Number 11

Littlefield Game Is Armistice Feature

VISITORS WILL RIDE SPECIAL

Littlefield And Tahoka Teams, Are Evenly Matched For Big Holiday Game Here

Next Tuesday, Armistice Day, promises to be a great football day in Tahoka with a large crowd of fans in town for the annual game between the Littlefield Wildcats and the Tahoka Bulldogs.

Littlefield fans have been making plans for several weeks to make the holiday trip to Tahoka on a special train over the Santa Fe, and have ordered 1,000 tickets to the game to be sold in that city. Littlefield is a hotbed of football fans, and a large crowd is expected in Tahoka that day from there. The train will arrive here just before noon and will depart soon after the game. Supt. J. B. Pace asks that as many as can meet the train and furnish transportation to the visitors, and make them feel at home while here.

Littlefield and Tahoka have always been very evenly matched, the number of games won being in favor of the Lamb county city. Until this year the two teams have met as one of the feature attractions of the South Plains Fair at Lubbock. Like Tahoka, Littlefield has had a little hard luck this season losing two games she deserved to win.

Though one of the two or three strongest teams in the western section of District Two, the Wildcats allowed a little rural high school, Spring Lake, to slip up on their blind side to win a game. Then Lovell came along and took another game from them throwing the Wildcats out of the championship race. Tahoka with one of the best teams she has ever had was "lucked out" on by Brownfield 7 to 6; and Lamesa, 1929 district champion, was just barely able to win over Tahoka by a 19 to 6 score. Last Friday Slaton very deservedly won from Tahoka 34 to 0.

The Wildcat-Bulldog scrap will start at 2:30 Tuesday, and anyone who has not seen eleven wildcats and eleven bulldogs in a fight will miss a treat of his life if he misses this.

Pull Big Fight At Public Dance

A big fight in which several persons became involved was staged on the floor of the building in which a public dance was being held on the west side of the square here last Thursday night. Several complaints have been filed against alleged combatants and some of them have already paid fines.

Little blame attaches possibly to some of those involved, since the difficulty was apparently forced upon them. Some of the parties involved lived in other places than Tahoka. It is said that some of them were apparently under the influence of liquor. Quite a disturbance was created at the time and officers had to be called in to quell the fray.

Charge Negro With Illegal Car Sale

A negro was brought from O'Donnell by Constable B. L. Parker Sunday night and placed in jail here on a charge of having sold a mortgaged car with intent to defraud the mortgagee. He is being held for investigation by the next grand jury, his offense being a felony.

THE LETTER "E"

Someone decided that the letter 'E' was the most unfortunate letter in our alphabet because it is always out of cash and in hell all the time. However, they overlooked the fact that it is never in war, but always in peace. We are deeply indebted to this letter "E" because it is the beginning of existence; the commencement of ease and the end of trouble. Without it there would be no life and no heaven. It is the center of honesty. It ends in making love perfect and is forever appearing in New Year's resolutions.

Gin Total Is 19,133

According to information gathered from the various gins of the county early this morning, 19,133 bales had been ginned in Lynn County this season. Of this number 5,071 bales had been ginned in Tahoka. O'Donnell was leading with 5,181.

From these figures, it now seems probable that the total crop this year will run pretty close up to the 30,000 mark. Probably 28,000 will catch the total, though we are not making this as a guess.

Much cotton has been gathered during the past two weeks and it is now pouring into the gins rapidly.

The ginnings for the various towns and communities are given as follows:

Tahoka	5,071
O'Donnell	5,181
New Home	2,635
Walls	1,763
Grassland	1,350
Wilson	1,240
Newmoore	1,005
Draw	888
Total	19,133

Rural Schools To Receive \$11,000 Aid

State aid in the aggregate sum of \$11,216.00 is to be granted to the various rural schools of the county this year, as the result of the visit of the state inspector, G. L. Hucksby, last week. This is the full amount allowed under the law, according to county superintendent H. P. Caviness, and is an increase of \$1,165.00 over the amount granted last year.

Is there anyone who needs some cheap quality paper with which to paper an "open" house and keep out the cold this winter? The News has on hand a quantity of heavy wrapping paper in sheets 36x50 inches suitable for such purpose. We will give this paper to the first person calling at this office who is really in need of it.

Former Tahoka Boy Leads Aviation Class

Three boys enlisted in Abilene for service in the United States navy have been approved for special training, according to notifications sent to Captain J. O. McMahan recruiting officer in charge of the Abilene station.

Joe Earl Walton, former Abilene high school student who enlisted here one year ago, led his class in naval aviation at Great Lakes, Ill. and has been sent to Pensacola, Fla., for flight training.—Abilene News.

NOTE: Joe Earl went to school in Tahoka three years.

Validity of bonds voted in May of last year having been given, Galveston will go ahead with the expenditure of \$2,855,000 on a park, new school buildings, paving, sewer extensions and lowland filling.

"Education Week", Nov. 10-16, Will Be Observed By Tahoka Schools

Education Week, November 10th to 16th, will be observed by the local public schools.

This is the tenth observance of American Education Week throughout the United States. It is sponsored by the American Legion, the United States Office of Education, and the National Education Association.

The purpose is to bring about a realization on the part of the public to the importance of the public school and its place as a factor in the growth and development of our country.

Our public school had a very crude beginning and had many difficulties of the pioneer period to overcome in order to get established, yet out of it all it has become the dominant institution in American Life. The school has always emphasized and encouraged the higher and finer values in life, including appreciation of beauty, good order, better habits of living, training of wise use of leisure through clubs, and for the plan-

Please Pay Up Now!

The time of the year is here when many of our readers' subscriptions to The Lynn County News fall due. Some of you are already delinquent. Like most everybody else we need the money, and would greatly appreciate our subscribers sending in the necessary \$1.50 to keep the paper going a year. We don't want to cut anyone off if we can help it. See us now!

And, remember, you can get the Dallas Semi-Weekly Farm News with The Lynn County News, both papers, one year for only \$2.00.

RAINFALL FOR YEAR IS LIGHT

Only 14.62 inches has fallen in Tahoka during the past twelve months

Only 14.62 inches of rain has fallen in Lynn County during the past twelve months, according to the Government rain gauge kept by the News. Nearly a third of the total fell during the month of October, which has just closed. For the eleven months beginning with November 1, 1929, and ending September 30, 1930, the total rainfall was only 10.55 inches. The total rainfall from January 1 to August 31, during which period the crops must be planted, cultivated, and matured, if at all, the total rainfall was only 9.32 inches. Most of that fell during May and the first half of June. The rainfall in August amounted to 1.08 inches, consisting of three different showers coming on as many different days, none of which was sufficient to do crops any appreciable good.

We were unable to keep a record of temperatures in July and August.

Breedlove Delivers Final Talk Sunday

Sunday will probably be the pastor's last day with this church, and he earnestly desires the co-operation and presence of every member who is able to be present on that day.

J. W. Watson, Conference Sunday School Superintendent, will address the Adult Department during the Study period of the Sunday school hour. This will be a fine address which every man and woman in the church ought to hear. We hope for a fine attendance at this service. Brother Watson has a great message for Sunday school workers.

The public is cordially invited to all the services of the day, and especially to hear the pastor on "What I think of Tahoka." There are some good things about our town, and there are some bad things. He will be glad to tell you of both.

Little Damage Is Done Hallowe'en

Night Watchman W. M. Lee declares that practically no damage was done to property here by fun-makers on Hallowe'en night. The young people of Tahoka, he states, conducted themselves with unusual restraint and consideration for the rights of others, and the people of Tahoka greatly appreciate their commendable conduct.

COAT IS STOLEN FROM COURT HOUSE JANITOR

Tom Higgins reports that some thief sneaked into the boiler room in the basement of the court house Wednesday morning and appropriated to his own use and benefit on certain coat belonging to the complainant, without his knowledge or consent, against the peace and dignity of the state. Tom's dignity also suffered considerable damage when he realized that the garment had been stolen. He made a desperate effort to locate the thief but without success. Information he gathered led to the belief that the thief was a transient person and that he went north. The coat was taken while Tom was out of the building for a few minutes.

Light Vote Is Cast In General Election

GOV'T. MAN IS CLUB SPEAKER

J. M. Hill, U. S. Dept. Of Agriculture, Talks To Kiwanians On Pests Of Plains

J. M. Hill of the United States Department of Agriculture was the guest of the Kiwanis Club Wednesday and delivered a brief address in which he gave the members much information about his task here, that of directing in the extermination of the prairie dogs in the county.

He works with the commissioners' court, the county agent and the chamber of commerce, he stated. He was here Wednesday to mix the poison with which to kill these pestiferous little animals. He buys the grain from the farmers, mixes the poison with it, and then it is sold to those having dogs to kill, at actual cost. He estimated that it would require about 3,000 pounds for this county this year. About 4,500 pounds were used last year.

Hill also stated that there are fully 3,000 ducks and many geese on Rich Lake over in Terry county and says that they are destroying much grain. Ravens also are rapidly increasing.

(Continued on last page)

Officers Tire Is Stolen From Car

It seems that it has gotten so that these thieves are no respecters of persons. W. M. Lee, who is night watchman here and whose duty it is to guard the property of the citizens while they sleep, was himself the victim of a bold thief last Thursday night. He had left his car standing near the Phillips Service Station while he made his rounds in the business portion of town. He was not gone more than fifteen or twenty minutes, he says, but when he returned his spare rim and casing were gone. The theft occurred between 3 and 4 o'clock in the morning. He has found no trace of the thief.

Lynn County Men At Drouth Sessions

County Judge G. C. Grider, county commissioner T. J. Yandell of O'Donnell, Marshall Whitsett, president of the O'Donnell Chamber of Commerce, and J. L. Shoemaker, O'Donnell banker, attended meetings at Colorado and Sweetwater last Thursday and Friday of West Texas business men and bankers, in which request was made to Governor Moody to call a special session of the legislature to provide some kind of drouth relief.

All Amendments Carry; Dems Gain

As we go to press, the results of Tuesday's election indicate that the Republicans will probably retain control of the House by a very slender majority, while the complexion of the Senate is still in doubt. It will be just about evenly divided. Neither party will have more than one or two majorities.

J. Hamilton Lewis, Democrat, was elected over Mrs. Ruth Hanna McCormick, Republican, to the United States Senate from Illinois. Marcus A. Coolidge, Democrat, defeated his Republican opponent, Roscoe McCulloch in Ohio.

In Montana, Walsh, Democrat, was re-elected. In Nebraska, Norris, Independent Republican, defeated former Senator Hitchcock and thus retains his place in the Senate. Morrow, Republican, was elected in New Jersey.

As to the wet and dry issue, it seems that the wets have made considerable gains in the House and slight gains in the Senate, Morrow, Lewis and Bulkley all being wets.

Bankhead, the Democrat's nominee, defeated Heflin, Independent, about 2 to 1 in Alabama. In Texas Morris Sheppard was re-elected by a tremendous majority. Democrats elected governors in many states over Republican incumbents. Ross Sterling, Democrat, seems to have defeated Talbot, Republican, by a vote of 4 or 5 to 1 for governor of Texas. Warzbach, Republican, was re-elected to Congress by a heavy majority in the San Antonio district. All other Congressmen from Texas are Democrats. All of the five amendments to the constitution in this state seem to have been adopted by heavy majorities.

ONLY 650 VOTES IN LYNN COUNTY

Legislator Pay Amendment Loses In Lynn County; Others Are Approved

With all boxes in Lynn county reporting except New Home and Magnolia, Senator Morris Sheppard led his Republican opponent, Doran John Haesly, in Tuesday's election by more than 12 to 1, while Sterling led Talbot, the Republican nominee for governor by a little more than 3 to 1. Marvin Jones for Congress carried the county by a vote almost equal to Sheppard's for the Senate.

All the amendments carried except the fourth, which lost by a small majority. This relates to the per diem and mileage to be paid members of the legislature. While New Home is not included in the total given below, information from that box is to the effect that out of about sixty votes polled there only a few votes were cast for either Haesly or Talbot, and all the amendments carried at that box except the fourth.

The results in the county are given below:

For Senator: Sheppard 531, Haesly 44;
For Governor: Sterling 426, Talbot 137.
Supreme Court Amendment: For, 204; against, 202.
Taxing University leads: For, 314; against, 178.
Increasing terms of legislature: For, 256; against, 209.
Changing pay of legislators: For, 234; against, 242.
Investing University Funds: For, 275; against, 207.
North Tahoka was the banner Democratic box of the county among the larger boxes. In this box Sheppard received 140 votes and Haesly 2; while Sterling received 138 votes and Talbot 3.
In South Tahoka and in some of the other boxes, there was considerable scratching of the Democratic nominee for governor. In South

News Items Of Interest From Wilson

(By R. C. Forrester)

Youngblood On Poultry

Mr. Kopecky, the ever wide awake vocational Agriculture teacher of the Wilson High School has for several Tuesday evenings lectured on poultry raising and has been giving the farmers and others who may care to take advantage of his course of lectures some very valuable information concerning the life and ends of raising all kinds of poultry. Next Tuesday evening at 7:30 he will discuss diseases and insects, their treatment and ways of extermination. We wish that more people would hear these discussions for they are certainly worth while and know you will be greatly benefited by having heard them.

On last Tuesday evening, Mr. Youngblood, a specialist in poultry raising gave the class a lecture on his experience as to raising poultry for show purposes. He made a very interesting discussion of that phase of the work and will undoubtedly be of much benefit in stirring up interest in better poultry raising.

Married

We learned just last week that two of our finest young people had put one over on us in good shape. Miss Itylene, the charming daughter of Mr. and Mrs. J. E. Richardson and Mr. Orville Cranfill, son of Mr. and Mrs. J. I. Cranfill decided to go for a ride about the sixth of last May and headed their car for a point in New Mexico where they were happily married, immediately returning to their respective homes and saying nothing about their venture until a few days ago. The writer joins their many friends in wishing them long, happy, and useful lives.

"The Nobody"

A play with the title of "Nobody" is to be put on at the Wilson High School Saturday night, Nov. 8th, admission to be 15c and 25c. The school will receive forty per cent of the proceeds. We are promised a very high class entertainment and you are urged to attend. You will not only enjoy the play but will also help the school.

2 Glasses Water, Not Too Cold, Helps Constipation

One glass water is not enough—take two glasses a half hour before breakfast. You get quicker and better results by adding a little simple glycerin, saline, etc., (known as Adlerika) to one glass.

Unlike other remedies, Adlerika acts on BOTH upper and lower bowel and removes old poisons you never thought were in your system. Adlerika stops GAS and sour stomach in 10 minutes. Relieves constipation in two hours.

THOMAS BROS. DRUG CO.

Spooks!

For some time the people of Wilson have been facing the stern realities of life but on last Friday night the town in the vicinity of the Methodist Church was visited by some strange creatures in the form of ghosts, witches, spooks and fortune-tellers. Quite a number of young people came to see the cause of the commotion that had arisen and they were given an opportunity to delve into the future and have their bones made to quake and the flesh to crawl. The foreign visitors brought some dismembered bodies which were examined piece by piece by each one present.

After about two hours of such supernatural carrying on the spooks repaired to their unknown regions and the young humans went to their homes to collect their wits.—Report.

Wilson Circuit Of The Methodist Church

The following is our schedule for next Sunday, Nov. 9th, 1930:

Wilson: Preaching at 11 A. M. and 7:30 P. M.

New Lynn: Preaching at 3:30 P. M.

This is the last Sunday of the Conference year. Let us all worship God on His Day. Let us recognize Him in our thinking. He has been wonderfully kind to us during the year. Did you ever stop to "Count Your Many Blessings"? We shall look for you in your place and shall be disappointed if you are not there. Our Conference collections are still in arrears. Will you have a part when the final count has been made. "Every non-attendant virtually votes for the elimination of the church."

Wilson Community Enjoys Night Course

Miss Sallie Beth Wright, instructor of home economics in Wilson High School, is sponsoring an Adult Clothing class which meets at night. Thirty have already enrolled and interest is growing. The fact that the clothing laboratory is only equipped for twelve, necessitated a division of the class into two groups, one of which meets on Tuesday evenings at 7:30, and the other on Thursday evenings. The first project is the making of a tailored dress. Prospects are that later in the year a course in foods will be offered. Many of the home-makers of the Wilson community have expressed a desire for such a course.

Announcement

Rev. Graves Darby, pastor of the First Baptist Church of Cross Plains will fill the pulpit at the Wilson Baptist Church next Sunday, November 9th. Rev. Darby was pastor of the Wilson Church for nearly four years resigning some two and a half years ago to take up the work at Roscoe, Texas, and later moved to Cross Plains.

At The Baptist Church

Sunday School at 10 o'clock followed by church services at 11 o'clock Sunday morning. B. Y. P. U. at 7 P. M., followed by church services at 8 o'clock. There is a place for everyone in every service and you are invited to attend these services. The bi-week prayer service is held each Wednesday evening at 7:00 o'clock and an hour is spent in the prayer service and Teachers' counsel. This service is steadily growing from week to week. On Wednesday evening of last week there were 31 present and a large attendance is expected this week. The W. M. S. meets at 8:30 P. M. Mondays and the books of Acts is being studied under the direction of the pastor.

The Missouri Lutheran Church Conference at Wilson Nov. 7-10

From November 7th to 10th, the Panhandle Conference of the Lutheran Missouri Synod will be held at Wilson, in St. Paul Lutheran church, of which Rev. M. J. Scaer is pastor. Topics on various religious questions will be read and discussed, besides other matters of vital interest to the church. On Friday night of this week, Nov. 7th, there will be a special service at St. Paul's Church. The Rev. W. G. Buchschacher, of Big Spring, will have the confessional address, and the Rev. W. J. Luecke of Littlefield, will have the sermon. The service begins at 7:30. The following pastors are expected to attend conference: Rev. H. Hartenberger, of Perryton; Rev. H. Frerking, of Amarillo; Rev. H. Stroebel, of Canyon; Rev. W. H. Remmert, of Plainview; Rev. A. Groeschel, of Rhea; Rev. W. J. Luecke of Littlefield; Rev. H. Hoffmeyer of Lubbock; Rev. A. Allmann, of Sparenburg; Rev. W. G. Buchschacher, of Big Spring; and Rev. W. H. Bewie of Austin. The latter is Field Secretary of Missions of the Texas District, and will also represent the president of the District. The Rev. C. M. Beyer of Wichita Falls.

The services on next Sunday, Nov. 9, will also be of a special nature, when the 400th anniversary of the Augsburg Confession will be celebrated. The Augsburg Confession is acknowledged as the oldest confession in Christendom. Lutherans point with pride to the sound political principles set forth in the Augsburg Confession. In regard to it President Hoover recently wrote to the "American Lutheran", a religious publication: "The effects of these historical events are reflected in our national life and institutions, in religion through the predominant numbers of adherents to Protestant faiths and in government through the principle of separation of church and State. It is fitting that we should commemorate the persons and events from which these mighty forces have sprung." The speakers for this jubilee occasion next Sunday will be the Rev. W. H. Bewie, of Austin, and Rev. H. Frerking, of Amarillo. The former will speak in the morning, at 10:30 in the German language, and the latter in the afternoon at 3 o'clock, in the English language. The public is cordially invited to these services.

Wilson Dramatic Club

The Wilson Dramatic Club met for the first time, October 27th, with ten members present. The following officers for the club were elected: President, Thyra Painter, vice-president, J. W. Partin, secretary, Florine Server and general manager, Hattie Server.

The club is to meet twice a week. It has met twice since the first meeting. We have received our first play, and the parts have been assigned. We hope to stage the play by Thanksgiving.

Business Changes Hands

A change was made at the Wallace garage last week in which the Wallace boys are turning their entire attention to the shop and the service station will be managed by August Fischer.

The fine clear weather for the past few days is making it possible for the cotton crop to be gathered in the greatest possible haste and the gins are being kept very busy doing the ginning act. A few are wishing for another light rain thinking it would be a big benefit to the wheat while others are wishing for the splendid weather to continue so the remaining part of the crop might be gathered, we have decided to take it as it comes; another thirty days will just about wind up this year's crop in this community if any thing like favorable weather prevails.

Illness On The Wain

We are glad to report that there are no more new cases of illness in our neighborhood and that those who were reported as ill last week are much improved at this writing, in fact some of them are out again.

Mr. Buford Mess of White Deer was a Wilson visitor Sunday. Buford is an ex-Wilsonian and always finds a hearty welcome by his many friends.

Dr. P. L. Howe returned Nov. 1, from Hobbs, N. M., where he has been for several weeks.

Mr. and Mrs. Louis Trautwein of Shiner is spending a few weeks in the home of their daughter, Mrs. H. B. Crosby.

Miss Curtis Cook spent the week end with home folks in Hale Center. Mr. Elmer Cogsdill and family of Hatchel, Runtels County are visiting in the home of Rev. and Mrs. Partin. Mr. Cogsdill is a brother to Mrs. Partin.

Mr. Howell of Spur was a church visitor in Wilson Sunday.

Mr. Morris Cook of Hale Center was a visitor in the home of his brother, J. D., last week end.

Misses Elizabeth Tadlock and Majorie Key were declared the winners in the Memory verse contest at the try out in Tahoka last Sunday.

Miss Zenda Kisor of Hale Center was visiting friends in Wilson last week end.

Rev. and Mrs. Partin, Mrs. L. Lumsden, Mrs. William Green and Mrs. R. C. Forrester attended the Workers Conference which was held at the Union Baptist Church November 7th.

Mrs. J. D. Cook is spending the week with her parents at Meadow.

A number of friends gathered at the home of C. A. Coleman on last Tuesday night and enjoyed a very pleasant visit. Forty-two was the main feature and all expressed themselves as having had a wonderful time.

Texas has more farm-owned motor vehicles than any other state in the union with 367,000 passenger cars and 42,600 trucks, according to American Research Foundation. Ohio is second, Illinois third, Iowa is fourth, Pennsylvania fifth, Wisconsin fifth and New York sixth.

CARD OF THANKS

We wish to thank our many friends of Tahoka, Meadow and Lubbock, who were so kind to come to see me, and for the beautiful flowers and the letters I received while I was in the sanitarium and since I have been home.

Your kindness was appreciated beyond words.

Comes Back Strong

After the World War, John G. Lutz of 1110 Waverly Ave., in San Antonio, came back home with a stomach which kept him in misery. "I couldn't find a thing to help me very much until a friend suggested I try Herbine," says Mr. Lutz, who is a service officer of Alamo Post No. 2, American Legion. "I can't say too much for Herbine since it fixed me up so I can eat again, and the pains I had in my back stopped. I never felt better in my life."

Herbine helps the stomach and bowels to take care of the food you eat, so you do not suffer from the gas which causes indigestion, biliousness, sick headache and constipation.

Value Of Quality Cotton Is Shown

"Bread and butter" cotton with a dollars and cents value is now on the minds and in the future cotton production programs of Texas farmers and business men, according to Mr. Leathers, local representative of the Texas Cotton Cooperative Association. The turning point from inferior cotton to quality cotton has been reached he said, and "from here on out we may look for better grade and staple from Texas farms."

Although this most important factor in profitable cotton production has been long agitated, he said, "it took the actual demonstration of dollars and cents value to quality

production to the individual grower through the activities of the cotton co-operative marketing movement, to make it effective."

"This season, through the association's activities of locating Government licensed classers in all sections of the State and the approving of cotton drafts for varying amounts based on the actual quality of cotton shipped, has brought the actual facts so closely home to the individual grower that he cannot further ignore them longer," Mr. Leathers said. In grade and staple lengths quality cotton brings many dollars more per bale than inferior cotton, he stated, and it is this "bread and butter" or dollars and cents cotton that growers must produce if they can hope for any profit from their cotton farming operations."

Mr. Leathers stated that this single outstanding demonstration of the many benefits of co-operative marketing would mean millions of dollars annually to Texas growers and Texas business if generally accepted, which he said "now seems as a very likely possibility and probability."

Konjola Very Medicine That Fits This Case

Amarillo Lady Rejoices Over Results Obtained From New And Different Compound

MRS. ETTER STANLEY

"For twenty years I tried to free myself of stomach trouble, constipation, kidney and liver trouble," said Mrs. Etter Stanley, 1220 West Fifth street, Amarillo. "Even specially prepared foods did not digest. Gases formed and bloating pains resulted. My kidneys were so weak that night risings were frequent. I had dull pains across my back. Neuritis gripped me and I became almost helpless at times and suffered untold agony from piercing pains."

"Konjola seemed to just fit my case. Soon after starting the treatment I began to feel better. Now, after finishing the treatment, I feel like another person. Food now digests as it should I feel better than in years. The pains of neuritis are rapidly leaving me. My kidneys have been strengthened and function properly. I am gaining in weight and strength."

It is the same glad story whenever Konjola is given a real test. Try this medicine for ailments of the stomach, liver, kidneys and bowels, and rheumatism, neuritis, and nervousness.

Konjola is sold in Tahoka at Tahoka Drug Co., and by all the best druggists in all towns throughout this entire section.

Morgan

We are sure having some pretty weather and every one is very busy gathering their crops. Some don't have very much to gather while others are getting more than it looked like we were going to make for a while.

All the sick folks in our community are better.

Mr. and Mrs. Mack Tate and children of Big Spring spent the week end with her mother and father, Mr. and Mrs. R. L. Thompson.

Mr. and Mrs. Ward and family were shopping in Lubbock Saturday. Mr. and Mrs. J. W. Townsend and Jessie and Mr. and Mrs. Fred Davidson and Louis attended church at Southland Sunday night.

The Rev. Partin of Wilson will preach for us next Sunday afternoon at three o'clock. Everyone is invited.

Don Ponton Milliken of Lumsden Ranch visited home-folks Saturday night and Sunday.

Mrs. Racia Hallman and children of Tatum, New Mexico, are visiting her parents, Mr. and Mrs. T. D. Kornegay.

Grandmother McAnnally is suffering with a sprained knee.

Mrs. Ann Davidson is visiting relatives in Slaton.

Mrs. Lelia Morris and children of Spur visited with her sister, Mrs. Bill Lancaster last Sunday. Berta Lou and J. F. Collings attended singing at Gordon Sunday night.

Mr. and Mrs. J. N. Townsend entertained Thursday night with a Halloween Party. Everyone seemed to have a real nice time.

Visitors with Mr. and Mrs. Ed Milliken Sunday were: Mr. and Mrs. T. Davidson and Louis, Mr. and Mrs. B. Collings and family, Mrs. Maude Massengill, and Mrs. R. Holman and children.

Mrs. Cleve Rackler and family of Hackberry visited with Mr. and Mrs. Freeman Rackler Sunday.—Reporter

LITTLEFIELD SPECIAL WILL ARRIVE AT 12:55

The special train bringing the Littlefield team and rooters to the Littlefield-Tahoka football game here next Tuesday will arrive at 12:55, according to J. L. Heare, local Santa Fe agent. The train will leave at 6:30.

People of Tahoka are urged to meet the train with their cars and furnish transportation to the visitors and to show them our city.

Locals

Rev. W. K. Johnson of Lubbock filled his appointment here at the Presbyterian Church Sunday morning and night. He called at the News office Monday and told us of having listened to a very brilliant debate at Lovington, New Mexico, Saturday between Senator Bratton, Democrat, and his colleague in the Senate from that state, a Republican. He says that both are very able men and that the debate was worth a long trip to hear.

Borden Davis, W. D. Sanders, F. M. Roberts and W. T. Montgomery are new subscribers for the Lynn County News this week. Old subscribers who have renewed are: D. D. Odum, E. N. Weathers, H. B. Jackson, H. W. Calaway, J. O. Tinsley, J. O. Patterson, and possibly one or two others. Now is the accepted time to subscribe or to renew.

Mr. and Mrs. Elmer Terry had the great good fortune to become the parents of a fine nine-pound boy, who made his arrival Sunday night. Mr. and Mrs. Terry call Tahoka their home but were in Post when this happy event occurred. Mr. Terry works for the State Highway Department.

The Cheekchamap Camp, Fire girls went on their first hike last Monday. They all enjoyed their supper which was cooked on a camp fire.

T. J. Bovell left Wednesday afternoon to attend a Bakers' Convention at Big Spring today.

Mrs. K. F. Knight is visiting relatives in San Angelo this week.

Mr. and Mrs. U. T. Brown, who reside out north of Dixie, have a little visitor in their home. A bright little girl was born to them on Sunday night.

Hon. Carl Rountree of Lamesa, Representative in the legislature from this district, had professional business in Tahoka Tuesday.

A fine little boy made his advent into the home of Mr. and Mrs. G. C. Gilliam of Dixie Sunday night.

Mrs. C. N. Woods, Brownfield, is here visiting her parents, Rev. and Mrs. D. D. Johnson.

"Miss Blue Bonnet", a musical comedy, is to be given here on Friday night, November 14, by Mrs. Richardson's Music and Expression Class. This is a W. P. Sewell production and is coached by Miss Eowena Hague.

ASPIRIN

BEWARE OF IMITATIONS

LOOK for the name Bayer and the word genuine on the package as pictured above when you buy Aspirin. Then you'll know that you are getting the genuine Bayer product that thousands of physicians prescribe.

Bayer Aspirin is SAFE, as millions of users have proved. It does not depress the heart, and no harmful after-effects follow its use.

Bayer Aspirin is the universal antidote for pains of all kinds.

Headaches Neuritis
Colds Neuralgia
Sore Throat Lumbago
Rheumatism Toothache

Genuine Bayer Aspirin is sold in all druggists in boxes of 12 and in bottles of 24 and 100.

Aspirin is the trade-mark of Bayer manufacture of monoacetic acid ester of salicylic acid.

Judge B. P. Maddox had professional business in Aspermont Tuesday. He was accompanied by W. A. friend, Miss Noel D. Bray at the St. Clair Hotel.

**WHO CAUSED THIS BUSINESS
DEPRESSION?**

George W. Armstrong of Fort Worth claims that the present business and financial depression is "bank-made." He maintains that the nation's money has been stealthily and illegally withdrawn from circulation and is now hoarded in the vaults of the Federal Reserve Banks; that instead of there being a per capita circulation of \$36.72 in this country, as shown by a recent treasury statement, there is only about \$10.00 per capita in circulation. He asserts that the Reserve Banks have become the arbitrary masters of the member banks instead of their dependable servants. His remedy is to compel the Reserve Banks to discount without limit all eligible paper of the member banks, "as the law originally intended they should do." Mr. Armstrong is himself a banker and manufacturer, we believe. He has long been active in the financial, business, and political circles of Texas. He calls himself an independent Democrat but he is strong for the Republican policy of Protection. He voted for Hoover in 1928. As a friend of the Administration he is now appealing to Hoover to "assert the full power of your great office to release and put in circulation the hoarded gold and to take such other steps as may be necessary to deflate the value of money and credits." If Armstrong is right about it—if those who operate the Reserve Banks have deliberately brought on this financial depression—then we wonder what our Democratic statesmen in Washington have been doing all these months that they have not laid their finger on this sore spot and pointed out the trouble to the entire country. If this business depression is the result of a financial conspiracy, then the conspirators should be shorn of their power and if possible sent to the penitentiary.

But, even if these bankers are guilty of conspiring to bring on this business depression, it is not probable that they violated any criminal

law in so doing. Furthermore, it does not seem probable to us that any such conspiracy has been entered into. We know little of the intricacies of "high finance," but we can't believe that a group of great business leaders would deliberately bring unemployment and poverty and suffering to millions of human beings just for the additional gold they might be able to garner into their coffers. We believe that there are single individuals who would do it and that even there are groups who would do it, but it seems unbelievable that men of the highest probity, some of whom at least have been selected for their position because of their well known integrity, would do so wicked a thing as to plot against the welfare of a whole people for mere personal profit.

This depression seems to be world-wide in its scope. Even our greatest statesmen and financiers seem to be unable to give a satisfactory answer to the question as to what caused it. People have naturally charged it up to the government. They are blaming Hoover. But even Al Smith in a recent address asserted that it was not chargeable to Hoover. He claimed that the government was in no way responsible for it. He did severely castigate Hoover for "promising" prosperity during the 1928 campaign and declared that no party hereafter would have the temerity to promise prosperity of the country. The government can neither bring prosperity nor is it responsible for eras of business depression that periodically visit the country.

We should quit blaming everything on the government and should quit expecting everything from the government.

The News has published quite a bunch of wild stories lately. There was that little escapade District Attorney T. L. Price had dodging bullets from his own gun. There was that story about Tom Higgins' cat; and there was that big ear of corn that Lynn county produced this year. But the wildest story that we have heard lately was one from the lips of H. W. Calaway, the newly-elected constable, in which he claims that he put in a whole day recently pulling bolls. We want our readers to understand that we are not vouching for the truth of this statement. It is one of our rules never to vouch for any wild yarn unless it at least seems reasonable. But H. W. declares this one is the truth. Now you tell one.

While the wheat acreage in Lynn county is small, consisting mainly of small patches sowed for grazing purposes, yet the wheat is growing nicely and is already affording some grazing. G. M. Stewart has a considerable acreage on his farm southeast of town, sowed before the first rains came this fall, and he says it is looking fine.

Tahoka ought to have some kind of a charitable organization and a charity fund to relieve the suffering of such of our own people as may need help this winter. The indications are that some people in the county will suffer terrible hardships unless they get relief, especially if we should have a severely cold winter. Just this week we noted the plight of a family living at Wolf-forth in Lubbock county as described by the Lubbock Avalanche. It being reported that the family was near starvation. Two of the nine children had died within a week, sickness being caused from exposure, it was thought. A third child was sick. He family, being without sufficient bedding, have been sleeping on the floor. An appeal was made by the Avalanche for aid, and it was doubtless forthcoming. It is probable that there will be a number of families in Lynn County in just as hard a plight before the winter is over. It would be a disgrace for the people of Tahoka and Lynn county, through negligence or indifference, to permit families in their midst to suffer for lack of food or bedding. We ought to have a charity fund and a responsible committee to dispense it.

It became apparent several weeks ago that Federal drouth relief will not be given to West Texas counties. A few days ago Governor Dan Moody announced that he would not call a special session of the legislature to consider state relief measures. He suggested, however, that if the various counties would issue county warrants to provide funds to loan needy farmers the State would probably take up these warrants and carry them for a year or two. Some of the counties are now discussing the matter of issuing county warrants. We understand that the county judge and commissioners' court of Lynn county are to consider this plan at their meeting next Monday and will probably call a meeting of farmers and business men for an early date to advise with them about it. If county warrants can be legally issued for this purpose, it would seem that this would be a good plan for all the counties to adopt, in which farmers are in distressing conditions.

**WHAT OTHERS
THINK**

A PRESIDENT FROM TEXAS?
Texas is a Democratic State, part of the Solid South, which presumably is a sort of annex to Northern Democracy. Under such conditions the best that Texas can hope for is that some national convention may offer it as a consolation prize the candidacy for the Vice President's office, when there is no chance of winning the election.
But Texas should do better than that. It should lead the South into a flirtation with the States west of the Mississippi and give Tammany Democracy the mitten. It should acquire the reputation of being a doubtful State, perfectly willing, for the sake of principle to repeat the story of 1928. As a hidebound Democratic State, it is zero in national politics, but as a doubtful State, full of independent voters, it would command profound respect from party leaders.
Texas should concentrate power in the hands of the Governor by making him in reality the head of the administration and influential over the Legislature. A powerful Governor in a doubtful State, who has shown capacity in managing the affairs of a great Commonwealth, is always a preferable presidential candidate. If Texas were truly independent in its politics and stood for real Democratic principles, not dominated by the variety cultivated farther north, it would raise up great leaders in the political life of the State. To these the Governor's chair, if made important, would be a worthy ambition. From that chair great men would pass into the Senate and into the President's office. Texas might well become a Virginia or an Ohio—a Mother of Presidents. But it must give its leaders opportunity for greatness in home politics, and then at the proper time offer the best as a "favorite son" for the highest office in the United States. Texas will yet furnish Presidents to the Nation, but its Democracy must be free and its candidates tested in the management of a great State.—Dallas News.

**RANDALL COUNTY EXHIBIT
TAKES FIRST AT DALLAS FAIR.**
Tell that to the makers of geographies.—Olin E. Hinkle in the Pampa Morning Post.
Well put, friend, and we hope that it will have its influence upon those who continue to look upon the Plains of West Texas as a barren waste.—Canyon News.

WHOSE RIGHT IS SUPERIOR.
Three men and a woman up in West Virginia took a two-year-old child (the woman's child) with them on a drunken spree. They tied wire around the child's throat and choked it to death. Then they tried to pull the little one to pieces and finally threw the mutilated body into the river. All four of the murderers confess the crime and give as an excuse that they were drunk. Just exercising the personal liberty we hear so much about.

Three men in Kansas City, Kansas, pulled off a drinking party one night last week. Two of them are dead, both being shot through the heart. The third man says he knows nothing about how it happened. The three men were friends of long standing, all being advocates of personal liberty.

A truck down in the Rio Grande Valley ran into a car that was occupied by four women. Two of them are dead. The driver of the truck was drunk. He is probably one of those individuals who says that if you will let whiskey alone it will let you alone. But these women didn't find it so.

Now honest, is your right to drink superior to the right of others to live? Think about this when you spout personal liberty.—Marshall News.

**AT THE CROSSING OF THE
WAYS**

Securing a designation for Big Spring as the crossing of two or more trunk line railways is now a possibility and a probability. Since we are at the crossing of the ways as regards air mail routes and state and national highways the coming of the needed rail lines will have us as the real transportation center of West Texas. With one railway already proposed northward from Big Spring and another headed north from Corpus Christi and San Antonio the outlook for railroads for Big Spring is excellent. If the big speculators take a notion to start developments in West Texas, and put over boom times such as California, Florida and other sections have experienced it is within their power to do so. And with so many of them now evincing an interest in the Southwest we may be selected. It is to be hoped this does not come to pass as the action inflicted gets the worst of the deal when the boom has run its course.—The Big Spring News.

There is a lot of comment and discussion going on in the Abilene daily papers just now concerning the announced intention of Dr. Salkeld of that city to withdraw from all worldly affairs in order that worldly influences would not detract from his spiritual duties. In the main he was complimented on the stand and his action endorsed by ministers and others.

The Rev. Salkeld withdrew from all fraternal orders and also had his telephone discontinued, and announced that he would accept no engagements of a worldly nature.
Now, the thing that bothers us is a line in the paper along with this discussion that said Dr. Salkeld was leaving for Fort Worth to attend the big T. C. U. football game. Now that kinda floored us. Is a football game worldly? Well, those few games that we have seen seemed to us to be decidedly so. As for worldliness we believe the average football game will compare favor-

ably with political rallies (which Dr. Salkeld particularly renounces).
The average good football game is spirited, but not spiritual. On the other hand, nearly all, if not all, of the fraternal orders Dr. Salkeld withdrew from have more of a spiritual than worldly air in the rituals. And this makes us wonder if Dr. Salkeld was joking, or if he was wanting some publicity.—Rotan Advance.

New farmers are arriving here almost every day looking for places to rent, some few wanting to buy. These rent farmers for the most part look to be real dirt farmers and seem to have made good where they came from, but have been up against the real thing the last few years. All say they believe Terry county to be the real safe all round farming section, and they want to cast lot with us. A county agent from Young county was here this week, and said he made the trip here just to see real maize and corn one more time in his life. He saw it plenty of it.—Terry County Herald.

Experiments that have been going on in the Rio Grande Valley for the past two years indicate the probability that coffee may be added to the list of valuable crops in that section. Another year will determine, the experimenters think.

BACKACHE SPELLS

**This Lady's Husband Urged
Her to Take Cardui.—
Soon Benefited.**

Troy, Ala.—"Cardui has done me good, and it has done my 15-year-old daughter so much good," says Mrs. J. W. Jirright, of this place, "that I felt I wanted other women to know the facts about it, so I wrote to The Chattanooga Medicine Co., telling them about my experience with this medicine, Cardui."
"I have used it at intervals for sixteen years, when I suffered from weakness, and it always helped me. Mostly I was afflicted with bad spells of backache. At times I felt as if my back would break. I would drag one foot after the other, in a helpless sort of way, and once I got down in bed. My husband urged me to take Cardui, and I soon found what a fine medicine it really was. When my second child was little, I was in very bad health. I did not pick up as I should have. I was weak and sickly. I do not believe that I would have come through, but for Cardui."
"Thousands of other women have written to tell how Cardui had helped them to health. Cardui is a purely vegetable remedy and contains nothing harmful or injurious. It may be safely taken by a delicate young girl as well as by a feeble old lady."

When
BABIES
are Upset
BABY ill and ailments seem twice as serious at night. A sudden cry may mean colic. Or a sudden attack of diarrhea. How would you meet this emergency—tonight? Have you a bottle of Castoria ready?
For the protection of your wee one—for your own peace of mind—keep this old, reliable preparation always on hand. But don't keep it just for emergencies; let it be an everyday aid. It's gentle influence will ease and soothe the infant who cannot sleep. It's mild regulation will help an older child whose tongue is coated because of sluggish bowels. All druggists have Castoria.

CASTORIA**

DR. MILES' Liquid NERVINE
All Wrought Up Over Nothing
Didn't sleep last night; too much work; the children are fretful; the Boss is cranky; Mrs. DeVere didn't invite you to her party.
Ordinarily you don't mind any of these things, but today they are simply unbearable. You are nervous, that's why.
Did you ever try Dr. Miles' Nervine? Just two teaspoonfuls in a half glass of water will quiet your over-taxed nerves and bring you a feeling of calm and peace.
Dr. Miles' Nervine is now made in two forms—Liquid and Effervescent Tablet. Both are the same therapeutically.
At all Drug Stores. Price \$1.00

Minerals Help Make Texas Rich

Establishment of the nation's only antimony smelter at Laredo opens up for Texas another industrial opportunity. Antimony is a metal which was first extracted from the ore in 1490 by Basill Valentine, a monk of Erfurt. It is of silvery-white color, strong lustre and of peculiar taste and smell. Its texture is radiated and fibrous, and the metal is so brittle that it may be pounded to powder in a mortar. Antimony is found on both sides of the international river in the Big Bend country. Peculiarly enough, antimony can not be used alone for any practical purpose, but combined with other metals it forms very valuable and useful alloys. As an instance: with lead and tin, the former also being found in and near Texas in commercial quantities, it makes the metal from which are cast linotype slugs, type faces, and stereotypes, all used in the printing of your newspapers.

Helium—the gas which, because it is neither inflammable nor explosive, makes giant air-craft safe and practicable—is found in the other extremity of Texas, in the Amarillo section of the Panhandle, where it is recovered from the flow of natural gas wells. Amarillo likes to be called "The Helium City" because it is the only helium-producing center in the United States. Which, it appears, makes Texas unique among the states in another very important respect.

Since for some reason, or no reason at all, we've got to talking about Texas' natural resources, probably we should mention that chemical anomaly which occurs way out in West Texas, at Mica (near El Paso). Here are mined non-metallic silvers, bronzes, and other colorful substances which are being extensively used in continental Europe for the beautification of concrete construction. Nothing like this, so chemists and engineers inform us, anywhere else in the world.

Who knows when Texas will cease to startle us by pulling out of her bag of wonders some newer, stranger resource? Though she be fifth in population, first in agriculture, and high in the industrial ranks of the United States, Texas remains one of the magnificent mysterious areas of the Western Hemisphere. The man has not yet been born who can estimate the extent of the natural wealth to which her sons are heirs.

At Presidio, for instance, is rapidly being built a Denver of the Southwest. Miles from a railroad, surrounded by a scenic wonderland, the center of a climate so delightful it beggars description, Presidio for years was just—Presidio. It dug a living out of the treasure-burdened hills, raised vegetables sufficient for its needs in the rich soils of the river valley, and was so healthy it worried mighty little about the unspanned distances between it and the great hospitals of El Paso and San Antonio. Then came the railroad shops, buildings, lot and townsite sales, new mines surveyed and old mines reopened, hundreds of new families, scores of new stores, undreamed prosperity and unprecedented growth. Today Presidio threatens to become one of the important gateways between the great republics of North America, mining capital of the Southwest, center of a scenic wonderland—truly another Denver. And who can say where next the moving finger, shall come to rest?

Opportunity has never ceased to pound at the door of the Texan who has not stopped his ears that he could not hear her summons, and blinded his eyes so he could not follow where she led him.—Editorial Digest.

THE LEADER

(By Elizabeth Hart)

Not so much to look at, hey? But let me tell you brother, That sheep's got more'n his rightful share Of something or another.

You try to drive this flock around Even when a storm is racking They bunch and huddle, crazy-like, As if their brains were lacking.

But let this fellow step right out And take the lead to shelter, They get their senses mighty quick and follow helter-skelter.

Can't blame the sheep—we're some like that.

When certain duties need us We hesitate and stall around Till someone comes to lead us.

Lake Lovenshield, recently completed, will supply Corpus Christi with water, impounding 65,000 acres-foot, or enough for three year's supply for a city of 400,000 population.

South Ward

We had a real nice crowd for Sunday School Sunday.

Everybody is enjoying the pretty weather we are now having.

South Ward organized a B. Y. P. U. Sunday evening. There was an unusually large crowd attending and all entered into the union with full force for a good B. Y. P. U. Everyone is invited to come out at 6:30 each Sunday evening.

Mr. and Mrs. D. D. Ware and Mr. and Mrs. R. C. Cooper spent last week end with relatives at Snyder.

Mr. and Mrs. J. T. Pinkley and daughter Opal has moved to Antion. We all hated to see them go, but wish them the best of success.

Miss Laddell Hood was a dinner guest of Miss Mary Ellen Inman last Sunday.

Mr. and Mrs. Taylor, Miss Edna Moore and Miss Irene Redding were dinner guests of Miss Mildred and Birdie Hardt Sunday.

Mr. and Mrs. White and two children were dinner guests of Mr. and Mrs. J. W. Moore Sunday.

Mr. Hope Hardt visited in the Moore home Sunday.

Mr. and Mrs. Taylor and Mr. Daniel, Misses Edna Moore and Miss Mildred Hardt was visiting in Lubbock Sunday.

Mr. and Mrs. G. B. Ware and son, Garland of Berger is visiting his brother, Mr. and Mrs. D. D. Ware—Reporter.

NOTICE OF SHERIFF'S SALE

STATE OF TEXAS, COUNTY OF LYNN.

Otto Stolley, Plaintiff, against R. H. King, Defendant, No. 827, in the district court of Lynn County, Texas.

Whereas, by virtue of a certain execution issued out of the District court of Lynn County Texas, on a judgment rendered in said court on the 17th day of October, A. D. 1930, in favor of the said Otto Stolley and against the said R. H. King, I did on the 3rd day of November, A. D. 1930, at 2 o'clock P. M., levy upon the following described personal property belonging to the said R. H. King, to-wit: One Buick Coupe Automobile License No. 795192, Motor No. 2290628, Model No. 29 26 and on the 17th day of November A. D. 1930, between the hours of ten o'clock A. M. and four o'clock P. M. on said day in front of the court house door of said county I will offer for sale and will sell at public auction, for cash all the right, title and interest of the said R. H. King in and to said property to satisfy said judgment, interest and costs of suit.

Dated at Tahoka, Texas, this 3rd day of December A. D. 1930.
S. W. SANFORD, Sheriff,
11-2tc Lynn County, Texas.

With an increase of \$2,000,000 over 1929, Potter County's tax valuations exceed \$40,000,00 for the first time.

Wilson

We are having fine weather for pulling cotton.

Doris Troutwein and wife of Shiner arrived Saturday. They are going to stay with Mr. Crosby and girls while Mr. Crosby is absent. She is taking treatments at Mineral Wells.

Twenty-nine Leaguers went to Tahoka Sunday afternoon and attended the union meeting. They reported a nice program.

Ross Williamson had the misfortune to hurt his hand on a nail.

We are sorry to say Hardy Swope is not doing so well. He has been confined to his bed for some time.

The Methodist young people enjoyed a party Friday night at the church.

The Baptist young people had a spook party Friday night. Every one had a wonderful time.

Wheat is looking mighty pretty and promises to be a fine winter pasture. Nearly every farmer around here planted some wheat this fall.—Reporter.

Santa Anna has secured the removal of a glass factory from Bristol, Okla., giving a local outlet for the famous glass sand that is found in huge quantities in Santa Anna Mountain. The sand plus a plentiful and cheap gas supply were the major factors in securing the industry. It will be the fourth factory of its kind in the state, Wichita Falls having two and Three Rivers having the third.

GOOD FOR DIZZINESS

Constipation Troubles Relieved By Black-Draught, Says Kentucky Man.

Hopkinsville, Ky.—Hundreds of people in Hopkinsville know Mr. Dale Harris, of 102 South Kentucky Avenue. Mr. Harris knows Theodor's Black-Draught, from having taken it a number of years. He says: "I often come in from work with a bad feeling in my stomach and head. I have a dizzy feeling in my head and am constipated, so I fix me a dose of Black-Draught immediately to guard off a spell of illness."

"I have always found Black-Draught to be perfectly satisfactory in every way, and would recommend it to any one as a safe and wonderful medicine when a purgative is needed."

"It is a good idea to keep a box of Black-Draught in the medicine cabinet so at a moment's notice you may take some when dizzy spells and constipation occur."

"Thousands of others have reported that many disagreeable symptoms, due to constipation, have gone away after they had taken Theodor's Black-Draught."

This well-known medicine has been in use nearly 100 years, and its popularity is constantly increasing, as growing sales clearly prove. Sold in 25¢ packages.

Theodor's BLACK-DRAUGHT
For Constipation, Indigestion, Biliousness

Sweet potato production in Texas is estimated at nearly 8,000,000 bushels this year. Citizens of Northern States have no idea of the deliciousness of Southern yams. All they know about the potato as food is gleaned from experience with the kind Southern people call "nigger-chokers," a tasteless, tough, white

potato that compares with a "pumpkin-yam" about as woodpulp compares with strawberries.

Frazier Story, 4-H club boy of Houston County, showed a gross income from one acre of tomatoes of \$123.19 and a net profit of \$122.22, making 9,400 pounds of the crop.

CAMP FIRE GIRLS ARE ORGANIZED RECENTLY

Two groups of Camp Fire girls have been organized recently in Tahoka. At the first meeting of group No. 2, held last week, the following officers were elected: Martha Helen Powell, president; Lottie Jo Townes, vice-president; Ney Camille Fenton, secretary and treasurer; Betty Lou Suddarth, scribe and reporter; Dottie Turrentine, song leader. Those who are not officers are Margaret Greathouse and Louis Wright. Mrs. Nelson is the guardian. They also selected a group of Otyokwa (O-jok-wah). At the meeting on Nov. 4th, they decided to go on a sunrise breakfast or bacon and egg hike on Saturday morning, November 8th. In the afternoon they will have a candy sale at the corner of Hogan's Dry Goods store. They are trying to get more money than group No. 1 got at their sale.

The Camp Fire girls cordially invite every girl over ten years of age and under eighteen to become members.—Reporter.

HI-LEAGUE HALLOWEEN PARTY ENJOYABLE AFFAIR

The Epworth Hi-League of the Methodist Church enjoyed a gay party at the American Legion Hall Halloween night. The hall was decorated attractively, and many games, new and old, were played. When the party was in full swing, the guests were escorted into the "Chamber of Horrors" which was located in the basement of the Legion Hall.

After the story "The Haunted House" was told by Kenneth Reid, delightful refreshments of hot chocolate and gingerbread were served to about thirty young people. After other enjoyable games this very interesting evening was closed with League Benediction.

LIVE-WIRE LEAGUE UNION MEETING AT TAHOKA

The monthly meeting of the Live-Wire League Union was held Sunday, November 2nd, in the Methodist Church at Tahoka.

Wilson, Grassland and Tahoka were represented and Wilson was decided winner of the Banner for another month. Resolutions were made by the other members to contend stronger this month for that honor. All members of the Union are striving to make the Live-Wire Union the best in Lubbock District.

An attractive devotional program was given by members of the Wilson chapter, and after a brief recreation period the meeting was closed with the League Benediction.

KIWANIS CLUB ENJOYS HALLOWEEN PARTY

It was a strange looking bunch of merry-makers that quietly and spookily assembled in the basement of the Methodist Church last Thursday night, the occasion being the Kiwanis Halloween party. The Kiwanians, wives, and guests came in various kinds of costumes, from the most ridiculous and clownish to the stately garb of a George Washington. The Kiwanians became kids again for the time being and all had a jolly time.

WESTS ARE HONORED AT LUBBOCK SATURDAY

Miss Gladys Franklin of this city and Truett Smith of Tahoka entertained for Mr. and Mrs. Sammie West, of Washington, D. C., Saturday evening at the Glorieta with a banquet.

Appointments were in the baseball theme since Mr. West is an outfielder with the Washington Senators. Places were laid for Misses Blanche Fann, Mildred Boone, Loula Denham, Mr. and Mrs. C. J. Atchison, Fred Barker, Vernon Davis, Flake Hancock, E. E. Hancock, the hostess and the honor guests.—Lubbock Avalanche.

HI-LEAGUE HOLDS THEIR MONTHLY BUSINESS MEET

The regular monthly business meeting of the Epworth Hi-League was held Monday night at the Methodist Church.

Minutes of the last meeting were read and approved and reports were given from the officers.

Annabelle Reid was elected as Treasurer to succeed Lester Prater. Plans were made for an enthusiastic contest to be started Sunday and leaders were chosen.

The League extends a cordial invitation to all young people of the ages of 13 to 17 to attend League meeting each Sunday evening at 6:15.—Reporter.

NOTICE

There will be a call meeting of Tahoka Lodge No. 1041 on Tuesday night, November 11; work in second and third degrees. All members urged to be present. Visitors welcomed.

Opinions Of Our Readers

Help! Help! Help!

Help ourselves. The time is here when we must face the conditions that are before us.

That we have a winter and spring before us that will bring suffering to untold numbers, none can deny, unless we take measures at once to meet the situation.

Our national government officials have pointed out to us the way. They have been urging everyone, private and public, to push any contemplated improvements so as to employ as much labor as possible. We all know that sooner or later we will have to pave highways 9 and 84 and that we will pave the four streets leading out to the city limits on such highways. So why not take the suggestion of our national relief committee and at the earliest possible date vote city and county bonds and begin that work as soon as possible?

Already our hotels and private citizens are being called on daily to care for people without work or money. The money spent on those permanent improvements would carry our county over the next twelve months, which, if something is not done, will be just too bad.

Some may object to more taxes. Look here, folks. We are going to have to pay for these conditions some way. Why not in a way that will help everybody? The hundreds that are on our streets and highways every day will soon get desperate. There will be robberies, hi-jacking, and murders, and we will have to

pay through our jail and courts.

Then, by putting on this improvement program, there would be at least \$2,000,000 spent in our county, and there would not be a business enterprise in the county, not even the small farm, but that would get more out of the improvement than their taxes would be. If there is not something started, where will our merchants find buyers for goods? Where will our farmers find sale for butter, eggs, chickens, etc.?

Folks, there is just too much to say to take up space in our paper. Let's call mass meetings in every community at once and get this thing before us in the right way.

A Citizen and Property Tax Payer

New Lynn

"Work while the sun is shining." That is sure what the people around here are doing. They surely are making up for lost time.

A number of the young people attended singing at Gar-Lynn Sunday afternoon. They reported a good time and fine singing.

Misses Nola Mae Callahan of Treadway, and Lucille Cashion of Tahoka visited here Sunday afternoon and singing Sunday night. Glad to see them back visiting, as they used to live here and it seems just like home to them and all the others that were here when they left.

Miss Dell Winkler is on the sick list this week. Hope she will soon be able to be back with her friends. Mr. and Mrs. Fletcher Keaton spent Sunday with Mrs. Keaton's parents, Mr. and Mrs. Bingham.

Singing was fine Saturday night. We hope we can have a larger crowd and better singing the next Saturday night.

Mr. and Mrs. Winkler were called to Wellington to the bed side of

their son-in-law Saturday, was got his arm crushed off in a gin press. We hope he will soon get better and Mr. and Mrs. Winkler can return to their home.—Reporter.

EASTERN STAR

There will be a meeting of the Eastern Star Friday night at 7:30. MRS. BONNA STOKES, W. M.

The people of the United States are fast forgetting sectionalism. Just recently a Chicago youth who is attending a university in Virginia placed a wreath upon the tomb of the beloved General Robert E. Lee on the occasion of his annual birthday. A portrait of Abraham Lincoln adorns the homes of many southern people these days.—Terry County Herald.
