ORGANIZE HOME ECONOMICS CLUB IN HIGH SCHOOL.

A number of girls met October the first and organized the Home Economics Club for 1929 and 1930. The following officers were elected: Tommie Milliken, president; Mary Ellen Pesterfield, vice-president; Mary Fenton, secretary and treasurer; and Auda Mae Aycox, reporter. It was decided that each member should be charged 25c as dues, to take care of the expenses of the club.

Plans were made to clothe a little girl about seven years old and take her as the mascot of the club. There was some talk about ordering pins, but nothing definite was decided upon.

Twenty-three members enrolled and all joining after October first will have to be initiated. A committee of three was appointed to prepare the program for the next meeting.

ASSEMBLY

Last Wednesday, Sept. 25th, Mr. Baze called an assembly to explain the schedule for Thursday. It was decided to come forty-five minutes early Thursday morning and to turn out school at noon. The seventh period classes met during the extra period Thursday morning.

ASSEMBLY

Last Friday an assembly was called by Mr. Baze at 3:15. The purpose of the assembly was to straighten out the confusion of the eighth period. After an understanding all students except those belonging to the study hall. Those students who stayed in the auditorium, then had their pictures taken and went to their respective clubs. Later the rest of the student body had their pictures taken.

SEVENTH GRADE

Tuesday morn. Mr. Robert Reid visited both of the seventh grade divisions.

Wednesday, the Seventh Grade, in room 33, had a loss of one of their four gold fish.

On the same morning Mildred McNeas was enrolled in the class. This made the total enrollment thirty.

The Reading program in room 26 is as follows:

Faye Massengale—Chairman of Program Committee.
 Jokes—Preston Strasner.
 Class Prophecy—Maxine Connolly.
 Story of A. M.—Marie Owens.
 Story—Guy Bulman.
 Games—Irma Faye Edwards and Marie Brown.
 The program was then turned over to Lucille Tarrance.

MANY STUDENTS ATTEND SOUTH PLAINS FAIR

Thursday afternoon the majority of the high school student body went to the Lubbock Fair. Many arrived in Lubbock about 2:00 o'clock and went to the Carnival. At 4:00 o'clock the Tahoka Bulldogs played the Littlefield team on the fair ground stadium. Many students had to return home after the game but some stayed to see the fireworks.

Except for the fact that no one had their lessons Friday everyone had a good time. Here's hoping for a "bigger and better" Lubbock Fair next year.—W. C.

EXAMS BEGIN

As this is the week for six weeks exams there is not too much news for the school paper. Most students are studying notes and cramming for the exams and are not interested in whether or not the "Barks of the Bulldogs" bark.—W. C.

Margaret Wetsel was in Lubbock for her music lesson and also attended the Fair Saturday.

J. D. DONALDSON GIVES PARTY

Saturday night J. D. Donaldson gave a party at his home. Among those present were: Gladys Douthit, Hazel Anglin, Mary Fenton, Lorene Childers, Jack Childers, Norvell Redwine, Lucille Cormack, Elizabeth Martin, Marie Brown, Corbin Douthit, Clifton Janak, Frank Sargeant, Mary Sue Clinton, Snookie Maddox, Walter Conway, Jack Alley Robinson, Elsie Woosley, Reta Lois Colleen, back, Kenneth Reid, Helen Applewhite, Merle Link, Eloise Clark, Hoy Ben King and last but not least, J. D. Donaldson, Jr., the host.

Young Donaldson's mother and sister assisted in preparing for the party and in helping everyone enjoy themselves. Many interesting and amusing games were played. Among them were a flower contest and a State abbreviation contest.

After the games delicious refreshments, of punch, cake and chicken salad sandwiches were served. Everyone had a delightful time and are just waiting for J. D. to be real generous again soon and "throw another blowout."

LOCALS

Miss Jessie Henderson went to the Carnival Saturday night in Lubbock. Miss Ruth Sheaffer was a visitor

in Lubbock Saturday night. She also visited friends in Post Sunday. Miss Delois Reed was a visitor in Lubbock Saturday.

The following Freshmen girls attended the Lubbock fair last Thursday afternoon: Misses Toya Thompson, Ora Belle Willingham, Jewel Johnson, Lois Jackson, Jessie Henderson, Elizabeth Link, Lou Verne, De Priest and Grace and Marietta Montgomery.

Miss Ponice Reaves was a visitor in Lamesa last Thursday afternoon. Miss Helen Brasfield was a visitor in Slaton this week end.

Several Freshmen boys and Mr. White attended the Fair and did some judging Friday afternoon.

Emily Lou Roberson was in Grassland Saturday.

Blondina Tupman visited in Bledsoe Sunday.

Elvise Clark is attending a League Institute at Grassland every night this week.

Fannie Jackson was a visitor in Post Sunday.

James Morgan was in Lubbock Saturday afternoon.

Jo Russell visited her sister at South Ward during the week end.

Miss Irene Armes, the Sophomore sponsor, attended the Carnival at Lubbock Saturday afternoon.

All of the Sophomore girls who are in the Pep Squad except one were

at the Foot ball game Thursday at Lubbock.

Mrs. J. H. Tunnell spent the week end visiting Mr. and Mrs. C. A. Burrus in Lubbock.

Fern Aycox spent Sunday in Sudan.

Estelyn and Evelyn Jeffries spent Saturday in Lubbock.

Mary Fenton, Elizabeth Martin, Hazel Anglin, Gladys Douthit, Clifton Janak and J. D. Donaldson, Jr., went to Grassland Sunday afternoon to enroll in a League Efficiency Institute to be held next week.

E. J. Tatum has been visiting his cousin, Reta Lois Colleenback, this past week.

Mary Sue Clinton visited in Lubbock Sunday.

Virgie Faulkner visited her sister-in-law, who is sick in the Lubbock Sanitarium Sunday.

J. H. Walker, chief clerk in the Land office at Austin for 21 years has succeeded his chief, J. T. Robinson, who died recently. In order to accept promotion as Commissioner, Mr. Walker accepted a reduction of \$800 in salary. This brings out the unjust scale of wages paid by the state to its employees. Members of the legislature are paid \$5.00 per day, while many employees of the legislature receive \$7.50 and \$10.00 per day; the Secretary of State receives \$2,000 per year, while the chief clerk gets \$4,000; the Attorney General gets \$2,500, while his first assistant receives \$4,000 and several other assistants get \$3,000. Honor as a state official comes high in Texas.—Canyon News.

"Square Shootin" Texas rewards Square Dealing

— so we lay our cards on the table to the people of the Southwest

OVER A HALF CENTURY ago, when six-shooters and longhorn cattle were in vogue, the Waples Platter Company started the distribution of coffees and foods, housed in a tent on the banks of Red River in Indian Territory. Shortly thereafter the business was moved to Denison, which was then the terminal of the Katy Railroad.

Texas is a big state. Technically it is one state, but geographically she is a half dozen. To those who think a trip through seven states from Boston to St. Louis is never-ending, this same distance can be covered without leaving the borders of Texas.

The grit and courage of the people of the great Southwest is reflected in the development of its vastness, laying the foundation for the homes of great in-

dustries and enterprises which have today materialized.

During the forward march of Texas, more than 1,000,000 loyal people of the Southwest have made the Waples Platter Company one of the largest food distributors in the United States. That is important. Not just because it is now a big business—but because it presents an obligation which must be discharged in full to deserve the continuance of your patronage.

Naturally, you haven't realized the business you were building. Waples Platter Company is merely a name to many of you. But in thousands of households White Swan Coffee, Wapco Beans and many other Waples Platter products mean the finest quality that can be placed on a table.

Goodwill is the most precious asset of any company. It cannot be bought like a commodity. But can be established only by insuring the lowest price consistent with the highest quality.

By going to the very source for its products, by controlling every step of their preparation and distribution, it makes sure that no finer foods can be brought into your home for the price you are asked to pay.

To guarantee this, the Waples Platter Company has become far more than a distributor of foods. It is importer, roaster, packer and preserver, selecting crops direct from the world's finest farms and plantations.

Every step from raw materials to the finished product is now supervised and packed under their own roofs. Twenty-five acres of land accommodate the many modern plants which our customers made possible to erect, and stand today as monuments to their patronage of this Texas institution.

This assures the permanency of a quality that has won your favor and acceptance, and at the same time bringing it to you at lower cost through more than 10,000 dealers who are freshly supplied from 22 Waples Platter Houses strategically located throughout this territory.

And now, with greater resources combined with facilities for greater economies, Waples Platter will endeavor to reward your loyalty with even higher quality and service.

Plants and houses of the Waples Platter Company situated at various points, grouped in one picture. In these plants and houses, White Swan Coffee, Wapco Beans and many other products are produced, packed and distributed.

1708 Bales Ginned In Tahoka So Far

Up to Thursday noon, 1,708 bales of cotton had been ginned in Tahoka, counting two round bales as the equivalent of one square bale. About 900 bales have been ginned since our report last week, according to the figures then given us. W. O. Henderson, public weigher, reports that only 977 bales had been received at the local yard. Considerable cotton has gone from the Tahoka territory to O'Donnell this season on account of a ginner's fight there. The gins are buying cotton this season and the competition among the gin men at O'Donnell has been so keen that they have been paying considerably above

the market price for cotton, according to local cotton men. The price here Thursday was about 15.40 cents per pound. Cotton seed are selling at \$29.00 per ton. The price of cotton slumped considerably Tuesday when the Government report came in. This report forecast a crop of 14,915,000 bales against a forecast a month ago of 14,825,000, an increase of 90,000 bales.

Pete Wetsel and family have removed to Tahoka from Henrietta. Mr. Wetsel is the father of our own Jim Wetsel.

Locals

Rev. B. N. Shepherd, Rev. D. D. Johnson, R. E. Key, Mrs. Taylor White, Mrs. A. W. White and Miss Winnie Freeman attended the Worker's Council of the Brownfield Baptist Association which met at Meadow Monday. They report a most excellent meeting. The message of Mrs. Lon V. Smith of Plainview, president of the W. M. U., is said to have been particularly illuminating and enjoyable.

We note quite a good many Mexican cotton pickers coming in this week. If the weather remains favorable this cotton picking job is not going to last many months.

J. C. Welch, who is now running a business at Slide is doing jury service here this week. He reports some pretty good cotton out in his section of the county.

True, a rolling dollar goes a long way. But just think of the ground covered by a turning dollar—especially at Turning Dollar Cash Grocery Adv.

Mr. and Mrs. Dean Nowlin are happy over the arrival of a fine little Miss who made her advent Wednesday afternoon. Weight 7½ lbs.

Mr. and Mrs. T. H. Neyland of Teague arrived Tuesday to spend some time here with their son and wife, Mr. and Mrs. W. R. Neyland.

Mr. and Mrs. A. W. White removed to Tahoka from Canyon Monday. Mr. White is a barber and is employed in Strickland's shop.

The grand jury is in session again this week. So far the editor has escaped. We are trying to stand in with that bunch.

Rev. B. N. Shepherd and Rev. D. D. Johnson were visitors at the West Plains Association in session at Muleshoe Tuesday.

Mr. and Mrs. Russell of Floydada were in the city on business last Thursday.

Mr. and Mrs. J. H. Collenback and Miss Reta Lois, were in Abilene last week.

Judge C. H. Cain is representing a client in court at Benjamin this week.

If you like this paper tell your neighbor. If not, don't say a word about it.

Mr. and Mrs. H. T. Bridges were in Brownfield last Monday evening.

Mr. Edgar Young of Decatur is here this week looking after his farm interests.

A BIG COTTON DEAL

The following news item from the Itasca Item (Hill County) shows what a group of farmers can do to increase cotton profits. By using good seed and growing only one variety of cotton, and then making arrangements for marketing the cotton at its full value, these Hill county farmers have been able to make growing of quality cotton well worth while.

"The Standard Cotton Association composed of 40 or more Itasca farmers promulgated the first sale of this season's cotton last Friday. A total of 80 bales of first year Lankart cotton produced from pedigreed seed were sold. By reason of its longer staple, a number of out-of-town bidders were attracted and the cotton was finally sold to Wilson, Nabors & Company, Inc., of Waco. The price paid was 19.10 or 80 points above the prevailing street market on that day.

"The record shows that the 80 bales totaled 108,930 pounds of seed cotton and 43,639 pounds of lint, or a little better than 40 per cent. The members of this association last year realized similar advantages in the production of longer staple cotton and by selling in quantity."—The Progressive Farmer.

CENSUS EXAMS ANNOUNCED

WASHINGTON, D. C., October 8.—The United States Civil Service Commission has announced that it will receive applications until November 2nd, 1929, for certain temporary positions in the Bureau of the Census in Washington, D. C., in connection with the Fifteenth Decennial Census.

The positions for which examinations are to be held are junior clerk, junior calculating machine operator, and junior tabulating machine operator, with an entrance salary of \$1,440 a year, and under card-punch operator with an entrance salary of \$1,260 a year.

These examinations are open to all citizens of the United States, both men and women, who meet the requirements.

It is expected that a large number of appointments will be made. The length of service will probably range from one to two years in most cases but in no case will it extend beyond December 31, 1932.

Full information regarding these examinations can be obtained from the United States Civil Service Commission, Washington, D. C., or from the Secretary of the United States Civil Service Board at the post office or customhouse in any city.

Mr. and Mrs. Fred Taylor and family of Floydada were in the city Saturday afternoon.

Happy Smith and wife and little daughter are here from San Antonio visiting relatives.

SHOULD THE PURCHASE OF LIQUOR BE MADE A CRIME

Senator Sheppard has introduced a bill in the United States Senate which provides that the purchaser of intoxicating liquor shall be equally guilty with the seller and may be punished in the same way. We are told that the dry leaders of the nation are behind the measure and are advocating its enactment into law. A great many well-meaning people have been insisting for years that such a law should be enacted. They contend that the purchaser of liquor is as morally guilty as the seller and should be held legally liable in the same way. They take no note of the difficulties that such a law would place in the way of law enforcement officials.

There was such a law in this state at one time. When the Dean law was enacted in 1919 it was made an offense to receive or to purchase intoxicating liquor the same as to sell it. These provisions were repealed when the Dean law was amended in 1921. Every man who served as a prosecuting attorney in those days knows why these provisions were repealed. Most liquor sales are made secretly. Only the seller and the purchaser are witnesses to the transaction in most cases. Now, since the purchaser was equally guilty with the seller, he could claim his constitutional right not to give evidence that would incriminate himself when brought before a court or a grand jury as a witness. In this kind of a predicament the State was at its row's end. The prosecuting attorney found his hands tied. There was only one alternative. By promising the buyer immunity from prosecution, he might succeed in inducing the purchaser to testify. But still his troubles were not over.

er. When he brought his case before a jury on the trial, he came with a discredited witness—a witness whose testimony against the bootlegger showed that he himself was just as guilty in the transaction as the bootlegger himself. Astute criminal lawyers always made the most of this situation, and the prosecution was invariably exasperated for promising immunity to a self-confessed criminal and using him as a witness. Under such conditions it was almost impossible to convict, especially if some member of the jury was unsympathetic toward the prohibition laws. But this was not all. The courts held in the Franklin case that the man who bought liquor in violation of the law was an accomplice of the seller and that his testimony must be corroborated in order to sustain a conviction under the constitution and laws of our state. Since there was rarely corroboration of the main facts in a liquor sale, the State after all found itself helpless, even though the buyer might testify frankly as to the sale and even though the jury might believe his testimony.

Of course, a law making it an offense to buy liquor might restrain many respectable people from purchasing it but we are inclined to believe that the increased difficulty of procuring evidence against bootleggers and convicting them in court would far outweigh any good effects that might result from such a law.

Our opinion is that our present laws are now about good enough. What we need is a more wholesome respect for the laws and a more determined effort to enforce them. And we should remember that satisfactory results can not be brought about overnight. It will require continued effort and an unceasing campaign of education.

Messrs W. G. and A. C. Hayden have established a new paper in Big Spring, the Big Spring Weekly News. The Haydens and Tom Jordan were in the newspaper business in Big Spring for many years as publishers of The Big Spring Herald, which was purchased a few months ago by a "chain" newspaper company. We are glad to see the Haydens back in the newspaper business. The first issue of the News, which reached our office last week, was a twelvepage edition filled with live news and well patronized by the business men of Big Spring. Here's hoping the Haydens make a big success of the new paper.

Fisher county citizens a few days ago voted for a highway bond issue

of \$1,400,000. They expect to get a million dollars additional from the State and Federal governments. With this vast sum they plan to pave the Dal-Paso highway extending east and west through the county and Highway No. 70 extending north and south, entering the county just north of Sweetwater and passing through Roby and Rotan. They also plan to improve a number of lateral roads. Those people down in Fisher county have undoubtedly caught the good roads fever.

In this paper appears a statement to the effect that arrangements have been made to import a car of fine Jersey cows to Lynn county this fall. Our people should take advantage of this opportunity to procure more and better dairy cows. In fact, we should like to see the demand become so great that it would be necessary to ship in a number of car loads. Let's get rid of our scrub stock quick and replace them with thorough-breds.

Howard county is preparing to hold a bond election for the purpose of procuring funds with which to pave highway No. 9. They have asked Dawson county to call an election at the same time to pave this highway through that county and citizens and officials of that county have the matter under consideration. Highway No. 9 is one of the most important in the state and some day will be paved throughout its length.

The exhibits at the Panhandle-South Plains Fair at Lubbock last week were fine. Possibly there were not as many farm exhibits nor as many live stock exhibits as last year but the exhibits in both these departments were excellent. Every farmer in Lynn county should have seen these beautiful Jersey heifers and milch cows. There should be more of this type in Lynn county.

We are not trying to start anything—don't think the time is ripe—but Highway No. 9 through Lynn county is terribly bumpy. So is Highway No. 84. Wouldn't it be fine to have these highways paved, the road from Tahoka to Slaton greatly improved and a net work of good roads built throughout the county? It will be done some day.

We are not going to raise any rough house about what the ladies wear—or don't wear—but if the men should inaugurate a shirt-tail movement we can't figure out that anybody would have any kick coming.

The man who would kick at this weather these fine October days would kick at the heating system of the New Jerusalem if he should ever happen to become a citizen of that splendid municipality.

A few Lynn county citizens seem to be getting interested in sheep. We hope to see the time when there are a few sheep on half the farms of the county. Why not?

The Lynn County Fair was so satisfactory this year that we believe it should be made a permanent institution, and the live stock department should be greatly enlarged.

SOME FACTS ABOUT COTTON

Over one-fourth of the industries in the United States depend directly on cotton.

Their products represent over 35 per cent of the country's manufacturing values.

The cotton-using and cotton-dependent industries employ nearly a

PAINFUL INDIGESTION

Lady Says She Obtained Relief By Taking Small Doses of Thedford's Black-Draught.

Ardmore, Okla.—"I have recommended Black-Draught to a great many people, and they always thank me afterwards," says Mrs. Charina Duke, 116 "B" Street, this city. "Fifteen years ago, I was in very bad health. I suffered a great deal with indigestion, and I traveled from one place to another in search of health, but nothing helped me. I lost in weight, and my food disagreed with me, and I could scarcely eat a bite that did not give me indigestion. "Often I had bad gas pains across my stomach, and I would wake up in the mornings with very bad headaches. I had a bad taste in my mouth, and would feel dizzy when I was on my feet. "I began taking Black-Draught and soon found that I was getting better. I took a dose about the size of a pea, four or five times a day, for three or four days. "After I had taken several courses of Black-Draught, in that way, I felt fine. I no longer had indigestion. I could eat what I liked, and enjoyed my meals. I gained in weight, and felt able to care for my children and do my housework. "In use nearly a hundred years. Twenty-five doses 25¢. NC-213

Thedford's **BLACK-DRAUGHT** Indigestion, Constipation

third of the Nation's labor. Representing only 13 per cent of the country's farm production, cotton makes up nearly 45 per cent of its agricultural exports.

Nearly 80 per cent of the 1928 crop was below an inch staple length. Only 54 per cent of the cotton consumed in the United States was below an inch staple.

One American manufacturer uses 80 per cent Egyptian cotton because he cannot get as fine or as long cotton in this country.

Nearly 15 per cent of the 1928 crop was untenderable on contract because of short staple.

Of the 1928 crop, 34 per cent was in the middle staples of 15-16ths to 1 1-32nd inches.

Of the cotton consumed in the United States, 69 per cent was in these middle staples.

Brazil's cotton is 1 to 1 3-8ths inches staple length. She has enough available land to produce 40,000,000

bales annually, at 100 pounds per acre.

Are You Corn-Crippled?
Here is why we recommend
NYAL CORN REMOVER
(1) The handy glass applicator fitted in the cork makes Nyal Corn Remover easy to apply.
(2) The liquid forms a film over the corn, protecting the latter from rubbing against the sock or stocking.
(3) After a few applications, the corn can be lifted out with the fingers.

Guaranteed to satisfy or your money back. Good for warts and bunions too

Tahoka Drug Co.

Make this Simple Test!
and Decide for Yourself
Which is the BEST FEED for Your Hens

ALK—like some poultry feeds—is cheap. Confronted by the conflicting claims of many feed manufacturers (all claiming "the best") you are apt to conclude that all feeds are alike—or else that their makers have but scant regard for the truth.

Why not decide for yourself—uninfluenced by personality or arguments?
When you buy feed, you want to get your money's worth; you want egg-making materials—not alfalfa meal and other high-fibre "fillers" which are condemned by the leading agricultural colleges and experiment stations.

Here's How You Can See How Much FEED You Get!

USE any glass receptacles (two fruit jars will do). Place in one, 1/4 lb. of RED CHAIN Orange-Vitamin Egg Mash; in the other, 1/4 lb. of any other commercial egg mash. Then add 2 lbs. of water to each, stir thoroughly and allow to settle.

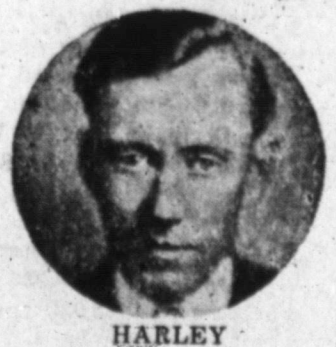

(The drawings of the "washers" were made from actual photographs of a test between RED CHAIN and another well known egg mash.)

THE difference is astonishing! In both jars the real feed settles to the bottom and the waste matter rises to top. In the RED CHAIN jar only a few black specks (charcoal) float, but in the other egg mash you'll find a thick rim of alfalfa stems and other fibrous waste matter!

We Sell RED CHAIN Because It's SUPERIOR Feed

Locals

J. E. Thompson is here organizing the Consumers Fuel Association. The purpose of the association, as we understand it, is to purchase gasoline, kerosene, lubricating oil, and coal in wholesale quantities and at wholesale prices and furnish same to the members at cost. In other words, it is to be a co-operative association for the purchase of these supplies. The members have elected a board of directors of five members who are to direct its affairs.

J. M. Marshall of Colorado, who owns a half section of land out in the vicinity of New Moore in this county, was a business visitor in Tahoka Friday. Mr. Marshall is still suffering from the effects of a rattlesnake bite which he received six months ago while fishing near his home on the Colorado River. Mr. Marshall says that snake almost got his life and he has no love for the reptiles.

J. B. Nance was called to Reed, Oklahoma last week by the death of a brother, A. P. Nance. The deceased was 81 years old at the time of his death. He was a citizen of Texas for more than forty years but removed to Oklahoma about thirty years ago. He was a devoted member of the Baptist Church and enjoyed the esteem of a large circle of friends.

Rev. R. T. Breedlove and family returned Friday from a few days visit with relatives at Haskell, Dallas, Tyler and Dublin. Brother Breedlove says that there is much evidence of progress in the Tyler country. He attributes the prosperity of that section to the building of good roads and the practice of diversified farming.

E. L. Hogan left Friday for his home at Edinburg, where he is engaged in business, after spending a couple of weeks here with his parents Mr. and Mrs. G. E. Hogan. He was recently released from a hospital in Wichita Falls in which he had been confined with a broken leg.

W. H. Thomas, who lives fifteen miles west of town, called at the News office Friday and ordered the News sent to him for one year. He says cotton will make a third of a bale per acre on his place this year, which is very fine considering the drought.

Rev. B. N. Shepherd, Rev. D. D. Johnson, and Rev. A. W. Shewmake conducted an ordination service in which a couple of the leading members of the Bethel Baptist Church were ordained as deacons Sunday afternoon.

Rev. D. D. Johnson, missionary of the Brownfield Baptist Association says that plans are maturing for the organization of a Baptist Church out at T-Bar in the near future.

Little Miss Marjorie Burdette, daughter of Mr. and Mrs. Jim Burdette is said to be critically ill of scarlet fever.

G. E. Hogan returned Tuesday night from Comanche, where he spent a few days visiting his aged mother.

T. S. Williams and Henry Reed spent Tuesday and Wednesday at Hobbs and Lovington on business.

Little W. J. Riddle, who has been seriously sick of scarlet fever, is reported to be improving.

Mr. and Mrs. T. J. Sherrard of Lubback visited relatives here Saturday and Sunday.

Mr. McCasland who has been sick for several months will move with his family to her father's at Dixie this week.

HONORED WITH SHOWER

Mrs. C. B. Townes and Miss Leta Tarrance were delightful hostesses in the former's home last Wednesday afternoon from 3 to 6 o'clock when they entertained with a shower honoring Mrs. Barney Greathouse, who has recently become a bride.

The living rooms were beautifully decorated with vases of pink and white roses and cosmos. The dining table was decorated very attractively with pink and white rosebuds and a tiny bride and groom draped with veils and streamers.

Mrs. L. C. Haney, presided over the register book—in which each was to offer a bit of advice to the young bride.

The following program was rendered: Vocal solo, "My House", by Mrs. Lane Moreland, accompanied by Mrs. G. M. Stewart.

History of the romance was cleverly and very interestingly given by Mrs. G. H. Nelson, Miss Lucille Slaton gave a violin solo, with Mrs. Stewart accompanying her. Mrs. Stewart played very softly a wedding march, while little Sonnie Roberts, dressed as a groom and little Miss Dorothy Jean Applewhite dressed as a bride pulled in a wagon loaded with beautiful gifts to the honoree.

Miss Frankie Wells toasted the bride and Miss Leta Tarrance toasted the girls left behind.

A lovely salad course was served to the following guests: Mesdames B. P. Maddox, mother of the honoree, Barney Greathouse, L. C. Haney, W. B. Slaton, G. M. Stewart, Coleman Wells, Harley Wells, Sam Sanford, Oscar Roberts, Lane Moreland, C. A. Thomas, Tarrance, Powell, H. B. Howell, Jerry Nash, Zoe Lowry, J. R. Singleton, M. L. H. Baze, W. O. Henderson, G. H. Nelson, L. E. Turretine, Jack Applewhite, Jack Edwards, Clarence Barnes, Harlan Cook and W. S. Anglin, Misses Frankie Wells, Lucille Slaton, Sybil Tarrance.

TURNING DOLLAR SCORES AGAIN

We wish to thank the people of Tahoka trade territory for the splendid support and patronage given us on our opening day last Saturday. We are well satisfied with the day's work, it being much better than we were expecting. To show our appreciation, we are coming out again next Saturday, October 12th, with a number of "Red Hot specials", and with everything in the house marked at good prices. Nothing will be

marked up to cover our loss on specials. Come in and get acquainted. O. C. RICHARDS (Adv.)

Cash!
 The big idea is this: The credit business is bad for the customer and bad for the merchant. I am getting away from it. Payment in Cash when goods are delivered or on the first of the following month will be my policy hereafter. This will save both of us money, both me and the customer. I thank you.

MRS. STOKES CLUB HOSTESS

The first lesson on National Parks and Monuments was rendered in the hospitable home of Mrs. Stokes. Mrs. Applewhite was leader. She made a very interesting talk on the origin and growth of the National Park Movement, and Why We Need National Parks. Mrs. Baze outlined the future development of our parks and told the difference between National Parks and National Monuments. Hot Springs National Park was ably discussed by Mrs. Callaway. Mrs. Caveness told where, how to reach and the attractions of Platt National Park. Delicious fruit cake (ten months old) and oat meal cookies with punch was served to the following lady members: Mesdames Baze, Williams, Henderson, Tunnell, Nash, Turrentine, Callaway, Nevels, Slaton, Ap-

plewhite, Lemond, G. M. Stewart, Shook, Fenton, Elliott, Nelson, Hood, Caveness, Townes, Haney, Stokes, Guest, Mrs. Morgan. Mary Fenton's "Mother's Dash for Liberty" caused much laughter. Club meets October 11th with Mrs. Callaway at 3 o'clock, teachers 4 o'clock.—Reporter.

MANY SNAKES ARE PRESENT

Visitors to the city wells neighborhood report quite a number of rattlesnakes there this year. Lately several have been killed, and it is reported that Mr. Uzzell, who lives close to the wells, and who has a cotton crop in that section, has stated that most any night he can shine a light down he cotton rows and see he reptiles squirming around among the cotton stalks. No special reason can be assigned for the snakes, being so numerous this season.—Paducah Post.

HE'S TO BE HERE MONDAY!

Not much use to say who it is, but for the benefit of newcomers to West Texas—it's Harley Sadler.

gust 24th, 1912, embodied in section 411, Postal Laws and Regulations, printed on the reverse of this form, to-wit:

1. That the names and addresses of the publisher, editor, managing editor and business manager are: E. I. Hill, Tahoka, Texas.
2. That the owner is: E. I. Hill, Tahoka, Texas.
3. That the known bondholders, mortgagees, and other security holders owning or holding 1 per cent of total amount of bonds, mortgages, or other securities are: Mergenthaler Linotype Co., Brooklyn, New York.
4. That the two paragraphs next above, giving the names of the owners, stockholders, and security holders, if any, contain not only the list of stockholders and security holders as they appear upon the books of the stockholder or security holder of the company but also, in cases where the stockholder or security holder ap-

pears upon the books of the company as trustee or in any other fiduciary relation the name of the person or corporation for whom such trustee is acting, is given; also that the said two paragraphs contain statements embracing affiant's full knowledge and belief as to the circumstances and conditions under which stockholders and security holders who do not appear upon the books of the company as trustees, hold stock and securities in a capacity other than that of a bona fide owner; and this affiant has no reason to believe that any other person, association, or corporation has any interest direct or indirect in the said stock, bonds, or other securities than as so stated by him.

WHY miss even a DAY

of this greater cleaning comfort

A speedier, easier, pleasanter way of electric cleaning and promoting general home sanitation is in store for you... a method made possible through the Premier Complete Electric Cleaning Unit.

You now can have, for practically the price of an ordinary electric cleaner with attachments... a wonderful unit consisting of... a large Premier Cleaner for rugs and carpets... a polisher-waxer accessory to give your floors a glistening wax-finish... and a remarkable small cleaner called the Spic-Span, which not only does all the odd, tiresome cleaning tasks, but which also deodorizes rooms, applies a moth repellent, cleans and purifies everything it touches.

This new scientific method of promoting general home sanitation is now within your reach, regardless of the price you wish to pay. For Premier has made possible a Complete Electric Cleaning Unit for every purse and purpose.

Premier Junior and Premier Spic-Span **\$48.50**
Premier Duplex and Premier Spic-Span **\$73.50**

Floor Polisher Accessory for Premier Junior or Premier Duplex, only a few dollars additional.

Ask for a demonstration and details of our liberal trade-in allowance when the Premier Duplex is purchased.

South Ward Items

The Tahoka B. Y. P. U. presented a program at South Ward school house last Sunday afternoon. It was enjoyed by all of the community. Don't forget South Ward B. Y. P. U. next Sunday afternoon. Mr. J. O. Lowrie will be the leader.

Mrs. G. V. Cobb has returned from the Lubbock Sanitarium where she underwent an operation. She is rapidly improving. A group from our community is going to pick cotton for Mr. Cobb one day soon in order to aid him gather his crop.

Mr. Allen, who was struck by lightning, is rapidly improving.

We are going to organize a Scout Troop here at the school next Friday night, October 11th. Mr. Jesse Eubanks, the Scoutmaster of the Tahoka Troop has promised to bring out his boys and help us organize. In order to put this over we must have a certain number of boys above the age of 12 years. Every body in the community must respond in order for there to be enough to justify a troop organization. The parents are invited and urged to attend this meeting. There are many mistaken ideas about the organization, aims and objectives of Scout work. One visit to a troop meeting would be

enough to convince any person that it is an upbuilding movement to develop citizenship at an early age.

Two brothers and one sister of Mr. Bert Boyd are visiting him from East Texas.

One week from this Friday we are going to have a well diversified program. There will be a play given by the children of the school and there will be a speaker to talk to the community. This program will include a regular meeting of the Parent-Teachers Association.

Mr. and Mrs. H. T. Bridges and daughter, Miss Eloise, visited in Floydada the week end.

STATEMENT

Of the Ownership, Management, Circulation, Etc., Required By The Act of Congress of August 24th, 1912.

Of The Lynn County News published weekly at Tahoka, Texas, from October 1st, 1929.

STATE OF TEXAS, COUNTY OF LYNN:

Before me, a Notary Public in and for the State and county aforesaid, personally appeared E. I. Hill, who having been duly sworn according to law, deposes and says that he is the Publisher of the Lynn County News and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management, etc., of the aforesaid publication for the date shown in the above caption, required by the Act of Au-

Only Memory of Troubles Left

"Orgatone is a Wonderful Medicine And Has Restored My Husband's Health," Says Woman

"About all that is left of my husband's five years of suffering is the memory of it," said Mrs. J. H. Holston, of 305 N. E. Fourth, Amarillo, Texas. Mr. Holston is a butcher.

"My husband would have been a different man today, if he had gotten hold of Orgatone five years ago," she continued, "and it would have saved him a world of suffering. He had a chronic case of stomach trouble, and nothing he took seemed to help him. He would have frequent attacks of acute indigestion, which would leave him weak and worn out for several hours. He could hardly eat anything without a sour gas would form on his stomach and cause the sharpest kind of pains all through his chest. He often had dizzy spells and he was very restless and hardly got a real, good night's rest. He always had a very sore, tender spot in the pit of his stomach. He would get up in the morning feeling just as tired as when he went to bed.

"We read so much about Orgatone in the local papers, where it had helped so many people here, he began taking it. We have just taken three bottles, for I have taken it too for a general run down condition, and find it to be very good in my case. My husband eats anything and everything he wants, without the slightest disagreement whatever. He is feeling better and stronger, and has more strength than he has had for the past four years. We both think Orgatone is just a wonderful medicine, and are very thankful that we started using it."

Genuine Orgatone may be obtained in Tahoka at Thomas Bros. Drug Co.

4-H CLUB EXHIBITS

The 4-H Clubs of Lynn County had real good exhibits this year. Every club in the county was represented. Jewell Sewell of Draw club has completed the third and fourth years this year and it has been excellent.

The first and second prize articles were moved to the Panhandle-South Plains Fair at Lubbock Friday afternoon. The winners will be sent to the State Fair at Dallas Friday of this week.

1st—Jewel Sewell
2nd—Alma Elliott.

Towel:
1st—Jewel Sewell
2nd—Alma Elliott.

SPECIAL EXHIBITS AT FAIR

Health Garage

The Women's Home Demonstration Clubs of Lynn County arranged a very attractive educational exhibit at the Fair this year.

This was the "Health Garage." In this garage they had these slogans: "Consult Us On Rebuilding Bodies"; "Visit This Filling Station Daily"; and "Accessories."

The exhibit was carried out in this manner: On the platform they had a large milk bottle cut from beaver covered with white paper on which was pasted highly colored vegetables, fruits and cereals. At one side there was an orange box which contained vegetables of each description, from this box there came coils of black wire reminding us of the garage again. On the opposite side a boy's toy red car was used. By this car was the Slogan "Consult us on Rebuilding Bodies." Above the Milk bottle was the Slogan "Visit this Filling Station Daily."

The Accessories that were used were: baseball bat, glove, tennis racket, soap, tooth brush and Tooth Paste.

Watermelon Rind Exhibit

As you passed along by the 4-H Club exhibit did you happen to glance and see this poster: "Why waste Watermelon Rinds? Make these products: Preserves, Jams, Marmalade, Preserves, Sweet Pickles, garnishes cubes (red and green), crescents, crumbles and watermelon rind rings.

This exhibit was put up by the home demonstration Agent co-operating with Mrs. Lloyd McCormick, Mrs. Clements and Mrs. J. D. Brown of the New Home Club. The purpose of this exhibit was to show the people of the county the products that could be made from the rind of watermelons, that are nearly always destroyed, or thrown to waste.

Walk around the Court house in watermelon season and see how many rinds you will find, if the Janitor has not been around in the last few minutes, going to waste.

Now turn your thoughts in a different direction, consider these very same rinds in preserves, pickles and the other products mentioned above, and consider how much every one would save if they used all the rinds. Why in a year's time it would amount to millions of dollars in Texas alone. Think about that next time you eat a watermelon and start to throw away the rind.

CRAMPING SPELLS

Mississippi Lady Tells How She Suffered Until She Had Taken Cardui on a Friend's Advice.

Greenville, Miss.—In describing how she suffered several years ago, Mrs. Mattie Dalton, of 112 Pecan Street, this city, recently wrote:

"I would cramp, and my hands and feet would draw, so I came near having convulsions. I would have to stay in bed, sometimes a week, and when I would get up, I just dragged around, and did not feel like doing my work. I suffered a great deal with my back."

"A friend came to see me and saw how I suffered. She told me to try taking Cardui, which I did. I seemed to have more strength, after my first bottle. After I had taken about four bottles of Cardui, I saw a great improvement."

"I quit having such bad spells, and was stronger and better than in a long time. I gained in weight. I took a few more bottles of Cardui, and felt so well that I quit taking it."

"I certainly can recommend Cardui for I know what it is to suffer, and I know that Cardui helped me."

Thousands of women have written to tell of the benefit Cardui has been to them—in helping them to build up their health.

Having helped so many others, Cardui should help you, too. *MC-272*

Take **CARDUI** 50 YEARS OF USE BY WOMEN

If you should lift the body of every car

in Buick's field—and compare the chassis—then you too would choose

The New BUICK

If you were to lift the body from the chassis of any one of a hundred cars—and compare the vitally important details of chassis design and construction—you would find Buick so outstandingly superior in all phases of fine car engineering that you would almost inevitably make Buick your choice. Here is what you would see in this famous chassis:

Buick's great new Valve-in-Head engine—developing 99 horsepower in the 124- and 132-inch models, and 80½ horsepower in the 118-inch models. Unapproached in sturdiness, all-round performance—ability, reliability and economy as well.

Buick's new Controlled Servo Enclosed Mechanical Brakes—providing smooth, positive, silent braking, with minimum pedal pressure. And—because fully protected against dust, dirt and water—operating at maximum efficiency in any weather.

Buick's new frictionless steering gear and new Road Shock Eliminator—twin advancements introduced by Buick. The Buick wheel offering effortless control throughout its entire turning range—and the new Road Shock Eliminator assuring complete freedom from annoying jolts and jars.

Buick's new, longer rear springs, and new

Lovejoy Duodramatic Shock Absorbers—front and rear. Combining to check both bound and rebound, and providing a degree of riding ease without parallel anywhere.

And, finally, such established Buick superiorities as the famous double-drop frame of toughest steel... the massive side and cross members reinforced at points of stress to insure greatest long life... the celebrated torque tube drive, Buick multiple-disc clutch, self-lubricating differential, and numerous other features.

When the list of Buick's chassis features—entirely aside from the irresistible appeal of Buick's new Fisher Bodies—reads like a roll-call of all that is soundest and best in fine car engineering... and when, in addition, you can buy a Buick for as little as \$1225, f. o. b. factory... what wonder that all comparisons lead to Buick! What wonder that more than 2,000,000 people have invested their money in Buicks—and that from two to five times as many are purchasing this new Buick as any other automobile priced above \$1200!

BUICK MOTOR COMPANY, FLINT, MICH.
Division of General Motors Corporation
Canadian Factory: McLaughlin-Buick, Oshawa, Ont.
Builders of Buick and Marquette Motor Cars

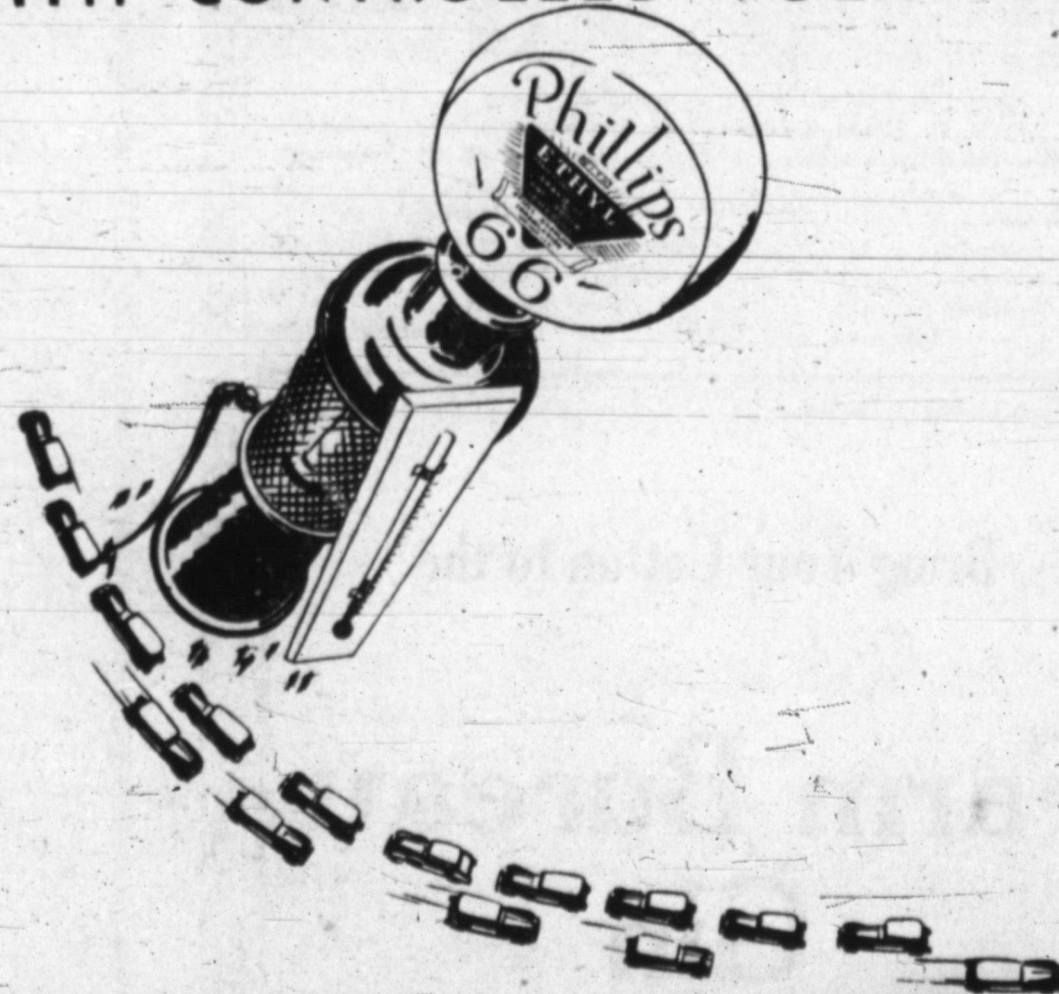

118" Wheelbase Models, \$1225 to \$1295 124" Wheelbase Models, \$1465 to \$1495
132" Wheelbase Models, \$1525 to \$1995

These prices f. o. b. factory. Special equipment extra. Buick delivered prices include only reasonable charges for delivery and financing. Convenient terms can be arranged on the liberal G. M. A. C. Time Payment Plan. Consider the delivered price as well as the list price when comparing automobile values.

Hill Motor Company

"When Better Automobiles Are Built Buick Will Build Them!"

THE ONLY ETHYL WITH "CONTROLLED VOLATILITY"

Here's a combination never before obtainable in any one motor fuel. All the famous qualities of Phillips 66—plus a few drops of Ethyl in each gallon, to eliminate knock. Result? Easy starting any weather—instant acceleration—extra mileage—effortless, quiet power. Treat your car to a tankful of Phillips 66 Ethyl—the only Ethyl that gives you Phillips 66 performance. Dispensed from sealed tanks to protect you against substitution.

THE LAST WORD IN GASOLINE

WHEN THE THERMOMETER GOES DOWN THE VOLATILITY GOES UP

W. G. Tarrance

SLAT'S DIARY

Friday—The preacher got sore at pa and ma tonite. He was at our house for supper and he ast us witch part of the services we liked best on Sunday and I spoke up and sed that I herd pa say he he liked the benediction best, frum that time on the supper was very discomfortable for me especially.

Saturday—Ant Emmy went to the pitcher show tonite and when she cums home she was all excited. She sed she didnt no that monkeys cud tawk but it showed on the screen where an animal pitcher was shone and the monkey sed to the tiger. You will pay for this insult to my pride.

Sunday—Helen Glunt got home frum a Finishing school today witch she had only ben there a week but pa sed it was Helens pa witch got finished first and so she cums on home half finished.

Munday—Ma went to a bridge luncheon today and pa had to go to

a restaurant for lunch. I ast pa what the difference between a lunch and a luncheon was and he sed about a dollar and a quarter most generally.

Tuesday—Unkle Hen was sick for about a week but got to feeling all right last Sunday but he woodent get up till this afternoon becuz he still had sum medicine left and he sed Drs. was to expensive and he wanted to get his muneys worth.

Wensday—They was a new baby born a cupple days ago across the crick and it only wayed three lbs. and a half. But frum all I can hear I guess they are going ahead and keep it enny ways.

Thirsday—Well I guess I am in bad with Jane and it ain't my fault neither. I borried pa's tipe writer today and rote her a long letter and this evening Elsy telephoned and sed Jane was offly mad becuz I began the letter My Dear Pest. I sedcent help it becuz I made a mistake and sed that instead of PET which was my intension. Well who cares fr gurls ennyways. Only sissy gays and I ain't one.

"A rolling stone gathers no moss"—neither does a rolling dollar. Turn your dollars so they won't roll—at Turning Dollar Cash Grocery. adv.

Miss Exa Patterson, visited her aunt, Miss G. C. Shaeffer, the week end.

Bring Your Cotton to the

Farm Bureau Gin

There is no better equipped gin in the county. We believe we can make it pay you to have your cotton ginned here.

A. M. WILLINGHAM, Mgr.

The Parade That Never Ends

Day after day they pass before you in review—these advertised products which fill the pages of your paper. And, as they pass you, single out one here—compare it with this—mark that one for future reference—here's something you've been waiting for—there's something to try for breakfast tomorrow.

Think of the wealth of information before you every day! What's the mode in printed dress goods? What's the latest wrinkle in kitchen appliances? The answer to these and hundreds of other questions are at your fingertips—just for turning the pages.

How much it means to be able to make up your mind before you start out to buy! How many steps and minutes you're saved. How well you're able to budget your expenditures—apportion your money before you begin.

You no longer need to parade from shop to shop—counter to counter—looking—looking. Today you read the advertisements and let the things you want and need march before your eyes for comparison and selection.

Read the advertisements weekly. Keep in step with the progressive parade of merchandise on the printed page. IT PAYS!

Honest Values

that assure **DEPENDABLE**
TRANSPORTATION!

The Chevrolet Red "O.K. That Counts" Tag Protects Your Used Car Purchase.

Every reconditioned car we offer for sale is identified by means of the Chevrolet red "O.K. that Counts" tag. This tag is the purchaser's assurance that the car to which it is attached has been gone over carefully by expert mechanics—that it has been thoroughly reconditioned—and that the price is based on the car's actual ability to render service.

Due to the overwhelming popularity of the new Chevrolet Six, we have on hand at this time an unusually large group of these "O.K.'d" cars. Come in! You are certain to find the car you want—at a price that will save you money. Make a small down payment and drive your car away!

USED CARS with an O.K. that counts

Quality . . .

There is only one thing that we will not do for our customers—sell them shoddy goods—we do not sacrifice Quality for Price.

Prices may talk but sometimes they talk too loud and try to hide the fact that there is no Quality behind them.

There is a "Happy Medium"—not too high nor yet too low—and we have found that happy medium through our entire stock.

We saw a mule sell once for \$5.00 and we thought it was too high. We saw another mule sell the same day for \$175.00 and we thought it was worth the price. Yet they were both mules, each had two eyes, two ears and four legs. The difference was that one of the mules would give long and efficient service, the other was just a mule.

Our Quality is guaranteed, our prices are low, our Service is the kind that brings folks back again and our stocks are complete.

MAKE US PROVE IT!

SARGON SALES SET RECORD

If you were told that literally thousands of well known men and women had stated publicly that a single medicine had relieved them of health troubles after all other medicines and treatments had apparently failed—it would sound impossible, wouldn't it?

Yet that is Sargon's wonderful record.

So great has become the demand for Sargon and Sargon Soft Mass Pills that the Sargon Laboratory has been forced to increase its capacity from 8,000 to 45,000 bottles daily.

"Phenomenal and bewildering" is the way one of the big drug jobbers of the country describes the marvelous demand.

One big New York firm, with wholesale branches in leading cities, is selling at the rate of more than one million bottles a year—or to be exact, 908,184 bottles in the past 8 months.

Introduced in California in April of this year, the people of this State alone are now using it at the rate of more than one million bottles per year, or an average of one bottle for every family in the State and so it is everywhere.

Why this enormous and ever-increasing demand for Sargon?

The answer is this: Sargon is a new kind of medicine. It is different from any other medicine you have ever taken because it is based on new and remarkable discoveries in the field of modern medicines which have completely overturned many old moss-grown theories we have known for a life-time.

That is why people everywhere are looking on Sargon as the one great out-stand health giving remedy of the age. No wonder it is called the medicine with a million friends.

TEXAS GARAGE

Unerring Instinct Is Nature's Gift to Seal

Seals are possessed of most unerring instincts, says Gas Logie. They know, for instance, exactly where to bore the ice to make their bobbing holes and never waste time or effort on ice too thick to be penetrated. They have some mysterious way also of knowing the width of a field of ice that must either be swum under or passed around.

A mother seal will leave her pup on an ice floe, slide off into the water, travel for a great distance and be gone for hours fishing. Meantime the ice floe, carried by winds and currents, drifts far also. Yet when "quitting time" comes the mother unerringly returns to the right floe, comes up through her own bobbing hole and at once finds her waiting child. Seals normally travel through the water at about 20 miles an hour, but on occasion will "holt" for a short time at a rate of about 100 miles an hour. They cannot remain submerged without drowning for more than about 20 minutes.

A mother seal among a swarm of seal "pups" is said to be a very curious sight. Many of the "pups" solicit her maternal attention, but she angrily repels them all, finds her own baby and nurses no other. The seal youngsters all look precisely alike to man, but her nose knows!

Related Honors Paid First British Aeronaut

In honor of James Sadler, the first British aeronaut, a memorial tablet has been erected at Oxford.

On October 4, 1874, he "did astonish the people by ascending into the atmosphere with firmness and firm judgment." His balloon was 170 feet in circumference, and carried a small brazier, suspended under the envelope. In order to maintain heated air to give the power of ascension. It shot up to a height of 3,000 feet, and was blown northwest.

Unfortunately, Sadler dropped the fork used to handle the fuel, and it is said he avoided coming down in a wood by using oars. Eventually, after half an hour's flight, he had traveled about six miles. In his second flight he used hydrogen, and in three minutes was lost to sight in the clouds. Twenty minutes later he came down near Aylesbury, 14 miles away.

For 25 years Sadler worked as a chemist, engineer, and inventor, but when fifty-seven he returned to ballooning. In 1814 he ascended from Burlington house, Piccadilly, before a huge crowd. Subsequently, however, he failed in an attempt to cross from Ireland to England.

WANTED—1,000 fryers for Saturday. Highest cash prices paid. Phone 188. 47-tfc.

TRENCH MOUTH HEALED

Your friends dare not say so but your sore gums and foul breath don't make folks like you any better. LE-TO'S PYORRHEA REMEDY heals worst cases if used as directed. It is not a mouth wash or paste, and is sold on a money back guarantee. Thomas Brothers Drug Company

NINETY BOOTHS TO BE USED AT C. OF C. CONVENTION

EL PASO, Texas, October 8.—Arrangements have been completed by the El Paso Chamber of Commerce for nine booths on San Jacinto Plaza, in the heart of the business district, to be used for community exhibits at the eleven annual convention of the West Texas Chamber of Commerce. Of these thirty have already been taken by various communities where farm exhibits or other attractive features will be placed. Directly across the street from the Plaza will be erected a huge band stand where continuous programs will be given by the bands coming for the convention. It is expected at least thirty bands will be here for the convention. Cities desiring these booths have been asked to communicate with the El Paso Chamber of Commerce.

LEGAL BLANKS—Crop and chattel mortgages and car and cattle bill of sale forms in stock at prices cheaper than you can buy them from any stationer.—Lynn County News.

MANUSCRIPT COVERS—\$1.50 per box of 100, two covers for 5c.—The News.
