ALL-TALKING

THE COCK EYED WORLD

with **VICTOR McLAGLEN**
EDMUND LOWE
LILY DAMITA

STORY BY **LAURENCE STALLINGS & MAXWELL ANDERSON**

DIALOGUE BY **WILLIAM K. WELLS**
Directed by **RAOUL WALSH**

William Fox Movietone Achievement

"The Cockeyed World" is one of the outstanding pictures of the day, breaking box office records wherever shown.

A sob—a sigh—a laugh—a cry. You will laugh till the tears run down your back.

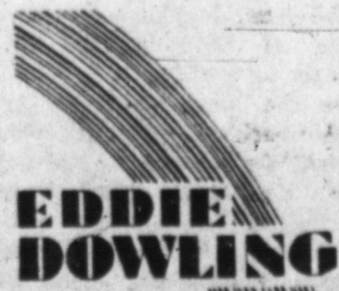

This picture has some rough stuff in it. If you don't like rough stuff, don't come.

Sunday, 1:30 to 6:00 P. M., and Monday

'Nix On Dames'

With Mae Clark, Robert Ames, William Harrigan, Maude Fulton, and George McFarlane.

Tuesday, Wednesday and Thursday, December 3, 4, and 5th

EDDIE DOWLING
THE RAINBOW MAN

A Paramount ALL-TALKING Picture

"THE RAINBOW MAN" is coming to bring you happiness with—

MARION NIXON, FRANKIE DARRO, SAM HARDY, AND LLOYD INGRAHAM

You won't like it—you will love it!—This great human heart throbs.

You'll be charmed by the altogether delightful melodies of this production—"Rainbow Man", "Smile Little Pal", and "Sleepy Valley."

We have seen this picture and guarantee it to be a family type that will please all who see it.

WELLS EDWARDS TO GIVE RECITAL SOON

An unusual recital is to be given in the High School Auditorium at the Chapel period on Wednesday afternoon, December 4th. It is to be given by Wells Edwards, a 10 year old boy. It will consist of numbers on the piano, saxophone, violin, musical readings, and songs.

Wells is a musical wonder. He has been playing the saxophone and other musical instruments ever since he was five years old. For two or three years he has been chief musician in the Wells Edwards orchestra, which has entertained on numerous occasions here.

The public is invited to hear the recital which he is to give next Wednesday afternoon.

SERVICES AT BAPTIST CHURCH

Preaching services have been arranged for next Sunday at both the morning and evening hours. Associational Missionary D. D. Johnson will fill the pulpit. Most of the pulpit committee will not be present but we ask for Brother Johnson a large congregation.

PULPIT COMMITTEE

LAMESA OFFICERS FAIL TO FIND SAFE-CRACKERS

LAMESA, Nov. 26.—County and city officers here report no arrests as yet concerning the recent safe-cracking when four Lamesa business establishments were entered and their safes robbed. One suspect was held until a finger print expert checked his finger prints with some found on the safes, but was released later. The officers also report no arrests concerning the recent gin fire, which is suspected to have been set purposely.

LAMESA COMPLETES \$19,000 METAL WATER RESERVOIR

LAMESA, Nov. 25.—With the completion of the \$19,000 metal water reservoir here sometime in December this city will have a water supply large enough for a city twice the size of Lamesa, it is thought by the city water department. At present the department is drawing water from two of the three wells here. Both of the wells average from 200 to 250 gallons of water a minute, according to E. C. Cook, superintendent. The metal reservoir is said to contain over 250,000 gallons of water.

The Secretary of State's office at Austin in July issued charters to 235 new enterprises with capitalization of \$10,898,000, a new high record for that month. In June 179 corporations capitalized at \$81,190,000 were chartered, helping to make the Texas Business Review, issued monthly by the Bureau of Business Research at the University of Texas, optimistic over the fall business outlook.

Mr. and Mrs. Leonard Craft, Truman Walker and Prof. and Mrs. H. P. Caviness attended the funeral of A. L. Foster at Slaton Saturday afternoon. Mr. Foster formerly resided in this county and taught for some time at Wilson.

THE BEST WAY to get your Shrubbery is to go to the Nursery after it. Lubbock Nursery, Route Six, Lubbock, Texas. Located mile S. new Denver depot, east of Ave. "H" 14-tfc.

SILENT PICTURES

Friday, Saturday, and Sat. Matinee—

Richard Barthelmess

in "WEARY RIVER"

With Betty Compson

This is a clean picture with plenty of action and thrills. You will enjoy it. Richard Barthelmess and Betty Compson are two of the biggest stars on the screen.

Also Comedy and News

Work began in September on the \$150,000 creamery and poultry plant which Swift & Co. are building at Paris. The plant is to be in operation by January 1st, next. The creamery will have a capacity of 50,000 pounds of butter weekly and the poultry plant, where poultry will be fed, killed, dressed, graded and packed for shipment, can take care of 15,000 head of poultry.

H. A. McAlpin, Ellis County farmer, keeping thirty-five cows, has been keeping books on their results. Deducting expenses of feeding and other items of cost, he finds that each cow is bringing him net between \$8 and \$9 per month.

Texas in July resumed its place at the head of the oil producing states with a daily average of 872,900 barrels—over 50,000 barrels a day more than in June. California was in second place and Oklahoma in third.

Four of the 58 active gypsum operators in the United States have plants in Texas, which now stands fourth in gypsum production. Total value of gypsum produced and sold in Texas in 1928 was \$3,094,145.

Between 1866 and 1928, inclusive Texas produced 154,255,204 bales of cotton, valued at \$11,244,000,000.

Two thousand, one hundred and ninety-four rural mail routes serve 1,209,000 patrons in Texas as a cost of \$15.25 a year per family. In the United States are 44,288 such routes.

During the first seven months of 1929 Texas started work on 8,917 building projects at a total cost of \$253,060,800.

Burton Hackney leaves today for Globe, Ariz., where he has accepted a position with J. C. Penny & Co.

HOME EC. CLUB MEETS

The Home Economics Club met Tuesday, Nov. 18th, 1929 at the High School. After a short business meeting Mrs. C. C. Williams gave a talk on the clothes and how they were made in the other countries of the world. Mrs. Williams had visited these countries so that made it more interesting to the girls. After this talk the meeting adjourned.

GAME WITH ROSCOE CALLED OFF

The game, scheduled for last Friday with Roscoe was called off on account of bad weather. Many were disappointed because the team was in fine shape and was expected to put up a good fight.

CLAMMY HANDS

Kentucky Lady Was Weak And Felt Miserable. Dizzy Spells Quit After She Took Cardui.

Danville, Ky.—"For a long time I suffered with severe headaches and pains in my sides and back," says Mrs. Lottie Smallwood, residing at 116 Fourth Street, this city.

"I was very weak, and just not able to go about or do my work. I just felt miserable. I was all out of heart. I would have spells when my head would hum, and my feet and hands were clammy and cold.

"I would be so dizzy, I would fall. I had read of Cardui and what it had done for others, and so I, too, began taking it. I had been aching and hurting awfully.

"After I took Cardui, I quit having the dizzy spells. I kept on taking Cardui, and saw then that I was being helped. I was not nearly so weak, and from that time I have felt better. I took six bottles in all. Cardui is a purely vegetable remedy and contains nothing harmful or injurious. It may be safely taken by a delicate young girl as well as by a feeble old lady.

Cardui has been in use by women for over 50 years, and great numbers of women have reported that it helped them back to health.

Get a bottle today. **CARDUI** TC-274

GAME WITH BROWNFIELD THANKSGIVING

The last game of the season will be played here today with Brownfield. This game has been looked forward to for a long time. Folks, it's gonna be a real one. Even the coaches have a private grudge to settle.

But—Tahoka cannot possibly win without the support of the town. Be real sports—come to your home football team's last game of the 1929 season. Those other games at other places can get along without you. Patronize your home team! Some—and you won't regret it. It's going to be the best game of the season.

EXAMS!!

Well, the valiant student body has waded through the second set of six weeks' exams. Of course, as usual, there will be a few disappointments, but there will be many more pleased students than displeased ones.

The next exams will be Mid-Term and will come right after the Christmas Holidays.

Most of the students are eagerly (?) looking forward to the Mid-Term exams. Oh, yeah!

LOCALS

Misses Juarine Edwards and Snookie Maddox spent Friday in Lubbock.

Miss Mary Sue Clinton visited in Lubbock Sunday.

Miss Wanda Logan visited in Ralls Saturday.

Miss Merle Link accompanied by Mr. and Mrs. Howard Wheeler visited in Lubbock Sunday afternoon. They visited the airport and the Polo Grounds.

Misses Mary Sue Clinton, Lucille Slaton and Merle Link attended the Post City-Slaton game Friday, at Post.

Sunday, November 24, Mabel Perkins of room thirty-three spent the day with her cousins in Lorenzo.

Lucille Tarrance is checking out to leave for Lubbock. We all regret losing our class mate but we wish her much success in her new home.

Miss Galloway spent Sunday in Lamesa with her sister.

Miss Artie and Beatrice Perkins visited in Lorenzo Sunday.

Miss Elizabeth Link visited in Grassland Sunday.

Miss Jessie Henderson visited in Edith Sunday.

Miss Ester Barrington visited in Paducah Saturday and Sunday.

Miss Galloway and Miss Bleifus spent Sunday in Lamesa.

Miss Worthy spent the week end at her home in Roscoe.

Hannie Jackson visited in Close City Sunday.

Lorene Childers, Horace (Skinsie) Edwards, Helen Applewhite and Mr. Allen attended the Slaton-Post football game at Post Friday evening.

SENIORS TO PLAY LAST GAME

Thursday is a big day for some of the Seniors, as it will be the last game they will play in Tahoka High School. They intend to give their best Thursday. No other game has had the pep—the grit and the spirit of the Bulldogs as these Seniors intend to show in the game Thursday. These Seniors intend not only to bark—but to bite. Thursday Baird Fox, Frank Greathouse, Jess Garley, Elward Welch, Earl Grider, Edgar Edwards, and Graham George are playing their last game with the Tahoka High School. The Senior Class invites all the football fans out for the Tahoka-Brownfield game.

ASSEMBLY ON NOV. 29

A week ago last Wednesday a regular assembly was held. Mr. C. C. Williams and Brother Breedlove were visitors. Mr. Williams gave a short talk concerning the Clean-Up Campaign to be carried on in Tahoka. Everyone was urged to clean up their yard by Tuesday and place the junk and rubbish in the alleys. It will be hauled off Tuesday.

JUNIOR NEWS

The Juniors have received samples from which to select their pins. They are having a few hot arguments as to which pin to order. It is hoped that within a day or two the pin style will be selected and the order sent off. Juniors, wake up! Hand in desired pin style to secretary or sponsor.

ASSEMBLY

Last Monday at 3:15 o'clock a short assembly was called. Mr. Baze gave a little talk and some announcements were made. The football game scheduled for Thursday with Brownfield was discussed. After the assembly the students went to their eighth period classes.

AGRICULTURE STUDENTS ORGANIZE

The three agriculture classes of the high school met in the Auditorium Tuesday at 3:15 to organize and to select two members to represent the school in the state "Master Student" contest held in Dallas in February.

The following officers were elected: Jess Gurley, president; Earl Grider, vice-president; Frank Greathouse, secretary; Russell Keltner, reporter and Mr. White, adviser.

Boswell Edwards and Amel Williamson were selected to represent the school in the "Master Student" contest at Dallas.

HISTORY III CLASS SEES SLIDES ON WASHINGTON

The history III Class enjoyed at regular meeting of the class Friday morning a set of slides on the life of Washington. The bal-optical machine purchased last year by the school was used in showing the pictures.

These pictures were interesting to the class members, since they are studying the American Revolution.

LIBRARIANS COMPLETE REARRANGEMENT OF LIBRARY

Librarians, under the supervision of the library sponsor, Miss Worthy, have completed the rearrangement of the library.

All of the books were taken off of the shelves and rearranged alphabetically according to their classification. Each section of books was then labeled.

Date due slips were placed in all of the books, and date due cards were filed.

The new arrangement should help all the librarians in checking out and checking in books.

CLASS B FOOTBALL IN DISTRICT TWO IS TANGLED

LAMESA, Nov. 25.—Class B. football in district two is enjoying a real old fashioned row, similar to the mix-up in the big ten college conference last fall. Protests against players of teams in the district have fallen into the hands of the executive committee for the last three weeks. The teams who have not been protested against are Lamesa, Ralls, Lockney, Tahoka, and Slaton. Other teams have been protested for using gridsters ineligible under the age, transportation and "scholastic irregularities" rules.

REPORT CARD—for Common and Independent Schools are now available at The News office.

SLAT'S DIARY

Friday—Went to a kids party to night and they had a lot of contests and games and

was had today. The judge charged the jury and they found pa guilty

and then the judge charged pa ten dollars and costs. Aftel the trile 1 of the jury men told Mr. Gillem that he wanted to let pa go but he eud-dent spell aqwittle.

Sunday—I was asting pa what they meant when they talked about remote control. He studied a wile and then he sed. Well, sun, when yure ma sets in the back seat of the ford and attends to all the driving why I guess you wood call that Remote Control. My mother did not here the deffynishen.

Munday—Well I got a 100 per cent in histry today al most. I only had 1 question rong. The teacher give us us 2 kwestions and 1 of them was to hard to answer as fer as I was consirned.

Tuesday—Pa and ma had a argument at the supper table tonite. Pa sed that men has the most wirk to do. After they had argued for a long time why ma sed to pa. Well mobby the men does have more work

to do than wimen do But never the lest the wimen do more work than men does. So that settled and ended it.

Wensday—Well they was a nother party tonite at Elays house and I wood of had a good time if it wasent that Pug Stevens and Jane got entirely too thick with each other. but Pug is always cracking jokes and making silly girls laugh. I cud get off a lot of joaks to but I don't think about them.

Thirsday—Pa and Mr. Gillem was having a discussion this P. M. all about whether wimen belonged in jobs working like men does. Mr. Gillem sed their place was in the home. Pa sed they had a rite to work and was also entitled to men's wages. I guess pa believes that all rite for ma gets all of his wages every pay day.

UNCLE BEN PREACHES TO THE NEGROES

(By Daisy Deo, Colored)
Three o'clock services were conducted at the Colored Church Sunday afternoon. Supervisor Rev. Smith, Deacons Bivens, Jackson and Johnson and a nice little crowd of others were in attendance to hear The Word of God expounded by Rev. (Uncle Ben) Rogers, white. Brother Rogers was accompanied by our esteemed friends County Judge Gridder and Mr. A. P. Ort.

Brother Rogers read the 23rd Psalm and went to a great extent into the deepness thereof. His text was found in St. John 19:30 in the short but profound phrase, It is finished. He also referred to Mark 15:38, that when Christ gave up the Ghost the veil of the temple was rent in twain.

The greatness of this text is so significant that all of the Old Testament leads up to it and all the New Testament is wrapped up in it. It is really so important that without this utterance salvation for humanity would not have been achieved. And where could we have found an advocate more capable of explaining its intricacies, its profoundness, than Uncle Ben! Eighty-odd summers among men, with a greater part of that sojourn pleading with a righteous God coupled with an extremely high intelligence, has enabled Uncle Ben as few others. His explanations are not only spiritually soul-inspiring but carry with them a conviction that is lasting. One can not hear him without being moved nor see him without being wrapped up in his sincerity.

Remarks made by Judge Gridder and Mr. Ort were timely and touching.

DONT PAY agents prices for eastern trees and evergreens, roses, etc., when you can get them at Lubbock. Write for catalogue. Lubbock Nursery, Route 6, Lubbock. 14-tfc

OBTAINS RELIEF AFTEN 10 YEARS

"I don't believe anyone even got finer results from this new Sargon treatment than I did.
"I had become so weak and run-down from ten years suffering with

MRS. CATHERINE TAYLOR
stomach trouble that I simply felt like giving up. Nearly everything I ate disagreed with me; I had terrible pains in my right side; my color was bad and I was finally told that I needed an operation on my gall bladder.

"But I'm feeling so much better since taking Sargon that I fully believe that I am a well woman. I never suffer the slightest with indigestion now, and that dreadful pain in my side has already completely disappeared. The Sargon Pills, that go with the tonic, seemed to have a stimulating effect on my liver and gall bladder, and my complexion has improved wonderfully. I feel worlds stronger, can even do my own housework, and I'm convinced that Sargon has saved me from an operation."—Mrs. Catherine Taylor, 1906 Cadiz St., Dallas.

The Little Yard That's Growing

Health Is At Your Open Window

Oxygen is necessary to breathing. Oxygen is taken from the air by a gas flame just the same as by any other kind of a flame. Fresh air supplies oxygen.

So, for your health's sake, let a little fresh air in.

If you must have a fire to dress by, have it in another room. If you live in a small apartment and sleep in your living room, turn out the fire and raise the windows when you go to bed.

Water Heaters Without Flue Pipes Are a Menace

Many gas appliances, including some well-constructed room heaters, are safe to use without flue connections in WELL-VENTILATED rooms. However, it is advisable that all appliances using gas in considerable quantities should be connected with flues. For even the most efficient types may produce poisonous gas when the flame is first lighted.

If your water heater—or any other kind of a heater—is in the bathroom, turn it out when you are ready for your bath. It requires approximately 10 cubic feet of air to supply sufficient oxygen to burn one cubic foot of gas—and there usually is little or no fresh air coming into the average bathroom.

Natural gas, when properly used, not only is efficient and economical, but it also is safe.

West Texas Gas Company places a higher value on the health, safety and good-will of consumers than upon any revenue it might derive from gas that is not properly used.

WEST TEXAS GAS COMPANY
Headquarters for Gas Appliances.

TURKEY DINNER AT THE NEVELS HOME NOV. 21ST

Mrs. Nevels and Mrs. W. O. Henderson were joint hostesses to the Phebe K. Warner Club, their husbands and a few other guests at the Nevels' home November 21st.

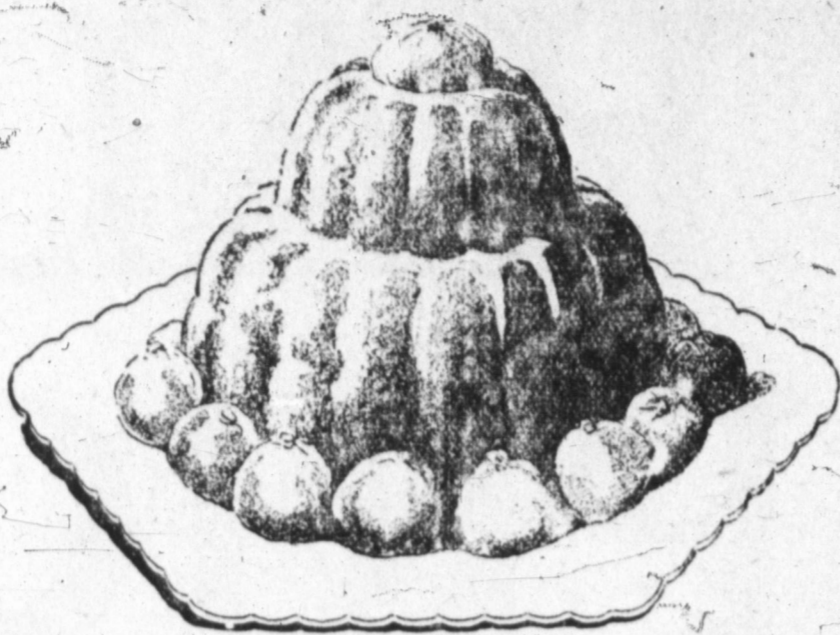

A very enjoyable program was rendered by the Phebes with the assistance of Misses Binnion and Slaton. The opening number "America the Beautiful" led by Miss Binnion, was sung by all present. Miss Binnion also favored us with the sweet old song "Annie Laurie". Miss Slaton gave a very pleasing violin solo, "Humoresque", by Dvorak.

Description, location and geological survey of Zion National Park was given by Mesdames Elliott and Stokes.

The surprising feature of the program came when Mrs. Stewart was called to tell a story. Of course, all expected a Thanksgiving description of the early Puritan days. After giving a short historical sketch of old Plymouth and her people, she said, "I must have some help." Well the help came in the way of a real play, "The Courtship of Miles Standish" as was written by Henry W. Longfellow. The play was so cleverly staged by three of our talented members that the audience wondered if they were in Hollywood. Harley Sadler's, or our dear Tahoka listening to our own dear friends. We now truly believe that the best of talent comes from the small towns.

All events must have a climax, and so it came when the doors of the lovely dining room were opened to the gentlemen guests. There stood a snow white table just groaning under the weight of good eats. Turkey? Yes, turkey and all of its trimmings with heaps of fruit, pumpkin pie, coffee and the very best of biscuits any cook can make. Each man ate to his hearts content. If one failed, ask Mr. Nevels who. The ladies

A Fig For You

THE above expression used to be an insult. Now it's an invitation. For figs are one of the most delicious of fruits. Choice figs have been packed in cans for some time past, but it was not until recently that magnolia figs became one of the principal fruit crops of the Gulf Coast of Texas. The greater part of the fig output was until lately, packed in heavy syrups or as preserves, but a few canners have recently been packing their figs in a very light syrup for use as a breakfast fruit served with sugar and cream.

How to Use Them

But figs have many other uses in addition to that as a breakfast fruit. They can be used in fillings,

in puddings and pies, in ice cream, in cakes, in cups, in custards, and also steamed and stewed. Here is the way to make fig pudding:

Chop three ounces of beef suet, and work with the hands until creamy, then add a half pound of figs, finely chopped. The figs preserved in heavy syrup should be used in this recipe. Soak two and one-half cups stale bread crumbs in one-half cup milk, add two eggs, well beaten, sugar to taste, depending on the sweetness of the syrup, and three-fourths teaspoon salt. Combine the mixtures, turn into a buttered mold and steam three hours. Serve with hard sauce.

But if you want to avoid all this mixing and steaming, you can buy delicious fig pudding already prepared and put up in a can.

were served in buffet style. Of course, it is useless to say they were the least bit timid. I believe all, did as your reporter, piled the good things high on their plates while wishing they had a platter instead of a plate.

Just such an enjoyable program and good dinner makes grey heads feel that life is not all behind.

Those who had the privilege of partaking of so generous hospitality were: Guests: Rev. and Mrs. B. N. Shepherd, Mr. and Mrs. English, Miss Binnion, Mr. Truett Smith, Miss Slaton, Mr. and Mrs. A. D. Sanders, Jr., Mr. Hans Tunnell and members and husbands: Messrs. and Mesdames Applewhite, Shook, Fenton, Stewart, Townes, Haney, Hood, Slaton, Stokes, Caviness, Elliott, Nelson, Nash, Turentine, Williams, Henderson and Nevels.

Listen, public, you may have the pleasure of seeing this splendid play at an early date; if so, do not miss it, for it is a treat.—Reporter.

Did More Good Than Anything

Amarillo Mother Tells of Son's Benefits From Orgatone—Suffered Six Years

Mrs. D. M. James, a highly esteemed resident of 307 Garfield, Amarillo, Texas, gave the following statement in regard to her son's case:

"My son has suffered with stomach and liver trouble for six long years, and he has tried all kinds of medicines and treatments but since taking Orgatone, he has benefitted him more than anything without. He could not eat without the food souring on his stomach and he always felt tired, worn out, and no account. He has suffered with terrible headaches and had a bad case of constipation. At times he would get so bilious and dizzy he could hardly stay on his feet.

"We read so much about Orgatone in the local papers that we decided to try it and it was a lucky day for him. He can eat most anything he wants now and food digests properly and seems to do him some good. His general condition seems to be much better. His case of constipation is a thing of the past now and he is just as fit as can be. I am glad to give this statement for him for we want our friends to benefit by Orgatone for what it has done for him."

Genuine Orgatone may be obtained in Tahoka at Thomas Bros. Drug Company.

THEY SAID THE JURIES WOULD NOT CONVICT!

Do you remember when the Jones Law was passed, they said that the juries would not convict under it? Get this:

At the District of Columbia October term of court 53 cases were tried under the Jones Law and Anti-Smoke Screen Act. Fifty-one of the defendants were convicted and the sentences averaged about two years.

Prove your cases and juries will convict if the judge is an honest one.—Board of Temperance, M. E. Church.

CARLOAD OF TURKEYS SHIPPED FROM LAMESA

LAMESA, Nov. 26.—A solid carload of turkeys, 19,440 pounds in all, was shipped from Lamesa to New Haven, Conn., early this week. Produce houses here estimate the 1929 turkey crop better than 30,000. The Thanksgiving price on turkeys remained steady on twenty cents.

REPORT CARD—for Common and Independent Schools are now available at The News office.

BLEEDING GUMS HEALED

The sight of sore gums is sickening. Reliable dentists often report the successful use of LETO'S PYORRHEA REMEDY on their very worst cases. If you will get a bottle and use as directed druggists will return money if it fails. Thomas Brothers Drug Company

CHRONOLOGY OF RATLIFF CASE

AUSTIN, Nov. 21.—A chronology of the Marshall Ratliff case compiled from records here shows: Crime committed, December 23rd, 1927. Death verdict given, March 30th, 1928. Life imprisonment verdict in companion case, April 30, 1928. Statement of facts for death appeal filed, July 10, 1928. Appeal record made up August 1, 1929.

Appeal filed in court of criminal appeals, August 20, 1928. Appeal heard December 19, 1928. Death verdict affirmed May 8th, 1929. Motion for rehearing heard, Oct. 9, 1929. Lynched Nov. 19, 1929. Ratliff was in the penitentiary on the life sentence verdict which had not been appealed, when he was taken to Eastland for a sanity hearing, attempted to escape, killed a jailor and was hung by a mob.

WHAT OTHERS THINK

In speaking of the West Texas State Teachers' College at Canyon the Lynn County News says: "Our Teachers' Colleges, where our teachers are trained in the art of teaching should have as generous support, in our opinion, as the colleges where boys are taught how to raise cotton and cows." And so think we of the Higgins News. The more thorough a teacher is trained in the art of teaching, the better service may be given in actual school work, if the teacher is a teacher. Not all school teachers are real teachers. The men and the women who occupy the important place next to the parent should not only be well equipped in every particular for the job, but should be teachers in spirit and in truth—born to the profession, not makeshifts. And the institutions in which our teachers receive instruction in the best ways to teach; who are given that insight and knowledge so necessary to every successful teacher, should be given generous support when funds are asked for and should not be skimmed for political reasons. In fact, our schools should be lifted out of politics. Not until that time comes will our schools be free and independent. But teaching boys to raise cotton and cows is also necessary. The head and the hands should be educated and not merely the head alone. If our educational system was cut down one-half and the other half made up of more practical things that would be of use to the human family, our boys and girls would be better fitted to make their way in the world and they would stay in school much longer than is the case today, when football and kindred sports are relied upon to furnish the pep school books do not have. The time is coming when our schools will stop trying to teach everything and will find some method of putting the knowledge gained to practical use. Theory and Practice should go hand in hand.—Higgins News.

Gratifying in the extreme is the business-like program of the new president and manager of the West Texas Chamber of Commerce. Particularly here in the Panhandle and all over West Texas the demand for a more practical program of work is the logical outgrowth of the demands of the real supporters of the organization. President Hamilton and Manager Bandeen are men of the executive type, both established successes and the work of the West Texas Chamber of Commerce for the coming year under their guidance will be the most fruitful in the history of the organization. The "ballyhoo" has been eliminated. Constructive, practical work has been made the exclusive order of procedure.—Clarendon News.

DAIRYING IN PRACTICE
It wouldn't be fair to mention names, but this instance of the value of dairying farming comes directly from one who knows the two leading characters and knows their financial antecedents.

The two live on farms in the vicinity of Plainview. They are neighbors. Each owed on his land in about the same amount.

One went the dairy cow route in addition to his general farming, including a large acreage of wheat. One is retaining his land, meeting his Federal Land Bank payments promptly, erecting modest new barns and other necessary buildings and not appears to be, but is prosperous. The other said he could not get his money back from his feed that he would use with dairy cows. He didn't want to bother with them.

The man with the cows is the man that is "setting pretty" on his land. He not only has retained it where the other has lost his, but has it whittled down to the Federal Land Bank loan, which he is expecting little difficulty in meeting.

Incidentally, his new combine is in a new shed, keeping company with other occupants of the new barn—a herd of Jerseys.—Plainview Herald

This a town of use-to-be's. One year, more maize and feed were grown and shipped from here than any point in Texas. Another year we had more bank deposits, per population, than any town in the United States.

ed States. And right now we ship more dairy and poultry products than any town in Texas for its size. What was, is and will be again. Smoke that!—Idalou Echo.

Yes, Jim is going to run. We suppose he got enough "yes men" to respond to his recent feeler to encourage him to come out. At least he indicates such in the last issue of the Forum. Well, this is a free country, and we'll bet Jim comes pretty near being in the run off if he is not in it.—Brownfield Herald.

BASIS OF LOANS ON COTTON IS EXPLAINED

Robert H. King of the Security State Bank has received from Harry Williams, general manager of the Texas Farm Bureau, the following communication, which is self explanatory, and which may be of interest to many of our farmers:

"We wrote you on October 31st, advising that tentative arrangements had been made with the Federal Farm Board for a loan to this Association for the purpose of supplementing advances to members of this Association shipping cotton to the seasonal pool.

"That loan has now been approved and the first application for funds, made under the agreement, has been granted and the money received will be distributed to the members who have already shipped to the seasonal pool. Additional advances will be made from time to time as cotton to this pool is received and classed.

"As stated to you before, this advance will be made on the basis of 16.25c middling 3/8-inch staple cotton at Houston and Corpus Christi, less the estimated freight and expense. We name these two ports because that is where we have our cotton stored.

"The Farm Board will only advance to us against cotton shipped

by bona fide members of the Association.

"The action of the Farm Board in making this loan to us has created wide-spread interest. Unfortunately there is a lot of confusion in the minds of good people who do not understand the nature of the loans.

"The Farm Board is authorized under the Law to deal with recognized co-operative associations only and as such leaving the matter of advances to the members to the discretion of the Associations to whom they lend. In our case, they are lending us this money with the agreement that it be used thru-out the season and for the sole use of the members of the Association. The discretion of advances to the members of an association matter and this feature of it must be guarded because of our obligation to the Farm Board, which is a definite one.

"Since the closing of this loan, we are prepared to make advances to the members of the loan less the freight and estimated expenses according to grade and staple on all cotton shipped to the seasonal pool. We are not in position at the present writing to make any advances of any character to non-member local pools nor will we ever be in a position to do it unless local pools are organized under the Cooperative Law and control the title of its members' cotton.

This information is sent you purely for your guidance in the event you are asked to discuss the matter with some of your depositors who come to you from time to time as they do for council. We will appreciate your continued cooperation.

Yours very truly,
HARRY WILLIAMS
General Manager

Your Home-Grown Grains Bring the Highest Price

How to Produce Better Quality Pork—Quicker and Cheaper

Using Your Home-Grown Grains— and Making Them Worth More

When Marketed as PORK

—and this pamphlet tells you how to produce BETTER QUALITY PORK—QUICKER and CHEAPER!

A GREAT Southwestern farm journal says: "The most efficient user of feed on any farm is the hog. No better market for grain has ever been discovered than intelligent hog feeding. But don't lose sight of the fact that a large amount of protein is required for rapid development and to get the highest value out of the grain used."

"What do You Mean . . . Penetrates Metal Surfaces?"

A Plain Answer to a Reasonable Question

THE Germ Essence, imparted to highly refined paraffin base crude under a patented process exclusively owned by the Continental Oil Company for North America, actually penetrates and combines with metal surfaces, forming a permanent, protective film.

No matter how long a motor stands idle or how cold it gets, this film is present and immediately lubricates the moving parts when the engine turns over.

It takes five to ten minutes—often longer—for the oil in the crankcase to fully flood the bearings in the starting operation. During this period, automotive engineers agree, from 40% to 60% of motor wear occurs. This wear is reduced to a minimum by the ready-and-waiting lubrication which the Germ Essence imparts to CONOCO Germ-Processed Motor Oils, retaining it on and in the surface pores.

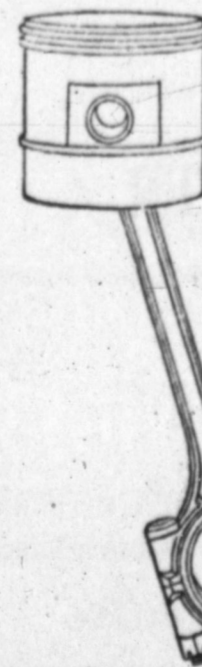

CONOCO Germ-Processed Motor Oil stands up under every condition of stress and strain. It will not break down or burn nor will it evaporate to any appreciable degree.

No other oil possesses these qualities.

So positive are we in our convictions, so positive have been our tests of this remarkable lubricant, that we are perfectly willing for you to select any operating condition—no matter how extreme—and we will meet it with CONOCO Germ-Processed Motor Oil so satisfactorily that you will never consider using any other oil.

Go now to stations and dealers displaying the CONOCO Red Triangle—have your crankcase drained and begin immediately to profit through the use of this remarkable oil.

CONOCO GERM-PROCESSED PARAFFIN BASE MOTOR OIL

..... actually penetrates and combines with metal surfaces, forming a film that adheres for months to bearings, cylinder walls and all working parts . . .

Locals

Rex Rogers and Bill Burleson returned Sunday night from a hunting trip over into old Mexico. They report having killed an antelope and three deer. The laws of Mexico, they say, forbid the transportation of deer heads and hides out of the country, and therefore they were compelled to behead and skin the animals on the farther bank of the Rio Grande.

Rev. H. A. Conway of Fort Worth, a pioneer Baptist preacher who has spent more than forty years in the ministry, mostly in east and central parts of Texas, arrived Saturday to spend several weeks with his son, Claude Conway, who holds down one of the chairs at the Hub Barber shop and his daughter, Mrs. Roy Poer.

T. M. Ward of T-Bar dropped in Saturday to tell us to keep the News coming to his address. He says his family wouldn't know how to get along without the paper. Crops were miserably short in his community, he reports, but folks are keeping the wolf from the door by selling cream, butter, eggs, etc.

Dr. E. E. Callaway, who attended the races last week at Arlington and then went on a hunting trip down in Gillespie county, reports that he killed two fine bucks and also a fox. He had a great time.

Mr. and Mrs. Zech Kemp of Post spent Sunday here with S. R. Kemp and family.

DROVE POISON OUT

Constipation Troubled Alabama Lady Until She Had Taken Black-Draught, Then Felt Fine.

Florence, Ala.—"For two years, I suffered with pains in my back and head," writes Mrs. J. E. Sloan, 810 Park Street, this city.

"I felt dull all the time, and was not able to do anything.

"I was constipated most of the time. My complexion was bad and I had no appetite.

"An old lady advised my father to give me Black-Draught. As quick as she told him, he got it for me. I took Black-Draught three times a day for three weeks, and I began to feel like a different person. I developed a good appetite; the poison left my system, and I felt fine.

"I thought my trouble came from constipation, and as soon as the cause was removed, I got all right.

"Since that time, I have tried to keep a box of Black-Draught in the house, as I find it corrects biliousness and relieves sick headache. It is our family medicine."

Constipation dams up poisons in the bowels, causing their bad effects to be felt in other parts of the body.

At the first sign of constipation, take Theodor's Black-Draught.

Costs only 1 cent a dose. AC-275

Black-Draught
for Constipation
Indigestion, Biliousness

W. C. Thomas, who resides near Close City, better known as Ragtown, was here Tuesday selling a bale of cotton and patronizing some of our merchants. Mr. Thomas stated that he got a far better price for his cotton here than he had been offered elsewhere.

C. E. Waldrep of Wells was a caller at the News office Friday, renewing his subscription. He reported that cotton is a little better in his community than in many portions of the county. He will gather about a fourth of a bale per acre.

Prof. Nat. Williams, principal of the school here for three years but now superintendent of the Cross Plains schools, spent a few hours here Saturday greeting friends. He and friends had been on a hunting trip further west.

W. G. Tarrance and family moved to Lubbock Monday. We failed to get what line of business he will engage in there. Many friends here regret that this good family is leaving Tahoka.

Rev. J. A. Weathers of Lockney left Monday after spending several days here visiting his brother, E. N. Weathers, and other relatives.

Mrs. K. F. Knight and brother, Stuart Willoughby, return Monday from San Angelo, where they spent a few days visiting relatives.

Judge J. W. Elliott left Sunday night to attend the Grand Royal Arch Chapter of the Masonic Lodge in session at Waco this week.

Mrs. L. S. Kuykendall last week visited in Lubbock with K. Kuykendall and Mrs. Gladys Moore.

Lawrence Sanford returned Monday from a few days visit in Abilene.

Edith

We are again very glad to report a few items from our community, as it is standing in the front ranks of progress.

Cotton picking has been delayed to a great extent on account of bad weather. We haven't made much but are putting forth great efforts to save what we have made.

There was singing at this place Sunday night with a large crowd present. A few Gar-Lynn singers were present we all had a good time.

Mr. Horace Krebs, who some three weeks ago underwent an operation in the Lubbock Sanitarium for appendicitis, is back in our midst again improving nicely.

Mr. Nelson, who has been ill for some time, is able to be up again.

Next Sunday there will be singing at Gar-Lynn, as it is their regular Sunday to sing there.

Mr. Ira B. Krebs and family and Miss Marie Tredway spent the day with Mr. and Mrs. C. W. Krebs Sunday.

Be at Sunday School Sunday at 10:00 A. M.—Reporter.

GEMS OF LITERATURE

(By J. A. Humphries)

Dear Reader: We are glad to meet and greet you who are the patrons of The News. At least two reasons prompt the program we purpose to offer. One, the interest in, and the long, long years of uninterrupted friendship for the Editor; the other, a sincere desire to place before the public and particularly the youth of our country the names of men and women of the world whose literature, law and aphorisms have contributed to national and international betterment. The tendency of the press and the public is to either overpraise on the one hand, or underpraise on the other, human character. The lives of men and women are too often distorted by flattery or by calumny deformed; about the real person, we know but little, so in our column we will offer no brief of our client, but will present to the reader the language of the client himself.

This initial number will appear on Thanksgiving and because this is a day that celebrates our dependence, we have decided to present our greatest American. Who is he? He is the man, who with one stroke of the pen liberated three million souls, and who a few months later stood with furrowed face and solemn mien on the battlefield of Gettysburg and delivered at its dedication the following two minute speech—which speech is now known among the world's classics.

Gettysburg Address
Four score and seven years ago

our fathers brought forth on this continent a new nation, conceived in liberty and dedicated to the proposition that all men are created equal. Now we are engaged in a great civil war, testing whether that nation, or any other nation so conceived and so dedicated, can long endure. We are met on a great battlefield of that war. We have come to dedicate a portion of that field as a final resting place for those who here gave their lives that that nation might live. It is altogether fitting and proper that we should do this. But in a larger sense we cannot dedicate, we cannot consecrate, we cannot hallow this ground. The brave men living and dead, who struggled here have consecrated it far above our power to add to or detract from. The world will little note nor long remember what we say here. It is for us, the living, rather to be dedicated here to the unfinished work which they who fought here have thus far so nobly advanced. It is rather for us to be here dedicated to the great task remaining before us, that from these honored dead we take increased devotion to that cause for which they gave the last full measure of devotion; that we here highly resolve that those dead shall not have died in vain; and this nation, under God, shall have a new birth of freedom, and that government of the people, by the people and for the people shall not perish from the earth.

Messrs. Damewood and Bradford of The Texas Utilities Company, Lubbock, were here on business for the Company Tuesday.

Mrs. Alice Dawkins spent a few days this week visiting a friend in Fort Worth.

"She took her husband unawares

...and learned a lot!"

Mrs. Kirk's husband wasn't expecting her back from Fort Worth until Sunday morning, but she came home on Saturday night.

"I'll surprise them," she told herself, slipping her key into the latch and entering the house quietly.

Savory odors came from the kitchen and she heard voices behind the closed door.

"Yes, sir; your mother's the best cook on earth," she heard her husband saying to her son, "but, my boy, she certainly doesn't make good coffee. She's such a dear, good woman, though, that I have never liked to tell her so."

"Well, it's good that we found out about this White Swan Coffee and laid in a good supply while she was gone; Dad," her boy said. "I think she'll notice the improvement."

Mrs. Kirk was 'a good sport' and a wise woman. She slipped back to the front door again, slammed it and shouted, "Look who's here!"

Mr. Kirk and his son raced to meet her and immediately after the embraces were exchanged, she said, "By the way, I ran across the most wonderful coffee in Fort Worth. It's called White Swan and . . ."

Yes, indeed—a wise woman!

No matter which member of the family may have introduced White Swan Coffee—or by what means—the enthusiastic praise for its tempting aroma and satisfying flavor is always unanimous.

To develop its natural goodness, more than a half century of experience is brought

WHITE SWAN COFFEE

"I'll surprise them," she told herself.

to the science of roasting and the art

of blending—each playing its important part in achieving that uniform, delicious flavor which has made White Swan so popular wherever it is served.

By controlling every step in its preparation, the Waples Platter Company—importer, roaster, packer and distributor—makes certain that every sealed tin of White Swan reaches you with its full appetizing quality kept intact.

White Swan Coffee always comes to you fresh. After roasting and packing, distribution is promptly made to its 10,000 dealers—all within convenient shipping distance of one or more of the 22 strategically located Waples Platter Houses. Fleets of motor trucks operate over a network of routes, making regular deliveries from all the units of this institution of the Southwest.

Now, and whenever you need a fresh supply, White Swan Coffee is available at your grocer's freshly packed in one and three pound cans.

FREE—Expert advice and time-tested recipes

Perhaps the custard separates in baking—part thick and part water. Or you may have trouble with some other dish your family likes. Write to Waples Platter Better Cooking Bureau, Waples Platter Co., Fort Worth, Texas. Expert advice and time-tested recipes sent FREE.

"We Light The Way"

RETURNED MISSIONARY TO SPEAK HERE DEC. 1ST

Miss Eva Carpenter returned missionary from India will speak at the Church of the Nazarene, Sunday, December 1st, at 11 o'clock A. M. and at 7:00 o'clock P. M. Miss Carpenter has spent fifteen years as a missionary for the Church of the Nazarene in pioneer village work in Western India. She tells of opening the way with medicine and ministering to the sick, of thrilling rides through the jungles in an ox cart on her way to visit the suffering. She tells of building a church with her own hands and of starting the first Sunday school in a mud hut. She also relates the awful suffer-

ing from famine, pestilence and scourge. Her message will interest and thrill you. Come to hear her and bring the family, friends and neighbors.

MRS. SAM BATES, Pastor EXCELLENT RECITAL GIVEN

Miss Bessie Maye Binnion presented her pupils in a voice and piano recital in the high school auditorium Tuesday night. The recital was an unusually good one and was enjoyed by a goodly audience. Her pupils acquitted themselves in a fine way.

You can get reduced rates on daily Papers and The News combined.

SLAT'S DIARY

Friday—Well, Jane has been giving a number of hints about what she mebbe mite like for a Xmas present in a few weeks. So I guess it is up to me to get a job and earn a little extra cash for a present. If she ever gets smart with me ennymore I may buy her something witch is useful insted of a present.

Saturday—Well I seen add in the paper for a boy to ack like a delivery boy for the grocery keeper down at town. So this A. M. I went to see the man. (Adv. shure pays). He sed if I tuk the job I wood have to get my shoes shined and get a hair cut and have two or three dollars for to make change with. Heck, if I had all them things I woodent be worrying about any job so I diddent take the jib. And ma made me warsh my teeth and neck before I went down there to.

Sunday—I am glad the teacher isent abud to lick nobody at Sunday school or I wood of ben in for it tpe-day just becuz I happened to leave a bent pin where Art Sanders set down on it. She fassened her eyes on me like I had made him set down on the pin.

Munday—Well I am giving ma time. I got her a nice little book and mebbe it will be a present for pa also. The name of the book is What to Give Yure Boy for Xmas.

Tuesday—ma sent me on a errant up to Mrs. Rapps house which lives on the hill. When I went in the house I put my hands on some of the wood wirk and she screemed at me that they was fresh paint on the wood wirk. But I told her that was all rite because my hands was dirty as I had ben carrying in coal. She acted like as if she was about half sore at me.

Wednesday—Ma went and drest all up in her new dress tonight and went down town and she wasent anxious for me and pa to go with her. I gess we diddent match her dress. But ennyways we had a good time. We eat peanut brittle and played Put-N-Take. I ast pa what was re-pentence and he sed it was when a fella done sum thing he was sorry for and got ketchted.

Thursday—Well I got a good grade in histry today. I oney had one rong answer. The teacher ast me what I new about Hannaball and I sed they was people witch use to eat yu-man beings an missionaries. I gess that was the one I got rong en.

BEST FARM PROFITS FROM COTTON, FEED, LIVESTOCK

That a combination of cotton, feed, and livestock (including poultry) brings the highest profit from a farm is the conclusion of D. P. Gabbard and others of the Texas Agricultural Experiment Stations, following tests of six combinations. The tests demonstrated that while profits from the combination increased up to a certain point from the reduction of cotton and the increase of livestock, there was a point beyond which profits decreased when the reduction in cotton acreage fell below one fourth of the available acreage.

Briefly the six tests as applied to 50-acre farms were:

1. Cotton 44 acres, two head work stock, 20 chickens. Net profit \$714.94
2. Cotton, 33 acres, feed crops, 11 acres, two head work stock, one cow, 50 chickens. Net profit, \$820.33.
3. Cotton, 22 acres, feed crops, 22 acres, two head work stock, three cows, three hogs, 10 chickens. Net profit \$892.82.
4. Cotton, 16 acres, feed crops, 28 acres, two head work stock, four dairy cows, three hogs, 150 chickens. Net profit \$907.44.
5. Cotton, 11 acres, feed crops 33 acres, five cows, seven hogs, 150 chickens. Net profit \$924.51—highest of all.
6. Cotton six acres with enough cows, hogs and chickens to consume the feed produced on the remainder of the farm. Net profits \$838.36.

Distribution of man labor and housework throughout the year was one of the important factors in reducing expenses of operation when more live-stock was used. "The conclusion" according to the bulletin covering these studies, "is that most farmers on fifty-acre farms will get the best results under usual conditions when 25 to 50 per cent of the cultivated land is in cotton and the remainder of it used effectively in growing feed crops and in producing live-stock and live-stock products."

R. E. Key was a visitor to Plain-view Tuesday, accompanying a nephew who was entering Wayland College.

SIX MILLION CHILDREN IN JUNIOR RED CROSS

The year 1929 marks the tenth anniversary of the founding of the American Junior Red Cross. There are now Junior Red Cross societies in forty-one nations, all pledged in the common cause of service to their fellows.

Membership in the American Junior Red Cross in the United States and insular possessions is 6,578,000, and is largely through grade and high schools and private schools. The organization is governed by the boys and girls. One of its chief features is conduct of international correspondence with schools of other nations, through exchange of albums and small gifts. The American Juniors sent 85,000 Christmas boxes of small gifts to children of many nations last year.

The American Junior Red Cross gained 349,171 in membership last year.

Fifty-one nations belong to the League of Red Cross Societies, and are prepared to carry on health, disaster relief and life saving programs all around the world.

NURSES ENROLLED WITH RED CROSS FOR SERVICE

Enrolled with the Nursing Service of the American Red Cross at Washington are 49,000 nurses, qualified under the society's regulations, who may be summoned to service in time of disaster or other emergency. From the Red Cross enrollment were assigned 20,000 nurses in the World War. These Red Cross nurses are the standing reserve of the Army and Navy Nurse Corps of the United States, and are also called upon for service in other governmental health services.

Little St. Eustatius Island in the Dutch West Indies gave refuge to American ships during the Revolution. The hurricane of last September struck the island, causing heavy loss. The American Red Cross was glad to send a small cash relief fund in remembrance of the historic friendship of the island folk for this republic.

ATTENDING STATE TEACHERS ASSOCIATION AT DALLAS

County Superintendent H. P. Caviness, Supt. A. L. Faubion of Wilson, Prof. H. M. McEachern and Miss Veda West of Dixie and Miss Evelyn Thomas of Morgan left Wednesday afternoon to attend the State Teachers' Association in session at Dallas the last three days of this week.

Another party also leaving here Wednesday afternoon for the association consisted of Prof. and Mrs. Taylor White and Misses Mattie Williams Seroyer and Faye Pitts of the Tahoka schools.

The members of the Young Women's Auxiliary of the Women's Missionary Society gave Miss Gertrude Shepherd a handkerchief shower at the Baptist Church Monday night.

NEXT MONTH

We want your business next month. Our store is as close to your kitchen as your telephone is. Just ring your grocery orders to 209 and we will do the rest.

Work Clothes and Shoes

Don't forget that we have just what you want at live and let live prices.
