Volume XXV.

Tahoka, Lynn County, Texas, Thursday, January 31, 1929

Number 23

NEW SCHEDULE FOR SANTA FE

Changes Will Benefit Mail And Freight Service To Branch Line Towns

Train schedules on all branch lines of the Santa Fe throughout the plains section of the state were changed Monday.

Instead of operating out of Lamesa as heretofore, the trains on the Slaton-Lamesa branch will hereafter operate out of Slaton. The schedule on this line now is as follows:

Leaves Slaton at 7:45 a. m. Arrives at Tahoka at 8:47 a. m. Arrives at Tahoka from the south at 12:55 p. m.

Arrives at Slaton at 2:00 p. m. The main line schedule at Slaton is as follows:

No. 94 arrives at Slaton from Sweetwater at 7:15 a. m.; leaves for the north at 7:35.

No. 96 arrives at Slaton from Sweetwater at 3:50 p. m.; leaves for the north at 4:00 p. m.

No. 91 leaves Slaton for the south at 1:40 p. m.

No. 95 leaves Slaton for the south at 10:30 p. m.

This gives Tahoka much better mail, express, and freight service. Mail arrives in Slaton from the south and east at 7:15 in the morning, and the train coming south on the Slaton-Lamesa branch leaves just thirty minutes later, thus bringing mail direct, with little delay, from Sweetwater, Abilene, Fort Worth, Dallas and all other points south and east. Mail leaving Tahoka on the northbound at 12:55 p. m. may go north out of Slaton at 4:00 p. m. and south out of Slaton on the main line at 10:30 p. m.

A change has also been made in the schedule of the line cars that operate between Post and Brownfield via Tahoka. The car arrives at Tahoka from Post at 8:30 a. m. It arrives from Brownfield at 6 p. m.

NEW MANAGER FOR LUMBER COMPANY HERE

E. C. Blenkenbecker has resigned his position as local manager for the Cicero Smith Lumber Company, and J. H. Powell, formerly of Olney, will be installed tomorrow as his successor. Mr. Powell is here now and his family will move here within the next few weeks.

For the past several years Mr. Powell has been connected with the Northside Lumber & Building Company of Wichita Falls and is a business man of wide experience.

We are not informed as to Mr. Blenkenbecker's plans.

A swimming pool to cost approximately \$20,000 is one of the objectives of the Kerrville Chamber of Commerce. Visiting engineers assure the city of a supply of water that will be as pure as drinking water. This will be the initial step in the building of a large recreation center.

Girls Win From Wilson Sextette

The Tahoka girls took a close game off the Wilson girls Monday afternoon 19-17. It was a hard fought affair all the way through but the Tahoka girls nosed out ahead in the last two minutes of play.

Emily Lou Roberson of Tahoka and Ládona Mueller of Wilson tied for high point honors each scoring ten points.

Kiwanians Are Shown Pictures

The program at the Kiwanis luncheon Wednesday at noon consisted of a series of balopticon slides presenting views of the Texas School for the Blind at Austin, presented by Messrs. M. L. H. Baze and Nat Williams. The balopticon machine belongs to the high school and these slides with many others of an educational nature are furnished the school by the Extension Department of the University of Texas for its use in various classes.

The pictures shown not only showed the buildings of this institution, 14 in number, but showed the pupils learning various vocations.

R. E. Key was a guest at the luncheon and made a brief but snappy speech.

IT IS SUBSCRIPTION PAYING TIME, FOLKS

Many of our readers have come in and paid up during the last few weeks, but there are still a few more whose subscriptions have expired and are past due. Please settle up. You need the paper, and we need the money in order to improve the quality of the paper.

This applies to town people as well as country people.

FIRE DAMAGES T-BAR GRASS

One Section Burned Tuesday Night, Bringing Total To About 5,000 Acres

The grass in the T-Bar pasture caught fire Tuesday night and about a section of it burned before fire-fighters were able to extinguish the flames. Several fires have broken out in the T-Bar this fall and winter and about 5,000 acres all together have been burned over, according to D. A. Childers. This entails quite a loss, since the grass was fine and feed is high.

Fire destroyed several hundred acres of grass for W. B. Edwards also a few weeks ago and it required heroic work to prevent its spread over the T-Bar.

All of which shows that we can not be too careful with fire.

DOWNTOWN BIBLE CLASS REORGANIZED SUNDAY

A reorganization of the Men's Bible Class, which meets in the English Theatre each Sunday morning, was effected last Sunday morning. Every man present made a talk and much enthusiasm in the work was manifest, and the class seems to have taken on new life. G. E. Hogan, the teacher, is giving some lectures that are worth the time of any man to hear.

Queen Victoria was the first British sovereign to occupy Buckingham palace as a residence.

Adami Not Associated With Bovell

In the news item published last week about the two new brick business buildings to be constructed on the lots just west of the Tahoka Service Station, we stated that one of the buildings was to be occupied by a bakery to be installed by Messrs. Bovell & Adami. This information did not come from either of these gentlemen but seemed to be authentic. Mr. Bovell now tells us that Mr. Adami is not connected with the bakery in any "shape, form, or fashion." He will have no interest whatever in it. Mr. Bovell was not absolutely sure that either of the buildings would be occupied by a bakery. Both buildings are being constructed by T. J. Bovell and Frank H. Weaver, and are to be rushed to completion and information as to the character of businesses that will occupy them will be given out later.

Nance Has Hotel Unroofed By Storm

J. B. Nance received a message from Willsboro in Wood county last Thursday that a tornado had hit the town and unroofed a hotel belonging to him. He left in his car immediately for Willsboro, returning Sunday. He not only found that the roof had been blown from his hotel demolished but that several other houses in the town had been destroyed by the windstorm. His hotel was not completely wrecked, however, and repairs are being made. He had acquired the building only a few weeks prior to this misfortune, trading a tract of Lynn county land for it.

SLATON COUPEL MARRIED

Another couple of Slaton young people were married here Wednesday. Judge I. P. Metcalf pronounced the solemn words which united Perry Burrows and Miss Angele Robeson as husband and wife. They immediately returned to Slaton, where they will reside.

SCHOOL PLAY FRIDAY NIGHT

Dramatic Club Presenting "The Red Lamp"; Has An Interesting Plot

"The Red Lamp" is the title of a play to be given by the Tahoka High School Dramatic Club in the High School Auditorium Friday night, February 1.

If you enjoy wholesome entertainment, you will enjoy this little play. It is a two-act comedy drama and is both very dramatic and very amusing.

Matilda Deering, an elderly, rich spinster, spare of figure but free of speech, considers money necessary to respectability and consequently tries to arrange a "match" for her headstrong niece, Alice. All her plans are foiled by an elopement, to which she must finally say, "God bless you, my children."

The cast of characters is as follows: Matilda Deering, a rich spinster—Snodkie Maddox. Harold Deering, her greatly oppressed nephew—Frank Sargent. Archine Clark, a young lawyer—Russell Keltner.

Alice Deering, Harold's sister, in love with Archie Clark—Charline Maddox.

Bill Worth, a man of all trades—Smith Lawson.

Annie O'Shane, a maid at the Deerings—Tommy Grace Clinton.

The proceeds of the play will be used toward paying out the piano which is used in the high school auditorium.

Admission: 25 cents to all school children; 40 cents for all adults.

James Baker Dead; Was 74 Years Old

James Baker, 74 died Saturday from influenza and heart failure, was buried Monday afternoon in the Tahoka Cemetery following services conducted at 3:30 at the Baptist Church, Rev. B. N. Shepherd, the pastor, officiating. He had been ill for several days but his condition was not considered serious until Saturday.

He was born in Missouri January 24, 1855. His wife died thirty-three years ago, and for many years Mr. Baker had been making his home with his son, James T. Baker, who is operating the Tahoka Wagon Yard. The family came here last fall from Roswell, New Mexico.

There are five children surviving, one son and four daughters. The younger Mr. Baker and his wife are in bed with the flu, and the only daughter present was Mrs. Cliff Christenson of Torrington, Wyoming, who with her husband drove to Tahoka Saturday and Sunday. The other children, who could not be present are: Mesdames Wood and Smith, Kansas City; and Mrs. J. P. Daley, Torrington, Wyoming.

Adair Announces For Mayor's Office

Elsewhere in this paper will be found the announcement of Chris Adair as a candidate for mayor of the city of Tahoka at the election to be held on Tuesday, April 2.

Mr. Adair came to Tahoka many years ago and has been a resident of the town most of the time since. He has seen the town grow from a frontier village of small frame structures to its present proportions. He has always taken an active interest in its public affairs and has rejoiced in its growth and prosperity. He now desires to serve our little city as its chief executive officer.

Read his platform as published in this paper and give his candidacy all due consideration.

Prairie Dog Poison Is Now Available

County Judge G. C. Grider requests that we announce that the prairie dog poison to be furnished land owners by the County is now ready for distribution. The grain and poison is being mixed by an A. & M. Extension man, and it can be had from Tom Higgins at the Court House, furnished at actual cost. Two tons of poisoned grain are being prepared at this time.

COUNTY COURT IS IN SESSION

Opened Monday; New County Officials Now Getting Court Experience

Judge G. C. Grider is having his first experience as a judge on the bench this week. County Attorney G. H. Nelson is also doing his first county court service as county attorney. County Clerk Truett Smith is likewise new at the job which he is performing as clerk of the court.

County court opened Monday morning, but no jury had been drawn for this week and no contested cases are being tried. The real work of the court will begin next Monday, when a jury will be here to hear and determine such cases as may be ready for trial. The criminal docket will be taken up at this time, but the docket is light, most of the offenders having already entered pleas of guilty. Five pleas of guilty were entered last week, four of them upon charges of aggravated assault and one upon a charge of "cold-checking." One plea of guilty was also entered Monday for unlawfully giving a cold check.

Judge Grider and County Attorney Nelson found a number of old cases on the docket in which the defendants were gone, no arrests having been made, and in some cases the witnesses were also gone. Fourteen of these old cases were dismissed upon motion of the county attorney.

In three cases in which the defendants failed to appear, their bonds were forfeited and the bondsmen are to be cited to appear at the next term of the court and show cause why the judgments against them should not be made final.

Persimmons Grow In Lynn County, Too

Yes, sir, persimmons as fine as you ever ate anywhere are being grown right here in Lynn County. East Texans and others who "poke fun" at our "desert waste", please take notice.

Will Montgomery, one of Lynn county's most progressive farmers, who lives two miles northwest of town, has fourteen persimmon trees that have been loaded down with this delicious fruit. The writer went out to his place a few days ago and filled a large vacant space under his belt, and brought back a bucket full of persimmons. The trees are now about fourteen years old, but they have been bearing for several years. The only thing that is worrying Mr. Montgomery is the fact that so far he has been unable to find a successful method of canning, preserving, or otherwise putting them up for future use; and he promises all the persimmons one can eat to the person who will produce such a recipe. This year, all he and his family couldn't eat he has had to give away to friends and editors.

Tahoka Wins Over Brownfield Team

The Tahoka High School basketball team took the Brownfield boys into camp Tuesday night with a one-sided score of 33-17. It was the first time that the local boys showed any particular basketball talent since the game with Wilson, January 19th. They jumped to a ten point lead in the first few minutes of play and were never in danger of being caught. Short of Tahoka was high point man, registering twenty-three points.

Following that game the Pedagogues took the rough out of the Roughnecks in a fast encounter. The score however was quite unbalanced. The teachers took the long end of a 36-9 score.

Mayor Singleton Makes Correction

It is being reported by some of the plumbers that the charge for sewerage connection will be only \$1.00 per month. The franchise calls for \$2.00 for residences, \$3.00 for business houses, and an additional charge for added fixtures.

J. R. SINGLETON, Mayor

JUST REMEMBER

When y' fall t' make a "home run" in th' puzzlin' game o' life,

An' yer strength seems all too little fer to battle 'gainst th' strife;

When yer feelin' blue an' lonely an' y' don't know where t' steer

Fer to find some true companion who will drive away yer fear—

Just remember there are fellers who are ridin' in a hearse Who'd be glad t' have yer chances—

Conditions might be worse. —Stolen.

DEATH TAKES MRS. SAMFORD

Died At Levelland Sunday Morning; Is Buried At Tahoka Cemetery

Mrs. George W. Samford, affectionately known among her many friends as "Aunt Mary," died at the home of G. R. King in Levelland just as the sun was rising Sunday morning. The remains were brought to Tahoka for interment and were laid away in the City Cemetery Monday afternoon. Funeral services were conducted in the Primitive Baptist Church here by Elder McCarty, the pastor, assisted by Rev. Hughes, pastor of the Missionary Baptists Church at Levelland.

"Aunt Mary" had been a resident of Tahoka for many years, her husband, Geo. W. Samford, having preceded her to the grave by something like two years. She was visiting in the home of Guy R. King at Levelland when she took sick.

"Aunt Mary" was a faithful member of the Primitive Baptist Church and she got much joy out of her Christian work. She had hosts of friends here, who will greatly miss her. She leaves numerous relatives by her marriage with Mr. Samford.

JUSTICE COURT BUSY THIS WEEK

Uncle Ike Metcalf, Justice of the Peace, has disposed of several civil suits pending in his court this week. No criminal cases have been tried the past few days.

School Boys Sponsor Big Box Supper

The Tahoka High School Football and Basketball boys are sponsoring a box supper to be given at the old Connolly building Friday night, February 8th. They are giving this supper to raise money to pay for award sweaters in basketball and football.

A big part of the program is the awarding of a diamond ring to the girl that wins a popularity contest that is to be conducted in connection with the box supper. The ring is a twenty-point diamond in a beautiful white gold mounting and it is a ring of which the winner will be justly proud.

The Tahoka High School boys are putting a candidate in the race for the ring and challenge any other group to put a candidate in the race that will win over their candidate.

Snowden-Rayburn Buy O'Donnell Agency

The Wilder Chevrolet Company who has been operating here since last March was sold to Snowden-Rayburn Chevrolet Company of Tahoka on Thursday of this week. The deal was closed Thursday morning and inventory is being taken today. The new owners will probably assume charge of the business Monday of next week. Consideration in the deal was not made known.

We understand Mr. Rayburn will move to O'Donnell and have charge of the business in the future.

Mr. E. M. Wilder states his future plans are undecided but we hope he remains a resident of O'Donnell. Eugene Wilder, junior member of the firm will devote his entire time to his wholesale oil interests—O'Donnell Index.

About 30,000 Russian exiles are living in France and Germany. Frog leg hunters in America earn about \$50,000 a year.

TO HOLD FARM SHORT COURSE

Committee Selects Dates for Meetings; Nationally Known Lecturers Are Secured

Thursday and Friday, March 7-8, have been selected by the local committee as the dates for holding the two-day farmers' and housewives' chautauqua, which will be conducted with the cooperation of the Agricultural Extension Department of the International Harvester Company. The meetings will be held in the High School Auditorium.

The program committee is engaged in preparing a program which will include musical and other numbers by some of our best local talent, and educational lectures and demonstrations by members of the short course crew furnished by the Harvester Company. These lectures will deal with the many problems of the farm—the orchard, the home and the community, and will be given by nationally known speakers.

The lecturers will include Mr. H. S. Mobley, Mr. G. L. Smith and Miss Grace Marian Smith. Mr. Mobley is one of the most prominent lecturers on agricultural and community subjects in the country. He has been a member of the extension department for many years, and is superintendent of the Harvester Company's demonstration farms near Montgomery, Ala. and Deering Mo., where so much is being done to show the value of diversified farming, crop rotation and dairying.

Mr. Mobley long was active in farmers' organizations, of the legislative committee of which he was chairman at Washington during the time such bills as the Farm Loan Bank, Parcel Post and Smith-Lever bill were discussed and enacted. For many years he has been a practical and successful farmer and, looking at things from the farmer's viewpoint, he is able to talk to farmers as few other lecturers can. As a result of his success as a live stock and alfalfa grower, and as a community builder, he has a fund of information, based upon experience, which makes his lectures on those subjects most interesting and helpful.

Mr. Smith is not only a real dirt farmer, but is a practical and highly successful fruit grower and horticulturist, combining the technical knowledge gained as a graduate of the College of Agriculture at the University of Illinois with the practical experience of operating a 35-acre fruit farm of his own as well as several leased apple and peach orchards. He is an expert in the control of diseases and insect pests, planting and care of young orchards and the renovation of old orchards. He is an authority on vegetable gardens and potatoes, and his wide experience in extension work in many states enables him to give exceedingly helpful and interesting talks.

Miss Smith grew to womanhood on a farm, taught in both rural schools and city schools and for a number of years has been an extension worker for the Harvester Company and for the U. S. Department of Agriculture. Her talks are always full of helpfulness and inspiration.

Large charts, lantern slides and motion pictures will be used to illustrate the lectures and questions relating to matters discussed will be invited and will be conscientiously answered so far as possible.

Make a note of the date and let nothing prevent your attending every meeting.

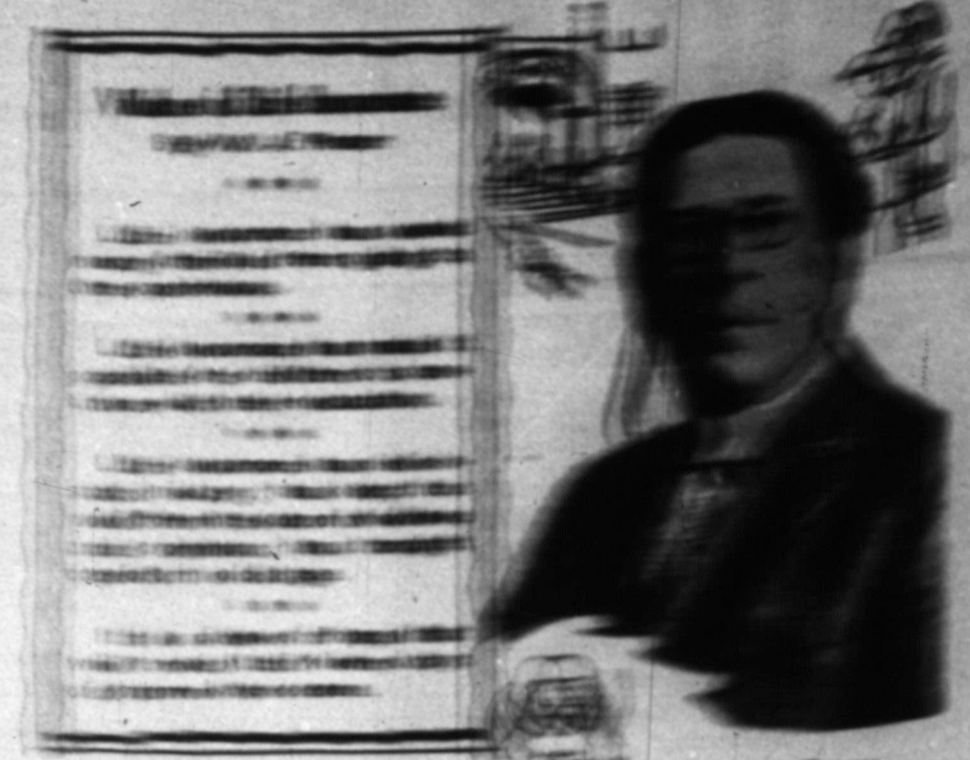

Santa Fe Shop Team Snows Tahoka Under

The Santa Fe Shop team from Slaton defeated the Tahoka All-Star team Saturday night 50-17. The team from Slaton was a fast aggregation and worthy of a win over most any West Texas team. Their accurate passing and goal shooting was a revelation to the local boys. It was advertised that the High School boys would play them but due to the fact that three of the High School team was sick the town boys were substituted.

In a preliminary contest the O'Donnell girls defeated the Tahoka girls 15-16. Lois Jackson of Tahoka won high point honors, scoring ten points. The same teams meet again at Tahoka Thursday night.

Took Soda 20 Years For Gas—Stops Now

"For 20 years I took soda for indigestion and stomach gas. One bottle of Adlerika brought me complete relief."—John B. Hardy.

Adlerika relieves gas and sour stomach at once. Acting on BOTH upper and lower bowel, it removes old waste matter you never thought was in your system. Let Adlerika give your stomach and bowels a REAL cleaning and see how good you feel! Overcomes constipation.—Thomas Bros. Drug Co. A-4

Man So Nervous Feels His Stomach Jump

"I got so nervous my stomach felt like it was jumping. Vinol entirely relieved the trouble. I feel better than in years."—J. C. Duke.

Vinol is a compound of iron, phosphates, cod liver peptone, etc. The very FIRST bottle makes you sleep better and have a BIG appetite. Nervous, easily tired people are surprised how QUICK the iron, phosphates, etc., give new life and pep. Vinol tastes delicious.—Thomas Bros. Drug Co. T-4

MARY IS "NEAT"

Mary has a little skirt, So neat, so bright, so airy; It never shows a speck of dirt, But it surely does show Mary.

Bone Dry

That's the way a lot of people leave their batteries. Then they wonder why the starter will not turn the motor.

We will be glad to service your battery.

SUFFERED FOR 15 YEARS, THEN FOUND SARGON

New Treatment Did Him More Good Than Trip To Hot Springs, Says Texas Man

"For fifteen years I suffered from a complication of troubles that I believe started with an inactive liver. I was weak, nervous and generally rundown. I frequently had sharp, shooting pains in my side. My sleep was poor and I lost weight, strength and energy. Nearly everything I ate caused indigestion. I took a trip to Hot Springs, but got no relief, and then I visited several health resorts in the North seemingly without benefit.

"A friend of mine told me about the fine results he had gotten from Sargon and Sargon Soft Mass Pills. I bought a bottle. I could see a difference for the better from the first few doses. I began to sleep better and to eat anything I wanted.

"I now feel like a new man. My appetite is fine. The pains in my side have disappeared. I am not the least bit nervous, and am full of new energy: I have gained weight and my friends are all commenting upon my wonderful improvement.

"Sargon Soft Mass Pills are wonderful. They ended my constipation and biliousness without griping in the least.

"I wouldn't be without Sargon if it cost twenty dollars a bottle."

The above remarkable statement was made by A. J. Mason, residing at the Colonial Hotel, Ft. Worth, and owner of considerable property in that city.

Sargon may be obtained in Tahoka from Thomas Bros. Drug Co.; and in O'Donnell from Corner Drug Store adv.

NOTICE FOR BIDS

Notice is hereby given that bids for the re-roofing of the court house of Lynn county on both a ten-year guarantee and a twenty-year guarantee will be received and opened at the next regular term of the commissioners' court on February 11, 1929. The court reserves the right to reject any and all bids.

G. C. GRIDER, County Judge of Lynn County

Inhabitants of Russia speak about 150 different languages and dialects.

FOR WORKING PEOPLE

The best of workers get out of sorts when the liver fails to act. They feel languid, half-sick, "blue" and discouraged and think they are getting lazy. Neglect of these symptoms might result in a sick bed, therefore the sensible course is to use a dose or two of Herbine. It is just the medicine needed to purify the system and restore the vim and ambition of the worker. Price 60c. Sold by THOMAS BROS. DRUG CO.

Tahoka Leaguers Go To Abernathy

The third quarterly Institute of the M. E. Epworth League, Lubbock District, was held at Abernathy last Saturday and Sunday, under the direction of Miss Mabel McNeese of Tahoka, Dist. Secretary.

An interesting program had been planned and proved very helpful and inspirational in its presentation. A "high-light" of the session was a talk by a former Conference President of the League, Mr. A. G. Waugh, of Lamesa, on the subject "Does It Pay to be a Christian?" Likewise, the splendid sermons by Rev. Michael of Abernathy and Rev. Thompson of Wilson will long be remembered.

Tahoka furnished the largest visiting delegation, the following young people being in attendance through the Institute: Misses Mabel McNeese, Modelle Sanders, VeNoy Coughran, Mabel Lee, Lucille Slaton, Mary Fenton, Lorene Childers and Hazel Anglin, and Messrs. Jesse Roberson, Clifton Janak, Frank Sargent, Lonnie Lloyd and Garland Cabe. Mrs. W. E. Suddarth, Hi-League Counselor, also accompanied the party.

The Leaguers report Abernathy a nice little place, with fine folks who almost outdid themselves in cordiality and hospitality to their guests. Quite a number of delegates were cared for Saturday night following the delightful social hour planned and directed by the Dist. Pep Leader, Miss Eva Fay Huffaker of Wilson. It is hoped that Tahoka will be selected as the place for holding an Efficiency Institute in the near future.

Hi-League Reporter.

Business Is Good In City Court

City Marshal Milt Finch rounded up just seventeen offenders against the law and the ordinances of the city last week. The offenses embraced gaming, drunkenness, and fighting. All defendants pleaded guilty in the city court and paid off.

Announce Legion Business Meeting

Emmett Fleming, post commander of the Marion G. Bradley Post of the American Legion announces that there will be a business meeting of the Post on Thursday night, February 7. He urgently requests that all members be present, as important business matters are to be considered.

SLIDE PICTURES TO BE SHOWN AT P. T. A. MEET

The next meeting of the Parent-Teachers Club is to be held in the auditorium of the Central Ward School building at 4 o'clock next Tuesday afternoon.

Lantern slide pictures of the Yellowstone Park are to be shown, accompanied by a lecture on this wonderful national playground.

All parents are urged to come. There will be an admission charge of 5 cents.

JOE BAILEY 4-H CLUB REPORTS GOOD MEETING

The Joe Bailey 4-H Club met in regular meeting at the school house on January 25. Eleven members were present and two new members were added to our club.

Miss Thelma Greenwade, county home demonstration agent, was present at this meeting and gave us a demonstration on button-hole stitching. Mrs. Alma Ragan, club sponsor, was also present.

The entire club is interested and we are all hoping to do good work this year.

Mildred Cottrell, Reporter.

WHICH MEANS MORE?

There are two new inventions, that present an interesting contrast.

One is a poisonous gas, cacodyl isocyanide, so deadly that armies may be destroyed in an hour by its lethal fumes.

The second is a metal, beryllium, with the tensile strength of steel and half the weight of aluminum.

It is so hard that a sharp file cannot scratch it.

Beryllium may revolutionize the automobile and airplane and other industries. A man could pick up a 400-horse power motor made of beryllium and walk away with it.

Cacodyl isocyanide has been much more discussed than beryllium. There has probably been twice as much publicity given to the deadly gas as to the new metal.

One was invented for war, one invented for peace.

Which means more to the world? It shouldn't take you long to decide for yourself which one will mean the most to mankind in the generations to come.

Stamford—(WTCC). Because of the growing number of people who are becoming interested in the pecan industry in West Texas, The West Texas Chamber of Commerce has made arrangements with one of the better known pecan tree nurseries of this section to supply farmers in its territory.

These trees are two year olds, between three and four years, and between four and five years. The young two year old trees usually bring \$1.50 but can be gotten for \$1.00 by ordering through the regional organization. The three to four year old trees can be purchased for \$1.35 each if ordered through the West Texas Chamber of Commerce, but if ordered directly from the nursery would cost \$3.00.

The orders will be received at the Stamford headquarters office of the WTCC and will be forwarded to the nursery. The nurseryman will send the customer information as to setting out the trees and the proper care thereafter, inform him when his order will be filled, at which time this remittance will be made directly to the nursery and the young trees shipped.

All of the trees are of West Texas hardy root stock and budded with good hardy West Texas Paper shell varieties such as the Burkett, Halbert, and the Nuggett. Only one thousand trees have been arranged for at this rate by the regional organization and it is hoped that they will be distributed to at least one hundred farmers.

Because there were no destructive fires last year Moran was granted a 3 per cent reduction in fire insurance key rate the first of the year. Moran also has a fire marshal and an active fire department.

One of the major projects of the Rock Springs vocational agriculture class is the construction of kid shelter boxes for ranchmen. This is done with no expense to the ranchmen provided they supply the desired amount of material.

CHANGE PHONE NUMBERS

Owing to confusion between the phone numbers of the Texas Garage and the Texas Filling Station, we have changed our number to 288. The Filling Station number will remain 144.

TEXAS GARAGE Phone 288

Guy Powell is the new Wise county agent, according to the Decatur News. He has had practical and college experience in every department of farm and rural life, having graduated from A. & M. He was manager of the first cow testing association organized in Texas.

Work is to start on road paving in Fabens according to County Judge McClinton and County Engineer Fred

Wilson. The paving will extend from below the Fabens Compress through town, and to the Hansen road on the Island.

IN THE PRELIMS

"Are you the groom?" asked the bewildered old gentleman, at a very elaborate wedding.

"No, sir", was the reply of the embarrassed young man, "I was eliminated in the preliminary try-out."

Natural Gas Service and Just Natural Gas

If you could go to the corner grocery or out to a gas well, get a sackful of gas, pay cash for it and carry it home, you could buy a huge volume of it for 5 cents.

Of course your gas sack would have to be large and it would have to be good and tight. That might add somewhat to the cost.

Just when you happened to need the gas, the weather might be unpleasant outside, too.

When you got your sack of gas home, you would have quite a merry time trying to get the gas fed into the burner of your stove.

It is then that you would realize that you had bought the wrong thing. You wanted GAS SERVICE and you had bought just gas.

Gas without service is a vapor that cannot be handled by ordinary means. It is of little use to anyone.

GAS—WITH SERVICE—it is a clean, efficient, reliable fuel—ready to do your instant bidding when and where you want it.

It is GAS SERVICE, rather than just gas, that you buy, use and pay for.

"Buy it Where They Have It"

A HEART TO HEART TALK

Six weeks ago I opened a new Bakery in Tahoka. I put in the best equipment possible with the small amount of capital I had to operate on.

As I am not very well off financially, I had to depend absolutely on my own work and the quality of my bread to build my business.

My business has more than doubled in the last thirty days.

Now competition has put the price of bread in Tahoka down to a price where it is not possible to break even, much less make a living.

I do not believe this is done to force me out of business but unless you people stay with me it will. I own a home in Tahoka and desire to stay here. I believe in live-and-let-live prices, and I solicit a fair share of your business.

I am giving you people of Lynn county and Tahoka a good any of the best stores in this community.

I pledge you my word that I will continue to give you the loaf of bread at 10 cents, or 3 for 25 cent, which you can buy at best service possible, and that I will not raise the price as long as wholesale prices will let me give you bread at 3 for 25 cents.

Go to any store where you always buy your food or meat and call for.

NOTICE TO THE PUBLIC

Any erroneous reflection upon the reputation or standing of any individual, firm or corporation, that may appear in the columns of the News, will be gladly corrected when called to our attention.

A general tightening-up on bootlegging, hi-jacking, and murder seems to be in progress throughout the country. At least the police and other enforcement officers in many cities are making numerous raids and are filling the jails with all sorts of criminals. It is to be hoped that there will be no let-up until all our cities are cleaned up. There seems to be little doubt that Republican and Democratic officials alike have been terribly remiss in their duties. In Democratic New York and Republican Chicago, bootleggers and hi-jackers and murderers have made a business of crime and have apparently been little disturbed by the officers until recently. The same has been true of almost every large city in the country. The situation has been almost as bad in Texas and other

states composed largely of rural communities. Murderers have slain their thousands and have either escaped entirely or have gotten off with light sentences except in a comparatively few cases. Hi-jackers and bank robbers have made life and property insecure throughout the nation. Bootlegging has been almost universally winked at. It is high time for the peace officers and the courts throughout the entire country to get down to business in earnest in the enforcement of our criminal laws. Electrocution and hanging are severe punishments but they seem to be about the only kind of punishment that will put the fear of the law into the hearts of the criminals. It is a farce to fine bootleggers. They should be locked up. Bad offenders should be given long terms. Federal judges have been making a plaything of prohibition. What does a big bootlegger, who makes his thousands every year, care for a small fine? The taxing time has come in this country. We have got to either curb crime or admit that our Government is not strong enough or honest enough to do so.

BLANTON SUITS HIM

The News has suggested a few times recently that West Texas get behind some good, strong West Texas man for governor in 1930. Taking note of this, the Killean Herald, Bell county, asked what about Tom Blanton. We replied, stating that Tom Blanton suited us, and if he were governor he would come as near cutting out all useless jobs as any man in Texas. Quoting our editorial, the Killean editor comments as follows:

"Well, cutting out a lot of useless offices in this state might help some toward cutting down taxation that goes to make play houses for political pets, wouldn't it? Of course no direct charge is made that such offices exist—but 'spect they do. The Herald has always granted Mr. Blanton honesty of purpose and if he were to be elected governor of Texas there could be no other in whom we would have more confidence when it comes to abating straight!"

We had a personal letter from Dr. J. B. Cranfill, editor of The Advance, a few days ago in which he states that our mutual friend, H. H. Brown of Bangs, Texas, has charged that Dr. Cranfill and this writer "are the two greatest editors now in captivity". There seems to be considerable provocation for the indictment in the case of Dr. Cranfill but the charge is a bit astounding as to this unoffending pen pusher. We could probably dig up enough evidence to refute the allegation but we are not inclined to fight the case. We 'fess up and plead guilty. Dr. Cranfill issues a monthly periodical, while our paper is a weekly. (Note the orthography, please). By the way, the price of our paper is only \$1.50 per year, while Dr. Cranfill's is just one dollar. He hibernates at 630 Wilson Building, Dallas, and we guarantee that any one sending in a silver wheel or its equivalent will get his money's worth the next issue. Every body knows that our paper is worth the money, so why delay?

SOURCE OF LIFE

Luke 4:4. And Jesus answered him saying, It is written, That man shall not live by bread alone, but by every word of God. 12:15. And he said unto them, Take heed, and beware of covetousness: for a man's life consisteth not in the abundance of the things which he possesseth.

John 6:35. And Jesus said unto them, I am the bread of life: he that cometh to me shall never hunger; and he that believeth on me shall never thirst.

John 5:24. Verily, verily, I say unto you, He that heareth my word, and believeth on him that sent me, hath everlasting life, and shall not come into condemnation; but is passed from death unto life.

PRAYER: Blessed are they which do hunger and thirst after righteousness for they shall be filled.

The Abilene News thinks that the bill pending in the legislature to license automobile driving and to prohibit any person under sixteen years of age from driving a car is just the thing, while the Lubbock Avalanche thinks such a law would do little good and would work a hardship on some, especially school children who drive to school. How would it do to let the law stand as it is except to change the penalty for violating any of the traffic laws so as to enable the courts to forfeit the right of any person so offending to drive a car? Any person who drives recklessly on the streets or highways should have his right to drive a car suspended for such length of time as would be in consonance with the offense.

Three West Texas editors have recently broken into the legislature, Bowen Pope of the Hamlin Herald, Clyde Warwick of the Canyon News and W. E. Reed of the Colorado Record. Pope is an old offender, having served two previous terms, but Warwick and Reed were sentenced for the first time last November. However, with these three boys in custody and on the job under the big dome at Austin and with The Lynn County News still being issued more or less regularly every week, the country seems to be safe.

Better observe the traffic laws or the city marshal will get you.

JACK DREAMS A DREAM

Well, folks they say there is nothing in dreams, and maybe so, but we dreamed one night this week that the Brownfield well turned out to be a gas and oil spouting gusher and we felt rich from the crown of our silver streaked pate to the end of the nail on our huge toe. But we found up on waking we were wearing our same old duds and had not paid our taxes. Some set back. But, a friend of ours from Central Texas informed us that the people or some of them down there were dreaming the same dream about our oil well and had told him as much. Where there is such a combination of powerful dreams they may have the strength to remove the lime and let 'er flow. Who knows?—Terry County Herald.

A 14-POINT ANNOUNCEMENT

(Chris L. Adair)

For several months past a number of reliable and influential friends have requested that I make a formal announcement for the office of Mayor of Tahoka at the municipal election in April and now I will comply with these requests by submitting to the thoughtful consideration of the voters of this city the following platform indicating my official policy in the event of my election:

1. Public office is a public trust and those elected to office are the servants and not the masters of the people who elect them.
2. Public servants are morally obligated to render as faithful service as they would expect to do in private employment and this involves a similar obligation on the part of the public to pay them a decent living wage—this should include the mayor himself.
3. All public servants should endeavor to set a good moral example to those in private life. The drinking of intoxicants is not conducive to efficiency in any kind of employment and gambling and deadbeating should not recommend anyone seeking public employment.
4. Equal law enforcement against all offenders is a vital American principle and our leading citizens should strive for first place in setting an example of law obedience. The fire ordinances were wisely framed for our mutual protection and it is criminal insanity to disregard them in any way.
5. Tahoka's volunteer firemen for faithfulness and efficiency will compare favorably with any similar organization in the world and are entitled to more books, magazines and other recreational facilities at the station and they should not stand the loss of clothing injured or destroyed

in the public service. The best uniforms are none too good for these boys and a fund should be created to pay them for property saved by prompt response and efficient fire-fighting.

6. Tahoka is too old and too large a town to go much longer without a public library and I am willing to do as much according to my means as any citizen to start and maintain one. The mayor should favor such a forward movement in every way possible and lawful.

7. A larger public park with ample facilities for boating, swimming, and fishing has been badly needed here for some time past. Our pretty little park should have taller trees and more grass and flowers and shrubbery, but faithfully as this park has been cared for the past year, nothing permanent can be accomplished without plenty of water and dising.

8. The present city tabernacle needs to be modernized and enlarged rather than destroyed. A municipal auditorium draws a high class of people to a city and the revival meetings and conventions held there are a real public moral and financial asset.

9. The public depository plan of caring for public funds in use by Lynn county could well be adopted by the city government. All large surplus public funds should be invested in U. S. Bonds and no speculation in wildcat municipal securities ever attempted.

10. Always trust the people. Publicity in municipal matters will secure public interest and confidence. All bond issues should be advertised for bids and the rights of the people themselves should be preferred to the privileges sought by corporations.

11. Wholesome recreation for the young is highly desirable and such organizations as the Boy Scouts and Campfire Girls should have every possible encouragement to the end that our juvenile problem may be lessened and better training for future citizens be provided.

12. The postal free delivery system is needed in Tahoka and we are lawfully entitled to it but so far no workable plan has been found to build the required sidewalks. Since our sidewalks are not a private property but are actually part of the streets themselves it should not be difficult to get money for their construction on as favorable terms as that for the new high school building.

13. Life tenure in the public service has never been universally favored and no American president has ever served more than eight years and no Governor of Texas more than four. In view of this fact a campaign of personalities for this office should not now be started.

14. Tell the world about Tahoka. This should be the pride and pleasure of every citizen. In all parts of the civilized world where people have read my articles our little city has been brought into favorable notice. In the event of my election as your mayor my facilities for continuing this worthwhile work will be vastly increased.

In view of the foregoing statement, may I not hope for the vote and influence of every forward-looking man and woman in Tahoka? (Political advertisement)

The skeleton of a great prehistoric rhinoceros found in Russia is so large that a man would reach only to the creature's knee.

For colds, grip and flu take

Relieves the congestion, prevents complications, and hastens recovery.

Better Than Whiskey for Colds and Flu

To cut short a cold, cough or the flu and prevent complications, nothing gives such quick and delightful relief as Aspirin, the new scientific "Liquid Cold Remedy" that clears the head; relieves congestion in the nose and throat; checks the excessive flow of mucus; banishes dull headaches and that chilly, aching feeling. Aspirin is a complete Liquid Cold Remedy, acting gently on the liver and bowels, and your druggist is authorized to refund your money while you wait at the counter if you do not feel relief coming in two minutes. Aspirin is sold by all druggists. Price 60c

CITATION BY PUBLICATION

THE STATE OF TEXAS,
To the Sheriff or any Constable of
Lynn County, Greeting:

You are hereby commanded to summon M. A. Gordon by making publication of this Citation once each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the 106th Judicial District; but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said 106th Judicial District, to appear at the next regular term of the District Court of Lynn County, to be holden at the Court House thereof, in Tahoka, Texas, on the 3rd Monday in February A. D. 1929, the same being the 18th day of February A. D. 1929, then and there to answer a petition filed in said Court on the 9th day of January A. D. 1929 in a suit, numbered on the docket of said Court No. 744, wherein H. B. Howell is Plaintiff and M. A. Gordon is Defendant, and said petition alleging as follows, to-wit:

H. B. Howell Vs. M. A. Gordon, No. 744.

In the District Court of Lynn County, Texas, February Term, 1929.

To the Honorable Judge of said Court:
Now comes H. B. Howell, hereinafter styled plaintiff complaining of M. A. Gordon, hereinafter styled defendant, and after leave of the Court is first had and obtained, files this his first amended original petition and for such amendment says:

1. That the plaintiff resides in Lynn County, Texas, and that the residence of the defendant is unknown.

2. That heretofore, to-wit: On or about the 1st day of June, 1928, the defendant, M. A. Gordon, who was running and operating a garage and filling station in Tahoka, Lynn County, Texas under the name of the Gordon Service Station, and at such time to-wit: on or about the 1st day of June, 1928, made, executed and delivered to this plaintiff his one certain promissory note, dated on the day and year last aforesaid, payable to the order of plaintiff, at Tahoka, Lynn County, Texas, for the principal sum of \$604.16, due and payable on demand, bearing interest from date at the

rate of 10 per cent per annum and stipulating that if said note is placed in the hands of an attorney for collection, then the defendant agreed to pay an additional 10 per cent for attorney's fees, whereby the defendant became bound and liable to plaintiff and promised to pay plaintiff the sum of money in said note specified, together with all interest and attorney's fees.

3. That the plaintiff has placed said note in the hands of B. P. Maddox, an attorney, for collection, and has contracted to pay him the 10 per cent attorney's fees stipulated for in said note, the same being reasonable and the usual and customary fee in such cases provided.

4. That on or about the 28th day of September, 1928, plaintiff demanded of defendant the payment of said note but the defendant failed and refused to pay same or any part thereof, and the plaintiff declared said note due and payable on the 28th day of September, 1928, but although often requested that defendant pay same, the defendant has hitherto failed and refused to pay same or any part thereof, and the same remains due and unpaid, to plaintiff's damage in the sum of \$681.21.

5. That heretofore, to-wit, on or about the 1st day of August, 1928, the defendant made, executed and delivered to plaintiff his one certain promissory note for the principal sum of 153.75, bearing date on the day and year last aforesaid, payable to the order of the plaintiff at Tahoka, Lynn County, Texas due and payable on demand bearing interest from date at the rate of 10 per cent per annum, said note stipulating that if said note is placed in the hands of an attorney for collection, then defendant agreed to pay an additional 10 per cent as attorney's fees, whereby the defendant became liable and bound to plaintiff and promised plaintiff to pay him the sum of money in said note specified together with all interest and attorney's fees due thereon, according to the tenor, reading and effect of said note.

6. That on or about the 28th day of September, 1928, the plaintiff demanded of defendant that he pay said note, but that the defendant failed and refused to pay same or any part thereof, and that said note at once became due and payable, and plaintiff declared same due and payable on the 28th day of September, 1928, but though often since then requested, defendant has failed and refused to pay said note, and still refuses to pay same or any part thereof, to plaintiff's damage in the sum of \$171.94.

7. That the plaintiff has placed said note in the hands of B. P. Maddox, an attorney, for collection, and has contracted to pay the 10 per cent attorney's fees provided for in said note, the same being reasonable and the usual customary fee.

That heretofore, to-wit: on or about the 1st day of September, 1928 the defendant made, executed and delivered to plaintiff his promissory note for the principal sum of \$84.05, dated on the 1st day of September, 1928, payable to the order of the plaintiff at Tahoka, Lynn County, Texas, due and payable on demand, bearing interest from date at the rate of 10 per cent per annum, and stipulating that if said note is placed in the hands of an attorney for collection, then defendant agreed to pay an additional 10 per cent as attorney's fees, whereby the defendant became bound and liable to plaintiff and promised plaintiff to pay him the sum of money in said note specified, together with all interest and attorney's fees then due, according to the tenor, reading, and effect of said note, and in this connection plaintiff would show to the court that the defendant had rented from the plaintiff the following lands and premises, described as follows, to-wit: All of lots 4 and 5 in Block 35 of the original town of Tahoka, Lynn County, Texas, for running and operating his business as aforesaid, at the agreed rental price of \$50.00 per month, said rental aforesaid beginning on the 1st day of June, 1928, said rental being due and payable in advance, and that a part of said note was executed and delivered to plaintiff by the defendant for the balance due on the rental due on aforesaid premises for the month of July, 1928, said unpaid balance being in the sum of \$34.05 and that the remainder of said note of \$50.00 was for all their rent due on said premises for the month of August, 1928, which was owing by defendant and which he was unable to pay.

9. That the plaintiff has placed said note in the hands of B. P. Maddox, an attorney and has contracted to pay him the 10 per cent attorney's fees provided for in said note, the same being reasonable, and the usual and customary fee.

10. That on or about the 28th day of September, 1928, plaintiff demanded of defendant that he pay said note, but the defendant failed and refused to pay same or any part thereof, and that said note became

due and payable at once and the plaintiff declared said note due and payable on the 28th day of September, 1928, and the defendant, though often requested has hitherto failed and refused to pay same or any part thereof and still fails and refuses to pay same or any part thereof to plaintiff's damage in the sum of \$93.22, principal, interest and attorney's fees and in this connection plaintiff would show to the court that at all times from the 1st day of June, 1928, to about the last day of September, 1928, the defendant was the tenant of plaintiff in and on said premises described in paragraph No. 8 of this petition and the agreed rental for same was the sum of \$50.00 per month, payable in advance.

11. That the rental on said premises for the month of September, 1928 was due and payable to plaintiff on the 1st day of September, 1928, and altho the plaintiff had often since said rental for said month of September became due, requested of defendant that he pay same, he failed and refused to pay same or any part of same and still fails and refuses to pay same or any part thereof, and that said \$50.00 is past due and unpaid.

Wherefore plaintiff prays that defendant be cited to appear and answer this petition, and that upon final hearing he have judgment for his debt, principal, interest and attorney's fees, costs of suit in this behalf expended, and for such other and further relief, both general and special, in law and equity that he may show himself entitled to and plaintiff will ever pray.

B. P. Maddox, Att'y. for plaintiff
THE STATE OF TEXAS,
COUNTY OF LYNN

I, Truett Smith, Clerk District Court, Lynn County, Texas, do hereby certify that the above and foregoing is a true and correct copy of the Plaintiff's First Amended Original petition in cause No. 744, styled H. B. Howell vs. M. A. Gordon, as the same appears on file in my office in Tahoka, Texas.

THE FIRST LAW OF MOTORING—be sure of your OIL

If motorists could only be thoroughly impressed with the paramount importance of proper lubrication, cars would last longer, depreciation would decrease and operating costs would tumble to a fraction of their present staggering figure.

When you allow an unknown, unbranded, "mystery" oil to go into your crankcase you are violating the first law of economical and efficient motoring.

By demanding the tried and tested brands marketed by the Continental Oil Company you are sure of your oil. Back of each of these brands stands the experience of almost 50 years—and a reputation which stands for nothing but the best. Ask for these brands at service stations and the better garages.

CONTINENTAL OIL COMPANY

Producers, Refiners and Marketers of high-grade petroleum products in Arizona, Arkansas, Colorado, Idaho, Kansas, Missouri, Montana, Nebraska, New Mexico, Oklahoma, Oregon, South Dakota, Texas, Utah, Washington, Wyoming

Conoco Motor Oil insures protection. It seals compression—saves gasoline—fights friction—flows freely at low temperatures. Stands up under most intense cylinder heat. In short, does a complete lubricating job in all kinds of weather. Ask for the grade made especially for your car.

EXTRA LIFE for your car

Conoco Amalie is 100% Pennsylvania Oil—refined from premium crudes by a special process. Universally recommended by automotive engineers and lubrication experts. Through exhaustive laboratory and road tests it has demonstrated its ability to lubricate properly under the most trying conditions of motor operation.

Locals

The News this week received a clipping from an Abilene paper giving an account of a "flapper show" given by Mrs. W. G. Briley complimenting her daughter, Juanita Briley, on her sixteenth birthday. It was a very festive occasion, with seventeen girls as the guests, among whom were Misses Jeanette Caviness, Willie Lois Nevels, Mary Allen, and Kaleta Liles. The clipping was received too late to be published in full.

Mr. and Mrs. D. B. English and daughters visited in the home of their uncle and aunt, Dr. and Mrs. Treadway of Brownfield this week.

B. R. Tate made a business trip to Lamesa Wednesday afternoon, accompanied by his wife.

Last week we referred to our friend H. H. Brown as a resident of Bangs but he writes us that Santa Anna is his town and asks us to make the correction. He is an old-time friend of A. R. McGonagill and T. C. Leedy of this place and J. B. Miles of O'Donnell and says they are mighty good men. We don't have many other kind out here, Mr. Brown.

Mr. and Mrs. H. E. Baldrige left for their home at Clovis Tuesday after a visit of more than a week with relatives here and at O'Donnell. Mr. Baldrige states that they have had much rain and snow in his section this winter and that wheat is looking fine. He has a large acreage sowed to wheat.

Henry Reed sold fifty head of full blood Ramboulet lambs last Friday at 12 cents per pound to Lubbock buyers. He has a hundred head yet. They are very fine animals, and Mr. Reed is proving that the sheep business will pay on the South Plains.

NOTICE—See H. W. Crews at Red Gin, will buy and haul your maize. Have three good trucks. Telephone 252

D. B. English was in Lamesa this week paying taxes and looking after his farming interests in Dawson county.

Mr. and Mrs. W. R. Neyland are in Dallas this week making purchases of spring and summer goods for the W. R. Neyland store.

Mrs. C. A. Rayburn is visiting her mother in Illinois, who is seriously ill.

J. A. Brashear was a business visitor to San Angelo this week. He was accompanied by Mrs. Brashear.

We failed to mention last week the removal of Mr. and Mrs. E. J. Hendricks to Slaton, where Mrs. Hendricks has accepted a position as chief operator for the telephone company and Mr. Hendricks will sell cars. Mrs. Hendricks was chief operator here a long time and made a good one. Tahoka regrets to lose these good people.

H. E. Stokes of Abilene is here to do the brick work on the two Borell business houses now under construction. Mr. Stokes moved from this place to Abilene more than a year ago. He reports building activities just a little dull in Abilene now.

Mr. and Mrs. A. N. Lehman, of Levine Bros. store, are the parents of a fine little son, who came into their home Sunday. The little fellow weighed just 7 1-2 pounds and already shows signs of some day being an active business man. The mother is doing well.

Mr. and Mrs. Maurice Small of Sudan have returned home after visiting their parents G. W. Small and D. B. English.

Thos. H. Speight will leave Saturday night for St. Louis to make purchases for the Jones Dry Goods Company here.

NOTICE—See H. W. Crews at Red Gin, will buy and haul your maize. Have three good trucks. Telephone 252

HI-LEAGUERS ENJOY ANOTHER PARTY

The monthly social of the M. E. Hi-League was held last week at the hospitable home of Mrs. Layne Moreland, Assistant Sup't., and was thoroughly enjoyed by everyone present. Miss Lorene Childers, in charge of the recreational program, furnished a lively series of games and stunts for the amusement of the company, while music was never-failing source of pleasure.

The most delightful feature of the evening, however was a "show-er" presentation of gifts to Clifton Janak and Johnnie Janak, both League members, who had so unfortunately lost most of their personal belongings in the recent fire at their home. Refreshments of sandwiches and fruit were served at the close of the evening to seventeen guests. Hi-League Reporter.

CARD OF THANKS
We take this means of expressing our thanks to our many friends and acquaintances for the many kind acts performed during the illness and death of our father, James Baker. Mr. and Mrs. J. T. Baker and family. Mr. and Mrs. Cliff Christenson

Citizens of the fast building residential section in the South part of Big Spring are launching a movement to bring about a sidewalk building program so that free delivery of mail may be extended to that portion of the city. The service will be extended as soon as the property owners meet the requirements.

The building of the new modern two story brick, Masonic hall at Balls is under way, the corner stone having been laid recently. The building is to cost \$20,000, the upper story to be used exclusively for lodge activities and include lodge rooms, banquet rooms, kitchenette and modern conveniences.

A New York stock exchange seat, bought for \$1,000 in 1888, was recently sold for \$580,000.

Govt. Urges More Poultry Production

There are good times ahead in 1929 for farmers who make poultry raising a serious part of their year's work, according to U. S. Government reports and opinions of poultry experts throughout the country. Conditions are favorable, and a good market awaits the producer.

This is not mere guess work. Here are the reasons:

1. Government reports show a scarcity of hens and a short crop of pullets on farms throughout the country. Chicago Produce News says "about 30,000,000 less than a year ago."

2. This means fewer eggs laid and satisfactory egg prices.

3. Reports indicate bumper crops of corn and oats. Poultry feed prices are declining as a result of these big crops.

4. The serious shortage at the present time of beef cattle, swine and sheep is going to make even greater demand for poultry meat and eggs.

5. Prices of meat, especially beef, are being forced to new high levels which may exceed the wartime peak.

6. If poultry meat is cheaper than beef, people are going to eat more chickens.

Thousands of poultry farmers are now eager to replenish their flocks to increase egg production.

8. Leading hatcherymen, uniting under the slogan, "Hatchery Chicks for Greater Profits," have organized to assist the poultry standard of farm flocks by pledging better chicks and fair dealing.

9. Greater egg production from flocks means increased profits per pound of feed.

With a ready market promised, lower feed prices in sight, and a large demand predicted, the farmer prepared to satisfy the demand stands in a position to reap a considerable profit from farm poultry flocks.

Lubbock, Texas, Jan. 29. — The fourth session of the summer school of Texas Technological College is scheduled to open June 3. The first term will last until July 13, with the second beginning July 15 and lasting until August 23.

Dean J. M. Gordon, chairman of the summer school committee, announces that the faculty will be larger than ever before and will include regular College faculty together with a number of outstanding visiting educators.

The work in the Tech summer school beyond the bachelor's degree is attracting superintendents and high school superintendents and high school principals from a very wide area. Last summer graduate students were registered here from the following institutions: Abilene Christian College, Baylor, Baylor College, College of Industrial Arts, Columbia, East Texas Normal, Oklahoma City College, Oklahoma College for Women, University of Denver, Rice Institute, Sam Houston Normal, Simmons, Southwestern State Teachers College, Southern Methodist University, University of Texas.

Newton—Newton county club boys have produced corn for 40 cents per bushel and cotton for 7 1-2 cents per pound last the last year, according to record submitted to the county agent, J. B. Dorman. These low costs are due to high yields obtained by good farming methods. Corn averaged 51 1-2 bushels and cotton 1211 pounds seed cotton per acre.

CARD OF THANKS

We wish to thank the dear friends for the kindness and sympathy shown us at the going of our dear mother and also appreciated so much the beautiful flowers and every act of kindness shown her in her last lonely years. May God's rich blessing rest on you all.

Mr. and Mrs. G. R. King
Mary Emma Kin.
Aulnye Breedlove.
Mr. Clas Cash
George Cash.

Lubbock, Texas, Jan. 29—Ewing Y. Freeland, head coach since the opening of Texas Technological College, becomes head of the department of physical education with the rank of professor, according to an announcement made by the Athletic Council. Grady H. Higginbotham, assistant head coach since the

school's opening, becomes head football coach under the reorganization. Victor Payne, member of the coaching staff since 1927, will assist as football coach and become varsity basketball and track coach. Rhodes Ingerton, a member of the staff since 1926, will be freshman football coach and assistant track coach.

These assignments, according to President Paul W. Horn, will be good for the rest of the present school year and for the season of 1929-30. It is further announced that there will be no additions to the coaching staff.

In 1927 electric railways in Canada carried 781,394,194 passengers without the loss of a single life.

Constantinople has 12 English speaking Turkish policemen to assist tourists.

Ask Your Doctor!

4-ounce bottle 50 cents

Price 50 cents

Should you have earnestly tried to break a cough and still it lingers with you—go see your doctor. Nevertheless, there are many who have never tried REXILLANA. There are hundreds though, yes thousands, who have found this soothing and sedative expectorant a pleasant-tasting cough syrup. REXILLANA (Syrup Corcillana Compound) is especially effective for those dry, hard, irritating coughs.

Locals

Howard Henderson and Pete Coleman and their families made a tour Sunday which took them through Big Spring, Colorado, and Snyder. Pete says he came back better pleased with Tahoka and Lynn county.

L. E. Miller was called to Belden, Miss., Saturday night by the serious illness of his mother. It was not thought that she could live many days longer.

Charles Shook has sold the new residence which he last built in west Tahoka to Elder W. A. Kercheville and has announced that he will soon begin the construction of another in that part of town.

Mr. and Mrs. Raymond Hatch of Lamesa spent Sunday with their parents, Mr. and Mrs. D. B. English.

Miss Mozelle Treadway of Brownfield visited in the home of D. B. English Sunday.

After reading a few issues of the News, Mrs. G. C. Woods of San Antonio sent in her subscription to the paper, stating that she lived in Tahoka eight years ago. "The paper leads us to believe that Tahoka is the coming metropolis of the West," she continues. "We have many dear friends there and we wish them all success and happiness for the future. We are living in 'Sunny San Antonio,' called the 'Playground of America,' but we are still boosting Tahoka for its good people and the success it is making."

WHAT OTHERS THINK

Pastor Frank L. Turner, of the Hamilton Methodist church, in his sermon last Sunday evening declared that it is his conclusion that the alarming crime wave that has been prevalent in the United States for the past several years and which is not decreasing, is due to the fact that the minds of the young people are being cultivated and their soul welfare neglected. Rev. Turner is a young World War overseas veteran, and is a deep student of the trend of the times and his observations and opportunities for immediate knowledge of the environment and teaching of the young people of today leads him to deplore the evident fact that too great heed is paid to the development of the minds and bodies of children and too little to directing them to love and obey God and to live lives of righteousness. He emphasized the fact that the penal institutions of America are filled, not by men and women, but by girls and boys. He believes the remedy is not more laws or better law enforcement, but more consecration of fathers and mothers, and a stronger stand for God in training the young people in God's service, and a more effective reaching out of the church in her Sunday Schools and other departments for directing the minds and souls of the youth of our land to a fear of evil and a desire for Godly lives. He commended education and complimented Hamilton's splendid schools, and the preparations being made for better school work, but pleaded that "first things be made first" in the lives and hearts of the young. For "What doth it profit a man to gain the whole world and lose his own soul?"—Hamilton Herald-Record.

There is always something bobbing up in Snyder that is an eye-opener to the outside world. The 'I've news' paper that it is, the Scurry County Times, never loses an opportunity to publish these items, and from this source is where we get this information that worthwhile things are popping up almost overnight in that thriving little city. Last week the Times had strung across the front page a streamer set in about 120 or 200-point letters announcing the purchase of a 200-acre tract for an airport. It is to be made an AIA landing field with all the necessary improvements and to cost \$50,000. This has been made possible by one of Snyder's boosters who made the purchase. Over in another column on the same page appeared almost equally as important item as the airport, but it bore a single column 30-point head, announcing that a lady of that county had moulded and sold more than a ton of butter during the year from an average of six cows. She received a net balance of \$653.73 from her butter or more than a net profit of \$100.00 per cow for the year. An airport is a fine thing, and all live towns are going to have one of some sort, but the item that struck us as far more important than all the airports that could be crowded in the State was that one of the little lady who sold over a ton of butter. A few ladies like that over Scurry county, or any other man's county would be worth more than a whole flock of airports.—Graham Leader.

This week's edition of the Saturday Evening Post contains a very illuminating article regarding the future of aviation, telling how the entire United States is taking to the sporting and commercial possibilities of flying. A survey, according to this article, shows that there are more factories turning out airplanes in the United States than there are making automobiles, and the saturation point is not only not in sight, but is not even thought of, as demand for well known planes far exceed the supply. Far-seeing bankers and financiers are placing great wads of money into these factories, bringing about mergers, and preparing for quantity production that will soon have the air filled with airships. The cities that are making preparations now to receive the rich rewards to be derived from air routes of the future. Many air routes are now being mapped, showing all up-to-date air ports, and even some of the smallest towns in Texas are taking progressive steps to get in on this survey.—Colorado Record.

Governor Johnston of Oklahoma has been suspended from office until January 28, when he will be given an opportunity to prove that he is fit to be governor of the "Sooner" state. The governorship of Oklahoma is as uncertain as is the presidency of Mexico. They kill 'em in Mexico and can 'em in Oklahoma. Whata life.—Spearman Reporter.

The State Legislature is down at Austin grinding out more laws for more people to violate, many of whom are never arrested for such violation. If arrested and tried are turned loose through technicalities, although proven guilty. The guilty should be punished speedily, especially those who commit cold blooded murder. The plea of insanity and technicalities has let many a guilty party go free, when they should have been hung. Jurymen in England give them the death penalty and that without fail. We do not need more stringent laws but the enforcement of the laws we already have on the statutes.—Claude News.

Have you penned those milk cows yet? Better begin to round them in and get the separator going. So many of our people forget about their dairy cows when the third bale of cotton is gathered and let them go dry. They say they don't have time to "mess with them". Better stay with the cows, brother, even if the cotton patch has to wait. Don't throw away your meal ticket just for the sake of a few bales of cotton.—Lorenzo Tribune.

SHERIFF'S SALE

WHEREAS, by virtue of an order of sale issued out of the District Court of Harrison County, Texas, on a judgment rendered in said court on the 28th day of September, 1928, in favor of B. S. Pope in the case of B. S. Pope vs. M. C. Hamilton, No. 6829, on the docket of said court, I did on the 27 day of January, 1929 at 11 a. m. o'clock, levy upon the following described tract of land situated in Lynn County, Texas, and belonging to the said M. C. Hamilton, to-wit:

Six hundred forty acres of land in Lynn County, Texas, the same being all of Sec. 25, Block H, Abstract No. 178, the East Line and Red River Railroad Company being the original grantee and patented to Emmer L. Stout, Assignee of the East Line & Red River Railroad Company, by Patent No. 394, of Vol 45, and being 10 miles S. E. of the town of Tahoka and about four miles West of the town of O'Donnell, beginning at a mound in the Southeast corner of Survey 24 of this block;

Thence North 1900 vrs. with the E. B. L. of Survey No. 24 to a mound, the Northwest corner of this survey;

Thence East 1900 vrs. to a mound the Northeast corner of this survey

and the Southeast corner of Survey No. 30;

Thence South 1900 vrs. with the West Line of Survey No. 26 to its Southwest corner, being the Southeast corner of this survey;

Thence West 1900 vrs. with the N. B. L. of Survey No. 16, of this block to the beginning.

And on the 5th day of March, 1929, being the first Tuesday of said month, between the hours of 10:00

a. m. and 4:00 p. m. on said day, at the Court House door of said county, I will offer for sale and sell at public auction for cash all the right, title, and interest of the said M. C. Hamilton in and to said property.

Dated at Tahoka, Texas, this 28th day of January, 1929.

S. W. SANFORD,
Sheriff of Lynn County, Texas

PLAINVIEW NURSEY
Box 1097, Plainview, Texas

Herbert Hoover Is Practical Farmer

Herbert Hoover, president-elect of the United States, will not be without practical farming experience when he comes to work out farm relief measures during his term of office. Although little was said about it during the recent campaign, he has owned a 1313 acre farm in California since 1920 and he has operated it not only as a business enterprise, but also as a base for practical agricultural experiments.

Diversified farming is a fundamental part of the Hoover program. Here is how the Hoover farm operation are divided:
Vineyards, 435 acres producing 10 varieties of table grapes with a yearly output of about 600,000 lbs.; between 60 and 320 acres in cotton; 200 acres in alfalfa, yielding seven tons to the acre, and cut seven times a year; 150 acres in potatoes; 130 acres in peaches producing 16,000 pounds to the acre; 80 to 120 acres in corn; 90 or more acres in watermelons and muskmelons; 90 acres in Spanish onions; 40 to 80 acres in spinach producing about 960,000 lbs. a season; 40 to 60 acres of sweet potatoes. 70 acres in apricots.

In addition there are about 2,500 laying hens, 200 sows and 150 cows. As many as 200 employees are at work during peak harvesting seasons, and the annual payroll is about \$75,000.

Considerable experimental work is done on the farm, and a good part of this has been in connection with poultry work. In accordance with the most modern farm poultry methods and in the interests of economy and profits, the Hoover stock is replenished each year with baby chicks secured from hatcheries. Eggs are marketed regularly, the income from this source proving considerable, since only the best of high egg-laying stock is used to make up the laying flock. The usual culling, and marketing of broilers adds another source of profit, and removes the "loafer hen" from the flock, thus giving increased egg production at less feed cost.

Purchase of chicks from laying stock of proved quality is fundamental in profitable farm poultry work, and has resulted, during the past year, in the formation of leading hatcheries of the country into an organization which has as its identifying slogan, "Hatchery Checks for Greater Profits." These hatcheries are pledged to fair dealing with customers, and the production of quality chicks from stock of known profit-producing ability.

Most recent experimenting on the Hoover farm has to do with the hog-raising industry, the present herd of 200 sows being the nucleus for further expansion and experimental work.

President-elect Hoover owns this farm jointly with Ralph Merritt. The farm is located about 280 miles south of San Francisco and 150 miles north of Los Angeles, on the main line of the Santa Fe railway. It is three miles south of the little town of Wasco, and is one of the largest cultivated ranches in that vicinity.

PETTY NEWS

Well, there is not much fun in this neighborhood. Most all the children have started back to school. Pauline Reynolds is still not able to go back to school but it is hoped she will be up in a few days.

There was quite a crowd at the box supper last Saturday night. Something like thirty dollars was taken in, which will be used to buy things for the children to play with.

Mrs. Miller entertained the young folks last Sunday with a nice dinner. After they had eaten of all the good things they went kodaking.

Mr. and Mrs. Tom Pinnell left last Sunday for Portales, where they expect to make their home. Mr. Pinnell has been working on Brooks Smith's house.

Mr. and Mrs. Dockery visited Mr. and Mrs. Brooks Smith last Sunday. Mr. Vernon Powell and family of New Home visited in the home of Mr. and Mrs. Frank Blair Sunday.

Most everybody is through pulling bolls in this neighborhood. Some have gone to plowing, getting ready for another crop. There will be no changes of renters made, so you see Petty has a bunch of good people, or some would have to move.

Burnett Smith, who has been in the sanitarium the past week, came home last Sunday. He is getting along nicely. He will leave next Sunday to go to school in Fort Worth. The social at Mr. and Mrs. O. S. Smith's last Wednesday night was well attended by New Home folks, Mr. and Mrs. Sutton and Mr. Tom Pinnell making the music.

Warren Smith and Macey and Pearl Dockery were pleasant callers of George Yufon McChracken late Sunday afternoon.

South Ward Items

Rev. W. A. Kercheville will preach at the school Sunday afternoon at 3:30. Be sure and come to hear him.

There will be a program at school Friday night, February 1, unless announcement of change is made in this paper.

Mr. and Mrs. Cicero Johnson and family spent Sunday with Mr. and Mrs. Patterson.

Bobby Lou Shearer visited her mother Sunday who is staying with Mrs. Cowan until a new home is completed in Tahoka. Bobby Lou is now with her grandmother, Mrs. Inman.

Mr. and Mrs. Greenwood have a new granddaughter. Mr. and Mrs. Tommie Greenwood have a new baby girl, Tommie Greenwood of our community.

We are planning a negro play and Sherman Inman is to be the chief character. Don't miss it because Sherman will be worth your time to see besides all the other characters in this play.

Our school attendance is much better than before Christmas. There are about forty five pupils enrolled.

Edith

There is still quite a bit of sickness in our community.

Mr. J. T. Owens was taken to the Lubbock Sanitarium Saturday where he will undergo an operation for mastoids.

Mrs. C. W. Krebs is improving very slowly. We hope she will soon recover.

Mr. Leslie Hammonds and nephew Edgar made a business trip to Lovington N. M. last Monday.

Mr. and Mrs. J. W. Payne and family from Odonnell visited in the home of E. D. Payne Sunday afternoon.

Mr. Will Huffaker and family from Wilson spent the week end with Mr. C. E. Campbell's family.

Quite a few of our friends of this community are leaving. We hope there will be some one else to take their place.

There were but a few out to Sunday School Sunday morning but expecting more next Sunday. Our school is moving along nicely with a bout eighty enrolled.

The Christian preacher from Grassland delivered a fine sermon Sunday afternoon. He will preach every fourth Sunday in each month. Everybody is invited to come and be with us.

Quite a few of the people went to Dixie Friday night. They reported a fine singing and a good time.

There will be singing at the school house next Sunday night. Everybody invited to come and bring someone with you.

MIDWAY CLUB MEETS

The Midway H. D. Club had two interesting meetings during January.

Subject of the first meeting was "Incubation and Care of Baby Chicks". Second meeting the subject was "Magazine Day". We exchanged some interesting stories. Each lady came with her hands full of good reading matter and when we had exchanged we each had something new to read for sometime to come.

We voted this our most pleasant and profitable meeting for sometime. We meet February 8 with Mrs. Strain.

THE LAKEVIEW GIRLS

The 4-H Club met at the school house Tuesday. Miss Thelma Greenwood county home demonstration agent, and Mrs. R. W. Allen, local leader, were present.

Seven members were present and two new members were enrolled in the club.

Miss Greenwood gave a demonstration on button holes and decorative stitches. There was real interest in club work and we are hoping to have a real live club this year.

T-BAR 4-H CLUB MEETS

The 4-H Club of T Bar met January 28, 1919, at the school house. Seven members were present and one new member was enrolled in the club. Two of our officers moved away and as business we elected new officers to these places. Oleta McCortley President and Florence Perry Vice-President. Miss Thelma Greenwood, county home demonstration agent was with us and gave us a demonstration on making button holes. Our club is really interested in club work and we are planning to do good work. One feature we are planning is to help the Women's Demonstration Club equip a club room in our new school building.

Economy Makes Wealth

It's the little things that count.

It's the little savings that help.

There are few who "get rich quick."

Most people who are well-to-do acquired a competence by thrift, economy, and good management. Let Lynn county farmers have something to sell almost the year round and they will have a bank account instead of a debt at the beginning of the fall. Let's diversify, economize, make our living at home, and Lynn county will soon become one of the richest in Texas.

FIRST NATIONAL BANK

Yes, we are building a—

Beautiful Tahoka

We take pride in the fact that so many of the new, handsome residences of our little city have been built of material that came through our yard. We handle the best, we help you plan your building, and we make it possible for you to build without incurring unbearable burdens. Come in and talk it over with us today.
