## TAHOKA TEAM AVERAGE HIGH

Five Hitting Above 400 Mark In South Plains League; Larkin 491

The Tahoka club, a cinch as winner of the first half of the South Plains League, has a batting average that is seldom attained by any club, league or amateur. The team members hold a batting average of .351 in the twelve games played this season according to records of Manager W. S. Taylor. Five of them have an average of above .400. Frank Larkin in 55 trips to the plate has secured 27 hits, the remarkable average of .491. Others following close behind are: Karr Wells, .483; Pete Edwards, .466; Oliver, .444, however he has been to the bat only nine times, and "Lefty" Squires, .415.

The averages for the season thus far are as follows:

Player	Batting Average		
	A. B.	Hits	B. A.
Larkin	55	27	.491
K. Wells	58	28	.483
Edwards	58	27	.466

## HEARE GETS HEARE PANTS AS RESULT OF HEARE RACE

Joe L. Heare, local Santa Fe agent wins the rubber baby pants! He's the champion golfer of the Heare family, for a fact, as was announced by him about three weeks ago when he returned from a vacation trip to the North Plains. And now, the defeated Heare brothers have sent us the prize to be delivered to the Tahoka Golf Club and to be kept in their trophy case. The letter to us is self explanatory. Here 'tis:

"It is a custom as you perhaps well know that when a member of a golf club goes forth into foreign fields and wins trophies on the links, those trophies are the property of the club to which he belongs.

"Some few weeks ago one of your members to-wit: Joseph Left-Handed Heare, met the enemy in the person of two Heare brothers on the links at Miami and brought home the bacon, except he was not playing Hog Heares and therefore there was

no bacon. The trophy was a pair of Heare Pants.

"I thought seriously of sending this trophy direct to Joe L. Heare but remembering that he is railroad man, I knew that the Tahoka Golf Club would never receive the trophy and was also afraid that Heare Pants would be out of style before the Blue Weed Special would arrive in Tahoka with them. I am therefore taking the liberty of forwarding to you, an honest newspaper man, the trophy which one of your members so valiantly won by conceding himself a put or two on each Green. I trust that this trophy will remind your good club members that even a golf game can be won or lost by a Heare's breadth.

Yours very truly,  
CLAYTON HEARE

Editor's Note: The pair of pants referred to is a pair of baby's jiffy pants.

## CROPS HELPED BY LIGHT RAIN

Showers At Tahoka Total Quarter Of An Inch; Lighter In Rest of County

Rain which fell in Tahoka Tuesday afternoon and night and early Wednesday morning totaled .26 of an inch. The rain, however, was lighter over practically all of the county except in the immediate vicinity of Tahoka and in the Midway community. A light rainfall fell over practically all the county.

Farmers say that the moisture, though not enough to wet the ground, will be of aid to crops for a few days. Cotton brightened up considerably following the showers. Also, the showers gave a rest, for a time at least, from the intensely hot weather that has prevailed over the country for the past few weeks.

Crops had begun to deteriorate considerably. Feed has been burning, and cotton is blooming in the top. Unless a good rain is received soon, Lynn county will likely raise another short crop. But, if a rain comes within the next few days the crop is likely to be a large one, farmers say.

## Republican County Convention Held

Lynn county Republicans held their bi-annual convention last Saturday at the court house, according to County Chairman Jack Alley, who has been re-elected for the coming term. Lynn county Democrats did not hold a county convention.

J. T. Williams, Wilson, was elected temporary chairman; H. C. Crie, secretary; Mrs. J. L. Vaughn, delegate to the Eighteenth Congressional District convention at Amarillo, and delegate to the State convention at San Angelo. E. C. Toothman, Dallas, was elected alternate.

## Hull To Speak On Value Of Church

"What Would Tahoka Do Without a Church" will be the subject of Rev. Owen J. Hull's sermon at the Baptist Church Sunday. He will point out the value of the church to the community not only as a moral factor, but as a social and business factor, discussing the influence the churches have on the business. An interesting discussion of the subject is promised.

Rev. Hull and family are spending the week in the mountains of New Mexico, but will be home before the end of the week.

## Tahoka, O'Donnell Confer On Co-op

An enthusiastic joint meeting of Tahoka and O'Donnell business men was held in the Chamber of Commerce office at Tahoka Tuesday afternoon at which time plans were made for the successful operation of the Texas Cotton Cooperative Association in Lynn County.

Mr. Ray Shaver, County Agent, was appointed by both groups to work out details which will secure the best possible service for the whole county.

## LOCKHART WINS BY 269 VOTES

Thomas and Lubbock Man Run Close Race For Representative 119th District

G. E. Lockhart, Lubbock, defeated John N. Thomas, Tahoka for Representative, 119th legislative district, only 269 votes the final count determined after the canvassing of the returns by the various counties in the district last Saturday. Until a week after the election returns were not given out from Yoakum and Cochran counties.

The vote by counties follows:

	Thomas	Lockhart
Lubbock	1,514	3,345
Gaines	405	230
Dawson	1,778	781
Terry	754	679
Lynn	1,818	876
Yoakum	231	129
Cochran	201	177
Crosby	615	1,307
Hockley	720	784
Total	8,036	8,305

## Kiwanians Hosts To Baseball Team

The Tahoka baseball team members were guests of honor at the luncheon of the Kiwanis Club Wednesday noon. W. S. Taylor and C. B. Queener, managers of the club, made short talks; and other members of the club were introduced.

District Scout Executive Jennings of Lubbock made a short talk on plans for re-organization of the South Plains Area Council into several districts. The local work will also be re-organized and troop committees appointed.

Judge G. E. Lockhart, recently elected representative to the Legislature, made a few remarks in appreciation for the support given him.

## Singers Meet At Joe Stokes Aug. 10

The Lynn County Singing Convention, a division of the Plateau Singing Convention which is composed of twenty-five northwest Texas and Eastern New Mexico counties, will hold a meeting at Joe Stokes Sunday, August 10, according to information sent The News from John F. Taylor, Clovis, New Mexico. Mr. Taylor, who is president of the Plateau Convention, and other officers of the organization plan to be present and assist in making the local convention a success.

All Lynn county people are invited to the meeting, and are asked to bring their lunches and spend the day. There will be plenty of free ice water. The meeting opens at 10 a. m.

H. M. McEachern is president of the Lynn County Convention and M. E. McCord is secretary.

Miss Gussie Parnell returned Sunday afternoon from a two weeks visit with her cousin, Miss Lenora Worthen at Girard. She reported a very enjoyable trip. Her aunt and family also returned with her to spend a few days with her son, Mr. Obie Worthen at Redwine.

## Federal Designation Highway No. 84 Urged By Commission

### OIL WELL IS DOWN 5,280 FT.

Contract Depth Reached On McCamey-Hart Oil Test Last Saturday Night

The McCamey-Hart oil test which has been drilling in the T-Bar ranch four miles west of Tahoka was completed last Saturday night to the contract depth of 5,280 feet, the bit said to be resting in a gray lime before oil is struck. Measurement of the depth was witnessed by A. L. Lockwood and Dr. E. E. Calaway.

Rumors have been circulated about town that the well would possibly be drilled deeper, but nothing authentic has been given out. Jack Dempsey, driller, is in Fort Worth conferring with McCamey and Hart.

Several years have been spent in search for oil on the section where this test is now located. First, Mr. Hart drilled a test to a considerable depth when the hole caved in. Geo. McCamey, who opened the McCamey oil field, became interested and he and Hart moved the rig a half mile to the north and started a new hole. When the 4,500 foot depth was reached, local citizens put up \$900.00 to get the well drilled down to a mile in depth. Some indications of oil are said to have been found but none in paying quantities.

### Breedlove Will Be Back Home Sunday

Rev. R. T. Breedlove was down from Abernathy Wednesday, where he is preaching at a revival meeting, and announced that services will be held at the Methodist Church Sunday night. Sunday morning services will be dismissed on account of the Church of Christ revival.

He says good crowds are attending the services at Abernathy. The meeting will close Sunday.

### Suddarth Member U. S. Postal Body

W. E. Suddarth, local rural mail carrier, leaves Saturday for Washington and Detroit, and will attend at the latter place the National Rural Letter Carriers Association as one of the four delegates from Texas.

Mr. Suddarth is chairman of the national research committee, whose purpose it is to investigate with a view of improving the workings of the National Rural Letter Carriers Association. He goes from here direct to Washington, where he will gather information for his report at the Detroit meeting which opens August 19. He was elected as one of the Texas delegates at the annual meeting of the Texas carriers held in Lubbock July 4 and 5.

### New Lynn School Opened This Week

Though fall is some way off yet, it's school time for the boys and girls of the New Lynn community.

The New Lynn school opened its doors Monday morning of this week and will continue until cotton picking time, when a recess will be declared until most of the cotton has been harvested.

Teachers at the school this year are J. B. Miller, Miss Mary Preston, Viva Humphries, Mrs. A. D. Seth, and Mrs. Miller. New Lynn expects to have an eight month term this year unless tax collections are unusually low.

### THREE HOMES CHANGE HANDS DURING WEEK

Three residences changed hands in a three-cornered trade last week. District Attorney T. L. Price traded some Hobbs, New Mexico, property to Guy Lemond for his home on the Lubbock Highway. The Raymond Weathers home, which he recently purchased, he traded to County Attorney G. H. Nelson for the Nelson home and other city property. "Happy" Smith, who was occupying the Lemond home, has moved to the Nelson home.

### Reunion Is Planned By Burleson And Milian Co. People

There will be a Burleson and Milian County reunion on August 17, at Fritz Speckman's, for those who once lived in either one of the counties.

Everyone is requested to bring a basket lunch and those who come through town and can easily do so bring some ice. Each family should bring tea and sugar, and also lemons to make lemonade.

Fritz Sparkman's place is six and a half miles south of New Home.

All the old settlers from these counties be there with-out fail. There is plenty of shade and good water.—Reported.

### WORK ON NO. 9 STARTS SOON

Contract Let For Dirt Work On Highway In Lubbock County Toward Tahoka

Announcement was made the latter part of last week by the State Highway Commission that the contract for the grading and drainage on Highway No. 9 from the Lynn county line to Lubbock had been let to McCelvey and Field, Lubbock contractors, at \$24,989 for the 12.3 miles. A Lubbock county jury of view is now securing a 100-foot right-of-way. Dirt work is likely to start within the next week or two, it is said.

The route will follow the present Highway 7 designation for two miles south of Lubbock, to which point a paving contract has already been let, and on to Woodrow as Highway 9 is now designated. At Woodrow the route will change, going about fifty yards east of Woodrow school, across fields and pastures to the line at a point a few hundred yards north of the westward turn in the present road fourteen miles north of Tahoka, or at the old Nevels place. The new route will shorten the distance to Lubbock over a mile.

### Robinson Home Is Destroyed By Fire

The home of Hall Robinson was destroyed by fire from an unknown origin last Sunday morning between 12 and 1 a. m. Excellent work of the firemen saved some of the furniture and complete destruction of the house. Possibly sixty per cent of the loss was covered by insurance according to Mr. Robinson.

Mr. and Mrs. Robinson and Jack Alley had gone to Christoval for a short vacation having left late Friday afternoon.

### Holley Signs Co-Op Members In Garza

Claude Holley, employee of the Texas Cotton Co-operative Association, stationed at Tahoka, spent the latter part of last week in Garza county, where he signed up a number of new members in the organization. Tuesday night an enthusiastic meeting was held at Ragtown.

This afternoon at three o'clock a meeting has been scheduled at Grassland. Next Tuesday night the marketing plan will be presented to the farmers at Midway.

### Business Houses At Wilson Entered

Two Wilson business houses were burglarized last Monday night, according to Sheriff Sam Sanford. A collection of fountain pens, pocket knives, watches, rings, flashlights and safety razors were taken from the Painter Drug Store; and seven cartons of cigarettes were stolen at Swann's store. A wholesale house at Wilson was burglarized the same night.

No clue as to whom the burglars were has been found. A \$25 reward has been offered for their arrest and conviction.

### NEW ROUTE IS THOUGHT SURE

U. S. Government Will Pass On Application Next Fall, Judge W. R. Ely Says

State Highway No. 84 has been recommended by the Texas Highway Commission for designation as a Federal Highway, according to an announcement of W. R. Ely at Abilene Sunday. Designation has also been asked of No. 83.

Should the government approve this designation, Tahoka will have two Federal highways, which would result in the transfer of much traffic through here east and west. Also, Federal designation will insure quicker paving of the road east and west should state highway bonds be issued in the future. If Lynn county were to vote bonds for paving, the government would pay a third of the cost, the state a third, and the county only a third.

Mr. Ely informed C. C. Williams, secretary of the local chamber of commerce, several months ago that Federal designation of the road would be recommended. Since Texas is due about 900 miles of new Federal highway he was at that time reasonably sure that the request would be granted.

The following is from The Abilene News in regard to the designation:

One is the route over highway 1-A from Metcalfe Gap westward to Albany, thence over No. 18 to Stamford, Sagerton and Jayton; and over No. 84, through Jayton, Claremont, Post, Tahoka and Brownfield to the New Mexico line.

The other is over No. 83 the Dal-Paso-Cavern, from Albany westward through Anson, Roby, Snyder, Gall, Lamesa and Seminole to the New Mexico line.

"The routing over highway 83 was recommended some time ago to the American Association of Highway Officials, and was rejected at its May meeting," Judge Ely said. "We are renewing the recommendation and will offer it this fall. At the past week's session we recommended the routing over highways 18 and 84 west from Albany. The two projects are independent of each other, and we will push both."

Rev. Owen J. Hull and family and his brother and family of Lamesa left Monday for New Mexico to spend the week. They expected to visit Carlsbad Cavern Tuesday and spend the remainder of their time in the mountains at Redwisa. They will be home before Sunday.

### TAHOKA WINS SPLIT-SEASON

Sunday's Win Cinched Chance At Championship In South Plains Baseball League

Though Tahoka lost a game Tuesday of this week to Brownfield, the win Sunday over Levelland cinched first place in the first half of the South Plains League split-season for Tahoka.

The second game Tahoka has lost went to Brownfield 5 to 2 in a good game played in the latter city, Oliver and Squires pitching for Tahoka and Graham for Brownfield. Tahoka received 7 hits to Brownfield's five. Larkin as usual was the leading hitter. The Terry county pitcher secured 14 strike-outs against Tahoka.

Sunday Levelland put up a game fight here but failed to score a time and only received 5 hits off Squires. Tahoka collected 11 hits and 5 runs. Larkin slammed out a home-run.

This afternoon Brownfield comes here for a game. Lubbock goes to Levelland and Lamesa to Southland. Sunday Lubbock plays at Southland, Lamesa at Tahoka, and Levelland at Brownfield.

How They Stand

	W.	L.	Pct.
Tahoka	11	2	.846
Southland	8	5	.615
Lubbock	7	6	.538
Lamesa	6	6	.500
Levelland	3	9	.250
Brownfield	3	10	.231

#### FROM POOR BOY TO RICH MAN

A southeast Texas poor boy one day awoke to the fact that his father was dead and that he was left as principal means of support for a large family. He worked as a farm hand for a while. He was ambitious and alert and picked up every chance to succeed. He bought a small boat and freighted across Galveston bay until he happened to a serious accident which rendered physical work impossible. Trying many people of means he finally located a man who had enough confidence in him to loan him \$3,000 with which to go into the produce business. He made a success of the store and soon he was out of debt and on the road to success. Financial conditions were at low ebb, but when a small bank on the verge of bankruptcy offered for sale he bought its controlling stock. Success continued, and soon he bought more small banks. A small company drilled for oil in that section and struck the "liquid gold", but not in paying quantities. This man bought the well, drilled it deeper, and a big gusher blew in. More wells were drilled and the Humble Oil Company was formed. He was growing rich. Sorrow visited this once poor day laborer's home with the death of his son and name sake, and the now rich man resolved to be of all the service to the world that he could. He sold all of his oil stock, invested in a newspaper and has made it one of the most powerful in the South, in Houston business property, and in Southwest Texas ranch lands. However he has retired from active business life. He gave years of time and countless dollars toward securing the deep-water port at Houston, in-

### Relief From Curse Of Constipation

A Battle Creek physician says: "Constipation is responsible for more misery than any other cause."

But immediate relief has been found. A tablet called *REXALL* Orderlies has been discovered. This tablet attracts water from the system into the lazy, dry, evacuating bowel called the colon. The water loosens the dry food waste and causes a gentle, thorough, natural movement without forming a habit or ever increasing the dose.

Stop suffering from constipation. Chew a *REXALL* Orderlie at night. Next day bright. Get 24 for 25c today at the nearest *REXALL* Drug Store, Thomas Bros. Drug Co. 43-24tc

strumental in the building of that city. He helped build one of the finest churches in that city. He has given his time and money as a member of the board of regents of Texas Christian University. He gave a million and a half dollars to a hospital. He was appointed to the Texas Highway Commission, and as chairman of that body has spent for the people a hundred million dollars building roads. In this capacity, he has visited practically every county in Texas from one to twenty times, and has refused to accept the expense account as allowed by the State of Texas for such traveling. Against his approval, the announcement was recently made that he had donated every penny of his salary as State Highway Commissioner to the State Home for Confederate Veterans and Widows at Austin.

Today, that man has offered to become the governor of the great state of Texas. His opponents say he is a millionaire and since he is he will want to rob the poor people. How absurd! Has he ever been accused or crooked work? Does his past record show that he has selfish motives?

Will it be a man of questionable character seeking personal benefit or a man of proven character seeking to benefit us all? We ask you to think through this problem.

Zeal for our favorite in a political campaign often leads us to make unjust and untrue statements about the opposing candidates. This was thoroughly demonstrated in the first primary campaign just closed. Good men and even newspapers on the South Plains made attacks on Ross Sterling in which he and the other members of the highway commission were charged with unfairness toward this section of the state in the distribution of highway maintenance funds. One influential paper stated that the highways in this section were better maintained formerly than they have been the past few years. Nothing could be farther from the truth. The highways in this section have been kept in far better condition during the administration of the present highway commission than ever before. In fact, we had few real highways until five or six years ago. Up until a few years ago, there were sand beds on highway No. 9 between Tahoka and Lubbock that cars could hardly pull through and for the past four or five years the roughest, cussedest, most profanity-provoking stretch of highway No. 9 in Lubbock county is that portion lying within the city of Lubbock, whence much of this criticism of the highway department has emanated. Likewise the worst section of highway No. 84 in Lynn county is that portion lying in the city of Tahoka. Truly we ought to pick the beans out of our own eyes before we pluck the notes out of the eyes of Ross Sterling and the other members of the state highway commission. And certainly we ought to stick to the truth when we set out to make charges against others, whether they be officials or private citizens.

While some of the candidates in the recent primary are sitting on the fence with one leg hanging on each side, their leading supporters and scores of the leading citizens of Texas are pledging themselves to again take up the fight to defeat the Fergusons. Though Mayfield announced in favor of Ferguson, Mark

McGehee of Fort Worth, Mayfield campaign manager, and Carl Estes, strong Mayfield supporter, are taking the stump for Sterling. From Barry Miller's stronghold, comes W. A. (Cap) Williamson of San Antonio, and Henri Bromberg, Dallas attorney. Practically all of Clint C. Small's leading supporters have lined up against Fergusonism. Some of them include Lee Satterwhite, Odessa, former speaker of the House, state manager for Small; Sen. Walter Woodward of Coleman, who presided at the Sterling meeting in Dallas Monday; J. O. Guleke, prominent Amarillo attorney, John Erhard, Dallas, Small manager. Harry P. Lawther, Dallas, Jim Young campaigner, has climbed on the Sterling band wagon; and Jim Young, himself, has announced that he cannot support Ferguson. Tom Love has unconditionally announced for Sterling. Other prominent citizens who have taken up the fight against Fergusonism include: Judge Adrain Pool, El Paso; W. R. Ely and Cone Johnson of the Highway Commission; Dan Moody, governor; Thomas H. Ball, long-time Ferguson enemy; Lucien Andler, leader of the State Federation of Labor; Alvin Moody, Anti-Saloon League leader, Cullen F. Thomas, Dallas; Sen. T. J. Holbrook, Galveston; Oscar Holcombe, mayor of Houston; and Jewel P. Lightfoot, one of the state's ablest speakers, and a political figure in Texas many years ago. Also every daily newspaper of any consequence at all, and practically all the weeklies have rallied to Sterling.

They say that as a result of the recent primary election, the state highway bond proposal is dead. It may be. We are not strong for bonds for any kind of an improvement, if some other way of raising the required funds can be devised. If sufficient funds can be raised from a gasoline tax to complete within a reasonable time an adequate system of state highways without issuing state bonds and at the same time justly remunerate counties that have issued bonds and assisted in building these highways, this will certainly be gratifying to all of us. But we do believe that the present system should be changed. Our farms and homes and cows and merchandise should not be subjected to a tax with which to build our highways when they can be built from a gasoline tax. Counties should not be required to vote bonds. The traffic should bear the burden. The fellow who uses the highway should pay for them. That is the Sterling proposal and we think it is right. May be it can be done without the issuance of state bonds if so, so much the better.

We have no apologies to make for the fact that *The News'* editorial columns are being filled with little but editorials of a political nature. We believe that Texas confronts a grave problem—whether it will go forward in the future; or whether it will be handicapped through the election of the wife of a man who believe is and has been a great detriment to our growth. As American citizens those operating *The News* intend to express their views in these editorial columns. However, *The News* columns are open to all factions, barring only slanderous and libelous material, and we invite and urge our readers, on whatever side you stand, to present your views through our columns. Make your communications as short as possible to make your points, if you wish to write for publication. Every man has the privilege of voting for whom he pleases, and we do not question the sincerity of any of our readers in their beliefs on politics.

#### CARD OF THANKS

The election is over so far as the commissioners' races are concerned, and I want those who voted for me to know that I greatly appreciate the support you gave me, even though we did lose the contest by a few votes. Running against a man for a second term, I feel that your support of me was excellent and that I have so many friends who believe in me.

I hold no ill will toward anyone. I will continue to be a citizen of this precinct and will give my assistance for its betterment at any time I can.

### APPRECIATES SUPPORT

The liberal support the voters of Lynn county gave me in the July primary is greatly appreciated. You people, even you who did not vote for me, have shown a wonderful spirit of hospitality toward me, all of which I greatly appreciate. I still want your support and ask that you consider my candidacy on August 23.

I entered this race for tax collector with the aim of running a clean, fair race. I have done so far and I expect to continue this same class of campaign until the end.

Your vote and influence will be greatly appreciated by me.

Draw Assembly Of God Church

Under Gospel Tent

BEGINNING AUGUST 10TH

Services each evening beginning at 8 o'clock. Day services will be announced later.

Evangelist EARL J. WINTER

The revival will be conducted by the Winter Evangelistic Party of Corsicana, Texas. E. R. Winter will be the night speaker. Hear him in a battle against sin. "for the Wages of Sin is Death."

The following subjects will be dealt with: "Jesus and His Coming"; "God's Wrath on the Disobedient"; "What Has Happened to America for Rejecting the latter Reign of the Holy Spirit"; "How Modern Theology is largely to blame for the wave of Atheism that is today sweeping our Schools and Colleges and how it has turned many of our Churches into Ethical Societies instead of Soul Saving Stations"; "How Infidels masquerading as Men of God have done more to take the Bible out of the public schools than all the theories of Evolution."

#### DON'T MISS A SERVICE.

If you are a Christian you'll have a part in this Revival. If you are LOST IN SIN you will have a chance to seek God in the old time way. If you Praise God at home, come and praise him in testimony and song in this Revival for we want you to feel at home.

Mrs. E. R. Winter will have charge of Choir with Miss Hazel Newson at the Piano. The sick will be appointed and prayed for as the Bible commands.

COME! COME! COME!

## Did you ever try to MILK a LAWNMOWER?

—not as foolish as it sounds, for many dairymen quit feeding concentrates in the summer and expect their cows to exist on pasture alone. Such cows expend their energy in GRAZING instead of PRODUCING MILK—and a lawnmower could do that job better.

You know, of course, that a 1,000 lb. cow requires about 30 lbs. of solid food to produce 35 lbs. of milk. But do you know that if she must obtain these solids from grass alone, she must graze over about ONE-TENTH of an ACRE and eat about 175 lbs. of GRASS?

Your cows are worth more as milk producers than as lawnmowers. Pasture is fine and will help reduce your production cost—but ONLY when supplemented by a high quality concentrate such as RED CHAIN 24% Dairy Ration.

### WHAT OTHERS THINK

#### THE BEST CONDUCTED DEPT. OF STATE GOVERNMENT

Combed with a fine tooth comb in the past ninety days, the conduct of the state highway department under the direction of Hon. Ross Sterling, chairman, has come through the suspicions and innuendoes of the campaign with not a charge of misconduct or graft.

With this sort of scrutiny without there is no question that the state highway department at Austin is the best conducted department of the state government—and all because, for the first time in many years Texas has had a really, big, successful business man at the head of a department, backed up with such men as Honorable Cone Johnson of Tyler, and Judge W. R. Ely of Abilene, our own West Texas member of the commission.

The business of the state of Texas is tremendously large one, and the transactions of the highway department every year runs into the millions of dollars. Texas is to be congratulated in having its largest department accredited as its best conducted department and more than that Texas is to be congratulated on having the opportunity of placing at the head of the entire state government such a man as Hon. Ross Sterling, the man who has made this remarkable record and the man whom those who believe in good government, without the suspicions of graft, delight to support for governor in the run-off on August 23rd.—Clarendon News.

How would you like to quit your business to do jury service for about ten days, find some fellow a fit subject for a ten-year term in the penitentiary, render your verdict accordingly and in a few short months read in your morning newspaper the fellow had been pardoned and was right back home, when you knew he should have suffered severely. That thing has happened in Texas, in fact in a few instances there were pardons granted so quickly that the convict almost beat the sheriff who carried him to prison back home. In fact to make it stronger we recall one instance where the sheriff was telegraphed to turn his man loose before he ever reached the prison. Everybody knows of some of these occurrences and will not be slow to resent them at the ballot box on August 23.—Killeen (Bell County) Herald.

A newspaper that doesn't come out and take a stand one way or the other (in politics) isn't much of a newspaper in my opinion. And one of the growing menaces of this country is a press owned and directed and controlled by editors who are afraid of their own shadows.

Instead of jumping on newspapers that have their opinions and state

#### A Great Discovery

When Pasteur discovered, in 1822, that the infection of wounds was caused by malignant bacteria, he performed a service of inestimable value to mankind. Since then medical science has been producing better and better antiseptics, to kill these germs that may enter the smallest cut and give us diseases such as typhoid, tuberculosis and lockjaw. Now, all you have to do to be sure that these dreadful germs will not infect a wound, is to wash that wound, however small, thoroughly with Liquid Borosone, the modern antiseptic. You can get Liquid Borosone, in a size to fit your needs and purse, from THOMAS BROS. DRUG CO.

### DANGER HEADED OFF

#### Constipation Troubles Soon Go Away Following Use of Black-Draught.

Burke, Texas.—Mrs. Orea Crawford, of this place, tells of her use of Theodor's Black-Draught which she says covers a period of "a good many years."

"We use Black-Draught as a regular family medicine for constipation, and I try always to keep it in the house."

"I have found it a reliable medicine to give the children when they get upset from over-eating, or have colds, for after taking Black-Draught they get all right in a little while."

"I use Black-Draught for bilious, sick headache. I have found that a dose or two, taken at night, will give quick relief for constipation and the complications which follow when that condition runs on."

"A bad taste in the mouth in the morning, dizziness and a dull headache, all leave quickly after a few doses of Black-Draught. I find it is not safe to let such things run on. I try to head off the danger by taking Black-Draught in time. It is a dependable medicine."

"At the first sign of constipation, take Theodor's Black-Draught. This purely vegetable medicine has been in use nearly 100 years. Sold everywhere. Try It. MC-227"

their opinions, newspaper readers should jump on and stop those newspapers that are afraid to do anything but pussy-foot about in trying to not offend anyone or anybody. Then we would have better, more colorful and more honest newspapers and the people would know more about the truth. Get people to arguing and talking and writing letters and the truth usually comes out so that it may be recognized.

If the people of this and every other country will encourage newspapers to speak out on all public questions it would be much better for the country. The dirty work in politics and government is done in the dark and where the rays of publicity have not penetrated.—Old Tack in The Amarillo News.

#### THEY'RE WATCHING TEXAS

Pending the Texas run-off primary, declares The Kansas City Star the country will prefer to believe that sanity will assert itself in this state and that its citizens will tell the world that they know that enough is enough of Fergusonism.

The Star says editorially: Can Texas Stand It Again?

When Texas, four years ago, thoroughly disgusted with 'Fergusonism' gave its young attorney general, Dan Moody, a majority of more than 150,000 over "Ma" Ferguson as governor, it was assumed that it would be many a day before the state again was ready to turn over its chief executive office to a wife whose husband was the real governor. Yet today, here is Mrs. Ferguson leading a field of eleven candidates for governor in the state Democratic primary and the certainty she will be a strong contender for the office in the run-off contest with the next highest candidate, Ross Sterling, wealthy oil man and property owner.

It has been the same old set-up over again. "Farmer Jim" Ferguson husband of "Ma" is denied a place on the ballot on the ground of his impeachment as governor thirteen years ago, when grave charges of improprieties in use of state funds were brought against him. But "Ma" is put up as the nominal candidate as in 1924. As a candidate, she offers nothing more than the customary and vague tommyrot about "vindication" and a "square deal." She knew nothing of real state issues in 1924 and no more in the recent campaign.

After her election six years ago on a vindication platform, husband Jim became the real governor, sat in at all executive conferences, used his position for his own purposes in the conduct of his business and exercised his influence in the letting of state highway contracts and other matters. There were charges that millions had been wasted in such contracts, an issue which was dominant in Moody's election. Mrs. Ferguson used her pardoning power to excess and liberated more than 3,000 convicts from the state penitentiary. Fergusonism made Texas affairs a scandal in the eyes of the nation.

Does Texas want to try it all over again? It is hard to believe. The country will wonder and speculate in the weeks before the run-off contest reveals the mind of the Lone Star State. Strange things happen in politics. They have already happened with the Ferguson pair in Texas. Pending the issue, the country no doubt will prefer to believe that sanity will assert itself in the state and that its citizens will tell the world they know that enough is enough.

#### USUALLY NOT THE ONE

Have you ever noticed that the biggest advertisers are usually the most successful men? Well it is a fact, as anyone can see by studying the matter. Towns in which the business men advertise most generally have the biggest and most satisfactory trade. When the business men of a town complain that the people of their town go into other towns to trade, it is usually because the business men of other towns have advertised more attractively and extensively, thus giving people an idea of the superiority and quality of the service in various ways that they can render. Automobiles and buses come into Coxsackie as well as go from it. If advertising should be eliminated from the business world business would be reduced by 50 per cent or more. If this is true of big business, and it is, it is equally true of the smaller merchant, and the merchant who complains of no business is not usually the one who uses the best known modern means of obtaining it—advertising in his home town newspaper.—Coxsackie, New York, Union-News.

Some of the Texas editors are in a mighty peculiar position just now. They were too certain of the men they supported in the first primary winning, and said too much. Now they are having to swallow some of their own poison that they put out for the other fellow.—Plains Progress.

Texas has the largest helium gas plant in the world—at Amarillo.

#### LINEN CONTEST HELD AMONG H. D. MEMBERS

"Aren't they lovely and nicely made," said a large number of Home Demonstration Club women as they viewed the beautiful household linens made in the linen contest which was held July 19 at the American Legion Hall.

The linen contest started last February. The women made scarfs, towels, pillowcases, luncheon sets and table cloths.

The following points were stressed:

1. Selection of good materials.
2. Witered corners where needed.
3. Good proportion of hems.
4. Simple, attractive design well made.

The following was the decision made by Miss Madge Wagner, County H. D. Agent of Garza County. Pillowcases: Mrs. L. S. Crews, 1st;

### New Lynn

The Union Methodist meeting began last Sunday night with Brother Bingham in charge. The other community preachers have taken the other nights of the week. We only have five preachers in our community, viz: Brothers Bingham, McLain, Russell, Stephenson and Mrs. Pearl Keaton. Brother Pearl of London, Texas, will arrive Wednesday or Thursday. Miss Jewell Bingham is in charge of the singing at the present time. Come and hear the messages and pray for the lost souls in our community that we may have a great revival.

School opened Monday morning with a great show of enthusiasm among the pupils and patrons. There was an enrollment of 119 pupils the first day and several others have come in since then. We have the same teachers that we had last year.

We met in the school auditorium at about 9:00 o'clock and sang and yelled for New Lynn school. Then, of course, the speech makers of the community had to make speeches that were greatly enjoyed by every one.

Light showers of rain have been coming across the country this week and are reviving the crops to a certain extent, but we are hoping that we will have a real good rain before long.

Mr. and Mrs. W. B. White and son Harold spent last week with Mrs. White's parents, Mr. and Mrs. C. W. Krebs.

Mr. and Mrs. Krebs and Mr. and Mrs. White visited Mr. White's relatives at O'Donnell.

Mr. Klyde Krebs attended singing at Gar-Lynn Friday night.

Paducah is the site of the unusually handsome \$200,000 court house of Cottle County, just completed. Cisco is to have a new Federal building costing \$95,000, while Breckenridge, its neighbor, is to have an allotment of \$110,000. Lubbock is to vote again on a \$250,000 bond issue for a criminal courts building. Success of the issue means a \$335,000 Federal building on the site of the present county jail.

Texas towns are still building schools. Big Spring will let contracts for three ward schools at a total cost of \$125,000. Dalhart is building an \$80,000 building and Deer Park, Houston suburb, has begun work on a \$100,000 school.

Rivers and Harbors bill carried \$7,485,000 for five Texas harbor projects and provided means for survey of a number of Texas streams, including consideration of a 9-foot channel on the Trinity from Fort Worth to sidewater.

Best all-round—1st, Miss Eva Cowan, table cloth and napkin; 2nd, Mrs. L. C. Crews, scarf; 3rd, Mrs. L. C. Crews, pillowcases.

The winners in the best all-round division were given some lovely pieces of aluminum ware by the Lynn County Home Demonstration Council as prizes.

#### TRIP TO A. & M. SHORT COURSE IS PROFITABLE

"Never have we had a more enjoyable and profitable time than the trip to the A. & M. Short Course" said a large number of girls and women as they left the station at Post, last Sunday afternoon.

The Short Course began the 27th of July and lasted through August 1st. All of the party from Lynn county returned via Galveton with the exception of Mrs. R. E. Townsley of T-Bar and Mr. Ray Shaver, county farm agent.

Those who enjoyed the trip were as follows: Mrs. R. W. Fenton, Mrs. W. T. Luttrell, Mrs. J. A. Jaynes, Mrs. J. O. Thrallkill, Mrs. Jack Alexander, Mrs. Robert Noble, Mrs. Joe Poindexter, Mrs. Acie Bailey, Mrs. T. B. Cowan, Miss Eva Cowan, Mr. and Mrs. E. J. #### WEST TEXAS DRUGGISTS WILL MEET IN LUBBOCK

LUBBOCK, Aug. 6.—Five hundred West Texas druggists or more will find everything they want in Lubbock, from music to business addresses, August 12 and 13, when they gather for the semi-annual convention of the West Texas Pharmaceutical Association.

Lee T. Stinson, of Snyder, president of the association is expecting the largest attendance of any previous druggist convention in West Texas.

Lavaca is probably the largest shrimp market in the world. Last year it shipped out 2,500,000 pounds or enough to make 25,000,000 cocktails.

### Athlete Soon Regains Health By Konjola

Baseball Player Suffering From Rheumatism And Other Ailments Finds Prompt Relief

MR. JACK M. LONG

"For over two years I suffered from rheumatism," said Mr. Jack M. Long, 511 Burnett street, Fort Worth. "My legs and back were affected so much that I could not carry on my work as a baseball player. Finally I was forced to remain in my home for three months. I had attacks of indigestion and my kidneys gave me no end of trouble; the pains in my back were terrible. I was forced to rise many times nightly and became very nervous."

"I tried many remedies without result when a friend recommended Konjola. After taking seven bottles, I was able to resume my work in the K. I. C. League as a ball player. The rheumatic pains have completely vanished and my stomach is in perfect condition. My kidneys are again normal and I do not have to rise at night. The pains have left my back and my nerves are strong. Konjola restored me to perfect health."

Although many men and women state that one or two bottles brought relief, it is recommended that six or eight bottles be taken to obtain the best results.

Konjola is sold in Tahoka at Tahoka Drug Co., and by all the best druggists in all towns throughout this entire section.

#### CANYON BUFFALOS WILL START TRAINING SEPT. 5

CANYON, July 31.—The football training camp at the West Texas State Teachers College will start on the morning of September 5, 1930, according to a statement made by Coach Claude E. Reeds this week. Coach Reeds stated that he is expecting a good many of last year's men to return as well as a host of Freshmen, who have indicated their intentions of being on hand.

Starting on the 5th will give the team two weeks of hard training to get in shape and unless there is a game scheduled between September 20 and October 3, there will be nearly four weeks of workouts.

The schedule of games follows:

October—Panhandle Aggies, Buffalo Stadium.

October 11, Dads Day—Abilene Christian College at Buffalo Stadium

October 17—East Texas Teachers at Buffalo Stadium.

October 24—Daniel Baker at Brownwood.

November 1, Homecoming Day—Texas Tech, Buffalo Stadium.

November 8—New Mexico Military Institute, Roswell.

November 15—Stephen F. Austin, Buffalo Stadium.

November 22—Game to be played in Amarillo, the opponent to be arranged.

November 28, Thanksgiving—McMurry College, Buffalo Stadium.

Baird—Aviation sign placed on roof of prominent building, as guide to aviators.

Midland—Contract let by city for drainage work.

#### Doctors Disagree

When children are irritable and peevish, grind their teeth and sleep restlessly, have digestive pains and disturbances, lack of appetite, and have itching eyes, nose and fingers, doctors will not always agree that they are suffering from worms. Many mothers, too, will not believe that their carefully brought up children can have worms. The fact remains that these symptoms will yield, in a great majority of cases, to a few doses of White's German Vermifuge, the sure expeller of round and pin worms. If your child has any of these symptoms, try this harmless, old fashioned remedy, which you can get at 35c per bottle from THOMAS BROS. DRUG CO.

## Nelson Has Made Profit On Cows

The value of high grade milk cows has been shown by G. H. Nelson, who became interested in dairy stock several months ago. Nelson's experiment proves conclusively that one or two good cows properly fed could be money makers to nearly anyone, even at the low price of dairy products.

On last April 10, Mr. Nelson bought for \$140 Reigler's Annette, a registered Jersey, while in attendance at the Panhandle-South Plains Dairy Show. He turned the cow over to Glen Hackney, a brother-in-law and student in Texas Tech, who has fed the cow a balanced ration and marketed the milk for half the profit. Each has cleared \$50 from the milk. Hackney liked the cow so well that he recently paid Nelson \$300 for her and a grade cow which Nelson had on a farm near here.

Hackney is paying his way through school at Tech with his small herd of three Jersey cows and has to buy all of his feed.

The average domestic consumption of electricity in the United States is \$31—less than 2 per cent of the average American family's total expenditures.

Skin eruptions are nature's warning that constipation is throwing poisons into your blood stream and weakening your whole constitution. Remove the constipated condition and you will strengthen your system against disease and clear up your disfigured skin. Elder W. E. Starnes, pastor of the Church of Christ at San Angelo, and M. L. H. The meeting opened last Sunday and will close the middle of next week.

With the exception of Tuesday night when the shower kept a number of people away there have been excellent crowds in attendance at the services. All the people of the town are invited to attend the services. Brother Starnes is said to be a most excellent preacher.

### IRENE RICH AGAIN WILL ROGER'S WIFE

Will Rogers will have no other screen wife than the adorable Irene Rich.

Some years ago, Will, the genial wit and philosopher, essayed to star in a few silent productions and Irene Rich was his screen wife then. When Rogers signed up with Fox Movietone he proposed that Miss Rich be cast again as his leading lady.

The result is screen history. "They Had to See Paris" was nothing short of a sensation and added vitality to Rogers' already wide popularity.

When it was decided that his second venture on the audible screen was to be "So This Is London" which is the English Theatre's attraction for Sunday, Monday, and Tuesday, none other than Irene Rich would suit Will as "Mrs. Hiram Draper." Being a far seeing woman, Miss Rich who was playing vaudeville engagements had a clause in her contract which would allow her to do what she most wanted to do—be Will's wife on the screen once more.

Bee County's roads will be improved by the recent voting of \$325,000 in road bonds by District No. 1. Alpine voted on \$141,000 worth of bonds to take up warrants expended in municipal improvements, largely paving. Texas limestone is to be used in the new government hospital at Galveston.

El Paso had the first cottonseed hull greens (golf) in the history of that ancient game. Many golf courses in other parts of the United States where dry climate and wind conditions make sandgreens difficult to maintain are using the El Paso invention.

## SICK HEADACHES

Disagreeable Feeling All Went Away Following Use of Black-Draught.

Paducah, Ky.—"For a long time I suffered with severe sick headaches that would unfit me for my work for two or three days at a time," says Mrs. C. H. Hal, of 222 Tennessee Street, this city.

"I would have these headaches if I let myself get constipated. I would also feel very dull and stupid and have a very bad taste in my mouth."

"After I heard of Theodor's Black-Draught and began taking it, all this bad feeling would disappear and I would not have the headache, so that now I just keep a box of Black-Draught on hand, and when I feel the least bit bad I take a dose and it relieves me at once. I am glad to recommend Black-Draught, in fact I have done so many times, to friends and neighbors."

Theodor's Black-Draught is a purely vegetable cathartic or laxative medicine, composed of selected medicinal herbs and roots. Black-Draught is finely powdered, which enables the juices of the stomach to extract its medicinal properties in an easy, natural way.

## COTTON CO-OP ASS'N WILL GIVE COMPLETE SERVICE

This is the first week of a new cotton season. It brings with it a new, government-supported cotton marketing system.

The new service will be brought directly to the cotton grower of this territory at his home market. The grower will find an agent near him who will handle, in person, all details of the system from supplying information to making final payment.

Branch offices and sub-offices are in charge of federally licensed cotton classifiers. Receiving agents at smaller points will give similar service, but will send samples to branch or sub-offices for grading and stapling. Managers of branch and sub-offices are being selected from the best-qualified cotton men of the state. It is required that they have at least four years of grading and stapling according to government standards, as well as to have a government license.

The American Cotton Co-operative Association, with E. F. Creekmore, one of the South's outstanding cotton merchants for many years, as general manager, makes all sales not only for the Texas Association, but for fourteen other associations covering the American cotton belt. This

association is expected to handle a large volume of cotton through its hands that of the world's top market. Since members are only part of their association, the association can be obtained else to obtain the rest of cotton. Cotton grower member that the price the street is higher than would be because the on the job, keeping the they may not be faring to appreciate the fact ciation must meet comp the new plan, because de members is largely volun . ## Do Your Appreciate Your Conveniences

In 1910 you read by a lamp, cooked on a coal stove or possibly enjoyed the luxury of an oil stove, and washed on a rub-board. Ice was a luxury you bought to make Sunday ice cream.

In 1930, your home is brilliantly lighted, many have electric ranges, the washing machine and the sewing machine is power driven, you have an electric radio, power has speeded up all industry, and ice is delivered to your refrigerator daily.

We are proud that our company has been instrumental in this development.

### THANKS, SUPPORTERS

I wish to thank you fellow citizens of Lynn County who gave me your support in the first primary enabling me to get in the run-off in the contest for county tax collector. I greatly appreciate your aid, and solicit a continuance of any aid you have been giving me. Those who supported me and those who supported other candidates are solicited to my aid in the primary of August 23.

I also wish to state that I am running my race absolutely independent of any other.

If elected, I give you my promise of everything I can do to be of real service to all the people of our fine county.

Yours for service,

S. J. R. NO. 19  
PROPOSING A CONSTITUTIONAL AMENDMENT TO BE VOTED ON NOVEMBER 4, 1930.

Be it resolved by the Legislature of the State of Texas:

Section 1. That Section 5 of Article 3 of the Constitution of the State of Texas be amended so as to hereafter read as follows:

The Legislature shall meet every two years at such time as may be

provided by law and at other times when convened by the governor. When convened in regular Session, the first thirty days thereof shall be devoted to the introduction of bills and resolutions, acting upon emergency appropriations, passing upon the confirmation of the recess appointees of the Governor and such emergency matters as may be submitted by the Governor in special messages to the Legislature; provided that during the succeeding thirty days of the regular session of the Legislature the various committees of each House shall hold hearings to consider all bills and resolutions and other matters then pending; and such emergency matters as may be submitted by the Governor; provided further that during the following sixty days the Legislature shall act upon such bills and resolutions as may be then pending, and upon such emergency matters as may be submitted by the Governor in special messages to the Legislature; provided however, either House may otherwise determine its order of business by an affirmative vote of four-fifths of its membership.

Section 2. That Section 24 of Article 3 of the Constitution of the State of Texas be amended so as to

hereafter read as follows:

Members of the Legislature shall receive from the public Treasury a per diem of not exceeding \$10.00 per day for the first 120 days of each session and after that not exceeding \$5.00 per day for the remainder of the session.

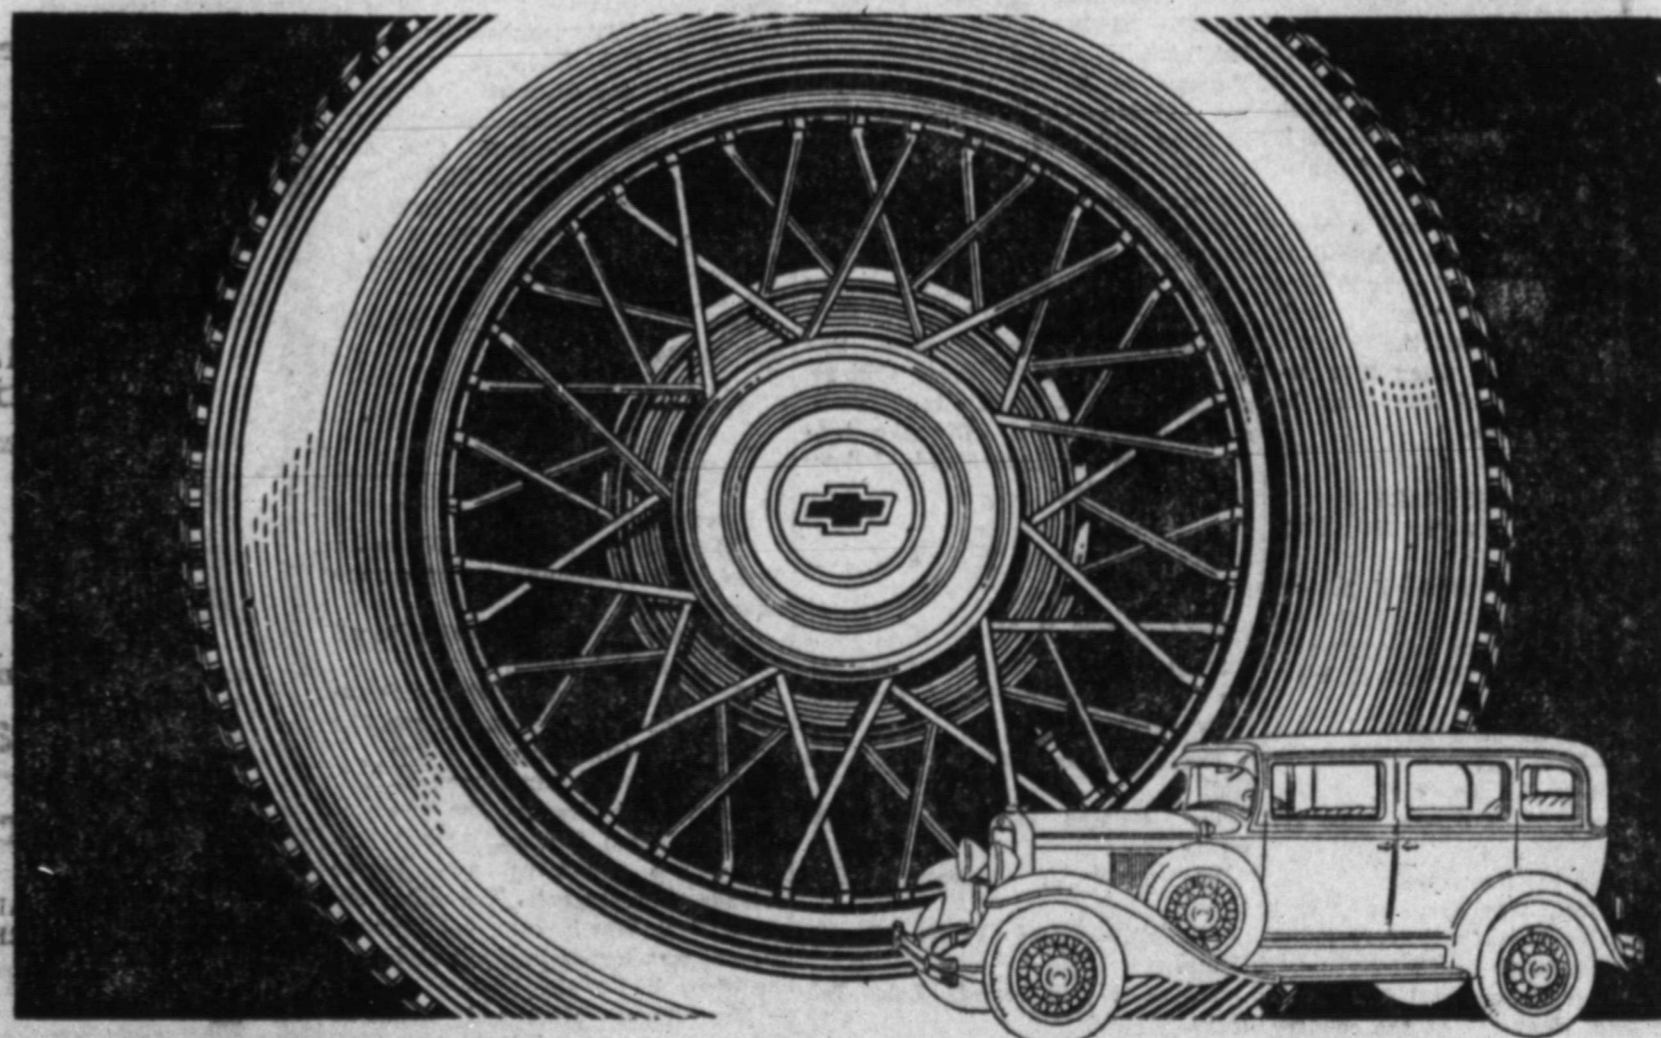

In addition to the per diem the members of each House shall be entitled to mileage in going to and returning from the seat of government, which mileage shall not exceed \$2.50 for every 25 miles, the distance to be computed by the nearest and most direct route of travel, from a table of distances prepared by the Comptroller to each county seat now or hereafter to be established; no member to be entitled to mileage for any extra session that may be called within one day after the adjournment of a regular or called session.

Sec. 3. The foregoing constitutional amendment shall be submitted to the electors of this state qualified to vote on constitutional amendments at an election to be held through out the State on the first Tuesday after the first Monday in November, A. D. 1930.

# CHEVROLET ANNOUNCES DE LUXE WIRE WHEELS at no extra cost

Chevrolet again adds extra value to the Chevrolet Six! Those who prefer may now have any passenger model equipped with beautiful de luxe wire wheels—at no additional cost!

Designed especially for Chevrolet, these wheels incorporate many important features that have won favor on cars much higher in price.

The ornamental hub caps are unusually large, and are finished in sparkling chromium plate. The bolts that hold the wheel in place are located inside the hub—thus assuring a smarter, more clean-cut appearance. The spokes are short and sturdy—the wheel construction is extremely rugged. Moreover,

there is an unusually large number of spokes—for extra strength and durability!

### A variety of attractive new colors

In addition to this de luxe wire wheel equipment, Chevrolet now makes available a wide choice of new color combinations on all models—colors that are rich and distinctive.

You are invited to come in—NOW—and attend the first showing of six-cylinder Chevrolet models with these striking new colors and wire wheels.

## Cotton Picking Test Is Planned

The world has had transcontinental foot racing marathons, dancing marathons, peanut-rolling marathons, refueling endurance airplane flights, trans oceanic flights, tree-sitting marathons, and what not.

And now, two Tahoka citizens are about to give to the world a marathon that will be of some benefit to the cotton farmers, and may start another furor among those who seek the lime-light through the press.

Taylor White and Jack Applewhite are planning to introduce an endurance cotton picking test this fall. They and other Tahoka citizens plan to make up a purse that will make the winning of the contest worthwhile. Exact rules have not been worked out yet, but they have decided that both the length of time in continuous picking and the amount of cotton picked will determine the winner. Each contestant must have a judge to act as weigher and time-keeper.

## Local Hi-Leaguers Attend Meadow Meet

Friday afternoon the Tahoka Hi-League went to Meadow to attend the District Rally, arriving in time for registration at six o'clock.

That evening we had a splendid sermon by Rev. J. W. Shepherd of Levelland.

The "morning watch" service Saturday morning at 6:45 was the most impressive part of the rally, and it was conducted by Rev. I. A. Smith of Slaton. Rev. G. E. Turrentine of Brownfield brought the third sermon just before the noon hour.

The business session was conducted by Mrs. W. B. Little, district secretary of Post.

We were honored by the presence of our Conference field secretary, Virgil M. Gore of Canyon. Mr. Gore was also a welcome visitor in Tahoka's chapter last week.

The assembly enjoyed several special numbers, one of which was furnished by Clifton Janak of the local chapter.

The Meadow chapter was royal host to about a hundred and forty Leaguers from all over the district. The town opened its homes hospitably, and the ladies of the church furnished two bounteous meals to which the visitors did ample justice.

A thoroughly inspirational program and fine fellowship were enjoyed by these local Leaguers: Misses Hazel Anglin, Alice Church, Marie Brown, Elizabeth Crie, and Ruth Suddarth; Messrs Clifton and Johnnie Janak, who accompanied their counselor, Mrs. Rubie D. Suddarth, and president, J. D. Donaldson, Jr.

The next quarterly rally will be held at Post.—Reporter.

## CITATION BY PUBLICATION

THE STATE OF TEXAS,  
 To the Sheriff or any Constable of Lynn County, Greeting:

You are hereby commanded to summon J. L. Cleavland by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in the nearest county where a newspaper is published, to appear at the next regular term of the District Court of Lynn County, to be holden at the Court House thereof, in Tahoka, Texas, on the fourth Monday in September A. D. 1930, the same being the 22nd day of September A. D. 1930, then and there to answer a petition filed in said Court on the 10th day of April A. D. 1930, in a suit, numbered on the docket of said Court as No. 823, where in Gussie Cleavland is Plaintiff and J. L. Cleavland is defendant and said petition alleging that the plaintiff now resides and has resided in the State of Texas for more than 12 months next preceding the filing of this petition and now resides and has so resided in Lynn county, Texas, more than six months next preceding the exhibiting of this petition, that the defendant is a non-resident of the State of Texas and has been for some time before the filing of this petition, that the plaintiff and defendant married on or about the 2nd day of June, 1917, and separated on or about the 22nd day of September, 1929, that during the said marriage there was born of said marriage two children, a girl by the name of Christine C. Cleavland, 12 years old and a boy, Curtis Cleavland 9 years old; that because of the cruel tyrannical and outrageous treatment toward plaintiff by the defendant and his excess towards her she was compelled to leave the defendant because said treatment became insupportable towards her, that she could not live with defendant any more that defendant would often curse and abuse plaintiff while she was sick; that just before she left the defendant while she was sick in bed and unable to help herself, the defendant left her without any money or credit, failed to get her medicine or a doctor, would not get food or clothing for her self and the children aforesaid, that defendant when at home, would leave home two or three times a week at night time and be gone all night long, leaving the plaintiff at

home in bed helpless and go to some road house where they would drink and dance all night long and defendant would come home drinking; that for several months prior to said separation the defendant failed to provide the proper food and clothing for her self and said two children and at the time the plaintiff left the defendant, he had failed to provide them with food and clothing and the two said children were almost naked and without food; that the defendant would not work and when he did work would spend his wages for something to drink and not keep the plaintiff and the two said children in food and clothing and that this became insupportable and rendering their living together impossible.

Wherefore plaintiff prays the court that the defendant be cited to appear and answer her petition and that upon final hearing she have judgment dissolving the marriage

contract now existing between the plaintiff and the defendant, that the plaintiff have care, custody, control and education of said children of said marriage, for costs of suit and for such other and further relief, general and special in law and equity that she may be entitled to.

Herein Fail Not, and have you before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

(SEAL) Given under my hand, and the Seal of said Court, at office in Tahoka this 6th day of August A. D. 1930.

TRUETT SMITH, Clerk,  
 District Court, Lynn County.

## Lynn Co. Joins Plains Institute

School will likely open in Tahoka on September 8, the second Monday, according to S. D. Sanders, member of the school board. Local teachers will attend the consolidated South Plains Institute at Lubbock which begins the first Monday, and it is expected that the opening of school will follow the next week.

Lynn county will not hold a county institute this year as it has done in the past, County Superintendent H. P. Caveness states, as a result of a vote taken among the county's teachers last spring when they expressed preference of attending the Institute at Lubbock.

## High School Principal Will Marry August 27

The approaching marriage of Miss Hazel Hamilton, Abilene, to M. J. Weaver, newly elected principal of Tahoka high school, was announced Monday in Abilene by her parents, Mr. and Mrs. U. S. Hamilton. The wedding will take place there August 27, J. B. Pace, Tahoka school superintendent, acting as best man.

The romance had its beginning at Ballinger, where Miss Hamilton has taught for the past two years, and where Mr. Weaver has been principal of a ward school for four years. She is a graduate of McMurtry College, and he of West Texas State Teachers College. They will make their home in Tahoka immediately following the wedding.

How do you feel about politics? Not satisfied, I guess.

Mr. and Mrs. John Kirkpatrick returned from East Texas. His son and family are visiting him.

There was a family reunion of S. J. Hallmarks' children at the home of W. R. Warren Sunday, August 3rd. Forty-two relatives and twelve friends were present. The oldest son from Fort Worth was not present. Dinner was served in picnic style and everyone had a nice time.

Mrs. Harve King and Grandma King are on the sick list. Sure hope they get well.

Bud Cornelius from Plainview is visiting his uncle, S. J. Hallmark. They will spend a few days in Zephyr before returning home.—Reporter.

## TO THE PEOPLE OF THE 119TH LEGISLATIVE DISTRICT:

The large vote given me over, the district for state representative which was only a few short of winning, was gratifying beyond expression. I have made many new friends in this race and to them and the old ones who supported me so liberally I will always be grateful. Especially am I grateful to the people of Lynn County, my home, for the large majority of votes cast for me in the primary, and may I say I will always try to merit that confidence expressed. I have no ill feeling, of any kind, for any one arising from this campaign. May we all cooperate our efforts toward a continuance of the progress and prosperity of the South Plains of Texas.

Yours very truly,  
 JOHN N. THOMAS
