

The Lynn County News

Lynn County, in the heart of the best diversified farming country in Texas.

We invite you to locate in beautiful Tahoka. Good homes, good schools, good churches.

Volume XXV.

Tahoka, Lynn County, Texas, Thursday, June 6th, 1929

Number 41

Big Hail Damages Northwest Section

RAINS COVER LYNN COUNTY

Many Crops Totally Destroyed and Livestock Killed; Rains Total 1.68 Inches

A destructive hail storm swept a large section of country lying west, northwest and north of Tahoka late Wednesday afternoon, accompanied by a heavy rainfall, utterly destroying crops, beating holes in house roofs, overturning a few outbuildings, killing at least two mules and hundreds of chickens and inflicting personal injuries on at least three persons.

C. T. Tankersley and family in one car and J. M. Noble in another car were caught in the hail storm on their way home from Tahoka several miles west of town, and their cars were almost totally destroyed and the windshields broken out by the hail. Mr. Noble received some several cuts on the face from the hail and broken glass, one of Mr. Tankersley's hands was cut, and his daughter, Miss Geneva Tankersley received severe cuts and bruises on the lower limbs.

Sam Weathers was dragging the highway near the Crossroads Service Station eight miles north of Tahoka and took refuge from the storm in a shed. It was blown down and one of his mules killed, or so severely wounded that it had to be killed. Also one of the mules of Henry Short residing near Dixie was killed and another was badly crippled. The roofs of many farm houses were badly damaged, some of them almost utterly destroyed, and hundreds, perhaps thousands, of chickens were killed. At the time our forms are filled it is impossible for us to give definite information as to the area covered, but it seems that a territory several miles wide and twelve or fifteen miles long, extending from a southwest to a northeast direction, lay in the path of the hail. A much larger territory was covered by rain.

There was little or no hail at Three Lakes, according to the best information we have been able to get, the hail beginning a few miles north of that place, utterly destroying crops on the Crouch farm four miles west of Tahoka and on the Allen farm eight miles west of town. Our information is that the severe hail reached in a northerly direction about to New Home, missing the Dixon George farm but covering the Dixie Dixie community and extending within 2 or 3 miles of Tahoka. Just how much damage it did in the vicinity of Wilson we have been unable to learn.

There was a heavy rainfall also over the entire territory but the rain at Tahoka registered only .29 of an inch. Farmers are in town today impatient for cotton seed, as practically all of them in the stricken territory will be compelled to replant.

Some damage was also done by wind west of town. Grover Stewart reports that three barns were blown down on his farms in the Midway Community but we have heard of no other damage in that direction. The rain did not extend far east of town.

Rains Are Excellent
Numerous rains have visited the various portions of Lynn County and in this section of the state during the past week. The total rainfall in this section since the first of this month amounts to 1.68 inches. In some portions of the county much more rain has fallen while in other portions it has been lighter. Except in the hail-stricken territory west, northwest and north of Tahoka, crop conditions are very fine. In that section the cotton and feed crops are to be planted over and cotton seed therefore is very late.

The rain last Friday night, most falling after midnight amounting to .29 of an inch here. On Tuesday another rain visited a large portion of the county, the precipitation being .66 of an inch. Wednesday afternoon, the rainfall amounted to .29. Not so much rain fell in the east half of the county on last page)

SOUTH WARD IS C. OF C. HOST

Excellent Music and Speech Making Feature of Community Meeting Friday Night

A number of the members of the Tahoka Chamber of Commerce met with the people of South Ward in a community meeting last Friday night, when a program of music and speech making was carried out. Messrs. Whittington, Morris, and Boyd furnished the music, the instruments played by them respectively being the fiddle, the guitar, and the piano. The entire program was interspersed at intervals with lively music and several numbers were given by the musicians after the program proper came to a close. The music was greatly enjoyed both by the people of the community and the visitors.

Leslie McNeese of South Ward presided, and did so in a splendid manner. J. C. Hood made a brief but happy welcome address.

Truett Smith substituted for G. H. Nelson, who was not able to be present, his subject being "Loyalty to the Home Community". Mr. Smith spoke briefly but in a most pleasing manner and all enjoyed his address.

C. C. Williams, secretary of the Chamber of Commerce, discussed the work and the aims of this organization.

Prof Taylor White spoke about the fair that is to be held in Tahoka next fall.

Dr. Townes was on the program for a discussion of "Community Cooperation" but in his absence the editor was called on to substitute.

Judge G. C. Grider was called upon for an extemporaneous speech and he made a good one.

The meeting was followed by a dandy rain, the first real rain some of the residents had had this year, and so the boys who went down felt that their visit had been highly beneficial to the people of that community. If any other community gets too "dry" we suggest that they send for the same bunch.

SMALL CYCLONE DOES DAMAGE NEAR GRASSLAND

A small cyclone Tuesday afternoon tore up a barn and windmill on the Bryant Mathis place two and one-half miles south of Grassland. J. W. Ramsey lives on the farm. No other damage was reported.

German Trench Mortar Received Here

The Marion G. Bradley Post of the American Legion has received another trophy captured from the Germans in the World War, a 170 mm German Trench Mortar, and the same may be seen on the premises of the American Legion Hall. This came as a surprise to the members of the local Post, as they were not expecting other trophies to be sent them at this time.

This, as well as the machine gun and the numerous other German guns now to be seen in the American Legion Hall, serves as a grim reminder of the awful days of 1918 when our boys had to look into the face of this deadly artillery but went over the top bravely in spite of it and made victory for the allies an accomplished fact.

POULTRY RAISING PAYS, EVEN IN TOWN, LOCAL MEN PROVE

Taylor White and Vernor Smith, owners of the Tahoka Hatchery, declare that excellent money can be made raising chickens in town. During the last year, starting the season with 1200 White Leghorn chickens and culling down to 600 hens, they realized a profit of \$2.00 per hen on their flock above feed and other expenses. They consider this an excellent profit, especially considering the fact that they were raised on a quarter of a block of range and that they had to buy all their feed. The remainder brought a nice sum on the market. This year they are keeping market. They have over from last year and are brooding off an additional 2,000 baby chicks.

This season the hatchery has turned out 50,000 baby chicks and will probably reach a total of 60,000 by the closing on July 1st. This fall Mr.

FAIR MEETING NEXT MONDAY

Directors From Over County Will Perfect Organization of Fair Association

A meeting of the board of directors of the Lynn County Fair Association has been called for Monday night, June 10th, at 8:00 o'clock, in the county court room, according to Secretary C. C. Williams. These directors, who reside in the various towns and communities of Lynn County, were named several weeks ago. The purpose of this meeting is to perfect the organization and to lay plans for the fair next fall. Not only are the directors urged to be present but any others who are interested in a fair and who would like to attend are cordially invited to do so. The board of directors of the Tahoka Chamber of Commerce will also be present, but when organization of the fair association is perfected, it will be separate and independent of the Chamber of Commerce absolutely. The Chamber of Commerce is merely helping to get the new fair association perfected. It is hoped that representatives from practically every community in Lynn county will be present Monday night.

HAPPY SMITH LOCATED IN SAN ANTONIO

Happy Smith has recently become associated with a big real estate company in San Antonio, according to information contained in a letter recently written to J. Anson Coughran. The magnitude of his company may be comprehended when it is stated that it employs 300 to 400 people in the various departments. It devotes its attention mainly to opening up new additions to the city. Happy is greatly delighted with San Antonio and indicated that the outlook looked rosy to him. Many friends here will wish him a big measure of success and prosperity.

GIRL SUSTAINS FRACTURE OF ARM IN FALL OFF HORSE

Little Jean Barham, six years old, daughter of Mr. and Mrs. N. M. Barham, who reside about fifteen miles west of Tahoka, sustained a fracture of the left arm at the wrist Tuesday when she was thrown from a horse which she was riding. Prompt surgical attention was given and it is not believed that there will be any serious permanent injury.

Plowing in Public Roads Prohibited

After hearing complainants about farmers in certain localities where the fences have been torn down plowing out, into the public roads, the commissioners' court in session Monday passed an order forbidding this practice. The complainants stated that a few farmers had been guilty of this practice and that it made the roads rough. It is to be hoped that the offense will not be repeated.

BOY GETS ARM BROKEN

Little T. W. Hale, son of Tom Hale who resides a few miles northwest of town, fell and broke his arm below the elbow Sunday, while playing. Surgical attention was given the injured member and it is hoped that the fracture will heal speedily and completely.

Tahoka Gets 1930 Carriers' Meeting

Local Baptists At O'Donnell Meeting

Quite a number of Tahoka people attended the Worker's Council of the Brownfield Baptist Association which was held at O'Donnell Tuesday. All report one of the best meetings in the history of the organization. Two men announced their decision to go into the ministry and three other young people surrendered for special Christian service.

Among those in attendance from Tahoka were: Rev. and Mrs. B. N. Shepherd and daughter, Miss Gertrude, W. B. Edwards, Uncle Ben Rogers, R. E. Key, D. L. Redmond, Mesdames Taylor White, J. K. Applewhite, J. B. Walker, Miss Minnie Freeman, and possibly others.

C.-C. Not Sponsoring Road Bond Election

During the past few days there has been quite a bit of talk about the petition which is being circulated in Lynn County calling for a Road Bond election. Some of the members of the Commissioners Court and others have had the impression that the petition was started and is being sponsored by the Tahoka Chamber of Commerce.

The Secretary of the Tahoka Chamber of Commerce has attended every meeting of the Organization since the first of March of this year, and the matter of a road bond or paving of highways in Lynn County has never been discussed in a meeting in his presence.

Many times the Chamber of Commerce is not given credit for what it does and at other times it gets credit for doing things which it does not do. So, for the information of those who are not in touch with the work, this announcement is to assure you that the Tahoka Chamber of Commerce is in no way connected with the petition calling for the bond election in Lynn County.

I do not know what action, if any, the Board of Directors of the Chamber of Commerce will take on the matter, but so far they have not even discussed it.

C. C. WILLIAMS, Sec'y.

LITTLE SIMMONS GIRL FALLS AND BREAKS ARM

The little nine-year-old daughter of R. J. Simmons fell and broke her left arm at the wrist Tuesday afternoon, according to Dr. E. E. Callaway, who dressed the wound. The doctor says that the arm was broken in almost exactly the same place, and the same arm, as that of the little Barham girl, reported elsewhere in this paper, and while he was dressing the wound of one of these little girls the other little girl was brought in with a broken arm—a rather unusual coincidence.

THREE STUDENTS RECEIVE PRIZES AT W. T. S. T. C.

CANYON, May 29.—Three students, not seniors, were made happy at the graduation exercises here today when President J. A. Hill announced the winners of the various scholarships. To Miss Inez Allen a junior of Waco went the regents scholarship, which carries with it a prize of \$100.00.

Eurith Compton of Portales, New Mexico, was awarded the Harley Sadler scholarship which is given each year to the student who has done outstanding work in the speech arts and who expects to continue in this field of work. Compton is a junior and the \$100 which this award carries will help him defray the expenses of his senior year.

To Miss Pearl Davis of Silverton was awarded the prize for the most consistent work upon "The Prairie" student weekly publication. Miss Anna Throckmorton of Borger, editor of "The Prairie" and L. A. Osgood, head of the English Department chose the person for this prize. Winners of other scholarships will be announced shortly after the opening of the summer session.

When Thomas Eiman of Duluth refused a beggar a nickel he was established.

MANY ATTEND B'F'D MEETING

Local Postal Authorities And C. of C. Officials Secure Convent for Next Year

Our neighboring city, Brownfield was host to the Rural Letter Carriers and Postal Workers Convention of the 18th Congressional District on last Friday. This was the first meeting of the organization for some years, a similar organization having become inactive during the past few years.

An all day business session was held, the morning session being held in the Rialto Theatre and the afternoon session in the District Court room. The Brownfield Chamber of Commerce and the local American Legion post were host to the Postal employees during the day. The 4-H club boys of Terry County served a nice lunch for the Chamber of Commerce, while the American Legion helped to entertain the visitors who were kind enough to stay over for the Dedication of the War Trophies recently received by that post.

The Post Office force and the Chamber of Commerce of Tahoka went over to extend an invitation to the members of the organization to hold their meeting in our city in 1930. They graciously accepted Tahoka's invitation over the invitations of both Post and Littlefield.

There were about 150 visitors present. It is expected that the attendance will be much larger next year, some predicting that not less than 400 visitors will be here.

Those attending the meeting from Tahoka were: Messrs. D. A. Parkhurst, G. M. Reid, M. O. Canady, J. K. Woosley, W. E. Suddath, who was on the program and Robert J. Reid of the Post Office, Judge G. C. Grider, C. C. Williams, and G. H. Nelson, Chairman of the Convention Committee of the Chamber of Commerce.

Brownfield Boy Gives False Alarm; Pinched

A mischievous youth who resides in Brownfield was a Tahoka visitor Sunday night and as he was in the act of leaving the city some evil spirit prompted him to sound the siren attached to his automobile in imitation of a regular fire whistle. Some of the fire boys and other peaceful citizens, hearing the weird, shrill scream of the deceptive contrivance, leaped from their beds and hurried to town, only to find that there was no fire.

The car number of the offender was obtained and the next day he was located by the sheriff in Brownfield. A charge of disturbing the peace was filed against him in the county court here and he was invited to explain his behavior to the county judge. Not being able to do so satisfactorily to his Honor, and confessing to the error of his ways, he was required to "dig up" in the sum of approximately thirty-two bucks to satisfy outraged justice. Judge Grider made it light this time, but it is thought that the penalty was sufficiently severe to cause the houghtless young man to think a long time before he pulls another similar stunt.

PRESBYTERIAN SERVICES HERE NEXT SUNDAY

Dr. W. K. Johnston, pastor of the Presbyterian Church, requests that we announce that he will be here next Sunday and will fill his pulpit both at 11 o'clock in the morning and at 8 in the evening. All members are urged to be present and all others are cordially invited. Dr. Johnston, as usual, will doubtless bring two great messages. You should hear him.

The colored baseball teams of Tahoka and Lamesa played a hotly contested game here last Sunday afternoon. At the close of the game the Lamesa team was several scores ahead. The Tahoka team was far in the lead up to the seventh inning, when they seemed to lose their luck, and the Lamesa team walked all over them for the remainder of the game.

COLLEEN MOORE BRINGS THE FLAMING YOUTH UP TO DATE IN LATEST

America's carefree, unchaperoned youth, super-sophisticated and scrupulous of propriety, is colorfully pictured in the English Theatre's next screen attraction, "Why Be Good?" in which Colleen Moore plays the stellar role.

The story of this comedy-drama is of the type that first carried Miss Moore to their heights of popularity, although the plot is decidedly original and the characterizations of the most up-to-date variety. Miss Moore appears as typical example of the modern girl, her costuming and personality being the last word and her speech full of flippant wisecracks.

Although the story of "Why Be Good?" is essentially humorous, there are moments of serious drama interspersed with the frivolous episodes, the question propounded in the title being answered in a dramatic climax that is said to equal the finest work Miss Moore has ever contributed to the screen.

Neil Hamilton, in the chief supporting role, is seen as Miss Moore's leading man for the first time, while others playing important roles are Bud Ewing, Edward Martindel and Louis Natheaux. "Why Be Good?" was directed by William A. Seiter for First National Pictures, the story having been written especially as a vehicle for Miss Moore by Carey Wilson.

WORLD OIL COMPANY TO RESUME DRILLING ON TEST

Work of installing the rotary oil rig some four miles from Ropes has been almost completed, and it is stated that actual operations will be begun in a few days, and that a thorough test of this section for golden liquid will be made.

The company that is making the

test is going to a great deal of expense, and if they did not feel certain that there was oil here, they would be no well drilled, hence, we have the prospect of adding liquid gold to our already bountiful resources.—Ropes Herald.

LYNN COUNTY AGENT BUYS GILTS FROM TERRY CO.

Mr. E. E. Shaver, county agent of Lynn County, was over last Friday and purchased three Poland China and two Duroc Jersey pigs from the Terry County Club boys. Ollie Tongate, and Darrel Verner furnished the P. C.s while Loyd Lee and Harvey Davis sold him the Duroc pigs and we predict that the prize winners of the Lynn County Fair will come from these pigs.—Terry County Herald.

GRANDMOTHER RECEIVES B. A. FROM W. T. S. T. C.

CANYON, May 29.—A grandmother received her bachelor's degree here today, one of the members of the class of 1929 of the West Texas State Teachers College. She is Mrs. Minnie Davis of Wilson, Oklahoma. Her daughter came to see her graduate. Mrs. Winnie Stephens said: "Usually it is the mother who is proud of the daughter, but in our family this is reversed, and I am certainly proud of my mother."

Mrs. Davis has taught for many years in the schools of Texas and Oklahoma; she has made history her major study and expects to teach this subject in the public schools when she returns to her work this fall.

Mr. and Mrs. L. B. Jones left Monday for some undetermined destination in south Texas. They expect to spend several months in that section of the state for the benefit of Mrs. Jones' health.

Locals

L. A. Stephens went to Stephenville on business this week.

official business in O'Donnell Tuesday afternoon.

Murkland were Lubbock visitors Tuesday.

County Attorney G. H. Nelson had

Read the ads!

Tom Higgins, the gentleman who takes care of the big house over in the center of the public square, was on a rampage Tuesday, according to county judge G. C. Grider and Constable Guy Sherrod. Tom had had his teeth extracted some time ago and had just acquired a new set. The Judge says that he and the Constable had to sit up with him a whole day trying to keep him calm until the crisis should pass.

At a meeting of the Ex-Students of the Texas Tech last week, W. W. Nicklaus, teacher of Science and Athletic Coach in the Taboka High School, was elected vice-president of the organization. He was not in attendance but the body took advantage of his absence and "put one over" on him. Mr. Nicklaus was very popular as a student, as he has since become popular as a teacher.

W. A. Sharp and family of Bonham, who had been visiting relatives at Meadow, were here looking at the town and country over Tuesday with a view to locating somewhere in this section later. Mr. Sharp was greatly pleased with the south plains.

J. Anson Coughran made a business trip to Stephenville and Grandbury last week and reports that it was very wet down there. He says crops are very late in that portion of the state on account of excessive rainfall.

Mr. and Mrs. John Fisher of Los Angeles, California, left Saturday after a few days visit here with his grandmother, Mrs. Florence King. She had not seen him since he was three years old, twenty-six years ago.

C. R. Strong out west of town sent in his subscription to the News Saturday. He did without his county paper a long time but decided he needed it in his business, and so he will read the News from now on.

Mrs. J. H. Kuykendall, who underwent an operation in a sanitarium at Lubbock several days ago, is reported to be improving nicely. It is thought that she will be able to come home soon.

Mrs. J. R. Singleton entertained the fire boys last Thursday night at her home, serving ice cream. They report a most enjoyable occasion and say that they greatly appreciated the treat.

Mr. and Mrs. L. C. Haney are moving into their new home this week. The house is a six room brick veneer, and is one of the most beautiful homes built in Taboka this year.

Mr. and Mrs. W. S. (Skip) Taylor, accompanied by his brother, J. J. Taylor and family of Crosbyton, spent last Sunday with relatives in Lamesa.

Mrs. Rudolph Haile of Ranger, is the guest this week of Miss Dade McCoy. Mrs. Haile and Miss McCoy were schoolmates for a number of years.

Miss Viola Ellis has purchased from E. L. Howard his residence out on West Lockwood street, otherwise known as the Brownfield Highway.

Mrs. Viva Humphries left Monday morning for Canyon, where she will spend the summer in the West Texas State Teachers College.

Mr. and Mrs. C. D. Crouch have moved into their beautiful new brick veneer home on West North Third Street.

Mrs. W. J. Gallagher of San Antonio is spending the week here with her parents, Dr. and Mrs. J. H. McCoy.

Mrs. Guy Lemond and children of Snyder are spending the week here visiting H. W. Calaway and family.

L. L. Duckworth, cashier of the Security State Bank of Post, was a business visitor in Taboka Monday.

Mrs. Raymond Hatch of Lamesa are visiting her parents, Mr. and Mrs. D. B. English this week.

Mr. and Mrs. Chas. F. Shook and children have been visiting in Arizona for the past several days.

Mrs. Maurice Small of Sudan is visiting her parents, Mr. and Mrs. D. B. English this week.

Mrs. Otho Thomas is visiting her brother, Tony Chisum, and family in Amarillo this week.

Mrs. Harley Henderson is visiting relatives in Crosbyton this week.

Mrs. J. H. Powell has been in Temple for the past few days.

HISTORY REPEATING ITSELF

Mark Sullivan, that keen political analyst, whose dissertations are published each Sunday in many of the leading newspapers of the United States, in his article last Sunday reminds us again that history has a stubborn way of repeating itself.

He says that this matter of lawlessness and law enforcement is no new thing. To prove his point, he calls attention to the fact that lawlessness had become so grave a matter forty-four years ago that Grover Cleveland, who was then President of the United States brought the matter to the attention of Congress with a recommendation that something be done about it. He quotes from President Grover Cleveland's message to Congress in 1885 as follows: "Abuses in the administration of our criminal law should be remedied."

The nullification of small and technical offenses, especially under the provisions of our internal revenue laws (liquor laws) renders some change in our present system very desirable, in the interest of humanity as well as economy. The District Courts are now crowded with petty prosecutions. But the legislation he recommended was never passed. Violation of the liquor laws continued. The liquor traffic then was lawless, and it is lawless now.

As an evidence that liquor drinking among the youth is not a product of Volsteadism, Mr. Sullivan quotes from the Union Signal, then the official organ of the W. C. T. U., dated February 18th, 1886, as follows: "The Fairport, N. Y. Woman's Christian Temperance Union is now much grieved over the fact that boys in public schools are carrying flasks of liquor in their pockets, tempting

younger boys to drink. All efforts to ascertain where the liquor has been obtained have been unavailing. Does not every mother's heart in the land cry out?"

The New York Tribune a few days ago, according to Mr. Sullivan, published a summary of a news article which appeared in that paper twenty years ago, May 22, 1908, giving an account of a speech made by an assistant district attorney in that city, from which summary the following paragraph is quoted: "Mason Trowbridge, one of District Attorney Jerome's young assistants, spoke last night to a youthful audience at Calvary Baptist Chapel. He asserted that the City of New York spent \$25,000,000 a year fighting the evils caused by rum, and declared that if the saloons were voted out of existence in this State there would be a reduction of at least a third in the number of criminals, paupers, and lunatics."

Mr. Sullivan says that the above are just a few of the many examples that could be given from the newspapers of former days showing that the problems that we have to deal with today with regard to lawlessness, drinking and crime in general are not new but were grave problems in the days of our fathers and grandfathers.

It's an old, old story. The liquor business, has always been lawless whatever the particular regulatory measures might be that undertake to curb its activities. It is no more lawless today than it was in the olden days, and not half so powerful politically. There should be no compromise with its lawless spirit and no mercy in further curbing its political power. Folks, we're agin' it.

Thirty-three years ago Governor Charles A. Culberson called a special session of the legislature to enact a law prohibiting prize fights in this state. The legislature promptly passed a bill to this effect and prize fights have been illegal in Texas ever since. This action was provoked by the proposed staging of a prize fight in Dallas by two noted pugilists of that day who were contending for the world championship. The prize fight was called off, and Charles Culberson was bitterly "cussed" on the one hand and highly praised on the other for his course. But for many years this law has not been well enforced. Many fights have been held in Texas every year in utter violation of this statute. But now Governor Moody has decided that the law shall be enforced. He

dispatched a state ranger to Dallas a few days ago to stop a prize fight that was about to be staged there. He has declared that another fight announced to be held in Fort Worth soon shall not be held. He declared that illegal prize fighting in Texas must stop. Governor Moody is right. Prize fighting should be stopped for two reasons: first, because it is brutal; second, because it is a violation of the law. The Governor should have the support of all law-abiding citizens in this matter.

In response to the governor's call, the legislature met Monday in its third session for the year, and it is just now getting ready to consider some of the major problems which were presented for consideration at the first session—the appropriation bills for the expenses of the government and the maintenance of our schools, colleges, and eleemosynary institutions; highway legislation; proposed increase of the gasoline tax and decrease of the automobile registration fees; court reform measures; regulation of public utilities; the water rights problem; penitentiary concentration; legislation pertaining to our system of public education; and several other matters. It killed a lot of time in the regular session considering frivolous or foolish proposals, such as the several measures introduced to exclude from the Democratic party those who rebelled last year against the dictum of party bosses and refused to be whipped in line by the party lash. Consequently, it enacted practically no constructive legislation. The first called session yielded very little better results. Many local laws and others of minor importance were passed, but only a few measures of major importance received the legislative sanction. It is hoped that at the present session the legislature will solve in a satisfactory way at least some of these problems.

Ray Weathers around at the First National showed the editor some of the new money Monday. We failed to curral any of it—just got to take a look. That's about as intimate acquaintance as we are ever able to make with a dollar any day. Their visits into our sanctum are usually brief, just hurried calls, don't have long to stay. This new money was tiny stuff, these one and two and five and ten-dollar bills, but they have Uncle Sam's imprint on them and are worth just as much as larger rags—and they take up a lot less space. We hope to be able to impound a few of them before Christmas.

The world is full of heroes yet. We read the other day of an Irishman, with a leg broken, on a ship at sea, who gave his blood to save the life of a Chinese servant boy on the ship. And he refused to accept pay for the blood. The transfusion was successful, and both the Irishman and the little Chin were recovering nicely. There are lots of folks yet who are made out of the right kind of stuff.

WHAT OTHERS THINK

THE CHILDRESS INDEX cites a flagrant instance of one of the menaces to youth. Two 12-year-old girls were accosted by men in a car and invited to go riding. One of them, taught better at home, indignantly refused. The other, fun loving, was about to accept the invitation when the memory of little Marie Parker, California girl who was murdered by Hickman, flashed through her mind. Then she too refused, and the two told their parents.

An investigation was started after the girls had been questioned and some of the remarks of the men, as quoted by the little girls, noted. It developed that several similar instances had been reported in that community.

Proper home training is the best safe guard for the young. Ignorance of the motives and dangers in life is even less advisable than it ever was. But to teach and warn a child is not enough. Children have many teachers besides those at home and school. Sometimes they disregard conventional advice and, if allowed to find their own way, make mistakes which are costly.

The juvenile courts of the country are filled with children who have wandered while their parents thought of other things. If parents could see and know of their own children who, the community, or parts of it, know, there would be less work for the courts and less anguish in the homes of the country. No group knows better than youth itself how some of its members need kindly supervision. —Pampa Daily News.

SORRY OLD ED IS GONE
A hardware merchant over at Farmer'sville, in northeast Texas, made a sale the other day that caused a lot of comment. He sold a

buggy. The buggy had been in stock for several years and it was sold to a farmer who uses that kind of vehicle in spite of fast and cheap motor cars. Most of us, old enough to vote can remember when the sale of a buggy was considered routine news among the country correspondents. "Ed Doudab has a new buggy. Watch out, girls." You are very young indeed if you can't remember a personal like that in the country correspondence of the old home town newspaper.

You recall, Ed, too, no doubt. He parted his hair in the middle—regularly every Sunday morning. He used a steel hoop under his coat collar to give that article of apparel the correct lady-killing slant. His collared shirt was freshly wiped and his cuff links ruffled every time he shook hands which was frequent. His tie was of a vermilion hue and his shoes of the tootpick streamline effect. His trousers were peg-top, and his outer garments bore a bewildering array of large buttons, flaps and fancy braiding. His horse was carried within an inch of his life to eliminate the collar and backhand marks and his new buggy shone like one of the new-fangle carbide lamps, just out. Oh, Ed was a caution. He was a card, if there ever was one!

We are sorry Ed has been replaced by the sleek-haired, speeding, rugged, powdered, pomaded, scented, scentless, senseless and moaning jelly beans of this motormad age.—Big Spring Herald.

More and more each year the farmers of this country are diversifying and paying more attention to scientific farming. This is due to one cause only—the county agents we have had for the past ten or twelve years. Until three years ago we had practically no servicing. Today you find field after field that is properly put in shape to conserve all the moisture that falls. And the outcome is that everyone is feeling the benefit of it. Not only is the farmer in better financial circumstances, but this program of progress is being felt by everyone; the merchant, the banker, the lumberman, the newspaperman and all. Farming should be made one of the most scientific businesses on earth, for it is from the soil that we gather the things that sustain life. Everything essential to living must come from the earth, then why should it not be the greatest business on earth and run on the soundest business principles?—Paducah Post.

Money seems to be plentiful in Dallas. Mrs. A. W. Lining lost \$125 Saturday night, but was fortunate enough to find it after several hours search. B. J. Walters recently found \$27 in bills in his yard after a hard rain. The bills were decayed almost beyond redemption. Edward Aldridge found a \$5 bill a few days ago that had probably been buried in the sand for some time. And then J. R. Phillips found a silk dune on the street Thursday morning. Of the money found by the three last named, no one reported such a loss. However, the dune might have been ours—we had one once.—Baton Advances.

One Ohio Town is strong for auto-

ly first, having an ordinance providing as follows: "When anyone comes to a crossing both sides neither shall start until the other goes." If this be enacted there will not be many more traffic congestions.—Baton Press.

24,000 FARMERS FERTILIZER PRIC

Their Answers to Questions That Most Farmers Think Price Not High.

"As compared to other things you consider fertilizer low, or high in price?"

This question was answered summer by over 45,000 farmers states.

It was one of 50 asked by representatives of the National Fertilizer Association in an attempt to find out just what the farmer himself thought about fertilizer, how he uses it, how much money, and how the fertilizer companies may further improve chemical plant food and their so-called farmer may make more money.

While it is only human nature for farmers or buyers of any product that prices are high, nevertheless over half of the 45,000 farmers who answered this question said that the price of fertilizer is only "a little high."

Seven per cent, or an average of each 100 farmers who were surveyed, said the price is "too high." Nearly 35 per cent, or 35 out of 100, said it is "high." The remainder of 100 did not express an opinion on this question.

Fertilizer Prices Low.

The Association points out that fertilizer actually is the cheapest item that supply the farmer buys, and figures published by the U. S. Department of Agriculture as proof.

Prices of complete fertilizer gathered from all over the country show that fertilizer is only a little higher now than before the war. The Association finds that the price has jumped in wages of factory pay, which have doubled since the war, and an increase of cost in incoming and outgoing freight which makes up about one-fourth the price of fertilizer. Notwithstanding these important increases, the manufacturer's cost, fertilizer averages only 9 per cent above pre-war level.

Though the prices of farm products have been low, the price of fertilizer is relatively still lower. Figures, according to the latest available figures of the U. S. Department of Agriculture.

24,000 FARMERS IN SURVEY DECLARE FERTILIZER PRICES ONLY "AVERAGE"

Their Answers to Questions Show That Most Farmers Think Price Not High.

"As compared to other things, do you consider fertilizer low, average or high in price?" This question was answered last summer by over 48,000 farmers in 35 states.

It was one of 50 asked by representatives of the National Fertilizer association in an attempt to find out just what the farmer himself thinks about fertilizer, how he uses it to make money, and how the fertilizer companies may further improve their chemical plant food and their service so the farmer may make more money.

While it is only human nature for farmers or buyers of any product to feel that prices are high, nevertheless over half of the 48,094 farmers who answered this question said they think the price of fertilizer is only "average."

Seven per cent, or an average of 7 out of each 100 farmers who were interviewed, said the price is "low." Nearly 35 per cent, or 35 out of 100, said it is "high." The remaining 7 out of 100 did not express an opinion on this question.

Fertilizer Prices Low.

The Association points out that fertilizer actually is the cheapest important supply the farmer buys, and cites figures published by the U. S. Department of Agriculture as proof.

Prices of complete fertilizer are gathered from all over the country by the Association. An average of these shows that fertilizer is only slightly higher now than before the war. The Association finds that the price has been kept reasonable despite the phenomenal jump in wages of factory employees, which have doubled since pre-war, and an increase of 30 per cent in incoming and outgoing freight, which makes up about one-fourth of the price of fertilizer. Notwithstanding these important increases in the manufacturer's cost, fertilizer prices average only 9 per cent above their pre-war level.

Though the prices of farm products have been low, the price of fertilizer is relatively still lower. For instance, according to the latest available figures of the U. S. Department

The names of 48,094 farmers and their answers to 2,400,000 questions are contained in this pile of questionnaire books, each of which contains replies of 50 farmers.

of Agriculture, cotton and cottonseed are 48 per cent above pre-war; meat animals are 43 per cent above; grains, including corn, are 12 per cent above, and the average price of all farm products is 34 per cent above. In contrast, fertilizer prices average only 9 per cent above pre-war.

Reports of the U. S. Department of Agriculture also show that the farmer pays an average of 57 per cent more than before the war for all the commodities he buys. This is further proof that commercial fertilizer, being only 9 per cent above, is relatively inexpensive as compared to the cost of other things the farmer buys.

Helps Whole Community.

When it is remembered that fertilizer returns to the farmer an average of about \$3 for each dollar invested, and that high yields are necessary if the cost of production per pound of cotton or tobacco is to be reduced, then it seems logical that the farmer should use more and better fertilizer so he can make more money on his crops this year.

In addition it is emphasized that the more fertilizer used in this community, the greater will be the return to the farmer, which gives more business to the banker and to all who do business with the farmer, thus increasing the general prosperity of the community.

SLAT'S DIARY

Friday—Little Slim Buckner came past our house this afternoon all excited up and made me tell him what was the matter with him and he replied and said he was rushing home because they had a new babe at his Epouse. Ma ast him what was it and he said it was a child of sum kind but so fur he diddnt no whether he was a bruther or sister.

Saturday—I tried to tawk ma out of a extra piece of chocolate pie today but I failed very bad. Ant Emmy piped in and says, Don't you no that pie kills more people than bullets! I answered back and sed, I don't care, I had ruther die with a stummick full of pie than a stummick full of lead enny ways.

Sunday—Ant Emmy axually got off a wise crack today. We had went to church and seen Mrs. Cory Blunt there with her sister. Ant Emmy new all about her and sed she had been divorced three times at least & that when she was here at home why people talked about her as much as they did about the weather. Which Cory seemed to be not caring nothing about.

Munday—Pa was invited out to Stag party tonight and after he had got drest and gone Ant Emmy kinda smiled and sed, Well, Well, I never new til now what a Stag party was. I always that that he was a sort of a masquerade party or other to witch people went dressed like a different animal and etc.

Tuesday—Ant Emmy says she aint never a going to vote agen. She voted last fall for the first time and her candidate got elected but she says to this day she aint heard a thing from him so she don't think he really appreshiates what she done for him.

Wednesday—Me and Slim Buckner had a fite today and beleave me I got the best of him and it. Ant Emmy sed it was becuz I had the rite on my side. The way it was Slim sed my pa wasent fit to associate with hoys. I sed he was so then the trouble started and I give him an offle licken.

Thursday—And then again today I had another fite. This time with Hinkey. And when I finely floors him with a upper cut to the jaw why I give him two or three extry for good measser and then the teacher from the Sunday skool come a long and balls me out for hitting him when he is down. I wonder what she thot I got him down for.

Announcement was made recently that Tammany Hall had rejected its two great and good friends and advisors, Judge Olvany and Alfred E. Smith, that it might return to its old time wallowing in the mire from which these two eminent gentlemen were supposed to have rescued it. But something has since happened to spoil this story, for at a meeting of the chiefs of Tammany the other day Olvany and Smith were elected Sachems of this naughty organization that is supposed to change its stripes every campaign year.—Rogers News.

SICK HEADACHE

Ex-Sheriff Suffered From Constipation and Felt Very Bad Until Relieved by Black-Draught.

Ardmore, Okla.—Mr. W. N. McClure, for several years a resident of this city (111 Third Ave. N. W.), formerly was a political leader in Pike County, Arkansas, where he served as sheriff and county judge. "I used to suffer with sick headaches," says Mr. McClure. "These spells would come on me and I would feel very bad. I would get bilious and upset. "My trouble was constipation, and after I found it out, I began using Black-Draught. This quickly relieved the cause, and I got all right. "I began using Black-Draught in my home, shortly after the Civil War, when I lived in Pike County, Arkansas. I came out of the war, like many other soldiers, with bad digestion. I suffered a lot from sick headache and dizziness. I would get constipated, and for a while I would feel very bad. "I found this medicine brought quick relief for constipation, and removed the cause of my headaches and dizziness, so we have always tried to keep it in the house. "After I take a course of Black-Draught, I feel fine. My system is rid of poison, and my appetite picks up." Sold everywhere. Try it. *W.C. 203*

TAHOKA DEFEATS LUBBOCK IN GAME HERE SUNDAY

In a game here Sunday afternoon between the Lubbock and Tahoka baseball teams, the visitors were badly defeated, the score standing at the close of the last inning 24 to 3 in favor of Tahoka. Of course, all the home baseball fans enjoyed the game.

PHYSIC HEAD COLLECTS MANY FORD EPIGRAMS

Prof. Newton Gaines, head of the physics department of Texas Christian University and immediate president of the Texas Folk-Lore Society, read a paper at the recent state meeting of the society at T. C. U., in which he presented his findings on "Ford Epigrams."

Among the "prize" signs which Gaines collected from collegiate flivvers are the following:

- "Get in Peaches, here's your can."
- "This can't go on forever."
- "Rin Tin Tin."
- "Closed, a Sign of Progress." on a door.
- "Don't laugh girls, How'd you look without paint?"
- "Bored of Education" on the running board.
- "Willie's Night Out."
- "Tacks Collector" on the tires.
- "Beauty in Every Jar."
- "Dis Squeals."
- "Leap in and Limp Out."
- "Put-Your Feet in the Car and your Trust in the Lord."

RED CROSS CHAPTERS STRENGTHEN FORCES FOR DISASTER RELIEF

Launch National Campaign to Perfect Preparedness Plans in Every Community.

A nation-wide campaign to strengthen plans for preparedness against disaster and for emergency relief has been launched by the American Red Cross through its Chapters. The program is intended to perfect disaster preparedness committees in the ten thousand communities reached by Red Cross Chapters and their branches.

When carried out, through committees of men and women in the communities, it will insure that should a disaster come, an organization for emergency relief, including every modern method science has perfected—such as the radio, the airplane, the motor car and watercraft—can be mobilized to bring assistance, with the promptitude applied by the Red Cross in recent major disasters, such as the West Indies hurricane and the Mississippi Valley flood.

These enlarged and strengthened plans for disaster relief are set forth in the revised Red Cross manual, "When Disaster Strikes," which has been placed in the hands of every Red Cross chairman throughout the nation. The plan to encourage adoption of these added disaster preparedness methods was begun at this time because Red Cross records—covering 48 years of disaster relief—show that the period of the greatest number of disasters, large and small, ranges from the early Spring through the early Fall.

The Record of 48 Years
A historical summary of Red Cross disaster relief since 1882, shows that the society was active in giving relief in 325 domestic disasters and its expenditures in those relief operations were \$49,594,000. The three groups of calamities appearing most frequently were: cyclones, tornadoes, hurricanes and other storms, 231; fires, 131; floods, 126.

During this period, the Red Cross also has given assistance to distressed peoples of other countries in 153 disasters. Total expenditures for relief at home and throughout the world, in 48 years, amount to \$77,354,000.

In the four most recent major disasters, among the greatest which have ever visited the American continent, Red Cross expenditures for relief totalled \$29,188,908. Only in the event of large disasters such as the Florida hurricane of 1926, the Mississippi Valley flood of 1927, the New England flood of the same Fall, and the West Indies hurricane of 1928, does the Red Cross seek contributions from the general public for relief work; and frequently these are not ample, as in the four disasters listed, the Red Cross donated \$133,201 from its own treasury to aid in the work. In the event of smaller disasters, the cost of the relief is met largely from Red Cross resources.

No Community Immune
No community is immune to great disasters of one type or another, the manual shows. One preparedness measure that can be adopted is a survey of the surrounding country, with the assistance of engineers and other experts to determine the type of disaster to which the section is subject. Hazards resulting from the presence of rivers and lakes, subject to overflow, of mines, munition factories, and other industries wherein dangers from explosion and fires may exist, are singled out for consideration.

Extension of existing disaster organizations in communities, and organization of men and women, trained in public health and community service, will result in the saving of lives and the prevention of extensive suffering, through privation, epidemic and other misfortune, should emergency arise through disaster. These organization plans, outlined in the manual, are similar to those now existing in most Red Cross Chapters, only strengthened in some particulars. They contemplate disaster preparedness and relief committees, under which function sub-committees on food, clothing, shelter, medical aid, registration of disaster sufferers and information service, transportation and communication and finance.

Co-ordination of all of the societies, organized groups and institutions in the locality is urged, so that all effort for emergency relief will be directed without conflict. Trained in advance, these committees can swing into action, and provide an orderly and systematic relief organization.

The following are expenditures made by the American National Red Cross for relief in the four most recent major disasters:

Florida hurricane, 1926	\$4,477,176.07
Mississippi Valley flood, 1927	17,498,902.16
New England flood, 1927	1,299,773.93
West Indies hurricane, 1928	5,912,062.47
Total	\$29,188,908.63

Slaton Man Buys Local Variety Store

E. H. Carpenter closed a deal last Thursday selling the Popular Variety Store here to M. W. King of Slaton. Mr. King took charge immediately and his son, M. W. King, Jr., is here as manager.

Mr. King is the proprietor of a variety store in Slaton, which he has been operating the past five years. For many years he was connected with the Kress stores and is reputed to be a good business man.

Mr. Carpenter will continue to reside here temporarily at least, and may make this his permanent home, depending upon future developments. He established the Popular Variety Store here several months ago and has made it one of the neatest and most attractive places of business in town. His many friends here wish him continued success.

THE EDITOR MAKES MISTAKES, BUT—

"We made a mistake in last week's issue," says the editor of a Connecticut paper.

"A good subscriber told us about it. The same day there was a letter in our post office box that didn't belong to us. We called for 98 and we got 198 over the telephone. We asked for a spool of No. 50 thread and when we got home it was No. 60. The train was reported 40 minutes late. We arrived at the depot 20 minutes after train time and the train had gone. We got our milk bill and there was a mistake of 40 cents in our favor. We felt sick and the doctor said we were eating too much meat. We hadn't tasted any meat in two months. The garage man said the jitney was missing because it needed a new timer. We cleaned a spark plug and its run ever since. Yet, we made a mistake in last week's issue of the paper."—Ex.

Don't grumble about your town being dead. What are you doing to help make it a livelier town? Boost from morning till night, build, don't tear down. Anyone can destroy but it takes a man with a vision to build a town. How far sighted are you?—Lorenzo Tribune.

On January 1, 1929, there were 955,000 milk cows and heifers in Texas, an increase of 19,000 over 1928. Their value at \$61 a head was \$58,225,000.

the delivered price as well as the list price in considering automobile values. Chevrolet's delivered prices include only reasonable charges for delivery and financing.

If you are one who has always believed that truly fine car performance can only be had in a high-priced automobile—come take the wheel of a Chevrolet Six and go for a ride!

Here, in the price range of the four and with economy of better than 20 miles to the gallon of gasoline, is offered a type of overall performance that will literally amaze you—

—marvelous six-cylinder smoothness that eliminates vibration and body rumble—power that takes you over the steepest hills—acceleration and speed that make every mile a delight—and handling ease and restful comfort that leave you refreshed at the end of the longest drive!

Emphasizing this outstanding six-cylinder performance are the beauty and safety of smart new bodies by Fisher. Styled by master designers whose art has lent distinction to some of the world's finest motor cars... and built of selected hardwood and steel—the strongest, safest and quietest combination of materials known to the body builders' craft—

—they represent, in every detail, an order of coachcraft never before approached in a low-priced automobile.

We cordially invite you to come in for a ride in this sensational car. Learn for yourself what smooth six-cylinder performance can now be secured in the price range of the four!

is visiting her aunt, Mrs. J. F. Greenwood.

Some are planting their gardens and some are still scratching it.

The Chamber of Commerce will meet at Midway Friday night, June 7th. Mr. Morris and Mr. Whittington will furnish the music.

We had a good turnout at South Ward last night to hear Brother Keeneville prove that Noah was a woman. He made his point all O. K. but not the Noah that built the ark.

Mr. and Mrs. Walls took dinner at Mr. and Mrs. Boyd's Sunday.

Mr. and Mrs. Smith of the Magnolia community were visitors at Mr. Greenwood's Sunday afternoon and attended Church at South Ward.

Miss Ruth Deacon spent Saturday night and Sunday with Miss Alice Mae Morris.

Mrs. Teddie Harper of County Line

JOHN S. FRITZ BUYS FINLEY DRUG STORE

Announcement was made this week by John S. Fritz of O'Donnell, of the purchase of the Finley Drug Store from E. E. Finley.

Mr. Fritz was formerly in the drug business at O'Donnell and comes well fitted to recommend a progressive and experienced business man. He states that he will make quite a few changes in the drug store and will have a first class store one that will thoroughly meet the needs of this city.

Mr. Fritz will not move here for a while, but his store has a business manager at O'Donnell, who comes here in a day or two.

Mr. Finley states that he will not move from Waco, but will continue to live here and although his plans are indefinite for the future, he will devote most of his time to the life insurance business and to his duties as chairman of the board of the present.

Mr. Fritz is one of the younger business men of Waco, having been in 1921 and engaging in the drug business. He has built a fine business and has made many friends, who will regret to see him leave from the business—Waco Daily Courier.

ODONNELL CHAMBER OF COMMERCE HOLDS MEETING

The Chamber of Commerce held their regular Tuesday night luncheon at the Williams Hotel this week, June 5th, at 12:30 o'clock.

Bro. Sherman of the local W. M. A. Chapter of Texas was present and had an interesting talk on the subject of the Chamber of Commerce.

Bro. Sherman's talk was very interesting and he suggested that the Chamber of Commerce should be more active in the future.

The Chamber of Commerce will meet at 8 o'clock on Thursday for the purpose of discussing the Chamber of Commerce's financial statement for the year ending at the end of the month.

The Chamber of Commerce will meet at 8 o'clock on Thursday for the purpose of discussing the Chamber of Commerce's financial statement for the year ending at the end of the month.

AVOIDING RUST IN GAS RANGES

Rust in the oven of a gas range can be avoided if the door is left slightly open for a moment after the burners are lighted. The open door permits the escape of moisture produced by the combustion and prevents its too rapid condensation on the sides of the oven. A further protection for both the oven lining and the burners is an occasional application of oil or grease to form a moisture-proof film. The substance used should be free from salt, and should be applied while the metal is warm.

CARD OF THANKS

We desire to extend our thanks to our neighbors and to our friends both at home and in Lumbago for their kind and generous gifts of flowers. Our neighbors were exceedingly kind in putting out their best when we could not do so on account of sickness.

As you have long known we may not have an opportunity to see you until you find a more permanent home in this city.

MORE MAIZE IS BEING SHIPPED TO THE MARKET

We thought several weeks ago that the market for maize had been very low, but the past week has shown a decided improvement in the market.

The market for maize is now very good and the price has risen to a point where it is profitable to ship to the market.

The market for maize is now very good and the price has risen to a point where it is profitable to ship to the market.

DAIRY GIRLS G-H CLUB REPORTS GOOD MEETING

The Dairy Girls G-H Club held a special meeting at the Williams Hotel this week, June 5th, at 8 o'clock.

The meeting was very interesting and the girls reported a very successful year.

WEAK, RUN-D

Alabama Lady Could Lift Her Head To Feel Stronger Taking Cardui

Lensley, Ala.—"I was in bad state of health," Charles Jenkins, of this place, was all run-down and would be. I did not have the strength to lift my head from the pillow. I looked like a skeleton so thin and haggard. I will power to drag myself out of the house. I never walked other than I had to, for it to stand on my feet.

"My back and sides hurt. I thought I could not stand. I saw myself growing weaker and I did not know do. I tried several things nothing helped me.

"One day I read about the women had been helped by Cardui, so I thought I would try it. I found it a splendid medicine. I began to take it. I soon to feel stronger and able to do things.

"From that time to the present I have taken Cardui several times when I was run-down in health. It has never failed to help me. Cardui should help you, too. Get a bottle today.

WEAK, RUN-DOWN

Alabama Lady Could Hardly Lift Her Head. Began To Feel Stronger After Taking Cardui.

Lowley, Ala.—"I was in an awful bad state of health," says Mrs. Charles Jenkins, of this place. "I was all run-down and weak as could be. I did not have the strength of a kitten. Some days I could hardly lift my head from the pillow. I looked like a skeleton. I was so thin and haggard. It took all my will power to drag myself around the house. I never walked any farther than I had to, for it hurt me to stand on my feet. My back and sides hurt me until I thought I could not stand it. I saw myself growing gradually weaker and I did not know what to do. I tried several things but nothing helped me. One day I read about how other women had been helped by taking Cardui, so I thought I would try it. I found it a splendid medicine. After I began to take it, I soon began to feel stronger and able to do things. From that time to the present I have taken Cardui several times when I was run-down in health. It has never failed to help me. Cardui should help you, too. Get a bottle today. NC-202

SAY—LISTEN!

A minister in a certain town in Alabama took permanent leave of his congregation in the following manner:

"Brothers and sisters, I come to say goodby. I don't think God loves this church, because none of you ever die. I don't think you love each other, because I never marry any of you. I don't think you love me because you have not paid my salary. Your donations are mouldy fruit and wormy apples, and 'by their fruits ye shall know them.'"

"Brethren, I am going away to a better place. I have been called to be chaplain of a penitentiary. 'Where I go ye cannot come, but I go to prepare a place for you' and may the Lord have mercy on your souls."

Every state has contributed to Texas population, ranging from the 234 from Delaware and Nevada on up to the 115,861 from Tennessee. Outside the South, Missouri with 63,336 leads, but Oklahoma has sent 58,492, Illinois 39,941, Kansas 21,537, Ohio, 19,863, Pennsylvania, 15,463 and New York 15,457.

NOW FEELS 20 YEARS YOUNGER

"I am 63 years old. Take a man my age, down and out physically, and let him find some medicine that puts him on his feet like Sargon did me, and he is going to tell about it."

HENRY C. KING

said Henry C. King, 2112 West 11th St., Oklahoma City, an "old timer" who for 50 years as cattleman and deputy sheriff has maintained a reputation as a "straight shooter".

"When I saw myself begin to get old and puny a few years ago, I began to try nearly every medicine I ever heard of to get me straight but I couldn't get anything to do me any lasting good.

"Then I tried Sargon, and it soon had me feeling twenty years younger. Today, two months since I quit taking Sargon I feel just as good. A friend met me the other day and said 'Why Henry, somebody told me you had been sick. He must have been mistaken. I never saw you looking better.'"

"We old timers learned to help one another so I want people to know what Sargon did for me. I couldn't digest anything I ate, my skin was yellow and spotted and I was so weak that when I lay down I didn't care whether I got up or not. I never had a natural action of my bowels, and had to get up all during the night on account of my kidneys.

"Sargon made me gain fourteen pounds. I eat more and digest it with no trouble; my kidneys have stopped bothering me and my bowels are regular as clockwork; and mind you it has been two months since I quit taking it."

Sargon may be obtained in Tahoka at Thomas Brok Drug Co. and in O'Donnell at the Corner Drug Store.

COLLEGE STUDENTS RETURN HOME THIS WEEK AND LAST

Most of the Tahoka young people who have been away in college are here for the summer. However, a few of them are spending the summer in school.

Miss Mary Greathouse, who has been attending the Tech, visited her parents a few days but has returned to College for the summer.

Miss Odene Crume, who has been a student the past year in Baylor College at Belton, came home Saturday and entered the Tech for the summer term Monday morning.

Misses Jeanette Cavens and Willie Lois Nevels, who have been attending Simmons University at Abilene, came home last Friday.

Miss Lilla Mae Reid, who has been attending McMurray, is expected home this afternoon.

Miss Floyd Anglin, who received her degree at the Tech, is also at home.

Misses Lois Goodrich, Montie and Mabel Draper, Berta Hill, Geneva Tankersley, and Winnie Freeman all returned last week end from Canyon, where they have been attending the West Texas State Teachers College.

Misses Lois Goodrich and Montie Draper of Tahoka and Miss Marie Lowe of New Home received their degrees at that institution last week.

There may be others who have been away in school whose names we have overlooked.

BETTER BABIES CONTEST OPENS HERE SATURDAY

A Better Babies Show, sponsored by Tahoka Camp No. 1603, Woodmen of the World, will open here Saturday morning at 10 o'clock.

All babies between the ages of one month and six years are eligible to enter.

The main object of the baby contest is to interest mothers in physical well being of their children, through free examinations, which will be given those babies entering the contest, according to W. E. Whorton, who is directing the show. Local physicians will give each child a physical examination, and loving cups will be given to the children scoring the highest. Special awards will be given to the first fifty entries.

Registration headquarters will be opened at the Texas Utilities office. Twenty-five cents will be charged for entry fee. The primary purpose of the show is to detect physical defects in children in order that their future good health may be assured, it is stated.

There will probably be many entries and much interest in the contest.

CHILD FALLS OUT OF BED; COLLAR BONE BROKEN

Little Norman Ray Parker, 2 or 3 years old, whose father is employed at one of the gins, fell out of bed while asleep one night last week and broke his collar bone. The broken bone was reset by a physician and the little fellow is said to be recovering nicely.

A news article recently appeared in a Berlin newspaper stating that an American singer had been arrested. We will state, however, for the benefit of some of our celebrities, that he was arrested for theft and not for singing.—Paducah Post.

BALANCED RATION IS NECESSARY FOR GOOD COTTON STALK

To produce a prize winning stalk of cotton for the National Cotton Show, which will be held at the Memphis, Atlanta, and Dallas fairs this fall, good seed should be planted and special care should be taken to see that the plants have everything that they need in the way of good cultivation and plenty of plant food. Good care and plenty of plant food will bring out the good qualities that have been bred into this particular strain of cotton.

Although, as in the production of a beef animal, the cotton stalk should have all of the balanced plant food it can use to make rapid growth and put on fat or fruit, some care must also be exercised not to throw the plant "off feed" by overfeeding or by using an unbalanced ration.

There is little danger of overfeeding a crop of cotton, in fact there is no question but that more profitable crops of cotton would be made if better balanced plant food rations were fed to the crop, and there is danger of overfeeding or producing too much stalk at the expense of the fruit where unbalanced fertilizers are used in forcing a stalk too early for development.

The prize winning stalks of cotton at the National Cotton Show, which is being sponsored by the Sears-Roebuck Agricultural Foundation and the Soil Improvement Committee of the National Fertilizer Association, will likely be produced by farmers who have found good cottons that are well adapted to the particular soil conditions where grown and who appreciate the importance of ample amounts of balanced plant food.

LUBBOCK FAIR TO HAVE MANY FREE ATTRACTIONS

LUBBOCK, Texas, June 4.—Free attractions, fire works and other amusements at the Panhandle South Plains Fair at Lubbock, this fall, September 30 to October 5, inclusive, will be more interesting and more expensive than ever before, officials of the fair have announced.

Contracts for six feature free acts and for fireworks each night have been signed.

The fireworks program will cost the fair association \$75 more each night than any previous year.

Each of the six free act troupes have played with the leading vaudeville and circus organizations in the nation and have an outstanding record for entertaining crowds.

Prince Nelson, ace of dare-devils, the highest paid actor in circus or vaudeville work in the world, comes to do stunts of all kinds on a wire, 75 feet high without a net below. He has crossed Niagara Falls on a wire 9 times.

The Chicotts Novelty, a double act will have special appeal to the "kiddies" that see the fair. The Francis Trio, comedy act, is the head comedy act at the Oklahoma State Fair this fall and at other big fairs. The Hadano & Company troupe will do high diving and the Three Mazzolas, an imported French act will entertain with balancing, swinging, and other acts, carried out with style and beauty, that only ability can produce.

It will be an absolutely free show inside the front gate. A. B. Davis declares. A \$1.50 show for fifty cents. Exhibits of all kinds will be gathered from over the South Plains and adjoining sections.

In 1929 Texas had 2,430,715 potential voters—potential in the sense that they were 21 years old or over. In that year 811,104 persons actually voted or a fraction more than one-third.

The Morris and Castle Shows will bring all new shows to the 1929 State Fair of Texas, according to word received here from the carnival company which is now playing throughout the mid-west.

Mlle. Danielle Bregis, declared the most beautiful girl in Paris, refuses to be photographed lest her gown fashions be imitated.

The sweet potato had the distinction of leading in value the strictly vegetable crops in Texas.

Texas' assessed values have increased 50 per cent since 1913. Actual property values in Texas (\$9,850,888,000 in 1922) are estimated at more than \$12,500,000,000 now. In 1861 Texas assessed values were \$256,784,482.

Texas is the leading Jersey cattle state in the Union, having passed Ohio which formerly held the distinction.

Samuel Sowersby, aged 77, died in a poorhouse in London, where he had been an inmate since he was 7 years old.

Thomas Bradley of New York ran behind the targets of a shooting gallery on a wager and was shot in the arm.

Cured of paralysis in a Chicago hospital, James Remson sent the institution \$70,000.

The Lynn County News can be had for \$1.50 per year—32 issues. We are also still offering the combination of The News and the Dallas Semi-Weekly Farm News for only \$2.00.

Frau Augusta Gurovosh of Hamburg, who died at the age of 87, had outlived eight husbands.

Mrs. Frances Tullett of Chicago claims a world's record for her cat, which caught 26 rats in a single day.

CHICAGO WHEN IT WAS REALLY AND TRULY WET

In McClure's of April, 1907, appeared an article. The City of Chicago, picturing conditions in that town when the saloons were open, selling beer. "The brewers employ agents to watch continuously every nook and corner in Chicago where it may be possible to pour in a little more beer. If a new colony of foreigners appear, some complot is set at once selling them liquor. There is now one retail dealer to every 285 people. Every man, woman and child in Chicago drank, in 1906, two and a quarter barrels of beer—three and a half times the average consumption in the United States. Each also drank about four gallons of spirituous liquors—two and one-third times the average. The main object of the brewing business, the thop saturation of the city, especially the tenement districts, with alcoholic liquors is well fulfilled."

SHEEP LEAVES LESS WEEDS AND MORE GRASS

College Station.—Some farmers declare they wouldn't have a sheep if they were given them, but their number is diminishing, for hundreds of farms are newly browsed by sheep every year. County agents in 37 Texas counties last year succeeded in introducing farm flocks of sheep to keep down weeds and utilize waste feed at profits, and 432 pure-bred rams were placed on farms in 48 counties. County Agent C. A. Munch in Jack county tells of a farmer who took in \$532.92 from 95 head of sheep and left less weeds and more grass. He is W. M. Gidewell of Longhollow Community, whose sheep averaged nearly 10 pounds of wool per head and whose sale of 21 lambs brought him \$210.

LITTLEFIELD'S Trades Day, Monday, June 3, was a huge success, attended by a large crowd. Prizes were offered for contests held during the day, and Col. J. W. Horn was Marshal of the events of the day. A registered Jersey heifer, a registered sow, and a pen of pure bred chickens were some of the prizes.

The PORTALES, N. M. Canning Company is now signing up tomatoes for the coming season, and has already secured the output of 300 acres. In 1928 the company canned 21 carloads, and shipped 13 carloads of fresh tomatoes. The average for 1927 and 1928 was 500 acres and the 1929 acreage is expected to be larger.

"I Just Can't Tell How Grateful I Am", Says Girl

Prominent Lubbock Farmer's Daughter Is Now Well and Happy Since Taking Orgatone

"I suffered with liver trouble and heart trouble for two years and found no relief until I began taking Orgatone," said Miss Ruby Bell, daughter of a well known farmer residing on rural route 1, Lubbock, Texas, in an interesting interview. "Everything I would eat," continued Miss Bell "no matter how little or how much would ferment and fill my stomach with gas and misery. I was continually belching up sour, undigested food, had severe heart burns and was in a general run-down condition. I felt terrible a great deal of the time and was often so nervous that I thought I would go distracted. I got so I dreaded to eat, everything bothered me so, in fact, I could hardly find anything in the way of dieting that would agree with me. I tell you I was all outside and my condition was anything but comfortable. No treatment or medicine did me any good and I was getting worse all the time.

"One of my personal friends had found relief from troubles like mine by taking Orgatone so I decided to try it myself. Three or four weeks ago I bought a bottle and in a few days I noticed that I was getting better, and from that time on I improved rapidly. A few doses relieved me of all the gas and every sign of indigestion, and gave me a fine appetite. All my nervous feelings left me and I sleep like a baby every night. I have no more heart burns and I can eat anything I want now, even to the richest of foods, and I never have a pain or uncomfortable feeling after my meals. I feel perfectly well all the time, and anyone who knows me can readily see the change Orgatone has made in me. I can't understand it, neither can my family, but I have gotten such complete relief from my two years of suffering in so short a time, but I have, and I just can't tell you how grateful I am for what Orgatone has done for me."

Genuine Orgatone may be obtained in Taboka, Texas at Thomas Bros. Drug Co.

The Lynn County News and Semi-Weekly Farm News, 1 year, \$2.00.

RAINS COVER LYNN COUNTY— (Continued from first page)

county as in the west half, being very light in some localities east of Taboka. The weather is yet unsettled with prospects for more rain before this paper reaches the reader.

On Tuesday night the rain was accompanied by one of the most brilliant electrical storms ever seen in this or any other country. The play of the lightning across the heavens and the continuous roll of thunder and the continuous roll of thunder and the continuous roll of thunder of some damage done by the lightning. A horse belonging to C. T. Tankersley residing at West Point, sixteen miles west of Taboka was struck and killed by lightning. A calf belonging to A. Shroyer residing here in Taboka was also killed, it is reported. A barn a mile and a half or two miles northwest of Wilson was struck by lightning, set on fire, and destroyed. We failed to learn the name of the owner.

LUBBOCK'S young Texas Tech Chamber of Commerce has for some of its objectives the molding of the tradition of the College while it is

WEAK, RUN-DOWN

Alabama Lady Could Hardly Lift Her Head. Began To Feel Stronger After Taking Cardui.

Lowley, Ala.—"I was in an awful bad state of health," says Mrs. Charles Jenkins, of this place. "I was all run-down and weak as could be. I did not have the strength of a kitten. Some days I could hardly lift my head from the pillow. "I looked like a skrietion, I was so thin and haggard. It took all my will power to drag myself around the house. OFFICERS FAIR ELE

Much Interest Shown by Monday Night Fair Directors Meeting

The directors of the Lynn County Fair Association and other citizens from O'Donnell and several of the rural clubs of the county met in the room Monday night and organization of the body.

A constitution, which has been prepared by C. C. Commerce, was adopted, and some had been read and section by section and after been amended in a few paragraphs the constitution provided for the fair to be held each year Monday night and organization of the body.

The constitution provides for the fair to be held each year Monday night and organization of the body. It is made the duty of the directors to annually elect an executive committee of seven members who shall have active management of the fair to be held each year Monday night and organization of the body.

In pursuance of the provisions of the constitution as adopted, an executive committee and the members were elected for the ensuing Tuesday night. A nominating committee consisting of J. E. Moore, Magnolia, T. J. Yandell of O'Donnell, Mrs. A. L. Fauson of Wilson, W. R. Neyland and S. R. Keene of Taboka recommended the following as members of the executive committee and officers of the association: President, C. C. Commerce; Secretary, T. J. Yandell; Treasurer, J. P. O'Donnell; Carl Holden, Wilson; Brewer, Joe Bailey; and I. Moore, Lakeview. Their report adopted and the above named members were elected as the officers of the executive committee.

Considerable sentiment seems to prevail in favor of incorporating an early date, issuing stock, and gaining the association on a permanent basis. In fact, the opinion seemed to be unanimous that should be done at the earliest practicable.

The attendance Tuesday night, gratifying, the county court room almost completely filled by representatives of various communities and the interest in the proposed seemed to be great.

Tourist Camp To Be Complete Soon

Chas. F. Shook states that his \$15,000 tourist camp will be ready for business before the end of the month. This camp, which is said to be one of the best on the entire plains, consists of ten apartments of two rooms each. Each apartment will be completely furnished with modern furniture and the best mattresses money will buy, Mr. Shook says. Water, lights, and gas are available in each apartment, and a garage adjoins each apartment. Hot and cold showers are also available.

The camp is of Spanish design finished in cream stucco and red tile trimmings, and rooms are lined with sheetrock and floored with hardwood. It has been erected in two units, one facing the other, of five apartments and garages; and for the sake of privacy, a wall connects the two on the west. On the east, a small office occupies the center, and this is connected by overhead lattice work to the camp buildings on each side.

This building would be a credit to any town and will no doubt be instrumental in drawing much additional tourist trade to Taboka.

Homer D. Wade has resigned as manager of the West Texas Chamber of Commerce to accept a like position with the Dallas Chamber of Commerce. President A. M. Bourland has called a meeting of the executive board to be held in Abilene on Thursday, June 20, to elect a successor to Mr. Wade. It is said that there are several applicants for the place.
