Entertains With Bridge Breakfast

Mrs. Buster Fenton entertained her friends with a bridge breakfast Tuesday morning, June 17, at her home. The tables were gorgeously decorated with sweet pea blossoms of many beautiful colors. Miniature baskets of sweet peas were given the guests as favors. A delicious breakfast consisting of fruit cocktail, ham and pineapple on toast circles, popovers, marmalade and ice coffee, was served to the following guests:

Mmes. Williams, Powell, Slaton, Nash, Gaignat, Burleson, E. E. Callaway, Roberts, A. P. Edwards, Turrentine, Craft, Marshall Swan, Buford Swan, Boullouin, M. O. Bridges, A. D. Sanders, Sumner Knight, W. O. Henderson, Townes, Haney, Skip Taylor and Mrs. Fleener of Houston. Mrs. Louie Weathers, her mother, Mrs. Nash, of Jefferson, Texas, and Mrs. Carl Griffing came as tea guests.

Leaguers Enjoy Party Monday

About two dozen of the Methodist Hi-Leaguers met in the Church basement Monday evening for their regular monthly "festivity"—and after several hours departed without any illusions concerning its success. The time was filled with music and games and "eats" of course—sandwiches and delicious grape punch. The closing moments of the happy hours included fellowship songs, a prayer by the Counselor and the League benediction.

Miss Eloise Clark is the newly elected superintendent of Recreation and Culture and promises some fine times throughout the year.

The League has, this last month, enrolled nine new members and, with new officers and committees, work on their new year is getting well under way.

News locals regarding some of the members might be chronicled as follows:

President J. D. Donaldson, Jr., is spending a vacation in Wichita Falls.

SICK HEADACHES

Disagreeable Feeling All Went Away Following Use of Black-Draught.

Paduach, Ky.—"For a long time I suffered with severe sick headaches that would unfit me for my work for two or three days at a time," says Mrs. C. H. Hal, of 222 Tennessee Street, this city.

"I would have these headaches if I let myself get constipated. I would also feel very dull and stupid and have a very bad taste in my mouth.

"After I heard of Theford's Black-Draught and began taking it, all this bad feeling would disappear and I would not have the headache, so that now I just keep a box of Black-Draught on hand, and when I feel the least bit bad I take a dose and it relieves me at once. I am glad to recommend Black-Draught, in fact I have done so many times, to friends and neighbors."

Theford's Black-Draught is a purely vegetable cathartic or laxative medicine, composed of selected medicinal herbs and roots. Black-Draught is finely powdered, which enables the juices of the stomach to extract its medicinal properties in an easy, natural way.

Refuse imitations. Get the genuine—Theford's.

Costs only 1 cent a dose. NC-227

with his brother, who visited with home folks here last week, and, incidentally, was a most interesting speaker at the Epworth League meeting held during his visit.

The League's two ministerial students, Jesse Roberson and Frank Sargeant are out of McMurry College for the summer, and Jesse visited here with friends over the week end, enroute from Abilene to his summer's work up in Northwest Texas and Oklahoma. Frank is at home for the present, and on Sunday evening very creditably filled the local pulpit in the absence of Brother Breedlove who is away in a meeting. Frank will preach at the M. E. Church at Post next Sunday, both morning and evening, while the pastor there, Rev. Ed A. Sharp, will supply the Tahoka charge at those services.

Miss Fay Slater, a member of the League's Life Service Volunteer Band, began Monday a two weeks vacation from her nurse's duties at the Lubbock Sanitarium, and is with the home folks out in the Lynn community.

Sunday afternoon, ten Leaguers, accompanied by their Counselor, attended the first meeting of the "Live Wire" League Union under its new corps of officers. The meeting was held at Wilson and delegates from Grassland and Lamesa brought the attendance up to around sixty. The "high light" of the meeting was the definite plan for a Union League Efficiency Institute to be held in Tahoka the third week in August. Miss Mary Fenton, newly elected Union President, presided at the meeting and is in charge of the Institute plans.—Reporter.

Mr. and Mrs. Mohler Honored At Shower

Monday evening a host of friends met at the home of Mr. and Mrs. Fern H. Hancock of New Home in honor of Miss Willie Mae Grosse of Mason who became the bride of Mrs. Harris Mohler of Menard. Mrs. Mohler was a former teacher at New Home. A number of games were played and Miss Helen Allen gave her favorite reading, "Married Just One Year," and Mrs. Hays of Tahoka sang Wedding Bells, then little Rodney Fern Heck dressed as a U. S. Postman came driving in to the bride and groom a postwagon drawn by Gwynolla Bauleh and Bobbie Gene McCormack dressed as fairies and started unloading packages. In those packages were found every kind of gift that brides could wish for. Refreshments were served to sixty-eight guests.

"Konjola Worked Wonders In My Stubborn Case"

Fort Worth Man Relieved Of Severe Attack of Rheumatism Eagerly Praises New Medicine

MR. JOE CONNELLY

"For over a year I suffered with muscular rheumatism," said Mr. Joe B. Connelly, 504 Belknap street, Fort Worth. "My entire body was a mass of aches and pains. Finally I was forced to give up my work and was confined to my bed. The pains were so severe that I had to be moved very carefully and was helpless and bedridden for three months. My nerves were completely gone and I felt at times that I could not bear my suffering another day.

"I sent away for my first treatment of Konjola and was amazed at the results. Within three weeks I was able to get up and around without assistance. Gradually the pain and soreness left me and I began to feel my old self again. My nerves settled, constipation was completely banished, and I do not remember when I have felt as well as I do now. Konjola certainly worked wonders in my case."

Though Konjola works quickly, and many sufferers are greatly benefited in a week, a complete treatment of from six to eight bottles is recommended for thorough results. Konjola is sold in Tahoka at Tahoka Drug Co., and by all the best druggists in all towns throughout this entire section.

CONOCO Celebrates its Conquest in America's Greatest Motor Classic!

GERM-PROCESSED is the First Stock Motor Oil to "place" in INDIANAPOLIS Speedway Races! . . . Now PENETRATIVE LUBRICITY Proves it's Worth in the Terrific Punishment of Racing Motors

Dave Evans, driving a one hundred twenty-two cubic inch front drive Miller Special, placed sixth out of thirty-eight starters. Evans added less than one-half the amount of oil usually consumed in the average racing motor, in five hours, twenty-four minutes, fifty-four seconds of driving, at an average speed of 92.57 miles per hour.

More than one hundred and seventy thousand cheering, excited people, Friday, May 30, saw CONOCO do something that no other stock oil has ever done before! . . . saw CONOCO's claims for the sensational new Germ-Processed oil verified beyond the shadow of a doubt . . . saw the supreme test applied to America's newest oil . . . saw Germ-Processed oil "place" among the leaders of the Indianapolis Race . . . saw CONOCO victorious

in the domestic oil market of the Nation! It was only good strategy for CONOCO to gain bring the superiority of Germ-Processed oil to your attention in this sensational way. At a time when motorists in every section of the country have been lending willing ears to the story of the Germ Process . . . learning that this is the first fundamental improvement in oils since 1901 . . . reading the sensational disclosures of motor oil merit following the recent Pike's Peak Tests . . . CONOCO, by this masterful stroke, crystallizes the already widespread conviction, that Germ-Processed Motor Oil is the safest oil

station bearing the CONOCO Red Triangle! You never were told that about any other oil, were you? Remember, Germ-Processed is the first stock oil that ever "placed" in this race. Now CONOCO has proven its claims, confirmed its challenge and justified this request of you: "If you value the life of your motor, if you would reduce your operating costs, if you want better lubrication than any other oil can give you, go to the Sign of the Red Triangle and ask for . . ."

CONOCO GERM PROCESSED PARAFFIN BASE MOTOR OIL

for every-day driving in twenty-seven million cars. For the Germ-Processed oil used in this race was the same stock oil that you can buy at any service.

NOTICE TO THE PUBLIC

Any erroneous reflection upon the
reputation or standing of any indi-
vidual, firm or corporation, that may
appear in the columns of the News,
will be gladly corrected when called
to our attention.

From the time he entered the race
for governor we have been most
kindly disposed toward Senator
Clint Small. We believe him to be
a most excellent gentleman, well
qualified by knowledge and training
to fill the office of governor. But
every candidate's position on public
issues is to be taken into considera-
tion. Jim Young has repeatedly
charged from the stump that Clint
Small is the candidate of special in-
terests, such as big oil corporations,
gas interests, and sulphur. Now
comes Tom Love and charges that
Small voted in the state senate
against every proposal to repeal the
notorious "search and seizure law"
and the "evidence" law passed dur-
ing the last Ferguson administra-
tion. These laws were repealed.
Love says, over Small's bitter oppo-
sition. The "search and seizure" law
made it an offense for an officer to
search a private car or a private
residence without first having ob-
tained a search warrant. The "evi-
dence" law provided that no evidence
obtained by such a search could be
used on any trial against a criminal.
Both were designed to cripple
the enforcement of the liquor laws,
and they had that effect. Small voted
and worked against their repeal.
Love also charges that Small was
one of the most vigorous and unre-
lenting advocates of every measure
proposed in the senate directed
against the "Hoovercrats." He voted
and fought for the passage, Love
says, of the bill which passed the
House and the Senate prohibiting
the "Hoovercrats" from entering the
Democratic primaries this year, either
as voters or candidates. Govern-
or Moody vetoed this measure. If
he had not done so and if Small had
had his way, a great majority of the
voters throughout the entire plains
section, including Lynn County,
would have been barred from the
Democratic primaries this summer.
Senator Small had impressed us as
being a broad-minded man, but his
course in the senate seems to write
him down as most unreasonable and
intolerant in his attitude toward that
vast number of conscientious voters
who two years ago refused to lend
their aid in elevating the able and
powerful champion of the liquor in-
terests into the White House; and
Small's fight for the retention of the
Ferguson "search and seizure" law
and "evidence" law on the statutes
of this state writes him down as a
poor friend of prohibition enforce-
ment. We are truly sorry that
Small's record turns out to be so
disappointing in these vital matters.

The Lynn County News can still
be had for \$1.50 per year—52 issues.

Dan Moody is out of it now and so
we suppose we can say nice things
about him without being suspected
of trying to boost him back into
the governorship. What we wish to
say is this: that Dan Moody has
been fortunate in the character of
men he has appointed to office.
Among these we mention R. S. Ster-
ling, Cone Johnson, and W. R. Ely,
members of the state highway com-
mission, Robert Lee Bobbitt, attor-
ney general, Pat Neff, member of
the state railway commission, J. H.
Walker, commissioner of the gen-
eral land office, George H. Sheppard,
comptroller and others. While many
people in Texas may not approve of
the manner in which some of these
appointees have performed their re-
spective duties, yet without an ex-
ception they are admitted to be
splendid gentlemen of the highest
type and outstanding ability. Dan
Moody should have due credit for the
high character of the men he has
appointed to office. We believe
that no governor of Texas has ever
surpassed him in this respect.

We are not boosting Tom Love for
governor; but since hearing him
speak, we are thoroughly convinced
that he has been most unjustly mal-
igned by his political enemies. We
often hear him sneered at as a
"broken-down politician." We do
not believe that he merits the epi-
thet. He is neither "broken down"
nor a "politician" in the opprobrious
sense. He is a most earnest, sincere,
courageous man, ever fighting for
what he believes to be right. That
he is a man of great strength of
character and of unusual mental en-
dowments is the impression that he
must make on any unbiased listener.
There are much better orators but
there are few stronger, better men
in Texas politics than Tom Love. He
is a man among men.

The picture of Pat Neff adorns
the windows of several business
houses in Tahoka. Pat Neff is now
serving as chairman of the state
railway commission by appointment
and is running for an elective term.
He has some warm personal friends
in Tahoka who are promoting his
candidacy. Pat Neff made one of
the best governors Texas has ever
had. He is well qualified by experi-
ence and study to cope with the
problems which the railway commis-
sion has to deal with. We know
very little about his opponents in
this race but certainly no one of
them can be as well qualified for
the position as Mr. Neff. It is prob-
able that the people of Texas will
return him to this position by an over-
whelming majority.

The News has received a commu-
nication from our good friend, A. W.
White of Los Angeles, California,
who has property interests in Lynn
County and spends a few weeks here
each year, in which communication
he highly commends our editorials
and then hands us this bouquet:
"You have the best edited and the
cleanest county paper I have ever
read." We certainly appreciate the
flowers. Mr. White also encloses
some editorials clipped from the Hol-
lywood News, one of which we are
using this week in another column
of this paper.

In boosting his wife for governor,
Jim Ferguson says in Ferguson's
Forum that she is the owner of a
dairy which he assists her in op-
erating. We suppose that his du-
ties are to throw the bull.

**WHAT OTHERS
THINK**

PROTECTED BY THE LAW

That the Criminal Courts of this
country have failed of their mission,
that the jury system has been dis-
credited, and that the enemy of so-
ciety rather than society itself is
protected, are facts that must be ad-
mitted however regretfully. This
country has piled up a record for
crime as no other civilized country
of the world approximates. The sub-
ject is old. Theorizing about it per-
haps has become trite. There has
been abundant discussion and la-
ment. Nothing of a reformative na-
ture has resulted. Organized crime
carries on its war, out-smarting the
authorities supposed to combat it,
or wins the connivance of these au-
thorities by corruption. The halls of
justice are infested by criminal law-
yers who are as real in the role of
criminals as in that of lawyers.
Judges are helpless or seem to be
helpless.

Just now two strange and anomalous
spectacles attract public at-
tention. In Chicago a somewhat
more than ordinary wave of murder
has excited indignation. The men
responsible for this are well known
to the police. They are not being
disturbed. There has been a frantic
effort to gather in the small fry of
the underworld. These are being
turned loose as fast as they are giv-
ing hearings. Remarkable one Chicago
judge to the police, "These hysterical
arrests follow every shooting, but
they don't mean anything. You men
know who the higher-ups are. Get
them." But the higher-ups remain
immune.

At the same time Al Capone, Chi-
cago's most notorious gangster, a
man responsible for the reign of ter-
ror in that city and for crimes in-
volving numerous murders, is in
Florida. The people of Florida re-
sent his presence. They consider him
a poisonous menace. They have
sought by legal means to get rid of
him and failed. The police there
have been active in the effort to
drive him out. They have found that
the law does not uphold them in
their fight against a criminal but
that it throws its benign protection
around the criminal himself, enab-
ling him to maintain his colony of
armed thugs in a peaceful and order-
ly community.

The attempt to explain so outrag-
eous a condition becomes embarrass-
ing because it injures the pride.
Capone's Chicago immunity may be
understood, and the blame for it
placed on weak or wicked officials.
He has not erected his zone of safe-
ty in Florida by bribery or by
threat, but by the sheer insolence of
a criminal in defying society and its
lawful agencies. And in this course
he has been sustained by judicial
decisions.

Whom does the machinery of the
law protect? The question is perti-
nent.—Hollywood News.

**MR. STERLING ACCEPTS
THE CHALLENGE**

Mr. Sterling, in his opening ad-
dress at Huntsville, must have dis-
concerted certain of his opponents
who had previously been rather gleeful
over the fact that the Houston
candidate was irrevocably "tied" to
the State highway bond issue and
who had anticipated his slurring it
over in the present gubernatorial
race. Mr. Sterling did not slur it.
Instead he paramoured it and met
the issue squarely. The question is,
as Mr. Sterling explains, whether
State highways shall be built sci-
entifically under a unified program by
the State itself or whether they shall
be built haphazardly by county ac-
tion, as has been the case in the
past. He is personally, of course,
under the conviction that the effi-
cient and sensible thing to do is to
empower the State to bond itself as
a whole for a project which is, after
all, itself a unit. At the same time
Mr. Sterling disclaims any stubborn-
ness of opinion. He has, he says,
an open mind on the subject and, if
the Legislature can suggest a better
solution, he is willing to adopt it.
Eventually, at any rate, he makes
plain, the entire problem is one for
the people to decide upon. The is-
sue, as it now stands, is not wheth-
er Mr. Sterling himself is for the
State bond issue, but whether the
people of Texas would like to have
the matter submitted to them thru
legislative action for their possible
rejection or approval.

Mr. Sterling, dealing with the
same subject, also pointedly met the
criticism that the proposed \$350,-
000,000 bond issue would saddle the
people of Texas with a hopeless
debt. It is undoubtedly a fact that
nine out of ten voters in Texas do
not understand the bond proposal.
The mere stupendousness of the
amount involved scares them away
from any analysis of just what is
suggested. Mr. Sterling, however,

leads his audience persuasively up to
the gene and shows them that it is
of of the benevolent species, after
all. The adoption of the program,
he asserts, will not raise taxes; it
will lower them. The farmer, the
rancher and the small property own-
er will obtain relief rather than an
additional load. Counties, moreover
will have refunded to them bond
money already raised at a sacrifice.
The cost of the highways will be
borne by those who get the greatest
value from them. The bond issue
will be secured not by a tax upon the
lands, houses or personal property,
but by a tax upon gasoline.

The Houston candidate in short,
bids fair to make his greatest politi-
cal capital out of what had previ-
ously been regarded as the weak-
est of his assets. That this is true
would seem to be borne out by the
reaction of the Walker County audi-
ence to Mr. Sterling's discussion of
his State highway and bond issue
plan. The speaker's declaration
that the "politicians would deny the
counties a refund" of their bond
money by refusing to allow the peo-
ple of Texas as a State to assume
unified control of its highway con-
struction or not was applauded more
vigorously than any other passage
of his speech, according to The
News' correspondent.—Dallas News

ALONG CITY STREETS

An astonishing fact is that no man
is so homely but that some woman
thinks he is just lovely. And no wo-
man is so unattractive but that some
man thinks she is an angel.

A walk along any city street is
enough to convince an unemotional

tively ugly. And yet there isn't a

*controlled volatility
is the reason*

Almost overnight, the gasoline buying habits of thousands of motorists
have changed! The reason is—controlled volatility—the new principle
that fits Phillips 66 to each season's needs. A boon to car owners
who appreciate snappy getaway, flashy pickup, brilliant power and
generous mileage. A feature of Phillips 66 that makes your car a

Locals

Charles A. Lindbergh is not the only proud new daddy on the western continent this week. Dwight Morrow is not the only doting new grand-dad. Little M. O. Bridges, Jr., weighing 6 1/2 pounds, made his arrival at almost exactly 11 o'clock Saturday night in a Lubbock sanitarium, the lusty son of Mr. and Mrs. M. O. Bridges. M. O. Senior is strutting his stuff this week and Grandpa Coleman Wells is hilarious. He doesn't look it, even if he is a grand-pa.

Mrs. L. S. Kuykendall had some turkeys which either strayed away from home or were stolen last November. She advertised for them in The News, but none of them showed up until a few days ago when one came ambling in home and was identified by the owner. We still declare that her advertising money was not wasted. Some of the rest of the Turkey family may have read the ad. and may come back to the old home roost yet. News advertising pays!

I. M. Draper is a wise man. When he raises a big feed crop, does he go straightway and sell it for whatever he can get for it on the market? Not much. He stores it away and waits till feed gets scarce and then sells it at top prices. Recently he has been selling much feed that he raised a year or two ago, and it has been bringing abundant pecuniary returns. Others could profit by his example.

W. S. Anglin and family left Tuesday for Comanche, where Mr. and Mrs. Anglin were to celebrate their silver wedding anniversary Wednesday. Mr. Anglin says that an older brother was married the same day and hence they were to have a double celebration. Mr. Anglin expects to return today but the remainder of the family will remain and visit for two or three weeks.

Boyd Rice living near Dixie is the latest victim of chicken thieves. About thirty hens were taken from his poultry house one night recently. A thief can operate successfully for a time, in many cases for a long time, but some time or other he is sure to get caught. This chicken thief will be caught with the goods some time, and then it will be just too bad.

E. W. Moore and family of Shallowater have moved to Tahoka, Mr. Moore taking a position to do road building work under the direction of Commissioner E. G. George. Mr. Moore is an experienced road builder, having served Lubbock county in that capacity for the past seven years.

The First Children's District Meeting of the Lubbock District for the Junior Missionary Society met in Slaton at the First Methodist Church last Thursday. There were twenty-one children and adults from Tahoka who attended.

Mr. and Mrs. Harris Mohler of Menard visited friends here and at New Home last week. Mrs. Mohler was formerly Miss Willie Mae Grosse of Mason who taught school in this county for a number of years.

Mrs. A. L. Farris of Denton is here to spend several weeks with the families of G. W. Hickerson of Three Lakes and J. B. Lowe of New Home. Mrs. Farris is a sister of Mr. Hickerson and Mrs. Lowe.

Mrs. J. J. Smith and little daughter, Bettie Jo, left today after having spent a couple of weeks here visiting the former's father, J. S. Edwards.

Little Miss Ernestine Storey, who has been living with her grandmother in Miami, is here to spend the summer with Mr. and Mrs. H. C. Storey.

County Attorney G. H. Nelson, H. W. Calaway and R. B. McCord were in Lamesa Monday looking in on the McKee murder trial.

Mr. and Mrs. Jesse H. Dorman of Lake Arthur, New Mexico, are here for an extended visit with relatives and friends.

Judge B. P. Maddox was in Abilene Monday representing a client in Federal Court.

INVITATION
All girls and boys from 9 to 12 are invited to attend a social at Mrs. O. Johnson's July 11. Come and bring 6 cents and see "The Old-Fashioned Mother." Lots of fun-Reporter.

Coal has been discovered 800 miles north of the Arctic Circle.

Draw

We sure have been having some warm weather. My, the crops are sure growing as well as the weeds. If the weather will stay pretty another week every one will get over their crops again.

Mr. Roy Lemond is at home visiting a while now.

Mr. and Mrs. Guy Lemond and family are here visiting awhile. They spent Tuesday night with Mr. and Mrs. J. N. Lemond.

The Pie Supper and candidate speaking was enjoyed by all that attended. The supper brought twenty-some-odd dollars. This is to be used in sending a lady to A. & M. College. James Childs is on the sick list again. We hope it won't be long until he will be feeling fine again.

Rev. Gilliam, Miss Emily Waller, and Mrs. Green Cook and as many of the juniors that could attended the Junior Epworth League program at Slaton Thursday.

Mr. Walter Florence is having some more work done on the roads around Draw this week.

Mr. Barney Childs is reported to be considerable better at this writing.

Mr. Green Cook, Mrs. Bud Moore, Tressie Cook and Alline Cargile all went to Anson to the Mexican doctors Thursday.

Mrs. Green Cook, Tressie Cook and Mrs. Gus Porterfield and children went to Tahoka Saturday.

There was a good attendance at the singing Sunday and it was enjoyed by all. We had several visitors.

The Smith-Conrad "Combine" Cotton Cleaner and Hull Extractor

By reducing the cost of gathering and ginning from \$15.00 to \$30.00 per bale, a greater chance for a profit in cotton growing can be assured. The SMITH-CONRAD "COMBINE" does this. Aside from the saving in gathering and ginning, the value of the burs and trash to the land as fertilizer is retained by the grower as the burs, trash, sticks, etc., are returned to the field as the harvesting process goes forward.

Putnam Asks For Raskob's Support

HOUSTON, Texas, June 21.—In an open letter to Chairman John J. Raskob of the Democratic national committee, Frank Putnam of Houston, prohibition repeal candidate for governor, today declared for Alfred E. Smith for president in 1932, predicted Smith would be nominated and elected, and expressed his opinion that after a hundred and fifty years of Protestant presidents, "we owe our Catholic fellow Americans a Catholic president." The text of the letter follows:

Houston, Texas, June 21, 1930.
John J. Raskob, Chairman, Democratic National Committee, 230 Park Ave., New York, N. Y.
Dear Mr. Raskob:

Your representatives in Texas—or the group that claims to represent you and Alfred E. Smith—are backing James Young, a bone-dry candidate for governor in the democratic primary July 26; presumably with the understanding that he if elected will work with them in the democratic state convention of 1932. Mr. Young will not be nominated.

I am giving this letter to the 800 newspapers of Texas for publication in order that Texas democrats who favor Smith's nomination in 1932 may be able to vote for a candidate for governor of Texas who is publicly pledged to support him in the next democratic national convention.

The skilled professional wet politicians backing dry Mr. Young are pursuing a plan that is hallowed by the best professional political tradition, and that might work out all right in an ordinary year. This is an extraordinary year—a year of deeper, sharper, more general discontent with conditions in business, labor and politics than any other since 1894.

I am convinced Alfred E. Smith can carry Texas in 1932, against the inevitable candidacy of President Hoover, who is rapidly making his own party's 1932 nomination so nearly valueless that no one else, (excepting possibly Bishop Cannon, our native-born prohibition pope) will want it. I am one of many non-Catholics who feel that after a hundred and fifty years of Protestant presidents, we owe our Catholic fellow Americans a Catholic president. I believe our country is going to need the greatest living democratic leader in the White House to guide us through the troubled years that lie ahead.

Sincerely yours,
FRANK PUTNAM

LAMESA, June 23.—Running for 25 or 30 feet in an effort to catch a falling child pitching head downward out of the third story window of the Dawson county courthouse Frank Morris, world war veteran, managed to break the fall and may possibly have saved the life of Doyle W. Whitmire, three-year-old son of Mr. and Mrs. K. Whitmire, farmers.

The little one, in a hospital tonight, has a broken arm and concussion of the brain. If internal injuries do not develop he may recover, doctors say. The parents were in the court room attending the Ira McKee murder trial.

The baby fell through an unattached screen of a window on the third floor of the courthouse.

Tahoka Has Unusually Hot Weather

A brisk, cooling breeze that came out of the southeast brought relief to the people of Tahoka and Lynn county late Wednesday afternoon after they had sweated for several hours under the hottest sun of the year.

The temperature rose to 104 Wednesday, according to the government thermometer kept by the News. This was the hottest day of the year thus far. On Tuesday the mercury registered 103 and on Monday even 100.

Tuesday night likewise was the warmest night of the year. The minimum temperature during the night was 72. The minimum temperature Monday night was 69 and Sunday night 67. These were high records for the year up to these dates respectively.

Cotton and feed crops are growing rapidly under the influence of the warm air and sunshine, though the latter have been wilting slightly under the beating heat of the mid-afternoon sun. Farmers have been taking advantage of the warm, dry weather to clean out their crops, and most of the fields have been put in tip-top condition.

INTEREST AT NAZARENE REVIVAL IS INCREASING

The Revival at the Nazarene Church continues with increased interest and crowds. The Lord is blessing, especially in the singing and preaching.

Evangelist Hamric is bringing some good, strong, timely gospel messages. Hear them and you will appreciate them. He will bring to us such timely subjects as The Loss or Value of the Soul and The Unpardonable Sin.

Rev. Hamric has been favored with many great revivals among most all denominations, covering a period of 25 years as an evangelist in nearly every state in the Union. Hear him at 10:00 a. m. and 8:30 p. m. The singing conducted by Brother Richey and his choir is fine. Meet us and get your soul blessed.—Reporter.

MISS ANNE WEST AND GRANDMOTHER INJURED

Miss Anne West and her grandmother Mrs. L. J. Walker, received painful bruises and a terrible shock but were not seriously injured when another car collided with their own on the highway nine miles south of Tahoka Sunday. Their car was rather badly demolished.

A lady occupant of the other car had one knee cap broken, we understand, but we were unable to learn the names of the occupants of the other car.

Miss West was returning from Austin, accompanied by her grandmother and a young man, a cousin of hers.

Adults Contract Children's Diseases

Adults can, and do, contract many children's diseases. And, usually, they suffer from them much more than children do. For instance, many adults contract worms, an ailment usually associated with children. Sometimes they suffer intensely and take expensive medical treatments, without realizing that worms are the cause of their troubles. Yet, the symptoms are the same as in children, loss of appetite and weight, grinding the teeth and restless sleep, itching of the nose and anus, and abdominal pains. And, the same medicine that surely and harmlessly expels round and pin worms from children will do the same for adults — White's Cream Vermifuge, which you can get at THOMAS BROS. DRUG COMPANY

Junior Leaguers Attend Slaton Meet

On Thursday, June 19, Mrs. R. T. Breedlove, Mrs. Robert Reid, Mrs. J. A. Coughran and Mrs. W. E. Sudarth furnished cars to transport twenty-one local Methodists, most of whom were children, to Slaton for the first District Rally of the Junior Missionary Societies. Presiding officers, Mrs. R. A. Metcalf, conducted a very interesting and inspirational program, given almost wholly by the little folk themselves, and it gave encouraging indication that the church of the future shall not lack for talent and ability in its leadership. A bounteous lunch was served by the hostess chapter, and the afternoon featured a complimentary picture show through the courtesy of the local management and the Woman's Missionary Society. The subject matter of the films chosen was the portrayal of the two American overtures toward World Friendship among Children: the sending of 13,000 dolls to Japan and of 30,000 schoolbags to Mexico, and both were most interesting and enjoyable.

Local superintendents and assistants, Mrs. S. D. Sanders and Misses Eva Cowan and Mary Fenton, accompanied their Juniors, several of whom had program parts and acquitted themselves with much credit to their training.

Miss Faye George Weds Lubbock Man

A beautiful home wedding was consummated at the residence of the bride's parents, Mr. and Mrs. E. G. George near New Home at 8 o'clock last Sunday morning, when their daughter, Miss Faye, became the wife of Dutch Wiginton of Lubbock. Rev. O. J. Hull, pastor of the Baptist Church here, officiating. The happy couple left almost immediately for a honeymoon trip to Santa Fe, New Mexico, and other scenic points in the Rockies.

The bride was reared in and near Tahoka, her parents being pioneers of Lynn county, her father being county commissioner here for the past several years. She is a graduate of the Texas Technological College and taught the past year in the Tahoka public schools. She will have a position in the high school here during the next school year.

Mr. Wiginton is a popular young business man of Lubbock, holding a position with Hemphill & Wells, dry goods and clothing merchants.

All Tahoka wishes these fine young people the best joys that life can bring.

CARD OF THANKS

We wish to express the gratitude of our hearts to our friends and neighbors for the many kindnesses shown us in the great bereavement which we suffered in the death of our loved one. We especially thank the good women who served dinner in the home and ministered in many other ways and all those who made floral offerings or otherwise expressed their sympathy and love.

Thomas' Enjoy Trip To Corpus Christi

C. A. Thomas and family, who left Tahoka on their vacation about two weeks ago, are now in Dallas and Ennis visiting relatives. The News had a card from Mr. Thomas written at Corpus Christi on Tuesday of last week, in which he assured us that he and family were having much fun playing in the water and taking boat rides. He says their pilot harpooned a porpoise, 7½ feet long. C. A. says they told him it was a small one of the species but it looked like a whopper to him. Not knowing exactly what kind of a sea animal a porpoise is, we conferred with our Webster. There we found it to be any small gregarious cetacean. A cetacean, dear reader, is a small whale; and gregarious means that they herd in flocks or schools, being sociable by nature and very averse to solitude. We are also told that they are fond of chasing boats. So, we take it that Mr. Thomas and his family and fellow pleasure seekers were being pursued by a flock of small whales when their pilot, scenting the danger, got busy and heroically harpooned one of the vicious sea monsters, which frightened the others away, and thus the day was saved for all passengers aboard. This little incident, gentlemen, has in it the elements of a most thrilling fish story. Mr. Thomas should give us all the details upon his return home.

Lamesa Scout May Get Heroism Medal

LAMESA, June 24.—Scout officials of Lamesa are seeking to secure a Carnegie medal for Jack Keisling, 14, Lamesa boy scout and son of Mr. and Mrs. L. F. Keisling, who is said to have saved the lives of two girls at Tobacco creek, on John Henry Dean's ranch east of Lamesa last Sunday. He swam to the girls' assistance when they were pulled by the current to water over their heads.

Jack reached Rettle Meek, 9, daughter of Mr. and Mrs. H. M. Meek, before she began sinking for a third time. He managed to carry her to safety and dove back into the stream swollen from recent heavy rains, and saved Uracey Meek, 10, a sister of the other girl.

The parents of the girls were away from the creek at the time and were unable to reach their children. They had drove to the spot to enjoy a Sunday outing, according to Mr. Meek.

J. D. Dyer, scout commissioner here, is working with other officials in seeking the medal for Jack.
