Tahoka, Lynn County, Texas, Thursday, October 17th, 1929.

Number 8

## CONTINUE MRS. TURNER'S CASE

John Turner, Defense Witness, Fined \$500.00 For Non-Appearance at Court

The case of the State of Texas vs. Mrs. Mollie Turner, charged with the murder of her husband about nine years ago, was called for trial in the district court Monday morning but was continued until the next term of court upon the application of the defendant. The motion for continuance alleged that the defendant's son, John Turner, was an important witness for defendant, that he was absent, and that his attendance at this term of court could not be procured. Judge Fritz R. Smith of Snyder who was presiding, granted the continuance but assessed a fine of \$500.00 against the absent witness and ordered that an attachment for him be issued.

Judge McGuire was disqualified to sit on the trial of this case by reason of the fact that he was district attorney when the alleged offense was committed and assisted the grand jury in the investigation of the case at that time.

The first indictment was later dismissed on account of insufficiency of evidence to convict, but new evidence came to light last year and a new indictment was returned. The case was tried a year ago and defendant was convicted, but the case was reversed upon appeal. The defendant is represented by Vickers & Campbell of Lubbock.

## Celebrate 50 Years Of Electric Lights

Fifty years ago this month the young Thomas A. Edison gave to the world the first incandescent lamp—and the reporter who wrote the first story about his discovery was "fired" by an irate city editor for his gullibility in believing that such a lamp would actually shed light.

Plans for the celebration of Light's Golden Jubilee during the week beginning October 20 are going forward all over the United States. The National Electric Association bulletin devotes this month's entire issue to the jubilee, and practically every city in the United States represented by the electric industry will take part in the celebration.

One hundred engraved pictures of Edison have been received by the Texas Utilities Company here and have been distributed among the merchants of the city for display in their windows. A number of Light's Golden Jubilee Pennants and a hundred copies of the New York Herald of October 21, 1879, which carried the first announcement of the invention of the incandescent lamp have also been distributed here.

The front of the Texas Utilities Company will be decorated with streamers of gold-colored lamps and with special window displays. "This celebration is not being held for commercial purposes but for the purpose of commemorating the invention of the incandescent lamp, which developed into the modern electric light and has helped to make living better in so many respects". W. S. Anglin, local manager of the Texas Utilities Company, said to a representative of the News in speaking of the celebration to be observed here next week.

## New Home H. D. Club Holds Meeting

The New Home Demonstration Club held its regular meeting October 10th, at 3 o'clock at the school house.

The program was on "The Family and its Food Habits."

Then Miss Greenwade gave a demonstration on preparing foods in an attractive way, and different kinds of salad dressings. Also some recipes that sounded mighty good.

The club has adopted a plan of each member giving the member or members a tea-towel whose birthday comes in the month of the club meeting. Mrs. Creed Clements and Mrs. Acie Bailey were the fortunate ones this month. They received several very pretty ones.

The next meeting will be October 24th at 3 o'clock at the school house. Be sure and come or you will miss something.—Reporter.

## Infant Buried Here Sunday Afternoon

Little Anna Lee Robinson, seven weeks of age, daughter of Mr. and Mrs. "Dutch" Robinson and granddaughter of Mr. and Mrs. G. M. Duckett, of Three Lakes, died Saturday morning. Funeral services were conducted in the Baptist Church here at 2 o'clock Sunday afternoon. On account of the inability of Rev. Vinson, pastor at Three Lakes, to be present, the funeral services were conducted by Rev. B. N. Shepherd. A large crowd of friends from Three Lakes and many from Tahoka were present and followed the remains to the cemetery.

The grief-stricken parents and grand parents have the sincere sympathy of many friends, especially of those who have undergone a like sorrow.

## MUSICIANS AT KIWANIS MEET

Central Ward Choral Club and Harley Sadler Musicians Furnish Entertainment

Members of the Kiwanis Club were entertained at their weekly luncheon Wednesday by the Choral Club of Central Ward school and by members of the Harley Sadler troupe now playing in the city.

Thirty or forty members of the choral club sang a number of selections, accompanied by their teacher, Mrs. B. M. Hayes, on the piano. Their numbers were greatly enjoyed and Dr. Townes, president of the Kiwanis Club, invited them to come again. Mrs. Hays is teaching music in all the grades at Central Ward, and judging by the performance of her pupils Wednesday, she is doing a good job of it.

Three members of the Harley Sadler Company were also present—Tommy Thompson with his banjo, Lee Wither with an accordion, and Louis Childree, the Alabama boy, with his guitar. Their little concert was certainly very entertaining, as was evident from the applause they received.

District Attorney T. L. Price and county commissioner Bob Finley were guests of the club and Mr. Price made a brief but interesting talk, praising the school children who had rendered a program and stressing the fact that the future of our country rests upon the schools and the churches.

## City Finds Water At Depth of 210 Feet

A stratum of water-bearing gravel was struck Tuesday afternoon in the test well being drilled by the City a few hundred yards north of the municipal water plant. Pumping tests were made Wednesday afternoon, and as a result of these tests it is not believed that the quantity of water which this well would produce would be satisfactory. Therefore, preparations are being made to go on down with the hole to a depth of 300 feet or until water in larger quantities is found.

While the water found Tuesday at a depth of 210 feet does not appear to exist in appreciably larger quantities than is found at a depth of about 100 feet, from which the City procures its present water supply, yet this water seems to be much softer and better than that found at the shallower depth. It is possible also that by drilling a larger hole into this water-bearing gravel a much more abundant supply could be obtained than the tests Wednesday indicated.

The driller and members of the city council have expressed the opinion that other strata of water may be found a little deeper and they hope, therefore, to encounter an abundant supply before the 300-foot depth is reached.

## Receives Injury In Fall From A Car

Bill Newton, barber in Strickland's Political Barber Shop, fell from the running board of his car while he was out hunting Monday afternoon and received injuries to one of his legs that has put him on crutches. If the bone below the knee was not fractured it was very severely bruised, and Mr. Newton has been suffering considerably from it.

## INSPECT LONG STAPLE COTTON

Committee Visits Lubbock Station; Fifty Farmers Agree to Plant Uniform Seed

County farm agent Ray Shaver, L. H. Perkins, Wiley Curry, Bob Chambers and others whose names we did not get went to Lubbock Wednesday to visit the state experiment station and also Texas Tech to investigate the merits of different kinds of cotton suited for this section of the state. The object of the visit to the Tech was to get information as to the comparative spinning values of different staple lengths and to make report of their findings to a meeting of farmers and business men to be held here next Saturday afternoon at 3 o'clock.

About fifty farmers attended the meeting here last Saturday called by D. T. Rogers and Harley Henderson and agreed to adopt some uniform kind of long-staple cotton for planting here next year. A committee was appointed to make some investigation and to report back to another meeting to be held next Saturday.

Mrs. Ralph Cates of Canyon, better known here as Miss Dimple Caloway, is spending the week here with her parents, Mr. and Mrs. H. W. Caloway.

## Post Church Calls Rev. W. A. Kercheville

W. A. Kercheville, of Tahoka, has recently been employed by the Church of Christ of this city. Bro. Kercheville will preach here Sunday, October 13th, giving half time between Tahoka and Post, until the first of the year, at which time he will move to Post and give his time to the work here.

In the past year Bro. Kercheville has had 125 additions to the church of Tahoka and he says he sees no reason why the same thing cannot be done at Post. We invite the Christian people of this section to help us in building up the cause here.—Post Dispatch.

## Much Interest In Jersey Importation

County Agent, Ray Shaver reports that considerable interest is being manifested in the importation of the car load of Jersey cattle which the Tahoka Chamber of Commerce is sponsoring. Several people have interviewed him and he thinks that he will easily secure orders for the car load, within the next few days.

Mr. Shaver is very anxious to get in touch with those desiring to add a good Jersey bull to their herd. It is his plan to secure enough good registered bulls to compete at least two bull circles in Lynn County in this shipment.

## MRS. 'WHITEY' WALKER GIVEN SUSPENDED SENTENCE TODAY

### Mrs. E. E. Callaway Entertains Club

The home of Mrs. E. E. Callaway bedecked with vases and baskets of pink roses, was the meeting center of the Phebe K. Warner Club on October eleventh. Mrs. Callaway and Mrs. Tunnell were joint hostesses.

The subject for the evening was: Rocky Mountain National Park. Talks on the General setting, Geological History, Contrast between eastern and western slopes and the plant and animal life of the Park were made by Meses. Henderson, Elliott, Fenton and Haney.

Delicious refreshments were served to the following members: Meses. Caveness, Craft, Hood, Nelson, Slaton, Applewhite, Haney, Henderson, Turrentine, Stokes, Stewart, Leonard, Shook, Fenton, Nevels, Elliott, Tunnell and Callaway.

### NAZARENE SERVICES SUNDAY

Announcement is made that Rev. James Atkinson will preach at the Nazarene Church in Tahoka next Sunday morning and night. Everybody invited.

## LEGION ELECTS NEW OFFICERS

Key Elected Commander and Taylor Adjutant; Raise Funds For Payment of Note

At a meeting of the Marion G. Bradley Post of the American Legion last Thursday night, officers for the ensuing year were elected. There appears to have been spirited contests for some of the offices. The new officers are as follows:

R. E. Key—Post Commander.  
T. S. Williams—First Vice Commander.  
Bob Luttrell—Second Vice Commander.

W. S. (Skip) Taylor—Post Adjutant.  
D. H. Goodnough—Post Chaplain.  
L. C. Heath—Post Historian.  
J. Wilonsky—Sergeant-at-Arms.

The Legion is planning a program to be rendered on Armistice Day, November 11th.

W. S. Taylor announces that more than \$300.00 was subscribed by business men of Tahoka to assist in paying another note now due on the Legion Hall here and of this amount \$217.50 had been paid in up to Wednesday, and the boys are very grateful for this co-operation on the part of the business men and institutions of the city.

## Will Hold Singing Convention at T-Bar

A two-day meeting of the Lynn County Singing Convention will be held in the auditorium of the T-Bar School Building on Saturday and Sunday, October 26 and 27th, beginning each day at 10 A. M. Everybody is urged to come and bring lunch. Barbecued meat will be furnished on Sunday, according to action taken by the people of T-Bar recently, but visitors are expected to bring their own. Many good singers are expected to be present and a good time is anticipated. Everybody invited.

M. C. RICHEY, Pres.  
M. E. McCORD, Sec'y.

## Lynn County Fair Paid All Expenses

All the expenses of the Lynn County Fair recently held here have been paid, according to C. C. Williams, secretary of the Tahoka Chamber of Commerce, and the business men of Tahoka were not required to dip up an extra dime to pay them. The funds set aside by the Chamber of Commerce and the revenues derived from the shows and concessions were sufficient to pay all expenses.

Another happy feature of this fair was that it was probably the best county fair this year in all this section of the state, and the attendance and the interest were most gratifying.

## Probing Anti-Trust Law Violation Here

### Oil Drillers Have Under-Reaming Job

Slow progress is being made on the Ash Syndicate well five miles west of Tahoka. The drillers encountered a strong flow of sulphur water last Friday at a depth of 4,700 feet. After being compelled to lay off for a day or two, the drillers have since been busy trying to shut off the water. The strata of water-bearing sand is fifteen feet thick, according to the driller. They hope to get the water shut off within a short time and resume drilling.

## TAHOKA WINS FOURTH GAME

Sudan Snowed Under 41 to 0; Bulldogs Journey to Lockney To Play Tomorrow

Showing every good quality that a football team should possess—the football team of Coach Nicklaus ran rough shod over Sudan on the local ground Friday afternoon, scoring 41 points against nothing for the visitors. In this game the local lads showed a superior brand of football and kept the crowd thrilled throughout the game. Completely outplayed by the visitors during the first quarter and staving off a touchdown by a determination that few teams possess, the Bulldogs staged a comeback during the last three quarters that brought victory. They would not be denied, and as a result six touchdowns and one safety were scored. Grider played a whale of a game after finding himself and inspired others to do the same. George at tackle was a sensation. Stevens, who had been shifted to end, seemed to be inspired. Fox and Spears at the other end played superb football. Other men in the line that seemed to display fine football qualities were Benson, Greathouse, Gurley and Tankersley. Edwards and Minor in the backfield brought the crowd in to the air time and again with their sweeping end runs. Moffit played

(Continued on last page)

## Uncle Ike Marries Mexican Couple

While Uncle Ike was proceeding to marry a Mexican couple in the county clerk's office Saturday a near-accident occurred. The hombre in the case came near being left out of the proceedings. It all happened by reason of the fact that none of the Mexicans could understand English and Uncle Ike failed to make himself thoroughly understood in the Mexican lingo. The couple actually desiring to be married consisted of a hombre about 40 years old apparently, and a fair senorita about 16. The Judge naturally supposed that the groom was a nicely-dressed young man about twenty years of age who was in the group. Consequently he directed this young man to take his place by the side of the senorita, started the ceremony, and commanded the young man and the fair lady to join hands. At this stage of the game, the mother detected a serious mistake was about to be made and she excitedly intervened, explaining that this young man was the girl's brother and that the intended groom was the older man in the company. After all had indulged in a hearty laugh at the ridiculous situation, a re-arrangement was made and the wedding proceeded in due form and order. The parties to the marriage contract were Sello Martinez and Rosa Garsa.

## Redwine Box Supper Postponed One Week

An announcement was carried in this paper last week that there would be a box supper at Redwine school house on Friday night of this week. We are requested to announce that this entertainment has been postponed one week. It will be held on Friday night, October 25th. Everybody invited.

## LOCAL COTTON TRUST CHARGED

Representatives From Attorney General's Department Make Investigations In Tahoka

The Grand Jury which was in session most of last week and has been in session all this week is expected to make its final report and be discharged soon after tomorrow. This report is expected to be of much more than ordinary interest. It is known that much of its time has been taken in investigating alleged violations of the Anti-Trust laws of this state. Two representatives of the Attorney-General's office at Austin have been here this week conferring with District Attorney T. L. Price and sitting with the grand jury and assisting in its investigations. Galloway Calnour, first assistant to the Attorney General, was here Monday and Tuesday, leaving at noon. Judge Lawrence of the same department was here until Wednesday afternoon.

It is also known that the investigations pertain to the ginning and buying of cotton and that a number of ginners not only in Tahoka but operating in adjoining counties appeared before the body.

It is stated on high authority that Messrs. Calhoun and Lawrence claim

(Continued from first page)

## Cupid Is Getting Busy Here Again

The records in the office of Truett Smith, County Clerk, show that there have been four applications for marriage licenses during the past week, and up till Tuesday of this week three licenses had been issued. Those procuring licenses were: R. A. Husell of New Lynn and Miss M. C. McDowell of Jones County; J. E. Beleyer and Miss Beulah Berteaux, both of this county; Selsa Martinez and Rosa Garsa, Mexicans. The records also show that an application for a license for M. B. McMillian and Miss Ida Mae Tucker of Wells had been made, but the time for the issuance of the license had not arrived when we examined the records Tuesday.

Mr. Smith reports that he has issued 23 marriage licenses since the new law went into effect on June 13. Immediately following the date when this law became effective, most couples desiring to get married went over into New Mexico to get the license, but Mr. Smith is of the opinion that this practice is gradually dying out. Most couples are now making their application to the clerk here and the gentlemen in the case is procuring and furnishing a health certificate from some reputable physician. This procedure is not only designed to protect the health of the young women of Texas but it gives actual notice to the world that the young man who procures a marriage license in this state is physically fit.

## Midway H. D. Club Has Demonstration

The Midway H. D. Club met Friday, October 11th, with Mrs. J. W. Slover. Our lesson for the afternoon was "The Family and its Food Habits."

Our efficient Home Demonstration Agent gave a most interesting and profitable demonstration on "Attractive Ways of Preparing Food."

Those who enjoyed the afternoon were Mesdames I. M. Draper, T. B. Cowan, J. R. Strain, A. O. Warren, R. B. Floyd, J. W. Slover, Misses Greenwade, Home Demonstration Agent and Eva Cowan. Guests: Mrs. C. W. Slover.

Absent members, you are missing some very good meetings. We urge you to be present at our next meeting with Mrs. I. M. Draper at 3 o'clock, Friday, October 25th.—Reporter.

BUTTER WRAPPERS, very best grade vegetable parchment. 35c per 100. The News.

**Locals**

Quite an honor has come to Miss Jeanette Caviness of this city in being elected to membership in the organization at Simmons University known as Cowgirls. The membership of the club is limited to fifty, only a few new members being elected each year to take the places of old members who graduate or leave college. This organization is a kind of Honorary Society and pep squad combined, and every Simmons girl feels that she is highly honored if she is fortunate enough to be elected to membership in it.

Mrs. I. E. Harmon and son, Carl and wife and little son, C. H., all of Alpers, Oklahoma, and Mrs. Harmon's daughter, Mrs. Dan Majors of Wilmington, Oregon, left Monday after spending a few days here as guests of Mr. and Mrs. J. S. Wells. Mrs. Harmon is a cousin of Mr. Wells and has visited here before. Mr. Wells had not seen Mrs. Majors, however, for twenty-seven years. All the visitors were captivated by this country and expressed a desire to remove to this section some time.

D. R. Poer and family of Goree are spending the fall here with the former's son, Roy Poer. They report the cotton crop a nullity at Goree.

Thomas Durham, who has spent many years in the newspaper business and whose last newspaper work was as editor of The Albany News, was a pleasant visitor in the News office Tuesday. Mr. Durham is now working for a business college but we have an idea that he would like to break into the newspaper game again. He has had too much printer's ink smeared over various portions of his attempt to be at home anywhere else but a print shop.

Hon. H. E. Graham of Cameron was here over the week end on business. Mr. Graham was in the legislature a number of years ago with Judge B. P. Maddox and takes a lively interest in politics. He thinks there will be hot times in Texas next year, especially if Wilcox and his committee undertakes to punish the "bolters."

Uncle Jimmie Fleming received the sad news this week of the death of his brother-in-law Jasper Brown, which occurred at Richland Springs in San Saba county last week. Mr. Brown was 84 years old and had long been an honored citizen of that county.

D. L. Young of Grassland returned a few days ago from a protracted visit at Enloe in Delta County. He reports a fairly good cotton crop in that portion of the state.

Ray Shaver, county farm agent, C. C. Williams, and Judge G. C. Grider, spent Tuesday in O'Donnell in the interest of the movement for more and better dairy cows for Lynn county. Quite a number of farmers indicated an intention to take one or more of the Jersey cows which Mr. Shaver is planning to have brought to the county. Much interest was also manifested in some proposed bull circles.

There is some good cotton in Lynn County this year in spite of the severe drought through the summer. L. H. Perkins says that he will get 45 bales from 130 acres. He had already gathered 26 bales when he was in the office Monday to renew his subscription to the News. That is not bad at all for a year like this.

A. H. Hood, who resides near Central Church eleven miles east of Tahoka, dropped in Monday to renew his subscription. He says that he has never seen a more complete crop failure here than they have out in his immediate neighborhood this year.

A. L. Dunagan was thrown from a wagon load of cotton at one of the gins here Wednesday night when the team was started up unexpectedly to him, and he received painful but not serious injuries to the hips, ribs, and arms. It is not thought that any bones were broken.

Mr. and Mrs. F. M. Moyers of Rockport recently visited the former's parents in this county. Mr. and Mrs. A. H. Moyers. They had just visited relatives in Oklahoma and went from here to New Mexico to visit other relatives.

Judge G. C. Grider and county commissioner T. J. Vandell attended a meeting of West Texas county judges and commissioners in Lubbock Wednesday, when an organization of these officials was perfected.

Mr. and Mrs. W. M. Harris returned last Thursday from Temple where Mrs. Harris was in the clinic of the Temple Sanitarium for several days. She is now under treatment with strong hopes of steady improvement.

The little babe of Mr. and Mrs. J. A. Welch, which was taken to a sanitarium at Lubbock for treatment for diphtheria several days ago, had so improved that the parents were able to bring it home Tuesday.

Messrs Al Lehman and J. Wilson and their families spent the entire day Monday in Lubbock, celebrating Yom Kippur, the most sacred of all Jewish holidays. Their places of business here were closed.

A. M. Tredway returned Monday from a month's visit with relatives at Greenville. His brother, 86 years of age, who was so seriously ill, had greatly improved when Mr. Tredway left for home.

R. C. Parr, circulation man for the Abilene Reporter and News, was a business visitor in Tahoka Wednesday and made a pleasant call at the News office.

Judge J. M. Elliott has recently added two rooms to his residence on the second floor and has treated the entire building to a beautiful stucco finish.

Mr. and Mrs. T. H. Neyland left Monday for their home at Teague, after spending several days here with Mr. and Mrs. W. R. Neyland.

Mrs. R. C. Wood was taken to Lubbock Wednesday for treatment in a sanitarium. Many friends here are hoping for her speedy recovery.

Jack Corley and H. T. Bridges were business visitors in Hobbs Tuesday. Jack thinks that Hobbs has a great future as an oil town.

T. E. Rivers, manager of the United Dry Goods Stores, Inc., at Tucumcari, New Mexico, was a business visitor in Tahoka Monday.

Fred Haney arrived Monday and is again employed in the Tahoka Drug store. He expects to remain here several months.

Dr. R. B. Smith was called to Temple on professional business Friday. He returned to Tahoka Sunday.

**Dixie**

Dixie community has been the benter of heavy rains and high water the last few days. Travel on the county roads in this vicinity has been difficult and the roads bordered by lakes have been impassable. While the heavy rains have damaged open cotton to some extent, the benefit to young feed will more than offset the damage done to cotton. With a reasonably late frost farmers are assured a bumper late feed crop.

Most farmers are well up with their cotton picking at this time. Our school is progressing nicely. Supt. McEachern takes up school at 8 A. M. and dismisses at 2 P. M. in order that the children may help

**Wants To Tell Friends of It**

"I've seen Dallas grow from a small town to a great city and I have many friends in Texas. I want them all to know about Sargon, and what it did for me.

Wm. D. VAUGHN  
"My stomach was out of order for a long time. Although I ate very little, I was often in misery after meals and smothering spells would frequently wake me at night. I was constipated, my blood was thin and my color was as yellow as gold. I had severe pains in my back and kidneys would get me up all during the night.  
"Since taking Sargon, I'm in better health than for years. I eat like a hungry school boy and can digest anything. There's not a pain in my body and I sleep good all night. Sargon Pills toned up my liver and ended my constipation. Now my skin has a good healthy color and I feel like a new man."

**WHY**  
**Chiropractic ?? Adjustments**  
Because it is the science of releasing nerve impulses or Life Forces having their pathway over the nerves of the body throughout and into all parts of the body. Interference of nerve force over their pathways results in abnormal function, the results is pain or ill health. We recognize Mother Nature, the greatest of all physicians.—The Chiropractor is only one of nature's assistants and by Chiropractic adjustments only. We release nerve pressure thus stimulating the nerves and aiding nature in building herself back to a normal and healthy body.

All Honor to  
**Thomas A. Edison**  
The great electrical Wizard  
Possibly no man in history has done more to transform the life of this nation and of the world than has Thomas A. Edison. His achievements in the field of electricity have been so marvelous and far-reaching in their effects as to make him one of the greatest figures of all time. If greatness is to be measured by service to humanity, then most of the world's greatest statesmen and military leaders pale into insignificance in comparison with him.  
Next week we are to honor him for his achievements. We invite all Tahoka to join us in paying tribute to this most wonderful personage.

**DROVE POISON OUT**

**Constipation Troubled Alabama Lady Until She Had Taken Black-Draught, Then Felt Fine.**

Florence, Ala.—"For two years, I suffered with pains in my back and head," writes Mrs. J. E. Sloan, 810 Park Street, this city. "I felt dull all the time, and was not able to do anything. "I was constipated most of the time. My complexion was bad and I had no appetite.

"An old lady advised my father to give me Black-Draught. As quick as she told him, he got it for me. I took Black-Draught three times a day for three weeks, and I began to feel like a different person. I developed a good appetite; the poison left my system, and I felt fine.

"I thought my trouble came from constipation, and as soon as the cause was removed, I got all right. "Since that time, I have tried to keep a box of Black-Draught in the house, as I find it corrects biliousness and relieves sick headache. It is our family medicine."

Constipation dams up poisons in the bowels, causing their bad effects to be felt in other parts of the body.

At the first sign of constipation, take Theodor's Black-Draught. Costs only 1 cent a dose. *MC-275*

**Epworth League Has Efficiency Institute**

The Live Wire Epworth League Union held an Efficiency Institute at Grassland Texas, October 7 to 11th, 1929. The following was the program of work followed during the week.

7:30-8:00 Administration—James H. Agee, Abilene, Texas.

8:00-8:30 Bible Study—Rev. T. J. Rhea, Post, Texas.

Text—How Jesus Met Life Questions.

8:30-9:15 Methods:

1. Devotional. Mrs. Rubie D. Sud-darth, Tahoka, Texas.

2. Missions. Rev. Z. B. Pirtle, Draw.

3. Social Service. Miss Mabel McNees, Tahoka.

4. Recreation and Culture. Mrs. J. H. Agee, Abilene.

9:15-9:45 Demonstration Period:

First Night: Play Period by Fourth Department.

Second Night: Union Meeting.

Third Night: Play Period.

Fourth Night: Play Period.

Fifth Night: Consecration Service. Rev. J. B. Thompson, Wilson.

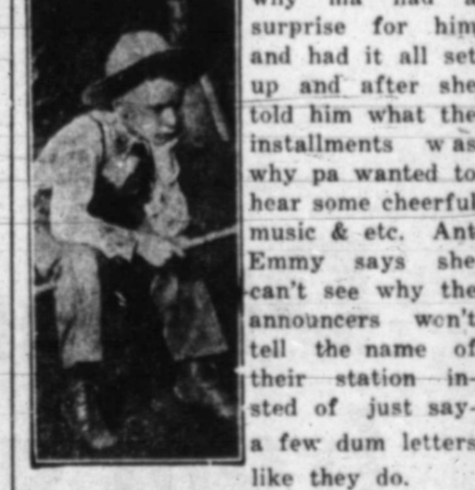

Thirty-one Christian Culture Credits were issued at the close of the Institute, distributed among the Leagues of the Union as follows, according to the number taking work from each chapter: Tahoka, 11; Grassland, 10; Post, 6; Wilson, 3; Draw, 1. As a result of the Institute, two new Hi-Leagues are to be organized and also two new Junior Chapters. At the close of a very inspirational service the last evening, during which time Rev. J. B. Thompson of Wilson rendered a wonderful sermon, one of the members of the Tahoka, Hi-League volunteered for Life Service. This makes a total of nine volunteers from this chapter, one of which is in training for a nurse, and two of which have been licensed to preach.

With such a thought in mind and such facts before us, who can prove that the young people of today are "going to the dogs." Does it not merely prove that the youth of today is more anxious and ready for that which is uplifting and instructive than it has ever been before?

Those in attendance from Tahoka, taking work for credit were: Frank Sargeant, Mary Fenton, Eloise Clark, Emily Lou Roberson, Mabel Lee, Hazel Anglin, J. D. Donaldson, Jr., Elizabeth Martin, Lester Prater, and Venoy Coughran, besides Mrs. Rubie D. Sud-darth and Mabel McNees, who acted as instructors.

**SLAT'S DIARY**

Friday—Well, pa has finely dis-sided to get a raydeo so today when he cums home today frum work why ma had a surprise for him and had it all set up and after she told him what the installments was why pa wanted to hear some cheerful music & etc. Ant-Emmy says she can't see why the announcers won't tell the name of their station instead of just say-a few dum letters like they do.

Saturday—This evening I bet Pa I could eat 4 hot dogs and 3 dishes of ice cream and not get sick. Pa won. and now ma is sore at him. I gess probably becuz he is taking my hard earned money from me like that.

Sunday—I neglected to take my bath on the regular day and so ma made me do so this A. M. I got to singing and she balled me out for being so noisey and I replied and sed I didnt beleave in keeping it a secret when you take a bath.

Munday—Tonite wile I was a studying my home work at home why I ast pa what was figgers of speech and after he herd ma tawking out in frunt he winked at me and sed. Most wimen is.

Tuesday—I oney made 1 mistake in the class in langwidge today and that wassent really my fault. The teacher ast me what was a Sluggard and I ast Elsy and she told me-it was a Prize figter and it seems like I was, rong. But my conscience is clear ennyways.

Thirsday—They was a cuple at our house visiting tonight and they kep quarrelling most of the time till nobuddy could tawk much. After they had gone home pa sed to ma That waman is like a piece of cake and ma sed why so? and pa sed becuz she is very rich and never agrees with her husband.

The Lynn County News can still be had for \$1.50 per year—52 issues. We are also still offering the combination of The News and the Dallas Semi-Weekly Farm News for only \$2.00.

**CATHOLIC WILL GIVE SERIES OF LECTURES OVER RADIO**

The Very Reverend Thomas A. Carney, Rector of St. Mary's Roman Catholic Cathedral at Galveston, requests that we announce that he will lecture over KPRC at Houston every Thursday evening during the Fall and Winter from 5:30 to 6:00 o'clock. "The lectures will accept the challenge", the Rector states, "that has been thrown out to my Church and her people in repeated accusations of 'Romanism,' by explaining in frank, open speech, the organization and principle doctrines of the Roman Catholic Church. 'Protestantism vs. Catholicity,' 'Martin Luther, the Bolshevist,' 'Catholics and Cofession,' 'Catholics and Marriage', etc.—these are types of subjects of the weekly broadcasts."

**NEW MANAGER FOR MONTGOMERY DRUG COMPANY**

Mr. Barney R. Greathouse has been employed as the new manager for the Montgomery Drug Co. of this city. Mr. Greathouse was formerly employed with the Tahoka Drug Co., at Tahoka, Texas, and comes to Seagraves to fill the vacancy caused by the resignation of Robert Myers. Mr. Greathouse is a registered pharmacist and will be able to take care of the prescription business in a first class manner. Roger Powell, of the Montgomery Drug Co., at McLean, has been temporary manager since Mr. Myers resignation. Mr. Powell returned to McLean last Monday morning. Leonard Bradford will be the clerk assistant to Mr. Greathouse.—Seagraves Signal.

**AMERICAN LEGION MEETING**

The Marion G. Bradley Post of the American Legion will hold a meeting next Thursday evening at the Legion Home, at which all members and ex-service men are requested to be present.

**HOOVER DEMOCRATS ARE NOT STRAY SHEEP**

Much is being said in the newspapers about the status of the Hoover Democrats. Politicians are speculating about whether the state Democratic executive committee will permit them to "come back." Some say that they should be "welcomed back" into the fold. The Dallas News thinks they that should be restored to full and complete fellowship, calling attention to the Biblical statement that "There is more joy in heaven over a repentant sinner than over the ninety and nine safe in the fold."

The Hoover Democrats are not asking to be permitted to "come back." So far as the state Democratic primaries is concerned they have not been anywhere to "come back." Almost to a man the Hoover Democrats supported the nominees of the Democratic primaries from

governor to constable, including the Representatives in the National Congress and Senate. They are just as "regular" and "loyal" as Barry Miller, who bolted the ticket and voted for George B. Peddy, or Jim Ferguson who quit the Democratic party, lock, stock and barrel, cussed it out from A to Izzard and ran for President on the American Party ticket. The Hoover Democrats are not coming as "repentant sinners" and asking to be admitted back into the party. They have never been out of it. It is not a question as to whether or not they will be allowed to "come back." It is a question as to whether or not they will be kicked out. They have no apologies to make for their course in 1928. Under the same circumstances they would probably do the same thing again. They were not willing in 1928 for the good old Democrat party to be surrendered to the corrupt Tammany organization and that reeking wet Republican, John J. Raskob, and they are still not willing for this to be done. In protesting and voting and fighting against such a catastrophe, they do not admit that they became "sinners." They believed then and they believe yet that they were doing a patriotic service to the country and to the party when they repudiated Al Smith and John J. Raskob and struck a blow at the threatened come-back of the accursed liquor traffic.

So, the Hoover Democrats are not getting down on their knees to anybody. They are asking no favors. They are simply asserting their rights. They are in the Democratic party and desire to remain there. They want peace in the party but they want their rights as Democrats.

They claim that they had the same right to "bolt" in 1928 that Barry Miller and Jim Ferguson and thousands of their followers had in other years, and that if one bolter's name is to be barred from the ticket all others should be also. They are not willing to be treated as "straying sheep" or "repentant sinners." They are red-blooded American citizens that put party above country and kiss nobody's big toe.

We do not know whether ex-Senator Fall, now on trial in Washington for bribery in connection with the oil scandal of the Harding administration, is feigning illness or not. We are inclined to believe that he is really sick. But whether he is very sick physically or not, he must be desperately sick at heart. Whatever the result of this trial, his name will go down in history as the name of a man belonging in the same class morally with Benedict Arnold and Boss Tweed. Once occupying the exalted position of United States Senator and then a Cabinet officer, his lust for gold led him to commit a crime, according to the allegations of the indictment against him, that is among the most despicable in the whole category of crime. How much he has suffered mentally since the commission of this dastardly deed, no man can ever know, but our guess is that he has had few happy moments since. Which brings us back to say again, that however alluring the promised gain, crime never pays.

Texas lost a faithful servant when Clarence E. Gilmore, chairman of the state railway commission, died last week. Governor Moody has appointed ex-Governor Pat M. Neff to fill the vacancy and we believe that it was a good appointment. Neff made a good governor and we believe that he will be a capable railway commissioner. Politically, the appointment seems most fitting. While Neff was governor, the office of district attorney for the district composed of Travis and Williamson counties became vacant. He appointed a young lawyer of Taylor to the position. The red-headed boy made a reputation as a prosecutor and was soon thereafter elected attorney-general, and from the attorney-general's office he stepped into the governorship. That red-headed young lawyer was Dan Moody. Now Moody has returned the favor.

We think that much honor is due to Governor Moody for the drastic and effective measures that he has taken to clean Borger up. We do not know whether the officials there were in a crime-ring, as charged by state rangers, or not. We do not know as this is written whether they will be indicted or not. We do not know whether the slayer of District Attorney Holmes has been found out or not. But we are confident that Borger was a moral stench in the nostrils of all decent people and if the officials there were not corrupt they were woefully incompetent to deal with the situation. We hope that Clem Calhoun as the new district attorney succeeds in sending a bunch of the crooks to the pen.

The visit of Prime Minister Ramsay McDonald to America will doubtless result in a more friendly feeling between the United States and Great Britain. It will also render the peace of the world more secure. McDonald as the leader of the labor forces of England is an apostle of peace. Herbert Hoover, Quaker and world benefactor, is likewise strongly averse to war. With these two men of peace as the leaders of the world's two greatest nations working together for the peaceful settlement of all disturbing international problems, it would seem that the probability of another world catastrophe such as befell mankind a little more than a decade ago has been reduced to the vanishing point.

If Morris Sheppard's bill to make the purchaser of liquor equally guilty with the bootlegger should become a law, we should then like to see the Senator assume the role of prosecutor in the courts and find out how he would go about enforcing the law. Since the only witnesses to most liquor transactions are the seller and the purchaser, Prosecutor Morris would be compelled to promise immunity to either one or the other and use him as a witness. Wouldn't it be great to see Morris come into court with an indictment against one of his fellow citizens for purchasing liquor and prove his case by the bootlegger who sold it? It is to laugh.

The Dallas Morning News of last Sunday contained 220 pages. It was filled with interesting and informative reading matter and fat, revenue-producing advertisements. This edition was certainly a newspaper triumph and the publishers of the News are to be congratulated upon the magnitude and the merit of the paper issued.

J. W. Roberts, O'Donnell editor, has fessed up. He admitted in last week's issue of the Index that he and a confederate, T. J. Yandell by name, had played a game of dominoes with Calaway and Sherrod of Tahoka and got licked. He then brings the counter charge that Yandell and an unnamed partner took six straight games from two anonymous Tahoka citizens. For fear that this feud results in fearful consequences, we withdraw from all participation in the dispute now. We understand from the Index editor that this domino war is to break out again some time this week. We are not advised as to whether the Tahoka "laws" are to be involved or not, but at any rate we understand that there is to be a hot time in the old town as the game proceeds. We domino.

**WHAT OTHERS THINK**

**TALKING ABOUT PREACHERS**  
If the preachers will just hold their indignation awhile, we will say a word or two about a recent bank robbery which involved one of their profession.

It happened in Iowa. The preacher did not have a regular pastorate. He was identified as one of the robbers of a bank and suspected in a similar case. Confronted with his accusers, he committed suicide—the most decent act perhaps, of his turbulent career.

The newspapers have been playing up this story quite a bit. No doubt, this display has hurt the sensibilities of a good many ministers. They have felt that the newspapers over-stressed the fact that the robber was an ordained, though inactive minister.

But it's really a compliment to the ministers, after all. If this robber hadn't been a minister he would have been just another bank robber. Being a minister, he became of great news interest when he robbed a bank. Ministers seldom rob a bank. In fact, we don't remember a similar case anywhere in history. When one of the cloth does go bank robbing, it is big news—like when a man bites a dog. It is big news because it seldom happens. That is why we say the publicity given this poor misguided wretch is a compliment to the ministerial profession.

Ministers, in spite of occasional lapses on the part of a few unworthy ones, rank very high in the human scale. One of them does go wrong once in a while, but when he does, it is so rare that it constitutes a sensational news item. No profession wears its honor with more becomingness and justification. The shortcomings of the few but emphasize the solid quality of the many.—Big Spring Herald.

**WELCOME THE WANDERING SHEEP INTO THE FOLD**

Alvin Moody, on behalf of the so-called Hoover Democrats, has asked State Chairman Wilcox to define the status of those Texan voters who last November cast their ballots for all Democratic nominees except the Smith electors. The inquiry is a timely one, for if there is to be a

(Continued On Page 7)

**These are the Oakland features which make driving a real delight**

Foremost among the many convenience features offered by the Oakland All-American Six is the Cross-flow radiator. The Cross-flow radiator practically eliminates losses of water and alcohol through boiling. Only Oakland in the entire medium-priced field employs the Cross-flow radiator. Foot-controlled headlights represent another great convenience. Only Oakland and one other medium-priced car offer this feature. And it is such features as these, combined with Oakland's impressive performance, distinctive style and exceptionally long life, which make Oakland ownership an uninterrupted experience in motoring enjoyment.

Oakland All-American Six, \$1145 to \$1325, f. o. b. Pontiac, Michigan, plus delivery charges. Spring covers and Looney Hydraulic Shock absorbers included in list price. Bumpers and rear fender guards extra. General Motors Time Payment Plan available at minimum rate.

\$1145 AND UP

Consider the delivered price as well as the list (f. o. b.) price when comparing automobile values. . . . Oakland-Pontiac delivered prices include only authorized charges for freight and delivery and the charge for any additional accessories or financing desired.

Bridges-Sisco Motor Co.

**OAKLAND ALL-AMERICAN SIX**  
PRODUCT OF GENERAL MOTORS

The Marquette is sweeping to nationwide success with an array of features that distinguish it at once as the most outstanding value in the moderate-price field:

**BUILT BY BUICK**—The Marquette alone in its class can offer the priceless advantages of Buick engineering, Buick craftsmanship and countrywide Buick service facilities.

**PERFORMANCE**—Brilliant pick-up—10 to 60 miles an hour in 3 seconds—dashing speed—68 or 70 honest miles an hour—and a wonderful fund of smooth, flexible power!

**PISTON DISPLACEMENT**—The marvelous power plant has a larger piston displacement (212.8 cubic inches) than any car at its price!

**ECONOMY**—Even with larger piston displacement, this remarkable engine operates in the normal driving range with appreciably lower fuel consumption! Tire mileage is phenomenal. Service needs are at an absolute minimum.

**COMPLETENESS**—Throughout the Marquette you will find a full complement of the finest features. Nothing but the very best has been good enough!

**ROADABILITY**—So perfect are its poise and balance that, at every speed, riding qualities and roadability are amazingly superior to those of many cars of much higher price!

**UPHOLSTERY**—The Marquette alone in the moderate-price class is upholstered with a wonderful new waterproof, dustproof, wear-proof mohair.

**ENDURANCE**—Buick built cars are famous for stamina. The Marquette delivers many thousands of miles of brilliant, uninterrupted service over every kind of road.

**EXTRA VALUE**—Buick's immense resources and great facilities provide in the Marquette extra goodness in every part—extra snap and sparkle in performance—extra value, unapproached at the price.

**STYLE**—The Marquette is as distinguished in appearance as in performance. Its handsomely tailored bodies by Fisher challenge comparison with the smartest cars on the road!

See the Marquette. Take the wheel and discover performance that knows no rival in the moderate-price field!

### WHAT OTHERS THINK

(Continued from Page 4)

Democratic party in Texas it is highly important that its membership be definite.

Aside from the legal aspects of Mr. Moody's letter to Mr. Wilcox, it must be clear to everyone that there can be no predominant Democratic party in this State unless it accepts in full membership not only the regulars who voted straight, but also Mr. Moody and those who believed with him. The final returns for the last presidential election should show that. It may be assumed that many Democrats, anti-Smith, but anxious to retain party regularity, abstained from voting last November. This number, had they voted, combined with the straight ticket balloters, would have given a small Democratic majority in Texas. But so small a majority would in the future be threatened by a party combination of Republicans and the Democrat who last fall carried the State for Hoover.

The Terrell Election Law guarantees to every party the right to define its own membership. Any amount of theory can be quoted to justify the elimination of the voter who refuses to stick by the party ticket. But there can be no practical application of either the legal guarantee or the theory. If any political party is to grow it must win supporters from other parties. There is as little practical sense in banning a Hoover Democrat as there would be in refusing to accept into the party a Republican or a Socialist who has altered his views.

The 1928 election engendered bitterness and stirred up strife. It is not easy to erase the lines of conflict drawn at that time. But the Democratic party of Texas would be both wise and generous if it forgot that some of its loyal followers did not vote straight last November. Democracy should keep its old adherents and seek to make new ones.

Mr. Wilcox is partly of this opinion in declaring that it would be unwise to bar from the primaries the men and women who voted against the Smith electors last fall. But, having gone so far, he can not logically add that, while allowed to vote they should be allowed to run for office. When welcomed back, they should be brought into the circle as loyal Democrats and restored to full and complete membership.

The old line Democrat, who has voted straight all his life, may find a policy of forgive and forget difficult to reconcile with his sense of the fitness of things. But he might remember that there is more joy in heaven over a repentant sinner than over the ninety and nine safe in the fold.—Dallas News.

We hope the real Democratic party in Texas—the rank and file—will sidetrack every leader we had last election and put in their places men who have the success of the party at heart. These leaders made a mess of things last election, when they forced a MAJORITY of the party to vote for a Republican President instead of the SUPPOSED NOMINEE of the party. Texas Democrats will not vote for a WHISKEY MAN, and there is no use trying to forge them to, even if they have to vote for a Republican. Now if some good leaders, with the desire of harmony and peace in the party will take hold and throw these WHISKEY LEADERS out and put prohibitionist in to lead us on to victory we will be all right. These Texas Democrats all voted the Democratic ticket straight from Governor down to Constable, so they are regular Democrats and should take the state reins into their hands and oust the rascals who made a complete ass of Democratic leadership last election.—Claude News.

### OPPORTUNITIES IN THE SEED BUSINESS

(Farm & Ranch)  
In the Southwest practically every crop adapted to temperate and sub-tropical climates is or may be grown. The gamut runs from bananas, which had their original home in the tropics, to the hard cereals and grasses that thrive in the Siberian steppes, though, of course, the range of commercial crops is much narrower than the possibilities.

Let us analyze the situation with reference to the major crops and see where we stand in productive and

**Dr. L. W. Kitchen**  
VETERINARY SURGEON  
Post City, Texas

LUBBOCK, TEXAS

highly adapted seed stocks, in commercial seed production of these sorts, and in potential demand.

Cotton—Too many "varieties" most of which are only selected strains from some older, well-established variety. This, however, has resulted in the production of good seed stocks in plenty, and the production of 700,000 to 900,000 bushels per year of State certified seed in Texas alone. Production figures for cottonseed of an equal standard in other Southwestern States and good uncertified Texas seed are not available, but an estimate of 1,500,000 bushels is perhaps not far wrong. Of the 1,000,000 farms in these States this would give each farm 1 1/2 bushels of high-class cottonseed. Broadly speaking, there may be as much as 1 bushel of good cottonseed to each 19 acres planted in 1929 in Texas and the four adjoining States.

These States produce more than half of the cotton crop of America, on an acreage in 1929 of 28,255,000. The average yield is about 135 lbs. per acre. Under average conditions well-bred adapted seed can be depended upon to produce 50 to 100 lbs. more seed cotton than gin-run seed of ordinary type. Take the lower figure and we would have 17 pounds more lint to the acre, or a total of more than 960,000 bales increased production on the same acreage.

The amount of good seed now available in the Southwest could, within one year, be multiplied to a volume sufficient to plant more than half the acreage now planted with gin-run seed or seed far removed from the parent breeding blocks. The State certified seed in Texas alone are only 1 bushel to 25 acres planted, but multiplied and kept unmixed would, in 1931, be sufficient to plant more than 10,000,000 acres, more than half of the highest acreage the State has ever had.

The experiment stations have collected data on the performance of most of the commercial varieties for several years. The information is valuable in deciding which variety or strain to adopt in a given section. No opportunity should be overlooked to get a gin community all growing the same cotton as one means of multiplying good seed stocks in the community, avoiding cross pollination by insects flying from field to field, and preventing mixing of seed at the gin, which is the worse enemy of standardized cotton.

There is no excuse for anyone holding to a certain named variety if that variety, under test, has not shown—definitely—larger yields or greater money return on account of its character therefore personal preference should not be allowed to stand in the way of community standardization on any variety preferred by the majority, which averages up with several other varieties in that locality.

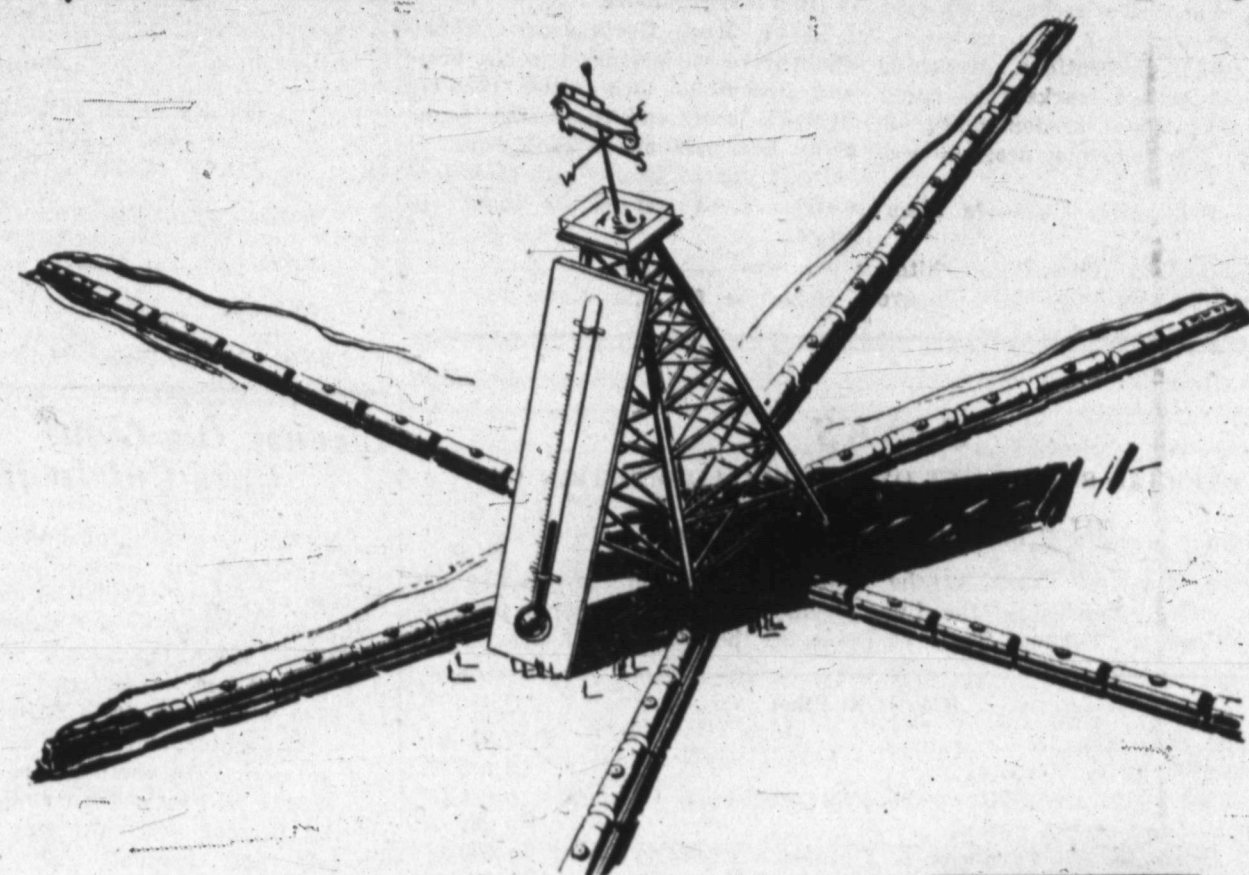

Community standardization makes possible the maintenance of a high standard by the purchase each year of a commercially small amount of certified seed from which the seed for the next year's general planting may be grown. There are many farmers who now follow this practice of buying the best seed available and growing their own seed patch, but this cannot be properly done unless the seed patch is ginned separately after cleaning the rolls, and if in too large quantities to catch on the floor, the entire conveyor system must also be carefully cleaned.

A number of commercial varieties from the same original source are so little different as to make a choice between them no more important than the toss of a coin. In Texas the "family name" of commercial varieties is given in connection with the certification of seed, thus informing the buyer of the general character of the commercial variety and avoiding confusion as to its adaptability in his territory. This is a point which should never be overlooked when considering a commercial variety which has not been tested locally.

The Southwest is fortunate in having many good cotton breeders. To add to their services we must have farmers who will take the seed from commercial breeders and experiment stations and multiply them in such volume that the entire Southwest can be supplied.

An exchange says corn whiskey will remove stains from summer clothes. No doubt correct. It will also remove the summer clothes, as well as the winter, spring and autumn clothes, not only from the man who drinks it, but from the wife and children as well. It will remove the linings of stomachs, hair from the head, teeth and tonsils, reputation and self respect. It will remove what little sense the drinker has, and make a wild cat out of what would otherwise be an inoffensive plug citizen. It will remove the food from the table, the furniture from the house and the happy eager look from the faces of little children. As a remover of things corn whiskey has no equal.—Claude News.

# CONTROLLED VOLATILITY...

What have tank cars to do with motor cars? Just this. Every day, tank cars filled with Phillips 66 are shipped North, South, East and West. The volatility of the gasoline in each of these tank cars is scientifically controlled to fit the climatic conditions of the locality in which it is sold. The result? Instant starting, quick warm-up, rapid acceleration, remarkable power and mileage—regardless of weather—at no extra cost! For best results try a full tank of Phillips 66... or 66 Ethyl.

Phil-up with **Phillips 66**

© 1929, Phillips Petroleum Company  
WHEN THE THERMOMETER GOES DOWN THE VOLATILITY GOES UP

Gasoline must vaporize before it can be used in the cylinders of your motor. Volatility refers to the ability of gasoline to vaporize. With volatility controlled, Phillips 66 vaporizes as quickly in cold as in warm weather.

**W. G. Tarrance**

## CHEVROLET SIX

—the Car of Universal Appeal!

SINCE January 1st, over a million one hundred and thirty-five thousand six-cylinder Chevrolets have been produced. Naturally, this is an outstanding industrial achievement. But it is more than that. It is a great public endorsement of Chevrolet's policy of progress: to build a quality automobile whose design incorporates every possible feature of progressive engineering... whose beauty is distinctive, smart and satisfying... whose reliability is assured by fine materials and precision manufacture... and whose price is so low as to be within reach of the great majority of the people. We want you to know what this policy has meant in the development of the Chevrolet Six—the modern car of universal appeal. We want you to know that Chevrolet has brought within the reach of everybody, everywhere, all the advantages of smooth, six-cylinder performance. Come in today!

COME IN—TAKE A RIDE IN THIS SENSATIONAL SIX

**Honor Mr. and Mrs. Woods With Shower**

On Tuesday evening of last week Mrs. S. W. Sanford, assisted by Mrs. J. K. Applewhite and Mrs. B. N. Shepherd, honored Mr and Mrs. C. N. Woods, who were recently married, with a shower.

Pale gold decorations, deepening into vivid orange marked the home, with golden glow predominating in flowers. The following program was rendered:

Piano Solo—Miss Gertrude Shepherd.

Reading—Miss Helen Applewhite.

A Toast to the Bride—Miss Jonsye

Walker.

A Toast to the Girls Left Behind—Miss Lola Belle Johnson.

To the Groom—Mr. W. O. Henderson.

To the Boys Left Behind—Truett Smith.

Miss Virginia Sanford presided over the Record Book.

Little Miss Greta Joyce Applewhite gave an invitation to the bride and groom to look under the big Pumpkin shell and there they found many beautiful and useful gifts.

Fruit punch, Lemon and Chocolate wafers were served to about 30 guests.

**License On Light Cars Cut In Half**

AUSTIN, Oct. 16.—Good news for over 1,000,000 car owners is being written by county tax collectors.

It records cuts in automobile license fees averaging 50 per cent of this year's fees. And registrations for 1930 will start within 60 days.

On the lightest cars, the decrease will be more than one-half; on medium-weight cars just 50 per cent; and on the heavier machines less than one-half the present registration fees.

But the good news for passenger car owners does not extend to those who must register trucks and commercial cars. License fees for these were not lowered, but in most cases have been increased.

The reduction in fees was made as an offset to the increase from two to four cents in the gasoline tax rate. It will cut down the statewide registration total on passenger cars from about \$20,000,000 a year to under \$10,000,000. This is based on the larger proportion of the light than heavy cars being in use.

The new fees are computed wholly on weight. Old fees were based on both weight and horsepower.

For the information of those who will buy license plates in December and early January, the following table will show the comparisons between the old and the new. The 1930 fees may vary a few cents from these figures, based on the proportions within 100-pound brackets adopted as official, but this shows substantially what next year's fees will be for typical cars.

Car	Old	New
Ford, "T" Model,	\$11.20	\$ 5.04
Ford "A" Sedan	17.20	9.36
Ford "A" Coupe	16.20	8.64
Crevrolet coach	16.50	9.00
Buick, light,	27.70	18.24
Buick, heavy,	32.35	21.12
Cadillac sedan	40.63	23.50

**Much Interest In Jersey Importation**

County Agent, Ray Shaver reports that considerable interest is being manifested in the importation of the car load of Jersey cattle which the Tahoka Chamber of Commerce is sponsoring. Several people have interviewed him and he thinks that he will easily secure orders for the car load, within the next few days.

Mr. Shaver is very anxious to get in touch with those desiring to add a good Jersey bull to their herd. It is his plans to secure enough good registered bulls to compete at least two bull circles in Lynn County in this shipment.

Mrs. J. H. Coltenback is visiting her parents in Brownwood.

**GLAMMY HANDS**

Kentucky Lady Was Weak And Felt Miserable. Dizzy Spells Quit After She Took Cardui.

Danville, Ky.—"For a long time, I suffered with severe headaches and pains in my sides and back," says Mrs. Lottie Smallwood, residing at 116 Fourth Street, this city.

"I was very weak, and just not able to go about or do my work. I just felt miserable.

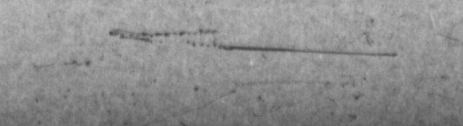

"I was all out of heart. I would have spells when my head would hum, and my feet and hands were clammy and cold.

"I would be so dizzy, I would fall. I had read of Cardui and what it had done for others, and so I, too, began taking it. I had been aching and hurting awfully.

"After I took Cardui, I quit having the dizzy spells. I kept on taking Cardui, and saw then that I was being helped. I was not nearly so weak, and from that time I have felt better. I took six bottles in all."

Cardui is a purely vegetable remedy and contains nothing harmful or injurious. It may be safely taken by a delicate young girl as well as by a feeble old lady.

Cardui has been in use by women for over 50 years, and great numbers of women have reported that it helped them back to health. Get a bottle today.

**MORE GOOD RAINS VISIT TAHOKA AND COUNTY**

Rains which visited Tahoka Thursday night, Friday night and Saturday amounted to .79 of an inch. These rains appear to have been general over the county, though the precipitation was much heavier in some localities. Heavy rains visited New Home and Dixie communities, some reporting as high as three or four inches. The lakes out in that part of the county were filled and some crops are under water. Some damage is reported to open cotton but it is believed that the late feed crops will be greatly helped, especially if frost or freezing weather should not come till late in the season.

Cotton picking was almost suspended for several days, since the rains were followed by a period of damp, cloudy weather.

**TWO MILLION BALES ARE GINNED TO OCTOBER 1ST**

The report of cotton ginned prior to October 1st, 1929, of this year's crop was released by the Bureau of the Census a few days ago, and it shows that 2,130,065 bales of cotton had been ginned in Texas prior to October 1st as against 2,430,885 bales ginned prior to October 1st last year.

While the bulk of this cotton came from south and central Texas, yet the ginnings in West Texas counties far exceeded that at the same date last year. We give below the report as shown for several South Plains counties:

	1929	1928
Lubbock	7,135	179
Lynn	3,279	103
Dawson	3,673	307
Crosby	3,659	98
Hockley	1,670	0

## CLASS PUSHES

Well, at last we have something interesting to write about. Last week the Seniors got ambitious and decided to spank a few freshmen. This scribe does not know the details of the happenings of every night but can give a vague description of the events. As the classes did not meet as a whole the result was usually doubtful. Sometimes Seniors got "licked" and sometimes the freshmen got "licked."

On Monday the freshmen organized and proceeded to erect their flag that night. As there were only four or five Seniors at the high school

Monday night, the Freshmen, who were many, succeeded in raising their flag. Much consternation was evident on all faces of upperclassmen. Tuesday morning when the Freshmen flag was still floating. The Seniors immediately "went into a huddle" but as the door to the roof was locked and Mr. Nicklaus had the key nothing could be done till Monday evening, when a group of Seniors got the Freshmen flag down. Nevertheless Tuesday at noon the Seniors gave the Freshmen a sound thrashing.

Tuesday night the Seniors raised their flag. Again some ingenious Freshmen removed the Senior flag and put theirs in its place. But the Seniors, always willing to oblige, removed the Freshmen flag and put the Senior flag up again. The Senior flag stayed up until Wednesday noon when Mr. Baze instructed the Seniors to take the flag down.

Another high spot, almost left out of this narrative, was the attack of the Freshmen, Junior and Sophomore girls on the Senior girls Tuesday afternoon. Although the Seniors were whipped, they put up a very valiant fight.—W. C.

## TAHOKA WINS OVER SUDAN BY 41 TO 0

Last Friday the Bulldogs ran up the largest score of the year so far. They showed up to be in good training and their plays were timed to a T.

It seems that when this bunch gets started they simply cannot be stopped. They didn't get started at Lubbock it seems.

The team is better this year as a whole than it has been for some time. The Bulldogs play straight, hard football. Only two passes were tried and one completed to Ketter while he was in the game. The team has been reorganized and it seems to work much better that way.

The line-up at the beginning of the game was as follows: Fox and Stevens, ends; Spears, Fox's sub; Grider and George, tackles; Tredway and Keltner, subs; Benson and Greathouse, guards; Tankersley brothers, sub; Gurly at Center; Welch, quarter-back; Ketter, sub; Moffet, full-back; Minor, half-back; Jolly, sub.; Edwards, half-back.

## CHORAL CLUB

On last Thursday afternoon the Choral Club held its second meeting of the year. Although the time was set for every week, this has not been possible on account of certain conflicts. The club has not made as much progress as it should have because of this; but in the future these meetings will be held regularly.

After the business part of the meeting was held, new music was distributed and then practiced for the remainder of the period.—J. W.

Myrtle Cooper who has been absent for the last two weeks, is back in school this week.

## THE BULL-DOG KENNEL

(By Jim Jackson, Sports)

Well, we saw quite a few changes in the team last Friday and they seemed to be much for the better.

First we saw Stevens at end and what an end he did make. When there was a chance for a tackle he tackled and they stayed tackled.

Benson was at guard and he certainly tore some holes in that line. He looked like he had been there all the time. At the first of the game Welch went in at quarter back and showed some of the nicest head work of the season. That boy has a head on him and he knows how to use it. Moffet is making a line-driver of the finest kind and he sure knows how to plow through that line.

Edwards, the captain, did some of the prettiest running we have ever witnessed. He would gain every time he got the ball and he and Minor circled the ends until it looked as if they couldn't be stopped. Minor did some pretty playing too.

The team sure looked good.

## FOOTBALL GAME IS DEDICATED TO PEP-SQUAD

Friday, the Hi-School Bulldogs staged a battle with Sudan on the local gridiron. It was of the most victorious type, the score being 41-0 to the credit of the Bulldogs.

The pep-squad especially rejoiced over this victory because previous to the game Coach Nicklaus announced the fact that the game would be dedicated to the Pep-Squad regardless of the score. However, we have an idea no such dedication would have been made if there had been any doubt as to the outcome. Just the same we appreciate it and tried to express the same by yelling for the boys at the ball game.—M. J. L.

## JUNIORS HOLD CLASS MEETING

Mrs. Tunnell's section of the Junior class held a short business meeting last Thursday morning to discuss about going to the football game. Every Junior agreed to bring fifteen cents in order to raise five dollars for our section. Mary Fenton was appointed to collect the money as the Juniors brought it in. The purpose of the class was to have a 100 per cent attendance for the game.

## PEP SQUAD GETS SWEATERS

After several weeks of anxious waiting, to our disappointment, our Sweaters came one day too late for the game with Littlefield at Lubbock. However, we expect to be seen in costumes "gay" for all the remaining games of the season, and hope to make a better appearance than formerly.

If you have any desire to see them be out at all the games.—M. J. L.

Russell Keltner attended the Tech vs. Daniel Baker game Saturday.

## Never Expected Well Day Again

Well Known Retired Amarillo Citizen Says He is Full of Energy Since Taking Orgatone

"A year ago I didn't think I would ever be a well man again, but Orgatone has put new life in me and I feel so good I'd like to run a foot race with some of the boys," was the characteristic statement of W. H. Cherryhomes, a well known and highly respected citizen of Amarillo, who resides at 508 Madison St., that city.

"I suffered for twenty years," he went on, "from rheumatic pains and sciatica that would run up and down my limbs like fire breaking out and burning. I also had kidney trouble that bothered me constantly, gas would form in my stomach that made me uneasy, for I couldn't tell what it was. My nerves were in a pretty bad state and worried me all the time. Some times my condition would get so bad that I was really afraid to stir about any."

"I began to take Orgatone a little while ago and it has done me a wonderful amount of good. My nerves are now perfectly steady like when I was a young man, and I am feeling more like my old self again. I feel lively and more energetic and want to be stirring about and doing things. Orgatone has done me more good than anything I ever saw or took in the past twenty years, and I gladly recommend it every chance I get."

Genuine Orgatone may be bought in Tahoka at Thomas Bros. Drug Co. smbtchant etain

## ASSEMBLIES

On Friday two assemblies were called for the purpose of urging the student body to support the team as a whole at the game Friday afternoon. Friday morning the students had the pleasure of hearing Judge Cain speak to them. In appreciation of his presence they gave nine "rahs" for the Mayor.—M. W.

Three Freshmen girls who have been absent for a long time have returned. They are Lorene Reese, Delma Jones and Esther Barrington. The following Freshmen girls made a hundred in spelling last six weeks Grace Montgomery, Marietta Montgomery, Ruth Shaeffer, Ponice Reaves and Esther Barrington.

## South Ward Items

Our entertainment Friday night is to be the most varied of any we have had. The feature part will be the debate. The question is: Resolved: That rural schools in Cotton Districts should close for a period of six weeks during the picking season. Mr. Lowrie and Mr. Hood will uphold the negative and Mr. McNiece and Mr. Boyd will uphold the affirmative. The Sixth grade will put on "The Pied Piper of Hamelin." In addition to this there will be several songs. This program will include a regular meeting of the Parent-Teachers Association. We have a program prepared that will compete with any show ever brought to Tahoka. Be at the school Friday night.

Mr. Marvin Walker of this community was married to Miss Oneta Liston of Commerce last week.

Mr. Warren Lowrie and his brother, Jack, have gone to Wichita Falls to bring back their sister.

Our gathering last Sunday night was a success in spite of the fact that the lights would not operate. Mr. Boyd led a song service that we all enjoyed. Mr. Boyd's two brothers and his sister sang several songs. Next Sunday night we are to have B. Y. P. U. prayer meeting and possibly preaching service.

Mr. Morris has purchased a new Ford Coach.

Our efforts to create a Scout troop here are still alive. We met last Wednesday night to consider the move further, and will meet again in the near future to complete further organization. We invite any boys in neighboring communities

such as Midway and Draw to come and help make this a success.

Mr. A. N. Lowrie preached last Sunday morning following Sunday school.

Last Friday night Mrs. Boyd gave a party. The following night Mr. Hood gave a party in honor of his

daughter, Laudell.

C. C. Williams, Ray Shaver, Taylor White and Verner Smith were visitors to the Dickens County Fair at Spur on Wednesday of last week. Mr. White was the judge of the poultry on exhibit.

### ALLEGED VIOLATIONS OF ANTI TRUST LAWS HERE

(Continued on last page)

to have procured sufficient evidence in the grand jury investigations to justify indictments and to form the basis of civil suits for penalties provided by statute against parties found guilty under these laws.

It is also understood that the scope of their investigations are not merely local but will possibly be statewide. The report of this grand jury, therefore, and the results of its investigations are expected to be of a rather sensational nature.

Of course none of the evidence brought before the grand jury is available to the newspapers or to the public at this time. It is not believed, however, that the situation in Tahoka is any different from that which exists throughout the state generally. The lightning just happened to strike here and there may be a storm that will sweep the entire state before the matter is finally closed.

### TAHOKA WINS FOURTH GAME OF THE SEASON

(Continued from first page)

a steady game at full and Welch showed good headwork at quarter. Ketter, who was kept out of the game part of the time because of poor physical condition, played a steady game during the last half. Jolly, a sub. back, showed promise for future years. So also did Keltner, Tredway and Claude Tankersley.

This game was especially featured by sportsman-like conduct on the part of the players. The good fellowship of the local players was equalled only by that of the visitors. Two victories were had in one: a victory of score and a victory of good

### WANTED

WANTED—I want to buy your fat cows, bulls, and yearlings.—T. I. Tippitt. 2-tfc.

Tahoka plays Lockney this week end. This will be one of the hardest games of the season, and Coach Nicklaus is driving the team hard in preparation for the game Friday afternoon at Lockney.

### Wrecks Man's Car, Then Marries Him

Five weeks ago Marvin Walker of the South Ward community went down to Commerce to pick cotton. He was a stranger in a strange land but soon succeeded in landing a job. The man for whom he began work had two fair young daughters. When Walker had been on the job for about two weeks, the damsels borrowed his car to drive a short distance. Having had little experience in driving cars and not being familiar with his particular "make", the young ladies found difficulty in driving it. Something went wrong down the road and the car turned over. The girls were only slightly injured but the car was almost completely wrecked. After extensive and expensive repairs had been made, Marvin came back home in it.

But he soon discovered that there was something bad the matter with him. His heart seemed to be seriously affected. Dan Cupid had gotten in his work. So, in a few days his heart turned back to Dixie—or to Commerce, rather—and so did the rest of the boy. In the meantime Cupid had been working on the other end of the line also. Marvin found the young lady willing and so, after the requisite three days notice had been given, a marriage license was issued, and Miss Oneta Liston, one of the girls who had wrecked his car, became his blushing bride.

The happy young couple then turned their faces westward, driving the same car that had brought them so much grief, and on Wednesday of last week, they arrived at the groom's parental home in the South Ward community, where they will reside. Truly Dan Cupid can turn some funny tricks.

MANUSCRIPT COVERS—\$1.50 per box of 100, two covers for 5c.—The News.

OUR CHRISTMAS CARD samples will soon be ready. Do not pay high prices to an out-of-town agent for inferior cards and printing until you have seen our line.—The Lynn County News.

### Bosworth In Favor Of Short Staple

To Whom It May Concern:

Just a few words in regard to growing long staple cotton which is now being encouraged in Lynn county. We are truly sorry to know that it is a losing undertaking as the growing seasons are so short here. Now I will ask the cotton grower to check back and see how often he has had to gather the bulk of his cotton in winter months. Now, would it be wise to plant a cotton that would be still later? A great per cent of it would be full of sap when the freeze comes, then would dry and crack open by the cold winter winds after most of the pickers had gone back to their homes in a warmer part of the state. We are then forced to take our children out of school to gather a very low grade of cotton at a low price. Is this treating your children right? We have

here-to-fore been promised a better price for a long staple but we have been disappointed until we just don't understand why such promises are made. As we plan for the future we can but think of the past.

Yours truly,  
ROSCOE BOSWORTH

### SORE BLEEDING GUMS

Only one bottle LETO'S PYORRHEA REMEDY is needed to convince anyone. No matter how bad your case, get a bottle, use as directed, and if you are not satisfied druggists will return your money.
