Number 7

## CARS COLLIDE; CHILDREN HURT

Injuries Not Serious; Accident Occurred On Down-Town Corner Wednesday Afternoon

Four school children were painfully but not seriously injured about four o'clock Wednesday afternoon when a car in and on which they were riding was struck by another car at the southwest corner of the square. The little Moffet boy, 12 years old, residing on the George Small farm a few miles north of town, received a bad cut on the lip, which required a number of stitches to close up. The little Anderson boy, son of Bill Anderson, residing here in town, received a bad cut on one hand. Two O'Neal children, 9 and 11 years of age, likewise received abrasions and cuts that required the attention of a physician. Possibly other children were slightly bruised.

The accident occurred when a car loaded down with school children, several of them standing on the running boards, coming from the west, was in the act of turning around the traffic block in the middle of the street, with a view to proceeding north. Just at this moment it was struck by another car going south down South Main Street, driven by Miss Ruth Deason, who is employed at the St. Clair Hotel.

Neither car was running fast, and whether the drivers failed to see each other or got excited for some reason, we are unable to say. Several accidents have occurred previously at this corner with no serious consequences thus far.

Both cars in the accident Wednesday were damaged considerably, though neither was wrecked. One broken wheel, a bent fender, a dislocated bumper and some shattered glass constituted the extent of the damage done to the cars.

## Jilted Hombre Shoots At Fair Senora Here

Three pistol shots rang out in quick succession at the Tahoka Service Station at a late hour Saturday afternoon, and numerous bystanders who did not know what it was all about hastily took to cover.

The shots were fired by an infuriated Mexican and the object of his wrath was a fair young Mexican woman whom the hombre had loved and courted, it is said, but who had married another man several months ago. The assailant was evidently laboring under considerable excitement for all the shots went wild. One of them entered the top panel of a door facing at the filling station while no trace of the other two shots was found. As soon as the firing began, the young senora darted inside a door through a room and then thru another door at the rear, frightened but otherwise uninjured. The sullen Mexican assailant then walked to the northeast corner of the station and leaned against one of the columns or supports of the building, with the smoking pistol still in his hand, cocked. Some white man demanded the gun but he gave no indication of any intention to surrender it until City Marshal Milt Finch arrived, when he willingly handed it over to the officer. He was then taken to jail where he will remain pending investigation of the escapade by the grand jury.

The offending Mexican has been working for Mr. Woelfel near Wilson who says that the hombre always seemed to be a peaceful, hard-working man. On Saturday afternoon preceding the shooting, he is said to have had a long talk with the lady in the case on the street, that he left her weeping, and that she laughed at him; which is supposed to have aroused his ire and provoked his hostile demonstrations.

## Oklahoma Man Buys Interest In Laundry

T. D. Walker has purchased the interest of Jim Burdette in the Tahoka Laundry. Mr. Walker comes here from Oklahoma City. He has had much experience as a laundryman and knows the business thoroughly. He is a nephew of L. F. Craft and resided here at one time ten or twelve years ago. He and his family consisting of a wife and baby are domiciled at present in the Craft home.

## Council To Have Test Well Drilled

At a meeting of the city council a few night ago, it was decided to have a test water well drilled somewhere near the northern outskirts of the city. A contract was made with N. R. Powell to do the drilling. The well is to be drilled to a depth of 300 feet unless water in satisfactory quantities is struck at a less depth. We have no information as to the plans of the council in the event an insufficient flow of water is encountered in this well.

## Tillman May Gets Suspended Sentence

Tillman May, 24, a young married man whose home is at Groesbeck, was the recipient of a suspended sentence in the district court here Monday morning, when a jury found him guilty of forgery, assessed his punishment at three years confinement in the penitentiary and then recommended a suspension of the sentence.

May's offense was the raising of a check from \$1.05 to \$10.00 last fall at the close of the cotton picking season, when he was given a check for this amount for cotton picked by a farmer, J. E. Brooks, of the Draw Community.

He entered a plea of guilty Monday morning and showed every evidence of real penitence. District Attorney T. L. Price did not resist his plea for a suspended sentence. Defendant was represented by Judge L. C. Heath.

May has a young wife at Groesbeck, who was physically unable to be here with her husband at the trial.

## Rainfall This Year Totals 13.50 Inches

A total of 13.50 inches of rain has fallen in Tahoka since January 1st, 1929, according to the rain gauge kept by the News, and a total of 16.51 inches fell during the past 12 months. Beginning with October, 1928, the rainfall by months has been as follows:

October	1.97
November	.68
December	.36
January	.58
February	.00
March	1.16
April	.26
May	3.34
June	2.96
July	1.29
August	.50
September	3.41
Total	16.51

## Saturday Will Be Jewish New Year

The few members of the Jewish race who reside here will observe Saturday as a sacred day. It is the first day of the Jewish New Year and has been scrupulously observed by all orthodox Jews for many centuries. In all places where there is a Jewish place of worship services will be held. The Jews of Tahoka are to be commended for closing their places of business on the busiest day of the week in order to be loyal to their religious convictions.

## LEARNS FROM OLD FARM HOME

SAN ANGELO—Because land terraced ten years ago on the old home place is now worth \$70 an acre compared to \$15 or \$16 an acre for unterraced land on the same farm, N. E. Lester has asked help from County Agent W. I. Marshall in protecting his farm with terraces.

"The oldest and most eroded part of the old home farm in another county my father gave to one of my brothers ten years ago," Mr. Lester says. "My brother terraced it. Two years later the rest of the farm went to other brothers who did not terrace and who soon sold it. On a recent visit my brother told me he had just been offered \$70 per acre for his place and that I could purchase the part sold by my brothers for \$15 and \$16 an acre. That's why I'm terracing all my Tom Green county acreage."

Mr. and Mrs. Chester Connolly spent the week end in Midland as the guests of Mr. and Mrs. Alvin Hicks.

W. T. Bovell was a business visitor in Abilene Tuesday and Wednesday.

## UNIFORM SEED MOVE STARTED

Planting One Good Seed By Majority, Cotton Crop Would Bring Better Price

A movement has been started here by some of the business men and farmers to bring about the planting of some uniform breed of cotton. This is being done in many other places in Texas, with the result that farmers realize much better prices. Much short-staple cotton is being planted in Lynn County, and this has resulted in the price of all cotton in this county being two or three cents below the market price in those localities where only long-staple varieties are raised.

At the request of those sponsoring this movement, we are publishing this week an agreement, which you are asked to sign and turn in to the First National Bank of Tahoka. We are also informed that if there is a sufficient number of subscribers to organize and buy seed in car load lots, considerable money can be saved on the price paid for seed.

## Suspended Sentence For O'Donnell Boy

Arthur Eaglin, a youth who resides near O'Donnell, was tried in the district court here Monday on a charge of chicken theft. He pleaded guilty to the indictment and asked that his sentence be suspended. The boy, who is only seventeen years old, was represented by Judge Maddox, who made a very earnest appeal to the jury in the boy's behalf, and District Attorney T. L. Price and County Agent G. H. Nelson, representing the State, indicated that they were willing for the sentence to be suspended. The jury assessed the punishment at two years in the penitentiary and recommended the suspension of the sentence.

## JUDGE MARRIES COUPLE AFTER MIDNIGHT HOUR

L. A. V. Coldevey and Miss Othell Evelyn Nowlin residing out several miles west of New Home were married at 1 o'clock Sunday morning by Judge G. C. Grider at his residence.

The three days time after making application for the license did not expire until midnight. The young couple were here attending the carnival, and as soon as midnight hour arrived they got in touch with Truett Smith, who issued the license, and then hunted up the Judge, who obligingly performed the marriage ceremony. Mr. Coldevey is a fine young farmer out in the Lakeview community.

## DEEP PLOWING PAYS HIM

Levelland—Land that T. M. Hester plowed from 10 to 12 inches deep three years ago on his farm near Cobleland Hockley county, made twice as much corn per acre this year as land plowed shallow at that time. The land has been handled the same and has grown the same crops since that time. W. T. Margee, county agent states.

Wheat on the deep plowed land was six inches taller and much heavier than that on ordinary land. Mr. Hester follows the practice of listing his land early, from 10 to 12 inches deep the first time and then plants in the middles after busting rather shallow. Such fields have withstood the drought very well.

Sixty thousand square miles of lignite underlie Texas.

## COUNTY WINS FAIR HONORS

Exhibit Takes Fourth Place At South Plains Fair; Women Win 21 First Places

Lynn County won fourth place at the Panhandle South Plains Fair which is being held in Lubbock this week. Garza county won the first prize of \$200.00, Lamb county second prize of \$175.00, Bailey county third prize of \$150.00, Lynn County fourth prize of \$125.00, Dawson county fifth prize of \$100.00, Swisher county sixth prize of \$75.00, Gaines seventh, Martin eighth and Hockley ninth with \$50.00 each.

Lynn County exhibitors also won five blue ribbons on poultry and several red ribbons, according to Chamber of Commerce Secretary C. C. Williams.

J. A. Jaynes of New Lynn won first and second place on maize.

Miss Thelma Greenwade is rejoicing because the women and girls of Lynn County demonstration clubs won 21 first places at the fair and brought back \$15.50 in cash.

There may have been other winnings which we have failed to get.

## Russell Given Year For Liquor Selling

E. T. Russell of O'Donnell was found guilty and his punishment assessed at one year in the penitentiary by a jury in the district court Tuesday. He was charged with having sold a bottle of whiskey at O'Donnell several months ago. He denied the transaction and even denied that he was in O'Donnell on the date named in the indictment.

He filed a plea asking for a suspension of sentence in the event of conviction but this plea was not granted.

He was represented by Hill Stewart of Lubbock while County Attorney G. H. Nelson assisted District Attorney T. L. Price in prosecution.

## O'DONNELL YOUTH GETS FIVE YEARS SUSPENDED

Joe Wilson, of O'Donnell, a youth of eighteen, was tried in the district court Wednesday on a charge of selling and possessing intoxicating liquor for sale. The jury found him guilty, assessed his punishment at five years in the penitentiary, and recommended a suspension of the sentence.

## EDD HAMILTON BUYS CAFE HE OPERATES

Edd Hamilton recently purchased from O. J. Jackson the cafe situated in the Post Office Building and known at Edd's place, which he has been operating under a lease contract the past year.

Many Tahoka people are attending the South Plains Fair at Lubbock today and witnessing the football game being played this afternoon between the Tahoka and Littlefield teams.

## Light Showers Fall Here Wednesday Eve

Hard showers fell in several localities in the county Wednesday night. Most of the Wilson territory was covered, where the rainfall amounted to between a quarter and a half an inch. A considerable territory south and southeast of Tahoka was also visited by a light shower, while Grassland got some rain. There was a mere sprinkle here.

## 800 Bales Cotton Ginned In Tahoka

Up till Wednesday night 800 bales of cotton had been ginned by the five gins in Tahoka, counting two round bales as the equivalent of one square bale. Only 525 bales had been weighed at the local yard, however, according to W. O. Henderson, public weigher. None of the round bales and very little of the Farm Bureau cotton goes through the local yard, and that accounts for the small number of bales received at the yard.

The crop is beginning to move rapidly now and with continued favorable weather the bulk of the crop will be gathered this month.

## Old Case Is Set For Next Thursday

The case of Adlee Roberts, charged with murder, is set for trial in the district court here on Thursday, October 10.

Roberts is charged with the homicide of Calvin Petty. The offense occurred near O'Donnell several years ago. Roberts was tried and convicted about three years ago but the case was reversed and remanded upon appeal.

District Attorney T. L. Price is disqualified to prosecute this case since he was one of the defense counsel before taking office. Judge Lockhart, special prosecutor, and County Attorney G. H. Nelson will prosecute. The defendant will be represented by Judge B. P. Maddox of this city and Messrs. Vickers and Campbell of Lubbock.

## Lamesa Man Buys B. B. Street Grocery

D. C. Richards of Lamesa has purchased the grocery business of B. B. Street & Co. The deal was consummated last week and the store has been closed since. The new proprietor has been installing new fixtures and announces that he will be open for business Saturday.

The new business is to be known as the Turning Dollar Cash Grocery and is to be operated on the "cash and carry" plan.

Mr. Richards has been in the grocery business in Lamesa and is thoroughly familiar with the details of the business.

Mr. Richards' family have already moved here.

## Jack Clayton Pleads Guilty to Burglary

Jack Clayton entered a plea of guilty Tuesday afternoon in the district court to an indictment charging him with the burglary of Cook's store at Wells. The offense was committed several weeks ago and the defendant was caught by officers soon thereafter near Draw with some of the stolen goods in his possession. The jury fixed his punishment at three years confinement in the penitentiary.

On Wednesday morning Clayton entered a plea of guilty to an indictment charging the theft of a cow from B. H. Clark of this city. The jury assessed his penalty at two years in the penitentiary in this case.

## B. Y. P. U. WILL GIVE PROGRAM AT SOUTH WARD

South Ward B. Y. P. U. members are requested to take note that the Senior B. Y. P. U. of Tahoka will be at South Ward at 3.30 Sunday afternoon to render a program.

## NEWSPAPER ADVERTISING BEST, GAS MEN TOLD

DEL MONTE, Cal.—Keith Clevenger, publicity and advertising director of the American Gas Association Thursday told the Pacific Coast Gas Association that newspaper advertising surpassed all other forms of displaying knowledge to the public. Mr. Clevenger was the principal speaker at the association's annual convention.

"As long as people strive for intelligent information on current happenings, newspapers will be read by the vast majority," he said. "As long as the present traditions of the major portion of the American press for editorial honesty and impartial news service are maintained newspapers will continue to be the most effective advertising medium for American business."

## VALUATIONS IN COUNTY LARGER

Increase Totals \$324,000 Over Last Year; Slight Change In Tahoka Valuations

The taxable property valuations of Lynn County show an increase of \$324,000 over last year, according to the assessor, J. S. Weatherford. The valuations this year are \$6,529,144 against \$6,205,104 last year.

The tax rate this year is 68 cents on each \$100 property valuation for the State and 74 cents for the county, making a total of \$1.42.

In the city of Tahoka the increase in city valuations has not been so marked, according to figures furnished us by Mrs. J. B. Walker, the city assessor. The city valuations this year amount to about \$1,358,000 which is approximately the same as last year, notwithstanding the fact that many residences have been built here during the year. The city tax rate has been fixed at \$1.28 as against \$1.30 last year.

The increase in the Tahoka Independent School District amounts to about \$70,000. The valuations last year were approximately \$3,131,000 while this year they are approximately \$3,200,000. This is hardly as large an increase as was expected in view of the fact that many new buildings have been constructed in the city and the district and valuations on many pieces of property were also raised. The rate of taxation is \$1.00 per \$100.00.

There are 562,503 acres of land on the tax rolls of the county, valued at \$3,635,190; while all town lots in the county and the buildings thereon are valued at \$946,725; the total value of all real estate in the county, exclusive of railway property, being \$4,581,915.

Mr. Weatherford's rolls also show the following kinds and number of livestock listed for taxation:

Cattle	10,445
Horses and mules	8,225
Hogs	5,078
Sheep	365
Jacks	1

## Willingham Wins On Chickens At Fair

F. L. Willingham, who resides a few miles northwest of town, reports that he won a number of prizes on his Banded Plymouth Rocks exhibited in the South Plains Fair at Lubbock. Out of nine entries, he won one first place, three second places, one third place and one fourth place. He won first place on a cock over the man who won first place in the Abilene fair. He has a fine bunch of chickens out at his place and they make him good money.

## BOY BITTEN BY RATTLE SNAKE WILL RECOVER

James, the sixteen year old son of Mr. and Mrs. R. L. Coker, was bitten on the thumb by a rattle snake Saturday afternoon on the farm seven miles northwest of town.

The fang of the snake was left sticking in the wound, and the boy withdrew it and slit the flesh to the bone, after which the hand was soaked in kerosene. On coming to town he was given the serum treatment by D. H. N. Lusk. He is reported to be getting along nicely and will fully recover.

The boy was heading maize and saw the snake making its way into a hole in the ground and was bitten in a barehanded attempt to drag it from its hiding place. The snake was killed and found to have four rattles and a button.—Hockley County Herald.

## Electric Light Rates Are Reduced Locally

Judge I. R. Kelso of St. Louis, president of the Texas Utilities Company while here last week announced a reduction of approximately 15 per cent in charges for residence and commercial electric light service. No change in the rate for power is made. A full explanation of the change in rates will appear in this paper at an early date.

## UNIFORM PLANTING PLEDGE

I, the undersigned, do hereby agree to plant my 1930 crop of cotton from one of the following breeds of cotton, to be selected by the majority of the signers, namely:

Acala	Kasch
Mebane	Blue Wagon
Sunshine	Bennet

(Please check your choice of cotton, and state the number of bushel seed wanted, and return this with your signature to the FIRST NATIONAL BANK, Tahoka, Texas.)

**KID SINGING CONVENTION AT CENTRAL IS SUCCESS**

The South Plains Kid Singing Convention which was held at Central Church last Sunday was pronounced

a great success by all who attended. There were 119 kids present and a large number of old people were also there. The singing was very fine and everybody enjoyed it. Mr. John Davis of Gar-Lynn called the conven-

tion to order and presided.

At a business meet it was decided to perfect a permanent organization. This was done, and officers were elected as follows: Mr. Alvis Ellis of Anton, president; Mr. John Davis of Gar-Lynn, vice-president; and Horace G. Krebbs of Edith, Secretary.

Mr. Ellis, the president, is now a student in the Texas Tech at Lubbock. He taught a month's singing school recently at Gar-Lynn, and he taught these kids music. Now they are singing at all times. We are very glad that this man came our way for he has built up our communities and has made us a better people. On the fifth Sunday in December Central Church. Come.

We give Mr. Ellis all the praise for this great work that has been the Convention will meet again at started.

HORACE G. KREBBS Sec'y.

**FIVE MEMBERS OF STATE BOARD OF EDUCATION ARE GRADUATES OF U. OF T.**

AUSTIN, Texas, Sept. 30.—Of the nine members of the State Board of Education recently named by Governor Dan Moody, five are ex-students of the University of Texas. These are Mrs. Noyes D. Smith of Austin, who attended the University from 1899 to 1901 as Miss Irene Claire Horton; J. W. O'Banion of Denton, academic student of 1907; C. H. Chermosky of Houston, graduate of the law class of 1912; Tom Gerard of Lubbock, law graduate of 1907; and Frank L. Henderson, who receives his law degree from the University in 1904.

**SORE GUMS—PYORRHEA**

Foul breath, loose teeth or sore gums are disgusting to behold, all will agree. LETO'S PYORRHEA REMEDY is highly recommended by leading dentists and never disappoints. Druggist return money if it fails.

Thomas Brothers Drug Company

**'I'm Sticking By Orgatone — It Stuck By Me'**

No Doubt About It Putting Ginger Into a Fellow When He's Worn Out." Say Amarillo!

Business Men, farmers, artisans and in fact Amarillo people from all walks of life, including innumerable women, have actually tested Orgatone and have testified to the preparation's merits. This undeniable evidence was further strengthened by the statements of an unusually large number who had more recently realized the powers of the medicine, among whom was T. L. Burkett, better known as "Shorty" by his many friends and fellow workers at the smelter and who resides at 2444 N. W. 13th Avenue, Amarillo, Texas.

"I must say that this Orgatone was the very thing for my run-down condition," he said to an Orgatone representative, "and it took hold of my trouble and picked me up so quick that I was actually surprised. I had been suffering from lead poisoning and swelling of the joints as well as indigestion of the worst sort for the past two years and was so nervous I could not get hardly any sleep at night that would do me any good.

"I had been going down hill and getting in this condition for a long time and would have bloating spells that felt like I was being pumped up with an auto pump. I didn't seem to get any strength or nourishment from my food, and to save my life I couldn't tell what exactly was the matter with me or get anything in the way of medicine that would do me any good. Even a drink of water would put me in misery.

"At last I made up my mind to give this Orgatone a trial and to see if it wouldn't tone me up, and to my surprise I began to see a change for the better after the first few days. I have taken one bottle of it now, and the way it's braced me up and given me an appetite for work is something curious.

"I now enjoy my food and can sleep all night long without waking up once. I rest fine and get up in the morning feeling fresh and stout and ready to tackle a good day's work—it's put a wire edge on me, you might say. I don't bloat up like I did and I don't get tired after doing a little work. The fact is, I can hardly remember the time when I felt as good as I do now.

"All my friends tell me how much better I am looking, and I certainly am sticking by Orgatone and telling them about it, for it certainly stuck by me. It's a fine thing and there is no doubt its putting the ginger in a fellow when he feels all tired out and run down."

Genuine Orgatone may be bought in Tahoka at Thomas Bros. Drug Co.

**BUILD SHEDS**

Save your farm implements. More damage is done to farm implements by letting them stand out in all kinds of weather than is done by use, in many instances. Why not prepare now to take care of your tools and machinery this winter? Why not build plenty of good sheds for your stock. It will pay you in the long run.

**FEEDING FOR EGG PRODUCTION PAID THEM MUCH MORE**

Waxahachie.—After keeping chickens for 18 years without paying much attention to proper feeding, Mrs. R. L. Parr and her husband decided to try Extension Service poultry

feeding methods advocated thru home demonstration clubs.

In spite of losing 165 of their flock of 354 English White Leghorns by theft, Mrs. Parr recently told Ellis county home demonstration club members that an average profit above feed cost of \$58.33 per month had been made from January to July inclusive. The total profit above feed was \$350.87 for the six months, with January the least profitable month and March the most profitable.

The cost of feed was \$234. The first two months the mash was home mixed but after that a commercial mixture was cheaper. It consisted of corn, maize, oats, wheat, bran and cottonseed meal ground together and fed with charcoal and oyster shell. The flock had constant access to green pasture consisting of Bermuda grass, wheat and oats.

**Locals**

Prof. J. C. Turney, superintendent of the New Home school was a visitor in the News office Saturday and reported that school had suspended there for two weeks, after running a month, in order for the children to help gather the cotton. He reports that the cotton had opened very rapidly and that much of it in that community would produce a fairly good yield. Some of it will make a third to half bale per acre, he stated. Of course, much of it is not so good as that. Prof. Turney promised that his school would send in the news from that community henceforth.

Frank Lewis Larkin is the name of the little fellow who came at an early hour Monday morning to bless the home of Mr. and Mrs. Frank Larkin. Frank Junior was born in a sanitarium in Lubbock. He weighed just six and three-fourths pounds—not very large but it will not be long, no doubt, until he will be a better athlete than his daddy. The mother is doing nicely.

J. B. Miles, former commissioner of this county, was here from O'Donnell last week to take a look at the Fair. Mr. Miles is one of Lynn County's most valuable citizens, who is always interested in everything that upbuilds and blesses. He is one of our most valued readers.

J. Emory Nance who removed from Tahoka to Washington a few months ago, is now working in a bank in that city. Mr. Nance first took a position as manager of a Piggly-Wiggly store in that city but was afterward offered a position in a bank, which he accepted.

Dr. and Mrs. W. G. Williams have returned from a trip to Pampa, Canadian, Booker and Beaver City, having been away ten days. Mrs. W. C. Rutledge of Beaver county, Okla., is visiting them for a while.

Mr. and Mrs. Lawrence Brunson and children left Tuesday for Idalou, where Mr. Brunson will engage in the confectionery business. He has been employed recently in the First National Bank here.

Rev. and Mrs. B. N. Shepherd returned Friday from a visit of several days with relatives and friends in Bosque county. They were accompanied by R. E. Key, who went along to help Mrs. Shepherd keep the preacher straight.

H. T. Gooch of O'Donnell dropped in last Friday to renew his subscription to the News. Mr. Gooch is one of the old-timers in this county and has been a reader of this paper for many years and he expects to keep it up indefinitely.

Little Thomas Nathaniel Park is a new-comer in the home of Mr. and Mrs. E. A. Park. He made his arrival last Friday and tipped the scales at 8 pounds. They named the little fellow for one of his grandfathers.

Miss Thelma Greenwade was called to Whitney Sunday by the death of an uncle, Jack Greenwade. Mr. Greenwade was struck and killed by a Santa Fe passenger train. Miss Greenwade returned to Tahoka Tuesday.

Mr. and Mrs. Clarence Crouch are happy over the recent arrival of a son in their home. The little fellow was born last Friday morning and is a handsome youngster.

Mrs. John Berry of Draw was a caller at the News office Wednesday. She has as her guests this week her sister, Mrs. P. G. Galneau, and her son G. T. of McCamey.

Miss Floyd Anglin, who is teaching Home Economics in the Morton High School, spent the week end here with her parents, Mr. and Mrs. W. S. Anglin.

Prof. and Mrs. John C. Allen, teachers in the public school here, were week end guests of friends in Levelland.

Look up the Turning Dollar's Ad in this issue. Buy a month's supply of Groceries Saturday and save money. Adv.

Mrs. W. M. Harris left this morning for treatment in a Temple sanitarium. Many friends here are hoping for her complete and speedy recovery.

Mr. and Mrs. Marvin Eldridge of Draw will leave Monday for McCamey where they expect to remain several weeks.

Follow the Crowd Saturday, it is worth your while—to Turning Dollar Cash Grocery. Adv.

**SAYS IT'S ALL A MISTAKE**

The O'Donnell Index of last week, after quoting our story about the Tahoka bunch of domino experts cleaning up on the O'Donnell aggregation, issues the following general denial, winding up with a bold challenge to the Tahoka braggarts to meet 'em again. Just listen to the Index editor:

"Since reading the above article published in the Lynn County News of last week, the editor of the Index has made a complete survey of the champion domino players of O'Donnell and surrounding territory which include T. J. Yandell, E. T. Wells, D. H. McDaniel, Geo. Lightfoot, J. M. Payne and many others, and to our surprise we failed to learn of any defeat among the O'Donnell players by the Tahoka delegation. To the editor of the Index the O'Donnell players boasted of how they made a clean sweep of the series of games between the Tahoka and O'Donnell players.

"So in order to correct the above statement there will have to be another tournament arranged between the players at which time an official score keeper will preside who will check the losses and victories, thus eliminating all doubt as to who is the best. O'Donnell folks have issued such a challenge."

Now, H. W. Calaway of this city is a fairly truthful man, especially on the subject of fishing and dominoes. We don't believe he would tell a lie about the number or size of fish he caught or about the result of a domino game in which he participated for his strong right arm. And Calaway boldly and defiantly charges that on Tuesday or on about September 17, 1929, he and one Guy Sherrod, high constable of justice precinct No. 1, engaged in a domino game in the city of O'Donnell in Lynn County, Texas, with one T. J. Yandell, an honored member of the commissioners court of Lynn County, from the O'Donnell precinct, and one J. W. Roberts, alleged editor of said O'Donnell Index, and that said Calaway and Sherrod just licked the socks off of said Yandell and Roberts, all of which he stands ready, willing and able to verify.

Calaway says, however, that if his O'Donnell victims want another chance, he and Guy will try to accommodate them some time when they, Calaway and Sherrod, can find the time to take from their other duties. Calaway intimated, however, that he

didn't have much time to fool away on punk players.

In wages alone (exclusive of salaries)

the printing industry in Texas (including newspaper and job printing plants) in 1927 expended \$9,282,298.

**NOTICE TO THE PUBLIC**

Any erroneous reflection upon the  
reputation or standing of any indi-  
vidual, firm or corporation, that may  
appear in the columns of the News,  
will be gladly corrected when called  
to our attention.

Again we aver that crime doesn't  
pay. Thirteen years ago A. B.  
Crouch was a prosperous young  
grain dealer in Temple. He was a  
member of one of the most highly  
respected families in Bell County. He  
himself was prominent not only in  
the business life but in the church  
life of Temple. But one night he  
disappeared. A quick check-up of  
his business affairs began to reveal  
crooked work and it soon developed  
that he had forged bills of lading  
and swindled banks to the extent of  
about \$150,000. That was a big  
steal. He had gotten away with a  
lot of money. But what did he give  
up for it? He gave up his family,  
the good name that he had borne, the  
fellowship of friends, and more than  
that—he gave up his country. For  
thirteen years his whereabouts  
were unknown to the officers and  
people of his native land. For thir-  
teen years, no doubt, the fear of being  
caught haunted him day and  
night. And now he is caught. He  
was recently located and identified in  
far-off New Zealand, a British pos-  
session 12,000 miles from the scene  
of his crime, and the sheriff of Bell  
County has arrived in New Zealand  
already to claim his prisoner. If  
surrendered by British authorities to  
the Texas sheriff, Crouch will be  
brought back to the scenes of his

**Farm Bureau Gin**

A. M. WILLINGHAM, Mgr.

boyhood and the city of his brief  
business career to face trial. And  
not only must he face trial but he  
must face the scoffs of those who  
had been his warmest friends. He  
must face the shame and the humili-  
ation that he brought upon a highly  
respected family. He must face the  
detestation of a whole people who  
had loved him. And—he must face  
the penitentiary. It is said that there  
are thirteen indictments against him,  
and when the court are through with  
him he will doubtless hear the prison  
doors close behind him not to open  
again for many years. In the far-  
off land of New Zealand, he lived  
under an assumed name and prosper-  
ed, it is said, as a real estate dealer.  
But now, in his native land, he must  
wear his real name again; in his real  
name he will be arraigned in court;  
under his real name, he will be sen-  
tenced to prison; where he will be  
known as Convict No. . . . How  
much has A. B. Crouch given up for  
that one hundred and fifty thousand  
dollars

In order to punish Tom Love, the  
official head of the Democratic par-  
ty in Texas wishes to bar the names  
of "bolters" from the Democratic  
tickets next year. He doesn't want  
the name of any "bolter" printed on  
a Democratic ballot. That would be  
rather sweeping action. No "bolters"  
could run in the Democratic primar-  
ies for governor, for state senator,  
for representative in the legislature,  
for the judge for any court, for any  
county office, and not even for con-  
stable. In spite of the fact that  
practically every one of the "bolters"  
voted the state ticket straight from  
Governor down to Constable, they  
are not to be permitted to run for  
any offices, according to the politi-  
cal sage of the San Gabriel. They  
kept the pledge printed on the Demo-  
cratic ballot. They voted for all the  
nominees of the State Democratic  
primaries. But they committed one  
unpardonable sin. They failed to vote  
for that great Tammany leader, the  
hero of East Side and the hope of all  
the thirsty. No man guilty of a  
heinous crime like this is fit to run  
for constable on a Democratic ticket,  
so says Dave. Kick the rascals out.

Thousands of Texans felt that Gal-  
loway Calhoun, first assistant in the  
office of Attorney General, was the  
logical man to succeed Claude Pol-  
lard, who resigned. But the plum  
went to another. R. L. Bobbitt, dis-  
trict attorney at Laredo, was Gov-  
ernor Moody's choice. Bobbitt was a  
native of Hill county but moved to  
the Rio Grande country several years  
ago. He had served three terms in  
the legislature and was the Speaker  
of the House in the Fortieth Legis-

lature during Moody's first term as  
governor. He is a comparatively  
young man, being about forty  
years of age. He is reputed to be  
brilliant, eloquent and learned in the  
law. He had been a consistent sup-  
porter of Governor Moody and was a  
prospective candidate for governor  
himself. His acceptance of this ap-  
pointment eliminates him as a gub-  
ernatorial candidate but puts him in  
the running for Attorney General  
next year. All of which is said to  
make the way brighter for R. S.  
Sterling as a candidate for governor  
and to muddy the waters for Cecil  
Storey, Jimmie Allred, and others  
who aspire to the Attorney Gener-  
ship. May the best man win.

Chairman D. W. Wilcox, in answer  
to an inquiry made of him by Judge  
Edgar Scurry of Wichita Falls, gives  
it as his opinion that "Hoovercrats"  
can and should be barred from run-  
ning for office in the Democratic pri-  
maries next year. He would permit  
them to vote but not to run for of-  
fice. — We should like to know on  
what principle he differentiates be-  
tween candidates and voters. It oc-  
curs to us that if a "Hoovercrat" is  
not fit to run for office in the Demo-  
cratic primaries he is not fit to vote  
in them. If a Democrat's refusal last  
year to bow the knee to Baal and to  
Raskob is evidence of such moral  
turpitude as to render him unfit as a  
Democratic candidate, then he is also  
unfit to help select the Democratic  
nominees. It would seem that Wil-  
cox is seeking revenge on the lead-  
ers among last year's bolters but  
hasn't the nerve to undertake to bar  
the whole works. Some of the so-  
called leaders among the "Hoover-  
crats" are not particularly popular  
with the rank and file, but let Mr.  
Wilcox and his committee undertake  
to bar any man's name from a Dem-  
ocratic ballot on the sole ground that  
he refused to vote for Al Smith and  
his booze program last fall, and we  
predict that more Fire and Brim-  
stone will break loose in Texas than  
Wilcox can quell in a life time. Bet-  
ter forget last year's mistakes, Mr.  
Wilcox and let the old wounds heal.

We believe that Senator Borah and  
Senator Connally are right in oppos-  
ing the "flexible" provision of the  
tariff law which gives the President  
authority to alter rates. We believe  
that is a legislative function and not  
an executive function. The fight in  
the Senate over the pending tariff  
bill has accentuated the fact, often  
referred to in these columns, that  
the South and the West are natural  
allies politically. Neither has any  
political fellowship with the busi-  
ness barons of the East nor with the  
political corruptionists of New York,  
Philadelphia and Chicago. There  
ought to be a radical recasting of  
party lines in this country.

The Tahoka All Stars are to be  
congratulated upon the wonderful  
and almost successful game which  
they played with the Fort Worth  
Cats here last Thursday. The Tah-  
oka boys showed themselves to be  
worthy antagonists of the Cats from  
the moment the first ball went over  
the plate until the last man went out  
at the close of the ninth. The fact  
that the score was held down to two  
and one shows that it was a good  
game. The Cats themselves declared  
that it was the best game they had  
had in several weeks. All present  
enjoyed the game and all Tahoka is  
proud of the fine showing which the  
home team made.

A law recently enacted requires  
that all dairy cows entered in any  
fair must first be inspected for tu-  
berculosis and all hogs vaccinated  
against cholera. Horses and mules  
must also be inspected. This is  
doubtless a wise precaution and we  
have no quarrel with the law. But  
owners of live stock should bear this  
in mind and have the necessary in-  
spections made next year. This  
should be done whether they expect  
to enter any live stock in any fair or  
not, for it will enable them to know  
whether or not any of their stock  
are diseased and will protect the  
stock against disease.

More than a year ago Dawson  
county got her cotton crop quaran-  
tined because of the alleged finding of  
the corpses of two pink boll worms.  
Last week, just as she was ready to  
pull off a big county fair, the live  
stock sanitary commission broke in-  
to their arrangements and threatened  
to quarantine all their live stock. So,  
this week Lamesa is boiling over.  
We imagine that any man connected  
with the present state government  
who runs for office next year will  
get at least three or four votes in  
Dawson county.

Jim Ferguson last week gave three  
more red-hot planks which he would  
place in a platform as a candidate  
for governor. If Jim is not fixing  
to run he is having lots of fun with  
the boys who do have a hankering for  
the governor's office.

Subscribe for The News.

A movement has been started in  
Lynn County which we believe should  
have the earnest consideration of ev-  
ery farmer. This is a plan to plant  
cotton seed of the same kind in this  
locality. Much may be said in favor  
of half-and-half cotton so long as  
there is no uniformity in the type of  
cotton raised, for half-and-half does  
yield well, and where it is raised in  
any considerable amount other vari-  
eties do not bring any better price  
than the short staple. It drags the  
price of the long staple varieties  
down to its own level. As a conse-  
quence, in these localities where half-  
and-half is raised to any consid-  
erable extent, the price of all cotton  
ranges two or three cents below the  
market price for the same grade of  
cotton where only long staple vari-  
eties are raised. Lynn County is suf-  
fering now from this very situation.  
It is to be hoped that the movement  
to return to the long staple varieties  
will meet with success and that af-  
ter this year Lynn County farmers  
may be able to command as good a  
price for their cotton as do the farm-  
ers of other counties.

We have heard nothing but commen-  
dation of the county fair held here  
last week. It was a splendid display  
of the agricultural products of the  
county, and the live stock exhibits  
were by far the best ever shown  
here. A move is now afoot to pro-  
cure permanent grounds and build-  
ings. It is to be hoped that some  
practical means may be found to ac-  
complish this much-desired end.

As we understand Dave Wilcox,  
we are good enough to vote for them  
but not good enough for them to vote  
for us.

**WHAT OTHERS  
THINK**

John Ringland is grabbing off  
just about all the circuses there are  
that amount to anything. He acquir-  
ed five of the largest only recently.  
It begins to look like our country  
boys will soon have to go to the  
larger cities if we want to feed pea-  
nuts to the elephant, for all the cir-  
cuses are getting too large for the  
smaller cities.—Terry County Herald.

When there is a lot of divorces you  
hear a great deal said about the  
younger generation and their way of  
living—however, it might be inter-

esting to note right here that a far  
larger part of the divorces of today  
are among people between the years  
of thirty-five and forty. Just where  
the conduct of the younger genera-  
tion affects them we are unable to  
see.—Ropes Hustler.

We met one of our old sweet  
hearts the other day—she was fat  
and forty. "Huh", our wife comment-

ed, "I can't see what you ever saw  
in her, she's positively ugly." Fif-  
teen years makes a lot of difference,  
hence, we're glad our better half  
didn't see our old sweetheart fifteen  
years ago as a general rough house  
would have been in order.—Ropes  
Hustler.

A SIX IN THE PRICE RANGE OF THE FOUR

Most people realize that the New  
Chevrolet is a Six in the price range  
of the four. But not everyone knows  
what a really wonderful Six it is!

The Chevrolet engineering staff spent  
more than four years in the de-  
velopment of the Chevrolet Six.  
Materials are selected from the  
world's finest markets and, taken  
altogether, there are nine thousand  
inspections during the car's pro-  
duction and assembly!

The result is exactly what you'd  
expect—quality in design, in ma-  
terial and in workmanship that  
assures years of dependable and  
satisfactory service!

Come in today. We want you to see  
and drive this car—for it will give you  
a new idea as to what the buyer of  
a low-priced car can now expect for  
his money!

## Barks Of The Bulldogs

Sponsored by the Senior Class of Tahoka Hi School

### STAFF

Walter Conway—Editor-in-Chief.  
Russell Keltner—Associate Editor.  
Jim Jackson—Sports Editor.  
Juanelle Windham—Society Reporter.  
Mayfair Woosley—Senior Class Reporter.  
Mary Fenton and Merle Link—Junior Class Reporters.  
Helen Applewhite—Sophomore Class Reporter.  
Ester Barrington—Freshman Reporter.  
Elizabeth Crie—Seventh Grade Reporter.

### SENIOR CLASS MEETING

The first of last week the Senior Class met to discuss plans for the Parade Wednesday morning. Many suggestions were made but it was finally decided that they would decorate two cars in their colors. Those cars were furnished by the Connolly Motor Company and Bridges-Sisco Motor Co.

### JUNIORS IN PARADE

The Juniors were represented in the parade last Wednesday. They filled about eight cars. On the front car was painted "Juniors—The Beginning" and on the last car was painted "Juniors—The End". All the Juniors wore the class colors, rose and gold.

### FRESHMEN IN PARADE

The Freshmen class entered a float decorated in the class colors in the parade. Most of the class rode on the float.

### FRESHMEN THOUGHTS

The Freshmen class is very glad that the carnival has left town. Now they can get down to "brass tacks" as far as studies are concerned.

### THE SOPHOMORE DISASTER

The Sophomore float met with a serious accident during the parade. It refused to run. At the beginning of the parade several men had to push it off the railroad tracks and it ran fairly well for a little while but it balked again. Finally they decided to leave it out of the parade and go to the Carnival.

### SEVENTH GRADE

On Tuesday morning, September 17th, a call meeting was held in room twenty-six.

After the report of the committee, gold and white were chosen as the colors; carnation as the flower; and "Jog On" for the motto.

Thursday the 19th, the English program was given. Marie Brown and Elwayne Redwine were in charge of the following numbers:  
Reading—James Applewhite.  
Song—Lucille Torrence.  
Class Phrophecy—Faye Massengale  
Story—Geneva Mae.

### GLEE CLUB HOLDS MEETING

The High School Glee Club held their regular meeting on last Monday, Sept. 23rd. Miss Binnion who is the music teacher in the school had charge of the group. She is very efficient in the work and maintains order while she is talking. A song was practiced and she gave several points about music that are expected to be known and tried out at the next meeting.

Reta Lois Coltenback spent the week end visiting friends and relatives in Abilene.

### "THE BULLDOG KENNEL"

By Jim Jackson, Sports Editor  
Well, the Bulldogs are getting in nice trim for the game at Lubbock with Littlefield Thursday. This boy Moffet, is certainly a line-plugger. He doesn't need any 'hole' or interference. He makes both.

The backfield as a whole is looking good and getting into fine trim. It seems they should do something in the Littlefield game.

Edwards made a nice run in the Wilson game for a touchdown on the kick-off. We hope he will show us something Thursday. He is developing a good change of pace.

Dee Estridge is about the most faithful man on the team. You may not see him but you can bet he is in the play doing his part; and that is the thing that counts. He is absolutely indispensable to the team.

George's shoulder is getting along fine and he says he is going to be in fine shape for the Littlefield game.

The rest of the team is about as good as the above mentioned. There is not much difference in the men, its just their positions that show up better. We hope everyone that can will be a Lubbock.

The club has a new manager on the job. He has taken up his duties and is making a good one. Norville Redwine is the above mentioned and the club likes him fine.

Well, let's all go to Lubbock, and see for our selves.

### LOCALS

Snookie Maddox and Juanine Edwards visited in Slaton Sunday.

Mary Fenton, Elizabeth Martin, Lucille Cormack, Hazel Anglin, and J. D. Donaldson, Jr., attended a League Rally at Lubbock Saturday and Sunday.

Mrs. J. H. Tunnell spent the day in Lubbock Sunday.

Fern Aycox spent the day in Slaton Sunday.

Virginia Sanford visited relatives in Lamesa Sunday.

Gladys Douthit visited her sister in Lubbock Sunday.

Orvis Richardson, who has been in the Lubbock Sanitarium returned home Monday.

J. W. Lowry visited in Slaton Sunday.

Bob Caveness and Kieth Kemp spent Monday in Lubbock preparing their Boy Scout booth for the South Plains Fair.

Eloise Clark spent Saturday night and Sunday at Lubbock.

Margaret Wetsel was in Lubbock Saturday afternoon taking her music lesson.

Blondina Tupman spent Sunday in Post.

Miss Irene Armes visited her parents in Slaton Saturday and Sunday.

Grace Montgomery has taken the place of Esther Barrington as reporter of the freshman girls.

Miss Burnyce Thomas was a visitor in Lubbock Sunday.

The following girls have been absent from school for some time: Lorene Reese, Artie Perkins, Beatrice Perkins, and Lenore Dale Bartlett. We are very sorry that we cannot have these girls with us for each class during the day and hope they will be back in school sometimes soon.

Miss Ruth Shaeffer visited friends in Brownfield Sunday afternoon.

Marie Brown spent the week end at Lubbock attending the League

### MAN FELT BLOATED

For Distress After Meals, He Takes Theford's Black-Draught and Says He Obtains Relief.

Gulfport, Miss.—"I have used Black-Draught for about five years," says Mr. George Chevalier, of this city. "I keep it in my house all the time."

"When I feel bloated, and have headache after meals, my method of taking Black-Draught is to take from a pinch to a level teaspoonful in my mouth, dry, and wash it down with about half a glassful of water, regulating the dose according to the situation by taking more or less, according to how I feel."

"I usually take a dose on going to bed, when needed, and am relieved next morning."

"I don't know of any medicine that I would exchange for Black-Draught. I believe if anyone is suffering from constipation, and would use Black-Draught as outlined above, he would get relief."

Thousands of other men and women find Black-Draught of great help in relieving common ailments, due to constipation, biliousness and indigestion.

Prepared from medicinal herbs and roots, of highest quality, carefully combined and packaged by automatic machinery.

**THEOFORD'S BLACK-DRAUGHT**  
For Constipation  
Indigestion Biliousness

meeting at the First Methodist Church.

Mabel Lee spent the week end in Lubbock.

The freshmen class president was absent Monday.

Maurice Cowan visited the Carlsbad Cavern Thursday and reports a very pleasant trip, although the climbing left the expected after-effects.

Helen Brassfield visited in Slaton during the week end.

There were three freshmen absent Monday—picking cotton, no doubt.

### ASSEMBLY

On last Wednesday morning the high school students were entertained by a talk by Brother Breedlove. He chose as his subject "Playing the Game." This was a very interesting talk as well as inspirational.

### "PULL OVER TO THE CURB"

I'm wise to the ways of a traffic cop. But not to the ways of Sue; When her eyes say "Go" and her lips stay "Stop" What is a poor fellow to do?

### WHAT OTHERS THINK

An encouraging sign of a successful future for the United States is to be found in the report of the Bureau of Education which says that adult education in America showed a 30 per cent increase last year over the previous year.—Christian Science Monitor.

And that means that more boys and girls are going to school and fitting themselves for future citizens. It means that the United States is gaining better material out of which to make citizens. It means a higher standard for the people of the United States.—It means fewer illiterates to cast the ballot. And it means more true loyal citizens. It is all too true that the ignorant citizen is a tool in the hands of smooth politicians and our government is not strengthened by that class of men and women. Our nation's future depends, not upon votes, but upon the way people vote. The future depends upon the boys and girls of today. Ed-

ucate the youth and you give into his hands the best weapon possible against those things that are detrimental to the progress of any country. Where ignorance prevails is found the greatest menace to liberty. Where ignorance prevails is found our boys and girls and the future casts no dark shadows over our beloved land. But fail to educate the masses and that shadow will be a real menace to our country.—High-gins News.

Ownership of a Pontiac Big Six is an experience in economy. True, most people choose Pontiac, not because it is so inexpensive, but because of the many big car advantages which it provides. But it is a fact that with a Pontiac you actually save money. You save—

When you buy . . . When you drive . . . When you trade it in

You save when you buy a Pontiac because it is the lowest-priced car ever produced which offers so many advantages. You save when you drive because, according to a large corporation which employed 996 cars of 33 different makes during 1928, Pontiac costs one cent less per mile to operate than any other low-priced six. You save when you trade it in because the demand for used Pontiacs has always exceeded the available supply. Come in to see and drive the car which offers all these advantages.

Pontiac Big Six, \$745 to \$895, f. o. b. Pontiac, Mich., plus delivery charges. Bumpers, spring covers and Loozley shock absorbers regular equipment at slight extra cost. General Motors Time Payment Plan available at minimum rate.

Consider the delivered price as well as the list (f. o. b.) price when comparing automobile values. . . . Oakland-Pontiac delivered prices include only authorized charges for freight and delivery and the charge for any additional accessories or financing desired.

**METHODISTS TO SPONSOR LOCAL BOY PREACHER**

Members and friends of the Tahoka M. E. Church will be deeply interested in the announcement that their pulpit will be filled next Sunday by the second of the boy preachers who have been licensed from the church this year. Jesse Roberson, who is now a student in McMurray College was licensed last spring and preached twice for his home congregation. At the succeeding conference Frank Sargeant was licensed and will preach for the second time at the 11:00 o'clock hour Sunday morning, having delivered his first sermon at Draw during a revival in which he had charge of the music. In June, 1928, young Mr. Sargeant, at the Epworth League Annual Assembly at Abilene, volunteered for Life Service. At the annual Assembly this year he answered the Divine call to the ministry and within a month was licensed by a special committee, and went almost at once into a series of revivals in the capacity of song leader and director of young people's worship.

Frank is a splendid young man of exemplary character and habits, and is well known to everyone in Lynn County through his membership in the South Plains quartet which has visited practically all of the county with the Chamber of Commerce boosters. The Church to which he belongs is proud to announce his service next Sunday and cordially invites everyone in the community to help make up a large congregation. There will be special music and a welcome to everyone.—Contributed.

In Texas in 1928 life insurance companies paid out \$53,100,000 in death benefits, matured endowments, dividends and cash surrender values, ranking eleventh among the States.

In 1927 there were 116,763 industrial wage earners in Texas who drew in wages \$116,535,580.

**PAINS QUIT COMING**

**Missouri Lady Says She Got Stronger and Awful Hurting Went Away After She Took Cardui.**

Quin, Mo.—"For some time, I had been having an awful time with pains in my back and sides," says Mrs. Robert Creasy, of this place. "My head would ache until I felt as if it would split open."

"I was very weak and nervous. It looked like the least little thing would upset me. I was cross with the children, and I had no patience for anything."

"Often, when I would get up in the morning, I would have to go back to bed, I was so weak. I dragged through my work, but it took all my strength to do it."

"I tried many remedies, but nothing did me any good until I started taking Cardui. I had read how Cardui had helped others, and so I wanted to try it, myself."

"Cardui proved to be all that was said of it. I took it for several months, regularly. At the end of that time, I was in good health, and have been so ever since. I gained in weight, my appetite was good, and I was able to do all my housework without it hurting me. The pains quit coming."

Thousands of cases similar to that described above have been reported by users of Cardui.

**HI-LEAGURERS ATTEND DISTRICT MEET SUNDAY**

A dozen of the local young Methodists were out-of-town Saturday and Sunday attending a District Epworth League Institute which was entertained by the First and Ashbury M. E. Church of Lubbock. They report a most interesting rally under the leadership of the District Secretary, Mrs. W. B. Little of Post. Tahoka had the banner delegation for numbers and qualified for first honors in efficiency.

Besides the splendid church programs a peppy recreational hour was enjoyed Saturday evening on the lovely lawn of the W. W. Royalty Home on 19th Street, Miss Eva Fay Huffaker of Wilson being in charge. From Tahoka went: Misses Mary Fenton, Hazel Anglin, Eloise Clark, Marie Brown, Elizabeth Martin, Mabel Lee Lucille Cormack, and Messrs. J. D. Donaldson, Jr., Frank Sargeant and Kenneth Reid. Hi-Counselor, Mrs. Suddarth and Junior Superintendent, Miss VeNoy Coughran, accompanied the Hi-Leaguers and Miss Mabel McNeese, former district Secretary was also in attendance.

Mrs. Suddarth is teaching a course for Hi-Leaguer Counselors in the League Union Efficiency Institute at Lamesa five nights this week. The Live Wire union to which Tahoka belongs will hold a like Institute at Grassland beginning Monday night, Oct. 7, with J. H. Agee of Abilene, Conference Field Secretary as Dean, assisted by his wife, Conference Recreational Director and a corps of able teachers.

Every league in the Union is expected—and urged to send a large quota of students to take advantage of this unusual opportunity to earn League credits.—Reporter.

**South Ward Items**

We are to have a program at school Friday night. There will be some songs, and a short play. The program will also include a regular meeting of the Parent-Teachers Association.

Mrs. G. V. Cobb is recovering from an appendicitis operation. She is in the Lubbock Sanitarium.

Mr. Tommie Greenwood has moved to Mr. Greenwood's place to help him gather his crop.

The South Ward B. Y. P. U. is progressing very rapidly. The Tahoka B. Y. P. U. is to be present next Sunday evening to give a program. Everyone is invited to hear them. Immediately following this program preaching service will be conducted by Mr. Nowlin.

The attendance at school has dropped considerably during the past two weeks from about 50 to about 18. It is hoped that the parents will see fit to return the children to school as quickly as possible. The delinquent crop and fact that the cotton is opening rapidly have caused our attendance to drop much more and earlier than last year. This same situation, though, should enable all the pupils to come back to school in a short while.

We are very proud of the fact that our community has developed quite an actor. Mr. Sherman Inman and his sorrel horse "Slippers" won much admiration at the Tahoka Fair, and this week they are performing at the Lubbock Fair.

**WEST POINT NEWS**

We have Sunday school every Sunday morning at 10:30. We had 40 present last Sunday. Officers and teachers elected were: Otis Salsbery, Superintendent; Everret Brantley, Secretary; G. C. Brantley, teacher for the Advance class; Mrs. O. W. Williamson, teacher for the senior class; Mrs. J. H. Barnett, the intermediate class; Mrs. G. C. Brantley, the Junior class and Mrs. H. J. Bulman, the card class.

Mrs. C. T. Tankersley had her tonsils removed Tuesday at the Lubbock Sanitarium by Dr. Hutchinson.

A number of people from here expect to attend the Fair at Lubbock this week.

The West Point Teachers and children were vaccinated for Scarlet Fever last week.

The Young Folks enjoyed a party Friday night at the home of Mr. W. H. Thomas. There was a large attendance.

A large crowd attended the singing at the home of Mr. and Mrs. J. N. Jeffrys Sunday night.

Messrs. Barnett, Fulford, Jeffreys, and Barnham went to Melvin, Texas, last week end to get some cotton pickers.

Miss Neva Jeffreys spent Sunday with Miss Louise Jennings. She had a very nice time.

Mr. and Mrs. John Fulford children have been quarantined the past week for Scarlet Fever.

Ruth Hail who has Scarlet Fever is able to sit up now. We are glad she is improving so rapidly.

**EDITH**

The South Plains Kid Singing convention which was held at Central Church Sunday was a great success. There were 119 kids present and many old folks.

We had singing at this place Sunday night. A large crowd was present, including visitors. You will be welcome back again.

Next Sunday there will be singing at Gar-Lynn, as it is their regular day to sing.

Come to prayer meeting every Saturday night.—Reporter.

**O. E. S. MEETS FRIDAY**

## Sargon's Fame Sweeps Nation

When Sargon was first given to the world, well known authorities predicted it would become one of the great outstanding health-giving remedies of the age, but the men of science who labored for years to perfect it little dreamed it would become a household word in so short a time.

According to the statements of people everywhere who have actually put it to the test, it is restoring literally hundreds of thousands of week, run-down, half-sick, discouraged men and women by some of the latest and most advanced methods known to Medical Science.

The demand for Sargon is probably without parallel in the history of the drug trade. In the State of California alone it will require over one million bottles to supply the people of California during the first twelve months after it was placed on sale.

One big New York firm, with wholesale houses in leading cities have sold and distributed 908,189 bottles in the past eight months, or at the rate of one million and a quarter bottles per year.

Kansas City wholesale and retail firms have sold and distributed over 300,000 bottles within twelve months, or an average of almost one bottle for every family in the State of Kansas.

Texas dealers require nine carloads the first four months. In the Northwest, the Twin Cities of Minneapolis and St. Paul have been selling at the rate of over \$100,000 per year, to say nothing of the immense wholesale distribution. Sales in other sections have been correspondingly large.

Back of Sargon's triumph in drug stores is Sargon's triumph in the homes. When a suffering man or woman finds a medicine that helps them, they invariably tell their friends about it, and in this way the fame of Sargon is spreading from coast to coast, sweeping the country like a great tidal wave.

No matter where you go—North, East, South or West—Sargon is bringing health to thousands, and many, foreign countries are now clamoring for it.

## JUDGE McGUIRE GIVES GOOD LECTURE TO YOUNG MEN

If every young man in Lynn county who has been tempted to enter upon a criminal career could have heard the fatherly counsel that Judge Gordon B. McGuire gave a youthful offender in his court Monday afternoon, we believe that it would have had a most wholesome effect. We do not know how long the young man at the bar of justice will remember and heed the solemn but kindly words of the jurist, but they appeared to effect him deeply at the moment.

Cold type is powerless to portray the solemnity of the occasion or the force of the Judge's remarks, yet some of the things he said might be helpful to many from the mere reading of them, and therefore we give a brief and imperfect synopsis of his remarks.

"It is the policy of the state, the policy of the law-makers, the policy of the courts, and the policy of jurists who hear cases in the courts, not to make convicts but to make citizens," the Judge began. "If therefore you ever become a convict it will be because you have made a convict of yourself."

"You have made a wrong start thus far—a start that leads to the court house and to jail. I appeal to you to stop now and to make a man of yourself."

"You are reaching the age when responsibilities will rest upon you, responsibilities of citizenship. This is your state, just as much so as it is any other citizen's. What kind of a state do you want to make it—a safe place to live or a state of crime? The choice lies with you. You can help to make it either you choose."

"You have gotten a suspended sentence today. But you can never get another suspended sentence in this state. You can never again come in to court and make affidavit that you have never before been convicted of a felony. One suspended sentence is all you can ever get."

"I heard you state in this court that you had only reached the third grade in school. I would advise you to make every effort to get an education. That is something that no one can take away from you. Get as much education as possible and then make a good citizen."

"You go from this court with my best wishes. Your future is in your hands. You can make a man of yourself or a criminal. My hope is that you make a man and a good citizen."

And with that, the Judge grasped the hand of the youthful offender and bade him goodby as the tears rained down the young man's face.

Some chronic critic of our courts may contend that this was another example of the miscarriage of justice, but we contend that it was proof that our courts are still functioning in a most efficient and helpful manner.

## SLATON MEN ATTEND LYNN COUNTY FAIR TO JUDGE

Three local men, A. J. Payne, T. A. Worley, Jr., and L. A. Wilson, attended the Lynn County Fair at Tahoka Wednesday morning and served as judges for the big parade which was held at that time, the fair's opening day. They represented the Slaton Chamber of Commerce, in some measure returning the courtesy recently extended by the Tahoka Chamber of Commerce when judges came here from Tahoka to make the awards in Slaton's third annual "Pretty Lawn Contest."

Winners in the parade at Tahoka Wednesday as selected by the three Slaton judges, were the following rural communities of that section, and they placed in the order named here: Petty, New Lynn and Dixie.

The Slaton men reported that large crowds were at the Tahoka Fair Wednesday, and that splendid exhibits were being shown in all departments.—Slaton Slatonite.

## LUBBOCK COUNTY OFFICERS RAID FILLING STATION

The Sheriff's department made an unexpected visit to a filling station on the Slaton and Lubbock highway, operated by J. B. Aichmayer. The result of the call was the confiscating of 100 gallons ready for bottling, and 40 gallons bottled and awaiting delivery. There was no indication of mash, just a concoction called home brew. You could drive in and buy five gallons of gas and a bottle was given free. If you wanted another 15 was the price. Aichmayer was arrested on the charge of violating the prohibition law. He was taken to Lubbock, having a hearing before G. R. Scott, Justice of the Peace, he was held under \$1,000.00 bond. Later he made the bond.—Slaton Slatonite.

## RAISED NINETY-EIGHT PER CENT OF THEIR CHICKS

Big Spring.—Charline and Lenora Bruton, 4-H Club girls at Elbow, Howard County, have raised 98 fowls from 100 White Leghorn baby chicks. One was killed by a rooster, one was smothered 28 cockerels were sold for \$16.50, 10 cockerels kept, and 60 pullets are on hand ready to lay, the girls have reported to Mrs. Lucille Allgood, home demonstration agent. The chicks cost \$50 and the feed bill has been \$16. The girls have followed good feeding and housing and

management practices throughout the demonstration, and for completing it are to be given two cockerels by the local chamber of commerce.

W. S. Anglin with Bob Caveness and Keith Kemp spent Monday in Lubbock preparing the Boy Scout exhibit in the South Plains Fair.

# IMPORTANT Announcement

of Interest to Every Home Without Electricity

## Opening Display and Sale

of the New INSTANT-LIGHT  
**ALADDIN**  
KEROSENE MANTLE LAMP

NOW for the first time in homes where kerosene must be used for lighting, one may enjoy all the comforts and blessings of a perfectly lighted home. This is now possible thru the invention and perfection of the new Instant-light Aladdin kerosene Mantle Lamp—the lamp whose light is just like sunlight and even better in quality than electricity. It will flood a big room with the softest, mellowest, brightest light—a delight to the eyes of the aged—an assurance against ruination of the eyes of the young. No longer need a kerosene lighted home be gloomy and cheerless after nightfall. The new Instant-light brings sunlight at night—anywhere—everywhere. Beautiful hand decorated glass and parchment Shades, too.

The Aladdin can also be secured in Floor Lamp style; something new and heretofore unobtainable. The Aladdin Floor Lamp is equipped with beautiful parchment shades, and the metalware is finished in gold and black, or gold and blue. It will modernize any kerosene lighted home.

### Features of this Remarkable Modern White Light

Burns common kerosene (coal-oil). Lights instantly. Gives a modern white light equal to 10 ordinary lamps. Absolutely safe. Burns 94% air. The most economical of all lights. No odor, smoke, noise or trouble. No generating or waiting; a match and a minute that's all. All styles; table, hanging, bracket and floor lamps in nickel and bronze. Endorsed by world's highest authorities.

This store Authorized Distributors for Aladdin Lamps. A full line of Supplies for all Model ALADDINS always on hand
