Tahoka, Lynn County, Texas, Thursday, February 7, 1929

Number 24

COUNTY BOARD HOLDS MEETING

Pass Resolutions Favoring Standardization Of Rural Schools Of The County

The Board of County School Trustees met in regular session Monday, February 4th. After hearing and discussing the report from the County Superintendent relative to the scoring of the schools according to the Official Score Card sent out by the State Department of Education, resolutions as given below were passed unanimously by the board with a view of making more of the schools standard and more efficient next year.

Trustees will notice that it should be their aim "to take whatever steps that are possible and necessary" to make our schools standard. A school can not be standard if it is dismissed for cotton picking for there must be a continuous term of at least 160 days. Notice that a salary schedule is adopted. Since the County Superintendent is charged with the duty of carrying out the provisions of these resolutions, I suggest that teachers and trustees study carefully the first five sections of Division 1, Scale B, of the Score Card before entering into contracts. Under these provisions teachers will be required to attend the Teachers Institute for this county and attend other professional meetings called by the County Superintendent. I shall be glad to discuss other requirements of these provisions with teachers and trustees. I trust that teachers and trustees all will cheerfully do their best to carry out the provisions passed by the County Board. The Board passed them hoping and believing that a faithful endeavor to meet the requirements would result in more efficient schools.

Of course these provisions apply only to schools under county supervision. The resolutions are as follows: We, the Board of County School Trustees of Lynn County, Texas, in regular session this 4th day of February 1929, believing it to be the duty of this Board to take such steps as in our opinion will be conducive to the betterment of the Rural Schools of the county do hereby pass unanimously the following resolutions:

First: It should be the aim of all trustees to take whatever steps that are possible, and necessary to make their school Standard Schools, according to the Official Score Card for Texas schools. The starred numbers should have special attention.

Second: The requirements for teachers should be at least those qualifications set forth in the first six sections of No. 1, Scale B, of the Score Card. Careful consideration should be given to the past experience and success of an applicant before a contract is made.

Third: The following salary schedule is adopted for rural schools:

- 1. Principals shall receive not over \$150.00 and other teachers not over \$100.00 per month.
2. If the teachers can not meet the requirements of the first five sections of Division 1, Scale B, of the Score Card, they shall receive ten per cent less than the above schedule.
3. Unless the school is able to maintain a term of at least eight months 10 per cent less than the above schedule shall be paid.
4. Fourth: Since the Score Card requires a "continuous term of at least 160 days" for a Standard School and since we believe the practice of dismissing school for cotton picking is unwise, we urge that schools not be opened until such time as they can be continued until the end.
5. Fifth: The County Superintendent is charged with the duty of carrying out the purposes of these resolutions as far as his judgment directs and his authority permits.
H. M. Larkin, Chairman of the Board.
H. P. Caviness, Secretary.

An owner reports that he transplanted a gland from a monkey wrench to his Ford. Then he went for a ride and a motor cop tried to arrest him for speeding, but the car hit the cop and then climbed a tree and hung from the branches by its tail light.

The annual lumber cut of Texas is about one billion five hundred million feet.

School Enrollment Has Reached 728

To date the local schools have enrolled 728 pupils. The enrollment in the different school is listed below:

Total Enrollment Now Attending	
South Ward	50
Central Ward	428
Seventh Grade	61
High School	189
Total	728

The fourth grade has the largest enrollment of any employing only one teacher. There are 51 now attending this room. Arrangements must be made for an additional teacher in this grade after this year.

TOM ROSS IS DEAD; SUICIDE

Kills Another Man In Montana; Was Noted As West Texas Gun Man

HARVE, Montana, Feb. 6.—Tom Ross, who escaped from a Texas prison after killing a stock inspector, could cut two more notches in his gun, but one of those marks must stand for Ross' own death, by his own hand.

The other is for Ralph Heyward, ranch manager, shot to death last Sunday.

Clubs Chinese Cook The Texas cowpuncher, though known as a hunted man, had been working on a cattle ranch on the Blackfoot reservation in Montana for some time. His flight from Texas took him to Canada, where he worked on a ranch until a Chinese cook roused his temper. He killed the man with a club, Brwning authorities say. After that he drifted down over the border into Montana and went to work on the Rimrock ranch of the Frye Cattle company, under the name of Charles Cannon. Last Sunday Heyward, on a tour of inspection, took Ross to task for the manner he was doing his work. A quarrel ensued. Ross drew his gun and poured six shots into Heyward's body, killing him instantly.

Three cowpunchers, Jack Davis, Bill Martin and a man named Hoffman, were made prisoners in the ranch house, but after about an hour Martin slipped out and started for Browning in an automobile. Cannon went to his own room, lay down on his own bed, and as Hoffman peered through the door, shot himself through the eye.

Mrs. Ross has wired from Texas asking that the body of her husband be sent to Lovington, N. M. for burial.

Five Plead Guilty In County Court

Five pleas of guilty, chiefly on "cold-checking", were entered in the county court Monday morning. Four or five cases were dismissed and three bonds were forfeited. The jury was dismissed until Friday, when a pistol-carrying case is to be tried. One civil suit is to be tried without a jury today.

Nelson Investigates Liquor Business

County Attorney G. H. Nelson was in O'Donnell a day or two this week holding a "court of inquiry" making investigations as to alleged sales of intoxicating liquors. As a result of this investigation, one complaint was filed and the accused placed under bond. Mr. Nelson says that quite a good deal of other evidence was obtained upon which complaints will be filed later or the matters brought directly before the grand jury. He found that some of the business men there had been selling "California Wine" and "Tootsie-Fruiteise" extracts promiscuously, even to school boys. These beverages are said to obtain a high alcoholic content and to be decidedly intoxicating. Mr. Nelson asserts with emphasis that he is going to do his part to see that this business stops. He strongly intimated that like offenses were being committed here in Tahoka too and that all these matters will be thoroughly investigated.

Zoesben, Germany, claims the most powerful radio broadcasting station in the world. The orchid has been adopted as the official flower of Nationalist China.

PRAISE GIVEN LOCAL SCHOOL

State Public School Supervisor Makes Favorable Report On Tahoka School

Miss Margaret Cotham, public school supervisor, of the State Department of Education, recently visited the Tahoka schools, and thereafter made her official report to the Department. The Department of Education, has sent to Supt. M. L. H. Baze and to the President of the local board a copy of this report, with recommendations and commendations as follows:

- 1. That the class rooms in the basement of the elementary building be refurnished so as to provide better light and a more attractive appearance.
2. That the school be commended for numerous evidences of progress:
a. In the elementary grades work is arranged on the departmental plan through grades 4 to 7.
b. The group study plan is being introduced throughout the system.
c. Formal instruction in spelling is given throughout the high school.
d. Three teachers have been added to the elementary faculty and one to the high school.
e. Chemistry has been added to the high school curriculum.
f. Buildings are now heated with gas.
g. Generous expenditures have been made for laboratory and library equipment, and for other needed supplies. A considerable amount has been expended in beautifying the grounds.
3. Good work was observed in all departments. The faculty and student body are sparing no pains or effort to maintain a school system equal to the best.
4. The courtesy extended by Supt. Baze and others, faculty and students, was of material assistance to the supervisor and afforded extreme pleasure as well.
5. The stay in Tahoka was very enjoyable.

Grassland Citizen Dies Unexpectedly

C. B. Gregg, a well-known and highly-respected citizen of the Grassland community died at his home very unexpectedly on Thursday afternoon of last week. He was alone at the time of his death.

Reclining on his bed a few minutes prior to his death, he conversed in a joking manner with Mrs. Gregg. She left the house for a few minutes to set a hen and when she returned she found him sitting in a rocking chair, dead. He had gotten up and evidently had been punching the fire with a poker when the heart suddenly ceased to function and instant death followed. The poker still lay at his feet.

Mr. Gregg had been suffering from rheumatism and heart trouble for a long time. About a month ago his condition became serious but had gradually improved and he was able to be up much of the time for the last few days prior to his death.

The remains were taken to Post Friday night, from which place they were shipped to the old home in Wilbarger county for interment.

Mrs. Gregg left a wife and a large family of children to mourn his going. He often came to Tahoka and had many friends here who deeply deplore his sudden death and sincerely sympathize with the bereaved family.

Lord Burgh, who is 6 feet 5 inches tall, recently opened a women's hat shop in London.

The Cuban regular army has 1,616 officers and 12,187 enlisted men.

Man Is Charged With Bootlegging

Harry Absher, a well known citizen of O'Donnell, was arrested by deputy sheriff McDaniel of O'Donnell Tuesday on a charge of violating the liquor laws of this state. Complaint was filed in the justice court at O'Donnell and his bond was placed at \$1,500, which he made. He is said to be a well-to-do citizen of O'Donnell. The charge will be investigated by the next grand jury, which will convene soon.

JAN. 16 COTTON REPORT GIVEN

28,096 Bales Ginned In Lynn County; Lynn Is Second On The Plains

Statistics compiled by the United States Department of Commerce show that 4,806,085 bales of cotton of the 1928 crop had been ginned in Texas prior to January 16, 1929, as against 4,131,248 bales of the 1927 crop ginned prior to the same date last year. This shows an increase in the Texas crop of 674,837 bales. Ellis county again leads the state, with 120,790 bales. Williamson comes second, with 110,355; McLennan third, with 109,887; and Hill fourth, with 100,810.

The crop on the Plains and throughout West Texas was exceedingly short on account of the ravages of boll worms, due to the excessive and continued summer rains. Lynn county produced less cotton last year than it has produced since 1923. The figures for a number of the South Plains and neighboring counties are given below for the years 1927 and 1928:

	1928	1927
Lubbock	29,703	40,197
Lynn	28,096	36,417
Dawson	23,451	37,720
Crosby	22,319	11,877
Floyd	18,942	7,478
Hale	18,065	10,000
Garza	11,000	20,229
Hockley	8,308	13,399
Terry	8,103	12,124
Howard	23,370	18,615
Mitchell	26,390	28,356
Scurry	11,929	32,961
Nolan	10,983	18,703
Fisher	24,096	32,072
Haskell	34,376	47,747
Jones	39,433	61,998
Taylor	31,110	41,856

Chillicothe has installed the green and amber traffic light system on two of their busiest streets, thereby laying claim to being one of the smallest cities in the state to find such traffic direction necessary.

Negroes Organize Mutual Aid Asso.

With Charles Deo as President and chief promoter, the negroes of Tahoka have organized an insurance association to be known as the Western Mutual Aid Association. Other officers are: Secretary, Nettie Ranson, teacher of the colored school here, and Treasurer, George Bivins. These with Curtis Shaw, colored, and Miguel Sanchez, Mexican, constitute the board of directors.

This association is being organized in accordance with the laws of Texas governing mutual insurance associations and the territory of the association will include an area with a radius of fifty miles, Tahoka being the center. Lubbock, Slaton, Post, Brownfield, O'Donnell, Lamesa, and other towns on the South Plains will therefore be included in the territory.

Charles Deo, the promoter and President, is quite an accomplished negro. Born in Chile, South America, and having visited many countries, Deo speaks four or five languages fluently, including English, Spanish, Portuguese, French and German. Deo says he is a little "rusty" on some of these languages now, not having had occasion to speak them recently. After coming to Texas several years ago, Deo taught for a time in a negro business college in Houston. He is an unusually well informed man and talks interestingly of many countries and upon many subjects. He came to Tahoka three or four years ago and is making a good, law-abiding citizen.

533 Asking For Degrees At Texas

Austin, Texas, February 5.—Of the 533 persons who have already applied in the registrar's office at the University of Texas for degrees to be granted in June, 288 are requesting the bachelor of arts degree. The professional degrees of bachelor of business administration and bachelor of laws come next in popularity, with 77 asking for the former and 60 applying for the latter. Applications for the master of arts degree and for the doctor of philosophy degree have not yet been turned in.

Sheriff Jails Man On Forgery Charge

A man named Stanley was arrested by Sheriff Sam Sanford and placed in jail the first of the week, charged with passing several forged checks here in Tahoka. Two or three other checks were found on his person, according to Mr. Sanford.

The accused man is said to have married at Post just recently. His case will be investigated by the grand jury soon to be impaneled here.

SCHOOL FEST FRIDAY NIGHT

Box Supper, Popularity Contest And Basketball Games On Evening's Program

An unusual event for Tahoka will be held in the old Connolly building here Friday night, February 8. It is to be sponsored by the Tahoka High School, and a popularity contest will be held in connection therewith, the winner to receive a genuine twenty-point diamond ring.

A preliminary contest was held at the high school this week to determine who should be the school candidate, and interest developed to a white heat. It is expected that the contest Friday night will be a most spirited one.

Also a \$5.00 prize will be given for the prettiest box. At least 125 boxes are expected, it is said. Judge G. C. Grider will auction them off.

There will also be two basketball games, beginning at 6:30. These games will be played by Class B teams in the county tournament, which will be going on here at the time.

A great crowd of people is expected to be present to participate in or to witness the popularity contest, the auction sale, and these spirited basketball games. Better come early. The proceeds will be used for the benefit of the Tahoka High School.

ANOTHER SLATON COUPLE MARRIED HERE

Dillard G. Mullins and Miss Ruth Polk, both of Slaton, were married here last Friday afternoon, Elder W. A. Kercheville performing the ceremony. They were accompanied by another couple of slaton young people. They have our best wishes.

Three Lakes Longhorns Defeat T-Bar

The Three Lakes and Tee Bar boys basketball teams engaged in a game in the in-door court here Wednesday afternoon, resulting in a score of 39 to 26 in favor of Three Lakes.

Ellis, center of Three Lakes, was high point man, with 19 points. Both team did splendid work, according to those who witnessed the game.

Newspapers Helping Save Plains History

CANYON, Feb. 6.—The newspapers of Texas are doing a valuable work in helping the Panhandle Plains Historical Society to preserve the story of Northwest Texas, according to J. Evetts Haley, field secretary of the society.

Papers are daily recording events which seem commonplace to-day but which will be of as great interest in another generation as these of 30 or 50 years ago are to the present.

Officers of the society report that fifteen newspapers are received regularly. The Pampa News, Ochiltree Herald, Mobeetie News, Canadian Record, Clarendon News, Childress Index, Wellington Leader, Amarillo Globe and News, Ochiltree Herald, Canyon News, Crosbyton News, and Lynn County News are regularly added to the files. The Lubbock Avalanche is given the society by a Canyon subscriber, and the Dalhart Texan, Hereford Brand, Clovis, New Mexico, Journal are frequently received.

The Society has an extremely valuable collection of the early newspapers of Northwest Texas which chronicled a life which has now passed away, which was made up of Indian scares, buffalo hunts, cattle rustling, struggles for livelihood, and steady building for a better day.

COURT SESSION OPENS FEB. 18

Grand Jurors And Petit Jurors Announced; Civil Docket Promises To Be Heavy

District Clerk Truett Smith and Sheriff Sam Sanford are making preparations for the district court which meets here on Monday February 18. Mr. Smith says that these promises to be quite a heavy civil docket but the length of the criminal docket is uncertain yet and will be so until the grand jury meets and reports.

The following citizens have been summoned to appear on the first day of the court to serve as grand jurors: R. C. Woods, D. H. McDaniels, B. W. Baker, R. C. Carroll, Frank Crews, Lester Phillips, J. D. Martin, W. G. Allen, John Rhea, J. E. Rice, A. L. Lockwood, Sailor Williams, Jack Applewhite, W. E. Sikes, A. H. Davies, I. M. Draper.

Petit Jurors have been summoned for the second, third, and fourth weeks of the term, as given below:

Second Week C. H. Wakefield, J. H. Izard, Sam Russell, Clyde Sargent, John Fulford, R. B. Milliken, H. C. Fountain, J. O. Patterson, Oliver Todd, J. W. Edwards, E. O. Slaughter, E. L. Howard, R. E. Painter, L. S. O'Neal, W. P. McDaniel, Egbert Evans, N. J. Hudspeth, L. H. Moore, Fred Mathis, W. F. Lancaster, Wiley Curry, Harvey Lines, A. Y. Pemberton, Lonnie Williams, H. W. Callaway, J. H. Yarborough, P. O. Cabiness, Tom Brewer, R. Bosworth, T. W. Brown, D. J. Balch, G. A. Brasfield, G. H. Heard, Grady Lemond, C. E. Yatts, H. H. Johnson.

Third Week Paul Gooch, J. H. McMillan, L. F. Craft, Ellis Martin, J. H. Bullman, Borden Davis, W. L. Gardenhire, T. H. Bonds, C. W. Conway, T. E. Marrow, R. B. Floyd, J. T. Owens, P. E. Askew, J. C. Hamilton, J. E. Crooks, Frank Lisenby, C. C. Nettles, J. A. Welch, B. H. James, J. H. Hardberger, M. E. Harris, W. L. Palmer, Tom Mansell, O. R. Cook, C. W. Dean, Frank Larkin, J. M. Lee, Henry Higginbotham, L. E. James, W. A. Hinkle, J. R. Mayo, B. C. Dollens, H. C. Harter, C. R. Honeycut, Guy Bradley, A. M. Case.

Fourth Week G. E. Hogan, M. C. Thomas, J. P. Aler, W. L. Burleson, J. E. Richardson, Frank Williams, Chas. Lichey, M. C. Edmunds, Pete Coleman, W. B. Fortner, H. B. Howell, L. E. McCarey, A. M. Cade, J. C. Ferguson, M. E. McCord, Guy McGiff, Waldo McLaurin, H. A. Dial, J. W. Kirkpatrick, Tom Lemond, G. C. McPherson, J. W. Link, Jeff Musick, Edd James, W. W. Caswell, S. A. Billington, H. O. Crouch, Walker Crump, L. D. Looney, T. B. Cowan Sr., M. Fuller, Cecil Hubbard, O. D. Howard, G. W. Hickerson, J. H. Henderson, L. E. Miller.

DRAW CLUB GIRLS' REPORT

Draw Club girls met Jan. 30, 1929 with seven members present; Louise Williams, Edith Williams, Alline Cargile, Jewell Sewell, Virginia Cargile, Edna Marie Parks, Pauline Jackson.

The first year girls, Louise Williams completed sewing box, made a chicken coop and prepared one meal. Edith Williams prepared 15 meals, Edna Marie Parks set one hen, prepared 5 meals, Pauline Jackson prepared 4 meals.

Second year club girls: Virginia Cargile made biscuits 4 times.

Third and fourth year club girls, Jewell Sewell made 1 dresser scarf and prepared 8 meals, Alline Cargile set 1 hen and made an apron. Club meets every first and third Wednesday afternoons.

PRESENTS OIL PAINTING TO AMERICAN LEGION

Carlos Edwards has developed quite a talent for painting, or has acquired it by training and practice. At and rate a beautiful oil painting executed by his brush hangs on the wall of the reception room of the American Legion Hall here, a gift from him to the Legion boys. The members highly appreciate the gift.

France will commission 31 naval vessels during 1929, of which 17 will be large submarines.

Plant a tree.

You are the judge in "THE CASE OF LENA SMITH"

T-Bar

The health of the community is somewhat better now. There have been several cases of flu, but hope the people will soon recover. There have been several bad cases here.

The school is progressing along fine now. Just as soon as the people get over the flu the pupils are going to put on a real program.

The girls' ball team from Wells came over Friday evening the first of February and played a game of basket ball. The score was 9 to 10 in favor of the Wells girls. We want the T-Bar girls to come on, for they can beat the Wells girls. Don't think because they beat one time they can again.

Mr. Thomas left Thursday morning for East Texas and carried his nephew, Raye Moore, with him. We do not know how long they will be gone.

Miss Thelma Waldrep is still visiting her parents but expects to leave before long.

New people are still coming to T-Bar. We hate to see the old neighbors and friends leave, but the new people will take their places as they come in.

Mr. Dee Henderson and son-in-law Preacher Lindley, returned from McCamey Tuesday.

Mr. Boyd Helm, who has been making a crop with Mr. H. W. Crews the past four years, left Wednesday for Palestine, where he will make his home. He says he is tired of the Plains.

Mr. Thomas, Mr. and Mrs. McCarty, Mrs. Eva Dorman, and Mrs. H. W. Crews went to Lubbock Tuesday for the club entertainment. They all reported a nice time and said there were lots of people there. —Blue Bonnet.

PETTY

The cold damp weather the past week has delayed boll pulling. Some are done and have gone to plowing, getting ready for another crop, while others still have quite a bit of cotton in the field.

Quite a few of Petty folks went to Brownfield this week and bought fruit trees. We are glad to see so many fruit trees being put out. It will be long until we will all have lots of fruit right at home.

Burnett Smith and his mother and Miss Maycie Dockery visited in Antun and Lubbock last Sunday.

The young people gathered at Mr. Dockery's last Friday night and had a nice little play party. They all went away thanking Mrs. Dockery for the nice time they had had.

Mrs. O. S. Smith has been quite ill the past week, but we are glad to learn she is better.

Amel Beaty visited her sister, Mrs. O. S. Smith, last Sunday. Brooks Smith received the sad news of his mother being very low. She lives at Swenson.

Mr. and Mrs. Frank Blair and Mrs. White visited at New Home Saturday night and Sunday.

George and Yuton McCracken were dinner guests at Mr. Reynolds' last Sunday.

Our school is getting along nicely with a very good attendance.

TAHOKA'S OLDEST (?) LADY CELEBRATES

A dinner party at the home of Mr. and Mrs. W. E. Suddarth last Friday, February 1st, marked the birthday anniversary of their aunt, Mrs. Lu McDaniel, who was eighty-six years young on that date. Friends of Mrs. McDaniel will testify to the fact that her years are indeed young, considering their number—for altho she is perhaps the oldest lady in Tahoka in point of years, she has not known a day of illness in fifteen years—actively takes part in the duties around the home, and enjoys church and social activities as thoroughly as any young person.

The invitation list included the members of Mrs. McDaniel's S. S. class in the Tahoka M. E. Church, but several were kept away by illness and other causes. Covers were laid for Mrs. W. T. Clinton, teacher of the class, Rev. and Mrs. Breedlove, Mesdames Adair, Slover, Lee, Wyatt, the hostess, Miss VaNoy Coughlan, and the hostess. All claimed to have done ample justice to the four-course menu consisting of mint cocktail, pressed chicken, grape jelly, sweet gherkins, mashed potatoes, creamed peas, hot rolls and butter, baked macaroni and cheese, molded salad with cheese wafers, ice cream, cake, and coffee. The last course was especially attractive, the ice cream being in rose molds of yellow and orchid matching the birthday cake—it being iced in white and bearing the two-colored decorations which included the honoree's initials and the dates 1843-1929.

Dainty gifts accompanying the good wishes of the guests evidenced their kindly thoughtfulness. Likewise, a number of the young people, who have learned to know and love "Aunt Lu", as they affectionately call her, dropped in during the day with gifts, congratulations, and good wishes. Mrs. McDaniel enjoyed the celebration to the fullest capacity, and deeply appreciated everyone's contribution to her pleasure on this occasion.

SAYS SARGON IS WONDERFUL

Thousands of Texas people are now taking the Sargon Treatment with the most astonishing and gratifying results and scores of men and women are daily telling what it has

H. M. MAXFIELD

done for them.

Among the latest to give enthusiastic praise is H. M. Maxfield, of 304 East 15th St., Ft. Worth, who says:

"I wouldn't take any amount of money for the good Sargon did me. About three years ago I became terribly run-down, nervous and anemic. My liver was out of order and I nearly always was constipated and bilious. Nothing I ate agreed with me. I tried dieting, but that didn't help. Gas pains would shoot through my stomach and up into my chest, I would taste my food and frequently was so weak and sick I could hardly stay on my feet.

I was so nervous I couldn't sleep and would stay awake half the night. My breath was bad, my tongue coated and I lost weight and strength. I didn't have any energy I was susceptible to colds, and they were very stubborn and would hang on for weeks.

"I got some Sargon and right from the first dose I began to feel better. I never saw anything like it. My appetite is good and I eat what I want without a sign of distress. I sleep like a tired boy and in the morning I just feel fine. All my nervousness is gone and I am brimful of new strength and energy and I haven't had a cold since I started taking it.

"Sargon Soft Mass Pills are the most wonderful laxative I ever took. They ended my constipation without upsetting my system or making me sick in the least."

Sargon may be obtained in Tahoka from Thomas Bros. Drug Co.; and in O'Donnell from Corner Drug Store adv.

A new butter factory has been installed at the Hope milk plant in Sweetwater, and will add an additional consuming unit for the cream produced in the section. The plant has increased the amount of sweet milk used from 100 gallons a year and a half ago, to over 700 gallons now.

The geographic center of Texas is in McCulloch county, 10 miles north-east of Brady.

For colds, grip and flu take

Relieves the congestion, prevents complications, and hastens recovery.

FORD CAR HERE

The firms of J. S. Wells & Sons, J. C. Welch, and H. M. Larkin wish to announce that their new Ford Touring car is here and paid for. Saturday, March 2, has been set as the day when this car will be disposed of. They are expecting a big crowd here on that day.

FOR WORKING PEOPLE

The best of workers get out of work when the liver fails to act. They are languid, half-sick, "blue" and discouraged and think they are getting lousy. Many of these symptoms might result in a sore gall, therefore the sensible course is to take a dose or two of Herbin. It is the medicine needed to purify the system and restore the vim and ambition of health. Price 60c. Sold by THOMAS BROS. DRUG CO.

SICKLY, PEEVISH CHILDREN
Children suffering from intestinal worms are cross, restless and unhealthy. There are other symptoms, however. If the child is pale, has dark rings under the eyes, bad breath and takes no interest in play, it is almost a certainty that worms are eating away its vitality. The surest remedy for worms is White's Cream Vermifuge. It is positive destruction to the worms but harmless to the child. Price 35c. Sold by

SOME INTERESTING HAPPENINGS IN TOM ROSS' LIFE

SEAGRAVES, Feb. 6.—The news of the fate of Tom Ross, who took his own life after killing B. C. Howard, foreman on a cattle ranch near Harve, Montana, last Sunday night, brings back many memories among the old citizens of Seagraves and was the principal topic discussed on the streets today.

The stories told date back to when Ross was a boy and came from Mississippi to Wilbarger county, Texas, to go to work on the Waggoner cattle ranch.

Negro is Murdered
Some years later a negro was murdered and the blame seemed to be cast in Ross' direction. As a boy and easily influenced, he got into bad company and took up with Pie Beckam, who had been sheriff of Baylor county, and was charged with embezzlement of county funds. They went across the Oklahoma line from Vernon, where Frederick now stands, and where later the "dugout fight" took place one winter night in 1894. Beckam was shot and fell back in the snow lying in Ross' arms.

Ross came to Gaines county about 1900 and went to work on the J. Cross cattle ranch, 10 miles north of Seagraves, at which time Chas. Toms, sheriff from Stanton and Texas Ranger Captain Tex Rogers attempted to arrest Ross for alleged robbery of a grocery store at Altus, Oklahoma, some time before.

Toms introduced Rogers to Ross, then Ross took Rogers by the hand and pulled him from his horse and rode away while Rogers and Toms fired at him. The story is also told that Ross shot the bridle reins from Rogers' horse.

About this time Ross married Trixie Hardin, a young West Texas cowgirl. Ross then left for the Dakotas and made a trip to South America, returning in 1904.

He returned, went to work as a cowboy on the Triangle ranch, where Seagraves now stands. His case was thrown out and he settled down as a peaceable citizen, accumulating nine sections of land and stocking it with cattle.

He built up a good reputation and credit and made many friends, was kind to his friends and helped the poor. A baby girl was born into the home.

While Ross was in a hospital at Lubbock in 1923 he was indicted for cattle theft. A few weeks later he and Milt Good shot to death, Cattle Association inspectors, Allison and Robertson in a hotel at Seminole. They were tried and received long sentences.

Today Mrs. Ross is a little, gray-headed, pleasant appearing woman, living with her father, Frank Hardin, at Knowles, N. M. The daughter is now Mrs. Herman Culp living at Monument, New Mexico. It is expected that Ross' remains will be shipped here to be buried at Lovington, New Mexico.

A Good Resolution

My city is where—my home is; where my business or job is located; where my vote is cast; where my children are educated; where my neighbors dwell and where my life is chiefly lived.

It is the home spot for me and mine.

My city has a right to my loyalty. It supports me and I must support it. My city wants my citizenship—not my partisanship; my friendship—not my offensiveness; my co-operation—not dissension; my intelligent support—not thoughtless indifference.

My city supplies me with law and order, trade, friends, education, recreation, and all rights of a free born American.

I should believe in my city and work for it.
And I will—Selected.

Stamford—Thirteen different orders from twelve different towns for pecan trees have been forwarded by the West Texas Chamber of Commerce to the nurseryman who made reduced prices possible in this way.

Halbert and Burkett varieties seem to be most popular with Nugget also in demand. An order was received for the Success variety. Although two years old trees, those between three and four years old, and those between four and five years old were offered, the preference is for older trees.

One thousand of these trees have been arranged for by the regional organization with prices ranging from one dollar to two dollars, according to age, the older tree being the most expensive.

The season for planting pecans is at its height now, and the sooner the trees are planted the sooner they will produce.

WORMS KEPT TURKEYS FROM GAINING

Llano—Enormous losses of young turkeys last year in Llano county due to intestinal worms were largely stopped by a worm campaign staged by H. C. Robinson, the county agent, who demonstrated the use of a liquid iodine solution introduced directly into the gizzards of the birds. Worms are said to have been completely eliminated within an hour after treatment with no bad effects.

About 10,000 turkeys were thus treated whose owners report an average increase in weight per bird of one pound, worth at least 15 cents. One demonstrator, J. W. Benkin, treated 115 turkeys in this manner after they had been at a standstill for a month. Within three weeks they had gained an average of 4 pounds per bird on practically the same amount of feed as given before treatment. Mr. Robinson states that this method of worm control has the advantage of concentrating the expelled worms in one pen as they are passed, thereby enabling the owner to destroy the pests without having them reinfest the range.

IT'S THE TRUTH

No business man in any town should allow a newspaper, published in his town to go without his name and business mentioned somewhere in its columns. This applies to all kinds of business—general stores, dry goods, groceries, furniture dealers, automobile dealers, manufacturing establishments, mechanics, professional men, druggists, and in fact all classes of business men. This does not mean that you should have a whole or a half, or even a quarter page ad in each issue of the paper, but your name and business should be mentioned, if you do not use more than a two line space. A stranger picking up a Newspaper should be able to tell what business is represented in the town by looking at the business mentioned in the paper. This is the best possible town advertiser. The man who does not advertise his business does an injustice to himself and the town. The man who is sharing the business that comes to town but refuses to advertise his own is not a valuable addition to any town. The life and snap of the town depends upon the wide-awake liberal advertising men. It's the truth.—American Banker Magazine.

A new clerk, dictating a few days ago, was in doubt as to the use of a certain phrase, so he said to the stenographer:

"Do you retire a loan?" and the wistful-eyed one replied rather sleepily:

"No, I sleep with mama."

REPORT CARDS—For Common and Independent School Districts, 2c each in small quantities.—The Lynn County News.

Soundings are being made preparatory to excavating for the new building of the American Telephone and Telegraph Company at Cisco. The building will have four stories and will probably house division headquarters.

PREVENTS INFECTION

The greatest discovery in flesh healing is the marvelous Borosone, a preparation that comes in liquid and powder form. It is a combination treatment that not only purifies the wound of germs that cause infection but it heals the flesh with extraordinary speed. Bad wounds or cuts which take weeks to heal with the ordinary liniments mend quickly under the powerful influence of this wonderful remedy. Price (liquid) 30c. 60c and \$1.20. Powder 30c and 60c. BAD PAINS

Use of Cardui Helped to Relieve Suffering.

"I have taken Cardui and have found it a very helpful medicine," says Mrs. Minnie Rocher, of Lynn Haven, Fla. "After a course of Cardui, I felt like I had been made over. For a while I suffered with bad pains in my back and sides. At times, these would distress me so I would seem past going. We had known of Cardui in our family for a long time, so I thought I would try taking it. I soon began to improve. I grew strong and well, and was able to resume my household duties without the least inconvenience. Cardui is a mild, harmless extract of valuable medicinal herbs. Try it."

My Gas Bills Are Too High
VERY OFTEN THEY ARE. We will tell you so and tell you why.
YOU ARE PAYING FOR NO MORE GAS THAN YOU BURN, but you are burning more than you need.
Long, yellow, wavering flames that float along the bottom of the utensils indicate the use of too much gas.
The United States Bureau of Mines, in a bulletin on the correct use of natural gas in the home, describes fifteen different ways this fuel is wasted.
All of these are due to faulty apparatus, faulty knowledge of how to burn gas, or to carelessness on the part of the consumer.

INDIGESTION
And Other Common Troubles Helped by **Black-Draught**.
"I think we owe the remarkable healthy record of our family to the use of Black-Draught," says Mrs. J. H. Luther, 514 W. Belknap St., Ft. Worth, Tex. "I was suffering from an attack of indigestion. Somebody recommended Black-Draught to me, and I got some and tried it. I felt so much better, after I had taken it, that I used it the next time I was sick, and then the next. I soon found it to be a dependable medicine to use for my family. Whenever the children had colds, or an upset stomach, I treated them with Black-Draught."

WHAT OTHERS THINK

A HOOVER HOROSCOPE
The Washington correspondents seem to be agreed that, regardless of the men Mr. Hoover picks for his Cabinet, he himself will exercise a far greater degree of control over the policies of the various departments than Washington has seen since the days of Wilson and Roosevelt. — Lubbock Journal.

It is the idea of those who pose as most authoritative that Mr. Hoover means to be an active participant in the country's government, not merely one whose main business is to attach his signature to papers requiring the sanction of the chief executive. In other words, and less urbane than good taste dictates, Mr. Hoover intends to be a bull-necked President. This column hopes so. Discount accuracy as we may, a little of it does good in any loosely strung political structure. Provided the individual exercising it knows what he is doing, and why. Mr. Hoover should know what and why: He has been a good while at Washington, viewing it from a point of vantage. He has had to do with men of many types in many climes, and should now be a capable reader of character. With such equipment he should be able to choose not only adequate men for the Cabinet, but able men for the various administrative offices coming under his authority. He is not likely to make his selections on the good-fellow basis, as Mr. Harding did. Perhaps he will not choose yes-men, as Mr. Roosevelt and Mr. Wilson were inclined to do. It will not be a great fault if he chooses obscure men, as Mr. Coolidge has frequently done, if he knows them well enough himself. Certainly he will tag no Falls, no Daughertys, no Whispering Smiths with his official or social approval. Also certainly he will sternly rebuke any tendency developing in his administration which would not bear microscopic examination by the nearest District Attorney. Such a President will be a good President, even should he disclose a tendency to make his objective overly partisan in the hope of equalizing his earlier remissness in that respect.—State Press in Dallas News.

Senator A. J. Wirtz of Seguin seems to be very stern and severe in his attitude toward those Democrats who voted for the Republican nominee for President last November. Wonder if Mr. Wirtz holds the same attitude toward those Democrats in his district who vote regularly for his good Republican friend, Congressman Wurzbach?—Rogers News.

C. E. Anderson, in speaking of prohibition enforcement, says that the old idea of educating young people against the evils of booze drinking has to a great extent been lost sight of and now we only talk of law enforcement. Mr. Anderson also mentioned the educational movement against the cigarette habit that was interrupted by the war. It would seem that it is time to resume some of the educational work in these directions.—McLean News.

BEFORE THE HORSE IS STOLEN

We do not believe that the epidemic of crimes, particularly thefts, that are reported from our neighbor towns are sufficient to warrant the term "crime wave", but at all events there seems to be more than a ripple of crime over this section.

Almost every town over this section has suffered robberies of one kind and another, store keepers and auto owners being the chief victims. So far Abernathy does not appear to be included in the thieves' itinerary, but one never knows when we may expect a call from the light-fingered gentlemen, and there would be nothing lost, and perhaps a good deal saved if property owners took a little more than ordinary precaution in safeguarding their property, and by thoroughly investigating any suspicious happenings, especially at night. In its "safety first" campaign, The Review is taking every precaution to prevent the stealing of any of our dollar marks from the type cases.—Abernathy Review.

Senator A. J. Wirtz of Seguin seems to be very stern and severe in his attitude toward those Democrats who voted for the Republican nominee for President last November. Wonder if Mr. Wirtz holds the same attitude toward those Democrats in his district who vote regularly for his good Republican friend, Congressman Wurzbach?—Rogers News.

C. E. Anderson, in speaking of prohibition enforcement, says that the old idea of educating young people against the evils of booze drinking has to a great extent been lost sight of and now we only talk of law enforcement. Mr. Anderson also mentioned the educational movement against the cigarette habit that was interrupted by the war. It would seem that it is time to resume some of the educational work in these directions.—McLean News.

SHERIFF'S SALE

WHEREAS, by virtue of an order of sale issued out of the District Court of Harrison County, Texas, on a judgment rendered in said court on the 28th day of September, 1928, in favor of B. S. Pope in the case of B. S. Pope vs. M. C. Hamilton, No. 6829, on the docket of said court, I did on the 27 day of January, 1929 at 11 a. m. o'clock, levy upon the following described tract of land situated in Lynn County, Texas, and belonging to the said M. C. Hamilton, to-wit:

Six hundred forty acres of land in Lynn County, Texas, the same being all of Sec. 25, Block H, Abstract No. 178, the East Line and Red River Railroad Company being the original grantee and patented to Emmer L. Stout, Assignee of the East Line & Red River Railroad Company, by Patent No. 394, of Vol. 45, and being 10 miles S. E. of the town of Taboka and about four miles West of the town of O'Donnell, beginning at a mound in the Southeast corner of Survey 24 of this block;

Thence North 1900 vrs. with the E. B. L. of Survey No. 24 to a mound, the Northwest corner of this survey; Thence East 1900 vrs. to a mound the Northeast corner of this survey and the Southeast corner of Survey No. 30;

Thence South 1900 vrs. with the West Line of Survey No. 26 to its Southwest corner, being the Southeast corner of this survey;

Thence West 1900 vrs. with the N. B. L. of Survey No. 16, of this block to the beginning.

And on the 5th day of March, 1929, being the first Tuesday of said month, between the hours of 10:00 a. m. and 4:00 p. m. on said day, at the Court House door of said county, I will offer for sale and sell at public auction for cash all the right, title, and interest of the said M. C. Hamilton in and to said property.

Dated at Taboka, Texas, this 28th day of January, 1929.
S. W. SANFORD,
Sheriff of Lynn County, Texas
24-3tc

NOTICE OF TRUSTEE'S SALE

THE STATE OF TEXAS
COUNTY OF LYNN
WHEREAS, by virtue of authority vested in me, as trustee, named and appointed in a certain deed of trust recorded in volume 13, on page 100, deed of trust records of Lynn County, Texas, executed and delivered to me on the 9th day of June, 1926, for better securing the payment of one certain promissory note for \$45.00, more fully described in said deed of trust, executed by J. C. Welch, payable to the order of R. R. Karr, at Taboka, Texas, due in sixty installments of \$75.00 each, the first installment due and payable July 1, 1926, and the remaining installments on the 1st day of each and every month thereafter to and including the 1st day of June, 1931, bearing interest from date until paid at 8

per cent per annum, interest payable monthly as it accrues, providing failure to pay any of said installments as the same shall become due shall at the election of the holder of said note, mature the same in the same manner as if the full time provided in said notes had expired, and also providing for the payment of 10 per cent additional on the amount of principal and interest then due as attorney's fees, if placed in the hands of an attorney for collection, said note being given in part payment for all of the North Twenty (20) feet of Lot No. eleven (11) in block twenty two (22) of the original town of Taboka, Lynn County, Texas.

And, whereas, the said R. R. Karr is the holder and owner of said note and the said J. C. Welch has made default in the payment of said note, which now bears credits for sixteen payments, default having been made in fourteen monthly payments, and the said R. R. Karr has exercised his option to declare all of said note due and so notified the said J. C. Welch, and default having been made on the payment of said note as aforesaid, and the same now being past due and unpaid, principal, interest and attorney's fees, and notice in writing having been given the said J. C. Welch, and whereas the amount now due and payable including principal, interest, and attorney's fees is approximately \$4,210.00

And, whereas, I have been requested by the said R. R. Karr to enforce said trust, I will offer, for sale between the legal hours thereof, to-wit: Between the hours of 10 o'clock a. m. and 4 o'clock p. m. at public auction to the highest bidder, on the first Tuesday in March, being March 5th, A. D. 1929, at the courthouse door in the town of Taboka, in Lynn County, Texas, the following described property to-wit: All of the North Twenty feet of Lot 11 in Block 22 in the original town of Taboka, Lynn County, Texas, with all the rights, members and appurtenances thereto in anywise belonging.

Witness my hand this 30th day of January A. D. 1929.
W. C. WELLS, Trustee.

the shaft and worm together. The steering worm sector is forged and machined in the same piece with its shaft.

The housing of the steering gear mechanism is made of three steel forgings, electrically welded together. This housing is then electrically welded to the steering column. Such a one-piece steel unit is naturally much sturdier than if several parts were used and bolted or riveted together.

Throughout, the new Ford steering mechanism is so simple in design and so carefully made that it requires practically no attention.

The only thing for you to do is to have the front steering spindles, spindle connecting rods, and drag link lubricated every 500 miles and the steering gear lubricated every 2000 miles.

For this work, you will find it best to consult the Ford dealer. He has been specially trained and equipped to help you get the greatest possible life from your car over the longest period of time at a minimum of trouble and expense.

IT DRIVES OUT WORMS

The surest sign of worms in children is pallor, lack of interest in play, fretfulness, variable appetite, picking at the nose and sudden starting in sleep. When these symptoms appear it is time to give White's Cream Vermifuge. A few doses drives out the worms and puts the little one on the road to health again. White's Cream Vermifuge has a record of fifty years of successful use. Price 35c. Sold by THOMAS BROTHERS

Mr. Jesse Eubanks filled the place of Rev. W. A. Kercheville last Sunday afternoon. Everyone enjoyed hearing Mr. Eubanks. Bro. Kercheville was suddenly called away last Sunday afternoon. Let's all remember the next first Sunday and be here.

Our play last Friday night was put off because of sickness. Next Friday (tonight) we are to have our negro play entitled "Aaron Segar's Fifth Engagement" Be here to see it at eight o'clock.

Dela Pearl and Linnie Mae Brewer have recovered from the mumps. Mr. Ed. Cobb who has just recently been married, carried his wife to Wilson last week.

We will appreciate it if the person who carried off the school well rope and bucket not long ago will bring it back for we need it. No questions asked.

Mr. Hope Hardt visited Venson Cobb Saturday and Sunday.
—Reporter.

PRESBYTERIAN SERVICES

Preaching services at Presbyterian Church next Sunday morning and night. On account of special meeting the first Sunday of February, our services are on next Sunday—the second Sunday. Timely messages both morning and night. Let us have a good attendance at both services, and a good song service. You are invited.
—Invitation Committee

Edith

There was a good crowd out to Sunday school Sunday morning. We are always glad to have a large crowd. Everybody keep coming and let's try to make our Sunday school better.

Bro. Whitworth will preach at the school house Sunday morning at 9:15 o'clock. Everybody come and be with us.

Bro. Breedlove delivered a fine sermon Sunday afternoon. He will preach every second Sunday in each month.

Mr. and Mrs. R. E. Appling and daughter Gene from Redwine spent Sunday afternoon with her parents, Mr. and Mrs. J. C. Campbell.

Mr. Walter Vaughan was a visitor with Uncle Frank Vaughan Wednesday night.

Mr. and Mrs. Joe Thompson of Lubbock were visitors in Bill Thompson's home, Saturday night and Sunday.

Mr. and Mrs. E. D. Payne spent Sunday with Mr. and Mrs. J. C. Campbell.

Mrs. W. M. Thompson has been ill for several days, but is improving slowly.

Mrs. C. W. Krebs is improving nicely.

Mr. J. T. Owens was getting along fine the last we heard, and think he will be home in about a week.

Some of the singing people from Dixie were with us Sunday night. We are always glad to have these good people with us.

The Edith people will go to the singing at Draw Sunday afternoon.

There will also be singing at the school house next Sunday night. Everybody come and be with us.
—Reporter.

FRIENDS CELEBRATE C. C. JOHNSON'S BIRTHDAY

Your correspondent had the pleasure of being at the home of Mr. and Mrs. C. C. Johnson Feb. 3, celebrating his 55th birthday. Those who were fortunate enough to be there were: Rev. Z. B. Pirtle, pastor of the Draw M. E. Church, South, Mr. and Mrs. L. H. Moore and two sons of Slide, Mr. and Mrs. T. J. Williams, Mr. and Mrs. H. W. Pennington, Mr. and Mrs. John Berry, Mr. and Mrs. W. Z. Florence and family, Mr. and Mrs. Luther Johnson and family, Mr. and Mrs. Willis Pennington and daughter Billie Wayne, and Mr. and Mrs. J. N. Lemond. And such a repast. I wish I could describe it, but can't—boiled ham, sausage, turkey with all the trimmings, boiled custard, fruit, fruit salad, sweet pickles, pies and cake galore. And I'm sure those present did ample justice to the occasion.

Mr. and Mrs. Johnson are among the prominent pioneer families of this community and are held in high esteem for their sterling qualities of mind and heart; and we trust that they may see many returns of such an enjoyable occasion as this was.
—A Guest.

ONE HUNDRED DOZEN EGGS PER WEEK

No, that isn't a produce house report, but Mr. and Mrs. Louis D. Mueller are actually selling that many eggs each week now. At the present price that is netting them the tidy sum of \$25.00 per week.

Mr. and Mrs. Mueller have a pure bred strain of Leghorns and have something like 600, however a large number of this flock are spring pullets and will not lay for several more weeks.

Mr. Mueller states that they have a few of this flock that they paid as high as \$5.00 each when chicks.

This unusual egg production does not happen by accident. Mr. and Mrs. Mueller make the poultry business a study, they have provided good houses for the flock and feed them a balanced ration, thereby obtaining maximum results.

Mr. and Mrs. Mueller are ideally located for the carrying on of their poultry business, being near market only two miles from town and a several acres range for the poultry to graze on. They have what we would call an ideal home, an excellent stucco house with an electric lighting plant, excellent out houses, in fact everything that goes to make an ideal country home. Wilson community has room for farmers of this type.—Wilson Pointer.

A NEW INDUSTRY FOR WILSON

The past few days, load after load of bundle feed has been coming into town. We couldn't figure out where so much bundle feed was going, but on inquiring, we found out that August Fischer was buying and shipping this bundle stuff.

feed is bringing around \$7.00 per ton and some of the farmers estimate that at this rate the feed will bring around \$21.00 per acre.

So far as we know this is the first time that bundle feed has been shipped for market from this section, but it opens a new source of revenue.—Wilson Pointer.

Cars Washed Clean while you wait---

Right now the new Manley Auto Washer in our place is making a host of new friends. With this equipment we give an absolutely first-class car Washing service that is a real eye-opener to folks who have been accustomed to the old-fashioned hand-wash which merely slicked up the places that were easy to get at.

When we are through with a car it is really clean. Under the mud-guards and around the brake drum—all the hard-to-get-at places—are just as clean as the parts on top.

The body is cleaned to perfection.

The windows shine.

The upholstery vacuum cleaned.

Cars washed by our system not only look better but last longer. The running gear of your car wasn't meant to be encrusted with a mixture of grease and GRIT. But no other method of washing takes the grit away. We shoot a high pressure stream against the running gear that cuts away *all* the gritty grease and gives the fresh lubricant a chance to do its work.

Seeing is believing. Ask anyone who has had his car washed here since we installed our Manley Auto Washer—or bring your own car and watch the thoroughness with which we do the job.

Best of all, there is practically no waiting, and you can have your car washed in twenty minutes while you wait.

The ambition to produce such a masterpiece which will be praised by posterity has been accomplished. With pride we offer this service to those drivers whose pride of duty stop at nothing short of perfection.

New Ford Is Very Easy Riding

One of the things for which the new Ford car has already become famous is its exceptionally easy riding qualities over rough roads. Many factors contribute to this, especially the low ratio of unsprung weight, the flexible transverse springs, Houdaille hydraulic shock absorbers, etc., but perhaps none more than the so-called torque tube drive. This principle of taking the thrust from the rear axle was first introduced into automotive practice by the Ford Motor Company on the Model T car and has later been adopted on many of the finest European and American cars including the Lincoln.

The torque tube is a metal housing surrounding the driving shaft. It takes the driving thrust from the rear axle and carries it to the universal joint housing, a point well forward on the chassis so that the car is really pulled rather than pushed over the road. The construction also relieves the rear spring of any func-

tion except that of supporting the load. This permits the leaves of the spring to be made flexible and shackled at both ends, resulting in free and normal action and easy absorption of road shocks.

Radius rods join the torque tube at the forged steel housing of the universal joint adding strength and rigidity, keeping the rear wheels in perfect alignment, and further resulting in improved qualities.

NOTICE FOR BIDS

Notice is hereby given that bids for the County Depository for Lynn county will be received and opened at the next regular term of the commissioners' court on February 11, 1929, the depository to be selected for two years.

County Judge of Lynn County
D. C. GRIDER.
21-4tc

Bids are being advertised for the first resident paving to be done in Colorado to be opened by the city council, February 20. The paving will consist of eight blocks.

Glycerin Mixture Stops Constipation

The simple mixture of glycerin, buckthorn bark, saline, etc. (Adierika) act on BOTH upper and lower bowel and relieves constipation in TWO hours! Brings out old waste matter you never thought was in your system. Don't waste time with pills or remedies which clean only PART of the bowels, but let Adierika give stomach and bowels a REAL cleaning and see how good you feel.
—Thomas Bros. Drug Co. A-5

NOTICE FOR BIDS

Notice is hereby given that bids for the re-roofing of the court house of Lynn county on both a ten-year guarantee and a twenty-year guarantee will be received and opened at the next regular term of the commissioners' court on February 11, 1929. The court reserves the right to reject any and all bids.
G. C. GRIDER,
County Judge of Lynn County

TAHOKA TEAM WINS OVER LOVINGTON; LOSE TO TATUM AND PRAIRIE VIEW

The Tahoka High School basketball team made a short tour into New Mexico last week end and engaged in games with Tatum, Prairie View and Lovington. The game at Tatum was the local's first introduction to the rough and tumble type of basketball played in some sections of the country. Tahoka could never get started at this type of games and was snowed under by the score of 20 to 2. The last quarter was worse than most football games, and the locals were glad when the end came and they could pull themselves together again. Thursday night was spent in Tatum.

The squad journeyed over to Lovington on Friday morning. The day was spent in visiting the school at Tatum. At two o'clock Tahoka met Prairie View in a closely contested game. The locals outplayed their opponents most of the time, but still could not find the basket somehow. The score was Prairie View 25, Tahoka 23.

At eight o'clock, central time, Tahoka took on the Lovington High School. By this time the locals had begun to find the basket and had their fighting spirit raised to the highest pitch. Short again led the scoring, but every man on the team fought his hardest. The final score of this contest was 17 to 15 in favor of Tahoka. This was Tahoka's hardest game of the series, and in this game the Tahoka team played far the best game of the trip.

Too much praise could not be given to the schools for the generous and hospitable treatment. Friday was a day of real pleasure and profit to those who were in Lovington. Supt. Groner, Coach Powell, and the entire student body of Lovington High School won the praise of the visitors, and much favorable comment relative to the school has been expressed. After the game Friday night, Barnes, Short, Massengale, Smith and Willingham in company with Mr. Baze, drove over to Carlsbad and on Saturday visited the Carlsbad Cavern, returning Saturday night.

Those making the trip were: King, Evans, Barnes, Massengale, A. Williams, F. Willingham, Short, Smith, Tredway, Coach Nicklaus and Supt. Baze.

MANY RESPONSES TO ADVERTISING CAMPAIGN

According to a statement issued recently by South Plains, Inc., of Lubbock, a total of 1291 responses to the advertising campaign being conducted by this organization have already been received. The names and addresses of the inquirers are being furnished newspapers and chambers of commerce throughout this section in order that the various cities and towns on the South Plains may get in touch with those in other portions of our country who have thus evinced an interest in our section. A list of 453 names came to this office this week. The News has also received the following communication from the Lubbock organization:

"South Plains, Inc., is an organization formed for the purpose of advertising the South Plains of Texas to promote colonization. Advertisements have appeared in the following farm papers and journals: The Progressive Farmer; Oklahoma Farmer Stockman; Farm, Stock and Home and the Prairie Farmer. Advertisements will also appear in the February issues of the Country Gentleman and the Dairy Farmer.

"The advertisements carry a coupon to be used by the reader giving the inquirer's name and address, and asking for our booklet 'Farm Life on the South Plains of Texas.' We send this booklet to the interested party and write him asking what he is interested in. As we develop prospects and other information we will keep you informed.

"We mailed you under date of December 24, 1928 and January 21, 1929 the names and addresses of 838 people who have returned the coupons from these advertisements, and listed below are 453 additional names and addresses of those desiring copies of the booklet. This makes a total of 1291 people who have returned the coupon to date."

Works Hard, Dances, Gains 3 Lbs. a Week

"I work hard, dance and have gained 3 pounds a week since taking Vinol. My nervousness is almost gone."—Mrs. F. Lang.

Vinol is a delicious compound of cod liver, pepton, iron, etc. Nervous, easily tired, anemic people are surprised how Vinol gives new pep, sound sleep and a BIG appetite. The very first bottle often adds several pounds weight to thin children or adults. Tastes delicious.—Thomas Bros. Drug.

Lubbock Short Course Was Marked Success

Lubbock, Texas, February 6.—The first annual Farm Short Course held under the auspices of the School of Agriculture of Texas Technological College was a marked success and it will be held each year. Approximately 300 of the leading farmers and livestock men from a wide area attended. The programs included about twenty addresses by agricultural and livestock experts upon questions of special interest to the farmers of the Plains country. It is expected that with such a good start the attendance next year will be more than doubled.
