

ROUNDTREE CRITICIZES ACTION OF GOV. MOODY

(Star-Telegram)

The reasons which Governor Moody is citing in defense of his veto of the pink boll weevil bill are nonexistent, in the opinion of Carl Roundtree, representative from Lamesa and one of the authors of the measure. The Governor held in his answer to The Star-Telegram that appropriations must be based on pre-existing laws and that since the general bill was not passed until 1929, farmers affected in 1928 have no right to compensation.

"The first bill providing for the destruction of cotton, for noncotton zones and regulated and restricted areas was passed in 1917," Roundtree, who was in Fort Worth Saturday, said. "At that time it was provided that farmers whose cotton was actually destroyed should be compensated by the State."

"In 1920-1921 another measure was passed providing for payment to farmers injured by the establishment of noncotton zones. A Compensation Claim Board was created of three members, who must be farmers and cannot reside in the affected area. This board was to hear all claims resulting from restriction."

Claim Is Cited
"A claim brought by a farmer named Kilpatrick in Presidio County for \$8,000 damages alleged to have been sustained in 1919 under the noncotton zone system, was denied by this board. Kilpatrick appealed to the District Court. The higher court upheld the board."

"Kilpatrick then carried the case to the Court of Civil Appeals in El Paso. Here the claimant was upheld and the claim allowed. This was in

1923. The State in this case was represented by Attorney General Keeling and Bruce Bryant, two of the foremost lawyers in the State. Four questions of constitutionality were raised.

"One of these questions was that of a pre-existing law. The court ruled that all provisions of the Constitution had been fulfilled. The State did not appeal the case."

"In preparing the law which was passed by the Legislature this year the Kilpatrick case was closely studied and the wording followed carefully that of the ruling. The only difference was that the term 'noncotton zone' was changed to 'regulated and restricted areas.'"

"When the law was passed, it was known on the floor of both Houses that payment was to be made under it to those who had been affected in 1928. An opinion from the Attorney General's office at the time the bill was introduced was to the effect that it was legal to pay the claims. In fact, there were two opinions received to the same effect."

"Copies of these opinions together with a copy of the proposed bill were handed to the Governor who said he would examine their legality."

Losses to Farmers Told
Roundtree pointed out that the farmers of the restricted zones in West Texas are suffering losses that amount to \$2 per bale produced. He stated that the climate of the section is such that pink boll worms did no damage to the cotton and that each year, all such weevils in the area were killed during the winter.

As to the proposition that expenses of poisoning leaf worms might be charged legally to the State if the weevil claims were allowed, Roundtree pointed out that the cases are entirely dissimilar.

"Leaf poison is used for the benefit of a particular field or plant and the gain or loss therefrom is stood by the individual farmer. The restrictions placed on the pink boll worm are for the good of the industry at large and as such should be stood by the whole, or by the State at least. No farmer should be deprived of what he might ordinarily earn for the good of the industry without receiving just compensation for the sacrifice."

In Dawson County, Roundtree stated, two dead pink boll worms have been found. They were found at widely divergent places. He further stated, that few men in the section had ever seen such a weevil. Yet because of the two dead worms discovered, Dawson County was placed on the restricted list for four years.

McLean's \$65,000 fire truck is now installed and ready for any emergency. The truck is of the pumper type and has a maximum capacity of 5000 gallons of water per minute delivered through the hose nozzle. It is powered by a heavy duty six-cylinder engine capable of making 45 miles per hour on runs.

CITATION BY PUBLICATION

THE STATE OF TEXAS,

To the Sheriff or any Constable of Lynn County, Greeting:

YOU ARE HEREBY COMMANDED

to summon G. G. Adams by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County if there be a newspaper published therein, but if not, then in the nearest County where a newspaper is published, to appear at the next regular term of the District Court of Lynn County, to be holden at the Court House thereof, in Tahoka, on the fourth Monday in September A. D. 1929, then and there to answer a petition filed in said Court on the 4th day of February A. D. 1929, in a suit, numbered on the docket of said Court No. 763, wherein D. N. Arnett is Plaintiff and G. G. Adams and Zappe Land Company, Incorporated, are defendants and a brief statement of plaintiff's cause of action, being as follows:

That heretofore to-wit, on or about the 26th day of November A. D. 1926, the defendant G. G. Adams made, executed and delivered to D. N. Arnett ten certain promissory vendor's lien notes as follows: Note No. 1 for the sum of \$100.00 and due December 31st, 1927; note No. 2, for the sum of \$100.00 and due December 31st, 1928; note No. 3 for the sum of \$300.00 and due December 31st, 1929; note No. 4 for the sum of \$150.00 and due December 31st, 1930; note No. 5 for the sum of \$300.00 and due December 31st, 1931; note No. 6 for the sum of \$150.00 and due December 31st, 1932; note No. 7 for the sum of \$200.00 and due December 31st 1933; note No. 8 for the sum of \$400.00 and due December 31st, 1934; note No. 9 for the sum of \$800.00 and due December 31st, 1935; and note No. 10 for the sum of \$1800.00 and due December 31st, 1936, said notes dated November 26th, 1926, and payable to D. N. Arnett, bearing interest from December 31st, 1926 until maturity at the rate of 6 per cent per annum, payable annually on December 31st, in each year, said notes secured by a vendor's lien on the herein after described land said notes and each installment of interest to bear interest at ten per cent per annum from maturity. And said notes further provide, "It is understood and agreed that failure to pay any installment of interest on this note when due, or to keep and perform any covenant or agreement contained in the Trust Deed securing this note, shall, at the election of the holder or holders hereof, at once mature this, and all notes of same series with all interest then accrued," and further providing that if said notes are placed in the hands of an attorney to pay 10 per cent additional on the full amount due as attorney's fees, and signed G. G. Adams.

Plaintiff further alleges that on November 26, 1926, he joined by his wife, Ophelia Arnett, made, executed and delivered to Defendant G. G. Adams, a certain deed, conveying to the defendant G. G. Adams, the southeast one-fourth (SE 1/4) of Section Fifty-five (55) in block Twenty (20) H. E. & W. T. R. R. Co. survey, certificate No. 655, patented to Ida M. Charles Assignee, by Patent No. 572, Vol. 47, Abstract No. 404, situated in Lynn County, Texas, which said deed is recorded in Deed Records of Lynn County, Texas, and did in said deed retain a vendor's lien to secure said notes.

Plaintiff further alleges that simultaneously with the making of said deed the Defendant G. G. Adams, made, executed, and delivered to Plaintiff a certain deed of trust, said deed of trust recorded in Vol. 14, page 25-27 Deed of Trust Records of Lynn County, Texas upon the above said land to better secure the payment of said notes, and in said deed of trust it is also provided that in case of the default in the payment of any of said notes or installment of interest when due to the holder may at his option declare all of said notes due and payable. And this Plaintiff says that said notes No. 1 and 2 are past due and unpaid and that the interest on notes No. 1, 2, 4, 6, 7, and 8 is past due and unpaid, and that the reason of the default as above he has declared all of said notes No. 1, 2, 4, 6, 7, and 8 due and payable and does here now declare said notes due and payable.

Plaintiff further alleges that he has transferred notes No. 3, 5, 9 and 10 to the Texas Land and Mortgage Company, who are the owners and holders thereof.

Plaintiff further alleges that the defendant, Zappe Land Company, Incorporated, is the owner and holder of one certain vendor's lien notes against said land in the sum of \$1300 and that said note is an inferior lien to the lien held by Plaintiff.

Plaintiff further alleges that all of his said notes are due and unpaid, and that though often requested the defendant G. G. Adams has failed and refused to pay the same or any part thereof and that he has placed

the same in the hands of his attorneys for collection and agreed to pay them the attorneys fees mentioned in said notes of 10 per cent which is reasonable and the customary attorney's fee.

Wherefore Plaintiff prays that the defendants be cited to answer this petition and that on hearing hereof he have judgment for the amount of his debt against the defendant G. G. Adams, including principal, interest and attorney's fees and cost of suit, and that he have judgment against the defendants G. G. Adams and Zappe Land Company, Incorporated for foreclosing his vendor's lien and Deed of Trust Lien as above set out, and that said land be ordered sold according to law, and that the proceeds be applied first to the payment of the cost of suit and sale, and second to the payment of the judgment rendered herein and third the remainder, if any, to the person to whom the court finds entitled to the same. Plaintiff further prays the court that the note held by the Defendant, Zappe Land Company Incorporated, be adjudged an inferior lien to the lien of Plaintiff and that Plaintiff's lien be held a superior lien to the lien of Defendant, Zappe Land Co., Incorporated and for such other and further relief as in law and equity he may be entitled and in duty bound will ever pray.

Given under my hand and seal of said Court, at office in Tahoka, Texas, on this 13th day of August A. D. 1929.

TRUETT SMITH, Clerk
District Court Lynn County, Texas

CITATION BY PUBLICATION

THE STATE OF TEXAS,

To the Sheriff or any Constable of Lynn County, Greeting:

YOU ARE HEREBY COMMANDED

to summon Walter Earnest Baker by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the 106th Judicial District; but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said 106th Judicial District, to appear at the next regular term of the District Court of Lynn County, to be holden at the Court House, thereof, in Tahoka, Texas, on the 4th Monday in September A. D. 1929 the same being the 23rd day of September, 1929, then and there to answer a petition filed in said Court on the 17th day of January, 1929, in a suit, numbered on the docket of said Court No. 749, wherein Stella Baker is Plaintiff and Walter Earnest Baker is defendant, and said petition alleging that plaintiff was married to the defendant on the 3rd day of December, 1926, and that the defendant deserted plaintiff on or about the _____ day of March, 1929, that defendant cursed and abused plaintiff, called her vile names, threatened to kill her on different occasions and that the defendant was of a violent temper all of which caused plaintiff to fear that the defendant would kill her or do her serious bodily injury and this injured plaintiff's health all of which rendered their living together unportable, that there was one child, a boy, born of this marriage, whose name is J. T. Baker, who is about 2 years old and that plaintiff is willing and able to properly take care of and have the care, control and custody of said child and provide for him and give him an

education; that there is no community property existing between the plaintiff and defendant. Plaintiff prays that she be granted a divorce and the care control and custody of said child, J. T. Baker, and for such other and further relief, both general and special, in-law and equity that she may be entitled to and all costs of suit.

HEREIN FAIL NOT, but have before said Court, at its aforesaid next regular term, this writ, with your return thereon, showing how you have executed the same.

Witness, Truett Smith, Clerk of the District Court of Lynn County. Given under my hand and the seal of said Court, at office in Tahoka,

Texas, this the 8th day of August, 1929.

TRUETT SMITH, Clerk

WHAT IS EDUCATION ANYWAY?

In the last article I promised to answer this question in my next discussion. I promised to discuss the question along the lines of "Cardinal Principles of Education" as set out by the National Education Association. Let me say in the beginning that I believe such training as will help to the attainment of these seven aims or objectives will lead to education, and the reasonable amount of training such as will produce a citizen who has attained those objectives to an appreciable extent constitutes what we need and are looking for in our system of education. Any kind of training that overlooks any one of these objectives is not complete and will not make educated men and women.

The seven objectives are these: 1. Health; 2. Command of fundamental processes; 3. Worthy home-membership; 4. Vocation; 5. Citizenship; 6. Worthy use of leisure; 7. Ethical character.

Let us make a study of each of these objectives one at a time.

What would it profit a man though he gain the whole world and lose his health? More than fifty per cent of the pupils who come to the public school have physical defects. Many of them suffer from malnutrition. Hardly a single one is free from some physical defect more or less harmful. Every school should provide ample facilities for correcting physical defects and developing the physical body. The Tahoka schools

have advocated the need of good playground equipment, a good gymnasium, etc., for physical training of every boy and girl in the entire school system. To train the mind without training the body is rather poor business. In fact, I sometimes doubt whether it can be done very successfully in most cases. The teaching of good health habits, clean living at home, at school and everywhere, in fact, should be one of the chief aims of education. If this is true, what about our condemnation of the cigarette? Why should the teacher not request that each child be provided with a good toothbrush and the mother be asked to see that he uses it at home? Why should the teacher not request that the child keep his finger nails and hands clean at home as well as at school? Why should the teacher not object to a child's coming to school on a cold morning with little clothing on when it is known that the child has plenty of warm clothing at home? What would be the objection to the requirement of vaccination in times of dangers from smallpox, typhoid, etc.? And on and on we might go. But too, why should the teacher not expect unqualified support of the parent in this program? Not a mere acquiescence—"go ahead I am with you" kind of support, but an active, personal help in the matter is what the school deserves. Why should not a parent-teacher organization help in this work? Is this school not worthy of such help in its program? Is it possible, IS IT POSSIBLE, that this

town cannot have a parenthood interested enough in their own children to give some time and energy to the work of a parent-teacher association? Is it possible that a town of thirty-five hundred has no mother that will serve or is qualified to serve as leader of such an organization as will help in this health program?

The second objective is the command of the fundamental processes. In the past practically all training in the school was directed toward this one objective. Reading, writing, and arithmetic still constitute much of the work of the first seven grades. Though the methods have changed, the aims have not changed materially. Many people, however, still feel that this is the big aim in education. Let me say that I consider it more of a means than an end in the process of education. The man who reads the best and most extensively, writes splendidly, and is a shark in mathematics may be poorly educated; indeed, may be one of the worst citizens that the country has in it confines.

Quoting from an article published by the commission on the reorganization of secondary schools: "Worthy home-membership as an objective calls for the development of those qualities that make the individual a worthy member of a family, both contributing to and deriving benefit from that membership." Let me say that I believe this one objective should have more emphasis than any one at this time. Never in the history of this nation has the home and the home-life so nearly broken down. On the average very few meals are eaten together. Father is at the office or somewhere; mother is away at some club meeting, or some other meeting; son or daughter is visiting a friend, or, more likely, stepping on the gas on the streets or highways. Where is the family circle? Why, daughter must spend the night with a friend or attend some kind of social. Father has his lodge, chamber of commerce, or some other attraction. It is my honest opinion that while the social workers are having their meetings to "uplift" the world they are defeating their own purpose in calling the mother and father away from their own residence and family circle. I long for the time to come when we shall realize that the bluebird of happiness is in the home and that reforms and social uplift is an individual matter that begins and ends in the home. The high school has dispensed with every kind of night practice so far as possible in order to give the pupils opportunity to be at home; but it seems that they do not yet stay at home. I have never made a rule against parties and socials since coming to your town, but unless something is done to stop so much of it I shall be forced to do so. Let me say without any qualification whatever: The place for your boy and girl when night comes is at home. Let me say further: The best piece of work you can do toward making the right kind of boy or girl out of your child is to spend the evening at home with that boy or girl. If the boy or girl must go somewhere suppose you go along. Dispense with much of this and watch the grade average rise. If you are still boss of your household, then make a resolution that for once son or daughter is going to stay at home more and do more home study. The mother or father who says, "Daughter you must study your lessons before you shall be allowed to go over to Susie's," should say, "Daughter, forget about going to Susie's; you are going to keep company with four school subjects for the next nine months. I have no patience with the attitude 'You must learn your lesson before you go somewhere.' Why does son or daughter need to go? Better stay at home. How on earth can there be a worthy home-membership developed when children hardly know what home is? The Tahoka schools are going to do more this year than ever to bring about more interest in home life and worthy home-membership. Can we count on you to help?

No school is carrying out the objectives of education without providing for training in a vocation. Boys and girls should be trained not only to make a life but to make a living. Honest toil should not be despised. If a boy or girl gets the idea that this school will provide him with a means of "getting by" without work, then he has a revelation awaiting him somewhere down the line. We are purposing, however, more and more to help provide the materials for vocation training. Our courses are taking this more into consideration. Too, we are trying to find out just what the boy or girl wants to do, and are arranging our course of study to meet these requirements. Our home economics, vocational agriculture, commercial courses, language courses, social science course, natural and biological science courses, etc., are in themselves truly vocational or are preparatory to other courses that lead to a vocation. In this matter, however, we are far behind. Only

can we make progress in this line when the people realize the importance of such training and resolve to quit "playing at the game of education" and get down to business. Education is something that cannot be measured out and poured into the pupils' heads. More and more we are coming to realize that we need to learn that which will be useful in the attainment of the seven aims, and that in order to learn to do we must practice doing. We learn to do by doing. All knowledge is not gained thru reading books. Indeed, I am inclined to think very little is actually learned that way.

This article is far too long now. I shall discuss the other three objectives in a later article, and at the same time suggest some things which education is "not."

M. L. H. BAZE, Supt.

CITATION BY PUBLICATION

THE STATE OF TEXAS,

To the Sheriff or any Constable of Lynn County, Greeting:

YOU ARE HEREBY COMMANDED to summon Jesse Williams by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in the nearest County where a newspaper is published, to appear at the next regular term of the District Court of Lynn County, to be holden at the Court House thereof in Tahoka, Texas, on the fourth Monday in September, A. D. 1929, the same being the 23rd day of September, A. D. 1929, then and there to answer a petition filed in said Court on the 21st day of August, A. D. 1929, in a suit, numbered on the docket of said Court as No. 792, wherein Lottie Williams is plaintiff and Jesse Williams is Defendant and said petition alleging plaintiff was lawfully married to defendant in Lubbock County, Texas, on or about the 15th day of February, A. D. 1925 and was abandoned by the defendant without cause or provocation or with the consent of plaintiff on or about the 13th day of July, A. D. 1925, since which time the plaintiff has not seen nor heard from the defendant; that defendant's actions toward her are of such a nature as to render their further living together insupportable.

Wherefore plaintiff prays the court that defendant be cited to appear and answer herein and for her judgment dissolving said marriage relation, for costs of suit, and for such other and further relief, special and general in law and in equity to which she may be entitled.

Herein Fail Not, but have you before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and Seal of said Court, at office in Tahoka,

Texas, this the 21st day of August, A. D. 1929. District Court, Lynn County, By Gertrude Bishop, D. TRUETT SMITH, Clerk. 52-4tc

NOTICE TO THE PUBLIC

Any erroneous reflection upon the reputation or standing of any individual, firm or corporation, that may appear in the columns of the News, will be gladly corrected when called to our attention.

Propagandists frequently make such exaggerative statements as to hurt the cause they are designed to help. A recent example of this is a "news" story which appeared in some of the daily papers under an O'Donnell date line relating to the new highway project being promoted by the O'Donnell Community Chamber of Commerce, proposing a new highway from Gail through Tredway, O'Donnell, and Seagraves to Lovington, New Mexico. The wild statement contained in this "news" story to which we refer is as follows: "This road would open up a new strip of country fifty miles wide and 100 miles long and would shorten the route from the Lovington country to Fort Worth by some fifty miles." A territory fifty miles wide extending east and west along the proposed highway would have its southern

boundary eight or nine miles south of Lamesa and its northern boundary ten miles north of Tahoka. This is virgin territory yet to be opened up, according to the imaginative gentleman who sent in the above "news" story. This territory is already traversed throughout its entire length by highway No. 83, which passes east and west through Lamesa and by highway No. 84 which passes east and west through Tahoka. It is also crossed by highway No. 9 which passes north and south through Lamesa, O'Donnell, and Tahoka. It is also tapped by highway No. 53 extending southwesterly from Lubbock to Brownfield. On the west it is penetrated by highways from Roswell, Carlsbad and many other New Mexico points. The unopened territory, fifty miles wide by 100 miles long, exists only in the imagination of some mere propagandist who seems to think that the people of Texas are ignoramuses and will be influenced by this kind of "dope" to favor the proposal for the new highway. His statement that it would "shorten the route from the Lovington country to Fort Worth by some fifty miles" is likewise absurd. It could not possibly shorten the distance but a few miles if any at all. If O'Donnell can get this new highway we shall rejoice with her, but she is not likely to get it through the dissemination of such bunk as the above.

In his addresses at the Methodist and Baptist Churches Sunday morning and night, Supt. Baze repeated his indictments of the cigarette. Supt. Baze speaks from long years of observation in the school room, and he again declares, as he has repeatedly

WOMAN MAKES MONEY

Professional beggars are flocking into Canyon and other towns of the Plains. Along with them are all kinds of grafters. A woman last week collected \$59 in one day for a so-called church directory. It cost her \$12, making a net gain of \$47 for one day's work—which is pretty good wages for one with a sick tongue. Pass up the beggars and grafters.—Canyon News.

declared heretofore, that the cigarette habit is one of the greatest curses that afflicts this country. Few boys who become addicted to the habit early in life ever get through high school, he asserts. If the habit is begun early enough, it is not probable that the boy will ever reach the high school. There is nothing that saps the vitality and destroys the ambition of the young boy like the cigarette habit. We are glad that so many fathers heard his indictment of the cigarette. It is one of the crying evils of the day, and we believe that the preacher, the teacher, the editor, and the parent in the home should give it more serious attention. Like Mr. Baze we are "a-gin" the cigarette.

One of our good friends came in Saturday and admonished us to "give the Devil his dues", and then reminded us that Governor Dan Moody had sent Rangers to some of the oil fields in the Panhandle two or three years ago to clean out the crooks and that he had also sent Rangers to Wink. We are not only willing to give Governor Moody all due credit for this but we wish to highly commend him for it. But if he had notified the peace officers of some of our cities to clean out the bootleggers else he would send the rangers there too, we would have heard a mighty rattling of dry bones coming to life in said cities long ago. What we need is not a sporadic effort to clean up merely an oil field or two but a persistent and determined effort to clean up the entire state. We want our next governor to be a man who will go his full length for law observance and law enforcement.

There is a navigable stream in Lynn County, according to the construction placed on the law by the Attorney General. This stream is known as Camp Creek and may be found, we are told, somewhere in the vicinity of Grassland. We are considering the matter of offering a reward to any one who will give us information disclosing the exact whereabouts of this elusive water course. We are thinking of laying out a townsite at the head of navigation if the stream can be located.

A citizen suggested to us this week that one of the greatest needs of Lynn County is a county-city hospital. A local physician, he declared, estimated that at least \$50,000 goes from Lynn County to Lubbock and other places every year for hospital and surgical charges. We believe this to be a most conservative estimate. We think it time for our people to begin thinking about plans to procure the establishment of a hospital here.

INSTRUCTIONAL

Lynn County News: We are having a hard time keep this country straight. The Republicans have never done to suit us on the tariff business, and the Democrats refuse to take our advice on the liquor question. Truly, a country editor has a hard time running the country. State Press in Dallas News: Tut, tut! Colonel Hill, that is nothing to grow discouraged over. If everything sat jake and the two parties followed the dictate of your editorial conscience you would be hard put to it to discover something about which to write. The Republicans and the Democrats never came closer together to being a team harnessed to the same wagon than they do today. Both are haltered to the same tariff post. The old-fashioned Democrat who believed the Lord might forgive a high-tariff proponent, but the devil was sure to get him, would turn over in his grave at the thought of a party that has completely given up the idea of tariff for revenue only and spends a lot of his time trying to talk congressional committees into a little higher impost and this and that product of its native haunts. Sub S. P. would not be surprised if the recent earthquakes were not the result of considerable grave turning, for there were a lot of old-fashioned Democrats in those days. Just slay in there and pitch, Brother Hill. The Democrats have abandoned their old principles on the theory that the Republicans are having so much success that if they are to get any results they had better hitch their sled to the G. O. P. chassis. If the Democrats ever get in, the revision may be the other way. Sub S. P. doesn't

expect to live long enough but he would like to live to the day when Reed Smoot and Nick Longworth vote against a protective tariff.

Having read about the excellent maize that county farm agent Ray E. Shaver had brought into his office, J. A. Jaynes of New Lynn cut a few heads from his field and brought them into the News office Saturday just to show what he is doing with sorghum grains. One of the maize heads which he was exhibiting weighed nine ounces and one of the higar heads eight ounces. Mr. Jaynes has developed a very fine species of maize, known as the Jaynes maize, which has taken prizes at many fairs. His higar, known as the Longhead higar is also a superior product. Mr. Jaynes also has excellent feterita and chiltex on his farm, considering the dry weather, and he will have feed to sell even this year. And he says he has made it on four inches of rain.

Rev. A. W. Shewmake was a visitor in the News office Saturday and reported that he was to begin a meeting Saturday night at Needmore, seven miles west of Meadow. A meeting had just closed at his church at Cross Roads a few miles east of Post, where Rev. R. A. Hoover of Brownfield did the preaching. Just prior to that Brother Shewmake had conducted a meeting at Wells, where he is pastor, with eighteen additions to the church.

WHAT OTHERS THINK

The articles of Mabel Walker Wilbrant, former assistant attorney General of the United States, while not carried by a big majority of the daily papers of Texas, will do much to remove the smokescreen that has so long concealed the facts as they relate to the success or failure of law enforcement under the Eighteenth Amendment. Mabel knows what has been happening behind the screens and she also knows how to tell it, and her story reveals the situation just about as thoughtful, conservative citizens had suspected from the beginning. The crooked politicians have done everything in their power to prevent an effective enforcement of the prohibition law, but in spite of everything they could do the law has accomplished great good and America is handling the liquor problem far better than any other nation on earth.—Rogers News.

EQUAL RIGHTS, OF COURSE

When this business of equality between races arise to bother mankind, it has a haunting way of taking all kinds of embarrassing angles to worry us. For instance, in Chicago, where the races are rather badly intermingled, the negroes have arisen to demand equal rights with the whites in the water the same as on the land.

In other words, the negro is as good as the whites, they are taught in Chicago. Some Chicagoans evidently think this applies to dry land only for a mighty holler went up when the negroes demanded rights on the beaches and in the swimming pools in the regular way they were taught in the school room. For that matter, the argument is logical. A dry negro ain't no equaler than a wet one.—Floyd County Hesperian.

From Sam Harbens' Richardson Echo we read this editorial: "The editor of the Bonham News suggests that since this is a day of combinations and mergers, that some smart Yankee should bring about a merger between hell and Chicago. And further suggests that transportation charges should be lowered by making Chicago temporary headquarters of the merger.—Graham Leader.

Counties who haven't settled their main routings had better get busy and get the job done if they hope to have any say in where the highways are to go. Not long now until the state highway commission will have absolute control of all state roads and a large say in the federal roads working hand-in-hand with the federal engineers, of course.—Clarendon News.

A quarter century is a long time for the existence of a newspaper, much longer than the average, it is said. But the Herald still feels youthful, and hopes there are many happy days coming to it yet. The Herald is really older than Terry county, because organization took place several months after the birth of the Herald.—Brownfield Herald.

We read somewhere that the educational authorities of a high school have decided that the girl students must wear stockings to school because it makes the children laugh and play to see the calf at school.—Post Dispatch.

CELEBRATES THIRD BIRTHDAY

Little Lavoye Richardson celebrated her third birthday last week with a ten o'clock tea. Nineteen little folks enjoyed the occasion. Games were played and tea served. Eunice and Laverne Mullin, Pauline Neyland and Dottie Turrentine served. Others present were: Shila Vance Morland, Katherine Sanders, Tot Wetsel, Gene Earl Knight, Billie Lee Burleson, Benoy and Elden Gattis, Roy and Lenore Anglin, Betty Lou Frazier, Louise Heath, Margaret Wetsel, Lavoye Richardson, Greta Joyce Maassen, Baby Connolly, and Ruth Evelyn Brasfield.

Little Lavoye received a lot of nice gifts and quite a few out of the mail on that day. It was the greatest thrill of her life.—Contributed.

GOREE's first bale of cotton for the season was brought to town by W. C. Coon who lives north of Goree across the Brazos River. The bale was ginned by the Goree Gin Co., and bought by G. W. Moore for 18 cents per pound. A premium of \$27.75 was given Coon by business men.

MUNDAY is the home of the boy who was awarded second place in the individual judging of dairy cows at the short course at College Station. He is Gilbert Myers, and competed with 153 entries. Tenth place in dairy judging and fifth place in poultry judging was won by the Knox County Club boys.

Sargon Proves True Blessing

"Sargon has done more for me in a few weeks than all the other medicines I took put together during the ten years I suffered.

"I had awful attacks of nervous indigestion and my stomach was in such a disordered condition I could not eat a good meal. I couldn't even drink a glass of buttermilk without suffering. In fact, for the ten days before I started taking Sargon I had not swallowed one mouthful of solid food; I had lived on orange juice. I had sharp pains in my stomach and was so weak I had to give up and go to bed. My nerves just went all to pieces and I never got a good night's rest.

"Sargon has surely proved a blessing to me. I can now eat most anything I want without bad effects afterward. My nerves are normal, I sleep fine and never have to use a laxative any more like I did before I started taking the Sargon Soft Mass Pills.

This remarkable treatment has given me back my health and I feel like telling everybody about it."—Mrs. Lonie Nelms, 3227 Pine Street, Dallas, Texas.

Auto Engineers Eliminate Noise

"When the endurance flyers landed it was found that they had become deafened by the constant noise incident to flying day after day."

This familiar extract from practically very news story of the endurance flights which are being held this year affords striking proof of the advancements made by leading automobile engineers in eliminating noise from their product.

The noise in airplanes is chiefly created by the exhaust of the engine and the terrific rush of air caused by the propeller. Mufflers are not usually used on airplane engines as they add weight and slightly retard engine efficiency.

The automobile has many more potential noise sources. It, too, has same potential engine noise and the rush of wind while traveling at 60 miles an hour or more. In addition it is operating over a solid road which creates a certain amount of time noise. In spite of all this it is possible to converse without difficulty in the better made cars while rolling along at high speeds hour after hour.

In striving for an unusual degree of quietness in the Oldsmobile Six, the engineers had the advantage of a device designed by General Motors engineers and used at the General Motors Proving ground to "measure" noise.

This mechanism consists of two instruments which are placed in the interior of the car. They somewhat resemble early radio receiving sets. One contains a loud speaker apparatus which magnifies all sounds within the car and transmits them to a ear phone connected with the left ear of the tester. The right ear phone is connected to the other instrument in which noise is artificially created and its volume controlled by a dial.

When the noise striking both ears of the tester reaches an equal intensity the reading of the dial on the second instrument gives a measure of the noise created by the car when traveling at that specified speed.

By means of this measuring stick, Oldsmobile engineers were enabled to try various means of reducing the noise and have a reliable test of the results in each case. Some of the changes which produce the unusual quietness found in Oldsmobile operation include, specially designed rubber engine mountings; taking all instruments or accessories from the cowl dash; lining the entire front compartment with felt and rubber; placing a layer of felt in the roof construction; using a specially designed clutch hub, and perfecting many other details which all contribute to quietness.

Altho its development is comparatively new, Texas is fourth State in the production of gypsum with total sales value of \$3,094,145 last year. New York, Iowa and Michigan lead Texas.

A little Scotch boy asked his father for a penny to buy an all day sucker.

"Do you think I am crazy," asked the father. "It's four o'clock now!"

SLAT'S DIARY

Friday—Well, Mrs. Cane was up at our house this evening and she was a telling us about the fix she went and got herself into. It seems that her husband was sick and she thought he was a going to die so she sold his clothes to the 2nd hand dealer in ole clothes and now her husband has went and got well. Sum folks are just nacherally unucky I gess.

Saturday—Went to a party for the younger set tonite and Jane and me got to tawking kinda sentimentals and I got all flustered up and put my butter in my coffee and put cream on my hot role. Then we danced and every thing waxed Mary till 10 bells P. m. at night.

Sunday—After we cum home from the park and the swimmin pool this afternoon pa sed that they is one old addige that issent enny good any more and when ma sed what I is that pa replied and sed the one about women putting everything on their back.

Munday—Well it won't be long now till skool commences agen. I gess I wont be very sorry becuz this has been a offie discomfortable summer on act of being so mutch work to do that it was just like you was in the army. Ma was the General and pa was the paymaster that dident pay off so let the school bells ring.

Tuesday—Well I of our old neighbors celebrated his 92nd birthday today and whes Pa shook his hand and ast him if he had had a happy life he shook his head and knodded and sed he had had a very happy life so far.

Wednesday—I had to wash my neck this P. M. on account of ma sed we was a going to have company for supper and when last who she sed it was to be four gentlemen and a strange newspaper man.

Thursday—Me and Pug Stevens had another fite today and when I went home ma was worried becuz she thot I had lost another tooth. But I hadent. I had it in my hip pocket all the time.

THE PROFESSOR WINS
"Sedentary work", said the professor, "tends to lessen the endurance."
"In other words," butted in the smart student, "the more one sits, the less he can stand."
"Exactly," replied the professor, "and if one lies a great deal, one's standing is lost completely."

CRAMPING SPELLS

Mississippi Lady Tells How She Suffered Until She Had Taken Cardui on a Friend's Advice.

Greenville, Miss.—In describing how she suffered several years ago, Mrs. Mattie Dalton, of 112 Pecan Street, this city, recently wrote: "I would cramp, and my hands and feet would draw, so I came near having convulsions. I would have to stay in bed, sometimes a week, and when I would get up, I just dragged around, and did not feel like doing my work. I suffered a great deal with my back."

"A friend came to see me and saw how I suffered. She told me to try taking Cardui, which I did. I seemed to have more strength after my first bottle. After I had taken about four bottles of Cardui, I saw a great improvement."

"I quit having such bad spells, and was stronger and better than at any long time. I gained in weight, took a few more bottles of Cardui, and felt so well that I quit taking it."

"I certainly can recommend Cardui, for I know what it is to suffer, and I know that Cardui helped me. Thousands of women have written to tell of the benefit Cardui has been to them, in helping them to build up their health."

Having helped so many other, Cardui should help you, too.

Was Like Throwing His Money Away

"Orgatone Has Done More For My Grandmother Than All Other Treatments," He Says

"Orgatone has certainly done fine work for my Grandmother, Mrs. Georgiet Hester and I'm certainly glad to recommend it to others who may be suffering like she did," said Lee Hester, a well known farmer living on Rural Route 2, Slaton, Texas, while in Bowen's Drug Store, Lubbock, the other day for more Orgatone.

"Although my grandmother is past seventy-two she is feeling full of life and energy now," and is many pounds heavier than she was the day she began taking Orgatone. She had suffered from kidney trouble and a very badly run-down condition for fifteen years and had become almost a nervous wreck. Her stomach was so out of order that everything she ate hurt her. At night, especially she would have lots of trouble with her kidneys and couldn't get any sound sleep and was tired and languid all the time, and fell off in weight rapidly.

"We paid out hundreds of dollars for treatment and medicines of various kinds and it was just like throwing money away, as for the good it did her. Its the truth two bottles of Orgatone have done her more good than everything else put together. Her weight has already increased and this fact alone is proof of the fine work Orgatone has done in correcting her troubles and putting her system in good shape. But that isn't all; she has a splendid appetite, eats anything she wants and is like a different woman altogether. Her nervousness and headaches have disappeared and she sleeps like a healthy child every night. The gas has stopped forming on her stomach and she's never bothered now with those kidney pains. She is stronger and better off in everyway right now than she's been in the past fifteen years and I'm obliged to say a good word for Orgatone."

Genuine Orgatone may be obtained in Taoka, Texas at Thomas Bros. Drug Company.

Locals

Judge T. L. Price, district attorney, is attending court at Brownfield this week. Court convened there last Monday morning and the grand jury has been in session this week. Several indictments have already been returned into court, but there are no offenses more serious than burglary and chicken theft to engage the attention of the inquisitorial body, Judge Price reports.

Mr. and Mrs. Lawrence Scarborough of Seminary Hill, Fort Worth are here this week visiting Mrs. Scarborough's parents, Mr. and Mrs. H. T. Bridges. Mr. Scarborough is a son of Dr. L. R. Scarborough, President of the Southwestern Baptist Seminary.

Mr. and Mrs. A. L. Dugan, who reside several miles northwest of town, have as their guests this week their three daughters, Mrs. A. T. Kent and little daughter of Houston, Mrs. R. R. Hoyle and two children of Hillsboro and Mrs. H. H. Craig and two children of Irene.

The singing which was held at the Methodist Church here Sunday afternoon was a most enjoyable affair. A large crowd was present, many communities throughout the county, especially in the north and east portions, being represented.

Mr. and Mrs. Aaron White and Mrs. Roy Grisham and children, all of Moran, are here this week visiting the Taylor White family. The visiting Mr. White is a nephew of the Professor.

Mr. and Mrs. Ted Applewhite and children of Imperial, Calif., arrived Tuesday morning for a visit with Mr. and Mrs. Jack Applewhite and children.

T. M. Ward and family of T-Bar were here Wednesday morning on their way to Plains, Yoakum county, to inspect a tract of land for which Mr. Ward was on a deal.

Mr. and Mrs. T. Copeland and son of Sweetwater and Mr. and Mrs. C. D. Copeland of Liberty county spent the week end with their cousin, Mrs. L. S. Kuykendall.

Mr. and Mrs. Ralph Word of Draw are spending a few days this week with Mr. and Mrs. A. A. Wilson of Brownfield.

Prof Taylor White has been at Sudan the past week leading the song services in a revival meeting.

Miss Zella Whitley of Brownfield is spending the week with Miss Gusie Parnell out at Draw.

Hon. C. D. Russell of Plainview, attorney, spent Monday night in our city.

Mr. and Mrs. Jim Whiteley and two little grandsons of Silverton visited Mrs. L. S. Kuykendall here Tuesday.

Mr. and Mrs. L. C. Haney visited his parents and other relatives at Roscoe Sunday.

Mrs. N. A. (Jones) Duncan of Cleburne is visiting relatives and friends here this week.

W. T. Bovell was a business visitor to Abilene this week.

COMMITTEES APPOINTED IN CHARGE OF EXHIBITS

The Secretary of the Lynn County Fair Association has recently mailed out to each of the Directors a letter urging the appointment of a committee in each community and town in Lynn County to secure an agricultural exhibit to be placed at the Lynn County Fair. A questionnaire was enclosed for a list of the various committees appointed.

This questionnaire was sent out last Saturday and at noon Wednesday four answers have been received. The first to be returned was from Mr. E. M. Wilder of O'Donnell stating that Mr. Perry Howard, Mr. John Earles and Mr. Vernon Martin, Vocational Agriculture in the O'Donnell high school had agreed to serve on the Committee at O'Donnell. Mr. Martin was made chairman of the Committee.

Mr. S. L. Williams of Lakeview reports that the committee for Lakeview consists of Messrs. R. W. Allen, Chairman, M. W. Nettles, S. L. Williams, E. F. Schwartz and Litt Moore. Mr. E. B. Terry of New Lynn reports the following to serve on the committee from that community: Mrs. Henry Winkler, Messrs. R. W. Barton, chairman, E. B. Terry and George Fraenich. Mr. J. C. McCauley reports that the committee at T-Bar has been appointed and that it consists of Mr. and Mrs. J. B. Moore, Mr. and Mrs. A. E. Leverett, Mr. and Mrs. Perry Clayton, Mr. and Mrs. J. C. and A. K. McCauley. Mr. McCauley was appointed chairman.

Other communities have their committees appointed but their questionnaire has not been returned in time for publication. It is hoped that every community in Lynn County will have an exhibit at the fair this fall.

TAHOKA MAN IS IMPROVING

Injuries received Monday while working on a pipe line near Quitaque last night were reported as not serious to Ernest Hill, 23, of Tahoka, who was reported to be rapidly improving in the Lubbock sanitarium.

Hill was injured by some falling pipe and was rushed to this city for treatment. He sustained several lacerations about the head and his chest was slightly crushed.

MANUSCRIPT COVERS—\$1.50 per box of 100, two covers for 5c.—The News.

DR. ECKENER

Good old Doctor Eckener—He's a first class reckoner—Knows just how to drive a Zep—To all her antics he is hep; When she stutters he is there On the spot—just like a bear; Got to hand it to that bird; He don't say much—scarce a word—Just keep's fingering the button And you bet he knows his mutton; Europe—Asia—any place Same to Doc—he holds the ace; All he knows is run the Graf? Man, you're crazy—that ain't half What that wise old Heinie knows Puts our wise guys on their toes. While we talk this slick old Doc Flies his ship around the clock; Takes her up while nations wait 'er Passengers and alligator; All as safe as Yankee Doodle Due to Doc's big brainy noodle; Some day when Zeps are freely scootin' Everywhere—as sure as shootin' With the wife—if it don't sicken 'er I'll take a cruise with Doctor Eckener.

N. B. Excuse the last rhyme. Any man with a name as hard to rhyme to as that one should be prosecuted.—Norman H. Crowell, in the Dallas News.

FIRST AID TO CROWELL

May I offer a helping hand to Norman H. Crowell?

What? No words to rhyme with the name of Eckener?

The Goddess of Verse will heed if you beckon her.

An intrepid soul is Commander Eckener

While he sails the Graf, there's no danger of wreckin' her.

He knows her well, does Doctor Eckener—

The engines, cabins and every deck in her.

The Zep's true lover is old Doctor Eckener.

Can't you see him—carassin' and neckin' her?

All joking aside—Hail, Hugo Eckener,

God speed your craft, and the brave souls who trek in her.

J. GAFFNEY,

Lampasas, Texas.

The Lynn County News can still be had for \$1.50 per year—52 issues. We are also still offering the combination of The News and the Dallas Semi-Weekly Farm News for only \$2.00.

GRAF ZEPPELIN PASSES OVER SOUTH PLAINS

The big German dirigible, the Graf Zeppelin, passed over the South Plains Tuesday night on its flight from the Pacific back to its starting point at Lakehurst, New Jersey. It passed over Levelland about 12 o'clock at night and over Abernathy, eighteen miles north of Lubbock shortly afterward.

Last reports we have before going to press is that the Graf Zeppelin was expected to reach Lakehurst between six and seven o'clock this morning, and in the absence of any accident it has already reached its

landing place. This is the first time in the world's history that any kind of aircraft has circumnavigated the globe and it is the first non-stop flight ever made across the Pacific. The Zeppelin has also circumnavigated the globe in less time than it has ever been done before.

An AMARILLO farmer, J. R. Durrett, uses a unique method to make his more than 7000 acre farm pay. Renters are allowed to keep cows, hogs, and chickens during the slack months for an income and are relieved of their car during harvest time on a profit sharing plan.

JOB PRINTING

The addition of new, modern type faces augments an already adequate array of printing equipment.

Pat . . . pat . . . pat . . . one after another they roll off the press, those circulars that are destined to stimulate your sales so signally. And they will be good! Whatever expert typography can accomplish will be revealed in the printing—and in the sales.

Locals

W. J. Crouch dropped in Saturday and suggested that we promote a big rabbit drive or series of drives in Lynn County. He complains that the rabbits are destroying much cotton in his neighborhood. He thinks war should be made on these pests. We hope somebody organizes a big drive quick, and that they provide a big free dinner at the noon hour. As sure as such a drive as this is pulled off, we can assure Mr. Crouch that we will be right there to do our part. We promise to arrive at least fifteen minutes before noon and to remain until one-thirty or two o'clock.

Here are some mores estimates of the cotton crop of Lynn county this year. J. B. Walker says that the county will make 30,000 bales. H. M. Larkin says J. B. is terribly wrong. He says the crop will not exceed 18,000 bales, unless it rains a lot and that mighty quick. These boys may not have intended this for publication but they can't help themselves now. Along about Christmas we will be able to tell which one is the best guesser.

W. C. Rylander of Lubbock, Texas, Lieutenant Governor of the Sixth Division of the Texas-Oklahoma-Kiwanis district, will lead the delegation from his division to the district convention to be held in Tulsa on September 1st, 2nd and 3rd. A very elaborate program has been arranged, special attention having been given to the ladies. The largest attendance is expected at Tulsa of any convention yet held by the district.

We failed to chronicle last week the arrival of a sweet little Miss in the home of Mr. and Mrs. N. M. Wyatt, which event occurred on Monday of last week. She failed to phone us about her arrival and hence her name did not appear in our columns last week as it should. By the way, she bears the good old-fashioned but beautiful name of Nancy Nell. May she live long and happily.

Al Lehman, manager of Levine Bros. store here underwent an operation in a Lubbock sanitarium last Friday for appendicitis. The patient is reported to be improving nicely.

C. L. Dickson and family returned Saturday from Hot Springs, New Mexico, where they spent a month. Mr. Dickson says that it rained almost every day they were there. He visited the little town of San Marcial, sixty miles north of Hot Springs, after most of the town had been washed away by floods. He brought back with him pictures of swollen streams and rushing waters that almost frightened a Lynn county man to look at.

Mr. and Mrs. T. G. Dulin, residing ten miles north of Tahoka, returned Friday from a visit of several days with relatives and friends at Chiesman in Burleson county. They were accompanied home by Mrs. E. L. Gasper and baby, who remained here until Monday. Mr. Dulin reports that he found poor cotton crops most of the way en route.

J. B. Miller of Elk City and J. G. Emery of Sayre, Oklahoma, were here Saturday in a tour of West Texas seeking a location. Mr. Miller had recently sold his newspaper at Elk City and hoped to find some where in this portion of Texas a good newspaper for sale. Mr. Emery was also formerly in the newspaper business.

The Trades Day program Saturday drew one of the best crowds of the year. The streets and many of the stores were crowded with people and the merchants enjoyed a good business. Tahoka is rapidly coming to be one of the best trading points in all this section of the state.

Coleman Wells announces the sale of the farm of Oliver Todd, better known as T. E. Baldrige place, 4 or 5 miles north of town, to Mrs. Saleta Halbach of Ardmore, Oklahoma. The farm consists of 160 acres, is well improved, and sold for \$85,000 per acre. The purchaser, Mrs. Halbach, is a niece of Dr. J. H. McCoy of this city.

Mr. and Mrs. J. G. Taylor, who resides seven miles south of Tahoka, are happy over the arrival of a fine little boy in their home last Friday, August 23. He weighed 8 1/2 pounds and seems to be perfectly happy. Clarence Eugene is the little fellow's name.

Mrs. C. M. Lowe and three children of Post are spending the week here with Mrs. Lowe's parents, Mr. and Mrs. W. A. Chaney of the Central Cafe. Mr. Lowe himself was here over the week end.

Mrs. B. B. Altman and daughter, Miss Frances, and some of the other children, now of Pampa visited friends here Thursday. They were on their way to east Texas for an extended visit. The Altmans formerly resided here.

T. Applewhite and family of El Centro, California, arrived Tuesday for a few days visit with J. K. Applewhite and family, the two being brothers.

Among the improvements being made in town this week is the construction of a new awning at the Thomas Bros. Drug Company.

Alex Chaney came in Friday from the training camp at Fort Bliss, El Paso, where he spent the past month.

Edith

The little showers of rain are still coming. Maybe we will get a good rain after a while.

We had another good crowd at Sunday School and also a good lesson. We extend a special invitation to everyone to come to Sunday School each Sunday and help us make it grow. Quite a few people went to the singing at Tahoka Sunday afternoon. Everyone reported a good time and good singing.

We also had a good singing at the School House Sunday night. Few singers from other singing classes were present but we had a good crowd of folks of this community.

Mr. G. C. Lindley is in the Lubbock sanitarium. He has stomach trouble, but we have failed to learn his condition.

Mrs. Rhea is also in a sanitarium at Lubbock. She underwent an operation for cancer of the breast Sunday. She is doing as well as could be expected under the circumstances.

Mrs. A. R. McGonagill and daughters, Misses Attie Belle and Dorys, visited relatives at Amarillo last week.

Mr. John Downey and family left last week to visit relatives in Coleman county.

Mr. and Mrs. Douglas Haney are visiting at Dixie this week. Mrs. Earl Spinks is visiting in Lamesa this week.

Mr. and Mrs. N. E. Wood returned last week from Canyon, where they have been attending summer school.

Uncle Frank Vaughan's nephew, Elva Colville spent the night with him Thursday night.

EAST AND WEST HIGHWAY IS PLANNED BY O'DONNELL

(O'Donnell Index)

The O'Donnell Community Chamber of Commerce has been co-operating with the citizens of Gail in an effort to build an east and west highway from Gail through Tredway and O'Donnell to Seagraves and into New Mexico. A good will party from O'Donnell visited the town of Gail on Thursday night of last week and plans were discussed concerning the new highway. Gail citizens are heartily in favor of the new route which would shorten the distance from Gail to Hobbs and Lovington, N. M., by about fifty miles and open up a new stretch of territory that is at present without a first class highway. Gail citizens have promised to begin work on their end of the new road at an early date. The Commissioners of Lynn County have also promised to put their portion of the new road in first class shape and it is believed the commissioners of Terry county will gladly take up the work at the county line.

In mentioning the new proposed road on Friday of last week the Lubbock Daily Journal had the following to say:

"Smacking of all the traditions of the old west, the historic little town of Gail, in Borden county, where the peace officer is seldom disturbed, was host last night to 30 O'Donnell citizens at a meeting which inaugurated a campaign for opening a road from Gail to Lubbock. The proposed new road would leave Highway 83 west of Gail, run north to Highway 84 and enter Highway No. 7 near Slaton. Commissioners of Lynn and Borden counties have indicated approval of the proposed project."

Can you imagine O'Donnell citizens building a highway from Gail to Lubbock that would not come within 10 miles of O'Donnell and divert traffic from our present highways to say nothing of bringing new traffic thru town.

O'Donnell citizens are among the most charitable on the South Plains and believe in helping their neighbors when possible, but the story carried by the Lubbock Journal is too much for our good citizens to stand. A big howl has been raised and was more than justified. The writer of the article in the Lubbock Journal was either drunk or having pipe dreams which will never come true. The above article was published under the name of G. S. Dowell secretary of the O'Donnell Chamber of Commerce, and Mr. Dowell states that he has been flooded with unfriendly inquiries concerning the story. He also states that the article was phoned in by long distance but by some unknown cause, the Journal mentioned a new road that is being sponsored by Lubbock and Slaton instead of the new highway being sponsored by the citizens of Gail and O'Donnell. Mr. Dowell states that some conversation was had concerning the Lubbock highway which will branch off the Gail-O'Donnell road between Tredway and Draw, but the Journal staff suffered a lapse of memory and failed to mention the part of the story that was intended for publication. Just why this was done can be more easily explained by the Journal staff at Lubbock.

The main east and west highway will be built from Gail through Tredway, O'Donnell and Seagraves. Lubbock and Slaton may build the road mentioned in the Journal, but without the aid of O'Donnell folks.

PARENTAL ADVICE

"Well, well, well!" cried Mrs. Henpeck. "Our son is engaged to be married. We will write to the dear lad and congratulate him."

Mr. Henpeck had to agree, so the lady picked up her pen and wrote:

"My darling boy, what glorious news! Your father and I rejoice in your happiness. It has long been our greatest wish that you should marry some good woman. A good woman is heaven's most precious gift to man. She brings out all the best in him and helps him to suppress all that is evil. Her price is above rubies."

And then the son found this postscript in a different handwriting:

"Your mother has gone out for a stamp. Stay single, you darn fool!" —Pure Oil News.

CITATION BY PUBLICATION

THE STATE OF TEXAS,

To the Sheriff of any Constable of Lynn County, Greeting:

YOU ARE HEREBY COMMANDED to summon E. X. Minor by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in the nearest County where a newspaper is published, to appear at the next regular term of the District Court of Lynn County, to be holden at the Court House thereof, in Tahoka, on the fourth Monday in September A. D. 1929, the same being the 23rd day of September A. D. 1929, then and there to answer a petition filed in said Court on the 4th day of February A. D. 1929, in a suit, numbered on the docket of said Court No. 762, where in D. N. Arnett is plaintiff and E. X. Minor and Zappe Land Company, Incorporated, are defendants, and a brief statement of plaintiff's cause of action, being as follows:

II.

That heretofore to-wit, on or about the 7th day of December A. D. 1926, the defendant E. X. Minor, made, executed and delivered to the plaintiff ten certain vendor's lien notes, as follows: Note No. 1 for the sum of \$100.00 and due December 31st, 1927; note No. 2 for the sum of \$100 and due December 31st, 1928; note No. 3 for the sum of \$300.00 and due December 31st, 1929; note No. 4 for the sum of \$150.00 and due December 31st, 1930; note No. 5 for the sum of \$300.00 and due December 31st, 1931; Note No. 6 for the sum of \$150.00 and due December 31st, 1932; note No. 7 for the sum of \$300.00 and due December 31st, 1933; Note No. 8 for the sum of \$400 and due December 31st, 1934; Note No. 9 for the sum of \$800.00 and due December 31st, 1935; Note No. 10 for the sum of \$1800 and due December 31st, 1936; said notes dated Dec. 7th, 1926, and payable to D. N. Arnett, bearing interest from December 31st, 1926, until maturity at the rate of 6 per cent per annum, payable annually on December 31st, in each year, said notes secured by a vendor's lien on hereinafter described land. Said notes and each installment of interest to bear interest at ten per cent per annum from maturity, and further provides, "It is understood and agreed that failure to pay any installment of interest on this note when due, or to keep and perform any covenant or agreement contained in the Trust Deed securing this note, shall at the election of the holder or holders hereof, at once mature this and all notes of same series with all interest then accrued", and further providing that if said notes are placed in the hands of an attorney to pay 10 per cent addition of the full amount due as attorney's fees, and signed E. X. Minor.

III.

Plaintiff further alleges that on December 7th, 1926, he joined by his wife, Ophelia Arnett, made, executed and delivered to Defendant E. X. Minor, a certain deed, conveying to the defendant, E. X. Minor, the Southwest one-fourth of section fifty-four (54) block No. Twenty (20), H. E. & W. T. Ry Co., Certificates No. 654, Patented to Albert Taylor, Assignee, by Patent No. 250, Vol. 23-A, abstract 707 to which patent reference is made, which said deed is recorded in the Deed Records of Lynn County, Texas, and did in said deed retain the vendor's lien to secure said notes.

IV.

Plaintiff further alleges that simultaneously with the making of said deed the Defendant E. X. Minor made, executed and delivered to Plaintiff a certain deed of trust, said deed of trust recorded in Vol 14, pages 33-35 Deed of Trust Records of Lynn County, Texas, upon the above said land to better secure the payment of said notes, and in said deed of trust it is also provided that in case of the default in the payment of any of said notes, or installment of interest when due the holder may at his option declare all of said notes due and payable. And this Plaintiff says that said notes No. 1 and 2 are

past due and unpaid and that the interest on Notes No. 1, 2, 4, 6, 7 and 8 is past due and unpaid, and that by reason of the default, as above he has declared all of said Notes No. 1, 2, 4, 6, 7, and 8 due and payable, and does heretofore declare said notes due and payable.

V.

Plaintiff further alleges that he has transferred notes No. 3, 5, 9 and 10 to the Texas Land and Mortgage Company who are the owners and holders thereof.

VI.

Plaintiff further alleges that the Defendant, Zappe Land Company, Incorporated, is the owner and holder of one certain vendor's lien note against said land in the sum of \$1,300.00 and that said note is an inferior lien to the lien held by plaintiff against said land.

VII.

Plaintiff further alleges that all of his said notes are due and unpaid and that though often requested the defendant, E. X. Minor, has failed and refused to pay the same or any part thereof, and that he has placed the same in the hands of his attorneys for collection and agreed to pay them the attorneys' fees mentioned in said notes of 10 per cent which is a reasonable and the customary attorneys fees.

Wherefore plaintiff prays the court that the defendants be cited to answer this petition and that on hearing hereof he have judgment for the amount of his debt against the defendant, E. X. Minor, including principal, interest and attorney fees and cost of suit, and that he have judgment against the defendant E. X. Minor and Zappe Land Company, Incorporated, foreclosing his vendor's lien and deed of trust lien, as above set out, and that said land be ordered sold according to law, and that the proceeds be applied first to the payment of the cost and sale, second to the payment of the judgment rendered herein and third the remainder, if any, to the person to whom

the court finds entitled to the same. Plaintiff further prays the court that the notes held by the Defendant, Zappe Land Company, be adjudged an inferior lien to the lien of plaintiff and that the plaintiff's lien be held a superior lien to the lien of Defendant, Zappe Land Company, and for such other and further relief as in law and in equity he be entitled to and in duty bound will ever pray.

Herein I fail Not, but have before said Court, at its next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Tahoka, Texas, on this 13th day of August, A. D. 1929.

TRUETT SMITH, Clerk. District Court, Lynn County, Texas 62-4tc
