ASSEMBLY
 On last Wednesday afternoon the High School was visited by Brother Coffman, Brother Cohen, and Rev. Shepherd. Four musical numbers were rendered by Brother Cohen and were enjoyed very much. Later Brother Coffman gave a talk which was very interesting and enjoyed by everyone. They urged every one to attend the special services held especially for the High School student on Friday evening.

NO "PEP," SLUGGISH
Constipation Troubles Relieved By Help of Theford's Black-Draught, Says Tennessee Coal Miner.

Tracy City, Tenn.—"My work makes it necessary for me to use a medicine which will give quick relief from constipation and indigestion," says Mr. Lee Nunley, a well-known coal miner of this place. "For forty years or more," he says, "I have taken Black-Draught for these troubles, and have always found it reliable. At times, I suffer from bad spells of indigestion, following constipation. "Many years ago, a friend told me to try Black-Draught, as it was a vegetable remedy and would not harm my body, so that is how I came to use it. I make a tea of it, and take a sip of it after meals. I soon begin to feel better when I start this treatment. "My work is very confining, and my color gets bad and I get sluggish. I lose my 'pep' and don't feel like going. After I take a course of Black-Draught I feel fine again." Manufacture of Theford's Black-Draught began nearly 100 years ago, and many people tell of having taken it all their lives when in need of a laxative or cathartic. Refuse imitations and substitutes. Get the yellow package bearing the name "Theford's." NC-299

PEP-SQUAD CONTINUES GOOD WORK
 Although our yells are not in perfect unison, nor our songs in blended harmony, we're there at the ball-games. Practically every member of the squad was present at the game Friday at O'Donnell. They also made evident the fact that the Bulldogs were winning by their almost ceaseless yells from the time the game started until the final quarter was finished with a score of 39 to 0 in favor of Tahoka. Sweaters have not yet arrived. However, part of the costume has already been purchased at local firms. We hope to be able to form the letters T. H. S. by the time we get our sweaters. Come out and help us yell at these football games, because from experience we have found the more you put into these games the more you want the local boys to win.—Reporter.

SEVENTH GRADE READING CLUB
 A Reading Club in room twenty-six was organized Friday, Sept. 21. Willine Lea was elected president; Sylvester Reece, vice-president; Geneva Mae Dickson, secretary. Committees were appointed to suggest a name, motto, flower and colors at the next meeting. The club meets every Friday morning at 9:45 o'clock. Two pupils are appointed at each meeting to plan the program for the following week. Watch for our programs each week and come and see what we are doing.—Reporter.

SOPHOMORE SPELLING DEMONS
 The Sophomores took a test on the first half of the "100 Spelling Demons" last Thursday between 8:45 and 9:00 o'clock. The following students had a 100 per cent paper: Mildred Wetsel, Margaret Wetsel, Jo Russell, Herman Edwards and Helen Applewhite. Four pupils misspelled only one word, eight pupils misspelled only two words and seventeen misspelled three or more words in the list.—Reporter.

CHORAL CLUB HAS VISITOR
 Last Thursday afternoon the Choral Club had its weekly meeting. We had with us Mr. Cohen, who was conducting the singing and musical programs for the Baptist meeting the last week. Several songs were rehearsed for the High School service Friday night. New music has been received and active work toward learning it will begin immediately.

FRESHMAN CLASS MEETS
 The Freshman Class met Monday to prepare for the parade Wednesday and to select the class colors. Red and white were chosen as the colors and a group of ten boys and girls were selected to decorate a truck for the Freshman class. The truck was furnished and driven by Walter King and was decorated by Walter Chaney, Esther Barrington, Lorene Reese, Burnyce Thomas, Grace Montgomery, Horace Edwards, Woodrow Walker, Dayton Short, Raymond Jackson and Delois Reed.

SEVENTH GRADE HOLDS BUSINESS MEETING
 Monday the seventh grade met in room thirty-three for a business meeting. The president elected a committee consisting of Preston Strasser, James Applewhite, Florence King, and Willine Lee, who are to present a motto, a flower and a color for the next meeting. A called meeting will be held Tuesday morning to decide how the seventh grade will be represented in the parade.—Reporter.

Completion of the Orient extension thru Brewster and Presidio Counties recently authorized by the Interstate Commerce Commission will complete connection of the Orient's United States lines with those in Mexico. It will serve 3700 miles of territory and open up what is believed to be a most valuable mineral area now undeveloped largely because of the difficulties of transportation to rail heads now around 70 miles over mountain roads. The new line will reduce rail distances between Mexico and several important sections of the United States.

BULLDOGS WIN BY 39-0 FROM O'DONNELL
 On last Friday the Tahoka Bulldogs drove thru to their second victory of the season and won from O'Donnell by a score of 39-0. The Eagles put up a brave, but losing fight from the very start. The Bulldogs showed that they were in much better training and kept up the same hard fight throughout the game. It was one of the cleanest games we have ever had with O'Donnell and there was no wrangling at all. The game was won on straight driving football. Tahoka did not complete a single pass and only one or two was tried, but almost every time the ball went back they drove thru the line for a gain. Once when O'Donnell was marching down the field with two first downs to their credit Edgar Edwards intercepted a pass and brought it back up the field for a nice gain. It resulted in a touchdown for us. Jack Minor made a large number of end runs and gained from 2 to 20 yards almost every time and he made several touchdowns on them. Coughran Ketter showed good head-work as well as playing in the game and in a critical moment as it looked like O'Donnell would hold us within a few yards of the goal line he took the ball and drove straight thru the line over center for a touchdown. He also did some nice kicking too. We are sure proud of that boy this year. Edgar Edwards was called into the backfield for this game, just as was predicted in the "Bulldog Kennel" last week. He certainly did some playing. He broke through tackle for two touchdowns and made a number of nice gains besides that. Stevens and Fox, our two first-year men, just keep on showing up better all the time. Stevens is making a good punter, passer and line-plunger, so he showed in the game at O'Donnell. While Fox certainly protects his side of the territory. They don't carry him out of the play. Graham George did some nice playing at end until he got his shoulder hurt. Louis Spears took his place and filled it well. He made some outstanding tackles. "Judge" (Earl) Grider was against his old team mates and he sure did some playing. They tried to hit him hard and "get his goat" but he got theirs' most of the time. Gurley showed much improvement and so did Tankersley, Benson and Greathouse. The team played as a whole and when one man "starred" it was a result of someone making it possible. The whole squad deserves the credit and the coach is behind it all. Tahoka was well represented by its citizens. I think we had as many if not more out to the game than O'Donnell. The Football Club wants to express its appreciation for the splendid backing that the people of Tahoka are giving it this year.

ASSEMBLY CALLED MONDAY MORNING
 A short assembly was called Monday to explain to the students the new schedule which will be missed during the Fair.

JUNIOR CLASS HOLDS CLASS MEETING
 The Junior Class held a business meeting on Monday afternoon to decide on the Class colors and to discuss plans for the parade Wednesday. Rose and Gold were selected as our colors and the American Beauty Rose as our flower. A committee was appointed to select mottos to be suggested at the next business meeting.

SOPHOMORE CLASS MEETING
 The Sophomore class met Monday afternoon at 3:15 for the purpose of planning a class float to be in the parade at the Fair. We decided on a comical and unique float and it promises to be one of the best in the parade.—Reporter.

ENGLISH CLUB MEETS
 Last Thursday the members of the English Club held its regular meeting. In this meeting the club decided on the name "Bulldog English Club". The flower, rose; the colors, pink and white.

SPIRIT OF TAHOKA HIGH
 Now here is the grandest school in the world. One that is pure as a bright shining pearl. The faculty members who try every day. To make our path bright each mile of the way. Disgruntled students who pleasure do seek, May find a high school that's comparatively weak. And there they will find much pleasure in store, For those who consider their school-life a bore. Our high school athletics are second to none; In all kinds of sports many victories we've won. In foot ball and baseball much fame we have gained, By team work and hard work and fighting we secured same.

LOCALS

On Wednesday of last week Jaunelle Windham and Fern Aycox went to Slaton to have some dental work done.

The following Juniors went to the football game at O'Donnell Friday: Lola Belle Edwards, pep leader, Evelyn Wells, Mary Sue Clinton, Jaurline Edwards, Mary Fenton, Hazel Anglin, Lorene Childers, J. D. Donaldson, Jr., Evelyn and Estellyn Jeffries, Norvelle Redwine, Virgie and Jettie Faulkner, Billie Anderson, Lucille Slaton, Glenda Milliken, Merle Link, Clifton Janak, Boswell Edwards. This shows that the Juniors are behind the Bulldogs.

Some of the Juniors visited the Carnival at O'Donnell Friday and Saturday nights.

LOCALS

Orvis Richardson underwent an operation for appendicitis in the Lubbock Sanitarium. He is reported to be getting along nicely.

Lorene Childers spent Saturday in Lubbock.

Mrs. J. H. Tunnell visited in Lubbock Sunday.

Hythen Tunnell went to Redwine Sunday to visit friends.

Jack Alley Robinson spent Sunday in Lubbock.

Miss Myrtle Cooper has been absent from school this week.

Miss Pearl Rhea is a new member of the Sophomore class.

**HI-LEAGUE TO PRESENT
PLAY SUNDAY EVENING**

At the M. E. Church next Sunday evening, Sept. 29th, the Hi-League will be in charge presenting a one-act playlet entitled "All Wet". This play is designed for a climax to the closing day of Self-Denial Week among Leaguers all over the world, and is not only entertaining but in-

formational along the line of Epworth League missionary work. Each of the young people will present an offering representing his self-denial throughout the week, which fund will apply on their Mission Special, The African V... which is supported wholly by the Epworth League organization. There will be special music and an interesting and we hope, impres-

sive program in lieu of the regular church service, and the general public is cordially invited to attend this feature in the young people's work. There is no admission fee, of course and everyone will be most welcome. The hour is 8:00 o'clock. Lubbock First Church Leagues will be hosts to the District for the Quarterly Rally next Saturday evening and thru Sunday afternoon. A plan to attend.—Hi-League Reporter.

JUNIORS GO ON HIKE

Last Friday evening Mrs. M. L. Handley teacher of Second year Juniors entertained her class by taking them for a hike in the T-Bar Ranch.

A number of games were enjoyed, the refreshments in the form of watermelon, apples, bananas and cookies were served to thirteen guests, namely: Eva Douthit, Mary Breedlove, Wmza Reid, Lavado Handley, Mildred Davies, Annie Thompson, David Childress, Janice Sanders, NeyCamille Fenton, Jessie Fenton, Pauline McCord, Margaret Greathouse and Ima Belle Reid. Honorary guests were: Mrs. R. L. Breedlove and little daughter, Irma Tom.—Reporter

BARTONS ATTEND FAMILY REUNION AT PRIDE

Mr. and Mrs. R. F. Barton of the Dixie community spent the week end with Mrs. Barton's parents and other relatives at Pride. They had a regular family reunion and a great dinner at the home of one of Mrs. Barton's cousins, Willie Coor, at which forty-two of the kinsfolk and friends were present. Mr. Barton says that it was such a fine dinner and a pleasant occasion that he hopes they will have another one soon.

Mrs. Barton's grandmother, Mrs. Slaughter, returned home with them to spend a few weeks.

Mr. Barton reports pretty good crops in the Pride Community but not much between O'Donnell and Pride.

South Ward Items

Mr. M. L. H. Baze spoke to the citizens of this community and to the parents last Friday night. Mrs. McNiece was elected president of our Parent-Teachers Association and Mrs. Cicero Johnson was elected vice-president. The next meeting will be held one week from this Friday.

Mr. Malcolm Smelser and Mr. Bert Boyd have gone on a short visit to Sweetwater.

Brother Crume preached last Sunday morning after Sunday school.

Mr. Nowlin and Mr. Eubanks announce that they will begin a meeting at the school in the near future.

Mr. and Mrs. Brewer have gone to the home of Mrs. Brewer's mother who is very sick.

Mr. Leslie McNiece has returned from his trip to Tularosa, New Mexico.

Some new shades have been ordered for the school. There will be a new shade for every window. These should enhance the looks of our school.

Mr. Warren Lowrie has returned from a visit to East Texas.

WILSON CROQUET PLAYERS FIND OPPONENTS GONE

Friday night of last week the Tahoka croquet players came here to play the local club, unfortunately the Tahoka players were defeated two to one. Right then and there they challenged the local boys for a game Tuesday night on Tahoka grounds which the locals accepted. Tuesday night when the boys went down to Tahoka all hot and poppin' they found no one to receive them. Tahoka players had gone to Post.

Now we are not saying that the Tahoka club is afraid of the ball knockers from Wilson, but we do say it looks kinda funny that they would match a game and then journey off to some foreign land for a game.—Wilson Pointer.

FATHER COPIES SON

COLORADO.—The method of feeding hogs in 4-H Club work used by George Draper of Lone Star (Mitchell County) proved to be such a success that his father is now feeding two hogs ground threshed maize and tankage in a self feeder. They gained 44 and 53 pounds each in the first 30 days on the feed and at the end of 3 months weighed 104 and 109 pounds respectively. The boy's pig weighed 296 pounds at six months of age but Mr. Draper expects his pigs to beat that record a little.

City Bakery

**BRASHEAR LUMBER CO.
SELLS OUT AT WILSON**

Announcement was made this week of the sale of the Brashear Lumber Co., to Foxworth-Galbraith Lumber Co., with headquarters at Amarillo.

Mr. W. G. Alderson of the Foxworth-Galbraith Co. is here invoicing and completing the deal.

Mr. Alderson stated that "as yet no local manager had been named but an announcement would be made soon."

The Foxworth-Galbraith Co. own and operate yards throughout Arizona, New Mexico and Texas. Mr. Alderson stated that he thought the Company had made a wise selection in coming to Wilson.

Mr. A. W. Brasher stated that he had no plans for the immediate future, but that he would remain in Wilson for a few weeks yet.

Mr. Brasher has made many friends since coming here who will regret to see him leave, but will wish him well in any undertaking he may make.—Wilson Pointer.

200 BALES COTTON HAVE BEEN GINNED AT SLATON

According to Slaton ginners, about 200 bales of this season's cotton had been ginned here up to Thursday night. All six gins in Slaton are running and the daily volume of cotton received here has been increasing for the past week. A number of farmers have been seeking pickers this week to help them gather while weather is good.—Slaton Slaton.

NAZARENE DISTRICT SUPERINTENDENT IS COMING

Rev. H. C. Cagle of Buffalo Gap, superintendent of the Hamlin district of the Church of the Nazarene, will preach at the Nazarene Church here next Monday night and will hold a business meeting following the sermon. Everybody invited.

The New Three-Window Ford Sedan

\$650 F. O. B. Detroit, plus charge for freight and delivery. Bumpers and spare tire extra.

A splendid family car because of its graceful lines, beautiful colors and unusual riding comfort. Generous space is provided for all five passengers. Richly appointed and upholstered, with deeply cushioned seats in the fashionable lounge style. Floor in rear is recessed to give additional leg room. Driver's seat is adjustable.

VALUE FAR ABOVE THE PRICE!

IN REVIEWING the many advantages of the new Ford, it is particularly interesting to note the relation between value and price.

The low first cost of the new Ford is a point to keep in mind all times because it means a considerable saving to you in the purchase of the car. Equally important, however, is the reason for this low price and the manner in which it has been achieved without sacrifice in quality or performance. On the basis of actual, comparative worth, the new Ford represents a value far above the price you pay.

This is made possible only through manufacturing methods and production economies that are unusual as the car itself. Every purchaser shares the benefits of the Ford policy of owning the source of most raw materials—of making thousands of cars a day—and of selling at a small margin of profit. Were the new Ford made in any other way, under any other policy, it would unquestionably cost you much more than the present price.

The use of the Triplex shatter-proof glass for the windshield is a definite indication of this quality. So are the four Houdaille hydraulic shock absorbers. The silent, fully enclosed six-brake system. The aluminum pistons. The chrome-silicon alloy valves. The simplicity of the lubrication, cooling, ignition and fuel systems. The large number of ball and roller bearings. The extensive use of fine steel forgings instead of castings or stampings. The many other mechanical features that count so much in reliability, economy and long life.

All of these are important considerations to every man or woman who is contemplating the purchase of a motor car. All are important reasons why the new Ford delivers a value far above the price.

IS JIM FIXING TO RUN?

In last week's issue of the Ferguson Forum, Jim Ferguson has a three-column editorial on "The Vanishing Dollar."

The editorial is an attack upon the New York banks for loaning such large sums of money to the stock gamblers that they have none to loan to legitimate business, and that this situation is holding down the price of cotton.

Then, in the midst of this scathing editorial is the following brief paragraph: "When I write a platform for governor I can tell how to stop this."

Not only did Ferguson mail out last week's Forum through the regular channels but he sent special copies out enclosed in envelopes. We received one. He evidently wanted the newspapers of the state to take note of this front-page editorial.

What is the significance of it? Our interpretation is that Jim Ferguson is getting ready to run for governor again next year. He has thrown out intimations of such an intention before.

If he does run, it will be Goodby Barry Miller. He will capture two-thirds of Miller's prospective followers. The wet and near-wet politicians in the cities and larger towns

will stay with Miller—but the rank and file of the anti element in the country and the small towns will "whoop 'em up" for Jim. If there is any politician in Texas today who thinks that Ferguson has been eliminated from the list of possibilities, and that he is no longer a power in Texas politics we predict that he will revise his estimate before another primary election rolls around. Jim Ferguson is the shrewdest and boldest wet politician in Texas today. If Barry Miller undertakes to soft-pedal or to soft-soap on the prohibition question with Jim Ferguson as an opponent, he will not get anywhere with the wet bunch, for Jim Ferguson will talk out in meetin' in a way that everybody can understand and all real wets deep down in their hearts will approve. If Miller goes "whole hog" on the wet issue, then Ferguson will go a hog and a half. He is the outstanding wet in Texas today.

If the Hoover Democrats are permitted to participate in the Democratic primaries as voters and candidates, then Barry Miller will be eliminated in the first primary and the race will be between Jim Ferguson and a "Hoovercrat" in the "run-off" if Jim runs.

If Wilcox and his executive committee should bar the "Hoovercrats" from the Democratic primaries, then it will be a race in the general election between some "Hoovercrat" and Jim Ferguson as the Democratic nominee.

And, if the Hoovercrats should be barred from the Democratic Primaries, woe be to Morris Shepherd, in spite of the fact that he did valiant service for the head of the ticket last year. Some wet will be after his scalp and most of the dries will not be in there to help him out.

Politics promises to be hot in Texas next year in any event—and what if Jim Ferguson does run?

The Beaumont Hampshire Fig Co. cannery expects to handle 750,000 pounds of figs during its four months season, the product of 800 acres in figs in Jefferson county.

WHAT OTHERS THINK

AFTER PAVED ROADS

Howard county with a remarkable growth in population and wealth feels the need of more and better highways. Petitions are being circulated asking the commissioners' court to permit the voters to voice their sentiments on a \$900,000 road bond issue to take care of the paving of Nos. 1 and 9.

It happens that these are two of the most important roads in the state. No. 1 which is already hardsurfaced through Howard County, is the celebrated Broadway of America. No. 9 gets its start on the bald Plains swoops southeastward through Big Springs and San Angelo and reaches salt water at Corpus Christi.

Railroads are important but highways are becoming just as important. Good roads pay for themselves in the wear and tear on motor vehicles and greater tire mileage and less gasoline consumption.

Texas has the good roads fever good and plenty. The highway commission is besieged by petitions asking for aid in building paved roads. If the commission could find the funds to do it with, Texas would put down 5,000 miles of paved roads in the next two years.

Observers at a distance will watch the Howard county proceedings with interest, not merely because of the importance of the two roads involved, but because they want to see their ideas about the progressiveness of the community vindicated—Big Spring Herald.

HERBERT HOOVER SAYS

Although education is primarily a responsibility of the states and local communities, and rightly so, yet the nation as a whole is vitally concerned in its development everywhere to the highest standards and to complete universality. Self-government can succeed only through an instructed electorate. Our objective is not simply to overcome illiteracy. The nation has marched far beyond that. The more complex the problems of the nation become, the greater is the need for more and more advanced instruction. Moreover, as our numbers increase and as our life expands with science and invention, we must discover more and more leaders for every walk of life. We cannot hope to succeed in directing this increasingly complex civilization unless we can draw all the talent of leadership from the whole people. One civilization after another has been wrecked upon the attempt to secure sufficient leadership from a single group or class. If we could prevent the growth of class distinctions and would constantly refresh our leadership with the ideals of our people, we must draw constantly from the general mass. The full opportunity for every boy and girl to rise thru the selective processes of education can alone secure to us this leadership.—HERBERT HOOVER.

THE TOO BUSY FATHER

I'd be afraid to say to him "Run off, don't bother me. I haven't time to hear you now, I'm as busy as can be." I'd be afraid to lock him out and send him from my door, Afraid that when he needed me he'd come to me no more. I knew a father once who sent his little boy away, Who had not time to spare for him and what he had to say; He scowled to see his eager face and ordered him to go, And what was in that little mind he didn't care to know. The little chap was twelve years old and when his trials came He'd seek his father's counsel but the answer was the same; "Run off and settle it yourself," he'd hear his father say; "Don't bother me with such affairs, I haven't time today." Now little boys are quick to learn, and as the weeks went by, To gain his father's confidence this youngster ceased to try; He'd learned he was a busy man and never sought his door, And till the day it was too late he bothered him no more. Then, when the shame had come to him, the father hung his head. "Why should I bear this burden now?" he sorrowfully said, And that small voice of conscience answers him both night and day; "You told him not to bother you; You ordered him away." So when he comes by night or day I drop whatever I'm at To talk his problems over and to settle this and that, For I'm afraid the day might dawn, if I should lock my door, And tell him not to bother me, he'd come to me no more. —Exchange

The Herald notes that exchanges all over this section have a more prosperous air since cotton began to go on the market. That is fine, but merchants should use their newspaper space all the time. When times are dull is the time to get all the cash possible.

The Herald believes that Brownfield merchants come nearer than any in the smaller towns and cities of this section of using about the same advertising space the year round and as a consequence, they are making this a noted trade center.—Brownfield Herald.

FOREIGN COTTON THREATENS SOUTH'S STAPLE COTTON

"One American manufacturer uses 80 per cent Egyptian cotton because he cannot get as fine or as long cotton in this country. There is no blinking the facts as they exist. American cotton supremacy is not only threatened but is slowly being undermined," writes Arthur Coleman in the current issue of Holland's, the Magazine of the South.

Amazing as it may sound to Southern people who look upon cotton, the bulwark of our very existence, as a matter of course and a never ending source of revenue, much of the cotton now grown is absolutely the shoddiest of material. Nearly fifteen per cent of the 1928 crop was untenderable on contract because of short staple, and more of this class is grown each year.

Mr. Coleman says, "For many years American short cotton has been shipped to Japan and Europe where it is used in the manufacture of underwear, blankets, cheap rope, twine and other commodities. In those countries it is forced to compete in price with cotton from China and India. Cotton grown with the cheapest of cheap native labor, "Coolie" cotton it has come to be called. In order to compete with this cheap cotton, American cotton must be cheaper.

Particularly it must be cheaper than Indian cotton, for India raises a short cotton that is the best for the uses for which it is put to be had. There are mills in America where domestic short cotton could not supplant Indian cotton if the American cotton was given away. India's cotton is stronger and better than American short cotton. China's cotton is better. This is not my opinion. It is a statement of a cotton goods manufacturer who operates one of the largest concerns of its kind in the country and whose product is nationally recognized as one

of the best." Mr. Coleman points out how and why short staple, untenderable cotton is becoming more popular with Southern business and many other facts about cotton which most Southerners who have seen cotton all their lives 'knew little about.

Van Alstyne, Grayson County, is to have a wash dress goods factory.

Willacy County Irrigation District No. 1 is building at a cost of \$7,500,000 one of the biggest irrigation plants in the Southwest, capable of irrigating 129,000 acres of land. The system will include 525 miles of concrete-lined canals and laterals, with the main canal 130 feet wide at the top, 90 feet wide at the bottom and 14 feet deep carrying 250 acre-feet of water an hour.

NOW THE GASOLINE OF CONTROLLED VOLATILITY ADDS ETHYL

Today in ONE gasoline you can get ALL the famous Phillips 66 advantages—year-round easy starting, quick acceleration, power and mileage—plus the feature of "no-knock". Ethyl is a no-knock compound placed in gasoline—a few drops to a gallon. But don't overlook this: the quality of an Ethyl gasoline depends upon the qualities of the original gasoline to which it is added. Make sure the station pump says Phillips 66 Ethyl. Dispensed from sealed tanks to protect you against substitution.

THE LAST WORD IN GASOLINE

"Women They Talk About"

With

Irene Rich, Audrey Ferris, William Collier and Claude Gillingwater.

Misses Allene Taylor and Jonsye Walker visited Mrs. Fred Fleener, the latter's sister, in Portales, New Mexico, last Sunday. They were accompanied by Liff Taylor and Leon Slaten, who visited in Leon's home.

Miss Marilee Lowe of Tahoka arrived Sunday to make her home here for the winter with her sister, Mrs. J. C. May. She will be employed at the Gift Shop.—Post Dispatch.

L. A. Bryant, who has been farming the past three years on a farm three miles south of Wilson, says that his cotton is turning out well so far for this year.

Mrs. John Heard, one of the teachers in the Crosbyton schools, was the week end guest of Mrs. J. C. Allen one of the teachers here.

Mrs. J. D. Brown of Sierra Blanca spent several days here visiting her sister, Mrs. S. W. Sanford.

E. H. Boulloun has been sick this week.

O'DONNELL BOYS SPEND NIGHT IN ARIZONA JAILHOUSE WHILE ON TOUR

(O'Donnell Index)

That old superstition regarding '13' was strengthened last week when a party of local citizens were forced to spend a very unpleasant night in a Flagstaff, Arizona jail house. It was on Friday the 13th day of September while they were touring the thirteenth state since leaving O'Donnell and to cap the climax they were forced to spend thirteen hours in the above mentioned jailhouse while 13 officers were busy capturing the real criminals who were charged with robbing a filling station on the highway a few miles from Flagstaff.

Messrs Bug Pugh, Lester Etter, Clarence Curtis and Tom Sturdevant, were the victims of the above unpleasant experience. They returned to O'Donnell late Monday evening and in speaking of the likes and dislikes of the tour related the above story.

If the officers had not been successful in capturing the real criminals the boys would have probably had to spend thirteen weeks in the jailhouse of Arizona because they were among strangers and were not allowed to prove where they were at 9 o'clock on the morning the filling station was robbed. The party was at a government inspection station at 8:30 o'clock at the time which was exactly seventy miles from the scene of the robbery. After leaving the bridge where the government station was located they had covered some 30 miles of the distance toward the station by 9:30 when they were met by the officers. They were not allowed to prove their whereabouts at 8:30 o'clock which would have been sufficient to clear them of any suspicion.

However, the boys are none the worse for the experience. All agree that the officers were all very nice except one long, tall, hungry looking individual who didn't seem to know his law.

The boys stated that after all they had the laugh on the officers as three quarts of Canadian Club which they were bringing back as souvenirs were not found by the officers when they searched the cars for guns and loot.

This they had been hauling all the way from Saskatchewan, Canada.

States visited on the tour were: Oklahoma, Kansas, Colorado, Nebraska, South Dakota, North Dakota, Saskatchewan, Canada, Montana, Wyoming, Utah, Idaho, Nevada, Arizona, New Mexico and Texas, and the boys all agreed that Texas was the best state of any they visited.

THE GRAND OLD GAME

Apropos of the visit of the Fort Worth Cats to Floydada today, when they will play a post-season game with the Lockney Independents, we can't help but wonder what has happened to the grand old game in this section. Ten years ago the announcement that the Fort Worth Cats were to visit the Panhandle and Plains to a series of exhibition games would have sent a thrill throughout the length and breadth of the country. They could not have found room

Was On Verge Of Break Down

"Recently I spent fifty-four dollars in a clinic getting X-rayed for what I was told was chronic gall bladder and intestinal trouble, but I am now convinced that Sargon was all I needed. If I had known what a wonderful treatment it was I could have saved lots of money and suffering.

"About 2 years ago I began to decline into a general weak and run-down condition that steadily grew worse. My stomach was upset and I had awful pains in my back, in the region of my kidneys and gall bladder. My appetite was poor and it seemed I couldn't eat anything without pain afterwards. I lost strength and energy and was very much discouraged.

"Before I had finished the first bottle of Sargon I had a splendid appetite and could eat what I wanted without any discomfort. The pains in my back began to ease up and now they have gone entirely. Sargon Soft Mass Pills stimulated my liver and relieved my constipation. I just can't find words to express my gratitude for this marvelous treatment."—Mrs. Ollie Hengy, 4805 Maple Ave., Dallas.

Thomas Bros. Drug Co., Agents

to play their game, the people would have been so thick. Now, with three or four times as much population, nobody is worrying about the crowd being too big, the only question is will there be enough people to pay the expenses.

Why, doesn't baseball one of the finest games ever seen or played appeal to the kids any more? It can't be the game itself because baseball has been essentially the same for the lifetime of a man and more. We make no attempt to answer the question we ask.—Floydada Hesperian.

The answer might be found in one word—Football.

Marble from Marble Mountain, near Marfa, was used in constructing the beautiful Jewish synagogue in Los Angeles, Cal. Texas black marble is said to be the finest in America and the equal of the best in Europe. The Marble Mountain Co has recently installed the largest marblesaw in America in its quarry.

"Barks Of The Bulldogs"
(Continued)

"THE BULLDOG KENNEL"

By Jim Jackson, Sports Editor
Well, the Bulldogs showed up like we expected at Wilson and O'Donnell; the scores testify to that. Coach Nicklaus is certainly trimming the boys up this season. We had one subtraction from the squad last week. Our neat little half-back, Walter Chaney, was smoking a cigarette and Mr. Baze saw him just before the game. The result was inevitable. Football training rules are very strict. A mediocre man, who, will train will eventually make a star.

The team is getting into good condition and can keep up a steady fight throughout the game. That's what wins them.

Willard Moffet is out and we have hopes for him as a line-plugger. If he makes one he will be a very valuable man.

We have a number of new "subs" that are taking on appearance of regulars.

Spears showed us that last Friday and others are close seconds to him.

There is a great deal more enthusiasm in the school this year and it looks like a successful season for the Bulldogs. Come on out folks and help us.

Hynson Shelton W. R. McNeely and Joe Cabe have been absent from school the last two weeks.

PHEBE K. WARNER CLUB MET FRIDAY AFTERNOON

The home of Mrs. C. B. Townes was the scene of the first meeting of the Phebe K. Warner Club, Friday afternoon, Sept. 13.

The Study Course for the ensuing year is a travel log of the United States. A preliminary survey of the course was given by Mrs. M. B. Hood.

Mrs. G. M. Stewart was mistress of Ceremony. Her introduction of the new President, Mrs. Slaton, helped to confirm the members ideas that they have, indeed, a leader for the next two years. The President's message was full of enthusiasm. Her main goal for the Club was a Library for the City.

A short talk on "What We Should Give Our Club" was made by Mrs. Elliott.

A very beautiful piano solo, "Murmuring Zephyrs" was rendered by Mrs. Applewhite.

The Club voted to meet promptly at 3:15 P. M. on alternate Fridays. Teachers to be at meeting by four o'clock. Next meeting will be September 27th with Mrs. Stokes.

The splendid hostess served a very palatable salad course.

The ladies in attendance were Mesdames Applewhite, Slaton, Williams, Haney, G. M. Stewart, Hood, Tunnell, Henderson, Swan, Craft, Shook, Stokes, Nelson, Baze, Townes and Elliott.—Reporter

WEST POINT ITEMS

Rev. J. B. Vinson filled his regular appointment here Saturday night and Sunday. There was a large crowd in attendance.

Mrs. W. A. Yates was carried to the Lubbock Sanitarium Thursday where she underwent a very serious operation. The latest report from her bedside is that she is resting as well as could be expected. The people of this community are hoping and trusting she will soon be able to return home.

The West Point people enjoyed an ice cream supper last Thursday night at the home of Mr. and Mrs. Tankersley. Everyone enjoyed it and had all the ice cream they could eat.

Mr. and Mrs. J. N. Noble have gone to see their little niece who is very sick.

Bernice Jeffreys spent Sunday with Louise and Altha Wayne Jennings. Elby Jeffreys and Ozella Brantly spent Sunday with Nola B. Tankersley.

Mr. J. P. Greenwade, Jim and Will Reed came in from Corpus Christi last week.

Mrs. C. T. Tankersley and daughter, Nola B. went to Lubbock Monday.

Most every one here is busy picking cotton. In another week cotton picking will be in full sway.

NERVOUS, WEAK

Texas Lady Says She Was Up One Day and Down the Next. Pains Stopped After She Took Cardui.

Terrell, Texas.—"I was run-down and nervous, and for several months my health had not been good," says Mrs. Louis Wieland, of this place. "I was up one day and down the next. I never felt like doing anything."

"I worried all the time, and could not sleep well at night. Periodically I would suffer from pains in my back and sides. I would have awful headaches, and would feel dull and dizzy."

"My sister had taken Cardui, and she persuaded me to try it. She said to me one day: 'If you will only try it, you will see for yourself how much good it will do you.' So I got a bottle of Cardui and began to take it. It was not long until I felt fine. I got stronger, and my nerves did not bother me any more."

"The pains stopped coming in my back, and I could do my work without any trouble. I think Cardui is a fine medicine."

The fact that so many women have been helped, in their efforts to build up their health, by taking Cardui, should encourage you to try this well-known medicine.

A purely vegetable, medicinal tonic. For sale by all druggists. NC-208

CHEVROLET REVEALS RULES BY WHICH GAS IS SAVED

DETROIT, September 24.—Millions of dollars could be saved annually by the automobile-owning public through a more strict observance of the factors that control the gasoline mileage offered by the average automobile, it was revealed in a survey on fuel economy completed today by the Chevrolet Motor Company.

A gain of from two to five miles on the gallon of gas could be effected on the average, it was shown, if the motorist paid strict attention to the elements that govern fuel consumption.

The matter of economy has always been a factor of the uppermost importance with Chevrolet in the designing of its cars. Having brought the mileage to the highest point ever offered in a six cylinder car, Chevrolet sought to corral in this survey, the many seemingly unimportant details, which through carelessness or indifference on the part of the driver, cut down the mileage that might be obtained through more intelligent handling of the car.

Manufacturers have been doing their utmost to make gains in the direction of greater mileage and now it is felt that with greater co-operation from the driver, motorists may ride millions of miles yearly at no extra fuel cost if the matter of watchfulness can make a sufficiently strong appeal.

Just how this attention to fuel economy brings its reward is illustrated in records of performances coming in to the company's offices, which show that although the Chevrolet Six is expected to run approximately 20 miles to the gallon, motorists in various sections of the country are getting 23, 24 and 25 miles through just a little added attention to the matter.

The majority of items to be watched are rather obvious to the average automobile owners, but through an inadequate appreciation of their importance are commonly overlooked.

The survey sets down specifically a number of factors, which, if observed should increase your mileage two to five miles to the gallon. They are:

1. When standing or waiting for the light to change, don't race your motor.
2. When you are to make a stop of more than a minute, turn off your motor.
3. Don't drive at excessive speeds unless the occasion demands. High speed traveling burns more gas.
4. Remember that the faster you drive the more gas you consume. So when you find that you are about out of gas and are heading for a gas station, take it slowly and your chances for negotiating the distance will be greater.
5. When starting watch the choke. Don't drive with the choke out a moment more than necessary.
6. Be sure that your brakes are not dragging. This cuts down your mileage. Get your brakes inspected frequently.
7. See that the idling adjustment on your carburetor is set at the proper point so that the mixture is not too rich. If it is not at the proper point it gives you inefficient idling performance and wastes gas.
8. Don't fill your gas tank full to the cap, some will escape through the vent in the cap.
9. Don't ride the clutch.
10. Watch gas line for leaks at joints. Check it periodically to see that fittings are tight.
11. Be sure that spark is in fully advanced position.
12. Avoid excessive use of brakes in traffic.

The observance of these suggestions, the survey points out, will save money for the motorist and add considerable mileage to your driving and reduce the number of necessary stops at the gasoline station.

Mr. and Mrs. J. C. May and children of Post were visitors in Tahoka Sunday.

We Light the Way

Certainly!
I can afford to feed
RED CHAIN
Dairy Ration

3 lbs. MORE of milk per day make it cost less than "cheap" feeds!

A cow requires about one ton (20 bags) of RED CHAIN Dairy Ration per year.

An increase in milk of ONLY 3 LBS. PER DAY (at \$2.00 per 100 lbs.) amounts to \$18.00 in 300 milking days. This will allow you to pay as much as 90c per bag more for RED CHAIN than for "cheap" feeds.

WHY GAMBLE—WHEN RED CHAIN IS SAFE AND SURE?

FIGURE IT OUT FOR YOURSELF

HERE'S no doubt about getting more milk from your cows when you feed RED CHAIN 24% Dairy Ration. It is safe because it contains less cottonseed meal than any other 24% dairy feed on the market, and its variety of proteins make it highly palatable, digestible and efficient.

When only three lbs. more of milk per day pays the difference between RED CHAIN and "cheap" feeds, can you afford not to feed RED CHAIN 24% Dairy Ration?

Burleson Grain Company

COUNTY FAIR IS MOST SUCCESSFUL IN HISTORY

(Continued from first page)
prize of \$10.00 by New Lynn, and third prize of \$5.00 by Dixie. The judges of the floats were Messrs. T. A. Worley, Jr., A. J. Payne and L. A. Wilson all of Slaton.

The fair is by far the best and biggest that has ever been held here, in spite of the short crops. In fact, it is astounding that such excellent exhibits in such variety and numbers could be gotten together in the face of weather conditions that have prevailed this year.

There are thirteen community exhibits in the big exhibition hall each one of which is amazingly excellent. These community exhibits were from Midway, Edith, Wilson, Dixie, Petty, Lakeview, Draw, New Home, T-Bar, New Lynn, Wells, South Ward, and O'Donnell.

There is also a general display of agricultural products that is as fine as could be wished for in any year. One individual exhibit of farm products by M. L. Taylor is so extraordinary as to deserve special mention. It consists of more than forty varieties of agricultural and horticultural products which Mr. Taylor has raised this year on his farm in the Wells community.

The exhibits of the various women's clubs of the county are also most excellent.

The live stock department far surpasses any like show ever given in Tahoka. There are 129 head of hogs and pigs, 42 head of Jersey cattle, 16 head of horses and mules, and 255 chickens and turkeys.

Some of the finest hogs ever seen in any man's country are on exhibition. The Jersey cattle make a good showing though most of the stock entered were not specially prepared for exhibition as is the case in the larger fairs. Some fine mules and horses are also shown. There are numerous varieties of chickens some beauties among all varieties.

The floral and Boy Scout exhibits are also good.

The carnival attractions on the grounds are furnishing amusement to the throngs that are attending the fair. The crowds in attendance are most gratifying.

COLLEGE BAND RENDERS PROGRAM FOR KIWANIS

A musical program was rendered by the Texas Technological College Band under the direction of Prof. Le Maire at the Kiwanis luncheon Wednesday. Miss Binnion also rendered a vocal selection accompanied by Mrs. Buby D. Suddarth at the piano and led the Kiwanians in the singing of another old time popular song.

The Kiwanians had as their guests representative citizens from various communities in the county some of whom are members of the board of directors of the Lynn County Fair being held here this week and also three representative citizens of Slaton.

were L. A. Wilson, secretary of the The three Slaton visitors present Slaton Chamber of Commerce, and Allan J. Payne and T. A. Worley Jr., business men of that city. Mr. Wilson was introduced as the gentleman who was recently voted the most useful citizen of his city. He responded with an excellent talk.

Guests present from other communities in Lynn County were: H. M. McEachern of Dixie, D. J. Bolech of Wells, H. W. Crews of T-Bar; P. H. Fleming of Magnolia, M. L. Taylor of Wells, Lit Moore of Lakeview, Clide Headstream of Midway and Joe H. Owen of Petty. Each of these gentlemen made brief talks. Some of them expressed the hope that, within another year permanent grounds and buildings for the fair might be secured and all of them expressed a willingness to help make the Lynn County Fair bigger and better.

FEDERATED CHURCH SOCIETIES MEET NEXT MONDAY

The Federated Church Societies of Tahoka will meet at the Baptist Church at 3:30 next Monday afternoon. The following program is announced:

Hymn—"Sweet Hour of Prayer"
Devotional—Mrs. Maasen.
Piano Solo—Miss Binnion.
Reading—Janice Sanders.
Vocal Solo—Miss Binnion.
Special Program—Baptist Ladies.
MRS. J. B. STOKES, Pres.
MRS. H. B. HOWELL, Sec'y.

Apples! Apples!

Pick 'em yourself, also windfalls, at Greenfield, two mi. south of Dexter, N. M.—G. W. Lemmon

Edith

The farmers of this community are picking cotton this week. We haven't much but we are trying to save what we have made. Some few of the farmers have gathered several bales.

Our Sunday school attendance last Sunday was fine. All teachers were present and all scholars knew their lesson. (We ask you to visit our Sunday School for visitors are welcomed at all times.)

The singing people of this community visited Draw Singers Sunday. Every one reported a fine time and our class said they were all going back there again.

We had singing at this place Sunday night. There were few visitors present but we all had an enjoyable time. Next Sunday there will be a children's Singing Convention which will be held at the Central Baptist Church. Come and bring your children as well as your self. Let's have a good time at the singing. It will begin at 2:30 P. M.

Mr. T. O. Downey has not yet returned from Coleman where he has been called to the bed of his father who has been ill for a long period of time.—Reporter

Misses Bobbie and Leola Waldrip returned home Sunday afternoon after a three month's visit with their sisters, Mrs. Charles Quillen and Mrs. J. A. Quillen at Cameron.

Educational Lectures At The Carnival

Hello, friends and citizens, I am coming to you with a brand new subject. By request, I am presenting Miss Dean, who has an exhibit with the All-American Shows now in progress at the Fair Grounds. She comes highly recommended by the mayors and physicians of towns where she has given her lectures. She has a collection of specimens done in Parisian wax presenting different types of skin and venereal diseases. Judging by the few specimens shown to me it is highly educational. Thoughtful people of today are reaching out for just the things she has to tell. The U. S. Government highly approves of her work, and if people had been educated properly along these lines the selective draft need not have been so strenuous.

If thoughtful senior student is looking for knowledge, or Sweet Sixteen a thrill, or grandma and auntie a combination of creeps and "heebie-jeebies", just go through this exhibit.

Miss Dean will lecture to the ladies from 3 to 4 in the afternoon and 7 to 8 evenings. Mr. Mayo, a former Lynn County man, will lecture to the men at all other hours. Children under 16 will not be admitted.
