Volume XXVII

Tahoka, Lynn County, Texas, Thursday, September 4th, 1930

Number 2

## Local School Enrollment Begins Today

### BYPU MEETINGS START SUNDAY

Revivals Will Be Held In Fifteen Churches Of Area By Leaders Well Known Over Texas

At least fifteen Baptist Churches of the Brownfield Baptist Association will hold B. Y. P. U. revival meetings beginning Sunday, September 7, and ending Sunday, September 14. The revival will be the biggest thing of its kind ever undertaken in this section. Miss Clara May, Wilson, president of the Associational B. Y. P. U., declares.

T. C. Gardner, state B. Y. P. U. secretary, and Miss Grace Conn, field secretary, will be directors of the meetings and will be assisted by the following trained leaders: Rev. C. D. Owens, Abilene; Walter Johnson, Abilene; Rev. R. E. Bost, Dimmitt; Joe Taitley, Abilene; Rev. Jno. Riddle, Winters; Claude Lawton, Breckenridge; Rev. Dunlap, San Angelo; Mrs. Rucker, Abilene; Rev. J. A. Kidd, Pecos; Miss Hazel Kananor, Lubbock; Rev. W. H. Hughes, Levelland; Rev. Henry Weldon, Sweetwater; and others.

A meeting of workers, pastors, and leaders will be held in Brownfield Saturday afternoon preliminary to the opening of the revivals.

Beginning Sunday and continuing through the week zone meetings will be held in Tahoka and Brownfield each afternoon. Mr. Gardner having charge of the Tahoka meetings, and Miss Conn those at Brownfield.

Each night at 7:30 revival meetings will be conducted by the leaders at the following places: Brownfield, Wilson, Tahoka, Ropesville, O'Donnell, Central, Central, Fellowship, New Home, Three Lakes, Tokio, Union, Seagraves, Wells, Plains, and possibly other churches.

Sunday afternoon, Sept. 14, at 3 o'clock graduating exercises will be held at Brownfield, at which awards will be made for work done by those participating in the meetings.

All Baptists of the Brownfield Association are urged to attend one of these revivals, and people of any other denominations who are interested in work among young people are cordially invited, Miss May says.

### To Preach On "God And Carlsbad Cavern"

The pastor is making a trip thru what many say is the greatest wonder of the world, and will discuss the above subject Sunday at 11 o'clock.

Those who have been through the big cavern will no doubt enjoy this discussion as well as those who have never been in the New Mexico wonder.

The evening subject will be "God and the Common Man". "The common people heard him gladly." God has a saving word for every man, and a special word for every common man. Everyone will be welcomed to this special service.

### Urges Employment Of Home Pickers

Mr. Harve Henderson, prominent farmer of the Redwine section, suggests that it might be a good idea for Lynn County farmers not to import cotton pickers this fall from other sections of the state. He believes that most of the farmers can do practically all of their own picking, and that those who cannot will have no trouble in finding a surplus of local labor. He believes that every farmer ought to give his neighbors work first.

There are already people in Lynn county who are in need and will possibly be in worse shape this winter. If Lynn County has the usual influx of cotton pickers, and the number promises to be even greater this year because of the universal lack of jobs, this fall that it usually does, many more will be stranded here through the winter on charity.

Above all, Lynn County farmers should discourage the importation of Mexicans this fall and give more jobs to home folks.

### LEAGUE MUST HAVE PLAY-OFF

Southland Appears Second Half Winner; 5-Game Series Will Determine Champion

With Southland as almost certain winner of the second half of the South Plains League split-season, and Tahoka with no chance to cop the second half, Tahoka, winner of the first half, will meet Southland in a five-game series, W. S. Taylor, secretary of the league says. The season ends with Sunday's games, and the play-off series will likely start Tuesday of next week.

Sunday Tahoka defeated Anton here 8 to 3, Barleson pitching for our team and Lumpkin for Anton. Tahoka registered 15 hits to the visitors' 12.

Monday, Labor Day, Brownfield defeated Tahoka in that city, but decision of officials and the playing of ineligible men caused President John Smith of Slaton to order the game forfeited to Tahoka.

This afternoon Tahoka plays in Lubbock, and Levelland comes here Sunday to end the league season. Southland, second half leader, plays at Levelland today and Brownfield plays at Southland Sunday.

### O'DONNELL COUPLE MARRY

William C. Land and Miss Willie Whitaker of O'Donnell were issued a license to marry last Friday by County Clerk Truett Smith.

### Wilson Store Is Damaged By Fire

The Painter Drug Store at Wilson was gutted by fire of undetermined origin Tuesday night at 9:30 o'clock. The fire started about the middle of the building in the prescription department and may have resulted from the explosion of some solution. Practically all the stock of goods was destroyed or damaged, and the building was badly damaged.

The Tahoka Fire Department was called and made a run to the fire, arriving in time to save the building and some of the stock. According to Pete Coleman, thoughtfulness on the part of Wilson citizens was all that saved the building and possibly most of the business section. As soon as the fire was discovered, doors and windows were closed tight until the fire truck arrived. The fire swept over the interior for a while, died down for want of air and was just beginning to gain headway again when the fire department arrived. No attempt was made to remove stock from the building.

The store was owned by R. E. Painter, and was formerly owned by R. E. Finley.

### Dixie School Opens With Fine Program

Practically all the parents of the district were present at the opening exercises of the Dixie school Wednesday morning, according to C. B. James, superintendent. A total of 109 students were enrolled, 34 in the primary grades, 30 in the intermediate, 23 in the sixth and seventh, and 22 in the high school. Class work began today.

Short addresses were made by County Attorney G. H. Nelson, County Clerk Truett Smith, Supt. James, and enthusiastic talks by Mrs. Jess Nobles, Miss Faye Anderson, Mrs. C. B. James, and Mr. Dorman. The program opened with the singing of "America" and a prayer by Mr. Nobles.

### Revival At Dixie Closed Sunday

Elder Cooper, pastor of the Floyd Church and Jesse Eubanks, of this city, closed a Church of Christ revival meeting at Dixie Sunday night. Excellent preaching is said to have been heard by good sized crowds.

As a result of the meeting, a Sunday School will be started there next Sunday morning at 10 o'clock.

### HOME PEOPLE SHOULD BE EMPLOYED TO PICK COTTON

Within the next few days the cotton crop of Lynn County will begin to move. A portion of the county is favored with a fairly good crop while a portion of it can hardly be said to have a crop. The people who have not made a crop are going to need work during the gathering season. The people who have been fortunate enough to have cotton to pick and feed to gather should give preference to their neighbors of the county who have been less fortunate this year. Outside labor should not be used

until it is evident that our home people have been employed.

The Chamber of Commerce office will be used as an Employment Bureau during the cotton season, and if those who have cotton to pick and desire help will let their wants be known the Chamber of Commerce will receive applications for work and in this way assist in the placing of our people where they can help to gather the crops of their more fortunate neighbors.

C. C. WILLIAMS, Sec'y.

### MANY ATTEND KIWANIS MEET

Ukulele Girls Make Hit At Texas-Oklahoma District Meeting Held In Lubbock

Local Kiwanians and the Tahoka Ukulele Girls attended Monday the Texas-Oklahoma district convention of Kiwanis clubs in session at Lubbock Monday and Tuesday. About 1,000 registered delegates were present.

The Ukulele Girls are reported to have made quite a hit with the crowds. They played and sang in the Lubbock Hotel and Hilton Hotel lobbies late in the afternoon, following which they took part on the program at a chicken barbecue for the Kiwanians, and that night they had parts on a program given in the Down Town Dance Palace. Miss Charlene Maddox also sang at the latter place. The Tahoka musical organization is composed by Misses Lola Belle and Juarene Edwards, Snookie and Charlene Maddox, Reta Lois Colleenback, Faye Brown, Fern Aycox, Lucille Slaton, Elsie Wooley, and Juanelle Windham.

Other Tahoka people who attended the convention were: Truett Smith, W. S. Anglin, R. W. Fenton, Jr., Dr. C. B. Townes, G. H. Nelson, O. J. Hull, C. C. Williams, C. H. Cain, W. O. Henderson, T. J. Bovell, G. C. Grider, Raymond Weathers, Louie Weathers, Vernon Davis, Fred Barker, Porter Tredway, Van Bates, and Ben King. Nelson, Henderson and Cain were official delegates from Tahoka.

Miss Faye Anderson, Mount Vernon, has moved to the teachers at Dixie, in which school is intermediate teacher this year.

### First Bale Of 1930 Cotton Brought In

The first bale of 1930 cotton was received late last Thursday and was ginned at the Handley gin. L. T. Terry, living on the W. E. "Happy" Smith farm in the South Ward community, brought in the cotton.

A premium of \$25.00 was presented Mr. Terry for the first bale, ginning was donated by Mr. Handley, who also bought it at 10c per pound. The bale weighed 400 pounds.

The bale was to have been auctioned off on the streets Friday morning, but when no bidders appeared the ginner paid Mr. Terry 10c per pound, which is said to have been several cents more than the market price, considering the grade.

### Kiwanians Go To New Home Tonight

Tahoka Kiwanians and their wives journey to New Home tonight where they will meet with the Women's Home Demonstration Club members and their husbands of that community at a dinner to be spread on the school grounds by the latter organization.

The meeting was arranged as a good-will affair only, and President Truett Smith requests that all leave their troubles at home.

The earliest "first bale" in Texas was sold on May 21, 1921, at San Benito. The latest was on August 7, 1903.

### DROUTH STILL ON; AID ASKED

Government Plans Aid For Section; Showers Help At Draw And Redwine

W. B. Slaton of the First National Bank returned Saturday from Wichita Falls, where he sat on a committee representing fifty-three West Texas counties in the drouth area to discuss means of advancing aid to needy farmers by the National Farm Board and other agencies.

A local committee composed of Judge C. H. Cain, chairman, W. C. Wells, A. L. Lockwood and R. E. Shaver has been appointed, but nothing is known by them as to what their duties will be or as to what method the government will use in rendering aid to this section.

Lynn county crops have begun to deteriorate very rapidly from the prolonged drouth that seems to be nation-wide in scope. Even in sections of the county where crops are best, deterioration has begun, and some spots are said to be beyond the stage where a rain would revive them. A good rain would help cotton to a great extent, it is said, in that further deterioration would be prevented; much of it would put on growth. Feed would probably receive the greatest benefit, and unless a rain does come Lynn county will face another winter and spring to go through without sufficient feed. Many declare this to be the worst drouth they have ever seen on the Plains.

A shower in the Redwine and Draw communities Tuesday afternoon will be of benefit to crops in small sections. Harve Henderson reported an inch on his farm, and it was heavier in other spots.

### Grassland Woman Died Last Sunday

Mrs. G. W. Langford of the Grassland community died in a Lubbock sanitarium Sunday morning at 11 o'clock following a brief illness from appendicitis. The body was sent to Gainesville, where funeral services were held Monday.

Mrs. Langford was 39 years old. She is survived by her husband, two sons, Raymond and Walter, and two daughters, Georgia Mae and Mineola, and her father and mother, Mr. and Mrs. W. H. Baugh, of Gainesville. The Langfords are renters residing on the D. W. Thomas farm. Her death is mourned by a host of friends in the eastern part of the county.

### Cotton Office To Be Opened Soon

A federally licensed cotton grader will establish an office of the Texas Cotton Co-operative Association in Tahoka soon, is the announcement of Herman Dietrich, manager of the Lubbock district office. The organization is having trouble securing competent graders, but will have one on hand before the season harvest is very far underway.

C. W. Davis, Corpus Christi, will be placed in charge of the district office at Lubbock Sept. 15. A branch office was opened at Wellington Tuesday, and another will open this week at Paducah, where 300 bales are being held until the office opens.

## Opening Program Is Set For Monday

### FACULTY FOR YEAR IS GIVEN

Many New Teachers On Force Of Local Public Schools; Are All Well Prepared

An excellent faculty, thoroughly trained and experienced, has been elected for this year's school by the Tahoka school board. Only two teachers from last year's force, Taylor White and Mrs. Wigginton, nee Miss Faye George, remain at the High school. There are two new teachers at Central Ward and two at South Ward.

The complete faculty, exclusive of fine arts teachers, follows:

Superintendent, J. B. Pace, Texas University master of arts graduate and principal at Ballinger seven years.

High School  
M. J. Weaver, principal, a grade school principal at Ballinger four years; and graduate of West Texas State Teachers College.

Mrs. Faye Wigginton, English, re-

(Continued on last page)

### Urges Women To Can Own Beef

Canning your own is an inexpensive method of having fresh meat available on your farm at all times. The possibility of spoilage is very small now since modern equipment and accurate time schedules make it possible to can securely. In a well balanced diet variety is essential. With home canned fresh sausage, roast beef and pork, steak and meat loaf the family will have varied and balanced meals throughout the year. Tenderloin, spareribs and liver, heart and head cheese all have their place in the diet and are possible the year round with systematic canning. Having a variety of canned meats on hand keeps the home maker prepared for Sunday dinners, unexpected company, hired help. Fuel, food, time and strength are saved in the practice of conserving meat by canning.

Cattle are so low in price now that they bring scarcely nothing at all when placed on the market. The thing for every housewife in Lynn County to do is to can at least one or two this year. Canning the meat will make the animal worth three times as much to you as you would get on the market. Make plans to can at least one.

The agent has her book now open for dates to help with canning of beef and pork. Make yours now.

### Johnson Has Big Meeting at Sligo

Rev. D. D. Johnson, Brownfield Baptist Associational missionary, who lives here, reports that he closed a very unusual and successful meeting at Sligo, Yoakum county, last Thursday night, during which 24 new members were added to the church, 15 by baptism. Before the meeting opened the Sligo church had only 10 members.

Brother Johnson is this week conducting a revival in the Lakeview community.

### Prater Girl Falls On Hoe; Cuts Leg

Rudell Prater, nine year old daughter of Mr. and Mrs. F. L. Prater, who live a mile east of town, had the misfortune of severing the leaders in her left leg Monday when she fell on a hoe while at work in the maize field. She was rushed to a Lubbock sanitarium where surgical attention was given. Doctors say it will be several weeks before she can walk again.

### GOOD SCHOOL IN PROSPECT

Superintendent J. B. Pace And Teachers Announce Ready For Opening of Term

Enrollment of students in the Tahoka public schools began this morning at nine o'clock and will continue throughout tomorrow. Monday morning at 9 o'clock the opening program will be held at the High School building for all the schools.

This morning students who will be candidates for diplomas in the spring were enrolled, this afternoon students of Junior classification are enrolling, tomorrow morning at 9 o'clock Sophomores are expected to enroll, and at 1 o'clock Freshmen and Seventh Graders are expected to enroll. All students in both Central and South Wards were scheduled to have been enrolled and classified this morning.

Everything points to a most successful school year, J. B. Pace, the new superintendent, thinks. Mr. Pace has been at work several weeks getting acquainted with the local work and everything is in readiness for intensive school work to start immediately.

Monday, Tuesday, Wednesday the teachers were in attendance at the South Plains Teachers Institute, and the official school year began with Monday though classes have not yet opened.

Many of the faculty members this year are here for their first year, and citizens of Tahoka are urged to make their acquaintances and give them their co-operation in making this year's session the best in the schools' history.

### Little Johnson Boy Dies Very Suddenly

Little Walter Keith Johnson, youngest son of Mr. and Mrs. Wash W. Johnson of the Three Lakes community, died at 4 o'clock Monday morning in a Lubbock sanitarium after a brief illness of only a few hours. He became sick Sunday night and was carried to Lubbock, but his life could not be saved. The little boy was four years, four months and seventeen days of age.

Funeral services were held at the Tahoka Baptist Church Monday afternoon at 3:30 o'clock. Rev. Bart Vinson, Brownfield, officiating and burial followed in the local cemetery.

Walter was the idol of the family and his playmates, and his passing is mourned by a host of friends and relatives at Three Lakes and Tahoka.

The Lynn County News can still be had for \$1.50 per year—62 issues.

### Farmers Signing Co-Op Agreement

Farmers are beginning to come in and sign up the Federal Farm Bureau's marketing agreement, according to Claude Holley, the Lynn-Garza educational campaign director.

Saturday seven cotton growers voluntarily came in to sign the agreement, two came in Monday and two Tuesday. A check has not been made recently on the number of signers but the list is growing. Mr. Holley says. A number of old Farm Bureau members have sent their agreements into the Dallas office, and a definite check cannot be made until this office is heard from.

"Farmers are now becoming well acquainted with the marketing plan, and will soon begin to sign up in larger numbers" Mr. Holley believes.

The plan was presented to the farmers of the Three Lakes community last night. Tonight a meeting is to be held at Dixie, and Friday night a meeting will be held at New Moore.

## NIGHT FOOTBALL WILL BE PLAYED AT W. T. S. T. C.

CANYON, Sept. 3.—Night football will make its appearance at the West Texas State Teachers College this fall for the first time. Buffalo Stadium will be equipped this fall for the best lighting equipment and will use the largest number of watts of any equipment ever to be erected on any football field, according to a statement made by Coach Claude Reeds, in announcing the signing of a contract by officials of the West Texas State Teachers College and the Texas Utilities Company.

As a result of signing the contract for the new lighting equipment making it possible for night football games to be played at Buffalo Stadium, a number of the games on the 1930 Buffalo schedule have been changed from the afternoon to night. So far all home games scheduled for October have been changed, Coach Reeds states. The games affected by the change are with Panhandle A. & M. Friday, October 3; Abilene Christian College, Saturday October 11 and East Texas State Teachers College, Friday October 17.

## "No Medicine Has Ever Helped As Did Konjola"

Stubborn and Painful Stomach Ailment Readily Yields To Power Of Famed Compound

MRS. EDNA BARNETT

"Each day for a year I was in misery," said Mrs. Edna Barnett, 713 North Pearl street Dallas. "My system had become weak and run down from indigestion. Food failed of digestion and I had a constant burning sensation in my throat and stomach. Gas formed and I often belched violently. My nerves were upset and little things upset me terribly. I did not sleep well at night.

"The number of local people getting results attracted my attention to Konjola. I noticed a change for the better in my condition after I had taken the first bottle. I have taken four bottles to date and my health is again normal. I eat what I wish without a trace of indigestion or bloating. My nervous condition is much relieved and I sleep well at night. No medicine ever helped as did Konjola."

The files of Konjola contain thousands of such statements. It is recommended, however, that this medicine be given a thorough trial, in the average case over a six to eight week period.

Konjola is sold in Tahoka, Texas, at Tahoka Drug Co., and by all the best druggists in all towns throughout this section.

## SOUR STOMACH

Gas Formed, Head Hurt, and Woman Had To Hold To Things When She Walked.

Kaufman, Texas.—"Two years ago, I began suffering with spells of indigestion," says Mrs. Marshall Smith, of this place. "It seemed like everything I ate disagreed with me. I had gas on the stomach, and often my head would hurt so bad I had to lie down."

"Everything would get black before my eyes, and I would be so dizzy when I would get upon my feet that I had to hold on to things, to walk around the room."

"My food soured on my stomach, and I was constipated."

"I had often read about Black-Draught, and my mother told me it was a good medicine to take, and so I began a course of it."

"It was not long until I was feeling better. I took a pinch after meals, and I soon found I was suffering much less. It relieved constipation, and I was not any longer troubled with indigestion."

"We try to keep it in the house, and I use Black-Draught now, whenever I feel a sick headache coming on. It is a fine medicine."

Theodore's Black-Draught is prepared from medicinal roots and herbs, of highest quality, finely powdered, carefully combined and packaged by automatic machinery.

**THEODORE'S BLACK-DRAUGHT**  
For Constipation, Indigestion, Biliousness

## SLATS' DIARY

Friday—Well Jane told me today that she didn't never want to speak to her no more. So I don't care what happens to me now in the future. The gas pipe team ast me yesterday to em-pire there ball game vs. the levy maulers and I will call them up now and take the job and then me-by Jane will be sorry.

Saturday—I met a dandy girl at the lawn fate tonight and we had a cupple of dishes of ice cream together as her pa had gave her a quarter for cleaning the windows this a m. and I ast her if she thot she could learn to care for me and she sed she bet she could because she had learned to eat olives onct.

Sunday—Mrs. Crum was at are house this p. m. and her and ma and Ant Emmy got to talking about things like husbands and etc. and Ant Emmy ast Mrs. Crum if her husband still had a high opinion of her like he had when they 1st got married and she replied and sed Yes he must think I am an angel because he seems to think I don't need no clothes to wear no more.

Munday—Gee whiz two weeks from today school will commence agen and that don't make me feel so good about diggin potatoes all week. Pa says if I wrik like I shud ought to work I can be done in 2 days. But I think it will take a weak becuz Blisters sed he wood cum and help me dig potatoes mebbly.

Tuesday—I over heard ma talking to Ant Emmy and pa about Crismas all redly. She sed she thot mebbly she wood by me a pair of Kid gloves. I gess I will tip pa off that I am to big for that now and want Mans size.

Wednesday—Cuzzen Clarence was here tonight. He is a batchelor but only temperery I gess because he is thinking of getting married to his bride to be and he ast pa witch he thot was the best off a batchelor or a married man and pa sed Well they aint much difference, they both have to so on their own buttons.

Thirsday—I like to got into trouble today when Mrs. Brine come in for dinner She sed she was hungry enuff to eat a cat and I happened to no where I was witch had been hit by a otto. Ma acused me of acting smart and sent me to bed.

## GRASSHOPPERS ATTACK TRUCK AND FRUIT

HONDO.—Four hundred pounds of poison bran mash was used in a poisoning demonstration near Natalia and Devine, in an effort to rid the truck and fruit trees of grasshoppers. C. M. Merritt, county agent of Medina county and 36 truck growers spread the mash on the truck and sprayed the trees with a poison spray. Three days later the truck growers reported the grasshoppers killed out almost completely.

Low cost of producing butterfat is the only way dairymen are keeping the wolf away from the door these days. That the feed cost can be kept lower than what is hoped will be only a temporarily low cream market is shown in dairy herd demonstrators' records. Three Corryell county farmers, for instance, had 27 cows that produced fat for an average of 22.6 cents per pound butterfat in June, yet one of these herds produced it for only 12 cents per pound. These men furnish as much home grown feed as possible, buying only cottonseed meal, and have plenty of sudan grass pasture.

Tackling his problem of producing cheap milk by providing good home-grown roughage, P. P. Boyd, Gregg county demonstrator, has been cutting a fine quality hay from his meadow sowed to a clover mixture of White Dutch and yellow sweet clover, and black medic and vetch. This added to the Bermuda, carpet and Dallas grasses already growing gives a high grade hay which has yielded about twice as much as formerly.

Contrary to reports, Tahoka business men and other backers of the Federal Farm Board's marketing plan do not get one dime for the boosting they are doing or for the members they are signing for the TOCA. In fact, they are risking the loss of their own money placed behind the local office contract. They will benefit in this way only: That which will help the farmers will help the business men.

Dimmitt is to have natural gas, the West Texas Gas Co. having completed preliminary survey of a line there from Hereford.

## Locals

Chas. McCormack, 10, son of Mrs. D. W. Gagnat, returned last week all by his lonesome from Los Angeles, Calif., where he spent several weeks visiting relatives. He went out in a car in July with his Grandmother McCormack and Mrs. Carlos Edwards and returned by train. He says that he had a wonderfully fine time out in the great Western Metropolis.

C. F. Thompson and family moved to Levelland Tuesday to take charge of a blacksmith shop at that place which Mr. Thompson has just bought. He resigned his job here with J. H. Coltenback several days ago. The Thompsons have lived in Tahoka seven years, and have made many friends who regret that they are leaving here.

W. J. Chesnay, former sheriff of Mitchell county and long-time friend of the editor, was here Saturday and Sunday visiting in the home of G. E. Hogan. Mr. Crutchfield says crops are very poor in his state this year, perhaps in worse condition than those of this state.

Freeze Crutchfield of Batesville, Arkansas, was here Saturday and Sunday visiting in the home of G. E. Hogan. Mr. Crutchfield says crops are very poor in his state this year, perhaps in worse condition than those of this state.

Tom Kellis, founder of the O'Donnell Index and editor of that paper until three years ago, was a visitor in Tahoka Monday. He is now located at Wickett, but intimated that he expected to return to the plains.

B. R. Tate and family returned Friday from Temple where they were at the bedside of his mother. They left her much improved, but have since learned that she is not doing as well as was expected.

Mr. and Mrs. S. E. Pierce and Mrs. Mary T. Maasen of Dallas spent Sunday here visiting Mr. and Mrs. Henry Maasen and family. Mrs. Pierce is a sister of Mrs. Maasen, the mother of Henry Maasen.

The News last week overlooked mentioning the return of Miss Viola Ellis, county treasurer, who has been in Dallas several weeks for treatment. She returned August 22.

Mr. and Mrs. Chas. N. Tunnell and family, who now live in Houston, returned home Wednesday. They have been here for two weeks visiting relatives and old friends.

Mr. and Mrs. V. N. Schuitz of Goliad left this morning for their home after a week's visit with Mr. Schuitz's sister, Mrs. J. H. Tunnell, and family.

Mrs. J. H. Tunnell and daughter, Mary Margaret, left today for a visit of several weeks with relatives in Goliad, Gonzales, Galveston and Houston.

A. Y. Thompson and family have removed back to Tahoka, after having spent a couple of years in Lubbock in order to be near the Texas Tech.

E. L. Sikes and children of Amarillo spent Sunday and Monday here with his parents, Mr. and Mrs. W. E. Sikes of the Three Lakes community.

Miss Ruth Evans, sister of Mrs. L. F. Craft, has gone to Seguin, where she will teach this year in the Lutheran College at that place.

G. M. Reid became suddenly sick with appendicitis Wednesday and was operated on in Lubbock last night.

H. T. Bridges of Lorenzo, who formerly owned the Oakland-Pontiac agency in Tahoka, was here Monday.

Misses Carrie Vogt and Annie Mae O'Brien of Alpine were business visitors in Tahoka Monday.

Rev. I. D. Hull, Snyder, father of Rev. Owen J. Hull, is here visiting his son and family.

In 810 Texas pasture improvement demonstrations last year, involving 9235 acres, the owners estimated that they got an average of \$5 an acre more out of this land than before. How much good pasture is actually worth is hard to figure, but that it's enough to make the cost a good investment is the testimony of hundreds of poultry flock and dairy herd demonstrators. September town oats and barley and wheat have been shown to be worth many times their cost from late October until spring. "Slap 'em in early, and thick, if you want good pasture," declares E. A. Miller, Extension Agronomist.

## Final Voting Of Election Given

The final tabulation of returns from the August 23rd run-off Democratic primary give Ross S. Sterling of Houston a majority of 90,237 votes over Mrs. Miriam A. Ferguson for the nomination for governor.

A record of 856,761 votes was set with all 253 counties reporting, and including two counties incomplete. The incomplete counties were Bosque and Live Oak, where the Texas Election Bureau estimated less than 500 votes were outstanding.

The vote:  
Governor: Sterling, 473,499; Ferguson, 383,262.  
Lieutenant-Governor: Edgar A. Witt, 427,981; Sterling P. Strong, 361,887.

Attorney-General: James V. Allred, 471,063; R. L. Bobbitt, 340,334.  
State Treasurer: Charles Lockhart, 417,718; John E. Davis, 358,834.

Commissioner of Agriculture: J. E. McDonald, 443,883; A. H. King, 311,351.

Railroad Commissioner: Pat M. Neff, 457,190; Gregory Hatcher, 335,201.

## Folk-Lore Book Released By Society

AUSTIN, Sept. 2.—Release of the Texas Folk-Lore Society publication, Volume VIII, has been announced by J. Frank Dobie, associate professor of English at the University of Texas and editor of the magazine. The volume was published by the University of Texas press, and is entitled "Man, Bird and Beast."

The publication contains the following articles: "Ranch Remedios" by Frost Woodhull; "Northern Oklahoma Folk Cures" by Walter R. Smith; "Tales and Songs of the Texas Mexicans" by Jovita Gonzalez; "Legends of Wichita County" by Betty Smedley; "Joint-snake and Hoop Snake" by Gibbons Poteet; "Strap Buckner of the Texas Frontier" by Florence Elberta Barnes; "Jesse Holmes, the 'Fool Killer'" by Ernest E. Leisy; "Finding Folk-Lore" by Rebecca W. Smith; "Recent Research in Balladry and Folk Songs" by L. W. Payne, Jr. Proceedings of the fourteenth, fifteenth and sixteenth annual meetings of the Texas Folk-Lore Society, covering the years 1928 to 1930 are also included.

The next project of the Society will be a volume of legendary tales about Texas place names, lovers' leaps, birds, animals, flowers and plants, old missions and other historic places, ghosts, figures like Strap Buckner and the Woman in Blue, perhaps certain characters—in fact, any feature of or in Texas that legend has seized upon.

## A FARMER LAMENT

After watching his crops wither and burn day after day for a period of two months under the scorching rays of a pitiless sun and the blighting touch of arid winds, E. S. Brown, who lives out on Route 1 east of town, became a bit blue last week, and not having much else to do he fell to writing verse.

We have revised his phraseology a bit to improve the meter and the rhyme, but the thought and the sentiment as well as most of the verbiage are Mr. Brown's.

The way his muse inspired him is as follows:

I came to Lynn County  
In Nineteen and twenty,  
Where it rains once a year—  
And sand storms a-plenty.

I planted my cotton,  
My corn and my grain,  
Then fell on my knees  
And prayed for a rain.

Old-timers tried to cheer me  
And quiet my fears—  
They had made two crops  
In the past twenty years.

We live on expectation,  
Hoping we will win;  
Then another drouth comes  
And sinks our cork again.

When you come to Lynn county,  
Come expecting to stay;  
For you'll get too poor to farm,  
And too poor to move away.

Mr. Brown's plaint reminds us of the experience of the Kansas farmer that we heard Senator T. P. Gore now of Oklahoma tell about many years ago.

The first year this farmer was in Kansas the grass-hoppers swarmed over the land, like the sands of the seashore for number, and when they had gone he had no crop left. The second year a hailstorm came and utterly destroyed his crops. The third year a drouth set in with terribly blighting effect. A neighbor passing by this farmer's residence one morning noted that all the doors and windows were closed and he could see no sign of life about the place, but he found a placard tacked on the front door bearing this inscription:

"Fare you well, old Kansas,  
I bid you a long adieu;  
I may emigrate to h— some day,

But I'll never come back to you."

Now we hope that Mr. Brown will not emigrate anywhere soon, but when he does we hope it will not be to the place referred to by this unfortunate Kansas farmer.

## TEXAS COW WINS SILVER MEDAL IN PRODUCTION TEST

MEADOW, Texas, Sept. 3.—Producing 499.49 lbs. of butterfat and 9,091 lbs. of milk in a 305-day official production test, Masterman's Pearl S., owned by T. L. Causseaux here, has recently won the Silver Medal award of the American Jersey Cattle Club for her excellent production record. Started on this test when 3 years and 1 month of age Masterman's Pearl S. yielded more than 50 lbs. of butterfat per month for six months during the test. Her total yield is equivalent to 624 lbs. of butter and 4,228 quarts of milk produced in 305 days.

Mr. Causseaux owns a nice herd of purebred Jerseys and has been successfully carrying on production testing for some time.

## NOTICE!

TEXAS AND PACIFIC NORTH-ERN RAILWAY COMPANY hereby gives notice that on the 25th day of August, 1920, it filed with the Interstate Commerce Commission at Washington, D. C. its application for a certificate of public convenience and necessity authorizing the construction of a line of railroad from a connection with the Texas and Pacific Railway at or near Big Spring northwesterly and northerly to a point two miles north of Vega, approximately 232 miles, with lines connecting with said road extending from Dimmitt to Amarillo, approximately 55 miles, and from a point approximately 66 miles north of Big Spring to Lubbock, approximately 46 miles, an aggregate distance of approximately 333 miles, all in Howard, Martin, Dawson, Terry, Lynn, Lubbock, Hockley, Lamb, Castro, Deaf Smith, Oldham, Randall, and Potter Counties, Texas.

## NOTICE TO THE PUBLIC

Any erroneous reflection upon the  
reputation or standing of any indi-  
vidual, firm or corporation, that may  
appear in the columns of the News,  
will be gladly corrected when called  
to our attention.

## SCHOOL!

School opened in Tahoka today.  
Several schools in the county have  
already opened. Thousands of  
schools are opening throughout Tex-  
as this week and next.

What wonderful opportunities they  
offer to our boys and girls—more  
than a million of them in Texas,  
more than 25 millions in the entire  
country! And how much more effi-  
cient our schools are than were the  
schools of yesterday. How much  
broader their curricula! How much  
more practical the subject matter  
taught!

Compare one of the geographies  
used in the public schools a genera-  
tion ago, for instance, with the geog-  
raphies used today. The present-day  
book—even with the errors it may  
contain about West Texas—is a ten-  
fold better book than the geogra-  
phy of a quarter century ago. The  
same is probably true in a greater or  
less degree of all the text books.

And the teachers! They are be-  
ing educated and trained today as  
never before. Possibly we do not  
have a larger per cent of really  
great teachers today than we had a  
generation ago, but we have a vast-  
ly larger proportion of fairly effi-  
cient teachers.

Again, our schools are much bet-  
ter organized and standardized than  
they were in any preceding genera-  
tion. A quarter of a century ago  
most of our rural schools were not  
even graded. Now they are all grad-  
ed and operated according to a com-  
mon standard.

But, after all this is said, we are  
able to find some grave defects yet  
in our public schools.

We said that our schools are ef-  
ficient. They are in many respects,  
but if we were called upon to point  
out the particulars in which our  
schools most greatly need to be im-  
proved we would lay our finger on  
this defect.

The curricula in our schools have  
been so rapidly expanded that we  
have sacrificed something of effi-  
ciency to the breadth and scope of  
the subject matter being covered. We  
do not believe that the average high  
school graduate of today is nearly as

proficient in the rudiments of Eng-  
lish grammar, English composition,  
and even in orthography as we have a  
right to expect. As to syllabifica-  
tion, the proper division of words in-  
to syllables, it has been our obser-  
vation that most of our high school  
pupils know practically nothing  
about it. They wouldn't know what  
a syllable is if it were handed to  
them tied up in a sack and carefully  
labeled. Moreover, most of our high  
school graduates write slovenly con-  
structed sentences, and their punctu-  
ation as a rule is something fierce.

So, we have decided that these  
glaring deficiencies in many of our  
high school graduates are the fault  
of our schools. We hope that the  
teachers in all our public schools  
will take steps to speedily correct  
these defects.

But, with all their faults, our  
schools are better today, on the whole  
than ever before in history. Our  
school here in Tahoka is one of the  
best of its kind. Our faculty, we  
have reason to believe, is a good one.  
We wish to assure the teachers, in  
the beginning, of our desire to co-  
operate and to help in every reason-  
able way. And we wish to congrat-  
ulate the boys and girls of Tahoka  
and vicinity upon the marvelous op-  
portunities that will be afforded  
them for the next nine months.

Best wishes for our schools!

## A LITTLE 148 MILLION DOLLAR MISTAKE CORRECTED

With last week's issue of this pa-  
per we intended to turn our thoughts  
away from Jim Ferguson and to let  
him rest in peace.

But we made one little error that  
must be corrected.

In referring last week to Jim Fer-  
guson's advocacy of a state bond is-  
sue in the Ferguson Forum back in  
1925, we wrote it down that Joe  
Burkett had proposed and Jim Fer-  
guson has approved the proposal to  
issue state bonds in the sum of \$150,-  
000,000, but the Linotype made us  
say \$1,500,000, just a little error of  
only \$148,500,000. Of course a state  
bond issue of one and a half million  
dollars would be an insignificant sum  
and Jim Ferguson did not favor the  
issuance of any such small amount.  
It was a bond issue of 150 million  
dollars that he favored.

Just so much to keep the record  
straight.

Now, goodbye, Jim.

During the recent campaign and  
just prior thereto we heard much  
criticism of Dan Moody's proposal  
for a short ballot. But the recent  
primary elections as well as every  
primary election ever held in Texas  
afford plenty of evidence that  
Moody was just about right about  
it. How many of us, for instance,  
knew anything about the respective  
merits of McDonald and King for  
the office of commissioner of agri-  
culture when we scratched our bal-  
lots on August 23? How many of  
us can even remember the names of  
the other four candidates for this of-

fice in the first primary? They  
were Freeman, West, Maddux and  
Waller. Who are they? How well  
qualified were they for the office?  
Who of the six candidates was best  
qualified? Who knows? Not one  
person in five hundred. Or, who  
can now call the names of the five  
candidates in the first primary for  
state treasurer? Or the three candi-  
dates for land commissioner? Or  
the seven candidates for lieutenant  
governor? How many of us had any  
knowledge as to the comparative  
qualifications of Cureton and Thom-  
as for chief justice of the supreme  
court? or of Lattimore and Stephens  
for a position on the Court of crim-  
inal appeals? The whole business,  
so far as most of us are concerned,  
was just a wild guess. We elect a  
President and he appoints the heads  
of all the departments. We believe  
it would be well to follow the same  
rule in the state, with the exception  
of lieutenant governor, and possibly  
attorney general. It would give the  
governor more power, it is true, but  
he could then be held responsible for  
the entire administration of the state  
government.

A. D. Payne blew out his own vital  
organs with an explosive believed  
to have been nitroglycerin at an ear-  
ly hour Saturday morning in the  
Amarillo jail. How he procured the  
explosive is an unsolved mystery, but  
it seems altogether fitting that the  
man who blew his wife to bits and  
permanently maimed his own little  
son with nitroglycerin should come  
to the same violent death at his  
own hands. The pity is that he did-  
not blow himself to atoms before that  
fateful day, June 27, when the whole  
country was startled by the news of  
his wife's tragic death and the lit-  
tle son's narrow escape. It will al-  
ways be a mooted question, no doubt,  
as to whether Payne was sane or in-  
sane. All will agree that he was ab-  
normal but few people seem to be-  
lieve that he was insane in the sense  
of being irresponsible, morally or  
legally, for his crime. If he had been  
tried, a plea of insanity would  
doubtless have been interposed as a  
defense. If found insane, he would  
not have been sent immediately to  
an insane asylum but would have  
walked out of the court house a free  
man. It would have been necessary  
under our law for another court and  
another jury to try him and find him  
to be insane before he could have  
been sent to such an institution. In  
this connection we wish to say that  
we believe the next legislature should  
so amend the law, as recommended  
by the district attorneys of Texas a  
few days ago, as to provide that  
when a defendant is found not guilty  
on the grounds of insanity, such a  
verdict should give the trial court  
the authority and make it his duty  
to sentence the defendant to confine-  
ment in a state institution for the  
insane at once and without any  
further trial of that issue. This is  
not only common sense but it would  
save the State some additional ex-  
pense and trouble and would assure  
better protection to society.

Well, folks, the first fall month is  
here. Summer is about ended. We  
have had no rain to amount to any-  
thing since the fourteenth of June.  
Crops have done about all they are  
going to do. They will be terribly  
short in Lynn county and through-  
out much of Texas. The price of cot-  
ton is still very low. We are hop-  
ing and believing that it will grad-  
ually rise. We are also hoping and  
believing that the employment situ-  
ation will soon grow better. The  
country has been going through one  
of the most serious periods of busi-  
ness and financial depression in its  
history. But there are signs that  
day is breaking. Cotton will soon be  
coming on the market, and while the  
crop will be short and the price low,  
it will relieve the situation to some  
extent. It looks as if we are all go-  
ing to have to be very neighborly  
and help one another to the utmost.  
This is said to be a great next-year  
country, and we are still banking on  
next year.

President Hoover has issued an or-  
der for Post Office and Treasury of-  
ficials to hurry along public build-  
ing projects of all kinds. Federal  
highway funds have also been releas-  
ed to the various states ahead of  
time. All this is being done with a  
view to providing work for those  
who have been unable to find em-  
ployment and in order to help re-  
lieve the stress of the times. We  
do not know what is the cause of the  
present depression but we do not be-  
lieve President Hoover is in any way  
responsible for it. It doubtless would  
have come whoever might have been  
President; and President Hoover, it  
seems to us, has been doing every-  
thing possible to relieve the situa-  
tion. We have always felt that these  
sneers about this "Hoover prosper-  
ity" were unjust and unfair—just a  
little politics.

Spearman accepted offer of Texas  
Louisiana Power Co. for white way  
lighting system.

If we all get the prosperity Mr.  
Sterling has promised and mix it up  
with the Hoover prosperity, we can  
save the trouble of having but one  
variety with each meal. We are re-  
duced to 'lasses and corn bread with  
Hoover. Now we can forego the  
'lasses.—Terry County Herald.

What have you got to ache about,  
Jack? The next day after it became  
known that Ross Sterling would be  
the next governor of Texas, a big  
railway company filed its application  
to build a railroad through your  
town. The old Tee-Pee seems to  
have confidence in that "promised"  
Sterling prosperity. Why not get rid  
of that political grouch?

It's funny how some of our news-  
paper friends that have been yelping  
for a business administration and  
yelling their throats sore for Lynch  
Davidson, the lumber millionaire, for  
the past half a dozen years, suddenly  
became so alarmed when another  
rich man announced for governor.  
Consistency, etc.

Miss Madge Patterson of Oklaho-  
ma City has been visiting her sis-  
ter, Mrs. Truman Walker.

## Easy! Quick! Glycerin Mix For Constipation

Simple glycerin, buckthorn bark,  
saline, etc., as mixed in Adlerika, re-  
lieves constipation in TWO hours!  
Most medicines act on only lower  
bowel, but Adlerika acts on BOTH  
upper and lower bowel, removing  
poisons you never thought were in  
your system. Just ONE teaspoonful  
relieves GAS, sour stomach and sick  
headache. Let Adlerika give stom-  
ach and bowels a REAL cleaning and  
see how good you feel! F-2  
THOMAS BROS. DRUG CO.

## CITATION BY PUBLICATION

THE STATE OF TEXAS,  
To the Sheriff or any Constable  
of Lynn County, greeting:  
You are hereby commanded to  
summon Nasaria Perez Ramirez by  
making publication of this Citation  
once in each week for four success-  
ive weeks previous to the return day  
hereof, in some newspaper published  
in your County, if there be a news-  
paper published therein, but if not,  
then in the nearest County where a  
newspaper is published, to appear at  
the next regular term of the District  
Court of Lynn County, to be holden

at the Court House thereof, in Ta-  
hoka, Texas, on the fourth Monday  
in September A. D. 1930, the same  
being the 22nd day of September, A.  
D. 1930, then and there to answer  
a petition filed in said Court on the  
15th day of January A. D. 1930, in a  
suit, numbered on the docket of said  
Court as No. 820, wherein Marto  
Ramirez is Plaintiff and Nasaria  
Perez Ramirez is defendant and said  
petition alleging that on or about the  
25th day of February, A. D. 1921,  
plaintiff was lawfully married to de-  
fendant, that they lived together as  
husband and wife until on or about  
the 10th day of July, 1928, at which  
time she, the defendant, left the  
home of Plaintiff for the purpose of  
living in adultery with another man;  
that defendant did leave the home of  
plaintiff and did and is now living in  
adultery with another man, to-wit,  
Francisco Claderon; that she has

continued to so live in adultery since  
the day she left the home of plain-  
tiff; wherefore plaintiff alleges the  
defendant's conduct and actions to-  
ward him generally are of such a na-  
ture as to render their further living  
together as husband and wife insup-  
portable; that the defendant be cit-  
ed to appear and answer herein and  
for a decree of this court dissolving  
the marital relations existing be-  
tween plaintiff and defendant.

Herein Fail Not, and have you be-  
fore said Court, at its foresaid next  
regular term, this writ with your re-  
turn thereon, showing how you have  
executed the same.

(SEAL) Given under my hand and  
the Seal of said Court, at office in  
Tahoka, Texas this 20th day of  
August A. D. 1930.

TRUETT SMITH, Clerk  
District Court, Lynn County.  
52-4tc

## RADIO SLUMBER MUSIC

One of the best loved fea-  
tures in Radio SLUMBER  
MUSIC is now being broadcast  
nationally over the Blue Net-  
work by the Kellogg Company  
every Sunday night at eleven  
o'clock Eastern Daylight Sav-  
ing Time. Enjoy it together  
with Kellogg's Kaffee Hag Coffee  
—that coffee that lets you  
sleep.

Double-sealed for freshness—  
wax-wrapped inside the pack-  
age and out.

JUICY ripe from the sun! Sliced peaches and golden  
Kellogg's Corn Flakes. A wonderful combination!

You don't know how good corn flakes can taste until you  
try Kellogg's. No others equal the flavor and crispness you  
get in Kellogg's, the original Corn Flakes.

So look for the red-and-green package at your grocer's.  
Serve Kellogg's with milk or cream — with fruits, berries,  
with honey.

Double-flavor treats! You'll like Kellogg's for lunch  
and supper as well as breakfast. They are always refresh-  
ing and cooling.

Served by hotels, cafeterias, restaurants. On dining-  
cars. Oven-fresh in the waxite inner-seal wrapper.

Made by Kellogg in Battle Creek, Mich. Also makers of Kellogg's  
ALL-BRAN, Rice Krispies, Kellogg's Shredded Whole Wheat Biscuit,  
Pep Bran Flakes, Wheat Krumbles and Kaffee Hag Coffee—the  
coffee that lets you sleep.

# We'll Save you money on house paint!

WE'LL show you how you can  
save money by buying your  
paint on the *yearage* basis. We'll  
prove to you that Devco is the  
most economical paint in the world.

Not because Devco is a bargain  
paint. But because it has *yearage*  
which means the same to paint as  
mileage does to tires—because it lasts from one  
to three years longer than other paints.

And because it spreads further—because a  
gallon of Devco covers 15% to 40% more surface  
than does a gallon of any other paint made.

Paint your home—it's a shrewd investment!  
But see us first—let us show you why *yearage*  
is the only sound basis on which to buy paint!

## Forest Lumber Co.

## Co-Op Will Raising Better Grade Staple

Whatever else the new cotton co-operative associations, organized under the fostering hand of the Federal Farm Board, may accomplish, one of their policies might easily result in a revolutionizing of the growing of cotton in Texas by improving the staple of the cotton produced. For many years the quality of Texas cotton has been getting poorer and poorer, each year, due to a cause which was apparent to all, but for which no remedy could be found. Now the co-operative associations propose to apply the only remedy: that of insuring a better price to the individual grower of better staple cotton, something which seemed impossible of attainment until the co-operatives came upon the scene. J. M. Craugh, licensed cotton classifier in charge of the Dallas office of the Texas Cotton Co-operative Association, tells about it as follows:

"The association makes loans, and sells every bale, on the individual staple value of that bale. The man who grows better staple is paid its full value under this plan, but under the old 'point basis' or hog 'round' plan, all cotton is bought at an average value, determined by the average staple length. 'Point' buying usually gives the good staple man no more than the poor staple man, and there is no incentive to grow good staple. This is one of the reasons why Texas cotton has gone down and down in staple length until it is being pushed out of many markets by cheaply-grown, inferior foreign cotton."

It is fashionable among persons who know nothing about the practical difficulties the cotton farmer faces to attribute the decline of the staple of Texas cotton to the shiftlessness and ignorance of the farmers. The truth is that the farmer has been little to blame for this situation. The farmer, like any other business man, is interested primarily in making a profit out of his efforts and not in the quality of the products he produces. And due to the practices which Mr. Craugh describes above there has not only been no advantage in producing a better staple, but in many cotton growing communities there has been an actual penalty on producing a better staple.

For the man who attempted to produce better staple cotton found his neighbor producing more lint to the pound with a poorer staple and actually receiving more money per pound of cotton picked than he did for his better staple. The only way a better price could be insured for the better staple was to induce most of the farmers of entire neighborhoods to go in for it, and this seemed well nigh impossible so long as practical demonstrations of the advantage of better staple could not be made. If the individual farmer who produced better staple received a better price that would constitute a practical demonstration of its advantage. But the demonstration hitherto has been all the other way in most cotton growing communities. The man who produced better staple cotton was penalized.

The policy which the cooperatives have adopted will insure a better price to the individual producer, and thus will make possible practical demonstrations of the advantage of better staple in all sections of the State. If such a policy is maintained over a period of a few years it cannot fail to have far-reaching effect. Indeed, it might easily result as we have said, in revolutionizing the growing of cotton in the State, and that would bring great economic advantage to all of us.

While we are on this subject, it is in order to remark that the measures which have been inaugurated in the different branches of agriculture under the patronage of the Federal Farm Board cannot be expected to prove themselves in a single season. For what the Farm Board is undertaking is nothing less than a general reforming of agriculture, and it is doing this because nothing less would bring any permanent benefit to the farmer. It is unfortunate that the board was created as a party measure, if not from purely political motives, at least in response to political demands. It is unfortunate also that the label "farm relief" has been tacked on it. For the members of the Farm Board itself are not being animated by party or political motives, and they are not attempting "farm relief." They are sincerely facing the problems of agriculture

and are seeking to find permanent solution for them. Some of those problems are of long standing and all of them are difficult. Consequently quick solutions should not be expected.

We say this, because partisan critics of the Republican administration, for which we hold no brief, are already ridiculing the efforts of the Farm Board and academic critics are already writing papers on "Why Farm Relief Has Failed." We ought to cease to think of the board as a partisan agency, for it is nothing of the kind. And we ought to quit talking about "farm relief." Such measures as that which the cotton co-operatives are putting into effect to improve the staple in Texas are neither partisan nor mere "farm relief." They constitute serious efforts to reform agriculture.—The Texas Weekly.

### CITATION BY PUBLICATION

THE STATE OF TEXAS,  
To the Sheriff or any Constable of Lynn County, Greeting:

You are hereby commanded to summon Jennie Poer by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in the nearest County where a newspaper is published, to appear at the next regular term of the District Court of Lynn County, to be holden at the Court House thereof in Tahoka on the fourth Monday in September A. D. 1930, the same being the 22nd day of September A. D. 1930, then and there to answer a petition filed in said Court on the 11th day of July A. D. 1930, in a suit, number on the docket of said Court as No. 830, wherein Olin Poer is Plaintiff and Jennie Poer is defendant and said petition alleging that the plaintiff is now and has been for a period of twelve months prior to the exhibiting his petition an actual bona fide inhabitant of the state of Texas and has resided in Lynn County, Texas, at least six months next preceding the filing of this suit; that plaintiff and defendant were legally married on or about the 25th day of November, 1925, that on the account of the cruel, harsh and tyrannical treatment toward plaintiff by the defendant, on or about the 10th day of November, 1928 the plaintiff was compelled to separate from the defendant the conduct of the defendant becoming in-

supportable and rendering their living together impossible; that on or about the 25th of December, 1928, the defendant being a person of a violent and expulsive temper, cursed and abused the plaintiff, applied to him most approbrious epithets called him a "God dam son of a bitch" and other vile names, threatened to poison plaintiff by putting poison in his food or drink to kill him, which plaintiff feared she would do and that the defendant continued this conduct toward plaintiff frequently every week or so up until the 10th day of November, 1928, at which time the defendant without cause or excuse flew into violent fit of temper, called the plaintiff a "God dam son of a bitch" and other vile names, threatened to kill the plaintiff, saying that she did not love the plaintiff, that just preceding this the defendant had left the plaintiff's home at night time, gone to a road house, where dancing and drinking was going on and stayed to a late hour in the night, that this occurred frequently every week or so for some time prior to this last occurrence and was continued from time to time up to the last date above mentioned, and that this condition became insupportable and render it impossible for plaintiff and defendant to live together any longer as husband and wife and since last date named the plaintiff has not lived or cohabited with the defendant.

Wherefore the plaintiff prays that the defendant be cited to appear and

### Relief From Curse Of Constipation

A Battle Creek physician says: "Constipation is responsible for more misery than any other cause." But immediate relief has been found. A tablet called Rexall Orderlies has been discovered. This tablet attracts water from the system into the lazy, dry, evacuating bowel called the colon. The water loosens the dry food waste and causes a gentle, thorough, natural movement without forming a habit or ever increasing the dose.

Stop suffering from constipation. Chew a Rexall Orderlie at night. Next day bright. Get 24 for 25c today at the nearest Rexall Drug Store, Thomas Bros. Drug Co. 43-24tc

answer this petition and that upon final hearing he has judgment dissolving said marriage relations, and for such other and further relief, both general and special, in law and equity that plaintiff may show himself entitled to.

Herein Fall Not, and have you before said Court at its aforesaid next

regular term, this writ with your return thereon, showing how you have executed the same.

(SEAL) Given under my hand and the Seal of said Court, at office in Tahoka this the 13th day of August A. D. 1930.

TRUETT SMITH, Clerk  
District Court, Lynn County, Texas

### RED CHAIN 24% Dairy Ration

THE dairyman who operates by guesswork says he "can't afford to feed RED CHAIN." His money-making neighbor—who weighs all feed and milk and keeps records on each cow—knows that he can't afford NOT to feed it! We furnish milk record cards and literature—FREE—and milk scales at cost. If you KNOW your production and costs, we know you'll feed RED CHAIN.

## CITATION BY PUBLICATION

THE STATE OF TEXAS,

To the Sheriff or any Constable of  
Lynn County—Greeting:

You are hereby commanded, that  
by making publication of this Citation in some newspaper published in the County of Lynn, for four consecutive weeks, previous to the return day hereof you summon Seth H. Moore, R. M. Moore, J. A. Moore and Iveyreen Moore, whose residence is unknown, to be and appear before the District Court of the 10th Judicial District of Texas, to be holden in and for the County of Lynn at the Court House thereof, in the City of Tahoka, at or before ten o'clock a. m. on the fourth Monday after the fourth Monday in August, 1930, being Monday, at 10 o'clock a. m., on the 22nd day of September A. D. 1930 then and there to answer to the petition (cross-bill) of The Murray Company, a corporation, filed in said Court on the 11th day of August A. D. 1930, against the said Seth H. Moore, R. M. Moore, J. A. Moore, Iveyreen Moore, F. M. Mason, Cicero Smith Lumber Co., Sorrels Lumber Co., W. A. Hallfield, trading as Texas Manufacturing Co., L. P. Jeffreys, G. O. Newman, G. M. Mason, and E. M. (W) Wilder, for suit, said suit being Numbered 821 the nature of which demand is as follows, to-wit:

In the above styled suit plaintiff, Fred Mason, sues defendant, The Murray Company, in trespass to try title, for lots 1, 2, 3, and 4, block 4, original town of New Moore, Lynn County, Texas. Defendant, The Murray Company, by cross bills, sues defendant, Seth H. Moore, for judgment on nine (9) promissory notes dated August 30, 1926, for the respective principal sums of \$1240.32, \$1240.32, \$1240.32, \$1240.31, \$1240.31, \$1240.32, \$1240.32, and \$1240.31, and aggregating the principal sum of \$11,162.85, and for judgment on one (1) promissory note dated September 9, 1926, for the principal sum of \$550.00, all such notes executed by said Seth H. Moore, bearing 8 per cent interest per annum from date and providing for 10 per cent attorney's fees, and all of which are past due and unpaid; for judgment on open account for \$639.64 for goods, wares and merchandise sold and delivered by The Murray Company to said Moore, and for \$2513.32 insurance premium paid to and for said Moore, at his special instance and request, for fire insurance on herein described real and personal property; and for foreclosure of Deed of Trust and chattel mortgage liens securing the payment of all said indebtedness against plaintiff, F. M. Mason, resident of Lampasas County, Texas, and defendants Seth H. Moore, R. M. Moore, J. A. Moore, Iveyreen Moore, whose residence is unknown, Cicero Smith Lumber Company, a corporation, W. A. Hallfield, trading as Texas Manufacturing Company, both of Tarrant County, Texas, Sorrels Lumber Company, a corporation, of Lynn County, Texas, L. P. Jeffreys and E. M. (W) Wilder, residents of Lynn County, Texas, G. M. Mason, resident of Coryell County, Texas, and G. O. Newman, resident of Dallas County, Texas on the above described real property, premises and improvements, and on the following described personal property and machinery:

- 1 12 x 16 Atlas Automatic Engine.
- 1 66x16 Houston Stanwood & Gamble Boiler with steel casing.
- 1 boiler feed pump.
- 1 feed water heater.
- 4-80 saw 12" huller pneumatic steel gins.
- 4-80 saw steel cleaning feeders.
- 1 60" single drum condenser with lint slides, supports, dust flues and caps.
- 1 4-80 saw steel lint flue.
- 1 4-80 saw steel belt distributor.
- 1 42"x52 3-8" steel separator.
- 1 Quad Cleaner.
- 1 No. 2-A Champion cast iron exhaust fan.
- 1 Relay cotton cleaner.
- 1 40" single Clarage type C fan.
- 1 35" single Clarage type C fan.
- 1 36"x10" standard cotton cleaner.
- 2 Bucket elevators and equipment complete.
- 1 10-ton 8 x 16 strait wagon scale complete with compound beam and office fixtures.
- 1 700 lb. Fairbanks cotton bale scale.
- 1 double chain mechanical tramper.
- 1 steel bound double box press.
- 1 Hydraulic ram and cylinder.
- 1 steam 8 1/4" by 10 Hydraulic pump.
- Together with all piping, elbows, connections, telescopes, pulleys, belting, shafting, hangers, set collars, and conveyor used in connection with above named machinery.
- It is the intent of this mortgage to cover the complete gin plant located on the property described herein.
- 1 standard Fairbank Seed Weighing scale complete with hoppers and driving attachments.
- 1 bucket elevator and equipment complete.
- 1 52" Hancock Hull Extractor.
- 1 28" x 52 3-8" Type SC steel

## Midway

We are still waiting for rain. Some are cutting their feed before it becomes any drier.

Howard Draper of this community was united in holy bonds of matrimony on Sunday, August 24th, to Miss Ruth Vick of Williamson County, where Howard formerly lived. We wish the couple a happy and prosperous married life.

Quite a number of friends and neighbors gathered at Mr. Draper's house, Tuesday night and serenaded the couple with such music as cow bells, plow discs and tin pans, and in order to show his appreciation of the orchestra Howard passed candy to all present.

Mr. H. L. Tunnell's brother and family of Austin, Texas, visited them and other relatives nearby this past week.

Miss Mabel Draper who has been in Canyon College has returned to teach again at Wells.

Our school is to begin Monday, Sept. 8. We hope every child will be able to start then.

Mr. and Mrs. Head, two of our teachers, are already located in the teachersage. Miss Vern Headstream who taught here last term is the third teacher. We wish our school much success.

Mr. Johnson and family who left to look for work are in Hill County we hear. We miss these good people.—Reporter.

## Petty

The dry weather still continues. All we have to do is to sit in the shade and read a good paper. When we get the opinion of others it helps us to get at better conclusions. This has been the worst drouth the writer has ever seen in West Texas the 40 years I have been on the Plains. Nearly everything has already burned and eaten up. Feed crops are very short—no feed and winter approaching; but still we all like to look on the bright side and fully believe that God in His wisdom will usher in a better day. It would take several pages to describe just what I see but I guess I must make it short and give room for the opinions of others.

R. E. Overstreet was a visitor at Petty Monday and he has just returned from the South and some parts in the east and he reports the crops burning up everywhere he went.

O. S. Smith left Sunday for Dexter, New Mexico, where he expects to be gone a few days, and his wife and children will return home with him.

There was a good crowd at Sunday School last Sunday, and we all agreed that everyone that comes to Sunday School next Sunday will try to bring some one with him. There was also a large crowd at singing in the afternoon.

Mr. and Mrs. Moore of Shallow-water were visitors of Mr. and Mrs. Dockrey last Sunday.

Mr. and Mrs. Rogers entertained the young people last Saturday night. Mr. and Mrs. Wyatt visited Mr. and Mrs. Lowe last Sunday.—Reporter.

Little Misses Norma Lee and Georgia Frances Eubanks, daughters of Mr. and Mrs. Jesse Eubanks, had their adenoids and tonsils removed at a Lubbock hospital Tuesday. They are at home and improving nicely.

separator.

1 52" 1927 Model Six-Cylinder Steel Ball Bearing inclined cleaners.

1 No. 2-A Champion Ball Bearing 6" cast iron exhaust fan.

Together with all piping elbows, connections, telescopes, pulleys, belting, shafting, hangers, set collars can conveyor used in connection with above named machinery.

1 52" Hancock Hull Extractor complete with all connections.

1 52" 1928 Model Six-Cylinder inclined re-cleaner, with all connections.

17 of 2 7-16" cold roll steel shafting.

1 24" x 10" x 2 7-16" steel split pulley.

51" 8" of 10" x 6 ply goodyear belt.

1 19" S. F. L. Post bracket.

1 2 7-16" skayef Ball bearing split friction pillow block.

3 2 7-16" split safety set collars.

3 2 3-16" x 2 3-16" flexible saw coupling.

1 2 3-16" x 2 7-16" flexible saw couplings.

3 2 7-16" type B. Schatz Ball bearings.

Herein fail not, but have you then and there before said Court this writ, with your return thereon showing how you have executed the same.

## Morgan

Brother Crabtree of Southland preached a very interesting sermon to a large crowd Sunday afternoon.

Mrs. F. Shultz and children of Chicago and Mrs. Ernest Leatherman of Anton visited their aunt, Mrs. R. A. Collings and also Mr. and Mrs. B. Collings, Thursday night.

Mr. and Mrs. Hollis of Italy returned to their home Tuesday. Mr. J. L. Perkins and Mr. and Mrs. Herick Perkins returned with them to work.

Mr. and Mrs. Clyde Shaw moved to Wilson Thursday.

The young people enjoyed a social at the home of Mr. and Mrs. T. E. McGeehe Friday night.

Mr. and Mrs. G. D. Parkhill of New Hope spent Sunday with Mr. and Mrs. J. N. Townsend.

Miss Hull's sister and some friends from Tahoka visited her Wednesday evening.

Messrs. Ward, Cade and Thompson have taken their stock to Plains for pasture.

The Rev. James Raybourne and wife and John of Slaton made a short visit with Mr. and Mrs. J. N. Townsend Friday evening.

Our school dismissed until Wednesday for the teachers to attend the Institute at Lubbock.

Misses Olga, Erma and Edna Voight accompanied Miss Eloise Wilke to her home at New Hope Friday afternoon.

Dinner guests with Mr. and Mrs. B. Collings and family Sunday were Misses Autie, Estelle and Ermine Blevins, Kate and Lou Dotson, Jessie Jernigan, Margarite Luckie, Alpha Perdue, Mollie Cato, Catherine McAnnally, Juanita Cranfill, Mr. and Mrs. H. Perkins, Don P. and Byron Milliken, Davis Perdue and Nanie McAnnally.

Dorris Cranfill is visiting her sister, Mrs. Kyle Hart of Posey.

Mr. J. Dotson of Denton is spending a few days with home folks.

Mr. and Mrs. Bob Russell and family from Pleasant Valley visited Mr. and Mrs. Fred Davidson Sunday afternoon.

Mr. and Mrs. Freeman Rackler visited his mother at Hackberry Sunday.

Joe Woosley, of Muleshoe visited with Don Ponton Milliken Saturday evening.

Mr. G. Voight and children left Friday morning for Bartlett.—Reporter.

## LODGE NOTICE

Call meetings of Tahoka Lodge No. 1041, A. F. & A. M. Work in E. A. and F. C. degrees Tuesday, Sept. 9th, 7:30 P. M. All Masons urged to attend.

C. R. RILEY, W. M.  
J. L. HEARE, Secretary.

Big Spring—Aeronautics radio station being installed at local airport by Southern Air Transport system.

## New Lynn

Singing was fine Saturday night, the house was full, and those who were not present—well, all we can say is that you missed some hard-to-beat singing. Hope those who were not here Saturday night went to the "Kids Singing Convention" at Central. After having good singing there they decided to meet Sunday night at New Lynn and sing. Had a large crowd and some more good singing.

Messrs. John and Grady Meeks have returned from their journey without having any success at finding jobs. Also, Mr. Carpenter and son, Woodrow, have returned.

Mr. Lesley Jolly is leaving sometime this week for Roswell, N. M., from where he will go on to Rogers and look for a job.

Messrs. S. P. Levacy and Reno left Friday for Garrison, N. M., where they are taking their horses to pasture. They also have a job work in the broom corn awaiting them.

Mrs. Earle Wilson from Coleman County has been visiting her parents, Mr. and Mrs. J. P. McNeill, of New Lynn.

The school kids are glad to get a vacation, even though it is for only three short days. You bet they'll put in full time enjoying them, for doing chores around home will beat laboring in a hot school room over

their studies. Don't think there would be any weeping and wailing if "Teachers Institute" would last a week instead of only three days.

## Central

The fifth Sunday singing convention met at Central Sunday. A large crowd was present and all enjoyed a good singing.

Mr. Earl Odum is in the Lubbock Sanitarium where he has recently undergone an operation for appendicitis.

Mr. Edd Stone returned to his home Friday evening. He has been in San Antonio for several days.

A party was given at the home of T. J. Jackson one night last week. A nice time was reported.

Mrs. Elliott returned last week from Clyde, Texas, where she has been visiting.

The B. Y. P. U. of the First Baptist Church at Lubbock will render a program at Central Church next Sunday night at six o'clock. The B. Y. P. U. revival also starts Sunday night and will continue through the week. Every one is invited.

We are still having choir practice every Thursday night. If you want good singing at Church on Sundays come and practice with us.—Reporter.

Canadian—Western Union to open office in Moody Hotel.

## Lumber

Of all grades, paints, varnishes and stains, brushes, wall papers, builders hardware, nails and screws, paling fencing, barbed wire and net wire fencing, fence posts, cement, lime and sand, water and gas pipe, bath room fixtures, wallboard, doors, windows and screens, brick, tile, stucco finishes—everything to build anything.

## PHEBE K. WARNER CLUB TO MEET SEPTEMBER 12TH

The Phebe K. Warner Club meets at the American Legion Hall, Sept. 12, 3:00 P. M. Mrs. J. K. Applewhite acting as hostess. The following program is to be rendered:

Music—"America the Beautiful."

Ensemble Reading—"The Club Creed."

Roll Call—"A Point of Parliamentary Law."

President's Message—Mrs. W. B. Slaton.

Fifteen Minute Parliamentary Drill—Mrs. L. E. Weathers.

Ten Commandments of Parliamentary Law—Mrs. R. W. Fenton.

Special Feature—Mesdames Turentine and Weathers.

All members are requested to be on time prepared with dues and initiation fees which, according to club rules, must be paid in full by Oct. 15 to maintain membership.

## BIRTHDAY PARTY GIVEN FOR DIXIE CITIZEN

Mr. Lee Holley, pioneer resident of the Dixie community, was guest in his own home at a surprise birthday party and feast last Thursday celebrating his fifty-fifth year.

Earlier in the week he was carried to New Mexico by a party composed of Messrs. Sossaman, Phillips, and Charlie Nobles. They returned on his birthday to find his family and the Short, Noble, Sossaman, Phillips and James families gathered around for a big feast in his honor. He was dumfounded, especially when he discovered the table piled high with 14 fried chicken, watermelons, cakes, 10 gallons of ice cream, and everything else that is good to eat.

Mr. Holley is wishing for 55 more such birthday parties.

## IMPORTANT NOTICE

On next Sunday, Sept. 7, the B. Y. P. U. from the First Baptist Church of Lubbock will render a program at Central Baptist Church at six o'clock.

Then at seven o'clock our B. Y. P. U. revival will start. Walter Jackson will conduct it. He comes very highly recommended as a young people's worker. This is to be the greatest thing we have had here in a long time and we are very fortunate in getting this worker in spite of the hard times. This will revive all who attend, so come and get a new life and see lost souls saved and men, women, boys and girls surrender their lives to a special work for God. There will be no charges to any one; so any and all neighboring B. Y. P. U.s come over, and get your part of it.

OTIS BOSWORTH,  
Vice-President, Central B. Y. P. U.

## HI-LEAGUE SERVICE

Sunday, August 30, the Hi-League had an outdoor service and an outline of the Institute and camp. The theme of the meeting was "Taps" on the cornet by Sam Breedlove. Johnnie Janak was the leader of the program and lead us in pep songs and others.

We extend a cordial invitation to young people from the age of thirteen to seventeen to attend our League at 7:15 Sunday evenings.

Seventeen answered to the roll call at the business meeting Monday night at the M. E. Church.

Greatly to our disappointment, we are to lose our secretary, Alice Church.

Many other leaguers have gone in to the Senior League. We sincerely hope they prosper.—Reporter.

## THE LIVE WIRE UNION

Sunday, August 17, the Tahoka Hi-League went to Grassland to attend the Live Wire Union. We had a very fine devotional service and a nice ride over there and back.

The following week we had the Union meeting. Mrs. Ruby D. Sudarth was the Dean of the Union on account of Miss Little not being able to come. Of course we missed Miss Little but Mrs. Sudarth was as fine a dean as we could expect.

Friday night they had a very fine social service and refreshments of lemonade and cake.

We had many very impressive sentence prayers during the week of Union.

Wilson carried back the banner. We were glad to see her win it but we hope we may bring it back next year.—Reporter.

Remember our B. Y. P. U. Revival next week. Everybody come.—Time: 7:15.

## Women Earn And Learn By Sewing

Matador — Ninety-seven cook aprons, 97 dresses, and 97 pairs of pillow cases constitute a recent record-making 100 per cent exhibit of the Motley County Women's Home Demonstration Clubs, every member in the county being represented in all three classes.

The records kept on time and money expended in the manufacture of the dresses showed a total cost of \$185.21. The appraisal committee estimated that they were worth \$244.31, making a saving of \$58.80. Records on the aprons showed a cost of \$96.06; a value of \$145.50; and a saving of \$49.44. Cost on the pillow cases was \$72.75, value \$95.06; saving \$22.31. Total saving on the entire exhibit was \$173.85. The women taking part in the exhibit studied color, line and materials in designing their dresses and aprons. Household linens in general, and their quality, design, use and decoration were discussed while the work on the pillow cases was being done.

Developing new sources of income is one way to meet the farm problem. For every successful venture into new farm enterprises there are likely ten failures, yet farm life would be dull without these trials. What works in one place won't in another, and what one man can do well another just can't make go. Last year East and Central Texas went wild on tomatoes. Most folks thought the growers would be disappointed, but evidently they did fairly well. It may be different next year, yet tomatoes for many people will remain a good crop. Bill Yoe in Baylow county recently harvested 2460 pounds of Irish potatoes on a half-acre at a cost of \$16.50. He attributes most of his success to four inches of cotton burs turned under, but whatever the cause, it shows that even potatoes can be grown most anywhere in Texas, and that every now and then there's a farmer ready and able to cash in on another source of income.

Del Rio is installing 47 overhead street lights on Main Street with sidewalk lamp posts of ornamental metal and burning 400 candlepower lamps.

Palestine is soon to have a new \$100,000 theatre.

## DECLARES DRY ERA BENEFITS STUDENTS

Washington, D. C.—That there is less drinking among high school students since prohibition than formerly is shown clearly in a report made by the National Education association at the request of the President's commission on law observance and law enforcement.

"It will be some time before all these reports are in," said Secretary J. W. Crabtree of the National Education association, "but enough reports have come in to show that conditions in the high schools are much better than in 1920, with respect both to drinking and to general behavior. This is doubly significant in view of the fact that high school enrollment has grown since 1920 from two million to more than five million students—an achievement unparalleled in any country or in all history. Many of the three million additional students who have sought a high school education within the decade have come from poorer homes where in former times drinking was a heavy burden on the family income.

"Unquestionably the Eighteenth amendment has benefited the schools beyond measure."

There are now almost 26,000,000 students in all public schools in the United States, the enrollment and daily average attendance increasing rapidly, according to the office of education, Department of the Interior. More than 50 per cent of the students of high school age are actually attending these schools; 15 years before the Eighteenth amendment was ratified it was 10 per cent. Last year almost 45 per cent of the 475,000 high school graduates entered college, or some other institution of higher learning.

Coincident with these official reports of bettered conditions is the announcement of the result of a year's survey of opinion on prohibition and drinking among seniors in high schools in various cities by the Presbyterian board of Christian education. An overwhelming majority of replies indicated non-drinkers and gave endorsement to prohibition.

## BOOTH SAYS BEER WILL MEAN SALOONS

New York.—One of the strongest opponents of a return of beer and light wine is Commander Evangeline Booth of the Salvation Army who has made it plain that in the experience of her great organization beer drunkenness was more of a curse than any other form of alcoholism.

"How ridiculous it is," she said, "to ask for a return of light wines and beer and say in the same breath that we do not want a return of the saloon. Wherever beer and wine are sold there will be a saloon. Under the old law 90 per cent of the intoxicating liquor consumed was wine and beer, and a beer drunkard is a terrible spectacle."

The more congress studies the proposals to modify prohibition to permit 2.75 per cent beer, the further away does it get from such modification. The recent attempt by Representative Dyer of Missouri to interest President Hoover and his law observance commission in 2.75 per cent beer seems to have failed. A public statement by Chairman Wickersham of the President's commission on law enforcement indicated that the commission does not believe legalizing 2.75 beer would solve any prohibition problems.

Experiences in Canada indicate that 2.75 per cent beer is unpopular and a beer with a much heavier alcoholic content is now brewed. In Quebec a very powerful 9 per cent beer is brewed and sold and according to investigators is responsible for a vast amount of drunkenness, especially among women.

It is understood that few members of congress who were in public life before prohibition would vote to re-establish the brewers in legal business. The brewers still hope to modify prohibition as indicated in the statement made by one to the New York World, that the brewers would be willing to pay the government \$1,250,000,000 for the privilege of reopening their breweries.

## DRUNKEN DRIVERS GROWING MENACE

Automobile safety experts are agreed that drunken drivers have caused wrecks which have killed 15,000 people and injured 300,000 others in this country since motoring began to be general. As a result of this alarming conclusion automobile clubs, police chiefs, and civic organizations are undertaking educational drives against the use of alcoholic beverages by automobile drivers; and the Woman's Christian Temperance Union is pointing to these disasters as an argument against the further distribution of liquor under any plan to repeal or modify prohibition.

In Ontario, where there is a mounting death toll from drunken drivers, the provincial government gives every motorist a printed warning that many motor accidents are the result of liquor. This warning tells the motorist that it takes one-fifth of a second for a normal brain to send out the message which will enable the owner of that brain to put on the brakes in an emergency. The same process takes from two-fifths of a second to three-fifths of a second when a man has taken the average drink. A car going 35 miles an hour will travel 20 feet in two-fifths of a second and the government of Ontario warns drivers against liquor, specifically on that point.

## Why Wheat Price Has Gone Down

In the September issue of the Review of Reviews, one of the most ably edited magazines in America, the editor, Albert Shaw, points out some facts relating to wheat production which fully explains why the bottom dropped out of the price of wheat.

Referring to Secretary Hyde's address before the Mid-West Retail Merchants of Kansas City on August 5, the Review of Reviews says that Mr. Hyde reminded his hearers "that to get our wheat into Germany we would have to pay a tariff duty of 97 cents per bushel. France has a tariff rate of 85 cents, and Italy one of 86 cents. As for England, no unloading of the American surplus would be allowed for a moment. The British tariff system is flexible enough to meet what is known as dumping, without so much as a parliamentary debate. The British market for outside wheat will be reserved for Canada and the other Dominions. Not a bushel of wheat from the United States would ever get into England under a policy so offensive to foreign countries as the proposed Debenture plan. Even if we could overcome the impossible hurdles of the French, German and Italian tariffs, those countries have an added line of defense in provisions against dumping. They all have their own agricultural problems, and they are successfully following programs that are reducing to a minimum the importation of foreign food."

"The Secretary of Agriculture supplies us with the latest statistics of wheat accumulation. Taking the past five years, and figuring our wheat stocks as of July 1, he finds that the so-called 'carry-over' in 1926 was 90,000,000 bushels. The next year this had grown to 123,000,000. In 1928 it was 128,000,000 bushels. In 1929 it had doubled by reason of a large crop and reduced foreign outlets and was 245,000,000. For July 1 of this year Mr. Hyde gives the figure as 265,000,000. Wheat if kept dry and protected from rats and other pests does not deteriorate quickly and can be held for a number of years. An over-sup-

ply of watermelons in a given year does not embarrass the next year's market. Just as the wheat problem was looking well-nigh insoluble as regards this hold-over, there occurs the unprecedented drought in the parts of the country that are devoted to dairying and to the feeding of cattle and hogs. With the hay crop almost a total failure, and the corn crop now damaged beyond the possibility of anything like an average yield, the surplus wheat can and must be used to feed dairy cows and other animals.

"Secretary Hyde adds our carry-over of wheat to that of other countries, and finds that the total had reached 589,000,000 bushels in 1929. It is a hundred millions less in the present year. But last year's crop in Canada and Argentina was abnormally short on account of weather conditions. Mr. Hyde states that the wheat-buying countries have so increased their own production, and also the use of other kinds of foods that their wheat importations for the past year have fallen nearly 240,000,000 bushels below the level of 1928-'29. The abnormally low price of wheat, therefore, is due to the changed conditions of production, and consumption in the world. There is only one possible remedy, namely, an adjustment between supply and demand. American farmers should produce wheat through marketing associations, with acreage and prices tentatively fixed in advance."

They've found down in Cameron county, where farming is very intensive, that even in that rich soil, legume cover crops turned under increase yields and profits from many truck, fruit and general crops. In 1926 the county agent got 100 acres of cowpeas turned under for soil improvement purposes, last year 3011 acres, and so far this season 3487 acres. It takes faith to let a splendid field of peas disappear beneath the furrow in the expectation of a bigger yield of something else later, but these farmers aren't risking much after all, for demonstrations have removed the gamble.

## EASTERN STAR MEETING

The Eastern Star will hold their regular meeting at the Masonic hall Friday night at the regular hour. All members come.

BONNA STOKES, W. M.

## T-Bar

Rev. Duncan and Brother Parr will begin a revival here Sunday, Sept. 7th. All are cordially invited to attend.

The Singing at R. E. Townzeys Sunday night was enjoyed by a large crowd.

Mr. and Mrs. H. W. Crews and Mr. and Mrs. Calvin Dorman spent the week end over in Mexico bringing back with them a truck load of apples and plums.

Mr. and Mrs. F. C. Thorp of Brownwood were the guests of Mr. and Mrs. R. E. Townzen and family Sunday night leaving Monday morning for Lubbock accompanied by Mr. Jack Alexander and Carl Richter where they will attend the Teachers Institute.

Dr. Harrison and wife of Wichita Falls spent the week end with their father, Grandpa Townzen and other relatives.

Mrs. D. Henderson is on the sick list this week.

Mr. and Mrs. Lindley and children of Tahoka were guests of Preacher Lindley and family Sunday.

## KILLING PRICKLEY PEAR WITH POISON SPRAY

ALBANY—Calcium chlorate, one pound to four gallons of water, sprayed on prickly pears after they have been cut and piled has given Joe Pate, Shackelford county farmer, a complete kill the first time over his land. It was formerly necessary to go over the ground a second and third time to completely kill out the pear, the county agent says but by Mr. Pate's method ranchers and farmers can save from 10 to 35 cents per acre.

Prickly pear is being killed on thousands of acres in this county.

## WEAK AND RESTLESS

Georgia Lady Says She Felt Tired and Nervous.—Took Cardui, Improved.

Blackbear, Ga.—Mrs. L. E. Thornton, of this place, tells how she was benefited in a case of weakness by taking Cardui.

"I was very weak," says Mrs. Thornton. "My back gave me a lot of trouble. I felt like my back was sprained. I was very nervous and restless. I did not sleep well at night. I was so tired in my back. It seemed to hurt me when I tried to turn over."

"I did not want anything to eat. I was in bad shape."

"I thought I would try some Cardui. The first bottle seemed to ease the pain some in my back. I took another bottle, and then I felt more like eating. I noticed that I had more strength and my work seemed easier. My back didn't feel so awfully bad when I had to stand. I could sleep better and felt more rested when I got up in the morning. I took six bottles of Cardui. I certainly think Cardui is a good medicine for women."

For more than fifty years, women who had suffered, or who had gotten into a run-down, weak condition, have been enthusiastic in praising Cardui for the benefits obtained from its use.

Try Cardui in your case.

### SLAT'S DIARY

Friday—Well me and Jake got in to trouble today on account of are appetites. Wife ma and Ant Emmy was down town on a shopping tour why I and Jake got kinda hungry and I clum up on a chair and found sum cookies and we was having a very pleasant time when all of a sudden I herd ma say in a sneerish manner. How do I happen to ketch you boys in the cubbard. I tried to grin and told her the only way I cud figure it out was becuz she was wearing rubber heels on her feet. And that wassent all she sed neather.

Saturday—I been reading a good book about farrys and etc. and pa and me was tawking tonite and I ast him what wood he think if he awoke up sum morning and found a lot of money in his pant pocket and he sed Well he wood think he had sumbuddy elses pants on or else that ma had parralisis in her arms mebby.

Sunday—I set behind a nice looking girl at church this a. m. and was very mutch interested in a freckle on her neck until just before the Benedicksun I seen it start to walk so I gess she wassent so freckled after all.

Monday—I was down at Blisters house this p. m. and when his ma ast me to set down I declined and she sed Whats the matter did you get a spanking and I sed no. I diddent think she send to no that I had acksidently backed up vs. the hot stove when ma was baking pies this a. m.

Tuesday—Jake and me went a swimming today and as we cum home a past old man Snucks mellon patch why we seen a mellon witch looked like as if it mite rot if it wassent piked and just as we cut into it old man Snuck sicked his dog on us and throwed a brick at us and threatned to have us a rested. I gess he diddent approve of are little fun.

Wensday—Ant Emmy says we are not getting so far ahead of the times after all becuz she was reading in a historiske book about Seaser crossing sum big rivers by means of fords.

Thirsday—Sliny says he wood like to take a trip to Alaska just so he cud get some of the ice Jam he has herd so mutch about and see how it wood taste when spred onto a hot biskuit.

### SCHOOL FACULTY FOR YEAR IS ANNOUNCED

(Continued from first page)

Miss Evelyn Shepherd, Spanish and English, taught at Ballinger two years, graduate of Simmons University.

E. Wier Washam, history and athletics coach, Baylor University graduate, football and basketball letterman, freshmen coach at Baylor last year.

V. A. Dean, science and assistant coach, Texas Tech.

Miss Beulah Smith, commercial subjects and history, Baylor University.

Miss Floy Anglin, home economics, Texas Tech honor graduate taught at Morton last year.

Taylor White, vocational agriculture, A. & M., re-elected.

Clyde Headstream, principal and sixth grade teacher, Texas Tech, taught at Midway last year.

Miss Ruth Childs, fifth grade, Texas Tech.

Mrs. Jessie Clinton, fourth grade, re-elected.

Mrs. C. C. Williams, fourth grade, re-elected.

Miss Mattie Will Seroyer, third grade, re-elected.

Mrs. A. B. Swan, third grade, re-elected.

Mrs. W. O. Henderson, second grade, re-elected.

Mrs. L. F. Craft, first grade, re-elected.

### Hulls Preachers For Many Years

Rev. Owen J. Hull, pastor of the local Baptist Church is not only the son of a preacher but also is the grandson of a preacher. His father, I. D. Hull, has preached over West Texas for the last forty years. He was the first missionary of the Big Spring Association. His father, O. J. Hull's grandfather, S. S. Hull, who died about five years ago, was a preacher in Eastland and Howard counties for twenty years. A great uncle of the local preacher's, J. M. Hull, was a preacher in Borden county until his death four years ago. The local pastor has been preaching for twenty years himself, making a total of eighty years in ministerial service for the Rev. O. J. Hull, his father and his grand-father.

### Edith

We had a good singing Sunday night.

The singing school closed Thursday night. There have been a good many attending the singing school. School started Wednesday, September 3, with Mr. and Mrs. Bearden as teachers.

Mr. and Mrs. G. C. Lindley and family visited in T-Bar community Sunday.

Mr. and Mrs. Neblet and daughters of Amarillo were visitors of Mr. and Mrs. D. A. Stevens and family last week.

The Women's Home Demonstration Club met with Mrs. D. A. Stevens Wednesday, August 27th, with a very interesting lesson, "The Women of the Bible." There was one visitor present.

Several Edith folks attended the singing at New Lynn Saturday night.

Mr. and Mrs. Charley Campbell and family of Wilson spent Wednesday night, August 27th with Mr. and Mrs. J. C. Campbell. Zelza, Evelyn, and Gearline stayed until Saturday.

Everyone remember the singing Sunday night. Everyone is welcome.

We want to organize Sunday school Sunday morning at 10 o'clock. Everyone is invited to come and help who is not a member of another Sunday school.

There will be preaching Sunday morning after Sunday school.—Reporter.

### East Texas Man Visits With Browns

Tahoka had as visitors last week, Rev. L. D. Rose and wife and "Mother" Rose, mother of Rev. Rose. They came all the way from Palestine to pay a brief visit with W. L. Brown, Mrs. Brown and Mrs. W. C. Wells and incidentally shake hands with and say "howdy" to Uncle Ben Rogers.

The Roses were long time friends of the Browns and Uncle Ben in East Texas. This was their first visit to the South Plains and they were astonished and highly pleased with the country and the folks they met. If they could "turn loose" their holdings in East Texas, the population of Lynn county would be increased to some extent in the near future.

Brother Rose, being a preacher of the Primitive Baptist faith, was prevailed on to preach for these good folks on Sunday last; there was considering the brief notice given of the service, a good attendance at the service and the message was enjoyed by all present.

Come again, Brother Rose, Lynn county needs, and will welcome all of your sort who may happen to come this way.—Contributed.

During grape season just ended, 25 car loads of grapes were shipped from Ingleside and Aransas Pass besides enormous amounts of express shipments.

### Farris Is President Of County Singers

Horace C. Krebs, New Lynn, secretary-treasurer of the Lynn County Singing Convention, asks to correct an error made by him in a recent write up of the election of officers of the organization when he said Fred Morris was elected president. The president is Fred Farris of Dixie and not Morris. Luther Rudd, of near Slaton, is vice-president. The next meeting of the convention will be held at New Lynn in February.

Beaumont—Plans being completed for Jefferson County 14-story courthouse, to cost \$1,000,000.

### Sore Gums-Pyorrhea

Foul breath, loose teeth or sore Gums are disgusting to behold all will agree, LET'S PYORRHEA REMEDY is highly recommended by leading dentists and never disappoints. Druggists return money if it fails. (3)

### South Ward

If this weather doesn't change and give us a rain I am afraid we are going to have to go to work as the cotton is beginning to open.

We had a large crowd out at South Ward Sunday both morning and evening and heard some good preaching.

Mr. and Mrs. Taylor, our teachers, have moved out and school will start Thursday. We welcome these folks to our community.

Mr. Hart was operated on at the Lubbock Sanitarium last week and last report was that he is improving nicely.

Mr. and Mrs. Reed of Tahoka visited Mr. and Mrs. Killion Sunday afternoon.

Mrs. Inman and children visited her daughters, Mrs. Florence Cowan, Sunday.

Mr. and Mrs. Greenwood and daughters, Misses Linnie Mae and Woodine, visited their son and brother, Tom Greenwood and family last week in the northwest part of the county.

Mr. and Mrs. J. R. Pinkley and little daughter, Willie Louise, and mother, Mrs. Pinkley, spent Sunday with Brother Dykes and family of Tahoka.

Mr. Wilbur Carver is visiting in Floydada this week.

Miss Lucille Johnson visited her brother, Louis in Tahoka last week.

Mrs. Rogers and children of Winters are visiting her parents, Mr. and Mrs. Cobb.

Mrs. Bertling visited her brother, Charley Pinkley and family at New Home Saturday and Sunday.

The singing given by the Misses Inman Sunday night was enjoyed by a large crowd.

Remember Sunday School and Church Sunday morning.—Reporter.

### METHODIST CHURCH

Services Sunday September, 7th. Sunday school at 9:45, beginning on time. Why should the Church be less systematic and punctual than any other institution in town? It usually is, but it is because we do not think enough of divine services to be on time.

Where does Earl Carroll get hold of the stories he dramatizes? He is too young to have been around livery stables.

### Former Citizen Payne's Cell-Mate

Vernon Churchill, who lived in Tahoka several years ago was a cell-mate of A. D. Payne, Amarillo attorney, who blew out his own life in the Potter county jail early Saturday morning after having confessed to the murder of his wife and attempted murder of his son, A. D. Jr., by use of explosives planted in the family car. Churchill, who is in jail awaiting transfer to the penitentiary for forgeries, and two other prisoners were in the cell with Payne until he asked them to go in to the run-way for a few moments. One of the three remained in the cell but miraculously escaped death as the infernal machine was exploded by Payne.

A. D. Payne is well known by a number of Tahoka people. B. H. O'Neal went to school to him while a student at Abernathy high school, and the O'Neal family were close personal friends of the family. In fact, LaDell, one of the little Payne girls, was named after the late Dell O'Neal, who died a few months ago. Also, Frank Hill was well acquainted with and attended several classes with Payne in the West Texas State Teachers College at Canyon.

### CHARLEY LOCKHART EXPRESSES APPRECIATION

Austin, Texas.  
August 27th, 1930.

Mr. E. I. Hill, Editor,  
The News,  
Tahoka, Texas.

Dear Mr. Hill:  
Please permit me to say through the columns of your valuable paper that I deeply appreciate the vote given me by the citizens of Lynn county in the recent primary elections, and I want to assure them that my constant aim and purpose shall be to continue to merit their confidence by faithful and efficient service to the State in the position for which I have been chosen.

Faithfully yours,  
CHARLEY LOCKHART  
Democratic Nominee for State Treasurer

The Pathfinder suggests that with the adjournment of Congress it will be easier to make Washington a "model dry city."

### THANKS VOTERS

Friends, I wish I could express in words my appreciation of the vote you gave me in the recent election. I hold no hard feelings against those who voted for my opponent; you are my friends; too, and I propose to be the sheriff of all the people, regardless of how you voted. All I now ask is your co-operation in helping me fill the duties of the office.

B. L. PARKER  
San Marcos—U. S. Emergency airport here now nears completion.
