiting an opportunity to cross the railroad. And it was quite a bunch of cars that lined up on the northside of the tracks while the blockade was on.—Big Spring Herald.

WRITE TO SANTA CLAUS

Santa Claus will soon be here!

He is now hard at work in his work shop at Toyland, North Pole, making millions of gifts to be distributed Christmas Eve to little children all over the world. The Lynn County News has been selected as his special representative to receive mail from all the children in this territory and to publish them. Santa is a subscriber to the News and will read their wants in this paper.

Children, send in your letters early so that you will be sure to get them published. We will begin publishing them in the issue of December 6 and continue for the next two weeks. Just address your letters to Santa Claus, in care of The Lynn County News, Tahoka, Texas.

Womens Clubs To Help Legionaires

At a meeting of representatives of the various Women's Home Demonstration Clubs at the American Legion Hall Saturday afternoon, Emmett Fleming, Post Commander, laid before them the matter of raising funds to meet an obligation that is coming due on the hall.

Miss Myrtle Murray, district home demonstration agent, gave approval to the suggestion as did also Miss Greenwade, the county home demonstration agent. A number of the women present stated that they would present the matter to their respective clubs and they thought that some plan would be adopted for raising a fair portion of the needed funds.

CONFERENCE IS GROWING FAST

Million And A Half Dollars Collected And Gain In Membership During Past Year

A million and a half dollars were collected for all purposes by the Methodist churches comprising the Northwest Texas Conference, according to reports made to that body last week, and there was a greater membership gain than during the preceding year. These statements are contained in a brief summary of the work of the Conference made by Rev. R. T. Breedlove, the local pastor. He promises to give us fuller statistics next week. The summary which he made for us follows:

The Northwest Texas Annual Conference of the Methodist Episcopal Church, South, met in Lubbock last Wednesday and closed with the reading of the appointments Sunday evening after a sermon by the Rev. O. P. Clark of Sweetwater. The devotional studies were conducted by Bishop John M. Moore, and the preaching for the conference was done by Dr. Paul B. Kern of San Antonio. These two men are prominent in the Southern Methodist Church and both are rather noted as preachers and lecturers. Dr. Kern was for a long time connected with the Theological department of Southern Methodist University, going from there to the pastorate of one of the leading churches of San Antonio.

There were a great many changes in the pastorates. A great many preachers moved this year, but whether there were more than usual, we can not say. Not knowing the average length of pastorates, we could not be sure, but it seems that preachers in West Texas move rather often, possibly due to the conditions of a fast growing country.

The financial report of the conference showed about a million and a half dollars collected in all the territory. This was a decrease of about three per cent compared with last year. The membership gains were greater than last year, we were told, as was also that of Sunday schools and Leagues. Every indication backs up the claim that West Texas is a Church going country.

The Rev. Ham Wright was moved from Draw to Spang. The Rev. W. P. Garvin was sent to Lamesa, the Rev. V. H. Fisher having gone to Polytechnic, Fort Worth. The Rev. J. B. Thompson goes to Draw, and Dr. B. W. Dodson to Brownfield. There was no change in the appointment for the local church.

BOX SUPPER AT EDITH FRIDAY NIGHT

We are requested to announce that there will be a box supper at Edith Friday night, November 30. You are invited. A good time is promised.

Teachers Attending State Convention

Supt. and Mrs. M. L. H. Baze, Miss Lois Blicuss, and Miss Zuella Fox left Wednesday to attend the annual convention of the State Teachers' Association which meets in San Antonio today. Mr. Baze stated before leaving that he expected one of the best conventions in the history of the association. This is the fiftieth annual meeting.

BREEDLOVE TO REMAIN HERE

Methodist Pastor Sought Back For Third Year; Number Of Changes Made

To the gratification of the members of the Methodist Church and of the citizens of Tahoka without reference to their church affiliation, Rev. R. T. Breedlove was returned to Tahoka as pastor of the Methodist church for another year by announcement of Bishop John Moore at the close of the Northwest Texas Conference in Lubbock Sunday night.

Rev. Breedlove has served as pastor here the past two years. During this time the local church has enjoyed great prosperity and considerable growth numerically. Doubtless the church never had a more popular pastor. Not only is he an able preacher but he is a most useful citizen, genial and companionable everywhere and at all times.

Other appointments in the Lubbock district were announced as follows:

Presiding elder, D. B. Doak; Abernathy, J. E. Michael; Andrews, to be supplied; Beeton, G. R. Fort, supply; Brownfield, B. W. Dodson; Crosbyton, T. M. Johnson; Draw-Grassland, J. E. Thompson; Idalou, C. H. Leader; Lamesa, W. P. Garvin; Lamesa circuit, W. M. Whatley, supply; Levelland, J. W. Shepherd; Littlefield, G. E. Turrentine; Lorenzo, R. S. Watkins; Lubbock, First Church, H. L. Munger; Lubbock, Nineteenth street, G. P. McCollum; Lubbock circuit, C. C. Logan; Muntze, C. E. Lynn, supply; Meadow, D. D. Dennison; Morton, to be supplied; Muleshoe, W. B. Hicks; Muleshoe circuit, to be supplied; O'Donnell, C. A. Duncan; Plains, C. M. Curry, supply; Post, T. J. Rea; Ralls, B. J. Osborne; Robertson, P. B. Walden, supply; Slaton, S. L. Culwell; Slaton-Seminole, J. D. Farmer; Spang-Berg, Hamilton Wright; Sutherland, Elmer Crabtree; Sudan-Amherst, C. R. Hooten; Shallowater, R. L. Hart; Tahoka, R. T. Breedlove; Wilson, Z. B. Pirtle; professor in Texas Technological college, John C. Granberry; student Technological college, C. A. Nutcruss.

Local Officers To Testify In Murder Case From Odessa

Sheriff J. W. Simpson and deputy D. Sanders have been subpoenaed as witnesses for the State in the trial of "Red" Woods, beginning at Austin next Monday, who is charged with murder in connection with an alleged frustration of a bank robbery at Odessa several months ago.

Mr. Simpson says that Woods and a companion were here a few days prior to the Odessa incident and that they confided to him that a bank robbery was to be "pulled" here in a day or so and warned him to be on the look-out. He suspected that they were planning crooked work here and warned them against doing anything crooked here. Later, he followed them to Big Spring and warned the sheriff there, whom they had likewise interviewed.

Woods' companion, Dumas, was to have been tried at Austin a week ago but he failed to appear and his bond was forfeited.

Attending Annual B. Y. P. U. Meeting

Rev. and Mrs. B. N. Shepherd and daughter, Miss Gertrude, Miss Mattie Will Seroyer, and Miss Faye Pitts left early Wednesday afternoon to attend the State B. Y. P. U. Convention meeting in San Angelo today.

Among the interesting features of the program will be a state "word drill" contest. Miss Gertrude Shepherd of this city and a young lady from Brownfield constitute the team which will represent the Brownfield Baptists Association in this contest. Miss Gertrude led all contestants in this association.

The party are expecting to return to Tahoka Saturday.

BOX SUPPER

There will be a box supper at the Redwine School building on Friday night, December 7. The proceeds will be used to help equip the building. Everybody invited.

MANY TEXAS REPUBLICANS VOTE FOR SMITH

Some of the daily press and other analysts of the recent election returns in the Lone Star State are assuming that Hoover received the full Republican vote in Texas. That this assumption is far from the facts is easily detected by a very casual examination of the election returns from a few of the reliably Republican counties practically all of which Hoover lost. Take Bexar, Gillespie, Comal and others as an example. Wurzback, Republican candidate for Congress, carried Bexar county by a majority of 2,002 while Hoover lost the county by a similar margin. Fact is that in the recent election Texas Republicans split on the wet and dry issue perhaps as seriously as did the Democrats, and it is at least doubtful if Hoover carried a majority vote of his own party in Texas. —Rogers News.

It is likewise doubtful if Smith carried a majority vote of his party in Texas, Jed Adams to the contrary notwithstanding. Our Rogers contemporary is eminently correct in its analysis of the situation. Take the Cyclone voting precinct, a near neighbor of Rogers, in Bell county, for instance. This precinct is inhabited almost exclusively by Germans

and Bohemians. Many of these usually vote the Republican ticket in Presidential years. Isn't that true, Brother Taylor? Yet, this year, with about a hundred votes polled, Hoover got only eight of them. That was true, largely, in every German precinct in Texas, except in some localities in Southwest Texas where the growing of wool is a big industry. The Germans, generally, voted the Republican ticket four years ago, but thousands of them deserted the party and voted for Al Smith this year.

It looks to us like about a 50-50 proposition between Hoover and Smith so far as the Democrats are concerned. And we don't see, where Jed Adams, and W. A. Thomas, and Sam Rayburn, and C. C. Renfro, and Bob Henry, and John Henry Kirby can get much consolation out of these election returns, although they are "breaking their traces" trying to do so.

The American Legion boys are putting on a campaign to raise funds to pay out their hall. If every citizen of Tahoka would help just a little, the total sum contributed would help wonderfully. But the hall is not simply a Tahoka institution. It is owned by the Marion G. Bradley Camp, whose membership is not confined to Tahoka, and it is being used by the Women's Demonstration Clubs of the county for their council meetings. The people of the entire county therefore will be given an opportunity to contribute, and all contributions, great and small will be deeply appreciated by the Legion boys. Let's help the boys out. What do you say?

Peril, disaster, the relentless visage of approaching Death, frequently bring out what is really in men. Some highly respectable people in such a situation quail and cower and bring upon themselves the merited contempt of mankind, while some menial, some person of humble origin and humble station, will exhibit the highest type of heroism. Such was the case while the Steamer Vestris was sinking. The greatest hero in that emergency was a negro, Lionel Licorish, a native of Barbados, a small island away out in the Atlantic, deliberately risked his life time after time in saving the lives of the passengers and crew of that ill-fated

ship. Eighteen times, it is said, he dived into the turbid, shark-infested waters of the Atlantic to rescue a fellow human being who otherwise would have been swallowed up by the merciless Deep. This negro's succession of heroic deeds entitles his name to be written high and bold among the names of the great. The world may idolize an Alexander or a Napoleon, who waded through blood to power and fame, but their souls were like pigmies as compared with the soul of this humble negro who coolly offered his life a score of times in order that others might live. It was the Master who said, Let him who would be great among you be servant of all. Our hats are off to this humble but heroic soul, even though his skin is black.

With the games to be played throughout the country today, the football season comes to a close. Football has become a great American game, and so far as high schools and colleges are concerned it has completely overshadowed and displaced baseball, which, a generation ago, was the most popular American game, in school as well as elsewhere. Football contests between schools and colleges have become so enthralling the past few years as to provoke much disobedience of the rules and the frequent employment of fraud and unfair methods to win. Just recently a number of west Texas high schools have been compelled to forfeit all games played by reason of the fact that it was discovered that they had ineligible players on their teams. In some cases possibly the school authorities were imposed upon by applicants for places on the team who knowingly and fraudulently misrepresented the facts in order to get on the team. In other cases perhaps the school authorities failed to take proper precautions to keep ineligible off the team. In a few instances, possibly, the school authorities winked at fraudulent methods employed in order to have the strongest team possible. Such conduct, wherever it exists, is highly reprehensible. It is not only unfair to other schools, but it cultivates dishonesty among the students themselves. We are glad to say that the Tahoka school, so far as we know, has always been above criticism in this respect. Our superintendent and coaches have consistently sought to teach the boys that they must play the game fair at all times. We believe the boys have done so to a high degree. They have not won as many games as some of the neighboring schools but we dare say that none of their rivals have played the game fairer. Athletics conducted on this high plane, we believe, are highly helpful. When conducted on any other plane they become a bane and a disgrace to the offending school. We are for athletics as long as they are clean.

A committee of Congress is making a probe of alleged election irregularities in Hidalgo county, and the district attorney at San Antonio has been investigating alleged crookedness in making returns of the vote for the two candidates for Congress in that district. Newspaper reports seem to indicate that much crookedness has been resorted to in both the Hidalgo contest and the San Antonio race. We hope that officials will go to the bottom and will be able to get the truth. Any man who will tamper with election returns or who will stuff ballot boxes should be sent to the penitentiary. There has evidently been much crooked work of one kind and another in several border counties in every statewide election that has been held for many years past. It is strange to us that probes of these elections were not instituted in other years. When one man gets a thousand votes in a county and his opponent gets only two or three votes, that is sufficient evidence in itself that crooked work has been done. Results similar to this have been announced repeatedly in a number of Southwest Texas counties. Rotten! The whole business should be investigated and a number of scoundrels sent to the penitentiary.

There are two men down at Austin just dying to run for Governor or something. One is state treasurer W. Gregory Hatcher, and the other is commissioner of agriculture George B. Terrell. Both are breaking into the newspapers every chance they get, and Mr. Hatcher has already admitted that he is willing to be drafted. Both of them got terribly wrought up during the recent campaign because a lot of Democrats seemed determined to vote as they pleased, but as it turned out there were more of this variety than either of the aforesaid Austin pie-eaters counted on, and now Hatcher is giving free lectures to the governor and attorney general on law enforcement. It's funny to watch the antics of politicians.

Prohibition is here to stay. It is now merely a matter of law enforcement. Let's insist that our officers enforce the laws and back them up in the effort.

Nobody can enforce the Volstead Act and the Dean Law too rigidly to suit us.

HISTORICAL SOCIETY GETS NEW COLLECTION OF BOOKS

Two hundred thirty eight volumes of old and interesting text-books are a part of the text book collection of the library of the West Texas State Teachers College. These are books which have been out of print many years, and which can be obtained only with difficulty. They show very clearly the evolution of text-book writing and the effect which changing methods of teaching have had upon books used in school rooms.

McGuffey's New Fifth Eclectic Reader, published in 1857 is one of the prized books. A book on horticulture published in 1837 in Hoare's "Cultivation of the Grapevine." "A Letter Writer for the Use of Ladies" shows that it was important in the good old days to say just the right thing when writing ones friends. A Chemistry of 1858, a Geography of 1833 tends to show that most everything believed true at that date has been modified.

The College Library hopes to make its collection of old text-books comprehensive and of great value to persons doing research work in this portion of the field of education.

LUBBOCK CONTINUES TO GROW STEADILY

Lubbock, November 28—Lubbock, the home of Texas Technological College is enjoying a steady growth as shown by the building permits. With 635 permits already this year the total is well above the three million mark. This places Lubbock in the lead of such cities as Amarillo, Waco, Abilene, Galveston, Fort Arthur, Austin, and many other cities larger in population.

With part of November and all of December yet to go the total will go beyond the 1927 total which amounted to \$3,250,000. According to conservative estimates the present population of Lubbock is nearing the 25,000 mark.

Plainview's newest industry is the making of Uncle Tom Pure Ribbon Cane Syrup. F. O. Boliver has started manufacturing it and has put it on sale at local grocery stores.

The new Ford
has a very simple and effective lubrication system

THE lubrication system for the engine of the new Ford is as simple in principle as water running down-hill.

A gear pump in the bottom of the oil pan raises the oil to the valve chamber reservoir. From here it flows on to the main crankshaft bearings and the front camshaft bearing. Overload oil drops into the oil pan tray and runs into troughs through which the connecting rods pass.

As the ends of these rods strike the oil they scoop up a supply for the connecting rod bearing. At the same time they set up a fine spray that lubricates the pistons and other moving parts.

From the tray the oil runs into the bottom of the pan, and is again drawn up through a fine mesh screen and pumped to the valve chamber.

This system is so effective that the five-quart contents of the oil pan pass through the pump twice in every mile when you are traveling at only 30 miles an hour. Yet there is only one movable part—the oil pump.

When pa cum home tonite he sed the show business must be ben hard on Miss Gray becuiz in the show this afternoon why she was so nervous she cudden hardly do the dance she was supposed to of done in the show.

THE BUY-AT-HOME BUNK

(Hamilton Herald-Record)
The newspapers of the country are gradually learning that making a noise about buying at home does no good. Country people as a rule who have the money buy where they please, just like the merchants and business people do. Newspapers have been in the habit of howling themselves hoarse about trading at home and the very merchants and business men they are trying to help turn around and sting them by ordering their printing from a mail order house. That is their privilege of course, but why should the newspapers howl themselves hoarse about buying at home when it is not noticed or appreciated.
Following are a few observations from other newspapers along the same line:
The old weatherworn adage which used to be handed out with almost every issue of a country paper beseeching the people to buy all their goods of home merchants, is no longer used by many of the editors. Most of them have grown wise to the fact that people usually trade at home if the home merchants in the home papers offer sufficient inducements, and that no other argument takes the place of that. Neither does any other sort of advertising! Everyone who has any money to spend at all, is a patron of at least one home paper and that is the source to which they look for trading information.—Stephenville Empire.
The Progress has fallen into the habit of constantly harping on the buy-at-home subject. We together with hundreds of other small town newspapers throughout the United States, consume reams of paper in yelping and begging, pleading and appealing. We do all we can to arouse community pride to the extent that home made dollar will be spent with home merchants. We do these things gladly, willingly and without remuneration. But the question confronts us; does it have any effect? Do the merchants and business men themselves appreciate it? Speaking in open frankness, we doubt if the majority of them do. Why do we think so? Simply because seventy-five per cent of the merchants and business men in Dublin, and every other small town expect the home paper to do all the pleading and do it unassisted. They don't think enough of newspaper advertising to devote their time and money to proper exploitation of it. Getting down to brass tacks, how often have you seen a Fort Worth or Dallas newspaper advocate the buying at home movement? They take the position, and rightly so, that if the merchants of Fort Worth and Dallas want the business they will go after it and they will get it thru newspaper advertising. And any issue of the Dallas News or Fort Worth Star-Telegram will bear witness that they use newspaper space to go after the business. Take Washer Bros. in Fort Worth as an example. They spend five per cent of their gross business in advertising. Imagine it! Out of every dollar taken in, they set aside five cents for advertising! How many merchants and business men in Dublin spent three per cent in advertising of all forms? We've ventured to say that not as many as half the fingers on one hand. Here's what a Chicago man says: "Merchants in Chicago and other large cities choose from their stocks, which, by the way, aren't as large as is generally supposed, a few certain items and advertise them, directing attention to the values offered. The mere fact that he advertises them shows an assumption that people want to buy, and they do buy." There's the secret of buying-at-home success. It is advertising.—Dublin Progress.

Trainloads of FARMALLS Going Everywhere
This is the Most Useful! Most Popular Tractor.

Besides the Farmall we also have the popular McCormick-Deering 15-30 and 10-20 (3-Flow and 2-Flow)

NO wonder this tractor is popular—the McCormick-Deering Farmall for the first time gives the farmer a real all-purpose tractor. It is ideal power for all crops, all fields, all jobs, and all the time. There is no off-season for the Farmall.

The Farmall is the ideal tractor for every power machine in its power range—whether it runs by drawbar, belt, or power take-off. Its short turn, wide tread, extra-high row clearance, and other special features of design fit it perfectly for planting and cultivating of corn and cotton and other row crops.

FARM WITH A FARMALL! The Farmall and its equipment will show you a better, handier, more economical, and more profitable way to farm. Ask us to demonstrate it for you on a piece of ground 20 by 40 feet, and working with a mower or cultivator. Climb on the seat yourself and drive the Farmall. You will see why it is popular

HARRIS & APPLEWHITE
Hardware and Furniture

One man with a Farmall can intensively farm up to 200 acres. It replaces 6 to 10 horses and 2 to 3 men. It plows two perfect furrows and it can't be beat at the belt. Its capacity for work is astonishing—plowing 7 to 9 acres a day, double-disking 18 to 25 acres, drilling up to 45 acres, planting 50 acres, cultivating 30 to 50 acres, mowing 50 to 60 acres, and doing other work in proportion. And it is the easiest tractor to handle on the market.

Announcing -

The Outstanding Chevrolet of Chevrolet History

- a Six in the price range of the four!

The Chevrolet Motor Company announces The Outstanding Chevrolet of Chevrolet History... a Six in the price range of the four!

Spectacular as Chevrolet's achievements have been in the past... notable as its engineering triumphs have proved themselves to be—this remarkable new car dwarfs every previous Chevrolet accomplishment. Not only does it introduce into the low-priced field an entirely new measure of performance, comfort, beauty and style—but it is sold at prices so low as to alter every previous conception of motor car value.

The new six-cylinder valve-in-head engine—developed from more than a hundred motors designed especially for this sensational car—stands out as an engineering masterpiece. With a power increase of approximately 32% over the previous Chevrolet motor, with sensationally greater speed, and faster acceleration—it offers a type of performance that is literally astounding... even to those who have been driving cars costing hundreds of dollars more.

Throughout the entire speed range, it performs with a smoothness and quietness of operation that have never before been approached in a low-priced automobile. At the slower speeds of city traffic it idles along with wonderful silence and ease. On boulevards and country roads it responds with an eagerness that is a constant delight. It takes the longest and steepest hills with an abundant reserve of power that is a source of pride to the driver. And its economy of operation

averages better than 20 miles to the gallon of gasoline!

This revolutionary performance has been achieved as a result of the greatest array of engineering advancements that Chevrolet has ever announced. A high compression, non-detonating cylinder head... a new heavier crankshaft, statically and dynamically balanced... automatic lubrication of the entire rocker arm mechanism... semi-automatic spark control... hot-spot manifold... gasoline pump and filter... new and larger carburetor, with automatic acceleration pump and improved venturi choke... fabric camshaft gear... heavier driving gears... heavier differential gears... improved crankcase breathing system... improved lubrication... new 4-wheel brakes that are powerful, safe and quiet under all conditions—these indicate the importance of a group of engineering advancements that embrace every major unit of the entire chassis.

In appearance, this Outstanding Chevrolet is destined to become an automotive sensation—so smart, so stylish and so distinctively appointed that it rivals the costliest custom creations. The new Fisher bodies are longer, lower and roomier with an adjustable driver's seat in all closed models—and reveal the matchless artistry of Fisher designers. With their modish new colors, their smart dual mouldings and their distinctive concave pillars, they achieve a degree of original beauty that has seldom been equalled in motor car design.

You are cordially invited to visit our showroom and secure complete and detailed information on this sensational new car which will be ready for delivery beginning January 1st.

MISS GREENWADE GIVES RECIPES FOR FRUIT CAKES

Miss Greenwade, home demonstration agent, requests that we publish the following recipes for fruit cakes, for the benefit of the Club women and others.

Fruit Cake No. 1

- 1 lb. butter.
- 1 lb. flour (sifted and browned).
- 5 lbs. seeded raisins.
- 1 1/2 lbs. shredded citron.
- 1 tsp. melted chocolate.
- 1 tsp. powdered cinnamon.
- 1 lb. crystallized cherries.
- 1 scant tsp. nutmeg.
- 12 eggs.
- 1 glass jelly (grape)
- 1 tsp. allspice.
- 1 lb. diced pineapple.
- 2 lbs. shelled pecans.
- 1 lb. sugar.
- 1 glass grape juice.
- 1 (scant) tsp. clove.

Method: Soak the raisins in grape juice over night. Cream the butter and sugar, add beaten egg-yolks, spices, jelly, chocolate, and half amount of flour, then fold in the beaten egg whites. Roll the fruit in the remainder of the flour, then add to the other mixture in small quantities.

Fruit Cake No. 2

- 1 lb. butter
- 1 lb. light brown sugar.
- 9 eggs
- 1 lb. flour
- 2 tsp. mace
- 2 tsp. cinnamon.
- 1 tsp. soda.
- 2 tbsp. milk.
- 3 lbs. currants.
- 2 lbs. raisins, seeded and finely chopped.
- 1-2 lb. almonds, blanched and shredded.
- 1 lb. citron, thinly sliced and cut in strips.

Method: Cream the butter, add sugar gradually, and beat thoroughly. Separate yolks from whites of eggs; beat yolks until thick and lemon colored, white until stiff and dry and add to first mixture. Then add milk, fruits, nuts and flour mixed and sifted with mace, cinnamon, and soda. Put in deep buttered pans, cover with buttered paper, steam 3 hours, and bake one and one-half hours in a very slow oven. Rich fruit cake is always more satisfactory when the cooking is done by steaming.

Fruit Cake No. 3.

- 12 eggs.
- 1 lb. sugar.
- 2 lbs. English walnuts.
- 1 lb. butter.

- 1 lb. flour.
- 2 boxes dates.
- 2 lbs. pecans.
- 2 boxes figs.
- 2 tsp. cinnamon.
- 1 tsp. cloves.
- 1 box citron.
- 1 bottle cherries.
- 1 cup jelly.
- 2 lbs. raisins. (3 boxes)
- 1-2 cup syrup.
- 1-2 lb. diced pineapple.
- 1 cup grape juice.
- 4 oz. rose water.
- 1 tsp. soda.
- 1 cup sour milk.
- 1 tsp. mace.
- 2 tsp. nutmeg.
- Orange and lemon peel.

Method: Cut all the fruits and nuts, flour them in part of the flour. Cream the butter and sugar, add eggs well beaten, then flour and liquid alternately, adding milk with soda last. Then add fruits and let stand overnight. Bake the next morning for four hours in pans lined with heavy paper.

WHAT CLUB WORK HAS MEANT TO ME THIS YEAR

It would be difficult to estimate the value of club work to me this year. The programs of our year book were so artistically arranged that almost every phase of woman's work was discussed.

My entering the living room contest brought about the rearrangement of almost everything in the house which created an inspiration to better house keeping.

The lessons I have learned on food preservation have enabled me to feed my family properly and economically. The stress that our Home Demonstration Agent puts upon the value of milk to the health of growing children urges me to see that my child gets the required amount. Never will I forget the demonstration of Mrs. Everwell's and Mrs. Neverwell's Medicine Cabinet.

The instruction I receive in sewing and dyeing enables me to clothe my children economically and becomingly.

And while looking after the welfare of our loved ones, we have not lost sight of "The Queen of the Home." Very carefully does our instructor stress the influence of our personal appearance and self control upon the inmates of our home, also that correct posture and health may be preserved by correct height of our working centers.

My being secretary of our club caused me to form the habit of keeping records of my individual work also. I realize great benefit from same.

My frequent association with club members creates within me a friendly feeling and love for my neighbors which could not exist if we were not seeing each other often.

Last, but not least, my trip to College Station was due to club work and I shall always look upon the week spent there as one of the happiest and most profitable of all my life.

In conclusion I will say that instruction I have received in club work helps me to solve every problem that confronts me in my home.

Hello folks: here we come after so long a vacation. This leaves the majority of people in the fields gathering cotton.

Well, the new school is just about finished. The school board is hauling the auditorium seats at this writing.

School began Monday morning with 44 in attendance and a capacity of 4 teachers. Mr. Cavness, our county Superintendent was present and delivered us a fine talk.

Day School is still progressing. We are hoping we will have the auditorium to have it in before long.

Miss Greenwade met with the girls Tuesday morning and reorganized the girls H. D. Club they have 13 members to begin with this year.

Mr. Ridal Nicholas, his sister Vera and Gladys Terry called at the home of Mr. and Mrs. Lewis Henderson Tuesday night.

The singing at J. C. McCarley's last Sunday night was enjoyed by all.

T-BAR H. D. CLUB REPORT

The Women's H. D. Club met with Mrs. J. C. McCarley Thursday evening, Nov. 15 with eight members present.

The house was called to order by our president, Mrs. J. A. Beasley at 8:30 o'clock which later our annual election of officers took place. The following were elected: Mrs. J. A. Beasley President, Mrs. Robert Townzen, Vice-President; Mrs. J. B. Vickrey, Secretary and Treasurer; Mrs. Louis Henderson, Reporter; Mrs. L. C. Crews, Better Homes Chairman.

The program committee will be appointed later.

The Club adjourned about 5:00 o'clock, everyone proud of their new officers. The club will meet with Mrs. J. B. Moore-Dec. 6. Our subject will be fruit cakes and Xmas candies. Reporter.

A "LEGACY" FAUX PAS

One of our good banker friends has contributed the following as a prize winning offer:

There was a little lawyer man Who gently smiled as he began Her dear, dead husband's will to scan;

And thinking of the coming fee, He said to her quite tenderly, "You have a nice fat legacy." Next morning as he lay in bed, With plasters on his busted head, He wondered what the —he'd said. He wondered what the —he'd said.

The business man who has an eye for business always has both eyes wide open.

EDITOR GETS POUNDED

Many a preacher gets "pounded" while he is new on the field.

But did you ever hear of an editor getting "pounded"?

Well, that is what happened to us on last Saturday afternoon—and that too, after we had been here five full years. "Pounded", we mean, with good things to eat, not with a stick or a fist.

The good ladies, "God bless em" did it.

The Women's Home Demonstration Clubs of Lynn county had their regular monthly meeting at the American Legion Hall Saturday afternoon. The editor was sent for. Happy Smith was delegated by the ladies to escape the editor to their meeting place. We suspected nothing. We expected to merely get a news item—an editor is eternally on the look-out for news.

Well, after the ladies got through with everything else, Miss Greenwade arose and without warning informed the editor that the ladies had brought him a gift, whereupon she conducted us to an adjoining room and bade us survey a table loaded with canned goods, at the same time announcing that it all belonged to us.

Imagine our surprise! Nothing like that had ever happened to us before. We were not too full for utterance, but for the moment almost too astounded and too—hungry. But we managed to say "Thank you."

The treat consisted of 17 No. 2 cans, 27 No. 3 cans, and three jars, of vegetables and meats. So, the editor will be able to keep the wolf from the door a few weeks longer, he hopes.

All the Women's Home Demonstration Clubs of Lynn county participated, we understand, in making the gift.

These clubs are as follows: Draw-Redwine, Edith, Gordon, Joe Bailey, Lakeview, Midway, New Home, New Lynn, O'Donnell, Slash-L-T-Bar, and Wilson.

They have our most grateful thanks. We appreciate the "pounding" or the "canning" more than words can express. Deeds of thoughtfulness such as this tend to take all the misery out of life.

Miss Greenwade explained that the clubs had made this donation to the editor in appreciation of the help that the paper had given them in their work from time to time. We shall continue to help them, as we have in the past, because we believe they are doing a great and good work. We are at your service, good ladies, now and forever.

WORSE YET

The old lady was looking for something to grumble about. She entered the butcher's shop with the light of battle in her eyes.

"I believe that you sell diseased meat here!"

"Worse," replied the butcher blandly.

"What do you mean, worse?, demanded the astonished patron.

"The meat we serve is dead!" confided the butcher in a stage whisper.

For some months two men who were political enemies had not been on speaking terms. One day they met face to face on a narrow pavement which afforded room for only one pedestrian at a time. "Sir," said one of them, drawing himself up to his full height, "I never give way to fools." "Don't you?" responded the other cheerfully. "I always do," and immediately stepped into the road.

Examination Master — "Does the question embarrass you?"
Pupil — "Not at all Sir; it is quite clear. It is the answer that bothers me."

South Ward Items

vF.Hincartis

South Ward entertained the largest audience that has ever attended any gathering this year. There were approximately one hundred and twenty five people to see our program. Every one enjoyed the plays and boxing matches were of special interest. There were three bouts and a box of candy was given to the boxer that the audience liked the best. The winner, Harvey Johnson, was determined by applause from the crowd. The audience was especially delighted with the music furnished by the quartet from Tahoka of which Mr. Baze is a member. Peanuts and pop corn were sold and Edgar Rogers held the lucky number for a box of chocolates.

Ed Cobb surprised the community last Saturday evening. He was married to Miss Effie Mitchell of Wilson. We join with the people of the community in wishing for this happy young couple a long and enjoyable life together.

The next affair will be a Christmas tree and program on Friday night, December 14. A negro play will be presented at this time. We would like to have volunteers to get a Christmas tree. This is a community tree and program. If you will get the tree please give one of the teachers your decision at once.

Cotton Industry In Better Position

Austin, November 28.—Many elements of strength were noted in the cotton textile industry in Texas during October, even though activity increased only slightly over the September schedule, according to Bernard Nichols, editor of the Texas Business Review, issued monthly by the Bureau of Business Research at the University of Texas.

"The industry is working into a more favorable position," Mr. Nichols said. "Increased sales and unfilled orders were the chief improved factors. At present, unfilled orders are increasing faster than production. Mill men have found it advisable to hold production down until the market for goods and yarn warrants expansion."

"During the month, 20 Texas mills manufactured 7,862 bales into the 6,697,000 yards of cloth, compared to the consumption of 9,699 bales and an output of 8,180,000 yards of cloth by 18 mills in October, 1927. Cotton goods sales totaled 6,525,000 yards, against 5,217,000 yards in September and 3,130,000 yard in October last year. Unfilled orders increased sharply from 5,343,000 yards in September to 10,285,000 yards in October, a gain of nearly 100 per cent. At the present rate of production, bookings are equal to about six weeks' run. Measured by sales and unfilled orders, the industry has made remarkable recovery since August."

"What time is it? I'm invited to the show and my watch isn't going. "Why, wasn't it invited?"

SHERIFF'S SALE

THE STATE OF TEXAS, COUNTY OF LYNN:

NOTICE IS HEREBY GIVEN That by virtue of a certain Alias Execution issued out of the Honorable Justice Court of Precinct No. 1 of Lynn County, on the 23rd day of November, 1928, by L. P. Metcalfe, Justice of the Peace of said Precinct No. 1 of Lynn County for the sum of One hundred fifteen and no/100 (\$115.00) Dollars and costs of suit, under a judgment, in favor of Frank Walton in a certain cause in said Court, No. 792 and styled Frank Walton vs. Miss Lee Northcross, placed in my hands for service, I, J. W. Simpson as Sheriff of Lynn County, Texas, did, on the 28th day of November, 1928, levy on certain Real Estate, situated in Lynn County, Texas, described as follows, to-wit: Being all of the South-West quarter of section No. 464; certificate No. 454; abstract No. 1022, E. L. & R. R. R. Co., and levied upon as the property of Miss Lee Northcross and that on the first Tuesday in January, 1929, the same being the 1st day of said month, at the Court House door, of Lynn County, in the city of Tahoka, Texas, between the hours of 10 a. m. and 4 p. m., by virtue of said levy and said alias Execution, I will sell said above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said Miss Lee Northcross.

And in compliance with law, I give this notice by publication, in the Eng-

lish language, once a week for three consecutive weeks immediately preceding said day of sale, in the Lynn County News, a newspaper published in Lynn County.

Much Oil Leasing In Terry County

It's no trick at all to lease land in Terry county for oil and other mineral purposes, but just now all the companies seem to want land lying north and northwest of Brownfield. Farmers report that they are getting from \$1.75 to \$2 per acre lease with a yearly rental of 50c per acre, and that so hot has become the competi-

tion between the companies that the price has been gradually rising. One prominent citizen of the Needmore community informed us recently that he had leased one and one-half sections for \$1.75 but was getting \$2.00 for another half that he had held out until he saw another company representative.

It may not seem like much, but if a man has a half section that means \$640 dollars, and \$1280 for the man with a section, and as little as you

think about, it is putting lots of extra dollars in circulation here, besides the yearly income of 50c per acre and they can go on cultivating or grazing the land as usual.

The writer is neither a geologist nor an experienced driller; he would not know a good structure from an offset if he should see one, but we do have sense enough to know that oil men, although they have lots of money are not in the habit of getting out and throwing it at birds. In other words, some of the biggest oil companies in the United States, thru their representatives are betting their dollars that oil lies under the terrain of Terry county, and they are just paying the way now to turn it on when they get good and ready to do so. They don't seem to be bothered by the fact that although the Brownfield well is now some 4500 feet deep and apparently is not a paying proposition, for now days oil men of experience know a gusher and a duster may be within a stone's throw of each other.

Anyway, oil men and geologists believe firmly that oil underlies our soil and they are paying out real money for great blocks of it.—Terry County Herald.

LYNN COUNTY LEADS DAWSON IN COTTON GINNED

Lynn county had ginned more than 1400 bales in excess of the number ginned in Dawson county this season prior to November 14, according to report made by J. H. Barron of Lamesa, Special Agent of the Bureau of the Census. Mr. Barron has kindly furnished us the figures for the two counties, as follows:

"There were 9,142 bales of cotton ginned in Dawson county, from the crop of 1928, prior to November 14, 1928, as compared with 24,447 bales ginned to Nov. 14, 1927.

There were 10,601 bales of cotton ginned in Lynn County, from the crop of 1928, prior to Nov. 14, 1928, as compared with 17,873 bales ginned to Nov. 14, 1927.

A HOPEFUL FUTURE

(Chris L. Adair, "Public office is a public trust", is a terse phrase immortalized by Grover Cleveland many years ago. The friends of Governor Smith in the recent campaign pointed with pride to his honest and efficient expenditure of public funds intrusted to his care and the President-elect was known to have handled huge sums of private and public money and carefully accounted for the last dollar. It seems nothing but fair that those who pay in a dollar taxes to the public treasury should expect that dollar to buy a hundred cents worth of public service and improvements. There is also a growing sentiment that all who sign the public payroll render an equivalent in real work. Ornamental offices have lately become somewhat unpopular with the tax payers, who expect that officeholders render some useful service or get off the payroll.

It is regrettable that in the government of many of our smaller cities, some costly errors are made at the expense of the taxpayers. Such errors would easily prove fatal to the ordinary private business enterprise. Our own power, light and ice plant built at tremendous cost was finally thrown on the market and sacrificed at a fraction of its investment value and the money received for it seems to be gone beyond recall. A great deal of money was supposed to have been taken in each month—much more than was known to have been paid out, but no one seemed to know for sure or was able to tell whether the thing actually paid or not. It was claimed by some who claimed to know that a report was required by law to be published at stated intervals showing the exact state of the public finance but no one ever remembers reading such a report. Several times however, a crew of expert accountants was imported to straighten out the public present city council to better our to believe that in the near future plans may be worked out to prevent the recurrence of such heart-breaking experiences.

The praiseworthy efforts, of our it is to be hoped the Council will deplorable street condition and make the fire hazard less meets with hearty approval of all those interested in the welfare of the community. Having so nobly started this good work, it is to be hoped the Council will keep it going until the City of Tahoka will be a pattern to all other small municipalities in this part of Texas. It can be done, so why not try?

News Hears From Former H. D. Agent

The News received a letter this week from Miss Millie M. Halsey, until recently home demonstration agent for this county. Miss Halsey is now at her father's home at Rogers in Bell county. She is still much interested in the work in this county and hands the following bouquet to the News: "I think The Lynn County News has been one of the greatest factors in putting Lynn county home demonstration work where it is today", together with other complimentary remarks.

Miss Halsey is also personally acquainted with Miss Maxwell, the agent recently provided for Garza county, and she predicts that Miss Maxwell will do excellent work in that county.

Miss Halsey did a wonderful work here in Lynn county, and Miss Greenwood promises to be a worthy successor.

All are welcome to attend these services.

A HOPEFUL FUTURE

(Chris L. Adair, "Public office is a public trust", is a terse phrase immortalized by Grover Cleveland many years ago. The friends of Governor Smith in the recent campaign pointed with pride to his honest and efficient expenditure of public funds intrusted to his care and the President-elect was known to have handled huge sums of private and public money and carefully accounted for the last dollar. It seems nothing but fair that those who pay in a dollar taxes to the public treasury should expect that dollar to buy a hundred cents worth of public service and improvements. There is also a growing sentiment that all who sign the public payroll render an equivalent in real work. Ornamental offices have lately become somewhat unpopular with the tax payers, who expect that officeholders render some useful service or get off the payroll.

It is regrettable that in the government of many of our smaller cities, some costly errors are made at the expense of the taxpayers. Such errors would easily prove fatal to the ordinary private business enterprise. Our own power, light and ice plant built at tremendous cost was finally thrown on the market and sacrificed at a fraction of its investment value and the money received for it seems to be gone beyond recall. A great deal of money was supposed to have been taken in each month—much more than was known to have been paid out, but no one seemed to know for sure or was able to tell whether the thing actually paid or not. It was claimed by some who claimed to know that a report was required by law to be published at stated intervals showing the exact state of the public finance but no one ever remembers reading such a report. Several times however, a crew of expert accountants was imported to straighten out the public present city council to believe our to believe that in the near future plans may be worked out to prevent the recurrence of such heart-breaking experiences. The praiseworthy efforts, of our it is to be hoped the Council will deplorable street condition and make the fire hazard less meets with hearty approval of all those interested in the welfare of the community. Having so nobly started this good work, it is to be hoped the Council will keep it going until the City of Tahoka will be a pattern to all other small municipalities in this part of Texas. It can be done, so why not try!

BOX SUPPER AT EDITH

There will be a box supper at the school house on Friday night, November 30. The school will try to arrange a short program which will be rendered before the boxes are sold. The proceeds of the supper will be spent for the library and other school expenses. Everyone is given a cordial invitation to come and either bring a box or buy one.

Judge B. H. Howard and son Van-roe of Crosbyton are here spending Thanksgiving with the former's daughters, Mrs. Harley Henderson and Mrs. Frank P. Hill.

"When wealth is lost, nothing is lost; When health is lost, something is lost; When character is lost, all is lost."

—Ex. Steve: "Have you forgotten you owe me a half dollar?" Perry: "Not yet, but give me time and I will."

"Well, that let's me out," grinned the convict, pointing to the open gate.

News Hears From Former H. D. Agent

The News received a letter this week from Miss Millie M. Halsey, until recently home demonstration agent for this county. Miss Halsey is now at her father's home at Rogers in Bell county. She is still much interested in the work in this county and hands the following bouquet to the News: "I think The Lynn County News has been one of the greatest factors in putting Lynn county home demonstration work where it is today", together with other complimentary remarks.

Miss Halsey is also personally acquainted with Miss Maxwell, the agent recently provided for Garza county, and she predicts that Miss Maxwell will do excellent work in that county.

Miss Halsey did a wonderful work here in Lynn county, and Miss Greenwood promises to be a worthy successor.

We are just unloading another car of Red Cedar Shingles. In this car we have the 5 inch dimension shingle. These make a beautiful roof. Look them over before re-roofing.

But from all kind of music that appeal to me at all, I'll just choose a pack o' hoganies chain' rabbits in the fall.

Well, we've got quite a lot of things to be thankful for this year, but chief among them we think is the fact that we are living in the best little city, in the best state in the Union, with enough good customers to keep our business off the rocks.

"You must be getting tired of me. You never call me 'dear' as other men's wives do."

J. L. McClurg, Miss Katie Lee Atkins, and Mrs. Will Barnes visited at Clovis, N. M., Sunday. Mr. McClurg says they encountered snow at Muleshoe and Littlefield.

Mr. and Mrs. Fred Flesner were week end guests of the latter's parents, Mr. and Mrs. J. B. Walker, Mr. Flesner, who has been stationed at San Marcos for several weeks, in the employ as civil engineer of one of the big oil companies, was recently transferred to Rankin.

S. C. Henry of Montpelier, Ohio, who is spending a few weeks in Tahoka is possibly the oldest land owner in the county. He has three quarter-section tracts out in the northwest corner of the county which he has owned for approximately fifty years. After having owned this land all these years he is now placing the same on the market, on easy payment plans. Mr. Henry has traveled a bit in his time too. In 1911 he visited Panama and still has in his possession a very highly valued cane made of black palm that grows in that country. Mr. Henry has been a regular reader of The Lynn County News for several years.

Supt. M. I. H. Baze and County Supt. H. P. Caveness attended a meeting of educators at the Texas Tech. last Saturday night, where proposed legislation relating to the educational system of Texas was discussed. Senator-elect Pink Parish and Representative-elect Carl Rountree were present and participated in the discussions. They promised co-operation in improving the educational system in this state, according to Mr. Baze.

J. R. Thompson and W. W. Graves and family, of the West Texas Gas Company with headquarters at Amarillo, were here a short time Wednesday, leaving here for the Davis Mountains, where they expected to spend a week hunting deer. Mr. Thompson said they also expected to visit Juarez before returning. We hope they bring back the venison.

Rev. J. B. Anglin of Morton was a visitor last Thursday and Friday of his brother, W. S. Anglin, and family and also of his little son, who is now making his home with the Anglin family here. Rev. Anglin has been transferred from the Northwest Texas Conference to the New Mexico Conference and will be pastor of the Methodist Church at Vaughn for the ensuing year.

Will Montgomery says he has several pecan trees that are bearing successfully this year. They are 5 years old and this is the first year any nuts have showed up. He says they are nice fellows, and he is proud of his little pecan orchard.

Virginia Cobb returned Wednesday morning from Dallas, where she has been in company with her sister, Mrs. J. E. McAtee Jr., buying goods for the J. E. McAtee store at Floret. They also visited their sister, Mrs. L. T. Robertson, while in Dallas.

Clarence Barnes, who is suffering from a case of blood poisoning, is reported to be improving nicely. He was able to sit up a short time Wednesday. It will be several days yet before he is able to be out.

Mr. and Mrs. W. C. Webb are spending the week here as guests of Rev. and Mrs. W. A. Kercheville. They are thinking seriously of locating here. Mr. Webb says they like our little city very much.

Miss Page Brown, who is attending the Texas Tech, and Miss Neva Deak of Lubbock spent the week end with the former's mother, Mrs. C. E. Brown.

Rev. E. T. Breedlove and family left Wednesday morning for Erath county, where they are to spend Thanksgiving with Mrs. Breedlove's mother.

Mrs. D. B. English and Mrs. M. C. Traylor and little Virginia Lee, are spending Thanksgiving with Mr. and Mrs. Maurice Small of Sulzer.

Chester Connolly, A. Z. Jackson, G. B. Sherrod, and O. B. Davis have gone to Dallas to bring back a bunch of new Ford's.

Mr. and Mrs. T. H. Sears of Whitewright were Sunday guests of Mr. and Mrs. H. M. Larkin.

Mr. and Mrs. Pfinger Wampler were week end visitors to Lorenzo.

PETTY NEWS

Well, we are still riding the waves of prosperity but we still have a life preserver. We are just sitting around the fire trying to keep warm. We will be glad to see this weather get warmer so we can all get back in the good old field.

The thrasher is in this neighborhood, so I guess we will all get to cook a thrasher dinner.

Mr. Reynolds had the misfortune of getting his leg broken by a car running over him while he was in Tahoka Friday. He is suffering much pain.

There have been a few cases of sickness in this neighborhood. Mrs. Blair and also Virginia Blair are just getting up from cases of fever.

Mr. Pinnell of Lubbock is doing the brick work on Brooks Smith's house, while Mr. W. R. Pinnell is doing the carpenter work.

R. E. Overstreet of Lubbock is at Petty this week on business.

Virgin Pinnell and Warren Smith made a business trip to Anton last week end.

Mr. Dockery's brother is visiting him this week. We have not yet learned where he is from.

Mr. Houston Blair and family think they will locate near Petty. We will gladly welcome them. What we need is more folks who will bring their children out to Sunday school. We want to invite everyone to come to Sunday School next Sunday morning at 10 o'clock.

Well, Thanksgiving will soon be here, and I guess we all expect a big fat turkey for dinner.

WORSHIP MEETS GENUINE NEED

Why do people go to church? It is one of the most persistent and widespread of human habits. Multiplied millions of people go to church every Sunday and count it the most important engagement of the week. This has been true for centuries. Gen-

erations come and go. Other customs change. But people continue to go to church as they continue to eat and drink and love and marry. There is only one way to explain this persistent custom. United worship meets a need in human life that nothing else can meet.—Exchange.

530 Miles Of T-B Seals On Sale

Over 530 miles of Tuberculosis Christmas Seals have been distributed by the Texas Public Health Association for the annual sale which starts today. The seals this year show an ancient galeon with a red double barred cross on the main sail and the words, Christmas Greetings 1928.

The proceeds from the sale of these seals finance the work of the Texas Public Health Association and their twenty-three local affiliations.

Over 100 volunteer chairmen have been secured to sell seals in their localities and in counties where no organization occurs. The public is offered an opportunity to secure seals by mail.

Last year the State Association reached over 100,000 persons in their State-wide Educational Campaign. A great deal of attention is being paid to health work in schools, consisting of health educational work and the examining of pupils by registered, Public Health Nurses. Tuberculosis clinics have been held in several counties. Special effort has been made to reach all races.

In 1929 it is expected that continuation of our present program will be carried on, increasing the clinic work wherever possible. Dr. Z. T. Scott, Executive Secretary, stated that the deaths from tuberculosis had been reduced over 50 per cent since the first campaign against Tuberculosis and that we are now on the last half of the fight and the efforts must be continued. He also stated that tuberculosis was still the major cause of death in the age group—15 to 25—and that special work must be done with this group.
