Tahoka, Lynn County, Texas, Thursday, January 17, 1929

Number 21

4 NEW BRICKS TO BE ERECTED

Baze Brothers to Construct Buildings North And West of Security State Bank

At least four brick business houses are to be constructed in Tahoka at an early date, if plans now developing shall materialize. Recently Dr. P. A. Baze of Mason purchased from J. B. Nance the lot lying just north of the Security State Bank, and on Monday Supt. M. L. H. Baze closed a contract with the Security State Bank for the lot lying west of its building. Dr. Baze is planning to erect a building on the east end of the lot purchased by him and he and Prof. Baze will erect three buildings facing the south on the lot purchased by the latter and on the west end of the lot purchased by the Doctor. The building facing the east will be 25 by 70 feet in size and the other three buildings will each be about 20 by 50 feet. Work will start as soon as rental contracts, shall be closed for the proposed new buildings.

Supt. Baze, who has been here the past two years, and Dr. Baze, who has visited here a few times, each have great faith in the future of Tahoka. Both are progressive citizens, with a vision of the possibilities of the future, and it is such men as they that help to build cities.

MRS. SPEIGHT TRADES CITY CAFE FOR WILSON BUSINESS

Mrs. Wanda Speight, who has been operating the City Cafe for the past year or more, effected a deal this week with W. A. Chaney, who owned and operated a cafe in Wilson, taking the Wilson property as part consideration for her business here. Mr. and Mrs. Chaney took charge of the City Cafe here Wednesday and Mrs. Speight and family left Wednesday afternoon for Wilson to take charge of the business there.

Mrs. Speight has made many friends here, who hope that she will meet with splendid success at Wilson. Mr. and Mrs. Chaney are well come to Tahoka.

Miss Peek Makes Official Report

A report has been received by the local high school from Miss Lillian Peek, who visited Miss Bleifuss and the Tahoka High School during the early days of December. Miss Peek made some helpful suggestions for the improvement of the home economics work of the Tahoka High School. Among the most timely suggestions was that more girls be induced to take the courses. This has been the aim of the administrative officials for the last two years, and they are asking the cooperation of the parents in inducing more girls to enroll for the home economics works.

Miss Peek's recommendations relative to the sinks in the home economics room has been carried out, and as a result the school has some sinks for sale. Other changes have been made in the cooking room to overcome the handicap of small dimensions. The amount of subsidy this year will be \$506.25. This amount will be paid the school in June.

Miss Peek's visits are always appreciated by the teachers and officials. Sympathetic and constructive criticism are always welcomed by the schools, and are also very helpful. We quote Miss Peek in her report under the heading "General":

"It is a pleasure to visit Tahoka and to note continued progress. The personalities of boys and girls are being developed. This counts for more than book knowledge. There is every evidence, however, that the latter is not being neglected."

County Will Again Furnish Dog Poison

On Tuesday of this week the commissioners' court took action to again furnish the land owners of Lynn county with poison at cost, to kill the prairie dogs. This poison will be ready for distribution on February 1. The prairie dogs have again become rather numerous in some localities, it is said, and it is important that they be killed out.

Farmers Urged To Attend Short Course

On January 29 and 30, the schools of Agriculture and Home Economics of the Texas Technological College are planning to conduct a short course for the farmers and home makers of Lubbock county and the counties adjoining. They hope to have joint programs for both men and women and also separate programs to meet the needs of each group.

This Short Course will be very interesting to the farmers and home-makers and at the same time give them something which will meet their needs.

Although, Lynn county does not at this time have the services of a farm agent, we are hoping to in the near future, but the Home Demonstration Agent is strong for that phase of the work; and the Home Demonstration Agent at this time urges that all the farmers of Lynn county who possibly can attend the Short Course to be given January 29-30 at Lubbock, Texas.

Plant a vineyard.

OIL TEST IS DOWN 600 FT.

Satisfactory Progress Being Made; Drilling Halted To Enlarge The Hole

Satisfactory progress has been made on the McCamey well being drilled on the T-Bar Ranch four miles west of Tahoka, according to G. Jackson, the contractor, who was in the office Monday. The well was down to almost 600 feet. Drilling had been stopped temporarily to rim out the 15-inch hole and to shut off the water which was encountered at 350 to 390 feet. So far, no serious difficulties have been encountered, according to Mr. Jackson, and it is hoped that the drillers will continue to make good progress until the well is finished or oil is struck.

Mr. Jackson also stated that he will start drilling on the Knight Ranch in Yoakum county, eighteen miles southwest of Plains, at an early date. The rigging is going up this week.

Both these wells will be watched with much interest in oil circles and by the people of the South Plains.

Under the joint auspices of the Brady Chamber of Commerce, and the Brady Water and Light Board eleven prizes were given for the best lighting effects used on local houses during the holidays. First prize was \$40.00.

O'Donnell Couple Married By Judge

County Judge G. C. Grider performed his first marriage ceremony late Saturday afternoon when Willard T. Vail and Miss Exa Odum, both of O'Donnell, appeared in the county clerk's office, procured a marriage license, and called for Judge Grider to say the magic words which should unite them for life. The Judge responded promptly and they say that he officiated with all due solemnity and effectiveness. At any rate his services were entirely satisfactory to the two fine young people who were most interested in the event, and they left the court house thoroughly happy. They will make their home in O'Donnell.

Higgins To Retain Job As Janitor

Tom Higgins, who has been the efficient janitor at the court house the past few years, was re-elected to the position by the commissioners' court in session Tuesday. There was another applicant for the place but it is understood that the vote for Mr. Higgins was unanimous. Mr. Higgins is conceded to be one of the best court house janitors in Texas. Few court houses can be found that are as well kept as the Lynn county court house, a fact in which our citizens take pride.

For the second time in one year the post office at Albany has had to be enlarged. Each time one hundred and fifty boxes were added. Albany citizens consider this a good sign of progress. The total number of boxes is now 1366.

County Basketball Tournament To Be Held Friday and Saturday

All the schools of the county will be here Friday afternoon, Saturday, and Saturday night in one of the most important athletic engagements ever staged in Tahoka. Basketball tournaments are coming to be very popular the country over. Teams from the different schools will be pitted against each other, and through a series of eliminations the strongest teams will be brought together Saturday night for the final contests. All contests will be staged

in the old Connolly Motor Co. building. This building has been rented by the Tahoka High School Athletic Council for the indoor court during this season. The building will be kept warm and comfortable. A small charge will be made to the spectators to defray expenses of the building, lights, etc. pertaining to the Meet.

All the citizens of Tahoka should turn out to see the games and encourage the different teams.

SCHOOL USING GROUP STUDY

New Educational Idea Being Put Into Practice By Local High School

A balopticon projection machine has been purchased for the use of the Tahoka High Schools. Slides are being procured from the Extension Department of the University of Texas and A. & M. College. These slides are free to the schools, provided transportation is paid each way. A small charge is being made to cover transportation. Since no appropriation has been set aside, the schools have no other alternative. Usually five cents, and never more than ten cents, per pupil is ample to cover all charges of transportation. The instruction to be offered through

(Continued on last page)

Station Leased By Link and Taylor

Jack Link and Roy Taylor have leased the Modern Filling Station from F. O. Greathouse, taking charge the first of last week. They are desirous of young business men and will doubtless make a decided success of the business. They are soliciting your patronage in our advertising columns this week.

Mr. Greathouse retains the grocery business which is conducted in the same building.

New Home Gin Burns This Morn

The Stith gin at New Home was completely destroyed by fire about six o'clock this morning, according to P. W. Goad of that place, who was here today. The origin of the fire is unknown. No one was at the gin at the time the fire broke out, according to our information, and it had gained such headway before it was discovered that it was impossible to extinguish the flames with the equipment at hand.

The Stith Gin was equipped with both square and round bale presses and was one of the best equipped plants in the county. The value of the gin is estimated to have been about \$40,000. We failed to learn the amount of insurance carried.

SPECIAL SERVICES AT BETHEL NEXT SUNDAY

There will be special services at Bethel Church next Sunday, according to announcement made by Rev. A. W. Shewmake, the pastor. At the Sunday School and preaching services in the morning, special music will be rendered by Messrs. Inlow and Keaton, music instructors. Then after dinner these gentlemen will conduct a singing. Everybody cordially invited to all these services.

THREE LAKES AGAIN DEFEATS T-BAR TEAM

A closely contested game of basketball was played between Three Lakes and T-Bar on the T-Bar court Tuesday afternoon, resulting in a score of 39 to 37 in favor of Three Lakes, according to Prof. Barnett of the Three Lakes school. High point men were Ellis, center, of Three Lakes Longhorns, with 26 points to his credit, and Moore, right forward, of T-Bar, with 18 points. It was a very fine game, Prof. Barnett reported.

E. H. Boullion has been sick of the flu he past week.

Committees Named By Kiwanis Club

No program was rendered at the Kiwanis luncheon Wednesday but the members used the time in discussing the program of work to be put over during the year. The members of the various committees were selected at a meeting of the board of directors held recently and this information has been furnished us for publication. The officers and board of directors for the year are as follows: President, Dr. C. B. Townes; Vice-Pres., B. N. Shepherd; Secretary-Treasurer, R. W. Fenton Jr.; Directors: W. B. Slaton, R. T. Breedlove, L. C. Haney, G. M. Stewart, B. R. Tate, Chester Connolly, W. S. Anglin.

Committees
Finance and Public Affairs: W. S. Taylor, Nat Williams, M. O. Bridges.
Membership: W. S. Anglin, G. M. Stewart, R. W. Fenton Jr.
Program: L. C. Haney, M. L. H. Baze, Rev. R. T. Breedlove.
Education: Judge C. H. Cain, G. H. Nelson, Rev. B. N. Shepherd.
Publicity: E. I. Hill, Dr. C. B. Townes, Dr. J. R. Singleton.

TWO CHARGED OF BURGLARY

Youths Arrested At Athens Charged With Breaking Into Pat Swan's Store

Two months ago the store of Pat Swan at Wilson was entered and quite a quantity of clothing taken from it. Officers began a search for the culprits immediately but failed to locate the thieves. Mr. Swan, however, stayed on the job. Last week sheriff Sam Sanford was notified by the sheriff of Henderson county that he had the young men in custody at Athens, Mr. Swan and Lawrence Sanford went down after the prisoners, returning to Tahoka with them Monday. Both defendants waived examining trial before Judge I. P. Metcalf Tuesday and their bonds fixed at \$1,500.00 each. Relatives from Henderson county were present and made the bonds, whereupon the youths were released.

On of the coats found in the possession of the youths was identified by Mr. Swan as his property. The youths are about eighteen years of age and had been out near Wilson picking cotton. Their cases will be investigated by the grand jury which meets in February.

Young Loulynn Man Is Victim Of Flu

Ivan Solsberry, 21, son of Mr. and Mrs. A. L. Solsberry, who reside on the C. T. Tankersley farm near Loulynn, died from complications of "flu" and pneumonia at an early hour Thursday morning and the remains were laid to rest in the City Cemetery here that afternoon. Funeral services were conducted at the residence and concluded at the grave, Elder W. A. Kercheville, pastor of the Church of Christ, officiating.

It is said that there are eleven or twelve members of the family and that all of them except the mother were sick of the flu at the time of the young man's death. It was indeed a pitiful situation and this family should have the deepest sympathy and possibly the active assistance of our people.

Famous Ball Player Visits Friends Here

Sammy West of Haskell spent last week end here as the guest of W. C. Renfro and family. Sammy was center fielder last year for the Washington Senators, and he is to play with the same team during the coming season. He is known in baseball circles as the "heavy hitter" from Texas. His parents live at Haskell and they too were visiting here last week. Sammy will leave for Florida in a few weeks to enter into training for the next season.

MARRIED
Miss Fannie Belle Wise, daughter of Mr. and Mrs. Chestee Wise, of this city was married Wednesday, January 9 to Homer B. Turner, Judge I. P. Metcalf performed the ceremony. These young people have the best wishes of numbers of friends.

HIGHWAY NO 84 TO BE WIDENED

New Roadbed Will Be Constructed By State Highway Department As Result

As we go to press, we learn that a part of the additional right-of-way for widening Highway N. 84 was secured Wednesday and that the work of setting back the fences was begun this morning. The state highway grader is expected to start to work just east of Tahoka on this highway Friday morning.

A conference between Mr. Brown, the local highway section foreman, and the commissioners court Tuesday resulted in a movement to have the right-of-way of Highway No. 84 east of Tahoka widened to 80 feet and new grades to be constructed by the State on this highway through Lynn county. The width of the right-of-way is now sixty feet. It will be necessary for the fences to be set back 10 feet on each side of the highway for the entire distance east of Tahoka. The right of way west of Tahoka was increased to 80 feet about two years ago.

The commissioners are hoping that they will meet with the full co-operation of the property owners along this highway and that the right-of-way may be procured at the minimum expense to the county. Mr. Brown assures the commissioners that the State Highway Department will be ready to begin work on this highway as soon as the right-of-way is secured and the fences set back. This is certainly a commendable move, for with a right-of-way 80 feet wide and the roadbed well graded, No. 84 should promptly take its rightful place as one of the most important highways of the state.

Tahoka Wins Game From Three Lakes

The Tahoka Bulldogs played the Three Lakes Longhorns a good game of basketball on the latter's court at Three Lakes Friday afternoon. The Bulldogs won by a score of 36 to 19. The high point man was Oran Short of the Bulldogs, with 25 points. Jack Ellis and E. Adams, both of the Longhorn, tied for second place with 8 points each. The report of the game was given us by Prof. Barnett, coach of the Longhorns, who reports that the school work at Three Lakes is moving on nicely.

CARD OF THANKS

I wish to thank the people of Tahoka for their patronage while I have been operating the City Cafe here. I bespeak for my successors a continuation of your patronage and cordially invite all Tahoka people to call at my place of business when in Wilson.

Mrs. Wanda Speight.

NEWMAN-WILHOIT

Mr. Henry Newman and Miss Mabel Wilhoit, residing near New Home, were married in Lubbock one day last week, according to information reaching the News office. They will reside on the Newman ranch several miles west of New Home.

TECH HAS ENROLLMENT OF MORE THAN 2,000

LUBBOCK, Texas, Jan. 15. — The Enrollment of the year at Texas Technological College has reached 1994, and the registrar has received credits already from the mid-year high school graduates to run the enrollment above the 2,000 mark. The Avalanche-Journal Publishing Company has agreed to pay the fees of the two-thousandth student.

Fisher County Man Buys Nevels Land

W. D. Nevels last week closed a deal whereby W. P. Martin of Rotan became the owner of the two sections of land owned by Mr. Nevels situated at the elbow on the highway on the Lubbock county line. Mr. Nevels sold these two sections for a neat sum of money, taking a quarter section of land in Fisher county as a small part of the consideration. It is understood that Mr. Martin will move upon the land.

Hogan To Open Brownfield Store

G. E. Hogan is preparing to open a store at Brownfield. It will probably be open for business some time next week. E. E. King of this place will be in charge of the Brownfield business and he will be assisted by Jack Jackson.

Mr. Hogan formerly had a business at Brownfield but sold it a few months ago at a nice profit. Recently he decided to re-enter the business field there. Mr. Hogan is a very successful business man, owning stores in several different places.

JOE BAILEY 4-H CLUB REPORTS

The Joe Bailey 4-H Club met in a regular meeting at the school house January 11, 1929. Five members were present and four new members were added to our club. Miss Thelma Greenwade, County Home Demonstration Agent, was present at this meeting. She gave us a demonstration on poultry houses, bulletins on the care of poultry for our next year's work. The entire club is interested, and we are hoping to do good work this year.

Mildred Cottrell, Reporter.

TEXAS TECH COLLEGE ISSUES WHEAT BULLETIN

LÜBBOCK, Texas, Jan. 15. — Dean A. H. Leidigh of the agriculture department of Texas Technological College is the senior author of a Texas Experiment Station bulletin describing a perfect variety of wheat produced by a sub-station at Denton, Texas. The bulletin is just off the press.

While agronomist for Texas Experiment Stations, Dean Leidigh began investigations which lead to the development of the strain of wheat produced under the present supervision of the Denton sub-station.

Qualities of the wheat described in the Leidigh bulletin include its resistance to rust and wind. The milling qualities of the wheat are said to excel those of any other wheat grown in North Texas.

How to Raise Poultry

By Dr. L. D. LeGear, V. S.
St. Louis, Mo.

Dr. LeGear is a graduate of the Ontario Veterinary College, 1892. Thirty-six years of veterinary practice on diseases of live stock and poultry. Eminent authority on poultry and stock raising. Nationally known poultry breeder. Noted author and lecturer.

PULLETS FOR PROFIT WHEN WINTER COMES

"Youth will be served", so runs the old proverb. Of course, no reference to poultry was intended, but it happens to fit just the same. As a rule, pullets lay more eggs during their first laying season than during any subsequent season. Consequently, if hatches are correctly timed so that plenty of pullets will be brought to maturity some time during the latter part of August or September, a banner-winter egg season is bound to follow. Pullets hatched during February or March, according to breed, should begin laying just about the right time for winter eggs.

Pullets should not be allowed to come into maturity too quickly. Normally, a pullet starts to lay eggs as soon as she has reached maturity and her body has ceased to grow. Sometimes laying starts somewhat before full growth has been reached and further growth may cease. Such pullets may remain undersized and their eggs may be defective and small. If pullets are maturing too rapidly their mash and animal food should be reduced. The grain rations may also be slightly increased, as pullets should have a good reserve store of body fat before they start laying. Otherwise they will not stand up well under the strain of laying and may fall considerably short of the possible maximum egg production. For that reason, many poultry men make a marked increase in the quantity of grains fed to the pullets as their combs begin to reddens. At the same time, they cut down on the mash and animal food; beef scraps or similar material. The grain is fattening, whereas the animal food being no longer required for muscle building as the birds reach maturity, may start egg production before it is desirable.

It is usually considered better not to force pullets into premature laying by feeding large quantities of mash. Instead, limit the mash until pullets are quite ready to lay and, by feeding a greater amount of grain, to get them fat. Such a ration emphasizes the fat making material and, by withholding the egg-making materials, removes the danger of a too early maturity. Mash should not be entirely eliminated, as it contains materials needed for building up the muscles of young fowls. Too much of it, however, may precipitate egg laying before it is desirable. Give the developing pullets all the grain they will eat during early fall and after they come into normal laying, gradually decrease grain with a corresponding increase in mash feeding.

If pullets have been properly developed along the lines just described above, they should begin laying just as they are put into winter quarters. Their quarters should not be changed once they start laying. Such a change will usually cause a molt and falling off in the egg yield. Furthermore, pullets should never be housed with other hens. The more mature hens annoy the younger ones and that too, interferes with their laying. From this point on, the usual rules for feeding and handling laying hens will apply to pullets developed especially for winter eggs production.

Of course, I do not mean that older hens are incapable of winter egg production merely because I have emphasized the desirability of developing pullets for that season. With proper culling, breeding and feeding, hens can be made to lay almost as many eggs during the winter months as in warmer weather. The subject of special feeding and handling of fowls for winter egg production is, however, of sufficient importance to constitute a separate article all by itself.

The reason for emphasizing ways of increasing winter egg production is, of course, that prices reach their very highest peak at that time. It is, therefore, desirable not only to produce a s many winter eggs as possible, but also to market every possible one of those that are produced then. Practically all of them can be marketed by preserving and keeping for home use the low priced eggs of spring and summer.

It is very easy to preserve eggs for future use by putting them down in water glass, a syrupy liquid that can be obtained from almost any druggist. This water glass should be mixed with nine parts of cold boiled water and the solution kept in crocks or stone jars. Eggs or

barrels may also be used if absolutely clean and free from odors provided they are thoroughly scalded. Fill the jar or keg partly full of the water glass solution and put in the eggs from day to day as they are gathered. Be sure there is always at least two inches of solution over the eggs. No dirty or cracked eggs should be used nor any about which there is any doubt as to when they were laid. They must be absolutely fresh, laid the same day they are put in the solution.

The cost of preserving eggs in this way is very small and calls for almost no work at all. Eggs in water glass will keep for six or eight months if stored in a cool, dark place, well covered, and may then be used for all cooking purposes or for the table. The advantages of this plan certainly should be apparent without argument.

I have not attempted to go into any great detail in this article. On the contrary, I have tried only to suggest enough so the reader will want to know more about methods of increasing the winter profits from his flock.

NOTICE FOR BIDS

Notice is hereby given that bids for the County Depository for Lynn county will be received and opened at the next regular term of the commissioners' court on February 11, 1929, the depository to be selected for two years.

County Judge of Lynn County
G. C. GRIDER,
21-4c

AGED FATHER OF MRS. WILL DAVIS DIES

Mr. R. T. Garland, affectionately known as "Father" Garland and the father of Mrs. Will Davis who resides a few miles east of Tahoka, died at Sylvester on last Sunday, January 13. Mrs. Davis was at his bedside at the time of his death.

Father Garland had visited at Tahoka often and was well known here. He had reached the ripe old age of 91 years. He was married to Miss Nannie Scarborough 67 years ago, and from this marriage six children survive him. Later he married Mrs. Ridley and three children by this marriage survive him. He leaves besides, 37 grandchildren and 25 great-grandchildren, many of whom were present at the funeral.

The deceased had long been a faithful member of the Baptist

Church. Funeral services were conducted in the Methodist Church at Sylvester by the Baptist pastor assisted by the Methodist pastor and Rev. Mitchell.

Mr. Edgar Edwards was a visitor Wednesday night. Layne Moreland is in San Antonio on business this week.

MOVED

I desire to announce that I have moved my place of business to the Chevrolet offices, Phone No. 82. I handle all Pierce Petroleum Corporation Products.

THOMAS BROS. DRUG CO.

Locals

Mrs. A. F. West and son Sam of Haskell spent a few days with W. C. Renfro and family of the Edith community. Mrs. Renfro and Mrs. West were both pupils of the editor down at Whitson in Coryell county a few years ago when the editor was a young "Professor," and they called at the News office Saturday to see us. The editor is just a bit proud of the "finished product" of that little school and we are always glad to meet our former pupils.

Judge G. C. Grider stated to a representative of the News that he expects to move his family to Tahoka within the next few days. Members of his family have just had a battle with the flu but have about recovered and they will be able to move early next week, he thinks. They will occupy the Anglin residence in west Tahoka. Mr. Anglin and family will move nearer town.

In renewing his subscription, H. J. Koehn of Weimar says that he is always glad when the News arrives, bringing news of the South Plains. Mr. Koehn is a prosperous citizen of Weimar and owns some good land out near Dixie in this county. He has been a reader of the News for several years.

J. M. Inklebarger of Grassland called Monday to have the Lynn County News and the Dallas Semi-Weekly Farm News sent to his address another year. Mr. Inklebarger says there is not much cotton left in the fields out his way.

County Superintendent H. P. Caviness reports that many of the schools in the county are being hampered considerably by the prevalence of the "flu". One school, West Point, has not resumed work since the holidays, first on account of the sickness of the teacher and then on account of sickness among the pupils.

G. C. Johnson returned Monday from Atlas and Paris in Lamar county, where he spent three weeks visiting. Mr. Johnson says that it has been raining down there so much that farmers have not had a chance to do any plowing yet. Last year's crop is all gathered.

Work was begun Monday on the construction of a new residence for E. M. Swan on the lot immediately east of his home. The structure will consist of five rooms and will be a beautiful residence. It will be occupied by Mr. and Mrs. E. H. Bouillon.

G. M. Duckett of the Three Lakes community came in and renewed his subscription Tuesday. He was accompanied by his son-in-law, Tom Hurst, who recently moved here from McLennan county. Mr. Hurst wants to remain in Lynn county and he is hunting for a place to rent.

Mrs. Carroll Edwards of Three Lakes was taken to a sanitarium at Lubbock Saturday for an operation for treatment. She has been suffering from ulcerated stomach for several months. Friends are hoping that she may be able to return home soon, sound and well.

Mr. and Mrs. W. R. Traweck of Redwine were callers at The News office Saturday. They report a pretty fair cotton crop in their neighborhood and some cotton yet in the field. Of course they renewed their subscription for the News.

Mrs. M. M. Cook of O'Donnell was among those who called Tuesday to renew subscriptions to this paper. We are glad to keep it going to her address.

Charles Shook and J. H. Edwards made a business trip to Austin last Friday. Mr. Shook has returned but Mr. Edwards is not expected back until the last of the week.

R. E. Hodges figured that he would need the Lynn County News in his business for another year and therefore he dropped in Monday and set his date away ahead.

J. W. Russell knows a good thing when he sees it and therefore he dropped in Monday to dig up a wheel and a half and tell us to keep the News coming.

Mr. and Mrs. C. J. Atkinson of Lubbock were guests of Truett Smith Saturday evening. Mrs. Atkinson is district clerk of Lubbock.

R. E. Key, Superintendent of the Baptist Sunday school, is attending a Baptist South-wide Sunday School meeting at Tulsa, Oklahoma, this week.

County commissioner E. G. George is today shipping a car load of mules to Fort Worth to sell. He is personally going with the shipment.

Mr. and Mrs. Carl Tremain of Littlefield were guests one day last week of Miss Thelma Greenwade, county home demonstration agent.

W. N. McAllister of Draw was a caller Saturday. He ordered the paper sent to his son, Dee McAllister, at Colorado Springs.

Rev. B. N. Shepherd has been confined to his room with the "flu" since Saturday. He was unable to fill his pulpit Sunday.

Miss Mamie Maxwell of Post, home demonstration agent of Garza county, was the Sunday guest of Miss Thelma Greenwade.

Dr. W. K. Johnston of Lubbock filled his appointment here Sunday as pastor of the Presbyterian Church.

John Donaldson is having 130 acres of sod put in cultivation. He will plant all the new land to cotton.

Mr. and Mrs. Ira Doak of Lubbock were here visiting friends Sunday.

Pyote's new \$100,000 school will be occupied in full by the second week in January. Previously it has been occupied in part while work continued on parts of it. Two years ago Pyote's scholastics could have been housed in one room, so the growth is remarkable.

Edith

There is still quite a bit of sickness in our community.

Mr. J. T. Owens is suffering from mastoids and is expecting to undergo an operation.

Mrs. J. C. Campbell, son and wife have the influenza, but are getting along some better.

Mr. E. D. Payne and family visited relatives near O'Donnell Sunday.

There were quite a few people out to Sunday School Sunday. We are glad to have these good people with us. We are also still having Sunday School at 10:00 o'clock. Everyone is invited to come and bring some one with you.

The preacher was delayed Sunday afternoon by some unknown cause. So we just sang a little and went home.

Singing was enjoyed by all Sunday night. But we didn't have any singers from Dixie with us.

The Edith singing class is going to visit the Dixie Singing class next Sunday night week.

LEAGUE UNION MEETS AT POST

Last Friday evening a number of members of the M. E. Senior and Hi-Leagues drove to Post for a meeting of the Post-Tahoka League Union. The attendance was not large from the other charges of the district, but everyone reported an enjoyable meeting, with a nice program, fine fellowship, and delicious "eats".

Rev. Breedlove and the "family" and Mrs. Suddarth, Counsellor of the Hi-League, accompanied the following group: Mabel McNeese, Dist. Sec'y., Lois Bleifus, Zuella Fox, Modelle Sanders, Union Sec'y., VeNoy Coughran, Epworth Junior Sup't., Hi-Leaguers: Mabel Lee, Lorene Childers, Mary Fenton, Neva Blankenbecker, Mary Sue Clinton, Hazel Anglin, Jesse Roberson, Frank Sargent and Clifton Janak.

NOTHING LIKE IT ON EARTH

The new treatment for torn flesh, cuts, wounds, sores or lacerations that is doing such wonderful work in flesh healing is the Borozone liquid and powder combination treatment. The liquid Borozone is a powerful antiseptic that purifies the wound of all poisons and infectious germs, while the Borozone powder is the great healer. There is nothing like it on earth for speed, safety and efficiency. Price (liquid) 30c, 60c and \$1.20. Powder 30c and 60c. Sold by

THOMAS BROTHERS

Rev. Breedlove made a beautiful talk on "The Glories of the Ministry," and Clifton Janak and Frank Sargent furnished a special number.

DEBT!

That is often a terrible word. Debt has been a nightmare to many a man and to many a community. Let us guard our expenditures and our debts will not mount so high. This applies to us individually and as citizens of the state, county, and community. Our bonded indebtedness is now coming to be something staggering. County bonds, City bonds, school district bonds, they have piled up even in our county until we believe it is time to call a halt. Let us guard our finances carefully, for a hard year might come. This Bank always seeks to serve, and we believe the best service we can render now is to admonish the people to economize.

NOTICE TO THE PUBLIC

Any erroneous reflection upon the
reputation or standing of any indi-
vidual, firm or corporation, that may
appear in the columns of the News,
will be gladly corrected when called
to our attention.

A bill is pending in the legisla-
ture providing for the regulation and
licensing of motor car drivers. While
we doubt the propriety of fixing the
age limit, as it is fixed in this bill,
at 16 years, the other provisions of
the measure seem to us to be highly
desirable. Every driver should be
required to procure a license and the
authorities should have power to
cancel his license upon proof of
gross negligence or gross violation
of the traffic laws. Just a few days
ago we witnessed a young fool drive
through one of the business streets
of Tahoka in a grossly negligent and
unlawful manner. No wreck result-
ed, but it is such foolhardiness that
causes so many wrecks. Such auto-
mobile dare-devils should not be per-
mitted to drive a car on any public
street, road, or highway.

Unspeakably sad was the end of
that young man, Byrnes, who was
electrocuted within the prison walls
at Huntsville early last Friday morn-
ing for the murder of a young girl
at San Angelo a few months ago.
Byrnes murdered not only the girl
but also her mother and grandmoth-
er and then mutilated the bodies. He
confessed the crime, pleading in ex-
tenuation that he was drunk when
he committed the terrible atrocity.
There seems to have been no provo-
cation and no motive for the crime
whatever except the brutal, criminal
nature of the man that seemed to
possess him while under the influ-
ence of liquor. His last words were
a request to those witnessing the
execution to "Tell mother that my
last thought was of her." A few
years ago that young man, no doubt,
was his mother's idol. Possibly had
training, bad company, and bad
whiskey combined to bring him to
his doom. It is still true that boot-
leg liquor is a mocker and that
strong drink is raging; that at last
it will bite like a serpent and sting
like an adder. We're against it.

We took the time to read most of
Governor Moody's lengthy message
to the legislature. It was a splendid
presentation of the governor's
views on important matters of leg-
islation. While we might not approve
all his recommendations, yet this
message shows that the Governor
has a clear conception of the needs
of the state and of the remedies
which he believes would be ade-
quate and proper. Governor Moody
made some serious political mistakes
last summer but he is making a dan-
dy good record as governor, in our
humble opinion. We hope that most
of his recommendations are adopted
in substance by the legislature.

The present sitting of the legisla-
ture will probably hatch out a nice
little flock of candidates for govern-
or and other state offices.

Representatives Carl Rountree of
Lamesa, Metcalfe of San Angelo,
and Webb of Odessa have introduced
a measure in the legislature to a-
mend the pink boll worm law so as
to provide for compensation for
farmers placed in a regulated zone
under the law for the expenses of in-
spection, sterilization, and fumiga-
tion, and to make it unlawful to de-
clare a quarantine unless pink boll
worms are found in menacing num-
bers. This would be fair and just,
and we do not anticipate that the
measure will meet with any serious
opposition unless opposition should
be inspired by the state commis-
sioner of agriculture. From the noise
that was made a year ago, one would
have thought that the pink boll
worms were about to ruin all the
cotton in several south plains coun-
ties and that the entire state was
seriously menaced. The experts
wanted to declare a non-cotton zone,
claiming that was the only safe plan
to follow. No non-cotton zone was
declared, however, and this year
scarcely a pink boll worm has been
found in all the so-called infested
area. Fumigation was required of
farmers in a wide territory, at their
own expense, and now it is just
that they be remunerated. We hope
that Rountree and his associates suc-
ceeded in passing this amendment.

The bank statements published in
this paper last week show deposits
in the two Tahoka banks amounting
to nearly \$950,000.00. This is not at
all bad, considering the ravages made
by the worms on our cotton crop.
While the people are not as prosper-
ous as they have been a few other
years possibly, still with an abun-
dance of feed in addition to the pro-
ceeds of the cotton crop, they are
starting into the new year in fairly
good financial condition. The fellow
who has a flock of chickens, some
hogs and a few dairy cows is pre-
pared to enjoy life another year.

In Indiana and possibly some
other states drivers of cars along
the highways are constantly remind-
ed of fatal accidents that have oc-
curred by white crosses erected at
the spots where one or more lives
have been snuffed out as a result of
somebody's reckless or negligent
driving. Each white cross bears
black letters giving the date of the
accident. These reminders are said
to be very effective in causing driv-
ers to be more careful and in reduc-
ing the number of such accidents.
Something like that—or more drastic—
is needed in Tahoka.

There has been a law on the sta-
tute book for several years making
it a felony for any person to drive a
car on the streets or highways while
intoxicated. Officers, seemingly, have
made little attempt to enforce this
law. It ought to be enforced in the
future. Furthermore, there ought to
be a law to license drivers and to
cancel the license of any person un-
dertaking to drive a car while drunk.
Whiskey and gasoline do not mix—
not without serious consequences.

Wonderful improvement of our
lateral roads has been made the past
few years. We should all work to-
gether to the end that this improve-
ment shall continue steadily this
year. Farmers are entitled to as
good roads as can be provided over
which to go to market. The busi-
ness men are entitled to the benefits
of good roads leading out into the
various adjacent communities. We
are strong for a splendid system of
good county roads.

Tom Love usually knows what he
wants and how to get it. When
Barry Miller left him off a couple
of important committees that Love
thought he was entitled to be placed
on, he carried the fight to the floor
of the senate, and when the fracas
was over Love was on one of the
committees, and Barry Miller was
doing some silent but very earnest
cussing.

We have a hunch that this year
is going to be a good one. If so, just
watch Tahoka grow.

Plant a berry patch.

**Pass Resolution On
Erosion Prevention**

Resolutions adopted at Washing-
ton, D. C. at the Convention of The
American Society of Agronomy
commending The Federal Land Bank
of Houston's Terracing Program,
and urging cooperation of all agen-
cies to prevent erosion.

Presented by Howard C. Smith,
State Department of Agriculture,
Montgomery, Alabama.
Washington D. C.,
November 23, 1928.

WHEREAS:
Soil erosion is a constant national
menace which must be considered
from all angles in seeking a solu-
tion, and

WHEREAS:
The greatest and most satisfac-
tory measure of success depends on
the cooperation of all agencies of
nation, state and local organizations
to effect a speedy means of saving
untold wealth before it is destroyed.

THEREFORE: Be it Resolved,
By the members of the American
Society of Agronomy in the 21st
Annual Convention assembled at
Washington, D. C.,

FIRST:
That we approve of all serious ef-
forts being made to save our great-
est national asset—the soil—from
erosion,

SECOND:
That we especially commend the
state-wide program put in force in
Texas by the Federal Land Bank
of Houston in causing terraces to be
built and in otherwise inducing all
farmers, who secure loans from
them to do all in their power to
prevent losses from erosion and that
we respectfully recommend their
project to the consideration of all
other Federal Land Banks, and to all
other agencies engaged in loaning
money to farmers on land or for
production credit.

FURTHERMORE:
We respectfully invite all agencies
of national government, all agencies
of state government and all organ-
izations interested in agriculture or
engaged therein and all owners of
land and tillers of the soil, to unite
in all enterprises and movements de-
signed to save our soils from de-
struction.

LASTLY:
We do this realizing that the safe-
ty of all agricultural credits, the
stability and permanence of our na-
tional life and the prosperity of our
farmers depends on these features,
and on the constant active coopera-
tion of all farmers in saving their
soils for themselves and for their
prosperity.

Unanimously adopted November
23, 1928.

CITATION BY PUBLICATION
 THE STATE OF TEXAS,
 To the Sheriff or any Constable of
 Lynn County, Greeting:
 You are hereby commanded to
 summon M. A. Gordon by making
 publication of this Citation once each
 week for four successive weeks pre-
 vious to the return day hereof, in
 some newspaper published in your
 County, if there be a newspaper pub-
 lished therein, but if not, then in any
 newspaper published in the 106th
 Judicial District; but if there be no
 newspaper published in said Judicial
 District, then in a newspaper pub-
 lished in the nearest District to said
 106th Judicial District, to appear at
 the next regular term of the Dis-
 trict Court of Lynn County, to be
 holden at the Court House thereof,
 in Tahoka, Texas, on the 3rd Mon-
 day in February A. D. 1929, the
 same being the 18th day of Febru-
 ary A. D. 1929, then and there to
 answer a petition filed in said Court
 on the 9th day of January A. D.
 1929 in a suit, numbered on the docket
 of said Court No. 744, wherein H.
 B. Howell is Plaintiff and M. A. A.
 Gordon is Defendant, and said Peti-
 tion alleging as follows, to-wit:
 H. B. Howell vs. M. A. Gordon, No.
 744.
 In the District Court of Lynn
 County, Texas, February Term,
 1929.
 To the Honorable Judge of said
 Court:
 Now comes H. B. Howell, hereinafter
 styled plaintiff complaining of
 M. A. Gordon, hereinafter styled de-
 fendant, and after leave of the
 Court is first had and obtained, files
 this his first amended original
 petition and for such amendment
 says:
 1. That the plaintiff resides in
 Lynn County, Texas, and that the
 residence of the defendant is un-
 known.
 2. That heretofore, to-wit: On or
 about the 1st day of June, 1928, the
 defendant, M. A. Gordon, who was
 running and operating a garage and
 filling station in Tahoka, Lynn County,
 Texas under the name of the Gor-
 don Service Station, and at such time
 to-wit: on or about the 1st day of
 June, 1928, made, executed and deliv-
 ered to this plaintiff his one cer-
 tain promissory note, dated on the
 day and year last aforesaid, pay-
 able to the order of plaintiff,
 at Tahoka, Lynn County, Texas,
 for the principal sum of \$604.16,
 due and payable on demand,
 bearing interest from date at the
 rate of 10 per cent per annum and
 stipulating that if said note is placed
 in the hands of an attorney for
 collection, then the defendant agreed
 to pay an additional 10 per cent for
 attorney's fees, whereby the defend-
 ant became bound and liable to
 plaintiff and promised to pay plain-
 tiff the sum of money in said note
 specified, together with all interest
 and attorney's fees.
 3. That the plaintiff has placed
 said note in the hands of B. P. Mad-
 dox, an attorney, for collection, and
 has contracted to pay him the 10 per
 cent attorney's fees stipulated for in
 said note, the same being reasonable
 and the usual and customary fee in
 such cases provided.
 4. That on or about the 28th day
 of September, 1928, plaintiff dem-
 anded of defendant the payment of
 said note but the defendant failed
 and refused to pay same or any part
 thereof, and the plaintiff declared
 said note due and payable on the
 28th day of September, 1928, but
 although often requested that de-
 fendant pay same, the defendant has
 hitherto failed and refused to pay
 same or any part thereof, and the
 same remains due and unpaid, to
 plaintiff's damage in the sum of
 \$681.21.
 5. That heretofore, to-wit, on or
 about the 1st day of August, 1928,
 the defendant made, executed and
 delivered to plaintiff his one certain
 promissory note for the principal
 sum of 153.75, bearing date on the
 day and year last aforesaid, payable
 to the order of the plaintiff at Ta-
 hoka, Lynn County, Texas due and
 payable on demand bearing interest
 from date at the rate of 10 per cent
 per annum, said note stipulating
 that if said note is placed in the
 hands of an attorney for collection,
 then defendant agreed to pay an ad-
 ditional 10 per cent as attorney's
 fees, whereby the defendant became
 liable and bound to plaintiff and
 promised plaintiff to pay him the
 sum of money in said note specified
 together with all interest and attor-
 ney's fees due thereon, according to
 the tenor, reading and effect of said
 note.
 6. That on or about the 28th day
 of September, 1928, the plaintiff de-
 manded of defendant that he pay
 said note, but that the defendant
 failed and refused to pay same or any
 part thereof, and that said note at
 once became due and payable, and
 plaintiff declared same due and pay-
 able on the 28th day of September,
 1928, but though often since then
 requested, defendant has failed and
 refused to pay said note, and still re-
 fuses to pay same or any part there-
 of, to plaintiff's damage in the sum
 of \$171.94.
 7. That the plaintiff has placed
 said note in the hands of B. P. Mad-
 dox, an attorney, for collection, and
 has contracted to pay the 10 per
 cent attorney's fees provided for in
 said note, the same being reasonable
 and the usual customary fee.
 That heretofore, to-wit: on or
 about the 1st day of September, 1928
 the defendant made, executed and
 delivered to plaintiff his promissory
 note for the principal sum of \$84.05,
 dated on the 1st day of September,
 1928, payable to the order of the
 plaintiff at Tahoka, Lynn County,
 Texas, due and payable on demand,
 bearing interest from date at the
 rate of 10 per cent per annum, and
 stipulating that if said note is placed
 in the hands of an attorney for
 collection, then defendant agreed to
 pay an additional 10 per cent as attor-
 ney's fees, whereby the defend-
 ant became bound and liable to plain-
 tiff and promised plaintiff to pay him
 the sum of money in said note speci-
 fied, together with all interest and
 attorney's fees then due, according
 to the tenor, reading, and effect of
 said note, and in this connection
 plaintiff would show to the court
 that the defendant had rented from
 the plaintiff the following lands and
 premises, described as follows, to-wit:
 All of lots 4 and 5 in Block 35
 of the original town of Tahoka,
 Lynn County, Texas, for running
 and operating his business as afore-
 said, at the agreed rental price of
 \$50.00 per month, said rental afore-
 said beginning on the 1st day of
 June, 1928, said rental being due
 and payable in advance, and that a
 part of said note was executed and
 delivered to plaintiff by the defend-
 ant for the balance due on the rental
 due on aforesaid premises for the
 month of July, 1928, said unpaid bal-
 ance being in the sum of \$34.05 and
 that the remainder of said note
 of \$50.00 was for all their
 rent due on said premises for the
 month of August, 1928, which was
 owing by defendant and which he
 was unable to pay.
 9. That the plaintiff has placed
 said note in the hands of B. P. Mad-
 dox, an attorney and has contracted
 to pay him the 10 per cent attor-
 ney's fees provided for in said note,
 the same being reasonable, and the

 payable on the 28th day of Septem-
 ber, 1928, and the defendant tho,
 often requested has hitherto failed and
 refused to pay same or any part
 thereof and still fails and refuses to
 pay same or any part thereof to
 plaintiff's damage in the sum of
 \$93.22, principal, interest and attor-
 ney's fees and in this connection
 plaintiff would show to the court
 that at all times from the 1st day of
 June, 1928, to about the last day of
 September, 1928, the defendant was
 the tenant of plaintiff in and on said
 premises described in paragraph No.
 8 of this petition and the agreed
 rental for same was the sum of
 \$50.00 per month, payable in ad-
 vance.
 11. That the rental on said prem-
 ises for the month of September,
 1928 was due and payable to plain-
 tiff on the 1st day of September,
 1928, and altho the plaintiff had of-
 ten since said rental for said month
 of September became due, requested
 of defendant that he pay same, he
 failed and refused to pay same or
 any part of same and still fails and
 refuses to pay same or any part there-
 of, and that said \$50.00 is past due
 and unpaid.
 Wherefore plaintiff prays that
 defendant be cited to appear and
 answer this petition, and that upon
 final hearing he have judgment for
 his debt, principal, interest and attor-
 ney's fees, costs of suit in this
 behalf expended, and for such other
 and further relief, both general and
 special, in law and equity that he
 may show himself entitled to and
 plaintiff will ever pray.

ELECTRIC HATCHING PRODUCES
 Better hatches, stronger chicks, with greater livability. Our Hatchery
 is equipped with the Famous Petersime Mammoth Electric Incuba-
 tors, the most complete, up-to-date, modern equipment on the mar-
 ket. It embodies the latest and most efficient methods of applying
 and controlling Temperature, Moisture and Ventilation known to the
 science of artificial incubation. We are increasing our capacity
 to 45,000 eggs this season, in order to supply the demand for Elec-
 tric hatched Chicks, and to enable us to take care of our Custom
 hatching. Custom Hatching \$3.50 per 100 eggs—Baby Chicks \$12.00
 to \$16.00 per hundred. In order to encourage early hatching, we are
 giving 10 per cent discount on all eggs set prior to Jan. 30 and on
 all orders booked for Chicks prior to Jan. 10. Make your bookings
 now for chicks, or let us do your hatching, under our modern pro-
 cess, you will receive the largest, fluffiest chicks you ever saw
 hatched.

CHEVROLET

The
Outstanding Chevrolet
 of Chevrolet History
 —a Six in the price range of the four!

represents 4 years of Development
 and over a Million miles of Testing

Years ago, the Chevrolet
 Motor Company designed
 and built its first experi-
 mental six-cylinder motor.
 This far-sighted step was
 taken because Chevrolet
 engineers knew that the
 six-cylinder motor is in-
 herently the most perfect-
 ly balanced motor—the
 ideal power plant to meet
 the growing public de-
 mand for greater reserve
 power, faster get-away
 and, above all—smooth,
 quiet performance.

Day and night, through
 winter's cold and sum-
 mer's heat, the incessant
 testing went on—until the
 present motor was de-
 veloped and finally pro-
 nounced correct.

At the same time other
 Chevrolet engineers
 were perfecting other
 parts of the chassis. And
 another great automotive
 organization—the Fisher
 Body Corporation—was
 devoting its gigantic re-
 sources to the creation of
 the finest, sturdiest and
 most beautiful bodies ever
 offered on a low-priced
 automobile.

As a result, the Outstand-
 ing Chevrolet offers an
 order of well-balanced ex-
 cellence—a combination
 of performance, comfort,
 beauty and handling ease
 that is truly remarkable
 —with a fuel-economy of
 better than 20 miles to the
 gallon of gasoline.
 You owe it to yourself to
 see and inspect this re-
 markable car. Come in
 today!

IN DESPAIR

**Run-down and Nervous
Woman Picked Up,
Got Strong.**

"I can heartily recommend Cardui, because I have found it so helpful," declares Mrs. Norton Smith, of Warrenton, Oregon.

"I was very much run-down, and was hardly able to get about."

"I could not sleep at night, and was in a highly nervous condition. Nothing seemed to help me, and I was almost in despair. I decided to try Cardui and sent for a bottle."

"I soon began to improve. I got so I could eat. My appetite was good. My nerves got stronger, and I was able to sleep well at night. I picked up in weight and my color was much better."

Cardui is sold by all druggists. Try it.

A comedy-ecstasy of the
first few days of married life

A community tree, decked out in gay trimmings, having on its branches gifts for each and all of the little Mexican children. Toys, candy, new clothing and other gifts galore were on the tree, the climax being the visit of Santa Claus. After an hour of thrills that come only at Christmas time, the line was again moved to its accustomed place, the gates were closed and the guards again took up their duty, but into the lives of those children had come an experience that will remain in their memory and who can tell the harvest that may be reaped from the seed sown by the civic bodies and church organizations that provided the tree and the presents for the children living across the border. "Peace on earth and good will to men" is brought about by fair dealing and kind consideration and not by force of arms. The biggest army in the world can not do as much toward keeping peace among nations as the gracious courtesy and hearty good will brought about by giving Christmas cheer to the little ones who will have a more thorough knowledge of the true spirit of Americanism than ever before. The best way for us to make our neighbors like us is to be kind.—Higgins News.

Many an old West Texas boy who used to chop his own wood and 'shoke' it to the house, who used to take out all the stoves in the house; take up the ashes, carry them out, fill the "scuttle" up with coal and bring it back, who used to bust up me-quits grubs, wrestling them all over the back yard in an effort to get them down to "stove size and shape" yes, many of these boys have been ruined by gas.

What we mean by ruined is that they have become modernized to the extent that they don't do anything but turn on the gas and stick a match to it.

How many have ever stopped to think just how much labor they have been saved in doing the evening chores since the West Texas Gas Company made it possible to use this clean and convenient commodity in the homes of Midland?

This is one thing — the providing of natural gas for domestic consumption in Midland—has been a great factor in drawing the line between the town that used to be and the town that now exists.—Midland Reporter.

Every town has its merchants who are ever ready to put their shoulder to the wheel and help to put over some movement that is for the betterment of the town and community in which they reside and every town has its bloodsuckers, or drones, who grasp every nickle that comes their way without giving their assistance, money or moral support to anything that will take a few pennies or a little time from their selfish business interests. We are sorry to say that Miami has a few of these leeches, although most of our citizens are composed of the progressive class, and are striving to put over every good movement. Most of these live wires can be found in the advertising columns of the Chief.

The live merchant has come to realize that the home newspaper does more to boost their town and business than any other agency.—Bob Haynes in Miami Chief.

First reports from the firing line at Austin with the legislature is that the big road bond issue in Texas is going to have hard sledding. Well, we hope so. We don't believe the state is ready for this huge bond issue, now at least.—Terry County Herald.

There's no danger of the old corner saloon coming back. All the corners have been taken up by filling stations.—Lamb County Leader.

CHRIST DECLARETH WHO ARE BLESSED

Matthew 5:3-9. Jesus said: Blessed are the poor in spirit: for their's is the kingdom of heaven. 4 Blessed are they that mourn: for they shall be comforted. 5 Blessed are the meek: for they shall inherit the earth. 6 Blessed are they which do hunger and thirst after righteousness: for they shall be filled. 7 Blessed are the merciful: for they shall obtain mercy. 8 Blessed are the pure in heart: for they shall see God. 9 Blessed are the peacemakers for they shall be called the children of God.

PRAYER: Father, may love, joy, peace, long-suffering, goodness, faith, meekness, and temperance bear flower, and fruit in our lives.

Twenty car loads of Kimble county peans have been shipped by the Schriener-Hodges Company from Junction lately. The last two cars had 32,000 pounds each. The firm shipped about six hundred fifty thousand pounds and large quantities are being received lately.

SLAT'S DIARY

Friday — The teacher was a talking about us making sum thing out of ourselves and she sed we shud ought to live so that the world wood be a better place on acct. we have been living in it. She ast us if we thot the world was more pleasanter because we had lived in it doorentow nthen on living in it. She ast us if we thot the world was more pleasanter because we had lived in it doorentow nthen on living in it. She ast us if we thot the world was more pleasanter because we had lived in it doorentow nthen on living in it. She ast us if we thot the world was more pleasanter because we had lived in it doorentow nthen on living in it.

Saturday—well I lernt my lesson today about making bad investments with yure muneey. I have herd pa talking about poor investments and today I made 1. I invested a nickle in a chooing gum machene and it didden wirlk like it ought to of done.

Sunday—I was asting the Sunday skool teacher about weather she thot lions and tagers and elefants went to hevven when they died or not and she sed no she didden think they did. But ennyhow I cant help wondering what wood happen then if a Lon et up a Mishunery.

Munday—I gess I eat to much dinner yesterday when unkle Hen bring a turkey to are house. I got to stay home from skool today and wood of enjoyed it very much ony ma existed that she wood haf to give me a Purgatory. I never herd of that stuff before but it taisted a offle lot like medicine or Caster oil or sum thing.

Tuesday—Miss Unger was calling at are house tonite. She is a ole maid. Pa sed that when he gradisted from high skool she had ben teaching for eleven yrs. But now she is the same age as him. I gress time dusstent go so fast for ole maids mebbly.

Wensday—Unkle Hens neffew cum there for a visit dooring the Hollydays and when he went to hawl wood with the mules wood give a colledge yell like this. Hittem high Hittem low. Come on Teen, Less go. Then he slapped I mule on the hip & it is doubtful weather he will get back to colledge this yr. now.

Thursday—Ma and pa was having a argumint about opening each an others mail. Pa sed the Law gives him the rite to open his wifes mail if he wanted to. Ma sed Yes mebbly it does but the Law don't go fur enuff it dont give you the Courage to open my mail.

PETTY

(Delayed)
Several cases of Flu have developed in and around Petty within the past few days. The malady is in a mild form, though there are a number of patients who are quite sick.

For colds, grip
and flu take

Relieves the congestion,
prevents complications,
and hastens recovery.

among them are Mr. Dockery and all the family, Brooks Smith, and Claude Reynolds. For the lack of space we can't mention all that are sick, but it is hoped that the epidemic will soon pass and the people will soon be enjoying their wanted good health.

Mr. and Mrs. Brooks Smith, Mr. and Mrs. Tom Pinnell and daughter, Maxine, were called to Moran last Sunday to attend the bedside of sick folks. They report lots of Flu down there.

Lots of bolts yet to pull in this neighborhood. Hands have been scarce but they seem to be coming in now.

Mr. Houston Blair and family went to O'Donnell Sunday to visit friends.

Miss Ansel Beaty was a pleasant caller at Mrs. O. S. Smith's Sunday. Mr. and Mrs. Vernon Powell spent Sunday with Mr. and Mrs. Frank Blair.

Warren Smith went seven miles east of Tahoka last Sunday and got a truck load of ball pullers.
Reporter.

BOWRON ATTENDS DELCO LIGHT MEET IN FT. WORTH

Among the leading selling men of the Delco-Light Company's organization in this section of the United States who attended a regional convention at Fort Worth on January 14 is Monte Bowron, local Delco-Light dealer, who has been advised that he has won a prize of \$125.00 in gold for his work during the last quarter.

Mr. Bowron left Sunday for Fort Worth to attend the convention. Only those Delco-Light men who have sold a required volume of Delco-Light individual electric plants and D-L electric water systems, are eligible to attend the session.

Among the speakers who addressed the convention were H. W. Arnold, general manager; W. R. Huber, sales manager, and C. C. Whisler, advertising and sales promotion manager. These and other Delco-Light officials have come to the convention city from the general offices

at Dayton, Ohio. The convention session was concluded with a banquet and entertainment in the evening. The local dealer reports a fine volume in this territory, and recognition for this at the convention.

3 Glasses Water For Constipation

One glass of water is not enough—take three glasses one hour before breakfast. Much better results are obtained by adding a teaspoonful of simple glycerine, saline compound (known as Adlerika) to each glass. Adlerika acts on BOTH upper and lower bowel and removes old waste matter you never thought was in your system. Stops gas and sour stomach in TEN minutes! Relieves constipation in two hours.—Thomas Bros. Drug Co.

Can't Talk To Wife, Too Cross, Nervous

"Even my husband couldn't talk to me, I was so cross and nervous. Vinol has made me a different and happy woman."—Mrs. N. McCall. Vinol is a compound of iron, phosphates, cod liver peptone, etc. The very FIRST bottle makes you sleep better and has a BIG appetite. Nervous, easily tired people are surprised how QUICK the iron phosphates, etc., give new life and pep. Vinol tastes delicious.—Thomas Bros. Drug Co.

FOR WORKING PEOPLE

The best of workers get out of sort when the liver fails to act. They feel languid, half-sick, "blue" and discouraged and think they are getting laxy. Neglect of these symptoms might result in a spell, therefore the sensible course is to take a dose or two of Herbine. It is the medicine needed to purify the system and restore the vim and ambition of health. Price 60c. Sold by

THOMAS BROS. DRUG CO.

SAVE WITH SAFETY

Cold Relief!

A new, quick way. Just a drop or two of VAPURE on your handkerchief or on a piece of gauze—snuff it—and feel the head clearing at once.

Vapure is a wonderful inhalant for quickly relieving the discomfort of head colds and nasal catarrh.

Price 50 cents

Keep clear of "stuffy" colds by inhaling Vapure the first sign of a cold. Sold exclusively at

SARGON IS NOW ON SALE HERE

Thomas Bros. Drug Co. Secures 5 Year Franchise For Scientific New Formula

Never before in the history of the world has the progress of Medical Science been so rapid. One important discovery after another has been made which will have a far-reaching effect upon the health and well-being of mankind. Some of these discoveries are startling in the extreme and absolutely disprove many of the beliefs, practices and theories we have known for a life-time.

As scientific investigators learn more and more about the human anatomy, the practice of medicine changes—the old is discarded for the new.

As a result of this world-wide medical research, Science has discovered that good health is largely governed and maintained by three vital organs and fluids of the body. These are the liver, the blood and the endocrine glands.

What is more important, we have learned that these organs and fluids can be stimulated and invigorated by certain basic elements.

Having knowledge of these important discoveries, one of America's leading bio-chemists succeeded, after two and one-half years of laboratory research in combining these basic elements one formula—which may well be considered one of the greatest health-giving remedies of the age.

It is called Sargon. This formula and the formula for Sargon Soft Mass Pills, which are an essential and integral part of the treatment, are the property of the Sargon Laboratories and can be obtained by no other firm or individual in the world.

This new scientific treatment, which represents much of our latest knowledge on modern therapy, has been acclaimed by druggists throughout America as a triumph in the field of medicine.

With the needs of their customers uppermost in their minds, leading druggists everywhere have been eager to be among the first to supply it to their trade.

Although introduced in the Southwest only a few weeks ago, Sargon has already become a household word. In Dallas and Fort Worth alone, over 49,000 bottles of Sargon and Sargon Soft Mass Pills have been sold and distributed by local firms. Nothing like it has ever been seen before.

The agency for Sargon Pills for this city and section has been awarded to the Thomas Bros. Drug Co.

In anticipation of the enormous demand, this well-known firm has just received a large shipment of these celebrated medicines.

NOTICE FOR BIDS

Notice is hereby given that bids for the re-roofing of the court house of Lynn county on both a ten-year guarantee and a twenty-year guarantee will be received and opened at the next regular term of the commissioners' court on February 11, 1929. The court reserves the right to reject any and all bids.

G. C. GRIDER,
County Judge of Lynn County

Locals

Joe Nevill, who visited his father in San Antonio and then went on down to the Lower Rio Grande Valley during the holidays, says that he ate fresh roasting ears off the cob at Harlingen on January 1—also tomatoes right off the vine. At Brownsville he crossed over into Matamoros, Mexico, but neglected to state just what kind of entertainment he was given over there.

T. M. Ward of T-Bar, who was in the News office Wednesday, reports that he raised five acres of the best Indian corn last year that he ever raised anywhere. He farmed and raised corn a long time in Johnson county but he says he never raised a crop of corn there that will equal his yield here the past year.

E. S. Davis was taken to a sanitarium at Lubbock Sunday and underwent an operation for appendicitis Monday. Last reports were to the effect that he was doing fairly well. Hosts of friends here hope for his speedy recovery.

Mrs. Carrol Edwards of Three Lakes was taken to a Lubbock sanitarium Saturday and underwent an operation Sunday. She was suffering intensely from an ulcerated stomach for several months, and her condition is said to be very critical.

Mrs. W. R. Windham will begin next week the construction of a neat four-room house on her farm southeast of town. It will be occupied by Mr. and Mrs. L. E. Miller.

Howard Henderson is to begin next week the remodeling of his residence.

Supt. M. L. H. Baze has sold to Prof. W. A. Carsey of South Ward two small residences in West Tahoka. Prof. Carsey bought these properties as an investment. He believes in Tahoka.

Belton Howell began this morning the construction of an office for his oil business on the corner just west of the Anchor Filling Station.

Mrs. Ruby Cannon returned to her home at Abilene last Friday after a few days visit here with her parents, Mr. and Mrs. O. J. Jackson.

Mrs. W. D. Rhea of the Seagraves Signal was a visitor in the News office today. She had been visiting a sister in Slaton.

Mr. and Mrs. D. B. English are in Dallas this week on business.

LUBBOCK COUNTY VOTERS AGAIN DEFEAT ROAD BONDS

The proposition to vote bonds in the sum of one million dollars for the purpose of paving three highways through Lubbock county went down in defeat at the hands of Lubbock county voters last Saturday. There was a majority in favor of the bonds but not the required two-thirds majority, the vote being 1,753 for and 1,673 against the proposition. In the city of Lubbock, the vote was in favor of the bonds by a heavy majority, possibly three or four to one, but in Slaton the vote was almost unanimous against them, more than 700 votes being cast there against the bonds and only 14 in favor of them.

A proposal to issue \$2,004,000 in bonds was defeated in a county-wide election about two months ago.

Preparations are now being made to call a third election, but this time the city of Slaton and contiguous territory will be left out. A petition has already been filed with the commissioners' court praying for the creation of a special road district consisting of the entire county except Slaton and adjacent territory. It is the purpose to call for another election for this special road district and to pave all the highways through the county except that portion of No. 7 which lies within the excluded territory. No. 9 will lie wholly in the special road district.

FORMER HIGH SCHOOL STUDENT HERE MARRIED

Friends here this week learned that Miss Mary Link and Vernon Wilhoit, both of New Home, were married in Lubbock on Saturday, January 5, the ceremony having been performed by Dr. W. R. White, pastor of the First Baptist Church of that city. These fine young people will make their home on a farm east of Tahoka.

Mrs. Wilhoit is the daughter of Mr. and Mrs. J. W. Link, who formerly resided here. She was a member of the 1924 class in the Tahoka High School and graduated with high honors. Many friends here wish her the best that life can bring.

Three Lakes

Mr. and Mrs. H. T. Moore and little daughter are visiting her parents Mr. and Mrs. W. E. Sikes.

Mr. and Mrs. W. E. Huffines of Woodrow were guests of Mr. and Mrs. G. W. Mangham Sunday eve.

Mr. and Mrs. R. L. Wheeler left Tuesday for Waco to make their home.

Mr. G. W. Douthit, who has been seriously ill with pneumonia, is greatly improved.

Brother Vinson of Brownfield, our pastor, was carried to the Lubbock Sanitarium for treatment. The flu settled in his eye. We hope he will soon be able to be up again.

Mrs. Carrol Edwards who has been ill for the past three months was carried to The Lubbock Sanitarium Saturday where she underwent a very serious operation. The latest report from her bedside is that she is resting as well as could be expected. We hope she will soon be able to return home.

Mr. Clinton Sikes is able to be up after a week's seige of the flu.

FARM HOME OF R. F. JANAK CATCHES FIRE

The farm home of R. F. Janak a few miles northwest of Tahoka caught fire Wednesday morning, but the flames were extinguished before the building was destroyed. Considerable damage resulted, however. The fire is said to have been caused by a gasoline stove. Only Mrs. Janak and one of the little girls were at home at the time. Her screams attracted neighbors, who rushed to the scene. By keeping the doors tightly closed and tearing a hole in the roof, they were able to put out the fire with water poured through the roof.

MEETING OF C. OF C. DIRECTORS CALLED

Prof. Taylor White, the new President of the Tahoka Chamber of Commerce, has called a meeting of the new board of directors for Friday night at 7:30 o'clock in the justice Court Room. It is hoped that every member will be present. Plans for the year's work are to be formulated.

FINE ART PRINTS ON DISPLAY AT SCHOOL

"Tell me what pictures hang up on his walls and what books are his companions and I will tell you what manner of a man he is," the words of wise man.

That the school should train for the use and choice of good books is accepted and every school does this obviously, to a greater or less extent. But to be well educated means a many-sided development and the knowledge of Art is one of the pre-

requisites of Modern Education.

Creating A Market

Good markets close at hand mean high prices for farm property and products of the farm. This market is in reality a service station supplying the needs of all the people of this community, making available to all needed merchandise, and the services of lawyer, doctor, minister, and many others.

This market is the logical assembling place of the farmers' products for world consumption. Being close at hand, it saves the long haul, and enables the farmer to quickly market his products at favorable prices.

The people of this community should take an active part in its affairs, support the local schools, the churches, the community associations and the local business men who are here to serve you. They have invested their capital in this community and in large measure pay the taxes which support our schools, and all the worthwhile enterprises of this community.

HIGH SKOOL

(Continued from first page)

the use of slides and balopticon machines is almost unlimited. It covers the subjects of English, geography, history, economics, agriculture, home economics, art, biology, botany, and various others, too numerous to mention.

Other means of modernizing the methods of instruction are being worked out in the local schools about which the people possible know very little. By a national hook-up process the large radio broadcasting stations are arranging to give helpful lectures and lessons by radio at certain periods of the day. It is the purpose of the Tahoka schools to take advantage of this great plan as soon as it is properly worked out and can be properly controlled. Time will be acquired to perfect the system.

A serious study is being made of the latest book on the "Group-Study Plan." Teachers are making reports on this book at faculty meetings. Much good is being derived. It is the purpose of the administrative officials to make the Tahoka schools second to none.

Three Lakes

(Delayed)

The Three Lakes Longhorns were defeated by the All Stars Friday evening. The two teams were tied at the end of the game, but at the end of an extra period we were defeated by a score of 29 to 27. Jack Ellis, center of the school team made 14 points for the school.

Brother Vinson did not fill his appointment here Saturday night and Sunday on account of illness in his home.

Mr. and Mrs. T. M. Ellis returned last week from Iredell, Texas, where they spent Xmas visiting their daughter and friends.

Mr. and Mrs. J. H. Barnett spent Xmas visiting his parents at Melvin, Texas.

There are quite a few in the community sick with the flu. Those on the sick list are Mrs. G. W. Douthitt, Mrs. T. M. Ellis Jr., and little son J. T., Mrs. J. W. Edwards and sons Paul and Frank, and Wade Adams. We hope they will soon be well again.

Mr. and Mrs. T. M. Ellis, Mr. and Mrs. Strong and Mr. and Mrs. W. E. Sikes spent Sunday with Mr. and Mrs. T. M. Ellis Jr.

Mr. Henry Douthitt spent Sunday with Mr. and Mrs. G. W. Douthitt.

Mr. and Mrs. Clay Sparke and family spent Xmas at Iredell, Texas, visiting relatives and friends.

Nannie Pearle Mangham spent Sunday with Mona Rae Edwards.

Mr. and Mrs. Walter Edwards and family of Shallowater, Mr. Troy Edwards, Mr. J. W. Edwards and daughter Ruth, Mr. and Mrs. John Anderson and family of O'Donnell; Mr. Chafley Smith of Tahoka and Mr. Will Boyd of Dallas, all visited in the home of Mr. and Mrs. Carrol Edwards during the Xmas holidays.

Miss Thelma Hickerson, a teacher in the Wichita Falls High School, spent the Xmas holidays visiting her parents, Mr. and Mrs. G. W. Hickerson.

G. E. Hogan spent a few days in Littlefield on business this week.

Important Legion Meeting Jan. 24th

There will be a meeting of the Marion G. Bradley Post No. 250 of the American Legion at the home on Main Street in North Tahoka Thursday evening, January 24th. This will be the first regular meeting of the New Year 1929, and we wish to request that every member and every ex-service man whether a member of the local post or not, to attend this meeting, as the furtherance of the organization depends wholly upon your attendance to this meeting. We have some urgent business to attend to and unless we can have the proper attendance we will be unable to take care of the business which demands our attention. If you are interested in the welfare of your organization and its activities please make special effort to attend the meeting on Jan. 24th.

Refreshments will be served, and the committee who is taking care of this part promises a real treat along the line of eats. That alone will be worth your time, so let all concerned make an effort to be present and make the meeting a success.

National Commander McNitt, is urging all local posts to put forth every effort to make this year a record breaker for the American Legion. Urgent legislation now pending in Washington is in the interest of every man who served the colors during the World War and especially those who were disabled cannot be disposed of unless we get together and give our support to the State and National Departments in aiding them to carry on the work.

A few weeks ago there appeared an item in the issue of this paper calling your attention to the fact that the local post of your organization won thirteenth place in the State in the Trophy contest and was awarded a number of war Trophies which will be distributed and sent to this post at a later date. This item should not go by unnoticed and especially to those who are eligible to membership in this organization. It shows that our efforts have been rewarded to a certain extent and

LAMESA, TEXAS—JANUARY 23, 1929
ONE O'CLOCK SHARP

The Panhandle Swine Breeders Association will hold their annual meeting at Lamesa, Texas the 22nd and 23rd of January.

On Wednesday, the last day they will sell thirty-five head of bred sows and gilts, and a few good young boars from the best herds in the Southwest, consisting of Poland Chinas, Durocs and Hampshires.

Some of the sows will be bred to boars with a national reputation, having been Grand Champions of fourteen state fairs.

Contributing to this Sale are The Lillard Farms of Arlington, Texas; H. C. Roffey, Canyon, Texas; C. L. Franz, Turkey, Texas; J. A. McCoy, Kress; B. W. Wilks, Plainview; Lakeview Farm, Tulia, Texas; J. W. McCrerey, Wayside, Texas; H. G. Tolbert, Lamesa, Texas; Tech College, Lubbock, Texas, and other good herds

This is a high class offering, and the best opportunity you will have to get the best at reasonable prices.
