FORTY ATTEND CLUB BANQUET

Kiwanis Club Holds Annual Ladies Night; Feat At American Legion Home

In spite of the cold, inclement weather, more than forty were present at the Kiwanis banquet served by the ladies of the American Legion Auxiliary at the Legion Hall Tuesday night.

Although the principal speaker on the program, Lieutenant-governor Caldwell Rylander of Lubbock, was unwilling to brave the cruel elements and did not appear, the program was pronounced a good one any way. Hobart Nelson, Harris Cain, and H. P. Caveness did some 'pinch-hitting' for Rylander, as Dr. Charley Townes expressed it, and they made good all along down the line. Prof Caveness proved to be the champion story teller of the evening, and his stories provoked much mirth.

Preceding these pinch hits, Truett Smith read the President's address in a charming manner and Hobart Nelson gave an interesting history of Kiwanis International. Both of the speakers injected bits of humor that made their deliverances quite spicy.

Dr. Charley Townes acted as toastmaster, and as usual he covered himself with glory in this capacity.

The feast it self was a great success, and the ladies of the Auxiliary are to be congratulated upon the wonderful meal they served.

HIGHWAYS ARE PLANNED OUT OF ANDREWS COUNTY

LAMESA, Jan. 29.—Seeking a satisfactory highway system from Andrews to surrounding cities a group of members of county commissioners courts and chambers of commerce of Dawson, Howard, Midland, Martin, and Andrews counties met in Andrews Friday for the sole purpose of mapping out and designating highways which will serve the purpose of all neighboring towns and cities near Andrews. The body agreed on four different routes leading from the new oil city. One highway will make a direct route from Andrews south to Odessa. Another will continue north to Seminole while a Southeastern highway will lead to Midland, Stanton, Lamesa, and Big Spring will all use a cardinal highway leading directly east from Andrews. Traffic from Lamesa to Andrews may go by way of Santon or Patricia, traveling over the Cardinal highway. Lamesans who were in attendance at the road confab were Phillip Yonge, county judge, H. L. Hohn, W. E. Bartlett, C. M. Burton, county commissioners and Wm. A. Wilson, manager of the Lamesa chamber of commerce.

WILSON CIRCUIT OF THE METHODIST CHURCH

I will meet my regular appointment at Dixie next Sunday morning and night. Also I will be at Petty at 3:30 in the afternoon. You are invited to these services.

EUGENE L. NAUGLE, Pastor

Uncle Ike Metcalf has been confined to his room most of the time the past two weeks. A severe cold and threatened pneumonia are responsible for his absence from his office.

Mr. and Mrs. Guy Lemond of Snyder were visiting relatives here Sunday.

WORK RESUMED ON POWDERED MILK PLANT AT LAMESA

LAMESA, Jan. 29.—Work was resumed here this week on the West Texas Dairy Products \$200,000 powdered milk plant following a week's delay because of cold weather. Brick work is near completion and it is expected that the plant will be in operation by April 1.

Mrs. Hugh Heath Is Buried Here Tuesday

Mrs. Hugh Heath, better known here as Miss Marcella Roberson, was buried here Tuesday afternoon, the funeral being conducted from the Methodist Church by Rev. R. T. Breedlove, the pastor.

Miss Roberson was married to Hugh Heath about five weeks ago and they moved the next day with his parents, Mr. and Mrs. J. B. Heath, to Seagraves. Soon after their removal to Seagraves the young woman became ill and has been under the treatment of a physician since. On last Thursday an operation was performed followed by a second operation Friday night. The patient was then removed to a sanitarium at Lamesa where a third operation was performed Sunday afternoon. The patient died at 8 o'clock Monday morning.

Besides her young husband, the deceased leaves a mother and one brother who reside at Memphis, Texas, a sister at Amarillo, a sister, Mrs. J. C. Gable, who resides on the Mrs. Windham farm southeast of Tahoka, and a brother, Travis Roberson, of this place.

Deceased was only eighteen years of age at the time of her death. She had resided here for several years. Friends here deeply sympathize with the bereaved relatives in this sad affliction.

Dog Brings Aid To Burned Wowan

Again a dog proved its reputation as "man's best friend" today when a large greyhound, a child's pet, ran several miles through the snow and ice to summon aid for its wounded mistress.

The dog was sent for aid by Mrs. Tom Rowell living near Newlin, after she had been severely burned about the face and hands. Mrs. Rowell was alone at home with her small child when she started to kindle a fire in a coal heater. The child had emptied a can of kerosene in the coal scuttle a few moments before the mother picked up the bucket and when the kerosene saturated coal was emptied into the stove an explosion resulted which severely burned the woman about the head, face and hands.

A note was tied about the neck of the dog and he was instructed by Mrs. Rowell, "Go to Tom!" The dog tore out for the home of Bill Rowell, father of Tom, and was unable to locate anyone there according to neighbors. He continued barking and howling and went to the home of neighbors where some children playing in the yard, discovered the note. A doctor was summoned immediately.

The burns were of a painful nature while it is believed they were not of a serious nature. Mrs. Rowell is at her home near Newlin.—Memphis (Tex.) News.

Gatesville Pastor Preaches Here

Rev. Owen J. Hull, pastor of the Baptist church at Gatesville, preached to a good-sized congregation at the Baptist Church here Wednesday night. His sermon was greatly enjoyed.

There will probably be a church conference at 11 o'clock next Sunday morning, and it is earnestly desired that every member of the church shall be present.

Services for Sunday night have not been definitely arranged, but it is probable that the Stamps Quartette will render a program.

Mr. and Mrs. J. B. Stokes have returned from Bangs, where they spent five weeks visiting Mrs. Stokes' aged mother.

C Hurst of the Dawson County Journal, Lamesa, was a pleasant caller at the News office Tuesday morning.

COUNTY COURT IS IN SESSION

Judge J. W. Elliott On Bench In Grider's Absence; No Contest Cases Tried

In the absence of County Judge G. C. Grider, who was attending a sick child in the Lubbock Sanitarium, Judge J. W. Elliott was elected as special judge by the bar Tuesday morning to preside over the county court.

A number of old criminal cases which had been on the docket a long time and in which defendants had never been located were dismissed. Most of these were "cold checking" cases.

Two judgments by default in two civil cases were taken. No contested cases have been tried.

Mississippi Story On At Theatre

The greatest story of the Mississippi River ever written, "Cameo Kirby", produced as a romantic musical drama by Fox Movietone, will be the attraction at the English Theatre Sunday afternoon and Monday night.

Two great Broadway musical stars, J. Harold Murray and Norma Terris, are co-starred and are surrounded by an all-star cast, which includes such well known players as Myrna Loy, Douglas Gilmore, Robert Edeson, Stepin Fetchit, Charles Morton and George McFarlane.

It tells of the colorful love affair between "Cameo Kirby" a river boat gambler and "Adele Randall", aristocratic daughter of a wealthy Louisiana planter.

Irving Cummings, whose two previous productions for the audible screen, "In Old Arizona" co-directed with Raoul Walsh and "Behind That Curtain" set new standards for this form of entertainment, directed "Cameo Kirby."

Jaynes Sells Carload Of Planting Seeds

J. A. Jaynes of the New Lynn community this week shipped a car of planting seeds to Abilene to be distributed among farmers of that section who desire high-grade seed. This car consisted of 30,000 pounds of maize, 30,000 pounds of hegari, and 10,000 pounds of feterita and other sorghum grains.

Mr. Jaynes removed from Taylor county to this county about three years ago. He had made a specialty of raising high-grade seeds for planting purposes before coming to this county, and he has kept it up since coming here. His seeds are now in much demand.

HORSES, HORSES, HORSES

The origin and significance of the term "Horsepower" probably is lost to the average motorist who speaks so glibly of the power developed by his car.

The horsepower unit was formulated in 1789 by James Watt, inventor of the steam engine, shortly after the product of his genius had proved its ability to replace the horses previously used at the mills, mines, breweries and distilleries of England. Watt described one horsepower as the effort of a horse moving at two and one-half miles per hour and raising a weight of 150 pounds by means of a rope passed over a pulley, the effort being equal to raising 33,000 pounds one foot high in one minute.

Based on Watt's formula, the new Oakland Eight with its 85 horsepower engine develops enough energy to raise a weight of 2,805,000 pounds one foot in one minute. Incidentally, the new Oakland develops one horsepower for each 37 pounds of car weight.

TURKEY DINNER

Mr. and Mrs. E. S. Daniel proved to be a very charming host and hostess, when they had as their guests Sunday at the 12 o'clock dinner hour Dr. and Mrs. E. E. Callaway, Mr. and Mrs. A. L. Lockwood, Mr. and Mrs. A. I. Thomas and Mr. and Mrs. J. K. Callaway.

A two-course turkey dinner was served.

FOREST WILL SPEAK TO C.-C.

Lamesa Lumberman and Judge McGuire On Annual Banquet Program For February 11th

C. C. Williams announces that he has received a definite acceptance from Judge Gordon B. McGuire of Lamesa of the invitation to be present and deliver an address at the Chamber of Commerce banquet to be held here on the night of February 11.

S. L. Forrest of Lamesa, president of the Forrest Lumber Company, who is also president of the Board of Directors of the South Plains Dairy Products Company of that city, will also be present and deliver an address on the dairying industry in this section. The entire board of directors of that organization will also be present.

Mell Pearce Out For Weigher at O'Donnell

Mell Pearce of O'Donnell has requested that we insert his name in our announcement column as a candidate for re-election as public weigher of precinct No. 4 which embraces O'Donnell and contiguous territory.

Mr. Pearce has been weigher the past three years but crops have been short during this time and Mr. Pearce says that he has not had the privilege of weighing a real cotton crop yet. How faithfully and well Mr. Pearce has served during his incumbency in this office, the patrons of the O'Donnell cotton yard already know. Accommodating to the public and attentive to his duties, Mr. Pearce has heard very little criticism or complaint as to the manner in which he has functioned, and he feels that under the circumstances he is entitled to another term. We are sure that our readers who reside in his territory will give his candidacy all due consideration.

Bean Cut Out Of Grider Child's Throat

On last Saturday morning, the little three year old son of Judge and Mrs. G. C. Grider got a large bean lodged in one of the bronchial tubes just above the lung. It was taken hurriedly to Lubbock for an operation. The bean was located and removed but the operation was a most serious one, and the child has been in a critical condition since. It is reported to be somewhat improved now.

Judge and Mrs. Grider have another child at home sick of the flu or possibly pneumonia, a little girl five years of age. Friends and neighbors deeply sympathize with the family in these sore afflictions.

BOYS SCOUTS TO OBSERVE TWENTIETH ANNIVERSARY

LUBBOCK, Texas, Jan. 28.—Every Boy Scout over the South Plains Area Council will take part in some way in observing the twentieth annual Anniversary Week, celebrating the anniversary of the birthday of the Boy Scouts of America when it was incorporated February 8th, 1910.

The anniversary week will be observed from February 8th to 12th. Arrangements are being made by the office of the council to have ministers of churches that sponsor some scout troop to preach a sermon Sunday, February 9th, that will in some way connect up with scouting and other ministers may also co-operate in the movement.

NOTICE, ADVERTISERS!

In order to correct an erroneous impression that some interested individuals seem to have, we desire to state that the Co-Operative advertisement of certain business concerns appearing in this issue of this paper, originated, was written, and signatures thereto solicited by parties having no connection with the News. Our only part in this advertising campaign is to furnish space at the regular advertising rate.

ZIMBALIST WILL GIVE PROGRAM AT TECH

Efrim Zimbalist, world-noted violinist, will render a program in the Texas Tech Gymnasium in Lubbock at 8:15 Tuesday evening, February 4th. Zimbalist is an exclusive Columbia record artist.

S. S. Class Contest Ends With Banquet

The contest in the Euzelian Sunday School class of the Baptist Church ended with the losing side acting as hostesses at a turkey dinner Tuesday evening, January 21, at the American Legion Home.

This class is one of the largest of the Baptist Sunday school and is taught by Mrs. J. B. Walker. Much interest has been manifested by the members of this class during this contest.

The losing side proved themselves wonderful hostesses, serving the following dinner: Turkey with dressing and gravy, cranberry sauce, cream ed carrots, pickled beet, hot rolls, celery, nut salad, pep-o-mint, ice cream, angel food, demi tasse.

While enjoying the dinner we were delightfully entertained with: Song: "Pack Up Your Troubles", invocation Mrs. Caveness; Mrs. Walker acting as toastmistress; toast to the winners, Mrs. Nelson; response, Mrs. Gladys Stokes; reading, Mrs. Law; Bible contest, Mrs. Tom Lemond; Song "Let Me Call You Sweetheart."

The turkey dinner was served to the following members of the Euzelian class: Mmes. J. B. Walker, Gladys Stokes, W. M. Harris, Law, J. E. Dye, Cherry, G. H. Nelson, C. Blackmon, S. W. Sanford, A. J. Mullins, A. Z. Jackson, Tom Lemond, H. P. Caveness, W. M. Shearer, W. C. Barnes, H. R. Methvin, K. P. Knight, B. P. Maddox, Gorman, Page, Lewis, B. H. O'Neal, Viva Humphries, and L. C. Heath.

Another Nuisance Comes To Town

These are indeed the days that "try men's souls."—Just about the time that we get rid of one nuisance and get ready to get back to work, here comes something else to take the attention of the pupils from their work and pick up all the loose change that is left over. I remember about five years ago that a skating rink came to Roscoe, Texas. I challenged any one to point out one good thing that could come from it. On Wednesday of the following week a good and totally innocent man was killed and three others were badly injured as a result of a fight. I have been rather conservative since coming to Tahoka in expressing my views on some matters. Many times I have been tempted to speak out, but I thought it might not be my place to do so. But again I challenge anyone to show me one good thing that can come of this skating rink. I appeal to the patrons to keep their children at home. It is more home-study that we need. In no uncertain terms I declare that nothing good can come of their attending places of amusement. If they are to attend such places, let it be with those who have helped to build the town in which you and I live, those who take the good and the bad as they come, paying their taxes and spending their money to make it a better and more attractive town.

Stamps Quartette At Dixie Next Sunday

Frank Stamps with his famous quartette will be at Dixie next Sunday afternoon, according to Prof. H. M. McEachern, superintendent of the Dixie public school. The Stamps Quartette has made a number of Victor records and are noted throughout Texas and other southwestern states as singers. Singing will begin at 2 o'clock. Everybody invited.

NEW LYNN CLUB TO MEET

The New Lynn Home Demonstration Club will have their regular club meeting next Tuesday, February 3rd at Mrs. Lynn Yandell's.

The shower which was to have been last club day, will be had at this meeting. All members be present.—Reporter.

DIRECTORS OF C.-C. ANNOUNCED

New Faces On Board; Review Of Year's Work To Be Given At Banquet

At a meeting of the directors of the Chamber of Commerce Monday night the report of the election committee was read. The report showed that the following fourteen citizens had been elected to the new board: J. K. Applewhite, T. J. Bevell, G. A. Brasfield, Chester Connolly, L. F. Craft, D. W. Gaignat, G. C. Grider, M. L. Handly, J. L. Heare, E. L. Hill, W. B. Slaton, Truett Smith, W. S. Taylor, and Taylor White.

The above named gentlemen will assume their duties on the night of the annual banquet, February 11th. Soon thereafter the new board will meet and draw for terms of office, half of them drawing one year terms and the other half two year terms.

It will be noted that six members of the new board are members of the present board, to-wit: Messrs. Applewhite, Connolly, Gaignat, Hill, Smith and White. The other eight are new members.

Among those retiring from the board is Claude Wells, who has been a member of the board for seven consecutive years. He indicated that he desired to retire after having served so long. Possibly no member of the board has been as faithful as Claude. He has missed only one meeting of the board during the past year, and his counsel and enthusiasm have always been highly prized by the other members. G. H. Nelson Bill Burleson and some others have likewise been very faithful and valuable members of the board, and their presence and counsel hereafter will be missed.

A long list of objective for this year's work has been sent in by the various members of the organization. These suggestions will be submitted to the new board immediately after its organization and the program for the year will be mapped out. It looks now as if a busy year is ahead. Some really big and worthwhile undertakings seem to be in the offing.

The president and secretary have prepared the annual report of the past year's work, which is to be read at the banquet to be held February 11. This report shows that much valuable work has been accomplished by this organization during the past year. Every business man and property owner in Tahoka should attend this banquet, hear the report, and catch the spirit of the organization. Plates are to be sold at only 50 cents each, which seems to be within the reach of all.

Postmaster Advises On Rural Box Types

There seems to be confusion among my Rural Patrons and prospective patrons as to the New Postal Law which went in effect July 1, 1929, regarding the necessary type of rural boxes which must be used on and after the above date. For the benefit of any such Rural Patron I am asking our editor to print below the exact words of the law as found on page 79 of the Postal Guide for July, 1929.

"Only the No. 2 type of box may be provided and used from and after July 1st, 1929, by patrons on new routes, new patrons on existing routes or extensions thereto, or by patrons desiring to provide boxes of sufficient capacity to contain parcel-post mail."

CEMETERY ASSOCIATION TO MEET WEDNESDAY

The Cemetery Association will meet in the county court room on next Wednesday in regular monthly meeting. Its meetings are held the first Wednesday in each month.

MRS. G. W. SMALL

Mrs. W. E. Taylor, who was quite seriously burned about two weeks ago, has almost recovered from the injuries.

Mrs. H. W. Calaway is spending the week with her daughter, Mrs. Guy Lemond, at Snyder.

E. R. Allen of Lubbock was a business visitor here Tuesday.

Ed Redwine, who has been quite sick since Sunday, is reported to be somewhat improved today.

HI-LEAGUERS ARE ENTERTAINED WEDNESDAY

Mrs. Rubie D. Suddarth was hostess to the active members of the "Life Service" band of the Methodist Church at a lovely 5:00 o'clock dinner at the Sunshine Inn last Wednesday, Jan. 22nd. Covers were laid for the Misses VeNoy Coughran, Mary Fenton and Eloise Clark, Messrs. Frank Sargeant, Clifton Janak and J. W. Lowrey, Rev. C. A. Bickley and Mrs. Bickley of Lubbock, Rev. R. T. Breedlove, and the hostess.

After a material feast of good things the party adjourned to the church study where a veritable "feast" of spiritual things were enjoyed. Rev. Bickley, presiding elder of the District, was in charge and brought an inspiring message on the theme "What Shall I do With My Life?" Mrs. Bickley spoke on "College Life and Experiences" and the interest and helpfulness of her personal reminiscences will not soon be forgotten by her hearers. Brief talks were made also by Rev. Breedlove, Mrs. Suddarth, Miss Coughran and Frank Sargeant. This occasion was arranged in honor of the latter, who has been chairman of the Volunteers, but left Monday for Abilene to enter upon his ministerial studies at McMurray College.

On Friday evening, the members of the Hi-League, to which he has always belonged, tendered him a miscellaneous shower at their regular monthly social held in the church, and a number of practical and attractive gifts evidenced the esteem in which he is held by his fellow-Leaguers.

The evening was delightfully spent with a variety of games, including some impromptu boxing matches, which were most interesting. Refreshments of sandwiches, saratoga chips, cakes, and hot chocolate were served by Mrs. W. W. Nicklaus, Miss Mabel Lee, Supt. of Recreation, and other assistants. Effective February 1st, Mrs. Nicklaus is the new Counselor of the Hi-League. Mrs. Suddarth, whose resignation was accepted last Sunday, will assume the duties of Hi-League Secretary of the Lubbock District, overseeing the work of the Hi-League and Junior Leagues in the thirty-odd district charges.—Reporter.

CITATION BY PUBLICATION

THE STATE OF TEXAS
To the Sheriff of any Constable of Lynn County, Greeting:

You are hereby commanded to summon Hugh Cairney by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in the nearest County where a newspaper is published, to appear at the next regular term of the District Court of Lynn County, to be holden at the Court House thereof, in Tahoka, Texas, on the 3rd Monday in February A. D. 1930, the same being the 17th day of February A. D. 1930, then and there to answer a petition filed in said Court on the 6th day of January A. D. 1930, in a suit, numbered on the docket of said court as No. 818, wherein Pearl Cairney is Plaintiff and Hugh Cairney is Defendant, and said petition alleging:

To the Honorable Gordon B. McGuire, Judge of said court:

Now comes Pearl Cairney, hereinafter called plaintiff, complaining of Hugh Cairney, hereinafter styled defendant, and for cause of action plaintiff respectfully makes the following representations to the courts following representations to the court.

1. That plaintiff is a resident of Lynn County, Texas, where she has resided continuously for a period of more than twelve months next before exhibiting this her petition, which

said residence is and has been during all of said period of time actual and bona fide, and that the place of residence of the defendant is to the plaintiff unknown, though she has made diligent inquiry and effort to ascertain the place of residence of said defendant.

2. That plaintiff and defendant were married in the City and County of Denver in the State of Colorado, on the 20th day of March, 1927, and thereafter they moved to Lynn County, Texas, where they resided on and prior to the month of June, 1928; that within a short time after said marriage the defendant began a course of coarse and abusive conduct toward plaintiff showing a fixed hatred and aversion of the defendant toward plaintiff; that defendant would fly into rages of ill temper and would apply vile and opprobrious epithets to and concerning

plaintiff; that defendant would, without just cause, kick and abuse plaintiff's small children in the presence of plaintiff and over protests; that said course of harsh and cruel treatment on the part of defendant, toward plaintiff continued with increased harshness and violence until on or about the 12th day of June, 1928, when the defendant, without cause or provocation, flew into a rage and violently kicked plaintiff, bruising and injuring her, that the defendant then left the plaintiff in destitute circumstances, and plaintiff has not heard from the defendant or known of his whereabouts since said time; and that said conduct on the part of said defendant was such as to render their further living together as husband and wife insupportable.

3. Plaintiff alleges that during the time she and the defendant lived to-

gether as husband and wife, she was kind and affectionate to the defendant and performed all the duties incumbent upon her as a loving and dutiful wife, but that the defendant, unmindful of his duties as husband, and without just cause or provocation, conducted himself toward plaintiff as hereinabove alleged, rendering their future living together unbearable and insupportable, for which said cause plaintiff should be divorced from her bonds of matrimony with the defendant.

4. That no child or children were born of said marriage, and that there is no community property belonging to the plaintiff and defendant.

5. Wherefore plaintiff prays the court that the defendant be cited to appear and answer this petition, and for judgment dissolving said

marriage relations, for all costs of suit, and for such other and further relief, both general and special, in law and in equity, to which she may be justly entitled, as in duty bound she will ever pray.

M. W. WHEELER
Attorney for Plaintiff
Herein Fail Not, but have you before said court, at its aforesaid next

regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the Seal of said Court, at office in Tahoka, Texas, this the 7th day of January A. D. 1930.

New Beauty for the New Ford

THE NEW FORD TOWN SEDAN

In the Town Sedan you see a distinguished example of the unbroken sweep of line which adds so much charm to all the new, roomy Ford bodies. Radiator, hood, cowl, lower roof line, fenders, wheels — every point of design reflects the new style and beauty that have been placed within the means of every one. All of the new Ford cars are finished in a variety of colors.

ANOTHER STEP FORWARD

THE introduction of the new Ford bodies has set a high standard of motor car value.

From the new deep radiator to the tip of the curving rear fender, there is an unbroken sweep of line—a flowing grace of contour gaining added charm from the rich and attractive colors.

You will take a real pride in the smart style and fresh new beauty of the Ford just as you will find an ever-growing satisfaction in its safety, comfort, speed, acceleration, ease of control, reliability and economy. In appearance, as in mechanical construction, craftsmanship has been put into mass production. New beauty has been added to outstanding performance.

A feature of unusual interest is the use of Rustless Steel for the radiator shell, head lamps, cowl finish strip, hub caps, tail lamp and other exposed metal parts. This steel will not rust, corrode or tarnish and will retain its bright brilliance for the life of the car. Here, as in so many other important details, you see evidence of the enduring quality that has been built into the new Ford.

The Bare Fangs of Truth About Lynn Co.

A few brave pioneer settlers make a homestead in Lynn County—more settlers come—the community prospers—little towns spring up as the years go by. These towns get together and put up sums of money to get railroads—more prosperity. Churches are built by these small communities in the pursuit of happiness. Court houses are built by these happy tax-payers; roads are built and improved. Farmers, merchants and bankers prosper and in return put all their prosperity right back into their community thereby getting their community into shape where it can stand adversity which is bound to show up occasionally. Years like '17 and '18 come and go. The communities get by these years, and chambers of commerce backed and financed by the leading banks, merchants, and farmers are organized.

Towns and communities grow bigger and better. Larger churches are built. Cities put in fire stations, water works, and all kinds of improvements. Boys and girls grow up. They raise families and prosper because they are a part of and live in a prosperous community.

THEN WHAT!

THE MONEY BARONS of the East and North hear of this community. They smile. How simple! We will lease a building and put in a stock of merchandise. We will place out sucker bait by putting several items on a special each Saturday at cost and below cost. Naturally the natives who built this community will think that we sell everything cheap and we will get it all—we will prosper by having nearly no taxes to pay as we lease our building and pay our clerks such low wages that they can't own a home.

In a few years by letting this community pay its own taxes and us making little or no donations to local causes we can break the local merchants, we can put the banks out as we will control all the community, we can rent a building for nearly nothing as those we break can't pay rent. Then we can put our foot on the neck of the farmer, the banker, the merchant, and the entire community and say "pay us our price."

The God of this Money Baron Octopus is the Dollar Mark. He only leaves his dollars of profit in a Lynn County Bank long enough to send it to some other community. He cares nothing for our community or us. Has he ever taken part in any of our civic affairs? Has he ever worshiped in any of our churches? Does he help solve any of our local problems? Does he care whether we have a good school for our boys and girls? How can he when he has never been in Lynn county? One of his hirelings picked a location for his business, others take your money and send it to him.

Listen, citizen, farmer, and tax-payer of Lynn county: Every time you spend a dollar in a chain store you are helping to cut your own throat because twenty cents of that dollar goes to some money baron in a big city who uses it to help put your 20 cent cotton down to 13 cents.

That profit leaving you and your community is gradually but surely sapping this community and its bankers and merchants. When you spend your money in a chain you are helping to make peons of your children and your children's children.

to our attention.

Because of the fact that many
young couples cross the line into
New Mexico, Oklahoma and Louisi-
ana to procure marriage licenses
since the so-called "gin-marriage"
license law went into effect in this
state last year, many are now clam-
oring for the repeal of this law. It
should not be repealed. It is a good
law. Its purpose is thwarted to some
extent by the fact that adjoining
states do not have a similar law, but
it is possible that these states will
enact similar laws in the course of
time. This law was enacted in the
interest of the health and moral
well-being of future generations and
every state should have similar laws.
If they had, not only would our po-
sibility be stronger physically
and morally but there would also
be a possible reduction of the divorce
evil. A repeal of this law would be
a step backward.

Jim Ferguson had a terrible night-
mare on a recent Saturday night and
lunged forward out of bed, breaking
his collar bone as he landed on the
floor. Dispatches did not state
whether this midnight stunt was
caused from a premonition that
Earle B. Mayfield was to steal his
thunder and announce for governor
the next day or from a sudden vision
of Dan Moody's shadow lying across
his pathway. Jim explains that in
his dreams he was trying to ride
the waves on the Mississippi, but
some are surmising that it was a
big political wave which he saw was
about to overwhelm him that got him
into action in his sleep.

This seems to be open season with
political gunners on Tom Love. A
few weekly newspapers and a lot of
scribblers in the daily press have
been shooting their little pop guns
at him for maintaining that a free-
born American citizen has the right
to carry his conscience with him
to the ballot box. We should like
to ask these gentlemen who have
been flinging their slurs and sneers
at him, what is a conscience for any-
way? Is it a thing a man should
take with him to church and use in
his religion but discard in his poli-
tics? Is it a thing that he should use
in his home, in his store, in his
newspaper office, but not in the vot-
ing booth? Our good friend, Jack
Stricklin over at Brownfield might
answer.

Somebody has recently investigat-
ed and arrived at the conclusion that
an editor ought to know the Bible.
It is our opinion that the average
country editor ought to have an im-
mense knowledge not only of the
Bible but also of law, government,
politics, history, English, literature,
mathematics, and many branches of
science. The ordinary country edi-
tor ought to come as near "knowing
it all" as anybody. If this editor
had a hundred years to live and
could put in at least eighteen hours
each day at study and work, he
might be capable at the end of that
time of issuing an ideal country
newspaper.

It seems that Governor Moody
took it for granted that the members
of the legislature were from Mis-
souri and needed to be shown. Ac-
cordingly he took them down to
Huntsville and around to a number
of the state farms in order that they
might see conditions for themselves;
and we understand that the law-
makers are declaring that the half
had not been told them. It was well
that the trip was made. In fact, it
seems strange that legislators would
undertake to solve the penitentiary
problem without having seen the
penitentiary.

Wets in the House are asking for
a modification of the Volstead Act
permitting the sale of 2.75 per cent
beer. What they really want is
about 7.25 per cent beer.

Single family houses built in 1928
housed 143,889 families.

They are having race trouble over
in California—not between whites
and negroes but between whites and
Filipinos. The root of the trouble
seems to be both social and indus-
trial, chiefly the latter. Filipinos
and Japanese have been a thorn in
the flesh of those Californians for
many years. On the other hand Tex-
as has little trouble with negroes and
Mexicans within her borders. Possi-
bly the negroes and Mexicans are
more tractable and agreeable than
the yellow races from the East. At
any rate, there are other race prob-
lems in this country than those in
the South.

We believe that all demented and
insane persons capable of reproduc-
ing their species, moral degenerates,
and congenital criminals should be
sterilized. We believe that in time
this course would greatly reduce
both crime and insanity and make
our race stronger and better physi-
cally, mentally and morally. And
our marriage laws should be made
more strict rather than more lax.

nounced that no "drinkers" and no
confirmed "wets" are wanted on the

GEMS OF LITERATURE
(By J. A. HUMPHRIES)

GUNGA DIN

(Rudyard Kipling)

You may talk o' gin and beer
When you're quartered safe out 'ere,
An' you're sent to penny-fights and
Alder-shot it;
But when it comes to slaughter
You will do your work on water,
An' you'll lick the bloomin' boots of
'im that's got it.
Now in India's sunny clime,
Where I used to spend my time
A-servein' of 'Er Majesty the Queen,
Of all them black-faced crew
The finest man I knew
Was our regimental bhisti, Gunga
Din.
He was "Din! Din! Din!
"You limpin' lump o' brick-dust,
Gunga Din!
"Hi! Slippy hitherao!
"Water, get it. Panee lao
"You squidgy-nosed old idol, Gunga
Din."

The uniform 'e wore
Was nothin' much before,
An' rather less than 'arf o' that be-
'ind,
For a piece o' twisty rag
An' a goatskin water bag
Was all the field-equipment 'e could
find.

When the sweatin' troop-train lay
In a sidin' through the day,
Where the 'eat would make your
bloomin' eyebrows crawl,
We shouted "Harry By!"
Till our throats were bricky-dry,
Then we wopped 'im 'cause 'e could-
n't serve us all.
It was "Din! Din! Din!
"You 'eathen, where the mischief
'ave you been?
"You put some jubilee in it
"Or I'll marrow you this minute
"If you don't fill up my helmet, Gun-
ga Din!"

'E would dot an' carry one
Till the longest day was done;
An' 'e didn't seem to know the use o'
' fear.
If we charged or broke of cut,
You could bet your bloomin' nut,
'E'd be waiting fifty paces right
flank rear.
With 'is mussick on 'is back,
'E would skip with our attack,
An' watch us till the bugles made
"Retire."

An' for all 'is dirty 'ide
'E was white, clear white, 'inside
When 'e went to tend the wounded
under fire!
It was "Din! Din! Din!"
With the bullets kickin' dust-spots
on the green;
When the cartridges ran out,
You could hear the front-ranks about
"Hi! ammunition-mules and Gunga
Din!"

I sha'n't forgit the night
When I dropped be'ind the fight
With a bullet where my belt-plate
should 'a' been.
I was chokin' mad with thirst
And the man that spied me first
Was our good old grinnin', gruntin',
Gunga Din.
'E lifted up my 'ead
An' he plugged me where I bled,
An' 'e guv me 'arf-a-pint o' water
green.

It was crawlin' and it stunk,
But of all the drinks I've drunk,
I'm gratefullest to one from Gunga
Din.

It was "Din! Din! Din!
"Ere's a beggar with a bullet thru
'is spleen;
"E's chawin' up the ground,
"An' 'e's kickin' all around,
"For Gawd's sake, git the water,
Gunga Din."

'E carried me away
Ti where a dooli lay,
An' a bullet come an' drilled the

beggar clean.
'E put me safe inside,
An' just before 'e died,
"I 'ope you like your drink," sez
Gunga Din.
So I'll meet 'im later on
At the place where 'e is gone—
Where it's always double drill an'
no canteen.
'E'll be squattin' on the coals—
Givin' drink to poor damned souls,
An' I'll get a swig in hell from Gun-
ga Din!
Yes, Din! Din! Din!
You Lasarushian-leather Gunga Din!
Though I've belted you and flayed
you,
By the livin' Gawd that made you,
You're a better man than I am, Gun-
ga Din!

Mrs. J. H. Wyatt's many friends welcome her return from the old states Monday. She attended the funeral of her sister, Mrs. T. M. Jones, December 21st at Decatur, Ala. She visited relatives in Birmingham, Ala., Atlanta and West Point, Ga., and New Orleans, La. She also visited her son, J. W. Wyatt of Port Arthur Texas. She states that all these points were under the worst grip of cold and ice they have experienced in thirty years. It is feared that all the orange groves have been killed in the vicinity of Post Arthur.

Bill Hibdon has closed and torn down the old dance hall on his place four miles north of town. We understand that it was closed for lack of patronage. Possibly lack of publicity and the refusal of officers to be present at any of the dances killed it. At any rate the proprietor has decided that it is not a paying business from any standpoint and has decided to turn his attention to better things, for which he is to be commended.

Mr. and Mrs. Thomas J. Williams of Draw were callers at the News office Wednesday, renewing their subscription, and they reported the birth of a daughter to Mr. and Mrs. Mack Grubbs residing on the Williams farm Sunday night. The little lady weighed ten pounds and is doing fine. So is the mother.

Messrs C. C. Williams, secretary of the chamber of commerce, T. J. Bovell, Elton George and Ray Shaver, county agent, attended a meeting of the chamber of commerce executives in session at Lubbock Tuesday. They report a good attendance and a splendid program.

G. E. Hogan is a business visitor to Archer City and Dallas this week. Clark Church of Merkel was here Monday visiting his brother, C. P. Church. He was accompanied by his father, who will visit in the home of his son here for some time.

Mrs. J. B. Kidd, sister of Superintendent M. L. H. Baze, died at her home in Mason on Wednesday of last week. The remains were buried at Bethel near her ranch home between Mason and Brady on Thursday. Prof and Mrs. Baze attended the funeral.

Mr. and Mrs. R. C. Forrester, who have been editing the Wilson Pointer, the past month, were here Wednesday on their way to Piggins and Seagraves where Mr. Forrester had business matters to look after.

Charles Shook sold his residence this week to H. M. Snowden. He and family will move into the George Small residence, which he recently purchased.

E. J. Cooper is quite seriously sick this week of pneumonia. His many friends are hoping for a turn for the better soon.

Mr. and Mrs. Homer Harrison returned Friday from Whitewright where they spent several weeks visiting relatives.

R. E. Key and H. P. Prothro have been in San Antonio on business this week.

SMALL POX IN WILSON

(Wilson Pointer)
We believe Wilson is one of the best places in the world but once in a great while something comes to us we can't say we like so well and this time it is a siege of small pox. There are several cases in town and a number of homes under quarantine. Vaccination seems to be the order of the day and no one seems to be taking a chance.

The attendance at Sunday school has not been so good during the past few Sundays because of bad weather. We want you to come out now each Sunday at 10:30 and support this organization. Mr. McNeese, our superintendent has planned a very interesting and helpful contest to be used in connection with attendance and we are specially anxious to have a large crowd present next Sunday in order for everyone to become fully acquainted with the rules. A special invitation is extended to each person who has recently moved into our community. Each former member of the Sunday school should again resolve to attend regularly in order to encourage the new people.

Brother Dykes from Tahoka preached at both Sunday morning and night services. We appreciate his interest in our community in that he always fills his appointments. He will be with us again next fourth Sunday. Let's everyone be present next Sunday morning for Sunday school and church. A young Methodist preacher from the Tahoka church will preach at this time.

Martin Greenwood has returned from a three weeks visit in Big Spring.

Both boys' and girls' baseball teams have new baseballs. These balls were purchased with the remainder of the carnival fund.

C. L. Carr is reported to have the measles.

Mr. and Mrs. Greenwood and Maudene left Saturday with Mr. J. C. Hood for New Mexico. The daughter of Mr. and Mrs. Greenwood is seriously ill and they were suddenly called to her bedside.

The following students made an A or B average for the last six weeks: W. T. McFadden, Harvey Johnson, Verdel Lowrie, Iven Warrick, Bula Beard, Donelle Hood, Thomas Allen.

We appreciate the fact that Mr. Hammonds brought us some desks from town. We had needed them for some time and they have solved the seating problem or at least they have helped. We still use the benches but we have desks to go with them. We are having a regular attendance of seventy-one this week.

Several of the children are working diligently on spelling for the Interscholastic League meet.

Brother L. O. Parr and wife are visiting the latter's parents, Mr. and Mrs. Henry Disheroon. Brother Parr is pastor of the church at Tokio, near Brownfield. They plan to return Wednesday.

Mr. and Mrs. Cicero Johnson visited friends in New Lynn Sunday.

Mr. and Mrs. Aaron Warrick and baby are moving to Tahoka today.

Mr. Morris and sons, Donnie and Eugene went to Colorado, Texas, last week.

Mr. and Mrs. Hammonds and sons went to Ford county some time ago when Mrs. Hammonds' father died. Her brother returned with them.

Mrs. W. T. Warrick's mother, Mrs. Brown, from Coleman county is visiting her during this month.

Soil erosion takes each year 200 million dollars from the farmer's pockets.

CARD OF THANKS

After many weary days I have at last come to the place that I can in a feeble way acknowledge the many deeds of kindness shown me during my recent illness. Many blessings did I receive, among which not the least were the making of new friendships and the sealing of old ones. I can never begin to return all that was done for me, but I take this opportunity to express my appreciation as best I can.

From the following I acknowledge receipt of flowers: W. C. Wells and family, Reta Lois Collettack, Mr. and Mrs. D. B. English, Mr. and Mrs. L. F. Craft, Miss Galloway and Miss Worthy, Tahoka Kiwanis Club, Tahoka Phebe K. Warner Club, Nat Williams, Tahoka Church of Christ, Lubbock Church of Christ, Mrs. H. P. C. Evers of Brady, Girl's Sunday School Class of the Tahoka Church of Christ, Mr. and Mrs. J. W. Baze of Lubbock. There are possibly others whose names I cannot now recall. The Junior Class, Mrs. Tunnell, sponsor, deserves special mention for the card shower.

I wish especially to acknowledge the help of Mr. and Mrs. Sid Sanders, Mr. and Mrs. George Knight, Mr. and Mrs. R. F. Janak, I. S. Doak, G. H. Nelson, the Tahoka School Board, the Tahoka School Faculty, especially Mr. White, Mr. Hays, Mr. Allen and Mr. Nicklaus. To Dr. C. B. Towhee and Dr. C. M. Overton I owe a great debt for their kind and efficient treatment. To Grace Draper and other nurses of the Lubbock Sanitarium I shall ever be indebted. And to many others I owe thanks for their interest and expressions of hope and encouragement. To the churches of the town I of-

fer thanks for petitions to the Physician of Physicians. The Men's Prayer League shall ever be remembered for their prayers in my behalf. The High School body led by Judge B. P. Maddox also offered prayer, and for this I am very thankful. I know of nothing that could be appreciated more than the above; and I truly believe that nothing can avail more than prayer offered in faith.

While I have mentioned many in person, I realize that there are many others who offered assistance and many who expressed sympathy and interest and were willing at all times to help. Many came to my door and asked that they be permitted to help if the opportunity should be presented. To you I express my appreciation and that of my family. As a result of what has happened

I have become more attached to the town in which I live. The only way in which I can return the great kindness shown is through greater service to the town and the school, and though I must hereafter look more to the preservation of my health, yet in some ways I believe I can render greater service than I have in the past.

Most Sincerely yours,
M. L. H. BAZE

DURING SEVERE COLD SPELLS

When the piercing winds came out of the North, together with heavy snows, and the drop of mercury shivered and sought refuge at the bottom of your thermometer—you were WARM.

The comfort you enjoyed was not due to any accident—but was the result of the untiring labor of hundreds of employees of an organization which spares nothing in its efforts to keep faith with you. While you were sitting in front of your fire, while you were eating a warm appetizing meal, while you were enjoying a good night's rest, these men were fighting hard and unflinchingly against the bitter elements, perishing winds, ice of little advantage—like a shell without fort. The result of these efforts is SERVICE!!

Natural Gas, without SERVICE, is of little advantage—like a shell without a gun. When, however, it enjoys the companionship of a wholehearted service which we strive unceasingly to give it immediately becomes the most beneficial, economical and dependable fuel known to man.

**ATHLETIC DIRECTOR URGES
GOOD SPORTSMANSHIP**

To Basketball Coaches and Rural School Authorities of Lynn Co.:

We wish to thank the O'Donnell Index, the Lynn County News and the Wilson Pointer for getting our schedule out last week, and for the prominence given it, although they received the material late.

We wish to thank, too, Mr. R. F. Scott, Miss Mabel Draper and Misses Willie and Eunice Little for so faithfully helping to prepare the schedule hurriedly as was necessary, and we hope the plan will prove as satisfactory as can be expected for a time so limited.

We tried to group schools most convenient to each other, and also according to their size. These groups had to be kept small because of the limited time in which to play, and because we wished to give each team two games with each opponent, one on its own court and one on the opponent's court.

Some teams must play two games per week, but only one of these will be played away from home, so if all arrangements are made in a business like way, not more than one-fourth day of school should be used.

We hope that a "Good Referee", and those two words pay a very high compliment to the character and ability of any person, may be obtained; one who is satisfactory to all concerned, and if possible, one who is in no way connected with either school, and that everything will then

be left to him and that all will accept his decisions in a sportmanlike manner. His task is difficult enough, and thankless enough, even if all do this. Remember that games must be refereed and that at least half of us must lose in these preliminaries, and the remainder of us at the finals.

We urge that all abide by the "Interscholastic League" rules to the letter, that preference be given to good pupils at all times, and that all refuse to play ineligible any time. Let's avoid contention, "razzing", protests, and possible forfeiture of games won unfairly.

Let each player, each pupil and each patron do his part for the reputation of his school and his community, and all will be well.

Let's play for pleasure and for the zest of the game

RAY L. SHOWALTER
Lynn County Athletic Director

PETTY

We are all enjoying this warm sunshine after three weeks of cold weather. Old settlers say it was the coldest in forty years, but it didn't seem to dishearten these new comers, as they are all out at work grubbing and breaking land, getting ready for another crop. The snow left us with a good season and we can go right on with our sod breaking.

Mr. and Mrs. Cudd and daughter, Lucille and also Mr. Bowman made a business trip to Wichita Falls and

Fort Worth last week and they visited at Snyder as they came home.

Mrs. Hawkins and Mr. Carr of Dickens county visited Mr. and Mrs. Brooks Smith and friends at New Home Saturday and Sunday.

Mr. Johnson of Dixie has moved on to Mr. Lowrey's place near Petty. We are always ready to welcome people like Mr. and Mrs. Johnson, as they will be a help in our church and Sunday School.

Warren Smith and Miss Pearl Dockery visited at Tahoka Sunday and rode in the big air plane.

We are glad to learn that Mrs. Cudd, who was operated on, is doing nicely.

There has been quite a lot of sickness around here. Mr. Dockery is also on the sick list this week.

Burnett Smith and Miss Jewel Lowe attended church at New Home Sunday night.

Mr. Rowen and sons have moved on Mr. Cudd's place and we learn they are to make a crop here.—Reporter.

Locals

High school pupils and hosts of friends in town rejoice that Supt. M. L. H. Baze is able to be in his office at the high school again this week. Mr. Baze spent about six or seven weeks in the hospital in Lubbock and during much of the time his life seemed to hang in the balance. He left the hospital almost two weeks ago, going to Mason for a week's visit and recuperation in the home of his brother, Dr. P. A. Baze at Mason, before returning to his duties here.

Lon Light and J. B. Scarborough of Newmoore were business visitors in Tahoka Wednesday and called at the News office. They report that they have no kick on the crops raised in their community last year but do have a kick at the prices received. The best crops in the county were to be found out in that vicinity.

Mr. and Mrs. P. M. Montgomery, residing out on Route 1, are the parents of a robust young lady, who came into their home last Thursday morning; weight 13½ pounds. Mother and babe are doing well—also dad.

J. W. Armontraut of New Home was able to be on the streets of Tahoka Monday. He was just recently released from a sanitarium in Lubbock, where he underwent a serious operation.

Lillian Jo and Harold Ashworth, little children of Mr. and Mrs. J. W. Ashworth residing a few miles east of town, have been seriously ill of membranous croup but are now improving.

Miss Boyd, one of the teachers in the New Home school, was taken to the West Texas hospital in Lubbock Monday for an operation for appendicitis.

**"Penetrative
Lubricity"
MEANS**

1. Freedom from Friction.
2. A "Carry-Over" Film by Metal Penetration.

To lubricate, an oil must decrease friction between metal surfaces. A motor oil does this by separating the metal surfaces, and theoretically keeping them separated under all operating conditions. It may amaze you to know that many oils frequently fail to do this.

Think how this "separation" of moving parts is accomplished. The oil forms a wall or "film" between opposing surfaces... and it is upon this film that the reputation of every oil must rest. The film is thin, of course, for it must ride in the tight crevices of bearings, cylinder-walls, etc. But it must also be of extraordinary strength... it must cling tenaciously... or the pressure of your motor will squeeze and hurl it from the vital points that must be kept separated.

Penetrative Lubricity... The New Gauge of Motor Oil Merit

Penetrative lubricity is the outstanding characteristic of the new Conoco Germ-Processed Motor Oils. This characteristic is the direct result of Germ-Processing.

You must know this story of Germ-Process. Briefly, it is the patented result of 16 years' experimentation by the British scientists, Wells and Southcombe. Back in 1901, when everything of fundamental importance was known about the refining of mineral oils... these two scientists foresaw that additional improvements must be made, in order to keep lubricants abreast of the future development of the "gasoline buggy."

They knew that animal and vegetable oils

were "oilier" than mineral oils could ever be, but were impractical for use in internal combustion motors which operated at high temperatures.

Finally the Germ-Essence, containing the "oily" property lacking in mineral oils, was isolated. And a method was devised for combining this essence with highly refined mineral oils.

Only Conoco Oils Are Germ-Processed... This Gives Them Penetrative Lubricity

Continental Oil Company now owns the exclusive right to Germ-Processing for North America. Only with these new oils can you secure a fracture-proof film which actually penetrates the metal surfaces of your motor! What does this mean? ... It means that the all-important film no longer may be buried and squeezed from moving parts. The Germ-Essence carries the oil into every minute crevice... into the very metal itself. And there it clings—clings when the heat of high speeds seeks to scorch and drive it away... clings when bearings try to squeeze it out... clings, too, when you stop your motor. And this is most important... for the oils you are now using drain away as the motor stops, and require 5 to 15 minutes to resume their guard duty when you next tread on the starter. That's why 40% to 60% of your motor wear occurs in those first minutes of operation.

Save your motor by the use of this new oil. Introduce it to Conoco Germ-Processed oils today at the sign of the Red Triangle.

COULD HARDLY REST

Lady Says She Hurt Nearly
All Over and Was Very
Nervous. Took Cardui
and Got Well.

New Albany, Ind.—"About ten
years ago, I was just about run-
down," writes Mrs. David Brock, of
1102 West Main St., this city.

"My back and limbs ached; in
fact, I hurt nearly all over. I had
bad, sick headache spells, and my
nerves were all to pieces.

"I could not sleep at night; could
hardly have any rest at all. I was
barely able to get around to do my
work. I kept up just because I was
a mother with five little children to
care for.

"I read about Cardui I thought
it might help me, so I bought a bot-
tle and began to take it.

"It was such a benefit to my
health. By the time I had taken
the first bottle, I felt so much bet-
ter. My husband insisted on me
giving Cardui a fair trial, so I kept
on until I had taken several bottles,
and at last found myself a well
woman.

"Thousands of other women, who
had been in a run-down, suffering
condition, have reported that after
taking Cardui they recovered good
health.

Cardui is a strengthening tonic,
extracted from herbs of long-known
medicinal value. Try it. NC-216

CITATION BY PUBLICATION

THE STATE OF TEXAS
To the Sheriff or any Constable of
Lynn County, Texas, Greeting:

You are hereby commanded to
summon M. A. Gordon by making
publication of this Citation once in
each week for four successive weeks
previous to the return day hereof, in
some newspaper published in your
County, if there be a newspaper pub-
lished therein, but if not, then in the
nearest County where a newspaper

is published, to appear at the next
regular term of the District Court of
Lynn County to be held at the
Court House thereof in Tahoka, Tex-
as, on the 3rd Monday in February
A. D. 1930, the same being the 17th
day of February A. D. 1930, then
and there to answer a petition filed
in said Court on the 14th day of Jan-
uary A. D. 1930, in a suit, numbered
on the docket of said Court as No.
819, wherein S. L. Forrest is plaintiff
and M. A. Gordon is defendant and
said petition alleging that on or
about the 19th day of July, 1928, de-
fendant made, executed and deliver-
ed to C. C. Ross his certain prom-
issory note in the sum of \$25.00, bear-
ing date on the day and year above
mentioned and payable on or before
the 1st day of November, 1928; stip-
ulating for 8 per cent interest from
maturity, and for an additional ten
per cent for attorney's fees if placed
in the hands of an attorney for col-
lection or sued upon; that S. L. For-
est is the legal owner and holder of
said note from C. C. Ross, aforesaid;
that he purchased the same for a
valuable consideration, before matu-
rity and without notice of any in-
firmity; that said note was given for
a part of the purchase money of the
following described real property and
premises, to-wit: all of lot 1, in
block No. 50, of the original town
of Tahoka, Texas, in Lynn County;
that said land was conveyed to M. A.
Gordon by C. C. Ross and wife, Rena
Ross, by a deed of writing of even
date with said note, and in said deed
a lien was reserved for the payment
of said note; that said note is due
and unpaid; that demand has been
made by plaintiff for the payment of
same on defendant, but he has fail-
ed and refused and still fails and re-
fuses to pay the same or any part
thereof.

Wherefore plaintiff prays the
court that defendant be cited to ap-
pear and answer this petition, that
he have judgment for his debt, in-
terest and attorney's fees and costs
of suit, and for foreclosure of his
lien on the above described land and
premises, and the same be decreed to
be sold according to law; that the
sheriff or other officer executing
said order of sale shall place the pur-
chaser of said property sold under
said order of sale in possession
thereof, within thirty days after the
days of sale, and for such other and
further relief, special and general, in
law and in equity, that he may be
justly entitled to, and will ever pray.

Herein Fail Not, but have you be-

50 horsepower six cylinder engine

Not until you drive the new Chevrolet
Six can you appreciate what a won-
derful improvement has been made
in its famous six-cylinder valve-in-
head engine. With its capacity in-
creased to 50 horsepower, it has great
reserve energy for sweeping up the
steepest hills—for swift acceleration

—and for sustained high speeds. Its
power flows evenly and smoothly.
And it is extremely flexible in traffic.
In fact—it does everything you could
possibly want a motor to do. Yet it is
remarkably economical in its use of
gasoline and oil. Come in today for a
demonstration.

TEXAS GARAGE

GAS AFTER MEALS

"Didn't See a Well Day for Weeks—None of My Food Agreed With Me," Says Engineer.

Kansas City, Mo.—"After each meal, distress would come on me, and I would suffer bad pain," says Mr. Peter Seeger, a Missouri Pacific railroad engineer, residing at 323 Elmwood Street, this city.

Mr. Seeger explains that the pain seemed to come from indigestion, as he had a sensation of gas, or bloated feeling in his stomach. "I found that by taking a pinch of Black-Draught, dry, after meals, I would be relieved," he says.

"I would carry Black-Draught to work with me. I took it for about a year and a half.

"None of my food agreed with me. I would frequently taste what I ate, long after my meals, and I did not see a well day for weeks. I began taking a pinch of Black-Draught after each meal, and kept this up for weeks. Gradually the pain left me, and I began to feel better. I ceased to be troubled with gas, and could eat what I liked.

"I have been well now for a year, but I still keep Black-Draught, and take it to avoid constipation."

Have you tried it?
Sold everywhere, in 25-cent packages containing 25 doses. Insist on the genuine—Theodor's. NC-217

THEODOR'S BLACK-DRAUGHT
For Constipation, Indigestion, Biliousness, etc.

will speak to both men and women. She will feature several of the women's programs.

Livestock day comes Wednesday, February 5th. With the marked interest in dairying and dairy cattle on the Plains Panhandle this subject will be given special emphasis on the program. Feeding and cow testing by mail will be featured. Permanent and temporary pastures for cattle and hogs will be discussed, and sheep feeding and fattening for market will be on the program. The farm flock in poultry will be given special consideration. A full list of speakers and subjects will be announced in the near future.

The first day's session will be held in the Tech gymnasium which has a seating capacity of more than two thousand. Smaller group meetings will be held during the three days in other buildings of the College. Demonstrations for women will be held in the home economics building. A reception for both men and

women will be given by the School of Home Economics in the new Home Management House Wednesday afternoon at 3:30.

President Paul W. Horn will deliver the address of welcome at 7 P. M. on the first day in the College gymnasium. The response will be made by Lynn Stokes, president of the Texas Farm Bureau Cotton As-

sociation. Texas Technological College is extending a cordial welcome to all who are interested to attend these meetings.
