

# The Lynn County News

Lynn County, in the heart of the best diversified farming country in Texas.

We invite you to locate in beautiful Tahoka. Good homes, good schools, good churches.

Volume XXV.

Tahoka, Lynn County, Texas, Thursday, May 16th, 1929

Number 38

## NEW TRUSTEES TAKE OFFICE

C. Wood Elected President; Weatherford Will Continue As Board's Secretary

At a regular meeting of the school board Tuesday night, four old members of the board retired and four new members took their places and the new board proceeded to organize by electing R. C. Wood President. Dr. C. B. Townes was kept as vice-president while J. S. Weatherford will continue as secretary.

The new members of the board are R. C. Wood, D. W. Gagnat, W. T. Clinton, and J. C. Wells, succeeding C. A. Thomas, S. W. Sanford, W. C. Wells, and E. I. Hill, who declined to stand for re-election. The hold-over members of the board are Dr. C. B. Townes, S. D. Sanders and J. W. Russell.

The new board transacted no business Tuesday night other than to perfect organization and to hear some applicants for places on the faculty for next year. Another meeting of the board was set for Saturday night, when it is expected to fill the vacancies now existing on the faculty.

The old board transacted no business at the meeting Tuesday night except to wind up some unimportant matters and to canvass the election returns, declare the result and swear in the new members.

One of the last acts of the old board was to make a contract with the Sewer Company to connect up the Central Ward school with the sewer system. All the work preliminary to connecting up was done prior to retirement of the old members of the board but the actual connection was not made until the next day after the new members took office. The old board also took steps to have additional toilets installed at the Central Ward but this was left as pending matter for the new board to complete.

We wish to take this opportunity to commend the fidelity and proficiency with which the old board has served the people of this district, the writer excepted. They have given much of their time and thought to the interests of our schools and we believe that they have succeeded remarkably well. The new board is composed of progressive business men who likewise have the best interests of our schools at heart and we believe that they will serve with great efficiency and wisdom.

## Seniors Are Honored By Baptist Women

The W. M. U. of the Baptist Church served a banquet to the members of the graduating class of the Tahoka High School in the dining room of the Church Monday night.

A most excellent program was given. The principal speaker of the evening was Dr. G. W. McDonald, President of Wayland College, Plainview. Mr. McDonald discussed at some length the hindrances that one meets with in the conquest of life and closed by setting forth some of the advantages to be gained in attending a junior college, such as Wayland, before entering the higher institutions of learning.

Mrs. J. E. Applewhite at the beginning of the program welcomed the members of the Senior Class and spoke words of commendation and encouragement. Clarence Barnes, responded on behalf of the class.

Two musical selections were given by the South Plains Quartette of the Tahoka High School, to the great delight of all present, and Mrs. Jack Jackson favored the banqueters with two piano selections.

Mr. Nat Williams, principal of the High School for the past three years, was on the program for an address and he did full justice to the occasion. His humor was sparkling and the words of wisdom were weighty. This was one occasion when the members of the Senior Class enjoyed having Mr. Williams talk to them.

Besides the members of the class and others already mentioned Supt. and Mrs. Baze and all the high school faculty members were present. It was a most delightful occasion.

Mrs. Weatherford has accepted a position with the Hogan Dry Goods Company beginning work Wednesday

## BANKER TALKS TO KIWANISANS

Dallas Man Commends Scientific Farming Methods at Meeting Here Wednesday

The Kiwanis Club spent one of the most profitable hours of its history at the luncheon Wednesday as it listened to a most illuminating address by Floyd Clouse of Dallas, inspector for the Federal Reserve Bank of the Eleventh district, and participated in a study of Kiwanis aims and purposes conducted by G. H. Nelson.

Mr. Clouse, who was here as the guest of W. B. Slaton, spoke first of the wonderful development that this section of Texas is experiencing. He gave his whole-hearted approval to the employment of scientific methods in farming, diversification of crops, and the growing interest in the dairy business. He took the position that the more diversified the sources of income are, the more secure will the progress and prosperity of the people be.

But Mr. Clouse devoted most of his time to an explanation of the workings and function of the Federal Reserve Banks. He gave much information.

(Continued on Last Page)

## Dist. Atty. Price Moves to Tahoka

District Attorney T. L. Price is making his arrangements to remove from Post to Tahoka and will probably effect the move this week.

In speaking of his removal to a representative of the News Mr. Price stated that it was with considerable regret that he removed from Post, since the people there have been very kind to him, but he felt that he could better serve the district from Tahoka. It is much nearer the center of the district and he will lose less time in going to and from the various courts. Besides, he says he has always liked Tahoka and her people, and in coming here he expects to make a good and loyal citizen of the town.

The commissioner's court Monday agreed to fit up the two offices now occupied by J. S. Weatherford for the district attorney. Mr. Weatherford will remove one door further north and Tom Higgins, the janitor, will be given another room in the building. The offices occupied by Mr. Weatherford were originally intended for the use of the district attorney, we understand.

Tahoka and all Lynn County will be glad to welcome Judge Price as a citizen. We understand that other towns in the district have been bidding for him but he decided that he could best serve the people of the district from this point. Our little city is to be congratulated upon the acquisition of this splendid citizen and official.

## Mrs. Aycock, Aged 79, Dies Tuesday

Mrs. Mary J. Aycock, who has been residing with one of her sons a few miles north of town died Tuesday at the advanced age of 79. Death was due chiefly to her advanced years.

The remains were taken to Lubbock Wednesday for burial where the funeral services were conducted.

Mrs. Aycock leaves three sons residing near Tahoka as her survivors, these being A. C., B. C., and J. B. Aycock. We did not learn whether there are other children.

## COUNTY JUDGE MARRIES O'DONNELL COUPLE

Judge G. C. Grider tied a nuptial knot good and hard last Saturday when M. O. Brewer and Miss Lorene Gibson, both of O'Donnell, were united in marriage in the court house here. The young couple returned to O'Donnell immediately after the marriage ceremony was performed and will make their home there.

Pete Ort stated to the editor last week that he had corn tasseling. To prove that his veracity should be rated at par, he brought to the News office this week a little stalk of corn that was not only in full tassel but that had a "silk" protruding from the topmost end of an embryonic ear of corn. Pete is some gardener.

## PART OF LYNN GETS RAINFALL

Only One-Fourth Inch Falls Here; Northeast Portion of County Is Well Soaked

Comparatively small portions of Lynn County were visited by rains Saturday and Sunday, but the major portion of the county received little or no rain. Heavy rains visited Lubbock, Slaton, Lamesa, and Brownfield, and the rainfall covered most of the South Plains, but most of Lynn county and a large portion of Dawson county were apparently frowned upon by the rain-god. The precipitation in Tahoka early Sunday morning amounted to almost a quarter of an inch. Possibly a smaller amount than this fell at O'Donnell, and many sections of the county received no rain at all. A small portion of the county west of New Home is said to have received a good rain while Wilson, New Lynn, and all the northeast quarter of the county were soaked, Wilson receiving 1-4 inches of moisture.

At Lubbock more than 4 inches is reported while Brownfield received about two inches, Post 1 1/2 inches, and about the same at Lamesa.

Farmers are busy planting in those portions of the county which the rains visited, but in the remainder of the county they are still waiting for rain.

The first good rain visited Lynn County last year on May 13, while the first rain of any consequence in 1927 did not fall until June 13. Nearly all the crops of feed and cotton in the county were planted after that date and enormous yields were made. A fairly good cotton crop and a record feed crop were harvested last year. In view of these facts, old timers here are not deeply worried yet over the failure of the rain to cover this county the first of the week although a good general rain would be hailed with delight by all.

## Lack of Fuel Stops Well Drilling

Drillers at the Ash Syndicate well five miles west of Tahoka were compelled to shut down a few days this week on account of their supply of fuel oil being exhausted and failure of a new shipment to arrive on time. It was expected that drilling would be resumed today, however. A depth of 1575 feet had been reached prior to the shut-down, according to J. B. Nance, who is closely watching developments in this well.

## City Council To Employ New Man

At the last meeting of the city council, G. H. Hines was authorized to employ a helper in the water service of the city at a salary of \$75.00 per month and J. L. Jolly has been given the job. The city council also raised the salary of W. M. Lee from \$5.00 to \$15.00 per month for his services as night watchman, the main part of his remuneration coming from the business men of the city.

A committee was also appointed to investigate the necessity of extending the water main in the west portion of town. This committee will report at the meeting next Monday night.

## NEW LYNN HOME DEMONSTRATION CLUB REPORTS

The New Lynn Home Demonstration Club met with Mrs. J. H. McCarty May 7th. Those present were Mrs. Barton, Price, Yandell, Spears, McCarty, Terry, Winkler, Taylor, Woolsey, Baggett, Higginbotham and Misses Spears and Winkler. The afternoon was enjoyed by everyone present. The next meeting will be with Mrs. Yandell on May 21.

## GRIDER CHILDREN SICK OF SCARLET FEVER

Six of the children of County Judge G. C. Grider have been sick of scarlet fever. Most of them are now well on the way to recovery, but one little girl five years of age, Ruth, is still seriously sick. Her fever is running very high and her condition has not shown the improvement that could be desired.

It is to be hoped that all the children will soon be well again.

## City Schools Close Tomorrow; Twenty-Three Will Graduate

### GRADE SCHOOL GRADUATES 39

G. H. Nelson Delivers Address To Seventh Grade Class On Tonight's Program

The graduating exercises of the Seventh Grade will be held in the high school auditorium tonight, when the thirty-nine members of the class consisting of twenty girls and nineteen boys will receive their diplomas.

Grace Montgomery will be the Salutatorian and Marietta Montgomery, Valedictorian. Hoyt Willingham is the class poet; the class prophecy will be given by Oma Moffet, while the Class Will will be read by Esther Barrington.

County Attorney G. H. Nelson will deliver the class address and the diplomas will be presented by Supt. M. L. H. Baze.

The class is composed of the following members: Sam Breedlove, Billie Clinton, Maurice Cowan, Chester L. Deering, Corbin Douthit, Horace Edwards, Tom Estridge, Melvin Greathouse, Raymond Jackson, Ray Nevill, Elwayne Nevill, Payton Perkins, Dayton Short, Lewis Spears, Jack Stevens, Charles Townes, Clinton Walker, George Claude Wells, Hoyt B. Willingham, Esther Barrington, Lenora Dale Bartlett, Helen Brasfield, Mary Elizabeth Deaver, Claudia Mae Draper, Irene Holt, Pauline Jackson, Oneda Estell Johnson, Elizabeth Link, Robbie Milliken, Oma Moffet, Grace Montgomery, Marietta Montgomery, Sybil Prater, Delois Reed, Lorene Reese, Toye Thompson, Alize Weathers, Ora Belle Willingham, Elsie Woolsey.

The program for the evening follows:

- Processional.
- Invocation—Rev. R. T. Breedlove.
- Salutatorian—Grace Montgomery.
- Song.
- Poet—Hoyt Willingham.
- Prophecy—Oma Moffet.
- Piano Solo—Mrs. Jackson.
- Class Will—Esther Barrington.
- Valedictorian—Marietta Montgomery.
- Address—G. H. Nelson.
- Presentation of Diplomas—M. L. H. Baze.
- Response—Clinton Walker.
- Reading—Alize Weathers.

## Alvin Seth and Miss Hancock Wed

In the presence of a few friends and relatives on Sunday morning, May 12th, at nine o'clock, at the home of the bride's parents, Rev. W. K. Horn of Close City united Mr. Alvin Seth of Tahoka and Miss Tency Hancock of New Home in marriage. Mrs. Byron M. Hays of Eastland, sister of the bride sang "I Love You Truly" accompanied by Mrs. Henry Heck of Wilson, also the bride's sister, Mrs. Heck played "The Flower Song" by Lange as a Wedding March.

The bride wore a beautiful beaded powder blue tulle crepe dress with powder blue kid pumps and accessories to match. She is the attractive daughter of Mr. and Mrs. F. H. Hancock of New Home and has taught school for the past two years at Robertson in Crosby County. She is an ex-student of Howard Payne College, Brownwood, and Texas Tech at Lubbock.

The groom is the only son of Mr. and Mrs. W. C. Seth of New Home and now holds a position with the Woolridge Lumber Company at Tahoka.

After a short wedding trip to Roswell, New Mexico, the White Mountains and other points west, Mr. and Mrs. Seth will be at home to their many friends in Tahoka.

Rev. B. N. Shepherd returned Tuesday night from Memphis, Tennessee, where he attended the Southern Baptist Convention. He reports a great meeting of that body, much discussion of some important matters, and some important changes in the work effected. He and his companions had a most pleasant journey there and back.

## Douthit's Stolen Car Recovered at Gail

The Ford Sedan belonging to Henry Douthit, which was stolen from the premises of the High School soon after noon on Wednesday of last week, was recovered Friday on the highway seven miles east of Gail, where it had been abandoned by the thief. Very little damage had been done to the car, we understand.

We failed to learn just what caused the culprit to abandon the stolen car but we understand that he caught a ride on a line car on to Sweetwater where he stole another car. He was later arrested and is now reposing peacefully in the Nolan county jail according to Sheriff Sam Sanford. Several cases of car theft are pending again him in various counties, and a trip for the young man down to Huntsville seems in prospect. He is said to be just a very young man. We did not learn his name or residence.

## Juniors Banquet Graduating Class

According to a long standing custom, the Junior Class of the Tahoka High School entertained the Seniors with a banquet Tuesday night, the function being given in the Methodist Church basement. A very appropriate but unusual scheme was used, wherein the setting was a flower garden, and decorations were of pink and green, Junior class colors. At intervals on the table there were trellises with tiny rose vines and roses entwined. Everything was suggestive of spring and flowers. Roses were given as favors.

The banquet was pronounced a great success. It marked the close of events for the Junior Class for this year and in the words of Miss Worthy, Senior sponsor, was "the crisis of Senior activities." Edgar Edwards, President of the Junior Class, proved to be a very successful and entertaining toastmaster. The program as rendered was as follows:

- The Gardner—Toastmaster—Edgar Edwards.
- The Rain—Hard Study—Clarence Barnes.
- The Sunshine—Good Times—Tommy Grace Clinton.
- "The Flower Song"—Piano Solo—Mrs. Jack Jackson.
- To the Butterflies—The Girls—Jack Alley Robinson.
- To the Bumblebees—Boys—Rose Wood.
- "Roses of Picardy"—Vocal Solo—Jim Jackson.
- To the Thorns—The Faculty—Mabel Lee.
- To the Budding—Senior Class—Myrtle Hill.
- "Narcissus"—Piano Solo—Janelle Windham.
- Reading—Virginia Sanford.

A most palatable dinner was served, also conforming to the garden scheme, both in the plan and in the nature of food served. All enjoyed the feast and the program to the utmost.

## Fire Destroys Redwine Farmer's Feed

J. Y. Thompson and a gentleman named Williams residing on the Usel farm in the Redwine community suffered considerable loss by fire early Tuesday afternoon when possibly eighteen or twenty tons of heads belonging to Mr. Thompson and a long rick of bundle feed belonging to Mr. Williams were completely destroyed. The origin of the fire is not known. The blow was a particular heavy one to Mr. Williams, as all his feed was consumed and he can ill afford to buy more, according to E. H. Cunningham of that community, who gave us the information about the fire Tuesday afternoon.

J. E. Russell of Matador, field man for the Texas Cattle Raisers Association, and Lem Chesher of Lubbock, special officer for the organization, were here on official business Wednesday, and were interviewing our Sheriff, Sam Sanford, while in the city.

## LAST PROGRAM FRIDAY NIGHT

Hon. R. A. Baldwin, Slaton, Will Deliver Commencement Address To Senior Class

The graduating exercises of the Tahoka High School are to be held in the High School Auditorium Friday night, when twenty-three members of the Senior Class are to be awarded diplomas.

The "baccalaureate" sermon was delivered to the class at the Methodist Church last Sunday morning by Rev. Geo. W. Parks of Roscoe. He took for his text the scriptural question propounded by David in one of the Psalms: "What is man that Thou are mindful of him?" and his discourse was generally pronounced as one of the very best ever delivered to a graduating class in Tahoka.

Preceding the sermon, the South Plains Quartette, composed of four high school boys, sang one of the popular songs of the long ago, "My Old Cottage Home", the spirit of the song being in keeping with the spirit of the day, this being Mother's Day.

Hon. R. A. Baldwin of Lubbock, lawyer and author, will deliver the class address. Friday night. Miss Tommy Grace Clinton will be Salutatorian and Miss Lowell Douthit, Valedictorian. The Key of Knowledge will be presented by Clarence Barnes on behalf of the Seniors to the Junior Class, and Edgar Edwards will accept it on behalf of the Juniors.

The graduating class is composed this year of twenty-three members, twelve girls and eleven boys, the class being more evenly divided between the sexes than usual. The personnel of the class is as follows: Noel D. Bray, Odelle McKaughan, Marie Tredway, Tommy Grace Clinton, Eva Cowan, Lois Jefferys, Charlene Maddox, Beulah Hancock, Opal Link, Lucille McCord, Jessie Williams, Lowell Douthit, Bill Speight, Clarence Barnes, Ben Lawson, Smith Lawson, Frank Sargent, Voyd Smith, Frank Willingham, Bonnie King, Floyd Thompson, Vernon Massengale, Jesse Roberson.

The program, which will begin at 8:30, is given below:

- Processional—Mrs. Jackson.
- Salutatory Address—Tommy Grace Clinton.
- Vocal Solo—Charlene Maddox.
- Valedictory Address—Lowell Douthit.
- Presentation of Key of Knowledge—Clarence Barnes.
- Acceptance of Key—Edgar Edwards.
- Vocal Solo—Frank Sargent.
- Address—Hon. R. A. Baldwin.
- Presentation of Diplomas—Supt. M. L. H. Baze.

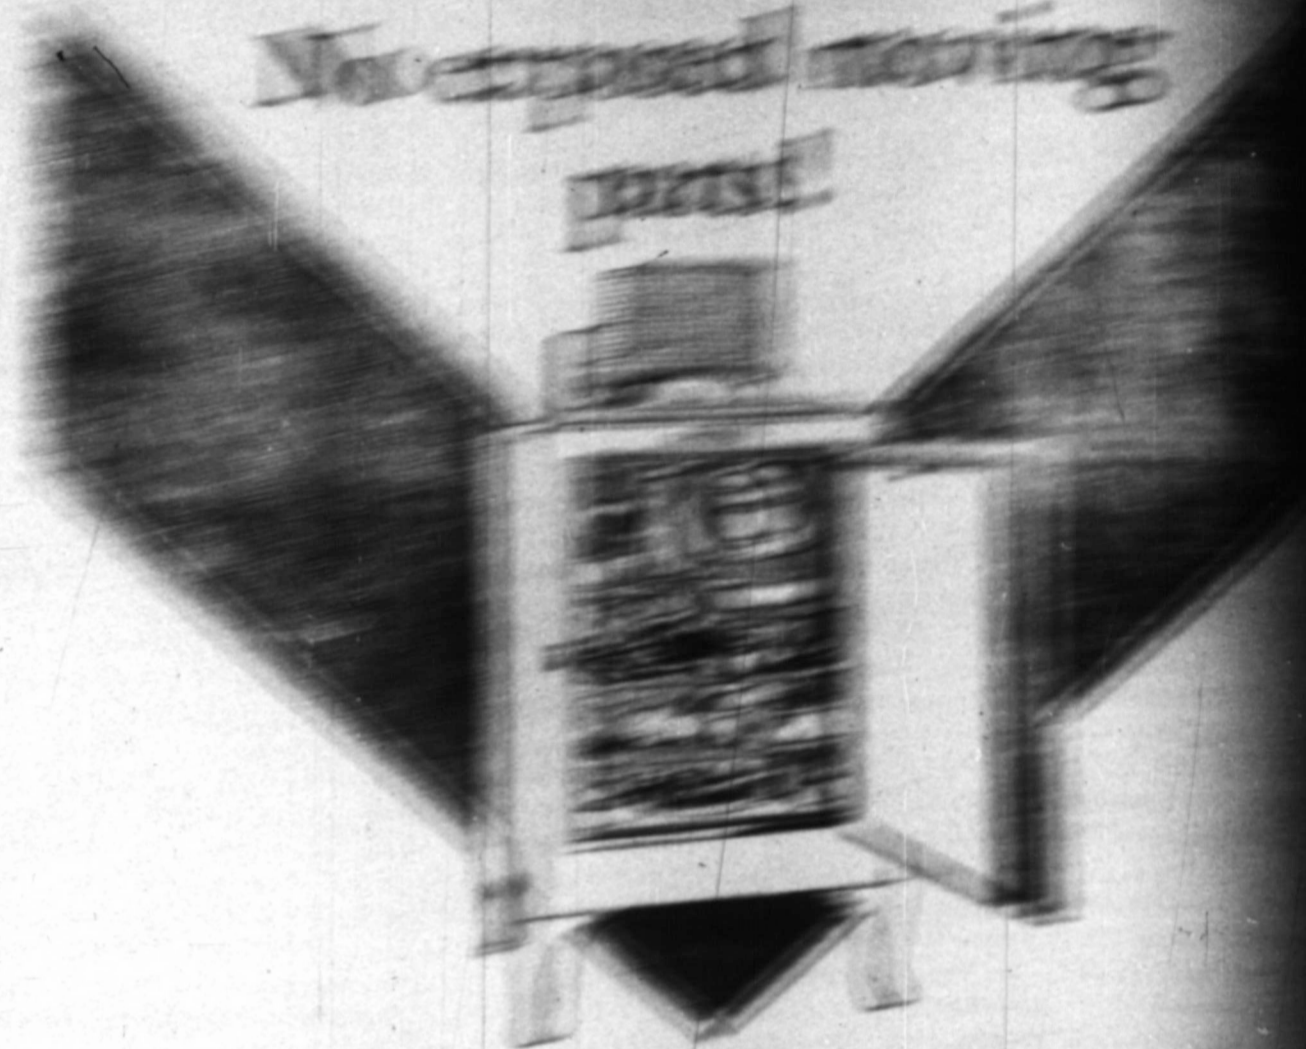

## Young Man Taken To Lubbock Hospital

Dean Hickerson, son of Mr. and Mrs. G. W. Hickerson of Three Lakes, was taken to a Lubbock sanitarium in a most precarious condition Wednesday afternoon in the Harris & Applewhite ambulance.

Young Mr. Hickerson has long suffered from a kidney and bladder trouble and has heretofore undergone two or three operations. Recently his condition has been growing more grave and it became so critical Wednesday that it was decided to take him to a sanitarium at once. Grave fears are held that he may not respond to treatment and that the terrible disease may soon have fatal results.

## JUDGE MADDOX TO DELIVER ADDRESS AT GRASSLAND

Judge B. P. Maddox of this city has been invited to deliver the address to the graduating class of the Grassland High School tonight. Judge Maddox is a forceful speaker and will doubtless carry a great message to the class and to pupils and patrons of the school generally. A large crowd is expected to attend the exercises.

Never closed morning  
part!

### NEW LYNN HONORS PROF. WHITE WITH BANQUET

Last Wednesday evening, Taylor White, Vocational Agricultural teacher of Tahoka was the guest of honor at a banquet given in his honor by the boys whom he has been teaching for the past year at New Lynn. A fine banquet was furnished by the boys of his class and served by the 4-H Club girls of that community. A. V. Price, principal of the New Lynn school was toastmaster and an exceptionally fine program was rendered, in the way of music and short talks, by the people of New Lynn and Tahoka.

Mr. White is held in high esteem

by the people of New Lynn and especially by the boys whom he has been teaching. At the close of the program Mr. White was presented with a nice new gun by the boys of his class, in appreciation of his work in their community.

The program was strictly a home one, most of the food served was grown in that community and prepared by the house-wives. The building was beautifully decorated in white and pink. The 4-H club girls who served were dressed in pretty costumes, very appropriate for the occasion.

On the black board the clubs had made a list of their achievements in the way of prizes won during the past year and it was found among the various prizes that the New Lynn Community has won; the All around Championship in the interscholastic Meet, first place in Literary events and first in Athletics. At the County Fair last fall they won second place for their school float, second first places on hogs, 1st on sheep, 1st on poultry, 1st on ducks, 1st place on crops and many other prizes especially in the canning division. A stranger could soon have learned that New Lynn is inhabited by a group of industrious and public spirited farmers.

On next Saturday the people of that community are to vote on a bond issue of \$16,000.00 to build a nice new brick school building to replace

have. The school this year has been the wooden structure which they now taught by Mr. A. V. Price, principal, Mrs. A. V. Price, Mrs. Charlie Bowen, and Mrs. Carr.

Short talks were made by M. Bizzell and Ms R. W. Barton, President of the school board at that place and Taylor White, Truett Smith, G. H. Nelson, M. L. H. Baze, Ray Shaver, W. M. Harris, Lum Haney, Dr. C. B. Townes and C. C. Williams all of Tahoka.

### DISTRICT C. OF C. CONVENTION PAID ALL EXPENSES

At a meeting of the board of directors of the Tahoka Chamber of Commerce Monday night, C. C. Williams, the secretary, presented a report of the finances showing that the recent district convention held here paid its expenses and the local organization had \$3.70 left. Thus the local organization was out nothing for the entertainment of the convention except the time and labor they put into the affairs.

The financial report of Mr. Williams also showed the body almost out of debt, and a nice balance in one of the banks was set aside as a start fair next fall.

Bill Burleson, chairman of the highway committee, was instructed to make investigation and report on the advisability of erecting road signs directing tourists through Tahoka at such places as Post, Snyder, Albany and other points where highways diverge, one of which leads through Tahoka.

Taylor White was instructed to appoint a committee to formulate plans for the next trades day, which is the fourth Monday in this month.

A smoker for the near future, probably Thursday night, May 23rd, was decided upon. All members of the Chamber of Commerce will be expected to attend this smoker and enjoy a social hour and a nice program. An able out-of-town speaker has been invited.

### RETIRING BOARD MEMBERS EXPRESS APPRECIATION

Upon retiring from the board of trustees of the Tahoka Independent School District, after four years of service, we desire to thank the people and patrons of our schools particularly for the excellent and almost uniform co-operation which they have given us during our incumbency and to thank the superintendent and faculty members as a whole for their faithful service. The people and patrons for the most part have been considerate and sympathetic toward the board and the faculty, and the members of the faculty, as a whole, have been devoted to their duties and proficient in the performance of them. We have noted with much pleasure the great improvement in our school facilities and equipment and the character and standards of our schools during the past few years.

We pledge to the new board and to the school faculty and patrons our sincerest good wishes for the continued improvement of our schools and our purpose to co-operate and assist in any and every way that may seem proper.

## Mr. Driver, You Owe It To Your Family!

Your car is a member of the family circle. It cost you real money—when it operates properly it affords you all a lot of real pleasure.

When it goes bad the whole family misses it—you realize just how much it means to you. You owe it to your family to keep it in good running order. Now, do you know that—

Nine-tenths of motor troubles come from faulty action of the valves? Well, that's a fact! When the valves warp, lose compression and leak, the whole motor is sick for the valves are the heart of the motor.

Faulty valves need correction. They must be properly, accurately, scientifically corrected, if you are to enjoy the full power and efficiency of the motor. Grinding valves in with grinding compound does not correct their faults. Grinding is guess work. Motors and valves are not made by guess, do not work by guess.

There is only one safe, sane, sensible, scientific system of valve correction and that is the KWIK-WAY SYSTEM—recognized as standard throughout America—and we employ that system. Come in—see how accurately it works—see what a perfect job it does.

You owe it to your family—and yourself—to see that your motor valves are properly corrected. Drive in—NOW!

### SLAT'S DIARY

Friday—Well we had are Test in Jogertry today and the teacher ast I funny question and I hope to get by with my anser but it seems like a funny one to ask in the jogertry lesson. She ast What and Where is the Rine at. I sed on my paper that is what you find on the outside of a water melon when you cut it.

Saturday—Pa told ma today that she cud go a hed now and by his berthday present for him becuz he had just finished making the last payment on the Crismas present she bouten for him last Crismas.

Sunday—They is a kind of a coxness sprang up among ma and Ant Emmy and pa seems to think mebbey a remark I made to Ant Emmy is the Maine cause of it. I ast her if she played ft. ball and she replied and answered Why no, child, why do you ask, and I told her that I herd ma say that mebbey when Ant Emmy kicked off weed get us a new ottomobel. That's all they was to it. Sum folks is always trying to make a mountain out of a mole hill.

Munday—Miss Hix was here this evning and she was a saying that she is scrubbed with Inhibishuns of sum kind and Ant Emmy sed she diddent care what kind it was she bet her gw tonic wood cure it.

Tuesday—This evning when ma cum home from the Bridge party I ast her what wood happen if I eat 2 pickels, 1 ice cream cone & 2 peaces of Devils food cake and sum reddishes and a few pretzels and she sed I wood undoubedly get offly sick. But I had a good joak on her becuz I diddent get sick mutch and I et em awl.

Wensday—Mis Glunt witch is a skool teacher was at are house today and she ast Ant Emmy if she liked Kipling and Ant Emmy sed she liked them boilt if they was real fresh.

Thirsday—Ant Emmy visited are skool today and she sed it wasent mutch like it was when she was a yung girl and went to skool and she diddent think they had reely made very mutch Progress becuz from what she could lern they was still a trying to find the least common multiple without much success it seemed like to her.

Mr. Evans of the A. & M. College, district agricultural agent, was here in the interest of the work Wednesday. He and county agent Ray Shaver visited some points in the country, interviewing some of the farmers. Mr. Evans upon leaving expressed himself as being well pleased with the spirit of co-operation that seems to exist among the farmers and others here.

Ernest Seay of Albuquerque, N. M., was here Monday visiting Mr. and Mrs. Pledger Coleman, being a brother of Mrs. Coleman. He reported that he traveled through a six-inch snow from Mountainair to Vaughn and through mud most of the remainder of the way.

Mrs. B. N. Shepherd received a message Saturday morning that her father, Mr. G. H. Howard, had just died at his home at Irell. She and daughter, Miss Gertrude, left immediately for that place. They are expected back the latter part of this week.

FOR SALE—Half and Half cotton seed, at \$1.75 per bushel. A. M. Willingham, at Farm Bureau Gin. 38-4c

Bill Burlison left Wednesday for Mineral Wells, where he expects to spend a week recuperating.

### For 9 Years Gas Ruined Her Sleep

"Due to stomach gas I was restless and nervous for 9 years. Adierika has helped me so that now I eat and sleep good."—Mrs. E. Touchstone. Just ONE spoonful Adierika relieves gas and that bloated feeling so that you can eat and sleep well. Acts on BOTH upper and lower bowel and removes old waste matter you never thought was there. No matter what you have tried for your stomach and bowels, Adierika will surprise you.—Thomas Bros. Drug Co.

FOR WORKING PEOPLE The best of workers get out of sorts when the liver fails to act. They feel rapid, half-sick, "blue" and discouraged and think they are getting lazy. Neglect these symptoms might result in a sick liver, therefore the sensible course is to take a dose or two of Heritine. It is just the medicine needed to purify the system and restore the vim and ambition of the worker. Price 60c. Sold by THOMAS BROS. DRUG CO.

### PICTURE ADDS TO AMERICAN SCREEN HISTORY

A new chapter has been written in the history of the motion picture. A new wonder has been revealed. "Redskin", the new Richard Dix epic of the West, which will run Wednesday and Thursday of next week at the English Theatre, marks an amazingly wonderful step forward.

Beautiful scenic backgrounds are revealed in all their true color and beauty: The hills and valleys of the Indian country are reproduced for the screen just as the eye sees them in nature. And the powerfully gripping story, true to Indian traditions and customs, unfolds in this native setting.

A master cast enacts this drama. Richard Dix, who made such a tremendous success of his picturization of "The Vanishing American", turns his thoughts to the serious drama again and records a new masterpiece worthy of place with his previous enduring epic.

A. M. Carr, for several years past a resident of Los Angeles but now moving back to Dallas, was here a short time Tuesday visiting his cousin, S. N. McDaniel. Mr. McDaniel and Mr. Carr were boys together in Tennessee and had not seen each other for almost fifty years. This was also Mr. Carr's first visit to the South Plains and he was greatly impressed with the country.

### AMERICAN LEGION BOYS RECEIVE GERMAN TROPHIES

R. E. Fleming, post commander of the Marion G. Bradley Post of the American Legion, announces that the following war trophies, captured from the Germans by American soldiers in the World War, have been received by the local Post. These trophies are awarded to the Marion G. Bradley Post in recognition of the splendid record it made in the recent state-wide contest. They are on display in the American Legion Hall here. The list is as follows: 1 machine gun, Maxim; 1 tripod, Maxim; 1 ammunition box, 6 bayonets, long (plain); 1 bayonet, short (plain); 2 bayonets, saw; 6 rifles, Mauser A. G.; 1 rifle, Spandu (Mag); 1 rifle, Miscel; 2 sabres; 1 sabre knot; 2 helmets, enlisted men; 1 canteen; 1 lantern; 1 shell, 158 M. M. short; 1 box belt filling with machine; 2 projectiles, large; 1 projectile, small; 6 buckles, (Gott Mit Uns); 5 Stuck

**LUBBOCK COUNTY TO HOLD BOND ELECTION**

Lubbock County Road District No. Two was ordered created Monday afternoon by the county commissioners in regular session at the court house, and marks the first step toward the third attempt of this county since last December 1 to vote a bond issue to pave its highways. The commissioners' action followed the filing of a petition with them in January immediately after the defeat of the second bond issue.

**Leaves Slaton Area Out**

As created, the new road district will include all but about 100 sections of land in the southeastern part of the county, including the city of Slaton. It lies north and west of that part of the county bounded by the north line of road district number one, running from the east county line to the northwest corner of section 43; thence straight south along the east line of section 43, to the south line of block 1; thence west one mile; thence south along the east line of block 30 to the southeast corner of section 3; then west about half a mile south of Posey to the east line of section 70, about one mile east of New Hope, and then south along the east line of section 70 to the county line.

**Pinkston Is Opposed**

Action taken by the commission was not unanimous, J. A. Pinkston, Slaton commissioner, voting against it.

The matter was brought before the body by Charles F. O'Neill, chairman of the organization formed in January to prepare the next road bond proposition. In the courtroom at the time were to be seen a number of the leaders in the past two campaigns, all sides of those hectic events being represented, although none but O'Neill spoke to the commission. These included Mayor H. D. Woods, Jed A. Rix, J. H. Hankins, M. G. Abernathy, W. O. Sheely, Spencer Wells, Charles Nordyke, T. A. White, P. F. Brown and Joe Caldwell, state highway division engineer.

A delegation from the Abernathy vicinity was also present, some of them wanting to know if it were possible for an independent road district to be created in their section of the county, should they so desire. Among this delegation were G. L. Jackson, Fritz Fuchs, Charles Goeth, W. I. Adkisson, R. Schroeder, Raymond

Goeth, R. H. Howard, W. C. Norwood, Feli Goeth, Q. D. Hallmark, J. W. Pool and Charles Phillips.—Lubbock Avalanche.

**Want to Give Credit Where Credit Is Due, Says Farmer**

**His Health Has Returned And He Is Stronger Since Taking Orgatone**

"I want to give credit where credit is due—to Orgatone, for it has restored my health, and I feel better and am stronger in every way," said E. H. Wasson, of Rural route 4, Lubbock, Texas, in a conversation with the Orgatone man.

"For about twelve months, I have had an awful lot of trouble with my stomach. Everything disagreed with me and after meals I would get that puffed up, bloated feeling and belch up my food sour and undigested. I got to the point where I was almost afraid to eat anything because of the suffering I knew it would cause me. I was constipated and had terrible head aches, and my sleep was very poor. My system seemed to be all run down, I was losing weight and felt tired and worn out all the time. I was losing ground all the time and felt like if I didn't get something for my conditions, my troubles would soon become serious. I had severe pains in my stomach and would suffer terribly. I was very nervous and would lay awake at night and couldn't sleep.

"A friend of mine recommended Orgatone to me, and it has not only relieved me of my troubles, but has built me up amazingly. I have taken three bottles and my stomach is now in good shape. My appetite is fine and I can eat anything I want to without a sign of indigestion. My constipation and headaches and all that tired feeling are gone, and I have gained in weight. I know, Orgatone has been a great medicine for me and I don't think anybody suffering like I did can make a mistake by giving it a trial. I can never say too much for Orgatone."

Genuine Orgatone may be obtained in Tahoka at Thomas Bros. Drug Co.

### MODEL T FORD

THE Ford Motor Company is making a new car, but it is still proud of the Model T. It wants every owner of one of these cars to run it as long as possible at a minimum of trouble and expense.

Because of this policy and because of the investment that millions of motorists have in Model T cars, the Ford Motor Company will continue to supply parts as long as they are needed by Ford owners.

So that you may get the greatest use from your Model T, we suggest that you take it to the nearest Ford dealer and have him estimate on the cost of any replacement parts that may be necessary.

You will find this the economical thing to do because a small expenditure now will help to prevent costlier repairs later on, increase the value of the car, and give you thousands of miles of additional service.

For a labor charge of only \$2.60 you can have your generator put in first-class condition. A new universal joint will be installed for a labor cost of \$3. Overhauling the carburetor costs \$1.50; steering gear, \$3.50; radiator, \$7.50. A complete overhauling of the rear axle assembly runs between \$5.75 and \$7 for labor. An average price of \$22.50 covers the overhauling of the motor and transmission.

These prices are for labor only because the need and number of new parts depend on the condition of each car. The cost of these parts is low, however, because of the Ford policy of manufacturing and selling at a small margin of profit.

**MAGAZINE REVIVAL BEGINS AT TABERNACLE STUDENT**

Brother Henry C. Powers, a former resident of Taboka and pastor of the Church of the Nazarenes in Coalinga, California, will do the presenting in a revival beginning at the City Tabernacle next Sunday, May 19, at 11:00 A. M.

Brother Powers is a great example of God's power to save from an empowrer for service in the gospel ministry. Having held one revival here, he needs no further introduction to Taboka people, his power in the pulpit being well known.

We expect to have excellent singing and instrumental music, but we see by no means planning to make those the chief attractions in this revival. We are determined to give those the Christ, the all-governing power, the material necessities of humanity no use except as they center Him in His power to deliver from all sin and fill with those blessed virtues of which He only is the source.

And so we urge you to come to these services not seeking entertainment similar to that which the world gives but seeking acquaintance and fellowship with Jesus by experience, conversation, and faith. Know that by the authority of His word and the testimony of every true child of His, that the soul blessings which He gives infinitely surpass anything the world offers as pleasure in their power to produce genuine rest and peace and happiness in the hearts of men.

As Nazarenes we know that our existence as a church in Taboka is justified only to the extent that we are able to be of service to God and to Taboka. Our souls are burdened for the lost of our town and we are here in their interest alone regardless of their class, color, condition, or belief.

A Christian welcome awaits you in these services.

F. O. FAER, Pastor.

Mr. and Mrs. Pfleger Wampler visited friends in the city Friday night.

**WHAT OTHERS THINK**

The Dallas Trade Trippers found their personal visit here last week that certainly someone connected with framing the famous West Texas Building Power Map for Dallas had compiled a report that they knew absolutely nothing about. Dallas now charges that some foreign concern drew the map based on statistics way back yonder—evidently in the medieval age, perhaps. Those were the days, too, when we heard them say down in East Texas, it had gotten so dry the ground cracked open, wide enough to contain a wagon bed, and that for winds were so tempered they turned out the creek in the frogs. We are just liberal minded enough not to believe that on East Texas, and don't mind setting those people down here know we don't believe it. Too, we are fair minded enough not to take advantage of the misfortune that come to any part of this grand old state and make capital out of it, it is the hope that West Texas may gain by it, despite the fact that East Texas has never lost the opportunity to make capital out of the misfortune of this section of the state. The good God above created Texas that we might all live in it, no matter the section, in peace, and build for the future. But with that, we are prone to believe, He in His infinite wisdom was a little partial to West Texas when he moulded the grand Texas empire.—Graham Leader

We very often hear a complaint that we are paying too much for our schools, and really our taxes do seem high, for we have to pay them in a lump sum, and all of them come due the same month, January. These include, auto, dog—if any—State and County, Fuel, School and City. In fact we can't see, smell, hear, taste, or feel anything in January except taxes. In some of the cities, they are spreading the collection over some months, thus relieving the situation, and there is some talk of collecting city taxes here in the fall. A good move. But back to the schools, some fellow who is a worm for statistics informs us that the average man spends 6 cents for auto, 1 cent for luxuries for each one copper penny that he spends on school. We may say that is our business, and is, but on second thought we are bound to reflect that it may be ding-dong poor business. Certainly we can ride in our neighbor's car; we can dispense with chewing tobacco, cigaretties, candy and "wax" and live so tell the tale, but we must have schools or take our kids out with the wild animals, one of the two. Take your choice, brother.—Brownfield Herald.

The dry weather makes it more evident why there should be more poultry and dairy cows. Last week Decatur shipped a carload of cream to Pennsylvania, besides big shipments that were made to parts of this state. The day has not been far distant since the only milk cow in Wise County was a longhorn "wine-johnny" producer that had to be hog-tied to get that. Wise county is near enough to Young county for us to go over and find out how those people are making money out of milk products 12 months and 365 days in the year.—Graham Leader.

Senator Pink Parrish is making a strong fight to limit the amount of fees that county officials may retain. His bill would limit a net return of \$50,000.

"If you think the people want to pay more than \$10,000 a year to any county official, you're sadly mistaken," Parrish told his colleagues. It seems ridiculous to pay county officials, or allow them to take, more than the governor of this state receives.—Pampa News.

A life sentence in the Folsom, California, prison is the price Louis Morales, 37, will pay for a \$1.35 carton of cigarettes. This was his third conviction—the two prior convictions being for burglary—and under the habitual criminal law of California Morales has been sentenced to prison for life. Now, to be consistent should not the anti-pro propagandists start a crusade for the repeal of the California law as they did when a Michigan person got a life sentence for selling a pint?—Rogers News.

**MRS. CALLAWAY ENTERTAINS DINNER WITH BRIDGE**

One of the prettiest parties of the season was given Thursday afternoon when Mrs. E. E. Callaway entertained at the same hour bridge club and a few guests.

The rooms used for entertaining were beautifully decorated with roses and baskets of pink, white and red roses and red map-dragons.

The business served a lovely salad course and strawberry ice cream and large food cake laid in pink, roses of roses centered each table and pink rose-buds were used as plate favors.

The most like musician, Keadanes V. E. Slaton, Chas. F. Shook, Otis Thomas, Frank Larkin, L. E. Turrentine, Powell, C. C. Williams, Jerry Nash, Robert H. King, Bill Burleson, Tom Lemond, Marshall Swan, Elliott Boulton, Jack Alley, A. D. Sanders, Dr. Halsey Henderson, A. G. Childers, Frank Hill, and Mrs. Margaret Houston of Florida. Mrs. Marshall Swan won high score.

**INTEREST IN CLUB WORK GROWS AT MIDWAY**

The Midway Home Demonstration Club met Friday, May 19th, at Mrs. R. E. Foy's home, ten members and two visitors being present. Two new members were added. Our Home Demonstration Agent was supposed to be with us and give a demonstration but was unable to do so on account of illness.

Butter and cottage cheese study and judging was the subject of the afternoon. All members present were very much interested in the work. Interest in our club is growing with each meeting.

Each one is heartily invited to come and join us. We're always glad to have visitors.—Reporter.

**CITATION ON APPLICATION**

THE STATE OF TEXAS.

To the Sheriff or any Constable of Lynn County, Greeting:

You are hereby commanded to cause to be published once each week for a period of ten days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in said Lynn County, a copy of the following notice:

**THE STATE OF TEXAS.**

To all persons interested in the welfare of Jewell Pinion and Troy Pinion: Mrs. Balle Pinion has on the 26th day of May, 1929, filed in the County Court of Lynn County, an application for appointment as guardian of the estates of Jewell Pinion and Troy Pinion, minors, which said application will be heard by said Court on the 22nd day of July, 1929, at the Court House of said County in Taboka, at which time all persons in-

terested in the welfare of said minors are required to appear and contest said application should they desire to do so.

Herein Fall Not, but have you before said Court on the first day of the next term thereof this with, with your return chosen, showing how

you have contested the same. Given under my hand and the seal of said Court, at office in Taboka, Texas, this the 19th day of May, 1929.

THURTELL BARNES, County Court, Lynn County, Texas. By GERTRUDE BARNES, Deputy.

TAHOKA TEXAS

### "That Man Mayfield" Says--

In Every Town You Will Find One of These Long-Eared, Braying—

LOOK FOR THE MONKEY IN THE WINDOW—AND THERE YOU WILL FIND A SURE ENOUGH LONG-EARED

?  
(NO, NOT A DONKEY)

MONKEYS MAY WISH THEY WERE DONKEYS—WE DON'T KNOW ABOUT THAT—BUT WE DO KNOW THAT ALL THE WISHING IN THE WORLD WILL NOT MAKE A GENTLEMAN OUT OF A "JASS-AXE".

TAHOKA'S LONG EARED MEMBER OF THE "JASS-AXE" HERD, IDENTIFIES HIMSELF UNMISTAKABLY BY HIS ACKNOWLEDGEMENT THAT HIS LIMITED INTELLIGENCE ONLY ALLOWS HIM TO RECOGNIZE A MONKEY AS THE SUPREME TYPE IN INTELLECT, DECENCY, UPRIGHTNESS, AND GENTLEMANHOOD, BUT BEING ONLY A—? WHO COULD EXPECT HIM TO SEE BEYOND A MONKEY AS THE HIGHER EXAMPLE OF INTELLIGENCE.
