Number 49

\$70,000 COMPRESS FOR CITY ASSURED

MRS. R. W. FENTON ELECTED STATE H. D. CLUB HEAD

HIGH HONORS BROUGHT HERE

Mrs. Fenton Also Selected As Master Farm Home-Maker Of State Of Texas

"Mrs. R. W. Fenton recognized as master farm home-maker and elected president state home demonstration association."

The above is the text of a telegram received Wednesday morning from Miss Thelma Greenwade, Lynn County Home Demonstration Agent, now attending the Short Course being given at College Station.

This is indeed a signal honor which Mrs. Fenton has won for herself, her club and her county. Mrs. Fenton is a member of the Edith Women's Home Demonstration Club near Tahoka. She has been in active home demonstration club work for several years, being one of the leaders of the work in this county. Not only is Mrs. Fenton to be congratulated, but also Miss Greenwade, who has been directing home demonstration work with much energy and enthusiasm the past year. Miss Greenwade has taken up the work laid down by Miss Halsey in a fine way and her phenomenal success is due to the devotion and intelligence with which she has gone about the work. Miss Halsey builded well before and the value of the work of these two women in Lynn county is estimable.

Mrs. Fenton has not only been active in home demonstration club work but has also been a leader for many years in other women's clubs and in church work in this city. Tahoka should give her a royal welcome upon her return home.

New Law Regulates Live Stock Hauling

Sheriff Sam Sanford has called attention to a law enacted by the legislature of Texas recently which regulates the hauling of poultry and livestock, and he has requested that we publish the substance of the law for the benefit of all concerned.

The law requires that the driver of any truck, automobile, or other vehicle containing any domestic fowl or live stock, on any street or on any highway or on any land not his own, shall have in his possession a permit from the owner authorizing the movement. Failure to have or exhibit such permit to an officer who demanded shall subject such driver to a fine of not less than \$10.00 nor more than \$200.00 for each head of livestock or each domestic fowl in said movement. Said permit must show the place of origin, the point of destination, the number of live stock or fowls giving detailed description thereof, and brands if any. Any peace officer is given the right to search any vehicle for any such property in any event the driver fails to have and exhibit such a permit. Any driver without permit shall be fined not more than \$200.00 nor more than \$100.00 or may be imprisoned not more than 60 days nor more than 6 months or may be punished by both fine and imprisonment.

The object of this law is to enable peace officers to more intelligently cope with the chicken thieves that seem to be operating with renewed vigor throughout the county.

Sheriff Sanford says that he is going to do his best to make it hard for these thieves to operate in this county. The new law will be enforced to the letter so far as he is able to do so and he calls upon all citizens to assist him in seeing that the law is obeyed.

Johnson of Kentucky, says that he came to Congress ten years ago there were twelve drunkards in the House. Today there is

Showers Help Spots; Wind Does Damage

Quite a heavy shower fell a few miles east of Town Sunday afternoon. It was a harmless-looking cloud but the wind that accompanied it did considerable damage in the neighborhood of the Bart Reece and J. V. Dyer farms. Out houses were blown down, wagons set in motion, and loose property scattered around generally. The rain covered only a narrow strip but will be helpful to crops in the territory visited.

MRS. WALKER'S BOND IS SET

Alleged Drug Thief Brought Back To Tahoka; Alleged Partner In Deal Released

Mrs. Delois Walker, wife of the notorious "Whitey" Walker, who was brought from Birmingham, Alabama, to Texas by Sheriff Sam Sanford last week on charges of burglary in connection with the looting of the Tahoka Drug Company some months ago and of unlawfully transporting and selling intoxicating liquor, waived examining trial on both charges in the Justice Court here Wednesday.

Her bond was fixed by Judge J. P. Metcalf in each case at \$1,250, and it is expected that she would make bond today. The charges against her will be investigated by the next grand jury, which meets on the fourth Monday in September.

Attorneys for Jim Wheeler of Lubbock, charged as one of the burglars who entered the store of the Tahoka Drug Company a few months ago and who was arrested and placed in jail here a few days ago, demanded an examining trial, and the trial was held before Judge J. P. Metcalf Monday afternoon. After hearing the testimony, the Judge required bond of the accused in the sum of \$1,500. Bond was made Tuesday and accused released from jail.

Clark Loses Cow And Car Trailer

B. H. Clark lost a trailer and a good Jersey cow last Thursday night. The trailer was taken from his premises and the cow from his lot at his residence in Southeast Tahoka and no trace of the property or of the thief has been found, so far as we know.

The property was missed early Friday morning and the Sheriff's Office was immediately notified. Officers began work on the case at once and sent out notices to numerous other peace officers on the same day, but without results so far.

Several Jersey milk cows have been stolen in this county recently, and from expressions we hear on the streets people are getting tired of this form of crime. There are some men, who, if they should detect any one prowling around their cow lots, might try the virtues of Old Betsy in calling a halt to this character of thievery.

MRS. NASH ENTERTAINS

Mrs. Jerry Nash entertained four tables of bridge players Thursday afternoon in her home. Mrs. Marshall Swan won high score.

The hostess served peach ice cream and cake to the following ladies: Mesdames G. M. Stewart, W. B. Slaton, Chas. F. Shook, Buford Swan, Frank Larkin, Marshall Swan, W. O. Henderson, George Hogan, Albert Boullion, Powell, Jackson, Albert Boullion, Powell, Jackson, Robt. H. King, B. H. Robinson, E. E. Callaway, L. E. Turrentine and Tom Lemond.

Work Started On New English 'Talkie' Theatre

J. G. LITTLE, DIES AT HOLLIDAY; FORMERLY HERE

J. G. Little, who resided here for a time and was well known here, died at the residence of his son, N. E. Little at Holliday, Archer county, on last Thursday, July 25, and was buried there the next day. He had been sick six or seven weeks and dropsy and Bright's disease developed three weeks before his death. He was nearly 74 years of age and was highly respected here and at Holliday. All business houses there closed for the funeral.

NAZARENE SERVICES

There will be services at the Nazarene Church in Tahoka Friday night, August 2. Rev. James Atkinson of Borger will do the preaching. Everybody is cordially invited to be present.

KIWANIANS TO HAVE OUTING

Club Members And Families Going To Buffalo Springs For Picnic Friday Night

The Kiwanis Club did not have its regular luncheon at the Methodist Church Wednesday. In lieu thereof the members and their wives will meet at Buffalo Springs a few miles northwest of Slaton Friday night. The party will gather in front of the Tahoka Drug Store and will leave here at 5 o'clock. Not only the wives but other members of Kiwanis families will be welcome guests of the Club on this occasion. The grounds at Buffalo Springs are well lighted and it is said to be an ideal place for an outing.

Amendments Fail By Three To Two

Complete official returns from 200 of the 252 counties of Texas gathered by the Dallas News and published Wednesday make it certain that both constitutional amendments submitted to the voters of Texas on July 16 were decisively defeated. These returns indicate that each amendment was defeated by a ratio of about 3 to 2. As tabulated by the News, the results from the 200 counties were as follows:

Increase in Governor's Salary: for 48,298; against, 70,935.
Enlargement of Supreme Court: for, 48,463; against, 71,294.

SUNDAY SCHOOL CLASSES ENJOY WATERMELONS

One of the young men's classes of the Baptist Sunday School entertained one of the young ladies classes with a watermelon feast and ice cream course served at Two Draw Lake near Post Friday night. The entertainment was the outcome of a contest between the two classes which closed recently, the young ladies winning the contest.

Those in attendance were: Misses Loyce Shaffer, Floyce Sherrod, Evelyn Hatchett, Mae Armstrong, Jettie Falkner, Glenda Milliken, Charlotte Barnett, Fay Nevill, Odine Crume, Lois Jeffries, Virgie Falkner, Mille M. Halsey, Messers. Jimmie Jackson, Boswell Edwards, P. A. Nowlin, Ever-ton Nevill, Tom Short, Edward Jaquess, W. C. Campbell, and Harvey Freeman, and Mr. and Mrs. E. I. Hill.

Mesdames E. S. Davis and Scott Davis accompanied by Otis Davis have been in Rising Star for several days visiting the former's sister, Mrs. Mattie Brawner.

Dirt was broken Monday and workmen are busy this week making excavations for the foundation of the new English Theatre to be erected on Main Street just north of Carlos Courts and the St. Clair Hotel.

The architect and contractor is Harvey Allen of Lamesa and Alvin Reagan of Mr. Allen's office is here superintending the work. The building is to be 40 feet front by 100 feet deep, facing east. It is to be of brick and tile construction, finished with beautiful gray face brick, trimmed in gray of a darker hue. The type of architecture in the interior will be Egyptian. It will be a very attractive building and will be erected at a cost of \$25,000 to \$30,000.

When completed the building will be equipped with talking picture apparatus. It will be ready for occupancy on or before November 1, according to Mr. Reagan.

ODD CARAVAN VISITS TAHOKA

Catawba School On Wheels Of 110 People Stopped In Tahoka Tuesday Noon

Unheralded and unexpected, the Catawba College Summer School on Wheels comprising 110 persons traversing the country in six big busses and seven automobiles, entered Tahoka Tuesday at noon like an invading army. The party came from the west having spent the night in Brownfield, and being homeward bound, the origin and the destination of this most interesting caravan being Catawba College, Charlotte, North Carolina.

(Continued on last page)

Mrs. Woosley Died Early This Morning

The people of Tahoka were greatly surprised this morning to learn of the death of Mrs. J. K. Woosley, which occurred at 9 o'clock Wednesday night in a sanitarium at Lubbock to which place she had been taken Wednesday for treatment. Death resulted from a complication of diseases.

The remains are being brought to Tahoka today and funeral services will be conducted Friday afternoon at 4 o'clock at the Methodist Church. Mrs. Woosley being a member of this church. Rev. R. T. Breedlove, the pastor, will conduct the funeral. The surviving husband, J. K. Woosley, is mail carrier on route 2 out of Tahoka. The family removed here from Snyder less than a year ago, Mr. Woosley exchanging places with Guy Lemond, who removed from this place to Snyder. Mrs. Woosley has made many friends during her residence here, who deeply deplore her unexpected death.

LUBBOCK PLAYS TAHOKA HERE SUNDAY AFTERNOON

The Tahoka and Lubbock baseball teams will match their skill on the local diamond Sunday afternoon. The game will be called at 3 o'clock. This promises to be another good game and many baseball fans are expected to be present.

The record single carrot shipment was made by a Texas firm which shipped ten carloads to a New Jersey soup company at \$10 per ton in the field. The carrots shipped were too large for regular markets and in the past have been either disked under or fed to live stock.

Texas turkey growers received \$10,000,000 for their Thanksgiving shipments in 1928.

Henderson Building New Weight Office

A new office, 12 by 18 feet in size, has been built at the public scales. The scales have also been completely overhauled, according to W. O. Henderson, and all parties concerned are getting ready for the next cotton season to open up.

Mr. Sandefer, the deputy public weigher, will have his office in this building. Mr. Henderson says that all other buyers are invited to make this office their headquarters also.

M. E. MEETING OPENS SUNDAY

Services Will Be Held At Church; Oklahoma Man Will Be In Charge of Singing

(By R. T. Breedlove)
A protracted meeting will begin at the Methodist Church Sunday morning. The meeting will not be called a revival unless the results justify such a designation, but it is to be hoped that the term may soon be justly applied.

For a few days, at least, the meeting will be held in the church building, where the congregation can be much more comfortable than under the old tabernacle. The pews are most comfortable; it will always be pleasant in the house where many large windows may be opened to admit cool air, and where there is every other convenience for the people who attend. There will be no dust few bugs, and no outside noises to distract the people in the congregation. And another thing to be considered, it will be much easier on the people who sing and speak in the house than outside.

The preaching is to be done by the pastor, and will be of the plain, old-time gospel type, yet courteous to all, whether they be sinner or saint or of any sect or creed. Sin will be denounced, but sinners will be respected and loved. Jesus will be exalted, and His pure and undefiled religion presented to the people who attend.

Mr. Cochran, Holdenville, Oklahoma, brother of the Mr. H. L. Cochran who sang for the meeting last year, is to lead in personal work as well as to sing. He is said to be even better than his brother. So we are fortunate in having him come to us.

The public is cordially invited, and will be heartily welcomed to all the services. Further announcements will be made as the meeting progresses.

Two Tahoka Scouts Honored at Post

Two Tahoka boys attended the annual summer Boy Scout camp at Post.

Martin Baze passed the Life Saving and Personal Health merit badges and received his Life Badge, which requires that he pass ten merit badge tests after becoming a First Class Scout. He also passed Red Cross Life Saving.

Bob Caveness completed his First Class tests and passed the following merit badges: Cooking, Pathfinding, Pioneering, and Poultry Keeping.

A Court of Honor for the Tahoka and O'Donnell Scouts will be held in Tahoka Friday night, August 9.

MRS. HANDLEY'S S. S. CLASS GOES ON PICNIC

Mrs. M. L. Handley took her Sunday School class, of the Methodist Church, on a picnic at the Sand Hill Monday afternoon at 4 o'clock.

Sandwiches, fruit, doughnuts, cake and cold lemonade were enjoyed by the following: Mildred Davis, Wanza Ried, Marjorie Burdett, Mary Breedlove, Lavada Handley, and Erna Tom Breedlove, and Rev. and Mrs. R. T. Breedlove.

Miss Helen Applewhite is visiting friends in Snyder this week.

CONSTRUCTION STARTS SOON

Plant To Be Of Most Modern Type; All Stock Is Subscribed By Local People

A cotton compress in Tahoka seems to be an assured fact. A company is being organized and practically the entire stock of \$70,000 has already been subscribed. A. L. Lockwood, W. D. Nevels and R. C. Wood are the chief promoters and among the other heavy stock-holders are G. W. Small, Edwards and Lockhart, M. L. Handley, Thomas Bros., Belton Howell, Grover Stewart, and several other business men. The site chosen for the new enterprise lies near the stock pens along the Santa Fe tracks at the northeastern outskirts of the city.

A charter of incorporation will be filed within the next few days, it is understood, and construction work will begin at an early date. It is the purpose to have the plant completed in time to handle the cotton crop of this section the coming season. The machinery and equipment will be of the latest and best type.

This compress will have the larger part of Lynn county and portions of Dawson and Garza counties as its territory, and it is believed that it will do a large business the first season. The character of the business men who are promoting it and putting their money into it assures its success.

West Point School Being Remodeled

The school building at West Point is being remodeled, according to C. T. Tankersley, so as to conform to the State's requirements. The building will also be given a stucco coating, making it warmer and more attractive.

We erred last week in stating that Mrs. Viva Humphreys would teach there again next year. She is to teach at New Lynn. Mr. and Mrs. J. H. Barnett, who taught last year at Three Lakes, will teach the coming year at West Point.

COW STEALING COMMON IN HOCKLEY COUNTY

Sheriff Williams has asked to say that cow stealing is getting quite too common in our county. Parties with trailers locate their prey, park some convenient distance down the road, and then drive some good farmer's milk cow down and load in and are far away by milking time. This thing occurred on two different occasions last week. Mr. Williams says his department is determined to break up the little game, and any man pulling a trailer without the proper license number will be intercepted by the sheriff and required to set himself right.

Mr. Williams asks that any one seeing any suspicious character driving around with a trailer, please notify the sheriff's department. We are sure the good people will cooperate with Mr. Williams in suppressing this bold business of robbing the family of its milk.—Hockley County Herald.

NAZARENE REVIVAL BEGINS AT GRASSLAND FRIDAY EVE

Our regular summer revival is to begin Friday night, August 2nd, in the Nazarene Church at Grassland. We have secured Rev. Lum Jones, of Ada, Oklahoma, as the evangelist. He is a very able and efficient preacher, he has messages for the people of his day and age, in fact, he is a nation wide evangelist, having preached all over the United States. Special music will be furnished by his three boys. We cordially invite you to come and worship with us. We feel like if you hear Brother Jones once you will want to hear him again.
Rev. Thomas Ahern, Pastor.

NEW . . . FURNITURE . . . NEW

WE HAVE JUST UNLOADED A NEW CAR OF FURNITURE.

You are invited to come in and see it whether you are in the market or not. We will take pleasure in showing you!

ELECTRA recently held a "law enforcement party" under the direction of Robert P. Hall, secretary of the Chamber of Commerce. Charles I. Frances of Wichita Falls made one of the addresses which was heard by citizens from all over the county.

I Feel Like I Have A New Life Before Me—Lubbock Lady

She Was Almost A Nervous Wreck Until She Began Taking Orgatone Now Happy and Well

"I am simply a new woman and feel that I have a new life before me since taking Orgatone," said Mrs. W. E. Weatherford, of rural route 1, Lubbock, Texas, in her statement to the Orgatone representative.

"Yes, I feel like a new woman and I want every body to know it," continued Mrs. Weatherford. "For about five years, I have been troubled with stomach and digestive troubles. Nothing I ate agreed with me, and gas would form on my stomach until I could hardly get my breath and at night I couldn't sleep at all. My kidneys bothered me terribly, and my back would pain and ache so, it would nearly kill me. I would have bloating spells, and at times, it seemed as if my heart would stop beating, caused from all the gas that formed on my stomach. I also had a bad case of constipation, and just got so nervous I was almost a physical wreck, and I never got a good night's rest, but always was tired and worn out. I had severe, nervous headaches.

"I tried most every kind of medicine and did everything I knew how to do trying to get relief, but I kept getting worse and finally I was so weak and nervous I could hardly do my work. Orgatone has completely changed my life around for me and I just can't find words to express my gratitude for it. I have been relieved of all my nervousness and I can eat as much as I ever could and I relish my meals. Those dreadful pains are gone from my back and sides and I haven't had a headache since taking Orgatone. I'm entirely relieved of every trouble and I feel better and enjoy life more than I have in years. Orgatone is wonderful and is the best medicine I ever got hold of in my life, and I am glad to give this statement and to recommend it to my friends."

Genuine Orgatone may be obtained in Tahoka, Texas, at Thomas Bros. Drug Company

Locals

Mrs. S. H. Windham and daughter, Miss Juanelle, returned Wednesday from a two weeks' trip through Colorado and New Mexico. Of course they went to the top of Pike's Peak and visited many other places of interest Santa Fe, N. M., being among the number. The Governor's Palace there has been the home of 103 governors. Mrs. Windham reports. She also visited Taos, said to be the second oldest town in the United States, and the scenery from Raton to Taos in the Cimarron River Valley is the grandest and most beautiful she ever saw. Mrs. Windham says. They had a wonderful trip.

Mr. and Mrs. J. A. Brashear are preparing to move to San Angelo. Mr. Brashear recently bought a farm in that section of the state and has purchased lots in the city, on which he intends to build a home in the near future. For a number of years Mr. Brashear was one of the leading business men of Tahoka and many friends here will regret that he and Mrs. Brashear are leaving.

Miss Lenora Sikes, 13, daughter of Mr. and Mrs. W. E. Sikes of Three Lakes underwent an operation for appendicitis in a sanitarium at Lubbock Wednesday morning. She is rallying from the effects of the operation nicely, according to Dr. E. E. Callaway, and it is hoped that she will be able to return home in a few days.

Mr. and Mrs. W. B. Curry of Ballinger are here visiting Mr. and Mrs. Tom Lemond. Mrs. Lemond being their daughter. Mr. Curry is a prominent business man of Ballinger. He and Jack Applewhite used to work for the same concern and he says Jack was a dandy, fine fellow in those days.

The Chamber of Commerce rendered a joint program with the people of Redwine at the school building in that community Tuesday night but we have had no report about the meeting. Possibly we will be able to give a report next week.

C. D. Reed of the Brady Standard, his mother, Mrs. C. K. Reed, and his sister, Mrs. A. W. Brown, are here for the funeral of Mrs. Woolley. Being a newspaper man, Mr. Reed made a pleasant call at the News office.

L. R. Bartley of Muleshoe is visiting relatives here. He reports crops good out where he lives.

Mrs. A. J. Edwards and daughters, Miss Juarine and Mrs. Summer Knight, left Saturday for Ruidoso, New Mexico. Mrs. Knight will return to Tahoka soon but Mrs. Edwards and Miss Juarine will probably remain the rest of the summer.

Mary Ruth, a fine twelve pound girl, came into the home of Mr. and Mrs. Henry Disheroon Tuesday morning. Mother and babe are both reported to be doing well, and daddy was in town Tuesday afternoon as happy as a lark.

Mrs. F. J. Ambler, well known here as Miss Ann McAttee, formerly of Wilson but now a resident of San Antonio, and her brother, Bill, McAttee of Slaton, visited the Brays at the St. Clair Hotel this week.

E. J. Cooper and family returned Monday afternoon from a 1400-mile several points and had a great time. They visited relatives at trip through North Texas and Oklahoma report.

Mr. and Mrs. A. L. Lockwood returned Wednesday from Amarillo, where they spent a few days visiting a niece, who had been quite sick for several months. They left her improving.

Mrs. Eula Peters of Oakland, California, who has been visiting here and at other places in Texas the past four weeks, left for her home last Saturday. She visited the C. L. Taylor family here.

F. E. Redwine reports that his nephew, Bert Stice, who has been so seriously ill following an operation in a sanitarium at Lubbock seems to be slightly improved.

Mr. and Mrs. W. G. Briley and Miss Kaleta Liles of Abilene were guests of Mr. and Mrs. C. L. Taylor of the Magnolia community Friday night.

Mrs. Madding, who has been visiting her daughter, Mrs. D. C. Davis, for several weeks, returned to her home at Stephenville Sunday.

Mr. and Mrs. Brown Bradley of Ranger returned to their home Wednesday after a few days visit here with Don Bradley and mother.

Mrs. C. M. Traylor, who spent several days here with her parents, Mr. and Mrs. D. B. English, has returned to her home in Lubbock.

Mr. and Mrs. Frank Edwards are the parents of a fine little girl, born Tuesday afternoon. They have named her Jean.

Mr. and Mrs. Maurice Small of Sudan are here visiting the families of G. W. Small and D. B. English.

Mrs. Marion Burleson of Lubbock is here visiting the families of W. B. and M. H. Edwards this week.

CARD OF THANKS

We wish to thank the many friends of our father and grandfather J. G. Little who reside in Tahoka for their kindness and the good deeds they did for him in his old age. We greatly appreciate the kindness of his friends there.

N. E. Little, son, N. E. Little Jr., Ruth Little, and Jane Little, grandchildren, Mrs. R. W. Mercer and Mrs. Jack McDaniel.

LEGAL BLANKS—Crop and chattel mortgages and car and cattle bill of sale forms in stock at prices cheaper than you can buy them from any stationer.—Lynn County News.

SUMMER CARE OF GROWING CHICKS

(By R. B. Galloway, Poultry Extension Service Dept., Panhandle Lumber Co.)

Very special attention should be given the growing chicks during the hot summer days and nights. Especially the chicks that will be used for layers during the coming fall and winter, and those that are to be used for breeders next spring.

Particular thought should be given to the birds' water supply. Many young birds that would have developed into wonderful specimens have turned out to be mere runts simply because their water supply was neglected. A constant supply of clean, cool water should be provided throughout the entire summer if normal and healthy growth is expected.

I know some poultry folks who give their chicks a good start, then neglect caring for them as they should after they reach six or eight weeks of age, what is sometimes called "past the danger period." This is one of the most serious mistakes that anyone could make with their growing stock. Why give them good start, then neglect them, which will surely mean a poor finish?

Growing chicks must be fed properly and housed correctly all through the summer to reach the development necessary for early layers, and to stand up under the strain of heavy winter egg production. The pullets should not be forced to lay too early as this will oftentimes weaken their vitality. But they should be supplied with the necessary elements to produce bones, muscles, feathers, and body tissues for full body development. Early laying will not likely injure the well developed pullet that is in good condition. The pullet that is not properly developed is the one that usually breaks down under heavy egg production.

I prefer hopper feeding where both grain and a good grade growing mash is kept before the birds at all times. Of course grit and green feed should be supplied in some form. Green feed is very desirable; it helps to balance the ration, prevent constipation, and makes digestion easy.

Shade is very essential as it protects the young birds from hot summer sun. Growing plants, shrubbery or trees make the best shade. But a temporary shade may be provided at little cost by spreading a burlap or grain sack over a frame high enough off the ground so the birds can get under it. One 100 pound sack ripped and spread its full length and breadth will comfortably accommodate about 75 growing chicks.

You should not expect your growing stock to make a steady uniform growth, housed in a little tight poorly ventilated house. Large numbers that have been brooded in a small house soon outgrow the house and should be transferred to a roomy and larger house, where they may have more exercise and fresh air. Too much heat will injure the chicks as much so as getting them chilled. The house should be kept in a sanitary condition throughout the entire year. The litter should be renewed at least once each week during the growing season, and the house thoroughly cleaned and disinfected.

The growing chicks should be taught to roost early, as it helps to prevent the chicks from piling up at night and becoming overheated or smothered. The perches should be made of one by four laid flat four to six inches apart, constructed along the back side of the house about twelve inches off the floor. The perches should also be underlined with fine mesh chicken wire to prevent the chicks from crowding on the floor underneath of them. Crowding weakens the vitality of the chicks,

therefore checking their growth and every means should be employed to prevent it.

For best results the sexes should be separated when two months old. The most promising cockerels that are to be retained for breeders may be left with the pullets and remainder put into small pens or coops, fed a fattening ration and sold just as soon as they reach the desired size of 1 1/2 to 2 pounds.

The pullets are the money crop and deserve the very best of care.

Remember to get early layers and heavy winter egg production the growing birds must be comfortably housed, correctly fed, furnished a plentiful supply of fresh, cool water, some green food, and protected from the hot summer sun.

STILL DRILLING AT ASH SYNDICATE WELL

Drillers at the Ash Syndicate well five miles west of Tahoka had reached a depth of 4480 feet Wednesday night. It was thought that 4500 feet would be reached today or tomorrow. The bit is still in the lime and parties who have made some study of the oil business seem to think that the indications of oil are good. It is not known how much deeper the well will be drilled.

SICK STOMACH

First Trial of Black-Draught Convincing, Says Lady Who Escaped Suffering By Taking It.

Jackson, Miss.—"My first experience with Black-Draught convinced me that it was a good medicine," says Mrs. Ida Kern, 211 South Congress Street, this city, who says she has taken Black-Draught for years. "My trouble," writes Mrs. Kern, "was sick headache which seemed to be caused by constipation. I used to have a thick, slimy taste in my mouth, and such a tired, hot feeling. This would be followed by headache and sick stomach. I would have to stop my work and go to bed. I read about Black-Draught and decided to try it. I found that by taking the Black-Draught in time, I could ward off these sick spells. And so for the last twenty years, when I feel the least bit bad, I take Black-Draught and feel that it has saved me much pain and sickness." Constipation causes up poison in the bowels, where they are absorbed into the general system, causing many serious symptoms. Thousands of letters of praise from users of Theodor's Black-Draught, on file at the laboratory where Black-Draught is made, testify to the high esteem in which it is held for the relief of constipation and attendant ills.

Cone Johnson, son of Mr. and Mrs. Wash W. Johnson of Three Lakes, was able to return to his home from the sanitarium at Lubbock Saturday, after having been a patient in that institution for more than three weeks. He underwent an operation for appendicitis on July 4, his case being a very serious one, and the many friends are glad that he has recovered sufficiently to return home.

Mrs. Lena Fielder and her grandson, Edward Halback, of Ardmore, Oklahoma, are here this week as the guests of Dr. J. H. McCoy and family. Mrs. Fielder is a sister of the Doctor.

Mr. and Mrs. E. P. Paden and daughter returned to their home at Greenville early this week after several days visit with Mr. and Mrs. L. A. Nowlin here. Before leaving Tahoka Mr. Paden called at the News office to express his thanks to the people of Tahoka for the many kindnesses shown him while here. He thinks there are no better people in the world than these Lynn county folks. He also thinks this is a great farming country and believes that Tahoka will grow to be a much larger town than it is now.

Mrs. L. S. Kuykendall returned Thursday last week from a visit with a daughter at Eastland. Reading the account in the News of the destruction by fire of the old Ketter home in South Tahoka, she informed us that this house—three rooms of it—was originally built by herself and husband in 1905. The lumber that went into it was hauled from Big Spring and there were only a few residences in Tahoka at that time. Originally it was the Kuykendall home and became the Ketter home later.

They evidently raise fine peaches at Wilson. We refer now to the kind that grows on trees. Our good friend Brown Bishop presented us with a dozen plucked Wednesday from his orchard with the suggestion that we use them as the main ingredients of a big cobbler pie. His suggestion is being heeded and we expect to live high one more day. These peaches were plucked from young trees bearing their first fruit, and they certainly are beauties.

A Lions Club has just been organized at Lamesa, according to W. A. Wilson, secretary of the Lamesa Chamber of Commerce, with a membership of 37. Among its first activities will be the sponsoring of a city park and the marking of Highway No. 83 at the top of the Cap Rock and No. 9 at each county line with a welcome sign.

The News received a card from C. A. Thomas and family Monday stating that they had been to the top of Pike's Peak and had also visited the Garden of the Gods, Seven Falls, The Cave of the Winds, and other interesting places. He gave no information as to when they would come home. Must be having a good time.

John Ray came over from Magnolia Monday morning to help run the county court but found that they had nothing for him to do at that time. He says that feed is suffering from the drouth out in his community but cotton is yet doing well. Just one more good rain some time soon, he says, should make a bumper crop.

C. L. Taylor of Magnolia brought us in a dozen nice roasting ears Saturday. The editor and family were just hungry enough to enjoy them to the utmost. It was a fine meal that we had Monday noon. If our readers wish to keep the editor in a good humor just shoot more corn to him—corn in the shuck.

Carl Holden of the Wilson Pointer and little son Jack were visitors in the News office Monday. They and Mrs. Holden had just returned from a visit with Mr. Holden's parents at Portales, (New Mexico) He reports crops as looking fine out there. Some cotton even is being grown that far out.

Mr. and Mrs. George Royle and Tom Royle of Palestine have just been visiting Mr. and Mrs. W. E. Taylor and family. The Royles are Mrs. Taylor's brothers. She had not seen George for twenty-seven years. This was his first trip to the Plains.

F. L. Prater residing just east of town sent us an almost grown boll of cotton Wednesday. There is much cotton in this vicinity that is growing and fruiting well.

GOBBLER JOINS THE TURKEY MOTHERS CLUB

Mrs. C. L. Taylor, who resides eight miles east and two miles north of Tahoka, reports that she has a big brawny gobbler among her flock of turkeys who has deserted the honorable and dignified position as father and head of the household and has assumed the role of Mother.

About two weeks ago this old gobbler was apparently hit by some kind of feminine complex. He decided that he would like to be the mother of a flock of little boy and girl turkeys and to preside for a time as "Queen of the Home". Accordingly he entered upon a nest and began "setting", and no coaxing, no driving, no punishment could turn him from his strange and unnatural purpose. For two weeks she tried to get this obdurate bird to give up his new and strange enterprise but he persisted. She therefore compromised with the feathered gentleman by letting him have his way. She placed a setting of turkey eggs under him and is now patiently awaiting the outcome.

It is possible that this old gobbler decided that all the Mother turkeys were spending too much of their time at the Women's Clubs, talking politics, and running for governor, and he has decided to show them how to hatch off and bring up a family. If the experiment is successful, other gobblers may follow his example.

SWEETWATER'S new auto building will cost \$22,000 according to the contract which was let recently. It will be started immediately, and will be occupied by the Rutledge Brothers Motor Company. It will occupy the west 90 feet of lots Nos. 1, 2, and 3, of the original town plat.

With 589 different species, Texas has a greater variety of bird life than any State in the Union.

Draw Items

(Delayed)

The Missionary Baptist revival closed at Draw last night after a two weeks siege. This was a union meeting of Redwine, Joe Bailey, and Bethel Baptist churches. They came together at Draw and built a tabernacle. They had good crowds, splendid preaching, and superb singing. Results: three conversions, four accessions to the Redwine church, and good offerings for the evangelist and singer. Rev. D. D. Johnson, associational missionary of Brownfield, did the preaching, and Rev. Brian, Baptist pastor at Ropes and Supt. of the Center Public School, did the choir work.

Miss Pearl Edgin was operated on for appendicitis at the West Texas sanitarium at Lubbock last Thursday night. She was in a very serious condition. We are sincerely hoping she may recover and be back among her many friends soon.

Mr. G. E. White and family of the Gossett community leave next Thursday for the Ozark, Mountains of North Arkansas for a month's visit and outing.

The Methodist meeting began last night (third Sunday). Preaching is being done by Rev. Z. B. Pirtle, pastor, and the singing by Rev. Bryan of Ropes.

The Methodist meeting, which was to have started the third Sunday in July at Gossett has been postponed to the first Sunday in August.

Mrs. Emmett Ramsey's father and mother and other relatives are visiting them this week from Beaumont. They will visit the Carlsbad Cavern this week.

This part of the county is seriously in need of a good rain.—Reporter.

DIMMIT will have a new \$100,000 high school building completed by December 1st, as excavating work has already begun. The contract for plumbing and heating will include the installation of heating and plumbing in the old building. Supplies are being selected at this time.

GUARANTEED  USED CARS

We could hardly afford to do otherwise with **USED CARS**

EVERY FORD DEALER has a reputation to maintain. Our name for fair dealing in selling new cars, and in servicing these cars, means far more than "quick profit regardless of consequences". Likewise, our good name must also be upheld when we sell used cars, accepted in trade for the Model A. We could hardly afford to have it otherwise, for we realize that the person who buys a used car from us is a prospect for a new car later on—or at least another used car.

You will find here many bargains in unused transportation, sold for what they are actually worth. There is no inflation of used car prices; to care for excessive trade-in allowances—from the low price and high value of the Model A allows no margin for unreasonable trade-in concessions. When we sell a used Model T Ford, it has been thoroughly reconditioned, and we guarantee it. Other makes of cars are priced according to the service you may expect from them. Stop in today.

CONNOLLY MOTOR COMPANY

The New **BUICK**

**NEW Fisher styling... NEW 99 Horsepower Valve-in-Head Engine*
NEW Controlled Servo Mechanical Brakes...NEW Steering Gear
NEW Road Shock Eliminator...NEW Double Acting Shock Absorbers
NEW Non Glare Windshield.**

America has taken this new Buick to its heart. Millions have thronged to see it... tens of thousands have already placed orders... other thousands have requested demonstrations... all have found that in the five major elements of motor car appeal—beauty, performance, comfort, safety, value—this new Buick with Body by Fisher strides far ahead of any other car in the entire quality field.

New Fisher Styling

The new Buick Bodies by Fisher are longer, lower, more luxurious. They reveal new Fisher styling—new beauty of line and appointment—new colors—which have won outspoken admiration. And they introduce a host of new features including the new Fisher Non-Glare Windshield for safer night driving; new and richer upholstery; and new fittings and appointments of princely luxury.

Pacemaker of Performance

Moreover, Buick for 1930 reveals this same marked supremacy—this same increased leadership—in fleet,

spirited behavior on the road. Its new and bigger Valve-in-Head engine—developing 99 horsepower—provides matchless new virility, pick-up, swiftness and flexibility. A single drive will prove it the *pacemaker of performance*. And the same drive will disclose marvelous new handling ease, comfort and safety, due to a new and improved steering gear and new road shock eliminator; new double-acting shock absorbers which check both bound and rebound; and new controlled Servo enclosed mechanical brakes, the most effective braking system on any car in the world.

See, Drive and Own This New Buick

Bear in mind, this new Buick with its many advancements is offered at new low prices—in three new series and three new wheelbases, with only one standard of quality throughout—the finest in its field. Come see the new Buicks and arrange to drive one. Among the 14 attractive body types is exactly the Buick for you.

*The new engine in the 132- and 124-inch wheelbase series develops 99 horsepower—and the new engine in the 118-inch series, 80½ horsepower.

NEW LOW PRICES—

118" WHEELBASE		124" WHEELBASE	
5 Passenger Two-door Sedan, Model 40.....	\$1235.00	5 Passenger Four-door Sedan, Model 57.....	\$1495.00
4 Passenger Sport Roadster, Model 44.....	1275.00	4 Passenger Coupe, Model 58.....	1465.00
5 Passenger Phaeton, Model 45.....	1275.00	132" WHEELBASE	
2 Passenger Business Coupe, Model 46.....	1225.00	7 Passenger Sedan, Model 60.....	1845.00
4 Passenger Special Coupe, Model 46-S.....	1265.00	7 Passenger Limousine, Model 60-L.....	1995.00
5 Passenger Four-door Sedan, Model 47.....	1295.00	5 Passenger Four-door Special Sedan, Model 61.....	1695.00
		4 Passenger De Luxe Coupe, Model 64-C.....	1625.00
		5 Passenger Coupe, Model 68.....	1675.00
		7 Passenger Phaeton, Model 69.....	1525.00

These prices f. o. b. factory. Special equipment extra. Buick delivered prices include only reasonable charges for delivery and financing. Convenient terms can be arranged on the liberal GMAC Time Payment Plan. Consider the delivered price as well as the list price when comparing automobile values.

SICK STOMACH

Trial of Black-Draught Convincing, Says Lady, Who Escaped Suffering By Taking It.

London, Miss.—"My first experience with Black-Draught convinced me that it was a good medicine," writes Mrs. Ida Kerah, 311 South Commerce Street, this city, who says she has taken Black-Draught for years. "I had a sick headache which seemed to be caused by constipation. I tried to have a thick, slimy taste in my mouth, and such a tired, bad feeling. This would be followed by sick and sick stomach. I would stop my work and go to bed. I read about Black-Draught and decided to try it. I found that by taking the Black-Draught in time, I could ward off these sick spells. And so for the last twenty years, I feel the least bit bad, I take Black-Draught and feel that it has rid me much pain and sickness. Constipation dams up poisons in the bowels, where they are absorbed to the general system, causing any serious symptoms. Thousands of letters of praise from users of Theodor's Black-Draught, on file at the laboratories here Black-Draught is made, testify to the high esteem in which it is held for the relief of constipation and attendant ills. HOW THE LODGES HANDICAP THE CANDIDATES

It is indeed regrettable that so much gubernatorial timber is being used in high official station by some lodge or other just now, which circumstance deters these gentlemen from getting immediately into the fight for the governorship next year. Several days ago one distinguished gentleman who resides in Dallas announced that many friends from various parts of the state had been calling upon him to become a candidate. Yielding to their importunities, he modestly stated that he would be a candidate but explained that at this time he is grand master of the Grand Lodge of the Odd Fellows, that he does not propose to involve that great order in the turmoil of a political conflict, and that he will therefore not begin an active campaign for the governorship until next March, when his term as grand master expires. This is certainly very considerate of Barry Miller, and all Odd Fellows in the state, of course, are expected to be duly appreciative of his foresight and consideration and cast their votes for him accordingly in next year's primaries.

A few days later, another Dallas gentleman, "in response to the urging of friends and admirers throughout Texas" announced that he would also become a candidate for governor and begin an active campaign after October 25, at "the completion of my year as worthy grand patron of the grand chapter of Texas.

Order of the Eastern Star". He likewise does not wish to involve this "great order" in the turmoil of politics and therefore very kindly postpones the opening of his campaign for the governorship until his term as "grand patron" expires. And so Gregory Hatcher will expect all members of that order to remember his consideration for the order and "whoop 'em up" for Gregory next year.

We are now patiently waiting for members of other orders to make their announcements and to reveal to us the exact date when their obligations to their respective lodges will permit them to trot out on the political race track.

Lucky is the candidate who has no lodge responsibilities, if there be such, for he is free to throw his hat in the ring at any moment and to proceed immediately with his grandstand stuff.

Poor Barry! and poor Gregory! who are hampered by their lodge entanglements.

There seems to be a skillful cow thief operating in this county, or possibly an organized band of thieves. Several Jersey cows have been stolen recently. The work is done in the night when most honest men are asleep and little trace of the course taken is usually left. Thus far the thief hasn't been detected. But it may be that this thief will undertake to steal one cow too many. People are getting about enough of this kind of monkey business, and if the thief is ever detected in the act it may be his last act. Lots of men haven't got any more sense than to shoot a thief found prowling around their premises at night. It is hoped, however, that no blood will be spilled over these larcenous operations, but that the guilty person or persons will soon get a free trip to Huntsville with no return ticket.

Many a successful practitioner at the bar can genuinely sympathize with that Dallas young lawyer upon trying his first case and losing on every point, profusely thanked the court for the use of the court room, anyhow. Many older lawyers have felt about the same way on some occasions.

Dr. Louis T. Wright, a negro, has just been appointed surgeon for the entire police force of New York City by Police Commissioner Whalen. Jimmie Walker is Mayor and Tammany Hall is in complete control. Al Smith, who is one of the satchmen of Tammany Hall and the idol of many Texas Democrats, has raised no voice of protest, although this is the first time that this office or any office of equal rank in New York City has been given to a negro. In administering the oath to the negro, Whalen himself declared that "merit and not race counted with him". We merely call attention to this most interesting event for the delectation and grateful consideration of some of our good friends who have been so gleefully saying "I told you so" ever since Mrs. Hoover gave that tea party.

Wandering Weary Willie Waterhouse of Walla Walla, Washington, a well-known bibo printer, was a visitor to the News office Monday. He earned enough in two hours and a half in this shop to keep him on the road for another day or two. Weary Willie says that the thing that he doesn't like about these plains is that it is too far between trees. He is often compelled to miss his afternoon nap for lack of a friendly shade by the wayside. He is getting up in years now and may not pass this way again.

"Woman bitten by rattler on near Blackwell, may recover"; "Eight-year-old Lawn boy bitten by rattlesnake; slight chance for recovery". These were news items that were brought to this office by exchange last week. We have made organized war on ticks, boll weevils, boll worms, rats, prairie-dogs, wolves and other animals and insects that deplete upon crops and live stock. Why not make such a fight on rattlesnakes until this enemy of the human race is extinguished?

We don't know what kind of a rabbit foot Jack Strifkin of the Terry County Herald works to induce the merchants of Brownfield to advertise but he puts out a line of some kind that brings home the bacon. He never issues less than ten or twelve pages and last week he had fourteen pages chock full of big ads. The merchants of Brownfield took four pages in a solid block to set forth the advantages of trading in Brownfield. They evidently believe that it pays to advertise.

We claim that T-Bar youth who has been killing rattlesnakes and rabbits with a "nigger-shooter" is a patriot. He is rendering a bigger service to his country than many a man in the legislature. Hurrah for the boy with the "nigger-shooter".

It is perfectly disgusting to know that every time newspaper men hold a convention, some of the representatives of the paper houses and a few of the weaker pencil pushers have to fill themselves upon bootleg liquor and put on a show. Every paper salesman that brings liquor to a convention should be kicked out, and the editors that drink that rot-gut should be singled out and the people of their community told about the affair. We propose to put a stop to liquor drinking at press associations. If the decent editors have to buy the paper and machinery salesmen from attending them. It is a disgrace to the profession and the better class of newspapermen resent it very noticeably.—Lockney Beacon.

The Beacon editor has given voice to the silent sentiment of a large majority, no doubt, of the fraternity. The drinking propensities of just a few of the newspapermen and some of the paper salesmen who attended the West Texas Press Association at Sweetwater recently brought reproach upon the whole body. The impression which the newspaper boys made upon the law-abiding and law-respecting citizenship of Sweetwater was doubtless not as good as was to be desired, solely because of the presence of liquor and its use by some of the boys. We hope that the situation that obtained at that town recently may not be repeated at Abilene next year. As to the paper salesmen who put on a "show" at the Press meet, it might help some for sobriety-loving newspaper men to purchase their paper stock hereafter from somebody else.

VERNON'S Chamber of Commerce head, Grady Shipp, is acting as right hand man for Pres.-Mgr. Bourland of the WTCC in guiding the work of the regional organization until the annual convention in October. They called a meeting of the advisory board for Monday, July 29, in Fort Worth.

CHICHESTER'S PILLS THE GENUINE BRAND. Sold by druggists everywhere.

WHAT OTHERS THINK

DISARMING THE LAW When a bootlegger kills a prohibition agent, that—according to those higher up authorities supposed to enforce the law—is "the risk of the game."

When a prohibition agent kills a bootlegger, however, that—according to those same authorities—is murder!

And so prohibition officers are now forbidden to carry rifles or shotguns—any weapons, in short, that in any way approach in effectiveness and range the armament carried habitually by bootleggers. It is evidently perfectly satisfactory to those in charge of prohibition enforcement for bootleggers to carry machine guns, sawed-off shotguns, and other rapid-fire and long-range artillery. Aren't they bootleggers, members of a recognized "profession", enjoying in many instances the protection of those in high places, and supplying a thirsty nation with rotten liquor? But officers of the law must not carry such dangerous weapons. Their guns must be incapable of reaching a fleeing bootlegger. Give the criminal a chance! Cry over him. Sob about his "constitutional rights"—this thug who hourly violates the Constitution itself! If he kills a prohibition agent—well, that is the risk the officer takes in becoming an officer! If he doesn't, that is considerate of him; but under no circumstances must the officer harm him.

Never in the history of this Nation has the relation between law and lawlessness been so reversed, so preponderantly in favor of the outlaw. Never before has a group of nambypamby, mewling, sobby brethren and sisters so controlled and influenced those in charge of our law-enforcement machinery that officers of the law have been, for all practical purposes, disarmed and rendered impotent.

If innocent persons are accidentally killed by officers, let those officers be given a fair trial; and, if they are found guilty, let them be punished. That is no more than just, and it is not to be expected that guilty officers should be allowed to go unchastised. But to disarm every prohibition officer in the land verges on the ridiculous. It lends credence to the thought that those responsible for such an act must be incompetent for the grave position that is theirs.—Holland's Magazine.

The Record has received a booklet from Fort Worth entitled: "An Exposition of the Invalidity of the So-Called Eighteenth Amendment to the Constitution of the United States." This booklet is distributed by the States Rights League of America with headquarters in Ft. Worth. We have read a large part of the booklet just to see what arguments are presented. To start with the Foreword in the first line says: "The National prohibition act has created, throughout the Union, a reign of hypocrisy, of violence, of cant, of chicanery, of false pretense, and fraud." Practically the whole of the book is just such stuff. D. B. Chapin signed the book as author. We can tell this gentleman that he knows less than nothing about the prohibition act if his statements are taken as a criterion of his knowledge in that direction. We are glad he sent us a copy of the book. Not because we think it worth anything, nor because we believe any of the statements made therein, but so we may know just what propaganda is being used by the organization.—Colorado Record.

The editor of the Index often hears the complaint from merchants and citizens of O'Donnell, that times are certainly hard and there is no money in the country; and that it will not do any good to advertise until there is more money in the country. But at every turn we see signs of prosperity in the form of new automobiles, new homes, new business buildings and numerous other ways. If the often heard complaint is true, how do people buy new automobiles, build new homes, etc? All these have to be paid for and we seldom hear of anyone losing their car or home. A big portion of above is done on monthly payment plan to be sure, but just the same it takes money to handle such purchases.—O'Donnell Index.

We are almost ashamed to publish the Tribune this week on account of its size, only four pages and with only ten of our fifty business concerns represented in its columns, but it will be better next week. The size of a paper is based on the patronage that it receives from its merchants, as it is like all other institutions, it takes money to keep the wheels turning.—Lorenzo Tribune.

When merchants permit a local paper to go into the mails that the pub-

lisher is ashamed of, they are hurting themselves vastly more than they are the publisher. But it seems that the merchants in some towns will never learn this.—Brownfield Herald.

Editor Strickland of the Brownfield Herald has been very successful in educating the people of Brownfield regarding the value of advertising. During the last few months which ordinarily is considered the dull season of the year the Brownfield Herald has never arrived at our exchange desk with less than

twelve all home printed pages chock-full of live advertising and interesting news. During the past few weeks the Index has experienced the same feeling as the Lorenzo Tribune. We were forced to come out with only four pages on more than one occasion.—O'Donnell Index.

Mr. and Mrs. Marion Jordan of Waco left Wednesday after a visit of several days with Mr. and Mrs. Sid Sanders. Mrs. Jordan and Mrs. Sanders are sisters.

WE CALL FOR AND DELIVER

Uncle Jimmie Fleming says he is becoming a wonderful cotton farmer. He has an acre or two on his lots here in town which he has given careful personal attention, and he says that the financiers are already offering to loan him money on it. The weed has a fine growth and is well loaded with fruitage, he says. We may apply for a job of picking this fall if business gets too dull in our line. A field that size rather appeals to us any way, when we have to do the harvesting.

After several days visit here, Miss Julia Batis returned to her home at Sanger Tuesday. She was accompanied by Mrs. H. T. Bridges and daughter, Miss Elloise, who will visit there a few days. They were also accompanied by Bill Sisco, who went down to visit his parents in Collin county. Mr. Bridges says that he is a full-fledged bachelor, now and may be bothering the neighbors for something to eat before the women folks return home.

Dr. R. B. Smith returned Monday night from Dallas, where he had been with his daughter, Miss Merle, who underwent an operation for appendicitis in St. Paul's Hospital about ten days ago. Mrs. Smith remained in Dallas with her daughter. The doctor reports that Miss Merle is recovering satisfactorily and is expected to be released from the hospital early this week.

Rev. B. N. Shepherd returned Monday from Rannells county where he spent two weeks conducting a revival meeting near Winters. He reports about twenty-five or thirty professions of faith and a splendid meeting. Large crowds were in attendance throughout.

Mr. and Mrs. Glover Stewart visited Mrs. Stewart's parents at Roscoe Saturday and Sunday. Mr. and Mrs. T. M. Dobbins, they were accompanied by Miss Lucille Slaton, who remained to visit friends in Roscoe and Merkel a few days.

Misses Merle, Opal and Elizabeth Link and Mary Fenton visited friends at New Home Tuesday.

A. R. McGonagill was in town Tuesday exhibiting a new variety of chicken feed grown on his farm, known as Poso. The seeds are said to be fine chicken feed while the stem and the fodder make excellent hay. Mr. McGonagill is just experimenting with the new plant.

E. H. Carpenter has recently opened a wholesale mill products business next door south of Larkin's. He conducted this character of business in Cisco before coming to Tahoka and opening up the Popular Variety Store here, which he later sold.

W. L. Knight says his little "want ad" last week brought quick results. He sold the iron and lumber advertised on Saturday and had two other calls for it. If you don't want to sell it, don't talk about it in our classified ad column.

Claude Wells is constructing a new home one block south of the High School Building. It is to be a six-room residence, stucco finish, and six-room residence, stucco finish, and of the city.

John Reynolds and family left Friday after a few days visit with Mr. and Mrs. S. N. McDaniel of this city and Will Hart and family of West Point.

Lon Bell and family of Dawson and L. H. Tantz and family of Rodney, Navarro county, were the guests last week of B. P. Barrington and family.

W. L. Knight reports that he had a letter from Buddie early this week stating that he and Mrs. Knight were then in Los Angeles. Still having a good time.

Jack Reaves, who successfully operated a hamburger stand here for several years but who is now holding forth at Miles, is visiting friends here this week.

Thos. H. Speight, manager of the Jones Dry Goods store here, will leave for the markets at St. Louis Saturday night.

Mrs. Louis McKay of Draw was taken to a sanitarium at Lubbock Wednesday morning for an appendicitis operation.

Mrs. R. S. Ray of West is here this week visiting her parents, Mr. and Mrs. E. H. Carpenter.

H. B. Yates of Lubbock was here Monday afternoon in the interest of Boy Scout work at this place.

Miss Lola Belle Edwards has returned home, after a month's visit with relatives in Waco.

Mrs. H. C. Lewis of Mesa, Arizona, is here visiting her parents, Mr. and Mrs. W. B. Edwards.

O'DONNELL WILL HAVE EAST AND WEST ROAD

(O'Donnell Index)
According to information given the Index by G. S. Dowell, secretary of the O'Donnell Community Chamber of Commerce, Commissioners at Brownfield have agreed to put up a 40 foot grade running from Brownfield east towards New Moore as far as the Lynn county line. We also understand that Commissioner T. J. Yandell of this precinct has agreed to begin where the Terry county commissioners reach the Lynn county line and finish a 40 foot grade leading to New Moore which will when completed give the people of New Moore and surrounding territory another outlet. The proposed new road will shorten the distance from O'Donnell to Brownfield considerably.

We failed to learn just when work will start on the newly proposed road but it is expected to begin within the next week or ten days.

Secretary G. S. McDowell also informed the Index that a party composed of Commissioners Yandell and Florence, C. H. Doak and himself, will make a trip to Gail on Thursday of this week at which place they will confer with Borden county authorities regarding the building of a road leaving Highway No. 83 eight miles west of Gail taking a westerly direction direct through O'Donnell. It is possible that the entire Commissioners Court of Lynn county will make the trip as an invitation has been extended them to accompany the party to Gail, according to a statement by Mr. Dowell. We understand that this new road east from O'Donnell to intersect Highway No. 83 is already an assured fact, as a right-of-way has already been secured for the widening of the road the entire length of the route and we also understand the Borden county authorities are already to begin their share of the grade work.

With the opening of both the east and west roads O'Donnell will have two new outlets which will save

many miles in distance for motorists who wish to make the short cut east and west.

TEXAS PARTY WILL BE GREETED BY CARLSBAD

Carlsbad, N. M., July 31—Special the Chamber of Commerce officials here to welcome the All Texas Tour which will arrive here according to announcements of the officials of the tour Saturday evening of the third of August. Special invitations have been sent to New Mexico officials, including Governor Dillon, to officially welcome this distinguished party from Texas. The Texas party is forming at Marshall and will traverse across the Texas State thru Marshall, Longview, Caddo and Saline, Wills Point, Terrell, Dallas, Fort Worth, Weatherford, Mineral Wells, Palo Pinto, Caddo, Breckenridge, Albany, Anson, Roby, Snyder, Gail, Lamesa, Seminole, Hobbs, N. M., and this City. Sunday the fourth the party will visit the Carlsbad Cavern Monument and will depart for El Paso Monday the fifth, according to officials of the tour.

N. M. GOVERNOR MAY MEET TOUR MAKERS AT HOBBS

Hobbs, N. M., July 31—Special invitations have been issued from here to Governor Dillon and state officials at Santa Fe, New Mexico, to be in the receiving line here when the All Texas Tour to the Caverns and El Paso reaches here August 3. Prominent citizens from all parts of Texas in this tour will receive a hearty welcome to New Mexico and if it is possible for the New Mexico ceremony will be held at the state governor to come here a special line four miles east of here, welcoming the Texas party. At Hobbs the party will stop for a few moments before sojourning to Carlsbad, where a visit to the Caverns will be made for refreshments which will be served by the Hobbs Chamber of Commerce. Many cars will join the party from here.

ROAD NOTICE

STATE OF TEXAS, COUNTY OF LYNN.

We, the undersigned Jury of Freeholders, citizens of said Lynn county, Texas, duly appointed by the Commissioner's Court of Lynn County, Texas, at its July term, 1929, to view and establish a First class road from the S. W. corner of survey No. 10, Cert. No. 1133, in block Y to the N. E. corner of survey No. 4, block C-40, and having been duly sworn as the law directs, hereby give notice that we will on the 8th day of August, 1929, assemble at the S. W. corner of survey No. 10, Cert. No. 1133 in block Y and thence proceed to survey, locate, view, mark out and establish said road, beginning at the S. W. corner of Survey No. 10, Cert. No. 1133 in block Y, which is also the N. W. corner of survey No. 3 in block A-1, and running thence south 1 mile along the West Boundary line of said survey No. 3, block A-1, to the N. E. corner of survey No. 5, Cert. No. 1428, in block A-1; thence east 1 mile along the south boundary line of survey No. 3, Cert. No. 1427, block A-1, to the S. W. corner of survey No. 2, Cert. No. 1426, in block A-1, which is also the N. E. corner of survey No. 12, block A-1; thence south 2 miles along the east boundary line of surveys No. 12 and 13, block A-1, to the northeast corner of survey No. 22, Cert. No. 1436, in block A-1, which is also the S. W. corner of survey No. 14, Cert. No. 1432, in block A-1; thence east 2 miles along the north boundary lines, surveys No. 21, and 20 to the N. E. corner of said survey No. 20, block A-1, which is also the S. W. corner of survey No. 18, Cert. No. 1434, in block A-1; thence south 2 miles along the east boundary lines of surveys No. 20 and 33, block A-1, to the S. W. Corner of survey No. 58, Cert. 1478 in block 1; thence east 1 mile along the south boundary line of said survey No. 58 to the S. E. corner thereof, the same being the N. E. corner of survey No. 57, block 1 and the N. W. corner of survey No. 4, block C-40 and continuing east another mile along the north boundary line of said survey No. 4, block C-40 to the N. E. corner of said survey. Said above described line to be the center line of said road and said road to be bounded by line on either side thereof 20 feet distance therefrom, to enclose a road way 40 feet in width.

And we do hereby notify any and all persons owning lands through which said road may run, that we will at the same time proceed to assess the damages incidental to the opening and establishment of said road, when they may, either in person or by agent or attorney, present to us a written statement of the amount of damages, if any, claimed by them.

Witness our hands this 10th day of July, A. D., 1929.
BOB RUSE
HENRY BULMAN
H. E. TANKERSLEY
NEWTON BARHAM

When ROBY entertained the 4-H Clubs of Fisher county in the dress contest, every community in the county was represented. Three hundred persons attended the event, and a total of 50 dresses were entered in the contest. First place in the state classes were awarded a trip to the short course to be held at A. & M. College this week.

TULIA'S ton litter work in Swisher county is showing up some good results. J. K. Adams weighed his litter of seven pigs at the age of 110 days and found 1040 pounds of live weight. The total cost of this gain is \$28.45 or \$2.73 per hundred pounds. The pigs have had access to alfalfa pasture and were fed a protein supplement.

It Pays To Keep Your Car In GOOD Running Order!

Possibly you had noticed that car of yours is not performing just exactly right lately. You are not getting the service out of it that you are entitled to.

We can locate the trouble and eliminate it. Let us keep your car in perfect running order all the time. It will pay you.

Carry

a mountain breeze to any room in your home

You don't have to get away to the mountains to elude summer's blistering heat. You can make any room in your home as cool and comfortable as you like with the fresh breeze of a Westinghouse Fan.

We specialize in putting coolness into homes—and offices—with Westinghouse Fans. If it's a battery of commercial-size fans you want, we have them. If it's a Home Fan, rich in lustrous finish, either black or ivory, we have that, too. And speaking of Home Fans—did you know that the cost of operating one is equal only to the cost of burning a 40-watt lamp? Let us help banish heat from your home or office this summer—call on us today for a Westinghouse Fan.

GET A
Westinghouse FAN

The 16-inch oscillating Home Fan in Black, \$27.50. In Old Ivory, \$28.50.

We had a pretty good turn out at Sunday School last Sunday. Brother House failed to come and Brother Boatright preached in his place. There was a very good attendance at singing Sunday afternoon.

The meeting starts Sunday morning at eleven o'clock. Rev. B. N. Shepherd preaches in the morning and Brother Kercheville Sunday afternoon at 3:30 o'clock.

Mrs. Miller returned to O'Donnell Sunday eve after spending two weeks with Mrs. Frank Greenwood. Mrs. Maulden of Bronte is visiting her daughter, Mrs. Bert Boyd.

LADY'S SUFFERING

She Writes That "A Friend Told Me To Take Cardui and I Know It Helped Me."

Greenville, Miss.—In describing how she suffered several years ago, Mrs. Mattie Dalton, of 213 Walnut Street, this city, recently wrote:

"I would cramp, and my hands and feet would draw, so I came near having convulsions. I would have to stay in bed a week, and when I would get up, I just dragged around, and did not feel like doing my work. I suffered a great deal with my back.

"A friend came to see me and saw how I suffered. She told me to try taking Cardui, which I did. I seemed to have more strength, after my first bottle. After I had taken about four bottles of Cardui, I saw a great improvement.

"I quit having such bad spells, and was stronger and better than in a long time. I gained in weight. I took a few more bottles of Cardui, and felt so well that I quit taking it. I certainly can recommend Cardui, for I know what it is to suffer, and I know that Cardui helped me."

"Thousands of women have written to tell of the benefit Cardui has been to them, in helping them to build up their health.

"Purely vegetable. Get a bottle today. All druggists. NC-205

The WEST TEXAS Chamber of Commerce with the U. S. Chamber of Commerce is urging the cooperation of doctors in filing birth certificates, and parents in seeing that their children in order that the census next year will be correct, and will give the state the proper status.

SORE GUMS—PYORRHEA

Foul breath, loose teeth or sore gums are disgusting to behold, all will agree. Let's Pyorrhoea Remedy is highly recommended by leading dentists and never disappoints. Druggists return money if it fails. Thomas Bros. Drug Co.

SLAT'S DIARY

Friday—well this evening we got all ready to go swimming and ma had about her a new bathing suite and when she tried it on she shuk his bed and he sed to her Why I wood be ashamed to show my face in a suite like that. Ma replied and answered that she diddnt by it in which she show her face in and she diddnt think that if she wore it menny fokes wood be looking at her face and

pa sed well I ges yure rite.

Saturday—Missus Blunt just cum home from a Yurapeen trip and she called on are family tonite and when Ant Emmy ast her did she cum home 1st Class she sed No to tell the truth I was in a offie cundishun all the way over. Both coming and going.

Sunday—Ant Emmys neace by marriage is here for a visit and last nite Ant Emmy interduced her to a yung man which is a neighbor of us and pa says it must be a Case of lav at 1st site becuiz they have both told each a nother there rite Names all reddy ad that is a sine they are in lu.

Munday—Pa tuk a trip up to the city today and he was all Xcited when he got home tonite. He sed he was coming a long the St. up in the city and he seen a barber Shop which had a sine up and it was For Men Onlie. He rimarked to me in a wisper that he wish he cud afford suchy Luxury once and a wile.

Tuesday—Jane was a tryin to start an argument with me today whe we was a walking home after we had a cupple ice cream Cones at the Xpents. She sed she thot all good looking people was conesated and astuck on there self. I sed that was sent trew and to prove it I ast her if she thot I was conesated. She diddnt say nutthing but she give me a kinda dirty look which I dont no why.

Wednesday—Ant Emmy wasent in a very good yumor today she seemed to be kinda Blue all day and when pa ast her what was the Matter she sed she went to sleep a wirrying about sum thng and this morning when she awoke up she cudent remember what it was and it kinda wirryys her.

Thursday—pa and ma went down town today to have there pieasure took, ma ast the fotograffer where she shud put her hand and he sed to put it where it wood look nacheral and pa suggested that she shud put it in his Pocket, so they have putoff havain there pieasure took until sum time when mebbly ma can look pieasant.

Texas, cradle of fighters, personal and political, has produced the first novelist brave enough to declare a real woman is not equipped to hold a high political post and should not aspire to it.

"The Woman of It" is the story of a woman governor of a Southwestern state. Clare Ogden Davis, who wrote it, was personal secretary to Miriam A. Ferguson, first woman governor of Texas handling Mrs. Ferguson's contacts with the press during the more tranquil first year of her stormy term of office.

Several million American women may not agree with the conclusions of Mrs. Davis. Still others will. "The Woman of It", published this week by J. H. Sears & Co., is considered by political experts who have read advance copies as certain to start a nationwide controversy among club women and feminists and between "advanced" women and conservative men. Mrs. Davis will thrive on the fight. Behind this red-headed and vivid newspaper and magazine writer, born on a ranch in Bosque County, Texas, is a line of pioneers ancestors who fought redcats at Bunker Hill, Indians from New York state to Texas, the Union Army carpet bagers and cattle thieves.

Graduated from Baylor College in 1913, teacher of history in schools at Bonham, Arlington, and Cleburne for four years, Clare Ogden realized her ambition to be a newspaper writer by joining the Fort Worth bureau of the Dallas News in 1917. She was star reporter of the Fort Worth Record for two years. In 1920 she was married to Burton Davis, newspaperman. She became the first woman staff correspondent of the Dallas and Galveston News, working out of their Houston bureau in 1922-24 and was a special writer for the Houston Chronicle in 1925-26, until she went to New York with her husband. Her exploits as a reporter working on difficult and dangerous assignments are still talked about among Texas newspaper men. Since 1926 she has been a magazine and syndicate writer in New York. "The Woman of It" is her first novel.

The NOCONA News has been sold to T. R. Stump and F. E. and F. L. Perry who are now in charge and will publish the paper and conduct the printing business under the firm name of Perry Bros. F. L. Perry was formerly with the Arlington Journal at Arlington and F. E. Perry was former president of the Baylor University Press.

During May 439 producing oil and gas wells were brought in in Texas.

FOOD LIKE SO MUCH POISON

"Two years ago specialists in Louisiana, where I used to live, advised me to come to San Antonio to recuperate from the after effects of a bad spell of malaria which had left me in a terrible run down condition.

"I didn't look like myself at all. My complexion and eyes had turned such an unhealthy yellow color. In place of nourishing me my food was just like so much poison. Constipation kept my system from throwing off the poisons and it just looked like I wasn't going to get any better.

"Sargon did more for me in less than one month than all the other medicines I have used in the past five years. A number of my friends have told me that they had never seen such a remarkable change in any one in such a short time. It is simply wonderful how Sargon brought back my color and benefited me in so many ways.

"Sargon Soft Mass Pills are the grandest in the world to overcome a sluggish liver and I don't believe medical science has ever found or ever will find an equal of Sargon."

NO FLIES, MORE MILK
Get more milk with greater ease by spraying with **MARTIN'S FLY SPRAY**. Will keep cows and work stock free from flies for a considerable length of time. Money-back guarantee. **TABOKA DRUG COMPANY**

WHY HE CAN'T PAY THE BILL

"I have your statement showing that I owe you \$769.80, and I am enclosing a check for \$5.00 for which please send me a receipt. I am sorry that I cannot pay more at the present as I am unable to collect from my customers, as money is so scarce right now. My own living expense are terrible and I can hardly get along. I will try to send you another \$5.00 when I sell my hay which should be in July I cannot say how more at that time for my daughter finishes at Bristol this year, and that costs a heap of moey.

"I thought I could send you a check when I got my tobacco money, but it took all I could rake and scrape to put in Delco lights, as my wife didn't have electricity to run the sewing machine and vacuum cleaner. Then, too, we had to build a shed to put the Ford in so we could put the new Cadillac in the garage and build a concrete bridge over the brook in our front lot, as well as a new road so that we could get in and out better.

"I can't send you the corn money in the fall, because my son is going to college, and, although the prices of today are very economical about hats and garters, still a coon skin coat costs the old man a lot ad even junk yard Fords come rather hig by the time they are decorated for College

use. I might send you the hog money, gut the missus and I have planned a trip to Niagara in the fall, and after working hard all these years, I think she deserves a trip. We can't go before taking out all the red plush and putting in over-stuffed cane and mahogany. This is a terrible strain on my finances especially as the new well that was needed closer to the house and the new up-to-date barn have to be paid for.

"All the farmers here are in a hard shape financially with strawberries this season at seventy-five cents a quart and the price of gasoline as it is. Then, too, there is an epidemic among the married women to have their plain gold wedding rings platinized and set with diamonds and everybody is having their tonsils and teeth removed."—Tulsa Bulletin.

CITATION BY PUBLICATION
The State of Texas.
To the Sheriff or any Constable of Lynn county—Greeting:
You are hereby commanded to summon Lucile Burleson by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the 106th Judicial District; to appear at the next regular term of the District Court of Lynn County, Texas to be held at the Court House thereof, in Taboka, Texas, on the 4th Monday in September A. D. 1929 the same being the 23rd day of September of A. D. 1929, then and there to answer a petition filed in said Court on the 31st day of July A. D. 1929, in a suit numbered on the docket of said Court, No. 783, wherein J. R. Burleson is Plaintiff and Lucile Burleson is Defendant; the nature of plaintiff's demand being as follows: Suit for divorce, plaintiff alleging that he was married to defendant about November 18, 1925; Separated from her about April 1, 1929; that defendant cursed and abused plaintiff, drank intoxicants to excess, was possessed of a violent temper and threatened to do him serious bodily injury on different occasions; that same humiliated him and destroyed his peace of mind and all of such conduct amounted to cruel treatment of such nature and character as to render their further living together insupportable. No children were born unto said marriage and there is no community property. Plaintiff prays that he be granted a divorce, together with legal and equitable relief.
Herein fail not, but have you before said Court, on the first day of the next term thereof, this Writ, with your return thereon, showing how you have executed the same.
Witness my hand and official seal at my office in Taboka, Texas, this 31st day of July A. D. 1929.
TRUETT SMITH,
Clerk, District Court, Lynn County, Texas. 49-4c.

STERILIZATION OF DAIRY UTENSILS

Thorough Cleaning to Destroy Bacteria Important.

OF the various sources of contamination to which milk is subject, the dairy utensils have been definitely established as one of the most serious sources of contributing a high percentage of the bacteria found in milk. Consequently the sterilization of cans, pails or other containers cannot be neglected if milk containing free bacteria is to be produced.

For sterilizing cans under pressure, the most satisfactory method is scalding available. In its absence, a sufficient quantity of boiling water gives good results. Pails, strainers, etc., after washing are scalded by pouring a pint of boiling water over the entire inner surface, cans are treated by pouring in a quart of boiling water, replacing the lid, and boiling the can along the floor to ensure thorough scalding of the inner surface.

Because of the saving in time and fuel, chlorine solutions are being used in some districts to replace the scalding treatment, and where used intelligently have equal or superior sterilizing efficiency. Cans and pails are carefully rinsed with chlorine solution as in the scalding treatment, or immersed for one minute in a tank containing the solution. Ethel is satisfactory, provided the utensils are well washed and the chlorine solution is up to strength.

Feeding Cows Grain in Summer Is Profitable

There are some splendid lessons to be learned from cow testing associations because of the records they keep. One herd of eight cows that was fed an average of three pounds of grain per day during June and July last year produced 5,536 pounds more milk and 186 pounds more fat than the same cows produced during the corresponding two months the year before, when no grain was fed to supplement the pasture.

Dairy Cow Production Shows Large Increase

Great changes have taken place in the past few years in the dairy industry. For one thing, the average production of our cows has increased greatly. The census figures in 1920 show that there were 25,700,000 dairy cows in this country and they produced a total of \$1,200,000,000 pounds of milk. In 1925, the total number of cows in this country had dropped to 22,100,000, but they produced a total of 1,270,000,000 pounds of milk. That's 7 per cent more milk, and they gave 34.7 per cent more milk, quite a remarkable change in a few years time. This change is a tribute to the value of educational endeavor promoting better breeding, better feeding, and better care of dairy cows, but especially better feeding.

Increase in Number of Cows Tested in Country

Cow testing associations in the United States showed a remarkable growth during 1925. There was a 15 per cent increase in associations with a total of 465,804 cows under test. California leads in the total number of cows under test and also in the percentage of cows which are being tested. There are four states that beat California in the number of herds under test, as most of her herds were large. Wisconsin stands second in total number of cows under test and first in number of herds. Minnesota ranks third in number of cows and Iowa fourth. Iowa now has 2.7 per cent of her dairy cattle under test.

Valuable Cow Feed

Beet tops are a valuable food for cows although as they contain only about ten pounds of dry matter per 700 they should form but a part of the roughage ration. In feeding value they are worth about half as much as the same weight of good corn silage. Beet tops are readily preserved in a silo of any kind. In Germany where enormous quantities are used for feed the trench silo is in general use. If put in as cut they carry too much water.

ODD CARAVAN (Continued From First Page)

The party left Charlotte on June 10 and their schedule called for arrival at home on August 3, but four active days had been lost on the trip and it is not probable that the party will arrive home on time. They had gone the Northern route to the Pacific coast and were returning by the Southern route. Interesting places visited thus far included Mammoth Cave, Pike's Peak, Yellowstone Park, Salt Lake City, a long stretch of the Pacific coast, Tajana over in Mexico, the Arizona Desert, Grand Canyons, the Petrified Forest, and the Painted Desert. They had missed possibly the greatest natural wonder of them all, the matchless Carlsbad Cavern.

The personnel of the party was composed almost entirely of College graduates, most of whom were doing work on their M. A. degrees. A regular summer session of the school was being conducted "on wheels". Class work is done a given number of hours each day. This work is done in school buildings situated along the route, in shady lawns, and even on the buses while being driven across the country.

Dr. D. K. Haworth is director of the summer school. E. W. Blanks and Paul T. Eicks have charge of the transportation, while Miss Melissa Blackwell is the charming publicity director or "press agent", who gave us most of the information about this unique traveling school. The school is being conducted as part of the Extension work of Catawba College situated at Charlotte, N. C., and is said to be the first transcontinental traveling summer school ever undertaken.

The great majority of visitors were ladies, all of whom were dressed in knickers or slacks, some of them, in conformity with the most modern style, being stockingless. They seemed intensely interested in our little town, and a report of each place visited must be made upon their return home by some member of the party as a part of the regular class work.

They expect to conduct a like school of much larger proportions next year, we were told, and we expect them to pass through next summer in several sections. Interesting folks are these Travelers, for most of them were natives of North Carolina.

ENJOYS THE GEYSERS AND THE GRIZZLIES

Dr. C. R. Townes and family returned Saturday night from a vacation trip to Colorado and Wyoming. They spent two nights in Denver, two in Yellowstone Park, and two in Salt Lake City, and they can converse interestingly about the things they saw. One of the most interesting sights, of course, was the geysers. The Doctor says that "Old Faithful" erupts once every 65 minutes or "an average, and that the shows which he stages are worth going a long way to see. Other geysers are more spectacular at times but are less regular in their performances. From the incrustation that has formed about "Old Faithful", scientists estimate that it has been doing business at the same old stand for about 45,000 to 60,000 years, the doctor says.

But the Doctor says he got more kick out of seeing the big grizzly bears take their meals than in seeing these are mammoth white bears, the stunts pulled off by the geysers, yet unchained and untamed by the arts of man, that live in the forests of the Park. They come down to the accustomed place at regular intervals, however, to devour the most that man places at their disposal, and when one of these big monsters shows up on the scene all ordinary bears abdicate in less than no time. They certainly make it snappy in getting out of the way, the Doctor says. So interesting to human beings is the Grizzly's meal time that great crowds of people always congregate to witness the performance. The Doctor estimates that there was an "audience" of at least three thousand when he watched the big bears eat. At one time two of the largest ones threatened to stage a real bear fight right in the presence of the spectators but for some reason best known to the bears the war clouds passed away without resulting in actual hostilities.
