Tahoka, Lynn County, Texas, Thursday, October 31st, 1929.

Number 10

English Opens New 'Talkie' Theatre

Is One Of Best In The Entire State

FINE THEATRE IS COMPLETED

Best Materials and Equipment Used Including Western Electric Sound System

The new English Theatre is open. All work on this excellent new building has been completed, and Tahoka now has one of the most beautiful theatre buildings, one of the best equipped "talkie" theatres in all Texas. Those in position to know declare it to be the best of any on the entire plains and the best in Texas for its size.

Built of brick, tile and concrete, Egyptian style of architecture, this new building is one of the most valuable additions made to Tahoka in several years both from a commercial standpoint and from the standpoint of beauty. It is a credit to our town, in keeping with a practice carried out here for a number of years—Tahoka builds the best or not at all. It is equipped with the best that money will buy. It's beautiful on the outside; it's more beautiful on the inside—a beauty we can only attempt to describe in words.

The outside of the building is finished in a light gray brick, trimmed with a darker gray, and occupies a ground space of 40x100 feet. Over the entrance at the center front is lights around the border; over this the electric sign bordered with more chaser lights and bearing the word, "English." Four bracket lights also adorn the front.

At the left front of the building is a small store space and on the right the office of Mr. and Mrs. D. B. English, owners and managers of the new show place and also of the other English theatre.

We enter the lobby, itself a thing of beauty with its var-colored tile floor and wall base, and buy our tickets at the booth to the right connecting with the office. The booth is equipped with latest and best ticket machine. We enter the building proper through one of four swinging doors, entering first a foyer several feet wide and extending the full width of the building. There we get our first eye-opener. We thought the outside was beautiful but here we meet a beauty that far exceeds our expectation—bracket lights throwing a light against a many-colored ceiling and reflecting against the imitation stone walls of contrasting colors. Directly in front a door enters a large storage room, used by the theatre, to the right and left of which are ladies' and men's rest rooms, respectively. Turning to the pass, at its end into a ramp (or left or right down the foyer, we small hallway) which leads to the main auditorium. Although the floor

(Continued on last page, Section 1)

Still Working For Better Dairy Stock

Messrs Ray Shaver and C. C. Williams met with some of the citizens of Wells at the school building in that community Monday night to discuss the matter of more and better dairy cows and especially bulls. They found some of the citizens much interested in the proposition. Mr. Shaver lays much importance on the matter of high-bred bulls and is doing all in his power to have as many such animals as possible brought to Lynn County.

PRESBYTERIAN SERVICES

Dr. W. K. Johnston requests that we announce that there will be services at the Presbyterian Church Sunday morning and evening, as usual on the first Sunday. It is hoped that a good-sized congregation will be in attendance.

Flies By Airplane To Assist Installing Theatre Equipment

J. Lamar Smith, New York City, E. S. Hawes, Atlanta, Georgia, and Mr. Rancy, Dallas, have been here since last Friday installing the Western Electric Sound equipment at the new English Theatre. Mr. Smith is installation engineer of the Electrical Research Products, Inc., a subsidiary of the Western Electric Co., and Mr. Hawes is supervising engineer.

Mr. Hawes flew here by airplane from Houston Friday in order to get here in time to complete installation of the equipment.

Mr. and Mrs. English Came Here in 1924

Mr. and Mrs. D. B. English, owners of the new English Theatre and the old English Theatre, to be known in the future as The Lavelta Theatre, have been residents of Tahoka for five years, coming here from Lamesa in 1924 when they bought the Star Theatre from E. L. Howard.

At Lamesa they operated the Majestic, and prior to that Mr. English served as Tax Assessor of Dawson county for four years.

They changed the name of the Star to the English, both the inside and outside were remodeled and new projection machines were installed. First class pictures were shown, and the Englishes rapidly built up a creditable show business in Tahoka. Time after time he has brought the latest released pictures to Tahoka ahead of larger neighboring towns.

For five years, Mr. and Mrs. English have dreamed of building a real Theatre in Tahoka, and the completion of the new and modern plant is the realization of that five years of dreaming. They intend to make this their permanent home and to continue the operation of both shows.

The opening of this new enterprise will afford Tahoka and Lynn county the opportunity of seeing the latest and best of talking pictures. Hundreds and possibly thousands of dollars will be brought to Tahoka, or kept at home, that has been going to other towns.

Several Marriages During Past Week

The matrimonial business seems to be on the verge of a boom, according to county clerk Truett Smith. He has issued four marriage licenses in the past four days, but says that he has plenty left just as good as the ones he has sold.

Those procuring licenses during the past four days are: O. T. Reed and Vivian Agnew; Henry Garrett and Ophelia McCrow, colored; J. E. Sirkel and Vida King; Robert Weatherby and Mabel Israel.

The colored couple were married immediately after the issuance of the license by Judge G. C. Grider. Returns have not been made on the other 3 licenses issued, but Truett feels sure that they were used.

NEW LYNN HOME DEMONSTRATION CLUB MEETS

The New Lynn Home Demonstration Club will meet with Mrs. J. A. Jaynes on Tuesday, November 5th. Lets all be present. Don't forget the Birthday cup towels for Mrs. McCrume, she being the lucky one this time. Mrs. J. M. Spears will come next. Subject for this meeting: "Time Saving Cookery."—Reported.

We have been so busy this week preparing copy and getting the ads in shape for this special edition, that we have had little time to gather important news items or even little personals. But we appreciate the fine way in which the business men have "swamped" us with ads.

COUNTY COURT SESSION OPENS

Little Business Being Transacted; One Civil Case Tried During This Week

County court is supposed to be in session this week, but there has not been much doing.

County Attorney G. H. Nelson reports that all defendants on the criminal docket except one had pleaded guilty prior to appearance day and that this gentleman came across Tuesday morning; so that leaves the docket clear so far as criminal cases are concerned.

One civil case was disposed of. W. D. Nevels procured a judgment for the possession of several hundred pounds of wool which was stolen from him several months ago. The defendant and alleged thief in the case is one Jeter James, but he is J. B. Nelson and the style of the suit posed of the wool under the name of was Nevels vs. Nelson.

It is said that James alias Nelson has been convicted in Oklahoma of bank robbery and sentenced to confinement in the penitentiary for 35 years. It is impossible therefore to bring him to Lynn County for trial of the wool theft.

Twins Born Here Tuesday Midnight

Mr. and Mrs. A. G. White of this city were made happy Tuesday night by the arrival of twins, both of them fine little girls. One of them arrived just before the clock struck the midnight hour and the other one just after the clock had struck. So, it is an interesting fact that these twins have different birthdays. Mr. White runs a grader on the public roads for Lynn County.

Dixie 4-H Club Reorganized for 1930

Miss Thelma Greenwade met with the girls of Dixie October 24th and organized the club for 1930. The following officers were elected: Lebusa Ma-ha, President; Estelle Shelton, Vice President; Zelma Dorman, Secretary; Cleo Corley, Reporter; Irma Macha, Song and yell leader.

There were twenty-one members. Seven old members and fourteen new members. By the help of the old members we hope to make the new ones interested in the work and make our club the best in Lynn county.—Reporter.

Local Man Wired New English Theatre

E. Lee King, local young man who has been with Mr. English for several years, held the wiring contract for the new English Theatre. Mr. King also assisted in the installation of all the mechanical equipment, and will continue to act as projectionist.

PROGRAM

Worker's Conference, Brownfield Missionary Association, Tahoka, Texas, November 5th 1929.

10:00 Devotional—Rev. R. T. Breedlove.

Special Song—Mrs. P. C. McGahey.

2:45 The Importance of Observing the Week of Prayer.—Mrs. Joe Wilson.

Mrs. J. M. Ligon and little daughter of Lubbock were guests Tuesday of A. J. Glasgow and family. Mrs. Ligon is Mr. Glasgow's daughter.

SOAKING RAIN VISITS COUNTY

Moisture Totals 1.39 Inches; Cotton Picking Delayed, But Helps Seasoning

Lynn County and the entire plains have been visited by soaking rains again this week. A slow rain-began falling Saturday night and continued throughout Sunday morning. The precipitation up to Sunday night in Tahoka amounted to 1.11 inches. Cloudy weather continued and rain came again Wednesday, amounting to .28 of an inch. All the rains came slowly and soaked into the soil, putting the country in fine shape for the winter, with the minimum damage to open cotton. The delay in picking occasioned by these rains has been very disappointing to farmers and business men, however.

The entire rainfall this month to date amounted to 2.18 inches, last month, 3.41 inches.

BOX SUPPER AT SOUTH WARD

There will be a box supper at South Ward Friday night, November 1st. The crowd will be entertained with real music, it is said. Everybody invited.

Boys "Kick In" For Giving Cold Checks

Uncle Ike reports five pleas of guilty to the offense of giving "cold checks" in his court this week. All the checks were small and the fines were small accordingly. Uncle Ike also reports two fines collected from two excellent gentlemen who undertook to settle their difference with their fists. Otherwise everything has been distressingly serene down in Uncle Ike's court, he complains.

Woman Dies Here; Buried in Georgia

Mrs. Hattie Lucille Doshier, wife of T. A. Doshier, died at Camp Max in this city last Saturday afternoon from a stroke of apoplexy, which she had suffered a day or two previously.

Her son, E. P. Smith, of Greenville Georgia, was notified by Harris & Applewhite, undertakers, who had charge of the body and came at once. Upon arrival he had the body shipped to Georgia for interment.

Mrs. Doshier was living with her second husband, and they had come to Lynn County from Fort Worth a few weeks ago to pick cotton.

Big League Ball Player Visits Here

Truett Smith had as his guests last Saturday Mr. Sammie West of Rule and Miss Grace Cross of Lubbock.

Mr. West is a star baseball player and for the past two or three seasons has been playing with the Washington Senators. Miss Cross is a very intimate friend of the big Star, and Truett is hoping that it will be his pleasure some time soon to issue a little paper from his office that will mean much to this fine couple.

A number of farmers met at the court house again Saturday afternoon, and since the particular strain of Mebane cotton seed formerly adopted for planting next year could not be procured, they agreed upon Mebane No. 406. It is to be hoped that a large number of farmers will order this or some other uniform kind of long staple seed.

J. A. Elliott, local manager of the Texas Utilities Company at Slaton, and B. C. Workman, general sales manager for this company, whose home is in Plainview, were business visitors in Tahoka Tuesday.

Mr. and Mrs. A. G. Reeves of Sweetwater were here Friday and Saturday visiting Mrs. Reeves' sisters, Mrs. Harley Henderson and Mrs. Frank Hill.

"Lavelta" Is Name Chosen For Old English Theatre

The old English Theatre will be known in the future as the Lavelta Theatre, being named after two daughters of Mr. and Mrs. English, Mrs. Lafre Traylor of Lubbock and Mrs. Velta Small of Sudan.

Mr. English says he plans to continue the operation of the Lavelta every day in the week until January 1st. After that date, it will only be open on Friday and Saturday until fall. He still has a number of the best silent pictures under contract that must be played, and all of these will be shown at the Lavelta.

Mrs. Zoe Lowrey has been employed as cashier for the old theatre and Bill King will act as operator in the projection room. Mr. and Mrs. English will maintain their office at the new theatre. Lee King will be operator there.

Club Boy Writes On 4-H Club Work

Well, come on, Club boys, and let's get to work on our Club work for next year. I have taken first place now the last two years and I aim to work for it next year. So, you-all had better line up and be sure and feed your pig plenty of maize; that's what I did, and lots of other feed too.

Say, boys, let's make next year far better than this year. Come on with some chickens and cows and feed and cotton. I aim to have more than a pig next year. I aim to make my father say "Well done, my boy." We can do it, boys. Come on, let's get us a club started that will make the fathers and mothers proud their boys are working. I know there can be more money made from other things, not cotton alone. We can try gardens and truck and other things.

We boys are real proud of our agent and we want to make him proud of his New Lynn Club boys. We have some real fine teachers to work with us and I know they will help us out in every way they can. All we need to do is to just give them a chance and they will be with us. So boys, don't be backward. Let's get down to business in a business way. Now, fathers, just watch your boys make things go on fine in our next fair.

BURELL TERRY, New Lynn

Mrs. Weathers' Father Accidentally Killed

Louie Weathers returned last Saturday from Jefferson to which place he was called the first of the week by the accidental shooting of his father-in-law, H. Max, which resulted in his death.

Mr. Max was out squirrel hunting, when his gun caught on a grape vine and was unexpectedly discharged. The lead took effect in the leg and almost dismembered the member. Unable to walk or make himself heard, it was several hours before he was found. He was then in a precarious condition but was taken hurriedly to a sanitarium at Marshall for treatment. There his leg was amputated in an effort to save his life but he died on the operating table.

Mrs. Weathers was there at the time of the accident, having gone down a few days before to visit her parents. She remained in Jefferson to be with her mother a few weeks before returning home.

Y. W. A.'S ENTERTAIN R. A.'S

We were this week given a report of an entertainment given on Monday night of last week by the members of the Young Women's Association of the Baptist Church to the Royal Ambassadors. The entertainment consisted of a "hike" and a weiner roast, after which the Y. W. A.'s returned to the Church and held a business meeting, at which officers were elected as follows: President, Miss Opal Cooper; Vice-President, Miss Thelma Greenwade; Secretary-Treasurer, Miss Mrytle Hill; reporter, Miss Charlotte Barnett.

LIVING ROOM CONTEST OPEN

All Farm Women of County Eligible To Enter Home Demonstration Club Contests

The Living Room Contest is now open to any farm woman in Lynn County, regardless whether you are a club member or not.

There are two classes. Class No. 1 being where the cost of improvement is below \$50 and Class No. 2 where the cost of improvement is above \$50.

Every woman in Lynn County is urged to enter. Send your name, address and class you wish to enter to the Lynn County Home Demonstration agent some time before the 25th of November.

Read what this woman did last year. She won second place in the County:

Story of my Living Room

Miss Greenwade gave a demonstration on the livable living room, refinishing furniture, and making useful things for the home.

There was an old bedstead in my back yard that I was using for kindling. Miss Greenwade said, "You can make several things out of that."

I tore it up and cleaned it up. It wasn't any trouble to get it ready for the varnish for the sun and rain had taken the varnish off.

I used the rails to make some small shelves. The wider pieces I used for a book case. I did the work myself. At first just at spare times, but I became so interested and enthusiastic that I just left off some work to get it done.

I had an old time dresser and wash stand. They had the pulls off of the drawers and the wash stand had the door off of it. I used some small screws and fixed the hinges on the door and fastened it on. I then bought some new pulls for them, removed the old varnish and refinished them. I placed the small shelves just above the wash stand and I used this for a writing desk.

I placed the bookcase near myavenport and I used this for a double purpose, a rest-center and a reading center.

I bought some ferns, coleus, and geraniums. I had a flower table that I had made. I varnished it and put my flowers on it.

I moved my night bed out and moved my graphanola in my living room and this gave me a music center.

My room was kalsimined with blue which was smoked very badly. I washed this off and painted it a rich cream.

I made me some side drapes for my window out of some blue ginghams. The entire cost was as follows:

Nails, Hooks and Pulls,	35c
Paint and Varnish	\$5.55
Curtains and Poles	\$1.15
Flowers and Pots	90c
Total	\$7.95

Husband and daughter helped paint and arrange the pictures. Everyone likes my improved room very much.

MRS. COOK

Ladies Organize Needlework Club

A number of the ladies met Wednesday afternoon at the home of Mrs. H. C. Story and organized a needle work club.

The following officers were elected: Mrs. H. C. Story, Pres.; Mrs. Taylor White, Vice-Pres.; Mrs. G. H. Nelson, Sec.; Mrs. A. L. Lockwood, Treas. Others in attendance were: Mrs. George Hogan, Mrs. J. K. Applewhite, Mrs. A. I. Thomas.

After the business meeting refreshments were served and all had a very delightful time.

The next meeting will be at the home of Mrs. J. K. Applewhite next Wednesday afternoon at 3 o'clock.

Upon invitation Rev. B. N. Shepherd filled the pulpit of the Baptist Church at Clarendon, last Sunday morning and evening. The Church is now without a pastor.

South Ward Items

We are to have a box supper at South Ward school this Friday night. We invite everybody to come and bring pies and boxies. Judge Grider has promised to auction off the boxes and pies. There will be plenty of good music and a good time for everybody.

Ima Jo Johnson daughter of Mr. and Mrs. Cicero Johnson is sick with scarlet fever. We hope that she recovers very rapidly.

Mr. A. N. Lowrie left last Wednesday for Sweetwater on business. Mr. Wall and Mr. Nelms went to Snyder last Tuesday.

Miss Linnie Mae Brewer has recovered very rapidly from her operation and soon will be back in school. She was given a surprise fruit shower last week by the school children.

MORE THAN 3,000 PIGGLY-WIGGLY STORES IN U. S.

"There are more than 3,000 Piggly-Wiggly stores in the United States", was the statement made to a representative of the News by K. F. Knight today.

Mr. Knight and his father, W. L. Knight, are proprietors and operators of the Piggly-Wiggly store in Tahoka. Prior to May 28th, 1927, they had been operating an ordinary grocery store here, but decided early in that year to convert their store into a Piggly-Wiggly, and the change was consummated on the above date. This was the first chain store of any kind to enter Tahoka. The business has been a decided success.

W. L. Knight, the older member of the firm, was in the general mercantile business here as partner of J. A. Brashear for a number of years but in 1924 this partnership was dissolved, Mr. Knight taking the grocery end of the business. He associated his son, F. F. (Buddie) Knight with him in the business and they are still together. Both are careful, conservative business men, and it is no surprise that they have made a wonderful success of the Piggly-Wiggly here.

FOR SALE—Two good Jersey milk cows, both young. Also a 600-capacity incubator and good mare, 8 years old.—G. H. Limmer, Wilson, Texas. 10-2tp.

The Eight-Hour Day For Housewives

"A man's work lasts from sun to sun,
But a woman's work is never done."

It would seem like a dream to the women of the days when the above rhyme was current to contemplate anything like an eight-hour day for women. Who, they would have asked, would do the washing, peeling, stoning and seeding of fruits and vegetables, the boning and skinning of fish, the picking of fowls, to say nothing of the spinning of flax, weaving of cloth, and the long hours spent in house cleaning and over a hot stove in the kitchen?

The commercial canneries of today have answered a large part of this question. They have reduced the time devoted to the preparation and cooking of food in the home to a minimum by performing most of the operations men-

tioned in the above enumeration by machinery in their big, sanitary, immaculately clean canneries.

No Longer a Dream

The eight-hour day for housewives is no longer a dream. The textile mills have relieved her of spinning and weaving. Vacuum cleaners have reduced the time devoted to house cleaning. Gas and electricity have relieved her of the task of filling lamps and fetching wood for the kitchen fire. The modern woman can now have time to devote to society, sports and charity, to politics, club life and other outside interests, to education and the higher needs of her husband and family.

M-SYSTEM IS NEW BUSINESS IN TAHOKA

Among the new business concerns which have come to Tahoka during the present year is the M-System, which opened a grocery business here a few months ago. This is one of a chain of grocery stores owned by C. W. Furr of Amarillo, with Roy Furr of Lubbock as general manager. Other M-System stores are at Amarillo, Borger, Plainview, Lubbock, Slaton, Lamesa, and several other places on the plains.

When the M-System opened here, Bill Holland came here from Slaton

as local manager. J. J. Renfro is in charge of the Market operated as a part of the store.

The M-System under the management of Mr. Holland has done a splendid business here from the very start and it is helping to broaden Tahoka's trade territory.

The Lynn County News can still be had for \$1.50 per year—52 issues. We are also still offering the combination of The News and the Dallas Semi-Weekly Farm News for only \$2.00.

MIMEOGRAPH PAPER at 25c per hundred, or \$1.20 for 500.—The News

CALLS ON RED CROSS INCREASE; RESPONSE TO ROLL CALL URGED

Society's Activities Reach Millions Each Year—Chairman Payne Asks Generous Support in Membership.

Disaster relief work, service to disabled veterans and their families, public health work and its many other activities caused expenditures of \$11,064,000 by the American Red Cross for the year ended June 30, 1929, according to the annual report of the organization.

This work by the Red Cross is supported by the annual Roll Call for members, which is held from Armistice Day to Thanksgiving Day, November 11 to 23.

Directing attention to the heavy expenditures by the Red Cross during the past year, and to the fact that the organization was called upon for assistance in 120 disasters in the United States and its insular possessions, Judge John Barton Payne, the chairman, said:

"The Red Cross is a volunteer society, supported by its membership, and belongs to all of the citizens. While it is a semi-governmental agency in that the President of the United States is its president, and one-third of its governing board are representatives of Government departments, yet it receives no financial support from the Government.

"Funds for our work for war veterans and their families, for carrying on disaster relief, for our varied health activities, the life saving and first aid work and our many other activities, all are derived from the membership fee. The public is asked only once each year—at the Annual Roll Call—to join in this support of the Red Cross."

The Red Cross expended an average of \$936,000 per year in the past seven years, in disaster relief work, from its own treasury, statements show. The work for world war veterans also has caused heavy expenditures.

MES. WILLIAMS AND POWELL ENTERTAIN WITH BRIDGE

Mrs. C. C. Williams and Mrs. J. H. Powell were joint hostesses at an attractive bridge party Thursday afternoon at the home of Mrs. Powell on North First Street.

The Hallowe'en theme was effectively carried out in the decorations for the occasion with the ceiling and walls being adorned with streamers of orange and black, while around the walls and windows were placed black cats, owls and skeletons and the Hallowe'en atmosphere obtained by weird lighting effects. The flowers were bowls of yellow Chrysanthemums and tully cards, Hallowe'en cats.

The hostesses served a lovely refreshments plate consisting of sandwiches of black cats and yellow pumpkins, fruit salad making the face of a pumpkin, black coffee and yellow angel food cake. The favors were pumpkin cups filled with candy of cats, owls and faces.

Mrs. W. R. Neyland played high in the bridge games. Places were marked for Mesdames Jerry Nash, W. R. Neyland, A. D. Sanders, Jr., G. M. Stewart, Jack Alley, Harley Henderson, Frank Larkin, Tom Lemond, T. D. Walker, Robert H. King, E. E. Callaway, Marshall Swan, Elbert Boullion, C. B. Townes, Oscar Roberts, Lane Moreland, Conway, L. E. Turrentine, Chas. F. Shook, L. C. Haney and Frank Hill; Misses Sybil Torrence, Binnion and Leta Torrence.

PHYSICAL TRAINING AT TEXAS UNIVERSITY POPULAR

Tennis appears to be the most popular sport among the women students of the University of Texas, judging from the number of co-eds enrolled for physical training classes. There are 203 girls registered in the various tennis classes, while the next largest classes are in interpretative dancing, in which there are 178 girls. A total of 141 co-eds are signed up for golf courses, while in archery classes there are 73 and in swimming 44. Other sports offered are clog dancing, fencing, riding and tenokotts.

Medical examinations were given to all new students at the beginning of the year, and those students not in good physical condition were placed in suitable physical training courses. There are 110 girls enrolled in classes in corrective physical training, fifteen are required to rest for an hour period instead of taking physical training, thirteen are spending their physical training hour in walking, and three are under doctor's supervision. There are 1,200 co-eds enrolled in some form of physical training. Three years of physical training are required of women students.—University Publicity Department.

MRS SWAN HOSTESS TO THE SANS SOUCI CLUB

(Delayed)
Red and white roses and marigolds were used in the decorations of the home when Mrs. Marshall Swan entertained the members and guests of the Sans Souci Bridge Club Thursday afternoon from 3 to 6 o'clock.

The hostess served pumpkin pie topped with whip cream and coffee. Marigolds were plate favors and individual orange and black pumpkin cups holding candies of cats, faces, pumpkins were also favors. The table covers of orange and black cats and owls and faces were used.

The guest list included Mesdames G. M. Stewart, A. D. Sanders, Jr., Chas. F. Shook, Otho Thomas, Elbert Boullioun, Jerry Nash, Robert H. King, Elbert King, Oscar Roberts, E. E. Callaway, Jack Alley and L. E. Turrentine.

A. I. Parker and little son of Tyler are here visiting Mr. Parker's other son, N. O., who is employed at one of the Handley gins. Mr. Parker says that the oil development in this section of the state is growing interesting.

A. J. Edwards accidentally fell from the top of his gin building one day last week to the floor beneath and sustained a bad sprain of the left leg. The injured member is slowly improving but he is still on crutches.

AID FOR VETERANS IS RED CROSS PLEDGE

Service and Ex-Service Men Are Helped in All Problems.

Service to World War veterans in hospital, for able-bodied veterans, and for dependent families of both called for expenditures of \$738,000 by the American Red Cross during the year just ended. In addition, Red Cross Chapters spent \$1,963,000 in veteran relief, and also for men still in service.

Although eleven years have passed since the Armistice, there remain 25,600 disabled and sick veterans of the World War in hospitals, and the peak of the number who will require hospitalization is not expected by Veterans Bureau authorities to be reached until 1947. For these men the Red Cross must continue its service of providing recreation and comforts, according to James L. Fieser, vice chairman of the Red Cross.

"Under its Charter from Congress, the Red Cross is required to maintain service for veterans of wars and for the men still in the service," Mr. Fieser said. "The funds for this work come from the annual roll call membership fees. In addition to the sum spent in maintaining contact with the veterans, the Red Cross expended \$308,000 in its service to the men still in the regular Army, Navy and Marine Corps. The society and a majority of its 3,500 chapters handle claims for these men for insurance, compensation and other benefits they are entitled to under the law, and also where necessary arranges to provide for dependents of the men.

"Red Cross workers are maintained in forty-eight Veterans Bureau Hospitals, as well as in all regular Army and Navy hospitals, whose duty it is to supervise recreational facilities for the patients, and to provide small comforts. In the Army and Navy Hospitals, the workers also do social service for the patients. These tasks also are performed at all Army Posts and Navy Ports by Red Cross workers, and in addition Red Cross representatives to handle claims are established at the majority of Veterans Bureau regional offices."

Mr. Fieser urged that all citizens enroll in the Roll Call, from Armistice Day to Thanksgiving Day, November 11 to 25, in order to aid in supporting this work.

LABOR HEAD URGES SUPPORT OF RED CROSS

"Invariably it is the masses of the people which suffer most when disasters occur," stated William Green, president of the American Federation of Labor, recently.

"Because they suffer most and because of their helplessness, the ministrations of the Red Cross organization take on added significance and importance. No doubt many lives among these particular groups are saved through the prompt service which this organization gives.

"Because the American Federation of Labor appreciates this fact, we have supplemented the appeal of the American Red Cross at each Roll Call period for memberships from the great mass of working men and women and their families.

"The continued service of the American Federation of Labor in this most humane and unselfish work will be most cheerfully rendered."

Mr. Green is a member of the Board of Incorporators of the American Red Cross.

GAINES COUNTY WELL SPUDED IN LAST WEEK

The Louisiana Oil Refining Corporation on Tuesday of this week spudded in for an oil test in the center of the SW 1/4 of Section 7, block A-28, Public School Lands in Gaines County, Texas. This location being situated in the extreme southwestern part of the county. They are using standard tools and we understand the contract calls for 5400 feet unless pay is found at a less depth.

The drilling will be of considerable interest in Gaines county for two reasons. First, because this location is on a southeastern extension of the Hobbs field in New Mexico and secondly, it will be the first test well drilled in the western part of Gaines County. The western part of the county has been the part that has had the best lease and royalty play and has been worked with geophysical instruments by a number of the major companies, and it is believed that this present test will be a considerable factor in any immediate development of that part of the county. —Seminole Sentinel.

FIVE SONS RECEIVE DEGREE FROM FATHER

Mt. Vernon, N. Y.—It often happens that a father has the pleasure of conferring the Masonic degrees on one son, and there are cases where two sons received such honors at the hands of their father, but it seldom happens that a father raises five sons to the Sublime Degree of Mas-

ter Mason at one communication of a lodge. This honor was given to Edmund W. Lee recently at a meeting of Vernon Lodge No. 1,055.

The sons who received this degree were:

Robert E. Lee, named for a famous forebear; Walter R. Lee, president of the East Lake (Florida) Investment Company; Dr. Lyndon E. Lee, president of the New York State Chiropractic Society; Dr. Roland W. Lee, president of the New Jersey State Chiropractic Society, and Ho-

ward V. Lee, president of the Ocala (Florida) Fruit Packing Company.

You can now get you "Amarrilis" Flour at the Turning Dollar Cash Grocery.—Adv.

NOTICE TO THE PUBLIC

Any erroneous reflection upon the reputation or standing of any individual, firm or corporation, that may appear in the columns of the News, will be gladly corrected when called to our attention.

It was our pleasure last Monday to again go through the buildings of the West Texas State Teachers' College at Canyon and to meet many members of the faculty. The main administration building is said to be the largest single educational building in Texas, and it is indeed a handsome and well-equipped structure. The training school building, which was completed last year at a cost of \$300,000, is much smaller than the main building but is an architectural beauty. It is said to be the best appointed training school building in the state. Hundreds of teachers are being trained and many who never expect to teach are being educated in this splendid institution. Our Teachers' Colleges, where our teachers are trained in the art of teaching, should have as generous support, in our opinion, as the Colleges where boys are taught how to raise cotton and cows.

While in Canyon a few days ago, it was our privilege to inspect the dairy herd of the West Texas State Teachers' College. The superintendent of the dairy farm is demonstrating what can be done by proper

breeding and correct feeding. "Little Agatha", the double grand-daughter of Gamboge's Fox's King, has a record of 13,225 pounds of milk or more than 1,600-gallons, in a year—which means approximately five gallons per day for the entire period. This is by no means a world record for a Jersey cow but is a good record nevertheless. "Little Agatha" is a small cow and it costs no more to feed her than to feed a scrub. Our people should give more attention to breeding, and we should have more highly-bred Jersey cows in Lynn County.

Once in a while we hear somebody knocking the business men of Tahoka. All of them doubtless have their faults and some of them may have a few serious faults, but on the whole they are as fine a bunch of fellows as one will meet with anywhere. We've been meeting some of them weekly and almost daily for years and the new arrivals frequently since their coming, and we believe we are in position to know them pretty well. Knowing them, we can vouch for them as being splendid gentlemen, almost without exception. It is only the grouch that thinks they are all crooks.

One Texas pean tree in San Saba County has yielded as high as 1,053 pounds of nuts in one season and has furnished 5,000,000 buds for improving other trees.

The Deepwater plant of the Houston Lighting and Power Co., is the largest single generating unit in Texas. It is rated at 100,000 kilowatts.

H. A. Moore of Brundage sold \$3,000 worth of sweet peppers off a five-acre plot sown to that crop, which he found to be largely immune to insect attack and in good demand.

Mrs. W. S. Taylor is visiting her mother in San Antonio.

SLAT'S DIARY

Friday—Well I herd ma and Ant Emmy a tawking about the Davis twins today. Gess they have cum home from college for good. They havent had such good luck. When they cum home one of them had a broken arm and bobbed hair and the other I had sum sort of a husband or other witch she had picked up sum wheres.

Saturday—Pa is layed up for the evening. He jumped off of a otto this P. M. while it was still going and he like to bust his knee caps and then when he was a taking his bath he started to powder hisself with a can of Louises lie witch Ant Emmy had left setting on the shelf.

Sunday—The teacher tawked to us today and sed we was all put here on earth to help others and when she quit she ast us if we had enny question to ast her and Blisters sed he did and she sed What and he wanted to know what others was put here for.

Monday—Ma acks like she is sore at Pa and I can't tell what it is about unless she is trying to work him for a set of furs like she did a couple of years ago.

Tuesday—I was offly unlucky today. While the teacher was a passing our house she slipped and fell down. But I was studying history and mist seeing it. Ma is still sore at pa.

Wednesday—Well the Dove of Peace is flopping his wings all ocer are house now. But it was a new rug ma was after instead of a set of furs this time. Pa even smokes in the living room now and ma is very sweet with him.

Thursday—We had co. for supper this evening. Mr. Brill witch is a ole friend to pa stopped to show us his new macheen. He had just com from the poor house to visit some of his relations so pa polightly ast him to stay and he did. Ma cum near forgetting the new rug to.

POULTRY HINTS FOR NOVEMBER

Special effort should be made to get the flock in full production this month as the fall and winter eggs are the most profitable. Feed and good balanced ration. The one given below is an excellent one, especially for those having home grown grain. Mash made up of 100 lbs of bran, 100 lbs. shorts, 100 lbs. ground corn or milo, 100 lbs of meat scraps, 25 lbs. of ground alfalfa meal, 2 1/2 lbs. of salt. As a scratch ration use corn or milo. Skim milk is a good poultry feed and should be fed if you have it.

Have mash hoppers before the flock at all times. Allow one foot hopper space for each five hens. Provide oyster shell in hoppers. Either green pastures or sprouted oats should be furnished.

The amount of mash the flock will eat is controlled by the grain that is fed. Make the flock eat as many pounds of mash as grain and gradually increase the grain fed as the weather becomes colder until the flock is eating 5 lbs. of grain to 4 lbs of mash.

Get the flock in best production by feeding wet mash at noon. Feed 2 to 3 lbs. per 100 birds of regular laying mash mixed to a crumbly consistency with skim milk or water. Warm mash is good in cold weather. Wet ash often checks neck molt.

When production gets over 50 percent gradually decrease wet mash. Thoroughly clean and disinfect vessels and move inside the poultry house.

Lice lower production. Your hens may have them without your knowledge. Examine several and if lice are found dip or dust entire flock with sodium fluoride. If dusting method is used apply about 10 pinches well scattered over the body at base of feathers. Dip is made by using one ounce of sodium fluoride to one gallon of water. Dip before 2 P. M. on a warm day. Lice are also controlled by painting roosts with nicotine sulphate just before roosting time.

Look at your houses. Hens must be kept warm and dry to get profits. Check over the poultry house for leaky roof and other defects. Except in southern sections of the state, close up end and back ventilators and examine house for drafts. Loosen several roosts and examine for mites and spray carbolineum, crude petroleum or kerosene oil and crank case oil (half and half) all around roosting places. See that oil penetrates all cracks thoroughly.

PHYSICAL TRAINING AT TEXAS UNIVERSITY POPULAR

Tennis appears to be the most popular sport among the women students of the University of Texas, judging from the number of co-eds enrolled for physical training classes. There are 203 girls registered in the various tennis classes, while the next largest classes are in interpretative dancing, in which there are 178 girls. A total of 141 co-eds are signed up for golf courses, while in archery classes there are 73 and in swimming 44. Other sports offered are clog dancing, fencing, riding and tenokits.

Medical examinations were given to all new students at the beginning of the year, and those students not in good physical condition were placed in suitable physical training courses. There are 110 girls enrolled in classes in corrective physical training, fifteen are required to rest for an hour period instead of taking physical training, thirteen are spending their physical training hour in walking, and three are under doctor's supervision. There are 1,200 co-eds enrolled in some form of physical training. Three years of physical training are required of women students.—University Publicity Department.

NATIONAL CLUB CREED

"Keep us, O God, from pettiness; let us be large in thought, in word, in deed. Let us be done with fault finding and leave off selfseeking. May we put away all pretense and meet each other face to face without prejudice. May we never be hasty in judgment and always generous. Let us take time for all things, make us grow calm, serene, gentle. Teach us to put into action our best impulses straightforward and unafraid. Grant that we may realize that it is the little things of life that create differences; in the big things of life we are one, and may we strive to touch and know the great common woman's heart of us all, and, O, Lord God, let us not forget to be kind."

WOOLDRIDGE LUMBER COMPANY HAS MANY YARDS

The J. C. Wooldrige Lumber Company has had a yard in Tahoka since 1922. During these seven years it has done a splendid business here. For the past five years the local yard has been under the management of B. H. O'Neal, one of the most affable and promising young business men of the city. Its success here has been due in a large measure to his resourcefulness and popularity. The Wooldrige Lumber Company is one of the big lumber concerns of this state. The western organization with headquarters at Amarillo, has fourteen yards located in as many cities and towns on the plains. The eastern branch of the company, with headquarters at Gainesville, has about 25 yards in that section of the state. It has played an important part, therefore, in the development of North and West Texas.

In
"The Big Diamond Robbery"

This House will continue to run three pictures a week— one every two days. We will show the same high class pictures as in the past.

SAY OPENING WAS GREAT!

A large crowd attended the opening performance in the new English All-Talking Theatre here Wednesday night in spite of the fact that rain was falling and had been falling for several hours, and all were loud in their praise of the new theatre and of the show. Many of those present had attended "talkie" shows in Lubbock, Abilene, Fort Worth and Dallas, and they declared that the performance Wednesday night surpassed any they had ever witnessed. They declare that the new English Theatre here is equal or superior to the best in the cities.

Anthony Van Tuyl, field representative of the United States Chamber of Commerce, was a business visitor in Tahoka today. The Nation's Business, a magazine giving much information about the business world is published by this organization.

Mr. and Mrs. J. P. Hackney returned to their home at Pickton, Hopkins County, on last Thursday, after a week's visit here with their daughters, Meses. G. H. Nelson and J. W. Ashworth and their son, Burton Hackney.

O. B. Adami of Abilene is a business visitor in Tahoka this week. Mr. Adami formerly operated the City Bakery here and has many friends in Tahoka.

Myrtle and Bill Hill, and their dad, the editor, spent the week end at Canyon, visiting relatives.

Miss Gertrude Bishop was a week-end visitor with relatives in Plainview.

Mrs. T. J. Bovell of Abilene is here this week visiting her son, W. T., and other relatives.

Skip Taylor visited friends and relatives in Lamesa Sunday.

Texas expects to ship 1,200 carloads of dressed turkeys to Northern and Eastern markets this fall.

Midland recently let contracts for \$185,000 worth of street paving. It also recently received announcement of a reduction in its electric power and light rates.

RED CROSS EXPENDS EIGHT MILLIONS FOR RELIEF IN DISASTER

Year Just Closed Put Heavy Task on Society—120 Calls for Help Were Met.

An unusually large number of disasters in the United States and its insular possessions have required assistance from the American Red Cross during the year just closed. The organization sent emergency relief workers to the scenes of 120 tornadoes, floods, fires and other types of catastrophes and expended \$8,020,000 in relief and rehabilitation of the victims.

Calls for aid came from eleven other nations in which earthquakes, floods and other problems caused distress to large populations, and the Red Cross sent \$76,300 to help in relieving the suffering.

The catastrophe causing the greatest loss of life and most widespread devastation was the West Indies hurricane of September, 1928, in which more than 2,000 lives were lost in Florida, Porto Rico and the Virgin Islands. A relief fund of \$5,883,725.62 was contributed by the public, following a proclamation by the President of the United States, to which the Red Cross added \$50,000 from its own treasury, and the society was enabled to give relief to more than 700,000 persons.

In the early Spring, river floods in the southeastern states cost a heavy loss to many persons, 76,000 inhabitants being affected in four states. The Red Cross assisted 4,383 families, approximately 28,000 persons, with food, clothing, temporary housing, feed for stock and seed for replanting.

In all, thirty-eight states were visited by calamities during the year, affecting 364 counties. Twenty-eight counties were devastated twice by storms, fires and floods.

Red Cross expended \$434,000 from its treasury in giving relief in these disasters, and at one time had as many as 120 disaster relief workers, nurses and other representatives in the field.

Funds for this relief work are obtained in the annual roll call for members, which occurs from Armistice Day to Thanksgiving Day, November 11 to 28. Only once a year—during this period of Roll Call—does the Red Cross ask public support to carry on its many activities.

NEW CROPS IN FLOODED STATES BRING PROSPERITY

The introduction of new habits of planting, following the Mississippi Valley flood of 1927, has brought added prosperity to farmers in many of the Mississippi Delta counties, according to Red Cross officials.

Almost every cabin has a fine vegetable garden, whereas cotton formerly grew right to the doorstep, the Red Cross states. The home demonstration and agricultural agents have followed up the project inaugurated by the Red Cross, immediately after the flood of 1927, with very gratifying success. There is a large acreage in corn, whereas formerly cotton was the one crop. Alfalfa has gained a firm foothold, and the growing of this crop is bringing good financial returns from the three or four cuttings each year. Live stock also is showing improvement due to these new crops.

Everything considered, the Delta sections which escaped a backwater problem in the Spring of 1929 are in a prosperous condition, as a result of the follow-up and rehabilitation by the American Red Cross.

CHURCHMEN ASK SUPPORT OF RED CROSS ROLL CALL

Leading churchmen of the nation have joined in asking public support of the annual Roll Call of the American Red Cross. Two distinguished leaders who have sent messages to their congregations all over the country are quoted, as follows:

"I plead for an extension of our Red Cross membership until we can call a roll of every adult American," stated the Most Reverend Michael J. Curley, Archbishop of Baltimore. "I would like to see the children listed in the organization by their parents. I plead for it because of the spiritual reaction I visualize in our millions of contributing members."

"As president of the Federal Council of the Churches of Christ in America, I bespeak for the Roll Call of the American Red Cross the closest cooperation of all the churches in the constituency of the Council," writes Francis J. McConnell, president of the Federal Council. "I cannot imagine that there is any minister who will not be grateful for the opportunity to call the attention of his people to the work of the Red Cross and to urge them to enroll in its membership."

The American Red Cross expended \$8,669,627.24 in disaster relief work in the United States and its insular possessions and in eleven other countries during the year ending June 30, 1929.

ENGLISH THEATRE OPEN—

(Continued From First Page)

has a good incline, there are no steps to climb—at any point.

The auditorium is all on one floor with no balconies, no piers, nothing to obstruct the view of the screen or the passage of sound to all corners of the room. The room is specially designed for talking pictures, highly approved by the Western Electric Sound System manufacturers, and passed on as 98 per cent perfect by their representatives from New York City and Atlanta, Georgia, who were here this week. The ceiling is of Celotex sound absorption material, the walls being of special plaster composition in polychrome. Aisles, ramp doors and foyer floors are covered with ozite, also a sound absorption material and this is covered with a very high grade carpets.

Six light chandeliers hang from a beautiful oval ceiling and six light brackets are on the walls, throwing an indirect light over the auditorium. Gas-steam radiators heat the building. There are 500 nine-spring leather seats in the auditorium, being the same grade of those used in the best theatres. We enter the room at either side near the center, making all seat conveniently accessible.

On either side of the stage are Egyptian building effects, through the decorated windows and doors of

which soft lights shine, Egyptian women, "flying" horses, eagles adorn these buildings and the stage border. Other Egyptian artwork is stenciled on the walls. Velour drapes hang down each side of the stage and a scrim curtain falls across the special built screen. These curtains operate automatically from the projection booth. Behind the screen, which is perforated by millions of needle-sized holes, is the loud speaker. In front of the stage is the orchestra pit and below are the dressing rooms. On each side are commodious entrance rooms to the stage.

At the rear of the auditorium are the projection, sound equipment, and "non-synch" rooms, about which we tell in another article in this paper.

CICERO SMITH LUMBER COMPANY HAS 38 LUMBER YARDS

One of the big lumber concerns of West Texas is the Cicero Smith Lumber Company, with headquarters at Fort Worth. This company has 38 yards, nearly all of them situated in West and Northwest Texas. It has had a yard in Tahoka for many years and has been doing a thriving business here.

The present local manager, J. H. Powell, came here the first of February. He had previously had much experience in the business and is thoroughly "on the job." Affable and business-like, he has made many friends here both in business and social circles and the business of the local yard should continue to prosper under his management.

MRS. FENTON ENTERTAINS WITH BRIDGE LUNCHEON

Mrs. R. W. Fenton, Jr., was a charming hostess when she entertained a number of her friends with a bridge luncheon Saturday from 1 to 4:30 o'clock in her pretty new home on West North Fifth Street.

The color scheme of yellow and white was effectively carried out in the decorations of the living rooms, the flowers being chrysanthemums.

The hostess served pressed chicken, stuffed celery, cranberry jelly, stuffed olives, buttered toast and coffee. The second course consisted of lemon pudding topped with whipped cream. Yellow chrysanthemums were plate favors.

Attending the lovely affair were: Mesdames A. D. Sanders, Jr., Harley Henderson, Jerry Nash, L. E. Turrentine, G. M. Stewart, Jack Alley, M. O. Bridges, Carl Griffin, E.

E. Callaway, Tom Lemond, D. W. Gaignat, Robert King, Oscar Roberts, Marshall Swan, W. B. Slaton, Otho Thomas, T. D. Walker, Le Roy Knight, J. H. Powell, Frank Larkin, Lane Moreland, George Hogan, Chas. F. Shook, L. C. Haney, C. B. Townes, and Frank Hill; Misses Binnion and Frankie Wells.

Turning Dollar Cash Grocery has just received a fresh shipment of that famous "Amaryllis" Flour. It sells at the same price as Oklahoma Flour.—Adv.

During the first nine months of 1929 Texas automobile registrations totaled 1,109,700 or 51,000 more than the total for 1928.

Best Of Mechanical Equipment Used In New Theatre

HOME CANNING OF MEAT

(By Miss Thelma Greenwade)

To secure a sufficient variety of meat, to keep meals interesting and different has been one of the big problems of the rural housewife. She has had to depend almost entirely on pork, cured with salt and smoke or on poultry of which the family quickly tired.

Since the invention of a method of canning in tin which can be successfully used on the farm, it has become possible to can the meat from the whole animal, thus saving a large amount which cannot be used fresh until it is needed and at the same time providing a large variety of meat dishes which can be easily and quickly prepared for the table. This is not difficult, no harder in fact, than killing and curing of pork and is completed in a much shorter time.

If the work is carefully planned and everything is prepared, it is possible to finish canning an entire beef in six or seven hours.

Equipment

All meats should be canned in tin and in a steam pressure cooker or canner in order that they may be entirely sterilized. Two eighteen quart cookers or twenty-five quart cookers or a cooker and a junior canner should be used in canning a beef. These, with a can sealer which will quickly seal the cans after the beef is placed in them will be all the equipment needed.

Time

Meat should be killed and canned only during the colder months. The weather should be about the same for hog killing.

Preparation

The animal should be killed, dressed, and quartered the day before it is to be canned at least.

It may be cooked any way that the family desires. The usual ways are: Roast, plain or rolled; Steak; Soups and Stews; Meat Loaf, Hash, Chili and Minced meat. First, the plain roasts—these should be cut so that when they are cooked partially they will just slip into the cans. This will mean that they should be cut about a fourth larger than the cans since there is considerable shrinking in cooking.

The muscle fiber should run length wise of the piece of meat so that when it is turned out of the can and served it may be sliced across the grain.

The steaks should come next. They should be cut across the grain of the round and shoulder and should not be less than 3/4 of an inch thick. These may be rolled as they are put in the cans or they may be put in in pieces suitable for serving. The tougher or more scrappy parts of the beef may be cut in 1 1/2 or 2 inch cubes for stew or ground for hash or chili.

It is a good idea to put a large wash kettle on an open fire in the yard and as the steaks, etc., are cut off the bones can be put into this and by the time all the other meat will be in the cans and will be processing this meat left on the bones will be cooked and ready to chop for chili or meat loaf. The water in which these are cooked will make the clearest soup stock with the largest amount of gelatine.

While the soup is cooking all the cans can be stacked for filling. If the can lids with the lacquer gaskets are being used they should be washed like the cans. If paper gaskets are being used they should not be washed since the water will loosen the paper. They should be wiped with a dry cloth and placed in the

PRESIDENT ENROLLS IN RED CROSS

President Hoover, who is also president of the American Red Cross, enrolls in the annual Roll Call of the society, which occurs from Armistice Day to Thanksgiving Day, November 11 to 28.

oven until they are used. After everything is ready to begin canning, the roast should be put in the oven. They may be prepared in any way the family likes. The writer prefers sprinkling them with salt and pepper, rolling them in flour and cooking in a very hot oven until they are thoroughly seared. Then reduce the heat and continue to cook until the blood will not follow the knife when they are cut.

For preparing the steaks one should have a very large kettle over an open fire in the yard containing not less than two gallons of fat heated just under the smoking point. The steaks should be seasoned with salt and pepper and rolled in flour, and seared in the hot fat until they are brown enough for the table. The roasts and steaks should be packed

(Cont'd on Last Page, Sec. 2)

Mr. English Spared No Expense To Get Best

The average theatre-goer appreciates a picture for its worth, but few realize the equipment and expense necessary to reproduce a picture and sound effects. A little enlightenment will help many of us to a better appreciation of talking pictures.

Up in the projection rooms of the new English Theatre are \$11,000 worth of mechanical equipment, the very best that can be bought, the equal of any in Fort Worth, Dallas, or even New York, for that matter, though possibly not so much of it.

When Mr. D. B. English decided to build this new plant, he decided he would use nothing but the best. He has not installed the inferior record equipment, but the Western Electric Sound System for producing movie-tone pictures, pictures where the sound is taken from variable light exposures along the edge of the movie film, transmitted into sound, and broadcast through the loudspeaker behind the screen on the stage.

In the main projection room, which is 19x18 ft. in size and which is fire-proof with automatic fire-proof doors, is located two Simplex projectors and two Peerless reflectors of the latest type, attachments for taking the sound from the film to the sound equipment room, electric switch board for the entire theatre, and control board for the automatic curtains on the stage. Here is also located an automatic rewind machine for rewinding films, the only one in

West Texas. South of the projection room is the sound equipment room, containing a converter for changing alternating current to direct current in order to secure a smoother picture, batteries, and other sound producing equipment. This room is 7 1/2 x 9 1/2.

North of the projection room is a non-synchronomy room, 5x7 in size, where the music producing equipment is to be located.

A stairway from the downstairs office leads to these up-stairs rooms. Back of the sound-screen on the stage is the loudspeaker, the mouth of which is 4 1/4 x 4 1/2 feet in size, and the talking, singing and other music come out through the million of needle sized holes in the specially built screen. Behind the stage is also the machines that raise and lower the curtains.

THANKS TO THE WORKMEN

We wish to take this means of expressing our thanks to Mr. Harvey C. Allen, architect and contractor, and all the workmen who have assisted in the erection of the new English Theatre. They have all done everything in their power to put out the best of workmanship in the least possible time and have done everything they could to accommodate us. Mr. Allen is a very capable architect and contractor and we especially thank him.

MR. AND MRS. D. B. ENGLISH

Progress

Keeping in step with TAHOKA'S continued growth.

CONGRATULATIONS!

to

The English Theatre

on the erection of their new building and the installation of

"Talkies"

Our prices are also "Talkies". They tell you that you can buy better merchandise at lower prices. Telling the world we undersell them all.

BULLDOGS MAUL O'DONNELL BY SCORE OF 38 TO 0

The Tahoka Bulldogs showed their mettle last Friday when they won the seventh game played this season. The O'Donnell boys also showed some real football although they could not stop the hard driving Bulldogs. The O'Donnell team did not arrive as per schedule and the spectators began to get restless, but they were repaid for their wait by the

good playing shown in the game. All the local fans were satisfied by the outcome.

The lineup for Tahoka was as follows: center, Gurley, ends, Spears and Fox, guards, Benson and Grathouse, tackles, Grider and George, quarter, Ketner, halves, Edwards and Minor, full, Stevens. Subs. Welch for Ketner. Referee, E. S. Evans; head linesman, Alex Chaney. There were two penalties during the game, the first being on O'Donnell for five

yards and the second on Tahoka for fifteen yards.

The first quarter was as follows: At 4:15 Gurley kicked off for Tahoka. O'Donnell returned the ball for about 15 yards. O'Donnell completed a nifty 20 yard pass. Then a first down and then an attempted pass which was blocked. Tahoka got the ball and made a first down, then an 18 yard run by Tahoka, then Minor took the ball for a nifty little run around left end for the first touchdown, Ketner kicked goal for an additional point, bringing the score to rest at 7 to nothing. Gurley kicked off again for Tahoka and ball was returned 7 yards by O'Donnell. The quarter ended here.

In the first of the second quarter Stevens of Tahoka intercepted a pass. Minor made a run of 15 yards, and then another of 7 yards for another touchdown. Ketner tried for a point but failed. Gurley kicked off again to O'Donnell who returned the ball 18 yards, but unfortunately for them the ball was fumbled and covered by Tahoka. Minor then made an end run for fifteen yards. An O'Donnell man was knocked out but was O. K. after a few minutes. Edwards then carried the ball over for another touchdown and Ketner tried for a goal but failed.

For the first part of the third quarter Welch took the place of Ketner at Quarter. Gurley kicked off to start the second half, O'Donnell returned the ball for five yards, ball went over to Tahoka, Minor carried the ball for 15 yards, Edwards then made a gain of 19 yards and then Stevens bucked the line for another touchdown. Ketner tried for goal but failed. Gurley again kicked off to O'Donnell who returned the ball 7 yards. O'Donnell lost 9 yards, Tahoka was penalized for clipping from behind, Tahoka got ball, Minor carried ball for 20 yard gain, Tahoka fumbled on 50 yard line and ball was covered by O'Donnell, ball went over to Tahoka—and the third quarter ended.

In the first of the fourth quarter Minor again showed his ability by gaining 10 yards, a 7 yard pass was completed by Stevens to Fox, Ketner then carried the ball for a touchdown. Ketner made the point. Gurley again kicked off the ball going over the O'Donnell goal line and O'Donnell did not cover it, Edwards came trotting up and fell on the ball. After a hot discussion it was decided that the play should count as a touchdown. Ketner tried for a goal but missed. Gurley again kicked off and O'Donnell returned the ball 10 yards. O'Donnell gained a first down and tried to complete a pass but failed. O'Donnell punted 20 yards and Ketner returned the ball 13 yards. The game ended here.

This ended the seventh game of the 1929-30 Bulldogs. They have won five and lost two games.

Good teamwork was shown during the game by the Bulldogs and credit is due to the entire team. Although the backfield showed up well, the game could not have been won without the good work of the line. Gurley showed up well as a kicker. The

entire backfield showed up well in the plunges and Edwards furnished Minor some excellent interference. All in all, the game was OKMNX—W. C. C.

Building permits for thirty-three Texas cities for August were nearly \$10,000,000, according to Texas Business Review, against \$7,834,000 in July. Abilene, Galveston and Wichita Falls showed unusual gains.

NERVOUS SUFFERING

Lady Says She Took Cardui, Felt Better In a Few Weeks, and Steadily Gained Health.

Moscow, Ohio.—"I had been in awful, bad health for months and months," says Mrs. Cynthia Staton, of this place. "My nerves were 'all to pieces,' and I was all run-down. My back hurt all the time, and I had to drag myself around the house. My legs ached and I worried all the time. I could not stand the least noise. The least little thing upset me.

"One day, I read a Ladies Birthday Almanac that my husband brought home, and I thought I would try the medicine I read about in it—Cardui.

"I began taking Cardui, and in a few weeks I felt myself getting much better. I took it for several months, as I was steadily gaining in health. When I finished taking Cardui, I felt fine.

"Since that time, thirty years ago, I have taken Cardui several times when I needed a tonic to help build me up, and it has always helped me. I give it to my daughters and I have recommended it to others. I think it is a fine medicine."

Great numbers of women, of all ages, have written to tell how they have been helped back to good health by taking Cardui. NC-218

MR. ENGLISH!

You are to be congratulated upon the opening of—

The New 'Talkie' Theatre

Congratulations

To Mr. English upon the completion and opening of

The New English Theatre

We consider it a distinct step forward in the march of progress which Tahoka is making. It will furnish amusement and recreation for the people of Tahoka and the entire adjacent territory for miles around. We ourselves are keeping step with the progressive march of the town and country by keeping on hand a complete stock of—

HARDWARE, FURNITURE, AND HOUSEHOLD FURNISHINGS AND UTENSILS

of all kinds. We invite your patronage, and again we wish to congratulate Mr. English upon his splendid achievement.

McCormack Company, Inc.

Hardware :- Furniture :- Implements

W. R. NEYLAND'S STORE ONE OF THE MOST ATTRACTIVE

W. R. Neyland opened his place of business here in March, 1928, and from the very first it has been one of the most attractive stores on all the South Plains. At the first he handled only ladies' ready-to-wear but later added a line of gent's furnishings also.

His business has steadily grown until his store has become not only one of the most attractive but also one of the most popular shopping point in the city.

His success here may be attributed to his up-to-date business methods and to the "spic-and-span" appearance of his store at all times. He was brought up in this kind of a business, his father having been one of the leading business men of Teague for forty-five years. Much of the credit for their success in Tahoka is due to Mrs. Neyland, also, whose gentle manners and winning ways make her one of the most popular sales ladies in Tahoka.

Neyland's store is an asset that all Tahoka appreciates.

McCORMACK'S IS ONE OF TAHOKA'S PROSPEROUS FIRMS

The McCormack Company, Inc., is one of the most prosperous and popular business houses in Tahoka. The McCormacks have been in business here since 1916, having a dry goods business as well as a hardware and a furniture business at this place for several years. They disposed of the dry goods store in 1924 and greatly enlarged the hardware and furniture stocks. D. W. Gagnat became associated with the firm early in that year, since which time he has been the business manager. The business has greatly expanded and grown during this period of time. Mrs. Gagnat is herself a business woman of much ability, and to her business acumen and judgment is due much of the credit for the success of the business. The McCormack Company now carries full lines of hardware, farming implements, furniture, radios, and novelties. They are helping to make Tahoka one of the best and most popular business centers of the South Plains.

Read the adst

UNITED DRY GOODS STORES, INC. EXPANDING RAPIDLY

When the United Dry Goods Stores, Inc., opened its store in Tahoka on August 30th this year, it was the sixteenth store of this company which had been established. They now have more than twenty-five stores located in Texas, New Mexico, Arizona and California, and they expect to open at least fifteen more stores before the first of January. They have made seven new locations during the past week, according to A. P. Conway, the local manager. Although this concern has been in Tahoka only a couple of months, it is already doing a nice business here. Mr. Conway, the local manager, has had much experience in the dry goods and clothing business. He was with one firm at Rising Star for twenty-five years before coming to Tahoka. He is a gentleman of most pleasing address and is already winning many friends here. Such stores as that of the United Dry Goods, Inc., will help to extend Tahoka's trade territory, attracting customers from a distance and serving as another inducement for Lynn County people to supply their wants in Tahoka.

We join in offering
CONGRATULATIONS

To Mr. English upon the beauty of the new theatre building. We wish the management well in their efforts to furnish Tahoka with high class entertainment.

FORREST LUMBER COMPANY IS HELPING BUILD TAHOKA

The Forrest Lumber Company has furnished the material used in the construction of many a beautiful Tahoka home since it established a yard in this city four years ago. Its coming gave great impetus to the building movement which was already underway in Tahoka at that time. This movement has never stopped and is expected to gather even greater force next year than ever before.

S. L. Forrest of Lamesa is one of the most far-sighted business men in all this section, and under his direction all the yards of this company have prospered.

G. A. Brasfield came to Tahoka as local manager nearly three years ago. He is a man of splendid personal qualities and fine business ability and to him is chiefly due, no doubt, the large measure of success which the Company has enjoyed here.

The Forrest Lumber Company is highly prized by our citizenship.

TEXAS GARAGE DOES WONDERFUL BUSINESS

Eighteen months ago Ovid Luallin and Buford Swan opened the Texas Garage at the northeast corner of the square. Being trained and experienced mechanics, they did a big business from the start, and they keep busy all the time during working hours.

Mr. Luallin began work as a mechanic in 1920 and Mr. Swan in 1916, and we doubt if two better mechanics can be found in any garage in this part of Texas. You get a square deal every time you take a car to their shop.

Mrs. Koonce Tells What Orgatone Did

"I Found it to be Excellent," Says Well Known Amarillo Woman

Mrs. A. C. Koonce, 303 N. Rusk Street, one of the best known and most highly respected residents of Amarillo is so well pleased with Orgatone and what it has done for her that she says she is simply telling all her friends about it, no matter where she meets them.

Like many other ladies Mrs. Koonce shrinks from publicity but she says beyond a doubt Orgatone is a splendid medicine and that she feels it is her duty to let other suffering women know about it.

"I've had an operation for gall stones and had been in a general run down condition for the past eight or nine months," says Mrs. Koonce. "I seemed to have no appetite at all and I was nervous and upset almost all the time. I wasn't what you would call sick but I felt so bad and sluggish and heavy from morning till night and was troubled so much with my gall bladder I never felt like attending to any of my duties about the house. My food didn't agree with me always and it never seemed to give me the proper nourishment.

"I finally made up my mind to try Orgatone and I hadn't finished the first bottle before I found my appetite had improved and I was gradually getting stronger and better. I am gaining in health and strength every day.

"I don't feel weak and run down like I did and I'm just feeling better every day. I recommend Orgatone for I have found it to be excellent since it has done me so much good. I am continually telling someone about it."

Genuine Orgatone may be bought in Tahoka at Thomas Bros. Drug Store.

Here are our

Congratulations

To Mr. and Mrs. English upon the opening of

THE ENGLISH THEATRE

We wish them much success in their efforts to furnish the people of Tahoka the best to be had in the way of entertainment.

Forrest Lumber Company

"A Little Yard With a Big Service At A Fair Price"

G. A. BRASFIELD, Local Manager

We Wish to Express

Our Appreciation

Of The

New 'Talkie' Theatre

Which Mr. English has just completed. It is a place of

Public Amusement

Of which any little city might well be proud. We believe that it will not only enable our people to get just as good entertainment at home as they may get in a theatre anywhere but that it will prove to be a distinct business asset to Tahoka and Lynn county. We feel a just pride in the new Talkie.

The Security State Bank

HEARTY CONGRATULATIONS!

To our esteemed citizens and friends—

Mr. and Mrs. D. B. English

For giving Tahoka the most beautiful and excellent picture show in all West Texas.

W. R. NEYLAND

FIRST NATIONAL BANK IS COUNTY'S OLDEST BANK

The First National Bank of Tahoka is the county's oldest and largest banking institution. It was organized in 1907, A. L. Lockwood and W. D. Nevels being the chief promoters and the principal stockholders. W. B. Slaton was associated with the bank from the beginning, later becoming cashier.

Messrs. Lockwood and Nevels are two of the pioneers of the South Plains. They came to Lynn County when it was strictly a stock country, and they have seen its magic transformation into one of the richest farming sections of Texas. Mr. Slaton is a product of the West. These gentlemen are all keen business men, and it is their business ability that has made the First National one of the strongest banks in all this section.

The history of the First National is indissolubly linked with the history of Lynn County, and it will probably continue to serve this section long after the present officers and directors have passed off the stage of action.

J. S. WELLS & SONS ARE OLDEST FIRM IN COUNTY

The business of J. S. Wells & Sons is the oldest concern of any kind in Lynn County. It was established in 1903, when Dr. J. S. Wells, then of Oklahoma, had heard the call of the West and had come to Lynn county to make his home, Tahoka was nothing but a mere frontier village of the crudest kind at that time, but Dr. Wells knew good soil when he saw it and he knew that this country had a future. He accordingly started a general mercantile business here, doing some practice as a physician along with his duties as manager of the store. He associated his sons with him in the business and two of them, J. C. and R. C., are still associated with him.

Possibly no man in Lynn county has done more for the development of the county than J. S. Wells. He has ever been a booster of the country, and the days never get so dark, financially, but that he remains optimistic and radiates hope and good cheer to his fellow men. He has served many years in various public offices and is one of the county's most useful citizens.

Claude and Ruby are both good business men. The responsibility of directing the business of J. S. Wells & Sons has rested largely upon Ruby for the past several years and he has proven equal to the occasion. The firm has prospered through all the years and is one of the leading hardware houses in this section. In addition to hardware the firm handles farming implements, household and kitchen utensils, radios, etc. The prospects are that this concern has many years of service ahead of it yet.

CENTRAL WARD NEWS

The fifth and sixth grades have organized English clubs. The purpose of the clubs is better English. Ten officers and a sponsor were elected in each class. Plans for various forms of entertainment are underway, with improved writing and speech as a goal.

There has been a correlation of Geography, Spelling and English, for the past week, in the form of a South American project for the sixth grades and a United States project for the fifth grades.

Last Wednesday afternoon Mrs.

Williams section of the fourth grade conducted the weekly chapel exercise. The program was made enjoyable with interesting readings and musical numbers.

One of the outstanding entertainers was Wells Edwards and his lively saxophone selections. This coming Wednesday Central Ward is to attend, en masse, the chapel program at the high school at three fifteen of which Mrs. Kercheville is to have charge.

M. E. LEAGUES HAVE HALLOWE'EN PARTY

Among the first of the Hallowe'en parties due at this season was one enjoyed last Saturday night by the M. E. Hi-Leaguers in the children basement. The decorations of black and orange streamers, candles, special Hallowe'en light shades, corn shocks, black cats, witches' cauldrons, etc., all combined to change the room into a rather "spooky" place. Guests were forced, despite screams of protest, to tread precarious paths of cotton-seed, bed-springs, etc., to the accompaniment of blood-curdling shrieks and walls from unseen Hallowe'en imps.

Some of the Leaguers were very attractively costumed, forming a picturesque background for the ghost stories told by the light of a lone candle. Two features of the entertainment program were the fortune-telling and the Harvest Tournament.

Refreshments of hot wiener sandwiches, doughnuts and cocoa were served to twenty-two Leaguers. The following members of the Recreation department comprised the committee which planned for the evening's fun: Mabel Lee, Superintendent, Eva Cowan, Lorene Childers, and J. D. Donaldson, Jr., assisted by the League Counselor—Social Reporter.

The Texas Supreme Court broke all records for a single day's work when more than one hundred orders were disposed of, which included 67 judicial decisions.

The Rio Grande Valley is to have what is claimed to be the "largest asparagus farm in the world." With 150 acres already planted, 850 acres more are to be put in this succulent.

SECURITY STATE BANK IS PROSPEROUS INSTITUTION

Founded in 1916, the Security State Bank has had a prosperous career. It has weathered all the financial storms that have arisen since its establishment and has the promise of continued growth as the country grows and develops.

Judge G. E. Lockhart, one of the prominent lawyers of this section, who resides at Lubbock but whose home was here for many years, is the president of the institution. Judge Lockhart still owns much property in this county. Robert H. King is the active vice-president, having been associated with the institution for the past four years. He is an experienced banker, having come to this place from a banking institution at Wichita Falls. Carl Griffing is the cashier. He has been associated with the Bank for eight years and has served it faithfully and well. Judge B. P. Maddox is one of the directors.

The business ability of these gentlemen insure the future prosperity and usefulness of this institution.

The Lynn County News and Semi-Weekly Farm News, 1 year, \$2.00.

Congratulations

We regard Tahoka as most fortunate in being provided with such an excellent place of amusement as Mr. English has built.

The New ENGLISH THEATRE

With its "Talkies" equipment of the most modern type is undoubtedly one of the best in this entire section of Texas.

It should attract theatre-goers from all over Lynn county and even from points far beyond the county boundaries.

We congratulate you, Mr. and Mrs. English.

The First National Bank

—Capital and Surplus \$100,000.00—

We Welcome

The "Talkies"

To Tahoka. We regard the building of this splendid new theatre and the installation of the "Talkies" as one of the big events in the progress of Tahoka.

We Invite

Our friends and customers throughout the county to come in to enjoy the shows that Mr. English will provide and then drop around to our place of business for

Refreshments

We carry a complete stock of drugs, school supplies, etc.

WEST POINT ITEMS

Mr. and Mrs. J. M. Nobles' niece Zettie Lee Carter died Tuesday. Mr. and Mrs. Nobles attended the funeral and returned home Wednesday.

Mr. J. W. Franklin and family of Breckenridge came in Saturday evening. The left Monday for New Mexico to visit his brother, Mr. J. H. Bulman.

Preaching services were held Sunday and Sunday night by Bro. J. R. Lanier of Brownfield, Texas. There was a large crowd in attendance at both services.

Misses Elby Jeffreys and Nola B. Tankersley spent Sunday with Miss Ozell Brantley.

Miss Zelma Jeffreys spent Sunday with Miss Louise and Altha Wayne Jennings.

Thurman Thomas, son of Mr. and Mrs. W. H. Thomas had the misfortune of receiving a severe cut on the face last Sunday. Five stitches were required to sew the wound up. He is improving rapidly.

Fire destroyed property valued at \$100,000 Saturday at Camp Mabry, Texas National Guard encampment. Two of the seven barracks and store houses were burned down. The State carried no insurance on the property.

The granting of a conditional pardon was the first official act of Lieutenant Governor Barry Miller, who has been acting governor during Governor Moody's absence on a hunting trip into Mexico. The pardon was granted to Morris Bell of Rusk County, convicted of burglary.

"THE BEST OF EVERYTHING" IS TAHOKA DRUG'S SLOGAN

"The best of everything" is an excellent slogan, as every one must agree, and especially so for a drug store. That was the thought that prompted its adoption by the Tahoka Drug Co., popular establishment on the east side of Main Street south of the New Theatre. And when you make the service at once snappy and courteous, you can't help but make for success.

Along with a complete and high grade line of drugs, cigars and sundries, the Tahoka Drug Store takes special pride in its fountain service, their fountain being the last word in a modern, sanitary, up-to-the-second fountain. Try their delicious drinks before or after the show or whenever you are in town, and be assured of the best. Your pleasure is their pleasure—whether you desire curb service or fountain service, you'll get it here.

This enterprising firm is composed of L. C. and F. T. Haney, experienced druggists, whose faith in Tahoka is indicated by the high class store they are operating here.

HIGGINBOTHAM-BARTLETT OLDEST LUMBER CO. IN CO.

The Higginbotham-Bartlett Company, dealers in lumber and building materials of many kinds, claims the distinction of being the oldest lumber firm in Lynn County. This company established a yard here soon after the Santa Fe Railway entered the town in 1908. It was the fifth yard that this Company established, having other yards at that time in four other West Texas towns. Now it has about fifty yards in Texas and several in New Mexico, and is one of the most prosperous lumber companies in all this section of Texas.

The local manager in Tahoka is Grover Stewart. He knows the business from start to finish. He started in with the company as an employee in 1914 and has been in its employment continuously since that time, except during the World War, when he was called to service overseas. He was with the company two years at Roscoe. He has been manager in Tahoka for eight years, and the business has greatly prospered under his management. He is justly proud of the fact that his Company furnished the material used in the construction of Tahoka's handsome new theatre, the English Talking Theatre, which is being completed and opened this week.

NEW DRY GOODS STORE DOING GOOD BUSINESS

The Tahoka Dry Goods Store is one of the new establishments of the present year, having opened for business on May 9th. Just preceding this date E. E. King and associates bought the business and the stock of goods of J. A. Brashear & Sons, Mr. King taking charge as manager. He had had much experience as a dry goods and clothing salesman, having been connected with one or another of the G. E. Hogan stores for a number of years. As manager of the Tahoka Dry Goods store, he has built up a splendid business. This house carries a big stock of men's, women's, and children's clothing and other dry goods. There is no need for any family to leave Tahoka to procure their winter supply of clothing as long as such firms as the Tahoka Dry Goods Company is doing business here.

BILIOUS, DIZZY

Lady Says She Suffered Much Discomfort Until She Tried Black-Draught; Found It Brought Relief.

Townville, S. C.—"I had a bilious spell. I would get very dizzy and have such a bad taste in my mouth," says Mrs. Bertha Whitfield, of this place.

"When I would stoop over, I felt like I was going over on my head.

"When I would get up mornings, I felt as tired as when I went to bed.

"A friend told me how she had been helped by taking Black-Draught, and how she kept it in her home. So I thought I would try it, any way, which I did, and from then on I have used Black-Draught when I feel bad, get up tired, or feel that I need anything. Now I recommend it to my friends.

"If I get tired and sluggish, feeling like I must sit around when I have lots to do, I take Black-Draught. A few doses seem to be what it takes to cleanse my system of impurities that may cause this trouble."

Black-Draught is made from finely powdered herbs and roots carefully combined, weighed and packaged by automatic machinery.

Easy to take—no disagreeable after-effects.

Sold in 25-cent and \$1.00 packages at all druggists. Try it. NC-271

Mr. English is to be congratulated for his enterprise and his determination to provide the people of Tahoka and Lynn County with the best that is to be had in the matter of entertainment.

Texas Utilities Co.

LIGHT—POWER—ICE

MARRIAGE REGULATION

Representative Jack Keller of Dallas proposes a law to prohibit the marrying of intoxicated couples, according to reports received in the Capital. Keller's law would provide that any justice of the peace, county judge, district judge, pastor, priest or rabbi who marries a man and a woman while either of them are intoxicated would be subject to a fine ranging from \$25 to \$1,000 and a jail sentence up to six months. He will probably ask Governor Moody to submit the subject of his bill for the January session of the Legislature.

It is reported that the new marriage law, requiring health certificates for men, is not satisfactory to the Texas Eclectic Medical Association, which would require both principals to have certificates.

CONNOLLY MOTOR COMPANY GROWS WITH THE COUNTRY

No man in Lynn County is better known than Chester Connolly, for he is the man that sells Ford cars. He has been in business in Tahoka for many years and has come nearer putting the entire county on wheels than any other citizen in the county. The Connolly Motor Company, of which he is the head, has always done a big business here, and of course it will continue to do so. Henry Ford has the right man in the right place here in Tahoka. Ches will tell you that the Ford is the best car for the money on the market—and he may be right about it.

In addition to being the Ford agent, Chester Connolly is a jamp-up good citizen, and so are the other Connolly boys, who assist him in the business. The Connollys have helped to make Tahoka what it is today.

BOULLIOUN SAYS THAT MODERN EQUIPMENT PAYS

There is possibly not a neater, more attractive, or better equipped grocery store and market in all West Texas than E. H. Boullioun's right here in Tahoka.

Mr. Boullioun opened his present business two years ago. He started out right by procuring the very best market equipment that is to be had. Mr. Boullioun says that when he installed this expensive equipment he felt that the town would support such a business, and it has. The volume of his business has exceeded all expectations, proving that the people believe in modern equipment and thoroughly sanitary stores.

Mr. Boullioun carries a clean, high-class stock of goods, and he finds that this appeals strongly to a very large class of people. He does an immense grocery and market business which is sure to grow as the months come and go.

Lived Two Years On Strict Diet

"I suffered so with stomach trouble that for two years I had to live almost entirely on a diet of buttermilk. I lost weight and was terribly run-down. Then I started Sargon, gained nine pounds and now I feel fine all the time.

MRS. LILLIE LIST

"My liver seemed all out of order and I was badly constipated. My tongue was nearly always coated and the taste in my mouth was awful. I was so nervous that many a night I didn't sleep a wink. No medicines helped me for any length of time and I finally decided to try Sargon. I have finished my sixth bottle, eat anything I want, my indigestion is gone and I am strong and energetic. My nerves don't bother me now, I sleep fine and my friends tell me how well I look. I was visiting my mother in Uvalde, Texas, and told her what Sargon had done for me. She said many people there were praising it too. Sargon Pills ended my constipation and biliousness. I will always praise this wonderful treatment."—Mrs. Lillie List, 1300 Caldwell St., San Antonio.

Thomas Bros. Drug Co., Agents

LAMESA CONTRACTOR HAS A GROWING BUSINESS

Harvey C. Allen of Lamesa is the architect and contractor who planned and built the new English Theatre here. A native of West Texas, he has been in the building business for the past twenty-one years, the last six on the South Plains, operating out of Lamesa. He has handled many of the good building jobs in Lamesa and Dawson county as well as a number in surrounding counties. This is the third big contract that he has handled in Lynn County, having built the T-Bar and the New Lynn public school buildings. His work has always been most satisfactory, and Mr. English speaks in the highest terms of his work in building the new theatre.

The organization slogan is "sound organization slogan is 'sound ter class of buildings.'" Each workman has instructions to carry out and live up to this slogan.

Mr. Allen's plan, he says, is to help his clients in promotion and building projects looking carefully to costs and efficiency as well as to pleasing designs and durability.

THOMAS BROS. HAVE PROSPERED WITH THE COUNTRY

Thomas Brothers take pride in the fact that their drug business is not only the oldest but also the largest in Lynn County. The business was established in 1907, A. I. Thomas being the original proprietor and manager. During the next year, 1908, Clifford Thomas, who was then engaged in business in Lamesa, acquired an interest in the store and removed to Tahoka. Otho Thomas became actively associated in the business in 1915. A. I. disposed of his interest in the business a number of years ago, Clifford and Otho having been the sole proprietors now for a number of years. Oscar Roberts has been connected with the store so long that he seems almost a part of it. He has been with the store for at least 20 years—ever since he was a small boy.

Clifford Thomas says that in the early days, all their stock was hauled by freight wagons from Big Spring, even their ice. During one summer, before the building of the Santa Fe through the plains country, they kept one man busy hauling nothing but ice.

Both Clifford and Otho Thomas are registered druggists and they devote their entire time to their business.

CONGRATULATIONS

—To—

Mr. English

The entire building organization, including each foreman, workman and management of the

Harvey C. Allen
Building Organization

Joins in wishing Mr. English the greatest of success and enjoyment in this worthy undertaking. This work has been a great pleasure to each of us.

body knows also that he sells General Tires and Quaker State, Amalie, and Penn State Oils. His is one of the most popular service stations in Tahoka. Bill has been here three or four years as proprietor of this place of business and has enjoyed a large patronage during the entire time.

BURLESON OPERATES A POPULAR SERVICE STATION

Everybody knows Bill Burleson. Everybody knows that he operates the Tahoka Service Station. Every-

body knows that he will treat you right always.

Tahoka, We Are Lucky

We and this Community are lucky indeed to have a citizen who has enough faith in this country to put such a splendid theatre as this in our town so that we and our families can enjoy good, clean, educational entertainment.

We Wish Success to the New

Barks Of The Bulldogs

Sponsored by the Senior Class of Tahoka Hi School

HONOR ROLL FOR HIGH SCHOOL

The following students were on the Tahoka High School Honor Roll for the first six weeks of the 1929-30 session. Their grades are given also: Marietta Montgomery, 93; Helen Applewhite, 90½; Mary Fenton, 90½; Margaret Wetsel, 90½; Grace Montgomery, 89; Ponice Reaves, 89 2-5; Lucille Slaton, 89; Walter Conway, 88 3-5; Alice Weathers, 88½; Mildred Wetsel, 88½; Lorene Childers, 88½; Sible Prater, 88; Hazel Anglin, 87½; Snookie Maddox, 87½; Glenda Milliken, 87 2-5; Martin Baze, 87; Jesse Gurley, 86 4-5; Baird Fox, 86½; Tommie Milliken, 86½; Gladys Douthit, 86; Leona Ingram, 85½; Juanelle Windham, 85½; J. D. Donaldson, Jr., 85½; Inez Sanders, 85½.

Seventh Grade Honor Roll
Marie Womack, 94 4-7; Anita Goodrich, 91 4-7; Mary J. Weathers, 90 5-7; Howard Goodrich, 87; Lucille Tarrance, 86 3-7; Dorothy Ainsworth 86 1-7; James Applewhite, 85 6-7.

HOME ECONOMICS CONFERENCE

Miss Lois Bleifuss attended the district conference of home economics teachers at Lubbock October 18th and 19th. On Friday the teachers met at the high school and on Saturday at the Texas Technological College. Luncheon was served Friday by the High School home economics girls and on Saturday by the Tech home economics girls. Problems of home economics teaching were discussed. About forty high school home economics departments were represented.

GAME WITH LAMESA

Next Friday (tomorrow) the Tahoka Bulldogs will tangle up with the Lamesa high school football team at Lamesa. This is going to be a hard game and the Bulldogs have got to have some of the populace of Tahoka down to see the game and cheer for them. Come on folks, get down there and root for the Bulldogs.

RECITAL ANNOUNCEMENT

A Senior Expression Recital will be given by Estelyn and Evelyn Jeffreys and Helen Applewhite on Friday, November 8th at the High School auditorium. This is the first of a series of recitals to be given by the Senior girls in groups of threes and fours. The program will appear in the paper next week.

Valrie Jones started to school Friday.

HOUSE OF REPRESENTATIVES IS ORGANIZED

Last Wednesday, October 23rd, the Civics class of Tahoka High School organized into a House of Representatives under the sponsorship of Mrs. J. H. Tunnell. Officers were elected by the class as follows: Edwards, President of the U. S., Conway, Speaker; Lee, Reading Clerk; Windham, Journal Clerk; Minor, Sergeant at-Arms; Townes, Doorman; Robinson, Chaplain.

On each day the Civics class was conducted as the House of Representatives of the U. S. Bills, resolutions and other Congressional subjects were brought up for discussion and were voted on. Correct records were and are kept by the Journal and Reading Clerks. In this way it is expected to learn how our government is conducted at Washington.—W. C. C.

SOPHOMORES CHOOSE VARIETY OF VOCATIONS

The Sophomores took a vocational survey in their home room Tuesday morning at 8:45. The pupils choice of vocation represented a wide range of occupations.

This revealed the fact that more wished to become farmers and teachers than anything else. There were four who decided to be farmers and seven who wanted to teach.

The other occupations chosen by the pupils ranged from a doctor to a bootlegger. There was one who wished to be a stenographer, one who intended to become a beauty specialist, another a nurse or an aviatrix, while five had not decided what they were going to do in life. The rest are just going to college and then settle down to be nice old maids and bachelors, maybe.

BULLDOG ENGLISH CLUB

The Bulldog English Club met Wednesday. Oran Welch, president, took charge. The following program was given:

Story—Johnnie Janak.
Polished Shoes—Raymond Bullman
The Care of the Hair—Roy Stephens.
Honesty is the Best Policy—Glen Boydston.

Willine Lee spent Tuesday with her grandmother who lives at Pride, Texas.

THE BULLDOG KENNEL

(By Jim Jackson)
The Bulldogs looked good last Friday. They ran the score up to 38-0. And of course it was in favor of the Bulldogs. They threatened to score more but the game ended before they could put it over again.

Jack Minor made so many end runs and gained so much that it was hard to keep up with it from the side line. Captain Edwards also displayed his skill as a football player and made many nice gains thru the line. Stevens, who was at full again also made some nice plays. The "Kennel" thinks that is where he belongs.

Ketner did some pretty playing. He has a specialty, its passes. He completes them, intercepts them, or "what have you."
Grider and George played real football at the tackle positions, while Spears and Fox at the ends got in and made some real plays also. The team as a whole showed up well.

PARTY GIVEN

A few of the Freshmen and Sophomores gave Lois Jackson a surprise birthday party Tuesday night, October 22, 1929. A good time was had by all.

LOCALS

Pearl Rhea, who has been absent from school for the last three weeks has returned.

The following pupils are in school

Tate-Lax

For constipation. Do you know most all Doctors advise the use of some laxative. Tate-Lax eliminates the poisons that accumulates in the system due to congested conditions of the body and prevents diseases. Tate-Lax is used by thousands for many various conditions of the system with perfect satisfaction. Ask your druggist.—Adv. 10-4tp.

after an absence: Bill Howell, Toy returned to school. Delma Jones, Ketner, Mable Perkins, Opal Jones, Artie Perkins, Beatrice Perkins, Alta White, Willine Lee, Silvester Reece, Rex Richardson.
Miss Massengale was in Lubbock Saturday.
Blondina Tupman has withdrawn from school to attend school at Bledsoe.
The following Freshmen girls have returned to school. Delma Jones, Artie Perkins, Beatrice Perkins, Lorene Reece.
Miss Merle Link and Mary S. Clinton visited in Snyder Saturday night.
Quentha Melton visited in Lubbock Saturday night.
Miss Bleifuss visited in Lubbock Sunday.

ANY PLACE ON THE THERMOMETER...

The weather never changes for the car that's fueled with Phillips 66. This gasoline makes starting easy on even the coldest nights; its volatility is controlled to fit the season and the climatic conditions of the locality in which you buy it. You'll find it always quick in action. Flexible, too, at all engine speeds—no more stutter or miss when you step on it. You get these results at no extra cost. For best results try a full tank of Phillips 66 or 66 Ethyl.

Phill-up with Phillips 66

CONTROLLED VOLATILITY
WHEN THE THERMOMETER GOES DOWN THE VOLATILITY GOES UP. Gasoline must vaporize before it can be fired in the cylinders of your motor. Volatility refers to the ability of gasoline to vaporize. With volatility controlled, Phillips 66 vaporizes as quickly in cold as in warm weather.

Your Home-Grown Grains Bring the Highest Price

When Marketed as **PORK**—and this pamphlet tells you how to produce BETTER QUALITY PORK—QUICKER and CHEAPER!

A GREAT Southwestern farm journal says: "The most efficient user of feed on any farm is the hog. No better market for grain has ever been discovered than intelligent hog feeding. But don't lose sight of the fact that a large amount of protein is required for rapid development and to get the highest value out of the grain used."

RED CHAIN W's Mo supplies a percentage of proteins almost as high as tankage—and its variety of proteins makes it more efficient and economical. It gets highest value from your grain.

WE EXTEND CONGRATULATIONS!

To Mr. English upon the opening of the

New English Talkie Theatre

The building is elegant, the equipment the most modern, and the character of entertainment promises to be of the highest type. Tahoka is fortunate.

LEVINE BROS.

Good quality merchandise at Popular Prices.

HOME CANNING OF MEAT

(Cont'd From First Page, Sec. 2)

firmly into the cans and a large kitchen spoonful of gravy from the roasting pan should be put in the roasts, while a table spoon of fat from the kettle should be added to the steaks.

Prepare chili and let it cook as long as possible. The longer it cooks before going into the can the better it will be.

Method

Cans should be sealed as soon as they are sacked. If it is necessary to wait some time they should be placed in water where the contents will be kept hot. Meat may be canned in either No. 2 or No. 3 cans. No. 2 cans should be processed 45 minutes at 15 pounds while No. 3 should be processed 55-60 minutes at 15 pounds. When cans of meat come from the cooker they should be placed in a tub of cold water.

Recipes

CHILI—15 pounds meat (one-third pork if possible), 5 medium sized onions, 5 cloves of garlic, cominos (cumin seed may be purchased at any drug store), salt, 3½ cups of

fat, 5 cups of Chili Pepper pulp or one large bottle Chili powders. Chop meat, onions and garlic. Heat fat. Cook meat and seasoning for one hour and add water and cook ½ hour.

LIVER PASTE—1 medium sized liver (about three pounds), 1½ lbs. fresh pork, 2 tablespoons salt, one teaspoon pepper, 1 teaspoon cloves, 1 onion, 6 crackers, 3 eggs, ½ cup milk or water. Put meat and seasoning through meat chopper twice. Add eggs and milk. Pack into cans for sandwich filling.

MEAT LOAF—Use meat scrap, boil and let cool, run through meat grinder twice and mix thoroughly the following ingredients for each five pounds of chopped meat: 6 tablespoons of bread crumbs, 4 to 5 tablespoons of salt (to taste), 1½ to 2 tablespoons pepper, 3 teaspoons eggs, ¼ teaspoon allspice, 2 teaspoons crushed celery seed, onion juice or finely chopped onion, 2 eggs beaten together, 1 teaspoon cloves, 1 or 2 cups soup stock according to the dryness of the meat, fill cans to within ½ inch of top of can.

Tongue

Cook tongue until the skin can be removed. Pack into a can without fat or water.

Mince Meat

5 cups cooked beef, 2½ cups of suet, 6 lemons, 6 oranges, 5 cups of sugar, 2½ cups raisins, 2½ cups currants, 1 tablespoon mace, 2 tablespoons cinnamon, 2 tablespoon allspice, 2 tablespoons cloves. Soup stock to moisten. Bring to boiling point in lacquered cans.

Note: Will those of you who plan to can meat, use these directions and please report to the agent the success you had with your canning and how many containers that you put up.

AL SAYS HIS CUSTOMERS MUST BE SATISFIED ONES

Al Lehman, who is financially interested in the firm of Levine Bros. and who is local manager for this firm in Tahoka, says that every customer of Levine Bros. Store must be a satisfied customer. This has been our unchanging policy from the beginning, he declared.

Levine Bros., who operate a big mercantile establishment at Sealy, established a store in Tahoka in September, 1928. Al Lehman has been in charge from the beginning, and during his residence here he has

made many warm friends in Tahoka and Lynn County. By his genial nature and fair dealing, he has built up a splendid business in Tahoka. He has recently enlarged his stock of dry-goods and clothing in order to take care of the future growth of the business. Everybody knows and like Al, and he and the business which he operates are a distinct asset to our city.

HARRIS & APPLEWHITE DO ENORMOUS BUSINESS

Harris & Applewhite, successors to the G. W. Small Hardware & Furniture Company, is one of the biggest business concerns in Lynn County. Handling hardware, farming implements, furniture and household supplies of various kinds, their sales annually reach enormous figures.

The firm is composed of W. M. Harris and J. K. Applewhite, two of Tahoka's most outstanding business men. Mr. Harris was formerly owner and manager of the local telephone system and made a most decided success of it, building the system up until it became a valuable property. Selling this system, he and J. K. Applewhite purchased the

G. W. Small Hardware business, Mr. Applewhite having been connected with the business for several years. Since their purchase of this business, it has continued to grow and is today one of the outstanding concerns of the South Plains. Their slogan is, "Everything for the Home and the Farm" and they are living up to the slogan.

HOGAN CONCENTRATES BUSINESS ON THE SOUTH PLAINS

"Our faith in the South Plains is such that we have disposed of our business establishments in Archer and Young counties and have concentrated all our business interests at Tahoka, Brownfield, and Littlefield," was the statement made by G. E. Hogan to a representative of the News Tuesday.

Mr. Hogan came to Tahoka in April, 1925, purchasing the dry goods business of J. W. Small. "We have made a substantial gain in sales each year from the first," he said in speaking of his business experience in our city. Associated with him in his business enterprise is his son, George, who has also had much experience as a salesman and is recog-

nized as a promising young business man. The business of the Hogan store here has increased to such an extent that during the present year an addition to the building became necessary. As a result, the Hogans were enabled to enlarge their stock of goods, and they carry one of the most complete stocks of clothing for men, women and children to be found in any town anywhere the size of Tahoka.

Mr. Hogan is not only a prosperous business man but is recognized as one of our most useful citizens. Tahoka is proud to claim him and his family as permanent residents.

A \$900,000 Chemistry Building, to take the place of one of the oldest buildings on the campus, is to be built by the University of Texas.

Thomas Brothers Drug Company

We Congratulate

Mr. English and Tahoka

Upon the opening of the splendid

New Talking Theatre

The building itself as well as the up-to-the-minute movietone equipment would do credit to a city much larger than Tahoka.

We are glad that our people are to have a place of entertainment so modern and superb as Mr. English has provided.

Again we extend congratulations.

Harris & Applewhite

Hardware, Furniture & Implements
Everything for the Home and the Farm

It is generally conceded that the

NEW ENGLISH THEATRE

is one of the handsomest, best-equipped, and most modern that may be found anywhere in the West. It is a theatre of which all Lynn County is proud.

We are likewise proud of the fact that it was our privilege to furnish the excellent material of which it is constructed. We feel, in a sense, that it is OUR building. Also, we are much gratified that the co-operation was so perfect in the construction of this building that the contractor never did have to wait one minute for material.

To Mr. English is due much praise for the construction of such a theatre in Tahoka. Due to his progressiveness and foresight, no citizen of Lynn County need go anywhere else for entertainment. The best that can be had is to be provided at home.
