Tahoka, Lynn County, Texas, Thursday, January 23rd, 1930

Number 22

PLAN SCHEDULE OF BASKETBALL

County-Wide Rural School "Round Robin" Tournament Begins Friday of This Week

The following is the schedule of games as decided by the county executives committee and worked out by Ray L. Showalter, director of athletics:

Southeast Zone

January 24—Grassland at Redwine, Midway at Joe Bailey; Jan. 28—Draw at Grassland, Edith at Midway; Jan. 31—Redwine at Draw, Joe Bailey at Edith; Feb. 4—Grassland at Draw, Midway at Edith; Feb. 7—Draw at Redwine, Edith at Joe Bailey; Feb. 11—Redwine at Grassland, Joe Bailey at Midway.

The winners to meet not later than February 13th, on a neutral court or by drawing if agreed.

Southwest Zone

Jan. 24—Three Lakes at T-Bar, New Moore at Pride; Jan. 28—T-Bar at Wells, Pride at New Moore; Jan. 31—Wells at Three Lakes; Feb. 4—T-Bar at Three Lakes; Feb. 7—Wells at T-Bar; Feb. 11—Three Lakes at Wells.

The winner of the Pride-New Moore games shall play the winner of the other division of the southwest zone to see which one will go to Tahoka for the final game.

Northeast Zone

Jan. 24—Morgan at Gordon, New Lynn at Magnolia; Jan. 31—Gordon at Magnolia, Magnolia at New Lynn; The winner to enter the tournament at Tahoka.

Northwest Zone

Jan. 24—New Home at Dixie, Lakeview at Westpoint; Jan. 28—Joe Stokes at New Home, Petty at Lakeview; Jan. 31—Dixie at Joe Stokes, Westpoint at Petty; Feb. 4—New Home at Joe Stokes, Lakeview at Petty; Feb. 7—Joe Stokes at Dixie, Petty at Westpoint; Feb. 11—Dixie at New Home, Westpoint at Lakeview.

The winners to play not later than Feb. 13 to see which shall go to Tahoka. Site of game to be decided by draw or agreement.

All preliminary games must be played before February 13th. If teams fail to appear, according to schedule the games are forfeited to their opponents unless they are postponed by consent of both.

The winners and runner-ups of these four groups will meet for the finals on February 15 at Tahoka at 9:00 A. M. The winner of this tournament will play the winner of the Wilson, O'Donnell and Tahoka games not later than February 17th.

Due to the scarcity of time in which to decide the county championship the schedule has been arranged hurriedly and if any schools desiring to enter have been omitted they are requested to get in touch with the athletic director at once.

The schedule was prepared primarily for the boys and championship but the schools that desire to may play the girls games on this schedule also.

RAY L. SHOWALTER,
Director of Athletics

Commissioner Finley Seeks Re-election

We are authorized to place in our announcement column this week the name of R. E. Finley as a candidate for re-election to the office of commissioner for precinct No. 1.

Mr. Finley was elected to this office in November, 1928, and was inducted into office on January 1, 1929. He has served therefore just a little more than half of his first term. He desires to continue his service for a second term.

So far as we have been able to learn, Mr. Finley's services have been highly satisfactory. In fact, we have heard no complaint. He has been diligent in looking after the roads in his precinct and has done much valuable work on many of them. He is a conservative business man of Wilson, and his experience as a business man has been helpful to him in looking after the business of the county.

We ask for Mr. Finley's candidacy the earnest consideration of the voters of the precinct.

H. W. Calaway returned Friday from Amherst, where he has been peddling a little real estate.

Local Banks Have \$800,000 On Deposit

Statements made by the Banks of Tahoka and published in the News recently show combined deposits in the two banks of more than \$800,000. This is a splendid showing, considering the short crops and short prices for cotton the past season.

The people of Lynn county are "living at home" more perhaps than ever before in the history of the county. Many of them make the income from their chickens, cows, and hogs pay their living expenses and are free to use their cotton money as a surplus.

Diversification has certainly proved its value in Lynn county the past few years.

KIWANIS HAS NEW MEMBERS

"Back-Sliders" Brought Into Fold; New Officers of Club Take Charge at Meeting

W. O. Thomas, L. F. Craft and G. A. Brasfield were new members of the Kiwanis Club present at a luncheon of the club for the first time Wednesday. Former members of the club who have returned and were present Wednesday were Bill Burleson and Prof. H. P. Caveness. They were heartily welcomed by President Truett Smith and by Judge C. H. Cain speaking on behalf of the club. Each of them responded to the welcome addresses in brief talks, as did Jack Edwards also, who is a member in good standing but had not been present for some time.

Dr. C. B. Townes as retiring president of the Club was called upon for a few remarks and he responded by giving some information and issuing a warning as to the danger of poisoning from carbon monoxide gas. He called attention to the danger of such poisoning from running a car within an enclosed garage. The poisonous gas can neither be smelt nor otherwise detected, the doctor stated, until the victim is overcome. It is doubly dangerous on this account, he pointed out.

M. O. Bridges of the West Texas Gas Co., followed with a similar warning against burning gas in an enclosed bathroom. When a flame appears above the stove, he stated, not all the gas is being burned and monoxide gas is frequently given off. Also there is danger of exhausting all the oxygen from the air in a small, tightly-enclosed room in which a gas stove is being operated.

Our people should carefully heed all these warnings and thus avoid danger of asphyxiation.

Tech Short Course Is Feb. 3rd to 5th

A Farmer's and Home Maker's Short Course will be held at the Texas Technological College at Lubbock February 3rd to 5th.

Miss Thelma Greenwade, county home demonstration agent received a letter from Miss Margaret W. Weeks, Dean School of Home Economics, extending a cordial invitation to all the members of the Home Demonstration Clubs of Lynn county.

If it will not be possible for you to attend all of these three days select the one best suited to your needs and go that day.

Every one should attend this meeting if it is at all possible because it will be one of the best short courses held in the state this year, and to those who will not have the privilege of attending the Short Course at A. & M. College this summer, this will be an excellent opportunity; as it will be very educational.

Miss Naomi Lawson of Grassland, who teaches in Post High School was operated on for appendicitis in the Lubbock sanitarium Thursday week ago. She was able to be brought to Grassland to her mother's home, Mrs. A. A. Lawson Saturday. Miss Lawson is also Mrs. G. C. Watson's sister. Miss Lawson is reported to be recovering as rapidly as could be expected.

Mrs. George Short was taken to a sanitarium at Lubbock Wednesday morning for treatment. She was reported to be in a most serious condition, suffering from gall stones.

SET DATES OF COUNTY MEET

Interscholastic Contests To Be Held In Tahoka Or March 21st and 22nd This Year

A meeting of the directors of the various activities of the Interscholastic League was held in the office of County Superintendent H. P. Caveness Monday night and arrangements made for the League meet to be held in March. The time for this meet was set as Friday and Saturday, March 21 and 22.

County contests in athletics, debate, declaiming, spelling, arithmetic, etc., will be held at that time. Winners in these contests will represent Lynn County in the district meet to be held in Lubbock in April. Arrangements were also made for the county-wide basketball tournament. This will be distinct and separate from the other athletic contests and will be held in Tahoka on Saturday, February 15. Prof. Showalter of Wells, the director, will arrange the schedule of games preliminary to the county-wide tournament.

At the committee meeting Monday night, Mrs. Imogene Galloway of the Tahoka schools, was selected as director of the spelling contest to succeed Mrs. Gooch of O'Donnell, who was unable to serve. J. C. Turney, director of debate, has requested that all schools in the county expecting to enter the contest in debate, shall notify him at once, so that he may proceed to arrange the contests.

Those present and participating in the meeting Monday night were: Supt. A. L. Faubion of Wilson, director-general; Miss Carney of Wilson, director of essay writing contest; Supt. J. C. Turney of New Home, director of debate; Prof. B. M. Hays representing Mrs. Hays, of Tahoka, who is director of Music; Prof. Scott representing Supt. Showalter of Wells, who is director of Athletics; and County Superintendent H. P. Caveness.

C. C. Williams, secretary of the Tahoka chamber of Commerce was also present. The League meet is coming to Tahoka upon the invitation of the Tahoka school authorities and the Tahoka Chamber of Commerce, and the latter body some time ago voted to set aside a fund to meet the expenses incident to the holding of the meeting here.

T. S. Williams Home Destroyed by Fire

For the first time in many months a Tahoka residence has been totally destroyed by fire. The home of T. S. Williams on Porterfield street, just east of the Higginbotham-Bartlett Lumber Yard, known as the old I. S. Deak home, was almost totally consumed by fire last Saturday night at an early hour. No one was at home at the time. Mrs. Williams was at the picture show, we understand, while Mr. Williams was at the Texas Filling Station. The fire had made much headway before it was discovered, and the building was wrapped in flames before the fire department could reach the scene. The contents of the building were also destroyed, nothing being saved. The origin of the fire is unknown.

Insurance was carried on the building in the sum of \$3,000.00. We are not advised as to whether there was any insurance on the furniture.

Sister of Supt. Baze Dies at Mason

Mrs. M. L. H. Baze received a message Wednesday afternoon from Mason to the effect that Mrs. J. B. Kidd, sister of Superintendent Baze, was dying, and she left immediately for that place. Supt. Baze himself was already there, having left the sanitarium at Lubbock a week ago. Mrs. Baze stated to a representative of the News before leaving that she expected to be back Saturday accompanied by Prof. Baze.

ALL SEW CLUB MEETS

Mrs. G. H. Nelson very graciously entertained the All-Sew Club Wednesday P. M. from 3 to 5. Only nine members were present but we chatted gayly while our needles flew up and down on our work. Chicken sandwiches and Hot Cocoa was enjoyed by all present.

WINTER GRIPS THIS SECTION

Worst Blizzard In Years Sweeps Across Texas; Weather Is Now Moderating

More moderate weather prevails today after more than two weeks of real winter. Blizzard after blizzard has swept down from the north during the past two weeks, bringing rain, snow, sleet, and ice. Sub-zero temperatures have prevailed much of the time. Warmer weather for a day or two followed the big snow of two weeks ago, melting most of it. Then came another blizzard and more snow fell last week. A sprinkle of rain came Sunday night, freezing as it fell. Then sleet and snow came again Monday night, and there is still much ice and isolated snowbanks scattered about promiscuously over the face of Mother Earth. The temperature on Thursday and Friday nights of last week dropped down to 6 to 8 below zero, according to local thermometers. Zero weather was registered again Tuesday and Wednesday mornings of this week. The Thermometer has registered far below the freezing point every night for the past two weeks. Old-timers agree that this has been one of the worst cold spells in the history of the county.

As a result of the extremely cold weather and its long continuance, water in water pipes, even in some of the mains, all over town has been frozen and people have suffered much inconvenience and discomfort on that account. We have heard of some real suffering from the cold by people living in poor houses, but no serious cases have been reported. Neither have we heard of any loss of stock from the cold weather.

DAWSON COUNTY FARMER NAMED MASTER FARMER

LAMESA, Jan. 22.—R. E. Echols, Dawson County farmer, has been named one of ten farmers in Texas as a master farmer during 1929 by a state farm magazine. Echols and his family will be guests of the magazine during a banquet in Dallas on January 30 when Master Farmer medals will be distributed.

Clyde Sargent has been quite ill of the flu this week but is improving.

Terracing School Is Postponed Tuesday

A. K. (Dad) Short of the Houston Land Bank and M. R. Bentley of the Extension Service of the A. & M. College were here Tuesday morning, according to promise, to conduct a terracing school for the benefit of the farmers of this section, but a blizzard was also here and the program for the day had to be abandoned. They were also accompanied by V. L. Miller representing the Martin Ditcher Company. It will be impossible for these gentlemen to return to Lynn County this season and therefore the school as planned has been indefinitely postponed.

Ray E. Shaver, the county agent, will conduct schools of instruction in the various communities of the county, however, teaching the farmers how to do their own terracing. He expects to be busy at this work for some time as the weather permits.

New Drug Store To Open On West Side

The News is informed that R. E. May of Desdemona has rented the building now occupied by Levine Bros. and will open up a drug store in the same about the middle of February. Levine Bros. are to vacate the building soon after February 1st, removing to the Thomas building now occupied by the Model.

INFANT DIED FRIDAY

The little infant of Mr. and Mrs. T. D. Lytle, five days old, died last Friday and was buried in the cemetery here Saturday. The family resides several miles southeast of town and have recently moved to the county, we understand. The bereaved parents have the genuine sympathy of our people.

Kiwanis Banquet Is To Be Held Tuesday

On account of the extremely cold weather that prevailed, the Kiwanis banquet, which was to have been given last Friday night, had to be postponed. At a meeting of the Board of Directors Monday, next Tuesday night, January 28, was set as the time for the banquet to be held.

The program as prepared and sent out last week will be carried out. W. C. Rylander of Lubbock, ex-lieutenant governor for this district, will be the principle speaker.

The ladies will be present and it is expected that this function will be a most pleasant affair. It will be served at the American Legion Hall.

TAKE VOTE ON C.-C. DIRECTORS

All Members Participate In Election Of Governing Body Of The Organization

Fifty-two members of the Tahoka Chamber of Commerce mailed in their ballots to the election committee last week marked so as to indicate their choice of the twenty-eight names that should appear on the ballot to be used in the final election.

The election committee met last Saturday night and canvassed the returns and announced the result. The election committee is composed of G. A. Brasfield, S. R. Kemp, B. R. Tate, J. S. Weatherford and W. S. Taylor.

The twenty-eight names receiving the highest number of votes were as follows, taken alphabetically: W. S. Anglin, J. K. Applewhite, T. J. Bovell, G. A. Brasfield, Rev. R. T. Breedlove, Bill Burleson, Chester Connolly, L. F. Craft, R. W. Fenton, Jr., D. W. Gagnat, Judge G. C. Gridler, M. L. Handley, L. C. Haney, J. L. Heare, E. I. Hill, G. H. Nelson, D. A. Parkhurst, Oscar Roberts, Ray E. Shaver, W. B. Slaton, Truett Smith, G. M. Stewart, B. R. Tate, W. S. Taylor, W. O. Thomas, Dr. C. B. Townes, R. P. Weathers, Taylor White.

Ballots containing the twenty-eight above names were sent out Tuesday to each member of the Chamber of Commerce and each member is requested to vote for fourteen of the number. The fourteen receiving the highest number of votes will constitute the new board of directors. These will draw for places and seven of them will serve for one year and seven for two years. All members are requested to mark and return their ballots promptly. They must be in by 6 o'clock Friday evening, as the election committee will meet Friday night, canvass the returns, and announce the result.

The new board of directors will elect the president, secretary and other officers.

Tahoka Farm Loan Ass'n. Elects Officers

At the annual meeting of the stockholders of the Tahoka National Farm Loan Association held early last week, directors and officers for the ensuing year were elected. R. C. Wood was elected president, A. R. McGonagill, vice-president, J. S. Wells, Carl D. Griffing, and G. M. Stewart, directors, and E. M. Swan was re-elected secretary-treasurer.

The officers for the past year were W. D. Nevels, president, A. R. McGonagill, vice-president, J. S. Wells, W. B. Edwards, and I. M. Draper, directors, E. M. Swan, secretary-treasurer.

Mr. Swan stated to the News Tuesday that the Federal Land Bank at Houston, under which the local organization operates, has loans to the amount of \$350,000 on Lynn County lands. Its total loans in Texas are \$150,000,000. Mr. Swan stated.

TAHOKA GIRL MARRIES LUBBOCK MAN HERE

Miss Alta Mae Frazier, whose parents reside four miles east of Tahoka, and Homer B. Anthony of Lubbock were married at the Methodist parsonage here last Saturday afternoon, Rev. R. T. Breedlove performing the ceremony. The young couple will make their home in Lubbock.

McGUIRE TO BE C.-C. SPEAKER

Banquet Program For February 11. Is Announced By Secretary C. C. Williams

The program to be rendered at the annual banquet of the Chamber of Commerce on Tuesday night February 11, has been announced by Secretary C. C. Williams. Judge Gordon B. McGuire has been selected as the principal speaker of the occasion and he has promised to be present.

President Taylor White will act as toastmaster. At this meeting the new board of directors and officers for the ensuing year will be installed and will immediately assume their respective duties.

The program as announced is as follows:

- Toastmaster—Taylor White.
- Music—Directed by Miss Binnion.
- Dinner
- Report of Year's Work—President Taylor White.
- Introduction of Visitors.
- Adoption of By-Laws.
- Talk on County Fair—L. H. Moore and E. M. Wilder.
- Spice of Life—R. P. Weathers.
- Milk Plant Talk—Sante Lamesa Man
- Special Music—Wells Edwards.
- Two Minute Talks—Truett Smith, Jack Applewhite, G. H. Nelson, Dr. C. B. Townes, Claude Wells, Chester Connolly.
- Address—Judge Gordon B. McGuire.
- Music.
- Negotiations are also being made for a radio program.

EASY TO MAKE ERRORS

It is easy to make errors in a newspaper—even glaring errors. In fact it is hard to keep from making them. In spite of painstaking care on the part of the editor, the Linotype operator, the foreman, the proof-reader, the devil, and everybody else on the force, errors will creep into print.

For example: This week we wrote an editorial under the caption, "Another Implying Cry Comes From China." But when the editorial page came off the press, the caption appeared, "Another Deploring Cry Comes From China"—carrying an entirely different meaning, if any at all.

Almost every week we note grammatical and rhetorical errors in this paper that are humiliating—after it is too late to correct them. So, please do not be too critical of the editor; he is not always as "dumb" as he seems.

CAR OWNERS SHOULD PROCURE LICENSES AT ONCE

Notice is hereby given that all owners of cars should procure their licenses prior to February 1st. A penalty of ten per cent will be added on that date.

S. W. SANFORD,
Sheriff and Tax Collector

W. B. Slaton's Father Dies at Channing

Mr. and Mrs. W. B. Slaton and daughter, Miss Lucille, left early Wednesday afternoon for Channing, called by the sudden death of Mr. Slaton's father, Judge W. R. Slaton. Funeral arrangements had not been made when Mr. Slaton and family left here but it is presumed that the remains will be buried at Channing. Judge Slaton died suddenly of heart failure at 12:30 Wednesday afternoon. He had lived on a ranch near Channing for the past nine years and was serving his fifth term as county judge of Hartley county. He moved from Seminole to the north Panhandle in 1917 after having been a prominent figure in South Plains business affairs for several years. He was sixty-six years of age.

Survivors are the widow, four sons, C. E. Slaton, of Lubbock; W. B. Slaton, Tahoka banker; John Slaton, Phoenix, Arizona, and Wilbur R. Slaton Jr., Las Vegas, N. M. Two daughter, Mrs. Mattie Stone, Seminole, and Miss Elizabeth Slaton, student of West Texas State Teachers College at Canyon, and three brothers, O. L. Slaton, Lubbock; John P. Slaton, Hereford and P. W. Slaton of Odessa.

SHORT COURSE TO BE HELD AT TEXAS TECH FEB. 3, 4, 5

LUBBOCK, Texas, Jan. 22.—Thousands of farmers and their wives are expected to gather here for the second annual Texas Technological College Farmers and Home Makers Short Course that will be held at the college Feb. 3, 4 and 5th.

Separate group meetings for men and the women are being worked out.

Miss Margaret W. Weeks, dean of the school of Home Economics is in charge of the program for the women's groups, which has been worked out by sending questionnaires to the farm women who attended last year. The questionnaires asked for suggestions as to what parts of the program they liked best last year, what problems the women would like to have discussed and other suggestions of this kind.

"We have had a most encouraging response to the questionnaires," Miss Weeks said here today, "and we feel that the program this year is to be

CLAMMY HANDS

Kentucky Lady Was Weak And Felt Miserable. Dizzy Spells Quit After She Took Cardui.

Danville, Ky.—"For a long time, I suffered with severe headaches and pains in my sides and back," says Mrs. Lottie Smallwood, residing at 116 Fourth Street, this city.

"I was very weak, and just not able to go about or do my work. I just felt miserable.

"I was all out of heart. I would have spells when my head would hum, and my feet and hands were clammy and cold.

"I would be so dizzy, I would fall. I had read of Cardui and what it had done for others, and so I, too, began taking it. I had been aching and hurting awfully.

"After I took Cardui, I quit having the dizzy spells. I kept on taking Cardui, and saw then that I was being helped. I was not nearly so weak, and from that time I have felt better. I took six bottles in all."

Cardui is a purely vegetable remedy and contains nothing harmful or injurious. It may be safely taken by a delicate young girl as well as by a feeble old lady.

Cardui has been in use by women for over 50 years, and great numbers of women have reported that it helped them back to health.

Get a bottle today.

Take **CARDUI** 30 YEARS OF USE BY WOMEN

a big improvement over last year's." Harley J. Bower, professor of agronomy and W. L. Stangel, head of the Animal Husbandry department have charge of the men's program.

In addition to the work being done by officials of the Texas Technological college in advertising the short course, a committee of farmers over the section have been appointed to work up attendance and to otherwise stimulate interest in the school. This committee consists of the following: Douglas Pounds, Lubbock; James Burroughs, Lubbock; J. D. Coughlan, Ennis; J. R. McDuff, Crosbyton; J. W. Hammock, Sudan; M. Mitchell, Lamesa; C. B. Thomas, Plainview; H. L. Bock, Texhoma, Oklahoma; B. G. Smith, Amarillo; R. F. Cooke, Amarillo; W. F. Moore, Levelland; W. R. Richards, Ralls; J. A. Johnson, Brownfield; Frank Triplett, Plainview.

BREEDER'S SCHOOL TO BE HELD AT BROWNFIELD SOON

CANYON, January 21.—Directors and friends of the Panhandle Swine Breeders Association on the South Plains will find themselves school boys next month at Brownfield, if the plans now being arranged by Professor Frank Phillips, head of the department of agriculture at the West Texas State Teachers College are carried out.

A two days school and sale will be held beginning February 11. The ideal type of hog one should select for breeding will be stressed the first day. The discussion of this subject is planned to help prospective buyers in selecting during the sale on February 12th the kind of hog which will serve best their interests.

Mr. Charles L. Franz of Turkey, president of the Texas Swine Growers Association, and Secretary E. M. Regenbrecht of the Texas Agricultural and Mechanical College, will also be present and take part in the discussions. Teachers from the Texas Technological College at Lubbock will participate in the school.

If you imagine your lot is a hard one just consider the case of two million Chinese who are doomed to death due to famine conditions in China. As long as we have health and three meals a day we have much to be thankful for—Big Spring News.

REPORT CARD—for Common and Independent Schools are now available at The News office.

PROGRAM OF EXECUTIVES MEETING IS ANNOUNCED

LUBBOCK, Texas, Jan. 21.—The complete program of the semi-annual meeting of the South Plains Commercial Executives Association at Lubbock, Tuesday, January 28, has been announced by C. C. Williams, secretary of the Tahoka Chamber of Commerce, who is also secretary of the executives organization.

Colvin B. Brown, manager of the organization service of the Chamber of Commerce of the United States, D. A. Bandeen, manager of the West Texas Chamber of Commerce and Sterling C. Evans, district agent of the Texas Extension Service are the speakers.

CITATION BY PUBLICATION

THE STATE OF TEXAS, To the Sheriff or any Constable of Lynn County, Texas, Greeting:

You are hereby commanded to summon Seth A. Moore and his wife, R. M. Moore and his wife, G. M. Moore, and J. A. Moore, and his wife, Ivyreen Moore, by making publication of this citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in the nearest county where a newspaper is published to appear at the next regular term of the District Court, of Lynn County, Texas, to be held at the Courthouse thereof in Tahoka, on the Seventeenth day of February A. D. 1930, then and there to answer a petition filed in said court on the 16th day of January A. D. 1930, in a suit numbered on the docket of said Court No. 821, wherein, F. M. Mason is Plaintiff, and Seth H. Moore, and his wife G. M. Moore, and J. A. Moore and his wife Ivyreen Moore, and The Murray Company, a Corporation, Cicero-Smith Lumber Co., a Corporation, Sorrels Lumber Co., a corporation, W. O. Halifield, trading as Texas Manufacturing Co., of Fort Worth, Tarrant County and L. P. Jeffries, of Lynn County, Texas, are Defendants, said Petition alleging that on the 1st day of January A. D. 1930, Plaintiff was lawfully seized and possessed of the following described lands and premises, situated in Lynn County, Texas, to-wit: All of lots Nos. 1, 2, 3 and 4 in block four (4), original

town of Newmoore, in Lynn County, Texas, owning and holding the same in fee simple. That on the day and year aforesaid, the Defendants unlawfully entered upon said premises and ejected Plaintiff therefrom, and unlawfully withheld from him the possession thereof, to his damage Fifteen Hundred Dollars. That the reasonable rental value of said land and premises is five hundred dollars. That said Defendants are setting up or claiming some pretended interest or title to the aforesaid land and premises. Plaintiff praying for citation to each of said Defendants as required by law, and that upon final hearing for judgment of the Court for title and possession of the above described lands and premises, and that the pretended claims or interests of the respective parties defendant be held for naught and in all things cancelled; that writ of restitution issue and for said rents, damages, and all costs of suit, and such other and further relief, general and special, etc. Petition endorsed suit for damages as well as to try title.

TWO VIEWS OF THE NEW FARM RELIEF MEASURE

Recognizing the fact that this is strictly an agricultural country and that the prosperity of all business in this section depends primarily on agriculture, we present below two views of the new Farm Relief law.

Whether the law recently enacted proves to be adequate to meet the situation and afford the desired relief or not, we believe that it is at least a beginning of the solution of the problem. Some believe that before any real and permanent relief can come, with respect to cotton, the Government must assume the task of fixing the price of the commodity and limiting the amount that may be placed on the market.

Co-operation Means Self-Help

Co-operation means essentially self-help. The machinery of co-operative marketing provides to a large extent the ways and means. The agricultural Marketing Act as created by Congress, and the plans and activities of the Federal Farm Board provides constructive forces. But to be a success to the fullest extent, and in order that farmers may reap worthwhile help; it is of paramount importance that the farmers help themselves. Without the acceptance of this program on the part of the individual farmer, he can hope for but little relief.

With respect to cotton, the Farm Relief Board has recognized co-operative marketing associations, they have stated that they can reach the individual farmer only through such organizations; they have placed millions of dollars at the disposal of the existing associations; they have co-operated in the formation of a gigantic national cotton marketing association with a capital stock of \$30,000,000; they have visited the various cotton producing states with a view of assisting in the development, enlargement and improvement of existing facilities for cotton co-operative marketing; they have indicated their willingness and their desire to go to even further limits in assisting the cotton farmers—if the

cotton farmers will try to help themselves.

In Texas only recently an important meeting was held at Austin at the call of the Federal Farm Board through Governor Moody. This conference was well attended and represented leaders in the various groups who are interested in the fullest advancement of Texas agriculture. Chairman Legge of the Federal Farm Board and Carl Williams, cotton representative on the Board were in attendance. This group was unanimous in their endorsement of the principles of co-operative marketing and shortly a committee appointed from this group will have completed drafts of suggested changes in existing methods of cotton co-operative marketing that it might be brought more directly to cotton growers and in larger numbers.

So in Texas as elsewhere, the challenge is presented directly to the growers themselves—will they help themselves, and will they accept machinery and facilities made available to them. This can be accomplished through co-operative marketing, but to be permanently successful, these organizations must be built up, financed, guided and directed by their members, controlling a greater percentage of the production.

The Federal Farm Board has assisted in the preliminary steps, and if the farmers themselves give their energetic support to the movement, the agricultural marketing act promises to be of real and great assistance to agriculture. But the act can function successfully "only if and when the farmers themselves go into the business of marketing through farmer-owned and farmer-controlled marketing agencies."

It is up to the farmers themselves through organization, to harness the immense powers granted the Federal Farm Board. So to this extent, at least, farm relief has been transferred to the producer. Already, however, co-operative marketing associations are realizing great growth and increased volume of the commodity handled by them. The last few months of 1929 were particularly representative. It is safe to predict, therefore, that 1930 will see the co-operative movement take a long step forward. The extent of this step, however, rests upon the farmers and their willingness to join with their neighbor in trying to bring real relief to themselves.—Farm Bureau News.

What Is Being Done for Cotton?

Cotton farmers throughout the South have grown impatient over the apparent delay in doing something for the staple which figures so largely in the balance of trade of this country. In fact no one now expects anything to be done much before another crop is planted, picked and made ready for the market. Something has been done for wheat. "Wheat," according to Senator Tom Connolly, "is a political crop," and therefore came in for immediate attention following the organization of the Federal Farm Board. Cotton, although represented on the Board, has been the subject of considerable dilly-dallying with an apparent purpose of forcing every grower

into a co-operative association. It was different with wheat. A stabilizing corporation appeared in the market with an offer to buy. Wheat jumped five cents per bushel without the corporation having to invest a dollar.

Farm and Ranch hopes that every cotton grower will become an active member in some recognized co-operative association. It also believes that it will never see the day when there will not be thousands of small farmers, tenants and others, who are not in position to become members of any association. These farmers have just as much equity in the money appropriated for farm relief as any other grower, and this must be recognized. Furthermore, we again agree with Senator Connolly that the relief sought cannot be found for all the growers without the aid of stabilization corporations.

So far as Farm & Ranch has been able to discover, Mr. Williams is not thinking out loud about anything but organizing more co-operatives, and while we express the hope that he will succeed in greatly increasing the number of farmers willing to work together co-operatively, we still believe that he will fall far short of rendering the cotton growers the service they have the right to expect until he does something to bring about a stabilization of prices.—Farm & Ranch.

MRS. TURRENTINE HOSTESS TO SANS SOUCI BRIDGE CLUB

Mrs. L. E. Turrentine entertained the Sans Souci Bridge Club in her beautiful new home Thursday afternoon. Four tables were in place and at the end of the games Mrs. Marshall Swan was found to have won high score.

The hostess served apple pie topped with whip cream and coffee to the following members: Mesdames Elbert Boullion, G. M. Stewart, Marshall Swan, Jerry Nash, Robert H. King, Otho Thomas, W. B. Slaton, Chas. F. Shook, Jack Alley, Bill Burleson, A. D. Sanders, Jr., Frank Larkin, Tom Lemond, and E. E. Callaway. The guests were Mesdames W. O. Henderson and Lane Moreland.

Smith Lawson is in Taft, California, where he has a good position.

Ben Hur Lawson is working at Grand Saline, for an oil company.

Sargon Sales Break Record

Famous Medicine Rapidly Becoming Household Word Throughout America—24 Carloads Sold in 27 States—Overwhelming Demand the One Great Outstanding Proof of Its Wonderful Merit

Most medicines are sold by the dozen or by the gross. A few are sold in larger quantities, but think of the medicine that sells in such enormous quantities that wholesale dealers are forced to buy it in solid carload lots to supply the demand that has been so phenomenal as to almost stagger the imagination.

That's just what has happened with Sargon, the celebrated new medicine that is now sweeping the country like a great tidal wave. Not only is the trade buying it in carload lots, but they are buying carload after carload, each car containing over 20,000 bottles of Sargon and Sargon Soft Mass Pills.

Twenty-four carloads in 25 days sold in only 27 states is the amazing record recently made by these wonderful medicines.

In the State of California where Sargon was introduced in April of last year, it has required 21 carloads to supply the ever increasing demand in this one state alone. Texas dealers required nine carloads in only four months.

A single New York firm, with wholesale branches in leading cities is selling at the rate of over a million and a quarter bottles a year.

"Phenomenal and bewildering" is the way one of the big drug jobbers of the country describes the marvelous demand for Sargon.

"It's the greatest seller within the memory of the oldest members of our organization," said another.

"We are selling more Sargon than any other ten medicines put together," said still another.

And so it is everywhere Sargon has been introduced. From Coast to Coast and from the Gulf to the Great Lakes, Sargon is known and honored.

Millions upon millions have used it and have told other millions what it has done for them. When suffering men and women find a medicine that helps them, they naturally want to tell their friends about it and in this way Sargon is fast becoming a household word throughout America.

SLAT'S DIARY

Friday—Well I was at a party to-night again down at Blisters house.

After I got thru washing up for the party ma examined me to see if I was any spots I had mist. and she looked at my teeth and sed they were extra clean. I sed well they should ought to be becuz they has been so many parties in the last week or two.

Saturday—Well I use to think Saturday was 1 of the best days in

the hole bunch but here of lately I don't no whether I like Saturday so well or not on acct. yu all ways half to take a bath and get cleaned up nearly every weak and Saturday is generally the occasion.

Sunday—It has snowed most of this P. M. and we had kinda lazy evening just setting here at home and I enjoyed myself watching pa trying to trim the finger nails on his left hand. That is more fun than most enny thing unless mebbly it mite be watching ma trying to drive nails with a hammar.

Monday—Ma and pa is all ready arguing about where they are a going to spen dthe vacashun. Pa says we are going to Nagry falls. He says when you look at them falls you realize how insignificant a man is. Ma says they aint no use to spend money to see that and she wants to go to the see shore. I would like to see the falls but I spos I will have to enjoy the sand beeches.

Tuesday—Jane tried to speak to me today but I gess I got even with her. I sent her a note on blank paper witch is to let her no that I am not tawking to her a tall. Let the woman greave.

Wednesday—The lodge witch pa belongs to give a vaudeville show to-nite and pa had been telling us about how he had a leading part in the show and when we got there we seen him a leading people up the ile and telling them where to set down at. Leading part into the show I gess.

Thursday—Well Jane spoke to me today. I went up to the library and she was setting there reading in a book and I sed Well witch wood you rather do tawk to me or read that

book and she sed. Well this is an offle interesting book. So I let her read. Let her greave some more.

LEGAL BLANKS—Crop and chattel mortgages and car and cattle bill of sale forms in stock at prices cheaper than you can buy them from any stationer.—Lynn County News.

SHORT COURSE TO BE HELD AT TEXAS TECH FEB. 3, 4, 5

LUBBOCK, Texas, Jan. 22.—Thousands of farmers and their wives are expected to gather here for the second annual Texas Technological College Farmers and Home Makers Short Course that will be held at the college Feb. 3, 4 and 5th.

Separate group meetings for men and the women are being worked out.

Miss Margaret W. Weeks, dean of the school of Home Economics is in charge of the program for the women's groups, which has been worked out by sending questionnaires to the farm women who attended last year. The questionnaires asked for suggestions as to what parts of the program they liked best last year, what problems the women would like to have discussed and other suggestions of this kind.

"We have had a most encouraging response to the questionnaires," Miss Weeks said here today, "and we feel that the program this year is to be

GLAMMY HANDS

Kentucky Lady Was Weak And Felt Miserable. Dizzy Spells Quit After She Took Cardui.

Danville, Ky.—"For a long time, I suffered with severe headaches and pains in my sides and back," says Mrs. Lottie Smallwood, residing at 116 Fourth Street, this city.

"I was very weak, and just not able to go about or do my work. I just felt miserable.

"I was all out of heart. I would have spells when my head would hum, and my feet and hands were clammy and cold.

"I would be so dizzy, I would fall. I had read of Cardui and what it had done for others, and so I, too, began taking it. I had been aching and hurting awfully.

"After I took Cardui, I quit having the dizzy spells. I kept on taking Cardui, and saw then that I was being helped. I was not nearly so weak, and from that time I have felt better. I took six bottles in all."

Cardui is a purely vegetable remedy and contains nothing harmful or injurious. It may be safely taken by a delicate young girl as well as by a feeble old lady.

Cardui has been in use by women for over 50 years, and great numbers of women have reported that it helped them back to health.

Get a bottle today.

a big improvement over last year's." Harley J. Bower, professor of agronomy and W. L. Stangel, head of the Animal Husbandry department have charge of the men's program.

In addition to the work being done by officials of the Texas Technological college in advertising the short course, a committee of farmers ever the section have been appointed to work up attendance and to otherwise stimulate interest in the school. This committee consists of the following: Douglas Pounds, Lubbock; James Burroughs, Lubbock; J. D. Coughlan, Ennis; J. R. McDuff, Crosbyton; J. W. Hammock, Sudan; M. Mitchell, Lamesa; C. B. Thomas, Plainview; H. L. Bock, Texhoma, Oklahoma; B. G. Smith, Amarillo; R. F. Cooke, Amarillo; W. F. Moore, Levelland; W. R. Richards, Ralls; J. A. Johnson, Brownfield; Frank Triplett, Plainview.

BREEDER'S SCHOOL TO BE HELD AT BROWNFIELD SOON

CANYON, January 21.—Directors and friends of the Panhandle Swine Breeders Association on the South Plains will find themselves school boys next month at Brownfield, if the plans now being arranged by Professor Frank Phillips, head of the department of agriculture at the West Texas State Teachers College are carried out.

A two days school and sale will be held beginning February 11. The ideal type of hog one should select for breeding will be stressed the first day. The discussion of this subject is planned to help prospective buyers in selecting during the sale on February 12th the kind of hog which will serve best their interests.

Mr. Charles L. Franz of Turkey, president of the Texas Swine Growers Association, and Secretary E. M. Regenbrecht of the Texas Agricultural and Mechanical College, will also be present and take part in the discussions. Teachers from the Texas Technological College at Lubbock will participate in the school.

If you imagine your lot is a hard one just consider the case of two million Chinese who are doomed to death due to famine conditions in China. As long as we have health and three meals a day we have much to be thankful for—Big Spring News.

REPORT CARD—for Common and Independent Schools are now available at The News office.

PROGRAM OF EXECUTIVES MEETING IS ANNOUNCED

LUBBOCK, Texas, Jan. 21.—The complete program of the semi-annual meeting of the South Plains Commercial Executives Association at Lubbock, Tuesday, January 23, has been announced by C. C. Williams, secretary of the Tahoka Chamber of Commerce, who is also secretary of the executives organization.

Colvin B. Brown, manager of the organization service of the Chamber of Commerce of the United States, D. A. Bandeen, manager of the West Texas Chamber of Commerce and Sterling C. Evans, district agent of the Texas Extension Service are the speakers.

CITATION BY PUBLICATION

THE STATE OF TEXAS, To the Sheriff or any Constable of Lynn County, Texas, Greeting:

You are hereby commanded to summon Seth A. Moore and his wife, R. M. Moore and his wife, G. M. Moore, and J. A. Moore, and his wife, Ivyreen Moore, by making publication of this citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in the nearest county where a newspaper is published to appear at the next regular term of the District Court, of Lynn County, Texas, to be held at the Courthouse thereof in Tahoka, on the seventeenth day of February A. D. 1930, then and there to answer a petition filed in said court on the 16th day of January A. D. 1930, in a suit numbered on the docket of said Court No. 821, wherein, F. M. Mason is Plaintiff, and Seth H. Moore, and his wife G. M. Moore, and J. A. Moore and his wife Ivyreen Moore, and The Murray Company, a Corporation, Clecro-Smith Lumber Co., a Corporation, Sorrels Lumber Co., a Corporation, W. O. Halfield, trading as Texas Manufacturing Co., of Fort Worth, Tarrant County and L. P. Jeffries, of Lynn County, Texas, are Defendants, said Petition alleging that on the 1st day of January A. D. 1930, Plaintiff was lawfully seized and possessed of the following described lands and premises, situated in Lynn County, Texas, to-wit: All of lots Nos. 1, 2, 3 and 4 in block four (4), original

town of Newmoore, in Lynn County, Texas, owning and holding the same in fee simple. That on the day and year aforesaid, the Defendants unlawfully entered upon said premises and ejected Plaintiff therefrom, and unlawfully withholds from him the possession thereof, to his damage Fifteen Hundred Dollars. That the reasonable rental value of said land and premises is five hundred dollars. That said Defendants are setting up or claiming some pretended interest or title to the aforesaid land and premises. Plaintiff praying for citation to each of said Defendants as required by law, and that upon final hearing for judgment of the Court for title and possession of the above described lands and premises, and that the respective parties defendant be held for naught and in all things cancelled; that writ of restitution issue and for said rents, damages, and all costs of suit, and such other and further relief, general and special, etc. Petition endorsed suit for damages as well as to try title.

TWO VIEWS OF THE NEW FARM RELIEF MEASURE

Recognizing the fact that this is strictly an agricultural country and that the prosperity of all business in this section depends primarily on agriculture, we present below two views of the new Farm Relief law.

Whether the law recently enacted proves to be adequate to meet the situation and afford the desired relief or not, we believe that it is at least a beginning of the solution of the problem. Some believe that before any real and permanent relief can come, with respect to cotton, the Government must assume the task of fixing the price of the commodity and limiting the amount that may be placed on the market.

But read the following: Co-operation Means Self-Help

Co-operation means essentially self-help. The machinery of co-operative marketing provides to a large extent the ways and means. The agricultural marketing act is created by Congress, and the plans and activities of the Federal Farm Board provides constructive forces. But to be a success to the fullest extent, and in order that farmers may reap worthwhile help, it is of paramount importance that the farmers help themselves. Without the acceptance of this program on the part of the individual farmer, he can hope for but little relief.

With respect to cotton, the Farm Relief Board has recognized co-operative marketing associations, they have stated that they can reach the individual farmer only through such organizations; they have placed millions of dollars at the disposal of the existing associations; they have co-operated in the formation of a gigantic national cotton marketing association with a capital stock of \$30,000,000; they have visited the various cotton producing states with a view of assisting in the development, enlargement and improvement of existing facilities for cotton co-operative marketing; they have indicated their willingness and their desire to go to even further limits in assisting the cotton farmers—if the

cotton farmers will try to help themselves.

In Texas only recently an important meeting was held at Austin at the call of the Federal Farm Board through Governor Moody. This conference was well attended and represented leaders in the various groups who are interested in the fullest advancement of Texas agriculture. Chairman Legge of the Federal Farm Board and Carl Williams, cotton representative on the Board were in attendance. This group was unanimous in their endorsement of the principles of co-operative marketing and shortly a committee appointed from this group will have completed drafts of suggested changes in existing methods of cotton co-operative marketing that it might be brought more directly to cotton growers and in larger numbers.

So in Texas as elsewhere, the challenge is presented directly to the growers themselves—will they help themselves, and will they accept machinery and facilities made available to them. This can be accomplished through co-operative marketing, but to be permanently successful, these organizations must be built up, financed, guided and directed by their members, controlling a greater percentage of the production.

The Federal Farm Board has assisted in the preliminary steps, and if the farmers themselves give their energetic support to the movement, the agricultural marketing act promises to be of real and great assistance to agriculture. But the act can function successfully "only if and when the farmers themselves go into the business of marketing thru farmer-owned and farmer-controlled marketing agencies."

It is up to the farmers themselves through organization, to harness the immense powers granted the Federal Farm Board. So to this extent, at least, farm relief has been transferred to the producer.

Already, however, co-operative marketing associations are realizing great growth and increased volume of the commodity handled by them. The last few months of 1929 were particularly representative. It is safe to predict, therefore, that 1930 will see the co-operative movement take a long step forward. The extent of this step, however, rests upon the farmers and their willingness to join with their neighbor in trying to bring real relief to themselves.—Farm Bureau News.

What Is Being Done for Cotton?

Cotton farmers throughout the South have grown impatient over the apparent delay in doing something for the staple which figures so largely in the balance of trade of this country. In fact no one now expects anything to be done much before another crop is planted, picked and made ready for the market. Something has been done for wheat. "Wheat," according to Senator Tom Connolly, "is a political crop," and therefore came in for immediate attention following the organization of the Federal Farm Board. Cotton, although represented on the Board, has been the subject of considerable dilly-dallying with an apparent purpose of forcing every grower

into a co-operative association. It was different with wheat. A stabilizing corporation appeared in the market with an offer to buy. Wheat jumped five cents per bushel without the corporation having to invest a dollar.

Farm and Ranch hopes that every cotton grower will become an active member in some recognized co-operative association. It also believes that it will never see the day when there will not be thousands of small farmers, tenants and others, who are not in position to become members of any association. These farmers have just as much equity in the money appropriated for farm relief as any other grower, and this must be recognized. Furthermore, we again agree with Senator Connolly that the relief sought cannot be found for all the growers without the aid of stabilization corporations.

So far as Farm & Ranch has been able to discover, Mr. Williams is not thinking out loud about anything but organizing more co-operatives, and while we express the hope that he will succeed in greatly increasing the number of farmers willing to work together co-operatively, we still believe that he will fall far short of rendering the cotton growers the service they have the right to expect until he does something to bring about a stabilization of prices.—Farm & Ranch.

Most medicines are sold by the dozen or by the gross. A few are sold in larger quantities, but think of the medicine that sells in such enormous quantities that wholesale dealers are forced to buy it in solid carload lots to supply the demand that has been so phenomenal as to almost stagger the imagination.

That's just what has happened with Sargon, the celebrated new medicine that is now sweeping the country like a great tidal wave. Not only is the trade buying it in carload lots, but they are buying carload after carload, each car containing over 20,000 bottles of Sargon and Sargon Soft Mass Pills.

Twenty-four carloads in 25 days sold in only 27 states is the amazing record recently made by these wonderful medicines.

In the State of California where Sargon was introduced in April of last year, it has required 21 carloads to supply the ever increasing demand in this one state alone. Texas dealers required nine carloads in only four months.

A single New York firm, with wholesale branches in leading cities is selling at the rate of over a million and a quarter bottles a year.

"Phenomenal and bewildering" is the way one of the big drug jobbers of the country describes the marvelous demand for Sargon.

"It's the greatest seller within the memory of the oldest members of our organization," said another.

"We are selling more Sargon than any other ten medicines put together," said still another.

And so it is everywhere Sargon has been introduced. From Coast to Coast and from the Gulf to the Great Lakes, Sargon is known and honored.

Millions upon millions have used it and have told other millions what it has done for them. When suffering men and women find a medicine that helps them, they naturally want to tell their friends about it and in this way Sargon is fast becoming a household word throughout America.

SLAT'S DIARY

Friday—Well I was at a party to-night again down at Blisters house.

After I got thru washing up for the party ma examined me to see if I was any spots I had mist, and she looked at my teeth and sed they were extra clean. I sed well they should ought to be becuz they has been so many parties in the last week or two.

Saturday—Well I use to think Saturday was 1 of the best days in

the hole bunch but here of lately I don't no whether I like Saturday so well or not on acct. yu all ways half to take a bath and get cleaned up nearly every weak and Saturday is generally the occasion.

Sunday—It has snowed most of this P. M. and we had kinda lazy evening just setting here at home and I enjoyed myself watching pa trying to trim the finger nails on his left hand. That is more fun than most enny thing unless meby it mite be watching ma trying to drive nails with a hammar.

Munday—Ma and pa is all ready arguing about where they are a going to spen dthe vacashun. Pa says we are going to Nagry falls. He says when you look at them falls you realize how insignificant a man is. Ma says they aint no use to spend money to see that and she wants to go to the see shore. I would like to see the falls but I spos I will have to enjoy the sand beeches.

Tuesday—Jane tried to speak to me today but I gess I got even with her. I sent her a note on blank paper witch is to let her no that I am not talking to her a tall. Let the woman grieve.

Wednesday—The lodge witch pa belongs to give a vaudeville show to-nite and pa had been telling us about how he had a leading part in the show and when we got there we seen him a leading people up the lle and telling them where to set down at. Leeding part into the show I gess.

Thursday—Well Jane spoke to me today. I went up to the library and she was setting there reading in a book and I sed Well witch wood you rather do tawk to me or read that

book and she sed. Well this is an offle interesting book. So I let her read. Let her grieve some more.

LEGAL BLANKS—Crop and chattel mortgages and car and cattle bill of sale forms in stock at prices cheaper than you can buy them from any stationer.—Lynn County News.

**SENATOR MAYFIELD ENTERS
RACE FOR GOVERNOR**

Senator Earle B. Mayfield has
announced his candidacy for govern-
or and the gist of his platform was
published in the daily papers of Tex-
as Sunday.

His announcement and platform
have set all the local political prop-
hets to talking. In fact his an-
nouncement for this office is the
first one that has caused a real flur-
ry, locally, in the political situation.
Not even the tentative announce-
ment of Jim Ferguson a few weeks
ago that he would probably be a
candidate created as much interest
here as has Mayfield's entry into the
contest.

This interest is due both to May-
field's personality and his platform.
He has had a long and varied politi-
cal career. First elected to the
state senate, then a successful candi-
date for railway commissioner, and
later the winner in a spectacular
race for the U. S. Senatorship, May-
field has met only one defeat in his
political career of almost twenty-
five years, being defeated for re-
election to the Senate by Tom Con-
nelly in 1928.

Mayfield is conceded to be one of
the most astute and resourceful
politicians in Texas. Suave and even-
tempered, possessing a pleasing
personality, logical and forceful on
the stump, he is one of the best
campaigners in the state.

Moreover, his platform, as pub-
lished in condensed form in the daily
papers Sunday, is generally conceded
to be one of the most timely and

sensible political pronouncements
concerning the various problems con-
fronting the people of Texas that
has been issued in a long time. It
touches upon nearly every vital is-
sue and offers at least a plausible
solution for almost every problem.
Especially is his position satisfac-
tory and even gratifying to West
Texans. We can mention only a few
of his platform planks—there are
twenty-two in all.

First, he declares unequivocally
for law enforcement. He says that
those who advocate "nullification" of
any law are in "open rebellion"
against organized government. He
admits that any person has the right
to advocate the repeal of any statute
or any amendment to the state or
the Federal constitution, "but to
preach the outright nullification of
the organic law of our country is to
preach anarchy."

He also asserts that there are
some political "Tammany Halls"
here in Texas whose methods would
put the New York Tammany to
shame, and he proposes to see that
these politically corrupt machines
are put out of business if he is elect-
ed governor.

He favors court reform and says
he would favor the creation of a
commission composed of seven or
nine members selected from higher
and trial courts to work out a sys-
tem of court reform to be recom-
mended to the legislature.

He thinks that the "chain stores"
threaten the destruction of independ-
ent retailers and tend to create
monopolies which are contrary to the
genius of a free government, and he
would advocate legislation to curb
and control their activities.

He would have the state reimburse
the farmers in those ten western
counties which were placed in a
"regulated zone" for the expenses
which they were obliged to incur in
the fight against the threatened
spread of the pink boll worm.

He would recommend legislation
to withdraw "vacant" lands from the
market, where they are found to ex-
ist and to give the owner of the land
on which the excess exists the first
right to buy it.

He would abolish the ad valorem
tax as far as possible and substitute
other methods of taxation. A small
tax on cosmetics, ginger ale, ex-
tracts, cigars and cigarettes is ad-
vocated, and public service corpora-
tions and concerns doing a state-

wide business should be brought un-
der the intangible tax law.

He discusses education at length
and advocates a nine-months term
for rural schools.

He opposes the proposed state-
wide bond issue.

He opposes the concentration of
the prison system on land to be pur-
chased near Austin but favors the
rebuilding of the system on land
already owned by the state.

He says tests for oil should be
made on one of the prison farms,
since oil is being extracted in large
quantities from neighboring lands.

If the Federal Farm Relief meas-
ure fails to accomplish its purpose,
he proposes a farm relief measure
of his own. He also favors the adop-
tion of a system now employed in
many other counties to make the
owning of homes possible and profit-
able to the small farmer. In some
of the counties which have adopted
this plan, he claims that 90 per cent
of the farmers own their homes,
while in Texas a majority of the
farmers are tenants.

Mayfield is expected to make a
vigorous campaign of the state and
to elaborate his views on all the
above and other matters. That he
will be a formidable candidate, there
can be little doubt.

**ANOTHER DEPLORING CRY
COMES FROM CHINA**

Two million people are said to be
starving in China.

China is a long way off and the
Chinese are regarded as an inferior
race; therefore we do not get excit-
ed when newspapers and magazines
bring graphic news stories of the
pitiable conditions that exist there.

But if we found even one Chinese
child here in our home town famish-
ed and starving, naked and cold, we
imagine that the whole town would
be moved to pity and all would wish
to help save its life.

There are hundreds of thousands
of them in this condition in China,
and we imagine that the pangs of
hunger and cold are just as poignant
in China as in Tahoka.

We do not know whether or not
any steps are being taken in Amer-
ica to send relief. The American Red
Cross has done a wonderful work in
almost every emergency in recent
years. It has collected vast sums of
money to relieve the hungry and the
distressed in many lands. It
seems to us the situation in heathen
China is a challenge to Christian
America today—America wallowing
in wealth, whizzing about on wheels,
spending hundreds of millions of dol-
lars a year for gasoline, hundreds of
millions for perfumes and cosmet-
ics, hundreds of million for candy, a
billion for theatres and movies, a
billion for soft drinks and ice cream,
and two billion for tobacco. It does
seem that profligate America, spend-
ing these vast sums of money for
luxuries, could afford to spend a few
million dollars to save the lives of
a couple of million fellow human be-
ings.

Can America afford to be deaf to
the cries of these starving, freezing
children, even though their complex-
ion may be yellow and though they
do live on the other side of the
world? Can America continue to
fiddle while China starves and still
expect to hear the benedictions of a
merciful God? When the doom of
the nations is finally pronounced,
will America hear the approving
words, "Well done, thou good and
faithful servant", or will she hear
that other fearful pronouncement,
"Depart from me, ye cursed * * *
For I was hungry and ye gave me
no meat, naked and ye clothed me
not * * * For inasmuch as ye
did it not unto the least of these, ye
did it not unto me."

The only two Democrats who have
been elected President of the United
States since the Civil War were,
at some time in their careers, bolt-
ers. Grover Cleveland refused to
bow to the Tammany machine and
won the governorship of New York
and the Presidency of the United
States with only passive support
from that organization. While he
was yet in the Presidency he refus-
ed to vote for Bryan, the Democrat-
ic nominee, but supported Palmer
and Buckner, nominees of the bolt-
ing gold standard Democrats. Wil-
son likewise bolted the regular Dem-
ocratic ticket in 1896 and refused to
vote for Bryan. Later he defied
Tammany Hall and was nominated
and elected President with the help
of Bryan and without the active help
of Tammany. "Bolters" are not in
such bad company after all.

We rise to repeat that if there is
lethargy and laxity in the enforce-
ment of the dry laws in Texas, state
and local officers are to blame, not
Federal authorities. Texas has a
good enforcement broom and plenty
of officers whose duty it is to wield
it. Let her sweep her own floors
and not try to pass the buck to the
national government.

The handful of wets in the House
and Senate have been making a vi-
cious assault upon Prohibition. They
have been criticizing the law because
they say it can not be enforced and
on the other hand have been abusing
those who have been seriously
attempting to enforce it. The
drys, for the most part, have
been too apologetic. They have been
willing to concede, many of them,
that the law has been a failure. It
has not been a failure. It has been
a gratifying success. It was good
therefore to hear Morris Sheppard
the other day come to the defense of
the law and to refer to the "tri-
umphant tread" of Prohibition. Mor-
ris and his dry compatriots are hav-
ing a hard time meeting the unjust
and hypocritical assaults of the mil-
litant liquor advocates. But if Mor-
ris had been successful in his at-
tempts to elect Al Smith President
in 1928, he would have been up
against the real thing sure enough in
his efforts to save the life of his
baby, the Eighteenth Amendment.
If Morris will continue to fight,
however, we will forgive him for his
mistake of 1928.

If all of us would obey the law,
the problem of law enforcement
would already be solved. We need
to stress law observance now just
about as much as law enforcement.
We should not help the bootlegger
violate the law by purchasing his
booze; We should not encourage vi-
olation of our Sunday laws by attend-
ing amusements which are forbidden
on Sunday nor by purchasing goods
forbidden to be sold on Sunday. We
should not endanger the lives of oth-
ers and creates disrespect for law by
openly and flagrantly and habitually
violating the traffic laws. It may
be that the purchaser of liquor is
just as guilty, morally, as the sell-
er. It may be that those who attend
public amusements on Sunday are
just as guilty as those who operate
them. It may be that those who buy
goods on Sunday are just as guilty
as those who sell them. What we
need in this country is a more
healthy sentiment for law observance.
Let all good people observe
all the laws and it will be easy to
compel the criminal to do so.

While the News regards both Bar-
ry Miller and Tom Love as able men,
well qualified from the standpoint of
ability and knowledge of the state's
needs to serve as a governor, yet we
believe that it would be to the best
interests of Texas at this particular
time for both of them to withdraw

from the governor's race and thus
make it possible for the animosities
of the past to die. We believe furth-
er that the state executive commit-
tee of the Democratic party could do
the party and the state a splendid
service by refusing to further stir
up the animosities of the past. No
good can come of this spirit of crim-
ination and recrimination. Let us
have peace.

"Vengeance is mine, I will repay,
saith the Lord." We commend this
scripture to some of our politicians
who seem to be bent on wreaking re-
venge on their political and person-
al enemies.

Texas manufactures more than
half the cotton gins produced an-
nually in the United States, accord-
ing to a Dallas manufacturer.

FARM LOANS; CITY LOANS

Let us re-finance that old 8 percent loan on your farm into a
loan with cheaper rate of interest, or take up those 8 percent
vendor's lien notes and convert them into a loan with cheaper
rate of interest; see us.

**Make this Simple Test!
and Decide for Yourself
Which is the BEST FEED for Your Hens**

ALK—like some poultry feeds—is cheap. Confronted by the con-
flicting claims of many feed manufacturers (all claiming "the best")
you are apt to conclude that all feeds are alike—or else that their makers have
but scant regard for the truth.

Why not decide for yourself—uninfluenced by personality or arguments?

When you buy feed, you want to get your money's worth; you want
egg-making material—not alfalfa meal and other high-fibre "fillers" which
are condemned by the leading agricultural colleges and experiment stations.

Here's How You Can See How Much FEED You Get!

USE any glass receptacles (two fruit jars
will do). Place in one, 1/4 lb. of
RED CHAIN Orange-Vitamine Egg Mash;
in the other, 1/4 lb. of any other com-
mercial egg mash. They add 2 lbs. of water
to each, stir thoroughly and allow to settle.

(The drawings of this
"wash" were made
from actual photo-
graphs of a test be-
tween RED CHAIN
and another well-
known egg mash.)

THE difference is as-
tonishing! In both
jars the real feed settles
to the bottom and the
waste matter rises to
top. In the RED
CHAIN jar only a few
black specks (char-
coal) float; but in the other you'll find a thick
rim of alfalfa stems and other fibrous waste
matter!

We Sell RED CHAIN Because It's SUPERIOR-Feed

WARNER CLUB ENTERTAINED BY TWO HOSTESSES JAN. 8

On January eighth, Mrs. Nash and Mrs. Nelson were hostesses to the Phebe K. Warner Study club at the home of Mrs. Nash on Sweet Street.

The club at the last meeting before Christmas voted to have two programs in one. The lessons for the day were Sequoia and General Grant and Yosemite National Parks. Roll Call—Some point of interest in Yosemite Park or tell the height and diameter of one of the big sequoias. Several instructive talks were made on the three most interesting parks of California. The Club voted a tea and Colonial party for February. The date will be selected later.

Mrs. Larkin Weathers was voted a very welcome membership to the Club.

Little Mary Margaret Tunnell and Baby Nelson favored the club with charming readings.

A delicious salad course was served to Mesdames Townes, Henderson, Haney, Nevels, Turrentine, Williams, Fenton, Elliott, Stewart Slaton, Callaway, Applewhite Nelson and Noah, members and Mrs. Conway and Mrs. Holmes, guests.

WELLS NEWS

Mr. and Mrs. Levi Gray are leaving for Amarillo Tuesday, January 21. They were planning to leave last week but could not go because of bad weather.

Last Friday was the coldest day of this winter so far. Many of the pupils were absent from school.

There was a small rain Sunday night January 19. The water froze on the ground.

The boys and girls basketball teams are going to play Draw Wednesday on the latter court, if the weather permits. They could not play Friday because of bad weather.

Mr. Hobert Jordan started to O'Donnell High School Monday, Jan. 20.

We are sorry that Miss Thelma Greenwade did not come to our club Monday, January 20th. The girls here are very much interested in the work of Miss Greenwade and are disappointed if she fails to come.

Miss Maye Cunningham spent the day with Miss Lois Yeatts Sunday, January 19th.

Mr. and Mrs. J. R. Jones and family moved to the O. K. Community.

There is one automobile for every 4.38 persons in Texas, figuring on the anticipated registration for the year with one month estimated.

CITATION BY PUBLICATION

THE STATE OF TEXAS
To the Sheriff of any Constable of Lynn County, Greeting:

You are hereby commanded to summon Hugh Cairney by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in the nearest County where a newspaper is published, to appear at the next regular term of the District Court of Lynn County, to be holden at the Court House thereof, in Tahoka, Texas, on the 3rd Monday in February A. D. 1930, the same being the 17th day of February A. D. 1930, then and there to answer a petition filed in said Court on the 6th day of January A. D. 1930, in a suit, numbered on the docket of said court as No. 818, wherein Pearl Cairney is Plaintiff and Hugh Cairney is Defendant, and said petition alleging:

To the Honorable Gordon B. McGuire, Judge of said court:

Now comes Pearl Cairney, hereinafter called plaintiff, complaining of Hugh Cairney, hereinafter styled defendant, and for cause of action plaintiff respectfully makes the following representations to the courts:

1. That plaintiff is a resident of Lynn County, Texas, where she has resided continuously for a period of more than twelve months next before exhibiting this her petition, which said residence is and has been during all of said period of time actual and bona fide, and that the place of residence of the defendant is to the plaintiff unknown, though she has made diligent inquiry and effort to ascertain the place of residence of said defendant.

2. That plaintiff and defendant were married in the City and County of Denver in the State of Colorado, on the 20th day of March, 1927, and thereafter they moved to Lynn County, Texas, where they resided on and

prior to the month of June, 1928; that within a short time after said marriage the defendant began a studied course of coarse and abusive conduct toward plaintiff showing a fixed hatred and aversion of the defendant toward plaintiff; that defendant would fly into rages of ill temper and would apply vile and opprobrious epithets to and concerning plaintiff; that defendant would, without just cause, kick and abuse plaintiff's small children in the presence of plaintiff and over protests; that said course of harsh and cruel treatment on the part of defendant, toward plaintiff continued with increased harshness and violence until on or about the 12th day of June, 1928, when the defendant, without cause or provocation, flew into a rage and violently kicked plaintiff, bruising and injuring her, that the defendant then left the plaintiff in destitute circumstances, and plaintiff has not heard from the defendant or known of his whereabouts since said time; and that said conduct on the part of said defendant was such as to render their further living together as husband and wife insupportable.

3. Plaintiff alleges that during the time she and the defendant lived together as husband and wife, she was kind and affectionate to the defendant and performed all the duties incumbent upon her as a loving and dutiful wife, but that the defendant, unmindful of his duties as husband, and without just cause or provocation, conducted himself toward plaintiff as hereinabove alleged, rendering their future living together unbearable and insupportable, for which said cause plaintiff should be divorced from her bonds of matrimony with the defendant.

4. That no child or children were born of said marriage, and that there is no community property belonging to the plaintiff and defendant.

5. Wherefore plaintiff prays the court that the defendant be cited to appear and answer this petition, and for judgment dissolving said marriage relations, for all costs of suit, and for such other and further relief, both general and special, in law and in equity, to which she may be justly entitled, as in duty bound she will ever pray.

M. W. WHEELER
Attorney for Plaintiff

Herein Fall Not, but have you before said court, at its aforesaid next

regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the Seal of said Court, at office in Tahoka, Texas, this the 7th day of January A. D. 1930.

TRUETT SMITH, Clerk
District Court, Lynn County, Texas

Check these features in the sensational new CHEVROLET SIX

The sensational value of the Greatest Chevrolet in Chevrolet History is based on definite points of superiority—which you can easily check for yourself. From its improved 50-horsepower six-cylinder valve-in-head engine, to its beautiful new bodies by Fisher—it sets a new standard of quality for the low-price field.

A few of Chevrolet's extra-value features are listed on this page. Check them over carefully. Then come in and drive this car. It will take you only a few minutes to find out why it is causing more comment and winning more praise than any Chevrolet we have ever shown. For it is a finer Six in every way—yet it sells—

The COACH

HYDRAULIC SHOCK ABSORBERS
Four Delco-Lovejoy hydraulic shock absorbers on all models eliminate road shocks and increase comfort.

50-HORSEPOWER MOTOR
A great six-cylinder motor, increased to 50 horsepower, gives smoother, quieter operation, with greater power.

BRONZE-BUSHED PISTONS
The stronger, lighter pistons are bushed with high-grade bronze to provide smoother operation and longer life.

NEW HOT-SPOT MANIFOLD
A larger hot-spot manifold insures complete vaporization of fuel—improving performance and efficiency.

STRONGER REAR AXLE
Larger and stronger rear axle gears—made of the finest nickel steel—add to durability and long life.

NEW ACCELERATION PUMP
A new automatic acceleration pump provides the flashing acceleration which modern traffic necessitates.

WEATHER-PROOF BRAKES
Fully-enclosed, internal expanding weather proof brakes assure positive brake action at all times.

GASOLINE GAUGE ON DASH
The instrument panel carries a new grouping of the driving controls—including a gasoline gauge.

NON-GLARE WINDSHIELD
The new Fisher body non-glare windshield deflects the glare of approaching headlights.

LARGER BALLOON TIRES
New, larger, full-balloon tires with smaller wheels improve roadability, comfort and appearance.

TWO-BEAM HEADLAMPS
Two-beam headlamps controlled by a foot button permit courtesy, without dimming the lights.

ADJUSTABLE DRIVER'S SEAT
All closed models have an adjustable driver's seat—a turn of the regulator gives the proper position.

Snowden Chevrolet Company

A SMOOTHER, FASTER, BETTER SIX

SAYS PRIMARY ELECTION LAWS SHOULD BE CHANGED

Fred Mathews of Grassland has long been an advocate of the wide open primary. He thinks our primary system is all wrong. He does not believe that the law should require the printing of any pledge on any ballot in any primary. Recently he has been making some investigations as to the law governing party primaries in other states, having written party leaders in these states for information. He has already received answers from five states and the information given is both interesting and enlightening. Below is a letter written to him under the date of January 14th, 1930, by Frank J. Donahue of Boston, chairman of the Democratic State Committee of Massachusetts:

"In reply to your inquiry as to whether there is a primary pledge on the ballot in Massachusetts, I would say that there is not. Under the Massachusetts law, we have a Republican ballot in the primary and a Democratic Ballot. The primary is conducted by the Commonwealth and not by the parties. The parties can make no rules or regulations governing the primaries.

"The state law is that if you take a Republican ballot in the primary this year, you must continue receiving a Republican ballot in each subsequent primary unless, 30 days before the primary, you go to the municipal election officers and have your party designation changed. The same rule applies to members of both parties of course.

"There is nothing in our law to prevent a Republican voting the Democratic ticket in November and then voting the Republican ballot at the primary. There is nothing to prevent a Democrat from doing likewise. The point is, that here the parties have no control over the caucuses or primaries. They are all conducted under the auspices of the State. Everything is secret. There is no pledge on the ballot and neither party can exact a pledge."

A letter from Enos Ray of Baltimore, chairman of the Maryland Democratic State Central Committee, says:

"Replying to your inquiry of recent date in reference to the Primary Election Laws of Maryland, I would say that our statute does not provide for the pledge you mention. Of course, there is a moral obligation on the part of the voter when he goes into the primary to support the nominee."

United States Senator Allen W. Barkeley of Kentucky writes as follows:

"Replying to your inquiry of January 9th, I beg to say that the primary ballot in Kentucky contains no written pledge of any sort.

"Our primary law provides that all known Democrats or Republicans can vote in their respective primaries, but it also contains a provision that if the voter voted against the nominees of his party in the previous general election, he may not be allowed the right to participate in the primary if the vote is challenged. However, this provision has been a dead letter, and no serious effort has ever been made to impose it.

"The law of Kentucky does not specifically require that the voters pledge themselves to support the nominees of their party. It is merely more or less a moral obligation, there is no legal requirements to that effect."

Thomas S. Allen, Attorney-at-Law, Lincoln, Nebraska, advises as follows:

"Your letter received. Replying I have to say that the Nebraska statutes do not require a primary pledge. Outside a half dozen of the larger cities, voters do not register for the primary election. In the larger cities voters are required to register and to state with what party they are affiliated but are not pledged to support the party nominees.

"Candidates for office when filing make the following pledge: 'I pledge myself to abide by the results of said primary election and qualify if elected.'"

From Utah comes the following information given by Delbert M. Draper, Attorney-at-Law, Salt Lake City.

"Replying to your inquiry you are advised that the Utah Statutes do not demand a primary pledge, either state or national, at any time or

under any circumstances."

We shall print communications from other states as they are received and furnished us by Mr. Mathews. The above letters are certainly very illuminating, and we believe that Mr. Mathews is due the thanks of all our readers for the valuable information he is gathering.

ALLEY AND WEAVER TO TAKE INDUSTRIAL CENSUS

Jack Alley and A. C. Weaver have been appointed to take the industrial census of Lynn County for the U. S. Government. This work will begin on February 1 and will continue through the month. Information as to manufactures and industries will be gathered. This work is distinct from the regular decennial census, which will be taken in April.

Speaking of the decennial census, Mr. Alley states that there will probably be four enumerators for Lynn county. None of these has yet been selected. About thirty applications have been made. These applications will be examined as to their qualifications and four of the number passing the examination will be selected. It is understood that these enumerators will be appointed about March 20. Dr. I. E. Barr of Lubbock is supervisor for district No. 7, which includes Lynn County.

Mr. and L. C. Haney have been visiting relatives in Carbon, since Sunday.

REPORT CARD—for Common and Independent Schools are now available at The News office.

MANUSCRIPT COVERS—\$1.50 per box of 100, two covers for 5c.—The News.

SECOND SHEETS, manilla, 8 1/4 x 11, 500 for 75c at The Lynn County News.

SIX MILLION CHILDREN IN JUNIOR RED CROSS

The year 1929 marks the tenth anniversary of the founding of the American Junior Red Cross. There are now Junior Red Cross societies in forty-one nations, all pledged in the common cause of service to their fellows.

Membership in the American Junior Red Cross in the United States and insular possessions is 6,878,000, and is largely through grade and high schools and private schools. The organization is governed by the boys and girls. One of its chief features is conduct of international correspondence with schools of other nations, through exchange of albums and small gifts. The American Juniors sent 85,000 Christmas boxes of small gifts to children of many nations last year.

The American Junior Red Cross gained \$49,171 in membership last year.

Compass

The origin of the modern compass is obscure. Some students of the instrument was said to have been introduced into Europe from the East. Others say it was a Western invention. It was certainly known to European navigators as early as the Twelfth century. Guyot de Provins, whose satirical "bielle" is supposed to have been completed in 1205, described "a contrivance" of sailors which never deceived them.

"They have an ugly brown stone which attracts iron," he wrote. "They mark the exact quarter to which the needle points, which they have rubbed on this stone, and afterward stuck into a straw. They merely put it in water, in which the straw causes it to swim; then the point turns directly toward the North star, with such certainty that it will never fall." Guyot wrote about the compass as if it were a new thing, but other writings reveal that the English in the Twelfth century had already mounted the needle on a pivot and so done away with the straw and water.—New York Times.

No Prize Offered for "Mare's Nest" Discovery

"Mare's Nest" is a phrase which we occasionally hear and which we understand to refer to almost any sort of a discovery which upon its face and at first sight seems to be of considerable importance, but which subsequently is ascertained to be a hoax. By inference, therefore, a "mare's nest" has acquired the meaning of something that does not exist.

Just how the expression originated is not clearly established. However, it is authentically conceded that it was first employed over 300 years ago by John Fletcher and that he himself probably adapted it from an earlier phrase, "horse's nest," which, in the then vernacular, referred to any story worn threadbare by constant repetition. This latter is said to have been first used by Stanyhurst at the end of the Sixteenth century.

The line, "He's come upon a mare's nest and is laughing at the eggs," is frequently heard in Ireland to express derision at somebody who thinks he has discovered something startling when it is in fact something known to all.—Kansas City Times.

SERVICES AT BAPTIST CHURCH

It is possible but not deemed probable that Rev. O. J. Hull, pastor at Gatesville, will be here to fill the Baptist pulpit Sunday. It is regarded as more probable that he will not reach Tahoka till Tuesday afternoon and will conduct services Tuesday and Wednesday nights. He was prevented from being here last Wednesday night by the extremely cold weather and bad roads.

If there is no preaching service at the Baptist Church Sunday morning, it is planned for the entire church to meet immediately following the Sunday school in a prayer service. The matter of calling a pastor and the future work of the church will be the special objects of prayer. It is desired by the pulpit committee that every member of the church, young or old, shall be in this service. The great old hymns will probably be used almost exclusively and a very spiritual service is expected and desired.

South Ward Items

Brother C. L. Dykes will preach at South Ward school Sunday morning. He is an excellent speaker and we should all come to hear him at eleven o'clock. If the weather is good he will be here Sunday night to preach.

There are seventy-four pupils enrolled in school. The attendance is high when the weather permits those living further away to come.

He—"Miss Wilburham, for your sake I would walk to the end of the earth, if you desired."

She—"If I didn't know the earth was round, Mr. Harrington, I would certainly ask you to start right away."

The Lynn County News can still be had for \$1.50 per year—52 issues.

LEGISLATURE CONVENES MONDAY, JANUARY 20TH

The legislature convened in called session at Austin Monday. Penitentiary concentration and the fee system have been submitted by Governor Moody for consideration by that body. His message to the legislature concerning these matters, particularly regarding the penitentiary system, is regarded as a very strong

state paper, one of the strongest submitted in many years.

Mr. and Mrs. T. J. Bovell have moved back to Tahoka from Abilene, arriving last Friday. Mr. Bovell says he expects to acquire a home here and settle down for good. Mighty glad to have these good people back.

Why, Yes, You Can Have Cranberries

IT'S a serious question, this one of cranberries, now that Thanksgiving is coming near. So serious that Professor William H. Sawyer, Jr., of Bates College, has spent nearly two years of research and experimentation at the Cryptogamic Botany Laboratories at Harvard University seeking a way to exterminate a parasite upon cranberries which has been rapidly causing the disappearance of these bright red berries from the New England marshlands. He now announces a discovery, in the form of a plant or mould parasite aimed at the parasitic growth now threatening the cranberry, which will mean the probable destruction of that growth.

Cranberry Recipes

Everyone knows about the cranberry sauce that is invariably served with Thanksgiving turkey,

and most people know that excellent cranberry sauce can be secured in cans. But how many people know of the other delicious ways in which to use this product? Have you ever tried, for instance:

Cranberry Ice Box Cake: Put the contents of one No. 2 can of cranberry sauce, one-half cup of seedless raisins, one-third cup of chopped nuts, ten chopped dates and a third of a cup of water in a saucepan, and heat slowly and carefully until the cranberry sauce is somewhat thick. Cut a small sponge cake in slices, and put alternate layers of the sliced sponge cake and the cranberry mixture in a buttered mold, finishing with cake. Pack down well, and let stand overnight in the ice box. Unmold and slice. Serve with cream or any desired sauce. These quantities will serve eight.*

This cold weather has been

Battery, Generator and Electric Service

WHAT OTHERS THINK

AIDING WEST TEXAS

The desirability of the rail extension conditionally authorized by the Interstate Commerce Commission, in the construction permit for the Gulf & West Texas between Fredericksburg and San Angelo, finds its best evidence in the map of Texas. With the exception of the Southern Pacific's spur from Fairland to Llano, there is no rail service in the section west of the Colorado and north of Fredericksburg, until the Santa Fe and subsidiaries are encountered in McCullough and Menard Counties. Traffic from the Panhandle to the Gulf must follow a meandering route. The new line will supply direct rail connection between the Panhandle and Corpus Christi via San Antonio.

To be sure, the new line will supply freight competition for some existing lines and will divert traffic from them. But in the long run the impetus given to West Texas export service will increase available tonnage for all. Moreover, the improvement made possible for the freight territory of the lines further east, by lightening them of the load of handling shipments now routed from the Panhandle, will be of greater benefit to all concerned.

The Interstate Commerce Commission now authorizes no rail extensions

DROVE POISON OUT

Constipation Troubled Alabama Lady Until She Had Taken Black-Draught, Then Felt Fine.

Florence, Ala.—"For two years, I suffered with pains in my back and head," writes Mrs. J. E. Sloan, 810 Park Street, this city.

"I felt dull all the time, and was not able to do anything. I was constipated most of the time. My complexion was bad and I had no appetite.

"An old lady advised my father to give me Black-Draught. As quick as she told him, he got it for me. I took Black-Draught three times a day for three weeks, and I began to feel like a different person. I developed a good appetite; the poison left my system, and I felt fine.

"I thought my trouble came from constipation, and as soon as the cause was removed, I got all right. "Since that time, I have tried to keep a box of Black-Draught in the house, as I find it corrects biliousness and relieves sick headache. It is our family medicine."

Constipation dams up poisons in the bowels, causing their bad effects to be felt in other parts of the body.

At the first sign of constipation, take Theford's Black-Draught. Costs only 1 cent a dose. *MC-215*

Political Announcements

The following candidates announce their candidacy for office subject to the action of the Democratic primary election in July, 1930:

For District Judge:
GORDON B. McGUIRE (Re-election)

For District Attorney:
T. L. PRICE (Re-election)

For County Judge:
G. C. GRIDER (Re-election)

For Sheriff and Tax Collector:
B. L. PARKER
S. W. SANFORD (Re-election)

For County and District Clerk:
TRUETT B. SMITH (Re-election)

For County Attorney:
G. H. NELSON (Re-election)

For County Superintendent:
H. P. CAVENESS (Re-election)

For County Treasurer:
MISS VIOLA ELLIS (Re-election)

For Tax Assessor:
A. I. THOMAS
T. W. (Will) BROWN

For Commissioner, Precinct 1:
R. E. FINLEY (Re-election)

CITY ELECTION

To be held first Tuesday in April; two aldermen and city secretary to be elected.

For City Secretary:
MRS. J. B. WALKER (Re-election)

without due cause. The present sanction permits a straight rail line across a map sadly in need of it.—Dallas News.

HIGHWAY PATROL

About the first work of the new highway patrol will be to eliminate the hogghishness of the road hog. Texas has entirely too many highway accidents, and too great a number of them are caused by autoists who have no regard for the rights or the lives of others. Perhaps the bus and truck drivers are the greatest offenders. The person who will not observe the laws and ethics of highway travel should be denied the use of public roads. The highway patrol can be of great service in securing records of those who persistently "hog" the roadways.—Scurry County Times.

A railroad from the Plains to the Gulf by the way of Big Spring would prove a profitable line and would be the making of Big Spring. We will make no mistake in working early and late to secure a north and south railroad.—Big Spring News.

CITATION BY PUBLICATION

THE STATE OF TEXAS

To the Sheriff or any Constable of Lynn County, Greeting:

You are hereby commanded to summon M. A. Gordon by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in the nearest County where a newspaper is published, to appear at the next regular term of the District Court of Lynn County to be holden at the Court House thereof in Tahoka, Texas, on the 3rd Monday in February A. D. 1930, the same being the 17th day of February A. D. 1930, then and there to answer a petition filed in said Court on the 14th day of January A. D. 1930, in a suit, numbered on the docket of said Court as No. 819, wherein S. L. Forrest is plaintiff and M. A. Gordon is defendant and said petition alleging that on or about the 19th day of July, 1928, defendant made, executed and delivered to C. C. Ross his certain promissory note in the sum of \$25.00, bearing date on the day and year above mentioned and payable on or before the 1st day of November, 1928; stipulating for 8 per cent interest from maturity, and for an additional ten per cent for attorney's fees if placed in the hands of an attorney for collection or sued upon; that S. L. Forrest is the legal owner and holder of said note from C. C. Ross, aforesaid; that he purchased the same for a valuable consideration, before maturity and without notice of any infirmity; that said note was given for a part of the purchase money of the following described real property and premises, to-wit: all of lot 1, in block No. 50, of the original town of Tahoka, Texas, in Lynn County; that said land was conveyed to M. A. Gordon by C. C. Ross and wife, Rena Ross, by a deed of writing of even date with said note, and in said deed

a lien was reserved for the payment of said note; that said note is due and unpaid; that demand has been made by plaintiff for the payment of same on defendant, but he has failed and refused and still fails and refuses to pay the same or any part thereof.

Wherefore plaintiff prays the court that defendant be cited to appear and answer this petition, that he have judgment for his debt, interest and attorney's fees and costs of suit, and for foreclosure of his lien on the above described land and premises, and the same be decreed to be sold according to law; that the sheriff or other officer executing said order of sale shall place the purchaser of said property sold under said order of sale in possession thereof, within thirty days after the days of sale, and for such other and further relief, special and general, in law and in equity, that he may be justly entitled to, and will ever pray.

Herein Fail Not, but have you before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

(SEAL) Given under my hand and the seal of said Court, at office in Tahoka, Texas, this the 14th day of January A. D. 1930.

TRUETT SMITH, Clerk
District Court, Lynn County.
21-4tc

There is a growing sentiment that the state highway commission should have its members elected by the people, instead of being appointed, as at present. People all over the state are affected by the Board's actions, and if elected members would naturally keep in closer touch with the peoples wishes.—McLean News.

A huge liveoak, 26 1/2 feet in girth and with a spread of 100 feet, is believed to be the largest tree in Texas. It is in Real County.

Raleigh Company, Dept. TX-191-J, Memphis, Tenn. 20-4tp

HOW MUCH WE SPEND

In an age of increasing comforts of living, the luxuries of yesterday become the necessities of today. The American people are spending more money each year for the things that are really luxuries—that do not contribute in any great degree to the maintenance of life and property.

They spend nearly 275 million dollars a year for perfumes and cosmetics and 625 million for jewelry. They spend nearly 700 million dollars a year for candy.

They spend more than 1 billion dollars a year for theatres, movies, etc.

They spend almost 90 million dollars a year for chewing gum.

They spend nearly 1 billion dollars a year for soft drinks, ice creams, etc.

They spend more than 2 billion dollars a year for tobacco.

The American people spend more every year for candy than they contribute to religious organizations.

On the average, luxuries cost each person in the United States \$50.54 in 1928.

Railroad freight and passenger transportation—one of the most necessary expenses—cost the average person \$46.57 in 1928—\$3.97 less than his luxuries.

For that amount of money the Railroads hauled more than 3600 tons of freight 1 mile for each person in the United States and carried him 262 miles.

Mrs. J. G. Gagnat of Kansas City, Kansas, arrived Sunday to spend a couple of weeks here with her sons, D. W. and Joe Gagnat. Mrs. Gagnat reports that the thermometer was down to 17 below zero when she left Kansas City Saturday.

NOTICE!

I have bought the interest of Robert Jackson in Jackson's Hamburger. I invite the continued patronage of our customers. S. W. ELLIS 21-2tp

MULES WANTED—Any one having mules for sale see Dan Laroe at Burleson Grain Company. 22-tfc

COTTON SEED CLEANING WANTED—Will go anywhere at any time. T. Cowan, Phone 908-C. 20-17tp

MISCELLANEOUS

NOTICE—For the next 30 days quilts and blankets, washed for 20c each. Phone 245. Mrs. Ollie Johnson. 20-tfc

ROOM WITH MEALS, at nice place. Hot and cold water, gas. Mrs. Florence Woods, phone 253. 21-tfc

SCOUT AREA COUNCIL SHOWS MUCH PROGRESS

LUBBOCK, Texas, Jan. 21—A debt of \$5,300 has been reduced to \$1,000 by the South Plains Area Council, Boy Scouts of America during 1929, while the council at the same time increased the number of Scouts from 385 to 554, a financial statement just issued by the councils shows:

The statement is signed by Rev. L. G. H. Williams, president, K. N. Clapp, scout commissioner and T. A. White, treasurer.

It shows further that the number of troops has been increased from 19 to 31, an increase of 12 or 63 per cent; Scoutmasters from 17 to 28, an increase of 11 or 64 per cent, and the number of Scouts from 385 to 554 in an increase of 169 or 44 per cent.

"We expect to have all debts paid and an executive employed by April 1st," is another exceedingly encouraging statement.

The statement shows that towns all over the South Plains contributed more liberally to the support of the organization in 1929 than ever before which was a paramount factor in the work that the scout officials have accomplished this year.

Running on a cash basis with Williams and Clapp contributing their personal time in taking the place of executive has been the main factor in the strengthening of the financial structure of the organization.

Among the towns that increased their contribution in 1929 over 1928 are the following: Ralls, Post, Brownfield, Slaton, Tahoka, Lamesa, Leveland, Shallowater, Anton, Littlefield, and Lubbock.

BEEES WORTH HIVING

B. patient, B. prayerful, B. humble, B. mild,

B. wise as a solon, B. meek as a child; B. studious, B. thoughtful, B. loving,

B. kind, B. sure you make matter subservient to mind.

B. cautious, B. prudent, B. friendly with few;

B. temperate in argument, pleasure and view.

B. cheerful, B. grateful, B. hopeful, B. firm,

B. peaceful, benevolent, willing to learn.

B. courageous, B. gentle, B. liberal, B. just,

B. aspiring, B. humble because thou art dust.

B. penitent, circumspect, sound in the faith,

B. active, devoted, B. faithful till death,

B. honest, B. holy, transparent and pure,

B. dependent, B. Christlike and you'll B. secure.—Pathfinder.

THE OLD HOME PAPER

When the even' shade is fallin' at the endin' o' the day,
An' a feller rests from labor, smokin' at his pipe of clay,
There's nothin' does him so much good, be fortune up or down,
As the little country paper from his Ol' Home Town.

It ain't a thing of beauty, an' its print ain't always clean,
But it straightens out his temper when a feller's feelin' mean;
It takes the wrinkles off his face an' brushes off the frown,
That little country paper from his Ol' Home Town.

It tells of all the parties an the balls of Pumpkin Row,
Bout who spent Sunday with who's girl and how the crops 'll grow;
An' it keeps a feller posted 'bout whos up and who is down,
That little country paper from his Ol' Home Town.

Now, I like to read the dailies an' the story papers, too,
An' at times the yaller novels an' some other trash—dout you?
But when I want some readin' that'll brush away a frown,
I want that little paper from my Ol' Home Town.

A NEW AGE OF LUBRICATION BEGINS WITH THIS NEW MOTOR OIL CHARACTERISTIC:

"Penetrative Lubricity"*

CONOCO Alone Has this New Characteristic

Since the discovery of the wheel, lubrication has been a necessity and a problem. The first rude barrows which pre-historic men built, needed lubrication, and one of the brighter tribesmen began rubbing the axles of his primitive cart with raw animal meat.

With Watt's invention of the steam engine in 1763, metal-on-metal friction resulted. Then it was that animal and vegetable oil lubricants became definitely unsatisfactory. Their tendency to leave corrosive deposits ruled them out.

Mineral Oils Are Discovered
After the drilling of the first oil well in 1859, mineral oils became commercially successful. Because petroleum was plentiful and was free from gumming and corroding tendencies, it rapidly supplanted animal and vegetable oils.

But since 1901 there have been practically no changes of fundamental importance in refining motor oils.

Now since 1901, think of the changes that have been made in motors! Probably the make of car you drive today was not even manufactured in 1901. Certainly its needs for oils are far more exacting!

The Development of Germ Process
Foreseeing that ordinary mineral oils would eventually fail to meet the increasing strains put

upon them, Wells and Southcombe, two British scientists began a study of the problem which occupied 16 years. The result of their efforts was the isolation of the Germ Essence—a property that provides increased "oiliness" when introduced into mineral oils. These processes were patented and Continental acquired them exclusively for North America. Thus Continental brings you the first and only fundamentally better oil of the century!

Germ Process and Penetrative Lubricity

The Germ Process adds one startling characteristic to CONOCO Germ-Processed Motor Oils. It enables them to penetrate metal surfaces! This means that an enduring oil film actually penetrates all working parts and clings under all conditions. In starting when 40% to 60% of motor wear occurs . . . in speeding when any failure of the film is fatal to motor life, remember this—the permanence of this film precludes any possibility of metal abrasion. The germ-essence naturally adds greater "oiliness" and we call that lubricity. So we have Penetrative Lubricity as the outstanding characteristic of this new oil.

When will you begin using CONOCO Germ-Processed Motor Oil?

THE FOUR AGES OF LUBRICATION

* Means—Slipperiness, smoothness, freedom from friction; also the property that diminishes friction, as the lubricity of oil, coupled with the unique ability to penetrate metal surfaces.
