

A. P. EDWARDS IS MARRIED WHILE IN U. OF T.

A. P. Edwards, who has been a student in the University of Texas, for the past two or three years, returned to Tahoka with a bride Wednesday evening. He and Miss Nathalee Jordon of Fort Worth, also a student in the University, were married on October 18.

A. P. is the son of Mr. and Mrs. A. J. Edwards and is one of Tahoka's most promising young men. The bride is unknown here but comes from one of Fort Worth's fine families.

The young couple will make their home here, and A. P. will be associated with his father in the gin business.

EDWARDS TRADES FARM FOR MERKEL BUSINESS

J. H. Edwards has traded his big farm, consisting of 1,189 acres lying between Wilson and New Lynn, for a hardware business at Merkel. We did not learn the value placed on the respective properties in the deal. The other party to the trade is a Mr. Hutcheson.

Mr. Edwards and family will remain in Tahoka for some time at least. He retained his home here and will possibly not leave Tahoka at all. Mr. Hutcheson will remain in Merkel but some of his sons, we understand, will move upon the farm.

Fred Bucey is sick this week of tonsillitis.

WEST POINT ITEMS

Brother J. B. Vinson preached here Sunday evening at 3:00 P. M. A large crowd attended the service. The young people enjoyed a singing Sunday night at the home of Mr. and Mrs. W. H. Thomas.

Mr. and Mrs. C. T. Tankersley and daughters, Misses Pansy and Nola B. left Wednesday at noon to visit their sister and daughter at Roswell, New Mexico.

Mrs. C. T. Tankersley gave a surprise birthday dinner Sunday for her husband and son, Hubert. Those enjoying the delightful dinner were Messrs. and Mmes. W. H. Thomas, G. C. Brantley, H. J. Jeffreys, O. W. Williamson, J. H. Earnett, Clyde Briley of Brownfield and Mrs. Will Bonds.

The people of this community enjoyed a box supper and Hallowe'en party at the school house last Thursday night. A short program was given before the box supper. The proceeds of \$80.25 will be used to buy play ground equipment. The cake for the prettiest girl went to Miss Evelyn Brantley and the pie for the ugliest man to Mr. Ben Roach. After the box supper Hallowe'en games were enjoyed by young and old.

J. L. Smith of Atlanta, Ga., engineer for the Western Electric Company, who installed the equipment at the new All Talking English Theatre which opened last week, left Wednesday. Before his departure he stated to a representative of the News that Mr. English postively has as good equipment and as excellent reproduction as can be found anywhere. He also complimented Lee King as a projector. After having given Mr. King instruction for a week, he stated that Mr. King was above the average in the skill of operating the machine. He thinks the people of Tahoka are fortunate in having such a wonderful play house.

H. T. Bridges of the Bridges-Sisco Motor Company became seriously ill Wednesday morning and was taken to a Sanitarium in Lubbock for treatment and possibly an operation. A diagnosis of the case revealed that he was suffering from a kidney or bladder affection and he was brought back home in the afternoon. He is said to be feeling much better today.

Mr. and Mrs. Raymond Hatch of Lamesa, Mrs. Maurice Small of Sudan, and Mrs. C. M. Taylor and daughter, Virginia Lee of Lubbock were here to visit their parents, Mr. and Mrs. D. B. English and to attend the opening of the new English theatre last week.

Rev. Joe Wilson, pastor of the Baptist Church at O'Donnell, is devoting part of his time to the work of the West Texas Children's Aid and Welfare Association of Abilene, with Rev. W. A. Nicholas as the general superintendent. Rev. Mr. Wilson was here Wednesday soliciting funds for this great work. He says that the association had already found homes for 81 homeless children this year.

CANYON COLLEGE OWNS PRIZE FARM AND HERD

CANYON, Nov. 6.—Seven men, six of them college students, are employed on the farm which the college runs on the old T-Anchor Ranch one mile north of Canyon.

Nonnie Smith of Coleman, Texas, is in charge of the dairy operations, with Garland Martin of Zybach and Woodrow Jamison of Silver Valley as his assistants.

The other farm activities are in charge of Newt Rough, a mature man, who, with his family, lives on the farm. L. N. George, formerly of Prescott, Arizona, A. G. Morris of Weatherford, Texas, and H. C. Johnson of Vigo Park, each spends one half of his time on the farm and attends classes at the college the other half of the time.

Besides a truck garden which was an eye-opener to many people in this region, the College farm has produced an excellent crop of corn and alfalfa. The fourth cutting of the alfalfa yielded between five and six tons from an eighteen acre patch. Professor T. M. Moore who is general supervisor of the farm, states that the alfalfa will be reseeded in the spring.

Six cows of the dairy herd which is maintained on the T-Anchor farm made the honor roll of the Randall-Deaf Smith County Herd Improvement Association during the month of September. One of these cows is

known by jersey breeders throughout the entire United States.

Buildings on the farm are being rebuilt, and an improvement program is in progress which will make the place much more attractive in appearance and more convenient as a place to work.

Natural (casinghead) gasoline is becoming one of the big industries of Texas with 1928 production valued at \$22,492,000.

Miss Eloise Bridges, who has been in Fort Worth two or three weeks, returned home Wednesday night, accompanied by her sister and brother-in-law, Mr. and Mrs. Scarborough.

Sixty-nine per cent of all Texas manufacturers is found in six counties—Jefferson, Harris, Dallas, Tarrant, Bexar, and El Paso. The 4,065 plants listed in the 1927 Census Bureau report, employed 116,783 persons and produced \$1,206,579,962 worth of goods.

DAWSON COUNTY TO VOTE ON GOOD ROADS ISSUE

LAMESA—According to Henry J. Price, president of the Dawson county Good Roads Association, the public sentiment for the hard surfaced program outlined by the association is fast turning in favor of the program. In a statement this week

I've Never Seen Anything Like It

Amarillo Woman Suffered 5 Years—Feels Like a Different Person Since Taking Orgatone

"If I could speak with everyone personally who had stomach trouble and indigestion, I would tell them to take Orgatone, for I tried it myself and have never seen anything like it," was the statement made by Mrs. P. B. Goodwin, of 313 N. E. Ninth, Amarillo, Texas. Mrs. Goodwin is employed by the Troy Laundry.

"About five years ago I began suffering from stomach trouble and indigestion and my condition kept getting worse in spite of all I could do. My appetite left me and when I did eat anything I would suffer terribly from indigestion and gas on my stomach after meals. It had terrible headaches and was very dizzy and bilious and finally developed a chronic case of constipation. I simply got to where I couldn't get a good night's rest, I was so nervous and restless, I had a drowsy, sluggish feeling all the time and always felt tired and worn out and couldn't seem to get the much needed strength."

"I saw Orgatone advertised so highly in the local papers and decided to see if it would help me as others said it had them. I began improving right away and my stomach soon got in shape and I can eat anything I want without the slightest trouble afterward. I'm not nervous or restless any more and do not have those dizzy, bilious spells. I sleep fine every night and my sleep is sound and restful. Before taking Orgatone I was very susceptible to cold and I feel better and stronger than I have in the past five years. Orgatone is the most remarkable medicine that I have ever taken and I surely do not mind speaking a good word for it for in my case it deserves all the credit it can possibly get. No doubt there are lots of people today suffering like I did before I took Orgatone and if I can show them the road to health I think it is nothing but right that I should do so."

Genuine Orgatone may be bought in Tahoka, at Thomas Bros. Drug Store.

issued by Mr. Price, he said, "If the election was now, I believe the issue would carry. We have from 300 to 400 people under the organization set up working for the project and we are working for 90 per cent of the voters." The petition now being circulated will be in the hands of the Commissioners Court Tuesday of next week and call for a bond issue of \$1,250,000 which if carried will be used to hard surface six highway outlets from Lamesa including Highway Number Nine, North and South, Highway 83 east and west, the Brownfield and Stanton roads with \$100,000 for lateral road improvement in the county. The tax rate for the issue will be \$1.20 per \$100 valuation or ten cents per acre of average land in the county, Price states.

NO "PEP," SLUGGISH

Constipation Troubles Relieved By Help of Theford's Black-Draught, Says Tennessee Coal Miner.

Tracy City, Tenn.—"My work makes it necessary for me to use a medicine which will give quick relief from constipation and indigestion," says Mr. Lee Nunley, a well-known coal miner of this place.

"For forty years or more," he says, "I have taken Black-Draught for these troubles, and have always found it reliable. At times, I suffer from bad spells of indigestion, following constipation."

"Many years ago, a friend told me to try Black-Draught, as it was a vegetable remedy and would not harm my body, so that is how I came to use it. I make a tea of it, and take a sip of it after meals. I soon begin to feel better when I start this treatment."

"My work is very confining, and my color gets bad and I get sluggish. I lose my 'pep' and don't feel like going. After I take a course of Black-Draught I feel fine again."

Manufacture of Theford's Black-Draught began nearly 100 years ago, and many people tell of having taken it all their lives when in need of a laxative or cathartic.

WHAT OTHERS THINK

THEY GOT 45 DAYS

Three Washington newspaper reporters, in search of a thrilling story, went into the city's highways and byways and bought booze from 49 bootleggers.

Summoned before the grand jury to give the names and addresses of these bootleggers, the reporters refused to comply. They insisted that the ethics of their profession precluded their giving such information.

The court held them in contempt of the grand jury and sentenced them to each serve 45 days in jail. The judge held that the questions asked by the grand jury were entirely proper and that the law did not recognize newspaper ethics as sufficient ground for immunity.

First Health In 25 Years

"I am now in good health for the first time in twenty-five years and Sargon deserves all the credit. My stomach was badly disordered, blisters were continually breaking out in my mouth. My nerves Place here out of—"

MRS. J. E. COX were upset, I never slept well, and there was an awful pain in my side, near my gall bladder. I was habitually constipated and had one headache after another. "I had no idea any medicine could do for me what Sargon did. There isn't an ache or pain in my body now! My stomach is in fine condition and the blisters in my mouth are gone. I'm no longer nervous, but sleep fine and since the Sargon Pills put my liver in working order, I've been entirely free of constipation and headaches. I think Sargon is the grandest medicine on earth."—Mrs. J. E. Cox, 3212 Holmes St., Dallas. Thomas Bros. Drug Store, Agents

but even that does not extend to the grand jury room. If a grand jury hasn't right to probe to the depth, nobody has.

Some newspapers, mindful of the trouble such a code is apt to cause, instruct their reporters never to promise silence to anyone. The best they can offer is "We'll do our best to protect you, but we won't violate the law and we won't violate the confidence of our readers in order to do so."

The Washington incident isn't likely to raise any particular storm over the liberties of the press. The liberties of the press aren't involved. —Abilene News.

ROADS AND POLITICS

More and hotter politics is desired by a group of county judges and commissioners meeting at Lubbock Wednesday to organize a regional association.

They adopted a resolution favoring an elective State highway commission of five members, as opposed to the present system of three appointive commissioners.

The subject has been brought up occasionally for years, but the movement has gained very little headway. There is no demand for it among the tax payers and citizens generally. It is popular only among the politicians.

Putting our highway program squarely into politics by making the commissioners the creatures of political machinations would be one way of undoing much valuable work that the commission has done in the last few years.

There is only one way to build the most miles of good roads at the least possible expenditure. That is to leave the commission free of politics. An elective commission would instantly become the hottest hotbed of

politics this State has ever seen.—Abilene News.

Rev. B. N. Shepherd, for the past five years pastor of the Tahoka Baptist Church, at Tahoka, Texas, preached a sample sermon for the Baptist church at Clarendon Sunday morning, using as a text: "They that wait upon the Lord shall renew their strength from day to day." His subject was: "The Power of Jesus." Rev. Shepherd is an earnest and pleasing preacher.—Claude News.

TULIA—Due to the immense building program in Tulia, Happy, and on the farms of the county, the assessed valuation of Swisher County has passed the six and a half million dollar mark. More than fifty new homes have been built in Tulia during the past year and Happy is not far behind in a similar building program.

Petty News

The cold, wet weather has delayed boll pulling in this part of the county the past week. Most of the people are going over their cotton the last time, and they seem glad they are getting through with it, just on account of the low price now. What are the farmers going to do? They can't make a living growing cotton at the present price. We heard some one say, "Mr. Farmers, why don't you quit cotton and keep cows and sell cream?" Well, cream is like cotton. A renter can not keep cows at the present price of cow feed and the low price of cream. Will some one please write and tell us how a renter can get by on high-priced cow feed and make a living selling low priced cream and growing low-priced cotton? So, now, if our good editor will publish this letter and someone will answer and tell us how we can make a living selling low-priced products, we will all renew our subscriptions for another year.

There was preaching at the school house last Sunday with a good attendance. Brother Thompson of Wilson delivered a fine message to us Petty people.

Warren Smith has accepted a job on the Lumsden ranch. He will be missed by the Petty people, as he was a favorite among the young folks.

Mr. Rowan and two sons of Waco are welcome visitors at Petty this week. Mr. Rowan once lived at Petty and he left many friends here who are glad to welcome him back.

Mrs. Lane Mooney has been attending the bedside of her two brothers, who are very low of typhoid fever.

Mrs. C. C. Williams, who has been teaching at Central Ward has been transferred to the high school building to assist in the work there. Some of the classes at the high school had grown so large, according to Supt. M. L. H. Baze, that it became necessary to divide them in to two sections, and this necessitated the transfer. Some combinations of classes were made at Central Ward.

While here Sunday for his regular services, Rev. W. K. Johnston reports that he was the dinner guest of Uncle Jimmie and Emmet Fleming. Skip Taylor, Van-Bates, and a visitor from Belton were also participants at the feast which Emmet had prepared. Emmet is said to be the best fire-man cook in all this country and Dr. Johnston says that the repast was something magnificent.

Barks Of The Bulldogs

Sponsored by the Senior Class of Tahoka Hi School

BULLDOGS DEFEATED BY LAMESA BY SCORE OF 21-3

The Tahoka Bulldogs were defeated by the Lamesa team last Friday to the tune of 21 to 3. The Bulldogs put up a very valiant fight but were out-weighted at least 15 pounds to the man. The Bulldogs did some excellent playing and are to be commended for putting up such a fight. There was a fair representation of Tahoka fans and the weather was just right for some real football. Of course some of the fans got a little coolish but they all stayed for the game. The team suffered a great loss in that Edgar Edwards was ill and could not play in the game. But here's hoping that Edgar will be in condition for the next game.

The team did well as a whole. The line-up was as follows: Fox and Spears, ends; Grider and George, tackles; Benson and Greathouse, guards; Gurley, center; Ketter, quarter; Moffet and Minor, halves; Stevens, full. The line-up was as usual with the exception of Edwards at half.

Ketter did some fine defensive work and Minor showed up well in the offensive making quite a few good gains.

This scribe was unable to take the necessary notes for writing the game up in full and a brief mention of the various plays will have to suffice. As usual Gurley kicked off for Tahoka. The Lamesa bunch carried the ball within about twenty yards of the goal and kicked a field goal. Near the first of the game Tahoka also kicked a field goal. The Lamesa team was heavier and were hard to stop. Tahoka completed three nifty passes. Two of them, made on successive downs, took the ball from Tahoka's twenty yard line to Lamesa's twenty yard line. This was completed within the last three minutes of play. The first pass was received by Ketter who made a long run of about forty yards. By line plays they carried the ball to Lamesa's three-yard line when the whistle blew and the game was over. Subs were Welch, Tankersley, Estridge.

BIOLOGY CLASS GOES ON EXPEDITION FRIDAY

Mr. Nicklaus and his Biology class went on a field hike, Friday morning or rather a walk in the T-Bar pasture, back of the high school, in search of rare specimens connected with Biological work.

Several plants and animals were found including a cactus. Various types of flowers and weeds, not to speak of the "cotton-tail" rabbit, snake and terrapin, which were captured. All of these specimens proved to be very interesting, since the study of plant dispersal has recently been taken up in class.

Another such hike is promised by the teacher connected with this work.

"JONES FAMILY" HAVE BARN PARTY FRIDAY

On Friday, November 1st, Merle Link entertained the "Jones family" with a barn party. To carry out the effect of the party the girls were dressed in gingham dresses and the boys in overalls. The barn was artistically and appropriately decorated with pumpkins and fodder, light being furnished by lanterns with a weird and ghost-like appearance. Nothing was incomplete for the entertainment of the guests. Appropriate music was furnished by the "Midnight Serenaders" and everybody enjoyed themselves. This is the first of a series of numerous parties the "Jones Family" intend to throw.—Reporters.

Tom Eastridge and Pete Anderson made quick time between the Hi-School and town when they were shot at on Hallowe'en night.

HALLOWE'EN PARTY

Last Friday evening Helen Applewhite gave a Hallowe'en and Theatre party. The party was held from six o'clock to about 8:30 when the boys escorted the girls to the new "Talkie." Everyone had a wonderful time and most of them wish Hallowe'en would come more often.

The following were present: Eisey Woosley, Jack Alley Robinson, Estelyn Jeffreys, Jim Jackson, Evelyn Jeffreys, Jack Minor, Reid Townes, Bernyce Thomas, "Skinnie" Edwards, Floy Ben King, Rose Wood, Norvell Redwine, Lucille Kemp, J. D. Donaldson, Jr., Lorene Childers, Evelyn Wells, Lucille Slaton, Clifton Janak, Walter Conway and the charming hostess, Helen Applewhite. Many interesting games were played. Among them were "Ghost," "Prince Manuel," "Cross Questions and Crooked Answers." After the games delicious refreshments of ice cream and cake were enjoyed by all those present. Mrs. Applewhite served the group.

ASSEMBLY

The high school had the pleasure of hearing Brother Preston speak to them last Wednesday morning. His talk on "Life and its Making" was very inspiring as well as interesting. It is hoped that he will make his visits more frequent.

HOME ECONOMICS II GIRLS VISIT DOLLINS' MARKET

Tuesday, October 22nd, the Home Economics II girls visited the Dollins Meat Market during their class period. Mr. Cathcart was very kind to give them the best advantage of learning the different parts of the beef and the pork. He showed them first the hind-quarters and then the fore-quarters and how each was cut up correctly. He told them the name and the price of each piece. He cut up the side of the pork and explained it the same way. Notes were taken for the benefit of the class. Each pupil now believes she has a considerable knowledge of the different cuts of meat.

After cutting up the meat he showed them around in the meat market. They found that the market was very sanitary and looked nice.

They wish to thank Mr. Dollins for giving them the privilege of going through the meat market.—A. M. A.

MAGAZINE CONTEST CLOSES

The two seventh grades closed their magazine contest for the Curtis Publishing Co., October 28th. Room 33 or the Eagles had six subscriptions, while room twenty-six had fifteen subscriptions.

Four pupils won prizes for selling three or more subscriptions: A. G. Cook, Ruth Suddarth, Marie Brown and James Applewhite.

GAME WITH BIG SPRING!

Next Monday the Bulldogs will tangle with the Big Spring team on their own field. A real game is expected and everyone is urged to come out and see a real game. This will be the ninth game of the season. The season is getting up to where games are soon going to be scarce, so you had better see some real football while you can. Be there!

"COLD" SAYS THE THERMOMETER

"I SHOULD WORRY" SAYS YOUR CAR

Motorists who would enjoy carefree winter driving are switching to Phillips 66. Their cars start "right now"—warm up fast—pick up quickly. These motorists get, too, an instant flow of able-bodied power and mileage that's gratifying—all at no extra cost. The secret of Phillips 66 is controlled volatility which makes each gallon you buy fit the season and the climatic conditions of the locality in which you buy it. For best results try a full tank of Phillips 66 or 66 Ethyl.

Phil-up with **Phillips 66**

CONTROLLED VOLATILITY

WHEN THE THERMOMETER GOES DOWN THE VOLATILITY GOES UP. Gasoline must vaporize before it can be fired in the cylinders of your motor. Volatility refers to the ability of gasoline to vaporize. With volatility controlled, Phillips 66 vaporizes as quickly in cold as in warm weather.

GREAT CHURCH WORKERS' CONFERENCE HELD TUESDAY

(Continued from first page)

tests and performing their duties as citizens. As an organization, the Church should not take part in political contests but the individual Christian should, he pointed out. His points were so clear cut and clarifying that we wish that every citizen of Lynn County could have heard this great address. We can not give a hint of its great scope and power in this brief report.

One of the very finest numbers on the entire program was an interpretation of two Bible stories given by Miss Veda West. She used the Story of the Prodigal Son and the story of the Good Samaritan. Her interpretations were presented in so different a way and with such freshness and beauty and tenderness as to touch every heart. No conception of her presentation can be given in cold-type. It was a spiritual gem.

Dr. W. R. White, pastor of the First Baptist Church of Lubbock, brought a great sermon on Christian Citizenship—a sermon pulsating with spiritual vitality and practical common sense. It was indeed rich in thought, noble in sentiment, and powerful in effect. He is an eloquent and convincing public speaker and his message swept his audience with mighty power. We would not even attempt to give a digest of it here.

Then came lunch—and what a feast the good ladies of the church had prepared!

Mrs. A. Z. Jackson of Tahoka conducted the devotional services in a fine way at the opening of the afternoon session. After reading some scripture, she made a talk that found a response in every heart.

The principal address of the afternoon was made by M. H. Duncan, superintendent of the public schools of Lubbock. Prof. Duncan has a burning devotion for the Old Book and its doctrines. He has no sympathy of Modernism. In speaking of the tendencies of the times, he becomes an alarmist. He declares that doubt and unbelief permeates all the great colleges and universities. He says that ninety per cent of the great educational leaders of the country are spiritually blind. They teach doubt and agnosticism. They are destroying belief in the doctrines of the Bible and even in the existence of a God. It is a dark picture that he draws. There is no education—no training for citizenship that does not inculcate and cultivate moral principles in the pupil, and there is no morality except that which is found in the Bible. He thinks that modern education is neglecting the inculcation of moral principles and that the world is going to the devil fast. This notion that our young people are no worse than the young people of a generation ago is false. They know that it is false. They know that there is something mightily wrong in their moral standards, he asserts. If this old world keeps on heading toward Hell very long, as Superintendent Duncan pictures it, we shall expect God some day soon to rain down fire from heaven and destroy it as he destroyed Sodom and Gomorrah. It was an address that seemed to meet with a favorable response from almost everyone present but some how or other our reaction to it was a little different.

Mrs. McGahey, wife of the pastor at Wilson, brought a beautiful message in song, after which Mrs. Wilson, wife of the O'Donnell pastor, spoke on the importance of Observing the Week of Prayer for foreign missions. She told of the devotion and sacrificial work of Miss Lottie Moon and brought a message of optimism and cheer that was refreshing.

Rev. B. N. Shepherd, the pastor here, presided in a fine way. He prepared the program for the day, assisted, we believe, by R. E. Key, Sunday School Superintendent. Much wisdom was shown in the preparation of the program and much ability in its execution.

The Baptist hosts seem to enjoy coming to Tahoka and certainly the Baptist people here enjoy such meetings as were held here Tuesday.

The next meeting will be held at Wilson.

should take the lead and be among the first to clean their premises; burn the inflammable rubbish and pile the rest in the alley where it can be easily gotten to with trucks.

Work is progressing on the work of getting out the 5,000 advertising circulars, which the Board of Directors authorized recently, after a committee had worked on the proposition for some three or four weeks. The circulars will be a large folder 11 by 17 inches and will car-

ry at least ten pictures of crops, live stock, school buildings, farm homes, etc. It is the plan of the Organization to mail these to the various persons of the United States who have made injury to the South Plains, Inc., for information about the South Plains. There have been more than 5,000 inquiries received by the South Plains, Inc., to date.

An invitation has been extended to the Agricultural Short Course to return to Tahoka next spring and again put on the two day Short Course in Tahoka. It is very likely that much more interest can be gotten in the Short Course next spring than was shown last year.
