PLAINS COTTON REPORT GOOD

Third of Million Bales Raised in Fifteen Counties in Spite of Severe Drouth

In spite of the severe drouth that prevailed over the larger portion of the South Plains last summer, the fifteen cotton producing counties in this section harvested 324,413 bales prior to January 16, according to Government figures made public this week.

Two or three of these counties, such as Howard and Garza lie partly on the plains and partly below the plains, but a few other counties similarly situated are omitted, while the figures for two or three counties, such as Andrews and Yoakum are not given.

For the first time in the history of this section, Lamb County leads in production, Lubbock being a close second. The championship heretofore has lain between Lubbock, Lynn and Dawson, but with greatly increased acreage and abundant rainfall this year Lamb county has forged to the front. Hockley county also takes its place this year among the big cotton producers of the south plains.

The Government figures for these fifteen counties for 1928 and 1929 are as follows:

	1929	1928
Bailey	7,537	3,425
Briscoe	7,663	10,781
Crosby	24,807	22,608
Dawson	32,528	23,451
Floyd	16,883	19,501
Gaines	4,459	1,733
Garza	5,082	11,000
Hale	18,480	18,065
Hockley	29,515	8,308
Howard	21,137	23,370
Lamb	49,302	23,319
Lubbock	45,045	29,705
Lynn	29,646	27,996
Martin	10,780	9,665
Terry	22,049	8,103

Hall county was the champion cotton raising county in all West Texas last year, her yield being 50,805 bales. It was also the champion in 1928. Below are the figures for the leading counties of West Texas, not including the plains:

	1929	1928
Childress	25,346	29,275
Coleman	26,528	41,282
Collinsworth	42,018	45,463
Cottle	22,317	23,631
Dickens	13,117	19,257
Donley	18,390	27,318
El Paso	38,341	48,318
Fisher	15,961	24,096
Hall	50,805	77,164
Hardeman	29,306	23,114
Haskell	24,378	34,376
Jones	24,196	39,441
Knox	22,114	29,506
McCulloch	22,033	22,969
Mitchell	25,231	26,390
Motley	16,126	20,049
Nolan	10,579	10,983
Runnells	43,961	58,045
Scurry	18,420	11,929
Taylor	20,966	31,110
Wheeler	29,072	36,224
Wichita	21,845	18,898
Wilbarger	48,274	30,552

The total production in Texas ginned prior to January 16, was 3,760,827 bales in 1929 and 4,806,988 bales in 1928.

Nicholson Has Hand Injured In Gin Saw

D. L. Nicholson, who works at the Round Bale Gin, got one of his hands caught in the saws last Thursday and the member was badly lacerated. Prompt medical attention was given it and we understand the wounds are healing satisfactorily.

Lynn Co. Ginnings Now Total 29,646

There were 29,646 bales of cotton, counting round bales as half bales ginned in Lynn County, prior to Jan. 16, 1930, as compared with 27,996 bales ginned to Jan. 16, 1929.

There were 32,928 bales of cotton, counting round bales as half bales, ginned in Dawson County, from the crop of 1929 prior to Jan. 16, 1930, as compared with 23,451 bales ginned to Jan. 16th, 1929.

3,000 PAY POLL TAXES FOR 1929

Total Count Exceeds 1928 By Over 300 But is Short of 1927 Record By 300

While the tax collector is unable to give us at this time the exact number of poll taxes paid prior to February 1, he says that the number is approximately 3,000. This is a slight increase over last year but a decrease from two years ago, according to the figures that were given us at the time for these two years. Prior to Feb. 1st, 1928, 3,300 poll taxes were paid, while prior to February 1st, 1929, the number was 2,683. There has been an increase over last years ago. The increase over last years, therefore, of about 300 but a decrease of about 300 from two years ago. The increase over last year is due chiefly, no doubt, to the fact that this is election year, while the decrease from two years ago, which was also an election year, is doubtless due to the fact that financial conditions are more stringent now than they were then. There has certainly been no decrease in the population.

The number of poll taxes paid during the past several years, according to our records, is as follows:

Year	Number
1922	1,732
1923	2,669
1924	2,514
1925	3,017
1926	2,254
1927	3,300
1928	2,683
1929	3,000

Henderson Wants To Weigh 'Em Again

W. O. Henderson adds his name to our list of candidates this week. Mr. Henderson is now serving his first term as public weigher and he is willing to try it another round—yes, more than willing, he is anxious. While the cotton crop was short this year and the remuneration attached to the job was correspondingly reduced, yet he is hoping for better years in the future both for the farmers and for the public weigher.

Mr. Henderson has been in office just a little more than a year, and if there has been any complaint of the manner in which he has performed his official duties, it failed to reach our ear. He has been attentive to the job and accommodating to the public. If given a second term he promises to hold out faithful to the end and to give the farmers the service they have a right to expect. He will probably be around to see most of you in person before the primaries.

Tahoka Man Weds San Angelo Girl

Stewart Willoughby of this city and Miss Jewell McCaughan of San Angelo were married on Saturday, January 25th, at Lovington, New Mexico. They have apartments at the Larkin House in this city for the present.

Mr. Willoughby is a brother of Mrs. K. F. Knight and Mrs. B. H. O'Neal and is an employee of the State Telephone Company. The bride is the youngest sister of J. S. McCaughan of this place. The News joins many friends in extending congratulations.

TREE PLANTING MOVE STARTED

Shade and Ornamental Trees To Be Furnished Citizens Through Chamber of Commerce

The Chamber of Commerce, ever ready and anxious to help make Tahoka a more attractive and desirable place to live has made arrangements whereby it will be glad to secure shade trees of most any kind and have them delivered in person by a representative handling the trees. If you have not placed shade trees on your property now is the time. During the past few years many shade trees have been planted in Tahoka. If everyone would place the Chinese Elms, they have been proven to be the best shade tree for West Texas, between the walk and the curb it would be only a matter of a few years until Tahoka streets would be lined with nice shade trees.

Now is the time to put out your shade trees. If you will let us know what you want the Secretary will be glad to place your order and have the trees delivered for your inspection. If you desire Evergreens, fruit trees or any other fruit or flowering plants they will also be gotten for you.

Let us have your order. There is no charge made for the service.

Candidate Is Making Attack On Jones

Judge Tom Christopher, a young lawyer at Lamesa, has announced as a candidate for Congress against Marvin Jones. He is vigorously attacking Jones' record in Congress, claiming that Jones has never done anything in Congress for his district or his state. He also takes a side-swipe, at Senators Morris Sheppard and Tom Connolly. His fight is directed at alleged unlawful mergers of big corporations and the activities of the Interstate Commerce Commission. In fact, he criticizes about everything and everybody connected with the Federal Government. Christopher is practically unknown here but we presume he will pay Tahoka a visit in the near future.

Big Year's Work Done By Chamber

Secretary C. C. Williams has issued a statement setting forth the achievements of the Chamber of Commerce during the past year.

This statement is too lengthy to publish but it will probably be read at the Chamber of Commerce banquet to be held in the basement of the Methodist Church next Tuesday night.

It shows that this body has been very active during the past year and that many accomplishments of varying importance are to its credit.

Mr. Williams states that a large attendance is expected at the banquet next Tuesday night. Tickets are already being sold and much interest in the affair manifested. A number of visitors from the various communities and sections of the county are expected, as well as a number of visitors from other towns.

County Court Is Still In Session

A jury was present when county court convened Monday morning, but no cases being ready for trial, the jury was excused until Wednesday.

Some probate matters received attention Monday. Mrs. L. F. Craft was appointed guardian for her little nephew, James Alonzo Foster. W. M. (Bill) Thompson was appointed permanent administrator of the estate of the late Frank Vaughn.

MRS. BAZE'S FOSTER FATHER DIES AT LONDON

G. T. May, uncle and foster father of Mrs. M. L. H. Baze, died at his home at London in Kimble county Saturday. The remains were buried Sunday. Mrs. Baze and son, Junior, George May Amsom, who is attending school here, and Mr. and Mrs. I. M. Draper were called to that place Friday by his serious condition and attended the funeral. They returned to Tahoka Tuesday.

BAPTISTS CALL PASTOR SUNDAY

O. J. Hull, Gatesville, Is Elected; Will Give Decision At An Early Date

At a conference of the Baptist Church at the 11 o'clock service Sunday morning, a call to the pastorate was extended to Rev. O. J. Hull of Gatesville. He was notified of the call Sunday night and has the matter under advisement. He is expected to give a definite answer some time soon, though he will probably visit the church again before doing so.

The church at Gatesville has a much larger membership than the church here, but the prospects for growth and development here are probably much greater than at Gatesville, and it is thought that this may be a strong consideration in favor of his coming.

Arrangements are being made now to do considerable repair work on the interior of the parsonage. This work is to be done regardless of who shall come as pastor.

Dr. W. K. Johnston of Lubock filled the pulpit at the Presbyterian Church here Sunday morning and evening, speaking to appreciative congregations.

Woman Is Appointed Judge of Hartley

Mrs. W. R. Slaton, widow of county judge W. R. Slaton of Channing, who died recently, was elected a few days ago to serve out the unexpired term of her deceased husband.

Mrs. Slaton is the mother of our own W. B. Slaton of the First National bank of this city. She is probably the first woman county judge in Texas. The many friends of W. B. here are betting that she will make good in this office in every respect.

Dr. R. B. Smith returned Tuesday night from Quinlan, where he visited a day or two. He was accompanied as far as Dallas by Fred Haney, who returned with him.

Kiwanis Club Hears Young Folks Program

The pupils of Mrs. Rafe Richardson entertained the Kiwanis Club Wednesday with readings and songs. Two readings were given by little Benoy Gattis, the last one being entitled, "My Platform," or "When I Am President"; and the Club members are agreed that he delivered the goods. Elton Gattis also gave a reading entitled, "I'd Love To Be An Eskimo," which was very entertaining.

Little Aletha Goddough gave a vocal solo, while Miss Delois Reid entertained with a piano solo. Miss Helen Brasfield and Mrs. Richardson sang "Sleepy Valley" while Mrs. Richardson accompanied on the piano, and a pianologue was rendered by tiny little Lavoyle Richardson.

Visitors at the luncheon were Judge W. H. Crunk and Judge J. M. Marshall, both of Lubbock, who were here on professional business.

Presbyterians Will Hold Revival In March

The Synod-wide evangelistic campaign of the Presbyterian Church, U. S., is now in progress throughout this synod and is making splendid headway. The revival at Tahoka is scheduled for the week beginning Sunday, March 16th, and continuing through Sunday, March 23, according to A. F. Martin, a member of the local congregation. Dr. W. M. Elliott of Colorado will do the preaching and conduct the services.

"The Presbyterians here feel especially favored in having Dr. Elliott sent to conduct this meeting," Mr. Martin stated, "for he is a very distinguished speaker and is regarded as one of the most able ministers in Texas."

All the other pastors and their congregations, as well as all other citizens of Tahoka, are cordially invited to avail themselves of this opportunity and to assist the Presbyterians in their work.

Want Ads Mighty Cheap Commission

W. M. (Bill) Thompson says that ads in the Classified Ad column of the Lynn County News pay big. "I sold \$1,800 worth of stuff with little ads that just cost \$1.60," Mr. Thompson stated to a representative of the News Wednesday. One of these sales was made to an Arkansas man who was passing through the county, got hold of a Lynn County News, and read Thompson's ad. He had never seen nor heard of Thompson before, nor had Thompson heard of him. Bill says he figures that the \$1.60 which he paid to the News was a mighty cheap commission.

C.-C. BANQUET NEXT TUESDAY

Will Be Held At Methodist Church; Excellent Program Has Been Prepared By Committee

The Banquet Committee of the Chamber of Commerce, of which Truett Smith is chairman met a few days ago and planned a dandy program and feed for the two hundred and fifty guests which are expected to attend the Annual Chamber of Commerce Banquet at 8:00 o'clock Tuesday, February 11th in the basement of the Methodist Church. The ladies of the Methodist Missionary Society are preparing to feed the largest crowd that has ever gotten together in a Community gathering in Tahoka.

The program as outlined will be presided over by Mr. Taylor White, President of the Chamber of Commerce for the past year. Others appearing on the program are; L. H. Moore, E. M. Wilder, Truett Smith, Jack Applewhite, G. H. Nelson, C. B. Townes, Chester Connolly, E. I. Hill, and S. L. Forrest of the Board of Directors of the South Plains Dairy Products Company of Lamesa will talk on Dairying.

The principal speaker of the evening will be the Honorable Gordon B. McGuire, District Judge of this district.

The Directors of the Lynn County Fair Association and their wives will be the guests of the Chamber of Commerce on this occasion.

Every citizen of Tahoka and Lynn County who is interested in the development of this section is cordially invited to attend the Banquet. Tickets are on sale at both of the Drug Stores in Tahoka and at the Chamber of Commerce office and you are requested to make reservations by Saturday night that the ladies may prepare a plate for you.

Mrs. Jessie Kimmons Dies In El Paso

Mrs. Jessie Kimmons, who formerly resided in this county but who has resided at Corona, New Mexico, the past year or two, died in a sanitarium in El Paso last Friday night. The remains were taken back to Corona and buried there.

The deceased was the daughter of Mr. and Mrs. J. F. Greenwood of South Ward. Mr. Greenwood was at his daughter's bedside at the time of her death. The entire family and also Mr. J. C. Hood of South Ward attended the funeral.

Besides a husband and other relatives, deceased left a baby boy just twelve days old.

Crowd Hears Stamps Quartet At School

The Stamps Quartette rendered a program, consisting chiefly of popular songs, at the high school auditorium Tuesday night. A good-sized audience was present and enjoyed very much the various numbers on the program.

They rendered a like program at Dixie Monday night and at New Home Wednesday night.

The Stamps singers have wonderful voices, and their concerts have been enjoyed throughout the South and in a number of the Northern States.

SUDDEN DEATH TAKES CONWAY

Prominent Business Man Died Tuesday Noon; Is Buried At Rising Star

The entire town was shocked and grieved to learn soon after noon Tuesday that A. P. Conway, local manager of the United Dry Goods Stores, Inc., was dead. He died in his place of business at 12:30 after an illness of little more than an hour's duration. Death was possibly the result of a complication of diseases. He had suffered for some time from gall stones, we understand, but whether this was the immediate cause of his death or a sudden attack of acute indigestion, we are not able to state. His wife and son, Walter, seventeen years of age, were present at the time of his death. He became sick in the store at about 11 o'clock. The family and a physician were immediately summoned and everything humanly possible was done to save his life but he soon lapsed into unconsciousness and passed away after a period of intense suffering.

Harris & Applewhite, undertakers and embalmers, took charge of the body and prepared it for burial, and Borden Davis left with the corpse in an ambulance at a very early hour Wednesday morning for Rising Star, where the funeral was conducted and interment had Wednesday afternoon. The wife and son and W. S. Anglin, a life long friend of the deceased, accompanied the remains to Rising Star.

Mr. Conway was about 55 years of age. He had been in Tahoka since last summer, when the United Dry Goods Stores opened a business here. During his brief residence here he had made many friends. An excellent business man and a genteel gentleman at all times, he commanded the highest respect of all. A member of the Baptist Church and a devout Christian for many years, he was ready for the end, sudden though it was.

Mrs. Conway and Walter have the deepest sympathy of hosts of friends here in this sad hour.

Mr. M. McGaha, Big Spring, is here as temporary manager of the United Dry Goods Store, taking charge of the business Thursday morning. A permanent manager will be selected soon, he says.

Singing At Dixie Attracts Big Crowd

Possibly 600 or 700 people attended the singing at Dixie last Sunday afternoon. Every seat in the auditorium was occupied and the walls were lined and the door ways and the rear of the building filled with people standing.

The chief attraction was the singing of the Stamps Quartette, but there was a splendid program given by local singers in addition to the numbers rendered by the visiting quartette.

Prof. H. M. McEachern presided and he knows how to function on such occasions.

Boy Scout Services At Methodist Church

A special service for Boy Scouts will be held at the Methodist Church next Sunday morning in celebration of the fifteenth anniversary of this organization. All boy scouts and prospective boy scouts should be present, and their parents and friends are cordially invited.

Just A Reminder: Pay The Editor!

To those whose subscriptions to The News have expired, we ask that you come in and pay up. You cannot afford to do without your county paper, and, of course, we can use the money.

With the election, the census, etc., coming off in 1930, there'll be a great deal to read that you'll be interested in. Send us that dollar and a half, please. We will do the rest.

JOE BAILEY JOTTINGS

The recent blizzard has become a memory and people are able to stir around again and investigate the damage.

Mr. J. A. Williams reports the loss of his best Jersey milk cow during the severe cold spell.

Mr. L. T. Brewer lost a valuable Jersey cow and the next day his best heifer calved.

Frozen ears and frosted heels are the order of the day among the school children.

Mildred Copelin, the twelve year daughter of Mr. and Mrs. Copelin tripped over an obstruction while playing on the school yard and broke both bones in the lower left arm, just above the wrist. Dr. Turrentine set the break and Mildred hopes to be back in school Monday.

Joe Bailey Basketball boys played their first games with Edith on Friday afternoon. Car trouble caused a late arrival and only a small crowd watched a splendid game. Edith scored first with a field goal and it was only by hard playing and the breaks of the game that Joe Bailey was able to even the score. A free pitch brought the score 3 to 2 in the visitors favor at the end of the first quarter. It was anybody's game during the second and third quarters. The last quarter brought Joe Bailey well into the lead and a final count of 16-6. The game itself was smooth, clean, fast and well played. Very few fouls were made and there was no roughing. Good sportsmanship was shown both by the players and spectators.

The following is the Joe Bailey line up: forwards—Melvin Simmons and David Brewer; Center—Jack Brewer; Guards—Joe Thomas Brewer and T. J. Lee. Referee—Mr. Bearden of Edith; Umpire Mr. Pearson of Joe Bailey. We regret that we do not have the Edith line-up.

Edith will play a double header at Joe Bailey on February 7th.

The Joe Bailey high school pupils will begin rehearsals Monday of two long plays to be given about February 14th and 22nd.

In 1928 more than 3 billion dollars were spent for new buildings in 310 cities of the United States having a population of 25,000 or over.

Nearly 2 billion dollars were spent for residential buildings—single dwellings, duplex houses and apartment buildings.

More than \$776,000,000 were spent for apartment houses and 715 million dollars for one-family homes.

The habit of criticizing is one which grows on us if we ever start it. There is nothing more disagreeable than a person who is constantly fault finding.

Let us make it a rule never to criticize. If we are positive that we can offer a far better, more constructive plan, let us present it in the form of a suggestion instead of criticism.

NERVOUS SUFFERING

Lady Says She Took Cardui, Felt Better In a Few Weeks, and Steadily Gained Health.

Moscow, Ohio.—"I had been in awful, bad health for months and months," says Mrs. Cynthia Slaton, of this place. "My nerves were all to pieces, and I was all run-down. My back hurt all the time, and I had to drag myself around the house. My legs ached and I worried all the time. I could not stand the least noise. The least little thing upset me."

"One day, I read a Ladies Birthday Almanac that my husband brought home, and I thought I would try the medicine I read about in it—Cardui.

"I began taking Cardui, and in a few weeks I felt myself getting much better. I took it for several months, as I was steadily gaining in health. When I finished taking Cardui, I felt fine.

"Since that time, thirty years ago, I have taken Cardui several times when I needed a tonic to help build me up, and it has always helped me. I give it to my daughters and I have recommended it to others. I think it is a fine medicine."

Great numbers of women, of all ages, have written to tell how they have been helped back to good health by taking Cardui. NC-216

How can we expect our children to be polite and considerate if we neglect the little niceties in our daily lives at home?

There should be no such thing as "company manners". If we make courtesy a habit in our everyday family intercourse the children unconsciously acquire courteous ways and will usually not need to be reminded of their "manners."

Foreign matter in fuel, especially water, condenses on the cylinder walls when the temperature of the engine is lower than 110 degrees. This danger is minimized in both Buick and Marquette cars by the use of thermostatic temperature control and an efficient crankcase ventilating system.

CITATION BY PUBLICATION

THE STATE OF TEXAS
To the Sheriff or any Constable of Lynn County, Greeting:

You are hereby commanded to summon M. A. Gordon by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in the nearest county where a newspaper is published, to appear at the next regular term of the District Court of Lynn County to be holden at the Court House thereof in Tahoka, Texas, on the 3rd Monday in February A. D. 1930, the same being the 17th day of February A. D. 1930, then and there to answer a petition filed in said Court on the 14th day of January A. D. 1930, in a suit, numbered

on the docket of said Court as No. 819, wherein S. L. Forrest is plaintiff and M. A. Gordon is defendant and said petition alleging that on or about the 19th day of July, 1928, defendant made, executed and delivered to C. C. Ross his certain promissory note in the sum of \$25.00, bearing date on the day and year above mentioned and payable on or before the 1st day of November, 1928; stipulating for 8 per cent interest from maturity, and for an additional ten per cent for attorney's fees if placed in the hands of an attorney for collection or sued upon; that S. L. Forrest is the legal owner and holder of said note from C. C. Ross, aforesaid; that he purchased the same for a valuable consideration, before maturity and without notice of any infirmity; that said note was given for a part of the purchase money of the following described real property and premises, to-wit: all of lot 1, in block No. 50, of the original town of Tahoka, Texas, in Lynn County; that said land was conveyed to M. A. Gordon by C. C. Ross and wife, Rena Ross, by a deed of writing of even date with said note, and in said deed a lien was reserved for the payment of said note; that said note is due and unpaid; that demand has been made by plaintiff for the payment of same on defendant, but he has failed and refused and still fails and refuses to pay the same or any part thereof.

Wherefore plaintiff prays the court that defendant be cited to appear and answer this petition, that he have judgment for his debt, interest and attorney's fees and costs of suit, and for foreclosure of his lien on the above described land and premises, and the same be decreed to be sold according to law; that the sheriff or other officer executing said order of sale shall place the purchaser of said property sold under said order of sale in possession thereof, within thirty days after the days of sale, and for such other and further relief, special and general, in law and in equity, that he may be justly entitled to, and will ever pray.

Herein Fail Not, but have you before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

(SEAL) Given under my hand and the seal of said Court, at office in Tahoka, Texas, this 14th day January A. D. 1930.

CHEVROLET
Greater Beauty - Finer Performance
Never has a Chevrolet car won greater praise for its appearance than the new Chevrolet Six. Its new Fisher bodies reveal in every detail the artistry that has made the Fisher name famous throughout the motor car world. In beauty of line and color, in balance and harmony of design, they represent one of the greatest style triumphs in Fisher history. Upholsteries are richer and more durable. The instrument panel carries a new and more attractive grouping of the control instruments. Seats are wider and deeper. In fact, not a single feature has been overlooked that would add to the comfort and convenience of both driver and passengers.

In addition to its new beauty, the new Chevrolet Six represents a remarkable advance in every phase of performance. Its improved six-cylinder valve-in-head engine has been increased to 50 horsepower—giving faster acceleration, and greater reserve power. Steering has been made safer and easier. Four Lovejoy hydraulic shock absorbers provide exceptional riding comfort. Fully enclosed, internal-expanding, weather-proof brakes give positive braking control. And numerous structural improvements add to the car's dependability, endurance and long life. Come in today and see this car. And remember, it is now available.

And Listen To the Facts About the Chain Store

Here are ten reasons why you as a citizen of Lynn county should trade with the independent merchant:

1. Money spent with the chain store is gone. You will see it no more.
2. Money spent with your independent merchant builds schools, churches, and roads.
3. Tahoka was built by the people who live in Lynn county and keep their money in Lynn county.
4. How much credit did you ever get from a chain store?
5. You have been all of your life building a credit. It is worthless at a chain store.
6. Don't be a sucker all of your life. Trade with your independent merchants and keep the money in the county.
7. It takes taxes to run our county and city government. Compared with the gross business done by the chain store, the taxes they pay amounts to practically nothing. Wall street is interested in non-taxable investments. What they fail to pay has to be made up by the average citizen.
8. Our schools are supported by taxation. A certain large amount in cold cash must be paid out each month.
9. The independent merchant is a real citizen. He is interested in the community. He can only prosper as it prospers, and is ruined if it does not prosper; not so, with the Chain store. If things tighten up the stock of goods is moved thirty to fifty miles and consolidated with another unit of the same chain and they are out only a small freight expense.
10. The money spent with the local merchant is deposited in the local bank and is drawn out to pay taxes, living expenses, payments on real property, wages and interest on the money that it takes to carry his local trade. You borrow some of that money from the bank. It stablizes local conditions. Quite the reverse with the money you pay the chain store. Only a short time it resides in the local bank, and then it travels far North. You can't borrow any of it. It is gone.

These reasons are not directed at the personnel of any chain employees. They are against the Big Money Barons, who sap our community of its strength by daily transferring our money to Wall Street.

THE OLD-TIME SHERIFF PASSES

The Tulsa Tribune, covering a recent convention of the Oklahoma Peace Officers' Association, remarked on the fact that the old-time western sheriff is gone.

Time was when the western sheriff was a leathery individual with drooping mustaches, two six-shooters and a bandy-legged gait that came from countless hours in the saddle. Now the sheriffs are trim young chaps, as the Tribune remarks, "who look like preachers and second lieutenants and smart business men."

It is not only that the old west has passed; police methods too, have changed. A manhunt was once an individual contest between officer and fugitive, with the officer sticking in the saddle until he caught his man. Now it is a matter of getting to the telegraph wires and enlisting the aid of officers in surrounding towns. The fleeing bandit is more apt to run into a trap than to be caught from behind. Cooperation has replaced individualism.—Plainview Evening Herald.

In reporting the Kiwanis Banquet last week we inadvertently omitted the name of Judge B. P. Maddox as one of the speakers. The Judge made one of the niftiest and most enjoyable brief addresses of the occasion.

E. H. Boullioun is in Abilene today on business.

People of Clarendon joined with thousands over the nation Tuesday morning of this week in tuning in on the opening ceremonies of the five-power disarmament conference which convened in London, England. To sit in one's own home and be among those present at a conference of world importance on another continent is one of the amazing privileges of this modern age. There is no need for any man to longer be of restricted vision or confined in thinking or activities to the narrow limits of one community. God didn't intend it that way, and now modern progress so challenges man that he dare not neglect or refuse to accept this new and wider sphere—world-wide, if you please.—Clarendon News.

TEXAS POLITICS

It seems that the Hoovercrats will probably be barred from candidacy in the Democratic primaries, and possibly from even voting in the primaries. At least some of the members of the State Democratic committee favor such a policy.

If such action is taken by the committee, it will split Texas Democratic ranks wide open. Although Dave

Wilcox and his committee can't seem to realize it, the yellow dog" voter is no more—and that type of politician is on the wane.

Each election shows a greater tendency of the voter to cash his ballot for the man instead of the "straight ticket"—a factor that will, in time, do more than any one thing to eliminate "dirty" politics.

Such drastic action as that contemplated by the Texas Democratic committee will throw our state into political turmoil, new party campaigns, independent parties, many life long Democrats going over to the Republican party rather than to

the State committee.

Be sure to pay your poll taxes before January 31st so you can have your say in the election.—Southland Sun.

Lynn County Woman Dies In Washington

The death of Mrs. Manda Jane Wilson marked the end of a beautiful life. She died January 28th at the age of 75.

Mrs. Wilson was born Sept. 16th, 1854 in Indiana but has been a resident of Lynn County for the past 13 years having come here with her husband J. J. Wilson (deceased) and elder son, Bert, in 1917. Since then they have resided 14 miles southeast of Tahoka in the Redwine community, however, Mrs. Wilson at the time of her death was visiting her daughter at Spokane, Washington.

Mrs. Wilson, known by everyone as "Grandma" was one of the most beloved citizens in the whole neighborhood. She loved children especially and never lost an opportunity to win their love and deep respect which they gave freely. Grandma Wilson's Bible stories will be well remembered by all the children of her acquaintance for years to come.

She was a true Christian having been a devout member of the Church of Christ for years. She had many times expressed a willingness to die since the death of Grandpa Wilson in 1922. So although her frail little body lies sleeping in the Tahoka cemetery by the side of her husband we know her soul lives on.

Besides a host of friends the beloved are three children: Bert Wil-

son, Tahoka; Ernest Wilson, Sweetwater and Mrs. Myrtle Wanamaker, Spokane, Washington. There were seven grandchildren and one great-grand child all living; and a half sister who is believed to be living in Alabama.

Funeral and song services were conducted here by Jessie Eubanks and Mr. Keys respectively at the Church of Christ at 5 P. M. February 3rd. Mr. and Mrs. Ernest Wilson and family and Mr. Bert Wilson were present besides many friends.

License On Many Cars Yet Unpaid

Sam Sanford states that about 1900 car licenses have been issued so far. He still has about 1100 number plates in his office, the Department having sent 3,000 number plates to this county. Many car owners have not yet paid the license. Cars may be seen on the streets every day wearing the old number. The penalty is liable to be placed on any day now. Owners of cars who have not paid the license should do so at once. They might save money by so doing.

A. G. White removed Wednesday to a farm of 160 acres which he recently purchased from Eltor George. He will continue to do his road work, however.

Census Information To Be Kept Secret

Supervisors of the Census are asking that people give information freely and correctly to the census taker when he comes around. The information given by each individual will be kept strictly secret. It will not be furnished to any other department of the government even. Disclosures of individual operations will not be made to any person or official for any purpose whatsoever. It is important that absolutely correct information be given to the census enumerator. Individuals should therefore strive to be accurate in answers to the questions propounded. Frankness and accuracy on the part of the people will be very helpful and valuable to the enumerators in their efforts to take a true and correct census of the country.

Baze Gets Praise From Home Town

M. L. H. Baze, superintendent of our schools, recently attended the funeral of a sister and visited friends and relatives at London in Kimble county. He did his first teaching at London, and the London correspondent to the Junction Eagle, after mentioning the funeral, has the following to say about Prof. Baze:

"George May Amaon attended the funeral and visited home folks Thursday night and Friday, returning to school at Tahoka where Prof. Baze is Superintendent. This young man says he is doing good work. I am sure of this because he could not get along with Martin Baze unless he did good work."

"There is one mystery to me: Why Mason, McCullough and Kimble counties will allow one of their own boys who is indeed an educator, a disciplinarian and a man who holds up the higher ideals, not only in his school but in his daily life, to have to go to other sections to apply his talent. Martin Baze is the character and kind of man mentioned above. It appears to me that it should be the pride of one of these counties to have this man at the head of their school."

MRS. LU McDANIEL CELEBRATES 87TH BIRTHDAY

One of Tahoka's oldest residents, Mrs. Lu McDaniel, marked her eighty-seventh milestone on Saturday, February 1st, at the home of her nephew, W. E., and Mrs. Suddarth, with whom she resides.

Mrs. McDaniel was totally unaware of any plans for a celebration in her honor, but consented to accompany Mrs. Suddarth to the English Theatre for the matinee. What was her surprise and pleasure to be greeted there by a small party of her more intimate friends who had been asked to enjoy the afternoon with her! After the show, the party adjourned to the Suddarth home where they spent a pleasant social hour. The hostess informally served refreshments of sandwiches, pickles, perfection salad, fruit ice, and cakes. Covers were laid for: Mesdames Adair, W. M. Lee, W. T. Clinton, C. H. Cain, J. A. Coughran, and the honoree. Mrs. McDaniel received several gifts which were appreciated but little less than the thoughtfulness that prompted their presentation.

The case of W. C. Barnes vs. B. H. Jones, suit on a contract, is on trial today.

LIGNITE COAL FOUND IN DRILLING CITY WELL

A sample of lignite coal taken from the city well now being drilled by N. R. Powell is on exhibition in the city secretary's office. It is a very light coal and the grain in the wood of which it is a transformation is plainly visible.

Mr. Powell says that he encountered the stratum of coal at about 200 feet and that it is about ten feet thick. It is said that out-croppings of this same stratum may be found at various points along the cap rock east of here. It is doubtful if this coal is of much commercial value, however.

BAPTISTS ATTEND WORKER'S COUNCIL AT NEW HOME

Uncle Ben Rogers, Prof. and Mrs. H. P. Caveness, Mr. and Mrs. Burton Edwards, Rev. D. D. Johnson, R. E. Key, Mrs. Taylor White and Mrs. F. M. Billman attended the Workers' Council of the Brownfield Baptist Association, which was held at New Home Tuesday.

The Tahoka people report a good-sized crowd present, a splendid program and royal entertainment on the part of the people of New Home. They say it was one of the best conferences they have ever attended.

SPEIGHT RESIGNS AS MANAGER OF JONES STORE

Thomas H. Speight, who has been manager of the Jones Dry Goods Store at this place the past several years, has tendered his resignation to take effect on February 10. Mr. Speight has given out no information as to his future plans, and no announcement has been made here as to who will be Mr. Speight's successor.

Mr. Speight and family will probably remain here temporarily at least.

TAHOKA HI-LEAGUE TO CONDUCT PRAYER MEETING

The Tahoka Hi-League will conduct the Mid-week prayer meeting at the Methodist Church on Wednesday evening, February 12th, at 7:30, celebrating the birthday of Abraham Lincoln. They have chosen as their subject: February Heroes of American History. Some men to be discussed are George Washington, Thomas Jefferson, and Abraham Lincoln, with Elizabeth Martin, head of the Third Department in charge of the program. The Hi-League will appreciate the attendance of the citizens of Tahoka.

Mr. and Mrs. F. E. Redwine and little son, Winston, left Sunday afternoon to visit relatives in Fort Worth and possibly to visit the lower Rio Grande valley before returning to Tahoka.

STATE COMMITTEE CHOOSES WAR

By a vote of 21 to 9 the state democratic executive committee on Saturday decided to bar all Democrats who voted for Hoover in 1928 from a place on the ticket for any state office in the Democratic primaries to be held this year.

This means that no Democrat who voted for the Hoover electors in 1928 shall be allowed to run in the Democratic primaries this year for governor, attorney-general, superintendent of public instruction, comptroller, state treasurer, land commissioner, railway commissioner, or commissioner of agriculture. Some county committee chairmen have already indicated that they would follow the same policy and would bar the names of all "Hoovercrats" as candidates for district and county offices.

We are indeed sorry that the state executive committee saw fit to take this action. It means another year of political turmoil in Texas.

The committee had the power to choose war or peace; it has chosen war. It has unsheathed the sword against all so-called Hoovercrats.

Just what practical effect this action will have remains yet to be seen. The first impulse of every Democrat who voted for Hoover in 1928 must be to remain out of the primaries this year. Many of them, however, will be drawn into the primaries on account of local races. Others will possibly not be sufficiently interested in the fate of any man whose name is barred to keep them out of the primaries. Still others may enter the primaries with mental reservations about the pledge printed on the ballot. But it is altogether probable that the great mass of voters who scratched the Al Smith electors in 1928 will act in concert. It is probable that they will agree upon some course which most of them will follow. If the courts should sustain Tom Love's contention that the committee has no right under the law to exclude his name or the name of other candidates who voted as he did, then his name will appear on the Democratic ballot in spite of the ruling of the state committee and the Hoover Democrats generally will enter the primaries. If the courts should sustain the committee and bar Love's name and the names of other "bolters", then multiplied thousands of good Democrats will remain out of the primaries this year. Also there will be independent candidates for governor and other offices, and there will be a warm time in November.

The action of the committee is of little concern to most of us, personally, who refused to vote for Al Smith in 1928; for most of us have no desire nor intention of running for any office whatever, either in the Democratic primaries or indepen-

dently. But most of us do not like to have our political rights curtailed. We do not like to be treated as miscreants or even as mere servants in our father's house. We do not like to be barred from the Democratic table, given a little handout at the back door and admonished to run along and be good for two years and then we may be allowed to eat at the table with white folks after that. We had hoped for political peace. We are indeed sorry that the committee seems bent on war. We are sorry that they seem determined to "punish" somebody. As for us, we shall bear proudly the stigma that the committee has sought to place upon all so-called "Hoovercrats." We shall glory in the crown of thorns that these party Pharisees seem determined to press down upon the brow of life-long Democrats as we say, "Father, forgive them for they know not what they do."

HATE

A few days ago a dripping wet newspaper writer, either through narrow-mindedness or for propaganda purposes, made an attack on Senator Morris Sheppard. "Sheppard hates liquor. He hates beer. He hates wine. And he hates anyone who likes them," the gentleman wrote. Taking note of this attack upon him in a speech delivered in the Senate, Senator Sheppard replied: "The statement that I hate anyone whether in connection with liquor or anything else is entirely in error. I hate nobody. Love of all humanity is one of the principal forces behind the prohibition movement." Whereupon Senator Copeland, another wet, from the state of New York came to Sheppard's defense. "I know of no man who is so genuine in his character and in his attitude toward men in general, and the statements the Senator from Texas has just made I thoroughly agree with."

There are some men who are so little and mean that you cannot disagree with them vigorously without incurring their personal hatred. Morris Sheppard is not of this type, but his newspaper critic seems to be.

There are a few fine gentlemen here in Tahoka who seem to feel that this editor dislikes them because he constantly disagrees with them in politics. Nothing could be farther from the truth. There are many men here whom we genuinely admire and love and yet we do not agree with them on scarcely any of the vital political issues. So, gentlemen, if we continue to pour it on to your pet political theory, don't conclude therefrom that we dislike you. We don't. We love you, God bless you.

Augustus McCloskey, Democrat, has conceded the re-election of Harry M. Wurzbach, Republican, to his seat in Congress from the San Antonio district. This concession was made after the House Elections Committee had counted the ballots in seven boxes selected by McCloskey's attorney. The recount in these seven boxes gave Wurzbach a net gain of 280 votes, more than enough to insure his election. So McCloskey must abdicate and Wurzbach will resume his place in Congress. We have no interest whatever in Wurzbach nor in McCloskey, personally, but we are deeply interested in the matter of clean elections and a fair count. There has been a lot of unpunished political corruption in South Texas. Every one of these crooks and corruptionists should be sent to the penitentiary, if possible. He is an enemy to his country who would pollute the

ballot box and steal an election. Mayfield was right when he said that Texas has some little Tammanles herself that need to be cleaned out.

The political road hogs on the state democratic executive committee seem to be trying to crowd Tom Love off into the ditch. If they succeed, there will be multiplied thousands of Democrats who have not been personally interested in Tom very much who will come to his rescue and help him land his little flivver back up in the middle of the road.

WHAT OTHERS THINK

There are lots of slurs thrown at dad these days. He is a bit warped in his ideas and there is a lot of interference in his make-up regarding the modernistic plan of things, but after all he is not a bad piece of furniture to have in the home. He is used for various and sundry things. He furnishes the household with meat, bread, evening dresses and night clothes. He carries out the ashes and brings in the coal. He also has the job of bringing in the bacon while the youngsters carry out the "dough". On Christmas and Thanksgiving he furnishes the strutting gobbler and then carves it and divides it out among the jelly beans and the flappers. There is a lot of good dads left and a great number that are no account for anything. It's staggering to look at them.—Plains Progress.

A NORTH AND SOUTH RAILROAD

Sure, we want to go after that north and south railroad, is the way many citizens size up the situation. If we are alive to our opportunity we will get on the job at once. When we have secured this line, we can turn our attention to building to the oil fields in Andrews county and in New Mexico or to a connection with the Santa Fe Railway at Lamesa. Big Spring had best not remain asleep at a time when so many big rail systems seem anxious to invade West Texas. If we get busy it's quite certain we can secure some substantial backing.—Big Spring News.

The Rails Banner is putting on what they call a "Loyalty Campaign," in which the editor promises to expose by naming all who are caught trading at other places. This ought to go over big, unless he gets to naming those who buy printing out of town.—McLean News.

Another reason why we don't believe in giving our wife a pear!

lace was not deep nor did the woman's face show the usual signs of necklance. A New York lady was found choked to death by her pearl necklance. The imprint of the neck-

strangulation, the dispath said. It's just naturally running a risk to buy your life a pearl necklance. Of course, if you want to get rid of her it might be all right.—Graham Leader.

your Cows  look for

milk-pail Results  NOT

low-cost  per bag

When anyone offers to "save you money" by selling you a "cheap" dairy feed, remember that the milk pail determines both the cost and the profit of any feed. . . Feeds selling for less than RED CHAIN usually contain an excessive amount of cottonseed meal; they produce milk for a while, but eventually they "burn up" your cows. . . Experienced dairymen know RED CHAIN 24% Dairy Ration is the most economical feed for cows because it produces more and better milk and keeps cows in better condition, insuring a long life of usefulness and profit. Everything considered, the best is always cheapest in the end.

By the Bag, RED CHAIN 24% Dairy Ration May Cost a Little More—By the Milk Pail it Always Costs LESS!

BILIOUS, DIZZY

Lady Says She Suffered Much Discomfort Until She Tried Black-Draught; Found It Brought Relief.

Townville, S. C.—"I had a bilious spell. I would get very dizzy and have such a bad taste in my mouth," says Mrs. Bertha Whitfield, of this place.

"When I would stoop over, I felt like I was going over on my head. "When I would get up mornings, I felt as tired as when I went to bed. "A friend told me how she had been helped by taking Black-Draught, and how she kept it in her home. So I thought I would try it, any way, which I did, and from then on I have used Black-Draught when I feel bad, get up tired, or feel that I need anything. Now I recommend it to my friends.

"If I get tired and sluggish, feeling like I must sit around when I have lots to do, I take Black-Draught. A few doses seem to be what it takes to cleanse my system of impurities that may cause this trouble."

Black-Draught is made from finely powdered herbs and roots carefully combined, weighed and packaged by automatic machinery.

Easy to take—no disagreeable after-effects. Sold in 25-cent and \$1.00 packages at all druggists. Try it. NC-271

County Contestants Should Send Names In To McEachern

H. M. McEachern of Dixie, director of the tiny tot and declamation contests, requests that all pupils in the county intending to enter the declamation contests at the county meet of the Interscholastic League shall notify him at least one week prior to the county contest. He advises that the rules governing these declamation contests will be strictly enforced.

All entrants in the tiny tot story contest should also notify Prof. McEachern at least one week prior to the county contest. To be eligible to enter this contest, entrants must have been seven years of age prior to September 1, 1929, and not over ten years of age on that date. Stories must not be over five minutes long.

Prof. McEachern's address is Tahoka, Route 4.

Marvelous Work Of New Konjola Told

Tahoka Drug Store To Introduce Advance Remedy For First Time In Tahoka

If you were told that one single medicine put hundreds of men and women back to work in Chicago, Philadelphia and other large cities after they had been idle for months with health troubles, it would sound

G. H. MOSBY
Discoverer of Konjola

impossible, wouldn't it? And that countless people were completely relieved of rheumatism and neuritis, and that they were able to walk again, without cane or crutches, and that this same medicine restored health to men and women who had suffered with stomach and kidney troubles for years, that complete relief had come in cases of misery where health resorts, expensive treatments and medicines upon medicine had failed—indeed, it seems impossible! Yet, it is all very true, and the medicine that has done all these things is the new Konjola, which is being introduced starting today at the Tahoka Drug Store, this city.

Wherever introduced, this Konjola is vastly different and more effective in thousands of cases of ill-health than any previously known medicine. It is a remarkable compound for the following well-known troubles:

RHEUMATISM: Especially severe cases, where pains are intense, muscles swollen, joints stiff and rigid. In the milder cases of this disease, Konjola relieves almost at once and this medicine brings the same results to the neuritis victim that it does for the rheumatic sufferer.

STOMACH, LIVER, KIDNEYS, and BOWEL TROUBLES: Nearly all forms of misery that arise from these unhealthy organs have been so quickly relieved by Konjola that men and women sufferers everywhere were surprised. It is the action of this medicine on the organs of the inner-system that removes toxic poisons from the system and brings quick relief in so many cases. The secret of this Konjola is the way it acts on the important functionary organs of the body, namely: the stomach, liver, kidney and bowels. So many diseases and long standing disorders of these organs were so completely conquered and entirely banished by this new compound that thousands of people in larger cities were able to give up taking medicines for time to come.

After the great accomplishments and wonderful work of Konjola in other sections, it is declared that this medicine is what hundreds of sufferers in Tahoka and vicinity have long needed to actually reach their cases, and preparations are being made to introduce Konjola for the first time at the Tahoka Drug Store, where this medicine will be sold and explained to the public daily.

Little Billie Grider, son of Judge and Mrs. G. C. Grider, who was compelled to undergo an operation as the result of a bean lodging in one of the bronchial tubes, nearly two weeks ago, was brought home last Saturday and is improving nicely. Little Ruthell Grider, who was sick of flu is also about well again. Subscribe for The News.

A Medicine You Have Waited Many Years For THE NEW KONJOLA

Being introduced in our store for the FIRST TIME. This celebrated new remedy is for the stomach, liver, kidneys and bowels and rheumatic and neuritis troubles. Chicago, Philadelphia, and other large cities have gasped at the wonderful accomplishments of this remarkable medicine.

This remarkable compound is destined to bring new hope, happiness and glorious health to Tahoka people. Thousands of seemingly hopeless cases of health troubles have been conquered in larger cities, by this advanced compound.

Konjola, the medicine made from extracts of 22 plants of Nature, containing over 30 beneficial ingredients, works with the sufferer's own food, bringing more normal healthy action to the important organs of the body—the stomach, liver, kidneys and bowels.

Service Tells

DURING SEVERE COLD SPELLS

When the piercing winds came out of the North, together with heavy snows, and the drop of mercury shivered and sought refuge at the bottom of your thermometer—you were WARM.

The comfort you enjoyed was not due to any accident—but was the result of the untiring labor of hundreds of employees of an organization which spares nothing in its efforts to keep faith with you. While you were sitting in front of your fire, while you were eating a warm appetizing meal, while you were enjoying a good night's rest, these men were fighting hard and unflinchingly against the bitter elements—perishing winds, ice and snow—to insure your perfect comfort. The result of these efforts is SERVICE.

Natural Gas, without SERVICE, is of little advantage—like a shell without a gun. When, however, it enjoys the companionship of a wholehearted service which we strive unceasingly to give, it immediately becomes the most beneficial, economical and dependable fuel known to man.
