LEGION HOLDS DUTCH LUNCH

Legionnaires and Business Men Discuss Means of Paying Off Debt on Home

A number of O'Donnell citizens and residents of other sections of the county in addition to a large number of Tahoka people attended the Dutch Lunch given by the Marion G. Bradley Post of the American Legion at the Legion Hall Monday night. Music for the occasion was furnished by Messrs. Whittington and Morris. The lunch itself was much enjoyed by all present.

Post Commander Emmet Fleming made a few opening remarks and introduced Truett Smith as the master of ceremonies, who made a most excellent talk as introductory to the main program.

John E. Hogan followed with a recital of the purposes of the meeting, reading the preamble to the Legion Constitution, explaining the purposes of the organization, setting forth some of the accomplishments of the Marion G. Bradley Post, stating that the local organization had purchased the building in which the meeting was being held some time ago for use of the Legion and other civic organizations, that \$2,500 cash had been paid and that about \$6,000 is yet owing on the building and appealing to the people of Tahoka for financial and moral support in paying for the building.

G. E. Hogan followed, praising the American Legion and declaring that the people of Tahoka must see to it that its property be not sacrificed. He suggested some ways of raising sufficient funds to meet the obligations against it. He pledged himself to do anything in reason to help pay off the indebtedness.

Judge G. C. Grider substituted for J. P. Weathers, who was unable to be present. He was supposed to furnish the fine for the occasion and he fulfilled his mission well.

"The American Legion as a Community Asset" was the subject assigned the editor for discussion. He outlined the principles for which the American Legion stands as outlined in the Preamble of its Constitution, recited some of the accomplishments of the local post, and appealed to those present to give the organization their whole-hearted support, financially and morally.

Supt. M. L. H. Baze was the last speaker on the program. He highly commended the purposes of the organization and expressed surprise at the accomplishments of the local Post. He appealed to the members not to be so much hazy in giving publicity to their achievements. He had never before heard the principles of the organization set forth nor had he ever seen the accomplishments of the local organization as recited by Mr. Weathers and others. He thought publicity should be given the achievements of the Legion. He also made suggestions as to paying off the debt against the Legion Hall.

The officials of the organization expressed themselves as being highly gratified at the interest shown by the business men of Tahoka in their work. It appears that a better day for the organization in Tahoka is ahead.

PHONE US THE NEWS

Are you trying to give you the best weekly news paper in the South Plains. To do so we must keep the news coming in.

Do you know a news item? Do you have a visitor? Been on a vacation trip? Do you have a birth? A wedding? A death? A party? An unusual crop? A record? Then call us up, or just call 35 and we will be glad to print it. These things are of interest to our neighbors and the community in general.

Do you give us will give you a better paper for your readers—and vice versa.

LETTERS

Do you have a "thing" to write about? Do you have a "Texas" item? Do you have a "news" item? Do you have a "thanks!" item?

Mrs. Taylor's Kin Hold Reunion Here

Mr. and Mrs. C. L. Taylor entertained a host of relatives last week, following a family reunion held in Abilene. The guests arrived Tuesday and left Sunday, most of the time being spent fishing and picnicking at Two Draw lake near Post.

The guests were: Mr. and Mrs. Gus Munoz, Melina, Ill. Mrs. Ora Beach and Miss Margaret Beach, Chicago, Ill. Miss Lillian Liles, Abilene; Mr. and Mrs. Weslie Mary and children, Oakland, Calif.; Mr. and Mrs. Lennie Taylor, Lamesa; and Mr. and Mrs. Neal Reynolds, Brownfield.

WILL ATTEND SHORT COURSE

Between 30 and 35 Signed Up; Others Urged To Take Trip To A. & M. Next Week

Between thirty and thirty-five residents of Lynn county have already signed up for reservations for attendance upon the A. & M. Short Course at College Station to be held July 27 to Aug. 3, according to County Agent Ray Shaver. It is expected that a number of others, will sign up.

The party will go by special train, which will leave Station at 10:45 and Post at 11:30 A. M., Saturday, July 27. The party will return on Saturday, August 3rd. A special rate of 1-cent per mile has been made, and the total expense of the trip per person is expected to be about \$25.00. Rooms at College Station will cost \$1.50 per week per person. Reservations should be made to Mr. Shaver or to Miss Thelma Greenwald at once in order to assure proper entertainment at College Station, Mr. Shaver states.

The courses will include everything pertaining to farming and farm life. There will be 4 groups: women, girls, men and boys. Those who have heretofore attended these courses from Lynn County have returned very enthusiastic over them, and everyone who can spare the money and the time should by all means attend.

More Music For Schools Next Year

Every student, whether in the first grade or the eleventh, will have an opportunity to study music during the coming school year of the Tahoka Public Schools.

Supt. M. L. H. Baze has announced that public school music will be taught in all the grades, and, in addition, an orchestra will be organized at Central Ward with Will Ed Tredway as director. A high school band will be organized by John C. Allen, in addition to the glee and choral clubs which were formed two years ago. Music in Central Ward will be taught by Mrs. J. C. Allen. Mrs. W. O. Henderson, and Mrs. Hays in addition to their other duties. Mrs. J. Arnold Carsey will teach public school music in South Ward. Mr. Baze is in charge of the glee and choral clubs and will be assisted by a music teacher yet to be elected.

Tahoka, high school during the past years, has become widely known over the Plains for its fine musical organizations. With a membership of 111 out of a total of 200 high school students, the glee club and choral clubs claimed a record for the state of any school in proportion to the number of high school students. Tahoka holds both the glee club and quartet titles of the South Plains, as a result of the contest held at Lubbock last Spring.

Garrard Appointed To Education Board

Friends of Tom Garrard of Lubbock are gratified to learn of his appointment by Governor Moody as one of the members of the new Board of Education created by an Act passed at the second called session of the present legislature.

Mr. Garrard is a law partner of Judge G. E. Lockhart, formerly of Tahoka. He has always been an active supporter of Governor Moody politically and has been prominent in the political life of West Texas for the past several years. He is a splendid lawyer and a man of unblemished reputation. He ought to make a valuable member of the new Board of Education.

HERE'S THE DOPE ON THE ORIGIN OF WORD 'TAHOKA'

Many people have advanced theories as to how Tahoka and Tahoka Lake received their names and as to the meaning of the word "Tahoka." Now comes one Edmond J. Gardner, Valliant, Oklahoma, who in a letter received some time ago by M. L. H. Baze, sets forth an explanation which is seemingly about the most correct one we have heard.

He writes as follows: "In looking over a map I noticed the name of your town. I being familiar with name set my mind to wondering about how your town came to be named Tahoka. The word seems to have been made up from two words of the Choctaw Indian language, Taha and Oka which means in English 'The Water is all Gone' and would suggest that the town is on a high prairie. This was also the name of a very devout Christian, a member of the Presbyterian church, who lived just a short distance from this town many years in the past. He lived in the state of Mississippi, was converted and joined the church there and was instrumental in converting many of his tribe to the Christian religion. In a letter written by Loring S. Williams, a Presbyterian missionary to the Choctaws in Mississippi and who came with them in their general removal to the Indian territory now southeast Oklahoma, he makes mention of 'Tahoka' in the following language: 'I passed some tents where some church members was settling, and two miles beyond them I met with good old 'Tahoka' who received me with open arms, and when we knelt down to pray, he made the woods ring with his praises to God.' On the morrow, the day being the sabbath, a very large crowd assembled at a place in the woods which had been consecrated to the worship of God. A number of benches had been made from split logs and the underbrush cleared away."

OIL TEST IS NEAR 4,000 FT.

Drilling Continued Far Below Contract Depth On Ash Snyderate Well

Although the contract depth on the test oil well being drilled by the Ash Snyderate five miles west of Tahoka was reached several days ago, the drillers are going on down. They had reached a depth of 3815 Monday afternoon and stated that they were drilling approximately 100 feet daily. We were unable to learn how deep they expect to drill before abandoning the hole if oil is not found.

It was currently reported that a showing of oil was encountered several weeks ago but it was not believed to exist in paying quantities.

Kiwanians Hear O'Donnell Yodeler

Arnold Davis of O'Donnell furnished the entertainment for the Kiwanis club at its luncheon Wednesday. Arnold is a yodeler and has become known locally as Jimmie Rogers the Second. To the accompaniment of his guitar, he sang several of the popular songs in the most approved yodel fashion, and the Kiwanians enjoyed the program very much.

Preceding the musical numbers, G. S. Howell, secretary of the O'Donnell Chamber of Commerce made a brief talk expressing his appreciation of the work of the Kiwanis and similar service organizations.

The Kiwanians voted their approval of the plan to hold one of their meetings in the near future at some nearby pleasure resort, picnic fashion. The time and place will be determined later.

Lone Star Station Robbed Saturday

Thieves broke into the Lone Star Filling Station here Saturday night and made way with the cash register. Fortunately for the filling station and unfortunately for the thieves, the cash register contained only a few cents in money at the time. A small quantity of oil and gas were also taken, we understand. Officers are at work on the case.

BASEBALL GAME HERE NEXT SUNDAY AFTERNOON

The Littlefield and Tahoka ball teams will play a game on the local diamond Sunday afternoon, according to W. W. Nicholas, manager of the Tahoka team. The game will be called at 3:00 P. M.

Littlefield is said to have a strong team and this is expected to be a good game.

E. J. Cooper and family left today to visit relatives and friends at Terrell, Whitesboro and other places. They expect to be gone about ten days.

To Complete West Side Square Paving

The matter of street improvement was the chief matter of discussion at the meeting of the city council last Monday night. The council took favorable action on the proposal to have the unpaved portion of the street on the west side of the square paved at an early date. No contract was made but further action will probably be taken at a called meeting of the council to be held next Tuesday night. The matter of repairing and resurfacing with asphalt all the pavement in the city was also discussed but no action was taken in this matter.

BUSINESS MEN VISIT EDITH

Crowded House Hears Krebs, Grider, Baze, Williams and South Plains Quartet

(By C. C. Williams)

An excellent crowd greeted the people of the Tahoka Chamber of Commerce who visited with the people of Edith Community last Friday night. It was a very busy time for the people of Edith but the house was filled to its capacity.

Mr. Krebs of Edith welcomed the visitors from Tahoka and pledged the co-operation of the people of Edith for anything for the good of Lynn County. At the close of the meeting he assured the visitors that they would be at the Lynn County Fair good and strong.

Judge G. C. Grider presided over the meeting and his witicism was enjoyed by all present. The meeting was opened with a song by the congregation led by Prof. Baze. Others contributing to the program were: Raymond Weathers who kept the crowd in laughter for about 25 minutes, a junior and senior quartet of the young people of Edith rendered a few very much appreciated numbers. Truett Smith entertained the crowd and closed his part of the

(Continued From First Page)

Homer Harrison Weds Miss Leona McCord

The first white marriage which has been consummated in Lynn County since the new marriage law went into effect on June 13 occurred Saturday night, when Miss Leona McCord became the wife of Homer Harrison. There had been three Mexican marriages but not a single marriage of white Americans during the entire period of thirty days intervening since the law became effective.

This marriage was consummated at the Methodist parsonage, Rev. R. T. Breedlove officiating.

Mr. Harrison is a popular young business man of Tahoka while the bride resided with her parents, Mr. and Mrs. M. E. McCord, a few miles east of town. The twain have the best wishes of a large circle of friends. They will continue to reside here.

REVIVAL MEETING SOON TO BEGIN AT THREE LAKES

Rev. Graves Darby, pastor of the Baptist Church at Roscoe, requests that we announce that a revival will begin at Three Lakes on Friday night, August 2nd. He will do the preaching. Everybody is cordially invited and all Christians are urged to co-operate.

Texas has 8.8 per cent of the total land area of Continental United States.

M. B. Hood Is Moving to O'Donnell

M. B. Hood of this city has formed a partnership with C. A. Rayburn Chevrolet dealer at O'Donnell, his connection and service with the new firm beginning Monday morning. He and Mrs. Hood will remove to O'Donnell as soon as they can procure a house.

Mr. Hood has been bookkeeper for the Snowden Chevrolet Company since the agency opened here early in 1928. Mr. Rayburn, with whom Mr. Hood is associated at O'Donnell, was formerly a member of the Snowden agency here also. Both are splendid gentlemen and their many friends here hope for them much success in the new business.

Mr. Bert Dollins underwent a serious operation in a hospital in Lubbock a few days ago and her condition has been very critical. She was only slightly improved Wednesday.

MAJORITY FOR 2 AMENDMENTS

State Returns Show Lead; Lynn County Votes Strongly Against Both Proposals

Returns, though very incomplete, show that the two constitutional amendments will probably carry by a good majority, according to late Associated Press dispatches.

Lynn county rolled up majorities of nearly four to one against both of the constitutional amendments voted on in Tuesday's election. Ten of the thirteen voting boxes of the county had made official returns to the county clerk at the time of going to press and every one of them had given majorities against both amendments. No returns had been received from Grassland, Three Lakes, and New Moore, but it is believed that about the same proportion of votes for and against the amendments were cast in these boxes as in those reporting.

We give the results in the various boxes below:

South Tahoka: For enlargement of supreme court 16, against 52; for increase in governor's salary 17, against 51.

North Tahoka: For enlargement of court 20, against 33; for increase in governor's salary 18, against 36.

O'Donnell: For enlargement of court 14, against 63; for increase in governor's salary 18, against 38.

Wilson: For enlargement of court 8, against 24; for increase in governor's salary 8, against 25.

New Home: For enlargement of court 7, against 26; for increase in governor's salary 8, against 25.

Dixie: For enlargement of court 5, against 14; for increase in governor's salary 6, against 13.

Draw: For enlargement of court 2, against 37; for increase in governor's salary 4, against 36.

Magnolia: For enlargement of court, 2; against 22; for increase in governor's salary 2, against 22.

Gordon: For enlargement of court 1, against 14; for increase in governor's salary 1, against 14.

West Point: For enlargement of court 2, against 12; for increase in governor's salary 2, against 11.

Total for enlargement of court 77, against 297; total for increase in governor's salary 82, against 292.

TWO TO ONE MAJORITY

Although a slight inroad was made Wednesday in earlier returns from Tuesday's constitutional amendment election, unofficial returns tabulated by the Associated Press from more than 100 counties, cities and towns indicated that the two measures voted upon had been accepted by the Texas electorate.

Early returns, mostly from the larger cities, showed a ratio of nearly three to one in favor of the amendments, but as rural districts, especially the Panhandle section reported the majority was cut to a little better than two to one.

The last compilation approved the measure to increase the salary of the Governor from \$4,000 to \$10,000 by 21,455 votes to 10,134 against. By almost the same majority the amendment to add six more justices to the personnel of the State's Supreme Court was favorably reported, the vote being 21,670 for, to 9,757 against.

Should the official count confirm the unofficial figures, it would mark the end of an effort of a number of years standing to give Texas' chief executive a salary increase, several attempts at the polls having been turned down. The measure, however, would not become effective until 1931, or until after the election of a new governor.

The court amendment, advocated by leading bar associations in order that legal procedure be speeded up, was voted upon for the first time Tuesday.

It would become effective 40 days from now, the new members of the court to be appointed by the Governor. Five members of the Court would constitute a quorum, and it would require the assent of at least five members to establish a decision.

The further flow of returns continued to confirm early predictions that the amendment balloting was the most apathetic election ever held in Texas, it being estimated that less than 10 per cent of the qualified voters exercised their right of suffrage.

Petty News

There was a very good attendance at Sunday School Sunday, 25 members being present besides the visitors. We are glad to see so many taking part in Sunday School.

Mr. Bill Kennedy had the misfortune of turning his car over one day last week. He received several painful cuts with the broken glass. His car was completely torn up.

Mrs. Middleton was called to Waco last week to be by the bedside of her father, who is quite ill.

Mr. J. W. Stroud and family of Lubbock visited Mr. and Mrs. Brooks Smith last Sunday.

Mr. McCracken and family were visitors in the Reynolds home last Sunday. They report their son, George, who is attending the C. M. T. C. at Fort Hill, Oklahoma, is well pleased with his work.

We people of Petty want to thank the reporter from Edith for the extended invitations to attend those good singings, for we all like to get together and worship in song. Singing helps the old people as well as the young people.

Thad Smith was in Lubbock Tuesday transacting business. Misses Kaycie Pearl and Viedna Dookery were visitors of Mrs. O. S. Smith Sunday.—Reporter.

Y. P. PROGRAM

The Young People's meeting of the Church of Christ meets each Sunday evening at 8:15. The program for next Sunday evening is as following:

Leader—L. A. Nowlin.
Song Leader—Robert Benson.
Life of Christ—E. A. Mason.
Life of Paul—Thelma Taylor.
Life of Peter—Ruby Benson.
Life and Mission of John the Baptist—Mike Wilkerson.
Paul's Persecutions—Mrs. Mason.
Life of Judas and his death—Kellie Richards.
Everyone is invited.

SANTA FE HANDLES 400 CARS OF WHEAT DAILY AT SLATON

W. H. Smith, Santa Fe agent here said Thursday that his company is this week handling over 400 cars of wheat through Slaton, coming from the Pandale-Plains wheat sections on its way to markets. The local yards are congested with wheat shipments which far exceed the highest records ever established here before. It is said by officials. A steady gain has been seen this week over the volume handled on the Slaton division last week.

It is thought that another month or more will be required to move the wheat crop, one of the largest wheat yields ever known in the Plains-Pandale areas.

Slaton, while not an extensive wheat producing section, is being benefited by a much larger Santa Fe payroll during the wheat rush.—Slaton Slatomite.

SERVICES AT METHODIST CHURCH SUNDAY, JULY 21

Rev. R. T. Broadlove is at Aiken in Floyd county this week holding a revival meeting and will not be here for the Sunday services. He has made arrangements for the pulpit to be filled, however, and there will be services as usual. He requests that this announcement be made and hopes that good congregations may be in attendance.

CEMETERY ASSOCIATION WILL MEET SATURDAY

Judge J. M. Elliot has called a meeting of the Cemetery Association to be held at 2 P. M. Saturday afternoon in the county court room. Some important business matters are to be given attention and it is desired that every member be present.

Texas spent \$65,128,019 on public schools in 1928.

BROTHER OF DAVIS DIES AT ASPERMONT

D. E. Davis, Aspermont, brother of E. S., D. C. and Scott Davis and father of Mrs. Louis Perkins, all of this city, died at his home Wednesday after an illness of two years duration.

Mr. Davis was 68 years of age, and is survived by his wife, one daughter, Mrs. Perkins, and two sons.

Mr. and Mrs. Perkins and Mr. and Mrs. E. S. Davis, and son, Daniel, attended the funeral. Mr. and Mrs. Scott Davis had returned from the deceased's bedside the day of his death and Mr. and Mrs. D. C. Davis could not attend the funeral on account of the serious illness of their daughter, Mrs. Bert Dollins.

Locals

R. E. Key, H. M. McEachern, and the former's brother, J. C. Key of Wilson, spent Monday out at Tatum, New Mexico and they brought back some specimens of apples, pears, plums, and prunes being raised there. These were wonderful specimens and show what can be done and is being done here on these plains.

C. A. Thomas and family left Thursday morning for Denver, Cheyenne, and other points in the north-west. They expect to be gone about ten days or two weeks. W. O. says he thinks a big rodeo is the attraction at Cheyenne.

Clyde Eubanks, who has been attending a business college in Abilene for several weeks, returned home a few days ago. He will complete the course in the new college recently established in Lubbock.

The News is informed that J. Emory Nance has accepted an important position with the Piggly Wiggly stores in Washington, D. C., and will not return to Tahoka in the immediate future.

E. F. Montgomery and family of Carlsbad are here visiting Hub Clark and family. Mr. Montgomery formerly resided in Tahoka.

Pipe to Cure Pain

The slushes or blisters of the Wagon Indians was a pair of feathers dug over a trap on each side of the head, and carried a bundle of cedar twigs, an elkhide bag and a pipe.

Among the Wagon, unlike the modern custom, doctors were chiefly women. Some of them diagnosed the illness of their tribespeople by sticking or singeing others smacked on the pain through their eagle pipes. The cedar twigs, were pushed down the throat, until a few sweet-smelling would handle a knife. A very complete shaman's outfit which has passed from one member of the tribe to another for several generations has been recently acquired by the Museum of Anthropology of the University of California.

Small Farms in India

"India is essentially a country of small holdings," says Sir Verney Lovett, author of "India." "In many parts of the country the land is held mainly by families of peasant proprietors. In other parts the bulk of the land is owned by large properties, but even in such cases the tenant in chief has generally been protected by a series of rent acts which not only insure him fairly of tenure during his lifetime but often grant the right of descent at the tenure to his heirs on his death. The disruptive tendencies of the Hindu and Mohammedan laws have profoundly affected agricultural economy through encouraging the ultimate subdivision of land." Fragmentation is the rule.

Ireland's Famous Hill

Tara is the name of a hill in County Meath, Ireland. It was here that the triennial convention of the Irish kings was established by Ollam Fodla, about 300 B. C. According to tradition the palace of Tara was 900 feet square, containing 150 apartments and 150 dormitories. The early kings of Ireland were said to be crowned here and tradition further states that Tara at the time of the advent of St. Patrick to Ireland was the principal seat of Druidism in Ireland. It is said to have been abandoned through the curse of St. Enda, 430, on account of its idolatry.

Amber and Meerschaum

Amber can be made to burn when heated to a high temperature in the air. It is a fossil resin from trees of the pine family and is dug up from the shores of the Baltic sea and the North sea and a few other places. It is a compound of carbon, hydrogen and oxygen. Meerschaum is a compound of magnesium, silicon and oxygen and resembles a white clay. It is found chiefly in Asia Minor, where it occurs in masses of clay. Of course, the only connection between the two substances is the fact that they are both used in making pipes.

SLAT'S DIARY

Friday—Well I got a lot of bad news today. They was a lady here at our house and I found out she was gonna be my teacher next year when school begins. She is a going to bord at our house to. She was telling ma that they are going to have Nutrishun in the school next year. Well, I don't mind taking anything like that if it doesn't itch much.

Saturday—Ma was kidding becuz pa put in so much of his time at his work instead of spending it with her. She sed You no women was here before money. Pa replied and sed. Yes and now they are here after it. So now the way it looks Pa can spend all the time he wants to at his work.

Sunday—The Sunday school teacher sed Jake what was a Lepper sed Jake sed it was a animal in the Zoo which has got a lot of stripes on him. I diddent want to say anything but I new he was rung. I new it was an animal with black spots.

Monday—Pa and ma celebrated their wedding anniversary this evening and had a few friends to help eat the brick of ice cream Pa went out and bought. Mrs. Glunt sed to Pa. My goodness, it seems like you have been married longer than you really have doesnt it? and Pa replied Yes it sure des. I am very unhappy to know that ma happen to overhear him to.

Tuesday—Well, I don't see how I am ever going to be successful in the business world. I lost my job at the drug store today. I no I could make good only they fire me quick most generally always.

Wednesday—Pa calls his shoes Squeek & Leek becuz when it is dry they squeek and when it is wet they leek.

Thursday—Pa was a telling about old man Hix which is so stingy he went up stairs to steps at a time to save his shoes. But he got cured today when he was going up stairs to steps at a time and ripped a pair of 88 pants. New ones to.

THE FIRST WHISKEY REBELLION OCCURRED IN 1794

The first whiskey rebellion occurred in 1794, in the Western counties of Pennsylvania. The uprising was directed against a tax administered by Alexander Hamilton. George Washington gathered an army composed of the militia of neighboring states, marched into the disturbed districts, seized the leaders of the insurrection and restored the authority of the government. It cost the government \$1,500,000 to suppress the whiskey rebellion, altho at that time the total expenses for military purposes amounted to only \$4,362,000.

The tax in controversy ranged from nine to twenty-five cents a gallon. At one time the rebels under arms were estimated to number 16,000.

Locals

Tom Higgins, the gentleman who has charge of the Lynn County's court house, returned Monday from a vacation of more than two weeks spent with relatives at and near Meridian. Tom says he had a wonderful time—had plenty of fish to eat. One taken from Clear Fork by a relative, Joe Higgins, weighed just 31 pounds. Mr. Higgins was accompanied home by Mr. and Mrs. Joe Rysinger, Mrs. Bettie Higgins and Miss Toomes, who are visiting here this week.

Miss Jo Bullock and her niece, Miss Sallie Tillotson, both of Aspermont, are here this week visiting the family of J. B. Walker. Miss Bullock and Mrs. Walker are sisters.

NYAL Face Cream

Enhances Face Value.

Nyal Face Cream leaves the skin clear, soft, fine. It relieves sunburn—is a fine foundation for powder. Will not harm the most delicate skin. Try Nyal Face Cream. You will find it excellent.

TAHOKA DRUG COMPANY

County Agent Ray Shaver and five Lynn county club boys went to Shallowater Monday to attend a dairy cow testing demonstration. The Tahoka boys went to make observations and to gather information as to what constitutes a good dairy cow. The five boys were: George Claude Wells of Tahoka, Lennie King of Dixie, Alton Fleming and J. P. Morgan of Magnolia, and John Davis of Garlynn. Lubbock and Lamb county boys were there also to participate in the judging.

County farm agent Ray E. Shaver went to Lamesa to assist the agent of Dawson county, Mr. Evans, in a 4-H Club boys' contest held to determine who should be sent to the A. & M. Short Course. Mr. Shaver says that the commissioner's court of Dawson county is sending 4 boys to College Station to take this short course and the Lamesa Chamber of Commerce is sending two.

At a meeting of the members of the Woodmen of the World held at the court house last Saturday afternoon, a committee was appointed to investigate the advisability of constructing a Woodmen hall on the local Camp's lot on the east side of the square.

G. S. Dowell, secretary of the O'Donnell Chamber of Commerce, and Prof. Vernon Martin, teacher of vocational agriculture in the O'Donnell High School, had business in Tahoka Tuesday afternoon.

Rev. Shepherd left Monday morning to begin a two weeks revival meeting in Runnels county near Winters.

Mrs. Pledger Coleman, is visiting relatives in Ballinger. Pete says he is thinking of advertising for a cook.

Nearly all the fruit trees in Lynn County are literally loaded down with fruit this year. Plums and cherries and apricots are so numerous that limbs bending to the ground under the load may be seen in almost every orchard. Peaches are fine also, while grapes and berries are furnishing many a luscious dish for Lynn county tables. This will doubtless be remembered as one of the big fruit crops of Lynn county.

Mr. and Mrs. J. H. Smith and two children of New Home left Wednesday for an extended visit in Alabama and possibly South Carolina. They will spend some time with relatives in Birmingham and will probably visit the old home town, Anderson, South Carolina. Mr. and Mrs. Smith were both born and reared at the latter place.

P. A. Nowlin has resigned his position as book-keeper for the Connolly Motor Company and has accepted a like position with Snow-Snowden Chevrolet Company. Miss Lois Shaeffer succeeds him as book-keeper for the Connolly Motor Company.

Dr. C. B. Townes and family left Tuesday for Denver and other places farther to the northwest. At Denver they will be joined by their son, Reed, who has been attending the C. M. T. C. They will probably be away ten days or two weeks.

Mr. and Mrs. S. W. Haynes and son of San Angelo spent Tuesday night here with D. Rogers and family. They were on their way to Colorado. Mrs. Haynes is a sister of Mr. Rogers.

Carl Alexander, who has been book-keeping for the Rayburn Chevrolet Company at O'Donnell, has accepted a like position for the Snow-Snowden Chevrolet Company in this city, succeeding M. B. Hood here.

C. B. Keltner was called to Ada, Oklahoma, Monday morning by the death of a brother, J. M. Keltner. Deceased was the father of Jim Keltner, who resided in Tahoka several months following the opening of the Keltner Hotel.

Mr. and Mrs. Roy Ward and son, Wayne of Duncan, Oklahoma, are here visiting J. S. Wells and family. Mr. Ward is a nephew of Mr. Wells, whom the latter had not seen but once in twenty-six years.

Miss Ina McPherson of Aspermont spent a few days here with her sister, Mrs. Rex Rogers and Miss Pete McPherson. The three left Wednesday morning to visit with relatives in Hamilton county.

Mr. and Mrs. Buddie Knight left Wednesday morning to spend their vacation in California. They will visit a brother also in New Mexico. They expect to be away about four weeks.

Henry Hale and daughter, Mrs. C. L. Carmichael, and her two little children of Higgins, are here this week visiting Mr. Hale's brother, Horace Hale and his sister, Mrs. S. W. Sanford.

Mr. and Mrs. W. N. Bushnell left for their home in Pecos Wednesday morning after a few days visit with Mr. and Mrs. W. R. Neyland of this city. Mrs. Bushnell is a sister of Mr. Neyland.

G. A. Brasfield and family and W. E. Taylor and family returned Saturday from a fishing trip down on the lower Pecos. Of course, they had good luck and caught a lot of fish.

Mr. and Mrs. E. E. King and Mr. and Mrs. Leroy Knight left Sunday for San Antonio, Corpus Christi, and the lower Rio Grande Valley. They expect to be gone about two weeks.

Mr. and Mrs. H. M. Larkin left Sunday morning to visit Mr. and Mrs. S. J. (Stony) Smith at Ingram in Kerr County. They expect to return about the last of next week.

Miss Tessie Forgas of Aspermont left for her home Sunday after a few days' visit here with Miss Hazel Stafford at the Sanarillo Cafe.

Mrs. D. Rogers returned to the hospital at Lubbock again Wednesday morning for a few days' treatment.

Mr. and Mrs. D. B. English are visiting relatives at Dallas this week.

J. T. Overby of Slaton was transacting business in Tahoka Tuesday.

Barney Davis is visiting relatives at Sayre, Oklahoma.

Mrs. W. S. Street visited relatives in Lubbock Tuesday.

J. C. ANSLEY DIED IN WICHITA FALLS THURSDAY

J. C. Ansley, 78, died at 1659 McGregor, the home of his son, A. C. Ansley, Thursday evening, following an attack of heart trouble.

Funeral services were held from the First Methodist Church at 2:30 Saturday afternoon, with Dr. S. S. McKinney, pastor, officiating. Burial took place at Rosemont Cemetery at Wichita.

Active pallbearers were George Proctor, Frank Burns, W. E. Floyd, John Gracey, J. O. Ansley, Howard Federer, William Curd and Dr. R. H. Peterson.

Mr. Ansley was well known in Wichita Falls through his hobby of gardening and the vegetable garden which he had developed at the family home during the last four years had attracted much attention.

He is survived by his wife, three sons, R. G. Ansley of Anson, Texas, J. O. Ansley of Hobbs, N. M., A. C. Ansley of Wichita Falls, two daughters, Mmes. S. L. Shelton of Tahoka, Texas, and G. C. Butch of Ralls, Texas, Mr. and Mrs. Ansley had lived with their son here for the last four years.—Wichita Daily Times.

Mr. Ansley was a citizen of Tahoka a number of years and had many friends here who will regret his passing.

SECOND SHEETS—500 Manila second sheets, 8 1/2 by 11 inches (typewriter size) for 75c at the Lynn County News Office.

Praises Orgatone For Good It Did

"I'm Glad to Endorse It So Others May Know What Relieved Me," Says Lubbock Mechanic

"I was just going down hill and kept getting weaker and my health was gradually leaving me," said Frank J. Null, of 415 Avenue H, Lubbock, Texas, in a conversation with the Orgatone representative.

"I had suffered," he continued, "with stomach trouble and indigestion for four long years, until I was getting in such a bad condition I could hardly stand it. Everything I would eat hurt me and the pains in my stomach and chest were just awful. I also had intense pains that would run up and down my back, caused from the bad condition of my kidneys. At times, the pains in my abdomen from indigestion would hurt me so I could hardly stand it. Every time I ate anything I would suffer hours after eating and gas formed on my stomach until I could hardly get my breath. I certainly was in a terrible fix and, just kept getting worse in spite of all I could do until I began taking Orgatone.

"Orgatone is not like any other medicine I ever took. It seemed to soothe my stomach and give me an appetite in a few days. I have just finished my second bottle and don't have any more gas or indigestion. I eat anything I want, breathe easy, sleep fine every night and get up in the morning ready for my day's work, willing and ready to enjoy the day. All of those tired, worn out, listless feelings have disappeared and I'm glad to endorse Orgatone, so that others may know what relieved me, for Orgatone has restored my health after everything else had failed. I can't ever say too much for Orgatone."

Genuine Orgatone may be obtained in Tahoka, Texas, at Thomas Bros. Drug Co.

WEAK, RUN-DOWN

Alabama Lady Could Hardly Lift Her Head. Began To Feel Stronger After Taking Cardui.

Lexley, Ala.—"I was in an awful bad state of health," says Mrs. Charles Jerkins, of this place. "I was all run-down and weak as could be. I did not have the strength of a kitten. Some days I could hardly lift my head from the pillow.

"I looked like a skeleton. I was so thin and haggard. It took all my will power to drag myself around the house. I never walked any farther than I had to, for it hurt me to stand on my feet.

"My back and sides hurt me until I thought I could not stand it. I saw myself growing gradually weaker and I did not know what to do. I tried several things but nothing helped me.

"One day I read about how other women had been helped by taking Cardui, so I thought I would try it. I found it a splendid medicine. After I began to take it, I soon began to feel stronger and able to do things.

"From that time to the present I have taken Cardui several times when I was run-down in health. It has never failed to help me. Cardui should help you, too. Get a bottle today.

BRADY's newest building and loaning to \$40,000 were granted for association, the Central Texas, with structures down town and along the headquarters at Brady. Construction of a recently with an authorized capital of \$10,000 building by the American \$15,000,000. This is the second building. Telegraph & Telephone Co., is existing and loan associations at Brady and expected to begin shortly. Plans for a was organized as an evidence of faith new courthouse are being rushed. in the growth of the community.

NOTICE TO THE PUBLIC
Any erroneous reflection upon the reputation or standing of any individual, firm or corporation, that may appear in the columns of the News, will be gladly corrected when called to our attention.

We met Will Edwards down at the West Texas Press meet last week. "I remember Tahoka as the most beautiful town I have seen in West Texas", he said to us. Who is Will Edwards? For many years he was owner and editor of the Denton Record Chronicle. Three years ago he was a candidate for lieutenant governor and as such visited nearly every town of any importance in West Texas. Following his defeat by Barry Miller as a candidate for lieutenant governor, he was offered a position with the Hears papers and accepted. He was connected for some time with one of the Hearst dailies in Washington, D. C., and later with the Atlanta Georgian. He has recently come back to Texas and is with the Public Service News at Dallas. We felt therefore that our little city had received a distinct compliment when he pronounced it the prettiest small town in West Texas.

We have received a communication from William A. Wilson, secretary of the Lamesa Chamber of Commerce, complaining that somebody had been circulating erroneous reports to the effect that the highway west of Lamesa in New Mexico was impassable. He desires that this report be corrected. He says that this highway is in "good passable condition." We had not heard of the erroneous report but we are glad to correct it. We are for good highways wherever they are needed and as fast as they can be built.

We note with much gratification that some improvement of Lockwood street is being made by the city. Some much needed grading has been done along the City Park so as to drain the lake that forms there whenever it rains. We are sure that the whole city will appreciate this. We presume that the entire street is to be improved. It is very important that this be done, for tourist traffic over Highway 84 as well as much local traffic passes over this street. Tourists passing through the city get a better impression of the town if they find the streets in good condition. If the streets are rough, the tourist who passes over them is likely to leave "cussing" the town. Besides good street are much more convenient and pleasing to the home folks. We are truly glad that this street is to be placed in tip-top condition.

To John Donaldson more than to any other single individual perhaps is due the credit for the beautiful trees now to be found in the City Park. About five years ago Mr. Donaldson became interested in the matter and he raised the funds with which to buy the trees that now beautify this plot of ground. Many of the business men and other citizens each contributed the funds to pay for one or more trees. The result is ample reward for the small sum invested. This park is now a thing of beauty. We like the way it is being kept. But we long for the day when a coat of beautiful green grass may carpet the ground. That, together with a fountain of water somewhere in the park, would make the picture a perfect one. May it soon be so.

The people of Lynn County should feel much gratified that the State Highway Department is greatly improving Highway No. 84 through the county. A most excellent roadbed is being thrown up and the road being placed in fine condition. As soon as the fences are set back over the entire route, the unimproved gaps will be graded as fast as the graders can get to them. The road is already the best passing into New Mexico from the South Plains and it connects with a most ideal highway at the state line, leading to Roswell. As soon as this grading is completed, No. 84 will be a magnificent dirt road.

The Marion G. Bradley Post of the American Legion deserves the unstinted support of the people of Tahoka and Lynn county. A mere recital of the accomplishments of this organization is convincing proof of its right to live and demand the support of our citizens. The boys are struggling along trying to make the payments on the Legion Hall as these come due and are having a hard time of it. The rest of us ought to help.

While attending the West Texas Press Association which met in Sweetwater Friday and Saturday, we had the privilege of greeting many friends both in Sweetwater and Roscoe, having resided in each of these places a number of years. Those people down there were extremely kind to this editor in years gone by and there are no better people on earth. We believe they are in the same class with these good Tahoka folks.

We went to the meetings of the West Texas Press Association at Sweetwater and did some high flying. We went up in an air plane. That's one time we were up in the air—and this is not just hot air, either. If any of our friends wish to find out just how insignificant the other fellow is, just go up in an air plane and look down on him a few thousand feet below. Truly he becomes a mere worm of the dust.

Some men are born great, some achieve greatness, and some get their pictures in the cigarette ads.

If this Yo-Yo craze keeps up long we may have to build some more lunatic asylums.

WHAT OTHERS THINK

ANCIENT SLANG

A young lady friend recently received a letter and on the envelope enclosing it were the letters SWAK. Naturally she brought it to us to learn what the mystic letters meant. We are always glad to accommodate, and cheerfully give advice on everything from banking methods to naming the baby.

SWAK is a Greek symbol. The Greek and Chinese languages cannot be written or read. In each of these languages you make a funny like mark and it means a certain thing, or something else. SWAK was a combination of characters used in an early day to express a slang phrase. It was first used about the time Salome was a headliner in the Follies of 27. On the occasion of her famous dance before King Herod her act was considered a knock-out and her press agent wired the leading order to save telegraph tolls. SWAK meant, literally translated, "Salome Won Angora Kid," which in present day slang would mean that she got the King's goat.—Rotan Advance.

A GREAT HARVEST

The great wheat harvest of the Panhandle and South Plains is now almost completed and is believed to be the largest ever made. It is an inspiring sight to see the combines at work, the trucks driving in a continuous stream to the elevators, and the immense trains many of them exceeding a mile in length moving the grain from the great plains to the far destination. The Plains never look more beautiful than at this season, when the great broad patches of light gold contrast vividly with the intense green of the feed crops.

Although Lamesa is outside the wheat belt, the benefit of this abundant harvest will react favorably here, and when our own great crops, now rapidly coming forward under the warm sunshine of the last few weeks are gathered, a spectacle of prosperity will be unequalled throughout this great land, the United States of America.—Dawson County Journal.

The Abilene Daily Reporter spied a little item in the Ranger paper where it said, "From the wheat fields to hot biscuits in 17 minutes." The wheat was reaped, threshed, sacked, rushed to the mill, ground into flour, carried to a restaurant and baked in that short time, continued the Abilene editor. That's going some, but Graham will soon be seeing its cargo of wheat threshed one morning and the next cause a rampage among buyers in the wheat pits of Chicago and New York as the plate loads are dumped.—Graham Leader.

A Wisconsin justice of the peace has a unique way of settling lawsuits. While lawyers were arguing over technicalities of a lawsuit the other day, the justice picked up his old fiddle and began playing. The suit was compromised out of court and the spectators cheered.—Sun-land Sun.

TEXAS IS YO-YO MAD

Just why it is no one seems to know; just how long it will last no one will venture a guess, but that Texas has gone stark mad over Yo-Yo spinning, or throwing, or whatever you call it, is admitted by everyone. Even the most enthusiastic golfists are turning from golf to Yo-Yo, and society women are giving Yo-Yo parties instead of playing bridge. Busy bankers stop compounding interest to twirl the little balls and barefoot boys have quit their game of marbles. The fad extends from the centers of the largest cities to the most rural sections. Some are considering supplying each worshipper with a Yo-Yo as an inducement to church attendance, so that all may Yo-Yo through the service. The free advertising that Yo-Yo is getting must make Henry Ford turn green with envy.—Post Dispatch.

To prevent summer heat an enterprising fellow suggests that big bunches of icebergs be blasted out of the ice-covered far north, and towed into the seas further south. Of course that would not require effort greater than that employed to stop the Germans in the late World War, and would not be much more expensive. And until this enterprise appears more feasible this writer is going to stick to the electric fan.—Hamilton Herald-Record.

Being unable to decide just what course to pursue in raising our son we have let him raise us, and the last year or so he has been a powerful influence in our lives. Right off he decided that nickles growed in our pockets and all we had to do was to dig after them. With the passing years he's decided that nickles have ceased to sprout and quarters have come in their place.—Ropes Hustler.

It is generally believed that hard work and strenuous endeavor is always rewarded, but last Sunday we saw our hound chase a fleet jackrabbit for four miles and the only reward he got was a burning thirst. That dog was conscientious, he labored hard and run like hell and it is his opinion that the old adage has got a flaw in it somewhere.—Ropes Hustler.

VAN HORN was visited by the W. T. C. C. motorcade on July 13th, and the Big Bend district convention held there. Mayor R. E. Thomson, of El Paso, Col. R. Durill, Col Perkins of Alpine, Dr. H. W. Morelock, of Sul Ross Teachers College, Hunter Metcalfe of Marfa, and President Bourland of the W. T. C. C. were speakers on the constructive program.

PRESS BOYS HAVE GAY TIME AT SWEEP

At the meeting of the West Texas Press Association held in Sweetwater Friday and Saturday afternoon, the boys of the "press" were there in large numbers and some of the "girls" were no grouchers in the least. It seemed to be there for a moment and they apparently had a very unusual time. It was due to the opportunity to get from their arduous tasks at the convention, completely relax, no doubt that to any flouting of the Act, but nobody got in jail, ever had a serious thought, nobody had to give an account of wife so far as we know for a fact.

There were about one hundred twenty-five newspaper people present, the Lynn County News being presented by two members of the force, the editor and the reporter, Frank.

There was very little shop talk of any of the public meetings, mostly fun and frivolity. At the most tense moment of the convention came when "Dutton" Jim Lowry of the Honey Grove and Joe J. Taylor, who con the State Press column in the News, engaged in a heated battle over the respective merits of butter and pot beaker. It was a momentous issue and these two titans each went after the other's scalp, while the Press watched the bloodless combat, something like devilish glee. At conclusion, everybody decided each of the gladiators had won victory. This exciting contest followed a banquet held in the roof of new Bluebonnet Hotel, Sweetwater, sweet and largest hostelry. It was followed by other speeches of a humorous nature and as a concluding number Uncle Dick McCarthy, who has been the sage of the Alliance News for 15, these many years, made one of his characteristic addresses and wound up by presenting to Her D. Wade, retiring manager of the West Texas Chamber of Commerce a desk set, and by presenting to Mrs. Wade a magnificent bouquet tendered by the ladies of Stamford. Mr. and Mrs. Wade each responded also.

PRESS BOYS HAVE GAY TIME AT SWEETWATER

At the meeting of the West Texas Press Association held in Sweetwater last Friday and Saturday it was again demonstrated that "a little nonsense now and then is relished by the best of men." The newspaper boys were there in large numbers and some of the "girls"—and there were no grouches in the bunch. All seemed to be there for a "good time" and they apparently had it. A few were unusually hilarious at times, due to the opportunity to get away from their arduous tasks at home and to completely relax, no doubt, rather than to any flouting of the Volstead Act, but nobody got in jail, nobody ever had a serious thought, and nobody had to give an account to his wife so far as we know for his conduct.

There were about one hundred and twenty-five newspaper people present, the Lynn County News being represented by two members of its office force, the editor and the chief ramrod, Frank.

There was very little shop talk at any of the public meetings. It was mostly fun and frivolity. Possibly the most tense moment of the entire convention came when "Buttermilk" Jim Lowry of the Honey Grove Signal and Joe J. Taylor, who conducts the State Press column in the Dallas News, engaged in a heated debate over the respective merits of buttermilk and pot licker. It was a momentous issue and these two forensic Titans each went after the other's scalp, while the Press boys watched the bloodless combat with something like devilish glee. At the conclusion, everybody decided that each of the gladiators had won the victory. This exciting contest followed a banquet held in the roof of the new Bluebonnet Hotel. Sweetwater's newest and largest hostelry. It was followed by other speeches of a humorous nature and as a concluding number Uncle Dick McCarthy, who has been the sage of the Albany News for 10, these many years, made one of his characteristic addresses and wound up by presenting to Homer D. Wade, retiring manager of the West Texas Chamber of Commerce, a desk set, and by presenting to Mrs. Wade a magnificent bouquet tendered by the ladies of Stamford. Mr. and Mrs. Wade each responded elo-

quently. At the noon hour there had been a luncheon at the same place, where wit and wisdom also sparkled. Several musical numbers, both vocal and instrumental, were rendered, and addresses were delivered by Ollie Webb, assistant general manager of the Texas & Pacific Railway, and Judge R. C. Crane of the Sweetwater bar. Mr. Webb spoke in a scintillating manner about the T-P.'s part in the development of West Texas while Judge Crane recited much of the generally unknown history of West Texas.

The business sessions were presided over by Bowen Pope, editor of the Hamlin Herald, who has been President of the Association the past year, and by Eddie Warren of the Post Dispatch, who was elected president for the ensuing year. Mr. Pope's annual address was said to have been most excellent but Tahoka's representatives arrived too late to hear much of it. Jimmie Smith of the Snyder Times-Signal was re-elected Secretary.

Sweetwater entertained in great fashion. In addition to the luncheon, the banquet, the dance, and other functions, the Press boys and "girls" were shown through Sweetwater's big gypsum plant. They were shown the processes by which "sheetrock" is manufactured, from the time the big boulders of "gyp" are dug from Mother Earth until the finished product is loaded into freight cars for shipment. It is a magnificent plant employing hundreds of men and turning out daily a vast amount of building material for the people of West Texas and of the world. We were also shown the big \$3,000,000 oil refinery, now under construction, more than 500 men being employed at this time in the building of the plant. All who cared or dared to go were taken for an airplane ride over the city, either in one of the machines of the T. A. T. or of the S. A. F. E.

The next meeting of the association will go to Abilene. The entire "gang" is also invited to attend Press Day at the big fair to be held in Abilene next fall.

ABERNATHY'S \$15,000 Struve cheese plant is still running to capacity, milk being brought in from a wide territory. The present capacity of 10,000 pounds of milk per day can be doubled with the purchase of another large vat.

FORD SETS OUT TWELVE RULES FOR MOTORISTS

As a contribution toward greater safety and more pleasant driving conditions on the highways of the country this summer, the Ford Motor Company has listed twelve rules as suggestions to motorists and has distributed them to dealers over the country.

Announcement of the suggestions was made today by C. Connally, Ford dealer in this city, who will display the list prominently in his place of business.

"These rules," said Mr. Connally, "are merely common sense applied to automobile driving. Every experienced motorist knows all of them. It is our hope, however, that by stating them concisely and posting them where they will come to the attention of a great many motorists, we can so emphasize them as to make a real contribution towards greater highway safety."

- The twelve rules are:
1. Courtesy come first. Consider the rights and privileges of others.
 2. Keep your wind on your driving, and anticipate sudden emergencies.
 3. Learn the "feel" of having your car under control.
 4. Obey all traffic and parking regulations.
 5. Keep to the right, and comply with road markings and signs.
 6. Signal for stops and turns—watch the car ahead.
 7. Slow down at crossings, schools, dangerous places.
 8. Never pass cars on hills, curves, crossings.
 9. Adapt your driving to road conditions—rain, ice, soft spots or ruts.
 10. It doesn't pay to take the "right of way" too seriously.
 11. When you drive, remember the times when you're a pedestrian.
 12. Know the law. It was passed for your protection.

"It is estimated that 20,000,000 persons will tour on American highways this summer," Mr. Connally continued. "Recognition of the rights of others will be essential. Many unpleasant accidents will be avoided if motorists at times of close situations will recall these rules and act accordingly. They are the recommendations of the Ford Motor Company offered to give greater peace of mind to those who travel by automobile."

ROSWELL, N. M., entertained the fourth annual motorcade of the W. T. C. C. on July 16 when the Pecos Valley-Intermountain district convention of the organization was held. An interesting program on which Governor Dillon and other notables had prominent parts preceded a visit to the irrigated farm section, the reception and entertainment.

CHEAP FEED MADE CHEAPER BY SILO

Small Silage Cutters Reduce Big Expense of Labor.

(By BERT S. GITTENS, in the Dakota Farmer.)

Men who cannot afford high-priced feeds and who had to cut expenses on every corner have been the most loyal and enthusiastic friends of the silo. When they found silo filling costs higher than necessary and the work of filling harder than they liked, these dairymen and feeders turned their attention to cutting costs and lightening labor. Rather than allow their silos to stand wastefully idle and to operate without a feed which gave them 30 to 35 per cent greater returns for their corn crop, they managed instead to eliminate a great deal of unpleasant silo-filling backache and to make this cheap, corn-roughage still cheaper.

The old silo filling has passed out of the picture in many sections of the cornbelt and the small crew of two, three, or four men has taken its place. Under the old method, the silo owner was compelled to spend two or three weeks exchanging work with his neighbors every fall. With the new plan he fills his own silo when his corn is ready without waiting for anyone else to finish first and without hiring extra men.

Small, individually owned and operated ensilage cutters driven by the farm tractor or an electric motor have made possible this minimum expenditure of man labor. Present day, small or medium-sized cutters will take feed very nicely without a man at the feed table, experience shows, while it is becoming more generally conceded every year that a trapper inside the silo is unnecessary. Thus, the man on the wagon is the only one needed at the silo. He can start the tractor or motor when he comes in with his load by the turn of a crank or by closing a switch and can level out the ensilage in the silo after he has unloaded if he wishes. In many instances farmers have filled silos alone in this way, although crews of two or three men are more common.

Evidence is accumulating that the weight of silage in itself insures proper packing. The extent of settling is a measurement of packing.

Proteins in Ration of Dairy Cows Important

The proteins in foods are chiefly used by the animal for the production of lean meat and the repair of tissues, i. e., for growth and maintenance purposes; but they may, if sufficient in quantity, also be used for supplying heat and making fat, though they are not so economical for these purposes as starch and sugar.

In milk-producing animals the proteins in the food have also to supply the raw material for the proteins in the milk, of which there is 3 to 4 per cent (say one pound in every three gallons).

While the proteins can also make fat and give heat, it is most important to remember that no other substance can replace them in the making of muscle, milk, casein and albumen, etc., hence rations for all animals must contain enough proteins to supply the needs of the animal for repairs of tissues, growth, and the production of milk.

Dairy Notes

In feeding the dairy cow, include oats in the ration for its vitamins.

Improved practices in management may offset change loss into profit with a dairy herd.

A goal of 8,000 to 12,000 pounds of milk per cow is a reasonable aim for the average dairyman.

One way of avoiding calf troubles is to keep the barn ventilated. Foot str is a great disease carrier.

Don't breed the cows to freshen in spring. The cow fresh in fall is the high producer and money-maker.

Don't fail to carry a notebook. It is easy to forget but it is very necessary to keep tab on breeding dates.

It is an easy matter to produce clean milk if one has the information at hand as to how to do it, and will follow the very simple rules that are necessary.

Dairy farmers "do would not feel that they can afford the price of a high-class proven bull calf, if they exert great care in selecting a bull calf of high quality, develop him into one of the greatest assets of the farm.

The physical condition of many dairy cows in the spring bears ample testimony to inadequate feeding during the winter. Profitable production cannot be expected from underfed cows, nor is it good herd management to underfeed.

South Ward Items

Well, this is another beautiful morning and I believe everybody is about up with their work.

The neighbors are going to plow for Mr. Jess Osborn tomorrow, as he has to be away on account of sickness. Mrs. Osborn is getting along fine. Hope she can come home soon. Mr. and Mrs. Carsey have come back from their trip. They report a good time while they were gone.

Mrs. Miller of O'Donnell is visiting the Greenwoods this week. We had a good crowd out at Sunday school and preaching Sunday morning; also a good crowd out Sunday afternoon at singing.

We are going to try to have singing every Sunday afternoon at South Ward. Everybody is invited to come and help us.

Jack Wingham from Sidney, Texas, is visiting his aunt, Mrs. Greenwood and family.

We are all trying to get through with our work so we can go fishing, I guess.

Mrs. Ted Harper of Lubbock is visiting in the South Ward Community. Mr. Lowry made a right good talk Sunday.—Reporter.

Edith

The farmers of this community are still working hard on their crops. Some are plowing while others are chopping cotton. The crops that were damaged by the hail and rain that fell here some time ago are looking some better. We hope they will make good yet.

Rev. Bingham of Lynn preached a fine sermon here Sunday morning.

Rev. Troy Frazier of Draw will preach next Sunday after Sunday school. Come and hear him.

The singing people from this place visited Draw last Sunday. Everyone reported a good time. There were singers from all parts of this county and other counties too. Next Sunday afternoon we will sing at this place. Bring your books and singers and come along. We will start at 2:30 o'clock. You are welcomed.

Mrs. McLendon of this community has been very ill for a long time. She is slightly recovering now.

Mr. W. P. White of Tulsa, Oklahoma, is visiting Mr. and Mrs. C. W. Krebs and family of this community.—Reporter.

SUNRISE BREAKFAST

At 4:30 A. M. on Tuesday the girls of the Amoma Sunday School class went on a Sunrise Breakfast. The following enjoyed the early feast: Misses Charlene and Helen Lee Maddox, Jansy Walker, Evelyn Hatchett, Winnie and Minnie Freeman, Opal Cooper, Jettie and Virgin Faulkner, Juarine Edwards, Jeanette Caveness, Willie Lois Nevels, Charlotte Barnett, and several visitors were present. Among them were Sally Tiltson of Aspermont and Allene Taylor.

HEREFORD'S Chamber of Commerce officials traveled 1200 miles in five days and visited seventeen towns and fifteen counties in securing \$4,500 for the Panhandle Plains, Inc., which will be used to advertise the opportunities that exist in the vast Panhandle Plains area for the farmer, home neeker and investor.

MANUSCRIPT COVERS—\$1.50 per box of 100, two covers for 5c.—The News.

SICK HEADACHE

Ex-Sheriff Suffered From Constipation and Felt Very Bad Until Relieved by Black-Draught.

Arkmore, Okla.—Mr. W. H. McClure, for several years a resident of this city (111 Third Ave. N. W.), formerly was a political leader in Pima County, Arizona, where he served as sheriff and county judge. "I used to suffer with sick headache," says Mr. McClure. "These spells would come on me and I would feel very bad. I would get bilious and upset.

"My trouble was constipation, and after I found it out, I began using Black-Draught. This quickly relieved the cause, and I got all right. I began using Black-Draught in my home, shortly after the Civil War, when I lived in Pima County, Arizona. I came out of the war like many other soldiers, with bad digestion. I suffered a lot from sick headache and dizziness. I would get constipated, and for a while I would feel very bad.

"I found this medicine brought quick relief for constipation, and removed the cause of my headaches and dizziness, so we have always tried to keep it in the house.

"After I take a course of Black-Draught, I feel fine. My system is rid of poison, and my appetite picks up." Sold everywhere. Try it. 2c. per box.

BLACK-DRAUGHT

PREAMBLE TO AMERICAN LEGION CONSTITUTION

In order that the purposes and aims of the American Legion may become better known to the people of Lynn county, we set out below the Preamble to the Constitution of that organization.

"Preamble"

"For God and Country, we associate ourselves together for the following purposes:

"To uphold and defend the Constitution of the United States of America; to maintain law and order; to foster and perpetuate a one hundred per cent Americanism; to preserve the memories and incidents of our association in the Great War; to inculcate a sense of individual obligation to the community, state, and nation; to combat the autocracy of both the classes and the masses; to make right the master of might; to promote peace and good will on earth; to safeguard and transmit posterity the principles of justice, freedom, and democracy; to consecrate and sanctify our comradeship by our devotion to mutual helpfulness."

MRS. SKIP TAYLOR IS HOSTESS TO BRIDGE PARTY

On Tuesday afternoon, July 9th, Mrs. Skip Taylor was the hostess to five tables of bridge. Lovely refreshments were served to the following ladies: Mesdames J. J. Taylor of Crosbyton, L. E. Turrentine, Robert H. King, M. O. Bridges, H. M. Larkin, Hall Robinson, Jerry Nash, Bill Burleson, Jack Alley, G. M. Stewart, Chas. F. Shook, J. Powell, George Hogan, E. King, Frank Larkin, Marshall Swan, L. F. Craft, Buster Fenton, W. O. Henderson and W. B. Slaton.

Mrs. Taylor's home was beautifully decorated with lovely flowers.

HALE CENTER had shipped 300 cars of wheat and other grain by both elevator and independent shippers up to a little over a week ago. It is estimated that over 80 per cent of the wheat has already been harvested. The 1929 crop promises to be one of the largest from the standpoint of yield in many years.

COLEMAN County's increase in valuation over last year has been announced as \$1,500,000, the total valuation for this year being \$16,000,000. The increase is due to oil and the newly constructed buildings in Coleman, and these influences have operated about equally in causing the raise.

STEPHENVILLE'S milk receipts at the local receiving station of the Southwest Dairy Products Company passed the 500 gallon per day volume recently. Another milk route is expected to be inaugurated soon to care for the supply.

METHODIST MEETING IN PROGRESS AT WILSON

A group of Taboka people attended the Revival meeting now in progress at the Wilson M. E. Church, on Tuesday night, and enjoyed a splendid service. Rev. T. M. Johnston of Crosbyton is doing the preaching for Rev. Thompson, and the singing is in charge of Frank Sargent of Taboka. Young Mr. Sargent was licensed to preach at the Group Conference held in Taboka on the 8th inst. and is embracing this opportunity to get some experience and training for his life work. He is also in charge of the Young People's services, and of a Junior Choir.

There were a number of visitors from adjacent charges, a ll of whom were made very welcome. Those in attendance from Taboka were: Mr. and Mrs. G. C. Sargent, and Miss Jewel; Mr. and Mrs. Roy Poer and the following members of the Hi-League who accompanied Mr. and Mrs. Clyde Sargent and Mrs. W. E. Suddarth: Misses Mary Fenton, Hazel Anglin, V. Noy Conaghan, Lucille Slaton, and Mabel Lee, and Messrs. Clifton Janak and Russell Keltner.

Probably four carloads of Leaguers will make a trip to Southland Thursday night for a meeting of their League Union, and on Saturday night and Sunday they will be entertained by the Lamesa Church in the District League Quarterly Institute. These young people are doing all they can through these "Good Will" trips among the neighboring leagues.

MIDWAY THOME DEMONSTRATION CLUB MEETS

The Midway H. D. Club met Friday July 12th at Mrs. C. H. Richardson's. We had a very interesting study on the standardization of canning. Miss Greenwade gave an interesting demonstration in jelly making, canning and preserving.

Members present were: Mmes. T. B. Cowan, R. B. Floyd, C. H. Richardson, J. R. Strain, J. W. Slover, Misses Iva Floyd and Eva Cowan.

Members who attended the entertainment at Post this week reported a very delightful time. We believe there will be a much larger per cent of our members attend next year.

Delightful refreshments were served.—Reporter.

FAMOUS PRIZE WINNING AIRPLANE TO BE PRESERVED FOR POSTERITY

The Woolaroc airplane which flew from Oakland, California, to Honolulu in August, 1927—2,600 miles in 26 hours to win the Dole prize of \$25,000.

The permanent, all steel and stone hangar on Mr. Frank Phillips' ranch at Bartlesville which will preserve the Woolaroc for posterity.

Assurance that one of the most important airplanes figuring in America's air history will be preserved and kept in this country was given today, Frank Phillips, president of the Phillips Petroleum Company, this morning announced that the "Woolaroc," (woods-lakes-rocks) the airplane which Art Goebel flew from Oakland, California, to Honolulu on August 17, 1927 to win the Dole \$25,000 prize, is to become a museum.

Mr. Phillips is building a hangar on his 3,000 acre ranch at Bartlesville, Oklahoma, to house the airplane and keep it there permanently for future generations to study. The plane will join a collection of important historical pieces equalled in few places in this country.

Two years ago the "Woolaroc" set off from Oakland, California and landed Wheeler Field, Honolulu, in 26 hours, 17 minutes and 33 seconds. None of the group of planes that took off were never heard from again. Only a few made the crossing successfully.

Goebel landed in Honolulu and was very surprised to hear that he was the winner. For three days thereafter he kept his plane unattended, begging the United States Navy for or-

ders to go out seeking missing planes. His instructions were, however, merely to stand by.

For a time before the date of the prize race it seemed as if Col. Goebel could never start the flight across the Pacific. He lacked the necessary funds. Mr. Phillips learned of this and asked Col. Goebel to pay him a visit. Goebel came to Bartlesville, Oklahoma, Mr. Phillips' home. Goebel was a flyer of long experience. Mr. Phillips was very much interested in the commercial development of airplanes for business use. He realized that a successful flight to Honolulu would do much to help the cause of flying in America, and cheerfully advanced the amount of money needed to pay the expenses of the flight, as his contribution to aviation.

The airship, as preserved, will carry all of the original equipment that it had when the historic trip was made. The radio, which at that time was the very latest model for control of flight through the use of a radio beacon, is already obsolete. The progress of aviation has been so rapid that some of the flying instruments that were used are already out of date. In a few more years of airplane progress people will look at

this airplane with the same curiosity they now look at an old stage coach.

The hangar under construction will be of steel and stone, and will be built as a permanent museum. It will be completed in time to install the plane on the second anniversary of the flight. This will add another item to the remarkable museum, and this time it is an object in which Mr. Phillips was instrumental in contributing to its historical value.

The plane will join a collection on the ranch which includes, among other things, a stage coach, built in Concord, Massachusetts in 1869 for stage line service in Montana at the time gold was discovered. It has traveled approximately 625,000 miles during its years of service. Mr. Phillips also owns the last herd of white deer to be imported from Russia, as well as deer from every nation, camels, bis-n and brahma.

What probably was the largest "potato patch" in the world was the 2,150 acres potato field of the Sugarland Industries at Sugarland. It produced 200 bushels to the acre this year and the crop was valued at a half million dollars.

HALE CENTER had shipped 30 cars of wheat and other grain by both elevator and independent shippers up to a little over a week ago. It is estimated that over 80 per cent of the wheat has already been harvested. The 1929 crop promises to be one of the largest from the standpoint of yield in many years.

NEW LYNN CLUB

The New Lynn 4-H Club girls met at the home of Allie Barton July 16 with eight members present.

Miss Alice Frerick was elected as a representative from our club to go to A. & M. Short Course.

All of the girls have completed their year's work.

Several of the girls are planning on going to the encampment at Tahoka the 19th and 20th of July.

This is our last meeting until September, when another year's work will be begun.

We urge other girls of the community to come and join us in our work. Don't forget the fair, girls!

WAKE UP

to the value of advertising!

One man says advertising doesn't pay—costs too much—anyway, everybody knows he's here and what he sells. He sits around on a counter in his store and waits for a crop—for an oil well—for his "ship to come into port." He watches the spider spin a web across the door; he watches the people pass his place of business; and he "aches" because business is dull.

For another man, times are never dull. He tells the people through the columns of The News what an excellent line of goods he sells, the bargains he has to offer, and invites the reader's business. He pays particular attention to his show windows, the neatness of his store, and the display of his goods. He has a friendly word for everyone, welcomes his customers at the door, and presents them with cigars when they pay up on the first of the month. He takes time to work and boost for the community. People like to go to his store, because he goes out and "rows his ship into port."

Go out and get the business.

Advertising doesn't cost; it pays!

Can't Explain Compass Invention of Compass

The origin of the mariner's compass is obscure. It was introduced into Europe from the East. Others say it was a Western European navigator as early as the Twelfth century Guyot de Provins, whose satirical "bible" is supposed to have been completed in 1205, described "a contrivance" of sailors which never deceived them. "They have an ugly brown stone which attracts iron," he wrote. "They mark the exact quarter to which the needle points, which they have rubbed on this stone, and afterward stuck into a straw. They merely put it in water, in which the straw causes it to swim; then the point turns directly toward the (North) star, with such certainty that it will never fail." Guyot wrote about the compass as if it were a new thing, but other writings reveal that the English in the Twelfth century had already mounted the needle on a pivot and so done away with the straw and water.—New York Times.

No Prize Offered for "Mare's Nest" Discovery

"Mare's Nest" is a phrase which we occasionally hear and which we understand to refer to almost any sort of a discovery which upon its face and at first sight seems to be of considerable importance, but which subsequently is ascertained to be a hoax. By inference, therefore, a "mare's nest" has acquired the meaning of something that does not exist. Just how the expression originated is not clearly established. However, it is authentically conceded that it was first employed over 300 years ago by John Fletcher and that he himself probably adapted it from an earlier phrase, "horse's nest," which in the then vernacular, referred to any story worn threadbare by constant repetition. This latter is said to have been first used by Stanyhurst at the end of the sixteenth century. The line, "He's come upon a mare's nest and is laughing at the eggs," is frequently heard in Ireland to express derision at somebody who thinks he has discovered something startling, which it is in fact something known to all.—Kansas City Times.

Swedes Lovers of Beauty

To keep the Swedish railroad stations cheery, the state-owned railroads maintain a special flower garden and hothouse outside of Stockholm. About 50,000 potted plants and 100,000 perennials are annually distributed to the stations of the Stockholm district alone, and the big central station in Stockholm gets not only huge potted laurel trees for the summer season, but fresh cut flowers every day. In the country practically every railroad station has its own flower beds, cared for by the personnel between trains and like the spotless buffets or restaurants inside, they add considerably to the joy of travel. Such refinements the Swedes call "trafik culture."

Had Few Nerves in Teeth

Study of the teeth of the saber-tooth cats and of the giant wolves that lived and died in prehistoric times, has shown why these animals and their descendants knew no such things as toothache. Examination of teeth found in asphalt pits in California revealed that, in every case, the teeth of an adult of the species had only a scanty supply of nerves. As the animal grew up, the root canal, which is the main route for the nerves into the pulp chamber of the tooth, became comparatively shut off.—Popular Mechanics Magazine.

Entirely Too Healthy

Little nine-year-old Jo Ann came home from school one day looking very much disgusted. Her mother inquired as to the cause and Jo Ann said: "O we had election of officers today and I was elected vice president." "Well, that's fine; why the down cast countenance?" asked mother. "It would be fine," said Jo Ann, "but John, the healthiest boy in our room, was elected president and he's never sick, so what chance has the vice president?"

World Using Old Truths

The modern world is using, and using up, the truths that remain to it out of the old treasury of Christendom; including, of course, many truths known to pagan antiquity but crystallized in Christendom. But it is not really starting new enthusiasms of its own. The novelty of modern ideas is merely a matter of names and labels, like modern advertisements; in almost every other way it is negative.—G. K. Chesterton in the Bookman.

Admonition

An old-stager was taking a youth to task for betting all he had on a horse race. He pointed out the many mishaps that may occur between post and finish and called a long roll of sure things that had gone wrong. "Now think, son," he wound up, "how long does it take to run the average horse race?" "Less than two minutes." "There's the point. It may be all right to try to get rich quick, but that's too quick."

RATTLESNAKE BITE CAUSES DEATH OF TOKIO CHILD

The little fifteen months old son of Mr. and Mrs. Bailey Bridge of the Tokio community, was bitten by a rattlesnake Tuesday morning about 8 o'clock, and died Wednesday morning about 7:30. He was given rattlesnake serum by a local physician who stated the serum seemed never to take effect.

The mother of the little fellow set him out in the yard near some vines but she did not notice the snake coiled in the vines, which later struck the little fellow sinking his fangs in to the child's back. The mother tried sucking the poison out, but neglected to slit the wound with a knife, and too much of the poison got circulated with the blood into the little body. At the time this is written no funeral arrangements had been given us.—Terry County Herald.

YOUNG PEOPLE'S MEETING

Incidents in the Life of Christ Leader—Mr. L. A. Nowlin. Roll Call. (To be answered by scripture verse.)

Scripture Reading—Ephesians 4: 25-32—Ernest Lamastus.

Prayer:

3. Two Parables on Prayer—Luke 18: 1-14.—Bonnie Marie Allphin.

4. The Rich Ruler and Following Incidents.—Matthew 19: 16-30.—Mr. Wilkinson.

Drill Questions—Leader.

Arrange Program—Make Announcements.

Benediction.

"Lefty" Squires left Tuesday night to join the Silverton baseball team, with which he will play during the remainder of the season.

ROAD NOTICE

STATE OF TEXAS, COUNTY OF LYNN.

We, the undersigned Jury of Freeholders, citizens of said Lynn county, Texas, duly appointed by the Commissioner's Court of Lynn County, Texas, as at its July term, 1929, to view and establish a First class road from the S. W. corner of survey No. 10, Cert. No. 1133, in block Y to the N. E. corner of survey No. 4, block C-40, and having been duly sworn as the law directs, hereby give notice that we will on the 3rd day of August, 1929, assemble at the S. W. corner of survey No. 10, Cert. No. 1133 in block Y, and thence proceed to survey, locate, view, mark out and establish said road, beginning at the S. W. corner of Survey No. 10, Cert. No. 1133 in block Y, which is also the N. W. corner of survey No. 3 in block A-1, and running thence south 1 mile along the West Boundary line of said survey No. 3, block A-1, to the N. E. corner of survey No. 5, Cert. No. 1428, in block A-1; thence east 1 mile along the south boundary line of survey No. 3, Cert. No. 1427, block A-1, to the S. W. corner of survey No. 2, Cert. No. 1426, in block A-1, which is also the N. E. corner of survey No. 12, block A-1; thence south 2 miles along the east boundary line of surveys No. 12 and 11, block A-1, to the northeast corner of survey No. 22, Cert. No. 1436, in block A-1, which is also the S. W. corner of survey No. 14, Cert. No. 1432, in block A-1; thence east 2 miles along the north boundary lines, surveys No. 21, and 20 to the N. E. corner of said survey No. 20, block A-1, which is also the S. W. corner of survey No. 18, Cert. No. 1434, in block A-1; thence south 2 miles along the east boundary lines of surveys No. 20 and 33, block A-1, to the S. W. Corner of survey No. 58, Cert. 1478 in block 1; thence east 1 mile along the south boundary line of said survey No. 58 to the S. E. corner thereof, the same being the N. E. corner of survey No. 57, block 1 and the N. W. corner of survey No. 4, block C-40 and continuing east another mile along the north boundary line of said survey No. 4, block C-40 to the N. E. corner of said survey. Said above described line to be the center line of said road and said road to be bounded by line on either side thereof 20 feet distance therefrom, to enclose a road way 40 feet in width.

And we do hereby notify any and all persons owning lands through which said road may run, that we will at the same time proceed to assess the damages incidental to the opening and establishment of said road, when they may, either in person or by agent or attorney, present to us a written statement of the amount of damages, if any, claimed by them.

Witness our hands this 10th day of July, A. D., 1929.

TAHOKA BUSINESS MEN VISIT EDITH COMMUNITY

(Continued on last page)

program by urging the co-operation of the Edith community in helping to build the Lynn County Fair. M. L. H. Base explained that a hand saw could be made to make music in either sharps or flats and proceeded to entertain the group with music from his hand saw played in flats. County Agent Ray Shaver made a short but interesting talk on boys' Club Work. He also stated that he had that evening witnessed the milking of a cow by Mr. Lindley, which gave the greatest amount of milk of any cow he had ever seen milked.

The South Plains Quartet rendered several numbers which were greatly appreciated and Secretary Williams of the Tahoka Chamber of Commerce explained in a few words some of the purposes of the Chamber of Commerce, that it was for the service of the people of Lynn County and invited them to make more and better use of the organization.

The Tahoka people were royally entertained and a spirit of good will and friendliness was shown throughout the meeting. The people of Edith were congratulated for that civic and community spirit and the splendid school building which they have recently erected.

Wash Dress Contest To Be Held July 20

The Tailored Wash Dress Contest will be held in Tahoka at the American Legion Home Saturday, July 20th. Come and bring a picnic lunch. Be there by 10 o'clock if possible. Miss Mamie Maxwell, County Home Demonstration Agent of Garza county and Miss Genevieve Shipman, County Home Demonstration Agent of Dawson County, will do the judging. Be there. Co. Home Demonstration Agent

Amendments Carry In Only One

The commissioners' court on the election returns Monday found that a total of 429 votes cast in the election by Tuesday of last week on the proposed constitutional amendments for enlargement of the state, there were 85 votes, against 21, for increase in governor's salary, 191 votes, against 329.

Votes reported from which no returns last week were: Three Lakes, and More. Three Lakes enjoys the reputation of going solid against amendments, and New Moore is only lost in the county that gave majority for them.

The vote in these three places, as follows:
Grandland: For enlargement of state court 5, against 21; for Grandland: For enlargement of state in governor's salary 6, against 2.

Three Lakes: For each amendment against each amendment 19; for New Moore: For each amendment against each amendment 3.

Local Folks Attend League Assembly

Although weather conditions prevented a large attendance, the League Assembly held at Laramie on Monday evening and Sunday, one of the best and most inspirational sessions ever enjoyed by this organization, was held there, according to reports brought back by Tahoka people.

Those attending from Tahoka were Mrs. Suddarth, counselor, Mrs. Hanson, Hazel Anglin, Eloise Clark, Betty Conaghan, Lucille Slaton, Mrs. Lee, and J. D. Donaldson.

New officers were elected for the year. Mary Penton of the local chapter was elected district secretary.

Bredlove's Revival At Aiken Success

There has been received here that Mrs. E. T. Bredlove, the Methodist evangelist, who is holding a revival meeting at Aiken in Floyd county, is having wonderful results in his meetings. There were forty professions of faith in the service Sunday night, it is said. The meeting continues through this week and many conversions have gone up there this week.
