THE IDEAL FUEL FOR HOUSE HEATING You may conceive of an easier and more satisfactory method of heating your house than Natural Gas, but if you know of it, a fortune awaits you. Natural Gas affords you at once a Responsive and Flexible method of meeting this household need; instant in response, flexible in adjustment to the amount of heat you require. And when you consider what it contributes to the ease and comfort of your wife—the saving in effort and the relief from drudging work—then surely it is the IDEAL method. Are you using it? If not, why not? ASK YOUR WIFE. West Texas Gas Co. Headquarters for Gas Appliances

South Ward Items

The school children of South Ward attended the Short Course at Tabora Thursday and Friday. Mr. Key, Supt. of the Baptist Sunday school and Miss Lucille Kemp attended Sunday school at South Ward Sunday. Mr. Key made an interesting talk. Mr. Key is coming back the fourth Sunday in March with Brother Shepherd, who preaches each fourth Sunday. The boys of South Ward are going to play base ball with Edith Friday afternoon. Mr. Greenwood and family are visiting their son-in-law at Dulak. Many people of South Ward attended singing at Edith Sunday night. Mr. Inman recently bought a new piano. Mr. and Mrs. Melvin Shearer have moved to Tabora. They intend to make Tabora their home. Mr. and Mrs. M. S. Smelser visited Mr. and Mrs. Grover Walls Sunday. Mrs. Smelser also visited Mrs. W. C. Wright Monday. Mr. J. T. Brown of O'Donnell spent Sunday with Mr. and Mrs. H. Dickerson.

Diaberon. Most all the farmers have gone to work in the fields again, getting ready for another crop. Some claim it is getting too dry to plow. We are looking forward for a big fruit crop this year, as the cold weather has kept the trees from putting out early. Mr. and Mrs. Frank Blair spent Saturday night with Mr. and Mrs. Jones of New Home. Mr. and Mrs. Tom Finzell, J. W. Stroud and Bill Kenyon, all of Plainview, visited in the home of Mr. Brooks Smith Saturday night and Sunday. We are glad to learn that Mr. Tucker, who lost his home by fire, has his new house done. Quite a crowd attended the party at Mr. McCracken's last Saturday night. Everyone seemed to have a good time. Mr. and Mrs. Thad Smith of Austin visited home folks at Petty Sunday. Their little son is quite ill with whooping cough. Mr. Bill Kennedy will leave this week for East Texas, where he expects to visit a month. Warren Smith and Pearl Dockery attended the picture show at Wilson Friday night. Miss Ansel Beatty visited her sister, Mrs. O. S. Smith, Saturday night and Sunday. Mr. Dockery's daughter from Dallas is visiting home folks at Petty. Little Bettie Ruth Blair is quite ill this week.

Edith. There was a good crowd at Sunday School Sunday morning, but we hope there will be more next Sunday. We will have singing at the school home Sunday afternoon instead of Sunday night. Everybody invited to come and bring your song books, especially the good singers. Mr. J. T. Owens who has been in the Lubbock Sanitarium came home Sunday morning. He is improving very slowly. Mr. Edgar Hammonds left Wednesday morning for O'Brien, Texas, where he will attend a singing school taught by Stamps Baxter Music Co. Mrs. W. C. Pritchett and daughter Ellen Joe left Thursday for Dallas, where Ellen Joe will take treatments. Mr. J. C. Campbell and son C. E. and family spent part of last week in Jones county, near Stamford. Mr. and Mrs. Roy Bonds from Mexia were visitors of Mr. G. C. Lindsey and family Sunday. Mr. and Mrs. Lagow were visitors of Ben Spruell and family of Lynn Sunday.

Reporter. CARD OF THANKS We wish to thank our many friends who so ably assisted us in the sickness and death of our mother. May God's richest Blessings ever be yours, is our prayer. Mr. and Mrs. D. A. Stephens and family Mrs. R. R. Notley and family Mr. and Mrs. W. P. Mack. Easter Sunday this year falls on March 21.

MOTHERS Watch for symptoms of worms in your children. These parasites are the great destroyers of child life. If you have reason to think your child has worms, act quickly. Give the little one a dose or two of White's Clean Vermifuge. Worms cannot exist where this time-tested and successful remedy is used. It drives out the worms and restores the rosy hue of health to baby cheeks. Price 50c. Sold by THOMAS BROS. DRUG

Mr. and Mrs. W. J. Slover returned the first of the week from Culver City, California, to which place they had been called by the death of Mrs. Slover's mother, Mrs. Lucy E. Rector, which occurred on Sunday, March 3, after a long illness. She left surviving a husband and four children. Harrison Rector, now a member of the sheriff's force at Los Angeles, Miss Ada Jane Rector, teacher in the Culver City schools, George W. Rector of the Howard Automobile Company of Los Angeles, and Mrs. W. J. Slover of Tabora. Mr. and Mrs. L. C. Haney were called to Carbon last Saturday by the serious illness of Mrs. Haney's father, F. M. Stone. Mr. Stone died Saturday night and was buried Sunday afternoon. He left a wife and five children surviving. He was a highly respected citizen of his town and county and enjoyed the esteem of a wide circle of friends. The News joins the Tabora friends of Mr. and Mrs. Haney in condolences.

Mrs. H. P. Cavness left last mid-week to spend a few days with her daughter, Miss Jeanette, who is attending Simmons University. She was joined there Monday by Mrs. E. Lumsden of Wilson and Mrs. Joe Wilson, wife of the Baptist pastor at O'Donnell, and the three proceeded to Fort Worth to attend a Sunday School meeting. Leonard Coldewy, who resides several miles west of New Home, called at the News office Friday. Leonard is a fine young farmer who knows how to make and to save money on the farm. He is expecting a dandy crop this year. Mrs. J. K. Callaway left early last week for an extended visit at Fort Worth, Coolidge, Teague, and other places in that part of the state. J. K. remained here till Sunday but could not stand it any longer and left on that day in an effort to trail her up.

Mr. and Mrs. D. W. Gagnat spent several days in Dallas this week, having gone down Sunday to make purchase of furniture for the McCormack Company. Mrs. M. S. Hudson, a prominent farm leader will speak at the Court house in Tabora Saturday night, at 7:30 o'clock. Dr. K. R. Durham returned Tuesday from Alexandria, La., where he spent a couple of weeks visiting his parents. Mr. and Mrs. W. M. Graham and daughter of Matador were Tuesday guests of Mr. and Mrs. M. R. Hood. Mrs. Earl Wilson of Slaton spent Friday here with her mother, Mrs. R. C. Wood. H. P. Burkhalter, now residing near Lubbock, was a Tabora visitor Tuesday. Perry Graham of Post was also Sunday guest of Mr. and Mrs. M. R. Hood.

POISONING PRAIRIE DOGS Now is the time to get rid of prairie dogs. Conditions are in our favor, the scarcity of green grass is the main factor. Better results can be obtained in the winter months. The destruction of one female dog now, saves the killing of several dogs in the early summer. Poison grain may be obtained at the court house, and is very efficient if used correctly. Scatter at least one tablespoon full at each hole, and where there are large dusty chimneys and ignes show that there are more than three dogs at any one hole, place two or three tablespoons full, avoid placing grain in the hole. Scatter grain on some hard ground about the hole. It is always best to put too much grain than too little. Rabbits will thly pick up excess grain, and in reality no grain is wasted. A dog that is made sick by not getting enough grain to kill, will be a wise dog and other means will have to be used to get rid of him. Early in the morning is the best time to poison dogs, although other times are all right. R. J. POWELL, State Field Assistant.

T. U. KNOWLNEY REACHES THE 5000 MARK Austin, Texas, March 13—At the end of the registration for the second semester, total enrollment for the year at the University of Texas reached the 5,000 mark, according to Miss Gertrude Heath, statistician to the registrar. This figure is 325 above the total for the same date last year. Of the 5,000 who have enrolled since school opened in September, 682 reg-

istered since the beginning of the second semester. During the first semester, 689 students withdrew or were dropped from the rolls, leaving a total maximum enrollment for the second semester of 4,311, compared to a maximum enrollment of 4,986 for the second semester last year. Of the total enrollment for the year, 2,548 were men, while only 2,166 were women, a ratio of approximately three to two.

LUBBOCK, Texas, March 13—Students from eighteen counties will gather at the Texas Technological College April 19 and 20 for the district meet of the Interscholastic League Faculty and students of the institution for these two days join in entertaining the many visiting students and teachers on these days and in officiating for the hundreds of different scholastic and athletic events. Rooms without cost are furnished all official contestants in Lubbock.

Dr. A. W. Evans, director general of this district, is expecting a total attendance of probably 2,000. Following are the counties comprising the district: Andrews, Gaines, Yoakum, Cochran, Bailey, Lamb, Hockley, Terry, Martin, Dawson, Lynn, Lubbock, Hale, Floyd, Crosby, Garza, Borden, and Dickens.

One day of the meet a typewriter tournament will be held, according to Dr. Evans.

Among the entertainment features offered for the visitors will be a carnival put on by the agricultural students of the College. It will be held in the afternoons after the regular program is over and will partake of nature of a carnival.

Cow testing in Deaf Smith County reveals that in one herd one cow made a net profit of \$16.62 in five months, while another made a profit of \$69.50. Six herds are under test and ten "boarder" cows have already been sold off because of poor performance, according to reports from Hereford.

Tom Ferris, and C. T. Smith shipped four cars of fat yearlings from their ranch near Muleshoe recently to the Fort Worth market. The steers had been on feed for about 102 days, and being fat brought good prices. Messrs Smith and Ferris will send another bunch of cattle to the market soon.

To the People of Tahoka and Lynn County. This is your organization and we would be glad if you would let us know when we can be of service. In another article in this paper, you will find an outline of the work of the Organization as it has been worked out. This program does not mean that nothing else will be given attention. We are desirous of helping to put over any program that is for the good of our County.—Tahoka Chamber of Commerce.

PFLUGER WAMPLER GOES TO PLAINVIEW

Mr. and Mrs. Pfluger Wampler will leave Friday for Plainview, where Mr. Wampler has accepted a position as linotype operator for the Plainview Herald-News Publishing Company. The two papers at Plainview, the Herald and the News, recently consolidated and the new Company began the publication of a daily.

Mr. Wampler has been operator for the News the past two years. He is a most excellent young man and has made many friends while here, who regret that he is leaving Tahoka. Their best wishes go with him and Mrs. Wampler to Plainview. The News wishes for Mr. Wampler continued promotion in his chosen work.

Mr. Edgar Hays, formerly employed as operator on the Ralls Banner but more recently of Lubbock, will succeed Mr. Wampler and is already on the job.

Work is drawing to a close on the new two-story Lockney Hotel. It will have fifteen guest rooms, a dining room, coffee shop, lobby, barber shop and some store on the ground floor. It may be decided to put another 15 rooms on the building.

TAHOKA MUSIC PUPILS IN SOUTH PLAINS CONTEST

On last Saturday Mrs. Jack Jackson took a number of her music pupils, viz.: Mary Jane Weathers, Dottie Turrentina, and Lottie Jo Townes to Lubbock to enter the South Plains Music Contest there. Mary Jane entered the 11-year old

solo in piano, Dottie the 8-year old solo, and Dottie and Lottie Jo entered the 9-year old duo. All of these pupils did exceedingly well, according to Mrs. Jackson. In a group of seventeen, Dottie Turrentina tied second place and will get to return to Lubbock on the 15th to contest again.

There has been considerable com-
plaint for some time about the char-
acter of telephone service that is be-
ing given the people of Tahoka. Ac-
cording to the information which we
have, the poor service is not in any
way the fault of the operators. They
work faithfully for long hours, day
and night, endeavoring to give ser-
vice, but the number of operators
employed is not sufficient to meet
the demands. The Chamber of Com-
merce directors discussed the situa-
tion at their meeting Monday night
and the matter was referred to the
proper committee for attention. It
is probable that the Company will be
asked to add a sufficient number of
operators to the force here to prop-
erly handle the service.

At the directors meeting of the
Chamber of Commerce Monday
night, the sentiment was strongly

SUCH IS LIFE!
Man comes into this world with-
out his consent and leaves against
his will. When he is little the big
little girls kiss him. If he is active
in politics, it is for graft. If he is not
interested in politics, he is no good
to his country. If he makes a lot of
money, he is dishonest; if he remains
poor, he is a bad manager. If he
needs credit, he can't get it; if he is
prosperous, everyone wants to do
something for him. If he is religious,
he is a hypocrite. If he doesn't care
for the church he is a hard-sinner.
If he gives to charity it is for show;
if he doesn't give to charity, he is a
stingy cuss. If he is affectionate, he
is a soft specimen; if he doesn't care
for anyone, he is coldhearted. If he
dies young, there was a great future
before him; if he lives to a ripe old
age, he missed his calling. If he saves
money he is a tightwad; if he spends
it he's a spendthrift. If he has money,
he's a grafter; if he hasn't got it,
he is a bum. So what the H— is
the use?—Swiped.

of news to its county on the front
Bringing Neat Sum to Many Farm-
ers of Lynn County," and then pro-
ceeds to tell the people about it thus:
"Fourteen carloads of hogs have
been shipped to California from Lynn
county, making a total of revenue
brought into the county of something
like \$25,000." Another item we no-
ticed in the same paper that goes
along with the hog raising is that
a Lynn county farmer reported that
he had threshed 9,551 bushels of feed
for the farmers of his community and
that he was a little over half done.
No wonder Lynn county pork is set
on California dinner tables. The
meat is rich and juicy from the feed
raised on Lynn county farms—Graham Leader.

"A Blow at The Bill of Rights," is
the caption of a lengthy article ap-
pearing in a recent issue of a cer-
tain South Texas daily. This editorial
explosion seemed to be due to the
fact that favorable action had been
taken by the State Senate, after a
fierce forensic battle, providing for
the repeal of the "evidence act," com-
panion measure to the so-called
search and seizure bill passed during
a recent administration. No such law
had ever been deemed necessary for
the protection of the rights of law-
abiding citizens or previously en-
acted, and whatever its purpose—
and there seems little doubt as to its
intent—the effect of this act was not
alone to make more difficult convic-
tions for the character of law-violators
aimed at, but it also affected
adversely convictions in other kinds
of cases, including capital offenses.
Now, when this bill had run the
gauntlet of the criminal lawyers of
the Senate, certain papers answered
the S. O. S. call, and published high-
sounding editorials about the Bill of
Rights' etc., ad nauseum. The Bill
of Rights does not denounce a search
per se, but an unreasonable search.
Yet these champions of civic rights
(?) do not know, or do not care to
recognize the fact that the laws in
question go much farther than the
Bill of Rights. But what is the in-
centive that calls certain of the press
to the rescue when freedom of the
free-booters is imperiled? Is it not
time for the public to find an answer
to this question?—Rogers News.

According to the terms of a bill
originating in the house of represen-
tatives, the highway commission of
Texas may not change the routing of
any designated highway away from
any town in the county without the
consent of the commissioners' court.
The News sincerely hopes this bill
will become a law, as it will operate
to give all our counties more jurisdic-
tion over highways within their lim-
its and will serve to renew the confi-
dence of all the people in the good
will and democracy of intention of
the highway commission. Here in
Donley County the law would be es-
pecially appropriate and would be a
strong aid in the early solution of our
road problems.—Clarendon News.

This column has consistently ad-
vocated spending Olney money in Ol-
ney, and the Boss and his family
have followed precept by example,
even when it hurts. The local Retail
Merchants sent the Boss a letter
this week and we note that the envel-
ope contained some very pointed and
worthwhile advice as follows: "Buy
it in Olney—if you don't know where
to get it, call the Retail Merchants
Association." What struck our con-
sciousness so forcibly however, was
the fact that the envelope was bought
and printed out of town. I don't
know whether the association knew
we printed envelopes down here at
the Enterprise office or not but in
case they didn't this is to inform
them that we do—that is we do when
we get the work in competition with
the mail order fellows who some-
times sell 'em a little cheaper, than
we do, just like Sears & Roebuck
sometimes sell other things cheaper
than the local merchants do—or can.

He Wishes All Knew About It

"For three years I was a constant
sufferer from liver disorders, acid
stomach, and other troubles. Sargon
is the only medicine I ever found
that overcame my troubles, and I

T. M. CAMPBELL

wish it was so that everybody in Tex-
as knew about this wonderful medi-
cine.
"No matter how careful I was
about my eating, I suffered after
every meal with gas pains and indig-
estion. I had no relish for even the
most tempting dishes. My liver was
inactive and I had to take strong
laxatives continually. I felt tired
and run-down, and became so nerv-
ous I would roll and toss for hours
every night before I could get to
sleep.

"Sargon went right to my troubles
after everything else had failed. It
put my stomach in perfect condition
and I got real pleasure out of my
meals now for I eat everything I
want and have such a fine appetite
I relish every bite. I even eat be-
tween meals and at night, and never
have a moment's trouble from indig-
estion. My nerves are strong as
steel again and I sleep like a top
from the time I hit the pillow until
time to get up in the morning. I
have gained weight and I feel fine all
the time.

"Sargon Soft Mass Pills complete-
ly overcame my constipation. I
never have to take laxatives now
for my liver is in perfect condition.
"I have already told many of my
friends what a wonderful medicine
Sargon is. It deserves full credit for
it does just what they say it will do."
The above statement was made re-
cently by T. M. Campbell, electrical
engineer in charge of all electrical
work at Fort Sam Houston, San An-
tonio.

Sargon may be obtained in Tahoka
at Thomas Bros. Drug Co., and in
O'Donnell at Corner Drug Store.

**Tennessee Lady Tells About
The Long Use of The-
ford's Black-Draught
In Her Family.**

Rutledge, Tenn.—"For thirty years
or longer we have been using Black-
Draught in our home as a family
medicine, and have found it to be
very handy," says Mrs. John Mc-
Ginnis, of near here.
"Since I have been married and
had children of my own, I have
found it to be a fine medicine to
give them for colds and indigestion.
I have three little girls, and when I
see one of them fretful and 'groopy'
in the morning, I begin treating her
with a course of Black-Draught. It
is not long until she is lively and
well again. I make a tea of it and
give it to the children, as they take
it best that way.

"I take Black-Draught for con-
stipation and indigestion. If I wake
up with a bad taste in my mouth
and feel sluggish and dull, I know
it is time for a dose of Black-
Draught.
"We try to keep a box of Black-
Draught always in the house and
are seldom without it. My health
is generally good, but I think it is
a good thing to keep a mild, de-
pendable remedy on hand for spells
of constipation."
In use nearly a hundred years.

T-Bar

The Tee Bar people are about to get over the measles and flu and start back to Sunday school. We still want everybody to come, and read chapters, for the women and girls are running a race against the men on chapters and having the best lesson. The women are ahead now and hope to stay ahead until the end.

The school children and the men of this place are putting out trees around the school ground, and we are giving a box supper Saturday night for the purpose of leveling the school yard, and the club girls have decided to sell candy, peanuts and popcorn and maybe root beer, for the club wants to raise money for one girl, or two if we can, to send to College Station. It will be a good trip for some club member, so work hard and win.

The Short Course was enjoyed by all who went. Wish everybody had gone. We all saw how it helps to have machinery and canners and other useful things.

The school here is just going on seven weeks longer, so everybody get busy and let's all make our grades.

Spring is almost here and cotton planting time, and almost all of the cotton is out now.

Mr. and Mrs. Townzen and children are planning on leaving Monday, March 11, for the Fat Stock Show, and they will visit friends while they are gone.

Mrs. Dee Henderson took her Sunday School class on a picnic Sunday, March 10. They went to the big lake between here and Tahoka, but it looked so rainy they had to come back early. But they had a good time and plenty of dinner.

Mrs. Ruth Crews and little daughter, Wilman Davis, went to McCamey to stay about two weeks with relatives and friends.

Mrs. Charley Henderson returned home last Saturday from McCamey, where she has been visiting her children. She reports that her daughter has a fine little daughter.

And I answered and replied No I am not a shamed of my Ignorants I am proud of it. And she sed offle catty like Well you have got a offle lot to be proud of enny way. She makes me tired.

Saturday—Got a valentine this a.m. even if it was to late and I think Jane sent it. Who ever sent it had drawn the picture of a feesh and then had rote down unde, the feesh. What is the differents between you and a feesh. For the anser see the uther side. I turnt the paper over and it sed. A feesh nose enuff to keep out of site.

Sunday—When Mrs. Glunt cum to are house this evening to get are washing she Ant Emmy that her husband had made her get red of her washing she told Ant Emmy that her ed to no why and she sed that it woked up her husband in the mornings.

Monday—Pa got stung on a nother advertizment this week. He answered a add witch sed if you wood send a \$ Bill they wood tell you of a shure way to make a 1000 \$. Pa bit and sent in a \$ Bill and today they sent him a paper and told him to go and make a \$ on Monday and then repete it evry day for 1000 days. I think he is about 1-2 sore about it. He hasent told ma about it yet I gess.

Tuesday—The teacher told us that we must have a Compositishon on Battel ships today. But I thot mebbly she wood overlook it and tuk a chants on not making none up. But I got kep in for it. I wush she was like the collige perfeasers and wood be absent Minded once and a wile.

Wednesday—I and Jane went to the Confeckshunary this evening and I spent 20 cts. on us and wood of spent more oney she sed that was all the muneey she had with us.

Thursday—Well I diddent half to go to skool today. Las ne just for fun I pored the korn flakes in the box witch ma keeps her sope chips in and put the sope chips in the korn flakes box. When I ha det my breakfast I proved to ma I was pritty sick. So it wiked. Ma tried to wارش her stockens but she never got wise. But I will say this sope chips dont taste as nice as they look to the nekid eye.

Marcy Darnall, Florence, Ala., a newspaper man reports having found in a government bulletin that "a trapped skunk can be killed without disagreeable odorous consequences if it is approached slowly and quietly and given a sharp blow across the back with a stick." However, Darnall, cautions, that he merely passes the information along, without assuming any responsibility in the matter.—Plainview Herald.

WEAK AND THIN
Virginia Lady Was Just Dragging Around. Health Improved Steadily After She Took Cardui.

Bristol, Va.—"I was just about down in bed and so weak I was past going," writes Mrs. Jennie Goodman, of 718 Portsmouth Avenue, this city. Mrs. Goodman says her family was very uneasy about her condition, as she seemed so weak and thin. "I ached all over," she explains, "and my back and sides hurt most of the time." "I dragged around, and did not see a day of good health." "I went to call on one of my neighbors, and she remarked about my looking so bad. She told me to get a bottle of Cardui and take it. Next Saturday night, my husband brought it home to me." "Before I had taken Cardui a week, I was feeling much better. I continued taking it for awhile, as my health kept on improving." "I gained in weight, and soon was feeling like a new person. Since then I have taken Cardui several times, and it has always done me good. I can recommend it to others." Cardui has been in use so long that its merit has been proved by the experience of several generations of women. A purely vegetable, medicinal tonic. For sale by all druggists. MC-204

NEW FORD A QUIET CAR

The elimination of noises—from motor and from road shocks—was one of the things to which Henry Ford and his staff of engineers devoted particular attention in the design and construction of the new Model A Ford car.

The motor of the Model A Ford is one of the quietest, most nearly vibrationless engines that Modern automotive engineers has developed. Its designers provided for that feature with parts that are made of the finest possible materials, and that are machined to fit exactly. Balanced crankshafts and flywheels, precision-made bearings, aluminum pistons, unusually well designed and constructed valves and a particularly efficient lubrication system, all contributed to the quiet, smooth performance of the Model A engines.

The same careful design and construction in body chassis and running gear have also eliminated most of the other sources of noise in motor car performance. All body parts of steel stampings that might develop noises have reinforcing beads which tend not only to prevent squeaks and rattles, but also increase strength and durability. Panels and frame sections are welded and riveted together wherever there is possibility of the body weaving, due to uneven road conditions. Where bolts are needed in the final assembly of large units of the body, strips of rubber or other anti-squeak material is used between the sections. Sound deadening material is used in many places throughout the body interior. Fender squeaks are prevented by double-ply leather tape between the fender and body. The same material is used where cowl and body join. Hardwood fillers are used in all body sills. Rubber cushions are placed at all points where the body is bolted to the chassis.

All the experiences of twenty years of automotive design and construction have been employed to make the Model A Ford one of the quietest, smoothest cars ever built.

Texas' largest tree is a giant live Oak at Rio Frio, in the southeastern part of Real County. The spread of its branches is 100 feet.

Camp Meeting At Draw In July

An old-time camp meeting is being planned for Draw, according to Rev. D. D. Johnson, missionary of the Brownfield Baptist Association, who was in the city Saturday.

The meeting is scheduled to begin the first Sunday in July and to continue two weeks. An old-time arbor will be constructed and comfortable seats provided. The Rev. Johnson will do the preaching and Rev. A. A. Brian, pastor of the Baptist Church at Ropes, will lead the song services.

It is expected that large crowds will be in attendance.

The Rev. Johnson also announces that he will hold a camp meeting at Tokio, beginning the first Sunday in August. Rev. A. W. Shewmake of Close City, formerly of this county, will conduct the song services in this meeting.

Calvin A. Fleming, 70 years old, drives his Model A Ford touring car from St. Paul, Minn., to his Louisiana plantation, twenty miles south of New Orleans, in four days. He has never had a puncture on the 1,409 mile trip.

Three Shop-Lifters Caught Here Monday

Three transient young gentlemen visited a number of mercantile establishments here Monday morning with the evident purpose of acquiring a portion of this world's goods without paying therefor. And three young gentlemen are now in the county jail under indictment for theft, with a fair prospect of getting a free trip to Huntsville. They were indicted Monday, the same day their alleged offenses were committed, and their cases were set down for trial Thursday of this week.

Levine Bros. Store, Neyland's, Jones', and Brashears were all visited by the strangers and became the victims of their predatory operations. They took only a small amount of goods from each store, so far as has been ascertained, their purpose apparently being to not take as much as fifty dollars in value from any one place so as to keep the offense in the misdemeanor class.

But at Brashear's they overstepped the mark a bit. The three young men entered the store together, and while Mr. Brashear and Robert Noble were waiting on customers' two of them got busy purloining ladies' hosiery, to the amount of sixty dollars worth. Robert Noble had an eye on them, however, and detected their thievery. Soon after they left the store, he called the sheriff. The sheriff overtook the three men six miles south of town, searched their car, which was an aged Star, found the stolen goods, and brought the three travelers back to Tahoka, where the sheriff has been boarding them ever since.

Farm Expert Will Speak Saturday Eve.

Farm organizations that have for their purpose the development of the home and farm and work to that end have always been desirable and in recent years much progress has been made. Many worth while things have been done to make farm life pleasant and agreeable and at the same time created in the public mind a higher regard for the efforts of farm people to do the many things that are necessary for a well rounded farm community to become more happy contented and prosperous.

The Farm Bureau is undertaking to do this very thing and in many other communities have succeeded to a marked extent.

Mrs. Hudson is a splendid speaker a recognized farm leader among women, with much experience, possessing a sympathetic understanding of farm community problems and in her address will outline in an understandable manner a workable program of mutual benefit to the entire citizenship.

This meeting is under the auspices of a local committee of men and women interested in the development of Lynn county that are expecting a large attendance of men and women.

The meeting will be held at the court house in Tahoka Saturday night, March 16th, at 7:30 o'clock.

Uncle Jimmie Has Another Birthday

Another year has rolled around for Uncle Jimmie Fleming. On last Sunday his eighty-fourth birthday was celebrated with a big dinner. He was not 84 till Monday morning but Sunday was selected as the best day on which to celebrate. Accordingly a number of the friends were invited in at the noon hour and a sumptuous feast was enjoyed. They do say that Emmet Fleming is some cook, and he had prepared a meal that would have appealed to the appetite of a prince, fried chicken, baked chicken, pies, pies, pies, and a big, fine cake, with 84 candles upon it.

Guests present were: Dr. W. K. Johnston, Presbyterian pastor, A. W. White of Los Angeles, Homer Harrison, Van Bates, and I. A. Stevens. The editor had a pressing invitation to be present but regretted his inability to attend on account of sickness in the family.

Here is hoping the genial Uncle Jimmie may yet live to celebrate many other birthdays.

DISTRICT EPWORTH LEAGUE MEETING TO BE HELD HERE

The Epworth Leaguers of the Lubbock District will be in session in Tahoka March 16-17. The registration will begin at 8 o'clock at the Methodist Church. The Hi-Leaguers of the District will be in charge of the program. Everybody is invited to come be with us and see what the Leaguers are doing. All Epworth Leaguers are specially urged to be there. The Leaguers and other people of Tahoka are taking care of the delegates, and we want all in fact that they are welcome.

Come, we are expecting you. District Secretary.

Chicken Thieves Caught In Act

Floyd Carrol, married, and Preston Reed, single, are in the county jail on charges of stealing chickens Tuesday night from Lawrence Jackson at Draw. Eighteen hens constituted the loot, according to information gleaned by us from the Sheriff's office force.

It is said that the cackling of geese saved Rome but it was the squawking of the hens that saved Mr. Jackson his poultry and got the two Draw citizens in bad. About two o'clock in the night, it is said, as the hen-laden car bounced over a rough place in the road as the car was leaving the Jackson premises, the hens began squawking. This aroused Mr. Jackson from his peaceful slumbers and he hastily donned his trousers and went out to investigate. He immediately discovered that his hen-roost had been visited and that some of his choice layers were missing. It took him just two seconds less than no time to crank up his limousine and give chase to the car that bore his female fowls.

Discovering that they were being followed, the two occupants of the car hastily ejected the hens, parked their car, and entered their domicile for the remainder of the night. But the "eyes of Texas" were upon them. Mr. Jackson stood guard while he sent a boy to phone the news to the sheriff's office in Tahoka. J. H. Bullman and Guy Sherrod responded to the call and found Mr. Jackson in charge of the purloiners of his poultry. The two men were promptly escorted back to town and were given quarters in the county boarding house.

Their cases will probably be disposed of in the county court at an early date.

New Buildings For University of Texas

Austin, Tex., Mar. 6.—By supplementing the available fund with a loan of \$1,250,000, a four-building program is the goal sought to be reached in the immediate future at the University of Texas, according to the twenty-third annual report of the University Board of Regents to Governor Dan Moody.

Plans are about complete for the enlargement of the present library building at a cost of some \$650,000. A new chemistry building, to cost about \$800,000, has been designed and the plans have been approved by the Regents. The contract for the unit of the Ex-Students' Association program, will be let as soon as bids can be received after the next Regents' meeting. This building will cost a minimum of \$450,000. Finally a building to house the shops of the department of mechanical engineering must be erected after they are removed from their present site for the construction of the Chemical Laboratory there.

Plans have been completed for a new two story, fifty by eighty foot Masonic Hall for Perryton. It is planned to put a basement under the building with provision for the installation of a heating plant, which will be used only if Perryton fails to get natural gas soon.

A contract has been let for the paving of four and one-half blocks of street in the main business section of Santa Anna. At the time the paving is done the water main will be replaced with an eight inch pipe which will cause the insurance fire rate to be reduced.

BROWNFIELD TRACK TEAM HERE FRIDAY AFTERNOON

The Brownfield track team will be here Friday afternoon in practice contests with the Tahoka track team out on the high school grounds. The contest will begin about 3:30 P. M. All who can do so should go out and witness these events.

LUBBOCK, Texas, March 13.—Farm Bureau leaders from 53 counties in the Panhandle and South Plains will gather at Texas Technological College March 8, for general discussion of problems under consideration by the organization. Mrs. M. S. Hudson of Hale Center, the only woman of the executive board of the Texas Farm Bureau has called the meeting and will preside at its sessions. This meeting at Tech is to follow up interest aroused in the Farmers' Short Course held here recently.

Within the next six months Merkel will have a four story modern hotel to cost \$25,000. On the first floor will be a commodious lobby, office, cigar stand, drug store, coffee shop, with banquet hall adjoining, and five

NEW FEED MANUFACTURING COMPANY FOR THE ENTIRE SOUTH PLAINS

R. E. Swain of Lubbock carries an ad in the Pointer this week announcing the opening of a Poultry and Dairy feed manufacturing plant.

Mr. Swain says: He can see no logic in shipping grain from this country to Fort Worth and having it manufactured into balanced ration feed, and then shipping it back, having paid the freight two ways. Why not manufacture it right here where it is grown, saving all that freight expense?

He goes on to say "This is the greatest feed producing area in the State and sees no reason why it should not continue to be so." Mr. Swain started his plant a month ago with a scoop and shovel and 100 pounds of mash and it has grown to a capacity of two car loads per week.

Mr. Swain is very optimistic over the out-look for the dairy and poultry business on the South Plains in the next few years. He hopes to have the largest plant of its kind on the plains next year.—Wilson Pointer.

C. C. WILLIAMS GOES TO TAHOKA AS SEC. C. of C.

Mr. and Mrs. C. C. William left here Monday morning for Tahoka, where Mr. Williams has been employed as secretary of the Tahoka Chamber of Commerce.

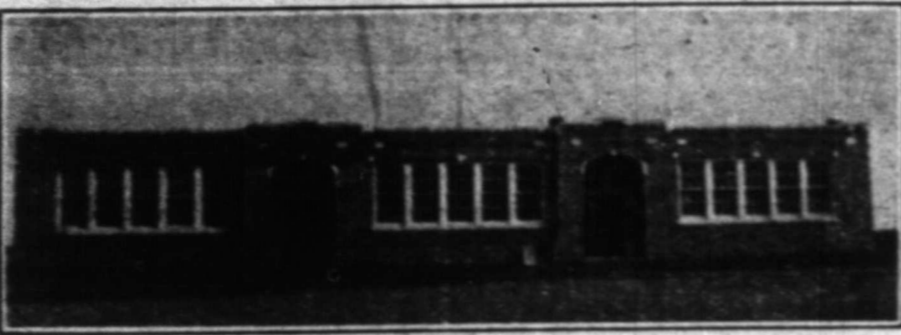

Mr. Williams has been secretary of the Crosbyton Chamber of Commerce for the past fifteen months, recently resigning this position during which time much development has taken place in Crosbyton and the adjacent territory, a few of which are: paying off an old Chamber of Commerce debt, a good road built to Watson, helping to secure third rural route, sponsored election to pave highway No. 53, work on reducing freight rates, efficient work on the Carlsbad Cavern highway, exhibit at the South Plains Fair.

Mr. and Mrs. Williams are fine people and their connection with the citizenship of Tahoka in this connection will be helpful and we are wishing for them great success.—Crosbyton Review.

The commercial catch ofysters in Texas dropped from 114,729 barrels in 1910 to 78,993 in 1927.

MRS. CROUCH HONORED WITH BIRTHDAY DINNER

A surprise birthday dinner was given Mrs. W. J. Crouch on March 10, it being her sixty-fourth birthday. Just the children and a few other relatives were present.

A bountiful spread, cooked in the old-time way, with the real spice and pound cake served as the good-wish cake. The table was beautifully decorated to suit the occasion; and after being seated at the table, the grandchildren clustered near Grandmother's chair and sang, "Happy Birthday to You". Tears of gladness trickled down Grandmother's cheek as she sweetly said in her kind way "Thank You" and gave each a huge slice of the large birthday cake.

After the dishes were cleared away, a teacher of the sixties, Mrs. Ola Hughes, taught a reading and spelling class.

Quite a lot of merriment prevailed throughout the day, and as we bade them goodbye and good wishes for many like occasions we motored away, leaving a happy memory of the day, but we are looking forward again for many happy returns of this birthday.

—One Present.

WEEK OF PRAYER PROGRAM ENDS

Week of Prayer programs, which were observed daily last week by the Baptist W. M. U. closed Friday afternoon. A good attendance was noted at the programs which were conducted at the parsonage. Bro. Dasher taught a lesson on "The Heart of Home Missions" each evening. The lessons were very instructive and quite an interest was shown in the study of the great good the Home Mission has done.

TEXAS TECH SIGNS FOR FOOTBALL GAME WITH B. U.

LUBBOCK, Texas, March 14 — With the signing of a contract for a football game between Baylor University and Texas Technological College for November 2, at Waco during Cotton Palace week renewed interest in the Matador schedule has been aroused in this section. A game with the Bears will give a distinct thrill to football followers of Tech in western Texas and since the annual trek to Fort Worth for the T. C. U. game will not be made this year it may be expected that a large delegation will accompany the Scarlet and Black gridsters to the lair of the Bruins.

Another event of outstanding importance will be the game with the Horned Frogs on the Tech campus October 26. For three years the stalwarts of the great open spaces have journeyed to Fort Worth only to leave their scalps hanging to dry in the wigwams at T. C. U. But this year it is to be different. The Matadors will be at home for the first time in a contest which has always proved a thriller. Tech has never failed to cross T. C. U.'s last marker. This game is expected to attract people from all over Texas.

Tech opens with the Wayland College Jackrabbits of Plainview, a light aggregation but game scrappers, always. The Matadors will journey to Alpine Oct. 5 for a tilt with the Sull Ross Lobos, known as a hard playing outfit. Daniel Baker of Brownwood will come to Lubbock for a game October 12. Tech will endeavor to unknit the tie resulting in this game last season at Brownwood. October 19 the Scarlet and Black will go to McMurray at Abilene. Abilene Christian College comes to Lubbock Nov. 11 for the first game of a three year contract, all games to be played in Lubbock. Nov. 19 Howard Payne plays in Lubbock.

It will be noted that the game comes with A. C. C. on Monday and the game with Howard Payne fall the game with Howard Payne falls on Tuesday, somewhat of a variation from the usual Saturday schedules. The event with Simmons is expected to develop into the Thanksgiving classic. Revenge for the defeat which the Simmons Cowboys administered to the Matadors here last season will be sought with a vengeance when Tech journeys to Abilene.

COMMISSIONERS WILL ATTEMPT TO OPEN ROAD

The road from Wilson to Slaton will again hold the spot light when the Commissioners meet Monday.

According to J. R. Houston, Wilson will be called on to raise something like \$200.00, the County will furnish over \$400.00.

This road has been a Joaner, we have been trying for a couple of years to get it opened up down the track, when this is done it is hoped that we will be able to get it designated as a State Highway and we think it can be done.

According to the plans now, when the road is granted it is hoped to have Lynn county and Lubbock county to begin work at the line at the same time and work away from each other.

We hope there is no slip this time and the road will be granted.—Wilson Pointer.

LUMSDEN SAYS TERRACING PAYS

The Plains farmers have been reluctant to take hold of terracing, believing this level country did not need terracing, but L. Lumsden has proven that it is a paying proposition. Mr. Lumsden terraced two farms last year and he states that those two farms paid him more money than any four farms that he has and he has several.

Mr. Lumsden says that he hopes to have all the farms terraced next year, he will buy a machine for that purpose. He also believes in soil conservation, every year he has cotton burs hauled and distributed over his farms.

Mr. Lumsden is right, terracing will pay big dividends not only in the conservation of moisture, but of the soil. Now is the time to practice soil conservation, don't wait until the land has been robbed of all its value then start, for then it will be found to be an expensive proposition but to begin now little expense is involved.

—Wilson Pointer.

O'Donnell is a modern city in every respect and is considered very tame by all who know it as it is, but nevertheless, a full grown coyote was killed at the south edge of the city limits on Monday of this week by Winter Knight of Tahoka. Winter killed the animal with a .22 caliber rifle which he carries in his car.—O'Donnell Index.

INCREASE IN T. U. LIBRARIES
Austin, Texas, March 12—Increase of from 200 to 300 package libraries each month over the circulation at this time last year is seen in the present circulation of the Package Loan Library of the University of Texas Division of Extension, according to Miss Mary Lula Barrett, acting chief. The total for February reached 2,800 packages, while that of January was over 2,900. Member schools of the Texas Interscholastic League are keeping the 250 packages on the League debate subjects, placed in the library by the University League Bureau, in constant circulation, and other package libraries are also proving very popular. The library serves schools, women's clubs, study clubs and individuals.
