

FRESH TOMATOES BY JULY 4th!

The electric hotbed has answered the wishes of those who desire an early garden, but hesitate to challenge the unpredictable Spring weather.

An electric hotbed can give your seedlings the necessary early start and healthy growth to produce nutritious, vine ripened tomatoes by early July. For that matter, you can have a full garden of any number of vegetables that can easily be transplanted, such as lettuce, eggplant, peppers, etc.

Your hotbed installation requires only a small investment and it can be used year after year to give you early garden produce. One 60 foot

electric soil heating cable will dissipate 400 watts on 110 volts, and will heat 36 square feet of soil.

For July 4th tomatoes you need to start your seedlings in the latter part of February. These seeds germinate readily at soil temperatures between 68 and 75 degrees F, but when the seedlings appear above ground the temperature should be lowered slightly to prevent weak and spindly growth. Generally a soil temperature of 65 degrees, with plenty of light and moderate watering, will produce good stocky seedlings, but the air temperature should not go

above 70 degrees at any time. Germination is in five to eight days. Transplanting to the open garden in late May can be done without loss of growth.

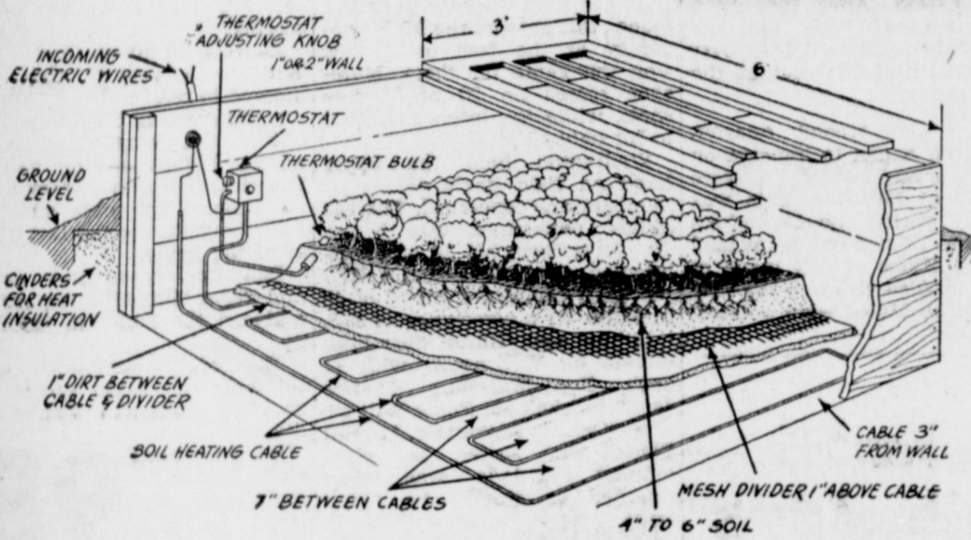

In locating your hotbed it is advised to select a sunny exposure on well-drained soil, protected from cold winds by shrubbery or by partial burying in the ground. Follow the hotbed instructions for each of the annual seedlings planted.

Your farm equipment dealer can give you any information you might need on hotbed installation and operation, or check with your power supplier.

An electric hotbed can produce a Fourth of July salad of nutritious, garden ripened vegetables from any home plot.

Suggested layout of electric soil heating equipment in hotbed

LAZBUDDIE NEWS LETTER

P-TA Meeting Held To Plan School Week

The Lazbuddie P. T. A. met Monday evening with one of the largest crowds of the year in attendance. A nominating committee was elected consisting of Mrs. Calvin Embry, Mrs. Don Schuman and Mrs. Joe Bates Jennings.

Mr. Hinkson, president of the school board, gave a short talk concerning Public School Week. Mrs. Freians first grade students gave a delightful program consisting of the rhythm band and ending with songs.

The audience also got a sneak preview of the one act play that will be presented at the district meet. The name of the play is "The Darkest Hour" and from the looks of things it will be in fine shape by then. Mr. Ward stated that there were 317 students enrolled in school.

The 3B district meet will be held at Lazbuddie this year with some of events to begin about the 19th of March. Full details and time will be in the paper next week. The schools participating in these events will be Lazbuddie, Nazareth, Vega, Adrian, Bovina, Happy and Walcott elementary.

Wednesday the P. T. A. will honor all of the teachers by presenting each of them with a carnation and a note saying how much we appreciate them as teachers and take Public School week as the time to say so.

Mrs. Leon Smith is in Denton

helping care for a new grand-daughter. We did not learn the young lady's name, but she is the daughter of Mr. and Mrs. Jim Sybert.

Mr. and Mrs. Lawson Edwards from Bovina visited her sister Mrs. Perry Barnes Sunday.

There is lots of sickness in the community with the mumps and measles ranking high among the younger fry.

Mrs. Gene Smith was hostess in her home recently for a pink and blue shower given in honor of Mrs. Don (Chilli) Jordan. Mrs. Jordan is the former Leota Mahon.

Mr. and Mrs. Wayne Clark and children visited his brother the Ed Clarks at Hereford Sunday.

Mrs. J. O. Cantrell from Clovis spent Monday with Mrs. C. C. Graef.

Mr. and Mrs. E. T. Harrison Jerry and Janice from Hale Center visited in the home of her aunt, Mr. and Mrs. Clyde Monk Sunday afternoon.

Mr. and Mrs. Fred Curtis from Farwell visited Sunday in the home of her parents, Mr. and Mrs. John Crim.

Mr. and Mrs. Clyde Roark of Monte Vista, Colorado visited

cella Mayfield, Theron Vaughan and Ronald Ashford. Others going along were, Mr. and Mrs. Jim Mayfield, Mesdames Dee Brown, Bob Jones, Dewitt Precure, Clyde Monk, Carolyn Sue Kirk, Billy Jones, Johnny Jones, Ronald Mayfield, Kathryn Smith and Johnny Nowell.

Mr. and Mrs. J. W. Morris from Portales spent last week in the homes of their sons and families, Mr. and Mrs. Alton Morris and Mr. and Mrs. Valton Morris.

The D. A. Tarters had had their guests over the week end and their daughter, Mr. and Mrs. Junior Clark and children from Brownfield.

Mr. and Mrs. Dee Chitwood and children visited with relatives in Albuquerque, New Mexico over the week end.

Mr. and Mrs. J. B. Young and boys visited Sunday in Sweetwater with Mr. Youngs family.

BIRTHDAY PARTY

Max Eubanks celebrated his tenth birthday with a party at the home of his parents Sunday afternoon. Max received a number of gifts and games and refreshments were enjoyed by the children. Those helping Max to celebrate were Marle and Marquita Seaton, Gary, Larry and Bill Eubanks, Ann Hudson, Sharon Dalrymple, Linda and Ronald Ashford, Rebecca and Melodie Anderson and David Luna.

Mr. and Mrs. Robert Kimbrough and Mr. and Mrs. G. L. Splawn enjoyed the basket ball games in Lubbock, Saturday.

Mrs. Jack Smith and Kathryn attended the wedding of Mary Ann Huseman at Nazareth on Monday morning.

ATTEND F H A MEETING

On Saturday March 2nd, Sharon Thorn, Juanita Scott, Carolyn Scott and Mrs. Dian Reed attended the Area I FHA meeting which was held in Amarillo at the Municipal Auditorium. "Footsteps into the Future" was this year's theme. Some 2,649 persons attended this meeting. Sharon Thorn and Juanita Scott sang on the program in the choir which was composed of 202 voices. The choir was made up of two members of each FHA Chapter in the Area.

Selections sung were: "The Bells of St. Mary", "Over the Rainbow" and "Lead on America." The choir was directed by the Anton High School Music Director, Carolyn Scott was FHA voting delegate attended the House of Delegates luncheon and voting session at the Palo Duro High School. The FHA members luncheon was held at the Amarillo School. An impressive ceremony of the installation of new officers was the climax of the 1957 area I FHA Meeting.

Mr. and Mrs. Wayne Hardage attended the funeral of a friend at Vaughan, New Mexico, Monday.

Mr. and Mrs. Hubert Elliot attended the funeral of Otis English at Sunnyside on Sunday.

Miss Stella Pendergrass attended the funeral of a friend of the family at Munday this week.

Cecil Wiley from Lubbock has been visiting in the homes of John Crim and Jess Pendergrass while attending to business here.

Mr. and Mrs. G. W. (Pete) Mimms, Clay and Tracy visited with relatives in Ralls on Tuesday.

Mr. and Mrs. Russell Sampbell

from Oxnard, California were recent visitors in the home of her sister, Mr. and Mrs. Virgil Teague and family.

Mr. and Mrs. Carroll Hunton of Portales have announced the arrival of a baby boy. The young man has been named David Thorn. Mrs. Hunton is the former Winona Thorn and was raised in this community.

Elaine, Mary Jane and Tommy Gosner from Portales spent the week end with their grandparents, Mr. and Mrs. Garvin Thorn.

BRIDAL SHOWER

Mrs. Larry Treider, nee Duella Lawrence was honored with a bridal shower in the home of Mrs. Raymond Houston recently. The motif of the affair was the sweetheart theme and the serving table was covered with white lace over red taffeta. White cake squares and red punch was served.

Junior hostesses, friends and former classmates of the bride, greeted and registered the guests and presided at the table. They were Misses: Patsy Cox, Janice Clark, Marie Houston, Danny Rue Cargile, Donna Redwine, and Rosemary Agee. Miss Agee played several piano selections while the guests were assembling and also accompanied her mother, Mrs. John Agee who sang "The Wedding Prayer".

Guests were: Mesdames: Andrew Brown, Edd Clark, Max Steinbock, C. A. Watson, Richard Engelking, David White, J. D. White, Gene Smith, Ted Treider, Joe Cox, Dee Brown, Freda White, Don McDonald, J. J. McDonald, Leroy Wilson, A. H. Wilson, Joel Treider, Earl Peterson, John Vaughan, Gene Phillips, Sam Brownles, Herbert Clay, Opal Beverly, Fred Wilbanks, Doda-yah Lawrence, Leon Smith, Dian Reed, Jimmy Dale Black, Willie Steinbock, and Misses Mona Hall and Madalyn Schamaan. Many sent gifts who were unable to attend.

Hostesses were Mesdames: Raymond Houston, A. E. Redwine, Calvin Clark, Walter Steinbock, Artie Beavers, Dan Cargile, John Agee, John Littlefield and Roy Glover.

Mrs. Carrie Withrow who underwent surgery in an Amarillo hospital is at home now and doing fine according to reports.

All 3 circles of the W. M. U. met together Monday afternoon for a business and social affair. Mrs. S. E. Williams brought the devotional. Reports from the committees was heard and plans were started for the annual sen-

Thyroid Hormone May Lift Logy Housewife

BY EDNA MILES

GETTING started in the early morning hours isn't always the fun it's made out to be in the movies and on television.

Presumably, any housewife leaps from her bed at 7 a.m. all aglow at the possibilities of getting breakfast in a hurry, getting the kids and her husband off to school and office, doing the dishes and cleaning up the bathroom.

More likely, what really happens is that she drags herself out of bed in a daze, tosses coffee and water into the percolator and prays that it doesn't come up mud. After an hour and a half of nightmarish activity, she collapses in the kitchen with a cup of coffee and thinks longingly about going back to bed.

She doesn't, of course. The coffee helps, and furthermore she has a load of laundry and other tasks to do.

If this is your customary early morning state, you may be one of many victims of a slight deficiency of thyroid hormone. Not-

Better see your physician if morning coffee holds as little interest for you as it does for this weary housewife.

ing serious but enough to make you feel tired in the morning. Enough to make it worth while to see your doctor. He can give you thyroid hormone to make up for the deficiency that makes you feel droopy in the morning and at your best in the evening. But this is a condition that only your doctor can diagnose correctly. Dosing yourself is not the answer.

NEW SKINNER LENTEN DINNER
Tasty... Fast to Fix

Seafarer Casserole

WHAT YOU NEED
2 cups uncooked SKINNER SHORT CUT ELBOW MACARONI
1 cup well-drained tuna
2 tablespoons finely diced onion
1/4 cup chopped stuffed olives
2 1/2 cups cheese sauce (see recipe below)
2 quart buttered casserole

HOW YOU DO IT
1. Cook macaroni as directed on package
2. Drain macaroni and place in buttered casserole
3. Add tuna and onion
4. Add olives and cheese sauce
5. Blend all ingredients together
6. Bake in 350° F. oven for about 30 minutes
Quantity: makes 4 to 5 servings

3-MINUTE CHEESE SAUCE
1 1/2 cups of evaporated milk 1/2 teaspoon salt
1 1/2 teaspoons dry mustard
2 cups (about 8 oz.) grated process American cheese
Simmer evaporated milk, salt and mustard in saucepan over low heat to just below boiling (about 2 minutes). Add cheese. Stir over low heat until cheese melts (about 1 minute longer).

Typical of the patrolmen is Leroy Maxwell, here holding up his yellow warning flag to slow traffic so that students may safely cross the intersection. (Staff Photo).

PLEASANT VALLEY NEWS

Community Center Kitchen To Be Painted

Mrs. Ruth Lackey is recuperating at her home after undergoing minor surgery recently.

Kay, small daughter of Mr. and Mrs. Bill Boum spent last week visiting her grandparents, Mr. and Mrs. B. H. Bickel.

Mrs. Bonnie Haberer and Mr. and Mrs. Oscar Allison attended the Red Cross kick off dinner at Littlefield Thursday night.

Mrs. Jack Calhoun and Glenda spent the first of last week in Midland visiting relatives.

Mrs. Billy Free visited with her nephew, Galen Bock at the Methodist Hospital in Lubbock last Monday.

Ira Lee Inman is on the sick list this week.

Mr. and Mrs. Kirk Pitts and family visited Thursday night in Tahoka with her parents.

Dorlene St. Clair and I. V. Pierce visited in Bula last Sunday with I. V.'s parents.

Mr. and Mrs. Harold Shoemaker and family of Carlsbad, N. M., and Mr. and Mrs. Roger Crane and family of Dallas visited recently in the Roy Shoemaker home.

Plan Kitchen

Several women of the community met Friday to plan the color scheme for the community kitchen.

It was decided to varnish the cabinets. The walls and ceiling are to be painted a teal blue color.

Mr. and Mrs. John St. Clair were Sunday guests of the T. B. Dyers of Springlake.

Social Club

The P. V. social club met Thursday night with Nell Shoemaker and "Pete" Hodges as co-hostess.

June Free acted as secretary in the absence of Gaynell Pitts. The club welcomes three new members: Mmes. Betty Bryant, Jean Hardin, and Eula Calhoun.

One visitor was present, Mrs. Ann Addell.

Delicious refreshments were served to the visitor and members, Mmes. Addell, Free, Calhoun, Hardin, Bryant, Pauline Adams, Leah Jones, Judy Green, Katie Roubinek, Leona Hicks, Jean Allison, Alice Angeley, Edith St. Clair, Hazel West, Ethel Allison, Glenda Hutton, Hattie Bickel, Victoria Hendricks and the hostesses.

Next meeting will be with Mrs. Harold Allison with Mrs. Billy Free as co-hostess.

Glenda Haley, Mildred Stewart, Katie Roubinek, Vera Inman, Nell Shoemaker, Ethel Allison, Leona Hicks, Glenda Hutton, "Pete" Hodges and Judy Green worked on the cabinets at the community center Monday.

Community Meeting

A community meeting was held Tuesday night, with Gerald Allison presiding.

It was voted that any time an organization of the community holds a meeting at the community center a minimum fee of \$3.25 will be charged.

There were discussions on buying new chairs for the center. Meeting was adjourned.

The community extends congratulations to Mr. and Mrs. Eugene Burman on the recent birth of a son, Clifford Max.

CHIPPER WINNIE—Chewing his characteristic cigar, Sir Winston Churchill is shown on a recent visit to Nice, France. Apparently not trusting the balmy climate of the Riviera, the soldier-statesman-author wears a heavy overcoat. He spent a few days as a guest of a Swiss editor.

Muleshoe FHA Girls Attend Area Meet At Amarillo

Fifteen girls from the Muleshoe chapter of Future Homemakers of America were part of the 2895 who attended the Area FHA meeting in Amarillo March 2.

Interesting programs were presented in morning and afternoon sessions. One feature of the morning program was a choir of 292 voices. Each chapter was represented by two girls. Local representatives were Priscilla Inman and Dorothy Hickman.

Those attending from Muleshoe were Claudia Cox, Mary Gross, Lynn Honeycutt, Dorothy Hickman, Priscilla Inman, Donna Atkinson, Kay Bruns, Kay Brown, Toni Billingsley, Betty Ogletree, Charlene Coulter, Sue Sanders, Nelda Redwine, Sandra Burkhardt, Nita Thompson, and sponsors, Mrs. Brock, Mrs. Jones, Mrs. Coulter and Miss Biles. Donna Atkinson represented the chapter as voting delegate.

Progress HD Club Program Given On Home Nursing Care

The Progress Home Demonstration Club met in the home of Mrs. A. R. McGuire for a program on home nursing care.

Roll call was answered with a nursing experience, and Mmes. Mae Sinnacher, Ada Murrah and Fern Davis gave talks on late advances in medicine.

The club voted to serve the Farm Bureau banquet on March 12, and urged each member to bring two pies.

The next meeting of the club will be on March 14, in the home of Mrs. O. M. Self.

Present were Mmes. Mae Sinnacher, Phoebe Gray Gladys Haley, Veta Self, Fern Davis, Marie Malby, Elsie Williams, Lila Mardis and the hostess.

Publisher Gets \$615 Damages

Preston A. Hawks, Sudan publisher, was awarded \$615 and cost in a breach of contract suit heard by District Judge E. A. Bills Wednesday.

Hawks sued Roy W. Neal, former Earth publisher, for breach of contract during the year Neal leased the Sudan Beacon plant in 1955 and '56.

RELAXED, HE SAYS—After 12 years' practice, 47-year-old Iver Johnson of Chicago has perfected his stunt of floating vertically in fresh water without any bodily movement. Here the retired accountant, dubbed the "Human Cork," demonstrates his technique while holding a tray and cup above water. Johnson says a serene mind and intense concentration are necessary to float vertically. He once was timed floating this way for 20 minutes.

West Camp HD Club Met February 22

The West Camp Home Demonstration Club met February 27 in the home of Wanda Walker for a program on health problems.

Roll call was answered with nursing experience, and Della Peel talked on bed rest for fever and salt as a medicine.

Present for the meeting were Mmes. Mae Busbice, Ethel Harding, Della Peel, Wanda Walker, Alta Hughes and Sue Nesbitt.

The next meeting will be March 13 with Ivydell Curtis.

Rotarians Met In School Tuesday

Muleshoe Rotary Club members enjoyed having their regular weekly luncheon Tuesday

noon in the cafeteria of the high school. After the meal, the members adjourned to the visual aid room of the school for their business session and program.

The club voted to pay \$1.35 each for their meal, 35c for the lunch room and the balance to be given to the junior class, now busy raising money for the junior-senior banquet.

Afterwards the Rotarians, with Bill Parker, principal, as guide, toured the shop building and viewed a scale model of the high school building, recently built by the beginning engineering students.

Mr. and Mrs. Eddie Lane and son, Joe, returned Monday from a weekend trip to Wichita, Kansas, where they visited their daughter and son-in-law, Mr. and Mrs. Wannie Eades. Wannie is employed by the Boeing Aircraft Co. there. They reported it rained on them all the way back thru Kansas and Oklahoma, but when they reached Texas, was as dry as ever.

FAMILIES TAKE TO OUTBOARDING

Families, taking up outboard boating in droves, have caused a trend to bigger, more comfortable boats and higher horsepower motors that pack the punch needed to drive them. The engines pictured are two 35-h.p. models manufactured by Johnson Motors.

Muleshoe Study Club Program Topic "Getting The Most Out of Life"

"Getting the Most Out of Life, Through Youth" was the theme of the Muleshoe Study Club meeting held February 28 in the home of Mrs. Sam Gholson. Mrs. Gilbert Lamb talked on "The Point of View Depends on the Viewpoint", and Mrs. Senn Slemmons spoke on "Ten Rules for Good Parents."

Mrs. Lee Pool was elected president of the club for next year. Other officers elected included Mmes. Horace Blackburn, vice-president; W. T. Andrews, recording secretary; John Watson, treasurer and librarian; Senn Slemmons, corresponding secretary; A. S. Stovall, parliamentarian; Glen Dunn, critic, and Alex H. Williams, historian and reporter.

Mrs. Lee Pool read the annual report to be sent to the District 7 convention.

The club voted to give the welfare committee authority to make donations to the state and dis-

trict funds. Mrs. Alex Williams reported on the visit made by several members from Muleshoe to the club at Sudan, where clubs heard an address by Mrs. Arthur Cavanaugh of Lubbock, first vice-president of the 7th district of the Texas Federation of Women's Club.

A social hour followed, with delicious refreshments served to a guest, Mrs. Vernon Jamison, and ten members, Mmes. Senn Slemmons, Gilbert Lamb, W. T. Andrews, A. J. Gardner, W. B. Wagnon, Verney Towns, Lee Pool, B. O. McDaniel, Alex H. Williams, and the hostess, Mrs. Gholson.

P-TA To Sponsor Free Polio Shots For School Kids

The Muleshoe P-TA voted to sponsor four projects at its last meeting on February 18 in the high school auditorium.

The group voted to change the meeting time to 4:15 pm on the third Monday of each month. The club also voted to sponsor the newly organized school safety patrol.

Plans were discussed to sponsor a free polio vaccination program for all children not already inoculated with the anti-polio shots. Dr. B. O. McDaniel told the group that a survey should be made to determine the number of children who will require the free inoculations.

Appointed to the survey committee were Jane White, Mrs. R. O. Gregory, B. R. Putman, and Paul Summersgill.

The P-TA also voted to discontinue their plan to improve the elementary school grounds.

T. E. L. Class In Session Tuesday

T. E. L. class of the First Baptist church met in regular business session Tuesday afternoon in the home of Mrs. Beulah Gholson, with the president, Mrs. E. E. Dyer in charge. After opening prayer by Mrs. Henry Harvey, Mrs. W. R. Bowers gave the devotional.

We have received several new names from the Boys' Home at Round Rock. The treasurer, Mrs. Will Harper was authorized to send gifts to all of the boys on their birthdays. Mrs. J. L. Alsop entertained the group with a table of questions. Mrs. Mary Evans dismissed with prayer. Refreshments were served to 13 members and one visitor.

Mules End Best Cage Season In History In Regional Finals

The books have closed on Muleshoe's best basketball season in history. Coach Wayne Mantooth's cagers, not rated a threat to win district at the outset of the season, fought their way into the finals of the regional tournament last week at Lubbock. It was the farthest a Mule basketball team had ever advanced in the playoffs.

The Mules, who brought the "poorest" won-lost record into the Conference AA meet with a 22-7 mark, had defeated Floydada, unbeaten in twelve district games, in bi-district to enter their first regional meet since 1951, when the team won the third place trophy as a class A team.

Muleshoe upset highly regarded Wellington in the tourney semi-finals Saturday morning. The Skyrockets had brought a 30-2 record into the meet. Coach Mantooth's charges were finally eliminated by Seminole's classy Indians, but not without giving the Redskins a run for their money.

Four members of Muleshoe's squad are seniors, but only two were starters, Charles Jennings, the team's second leading scorer, chosen all-regional, is one of the starters, and Eddie Will, third place scorer who was named honorable mention all-

state is the other. Don Copley, who was an alternate starter for the Mules, serving as their "sixth man," and Jimmy Morrison, who played mostly on the Mules' "B" team this year, are the other two seniors.

Returning will be the team's leading scorer a junior Bill Black, and its rebounding strength in Don "Oakie" Alexander and Bob Sanders, who also averaged 16.9 points between themselves. Sanders is a junior forward while Alexander is a sophomore center.

NAMED LEADER OF MONTH

Mr. and Mrs. Eddie Lane were informed that their son, Buddy, who is stationed with the 24th Signal Co. in Korea has been promoted to Specialist second class, and also made Soldier of the Month.

This is the second time Buddy has made Soldier of the month since being in Korea. The award is a paid trip to Japan. Buddy has made three trips to Japan in the fifteen months he has been there.

One was New Years when two boys were chosen from the Company to go see the "ball games" and he was one of them chosen. Buddy is due to leave Korea about the 23rd of this month, and his wife and parents are expecting him home by Easter. His wife is the former Jo Ann Dalton.

Mr. and Mrs. Arthur Morman and children from Clovis visited her brother and family, Mr. and Mrs. Pete Mimms over the week end.

Mr. and Mrs. Dick Scott and Ronald visited over the week end in Lubbock and attended the regional basket ball game.

TO TEACH TWIRLING — Laquanna Stone, above, fourteen year old daughter of Mr. and Mrs. Arley Stone, has completed all requirements for baton twirling teaching and has received her teacher's certificate from the National Baton Teachers Ass'n. of America.

She has been receiving instructions for the past three years in twirling and has studied under some of the top twirling stars.

KNOTTY PROBLEM — Patrolman Don Murphy of the San Francisco Police Department finds this totem pole a close-mouthed witness. After hauling in the 8-foot, 400-pound wooden sculpture, thought to have been abandoned, police were informed by a woman that it was intended for her garden but had been delayed in transit.

Only 26.5 Per Cent Of Car Owners Have Stickers

Only 26 1/2 per cent of the registered vehicles in Bailey county have been inspected for safety stickers. L. W. (Dub) Wilhite, inspector with the Texas Department of Public Safety told The Journal Wednesday afternoon.

Wilhite said, in urging motorists to get their stickers before the last minute rush, that only 1300 motor vehicles have been inspected, and that there are 4899 registered cars in the county.

Cars may be inspected for a small fee at any of the following approved inspection stations: C&H Chevrolet, Muleshoe Motor, Reed Buick, B&C Motors, and Hicks Tractor.

Deadline for having stickers on cars is April 15, and there is usually a jam of last minute car owners wanting stickers.

Wilhite pointed out that failure to have a sticker on your

car is a misdemeanor, punishable by fine ranging as high as \$200.

Sunday visitors in the home of Mr. and Mrs. David Johnson were Mr. and Mrs. J. P. Stone, Ben and Bob of Plainview and Mr. and Mrs. Pat Montgomery, Dewayne, and Dale of Earth.

Atomic rockets and other nuclear warheads have been distributed to Air Force units guarding U.S. industrial areas, seaports, major communication points and military and scientific installations.

Dr. Norman Hilberry, a pioneer in the development of atomic energy, has been named director of the Argonne National Laboratory in Chicago, a center of nuclear research.

Britain plans to reduce its total armed forces by 8 per cent (65,500 men). The number left would be 804,500.

Canada's population increased from 14,009,429 in 1951 to 16,080,791 in June, 1956, according to the Bureau of Statistics.

State Representative To Address JayCeers At Installation Banquet

George Bragg will be installed as president of the Muleshoe JayCeers in special ceremonies March 15 at Leigon's Dining Room.

State Representative Byron Tunnell, who is also a national director of the Texas JayCeers, will make the principal address of the evening, prior to the installation of officers.

Other officers to be installed include Phil Gillespie as state director; J. V. Adcox, first vice-president; James Glaze, second vice-president; Norman Thomas, secretary; Don Killough, treasurer; and Sam Lindley, parliamentarian.

Incoming directors for the year include Bill Wilson, Pesky Winn, Jack Young, Bill Jim St. Clair, Slick Watkins, and Charles Roark.

A highlight of the banquet meeting will be the naming of

the outstanding JayCee of the year, and the presentation of special awards to two key men of the year.

Following the installation banquet, a dance will be held in the Legion hall.

ATTEND FB MEETING

Several members of the Bailey County Farm Bureau attended a policy execution meeting in Lubbock Thursday afternoon and evening to hear details of policy making committees of the state farm organization.

LOVINGTON VISITORS

Mrs. James B. Hobbs and children of Lovington, N. M., visited over the weekend with her parents, Mr. and Mrs. W. H. Kistler and other relatives and friends here.

leaving England, second only to Hungary. They are immigrating all over the world like rats leaving a sinking ship. Why does this happen in a country where the theory of politics of equal shares is in force, and the old law of supply and demand has been repealed.

The whole world would come to our shores if immigration laws were relaxed. Is it socialism they are coming for? No they are coming here for what our forefathers came here for. Freedom of choice to choose what ever profession they so desire. With the possibility of accumulating vast wealth or going broke with the right to choose some other profession if disaster strikes, without a benevolent socialized big government dictating what they should do, besides taking all they can make as taxes. All a government can give you is what they first take away from you plus the cost of administration, and that is excessively high. In taxes we only receive about 5c back for each dollar sent to Washington.

Down through the ages from Magna Charta to Valley Forge to Iwo Jima, mankind has fought to make the individual supreme. Are we now to sink the ship and lose everything we have gained. This is the great issue of the hour.

While America sleeps the zealous advocates of the socialized state aided and helped by many sincere souls who unwillingly support policies that would result in the loss of everything they hope to gain, work untiringly and ceaselessly to return us from whence we came. Are these self styled liberals actually liberals or are they the most reactionary people in our society? We of Farm Bureau have not been wholly successful in stopping the tide that could carry us back to the unhappy past, but we are making a valiant effort and we should all be proud to be on the side of freedom in this titanic struggle that will decide the course of history for ages to come.

You state "By force of numbers we will use every means consistent with decency to get those fair prices." Do you realize that Farmers constitute only about 13% of the population, and about 4% of these live on the farm and make their living at some other occupation. So for a farm organization to accomplish anything legislatively cannot be a protest organization and better for unreasonable unsound programs because the rest of the population will not hear to it. To be effective, and get anywhere at Washington, a farm organization must have a sound,

reasonable and workable solution to their problems. Then the cosmopolitan legislators will go along with them, because they know that a sound healthy agriculture is good for the whole nation.

So my advice to you Richard—shake the mists of your reason and take a second look. The Farm Bureau ship is not sinking. You were seeing only a mirage. Arise, climb back on. Never abandon a safe sound ship for a tiny life raft, that is insecurely nailed together. We need young men like you to make a bigger and better Farm Bureau.

Patrick Henry was only twenty seven, when before great odds, he shouted "Give me liberty or give me death." If someone should attack our shore you would be one of the first to go to war. But you would stand idly by and see our right to be a free individual taken away from us, and to be submerged into a socialistic, communistic way of life, the politics of equal shares. What will your grandchildren think of you? Ask the freedom fighters of Hungary, what they were fighting for? Were they fighting for socialism? No they were young men and women who felt it was better to fight for freedom against

insurmountable odds and die, than it was to live a life of bondage. They have the spiritual courage, and someday they will win that freedom.

The leaders of Farm Bureau are good conscientious men who are fighting the battle to put over the policies and recommendations of the members at home. You know how the policies of Farm Bureau are made, you were there at our State Convention. We are the biggest and best farm Organization the world has ever known, and are growing big-

ger every day. I do not say that everything Farm Bureau does is altogether right. The best of us make mistakes. But if we make a mistake we try to correct it at our next convention. But I will say, that when legislation is passed for the good of agriculture at a state or National level nine chances to one it will be Farm Bureau sponsored. So you'd better crawl back on the ship to help us save America, as well as Agriculture.

Your friend,
BILL MILLEN

LETTERS TO THE EDITOR

Millen Replies To Smith; More Light On Varying Views Of Farm Program

Editor's Note: Last week Richard Smith answered Bill Millen's this week Bill answers Richard. The editor wishes more real farmers would write the editor on this question of sliding or rigid farm price supports. It really is important, affects all of us now, and the outcome will affect us for a long time.

Dear Richard:
I am like that famous man who contributed so much to our

early American history and independence, when it seemed the battle was lost, his ship was sinking, his old and obsolete guns were broken and silenced, his crew was panic stricken and tried to surrender the ship. The Captain of the British ship loudly cried, "Do you ask for quarter?" Now John Paul Jones made his memorable reply, Emphasizing it by hurling his two pistols at the heads of the gunner. "I have not yet begun to fight!"

After a three hour battle in the moonlight the British ship was taken.

Richard, I will not give up the ship that our forefathers fought and died so valiantly for.

Farm Bureau is the only organization that stands between the farmer and the complete socialization of his industry. Many today embrace the outworn discredited philosophies of the past that put sublime faith in a managed economy and all powerful state. These folks would ape past failures of history and retreat to socialization with all its results of reduced efficiency, lower standards of living, curtailment of freedom, and a serious impairment of the Christian concept of the worth and dignity of the individual.

Pick up your Bible and you will find many instances, where the people sold their freedom for what they thought was security.

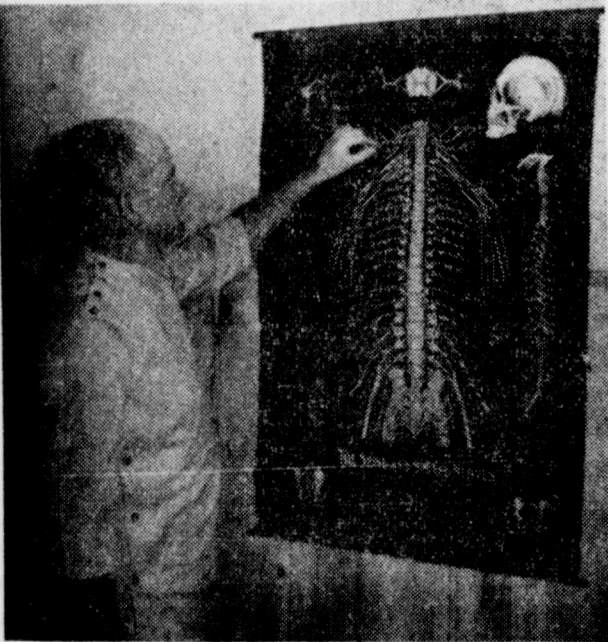

It always turned out to be bondage, as it always will when you ask government to do something for you that you can do yourself. Consider the first Secretary of Agriculture or P. M. Administrator named Joseph, who taxed the people heavily during seven years of plenty, then exchanged surplus food during seven lean years for social security. What did the people have when it was over? They had lost all their possessions, cattle, land, and freedom. They were slaves of Pharaoh or big government. This could very well be a picture of us in the future. If we give up the ship.

If you would study your history you would find that all great civilizations have traveled in a distinct cycle. You will find that they start in bondage, and proceed to spiritual courage, to freedom, to abundance, to selfishness, to apathy, to dependence, back to bondage. Where are we in that cycle? Are we going to sink our ship? Should we sell our birthright for a mess of pottage, just because some other factions of our people are selfish and grasping, that they do not consider our country's moral principals or integrity, but only themselves first and America last. Does two wrongs make a right? Should we do the same? When a nation values its privileges more than its principles it will surely fall.

Consider England, it has succumbed to a socialized labor controlled state. They have everything that should make a true socialist happy. They have socialized agriculture, socialized medicine, socialized industry, and the result they are taxed to death, nobody has anything. They have killed the Goose that laid the golden egg, individual initiative, and private enterprise. The immigration offices of England are swamped, with people

Gives Back Brace Away — Chiropractic Benefits Slipped or Ruptured Disc

BACK TROUBLE:

CASE HISTORY: This young man came to the Clinic a few weeks ago suffering from a condition which had been diagnosed as Slipped or Ruptured Disc. He told us that he had suffered with this back trouble for several years but it had not become severe until the past summer when his condition was further aggravated by heavy lifting.

After a time of hospitalization, he was advised to wear a Back-Brace and was told that he would have to wear it for the rest of his life. When he came to the Chiropractic Clinic he was examined and X-Ray Spinal Analysis was made which revealed misalignments in his Spinal column. After a period of Chiropractic care he said it was difficult for him to think he was the same person. He discarded his Back-Brace after the first adjustment and has not worn it since. He has returned to work on the farm and is now driving a tractor again. More X-Rays have been taken of his spinal column which reveal that the misalignments have been corrected. He now walks straight with no pain.

ACP Practices Can Be Carried Out On Land In Soil Bank, Says Specialist

Land which has been placed in the Soil Bank, either the Acre-serve, is still eligible for Federal cost sharing in carrying out practices under the Agricultural Conservation Program (ACP).

Tom Prater, extension farm management specialist, reminded Texas farmers this week.

But, he said, applications for cost-sharing for conservation practices must be filed with the county ASC committee before any practice is undertaken. Too, the county committee is the best source of information on practices which have been approved for ACP cost-sharing in the county for this year. Approved practices vary by counties, therefore, checking with the county committee is very important.

Applications are now being received for the 1957 ACP in most offices. All applications for approved practices that are received in time for inclusion under this year's program will receive equal consideration, said Prater.

If ACP practices are carried out on land placed in the Soil Bank, the Soil Bank provisions of no grazing and no harvesting must, of course, be met. Some practices which are not eligible for assistance under the Conservation Reserve are eligible under ACP, and may be carried out on Conservation Reserve land if approved by the county ASC committee. Assistance, however, cannot be given under both programs for the same practice on the same acres.

The safe bet, said Prater, is to contact the local ASC committee and find out what is avail-

7th Grade Girls Have Fine Year In Basketball

The 7th grade girls have had an exciting year in basketball. They won second place in the district was the first 7th grade team to win a trophy in a junior high tournament, winning consolation honors in the Muleshoe tourney.

They also have played in 20 other games, 10 with 8th grade and 10 with 7th grade girls, having won 14 games and lost only 2 games to 7th grade girls.

They played in the Sudan and Dimmitt tournaments and were defeated in both games by only 1 point. Their average points per game was 29.25, while their opponents had only an average of 16.8 points per game. The following people should be congratulated for their fine playing.

The team coach, Mr. Lumsden, and the following players: Trudy Davis, Anita Schmitz, Mary Ellen Wedel, Shirley Henry, Glenna Lowe, La Nellie Boothe, Ora Lee Inman, Linda Bartley, Kay Thompson, Melma Buhman, Peggy Howell, Doris Gregory, Doris Cooper, Brenda Melson, and the two team man-

Near Capacity Crowd Entertained By Annual JayCee Negro Minstrel

"Success doesn't come from lying awake at night, but from keeping awake in the daytime!"

A near capacity audience was thoroughly entertained Thursday night in the high school auditorium by the first performance of the seventh annual Jay-Cees minstrel "JayCee Jubilee of 1957". The second performance was Friday evening.

Highlighted by outstanding choral selections under the direction of Lloyd Alsop, the show moved right along from the opening number, sang beneath fluorescent lights, to the closing olio.

Gil Lamb, as Mister Interlocutor, kept the show on its feet, sagely interjecting names of members of the audience into the script.

Endmen Sugar Glaze, Phil

Gillespie, Pesky Winn, Jamie Lewallen, James Leigon, Tootie Middlebrook, Carrol Goss, Jr., and J. V. Adeox, all performed their traditional parts with the proper air of all minstrel men.

Particular emphasis must be given to the specialty numbers performed by M. D. Gunstream, Morgan Locker, Irvin St. Clair and Phil Gillespie. Frances Minckler was also noteworthy as soloist with the choral group.

Jack Young directed the show and Lloyd Alsop was musical director. Doc Rogers, Myron Pool, II, and Buddy Blackman handled lights and special effects, while advertising and publicity was in charge of Bill Wilson and Sam Lindley.

Clifford Savage To Graduate From Naval Schooling

Clifford D. Savage, seaman, USN, son of Mr. and Mrs. Curtis Savage of Route 2, Sudan is scheduled to graduate March 15 from the Navy's Electronics Technician School at Treasure Island, San Francisco, California.

This school qualifies students in the repair and maintenance of the highly technical electronic equipment in use aboard ships of the fleet.

SOUTH OF THE BORDER

Mr. and Mrs. Thurman White boarded a plane Sunday morning to fly to Mexico City. After a few days they were to fly to Acapulco, the famed Pacific fishing and recreation spot. It is the couple's celebration of their 25th wedding anniversary. They expect to be gone about two weeks.

HEREFOR WEEKEND

Hugh Freeman and family were here over the weekend, visiting relatives and greeting old friends. Hugh, former Bailey County sheriff, is now assistant warden of Eastham State Prison Farm, located near Huntsville. They are liking their new situation but say they miss their old friends.

agers, Lynn Lenau and Sandra Harris.

William E. Franklin Named Chief of Lubbock Cotton Classing Office

William E. Franklin, Jr., took charge of the Lubbock cotton classing office on March 4.

This was announced by John L. McCollum, manager southwest cotton division, Agriculture Marketing Service, U. S. Department of Agriculture.

Franklin comes from Raleigh, North Carolina, where he has been in charge of the cotton classing office and chairman of the Board of Cotton Examiners since 1955.

Franklin is no stranger to Lubbock, having worked as a field representative and assistant officer in charge of the cotton classing office there from 1949 until his transfer to Raleigh. He replaces Lell O. Buchanan who will take charge of the new permanent cotton classing office being established at Harlingen, Texas.

He brings to his post some valuable experience gained during three year's work in USDA's Research and Testing Division of the cotton branch at Stoneville, Mississippi. Also Franklin has worked in many other southwest and southeast cotton classing offices on various assignments. He served with the U. S. Airforce in World War 2 and in Korea.

The Lubbock office classed 1,623,257 bales of cotton for Tex

as farmers in 1956. During the peak of the season, it took 145 to 150 employees to handle the work load.

Bible Comment:

Cross of Calvary Is Sign of Triumph Not of Destruction

THE final sacrifice of Christ occurred at a place called Golgotha, "the place of the skull."

Crucifixion was a death of ignominy—the fate of criminals in the Roman custom of the time. This was emphasized when Christ was crucified between two thieves.

To His physical suffering was added all the scorn and bitterness that His enemies could heap upon Him. Over His head they had nailed an accusation in scornful irony, "Jesus of Nazareth, King of the Jews." Mocking Him, His enemies said, "He saved others; Himself He cannot save." They did not recognize how essentially that was true, and in how noble and beautiful a way Christ is the supreme Saviour and He has saved men through His sacrifice just as heroes in human life do this for others.

It is often true that we can help others only by disregarding our own interests and by accepting ways of real suffering and sacrifice. Christ Himself had taught this very plainly when He had told the disciples that they could find life only by losing it.

It was the Roman custom to alleviate somewhat the suffering of those crucified with vinegar-wine mixed with gall. But Christ refused to drink it. He had fought the tempter before and was ready for His sacrifice. He would get His relief from God now, not from any human agency.

The hours of Calvary were the darkest in human history. But they brought to man salvation, healing and inspiration. Today, when countless human beings are undergoing a new Calvary of humanity, may we not find hope in the Cross of Christ, as a symbol of triumph, not of destruction?

Safe 'n Sound

By W. M. POOL, JR.
Ever run out of gas? I heard about a fellow the other day who ran out of insurance. He had an auto accident, a bad one, got

dragged thru court. When the smoke cleared there was a judgment against him for \$27,250. He had \$5,000 bodily injury liability insurance for each person and \$10,000 for each accident. Cost him \$17,250. They finally settled by taking his house, his car and \$2,000 cash. All he had, just like running out of gas; car's no good without gas, insurance not much good unless there's enough of it. If you're in doubt whether your coverage is adequate, just call—

Babson Says RETAILERS SHOULD WAKE UP

Babson Park, Mass., March 7 — Retailers nowadays seem to have two questions — where and why? If they would look at the stores where customers are going in and out all day, or follow the customers down the highways and see them going to other towns and cities, they would know "where". Then if they would take a good look at their own business establishment, they would find the answer to "why". In these days of clever advertising together with easy transportation, a customer thinks nothing of traveling miles for a good bargain.

Examine your store, your stock, your employees, and your advertising. Is your store neat and attractive? Can your merchandise be easily seen or is it so jumbled up that even you do not know where a specified item is? How well did you screen your employees before you hired them? Are you getting the most out of your advertising? Retailing today is very competitive; it is destined to be more so. Most retailers should wake up or go to work for some other concern.

CONDITION OF STORE
Walk into the store where the manager is too busy to stand around complaining about poor business. Notice his neatly displayed merchandise; he keeps his stock under control by periodic inventory. He knows what is not selling and therefore does not re-order blindly. Slow-selling items are displayed so as to attract attention.

This man uses his "know-how" to make room for popular merchandise. He or his well-trained help know when to re-order certain items or when a line has been discontinued. His merchandise has been price marked. This not only helps the customer, but also the manager and clerks who could not be expected to memorize the price of every item in the store.

PAY MORE MONEY TO FEWER EMPLOYEES

Mr. Manager, you would do well to screen your employees thoroughly. The question, "Can you use a cash register?" should not be sufficient. Make sure, at the beginning, that he or she will use it honestly, or you may find a small percent of your profit trickling out through the register. If you will observe your new employees closely, you will learn whether they are really interested in the work or whether the job is merely a stop-

gap for them. Watch if they use your store to kill time by reading or talking to friends while waiting for pay day.

When you have thoroughly screened the applicants and found honest and efficient help, you will be able to pay such employees more money because you will need fewer clerks. Your well-paid employee is an asset to your business. From the customer's viewpoint, nothing is more irritating than to be given a discourteous or unintelligent answer. And since bad publicity travels farther and faster than good publicity, one unhappy customer can do a lot of harm. Your well-paid clerk who studies the stock and price-marks it will not let this happen.

USE MORE INTELLIGENT ADVERTISING
Advertising is very important because it has so many facets. A clean, well-arranged store with attractive window displays is good advertising, — as is anything at all that causes people to mention your place favorably, such as friendly, courteous, efficient help. Material is frequently furnished with nationally advertised merchandise, but is too often ignored and put in a corner. Actually, such signs, placed to advantage, catch the eye and bring customers inside.

Do not resent the man in your line of business who is using every means of advertising. He realizes advertising is most important. Many of the ads have clever and unique ideas. You will find they have not used trickery, nor is there any "gimmick", but honest, clever "know-how". A new highway which may pass many cities need not be a menace. It may be a booster. The retailer needs to WAKE UP.

SELECTING A LOCATION
Often the highest rent is the cheapest rent. The brightest retailers will get located as near as possible to an off-street parking lot. It also helps a small retailer to be close to a big store with a lot of customers. The best location for almost any retailer is adjoining a supermarket; the important thing is to get traffic into your store. It often pays to buy out some sleepy retailer who has a good location. If you have a good location, make a long lease; but if you have a poor location, lease only by the year.

BACK THE ATTACK!

A new nation-wide campaign was launched in December, 1956 and will be conducted throughout 1957. A lot of people will be too busy to give it much attention. Others will find it difficult to whip up much enthusiasm for it.

What's the campaign about?
Well the purpose is to urge citizens to "Back the Attack on Traffic Accidents."

What happens when a few purse-snatchings take place in one part of the city within a short time? Citizens are up in arms demanding police action against this "crime wave!"

A bad fire where several people die arouses public indignation and a full-scale investigation is begun.

If a high school athlete dies of football injuries, parents storm the school demanding that authorities either provide their children with adequate protection, or ban the sport.

But every day, week in, week out, month after month, death and injuries mount on the streets and highways. And the most violent reaction by the citizenry is a loud yawn or a sympathetic "my, my," or "why doesn't somebody do something?"

When a disaster of nature such as a storm or flood takes human lives, it is tragic enough.

But when traffic kills and maims thousands of the drivers involved, it is infinitely more tragic.

The National Safety Council has launched the "Back the Attack on Traffic Accidents" campaign in an all-out effort to halt the rising accident toll. — In Texas the program is coordinated by the Texas Safety Association.

The tragic part of it all is that we DO know how to prevent traffic accidents!

The methods used in cutting down accidents have been used in a number of communities. The results are amazing. TSA believes that if these methods work in a few localities, they can work throughout Texas.

Who or what does it take to cut down traffic accidents? It takes you and me—the average citizen—the average driver and pedestrian.

When you and I start driving and walking as if we really wanted to prevent accidents, the toll will go down. If we show our public officials that we are as mad at the reckless driver as we are at the purse-snatcher, we will get better traffic enforcement. If we offer our services and talents to a local safety organization to help convince the general public of these truths about traffic accidents, we will be doing our part in fighting this menace.

Let's all "Back the Attack" on Traffic Accidents!

A Break in the News

Sand Hills Philosopher Agreeable TO TAKING AID FROM EXPERTS IN WASHINGTON

Editor's note: The Sandhill Philosopher on his Johnson grass farm probably has been reading too much international news, his letter this week indicates.

Dear editor:
I was reading in a newspaper last night which a banker friend in town handed me yesterday, some people have the idea bankers are tight-fisted but this one just handed me the paper without asking me to sign a thing, where some experts in Washington are urging the Federal government to extend financial and technical aid to depressed areas in the United States the same as it gives to some foreign countries.

As I understand it, the aid to foreign countries is given on the understanding the countries, now sort of tottering a little, will build up their strength against Russia and won't spend any of withing a 25-mile radius of my farm, within two weeks after I get it.

However, there is one point I'd like to clear up. I notice the experts are proposing both financial and technical aid for depressed areas like my farm.

I can save the government some money. It won't be necessary to send any technical aid out here to me. I'm a democrat. I don't want any preferential treatment. Just treat me like

King Saud. As I understand it, they're fixing to give him a couple of hundred million dollars and ask him to ignore the Russians. Those are the kinds of terms I'm interested in.

As for technical aid, I guess a technician could be of some use on this place, if he knew how to swing a hoe, grease a tractor, fix a flat, patch the roof, repair the back door step, and the aid money for Russian goods.

I believe I can meet those terms satisfactorily. I'm tottering a little, have been for years, and I will be glad to build up my strength against Russia and I guarantee I won't spend any of the money for Russian goods. In fact, I'll go even further, I'll guarantee to spend it that things like that, but my information is that most technical aid comes on paper, and me and King Saud ain't very interested in that kind of help.

It's the cities that need technical aid. I don't have any parking problems out here on this farm, and when the government gets around to figuring up the kind of assistance a depressed area like this needs, it can skip the technical part and just send me the money. I'll keep it out of the hands of the Russians.

Yours faithfully,
J. A.

TODAY'S MEDITATION

PRAYER
Our Father, we want so much to do Thy will today. As we go about our daily tasks, help us to do them with a sense of Thy presence. Thy love, and Thy power. Through Christ our Lord we pray. Amen.

THOUGHT FOR THE DAY
This day I will be about my Father's business.
Stafford Dees (Tenn.)

in our world.

Each of us has something to offer to God. It may not seem to matter much whether or not we do our duty, but it matters to God!

It matters, because when we refuse to play our part we build a tragic wall between ourselves and our Father. We become isolated from Him and His people. Only by doing God's will can we achieve. Only under His leadership can we be fruitful.

Announcing Big M Dream Car Contest 90 FREE MERCURYS

A TURNPIKE CRUISER EVERY WEEK

The top of The Big M Dream-Car Fleet

The most dramatic expression of Mercury's Dream-Car Design! Distinctive styling shared with no other car, and no other Mercury model. Floating Ride with unique Air-Cushion Suspension. 290-hp V-8. Plus seven ideas found in no other car, such as breezeway Ventilation with roof-level air intakes and power-operated back window. Most advanced car at any price!

TEN MONTEREY 4-DOOR SEDANS EVERY WEEK

Hardtop glamour (concealed side pillar). Floating Ride! Lowest, widest car in its field. Mercury has the industry's biggest size increase!

FOUR COMMUTER STATION WAGONS EVERY WEEK

Two-door, 6-passenger. Advanced hard-top design. First true passenger-car ride in station wagons. Back window retracts for all-clear loading.

\$450,000 IN PRIZES

15 Mercurys every week in 6 weekly contests.* First contest starts March 4th. Enter every week! 2,190 prizes in all!

Easy to enter, easy to win! HERE'S ALL YOU DO: 1. Go to your Mercury dealer today. 2. Pick up official rules and entry blank. 3. Complete last line of Mercury dream-car rhyme. 4. Mail official entry blank to "Mercury Contest."	1st PRIZE Mercury 4-door Turnpike Cruiser—one each week. Plus an all-expense-paid week end trip to New York for two, with transportation by American Airlines DC-7 Flagship. Suite at famous hotel. Special guests of Ed Sullivan at his television show.	NEXT 4 PRIZES Mercury Commuter 2-door, 6-passenger station Wagons—4 each week. New BIG M wagons are the most luxurious and easiest-riding ever built. Everything is totally new, completely redesigned. New dream-car features everywhere.	NEXT 10 PRIZES Mercury Monterey 4-door Sedans—10 each week. All Mercurys awarded as prizes include Merc-O-Matic Drive, radio, heater, white-walls, directional signals, window washers. Station wagons also include power-operated retractable back window.
	NEXT 50 PRIZES General Electric "Companion" TV sets—50 each week. Portable, weighs only 26 pounds! Performs with console clarity. Aluminized picture tube. Retail value \$129.95. CHRISTIAN SCIENCE

Permanent health and happiness—gained through the spiritual understanding of man's true relationship to God—will be dealt with at Christian Science services Sunday.

Keynoting the Lesson-Sermon on "Man" is the Golden Text from Romans (8:16): "The Spirit itself beareth witness with our spirit, that we are the children of God."

Selections to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include the following (243:32-3): "Inasmuch as God is good and the fount of all being, He does not produce moral or physical deformity; therefore such deformity is not real, but is illusion, the mirage of error." Matthew's account of Christ Jesus' healing of the man "sick of the palsy, lying on a bed" (Matthew 9:2-8) will be included in the readings from the King James Version of the Bible.

Aphid Resistant Alfalfa Developed In Nevada, Suited For West Plains

The presence of alfalfa aphids has caused several thousand acres of alfalfa to be plowed up within 20 miles of Muleshoe, it was reported this week, emphasizing the menace of this destroyer.

Dr. Oliver F. Smith of the crops research branch of the U. S. D. A., in cooperation with the Nevada agricultural experiment station has developed a strain of alfalfa that is higher yielding, yet is resistant to stem nematode and bacterial wilt.

Called Lahontan, after a prehistoric lake in Nevada, the new variety grew out of 10 years of research by Dr. Smith, and has been thoroughly tested under almost all conditions likely to be met anywhere in the hay growing regions of the U. S.

Spotted Alfalfa Aphid
Spotted alfalfa aphid is a small, yellowish-green or straw-colored insect with 4 to 5 rows of distinct dark markings on its back. One distinguishing characteristic of this aphid is that, unlike most aphids which are rather sluggish, it jumps or moves about readily when disturbed. The insect is capable of building up rapidly to high populations which are extremely damaging to susceptible varieties when control measures are not effectively applied. Older alfalfa stands may be completely defoliated in the more advanced

stages of attack. The aphid damages hay crops by causing loss of the lower leaves and by covering the plants with a honeydew in which a black mold fungus grows making the hay unpalatable and unsightly. Alfalfa appears to have a better chance of survival when it is strong and healthy. Consequently, the loss of stand would be most severe to seedling fields, in first year plantings, in fields where early cuttings are made repeatedly, and in areas not suited to good alfalfa production. It is noted that alfalfa in the seedling stage is particularly susceptible, and only one or two spotted alfalfa aphids per plant may destroy it. Spreading rapidly throughout the West's alfalfa producing areas spotted alfalfa aphid has cost millions of dollars in crop losses and control measures.

How does the new variety stack up with others? It is purple flowered, upright growing and compared with Ranger, recovers rapidly after cutting and blooms about six days earlier following cutting. No other variety has displayed aphid resistance equal to that of Lahontan. It is practically immune to stem nematode, according to Dr. Smith; it is at least equal to Ranger in resistance to bacteria wilt, and is about equal to Buffalo in winter hardiness. Yield tests show it is about equal to Ranger in

yield where stem nematode and spotted alfalfa aphid are not factors in hay production. Where they are factors, Lahontan is greatly superior.

Seed of the new Lahontan alfalfa, while seemingly expensive, will be available in Muleshoe from commercial seedmen.

Copies of a bulletin describing the new alfalfa, and further information may be obtained from the office of the county agent.

Club Women To TFWC Convention March 14 and 15

More than 500 women are expected to attend the 36th annual convention of the Seventh District of Texas Federation of Women's Clubs to convene in Amarillo, Texas on March 14 and 15. The Seventh District covers an area of forty-nine counties including all of the Panhandle of Texas extending as far south as Seminole and Snyder and as far east as Crowell and Quannah.

Mrs. Robert R. Lindsey, President of the Border will preside over the convention with Mrs. Ralph E. Randel, Panhandle, and Mrs. Sam L. Seay of Amarillo serving as program chairmen.

Seventh District Board Members, who will be attending the Convention from Muleshoe are: Mrs. John Watson, Special Observances Chairman; and Mrs. W. T. Andrews, Investments Division Chairman. Delegates from Muleshoe will

THEY'LL KNOW BETTER BY JULY—Baseball managers Freddie Hutchinson of the St. Louis Cardinals, left, and Mayo Smith of the Philadelphia Phillies are already deeply concerned with the preseason problems while the rest of the nation is just beginning to envision a summer of diamond pleasure. Clearwater, Fla., is the site and this year's rookie crop the object of their careful scrutiny.

Six Scholarships To Be Presented To Art Students By South Plains Guild

To encourage a growing interest in art education among young people six art scholarships are being made available through the South Plains Art Guild, according to Mrs. C. A. Powell, Jr., workshop chairman.

The scholarships cover tuition to the fifth annual Painting Workshop, to be conducted by Ted Egri, Taos, N. M., and New York City, from June 3-22, at the Museum at Texas Tech.

ALL ARE ELIGIBLE
Any young person in the South Plains is eligible, provided he is in the correct grade, and did not win a scholarship last year.

There will be three separate competitions; one will be for students now enrolled in the fifth and sixth grades.

The competition among students now enrolled in the seventh through the 12th grades will result in four scholarships.

Each applicant must turn in one painting or drawing in any medium desired—oil, water color, tempera, gouache, crayola, penell, ink, or mixed media. Pictures should not be framed but should be in a mat.

MUST BE ORIGINAL
All work must be original in design and execution. No copy work will be considered and all work must have been done during the past two years.

The name, age, address and school classification of each applicant must be on the back of his entry, if this is not done, pictures will not be accepted. They represent the following Federated clubs: Los Planos and Study.

ture will be disqualified.

DUE APRIL 24-MAY 1

All entries must be turned in between April 24 — May 1.

Judges will be Mrs. D. M. (Billie) Everton, Mr. Thomas J. Sasser. Three sections for adults, including one planned for working people will also be held during the Painting Workshop. Tuition for adults will be \$27.50; for the seventh through the 12th grades, \$12.50; and for the fifth and sixth grades \$10.00. Beginners are encouraged to enroll as well as those who have painted previously. The workshop is open to the public. A prospectus may be obtained by writing the Workshop Chairman, Mrs. C. A. Powell, Jr., 3609 41st St., Lubbock. Additional information may be obtained by telephoning Mrs. J. A. Turquette, Youth Scholarship Chairman, P.O. Box 2-3080.

Devices called erytrons, tiny electrical units, may lead to computers only a foot square to do work of present room-sized machines.

The Laundry Workers International Union presently has 72,000 members.

Mount Whitney, the United States' highest point, and Death Valley, its lowest, are only 85 miles apart in California.

The Paris Metro (French subway) has some de luxe cars that cost extra fare. The cars are sprayed with perfume.

Junior Hi Students Present Show Monday For Public Schools Week

School Per Capita For Year Is \$78

AUSTIN, March 4 — The State Board of Education Monday set the per capita distribution of the available school fund for the current school year at \$78.

This represents a \$2 per pupil increase over the previous per capita allocation. The state comptroller, Robert C. Calvert, has estimated there will be \$159,065,115 in the available fund this year. After deducting \$7,709,880 to finance the textbook program, \$151,355,235 remains for distribution as per capita funds.

The \$78 per capita allotment is based on the current estimate of

Students of the sixth, seventh and eighth grades of Muleshoe schools presented "Welcome, Sweet Springtime", with choral and background accompaniment Monday night in the high school auditorium, as part of the local observance of Public School Week.

Following an introduction by principal Troy Perkins, Kay Chery acted as narrator for the program, accompanied by Rufus Aylesworth.

1,923,849 scholastics in the state. In other business, the board adopted handwriting textbooks, grades 1 through 8; arithmetic grades 1 to 2; Texas history and advanced shorthand books.

The re-adoption of these books, instead of the making of new contracts, will save the state an estimated \$3,860,805.

Grade 6C presented "When the Red, Red Robin", and 8C presented "Just Walking in the Rain". Grade 8A's number was "I'm Always Chasing Rainbows" and "Painting the Clouds" was done by grade 8E.

"The Wayward Wind", and a number by the junior high band concluded the first half of the program, When Spring Touches Nature.

The last half of the program, Spring Touches People, included Skaters Delight by 6A; Side-walks of New York by 7B; Bicycle For Two by 7A; Beautiful Ohio by 6B;

It's My Lazy Day, a fishing scene by 7E; Blueberry Hill by 7D; Picnic by 6D; Young Love by 8E, and Old Fashioned Garden by 8D to end the show.

Home room teachers directed each class in the program.

Alexandria Daily Town Talk Orchid to the Railroads. Railroads serving the Southwest's drought belt, and particularly the Texas and Pacific, have found it necessary and advisable to reduce freight rates to help farmers and ranchers. But when the railroads are asked by the president to make a 50 percent reduction in their rates on hay for other

BIG SPRING DAILY HERALD Thanks For A Big Good Turn. The all-the-bucks-in-the-supercornered of the West and Southwest are being reduced by one half the freight rates on hay destined into the drought-stricken area of the South. It is an acknowledged fact that this action enabled many farmers, ranchers and stock raisers to survive the winter months when they were in the most critical financial straits.

Farmers Praise Railroads For Reducing Freight Rates On Drouth Hay Shipments. Railroads serving the drought-stricken area of the Southwest are being asked to make a 50 percent reduction in their rates on hay for other

The Longview Daily News February 7, 1957 The \$25 Million Good Deed. While thinking about good deeds (this being Roy Stewart's \$25,000,000 good deed for the railroads) we should all say "thanks" to the railroads and drought.

Golden Deed, Indeed! The nation's railroads through the years have been good neighbors in most instances—extending aid, financial and otherwise, to their friends and neighbors and to their country in times of emergency. More than that, railroads generally have assumed the role of citizen—active and participating—in the community in which they serve.

WESTERN UNION. The company will appreciate suggestions from its patrons concerning the service.

\$25,000,000 Contribution ...to Farmers and Ranchers. Within the past four years the railroads have contributed to the farmers, ranchers and dairymen, through a 50% reduction in rates on hay and other feedstuffs, 25 million dollars. Both the Congress of the United States and the Legislature of Texas, by resolution, have expressed their thanks to the railroads for this substantial contribution. Through the years the railroads have always extended a helping hand to their neighbors in times of disaster. To us this is a basic responsibility of good Americans. Telegram is in reply to WIRE sent by Wylie Stewart, Scripps-Howard Newspapers

Seven Hybrid Grain Varieties Listed For Local Area Planting

Hybrid grain sorghums have created considerable interest among West Plains farmers, and with the advent of spring and the nearness of planting season, interest has increased.

The Texas Agricultural Experiment Station, directed by R. D. Lewis at College Station, has published a pamphlet on hybrid grain sorghums, detailing their yields and other factors of interest.

County Agent J. K. Adams also

has some detailed yield results made in carefully controlled test plots in Bailey and Parmer counties, which he will show to interested farmers.

Seven hybrids have been thoroughly tested by the Lubbock experiment station. The station recommends that farmers plant one or more of the hybrids and compare them with standard varieties. The purchase of certified hybrid seed is insurance that planting seed are

labeled correctly. **Planting seed of the hybrids are white, but the grain crop produced will be red. In general, the hybrid, the later is its maturity, but none is as late as Plainsman.**

The plants will produce yields 20 to 40 percent greater than standard varieties of the same maturity under most conditions.

Of particular interest to farmers in the Muleshoe area are RS 610, one of the earliest of the hybrids, which blooms slightly earlier than Martin. It has good exertion, but the head dries more slowly than Martin. This hybrid was tentatively designated Texas 610.

Another hybrid suited to this area is Texas 620, which blooms about the same time as Martin. It is dry-headed and has excellent exertion. Because of its larger heads and slightly taller height, it should be harvested promptly when mature. It is cross of Kafir 60 and Tx 07.

One of the latest maturing, but highest yielding, in local tests, off the new hybrids, is Texas 660. It is slightly later than Martin, dry headed and has fair to good exertion.

Most Muleshoe seedsmen have some of the hybrids seed available, but most caution that the seed is in limited supply.

Copies of the bulletin, and further information may be obtained from the county agent's office in the courthouse.

Committee co-chairman, also urged Representative Osborn and Senator Andy Rogers to give support to the bill to appropriate more funds for expansion of extension and state experiment college work.

The stated purpose of this bill is as much toward research and marketing purposes as production. One item of interest being discussed along this line, is the possibility of producing synthetics from agricultural products is that seems to be what people will buy more readily than the natural products. This seems to be another version of the axiom, "if you can't beat 'em, join 'em".

We're not too familiar with congressman Pat McNamara of Michigan. He did make a statement that gives us less respect for his judgement, and more respect for that of the United States Chamber of Commerce last week, however, McNamara made a prepared statement referring to what he called the

antediluvian outlook on life of the Chamber. (That word means old fashioned). He was lambasting the USC of C for stating that it is against Federal aid for school construction. We are happy to say the Chamber is not by any means lonely in its view on this matter. American Farm Bureau takes the same view, and the congressman might do well to find how some of his constituents feel about the matter before going too far. Actually, we have heard very little in favor of this Federal aid proposal from any except bureaucrats and politicians. If you haven't sent in your

ATTEND FUNERAL

Ika, Ira and Poet Robinson attended the funeral of their brother, J. W. (Will) Robinson at Gustine, Texas last Friday.

Will died suddenly in Brownwood Hospital Wednesday night. He had been taken there for a minor operation.

By John C. White, Commissioner

PROTECTING OUR PARITY FORMULA

The parity formula may be in trouble.

A plan by Secretary of Agriculture Ezra Benson to "im-

prove" the present means of establishing fair prices for farm products is expected to meet with heated debate in Congress. The present plan establishes the same purchasing power for farm commodities which they had in years 1910-1914 when prices paid and received by farmers were considered in good balance. This base period ratio is adjusted to reflect average price relationship over the most recent 10-year period.

Benson's recommendation, submitted in a report to congress, would charge the selected base

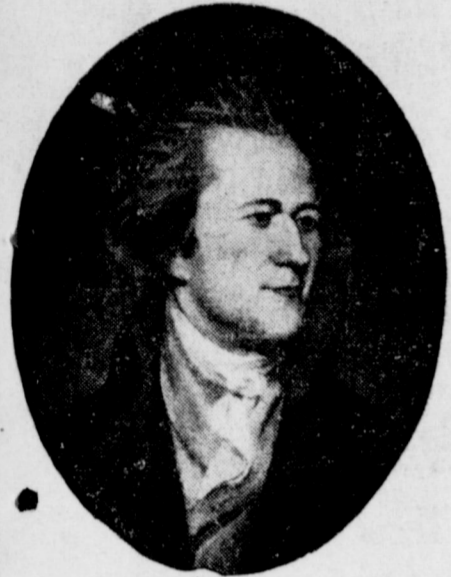

period to the years 1947-56 in figuring the ratio. This would enable Benson to lower price supports without actually lowering percentages of parity rates.

The wider, more recent base period would involve a complex change which finally would boil down to this: An over-all two percent reduction in price supports.

The 1947-56 period is one in which agricultural prices fluctuated widely. It reflects changes in administrations and in farm programs.

If Congress keeps this in mind, which it undoubtedly will, this plan is very unlikely for the law books.

FARMER COUNTY Farm Bureau News

By RAYMOND EHLER

Your local Farm Bureau last week contacted your state representative and senator, urging their opposition to a proposed bill to revise county precincts according to population, rather than geographical lines. It is believed that a move of this nature would open the road to possible ulterior use of the system to control county business without consideration of the people in thinly settled areas of the county.

THREE WAYS NEWS

Training Union Holds Zone Meeting Sunday

Mr. and Mrs. S. W. Ruthart and children of Seminole, Texas visited in the D. C. Lindley home the past week end. Mr. Ruthart is a brother to Mrs. Lindley.

Melba and Fawn Ann, daughters of Mr. and Mrs. Millard Townsend were on the sick list last week.

FHA Meeting
The FHA girls attended the Area I meeting at Amarillo Saturday. Mrs. Nan Dyer is the sponsor of the club. Mrs. Horace Hutton and Mrs. Willie Welch

accompanied the girls. Bonnie Bateas was Three Way voting delegate.

Attendance at Three Way Baptist Church Sunday morning was 53. Additions to the church were five. Rev. Bob Rowe is pastor.

Guests in the Frank Griffith home last week were Mr. and Mrs. Elmer Fruit of Roswell, N. M., and Mr. and Mrs. John Stokes and children of Amherst.

Zone Meeting
Training Union Zone meeting was held at Hicks Chapel Bap-

tist Church Sunday afternoon. Rev. E. K. Shepherd of Muleshoe was the speaker.

New Son
Born to Mr. and Mrs. Mickey Sowder of Lubbock, a boy weighing 6 lbs., 7 oz., Monday, February 25. The baby was named William Robert.

The grandparents are Mr. and Mrs. Eston Sowder and Mr. and Mrs. Cecil Cole of the community.

Mrs. Elmer Bateas is spending a few days at Lubbock this week with Mr. and Mrs. Jimmie Bateas and daughter.

Miss Joyce Huff of Roswell, N. M., visited her mother, Mrs. Carrie Huff over the weekend. They went to Lubbock Saturday on business.

Mr. and Mrs. Lewie Jordan went to Southland the past weekend to attend a funeral of a friend.

The senior class of Three Way will serve dinner at the lunch room Sunday, March 10 from 12:30 to 1:30. Price per plate will be \$1.00 for adults and 75c for children under 12.

Mr. and Mrs. John Shackelford and children visited the Lewie Jordans Sunday.

Goodland Bible Study Club will meet with Mrs. Lewie Jordan Tuesday, March 5. They will study from the book of James.

Mr. and Mrs. Lewis Henderson spent the weekend with the W. T. Parker family in the West Camp community. They all attended church at Muleshoe Sunday morning.

Ted Furgeson of Floydada, formerly of Goodland, was visiting in the Jack Furgeson home Saturday.

Mr. and Mrs. Jack Lowe went to Lubbock on business Wednesday.

Mr. and Mrs. Jack Hutchison was visiting in Quitaque last weekend.

Mr. and Mrs. Milton Parsons and children of Amarillo visited in the Thurl Lemons home Sunday.

Mr. and Mrs. Archie Sims and children spent the weekend at Lubbock.

Birthday Party
Barbara Maston, daughter of Mr. and Mrs. Rayford Maston was honored with a birthday party in the Jimmie Darceik home Friday night. Refreshments of ice cream, cup cakes, and pop were served to about 20 guests.

HD Club Meets
The Three Way Home Demonstration club met in the home of Mrs. Thurl Lemons Thursday. Members present were: Mrs. Earl Bowers, Jack Furgeson, Willie West, John Tyson, Carrie Huff, and Lewie Jordan.

WSCS Study Letters From Paul Wednesday

By MRS. C. C. DORN

Mr. and Mrs. John Gunter spent the weekend in Lubbock visiting with his daughter and son-in-law, Mr. and Mrs. Motes.

Mr. and Mrs. Carl Wayne Hallford of Lubbock, spent the weekend visiting with his parents, Mr. and Mrs. A. D. Hallford. They also attended the Enochs church Sunday morning.

Mr. and Mrs. Ted Robertson spent last week from Friday to Sunday in Dallas. They were visiting with Mrs. Robertson's mother, Mrs. Moore.

Rev. and Mrs. C. C. Dorn, Sug, and Johnny spent from Thursday till Saturday with friends and relatives in Colorado City. They also visited with their daughters, Mrs. Curt Shaw of Colorado City, Mrs. Eugene Wood of Big Spring, and Mrs. Wendell Leach of Stanton.

N. W. Stokes of Westbrook visited in the home of Rev. and Mrs. C. C. Dorn over the weekend and attended church with the family in Enochs.

Mr. Stokes and Johnny Dorn went with the Westbrook basketball boys to Canyon, to watch them play in the regional meet.

WSCS

We are asking for all who are interested in "Paul's Letters", to attend our WSCS each Wednesday night at Enochs. Brother Dorn is giving that study and when you attend once, you will not want to miss the other chapters. The time is 7:30 p.m.

Again using wheat as an example, the Benson proposal would reduce parity for that bread grain from \$2.48 a bushel to \$2.36 a bushel. Parity for corn would be reduced from \$1.80 a bushel to \$1.66, and milk from \$4.76 to \$4.88 a hundredweight.

All of that would have very little meaning to farmers and consumers except for the fact that Congress requires the Secretary to support prices of many farm products at not less than a specified percentage of parity.

No one knows for sure just how much the lower parity would reduce price support loans to growers, but estimates range from \$50 million to \$100 million a year. The result would be to reduce farmers' purchasing power by that much.

Congress will be debating whether to adopt the Benson formula, or leave the present formula as it is, or adopt some other yardstick. Two other formulas are being talked, and both have considerable backing.

One would be based on farm costs, including labor, machinery, seeds, fertilizer, taxes and other expenses of operating a farm. It would include, also, a fair return on investment in land, livestock and buildings. Parity would be that price which would cover costs and give farmers a fair profit.

Another proposal, closely related, would establish parity as that price which would give farmers incomes equal to the average of non-farm people. Per capita farm income last year was about half as large as for non-farm people, on the average.

House Agriculture Appropriations Head To Address PCG On March 18

Rep. Jamie L. Whitten, (D. Miss.) Chairman of the powerful House Agriculture Appropriations Committee, will make the keynote address at the annual meeting of the Plains Cotton Growers, Inc., March 18 in Lubbock. A. J. Lenderson, Bailey County director, said today.

W. O. Fortenberry, president of the Plains Cotton Growers, told directors last week that Whitten had accepted an invitation to visit the South Plains and speak here.

Whitten will speak on "The Farm Problem", at the afternoon session of the PCG annual meeting. Cotton producers and industry representatives from throughout the 23-county area served by the PCG will attend the annual meeting to be held in the Municipal Auditorium on Texas Tech campus.

The Mississippi Congressman played a major role in getting the present cotton export sales program at competitive prices passed and has always been interested and active in cotton

legislation. Whitten believes there should be no acreage restrictions in cotton and that farmers should be supported only on domestic sales based on history and be permitted to plant all the cotton acreage they wish for world market competition.

THIS WEEK
—In Washington—
With **Clinton Davidson**

During the next few months you will be hearing a lot of talk from Washington about changing the farm parity formula. Just what does it all mean?

Perhaps the first question that needs clarifying is: Just what is a parity formula? Briefly, it is a yardstick for measuring whether farm prices are fair in relation to cost of things farmers buy.

In 1933 Congress selected 1910-1914 as the "base" period; a time when income from the sale of farm products gave farmers equality of purchasing power with the average city worker. It was a period assumed to provide a fair exchange between what farmers produced and what they bought from city people.

For example, assume that wheat brought an average of \$1 a bushel from 1910 to 1914, and a pair of shoes cost \$3. If a pair of shoes cost \$6 now, then since it would take twice as many bushels of wheat to buy them, parity for wheat would be \$2 a bushel.

Last year Congress directed Secretary of Agriculture Ezra Benson to study the parity formula and make recommendations for improving it. The result was a recent recommendation that the "base period" be changed from 1910-1914 to 1947-56.

During the latter period the purchasing power of farm products was slightly less favorable to farmers than in the pre-World War I years. The result would be to give farmers a slightly shorter yardstick in measuring a fair price for their produce.

Theatre Party Honors Jane Wedel On Friday

Mrs. C. E. Roark of West Camp and Mr. J. R. Walker, Jr. of this community, have been in the Muleshoe Hospital the past week recovering from injuries.

They were hurt in a car-pickup collision at the crossroads by the James Wedel farm early Wednesday morning of last week. Mr. Walker suffered four broken ribs and had several stitches taken in cuts on his face. Mrs. Roark had to have 21 stitches to close head cuts and five for cuts under one arm. Joe Roark, her son, who was driving the pickup, was not hospitalized.

Theatre Party
Jane Wedel was honored with a party on the occasion of her eleventh birthday last Friday. The guests came after school for a lunch of sandwiches, Cokes, ice cream, and birthday cake. Then they attended the movie that evening. Present were Sutte Bourlan, Beatrice Stinson,

Linda Haley, Wanda Wedel, and the honoree.

Week of Prayer
On Monday, March 4, the WMU met at Progress Baptist Church for the first of five Week of Prayer programs. Theme was "Love and Look". The devotional was given by Minnie McCray. The hymn, "Love Lifted Me", was sung by the group. Others on the program included Billy Downing, Ruth Bishop, Selma Redwine Minnie Redwine, and Mary Marrow. Others present included Mmes. Ruth Blair, Helen Redwine, Opal Pugh, and Norma Gallely.

The second meeting on Tuesday, March 5 was on the theme "Love and Pray", with "Did You Think to Pray", as the first hymn. Included in the program were Mmes. Norma Gallely, Opal Pugh, Ruth Blair, and Minnie Redwine.

Mr. and Mrs. Doyle Green and

Darwin visited relatives in Littlefield Saturday.

Community Party
A fun-loving crowd of about 100 people attended the first Progress community social last Friday night in the Progress Methodist Fellowship Hall.

Games of "42" and Bingo were enjoyed by the adults. The younger set played "Carom", "Monopoly" and other games. The tots had a large room to themselves for their blocks, dolls, crayons and record player. Games were supervised by Mrs. Gordon Murrah, Mr. and Mrs. Owen C. Powell, and Mrs. James Wedel.

Refreshments of cake, pie, cookies, coffee and cold drinks were served by the food committee of Mmes. Henry Bass, T. Haley, and Byron Gwyn and other ladies.

The next community social is planned for Friday night, April 5, and it is hoped that an even larger crowd will attend. Sincere thanks is given to all who helped in the success of this affair.

These monthly socials are planned for the purpose of uniting the residents of Progress in neighborly fellowship.

World Day of Prayer
World Day of Prayer, March 8, will be observed by the Women's Society of Christian Service on Friday afternoon at 2:30 in the WSCS room. The program will include meditation and prayer, a pantomime, talks on missions, and an offering for home and foreign work. Elnetta Gray is chairman of the program.

This observance of World Day of Prayer is sponsored by all churches, and everyone is invited to attend.

The regular WSCS meeting scheduled on Thursday, March 7 has been postponed to Friday, March 15. The Bible study on "Paul's Letters" will begin then.

Birthday Supper
The Troy Atkinson home was the scene of a birthday supper last Friday night, March 1. Honorees included Sue Atkinson, Texas Tech student, whose birthday was March 1, Troy Atkinson and John Gwyn Walker, who share March 3 as a birthday. After a delicious supper, several of the group attended the community social at the Fellowship Hall.

Those present included Mr. and Mrs. Joe Walker and son John Gwyn of Hobbs, N. M., Sue Atkinson and Roy Sooter of Texas Tech, Lubbock, Mr. and Mrs. Byron Gwyn, Mr. and Mrs. J. E. Wilhite, Kenneth and Barbara,

Ralph Roming, Donna Actkinson, Mr. and Mrs. Troy Atkinson.

At Dimmitt
Rev. Ben Atkins recently filled the pulpit at a Baptist Church in Dimmitt.

Littlefield Preacher Here
Rev. R. Howell of Littlefield, delivered morning and evening sermons at the Progress Baptist Church last Sunday.

To Galveston
Mrs. Jake Tunnell left last Thursday for Galveston to stay a week of more with her sister-in-law, Mrs. Tommy Galloway, who is in very critical condition in the John Sealy Hospital there.

New Arrival
Mr. and Mrs. Edgar A. Bass, Jr. announce the arrival of a daughter on Sunday March 3 in the Muleshoe hospital. The baby weighed 8 pounds.

Grandparents are Mr. and Mrs. Andy Dunlap of Morton and Mr. and Mrs. E. A. Bass Sr. of Enochs.

The Basses have another daughter, Mitzi.

BOOK STUDIED
The J. L. Redwine home was the setting last Friday for a study of the book "Home Missions — U. S. A." by the ladies of the Progress Baptist Church. Mrs. D. L. Redwine presented the topics in the book, and led the discussion. A covered dish luncheon was enjoyed by the group at the noon hour. A short play, in which all the ladies took part was presented in the afternoon.

Mr. and Mrs. M. L. Shipp went to Colorado Saturday morning to visit their daughter-in-law, Mrs. Kenneth Shipp, and her parents; and to bring her back with them for a visit.

Mrs. O. S. Richards and Mrs. Leander Simms returned Sunday after visiting in Norfolk Va. with Leander for several days.

John Gunter made a business trip to Ft. Worth last week.

Mr. J. M. King was in the hospital Wednesday and Thursday of last week for medical treatment.

Teddy Harrison also was ill last week and was in the hospital on Wednesday.

James Atkins, 7 year old son of the Ben Atkins, is just recovering from the measles.

Shady Elaine Bass and Roy Thomas Havens both suffered attacks of strep throat last week.

Rev. and Mrs. L. L. Burdine and daughter Virginia visited Sunday with her parents, Mr. and Mrs. B. E. Chaney, Mr. and Mrs. Audrey Burdine, Joan and Brenda visited the Chaney on Sunday. All are from Lubbock.

Several men from this vicinity left Sunday for a fishing trip to Buchanan Lake near Towe, Texas. Included were Vernon Roming, Troy Atkinson, Harry Lee, and also a Mr. Kittrell from Lorenzo.

Mr. and Mrs. Arley Thomas were week end guests of their daughter in Pecos last weekend. Their small granddaughter returned home with them for a

Hi Plains Station Locates Offices

The office of the High Plains Station of the Texas Research Foundation is now located just west of the research station site in Halfway. The staff of the station moved from their temporary office at 704 1/2 W. 5th, Plainview, on February 28. Increased tempo of activity at the 310 acre research farm made the early move necessary.

An acre of land just west of the station was purchased from Marvin Dean in February. A residence has been converted to an office. As soon as funds become available a headquarters building will be erected on the south side of Highway 70 just east of the Halfway Baptist Church. The present office will then become the residence of a station employee.

Construction of an equipment storage barn is underway on the new acre site. The second irrigation well is being drilled on

the east side of the 310 acre research farm. All the land has been plowed and is being foliated, getting ready for the first year of research. Leases on the site were completed January 9. This late season start is compelling the scientists and staff to work at high speed to "catch up".

WHEN folks began to learn that you can get a big new Buick SPECIAL today for just a few dollars more than the price of a smaller car—wow! They've been flocking into Buick showrooms ever since! And they discovered a double surprise.

Because this new Buick is more than just a whale of a lot of automobile for the money. It's also the most completely changed Buick ever built — brand new in body, in styling, in chassis, in everything from road to roof and bumper to bumper.

Even more—it's completely changed in performance. You, at this wheel, boss a brand-new engine 'way up in horsepower, torque and compression ratio.

You, in this trim beauty, have the instant response of today's brilliant new Variable Pitch Dynaflo.*

You, in this saucy traveler, are holding rein on the dream car of the year to drive.

And if you can afford any new car, you can afford a Buick. So—drop in today!

*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick build today. It is standard on ROADMASTER, SUPER and CENTURY—optional at modest extra cost on the SPECIAL.

WHEN BETTER AUTOMOBILES ARE BUILT BUICK WILL BUILD THEM

Brand-NEW "Built-in Conscience" SAFETY-MINDER. It buzzes when you reach the miles-per-hour you preset for yourself. You won't want to drive without it.

Brand-NEW V8 ENGINE — More Power. Highest horsepower, torque and compression ever.

Brand-NEW DYNAFLO PERFORMANCE — Instant Response — sweep without switching the pitch.

Standard on ROADMASTER, optional at extra cost on other Series.

Horace Hutton To Drill Wells On Stegall Farm

Our deepest sympathy is extended to the Eubanks family on the death of his mother at Eunice, N. M., last Monday.

Horace Hutton has drilled two wells on his farm north of Stegall, and is going to put a house on the place. Mrs. Hutton's parents, Mr. and Mrs. Pruitt are going to live there, and have already moved their trailer house to live in until the house is finished.

Mr. and Mrs. Travis Kelly and children went to Amarillo over the weekend to visit her father and other relatives.

Mrs. Vurles Wall and son vis-

ited in the Deward Wall home Monday night.

Mr. and Mrs. Ted Simpson and children went to Shallowater Sunday afternoon to visit her parents.

Visitors in the C. L. Taylor home last week were three of his aunts, Mmes. Cora Bessire, Erie Burtleson and Bridle Pipkin.

Guests in the Kenneth Pyburn home Sunday afternoon were Bro. Kenneth Sanderson, Mr. and Mrs. Oran Reaves and Butch, and Mr. and Mrs. Roy Turney and children of Morton.

Guests in the Deward Wall

GET SCISSORS AND FOLD SOME PAPER—You'd have to be pretty good to come up with a string of paper dolls as fetching as these pictured in the surf at Daytona Beach, Fla. They may look like figures cut from paper, but closer inspection reveals that the pretty Cypress Gardens Aquamaids are real, living dolls.

home are his father, T. T. Wall, and his aunt, Mrs. Ollie Parish.

Jim Pyburn visited Lawrence Taylor Sunday afternoon.

Mr. and Mrs. Oran Reaves visited Mr. and Mrs. Pruitt Monday.

Mrs. Bill Eubanks was in Lubbock Monday shopping and visiting with her daughter, Maudine.

Mrs. Horace Hutton and daughters were in Amarillo Saturday shopping.

Mrs. Guy Smyer visited Mrs. Pruitt Saturday.

Mr. and Mrs. Jim Simpson were shopping in Lubbock Monday.

Mr. and Mrs. Kenneth Pyburn attended Church at the East Side Church of Christ in Morton Friday night. After services they visited in the Byron Willis home.

Mrs. Bill Eubanks visited her mother, Mrs. Davis at Hale Center Friday. Mrs. Davis is a lot better and is able to be at home now. She was in the hospital about two weeks.

Mr. and Mrs. Cecil Mann and Terry were guests in the home of Mr. and Mrs. C. L. Taylor Thursday night.

Mr. and Mrs. Vurles Wall and Mr. and Mrs. C. L. Taylor visited Mr. Wall's aunt in the hos-

pital at Portales Sunday afternoon.

Dorman Taylor spent Saturday night with Bill Wall in Portales.

Butch Reaves spent Thursday night with Frank Stegall.

Martin C. Hill At March Air Base In Billeting Office

March Air Force Base, Calif.—Sgt. Martin C. Hill, son of Mrs. A. S. Hill, Muleshoe, works in the March AFB Billeting Office. Hill attended Muleshoe high school in 1937 and was a member of the football team and also of the track team which attended the State Track Meet in that year. He ran the 440 along with Woody Lambert, Otis Rollins and his brother Cayton Hill.

Sergeant Hill also has a sister living in Clovis, N. M.

"HAPPY" DYER TO ABILENE
C. L. "Happy" Dyer, Muleshoe real estate dealer, who has been ill for about a month, has been taken to Abilene, where he will be in the home of his daughter and son-in-law, Mr. and Mrs. Leo Baker and family.

Accidents In Home Cause One Death Every 16 Minutes

Not many housewives would put a DANGER sign over their front door! Yet unless more people suddenly become "safety-conscious" that sign wouldn't be a bad idea at all. Home accidents can kill! Carelessness and negligence in the home cause a death every 16 minutes and produce some disability every four minutes, reports the Texas Farm and Ranch Safety Council.

Falls are the home's greatest hazard, claiming a total of 14,000 lives annually. Burns are next in the grim order and about 5,400 people die yearly as a result of them. Poisoning and carelessness with firearms each cause slightly over 1,000 deaths a year, and almost 6,500 people annually succumb to a list of varied causes.

More children under 14 are killed by home accidents than by any single disease. Here's how to minimize the dangers to children in your home. Label all medicines and store them out of children's reach; make sure all firearms are unloaded and store safely; keep matches and knives out of reach; and don't leave scissors, pins, and sharp tools

Suggestions For Weight Watchers

Any weight watchers in your family? If so you the cook, can be a big help by planning and preparing foods to cut calories.

Here are some suggestions offered by extension foods and nutrition specialists:

Use non-fat, dry milk solids for cooking. Reconstituted dry milk solids heated and combined with vegetable liquors are good in soups.

Keep desserts simple... Serve fresh fruits or canned and frozen fruits packed in water or juice—not syrup.

Roast or oven or pan-broil meats, poultry and fish instead of frying in fat. Avoid "bread-ing" and use of egg batters on foods. Trim extra fat from the meat.

Serve salad materials plain—or use low-calorie seasonings or salad dressings. These can be made with tomato juice, herbs and lemon juice or vinegar.

Prepare food without added fat sugar or flour whenever possible.

Tempt appetites with herbs and spices instead of rich seasonings, sauces and gravies.

Serve low-calorie items for nibbling in-between-meals or as appetizers. Try celery, cabbage wedges, carrot sticks, or other low-calorie vegetables or fruits.

Avoid high fat foods such as cream, butter, gravies, sauces, nuts, potato chips, oil, pastries, rich salad dressing; sweet foods, such as cakes and cookies; rich puddings, candies, fountain sodas and drinks, carbonated drinks and alcoholic beverages; and starchy foods, such as macaroni, dry peas and beans.

FIRE ENGINE RED or turquoise Royal portable typewriter in stock right now at The Muleshoe Journal. Budget terms and more features than any other portable on the market.

within children's grasp. yourself on these questions asked by the safety council. Are too many electric appliances running from any one outlet. Are rugs kept from curling and slipping? Do you immediately wipe up water or grease spilled on the floor? Do you have a safe can opener such as the swing-away wall type? Is there a non-slip floor in the shower? Are all flammable liquids labeled and sealed?

Keep a first aid kit handy at all times. Remember—someone is hurt in the home every seven seconds.

MALONES IN FLYING TRIP TO WASHINGTON
Mr. and Mrs. Dudley Malone are in Corvallis, Wash., for a visit with her sister and family. Mr. and Mrs. Clyde Jennings. The couple drove to Albuquerque Monday and spent the night with friends. They caught a plane there Tuesday morning for the trip to Washington. They will fly back to Albuquerque next Monday, and return home about Tuesday.

FROM FORT WORTH
Mrs. R. C. Giles and daughter Dorothy, and Miss Jeanette Goodman, all of Fort Worth, spent the weekend in Muleshoe

with old friends. Dorothy, formerly women's society editor of The Journal, is now employed with Continental Supply in Ft. Worth.

CARD OF THANKS
We wish to express our heartfelt thanks to our friends and neighbors for their words of sympathy, their many kind deeds, and for the flowers at the death of our husband and father. Also our thanks to the peace officers for their thoughtful acts. May God bless each of you.
Mrs. Felix Oden
And Children.

NASCAR'S TOP AWARD GOES TO PONTIAC!

Undisputed Grand National Champ Over All Stock Cars Regardless of Size-Power-Price!

NOW IT'S OFFICIAL
Pontiac is America's Number 1 Road Car!
NUMBER 1 IN PERFORMANCE!
NUMBER 1 IN ROADABILITY!
NUMBER 1 IN HANDLING!
NUMBER 1 IN SAFETY!

There is only one Grand National—and there can be only one winner! The best America has to offer are entered in this event—known for years as the "granddaddy" of all stock car racing. It's the supreme test of handling, ruggedness, safety, power and over-all performance—and Pontiac took them all hands down and broke a track record to boot! So meet the new champ—a strictly production model Pontiac Chieftrain with a 317 h.p. Strato-Streak V-8 and introducing new Tri-Power Carburetion, optional at extra cost on any Pontiac model. It's America's newest power advance—and Pontiac's alone at a price so low! See your Pontiac dealer and learn how you can drive a Pontiac—America's Number One Road Car—at prices starting below 30 models of the low-price three!
