Number 3

DRAW DISTRICT COURT JURORS

Fall Term of District Court Opens Sept. 23; 16 Summoned For Grand Jury

The fall term of the district court will meet here on Monday, September 23rd, when a grand jury will be empaneled and the docket of a four weeks term will be taken up.

A venire of sixteen men has been summoned for grand jury service, and is as follows: W. S. Anglin, John A. Anderson, N. M. Bray, J. M. Christopher, G. M. Duckett, I. M. Draper, B. J. Emanuel, Ed Cook, J. J. Gray, Jim Izard, John Heck, D. W. Gagnat, L. C. Johnson, Clyde Shaw, C. H. Mansell, and J. E. Richardson.

Petit juries have been drawn for the second, third and fourth weeks of the term as follows:

Second Week

Jim Wetsel, E. L. Curtis, S. D. Martin, A. H. Ash, Robert Burdett, George Hurd, E. R. Blakeney, J. A. Cornett, Robert H. King, J. M. Line, J. D. Martin, H. C. Fountain, Jim Burleson, J. Y. Thompson, D. M. Esch, Lynn West, B. E. Townzen, Alfred Krauses, J. M. Trussell, J. W. Clements, C. R. Cargyle, John Evans, Jesse Brigrance, C. O. Carmack, R. B. Miliken, T. H. Koreg, J. C. Davis, August Fitcher, J. H. Colleenback, C. L. Terry, C. T. Tankersley, Jeff Musick, A. C. Fairley, J. Anson Coughran, N. M. Wyatt, J. J. Hodnett.

Third Week

E. J. Tredway, W. W. Ward, W. M. Waldrip, J. C. Welch, A. M. Cade, W. E. Edmonds, J. W. Esters, Anton Aherns, T. G. Dulin, T. E. Brower, J. R. Strain, E. W. Holloway, Frank Hill, R. J. Janak, C. B. Honeycutt, W. W. Hancock, John Holland, S. A. Cummings, H. B. McCord, J. N. Schooler, J. H. Henderson, Cleve Barrington, R. J. Meeker, H. C. Hunt, O. L. Woody, N. B. Busby, J. E. Haines, J. C. Hamilton, Ben Moore, R. H. Bullock, Wiley Curry, O. R. Davis, T. M. Ellis, Jr., T. C. Jones, W. V. Crews, W. C. Jones.

Fourth Week

Ed Jaynes, Henry Douthitt, O. J. Jackson, L. C. Haney, W. S. Cathey, E. H. Cantwell, Lee McFadden; T. M. Ward, W. C. Huffaker, E. L. Sorrell, S. H. Grider, E. R. Munn, W. P. Andrew, H. P. Burkhalter, L. D. Mueller, C. W. Conway, J. R. Mayo, P. W. Goad, J. C. Crockett, J. H. Knight, A. M. Willingham, L. H. Bain, C. B. Caveness, B. H. Barnett, Acie Bailey, G. E. Hogan, E. H. Boullioun, C. B. Morrison, E. S. Brown, T. S. Luttrell, E. J. Jennings, E. G. Jones, Jess Joplin, G. W. Lightfoot, J. D. Donaldson, Paul Gooch.

FARM BUREAU GIN IS READY TO GO NOW

We call attention to an inaccuracy in the advertisement of the Farm Bureau Gin appearing elsewhere in this paper. This ad was run last week and the "Saturday" mentioned therein was last Saturday. It should have been changed to read "READY NOW." All changes and preliminary preparations have been completed and this splendid gin plant is ready to go NOW!

REVIVAL IS BEGUN HERE

Services Started at Baptist Church Wednesday Night; Evangelists Have Not Arrived Yet

The revival services heretofore announced began at the Baptist Church Wednesday night, the Pastor Rev. B. N. Shepherd, doing the preaching and there was one profession of faith at the first service.

Dr. J. J. Kellam who was to have conducted the meeting, had wired that he is unable to be here on account of illness. He had just had a case of ptomaine poisoning which rendered it out of the question for him to come.

At the services Wednesday night, however, Rev. Hulin Coffman, one of the State Board evangelists, was invited to come. A message was sent to him immediately and he is expected tonight or tomorrow.

Johnnie Cohen, the sweet singer of Palestine, will arrive next Monday and be here through next week.

The pastor and local forces will "carry on" until the help arrives.

Midway Names Fair Exhibit Committee

Midway is the latest community to report the selection of a committee to gather and arrange a display for the County Fair to be held week after next. The committee is composed of Clyde Headstream chairman, M. M. Davis, Joe Vandyke, J. R. Strain, Spencer Swan, W. P. McDonald, L. M. Nordyke, Tom Rogers, Marshal Stewart, Leonard Crawford, and N. B. Brower.

A committee has also been selected for Draw but has not been turned in to the Fair Association Wednesday.

Other communities of the county which have previously signed for exhibits are O'Donnell, Wilson, Lakeview, New Lynn, T-Bar, South Ward, New Home and Dixie.

GRID SEASON OPENS FRIDAY

First Game Is With Wilson; Coach Announces Football Schedule For Season

Tahoka's football season will open tomorrow afternoon when the local high school meets the Wilson team at the latter place. The local squad has been working out every day this week and is in fair shape for the game. Tahoka football stock took a drop this week, however, when it became known that Oran Short, star backfield man for the past three years, and Boswell Edwards were ineligible to play on account of the age limit.

Coach Nicklaus, at the meeting of South Plains coaches in Lubbock last week, scheduled eight games for the Bulldogs. Two dates are yet to be filled, Oct. 11 and Nov. 11.

The schedule follows:
Sept. 13, Wilson at Wilson.
Sept. 20, Tahoka at O'Donnell (O'Donnell Community Fair)
Sept. 25, Wilson at Tahoka (Lynn County Fair)
Oct. 4th, Littlefield at Lubbock, (South Plains Fair)
Oct. 11th, open.
Oct. 25th, O'Donnell at Tahoka.
Nov. 1, Tahoka at Lamesa.
Nov. 11, open.
Nov. 15, Crosbyton at Tahoka.
Nov. 28, Brownfield at Tahoka.

Newmoore Club Girls Makes Good Report

Miss Verda Taylor, age 15 and a first year club member of the Newmoore 4-H Club chose gardening as her project and has made an outstanding record in canning this year with a large profit.

She has canned fruits and vegetables, jelly and pickles. She plans to can a beef as soon as weather becomes more favorable. The value of her canned products is as follows:

Fruits	\$25.25
Vegetables	\$13.25
Pickles	\$3.00
Jelly	80c
Total	\$42.30

Besides the canning she has done from her garden, the family has used vegetables from it all the time. This is a very good record for a first year club girl and she deserves commendation.

SUCCESS REVIVAL CLOSURE AT O'DONNELL SUNDAY

One of the most successful revivals ever held in O'Donnell came to a close on last Sunday night. Sixty conversions resulted from the meeting. The Methodist church received forty new additions. Other churches of the city will divide the remainder of the converts.

Rev. Walter O. Parr, pastor of the Cumberland Presbyterian church of Petersburg, did the preaching and in delivering his Sunday night message brought the services to a close with a fitting climax with twenty-two conversions. The meeting was held at the Baptist tabernacle sponsored by the Methodist and Cumberland Presbyterians of the city, but was participated in by practically all churches of O'Donnell.—O'Donnell Index.

Beeville is to have a combination milk and sweet cream butter plant to cost \$200,000, according to announcement there. It will handle the output of 7,500 cows and 2,500 cows are necessary before the plant will be instituted.

FT. WORTH TO PLAY TAHOKA

Texas League Baseball Team Coming Here For Game During The Lynn County Fair

The Fort Worth "Cats", Texas League baseball club, will play in Tahoka Thursday, September 26th, and their opponents will be Tahoka's team of all-stars. The game will be the second day of the Lynn County Fair.

When it was learned here that the Cats intended making a "banstorm" tour of West Texas immediately following the Texas League season, local business men began negotiations with them for a game. R. C. Wells and Jack Applewhite secured a number of business men as signers of a guarantee of \$200.00 to the Fort Worth team. The guarantee was turned over to the Marion G. Bradley Post of the American Legion and that organization will sponsor the game.

Jimmie Walkup, pitcher, and Bonowitz, left fielder, are managing the West Texas tour for the Cats and will bring the entire team with them. Tahoka has a number of old college, high school, and league stars and can put forth a team that will likely force the visitors to step high and wide. Regardless of the outcome, Lynn County fans will have an opportunity of seeing some of the best baseball stars in the Southwest in action.

DRUNK PAYS FINE

A drunk man was arrested on the streets of Tahoka Monday night, arraigned before Justice of the Peace I. P. Metcalf and fined. He gave his home as Hall County.

Theatre Is Praised By Sound Expert

Joseph Johnson, Shenectady, New York, electrical sound technician of the Western Electric Co., was here Tuesday and told D. B. English that he believed there would be no better theatre from the standpoint of acoustics in the State of Texas than the new English Theatre. He was high in his praise of the building. Mr. Johnson was here to make a preliminary inspection preparatory to the installation of "talkie" equipment as soon as the construction work is complete.

Brick work on the building is practically complete, and the roofing men and plumbers are ready to go to work.

INSTALL ELECTRIC MOTORS IN FARM BUREAU GIN HERE

Electric power will be used to run the Farm Bureau Gin this fall, electric motors having recently been installed in that plant.

The gin has been thoroughly overhauled and put in first class condition for the season.

Officials Resign Jobs In Two Precincts

Two officials in Lynn county tendered their resignations at the meeting of the Commissioner's Court Monday.

Rayburn A. Metcalf public weigher at Wilson, resigned his office, having accepted a position with the Stoker Motor Co., Ford dealers at Slaton. Frank Crews, well known Wilson citizen, was appointed by the court as weigher.

B. M. Haymes, Justice of the Peace at O'Donnell, also resigned. He will be succeeded by J. P. Aylor, prominent business man at that place.

LAMESA TO PAVE ONE OF MAIN STREETS SOON

LAMESA.—Paving of North First Street will begin next week according to the El Paso Bitulthie Paving Co., who was let the paving contract by the city a few weeks ago. Contracts have been signed by the property owners of this street for brick on Caliche base. Some 5 blocks connecting the business section with the High School property will be in this contract being the first residence paving for the city. Other streets will be paved in their order of application to the City Commission according to Mayor E. B. Warren.

3.19 Inches Rainfall Boosts Crop Prospects Of County

DAMAGE DONE BY LIGHTNING

House Burned; Another Struck And Two Cows Killed At Draw Tuesday

During a terrific rain and electrical storm that visited Lynn county Monday night, considerable damage from lightning was done near Draw in the Southeastern portion of the county, according to reports reaching here Tuesday.

A residence on the farm of W. E. Brewer and occupied by his son, Houston Brewer, was struck by lightning, ignited, and was completely destroyed together with all its contents. The family was away from home at the time.

The barn of A. L. Deakins, who resides just across the public road from the Brewer farm, was also struck by lightning and two milch cows were killed.

A tenant house on the farm of Willis Simpson in the same community and occupied by the Wilhoit family was also struck by lightning, and although the family were in the house at the time none of them was injured. A big hole was made in the roof of the house however, which rendered extensive repairs necessary.

The rainfall that accompanied the electrical storm is said to have amounted to four inches.

Lynn County Short In Birth Registration

According to figures compiled from data secured by the scholastic census enumerators and checked with the birth certificates on file with the State Health Department only about 54 per cent of the children born in Lynn County during 1928 were registered by the physician or midwife in attendance. Many of the children born in Lynn County during 1928 were deprived of the protection of a legal record of their age parentage and citizenship.

This failure is also causing the veterans of the World War and their widows a considerable amount of trouble and expense in filing claims for compensation with the Veteran's Bureau.

A concerted drive is being made at this time in an effort to improve registration in Texas so that it may be admitted to the Federal Registration Area during 1929.—If this is to be done the combined efforts of all civic agencies and local officials is necessary. Only two other states are outside of the Area at this time. Ninety per cent efficiency is required for admission.

First Electrocution Reported In City

Tahoka has had her first electrocution.

A. Thomas Catt is dead as the result of having stepped on two "hot" wires down at the Texas Utilities plant at 3:30 Tuesday morning. Mr. Catt was evidently prowling around over the switch board and stepped on the wires. His head and a fore leg were burned from his body and fell to the floor. The shorting of the current blew a fuse in the sub-station and Tahoka was without lights, due to the cat's adventure, for fifteen minutes.

If a kitty has nine lives, this one must have lost about eight of them right then and there.

BROWNFIELD MAN FOUND GUILTY OF ASSAULT

Coy Maroney was given two years in the penitentiary for assault to murder in a case tried at Brownfield this week. The case attracted considerable attention in Terry county. The trouble arose over an old debt between the assaulted party and the defendant's father.

Two other men were convicted, according to Dist. Atty. T. L. Price, charged with burglary of a Brownfield store and attempted robbery of the Meadow bank.

Mollie Turner Case Set For October 14

Mrs. Mollie Turner, charged with the murder of her husband at their home near Wilson seven or eight years ago, will be tried here in District Court, Monday, October 14th. The case was tried last year but was reversed.

The criminal docket of court will be taken up the second Monday of the term, September 30th.

SECURE GAMES FOR CO. FAIR

Football Game, Baseball Game, Parade, Carnival and Horseshoe Contests on Program

Many entertaining features have been arranged for the Lynn County Fair to be held in Tahoka Wednesday and Thursday, Sept. 25 and 26.

A big parade at 10:30 Wednesday will officially open the event. School children of Tahoka and a number of rural communities will parade and will also sponsor floats as well as will other organizations and business houses. In the afternoon will be a football game between Tahoka and the local baseball team will meet Wilson teams and Thursday afternoon the Fort Worth "Cats", the latter game being sponsored by the American Legion and a group of business men who have guaranteed the team \$200.00 for the game.

A horse-shoe pitching tournament will be held each day under the direction of Claude Wells.

In addition, the All-American Shows, a carnival company, will be on hand to furnish entertainment. This company has six shows and five rides. The rides are the swing, ferris wheel, merry-mix-up, children's merry-go-round, and electric railway.

County Jail Will Undergo Renovation

The Lynn County Jail on the fourth floor of the Court House, will be thoroughly repaired the Commissioners' Court decided in their regular monthly meeting Monday. In addition to making repairs, two new cells will be available since a back section will be put in two cells now in use. The repairs will make two private cells available for women. A St. Louis jail equipment company will do the work.

Lights were placed near the top of the court house on the outside last week to further prevent possible jail breaks.

BIRTHDAY PARTY

Mrs. L. P. Jeffries entertained her little daughter, Dorothy Jane and Dorothy Jean Applewhite with a joint birthday party on Saturday at her home. Dorothy Jane Jeffries was six and Dorothy Jean Applewhite was three. There were two cakes, one for each honoree. A good time was had by all.

The guests were as follows: Peggy Fenton, Geneva Cooper, Betty Lou Frazier, Mildred Cooper, Aletha Goodnough, Dorothy Ann Roberts, Leta Lois Stewart, Louise Barnes, Ethel Marie Johnson, Lyle Crume, Greta Joyce Applewhite, Bobbie Lou Shearer, Rena Mae Shearer, Curtis Marie Shearer, Buster Driver, Charles Williams, Jr., Pauline White, Peggy O'Neill, B. H. O'Neill, Jr., Al J. Barnes, Mary Bess Fenton and Tommie Applewhite of Imperial, Calif.

"CLUBBING A HUSBAND"

The Methodist Ladies of O'Donnell announce that they will put on the play, "Clubbing a Husband" at the school house at Draw on Saturday night, September 14th, the proceeds to be used to help pay for the new chairs for the church. Admission, for all school children, 15 cents; for adults, 25 cents.

The 23,000 car loads of vegetables and fruits shipped out of the Valley this year netted growers more than \$10,000,000, according to the Donna News.

HAIL DAMAGES LARGE SECTION

Tahoka's Immediate Territory Not Injured However; Prospects For Crop Better

With from three to five inches of rainfall since last Saturday at noon, Lynn County is again thoroughly soaked. The drought was broken when a down pour began at about five o'clock Saturday afternoon and continued for almost an hour and then quieted down to a gentle drizzle that continued until after midnight. The precipitation Sunday morning had amounted to 1.36 inches, according to the editor's rain gauge. In the north portion of the county and possibly in some other localities the precipitation had been much heavier. Cloudy, showery weather continued, and on Monday night another heavy downpour visited the county, the total precipitation in Tahoka from Saturday afternoon to Tuesday afternoon amounting to 3.19 inches. The rainfall in the Southern and Southeastern portion of the county Monday night was much heavier than it was here, according to all reports we have had.

In the northern portion of the county on Saturday afternoon, the rain was accompanied by considerable hail, much damage being done on a few farms in the vicinity of New Home and Wilson. All crops are said to have been badly damaged on the farms of S. J. Kitchens, J. D. Weaver, R. L. Smith, and others near New Home, while hail and wind both wrought havoc near Wilson, Southland and Slaton, many houses as well as crops being damaged. Considerable damage was done to the Edwards-Lockhart gin at Pleasant Valley just over in Garza county. The telegraph line from Wilson to Slaton was put out of commission for a time, it is reported.

On the whole these rains which have been general over the South Plains and West Texas, will be of much benefit to crops. While they came too late to greatly increase the yield of cotton, yet it is the universal opinion that the bolts on much of the cotton will mature much better and add considerably to the yield. Nearly all the feed will be benefited, especially the late feed. Barring an early frost the production of feed and forage crops will be greatly increased. Also many farmers will now plant small patches of wheat for winter pasturage, and with the season now in the ground, very little more rain would make this pasturage excellent. These fine rains, following the driest summer that Lynn county had for several years, make the prospects for the fall and winter much more rosy than they have been for several weeks.

Floresville has shipped 25 to 30 carloads of roasting ears this season, according to the Floresville Chronicle.

KIWANIS CLUB HEARS NELSON

Reports On Convention; Club To Sponsor Harley Sadler Show In Tahoka This Year

G. H. Nelson, delegate to the district Kiwanis convention at Tulsa, reported on the meeting to the Club at its regular meeting Wednesday noon. He laid special emphasis on the importance of giving attention to the underprivileged children of the community, since that seems to have been one of the principal topics of the convention. His talk was said to have been one of the best heard by the local club this year.

Following the meeting, the board of directors appointed a committee composed of Mr. Nelson, Rev. B. N. Shepherd, and Truett Smith to look after and help the underprivileged children of Tahoka.

The Club decided to sponsor the showing of Harley Sadler in Tahoka this Fall.

WHAT OTHERS THINK

Occasionally you hear somebody say that the automobile is ruining the country, meaning that people are spending money for cars which should go for necessities of life, business expansion, better homes, etc. Very certain it is that some people act a fool about buying an automobile like they do about a lot of other things, but the critic or pessimist who shouts about the automobile ruining the country is off his base. The unprecedented and phenomenal growth and expansion of all lines of business and the country generally in these United States is beholden in a very large measure to the automobile

and kindred lines of business. Take your own town, for instance—eliminate all the automobile agencies, garages, tire and battery services stations, and see just what a hole would be knocked in your town, how many men would be out of a job and how much capital would be idle. No, the automobile is not ruining the country—some fools to the contrary, notwithstanding. The automobile is the greatest aid and ally of progress this nation ever saw.—Clarendon News.

In speaking of advertising a trade journal says: "It is the constant hammering week after week that brings home the bacon and reputation builds reputation." And the statement is true. The business concern that eventually branches out and takes in new territory and continues to grow and expand, is the business concern that pays strict attention to its advertising making it as much of the business as buying and selling. The name of a firm that is constantly before the people has a better opportunity of reaching the buying public than the institution that has an idea that people know where the business house is and if they want anything, they will know where to buy. But if the would be purchasers see a catchy ad in the home paper, they will patronize the dealer who knows how to appeal to the buying sense of the one who has been reached by the ad. One ad, two ads, or a dozen ads, will not answer, because the buying public has so many places bidding for the trade that the firm with no appeal will be forgotten. The most successful are those who push their business to the limit and then go right on letting the public know they are alive.—Higgins News.

Indications point to a hard winter. We have been scouting around under the mesquite trees in our yard and find that the bean is long and plentiful. We have already harvested a couple of bushels from the ground

under one tree. Then the husk on the corn, not in the liquid formation, but on the cob, is tough. Just as soon as we get the first goose that lands from his home in the North, we will feel of his wishbone and if it's tough this will complete the trio of items that go to forecast a hard winter. We advise our people to take advantage of the fur coat sales going on these hot days and be prepared for the worst.—Graham Leader.

Counties who haven't settled their main highway routings had better get busy and get the job done if they hope to have any say in where the highways are to go. Not long now until the state highway commission will have absolute control of all state roads and a large say in the federal roads working hand-in-hand with the federal engineers, of course.—Clarendon News.

said W. G. Jones, to-wit: All of the undivided interest of the said W. G. Jones in and to all of section No. 558, Certificate No. 169, in block No. 2, E. L. & R. R. R. R. Company land situated in Lynn County, Texas, containing 640 acres more or less; and on the 1st day of October, 1929, being the first Tuesday in said month, between the hours of 10 o'clock A. M. and 4:00 o'clock P. M., on said day, at the court house door of said county, I will offer for sale and sell at public auction, for cash, all the right, title and interest of the said W. G. Jones in and to said property.

Dated this the 4th day of September, 1929.
S. W. SANFORD,
Sheriff of Lynn County, Texas

The people of this community are indeed very happy over the rain that God Almighty has given us.

Mr. G. C. Lindley returned from the Lubbock sanitarium Saturday and is recovering fast.

Mr. John Downey left Sunday morning for Coleman county where he was called to the bed side of his father who was not expected to live.

Mr. and Mrs. Arthur Hodge and little son, A. L. were guests of Mr. and Mrs. T. J. Hammonds Sunday evening.

Miss Zelta Campbell left Sunday afternoon to go to her uncle's home near Wilson where she will attend the Wilson school this year.

Miss Beatrice Hammonds spent last week end with home folks.

Mr. Edgar Hammonds left Monday for Kingfisher, Oklahoma, where he will attend a Bible school this year.

Mr. and Mrs. J. W. Wilson and daughter, Faye, of Wilson, Texas, spent Monday with Mr. and Mrs. G. C. Lindley.

The Congregational Methodist meeting that has been going on for the past week closed Sunday night with splendid success. Brother Yeal and Brother Slate returned to their homes.

There will be a Baptist meeting started at the school house Sunday night.

The singing circle will meet at Edith Sunday at 2:30 o'clock. Every body is invited to come.

Edith

(Delayed)

Mrs. G. C. Lindley underwent an operation for chronic appendicitis last Thursday. We understand he is recovering nicely and will probably be able to return to his home Sunday.

Mrs. Rhea who underwent an operation for cancer of the breast some time ago is doing nicely and will return to her home sometime this week.

Mrs. Earl Spink returned home Saturday from a week's visit in Lamesa.

Mr. and Mrs. Douglas Haney is visiting Mrs. Haney's mother in the Dixie community this week.

Miss Grace Thompson of Lubbock is visiting Mr. and Mrs. W. M. (Bill) Thompson this week.

Quite a number of the young people are attending the town school this year. They say they are going to like it fine.

There is a congressional Methodist Meeting in progress here at this place. Everybody is invited to come to the services. Services at 10:30 A. M. and 7:30 P. M. Come and be with us.

Now Fit From Head to Foot

"The Sargon treatment built up my whole system and I feel better and stronger than I've felt in years."

"My health had been going back on me for three years, mainly from a bad case of stomach trouble. I couldn't eat a meal that didn't make me suffer from dyspepsia and indigestion pains. Even the lightest foods soured on my stomach, and brought sharp pains that almost took my breath. I was bothered all the time by constipation and biliousness and was always having headaches."

"I have used two bottles of Sargon now and am keeping up the treatment. Almost as soon as I started it the pains in my stomach disappeared, and I never have indigestion. I can eat anything and never have headaches anymore. The Sargon Soft Mass Pills completely rid me of constipation and biliousness without the slightest upsetting. I'm in such fine health now in every way that I want to tell every body about this wonderful treatment."

W. T. Farmer, 3951 Capital St., Dallas.

School opened Monday morning with an attendance of forty-eight. Both parents and pupils enjoyed the talks made by Judge G. C. Grider and Mr. Russell. Both of these men are well known in the community and have a large number of friends here. The subjects chosen were very appropriate and educational. Mr. Russell chose as his subject, "The Value

of an Education" and Judge Grider talked on "Co-operation Between Parents and Teachers".

Mr. and Mrs. Melvin Smelser and son, Lois, have returned from a visit with relatives in East Texas.

The revival meeting which has been conducted by Rev. Mrs. Brinser and Mr. House closed Sunday night. The attendance has been good thru out the entire time of two weeks. There have been a number of conversions.

Mr. and Mrs. Cicero Johnson and children have returned from a trip to East Texas.

Miss Linne Mae Brewer has been visiting relatives in Lamesa. She returned to school Monday.

Mr. and Mrs. W. E. Greenwood and children returned from their vacation in New Mexico. They visited friends and relatives in Dexter and several places of interest while there. Mrs. Greenwood was in an automobile accident while they were returning but she has improved since that time.

Donnie Morris, who has been ill during the past week is better.

A Parent-Teacher Association will be organized some time in the near future. We want all of the parents to plan to become a member so that a co-operative school program may be carried out this year.

Mrs. Walter Rhyme and children returned from a visit and Family Reunion in East Texas.

Mr. J. C. Switzer and Hugh Hart visited relatives in New Moore Friday and F. J. Switzer returned with them.

The school building has been repaired and it is now a much more comfortable place for the children.

Mr. and Mrs. L. D. Looney and children came through this community to see friends Saturday. Mr. and Mrs. Looney moved twelve miles south of here last January.

Mr. A. N. Lowmie conducted the services of the Sunday School and Church Sunday morning.

Mr. and Mrs. Henry Disheroon went to Lubbock one day last week. Several men in the community are in South Texas, picking cotton.

BUTTER WRAPPERS, very best grade vegetable parchment. 35c per 100. The News.

The 23,000 car loads of vegetables and fruits shipped out of the Valley this year netted growers more than \$10,000,000, according to the Donna News.

Texas has more land in cultivation than any other State and also has more good raw land available for future cultivation than any other state.

The 1929 Texas wheat crop is the largest ever, with estimates ranging from 40 to 45 million bushels.

For ten years Texas has led all the States in total crop values with an average annual production of \$800,000,000.

Laredo citizens are to vote on a \$225,000 bond issue for school buildings.

MANUSCRIPT COVERS—\$1.50 per box of 100, two covers for 5c.—The News.

SLAT'S DIARY

Friday—Well I guess I will be having to go to school unregardless of every thing I can do. I was complaining today about not feeling so good so ma

takes me down to the Doctor and he looked at my tongue and made me gurgle something and then hit me in the stomach and then he ast me where I felt the worst. I sed I felt the worst when I was in a house like a school house for instant. So he sed we will fix that and he give me sum castor-oil so I wished I hadn't mentioned it even at all.

Saturday—They was a street carnival in town tonite and I and Jane was a walking around and I had shone her the hole in the tent where we could see the side show and then she went and spent a dime to go inside so I went home and diddend wait for her. Women act funny sometimes.

Sunday—Today after they had tuk the collection up the teacher told us to each one give a verse of the Bible about giving things away to other folks and Blisters give this one. He sed A fool and his munny is soon separated.

Monday—Well back in skool agen and we got a new teacher witch is a very good looking yung girl but she acts like as if she probably will be to firm for us kids to have a very successful winter. And we are going to have a Jeb's contest in our class once a week.

Tuesday—We was a going to practice foot ball tonite after skool but when I got home ma spoilt my plans and made me help her San tomatoes so she cud get thru in time to get supper so I put the garters around the top of the cans for her.

Wednesday—Pug Stevens stole two of are men from the Tigers foot ball team today and this evening I called him a Briber and a cruk and a thief and a lire and I woodent let him tak back to me becuz I hung up on him wher he started to talk.

Thursday—I ast pa today if there was ennything men cud do that women cuddent do and he sed they was on a few things witch he new of and that was a raise a beard, keep a secret and strike a match in the dark.

Top-worked pecan trees on the place of Charles Meurer, near Fredericksburg, raised the price of the nuts from 9c and 10c per pound to 35c per pound. The five acres in proportion to time and labor spent paid him better returns than any other five acres of his farm.

The Texas wool crop this year is estimated at 33,000,000 pounds, the largest ever produced in Texas. Prices have ranged around 34c and better.

Beeville is to have a combination milk and sweet cream butter plant to cost \$200,000, according to announcement there. It will handle the output of 7,500 cows and 2,500 cows are necessary before the plant will be instituted.

Unerring Instincts

Nature's Gift to Seal

Seals are possessed of most marvelous instincts, says Gas Logie. They know, for instance, exactly where to bore the ice to make their bobbing holes and never waste time or effort on ice too thick to be penetrated. They have some mysterious way also of knowing the width of a field of ice that must either be swum under or passed around.

A mother seal will leave her pup on an ice floe, slide off into the water, travel for a great distance and be gone for hours fishing. Meantime the ice floe, carried by winds and currents, drifts far also. Yet when "quitting time" comes the mother unerringly returns to the right floe, comes up through her own bobbing hole and at once finds her waiting child. Seals normally travel through the water at about 20 miles an hour, but on occasion will "bolt" for a short time at a rate of about 100 miles an hour. They cannot remain submerged without drowning for more than about 20 minutes.

A mother seal among a swarm of seal "pups" is said to be a very curious sight. Many of the "pups" solicit her maternal attention, but she an grily repels them all, fluds her own baby and nurses no other. The seal youngsters all look precisely alike to man, but her nose knows!

Belated Honors Paid

First British Aeronaut

In honor of James Sadler, the first British aeronaut, a memorial tablet has been erected at Oxford.

On October 4, 1874, he "did astonish the people by ascending into the atmosphere with firmness and intrepidity." His balloon was 170 feet in circumference, and carried a small brazier, suspended under the envelope, in order to maintain heated air to give the power of ascension. It shot up to a height of 3,600 feet, and was blown northwest.

Unfortunately, Sadler dropped the fork used to handle the fuel, and it is said he avoided coming down in a wood by using oars. Eventually, after half an hour's flight, he had traveled about six miles. In his second flight he used hydrogen, and in three minutes was lost to sight in the clouds. Twenty minutes later he came down near Aylesbury, 14 miles away.

For 25 years Sadler worked as a chemist, engineer, and inventor, but when fifty-seven he returned to ballooning. In 1874 he ascended from Burlington house, Piccadilly, before a huge crowd. Subsequently, however, he failed in an attempt to cross from Ireland to England.

The new army airport at San Antonio, designed to be the aviation West Point, will represent an initial investment of about \$14,000,000 and a probable ultimate outlay of around \$50,000,000. It includes 800 buildings for housing 2,200 officers and men and their families. When completed 250 planes can land or take off simultaneously and more than 200 planes will be used for training the cadets of the flying school to be established there.

Brother Of Local People Is Honored

COLLEGE SATORION, Sept. 10.

In Glenn Hackney, 18-year-old 4-H Club boy of Pickton, Hopkins county, Texas will have its first representative this year at the International Leadership Training School at Springfield, Mass. Announcement of the selection of Hackney as the Texas delegate to the seventh session of the school, Sept. 8-21, was made by O. B. Martin, director of the Extension Service, A. & M. College of Texas. Expenses of one boy and one girl 4-H Club member from every state in the Union and from some of the provinces of Canada to the school are borne by Horace A. Moses, of Mittineague, Mass., one time farm boy, now a manufacturer and philanthropist. The school is designed to help develop a higher type of rural girls.

Young Hackney has made more than \$1500 in three years of club work in Hopkins county. Last year he paid his board while attending high school with sale of milk from a cow he raised from a dairy calf demonstration. He has also carried many other demonstrations in corn and cotton growing and hog raising.

Hackney has been an active club leader at home and in club circles of the state. He was vice president of the United Club Boys Congress of Texas for two years, president of his county club council and of his own community club. He has personally organized two community club fairs and has been active generally in promoting 4-H Club work in his county. He worked under the supervision of County agent C. M. Martin last year and prior to that under G. M. Morris, now County agent of Harrison county.

Glenn Hackney, referred to above, is a brother of Burton Hackney and Mrs. G. H. Nelson, both of this city.

and Mrs. J. W. Ashworth, who lives seven miles east of town.

Approximate value of Texas production in different lines is: Farm crops \$800,000,000; livestock, \$200,000,000; minerals, \$400,000,000; forests and other natural resources, \$60,000,000.

Washing and Greasing

Your car needs a bath. This mud on it will ruin the paint job. It's much cheaper to have the old boat washed occasionally than to have it repainted.

Also, an occasional greasing by experienced hands will save you many repair bills and wear on your car.

Let us help you take care of your car, and it will last you much longer.

Texas Filling Station
T. S. WILLIAMS, Prop.

Have our Mechanics give attention to your car's—
Valves, Pistons, Bearings, Batteries or Ignition

They can make the car run better, give you longer service, and save you money. Better have that minor trouble looked in to today.

CITATION BY PUBLICATION

THE STATE OF TEXAS,
To the Sheriff or any Constable of
Lynn County, Greeting:
**YOU ARE HEREBY COMMAND-
ED** to summon G. G. Adams by mak-
ing publication of this Citation once
in each week for four consecutive
weeks previous to the return day
hereof, in some newspaper published
in your County if there be a news-
paper published therein, but if not,
then in the nearest County where a
newspaper is published, to appear at
the next regular term of the District
Court of Lynn County, to be holden
at the Court House thereof, in Tah-
oka, on the fourth Monday in Sep-

tember A. D. 1929, then and there
to answer a petition filed in said
Court on the 4th day of February A.
D. 1929, in a suit, numbered on the
docket of said Court No. 763, where-
in D. N. Arnett is Plaintiff and G.
G. Adams and Zappe Land Company,
Incorporated, are defendants, and a
brief statement of plaintiff's cause of
action, being as follows:

That heretofore, on or about
the 26th day of November A. D. 1926,
the defendant G. G. Adams made,
executed and delivered to D. N. Arnett
ten certain promissory
vendor's lien notes as follows: Note
No. 1 for the sum of \$100.00 and due
December 31st, 1927; note No. 2, for
the sum of \$100.00 and due Decem-
ber 31st, 1928; note No. 3 for the
sum of \$300.00 and due December
31st, 1929; note No. 4 for the sum of
\$150.00 and due December 31st, 1930,
note No. 5 for the sum of \$300.00 and
due December 31st, 1931; note No. 6
for the sum of \$150.00 and due Decem-
ber 31st, 1932; note No. 7 for the
sum of \$200.00 and due December
31st 1933; note No. 8 for the sum of
\$400.00 and due December 31st, 1934;
note No. 9 for the sum of \$800.00
and due December 31st, 1935; and
note No. 10 for the sum of \$1800.00
and due December 31st, 1936, said
notes dated November 26th, 1926,
and payable to D. N. Arnett, bear-
ing interest from December 31st,
1926 until maturity at the rate of
6 per cent per annum, payable annu-
ally on December 31st, in each year,
said notes secured by a vendor's lien
on the herein after described land.
Said notes and each installment of
interest to bear interest at ten per
cent per annum from maturity. And
said notes further provide, "It is un-
derstood and agreed that failure to
pay any installment of interest on
this note when due, or to keep and
perform any covenant or agreement
contained in the Trust Deed securing
this note, shall, at the election of the
holder or holders hereof, at once ma-
ture this, and all notes of same se-
ries with all interest then accrued,"
and further providing that if said
notes are placed in the hands of an
attorney to pay 10 per cent addi-
tional on the full amount due as at-

torney's fees, and signed G. G.
Adams.

Plaintiff further alleges that on
November 26, 1926, he joined by his
wife, Ophelia Arnett, made, executed
and delivered to Defendant G. G. G.
Adams, a certain deed, conveying to
the defendant G. G. Adams, the
southeast one-fourth (SE 1/4) of Sec-
tion Fifty-five (55) in block Twenty
(20) H. E. & W. T. R. R. Co. survey,
certificate No. 655, patented to Ida
M. Charles Assignee, by Patent No.
572, Vol. 47, Abstract No. 404, situ-
ated in Lynn County, Texas, which
said deed is recorded in Deed Records
of Lynn County, Texas, and did in
said deed retain a vendor's lien to
secure said notes.

Plaintiff further alleges that sim-
ultaneously with the making of said
deed the Defendant G. G. Adams,
made, executed, and delivered to
Plaintiff a certain deed of trust, said
deed of trust recorded in Vol. 14,
page 25-27 Deed of Trust Records of
Lynn County, Texas upon the above
said land to better secure the pay-
ment of said notes, and in said deed
of trust it is also provided that in
case of the default in the payment of
any of said notes or installment of
interest when due to the holder may
at his option declare all of said notes
due and payable. And this Plaintiff
says that said notes No. 1 and 2 are
past due and unpaid and that the in-
terest on notes No. 1, 2, 4, 6, 7,
and 8 is past due and unpaid, and
that by reason of the default as
above he has declared all of said
notes No. 1, 2, 4, 6, 7, and 8
due and payable and does here now
declare said notes due and payable.

Plaintiff further alleges that he
has transferred notes No. 3, 5, 9 and
10 to the Texas Land and Mortgage
Company, who are the owners and
holders thereof.

Plaintiff further alleges that the
defendant, Zappe Land Company, In-
corporated, is the owner and holder
of one certain vendor's lien notes
against said land in the sum of \$1300
and that said note is an inferior lien
to the lien held by Plaintiff.

Plaintiff further alleges that all
of his said notes are due and unpaid,
and that though often requested the
defendant G. G. Adams has failed
and refused to pay the same or any
part thereof and that he has placed
the same in the hands of his attorneys
for collection and agreed to pay them
the attorneys fees mentioned in said
notes of 10 per cent which is reason-
able and the customary attorney's
fee.

Wherefore Plaintiff prays that the
defendants be cited to answer this
petition and that on hearing hereof
he have judgment for the amount
of his debt against the defendant G.
G. Adams, including principal, inter-
est and attorney's fees and cost of
suit, and that he have judgment
against the defendants G. G. Adams
and Zappe Land Company, Incorpo-
rated foreclosing his vendor's lien and
Deed of Trust Lien as above set out,
and that said land be ordered sold
according to law, and that the pro-
ceeds be applied first to the payment
of the cost of suit and sale, and sec-
ond to the payment of the judgment
rendered herein and third the remain-
der, if any, to the person to whom
the court finds entitled to the same.
Plaintiff further prays the court
that the note held by the Defendant,
Zappe Land Company Incorporated,
be adjudged an inferior lien to the
lien of Plaintiff and that Plaintiff's
lien be held a superior lien to the
lien of Defendant, Zappe Land Co.,
Incorporated and for such other and
further relief as in law and equity
he may be entitled and in duty bound
will ever pray.

Herein Fail Not, but have before
said Court, at its next regular term,
this writ with your return thereon,
showing how you have executed the
same.

Given under my hand and seal of
said Court, at office in Tahoka, Tex-
as, on this 13th day of August A. D.
1929.

TRUETT SMITH, Clerk,
District Court, Lynn County,
Texas
52-4tc

CITATION BY PUBLICATION

THE STATE OF TEXAS,
To the Sheriff or any Constable of
Lynn County, Greeting:
**YOU ARE HEREBY COMMAND-
ED** to summon T. J. Johnson by mak-
ing publication of this Citation once
in each week for four successive
weeks previous to the return day
hereof, in some newspaper published
in your County, if there be a news-
paper published therein but if not,
then in the nearest County where a
newspaper is published, to appear at
the next regular term of the District
Court of Lynn County, to be holden
at the Court House thereof, in Tah-
oka, Texas, on the fourth Monday in
September A. D. 1929, the same be-
ing the 23rd day of September A. D.
1929, then and there to answer a pe-
tition filed in said Court on the 19th
day of August A. D. 1929, in a suit
numbered on the docket of said Court
as No. 791, wherein Lenore B.
Johnson is Plaintiff and T. J. John-
son is Defendant, and said petition

alleging that on or about the 11th
day of February, A. D. 1928 plaintiff
was married to defendant in Coleman
County, Texas; that they continued
to live together as husband and wife
until on or about the 28th day of
April A. D. 1929, when by reason of
the cruel and harsh treatment and
improper conduct of the defendant to-
ward plaintiff, she was forced and
compelled to permanently abandon
him, since which time they have not
lived together as husband and wife.
2. Plaintiff alleges that during the
time they lived together she was kind
and affectionate to defendant and
performed all her marital duties;
that about nine months prior to their
separation defendant began a course
of unkind, harsh and tyrannical
treatment toward plaintiff which
continued until Plaintiff was forced
to abandon defendant as aforesaid;
that on June 25th, 1928, while plain-
tiff and defendant were visiting defen-
dant's relatives in Point Isabel,
Texas, defendant got drunk and cur-
sed and abused plaintiff because she
would not drink liquor with him;
that defendant got his pay every two
weeks from the middle of June 1928
until the time of their separation and
just that often defendant got drunk
and abused and cursed plaintiff; that
on the 23rd day of February 1929,
plaintiff came home drunk and
knocked plaintiff out of her chair
with his fist and spit in her face;
that on the 28th day of June, 1929,
plaintiff and defendant were riding
in the country; that defendant drag-
ged plaintiff out of the car, struck
plaintiff with his fist, cursed her
and made her walk home and that
since that date plaintiff has not
seen defendant. That plaintiff's
name before she married defendant
was Lenore B. McNamee; Plaintiff
alleges that defendant's actions and
conduct toward her generally are of
such nature as to render their fur-
ther living together as husband and
wife insupportable.

Wherefore Plaintiff prays the
court that defendant be cited to ap-
pear and answer herein, for judg-
ment dissolving said marriage rela-
tion, that plaintiff's maiden name be
restored, for costs of this suit, and
for such other and further relief,
special and general, in law and in
equity to which she may be justly en-
titled.

Herein Fail Not, and have you be-
fore said Court at its aforesaid next
regular term, this writ with your re-
turn thereon, showing how you have
executed the same.

Given under my hand and the Seal
of said Court, at office in Tahoka,
Texas, this 19th day of August
A. D. 1929.

TRUETT SMITH, Clerk,
District Court, Lynn County,
By Gertrude Bishop, Deputy.

COULD HARDLY REST

**Lady Says She Hurt Nearly
All Over and Was Very
Nervous. Took Cardui
and Got Well.**

New Albany, Ind.—"About ten
years ago, I was just about run-
down," writes Mrs. David Brock, of
1102 West Main St., this city.
"My back and limbs ached; in
fact, I hurt nearly all over. I had
bad, sick headache spells, and my
nerves were all to pieces.
"I could not sleep at night; could
hardly have any rest at all. I was
barely able to get around to do my
work. I kept up just because I was
a mother with five little children to
care for.
"I read about Cardui. I thought
it might help me, so I bought a bot-
tle and began to take it.
"It was such a benefit to my
health. By the time I had taken the
first bottle, I felt so much bet-
ter. My husband insisted on me
giving Cardui a fair trial, so I kept
on until I had taken several bottles,
and at last found myself a well
woman.
"Thousands of other women, who
had been in a run-down, suffering
condition, have reported that after
taking Cardui they recovered good
health.
"Cardui is a strengthening tonic,
extracted from herbs of long-known
medicinal value. Try it. NC-216

**For Speed
Power and
Pick-up...
a six without a
rival at its price**

Without a single exception, the Pontiac Big Six is the fastest, most powerful six of its price available today. Its sturdy, 200 cubic inch, L-head engine develops 60 horsepower at moderate engine speed. Its speed and acceleration are the fastest to be found in any low-priced six, according to the "fifth wheel"—the most accurate speed measuring device known to automotive engineers. Unquestionably, today's Pontiac Big Six is the performance leader of its price field—and the style and value leader as well.

PONTIAC BIG SIX at \$745

Product of General Motors
If you are interested in a car costing anywhere near Pontiac's price, your own interests demand that you see and drive today's Pontiac Big Six. And when you come in, bring your present car for our appraisal. Its value will probably cover the down payment, leaving only a few dollars per month to pay. And, as you pay, you will be enjoying the finest car of its price the market affords.

Consider the delivered price as well as the list (f.o.b.) price when comparing automobile values. . . . Standard Pontiac delivered prices include only authorized charges for freight and delivery and the charge for any additional accessories or financing desired.

THE STATE OF TEXAS,
To the Sheriff of any Constable of Lynn County, Greeting:

YOU ARE HEREBY COMMANDED to summon E. X. Minor by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in the nearest County where a newspaper is published, to appear at the next regular term of the District Court of Lynn County, to be holden at the Court House thereof, in Tahoka, on the fourth Monday in September A. D. 1929, the same being the 23rd day of September A. D. 1929, then and there to answer a petition filed in said Court on the 4th day of February A. D. 1929, in a suit, numbered on the docket of said Court No. 762, where in D. N. Arnett is plaintiff and E. X. Minor and Zappe Land Company, Incorporated, are defendants, and a brief statement of plaintiff's cause of action, being as follows:

II.
That heretofore to-wit, on or about the 7th day of December A. D. 1926, the defendant E. X. Minor, made, executed and delivered to the plaintiff ten certain vendor's lien notes, as follows: Note No. 1 for the sum of \$100.00 and due December 31st, 1927; note No. 2 for the sum of \$100 and due December 31st, 1928; note No. 3 for the sum of \$300.00 and due December 31st, 1929; note No. 4 for the sum of \$150.00 and due December 31st, 1930; note No. 5 for the sum of \$300.00 and due December 31st, 1931; Note No. 6 for the sum of \$150.00 and due December 31st, 1932; note No. 7 for the sum of \$200.00 and due December 31st, 1933; Note No. 8 for the sum of \$400 and due December 31st, 1934; Note No. 9 for the sum of \$800.00 and due December 31st, 1935; Note No. 10 for the sum of \$1800 and due December 31st, 1936; said notes dated Dec. 7th, 1926, and payable to D. N. Arnett, bearing interest from December 31st, 1926, until maturity at the rate of 6 per cent per annum, payable annually on December 31st, in each year, said notes secured by a vendor's lien on hereinafter described land. Said notes and each installment of interest to bear interest at ten per cent per annum from maturity, and further provides, "It is understood and agreed that failure to pay any installment of interest on this note when due, or to keep and perform any covenant or agreement contained in the Trust Deed securing this note, shall at the election of the holder or holders hereof, at once mature this and all notes of same series with all interest then accrued", and further providing that if said notes are placed in the hands of an attorney to pay 10 per cent addition on the full amount due as attorney's fees, and signed E. X. Minor.

III.
Plaintiff further alleges that on December 7th, 1926, he joined by his wife, Ohpelia Arnett, made, executed and delivered to Defendant E. X. Minor, a certain deed, conveying to the defendant, E. X. Minor, the Southwest one-fourth of section fifty-four (54) block No. Twenty (20), H. E. & W. T. Ry Co., Certificates No. 654, Patented to Albert Taylor, Assignee, by Patent No. 250, Vol. 28-A, abstract 707 to which patent reference is made, which said deed is recorded in the Deed Records of Lynn County, Texas, and did in said deed retain the vendor's lien to secure said notes.

IV.
Plaintiff further alleges that simultaneously with the making of said deed the Defendant E. X. Minor made, executed and delivered to Plaintiff a certain deed of trust, said deed of trust recorded in Vol 14, pages 33-35 Deed of Trust Records of Lynn County, Texas, upon the above said land to better secure the payment of said notes, and in said deed of trust it is also provided that in case of the default in the payment of any of said notes, or installment of interest when due the holder may at his option declare all of said notes

due and payable. And this Plaintiff says that said notes No. 1 and 2 are past due and unpaid and that the interest on Notes No. 1, 2, 4, 6, 7 and 8 is past due and unpaid, and that by reason of the default, as above he has declared all of said Notes No. 1, 2, 4, 6, 7, and 8 due and payable, and does herewith declare said notes due and payable.

V.
Plaintiff further alleges that he has transferred notes No. 3, 5, 9 and 10 to the Texas Land and Mortgage Company who are the owners and holders thereof.

VI.
Plaintiff further alleges that the Defendant, Zappe Land Company, Incorporated, is the owner and holder of one certain vendor's lien note against said land in the sum of \$1,300.00 and that said note is an inferior lien to the lien held by plaintiff against said land.

VII.
Plaintiff further alleges that all of his said notes are due and unpaid and that though often requested the defendant, E. X. Minor, has failed and refused to pay the same or any part thereof, and that he has placed the same in the hands of his attorneys for collection and agreed to pay them the attorneys' fees mentioned in said notes of 10 per cent which is a reasonable and the customary attorneys fees.

Wherefore Plaintiff prays the court that the defendants be cited to answer this petition and that on hearing hereof he have judgment for the amount of his debt against the defendant, E. X. Minor, including principal, interest and attorney fees and cost of suit, and that he have judgment against the defendant E. X. Minor and Zappe Land Company, Incorporated, foreclosing his vendor's lien and deed of trust lien, as above set out; and that said land be ordered sold according to law, and that the proceeds be applied first to the payment of the cost and sale, second to the payment of the judgment rendered herein and third the remainder, if any, to the person to whom the court finds entitled to the same. Plaintiff further prays the court that the notes held by the Defendant, Zappe Land Company, be adjudged an inferior lien to the lien of plaintiff and that the plaintiff's lien be held a superior lien to the lien of Defendant, Zappe Land Company, and for such other and further relief as in law and in equity he will be entitled to and in duty bound will ever pray.

Herein Fail Not, but have before said Court, at its next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Tahoka, Texas, on this 13th day of August, A. D. 1929.

TRUETT SMITH, Clerk.
District Court, Lynn County, Texas

CITATION BY PUBLICATION

THE STATE OF TEXAS,
To the Sheriff or any Constable of Lynn County, Greeting:

YOU ARE HEREBY COMMANDED to summon Jesse Williams by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in the nearest County where a newspaper is published, to appear at the next regular term of the District Court of Lynn County, to be holden at the Court House thereof in

GAS AFTER MEAL
"Didn't See a Well Day 1 Weeks--None of My Food Agreed With Me," Says Engineer.

Kansas City, Mo.--"After each meal, distress would come on me, and I would suffer bad pain," says Mr. Peter Seeger, a Missouri Pacific railroad engineer, residing at 329 Elmwood Street, this city.

Mr. Seeger explains that the pain seemed to come from indigestion, as he had a sensation of gas, or bloated feeling in his stomach. "I found that by taking a pinch of Black-Draught, dry, after meals, I would be relieved," he says. "I would carry Black-Draught to work with me. I took it for about a year and a half. "None of my food agreed with me. I would frequently taste what I ate, long after my meals, and I did not see a well day for weeks. I began taking a pinch of Black-Draught after each meal, and kept this up for weeks. Gradually the pain left me, and I began to feel better. I ceased to be troubled with gas, and could eat what I liked. "I have been well now for a year, but I still keep Black-Draught, and take it to avoid constipation."

"Have you tried it?"
"Sold everywhere, in 25-cent packages containing 25 doses. Insist on the genuine--Theford's. NC-217"

BLACK-DRAUGHT
Theford's
For Constipation, Indigestion, Biliousness

Tahoka, Texas, on the fourth Monday in September A. D. 1929, the same being the 23rd day of September A. D. 1929, then and there to answer a petition filed in said Court on the 21st day of August A. D. 1929, in a suit, numbered on the docket of said Court as No. 792, wherein Lottie Williams is plaintiff and Jesse Williams is Defendant and said petition alleging plaintiff was lawfully married to defendant in Lubbock County, Texas, on or about the 15th day of February, A. D. 1925, and was abandoned by the defendant without cause or provocation or with the consent of plaintiff on or about the 13th day of July A. D. 1925, since which time the plaintiff has not seen nor heard from the defendant; that defendant's actions toward her are of such a nature as to render their further living together insupportable.

Wherefore plaintiff prays the court that defendant be cited to appear and answer herein and for her judgment dissolving said marriage relation, for costs of suit, and for such other and further relief, special and general in law and in equity to which she may be entitled.

Herein Fail Not, but have you before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and Seal of said Court, at office in Tahoka, Texas, this 21st day of August, A. D. 1929.

TRUETT SMITH, Clerk.

Fort Sam Houston, San Antonio, is one of the largest military posts maintained by the United States. It has 12,000 officers and men in its area and at the average annual cost of \$1.100 for each soldier upkeep, the total receipts from that source are more than \$13,000,000 a year, exclusive of civilian employees and additional capital investments. The Federal military plant at San Antonio, including flying fields and target ranges, is of an estimated value of \$26,831,326.

THE New BUICK

New Controlled Servo Enclosed brakes

unrivalled for smooth, sure, silent operation in any weather . . .

To Buick, pioneer of four-wheel brakes, now falls the distinction of another major achievement in this same vital field: the development and introduction of Buick Controlled Servo Enclosed Brakes—the most effective four-wheel braking system ever devised for any automobile! Buick's new brakes are of the highly efficient internal-expanding type. They are fully enclosed—fully protected against dust, dirt and water—and thus assure maximum braking effectiveness under all weather conditions. They represent the highest development of the self-energizing principle, which makes the car's own motion provide part of the

braking effort. They reveal unmatched responsiveness to the slightest pedal pressure. And they are so perfectly controlled that "grabbing" is entirely unknown! When you apply these brakes, you obtain the most positive, as well as the smoothest and most silent action you have ever experienced in any automobile! Drive the new Buick! Test not only its matchless new brakes but its brilliant all-round performance, riding comfort and driving ease—all of which combine to establish the new Buick as the greatest value ever offered in the fine car field!

Locals

We failed to note last week that Judge C. H. Cain is now acting the role of the bachelor. Mrs. Cain is visiting relatives at Traverse City, Michigan, and expects to be away at least two months. But the Judge has a lot of good neighbors, who will doubtless look after his material and spiritual welfare in a most generous manner during Mrs. Cain's vacation.

C. C. Dwight was called to Clovis Saturday morning by the death of his father, J. Dwight, which occurred in Clovis on Friday. The funeral services were held Sunday afternoon. Mr. Dwight was proprietor of the Clovis Marble Works. He was 77 years of age and left six children surviving him, three sons and three daughters.

Mr. and Mrs. E. S. Davis and daughter, Mildred returned home from California, where they spent two weeks visiting their daughter, Mrs. Lee Woods and her husband. The people of Tahoka will be glad to know that Mr. and Mrs. Woods, formerly of this town are getting along fine.

S. C. Henry arrived Tuesday from Montpelier, Ohio, to spend the winter here again. Mr. Henry has been a property owner in this county for many years and says he wants to stay here if he can find any kind of employment.

Chrystal Wax White Bermuda ON-ION SETS, 20c per quart.—T. C. Leedy. 3-1fc.

The editor has been a little "puny" this week and the "sub" editor has not had time to write for the editorial page hence you will miss the regular bunk in this paper this week.

Mr. and Mrs. Weldon McClintock spent last week end visiting her parents in Lubbock.

PHONE US THE NEWS

We are trying to give you readers the best weekly newspaper on the South Plains. To do so we must keep the news coming in.

Do you know a news item? Have you a visitor? Been away on a vacation trip? Do you know of a birth? A wedding? A death? A party? An accident? An unusual crop or livestock record? Then write it up, or just call 35 and tell us about it. These things, among others, are of interest to your neighbors and the community in general.

The news you give us will make this a better paper for 4,500 other readers—and vice-versa.

Shoot us the news. Phone 35, and thanks!

Pipe to Cure Pain

The shaman or doctor of the Wiyot Indians wore a pair of feather dust ers draped on each side of the head and carried a bundle of condor feathers, an elkhide belt and a pipe.

Among the Wiyot, unlike the modern custom, doctors were chiefly women. Some of them diagnosed the ills of their tribespeople by dancing or singing, others sucked out the pain through their magic pipes. The condor feathers were pushed down the throat, much as a sword swallower would handle a knife. A very complete shaman's outfit which has passed from one member of the tribe to another for several generations, has been recently acquired by the Museum of Anthropology of the University of California.

Small Farms in India

"India is essentially a country of small holdings," says Sir Verney Lovett, author of "India." "In many parts of the country the land is held mainly by families of peasant proprietors. In other parts the bulk of the land is owned by large properties, but even in such cases the tenant in chief has generally been protected by a series of rent acts which not only insure him fixity of tenure during his lifetime but often grant the right of descent of the tenure to his heirs on his death. The disruptive tendencies of the Hindu and Mohammedan laws have profoundly affected agricultural economy through encouraging the minute subdivision of land." Fragmentation is the rule.

Ireland's Famous Hill

Tara is the name of a hill in County Meath, Ireland. It was here that the triennial convention of the Irish kings was established by Ollam Fodhla, about 900 B. C. According to tradition the palace of Tara was 900 feet square, containing 150 apartments and 150 dormitories. The early kings of Ireland were said to be crowned here and tradition further states that Tara, at the time of the advent of St. Patrick to Ireland was the principal seat of Druidism in Ireland. It is said to have been abandoned through the curse of St. Ruadan, 450, on account of its idolatry.

Amber and Meerschaum

Amber can be made to burn when heated to a high temperature in the air. It is a fossil resin from trees of the pine family and is dug up from the shores of the Baltic sea and the North sea and a few other places. It is a compound of carbon, hydrogen and oxygen. Meerschaum is a compound of magnesium, silicon and oxygen and resembles a white clay. It is found chiefly in Asia Minor, where it occurs in masses of clay. Of course, the only connection between the two substances is the fact that they are both used in making pipes.

Dairy Stable Equipment Makes Much Difference

The equipment of a dairy barn makes a great deal of difference in the labor of caring for the cows. Good concrete floors with gutters and drainage makes it possible to keep the cows clean and minimizes the labor of caring for the stable. Swinging stanchions which allow the cows considerable freedom have met with approval. When cows are confined by stanchions they require less space, less bedding and may be handled with less labor than by either leaving the cows loose or in box stalls. Dirt floors are not good in a dairy stable as they cannot be kept clean.

Ralph Waldo Emerson Child of Merry Month

The month of May brought this country some men who were to become immortal. It brought to a house in Summer street, Boston, from whose windows could be heard the tinkling of cowbells and could be seen stately rows of elm trees and Lombardy poplars, a baby boy, the fourth child of the minister of the First church. This child grew up "in an atmosphere of letters, quite apart by himself." He was a spiritual looking boy in blue anken, who found more favor with his elders than with those of his own age. He was serious, but he was not solemn.

Like his father, he became a minister, but resigned his pulpit after a few years, because he felt cramped in spirit by the orthodoxy of the day. He came to live in Concord and was called "Sage." A sage he still is, and there are very few people the world over who have not read some of Ralph Waldo Emerson's teachings.

How little he would have sympathized with the "Puritan of Puritans" who struck down the Maypole in 1628! For this is what he says of beauty: "All privilege is that of beauty." The question of beauty takes us out of surfaces of thinking of the foundations of things. Beauty is the quality which makes us endure."—And he quotes copiously from the Greeks to illustrate. From the pagan Greeks! What a long road he had traveled, compared with the limited path in which Governor Endicott solemnly took his way.—Exchange.

Jungle Monarchs Lose Ferocity in Daylight

Many of the jungle animals bearing reputations for ferocity are exceedingly timid during the daytime. A resident of India studying in this country is authority for this statement and he says that he has repeatedly approached lions or tigers at a distance of 50 yards and instead of attacking him they have slunk away. At night, however, the situation is quite different. These animals seem to become emboldened by the dark. Elephants rarely attack a man unless provoked. A native forester riding over one of the paths through a jungle accidentally collided with a cub elephant, whereupon the enraged mother seized the forester and literally tore him to pieces. Ordinarily the elephants will flee at the approach of a human or even if they detect the odor of a human. The elephant's eye is poor, but his sense of smell is marvelously keen.

Flags of the Confederacy

There were four Confederate flags. The first was selected by a committee of six persons of the Confederate congress. This flag did not meet with the approval of the people, as it too closely resembled the Union emblem. The second flag was designed by Edward C. Hancock in October, 1861. But as this was a battle flag it was not satisfactory, as the people wished a national emblem in addition to one for battle.—On May 1, 1863, the Confederate congress selected the third flag. This also was disapproved for two reasons: The first, because it had too much white and resembled the flag of truce; and second, because it was too similar to the English white ensign. Finally on May 4, 1864, the national Confederate flag was approved.

Names of Cloud Formations

The idea of giving names to various kinds of cloud formation was first attempted in the early part of the Nineteenth century by a man named Lamarck, but his terms were not well chosen. A simpler form was devised about 1803 by Luke Howard, which seemed to answer the purpose and was generally accepted. Howard classified clouds according to their appearance, recognizing three primary types—cirrus, cumulus and stratus—and four derivative, or compound forms—cirro-cumulus, cirro-stratus, cumulo-stratus and cumulo-cirro-stratus, or nimbus. Thus, he defined seven varieties.

Bad News

Jenkins married, and in due course his wife presented him with a son. His friends flocked round to tender their congratulations and, incidentally, smoke Bill's cigars.

Jones was on his way to the house when he met Browning returning. "Where are you going?" asked the latter.

"Oh, I'm just going round to see Bill and wish him luck with that youngster of his."

"Then you're too late."

"What?" Surely it hasn't died?" "No, the youngster's all right, but the cigar box is empty."—Pittsburgh Sun Telegraph.

Camels in Australia

Many camels are used in Australia as beasts of burden. For instance, from Wyndham in northwestern Australia the cattle stations are served by camel trains which carry supplies for hundreds of miles into the interior. "The camels are driven by Afghans," says the National Geographic society. "Camel teams are familiar sights in the streets of the little township, hauling in the great wagonloads of firewood from the outlying district. The first camels were brought to Australia for the use of the early explorers. Later a fine type of dromedary was imported for breeding purposes."

South Plains Fair Opens September 30

LUBBOCK, Texas, Sept. 12.—With the Sixteenth Annual Panhandle South Plains Fair only two weeks away, officials of that institution are working early and late in order to have every detail in shape when the fair gates open, September 30th, for the six days exposition.

Byron C. Dickinson, president of the fair association and A. B. Davis, manager, are directing the activities of the hundreds of superintendents; directors, employees and other officials.

Three one day booster trips will be made by the citizens of Lubbock within the next few days to carry a message of good will and friendship to neighboring towns and to tell the folks over the Plains of Texas of the plans of the fair. Already one trip has been made, which included stops at Levelland, Morton, Elida, N. M., Portales, N. M., Muleshoe, Sudan, Amherst, Littlefield, Anton, and Shallowater.

Booster trips will be made in the next few days to include stops at Abernathy, Hale Center, Plainview, Lockney, Floydada, Crosbyton, Ralls, Lorena, Malco, Slaton, Southland, Post, Lamesa, Tahoka, O'Donnell, Seminole, Seagraves, Brownfield, Ropesville, Meadow and other points on the Plains.

"Everything will be in readiness when the fair opens," Dickinson says. "Bigger and better can be applied to every department of the fair. More expensive free acts and fire works have been contracted for. Six free football games including teams from Slaton, Plainview, Post, O'Donnell, Lubbock, Lorenzo, Brownfield, Ralls, Crosbyton, Levelland, Tahoka, and Littlefield high schools have been scheduled. The games will be free to everyone that enters the general admission gate at the fair."

Superintendents of the poultry, live stock, agriculture, and other de-

partments are expecting the largest and best display of any previous exposition here.

Over 120,000 people marched through the turn stiles last year and a big increase in attendance is expected this year, Sept 30th to Oct. 5th, when the Sixteenth Annual exposition is held.

MRS. SWAN HONORED WITH BIRTHDAY DINNER SUNDAY

Mrs. E. H. Boullion was a lovely hostess in her home Sunday, when she honored her mother, Mrs. W. S. Swan, with a big surprise birthday dinner.

Mrs. Swan had just returned from Church when little Elbert Boullion Jr., went over and told her his mother wanted her. Mrs. Swan went over and she was seated in the back bedroom and then invited into the living room, where a long table beautifully decorated, and a big

white cake centered the table bearing the candles and the name of "Mother" written in pink icing, and the sumptuous dinner.

The honoree was seated at one end of the table and Mr. Swan seated at the other and the following children were present: Mr. and Mrs. Marshall Swan, Mr. and Mrs. Buford Swan, Mr. and Mrs. Elbert Boullion, and Elbert Jr., Little Tom and Gilbert were also present. All the children were present except Mrs. J. R. Turner and her husband—of El Paso.

Little Elbert Jr., blew the candles out for Mother Swan, and Mrs. Swan unwrapped her package which contained a beautifully blue leather purse, presented to her by the children. Then they feasted on the lovely dinner.

Mrs. Turner of El Paso also remembered her mother on this day and sent her a package containing a beautiful gift.

Petty News

(Delayed)

We had a very good attendance at Sunday School last Sunday thirty-three members being present and some visitors. We are glad to see our Sunday School growing.

Mr. and Mrs. Dockery were visitors of Mr. and Mrs. McCracken Sunday afternoon.

Our school began last Monday and we hope to have a full school this time. Mr. and Mrs. Joe Owens of Lubbock will be our teachers. This will be their second term to teach at Lubbock and all the kiddies will be glad to welcome them back.

Most everybody from Petty have been attending the meeting at Dixie the past two weeks. Brother Thompson will begin a meeting at Petty soon.

Mr. and Mrs. James L. Means of Wilson were visitors of Mr. and Mrs. O. S. Smith Sunday.

Vivian Baker visited in the home of Mayell and Pearl Dockery Sunday. Ernest Hill, who was hurt while working on a pipe line near Quitaque, is reported to be improving. He is still in the sanitarium but we hope he can come home soon.

Grandma Hawkins and daughter, Miss Johnnie, of Dickens County are visiting friends at Petty and New Home this week.

We learn that Mr. Good will start to building his new house this week on the land he bought from Mr. Reid south of the school house. There will soon be no vacant land around Petty.

George McCracken spent Sunday night with Burnett and Warren Smith.

Warren Smith was the first to gin a bale of cotton at New Home this fall. We haven't learned how much premium he got. He also got the premium last year.—Reporter.

Alaska May Be Dubbed Original Ellis Island

It is now evident that America was originally peopled by immigrants from Asia and it is probable that Alaska was the first scene of human history in this continent. Edward M. Weyer described at New Haven the relics yielded by prehistoric villages discovered during his explorations in Alaska. "The American continent is younger with regard to human occupation than the Eastern hemisphere," according to Weyer. "The very first immigrants to them, the forerunners of the American Indians, doubtless came from Asia. Thus Alaska, which lies much closer to Asia than any other part of America, probably was the gateway through which passed these early Asiatic immigrants."

"The northwestern corner of North America, therefore, can be regarded as the first scene of human history in America. No aborigines of Arctic America, so far as is known, ever used a written language. Consequently the mute relics of material culture are the only source of historical information here. Nevertheless the buried prehistoric villages of Alaska yield secrets to the archeologist."—Pathfinder Magazine.

Famous Carnac Stones Puzzles to Scientists

The Stones of Carnac in Brittany are one of the wonders of the age. Nobody knows when they were erected, or why. Nowhere throughout Europe can there be seen such perplexing evidence of an early race combining the most primitive simplicity with indications of a profound knowledge. Vast alignments of huge stones attract the eye, headed or terminated by circles or dolmens (table stones commonly called cromlechs) extending at intervals as far as seven miles to Locmariaquer and bulging out in all directions to Erdeven, St. Barbe, Kermario, Kerlescan and the Quiberon. Intersected among these are tumuli, menhirs, toimens (holed stones) and engraved stones.

To the casual visitor they are remnants of stone worship, burying places or records of conquered foes and victories past. Their strange markings are exactly similar to the thumb marks of the human hand, but done on a large scale and with wonderful accuracy. The height of the Egyptian columns and obelisks is almost exactly the same. What relation has Carnac with Egypt?

Cocoa Cause of Dispute

A Florentino who had resided in the West Indies introduced chocolate into Italy, whence its use gradually spread through Europe, though not without opposition.

Its introduction into Prussia was prohibited by Frederick the Great. A famous Paris physician, Bachelot, on the other hand, proclaimed cocoa as one of the most noble of discoveries, far more worthy to be the food of the gods than nectar and ambrosia, and Linnaeus, noted Swedish botanist, who gave cocoa its scientific christening, coined a name "Theobroma" from two Greek words meaning "food for the gods," which remains its scientific name today.

Early Umbrellas Clumsy

The first fashionable sunshades imported into England were luxurious affairs, composed on the outside of bird feathers. During Queen Anne's reign a more practical oiled-silk came into use and umbrellas began to be used as much on rainy days as they were under the summer sun. These early English specimens were clumsy affairs made of heavy waxcloth with cane ribs. When wet, the material stuck together and opening or closing them was a job for a superman. It was not until 1852 that Samuel Fox invented the modern type.—Detroit News.

Five-Eyed Insects

All insects, with few exceptions, have five eyes. Two of these are the compound eyes, which are situated one on each side of the head. The three remaining eyes are of the ordinary kind and are found on top of the head. These are usually clustered closely together in the form of a triangle. The compound eyes are for normal vision; the three simple eyes, being more light sensitive, are able to distinguish between light and darkness. This is very important, especially for the night flying insects.

Radio Tends the Baby

An eastern mother whose husband is a radio expert, makes her radio set tend the baby. When she puts him in his crib upstairs she places the loud speaker near him. By turning the loud speaker into a microphone, by use of an adapter, when the baby wakes up and cries mother gets the signal by radio wherever her household duties may take her. This is done by reversing the radio set. No nursemaid was ever more watchful and unflinching.—Capper's Weekly.

For a Pie

Buddy, not quite three, is exceedingly fond of pie. One day his mother remarked that she just didn't know what to have for dinner. "I know," said Buddy, "have pie." "Well, I don't believe, I have anything to make pie with," answered mother. "Oh, yes, mother, you have a receipt," was the response.

Locals

A. H. Moyers and wife and son, Leroy, have returned from an extended visit in North Texas and Southwest Oklahoma. They report having had a big time and lots of good things to eat, but found crop conditions bad except in just a few spots. Mr. Moyers says that in most of the country they visited cotton will not make more than one bale to from ten to twenty acres. Many sections are worse hit by the drouth than Lynn County, it seems.

Mr. and Mrs. Geo. B. Law and little son, George B. Jr., have moved back to Tahoka from Abilene, where they have been residing for the past several months. Mr. Law will be connected with the Jeffries gin at Newmoore.

E. R. Munn was in the News office Tuesday exhibiting some of the very best of maize heads. They were raised on his farm six miles north of town, and he says he has several acres of this fine feed.

Miss Montie Draper left Friday morning for Childress, where she will teach public speaking in the Childress High School. She graduated last spring from West Texas State Teachers College.

The family of Carl Thomas, consisting of his wife and eight children arrived from Ennis Sunday. Mr. Thomas, who is a son of A. I. Thomas, recently came here as baker for the City Bakery.

Miss Floyd Anglin left last Thursday for Morton, Cochran county, where she assumed the duties of this week of Home Economics teacher in the high school at that place.

Mrs. Maurice Small is here this week visiting her parents, Mr. and Mrs. D. B. English, while Mr. Small and his sister, Miss Ida have gone to Fort Worth for a few days.

Dick Weaver, son-in-law of G. E. Hogan and manager of the Hogan store at Littlefield, was in Tahoka on business Tuesday.

J. E. Thompson has moved from Stanton to Tahoka.

A. M. Roberts and family have moved here from Royston.

Assessed values in Texas for 1929 are \$4,144,446,188 and actual values (estimated) are \$12,500,000,000. Assessed values in 1861 were \$256,784,482.

South Plains Fair Opens September 30

LUBBOCK, Texas, Sept. 12.—With the Sixteenth Annual Panhandle South Plains Fair only two weeks away, officials of that institution are working early, and late in order to have every detail in shape when the fair gates open, September 30th, for the six days exposition.

Syron C. Dickinson, president of the fair association and A. B. Davis, manager, are directing the activities of the hundreds of superintendents, directors, employees and other officials.

Three one day booster trips will be made by the citizens of Lubbock within the next few days to carry a message of good will and friendship to neighboring towns and to tell the folks over the Plains of Texas of the plans of the fair. Already one trip has been made, which included stops at Levelland, Morton, Elida, N. M., Portales, N. M., Muleshoe, Sudan, Amherst, Littlefield, Anton, and Shallowater.

Booster trips will be made in the next few days to include stops at Abernathy, Hale Center, Plainview, Lockney, Floydada, Crosbyton, Ralls, Lorenz, Malon, Slaton, Southland, Post, Lamesa Tahoka, O'Donnell, Seminole, Seagraves, Brownfield, Ropesville, Meadow and other points on the Plains.

"Everything will be in readiness when the fair opens" Dickinson says. "Bigger and better can be applied to every department of the fair. More expensive free acts and fire

works have been contracted for. Six free football games including teams from Slaton, Plainview, Post, O'Donnell, Lubbock, Lorenzo, Brownfield, Ralls, Crosbyton, Levelland, Tahoka, and Littlefield high schools have been scheduled. The games will be free to everyone that enters the general admission gate at the fair.

Superintendents of the poultry, live stock, agriculture, and other departments are expecting the largest and best display of any previous exposition here.

Over 120,000 people marched through the turn stiles last year and a big increase in attendance is expected this year, Sept 30th to Oct. 5th, when the Sixteenth Annual exposition is held.

The new army airport at San Antonio, designed to be the aviation West Point, will represent an initial investment of about \$14,000,000 and a probable ultimate outlay of around \$50,000,000. It includes 800 buildings for housing 2,200 officers and men and their families. When completed 250 planes can land or take off simultaneously and more than 300 planes will be used for training the cadets of the flying school to be established there.

Top-worked pecan trees on the place of Charles Meurer, near Fredericksburg, raised the price of the nuts from 9c and 10c per pound to 35c per pound. The five acres in proportion to time and labor spent paid him better returns than any other five acres of his farm.

ANNIVERSARY CELEBRATION

On Monday, September 9th, Mr. and Mrs. J. H. King celebrated their 29th Wedding Anniversary with a family reunion in their new home. The children were all present except the oldest daughter who is in Oklahoma.

The crowd was so large that a table was made on the front porch, and a most sumptuous feast was spread, and served picnic style.

Needless to say every one greatly enjoyed the lovely hospitality of these good people.

Mr. and Mrs. King were married in Montague County, Texas in 1900 moving out west some several years ago. They are characters of super quality and are held in the highest esteem by their great host of friends.

The following children were present: Mr. and Mrs. Author King and children, Dixie community; Mr. and Mrs. Delbert Pinkley and children, Tahoka; Mr. and Mrs. Bill King, Mrs. Dolan Watkins and baby, Portales, New Mexico; Mr. and Mrs. Douglas Haney, Tahoka; J. B. and Elmer Lee who are at home. Other guests included Mr. and Mrs. R. O. Murphey and daughter, Omega of Draw. Mr. Murphey is a brother of Mrs. King. Also Mr. and Mr. J. O. King, a brother of Dixie; Mr. and Mrs. J. A. Haney and son, Bryan, of Tahoka; Mr. and Mrs. Grady Gore, Mr. Loyd Preston of Dixie; and Mr. and Mrs. Loyd McCormick and children of New Home.

Haskell County road District No. 7 voted road bonds by a majority of 211 to 65 and a paved road through the southwest part of the county toward Spur will be built.

CARD OF THANKS

Through the columns of the Lynn County News we wish to express our heartfelt thanks to the neighbors and friends who came to us in our darkest hour, when our tiny baby girl, Theta Jean, went home to God. Each sympathetic word that was spoken, each flower that was brought and placed on her angel form, spoke volumes of love, and with all our hearts we appreciate them. We thank Bro. Kercheville and Bro. Shepherd who delivered the funeral address. May God bless each in his series of meetings in a way that lost souls will find Jesus. Pray for us, for now we have an angel calling "Mother, Daddy come to me."

MR. AND MRS. BOYD DRIVER
AND LITTLE SON, BOYD
ROAN DRIVER.

Gillispie County, where the people are so law-abiding that the ex-officio salary of the sheriff had to be raised to give him a living wage, voted \$360,000 in road bonds and all main roads of the county are to be hard surfaced.

Work has started on a 230-mile steel gas pipe line by the Magnolia Gas Co., from Bruni, Webb County, to San Antonio and New Braunfels. It will have a daily capacity of 125,000,000 cubic feet.

Grapeland, Houston County, road district voted \$50,000 in bonds for building the last link in a Dallas-to-Houston highway via Huntsville, Trinity, Grapeland, Palestine, Athens and Kaufman.

The Lynn County News 1 year For \$1.50

Certainly!
I can afford to feed
RED-CHAIN
Dairy Ration

3 lbs. MORE of milk per day make it cost less than "cheap" feeds!

A cow requires about one ton (20 bags) of RED CHAIN Dairy Ration per year.

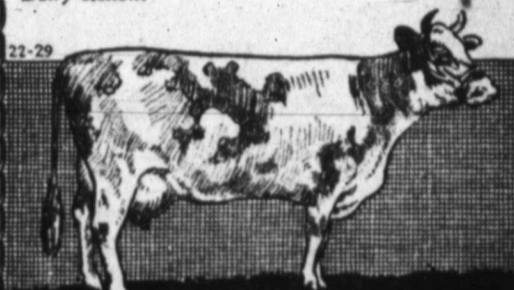

An increase in milk of ONLY 3 LBS. PER DAY (at \$2.00 per 100 lbs.) amounts to \$18.00 in 300 milking days. This will allow you to pay as much as 90c per bag more for RED CHAIN than for "cheap" feeds.

WHY GAMBLE—WHEN RED CHAIN IS SAFE AND SURE?

FIGURE IT OUT FOR YOURSELF

HERE'S no doubt about getting more milk from your cows when you feed RED CHAIN 24% Dairy Ration. It is safe because it contains less cottonseed meal than any other 24% dairy feed on the market, and its variety of proteins make it highly palatable, digestible and efficient.

When only three lbs. more of milk per day pays the difference between RED CHAIN and "cheap" feeds, can you afford not to feed RED CHAIN 24% Dairy Ration?
