H. D. Work's Value Shown By Report

\$15,000 WORTH GOODS PUT UP

Much Other Work Done; Miss Greenwade Gives Complete Summary Of 1928 Work In County

Miss Thelma Greenwade, County Home Demonstration Agent wishes for the people of the county to know the results of the Home Demonstration work carried on by Miss Millie M. Halsey and Miss Greenwade for the past twelve months.

This report is a general summary of an annual report compiled by the two agents for the Extension Service of A. & M. College, U. S. Department of Agriculture, County Commissioners' Court and one copy for the Home Demonstration Agent's office.

FOOD PRESERVATION CANNING IN LYNN COUNTY

A Reason Work Out:

- 1. Need—(a) To have an adequate diet the entire year. (b) Food Preservation would help the live at home program. (c) Through canning money cannot only be saved, but made. 2. Feasibility of project in 1928—After the good canning report of 1927, the work has continued. When the cotton crisis came this year, the summer gardens were about at their best; then later the fall gardens came and every one has canned every possible vegetable for use when the winter months cause the green to disappear. B. Goals to be Attained:—(a) To have every family in Lynn county canning, thereby making money. (b) To begin some system of marketing which has been started by one of our local merchants. (c) To have each club member can and fill a canning budget. (d) Prevent some diseases and have better health because of an adequate diet. C. Methods Used:—(a) Canning, pickling, meat preservation and jelly making have been stressed by the Home Demonstration Agent. (b) Gardens have also been stressed as one of the bases. (c) Canning of the culls from the chicken culling, when chickens are not worth much.

The county papers carried stories of canning and articles on the work. A large County Fair Score Card was filled by 11 Home Demonstration Clubs. The Home Demonstration

FARM SCHOOL DRAWS CROWD

250 Farmers Hear Talks By Experts; Diversification Emphasized By Speakers

The Power-Farming School of Instruction conducted by representatives of the International Harvester Company at the Harris-Applewhite store here Tuesday was a decided success, if the size of the crowd and the interest manifested are to be taken as a criterion.

An idea of the number of people in attendance may be gained from a statement made to the News by Mr. Applewhite that from 250 to 275 free lunches were served at the noon hour. Not only were farmers here from many parts of the county attending the meet but approximately fifty vocational agriculture students of the Tahoka and New Lynn High schools, with their teacher, Prof. Taylor White, were also present.

Prof White made the introductory speech at the opening of the program Tuesday morning, welcoming the representatives of the International Harvester Company who were present. He took occasion to call attention to the revolution in the character of farming implements and the methods of farming that

(Continued on page 2)

Train Schedule May Be Changed

Officials of the Santa Fe have made application to the Interstate Commerce Commission at Washington, according to J. L. Heare, the agent here, for permission to reverse the order in which the train shall run on the Slaton-Lamesa branch, coming south from Slaton in the morning and returning from Lamesa in the afternoon.

If this change is made all the towns on the branch line will get more prompt mail, express and freight service, Mr. Heare points out.

OIL TEST IS DOWN 740 FT.

Bit Is In Soft Formation; Brownfield Ranch Crew Has Fishing Job at 5,000 Ft.

In company with J. B. Nance, a representative of the News on Wednesday afternoon visited the McCamey well being drilled on the T-Bar Ranch four miles west of Tahoka, and we found the drillers busy on the job. A depth of 740 feet had been reached, we were told. The drill had been going through a very soft formation, according to the drillers, which caves easily, but very satisfactory progress has been made thus far.

Contractor Jackson left Wednesday morning for the Yoakum county location, where he expects to spud in a well this week, eighteen miles southwest of Brownfield.

The Brownfield well, eighteen miles west of Tahoka, we were informed, has a fishing job at a depth of more than 5,000 feet. We have no information as to the present prospects for oil in this well.

Lovington Winner Of Close Contest

Lovington High School took a closely contested game from Tahoka High School Tuesday night by the score 19-17. The Tahoka boys were unable to beat the apparently cinch shots in the first half and meant their defeat. They were unable to get the hustle into their system that was very evident in the game with Wilson Saturday night.

Smith, Tahoka forward, was high point man for the game with eleven points made by three free tosses and four field goals. Heidel, guard for Lovington, was not far behind with four field goals and two free shots. The teams began to play fast basketball in the last quarter when the score became even. It was only beginning to become really interesting when the final whistle blew.

Following the Tahoka-Lovington game the Tahoka All-Stars nosed out on the O'Donnell All-Stars by the small score of 12-9. The Tahoka boys took the lead in the first few minutes of play and were never behind though at several stages of the game the O'Donnell team was only a point behind the local boys.

STILL THEY COME

New subscribers and renewals since our last issue include the following: Mrs. Eva J. Lesure, C. B. Hays, L. N. Hancock, J. R. McIntyre, C. W. Cleveland, P. W. Goad, A. L. Lockwood, John Evans, B. A. Young, J. A. Whittington, J. L. Heare, S. P. Spruiell, M. P. Roberts, Mrs. N. A. Duncan, H. F. Lloyd, W. N. Stonecipher, Mrs. A. B. Vickery, A. F. Pitts, E. W. Holloway, A. L. Dunagan, J. O. Allen, J. D. Pharr, I. P. Metcalf, Miss Grace Dreper, W. T. Shannon.

POST COUPLE MARRIED

HERE LAST WEEK

R. A. Taylor and Miss Lula Jo Brandon, both of Post, were married in Tahoka on Monday of last week. Rev. B. N. Shepher was called from a sick bed to perform the ceremony. These young people have our best wishes.

CAIN KIWANIS CLUB SPEAKER

Enumerates Kiwanis Objectives; Two New Members Are Initiated Into Club

Judge C. H. Cain was the principal speaker at the Kiwanis luncheon Wednesday. For the benefit of new members the objectives of the Kiwanis organization, and took occasion to make some pertinent remarks about what we should attempt to accomplish in Tahoka. He maintained that Tahoka should not undertake any enterprise simply because some other town had undertaken it. Each town has its own individuality, its own place of service to fill. As a city, we should undertake the things that are practical of accomplishment, and he closed by welcoming the new members into the organization.

The new members, Judge G. C. Grider and Truett Smith, had previously responded to calls for speeches. Judge Grider stated that he was here to serve the interests of the town and the county in any way that he could. Mr. Smith made a snappy little speech also that was well received.

A report of the meeting of the district trustees recently held in Dallas was also made by D. A. Parkhurst, who represented Tahoka at the meeting. He stated that Amarillo, Lubbock, and Tahoka were the only three places on the plains which were represented in this meeting. About 150 district trustees were present. The Oklahoma-Texas district had made the greatest gain in the matter of new clubs organized of any district in the whole country during the past year, he reported.

HIGHWAY WORK IS UNDER WAY

Fences On No. 84 Have Been Set Back; Highway Dept. Grader Is At Work

County Judge G. C. Grider reports that splendid progress is being made in the widening of highway No. 84 east of Tahoka. The fences have been set back on the new lines for a distance of six or seven miles east and grading has been done nearly as far. Thus far no trouble in procuring the additional right-of-way has been encountered, except some delay in hearing from some land owners who are non-residents. This is great news for the people of Tahoka and Lynn county, for with this highway widened and graded properly, No. 84 should immediately become one of the most important highways traversing the plains. Not only does it connect with No. 7 at Post, but it has been placed in excellent condition throughout most of its course east of Post, we understand. Also, it has been greatly improved west of Brownfield. It affords the shortest and best route from Fort Worth and all points further east to Roswell, New Mexico.

The commissioners' court and the state highway commission are to be commended for this improvement.

Grandma Swan Died Monday Afternoon

Mrs. Mattie Swan, 84, died Monday afternoon and was buried in the City Cemetery here Tuesday afternoon. Funeral services were held in the Methodist Church by her pastor, Rev. R. T. Breedlove, many friends and relatives being present to pay homage to the memory of the good woman whose spirit had flown.

Mrs. Swan's maiden name was Flynn. She was born in Louisiana on April 25, 1844. She came with her parents to Texas during the War between the States, settling at Crockett and moving later to Millican in Brazos county. She was married at Crockett to Maj. J. P. McKay, who died about three years after their marriage. She was married the second time at Millican to P. A. Swan, in 1868. Six children were born of this marriage, as follows: Mrs. J. B. Hawk, Anson, P. F. Swan, Tahoka, Mrs. Felix Upton, who died in 1902, W. A. Swan of Fort Worth, Mrs. G. W. Williams, Tahoka, and Mr. J. W. Williams, Bartlesville.

District C. Of C. Meeting Date Is Set For April 24

COUNTY COURT OPENS MONDAY

Docket Is Light; Jurors Drawn For Service During Three Week's Term

County officials are making preparation for county court, which convenes here next Monday. The docket is not heavy and it is not expected that many cases will be tried. The first week will be devoted to non-jury cases. A jury commission consisting of J. M. Payne of O'Donnell and H. M. Larkin and J. S. Wells of Tahoka has drawn jurors for two weeks of the term, the second and third weeks.

Jurors for the second week, beginning Monday, February 3, have been drawn as follows: Dava Scott, Edd Denton, C. L. Dickson, John Donaldson, W. B. Edwards, J. W. Elliott, J. D. Evans, B. M. Estes, C. M. Finch, J. W. Gates, G. W. Gollehon, W. W. Gurley, T. I. Hammonds, W. W. Hancock, A. B. Hatchell, Clifford Young, M. C. Huffaker, W. H. May.

Jurors for the third week, beginning Monday, February 10: J. H. Adcock, J. M. Armstrong, R. T. Ash, W. A. Baggett, F. M. Ballew, Otto Bairrington, H. R. Bates, C. J. Beach, A. T. Beard, W. J. Benson, John Berry, J. J. Bishop, C. J. Campbell, C. R. Cargile, C. O. Carmack, W. S. Cathey, R. A. Chambers, J. M. Christopher.

WILSON TEAM CO. CHAMPION

Eight Teams Took Part In Tournament; Crowds Were Good and Competition Keen

The County Tournament in boys basketball sponsored by Tahoka High School was won by Wilson. The six-footers from Wilson defeated Tahoka in the final game of the tournament Saturday night 16-10. It was the fastest game of the tournament.

Friday afternoon in the first game Grassland beat Draw 20-14. In the next game O'Donnell won over Dixie 19-9. Then a practice tilt between Three Lakes and Tee Bar was won by Three Lakes. Friday night Tahoka won over Dixie 34-16 and in a special attraction the Pedagogues defeated the Tahoka Roughnecks 20-19. The latter was rather rough but very interesting from the spectators' viewpoint.

Saturday afternoon the first game was between O'Donnell and Wilson. Wilson won 28-16. This left four teams, Wilson, Tee-Bar, Grassland and Tahoka in the race for county winner. In the drawing, Tee-Bar drew Wilson and Grassland drew Tahoka. Tee Bar and Grassland forfeited to Wilson and Tahoka respectively.

(Continued on last page)

McGonagill Says That Terracing Pays

A. R. McGonagill is a firm believer in terracing, even on these almost level plains. He has tried it. He says that last year one man on his place east of town made 60 bales of cotton on terraced land and another made 48, with some still in the field, while the rest of the farm, which was not terraced, did not make enough to pay the taxes. Of course he believes in terracing.

Frank Edwards is today moving to the farm fifteen miles northeast of Tahoka, in the Lynn community, where he will make a crop this year.

Okla. All the living children except W. A. Swan of Fort Worth attended the funeral, while sixteen grandchildren and seventeen great-grandchildren were present.

Mrs. Swan was a lifelong member of the Methodist Church, and was very loyal to her church and her God. A noble Mother in Israel has gone to her reward.

Young Lady Dies From Pneumonia

Miss Viola Edith Adcock, 19, daughter of Mr. and Mrs. J. H. Adcock, who reside on the Sam Sanford farm a few miles west of Tahoka, died of pneumonia Tuesday night, and the remains were buried in the City Cemetery Wednesday afternoon, following a funeral service at the residence conducted by Rev. R. T. Breedlove. The young lady had been sick only a few days. The family have the sincerest sympathy of the people of our city, and especially of all who have undergone a similar sorrow.

SEWER LAYING GOES FORWARD

Ditching Machine Now Working In City Limits; Line Laid To Disposal Plant

The big ditching machine which is excavating the ditch for the sewer company has reached the business section of the town, and excellent progress is now being made. Much rock was encountered beneath the surface just south of the city limits and from there to the point two miles south where the disposal plant will be installed. For a thousand feet or more it will be necessary to blast the rock out. In the city limits where the excavation work is now being done, the machine is doing beautiful work however. The ditch is being excavated to a depth of thirteen feet, and the sewer pipe is being laid immediately behind the machine. It will not be many weeks until the system will be completed and ready for service. The system is being installed, we are informed, by the Browne-Crummer Company. This is a great convenience that Tahoka has long needed.

Tahoka Cage Team Meets Post Tonight

The Tahoka High School Basketball team will go to Post Thursday night to engage the neighboring town team in a practice game. The Tahoka football team received a 40-0 defeat at the hands of the Post boys and are going to Post with the intention of avenging that defeat.

Saturday night the Tahoka team will be at home to the Slaton Santa Fe Shop team. This team is composed of ex-basketball players that are working in the shops in Slaton and it is said that they have a good team. This promises to be a very interesting game. It is hoped that the Roughnecks and Pedagogues can be persuaded to meet in another game following the Tahoka-Slaton game. It is rumored that if the next game between these two teams is as rough as the last one, brass knucks and six-shooters will be much in evidence as means of self protection. Come out and see these games. If you have not been attending these games, you have been missing some good entertainment. Ask the fellow who goes.

MEXICAN COUPLE MARRIED

A beautiful senorita became the blushing bride of a proud Mexican hombre Wednesday afternoon when Judge I. P. Metcalf said the solemn words which made them husband and wife. The entire ceremony was performed in the Spanish tongue, the Judge being able to speak Spanish almost as fluently as he speaks English. The happy couple are said to have come recently from Tucumcari, New Mexico. They gave their names as Manuel Santore and Jrobiula Lujers.

JOE STOKES GIRL MARRIES SLATON MAN

Miss Willie Taylor of the Joe Stokes community was married on Friday of last week to Jack Boone of Slaton, the ceremony being performed in Tahoka by Rev. R. T. Breedlove. We find best wishes to this happy couple.

DIRECTORS IN FIRST MEETING

Outline Work For Year, And Take Up Question Of Entertaining District Convention

The new board of directors of the Tahoka Chamber of Commerce, elected at the annual meeting held on the preceding week, met on last Friday night in the Justice Court room and discussed plans for the year's work. This was the first meeting of the new board. Nearly all the members were present and much interest was evinced in the work for the year.

One of the first items of business was to set the date for the district meeting of the West Texas Chamber of Commerce to be held here in the spring and to begin planning for the entertainment of the visitors. The date set was Wednesday, April 24. It was agreed that the Home Demonstration Club women of the county might have the task of providing dinner for the crowds on some basis to be agreed upon, and President Taylor White was authorized to appoint a committee to arrange this matter with the clubs.

A committee was also appointed to work out a program of work for the year and to prepare a budget. This committee consists of G. H. Nelson, Claude Wells, Jack Applewhite, W. R. Neyland, and W. B. Slaton. When this committee reports back to the board, plans for financing the budget are to be undertaken.

Among the things suggested for accomplishment during the year were the following: Promote the dairy interests of the county, including some plan to get more dairy cows into the county; the possible establishment of a creamery here; promote the raising of more poultry and turkeys; again sponsor a county fair; establish a trade day; visit the various communities in the county; entertain the county inter-scholastic league; gain more publicity for the county; revive efforts to procure a cotton compress, oil mill, etc.; sponsor a community Christmas tree. These were mere suggestions, however, some of which may not be recommended by the committee, while still others may be included. The committee would like to have suggestions as to the things the Chamber of Commerce should undertake to accomplish this year.

Those present Friday were: Taylor White, President; J. Emory Nance, Vice-President; W. R. Neyland, J. C. Wells, J. K. Applewhite, W. L. Buffleon, Truett Smith, G. H. Nelson, M. L. H. Baze, E. I. Hill, W. O. Thomas, A. I. Thomas.

2 NEW BRICKS ARE STARTED

T. J. Bovell And O. B. Adami Are Owners. Buy Equipment For New Bakery

Work was begun Wednesday on clearing off the lots preparatory to the construction of two brick business buildings by T. J. Bovell just west of the Tahoka Service Station and just north of the new Connolly building. They will each be 25 by 65 feet in size. One of them will be occupied, it is said, by a bakery to be installed by Messrs. Bovell and Adami. A part of the equipment for the bakery has already been purchased. We have not learned who will occupy the other building. These buildings will fill out this entire block and will add much to the appearance of the business section of the city. G. R. Miliken is the contractor.

Sinton—A carload of fat hogs cooperatively marketed by San Patricio county farmers recently brought about \$100 net above prevailing prices in that section in spite of selling on a declining market, so P. Donald, county agent, reports. This is the second year such a co-operative shipping pool has worked out successfully.

**POWER FARMING SCHOOL
DRAWS BIG CROWD TUES.**

(Continued from First Page)

has taken place within the last half century, and made quite an interesting speech.

E. L. Banks of Amarillo was the first of the representatives of the Harvester Company introduced by Jack Applewhite, and he spoke in a general way of the advantages of using gas-power machinery on the farm, the importance of the dairy cow on the farm, the value to the farmer and his wife of the cream separator, and elaborated some of the points made by Prof. White.

E. N. Black was the chief speaker of the morning. He gave much detailed information about International farm machinery and particularly about the Farmall and the cream separator manufactured by his company. In discussing the wonderful improvement made in farm machinery, he stated that his and other companies are working most assiduously on both a cotton picking machine and a cotton stripper, both of which will most surely be perfected in the course of time. The picker is designed to pick the cotton that opens early in the fall without doing damage to the unopen bolls or the stalk, while the stripper is designed

to gather all that remains on the stalk, open or unopen, late in the fall. Great progress has already been made on both of these machines but neither has yet been perfected to the point that the Company is satisfied to place them on the market. He devoted most of his time, of course, to farm machinery that has already been perfected and is now on sale by his company, particularly the Farmall, which is claimed to be capable of doing practically everything that a horse can do on the farm, and much more, stressing the economy of using the Farmall in preference to the horse and horse-drawn implements. He asserted that the International factory has been running at full capacity for the past four years turning out Farmalls and that it now turns out 400 of them every day.

In the afternoon, W. T. Wheeler explained in detail the mechanism of the Farmall and R. H. Taylor did the same thing for the cream separator.

Most of the speakers placed much stress on the value and importance of the dairy cow on the farm and urged the farmers to rely more and more on this source of revenue.

Other representatives of the International Harvester Company present were O. J. Stone, J. R. Herring, and F. N. Griffing.

Messrs. Harris & Applewhite, at whose store the speaking program was given, served a most excellent luncheon at the noon hour.

The crowds were entertained with string music at intervals through the day. Following the speaking program in the afternoon, everybody was invited to the English Theatre, where pictures were exhibited showing the processes of manufacture of the Farmall and the cream separator. Many varieties of dairy cows were also shown, and the good points and bad points of the various animals were pointed out. The program for the day closed with a screen comedy.

**H. D. Committee
Outlines 1929 Work**

The Better Homes chairman of six Home Demonstration Clubs met in the Home Demonstration Agent's office Saturday, Jan. 19, 1929 and discussed or outlined a program of work for 1929.

These are the different phases to be worked on by this group cooperating with their respective clubs.

1. Better Homes Program
2. Better Homes Week
3. Sanitation (a) Sanitary conditions in home, (b) Sanitary toilets and out-houses, (c) fly traps, (d) Clean-up week to be sponsored by every Home Demonstration Club.
4. Beautification: (1) Home—exterior and interior; painting, remodeling. (2) Yard: grass, flowers, walks, trees, shrubbery.

2. Yard: grass, flowers, walks, trees, shrubbers.

This is a very worthwhile program and the Better Homes Chairmen are going to strive to put this program over, cooperating with the Home Demonstration Agent and all the citizens of Lynn county.

At this meeting Mrs. A. L. Faulbion of Wilson was elected county Better Homes Chairman.

This year five Master Farm Home-makers will be selected from nominations made by counties at College Station during the Short Course. Mrs. R. W. Fenton has been nominated from Lynn county and we feel that she is truly a master farm home-maker.

Members of Home Demonstration Clubs, we solicit your cooperation in our program of work for this year. Please don't fail! Do your best always!

Better Homes Chairman.

**Euzelian Class
Elects Officers**

The Euzelian Sunday School class of the Baptist Church had charge of the opening exercises in the general assembly of the Sunday School last Sunday and rendered a very interesting program, which was announced by Mrs. Gladys Stokes as follows:

Quartette—Mesdames Skip Taylor, Ruby Wells, A. J. Mullins and G. H. Nelson.

Prayer—Mrs. Pete Coleman, and a very beautiful devotional read and commented upon by Mrs. J. B. Walker.

The Euzelian class, with Mrs. J. B. Walker as teacher, are planning to do a greater work this year than ever before. In our class business meeting last Sunday, the following officers for the year were unanimously elected: President, Mrs. G. H. Nelson; 1st Vice Pres., Mrs. Gladys M. Stokes; 2nd Vice Pres., Mrs. W. M. Harris; 3rd Vice Pres., Mrs. Pete Coleman; Secretary, Mrs. Borden Davis; Asst. Secretary, Mrs. Emory Nance; Treasurer, Mrs. A. J. Mullins; Reporter, Mrs. B. E. Sanders.

When the flu epidemic is passed we hope to decrease the number on our absentee list, increase our membership, and have the full cooperation of the class with our teacher and new officers, and make the Euzelian class really count for something in the Lord's work this year.

Reporter.

CARD OF THANKS

We wish to express our heartfelt appreciation of the sympathy and material assistance given us in our recent fire loss. In addition to the numerous friends who offered so many kindnesses we would especially mention our good neighbors, Mr. Tarter, Mr. Willingham and son, and other helpers at the time of the fire, Mr. and Mrs. Aycox, Mr. and Mrs. G. C. Sargent and family, Mr. and Mrs. J. A. Brashear, Mrs. Lu McDaniel, Mrs. W. E. Suddarth, and the Tahoka business men, all of whom contributed so generously toward our needs.

We would also especially thank the members of Mrs. Fenton's S. S. Class and of the Hi-League for the two "showers" they gave, at which so many nice and useful gifts were received. May each of you be rewarded by having many friends as good and true as you proved yourselves to be.

With sincere gratitude to all,
Mr. and Mrs. R. F. Janak and family.

**MORE LAND NOW
UNDER THE PLOW**

Tractors have been busy day and night on the Lumsden and Green land west of town, breaking out another 200 acres of this large tract. Every year several hundred acres of this land is put under the plow making room for more families. It will be of much benefit to Wilson when all this land is in cultivation as two or more thousand acres yet remain to be broken out—Wilson Pointer.

**FARMERS' SHORT COURSE
JANUARY 29TH AND 30TH**

LUBBOCK, Texas, Jan. 24—The First Annual Farmers' Short Course will be held at the Texas Technological College Tuesday and Wednesday, January 29 and 30, with an invitation extended to anyone who might be interested to come and hear interesting and instructive talks of interest primarily to the farmer and the farm woman of this section.

"The Texas Technological College wishes to go one step further than to be a place where high school students go for higher education," an announcement from the college reads. "As an institution devoted to the instruction of resident students, it has equipment and forces on its campus which can be used for several types of service."

The short course will be modeled after the "Farm and Home programs of agricultural colleges of the Middle West.

In addition to the staff of 10 men in the School of Agriculture and the 8 women in the School of Home Economics, County Agents, Home Demonstration Agents, Experiment Station staff men, and others will appear on the program which will include talks on: Seed selection, soil and soil moisture conservation, marketing, selection of stock, dairying, healthful eating, use and care of rayon fabric, healthful salads, children's clothing, butter judging, selection of colors, curtains and draperies for the home, attractive desserts, yard improvements.

Except for the general meeting the first day when Dr. Paul W. Hori, president of the Tech will make a welcome address, and noon the first day when the Lubbock Chamber of Commerce will serve the farmers and farm women a free lunch, the short course will be conducted in two separate groups. The women will be gathered at the Home Economics Building, while the men will gather for their work at the Stock Judging pavilion.

Full information may be had by writing Dean A. H. Leidigh, School of Agriculture, Texas Technological College.

Other successful pig feeders, showing average daily gains of 1 1/2 to 2 pounds, were Birta Wray, Carmen Chapman and Howard Lee of Tarzan; and Aubrey and Stanley Reid of Valley View.

Snyder is soon to have a modern commercial airport. The 200 acre plot was recently purchased for \$50,000.00. It joins the northern city limits, and will have a gas, electricity, and sewage filling station, and other facilities.

PAIN IN SIDE
Black-Draught Brought Relief and Helped Indigestion.
"For several years I suffered with indigestion," says Mr. W. M. Barger, of Crystal, W. Va. "I had a pain in my right side, which rarely ever left me. At times, I would have headache so bad, I would have to leave my work. Black-Draught was recommended to me by a friend and so I began taking it. Before very long I was feeling much better. I kept up the medicine for some time, and my improvement was so great, I felt better than I had felt in years. The pain in my side left me, and the sour stomach quit altogether."

IT DRIVES OUT WORMS

The surest sign of worms in children is paleness, lack of interest in play, fretfulness, variable appetite, picking at the nose and sudden starting in sleep. When these symptoms appear it is time to give White's Cream Vermifuge. A few doses drives out the worms and puts the little one on the road to health again. White's Cream Vermifuge has a record of fifty years of successful use. Price 35c. Sold by

Locals

City Fire Marshal M. C. Finch and Fireman J. E. Nance report that they witnessed a fire drill at the Central Ward building Tuesday morning and the entire building was emptied of 350 children in one minute and five seconds. They pronounced this as very fine training and say that Mrs. Baze and the other teachers are to be congratulated upon the fine work they have done along this line.

Claude Wells is a firm believer in dairy cows. He has a couple that far more than pay their way. Recently he has been experimenting with different feeds and he declares that ground-up Hegari is the finest feed for dairy cows he ever saw. The use of this feed increased the milk production very considerably, he says.

In renewing her subscription, Mrs. Eva Lesure of San Diego wishes us the best year we have ever had and says "I am always glad to get the Lynn County News." Mrs. Lesure has hosts of friends here that she keeps in touch with through this paper and otherwise.

At the Baptist Church Sunday morning, in the absence of the pastor, who is sick of the flu, R. E. Key, Superintendent of the Sunday School, gave a very interesting report of his attendance upon the big South-wide Baptist Sunday School meet in Tulsa last week. Rev. A. W. Shewmake preached at the night service.

L. H. Moore of Slide presented the editor last Saturday with some of the finest home made candy we have ever eaten. He explained that Mrs. Moore failed to "get in" on the fine gift of canned goods which the Women's Home Demonstration Clubs of the county gave us early in the winter and she desired to make her contribution. It was certainly fine and much appreciated. By the way, we are still eating on those canned goods, ladies, and they are par-excellent.

Mr. and Mrs. B. A. Young of Abilene were here Sunday and Monday visiting her mother, Mrs. Nelms. Mr. Young is a booster of his home city. He thinks Abilene has a great future and says it is preparing now to build another big lake. Mr. Young owns a farm here and he is also a great booster for this country. He reads the Lynn County News regularly.

J. F. Loyd came in Tuesday to renew a subscription and brought with him a couple of Rhode Island Red eggs to present to the editor, not because he thought the editor was hungry but because the eggs were of such fine size. We had big breakfast the next morning.

Mrs. N. A. (Jones) Duncan of Clidburne, in sending her check for the paper for another year, said that missing a number was just like cutting one off from their breakfast coffee. We are glad they like it.

Frank Lisemby and family have removed from the Midway community to some place out on Route 4 out of Lubbock. They will continue to read the News.

T. Holcomb of Dawson county was here Tuesday prospecting and visiting his friend, Uncle Ben Rogers. He is thinking of buying a home in this county.

O'DONNELL'S NEW \$35,000 SEWER SYSTEM COMPLETED

O'Donnell's \$35,000.00 sewer system was completed this week by the Southwestern Sewer Company of Dallas with F. L. Friday as contractor. The system confers the entire town and is considered adequate for a town four times the population of O'Donnell.

Mr. W. F. Whitley, superintendent of the Southwestern Sewer Company stated Wednesday that connections were being made as rapidly as plumbers could get to them.

The completion of the new sewer system this week gives O'Donnell three added public utilities within the past few months that will have much to do with the future development of our city. The three important improvements the past few months have been the installation of a \$60,000.00 water system, piping the entire city for natural gas by the West Texas Gas Company which is now being used by practically every resident of O'Donnell; and the completion of a modern and up-to-date sewer system by the Southwestern Sewer Company.

Only one more public improvement is needed to place O'Donnell among the most modern cities of Texas, and that is the building of sidewalks and the laying of paving for the business section.—O'Donnell Index.

DRILLING CONTRACT LET OPERATIONS BEGIN SOON

According to reliable information, a block of 10,000 acres including the old Frost ranch, was leased Tuesday to the Pure Oil Company, with a drilling contract which calls for active operation within sixty to ninety days.

This block with section 10 as the center, lies six or eight miles south and west of O'Donnell. At this writing we are able to give only the name of the drilling contractor. A Mr. Noka, but we feel sure that he knows his business and that we may soon expect something definite. Our geologist and fellow citizen, Mr. C. H. Doak, is confident that some showing at least will be found between 2300 and 2400 feet.—O'Donnell Index.

An up-to-date hatchery for O'Donnell is practically assured according to H. H. Williams who intends to install an 18,000 capacity Peterman Electric incubator by the 20th of the month. Custom hatching will be done, and a complete line of chicken feed will be handled.

The nail picking machine which is the property of the Highway Department has been moved from Muleshoe to Olton. The machine is used in this territory exclusively, and is worked on the principle of a huge magnet which gathers metal off the highway so it can be placed where it is harmless.

Plant a berry patch.

NOTICE

I have threshed my grain, and those who have been speaking for seed may make out their orders and leave them with Harris & Applwhite and I will fill them and leave the grain at their store for delivery.

J. A. Jaynes, 22-116

The paving of seven blocks in the business district of Muleshoe will occupy the people of that progressive town during 1929. The problem of drainage which has been a handicap is being studied by an expert engineer.

ITS RESULTS ARE AMAZING

Thousands of Sufferers Say Effect of New, Revolutionary Formula, Sargon, Almost Unbelievable

When Sargon is given to half-sick, rundown men and women who are in a nervous, debilitated condition, the following improvements are noted in the majority of cases:

The appetite increases, the complexion clears, gas, bloating, and hyperacidity are overcome, constipation disappears and a sense of physical well-being and mental alertness replaces a dragging body and depressed mind.

Sargon is accomplishing these amazing results in a new and remarkable way—the way that the men of science who labored for years to perfect this new epoch-making formula intended to be done.

Sargon and Sargon Soft Mass-Pills are designed to exert a tremendous stimulative influence on certain vital organs and fluids of the body upon which good health largely depends. The system, besides being purified and strengthened, is toned up and invigorated.

Sargon is designed primarily for the correction of disorders of the stomach, liver and bowels. At the same time, as above stated, it is a powerful reconstructive tonic, for it naturally follows that any medicine that brings about proper assimilation of food and thorough elimination of waste products must have a far-reaching and most beneficial effect on the entire system.

Tens of thousands of men and women, of all ages, in all walks of life, have testified that they have been fully restored to the enjoyment of new found health and strength by its use.

Sargon may be obtained in Tahoka from Thomas Bros. Drug Co.; and in O'Donnell from Corner Drug Store. Copyright, 1928—by G. F. Willis, Inc.

West Texas Today, official magazine of the West Texas Chamber of Commerce will be in the mails this week. The January issue carries more pecan stories, but is not a pecan special as last month. Development of different West Texas towns, and reports from secretaries of chambers of commerce served by the regional organization are given space.

NOTHING LIKE IT ON EARTH

The new treatment for torn flesh, cuts, wounds, sores or lacerations that is doing such wonderful work in flesh healing is the Borozone liquid and powder combination treatment. The liquid Borozone is a powerful antiseptic that purifies the wound of all poisons and infectious germs, while the Borozone powder is the great healer. There is nothing like it on earth for speed, safety and efficiency. Price (liquid) 20c, 60c and \$1.20. Powder 20c and 60c. Sold by

NOTICE TO THE PUBLIC

Any erroneous reflection upon the reputation or standing of any individual, firm or corporation, that may appear in the columns of the News, will be gladly corrected when called to our attention.

One of the subscribers of this paper, H. H. Brown of Bangs down in Brown county, was so well pleased with one of our editorials following the November election, in which we discussed the future of the Democratic Party, that he sent it to Dr. J. B. Cranfill of Dallas, editor of The Advance, who reproduced it in full in his fine paper, and commented at length. After paying a high compliment to the editorial, Dr. Cranfill expressed the conviction that its counsel would not be heeded. He thinks that our Southern dry leaders have become so enmeshed in the Tammany net that they are unable to extricate themselves. He thinks that the future of the Democratic party is dark whatever the Southern dry leaders do. If they cut loose from Tammany the party will lose out in New York and the East; if they don't cut loose from Tammany it will lose out everywhere else. Dr. Cranfill is a wise political seer and a keen thinker. He has been in the forefront of the battle, in church and in state, for nearly half a century. He founded The Baptist Standard

and for many years was its editor. He was without doubt the keenest and most incisive editorial writer it has ever had. At one time he was the nominee for Vice President on the Prohibition ticket. Then, after the adoption of the Eighteenth Amendment, he came back into the Democratic fold. He has been a power in the politics of this state ever since. During the early stages of the Presidential campaign last year, he established The Advance, and this publication perhaps did more than any other in Texas to swing this state into the Hoover column. Dr. Cranfill is now giving the political leaders some fatherly counsel, in every issue of his paper, that it might be well for them to heed. If Morris Sheppard and Tom Connally and Dan Moody had followed his advice during the campaign and had refused to take the stump for Al Smith, they would hold a more secure place in the hearts of the dry Democrats of Texas today. But we think Dr. Cranfill is too "blue" concerning the future of the Democratic party. If it will cut loose from Tammany, quit trying to monkey with the Eighteenth Amendment and the Volstead Act except to enforce them, espouse the cause of the common people everywhere in opposition to the favored classes, and appeal especially to the South and the West for its support, it can again become a party of great strength. Otherwise, otherwise.

Congressman John C. Cox has been twisting the Tiger's tail and the first twist seems to have surprised the stealthy animal that he emitted a wild screech of terror. Box rapped Al Smith for turning the Democratic organization over to "a master of finance of the Republican Party, who, without becoming a Democrat, took charge of the dishonored and perverted organization for the purpose of using it to repeal

or emasculate the Eighteenth Amendment ratified and cherished by every safely Democratic state and overwhelmingly adopted by the nation in a constitutional way." Box says that he supported Smith after he was nominated but that in making the aforesaid arrangement Smith "greatly underestimated the independence, self-respect, and patriotism of the Democratic hosts of the cities, towns, and open spaces of America." What a tribute that is to us "bolters". No wonder the tiger screamed. Now if Morris Sheppard and Tom Connally and other Southern leaders will line up with Box, we will feel that the Democratic party is getting its feet back on solid ground again.

The News has received for publication an anonymous letter bitterly complaining of the drinking and gambling habits of some man whose name is not disclosed and of his neglect and cruel treatment of his wife. We can not publish anonymous letters of this kind but we have turned it over to the sheriff for such investigation as he may be able to make. However, we suggest that the complaining party furnish the sheriff or the county attorney with the name of the offender, so that they may be able to make the proper investigation. Such offenders as described in this letter should be punished.

Although the Tahoka Chamber of Commerce did not make much noise about it, it accomplished some fine things last year. It is now planning its program for the coming year. It should have the active support of every citizen of the town—no doubt about it. Contrary to the opinion of many, this is not merely an organization to "boost" and to attempt visionary and impractical things. Its purpose is to help the farmer and the mechanic and the clerk just the same as the merchant and the banker. Every mechanic and clerk and business man in town should become a member. Why not? Let's put the work over this year in a greater way than ever before.

That school conducted at the Harris-Applewhite store Tuesday was very instructive and inspirational. Many farmers were in attendance and no doubt got much good from it. It would have been fine if every farmer in the county could have been there. While many could not make use of all the information given, yet we believe that every one could find much profit in what was said. We hope that such schools as this may come to Tahoka more often.

Why shouldn't this be the greatest dairy section of Texas? We can produce the feed here in greater abundance and at less expense than anywhere else in the state. Every farmer should have two or three or four dairy cows, not ordinary stuff but high-bred animals. It will pay.

Incredible as it may seem, Lubbock Lawyers are protesting the creation of a new court. But the court is not to be in Lubbock.

A PARTY ROYAL

(Received too late for publication last week.)

Tuesday evening Misses Bert Yeakum and Violet Smith were joint hostesses of a party in the home of the latter. The "Gang", as the bunch was called in the old town of Waco, were thrilled at seeing each other again. Those who ventured out west were somewhat afraid to get out of the car when they reached the house. There had been some wild stories told to those who had never been farther west than Fort Worth about the badgers, coyotes and wild, wild cowboys. Those who did come were Misses Eva Dean Cox, Ora Lou Howard, Lora Hall, all of Waco, Misses Frances Spantonato of San Antonio and Era Howard of Mart, Messrs. Francis Cox, Jack Hollis, Jesse Arnett of Waco and Tony Spantonato of San Antonio. Mr. and Mrs. Lewis White of Corsicana chaperoned the "gang."

After the guests had raided the sandwich trays and had consumed all the punch and cakes Mr. and Mrs. White reminded the friends there was a long ride awaiting them. Having told the hostesses what a wonderful time every one had, the guests left for home.

(Editorial Note: We sincerely hope that the party succeeded in getting back off the Caprock without being attacked by a badger or even a coyote. These are terribly dangerous animals and unlucky is the man who falls in the pathway of one of them. The "cowboys" are something frightful, too. Civilized man usually abandons all hope the moment he falls a prey to one of them. Folks from the East should be careful how they venture out into the wild and woolly west unattended by a company of rangers.)

WHAT OTHERS THINK

Spearman has a few—a very few—citizens who are here merely to make money. They have no interest in the community affairs; take no interest in the chamber of commerce or other civic organizations. To wring every dollar possible out of the community and give nothing in return, seems to be the purpose and intention of these few citizens. This is not as it should be. Every man owes a little of his very best effort to the town and community in which he lives. If these few citizens think and believe that there is no future for Spearman; that any effort to build a bigger and better town and a more progressive community here, is time and energy wasted, then they should move away from here at once. To reside in a community in which one has no faith, no pride, or interest, is indeed a display of a peculiar state of mentality—something difficult to understand—Spearman Reporter.

It has ever been the custom all along our young life that local business men who combine themselves into a body to plan and to do constructive things for their town place themselves as targets for criticism from fellows who fire their darts from the sidelines. The sideline enthusiasts never attend a meeting of the business men, never contribute either in money or time to the organization, but fill their jealous and selfish ammunition tanks with sharp criticisms and shoot the lead into the breasts of the men who are bearing them to these onslaughts in their endeavor to build up their town and community. But we suppose we will always have with us these sideline fellows who glory in the manufacture of obstacles and hurling them into the paths of those carrying the load of the city and community progress—Graham Leader.

Texas spent eighteen million dollars for dairy products shipped in from other states last year. Think of what that means and what a wonderful market there is at home for our dairy products. Texas ought to ship out a surplus of eighteen million dollars, rather than buy that much from sister states. We have the greatest field for dairy development in the nation, and the Panhandle is the logical place to make the greatest strides in 1929. Donley county should be in the forefront of that development. Our people need to be more dairy-minded. It will pay. —Clarendon News.

Development of the poultry and dairy interests in Mitchell county is an excellent thing about which the chamber of commerce and other factors should be seriously concerned. We have discussed the good advantages of such products sufficiently as to be entirely familiar with their importance. The thing to which we should now turn our attention is realization of these projects. Extensive poultry farms and dairy herds sound mighty good on paper and furnish good material for after-dinner speakers. Actual results, however, can only come through bringing the theory into practice. Let's go.—Colorado Record.

This twaddle about men drinking more whiskey under prohibition than they drank under open saloons, does not appeal to us. They may do it, but we saw 14 to 24 drunks in smaller towns and have gone a year without seeing a drunk since the 18th Amendment was adopted by the states. They may drink more whiskey but there has been more than 98 per cent of the drunks vanished from the states.—Claude News.

Listen, folks, you only have two more weeks to pay your poll tax. Remember, if you are not a qualified voter, you have no right to kick on the way the government is being run. And, gee whiz, who is it that don't like to kick about what "they are doing to this country?"—Floydada Hesperian.

NOTICE FOR BIDS

Notice is hereby given that bids for the re-roofing of the court house of Lynn county on both a ten-year guarantee and a twenty-year guarantee will be received and opened at the next regular term of the commissioners' court on February 11, 1929. The court reserves the right to reject any and all bids.

for your baby chicks
THE SOUTHWEST'S MOST POPULAR CHICK STARTER!

More baby chicks in our great Southwest are raised on SUPERIOR Orange-Vitamin Chick Starter than on any other feed. Poultrymen tell us that it reduces mortality to a minimum... raises bigger stronger chicks... makes pullets lay sooner for market earlier... makes pullets lay sooner... and it always yields a larger net profit for their time and work.

WHY There is no other Chick Starter like SUPERIOR
It contains everything you would expect in a high quality Chick Starter; ground oatmeal, ground hard wheat, yellow corn meal, wheat gray shorts, Kaffir meal, dried lard, and bone meal. In addition to these, it is the one baby chick feed that contains dehydrated orange, cod liver oil, and the richest practical source of the health-giving and growth-promoting vitamins!

IT COSTS NO MORE to Raise Your Chicks the SUPERIOR Way
By the way, SUPERIOR naturally costs a little more than low quality brands or makeshift "home-mixes." But poultrymen who keep accurate cost records find that SUPERIOR always raises more chicks and thus pays them a larger net profit.

We Have a SUPERIOR Feed for Every Need!

CITATION BY PUBLICATION

THE STATE OF TEXAS,
To the Sheriff or any Constable of
Lynn County, Greeting:

You are hereby commanded to summon M. A. Gordon by making publication of this Citation once each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein; but if not, then in any newspaper published in the 106th Judicial District; but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said 106th Judicial District, to appear at the next regular term of the District Court of Lynn County, to be held at the Court House thereof, in Tahoka, Texas, on the 3rd Monday in February A. D. 1929, the same being the 18th day of February A. D. 1929, then and there to answer a petition filed in said Court on the 9th day of January A. D. 1929 in a suit, numbered on the docket of said Court No. 744, wherein H. B. Howell is Plaintiff and M. A. Gordon is Defendant, and said petition alleging as follows, to-wit:
H. B. Howell Vs. M. A. Gordon, No. 744.

In the District Court of Lynn County, Texas, February Term, 1929.

To the Honorable Judge of said Court:

Now comes H. B. Howell, hereinafter styled plaintiff complaining of M. A. Gordon, hereinafter styled defendant, and after leave of the Court is first had and obtained, files this his first amended original petition and for such amendment says:

1. That the plaintiff resides in Lynn County, Texas, and that the residence of the defendant is unknown.

2. That heretofore, to-wit: On or about the 1st day of June, 1928, the defendant, M. A. Gordon, who was running and operating a garage and filling station in Tahoka, Lynn County, Texas under the name of the Gordon Service Station, and at such time to-wit: on or about the 1st day of June, 1928, made, executed and delivered to this plaintiff his one certain promissory note, dated on the day and year last aforesaid, payable to the order of plaintiff, at Tahoka, Lynn County, Texas, for the principal sum of \$604.16, due and payable on demand, bearing interest from date at the

rate of 10 per cent per annum and stipulating that if said note is placed in the hands of an attorney for collection, then the defendant agreed to pay an additional 10 per cent for attorney's fees, whereby the defendant became bound and liable to plaintiff and promised to pay plaintiff the sum of money in said note specified, together with all interest and attorney's fees.

3. That the plaintiff has placed said note in the hands of B. P. Maddox, an attorney, for collection, and has contracted to pay him the 10 per cent attorney's fees stipulated for in said note, the same being reasonable and the usual and customary fee in such cases provided.

4. That on or about the 28th day of September, 1928, plaintiff demanded of defendant the payment of said note but the defendant failed and refused to pay same or any part thereof, and the plaintiff declared said note due and payable on the 28th day of September, 1928, but although often requested that defendant pay same, the defendant has hitherto failed and refused to pay same or any part thereof, and the same remains due and unpaid, to plaintiff's damage in the sum of \$681.21.

5. That heretofore, to-wit, on or about the 1st day of August, 1928, the defendant made, executed and delivered to plaintiff his one certain promissory note for the principal sum of 153.75, bearing date on the day and year last aforesaid, payable to the order of the plaintiff at Tahoka, Lynn County, Texas due and payable on demand bearing interest from date at the rate of 10 per cent per annum, said note stipulating that if said note is placed in the hands of an attorney for collection, then defendant agreed to pay an additional 10 per cent as attorney's fees, whereby the defendant became liable and bound to plaintiff and promised plaintiff to pay him the sum of money in said note specified together with all interest and attorney's fees thereon, according to the tenor, reading and effect of said note.

6. That on or about the 28th day of September, 1928, the plaintiff demanded of defendant that he pay said note, but that the defendant failed and refused to pay same or any part thereof, and that said note at once became due and payable, and plaintiff declared same due and payable on the 28th day of September, 1928, but though often since then requested, defendant has failed and refused to pay said note, and still refuses to pay same or any part thereof, so plaintiff's damage in the sum of \$171.94.

7. That the plaintiff has placed said note in the hands of B. P. Maddox, an attorney, for collection, and has contracted to pay the 10 per cent attorney's fees provided for in said note, the same being reasonable and the usual customary fee.

That heretofore, to-wit: on or about the 1st day of September, 1928 the defendant made, executed and delivered to plaintiff his promissory note for the principal sum of \$84.05, dated on the 1st day of September, 1928, payable to the order of the plaintiff at Tahoka, Lynn County, Texas, due and payable on demand, bearing interest from date at the rate of 10 per cent per annum, and stipulating that if said note is placed in the hands of an attorney for collection, then defendant agreed to pay an additional 10 per cent as attorney's fees, whereby the defendant became bound and liable to plaintiff and promised plaintiff to pay him the sum of money in said note specified, together with all interest and attorney's fees then due, according to the tenor, reading, and effect of said note, and in this connection plaintiff would show to the court that the defendant had rented from the plaintiff the following lands and premises, described as follows, to-wit: All of lots 4 and 5 in Block 35 of the original town of Tahoka, Lynn County, Texas, for running and operating his business as aforesaid, at the agreed rental price of \$50.00 per month, said rental aforesaid beginning on the 1st day of June, 1928, said rental being due and payable in advance, and that a part of said note was executed and delivered to plaintiff by the defendant for the balance due on the rental due on aforesaid premises for the month of July, 1928, said unpaid balance being in the sum of \$34.05 and that the remainder of said note of \$50.00 was for all their rent due on said premises for the month of August, 1928, which was owing by defendant and which he was unable to pay.

9. That the plaintiff has placed said note in the hands of B. P. Maddox, an attorney and has contracted to pay him the 10 per cent attorney's fees provided for in said note, the same being reasonable, and the usual and customary fee.

10. That on or about the 28th day of September, 1928, plaintiff demanded of defendant that he pay said note, but the defendant failed and refused to pay same or any part thereof, and that said note became

due and payable at once and the plaintiff declared said note due and payable on the 28th day of September, 1928, and the defendant, then, often requested has hitherto failed and refused to pay same or any part thereof and still fails and refuses to pay same or any part thereof to plaintiff's damage in the sum of \$93.22, principal, interest and attorney's fees and in this connection plaintiff would show to the court that at all times from the 1st day of June, 1928, to about the last day of September, 1928, the defendant was the tenant of plaintiff in and on said premises described in paragraph No. 8 of this petition and the agreed rental for same was the sum of \$50.00 per month, payable in advance.

11. That the rental on said premises for the month of September, 1928 was due and payable to plaintiff on the 1st day of September, 1928, and altho the plaintiff had often since said rental for said month of September became due, requested of defendant that he pay same, he failed and refused to pay same or any part of same and still fails and refuses to pay same or any part thereof, and that said \$50.00 is past due and unpaid.

Wherefore plaintiff prays that defendant be cited to appear and answer this petition, and that upon final hearing he have judgment for his debt, principal, interest and attorney's fees, costs of suit in this behalf expended, and for such other and further relief, both general and special, in law and equity that he may show himself entitled to and plaintiff will ever pray.

B. P. Maddox, Att'y. for plaintiff
THE STATE OF TEXAS,
COUNTY OF LYNN
I, Truett Smith, Clerk District Court, Lynn County, Texas, do hereby certify that the above and foregoing is a true and correct copy of the Plaintiff's First Amended Original petition in cause No. 744, styled H. B. Howell vs. M. A. Gordon, as the same appears on file in my office in Tahoka, Texas.

Safety, silence and simplicity are features of the new Ford six-brake system

ONE of the first things you will notice when you drive the new Ford is the quick, effective, silent action of its six-brake system.
This system gives you the highest degree of safety and reliability because the four-wheel service brakes and the separate emergency or parking brakes are all of the mechanical, internal expanding type, with braking surfaces fully enclosed for protection against mud, water, sand, etc.
The many advantages of this type of braking system have long been recognized. They are brought to you in the new Ford through a series of mechanical improvements embodying much that is new in design and manufacture. A particularly unique feature is the simple way by which a special drum has been constructed to permit the use of two sets of internal brakes on the rear wheels.
A further improvement in braking performance is effected by the self-centering feature of the four-wheel brakes — an exclusive Ford development. Through

this construction, the entire surface of the shoe is brought in steady, uniform contact with the drum the instant you press your foot on the brake pedal. This prevents screeching and howling and makes the Ford brakes unusually silent in operation.
Another feature of the Ford brakes is the ease of adjustment.
The four-wheel brakes are adjusted by turning a screw conveniently located on the outside of each brake plate. This screw is so notched that all four brakes can be set alike simply by listening to the "clicks."
The emergency or parking brakes on the new Ford require little attention. However, should they need adjustment at any time, consult your Ford dealer for prompt, courteous, and economical service. He works under close factory supervision and he has been specially trained and equipped to help you get the greatest possible use from your car over the longest period of time at a minimum of trouble and expense.

Rev. Shepherd will preach at the school, Sunday afternoon at 3 o'clock. Now, since there are not so many cases of the flu in the community, let's reorganize the Sunday School. Come out next Sunday at 10:30 and you will surely be benefitted. If you haven't made new year's resolutions, here's a timely suggestion: Resolve to put your best effort into making our Sunday School a success.

Harvey Johnson has been ill during the entire week. He has been

improving over the week-end, but the weather has prevented his returning to school.

Mr. Looney is moving from this community to his new location, about ten miles from Draw. Mr. and Mrs. Pinkley's daughter and her husband have rented the place where Mr. Looney has been living.

Mr. Greenwood and Mr. Waldrep have been killing hogs during the past week.

Mr. and Mrs. T. Cowan have a new baby boy, Wendell Wayne. This is the grandson of Mr. and Mrs. Inman.

The children at school are now working on a negro play, which will be presented within the next month. Mr. J. C. Hood visited the school last Thursday. His interest is appreciated.

Mrs. Disheroon and Mozelle went to O'Donnell Saturday.

Mrs. Greenwood and children visited Mr. and Mrs. J. C. Hood one night last week.

The attendance in school has increased from twelve to forty since Christmas.

Reporter.

On Feb. 16, 1846, Texas was annexed to the United States and President Anson Jones retired in favor of Gov. J. Pinckney Henderson.

Gas Forces Woman to Sleep in Chair

"Nights I sat up in a chair, I had stomach gas so bad. I took Adierika and nothing I eat hurts me now. I sleep fine."—Mrs. Glenn Butler.

Even the FIRST spoonful of Adierika relieves gas on the stomach and removes astonishing amounts of old waste matter from the system. Makes you enjoy your meals and sleep better. No matter what you have tried for your stomach and bowels, Adierika will surprise you.

SLAT'S DIARY

(By Ross Farquhar)

Friday—I dont no how pa ment it but at least I do no that ma got of-

She has went and cot a cold and tonite at the super Tabel she sed My godness but Ivo got a offle bad bad cold I am so horse I cant hardly t a w k. Just then pa up and says. Less go take a nice long ride in the 2d handed ford. She got pritty sore at him.

Saturday — I will be very glad when you dont half to wear Heavy under ware all the time. I think it seems to me its very Dangerous becuz when you forget to put it on sum times why yure Libel to take cold on acct. it suchy a change.

Sunday—Pa was tawking about Big business today and he sed most evry big business has got what they call a Yes Man. That is most evry business Xcept the Banks.

Munday—I gess Jane must be sore at me but she dont half to slander ma and my famby and I am done with her and all uther wimen for good in all. She is mad becuz I told Elsy a seerit she told me the uther day, and she sed sum thing about me being a Wolf in Cheap clothing.

Tuesday—Ant Emmy says times has changed a hole lot since she was a yung girl witch is true I gess becuz they have had plenty of time to change a lot. She sed them days a yung ladie was to Modest to let the edge of her Pettycoate show the lease bit. Pa sed Well as fur as he had ben able to preseave they wasent enny of them showing nothing like that these days neather.

Wednesday—Ma ast me why I got kep in tonite and I told her it was for sumthing I diddent do. she diddent beleave me and finely she wirmed it out of me that I got kep in becuz I diddent do my wirk like the teacher sed I shud ought to of done it. But I diddent tell a lie enny ways.

Thursday—Jake and me found a nice ladys vannity Case today and we put in the back seat of the ford and that mebbly it wood surprize pa. It did surprize him even if he diddent find it his self. It was ma witch found it. Now if I don't tell ma about it pa is going to have a offle onpleasant time for a long time, and if I do tell why pa aint a going to think mutch of my cense of yumer. But I gess pa is use to it so I wont but in on the famly affares.

Features of New Ford Ignition Lock

One of the features of the new Model A Ford car which is typical of the care that has been devoted to details of design, is the theft-proof ignition lock which it is equipped.

Many automobile ignition locks, designed to lock the switch against theft of the car, have been little or no safeguard against the clever thief with some knowledge of automobiles ignition systems. The thief could simply reach behind the instrument board, cut the wires back of the switch and make a new circuit in which the ignition system would operate perfectly.

This cannot be done on the new Ford, because the wires run direct from the switch into an armored conduit which is integral with the dash. In order to tamper with the switch the thief would either have to take the instrument board to pieces or cut the steel dash or armored conduit. Except under the most extraordinary circumstances, thief would have the tool, the time or the freedom from possible interruption necessary to the completion of such a difficult and tedious task.

This new Ford lock performs two operations at once. It opens the ignition circuit and grounds the distributor at the same time. Another advantage is that, being concerned entirely with the ignition system, it provides protection against theft without in any manner interfering with the mechanical car controls, such as transmission or steering.

Gen. Sam Houston defeated Santa Anna in command of a Mexican army at the battle of San Jacinto April 21, 1836 and Texas thereupon became an independent Republic.

FOR WORKING PEOPLE

The best of workers get out of sorts when the liver fails to act. They feel languid, half-sick, "blue" and discouraged and think they are getting lary. Neglect of these symptoms might result in a sick cell, therefore the sensible course is to take a dose or two of Herbine. It is just the medicine needed to purify the system and restore the vim and ambition of health. Price 60c. Sold by

MORE CHICKENS

—More Money

—Better Living

We're for any thing that is for the good of the farmer.

More and better chickens is one of Lynn county's greatest needs. And the establishment of a modern electric hatchery in this city will make it more convenient for the farmer to hatch and raise more and better chickens. Take advantage of your opportunity to "cash in" on the poultry business. You'll have more to eat at home, and soon you'll notice an increase in your bank account.

City Bakery

J. E. Nance, Mgr.

The Tahoka Hatchery

And its owners and operators have our congratulations on the establishment of the modern incubator in our city.

With the interest our farmers have in poultry raising, it's success is already assured.

Forrest Lumber Co.

Our Hatchery

The new hatchery is more than a private business enterprise. Its establishment means much to every farmer and every business man in Lynn County.

The establishment of the new hatchery is certain to result in more interest in poultry raising—Which has now become the world's largest industry in value of product.

The establishment of the new hatchery means more and better chickens; this in turn means more money for the farmer—then, more money in the banks, more food, more clothes, more hardware and better implements, more gas and oil—in fact, it means better living conditions and more prosperous times for the farmer and merchant, alike.

Complete List Of Kiwanis Committees

R. W. Fenton Jr., secretary of the Kiwanis Club, has called our attention to the fact that the list of committees as published last week was incomplete and in some instances incorrect. He has therefore furnished us a complete and correct list with the request that we publish same. He also requests that each committeeman clip a copy of this list from the paper and preserve it for future reference. These committees with their respective members, as furnished us by Mr. Fenton, are as follows:

Public Affairs Committee: W. B. Slaton, Chester Comolly, and J. K. Applewite.

Attendance, House, Reception, Good-Will and Grievance Committee: W. S. Taylor, Nat Williams, and M. O. Bridges.

Membership Committee: W. S. Anglin, G. M. Stewart, and R. W. Fenton Jr.

Program Committee: L. C. Haney, M. L. H. Baze, and R. T. Breedlove.

Educational Committee: C. H. Cain, G. H. Nelson and B. N. Shepherd.

Publicity Committee: E. I. Hill, C. B. Townes, and J. R. Singleton.

Locals

We stated last week that J. H. Henderson was to begin the remodeling of his residence this week. Instead, he is building a new residence on a lot adjacent to his home. It will be a beautiful frame building, consisting of five rooms and bath. John Minor is the contractor.

Judge G. C. Grider and family moved here from O'Donnell last Saturday. They are occupying the W. S. Anglin place in Southwest Tahoka. Mr. Anglin and family have moved back to the old home place near the Central Ward school.

City Marshal Milt Finch reports that he picked up a "drunk" Monday, who was arraigned in the city court, where the proper fine and costs were extracted from the offender. It doesn't pay to get drunk in Tahoka.

G. E. Hogan was a business visitor in Brownfield and Littlefield this week. He is opening a new store in Brownfield this week with E. E. King in charge. Jack Jackson is also in Brownfield to assist in the store there.

Mr. and Mrs. D. B. English returned Wednesday night from a business trip to Dallas. While away they also visited Mrs. English's parents, Mr. and Mrs. G. A. Griffin at Frust.

Miss Margaret Cotham of the High School Division of the State Department of Education is here this week visiting the accredited high schools of the county. She visited the Tahoka High School Monday.

J. E. Copk of Lubbock, of the Texas Company, was here Wednesday on business for his company, and while here was the guest of Belton Howell, the local agent.

Rev. B. N. Shepherd, who has been confined to his room with the flu for the past two weeks is reported to be slightly improved. He hopes to be out in a day or two.

Harold Edwards has begun the construction of a neat five-room residence in West Tahoka, to be of stucco finish. Clarence Crouch has the building contract.

W. E. Rymer and Wallace Rymer, brothers of Mrs. C. H. Cain, are the guests of Judge and Mrs. Cain this week. Their home is in Traverse City, Michigan.

R. F. Hinchey, Vice President of the West Texas Gas Company, and W. W. Graves, Assistant General Manager, were here Wednesday on business for the company.

E. W. Holloway is able to be on the street again, after having been confined to his room for about three weeks with the flu.

A. P. Ort has purchased the Marshall Stewart home in South Tahoka. Mr. and Mrs. Stewart have moved to their farm southeast of town.

One man paid a fine in the Justice Court Wednesday for fighting. Complaints were filed against two other men.

Mrs. Raymond Hatch and little son, Raymond Bryson of Lamesa, are here visiting her parents, Mr. and Mrs. D. B. English.

Mrs. Tom Smith of Redwine is in a Lubbock sanitarium this week for treatment.

J. D. Pharr has removed from the southwest portion of the county to the Dixie community.

Mrs. Velta Small of Sudan is here visiting her parents, Mr. and Mrs. D. B. English.

S. R. Kemp was a business visitor in Post Wednesday.

FINLEY STARTS GRADING TAHOKA-WILSON ROAD

The road south of town leading to Tahoka is now being graded and placed in first class condition for the first time since it was built three years ago. Heretofore about all the work that was done on any of the roads in this part of the county was to drag the weeds from the bar pits to the center of the road. Now that might have been the proper thing to do, but we have failed to see just where it has been of any benefit. About all the difference we could tell was a rougher road if anything like that was possible.

Mr. Finley says he doesn't know whether he will be able to complete the grading to Tahoka at this time or not, but will go as far as possible under the allotted time he has with the machinery—Wilson Pointer.

CARD OF THANKS

To the People of Lynn County:— In our feeble way we take this means to thank the people for their kindness and help in every way during the illness and death of our dear son, Ivan; also during the illness of the entire family. We do especially thank our dear neighbors for their faithfulness to us. May God's richest blessings be with them, is the prayer of the entire family.

Mr. and Mrs. A. L. Solsberry and family.

NEAR-SERIOUS FIRE CALLS OUT FIRE DEPARTMENT

There was a fire scare but no damage done late Wednesday evening when a child tampered with a lighted gasoline stove in the residence of A. P. Ort in South Tahoka and caused the flames to flare up in a menacing manner. Mr. Ort was called from the bakery immediately and the fire boys were also called. They reached the residence almost by the time Mr. Ort did but he succeeded in conquering the flames without the necessity of enlisting their services. No damage whatever was done but the family was considerably frightened.

CARD OF THANKS

I wish to thank the fire boys for their prompt response to the fire alarm turned in to save my residence Wednesday evening. While their services were not needed, as it happened, yet their promptness in answering the call is to be greatly commended. They acted with almost incredible speed, and we greatly appreciate it.

A. P. ORT

McGONAGILL PLANTS TO DEMONSTRATE TERRACER

A. R. McGonagill has just purchased a terracing machine, he informed us this morning, and a terracing demonstration will be given on his farm eight miles east of town at an early date which will be announced later. A representative of the House selling the machine will be here to demonstrate it. Mr. McGonagill invites the public out to witness the demonstration. He is preparing to terrace 700 acres on his farm this year.

MRS CLYDE HORTON SHOWERED

Mrs. Clyde Horton of Slaton, formerly Miss Laverne Brasfield of this city, was favored Wednesday afternoon with a shower at the home of Mrs. Kercheville. A large number were present, and she received many gifts. The following program was rendered:

Piano Solo—Mrs. Jack Jackson.

Musical Reading—Margaret Wetzel.

Vocal Solo—Charline Maddox.

"The Bride's Dream"—a pantomime—Mrs. Richardson, Johnnie Edwards, Floy Ben King, and Snookie Maddox.

Those present were: Mrs. Kercheville, Mrs. Clyde Horton, Mrs. J. A. Brasfield, Mrs. Nowlin, Mrs. Jack Jackson, Mrs. Smiddy, Mrs. Taylor, Mrs. George Knight, Mrs. Jesse Eubanks, Mrs. Dr. Townes, Mrs. A. S. Standefer, Mrs. E. S. Brooks of Slaton, and Mrs. C. V. Yates of Slaton, and Misses Mary Sue Clinton, Mary Fenton, Snookie Maddox, Reta Lois Colleenback, Floy Ben King, Charline Maddox, Margaret Wetzel, Thelma Taylor, and Myrtle Hill. Refreshments were served and a good time was had by all.

Angleton—A three year record of more than a bale and a half of cotton to the acre each year is held by a Brazoria county 4-H club boy, Albert Novak of Danbury. In 1926 he made 774 pounds of lint, 830 pounds in 1927, and last year 1031 pounds. His net profit from the acre in 1928 was \$257.31 and due, so his county agent, J. A. Oswald says, to fall plowing, an application of 400 pounds of 18 per cent superphosphate, shallow cultivation, field selected seed and the use of calcium arsenate and sulphur to control weevils and fleas.

Stanton—In an 80 day feeding demonstration by 4-H club members in Martin county, Casey B. Jones of Courtney, put a daily average of 2.08 pounds of gain on a Poland China pig. The pig was stabled in a 15 by 20 foot pen, half of which was shaded and easily accessible to water in a tank dam. The ration used at the suggestion of J. V. Bush, county agent, consisted of one pound per day of a 26 per cent protein supplement, maize and a little corn.

Callahan County farmers and ranchmen are making efforts to rid the county of wolves. One cent per acre is paid by the farmers, and this money used to buy dead wolves. The price paid is \$7.50 for females, \$5.00 for males, and \$2.50 for pups.

A recently discovered area of sand and gravel near Hamlin will be the incentive for the building of ten mile lines to it from the Abilene & Southern, The Orient and the M. K. and T. Railroads. The sand and gravel area is about three miles square and 100 cars of sand a day for several years can be shipped from it.

Archer City is experiencing an improvement boom. A new Baptist Church costing \$25,000 is being built, and \$80,000 worth of water and sewer extensions are being installed. work is under way on the new City Hall and Masonic Temple, to cost some \$20,000.

A deal whereby \$14,000 was the price for a 5 year lease on the building at the corner of Eighth St. and Hutchinson Avenue in Ballenger was paid recently by G. A. Ladig. Mr. Ladig intends to make big improvements in the inside of the building.

BAPTIST W. M. S. MEETS

The W. M. S. met at the Baptist Church Monday for the Missionary meeting with an attendance of seven ladies.

After a short business meeting with the President presiding, the following program was rendered:

Subject—Personal Consecration.

Song: The Kingdom is Coming.

Prayer—Mrs. White.

Devotional—Mrs. Luallin.

Song: Holy, Holy, Holy.

The Acknowledgement—Mrs. Howell.

Song: Take My Life and Let it Be.

Life's Rich Cargo—Mrs. Heath.

Prayer—Mrs. Caviness.

At the close of the program delicious pie and coffee were served.

West Texas Today, official magazine of the West Texas Chamber of Commerce will be in the mails this week. The January issue carries more pecan stories, but is not a pecan special as last month. Development of different West Texas towns, and reports from secretaries of chambers of commerce served by the regional organization are given space.

A bond issue of \$150,000 for street improvement was carried at Graham recently. Work is expected to start on the streets as soon as the bonds are sold and will include paving and the hardsurfacing of highways leading into the town.

"Of one thing I am more positive than I was even more than forty years ago—the electrical development of America has only well begun," writes Thomas A. Edison in a foreword to a recently published book.

Better Than Whiskey for Colds and Flu

To Cut short a cold, cough or the flu and prevent complications, nothing gives such quick and delightful relief as Aspirinal, the new, scientific "Liquid Cold Remedy" that clears the head; relieves congestion in the nose and throat; checks the excessive flow of mucus; banishes dull headaches and that chilly, achy feeling.

Aspirinal is a complete Liquid Cold Remedy, acting gently on the liver and bowels, and your druggist is authorized to refund your money while you wait at the counter if you do not feel relief coming in two minutes. Aspirinal is sold by all druggists. Price 60c

DID HOME DEMONSTRATION WORK PAY IN LYNN COUNTY LAST YEAR

(Continued from first page)

Agent has given people who were members of the clubs of Lynn County information both oral and written, together with a number of bulletins on canning.

87 pressure cookers and 63 sealers have been bought in this county in the clubs this year. Three carloads of cans have been shipped to Tahoka. The local merchants could not supply the demand and the women of this county have purchased cans in Post, Meadow, Lubbock and Lamesa.

From 11 Women's Clubs Comes This Report

Kind of Food	Amount	Value
Fruits & vegetables	25,512	\$ 7,147.75
Meats canned	2,854	1,427.00
Jelly & Preserves	3,386	2,250.00
Fruit juices	220	44.00
Pickles	5,231	2,615.75
Fruits & veg. dried	1,896	237.00
Meats cured	9,644	1,446.60
Total Value		\$15,168.70

Mrs. T. I. Hammonds of Edith makes the statement in her story that canning has saved her more than half on her grocery bill, for a family of eight.

II. Home Improvement

Home Improvement has been one of the important phases of Home Demonstration work that has been stressed.

The Better Homes Week which was held in May is one of the chief evidences of this fact, together with the Living Room Contest, we feel that the work on Home Improvement is really stronger and is growing all the time.

According to reports given to the Home Demonstration Agent, we have the following:

1. Furniture Refinished: Beds 14, Tables 27, Chairs 29, Dressers 16.
2. Bedrooms Improved 29, Living rooms improved 47, Dining Rooms improved 13, Kitchens improved 15.

FOR RENT

FOR RENT—Three room house for rent.—A. I. Thomas. 22-tfc

FARM FOR RENT—and want farm hand by the months also fat hog for sale.—Will Montgomery. 18-2tp

FOR RENT—A 300-acre farm, 2 houses, third and fourth, want man with plenty teams and force. To finance himself. W. L. Kuykendall, Rt. 1, Tahoka. 21-2tp

FOR RENT—320 acres of land one mile south of Midway school house. See W. B. Slaton or write C. P. Church, Merkel, Texas. 21-2tp

Thelma Greenwade, C. H. D. A.

WILSON WINS CO TOURNAMENT

(Continued from first page)

tively and engaged in a practice game themselves.

The Final game Saturday night between Tahoka and Wilson was a very interesting affair. Both teams worked hard and showed the effects of much training and good coaching. Coleman, center for Wilson, was high point man, counting two field goals and three free throws, making a total of seven points. Short, Tahoka center, was a close second with two field goals and two free tosses for a total of six points.

Wilson will be awarded the half size silver football as a tournament trophy. As runner-up, Tahoka will receive the miniature trophy. These trophies were paid for by Jones Dry Goods Co., First National Bank, Security State Bank, Wood Jewelry

Co., Thomas Drug Co., Harris-Applewhite Furniture Co., Tahoka Drug Co., Boullion's Grocery Store and Market, McCormack Co., Link &

Taylor, Tahoka Service Station, Connolly Motor Co., Brashers Goods Co., Piggly-Wiggly, Co., Tailor Shop and G. H. Nelson.
