Tahoka, Lynn County, Texas, Thursday, November 2th, 1930

Number 13

I. P. Metcalf Dies; Was Texas Pioneer

FOLLOWS WIFE TO THE GRAVE

Had Lived Here 25 Years; Was
Union Soldier, Texas Ranger
And Indian Fighter

I. P. (Uncle Ike) Metcalf, 80, one of the best known South Plains pioneers and a citizen of Lynn county for over twenty-five years, died here at 6:30 Saturday morning at the family residence, one of Tahoka's oldest houses. He was known as the "Marryin' Justice."

He has been in ill health some time and had broken considerably since the death of his wife last June 23rd.

For many years Uncle Ike had been a member of the Baptist Church at Redwine, and the funeral services were conducted here Sunday afternoon by the pastor of that church, Rev. J. W. Braswell, assisted by Rev. Owen J. Hull, pastor of the Tahoka church. The services were held in the church here and a large number of friends and relatives attended, in the face of one of the severest wind storms that has visited this section in many years. Interment followed in the City Cemetery.

"Uncle Ike" had one of the most colorful careers of any West Texas citizen. At an early age he was a newsboy on the streets of Chicago. Though born on January 27, 1850,

Officers Elected By Kiwanis Club

The Kiwanis Club was entertained at luncheon Wednesday by a couple of vocal selections by Miss Evelyn Shepherd with Mrs. Sudarth at the piano. Mr. Scott Gunn of Gatesville was present as a visitor.

Following the musical numbers, officers for the ensuing year were elected.

Truett Smith was re-elected president, and Judge C. H. Cain was elected vice-president. G. H. Nelson was re-elected as district trustee, and R. W. Fenton, Jr., was elected treasurer. Directors were elected as follows: W. B. Slaton, G. A. Brasfield, Dr. C. B. Townes, E. I. Hill, T. J. Bovell, B. R. Tate, and L. C. Haney.

H. S. Aggie Class Stages Barbecue

The vocational agriculture class of the Tahoka high school staged a big barbecue out in the T-Bar pasture a few blocks west of the high school building Friday night, to which their fathers and a number of business men of the town had been invited, and a goodly crowd of men and boys was present.

Ed Redwine was the chief cook and the meat that he dished out was just about the most palatable we have closed our lips over in some time. Following the feast, Taylor White, the vocational agriculture teacher, announced that the boys had prepared a program and Boswell Edwards, as president of the class, was asked to preside. He delivered a most excellent address, which was followed by talks by Superintendent J. B. Pace and the editor.

Then came a series of pillow fights, perpetrated by several couples of men and of boys, the combatants sitting astride a horizontal pole, and facing each other, armed with bags. Each endeavored to knock his antagonist off the pole, and these combats were fast, furious and amusing.

It was a most pleasant occasion and the boys and their teacher are to be commended for the success of it.

Canadian — \$200,000 of \$700,000 road bond issue voted on March 25 by Hemphill County, now being used to improve county's lateral roads.

LEVELLAND TO PLAY TAHOKA

Football Game Here Tomorrow
Promises To Be A Hard
Fought Contest

The Levelland Lobos will meet the Tahoka Bulldogs on the local gridiron Friday afternoon in what promises to be a fierce battle of football. The game starts at 4 p. m. Coach Payne's Levelland crew is one of the strongest teams in the western half of the district. They have lost only two games this season, one to Brownfield, by a small score, and the other to Littlefield 6 to 0. Earlier in the season they defeated Littlefield, but one of their men was ruled ineligible and the game was replayed. They defeated Muleshoe 39 to 0. They also defeated Spring Lake which had just won a victory over Littlefield. From all appearances Levelland is of just

(Continued on last page)

ROGERS NAMED JUSTICE HERE

Succeeds I. P. Metcalf To Precinct
Office; Is Appointed By
Commissioners

It is now Judge B. F. Rogers. At a meeting of the commissioners' court Monday morning, "Uncle Ben" was appointed to fill the unexpired term of I. P. (Uncle Ike) Metcalf, deceased. He made bond and was sworn in almost immediately.

It is understood that there was another applicant for the place and that the court took a secret ballot. Two votes were cast for "Uncle Ben" and two for the other applicant. Judge Grider was compelled to vote off the tie and he voted for "Uncle Ben."

Uncle Ben has served his state in responsible positions before. For a number of years he represented his district over in East Texas in the

Silica And Potash Development Seen

City Council Renews Reward For Arson

At a meeting of the city council Monday night, action was taken renewing the offer of a reward of \$100.00 for the detection and conviction of any person guilty of arson. This action was provoked by the several mysterious fires that have destroyed residences in Tahoka the past few weeks.

THIEVES ROB LUMBER YARD

Forrest Lumber Co. Entered Tuesday Night; \$43.98 Is Taken In Cash

Thieves broke into the office of the Forrest Lumber Company on Tuesday night, broke the lock on the safe, and took therefrom \$43.98 in money and checks aggregating about \$115.00. It is not expected that any effort will be made to cash the checks, however.

Entry into the building was effected by the use of an iron bar of some character, with which the window screen was pried loose and the window sash raised, breaking the lock on the window. The knob on the lock of the safe was broken off with a sledge hammer or some other heavy instrument and the lock put out of commission. The print of the hammer with which the blows were struck was plainly visible on the broken knob. Prints made by the iron bar on the window through which entry was made were also clearly visible.

It is reported that the safe of the Cicero Smith Lumber Company at O'Donnell was broken into on the same night. It was not stated how much money was taken there. Evidently the same parties perpetrated both crimes.

Damage Is Done By Sand Storm

Possibly the worst sand storm that has visited this section since Thanksgiving day in 1926 howled across the South Plains Saturday and Sunday. While little damage was done to buildings and outhouses, yet the damage to ungathered cotton and to feed still in the fields was considerable.

Some of the cotton was blown from the stalks and buried in the sand. The fiber of the cotton remaining on the stalks was permeated with fine particles of sand, so that following the storm it requires from 2,000 to 3,000 pounds of unginned cotton, to make a bale. Some report a turn-out of only 300 or 400 pounds from the above amounts of the raw material.

To add to the damage, a slow, misty rain fell Wednesday morning, cementing the sand in the cotton fiber and materially damaging the grade. The greatest loss, possibly, comes from the fact that the increased weight makes the ginning extremely high.

Charge Truckman Of Liquor Possession

Not only is it the duty of the state highway patrolmen to enforce the traffic laws but they are also charged with the duty of looking out for the illegal transportation of liquor on the highways. Discovering a truck parked here a few nights ago with a New Mexico license plate on one end and a Texas license plate on the other, Jack Reeves decided to investigate and found a half gallon jar of whiskey in the truck. A complaint was filed against the driver for a violation of the liquor laws.

Stranger—Rastus, what do you do for a living?
Rastus—Nuthin, sir.
Stranger—Well, that's a pleasant job, I must say. No worries attached to it.
Rastus—No suh. 'Captn' I might lose it.

DIG WELLS TO TEST SILICA

Houston Man Plans To Develop Rich
Mineral Beds South Of
Tahoka

Further silica tests are now being made in the lake lying across the highway seven miles south of Tahoka to determine the feasibility of mining the silica deposits to be found beneath the surface in this lake. Seven test holes are now being dug on this land with a view to determining the thickness and the depth of the deposits. The lease is held by Dr. J. W. McDonald of Houston who is having the tests made.

Recent analyses of the deposits show them to have the following mineral content: Potassium oxide, 5.26 per cent; sodium, 3.22 per cent; lime, 2 per cent; magnesia, 1.16 per cent; iron, 2.37 per cent; aluminum, 14.63 per cent; silica, 64.55 per cent; water, 6.8 per cent.

Silica is the base for soaps and cleansers and other useful products, and there is a wide demand for it. It is understood that Dr. McDonald is now negotiating with prospective purchasers of the product and if a deal should be closed mining operations will probably be begun at an early date.

Potash Deal Is Still Pending

Negotiations are still pending for the mining of the rich potash deposits to be found in Double Lake out in the T-Bar pasture, with excellent prospects for a deal to be closed soon, according to information given the News Wednesday. Some minor matters have been holding the deal up, it seems, but it is expected that these will be cleared up within a few days and the deal closed. However, there is a possibility, of course, that the whole proposition will fall through.

Just as soon as we can give definite and authoritative information on the project we shall do so with considerable detail.

Special Program At Baptist Church

This coming Sunday evening at 7:30 o'clock the choir of the First Baptist Church of Tahoka will present a Sacred Musical Thanksgiving Program in the auditorium of the church. The entire hour will be given over to the choir for this program.

As we approach Thanksgiving Day, when the whole nation will pause to give thanks to Almighty God for his blessings upon us during the past year, we feel this musical program will help to tone up our spirits and put us in the proper attitude to observe the day as we should.

All the choruses, anthems, solos, duets, quartettes, etc., are filled with praise and thanksgiving. The choir which has many choice voices, has been making preparation for this program for some weeks, and the pastor and church extend a cordial invitation to the public to be present and enjoy this feast of good music.

There will also be some choice instrumental numbers in this program. Miss Elysbeth Smith of Lamesa, who teaches violin a part of each week in our community, will assist with the program, and play a violin solo. Others will render instrumental numbers.

You will not forget the time: Sunday evening at 7:30 o'clock. Place: Auditorium of First Baptist Church.

There will be no morning worship at this church Sunday. The congregation will join with our good Methodist friends in giving a welcome to their new pastor, Brother Shepherd. Sunday School meets promptly at 9:45 A. M.

Breedlove To Paducah; Shepherd Comes Here

KERR COUNTY VOTES
\$450,000 BOND ISSUE

KERRVILLE, Nov. 18.—Kerr county taxpayers Saturday authorized a \$450,000 road bond issue by the largest majority of any proposition ever voted on here. The vote outside Kerrville was 1,743 to 234, and in Kerrville, 1,156 to 12. With state and federal aid Kerr county will expend nearly \$1,500,000 for paved highways.

Boy Scout Court Of Honor Tonight

A court of honor for Boy Scout troops 40 and 21 will be conducted in the district court room tonight (Thursday).

The local troop committees will be in charge but the court will really be conducted by a boy scout leader from Lubbock.

Many of the boys will receive awards and they should be encouraged by the presence of their parents. Other citizens are also urged to attend, as there will be an element of entertainment in the program.

TEXAS TECH BAND APPEAR
IN NEW UNIFORMS RECENTLY

LUBBOCK, Nov. 18.—The Mator Band of Texas Technological College recently made its first appearance in its new uniforms. The suits, of black serge trimmed in gold braid, carry out the bull-fighter idea from the red satin inserts in the legs to the black flat-topped Spanish hat.

Methodist Conference Makes Change

Rev. J. W. Shepherd, pastor at Levelland for the past several years, is coming to Tahoka as the new pastor of the Methodist Church here. This was the assignment given him by the Northwest Texas Conference which closed its work for the year at Sweetwater last Sunday night. He will remove to Tahoka immediately and will be here for his first service next Sunday morning.

Rev. Shepherd is a brother of Rev. B. N. Shepherd, who was pastor of the Baptist Church here for four years, going from Tahoka to Clarendon about a year ago. He is reputed to be a strong preacher and a most amiable Christian gentleman, and he will be warmly welcomed to Tahoka.

Rev. R. T. Breedlove, pastor here for the past four years, was assigned to the Church at Paducah. This is a strong church and a good town, and while regretting that Brother Breedlove and family are leaving Tahoka, the people here are united in a feeling of gratification that he was assigned to so excellent a charge. Brother Breedlove is one of the best preachers and one of the most popular pastors Tahoka has ever had, and he leaves with the good will of the whole city and county. He likewise has a very fine family, who have won their way into the hearts of our people, who regret to see them leave.

Other appointments of interest to the people of this county are given below:

(Continued on last page)

Fire Demon Busy In Tahoka; Three Houses Destroyed During This Week

The fire demon has been busy in Tahoka this week. Two residences have been total destroyed and a third one badly damaged as a result of fires of unknown origin. Both houses destroyed were vacant.

On Sunday night, or rather about 2 or 3 o'clock Monday morning, fire was discovered in the vacant house formerly owned by the late Marshall Swan but recently reconveyed by Mrs. Swan to Happy Smith and Grover Stewart, situated on the corner immediately west of the Keltner Hotel. The fire department responded promptly to the fire alarm but the fire had already gained too much headway for the boys to save the building. They were hampered in their efforts by reason of the water pipes having become stopped up, it is said. The house was unoccupied and nobody seems to be able to figure out how the fire could have originated unless it was the work of a fire fiend. There was a small loan on the property and a small amount of insurance but not enough to cover the loss.

At 1:15 o'clock Tuesday morning another fire alarm was turned in, the fire this time being in a small vacant building in South Tahoka recently purchased by W. A. Strick-

land from C. L. Dickson. This house was totally consumed by the flames and the residence of T. P. Chancey situated on the adjoining lot was badly damaged by fire and water. A car belonging to Mr. Chancey was also destroyed. Most of the Chancey furniture was saved. When Mr. Chancey awoke the building next door was wrapped in flames. Mr. Chancey carried no insurance on his residence, but insurance was carried on the vacant building, we understand. We did not learn the amount of the policy.

This is the third fire originating in a vacant building and destroying it within the past few weeks, a vacant house in South Tahoka belonging to R. A. Metcalf of Slaton having been destroyed a few weeks ago. Also, it has not been many weeks since the splendid home of Hall Robinson was almost completely consumed by fire of unknown origin while the family was away from home.

These many fires, all originating in vacant houses or in residences while the occupants were way from home, have set the people on the streets to speculating as to their possible origin. Many believe that they are of an incendiary nature.

Residence At Joe Bailey Destroyed

The splendid home of Mr. and Pemberton in the Joe Bailey community was completely destroyed by fire about sunrise last Friday morning as the result of an oil stove explosion. Practically all of their household effects were also destroyed, we understand.

LOCAL SCHOOL GIVEN PRAISE

State Inspector Says Tahoka High
School Is One Of Best
Of The State

"Tahoka high school is one of the best equipped schools of any town of similar size in Texas. The work being done is also exceptionally good." This was the opinion expressed to The News by H. O. Smith, Austin, high school inspector of the State Department of Education, following his official visit to the local institution Tuesday.

Mr. Smith was loud in his praise of the local school. Going further, he said he was exceptionally well impressed with the general spirit and morale of the faculty and students and the work they are doing. Work already affiliated and that for which affiliation is being asked is unusually good. The building and equipment is far above the average, he said.

A complete report of his observations and recommendations will be sent the local school in a few days by him.

Mr. Smith was superintendent of schools at Muleshoe while Mr. Taylor White was a teacher there, and Mr. Smith was high in his praise of Mr. White and his work.

It will be remembered the G. L. Huckaby, rural school inspector, while here about two weeks ago, stated that Lynn county's rural schools were of an unusually high class, far above the average.

Mrs. R. Bosworth Died Tuesday

Following a long illness, Mrs. R. Bosworth, living one mile west of Central Baptist Church, died Tuesday night. Funeral services were conducted in Central Church Wednesday afternoon followed by interment in the City Cemetery here.

Mrs. Bosworth had been ill for several years and physicians had pronounced her disease to be pellagra. Every reasonable effort had been made to stay the hand of death, but all to no avail.

Mrs. Bosworth together with her husband and family resided in Tahoka a year or two a few years ago and had many friends here as well as in the Central community. She was a faithful member of the Central Baptist Church and was a most devoted Christian mother.

Caviness, Williams, Visit Rural Schools

County Superintendent H. P. Caviness has been visiting rural schools this week, accompanied by C. C. Williams, secretary of the Tahoka Chamber of Commerce.

Supt. Caviness presented certificates of standardization to the schools at T-Bar and Wells. These certificates were earned last year but were only recently received by Mr. Caviness.

Mr. Williams has been making talks to the schools about various countries visited by him on his trip around the world a few years ago.

The Government cotton report made public about a week ago showed that 3,293,751 bales of cotton had been ginned in Texas this season prior to November 1, against 3,144,900 bales up to the same time last year, an increase over last year of 148,851 bales. Neeces county was far in the lead of all Texas counties with a total of 148,009 bales.

News Of Wilson Community

Sandstorm Does Great Damage
The sand storm which visited Wilson and all the South Plains last Saturday and Sunday did much damage here to cotton, which was covered with sand. Feed in the shock will be hard to handle on account of sand drifting into the shocks. Cotton gathering is coming fast to a close.

Rev. Partin Reports Great Baptist Convention
Rev. Partin says that the Baptist

"Konjola Did Wonders For Me" Says This Lady

Stomach Trouble And Headaches Are Banished When New Medicine Is Put To Test

MRS. AVEY KESWSKI

"Konjola did wonders for me," said Mrs. Avey Keswski, Box 205 A, Route No. 1, Galveston. "For several years I suffered dreadfully with stomach trouble. I had a severe and sickening headache almost constantly. Gas accumulated in my stomach after every meal and I had the cramping pains of indigestion. My nerves were so weak that I could not rest or sleep well at night.

"I am now on my fourth bottle of Konjola and I feel better than I have in five years. Pains and headaches have been banished and I have not had an attack of indigestion since I began taking Konjola. My nerves have quieted and I enjoy sound restful sleep at night. My entire system has taken on new life and I will always praise Konjola for the good it did me."

Taken regularly after meals over a six to eight week period, this master medicine for ailments of the stomach, liver, kidneys and bowels, and rheumatism, neuritis and nervousness has done as much for thousands as it did for Mrs. Keswski.

Konjola is sold in Tahoka at Tahoka Drug Co., and by all the best druggists in all towns throughout this entire section.

General Convention of Texas held in Amarillo last week was the greatest he has ever attended. "The spirit was fine throughout the whole convention, and we all came back home feeling that the past year was a great year for Texas Baptists, and the future looks bright," he declared.

At The Gins

The three gins opened for business at the first of the cotton season and will continue to gin every day till the last of this week, but beginning next week they have planned to gin only on Wednesday, Friday and Saturday of next week, and until further notice beginning with the next week will gin on Tuesdays, Thursdays and Saturdays. There has been ginned at Wilson to date 1334 bales.

Methodist Church

Sunday will bring to the Methodist congregation a new pastor, Rev. E. L. Naugle having been sent to Capps, Texas. We regret very much to lose this fine family, but our loss will be Capps' gain. We understand that Rev. H. L. Thurston, former pastor of Capps, will pastor the church here and will in all probability fill the pulpit at the Methodist Church next Sunday. Come and give the new pastor a full house and start the new year off right. Rev. Thurston will likely move with his family to this place Thursday or Friday, Nov. 20 or 21.

Rev. Naugle plans to leave for Capps, about Thursday or Friday and be ready to fill the pulpit there Sunday.

The people of Wilson are to be favored by an entertainment put on by the pupils of the grades from the first through the seventh grades of the Wilson school, Friday night, November 21st. The entertainment will be composed of dialogues, readings, songs and plays. No admission charge will be made. Everyone is invited to be present and enjoy the entertainment.

Martine Bailone Makes Good

It is not often that the Mexican people come to this part of the country and try their hand at the farming game, but one that we think worthy of mention is Martine Bailone, who came to this community several years ago, moved on a farm that was almost deserted on account of the blue weeds, and has made good. Through honest square dealings he has won the respect and confidence of everyone with whom he has dealt, and has proven to be a good law-abiding citizen, and by hard work has produced a paying crop every year. He has gathered so far this year, 34 bales of cotton and will likely gather 5 more. He will likely stay on the same farm as long as he likes or till it becomes the property of some other landlord.

WILSON READERS

We would be glad to have your renewals, or new subscriptions, to The News. You may hand your \$1.50 to R. C. Forrester, or send it direct to us. Mr. Forrester, former editor of The Pointer, is sending us the news each week from Wilson, and we would be glad if you will co-operate with him in gathering the news.

Subscribe or renew now, and get the news of your community and of Lynn County for a year for only \$1.50.

THE NEWS

Basket Ball With Meadow

Wilson played its first basket ball game with Meadow last Friday night, the game being played at Meadow. The score was 5 to 13 in Meadow's favor. It was a clean well played early season game. Wilson was out-played as a team. This should serve as a tonic for those who are ineligible. The new men all played well and gave promise of better things in the future. We believe that Wilson will have another good team this year.

The Wilson girls lost to the Meadow girls 26 to 38. This was the first game for the Wilson girls and they promise to make it very interesting next time.

Married

We learned through Howard Cook that his brother, Morris (Little Doc) was married at 10:00 o'clock last Tuesday morning at Hobbs, New Mexico. Doc is a former Wilson boy and is well and favorably known by a great many people here, having spent several years in school and as clerk in the drug store here. He secured a position in a drug store in Hobbs some six months ago and has made that his home since. His wife was Miss Jewel Williams also of Hobbs. The writer joins their many friends in wishing this couple a long, happy, useful and prosperous life.

Mrs. C. C. McCormick In Sanitarium

Mrs. C. C. McCormick after several days illness was taken to a sanitarium at Lubbock where on last Friday morning she underwent an operation of a very serious nature. We are glad to report that she is getting along fine.

Visits District Meet

The Wilson High School was one of the fifteen high schools represented in the District Home Economics club meeting at Lubbock, last Saturday. There were 303 representatives from the various schools. The Mary-Emma Club of the Lubbock High School was the club hostess for the occasion. There is to be one other district club meeting during the present school year, which is to be held at Plainview. The program at the Lubbock meeting was very interesting as well as inspiring.

That Club work is of value to the girls was shown by the way those on the program gave their parts. The two girls who went, Natalie Crosby and Velma Ehlers, only wished that all the other girls might have attended. Lunch was served in picnic style in the girls study hall. Songs, yells and stunts were given by the various clubs during the lunch period. The features of the afternoon program were a number by the boys' glee club of Lubbock High School, a talk on the ideal girl by Miss Irwin of Tech, and a question box. At the close of the high school program, the home economics club of the Tech College was hostess for an informal tea from three until four o'clock at the college.

Vocational Agriculture

The course in Vocational Agriculture that is being conducted by Mr. Kopecky for the benefit of the farmers at the high school building each Tuesday night is very instructive and very much appreciated by the ones that are attending.

On last Tuesday night, Mr. Ray Shaver gave some valuable suggestions on poultry housing. There is something new every meeting and the course is free. Why not come and take advantage of this course?

Locals

Mr. Douglas Finley of Lovington, N. M., was a visitor in the home of his brother, R. E. Finley, Sunday. Doug is in a drug store in Lovington, having accepted that place after leaving Wilson a few months ago.

Charlie Limmer moved this week into the place that was vacated by Mr. Poelka some time ago.

Mrs. Herman Methvin and Mrs. Blackman of Tahoka were visitors in the home of Mrs. Methvin's sister, Mrs. J. D. Cook, Tuesday.

Miss Lela Day, spent last week end with friends in Meadow, also added Lubbock as a side trip.

Mrs. Walter Crews is quite a bit improved and is able to be up and about again.

Mrs. Elbert Monroe of Dalhart left Tuesday for her home after a few days visit with her mother, Mrs. C. C. McCormick, who is in a Lubbock Sanitarium. While here she visited other members of the family in Wilson.

Mr. and Mrs. J. D. Cook and Miss Curtis Cook spent the week end in Hale Center.

Mr. and Mrs. Bud Johnson visited Mrs. Johnson's parents, Mr. and Mrs. J. C. Key last Sunday.

Mrs. J. C. Key spent several days last week in the home of her daughter, Mrs. Bud Johnson of Lubbock last week.

Mr. and Mrs. Louis Trautwein left Thursday for their home in Shiner after several days visit in the home of their daughter, Mrs. H. B. Crosby.

W. C. Huffaker and family visited relatives in Levelland last week end.

Mrs. E. L. Naugle and daughter, Catherine, spent Sunday in the Clyde Jones home and Sunday night in the P. D. Server home.

Mr. Skip Taylor of Tahoka was a business visitor in Wilson Saturday.

Mrs. Fannie Dawson is on the sick list this week.

Old-time ferries, which used to delay traffic in Texas, are giving way to bridges and in a few more years will have become things of the past on main-traveled roads. Among the several new bridges across the Rio Grande, a new one is to link Presidio with Ojinaga, Mexico. Across the Trinity the \$250,000 structure at Liberty is nearing completion, taking the place of one noted for its dangerous curves. Another new bridge across the Trinity is one costing \$240,000 on Highway 21 near Crockett, which also replaces an old ferry. The old ferry east of Brenham has given way to a modern bridge that shortens the time between Austin and Houston by anywhere from half an hour to an hour or more.

Theresa—Do you intend to accept Harry?

Matilda—That all depends upon circumstances.

Theresa—What circumstances?

Matilda—Why, his, of course!

NEW LOWER PRICES ARE ANNOUNCED FOR CHEVROLET

DETROIT, Nov. 14.—Prices on the new Chevrolet line for 1931, as announced here today by President W. S. Knudsen, range from \$475 to \$650 as against \$495 to \$685 for the 1930 car.

Price reductions range from \$20 to as much as \$40. A comparison of old and new prices follows:

Model	Old Price	New Price	Chg.
Roadster	\$495	\$475	\$20
Sport Roadster	\$515	\$495	\$20
Standard Coupe	\$505	\$535	\$30
5-Window Coupe		\$545	
Sport Coupe	\$615	\$575	\$40
Coach	\$565	\$545	\$20
Standard Sedan	\$675	\$635	\$40
Special Sedan	\$685	\$650	\$35

In addition to the price changes in the passenger car line, Mr. Knudsen also announced reductions in the Chevrolet commercial car line. The commercial chassis has been reduced \$10 to a new price of \$355, and the Sedan Delivery \$20 to a new price of \$575.

Laredo is to vote on \$500,000 bonds for a modern high school and another junior high duplicating the one recently built at a cost of \$100,000.

TAKES METAL OFF ROAD

Little Rock.—An electro-magnetic machine, used to pick up nails and other bits of metal, is being used on Arkansas roads. On a recent trip of 38 miles it gathered 1,020 pounds of metal scraps.

Texas ships bees to France, Spain, Japan, Canada, Mexico and other foreign nations and into practically all the honey-producing states of the Union. A Weslaco firm recently made a shipment to Santo Domingo Republic.

Mr. Justwed—What in the world did you do to this meat? It has such a peculiar taste.

Mrs. Justwed—Oh nothing! It did get a little burned but I fixed that—I applied Unguentine right away.—Pathfinder.

HAROLD THOMAS CUT IN BACK ACCIDENTALLY

While Harold Thomas and Boyd Driver, both employed at the Limit, were playfully striking at each other Wednesday afternoon, Driver unintentionally struck Thomas in the back with the blade of a paring knife, inflicting a wound that required eleven stitches to close. It is believed that the wound will speedily heal. Driver was very sorry that the accident occurred, as the injury was purely unintentional.

Texas' road building program for 1930 includes \$41,500,000 for highway construction, \$17,500,000 for local roads and bridges.

Bayer Aspirin is the universal antidote for pains of all kinds.
Headaches, Neuritis, Colds, Neuralgia, Sore Throat, Lumbago, Rheumatism, Toothache.
Aspirin is the trade-mark of Bayer manufacture of monoacetic acid ester of salicylic acid.

ONLY TEN DAYS LEFT TO ENTER LIVING ROOM CONTEST

The Living Room Contest will be held among the Home Demonstration Clubs of Lynn County again this year. If you enter this contest you will find it truly inspiring in several ways. First, it will compel you to start work on your room now, or soon, instead of just intending to do so sometime. Now be honest. Haven't you been planning for months or maybe years to do something to that room? You need a little pushing to start off. The contest will do that.

Entering the contest insures the interest, advice and instruction of your home demonstration agent in helping you plan improvements and in carrying them out.

There will be two classes. Class No. 1, where the expenditure does not exceed \$50. Class No. 2, where the expenditure exceeds \$50. There will be prizes given, so be sure and send in your name real soon stating the class you wish to enter.

Your improvements can be very inexpensive, for instance making over old furniture, or making new furniture out of old lumber or goods boxes, making lovely rugs out of old sacks and clothing, brightening articles that make a room attractive; or perhaps you can improve your room by taking out some useless article or rearranging what you have in your room.

Should your living room need things that must be bought and there is little available money with which to buy them why not earn some money yourself? Or better still make your chickens make this money for you. That's what you have them for.

So after all there seems to be no good reason for you not having a better living room than you have, does there? There are so many ways of making an unattractive and uncomfortable room attractive and comfortable and so many ways for farmers' wives to earn a little spending money, that the bugaboo "hard times" need not scare you out of having a livable living room if you "really and truly" want one bad enough to work for it.

Think it over, then enroll in the Improved Living Room Contest right now, or within the next ten days send your name to the County Home Demonstration Agent.

—DEMONSTRATION AGENT

Texas now leads the states in natural gas production, figures for 1929 announced by the Federal Bureau of Mines putting it ahead of Oklahoma for the first time. California is third and Louisiana and West Virginia fourth and fifth.

Locals

John Heck of Wilson was a business visitor in Tahoka Monday and dropped around to the News office for a brief chat with the editor. Mr. Heck is one of God's noblemen, and he never gets down-beated over a little sand storm, such as prevailed here Saturday and Sunday, nor does he let hard times worry him. He radiates sunshine wherever he goes and is always busy making the world a little pleasanter place to live in.

W. S. Anglin and family visited Mrs. Anglin's brother, E. O. Teague and family twenty miles north of Littlefield last Sunday. Mr. Anglin says that in crossing the sand hills north of Littlefield he discovered that we have no sand in this country at all as compared to that. He and family had to actually get out of the car and scratch it out of the sand, he says.

Mmes. Owen J. Hull, Bryan Hull, K. R. Durham and Taylor White attended a women's meeting of the Lubbock County Baptist Association at Lorenzo Tuesday. Mrs. Hull is the Young People's leader for twenty-seven counties in this section of the state and she of course had a prominent place on the program.

L. H. Perkins says that the sand storm Sunday finished gathering his cotton crop for him, but he is not discouraged a bit. He has nineteen fine meat hogs running on his wheat pasture and has plenty of skim milk to feed them and they are thriving. He expects to have a lot of meat to sell this winter.

A party of deer hunters consisting of J. K. Applewhite, J. H. Edwards, B. L. Parker, D. G. Phipps, and Claude Tucker returned Tuesday night from the Big Bend country. The party seemed a bit dejected upon their return and it is reported that they never even saw a deer.

Dr. and Mrs. R. B. Smith visited their daughter, Miss Merle, at the C. I. A. Denton, last week. The Doctor says that Miss Merle is now doing some teaching in the institution and is making a very fine record as a student. She formerly taught at Wells and O'Donnell.

Mr. and Mrs. J. W. Hughes are here for a few days visiting their daughter, Mrs. G. C. Grider, and the family. Their home is in Dallas but they have been visiting another daughter in California the past four months and are now on the return trip home.

L. V. Alexander, John Boydston, Joe Newman and Russell Vernon are having lots of fun now hunting coyotes. They caught four with their dogs last week out in the T-Bar pasture. Claude Wells also joined them on one or two of their hunting expeditions.

Jim Eastridge has traded his farm of 160 acres out near New Lynn to W. A. Strickland for property here in Tahoka including an automobile. Mr. Eastridge is preparing to remove to Matagorda county within a few weeks.

Clyne Thomas, wholesale agent for the Phillips products here, and Bascom McCord, proprietor of the Phillips Service Station, have formed a partnership, merging the two businesses here.

Mr. and Mrs. L. E. Miller are the happy parents of a nine-pound boy, born at 2:10 Wednesday afternoon. Baby and mother are doing fine.

Silk Sale

10,000 dress-length remnants of finest silk to be cleared by mail, regardless. Every desired yardage and color. All 39 inches wide. Let us send you a piece of genuine \$6 Crepe Paris (very heavy flat crepe) on approval for your inspection. If you then wish to keep it mail us your check at only \$1.90 a yard. (Original price \$6 a yard.) Or choose printed Crepe Paris. Every wanted combination of color. We will gladly send you a piece to look at. What colors and yardage please? If you keep it you can mail us your check at \$1.25 per yard. (Final reduction. Originally \$6 per yard.)

All \$2 silks, \$2 satins and \$2 printed crepes are 90c a yard in this sale. Every color. Do not ask for or buy from samples. See the whole piece you are getting before deciding. We want to be your New York reference so tell us all you wish to know about yourself and describe the piece you want to see on approval. Write NOW. Send no money. To advertise our self thread we send you a spool to match free.

Took Soda For Stomach For 20 Years

"For 20 years I took soda for indigestion and stomach gas. Then I tried Adlerika. One bottle brought complete relief."—John B. Hardy.

Adlerika relieves GAS and sour stomach in TEN minutes! Acts on BOTH upper and lower bowel, removing poisons you never knew were there. Don't fool with medicine which cleans only PART of the bowels, but let Adlerika give stomach and bowels a REAL cleaning and see how good you feel. Thomas Bros. Drug Company. F-1

English Players To Present "Hamlet"

LUBBOCK, Nov. 18.—Extending an opportunity to the people of this section of the state to hear plays of note, the artist course committee of Texas Technological College announces the presentation of "Hamlet" by Sir Philip Ben Greet and his company of English players, on Nov-

ember 21 at the college gymnasium. Sir Philip Ben Greet, an authority on English drama and for many years a producer of Shakespearean plays, takes a part in every play, but the title role in "Hamlet" is played by Russell Thorndike.

Although this is not a regular artist course number, students having artist course tickets may see the play at a special price.

NOTICE TO THE PUBLIC

Any erroneous reflection upon the
reputation or standing of any individual,
firm or corporation, that may appear
in the columns of the News, will be
gladly corrected when called to our
attention.

We have never been able to understand why some refined people can listen to jazz music all day but are not interested in the fine old sentimental songs that possess genuine merit; why shoddy sacred music with absolutely "punk" verse, misnamed poetry, can find so large a place even in our town and city churches, while so many of the grand old hymns which possess real merit—deep sentiment and sweet melody—remain unsung; why so many good men will stand on a street corner and listen to some fake preacher dish out a lot of senseless tommyrot and never go about a church, where really wonderfully helpful and inspiring sermons may be heard. Right here in Tahoka, we have churches where the sweetest and most comforting music may be heard and where eloquent and powerful sermons may be enjoyed each Sabbath day, and yet there are good and refined people who seldom avail themselves of the opportunity to feed their souls. It is all so very strange.

In order to speed up highway work and relieve the unemployment situation, the Federal Government has announced that appropriations made for highway construction in 1932 will be made available for use in 1931, the amount allotted to Texas being \$10,000,000. Governor Moody has expressed appreciation to the National Government for this allotment and has given assurance that Texas will match the sum. Next year, therefore, should witness the most extensive and intensive road-building campaign ever staged in this state. But, without local road bonds, where will Lynn county come in? It simply will not "come in"—that is all there is to that—not, unless the legislature evolves some plan by which the State shall have full responsibility for building the highways, without further county aid. We still believe that, in the course of time, the people of Texas will come around to the Sterling viewpoint on this highway business. The State must build and maintain state highways and must remunerate the various counties, on some fair and equitable basis, for the part they have had in the building of state highways within their boundaries.

No good citizen should complain at being compelled to observe traffic laws. Running a car at night with only one light endangers the lives of other persons traveling the highway. Running a car, a truck or a trailer without a tail light endangers the lives of others. Running over stop signs and cutting corners endangers the lives of others. Running on the wrong side of the road in close proximity to other cars endangers human life. Hogging the road and crowding other cars to the extreme verge of the highway endangers human life. Why even a fool or a criminal will persist in doing such things is more than we have ever been able to figure out. The traffic cops are right in compelling people to observe the traffic laws.

Just for the information of the public, we will state that state highway patrolmen receive no fees nor commissions whatever for complaints filed or fines collected for traffic violations. They work on a straight salary and have no financial interest in the result of any case filed or tried in the courts. This is as it should be, and we believe that all other peace officers should be placed by law on the same basis. But an effort to abolish the fee system by constitutional amendment a few years ago failed. It should be abolished nevertheless. Peace officers should have no financial interest in the result of any trial.

With less than a half normal cotton crop and the commodity selling for ten cents or less, there is no enthusiasm for a county highway bond issue at this time. People are already wondering how they are going to manage to pay taxes in January. But unless the State takes over the task of building the highways without local aid, the time will soon come when many people will favor county bonds. It may be many years, however, before a bond issue can be voted in Lynn county. How long is Lynn county going to sit here in the mud? Who knows?

The new congress in which the Republicans will have a bare majority but perhaps not a working majority, could give the Hoover administration a great deal of trouble and at the same time accomplish nothing for the nation, whose interests they are to look after above all personal matters. But like men, and statesmen that they are, the leaders of the Democratic wing have pledged the president full co-operation to put over anything for the good of the nation, and to try to bring the country safely out of the throes of the depression. President Hoover has graciously accepted the proffer of the same spirit. He can not but remember distinctly while an officer in the Wilson cabinet the trials of that great man in trying to work with a partisan congress who hated Woodrow Wilson and let their hate of him hinder any work for the betterment of our government. Yes, that has been but a few years, and Mr. Hoover has not forgotten.—Tahoka County Herald.

LAMESA COTTON COMPRESS GETS 17,000 BALES COTTON

LAMESA, Nov. 17.—According to information given out here by officials of the local cotton compress, they have handled to date 17,000 bales of cotton, and estimate that more than 20,000 bales have been ginned in Dawson county. It is believed by many that two thirds of the crop has been gathered, which would give the county 30,000 bales production this season, though other estimates by business men and farmers place the total at 40,000 bales.

WHAT OTHERS THINK

HIGHWAY AID

The Federal Bureau of Public Roads has done all that lies within its power to aid the unemployed by making immediately available the Federal aid highway allotment for 1932. Its action is the Government's solution of the contention that a public construction program can not aid much in a period of economic depression, because of the necessary lateness of its application. The bureau in this case has not only cut through red tape to get action, but has even anticipated congressional action.

It is not the fault of the bureau itself that all of the States may not be able to take advantage of this offer. Federal highway aid money must be matched by the various Commonwealths, and it is possible that this may prove difficult. In some cases it may be impracticable to advance the 1932 road program into 1931. It must be borne in mind that what the bureau has done is only to make available now the 1932 appropriation. If road work is accelerated in the coming year, a material slowing down in the ensuing year must be expected.

That most of the States will be able to use their allotments is a probability, since what delay they experience is usually due to inability to gauge very far in advance the rate at which they will receive help. In the case of Texas, with nearly \$1,500,000 made available for the two year aid, legislative help can be promised with reasonable certainty. This State still has a large highway program to complete, and will welcome this means afforded it of expediting the work.

The News does not find itself, however, in accord with Governor Moody, who suggests that most of the road building, which the appropriation authorizes should be done by men and not machinery. It is best to utilize the proven methods of road construction. Necessarily, enlargement in the man power, too, and with the increased amount of work made possible there should be a greater spread in the number of firms whose bids are accepted. That this plan implies a possible hardship for road construction folk in 1932 is evident, but that is a difficulty that must be faced when it arrives.—Dallas News.

GIVE 'EM THE TEST

While there are known instances and plenty of them, where the rules of the Interscholastic League have appeared to work a hardship on the individual athlete or an isolated school, the rules are devised by the League to protect the eligible high school player against competition which he should not have to face for the good of his health and the protection of the boy against maiming while giving him the intense competi-

tion and outlet for his energy which must be provided in some form.

So, that the annual investigation of athletes who offer themselves to high school authorities as material for football teams, is a good thing for all concerned. Sometimes these investigations develop unsavory conditions and the man or men who unearth them have only the reward of knowing they have protected their own boys from unfair competition, because a certain amount of odium goes with the job developing a case against an athlete offered unfairly in the competition.

Whether the school be Floydada, Lockney, Ralls, or Timbuctoo, the authorities, the fans and all concerned, should welcome the most rigid investigations at all times into the scholastic status of their teams. When the fans get so rabid as to resent such investigations the authorities, at least, should not forget where their duties lie.—Floyd County Hesperian.

WHAT \$5 WILL DO

The greatest trouble with us now is the fact that money is not in circulation. A demonstration of what money in circulation will do was made last week at Dimmitt in Castro county, by the Lions Club. Featuring the confidence week program, they started a \$5 bill on its road of paying accounts. At the end of the week the citizens of Dimmitt fittingly observed the successful ending of the venture by having a public entertainment on the court house lawn of old man D. Pression and his daughter, Miss Fortune. The five dollar bill was in a total of 102 transactions making a total of \$510 to change hands in the payment of accounts and cash sales, the former leading by a large margin, as was the original purpose of the "stunt."—Crosbyton Review.

This depression business works in circles. The public refuses to buy, or at least that part of it which is able to buy. This stops the factory, and the workman is thrown out of a job; the factory worker has no money to spend, and hence he cannot buy food, and the manufacturer cannot buy raw materials—therefore, the producer has his raw material which no one is able to buy. The railroads have nothing to haul from the farm to the factory, and nothing to haul from the factory to the merchant, therefore it lays off its men. Thus it goes in circles. Those who have the money should buy what they need, and buy it now.—Canyon News.

The wets are now talking about the next Democratic nominee as coming from their crowd. Franklin Roosevelt, governor of New York, will be named by the wets, and commands a strategic position in national politics owing to his unprecedented victory in the Empire State. Political maneuvering during the coming year is going to be interesting. If the wets succeed in nominating their man, as in 1928, there will no doubt be another revolt in the dry South.—Canyon News.

RED CHAIN Egg Mash

PUTS IN THE EGG BASKET

WHAT OTHERS PUT ON PAPER

A fair feeding test of RED CHAIN is the best way to clear up conflicting claims about egg meshes...Talk it cheap—and anyone can find his words in the dictionary. On paper most feeds claim "more eggs at less cost"—but RED CHAIN actually does what others claim to do! Don't buy your egg mash for what it does on paper—buy it for what it puts in the egg basket...Feed RED CHAIN to your own hens and see the difference between claims and results. It is the unequalled quality of RED CHAIN Egg Mash that makes it the cheapest egg producer—regardless of price.

SLAT'S DIARY

Friday—Well I thought I was a going to get a pritty good grade in compashun today but from the latest reports why I gess it ain't a going to be so very hot. The teacher told us to rite a compashun about a Barnicle and I rote all about those there tubes you got in yure throte witch gets sore throte and get horse and mebbly have barnickle new monia, but pa says I am rong. That wood-

ent worry me so much but ma says so to. Saturday—Well ole Mr. Hix got hisself into a nice jam today. He got up enuff nerve to go to his boss for a serious tawk. He sed I have been working for this co. for forty 7 years and I think sum thing shud ought to be done about it and the boss sed my goodtess yes so this evening they told Mr. Hix that they had got a younger man for the job, commencing Munday.

Sunday—I diddent have no money this morning for Sunday school and so ma lent me a dime and then sum way I fergot to put in onely a nickle. After I tuk a nap this p. m. I looked for the uther nickle in my pocket and it was gone. I am sure ma got it but I don't want to accuse her of it for fear she did.

Munday—Ant Emmy claimes her bow promises to marry her. The judge sed he cud send him to jale but she sed she thot he ought to get the full benefit of the law and she was bound to marry him.

Tuesday—Well pa got stung agen. He answered a ad witch sed for 5\$ they wood send him a suit of close he woodent ware out. So he sent his measure and five \$ and today he got a sute of Union under close yello and green.

Wensday—Well pa sed he lissided not to take his cold bath this a. m. but if I wanted to tell I cud have the laff onto him. I turned out the gas under the hot water las nite before I went to bed and mebbly that had sum effect on him.

Thirsday—The teacher sed sheed call up ma and told her about me getting suchy low grade in rithmetic and I ast whut ma sed and the teacher sed she diddent say eny thing so she must of got h:it of the rong number the way I figger it out.

HEARING AT LAMESA ON NEW RAILWAY COMPLETED

LAMESA, Nov. 12.—The hearing for Lamesa and Dawson County, conducting here by the local chamber of commerce, in the interest of the proposed Texas Pacific and Northern Railway line, has been completed. More than thirty witnesses, representing extensive ranching interests, farming and commercial interprises were examined and testimony secured, showing the convenience and necessity of the proposed line, for this section. This testimony will be presented at the hearing of the Interstate Railway Commission at Lubbock, December 8th.

Kopweh—I was just reading about a fellow who has been employed in this country for seven years and can't speak a word of English.

Harnruhr—Impossible! What is his employment?

BACK TO CARDUI

Lady Who Had Been in a Run-Down Condition Tells How She Got Well.

Mayo, Fla.—"I was greatly benefited after I took the Cardui Home Treatment," says Mrs. W. H. Truwick, of this place. "For several months I had been in bad health. I was run-down and weak."

"I dragged around from day to day, not feeling fit for anything. My back ached and often my sides hurt all night long. I could not sleep, and my nerves gave me a good deal of trouble."

"I had used Cardui several years before for a similar spell, so I got some for my trouble. I soon recovered and felt better than I had in a long time."

"After taking Cardui for several weeks, I began to feel stronger and to rest better. It is a fine medicine, and I have recommended it to friends."

Thousands of other women have taken Cardui to help them to build up their health. The good reports which have been received, telling of the experience of others, should encourage you to try Cardui for your troubles.

Cardui is a purely vegetable remedy, and contains nothing harmful or injurious. It may be safely taken by women of all ages.

For sale by all druggists.

Morgan

Our Sunday School was sanded out Sunday. We sure had a bad sand storm Saturday and Sunday. It sure is hard on the cotton and the farmers may have to go below the caprock to gather up their feed. As there wasn't much to it only roughness and it has been cut with slides and left in piles to dry out. So it sure has been blowing away.

On last Wednesday our agent, Mr. Ray Shaver began a terracing school on Mr. Perdier's farm. Nearly all the farms have been terraced last week. Ed Milliken delivered the field levels to the Wilson Farmers Saturday as they wanted to terrace this week.

Mr. Ellis of Hobbs, New Mexico, is spending a few days with his daughter, Mrs. W. F. Lancaster. Mr. and Mrs. B. Collings had com-

pany from Coryell County Wednesday night.

Mr. and Mrs. Orville Cranfill of Slaton are spending the week with home folks.

A surprise birthday dinner was given in honor of Mr. and Mrs. T. D. Kornegay, last Thursday, at their home. Everyone had a very nice time. It was a pretty sight to see the big white cake with 72 candles on it as they were both 72. In the afternoon and at night we had some nice music furnished by Mr. Smith, violin, Herbert Kornegay, mandolin, Mr. Privet, banjo, Lucille Massengill, guitar, Ed Milliken, guitar. We wish them many more happy birthdays. Those present were: Mr. and Mrs. R. C. Hallman, and children and Mr. and Mrs. C. D. Kornegay and children of Tatum, New Mexico, Mr. and Mrs. Roy Ham of Slaton, Mr. and Mrs. S. S. Smith and Mr. and Mrs. Privet of

Hackberry. Mrs. Baulah Shaw of Idalou, Mr. H. H. Bailey, Mr. and Mrs. Ed Milliken and boys, Mrs. Maud Massengill and Lucille and Mr. Hubert Kornegay.

Mr. and Mrs. Bryan Shaw and boys of Lubbock and Mr. and Mrs. Clyde Shaw and Jerene visited with Mr. and Mrs. Ed Milliken Tuesday night.

Mrs. B. Collings has been real sick but is feeling some better.

Mrs. J. I. Cranfill is visiting relatives at Loraine, Texas.

Mrs. Vernon Crews and Adelle of Slaton spent Saturday night with Mrs. R. L. Thompson.

Darrell Ward had the misfortune, one day last week, to break one of his teeth off.

Miss Thomas and Miss McAllister of Wilson made a pop call in our community Saturday morning.

Mr. and Mrs. J. O. Patterson and H. H. Bailey of Tahoka visited Mr.

and Mrs. Ed Milliken Sunday. Mrs. Baulah Shaw accompanied them home Sunday night.

Armistice Day was very quiet with us.—Reporter.

CARD OF THANKS

We desire to state that we sincerely appreciate the many kindnesses that were shown us by neighbors

and friends upon the death of our father and grand-father, I. P. Metcalf. We are especially grateful to the Baptist ladies who provided dinner at the residence Saturday, for the beautiful floral offerings, and for the many other evidences of sympathy.

Mr. and Mrs. J. G. Scott and Children

PRESENTING THE NEW CHEVROLET SIX

Today the Chevrolet Motor Company presents the Bigger and Better Chevrolet Six, a new model of the six-cylinder car which has enjoyed such wide popularity.

In both the chassis and body of this new six-cylinder Chevrolet you will find expressed, as never before, Chevrolet's well-known policy of progress through constant improvement.

For—without departing from the basic features which have won the enthusiastic approval of over 2,000,000 buyers—Chevrolet has produced a six-cylinder car which represents an entirely new standard of quality, value and refinement in the low-price field.

Your first impression of the new Chevrolet will be one of striking fleetness, grace and beauty. The car is longer, lower and modernly smart. The radiator has been deepened and its appearance enhanced by a curving tie-bar and chrome-plated parabolic headlamps. The long

hood lines sweep back unbroken to blend gracefully into the new Fisher bodies. And never was Fisher's fine craftsmanship more evident than in the bodies of the new Chevrolet Six!

Not only are the smart, graceful, new bodies roomier and more comfortable, but as you study them you will discover many gratifying new features and pleasing refinements—many examples of that painstaking attention to detail which is the basis of true quality.

Mechanically, too, the new Chevrolet Six is a better automobile. The wheelbase is longer. The frame is stronger. The steering is easier. The clutch is more durable. There is a smoother, quieter, easier shifting transmission. In fact, wherever finer materials and more advanced design could add to Chevrolet quality or increase Chevrolet's traditional economy of ownership—improvement has been made. See the new Chevrolet Six—and you will agree that here is the Great American Value!

» » AT NEW LOW PRICES « «

Chevrolet has long been one of the lowest priced cars in the world. Yet due to the savings of volume production and increased manufacturing efficiency, the Bigger and

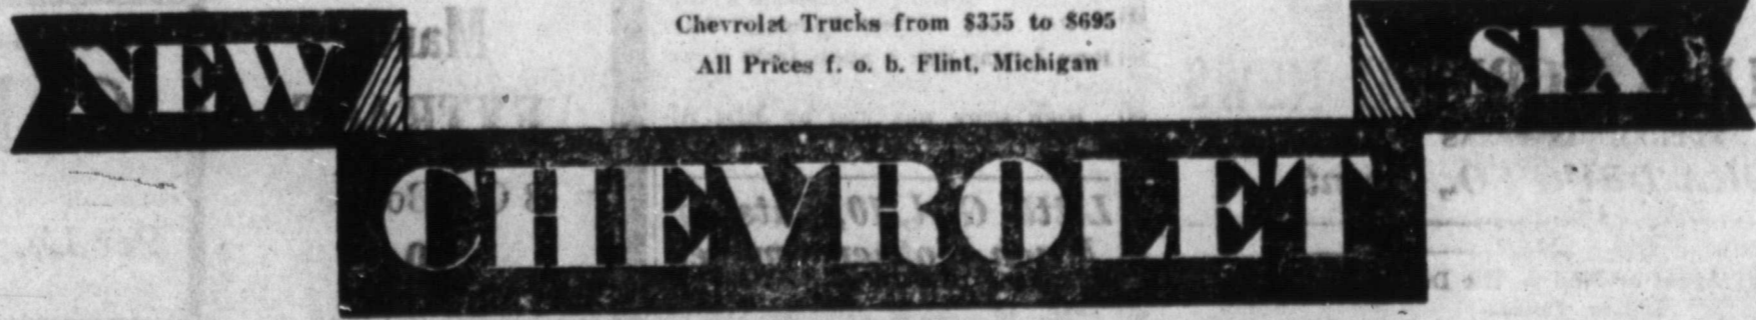

Better Chevrolet is offered at new low prices. Come in today. See and drive the new Chevrolet Six. Learn the new economy of owning a modern, fine quality, six-cylinder automobile.

Club and Church News

HOME ECONOMICS CLUB GOES TO LUBBOCK NOV. 15

Last Saturday, November 15, the Home Economics club attended a district meeting at the Lubbock High School. A very beautiful song, The Patch Work Quilt, was rendered by Miss Nell Parmely, of Lubbock. Splendid talks were given on such subjects as "The Girl and Her Club", "The Value of the Home Economics Club." Miss Erwin of Texas Technological College gave a talk on "The Ideal School Girl." A picnic lunch was served in the girls study hall. The Lubbock Glee Club gave a special number. Tea was served from 3 o'clock to 4 o'clock at the colleges. We went through the Home Economics building and the Practice House.

Fifteen schools were represented, and 303 girls were present. Those attending from Tahoka were: Misses Floy Anglin, Grace Montgomery, Marietta Montgomery, Tommie Milliken, Robbie Milliken, Auda Mae Aycox, Eloise Clark, Rose Wood and Hazel Anglin. The next meeting will be held in Plainview, sometime next spring.

SENIOR B. Y. P. U. PROGRAM

Nov. 23, 1930
Subject—We Are Debtors.

Introduction—P. A. Nowlin.
Individual Thanksgiving—Harlan Deen.

Special Prayer For Thanksgiving.—Dr. Durham.
We are Debtors.—Floyce Sherrod
Our Debt To God—Opal Cooper.
Our Debt to Man—Andrew Cooper
Paying Our Debt—Mattie Will Seroyer.
Come and Be on time—6:30.

HOME ECONOMICS CLUB MET NOVEMBER 12TH

The Home Economics Club met November 12. The club was called to order by the vice-president and minutes were read by the secretary. The constitution, which will be used to govern the club, was read and discussed by the secretary. All business matters were brought before the members—and the club pin was selected. The club was entertained by a play presented by four members of the organization. The play was called "Mar No Name."—Reporter

FORTY-FOUR ATTENDED MEETING OF P. T. A.

Thirty-three mothers and eleven teachers were present at the regular meeting of the Parent-Teachers Association Wednesday afternoon of last week, according to Mrs. J. H. Powell, president of the organization. Mrs. Henderson's room was the picture for the month, her students having the most mothers present at the meeting. In the future the P. T. A. will meet at the Central Ward School on the first Wednesday in each month at 4 p. m.

The program rendered last Wednesday was as follows:
"Care of the Teeth"—Dr. K. R. Durham.
"Diet"—Miss Floy Anglin.
Vocal Solo—Mrs. A. J. Mullins.
Violin Solo—Margaret Wetsel.
"Home Study"—Mr. M. J. Weaver

BAPTIST MISSIONARY LADIES MET MONDAY AFTERNOON

A goodly number of the ladies of the Baptist Church met for their regular business meeting Monday afternoon. Mrs. Caviness, the capable president was in charge and the various reports showed marked progress along many lines. Following the business session those present greatly enjoyed an enthusiastic and realistic report of the Woman's Missionary Union in their recent meeting at the State Convention at Amarillo, given by Mrs. O. J. Hull. As she outlined the policies and plans of our State W. M. U. leaders, and reported the volume of work done by the Baptist women of Texas the past year, our hearts swelled with gratitude to God because of the realization that we are in thorough accord with the former, and had a part in the latter, and possibly everyone present experienced a determination to be more efficient, faithful, and loving servant of our Master through the coming Convention year.

The line of work foremost in the minds of our women just now is Buckners Orphan Home. Recently we finished nine quilts which will be sent to the Home early in December, along with a big box of all kinds of garments, such as dresses, shirts, underwear, etc., which the women are now making. Thanksgiving we will ship them a crate of hens and a barrel of cookies. We will be very happy if every woman in the church and others who care for and desire to aid helpless orphan children, will co-operate with us in this shipment. Should you wish for further information about this matter call Mrs. Taylor White, the local Chairman of Benevolence.—Publicity Chairman.

Pampa is to have a \$125,000 theatre.

The Choir and Orchestra of The First Baptist Church Tahoka, Texas

PRESENTS

Thanksgiving Program

BAPTIST CHURCH AUDITORIUM, SUNDAY, NOV. 23, 1930, 7:30 P. M.

BRIDE HONORED

Misses Berta and Myrtle Hill honored Mrs. Roy Gipson with a bridal shower at their home Friday afternoon. Mrs. Gipson was formerly Miss Fanny Jackson. The following program was rendered:
Three Wishes for the Bride—Tommie Milliken.
Toast to the Groom—Berta Hill.
Duet: "Satisfied"—Evelyn and Estelyn Jeffreys.
To The Girls Left Behind—Blanche Swan.
Piano Solo—"Wedding Bells"—Helen Applewhite.

Little Miss Patricia Hill and Elbert Boullion, Jr., pushed in a baby buggy filled with presents to a March played by Miss Helen Applewhite. Refreshments were served to the following guests: Misses Blanche Swan, Myrtress Roberts, Lucille Cashion, Pauline Jackson, Tommie Milliken, Evelyn and Estelyn Jeffreys, Helen Applewhite, Doris Lynn Hull, Evelyn Wells, Madeline Jackson and the honorees, Mr. and Mrs. Roy Gipson.

SUNDAY SCHOOL CLASS TO BE ENTERTAINED

The Fidelis Class of the Baptist Sunday School, sponsored by Mrs. Pledger Coleman, will entertain the Young People's Department of the Sunday School with a "Kid Party" Friday night at 7:30 o'clock at the First Baptist Church Auditorium. All members of that department are urged to be present dressed as children.

T. K. KARD KLUB MEETS AGAIN TUESDAY EVENING

Mesdames Clarence Barnes and Harlan Cook entertained the T. K. Kard Klub on Tuesday evening of this week in the home of Mrs. Barnes.

After several hands of bridge, refreshments of hot chocolate with whipped cream and individual cakes were served to the following club members and guests: Misses Frankie Wells, Hazel Stafford, Allene Taylor, Charlotte Barnett, Lillie Mae Reid, Faye Brown, Loyce Shaffer, Gertrude Bishop, Mesdames Roy Taylor and Clyne Thomas, Miss Rose Levine was a guest from Houston.

High score was won by Miss Allene Taylor.

Little Girl, 10, Eats So Much Mother Amazed

"My 10-year-old daughter had no appetite. Then we gave her Vinol, and now she eats so much we are amazed."—Mrs. W. Joosten.

Vinol supplies the body important mineral elements of iron, calcium, with cod liver peptone. This is just what thin, nervous children or adults need, and the QUICK results are surprising. The very FIRST bottle brings sound sleep and a BIG appetite. Vinol tastes delicious! (5) THOMAS BROS. DRUG CO.

Plainview—Plainview National Bank and First National Bank merged recently under name of Plainview National.

Alice—State Highway Commission let contract recently for bridges on Highway No. 9, new direct route from San Antonio to this city.

Heal Those Sore Gums

Even after pyorrhea has affected your stomach, kidneys and your general health, LETO'S PYORRHEA REMEDY, used as directed, can save you. Dentists recommend it. Druggists return money if it fails. (6) THOMAS BROS. DRUG CO.

Big Value Club THIS PAPER AND The Pathfinder

Both a Whole Year—Every Week for 52 Weeks—104 Big Issues—at a Bargain Price Never Before Equaled!

Grab this chance to secure your favorite home paper—with all the local news—together with that wonderful national weekly, right from Washington, D. C., The Pathfinder. The Pathfinder is the most widely quoted paper in the world—and you will see why when you have it in your home, as more than a million others do.

Call at our office, see samples of The Pathfinder and order this club, or remit the amount by mail. News, information and entertainment for an entire year. WHAT A BARGAIN! **\$2.00**

EXTRA VALUE WITHOUT EXTRA COST

The constant effort of the Ford Motor Company is to find ways to give you greater and greater value without increase in price—frequently at lowered price. This applies not only to the manufacture of the car, but to many other important factors that concern its usefulness to millions of people.

Because the Ford is made economically, distributed economically serviced economically—and because it runs economically—it is a value far above the price you pay. Among its outstanding features are the Triplex shatter-proof glass windshield, Rustless Steel, five steel-spike wheels, four Houdaille double-acting hydraulic shock absorbers, large number of ball and roller bearings, the extensive use of fine steel forgings, and unusual accuracy in manufacturing. Pick out some roads and hills you think are bad and call or phone for demonstration.

South Ward

We are all enjoying the beautiful sun shiny weather since the two days of sand storm.

Mr. and Mrs. "Commie" Wall and family of Snyder, visited his brother and family J. G. Wall the past week end.

Mr. and Mrs. Jack Conroe of O'Donnell and his mother, of Snyder, visited Mr. and Mrs. D. D. Ware Sunday.

Misses Edna and Stella Moore visited Miss Laudelle Hood last Sunday evening.

Mr. and Mrs. R. C. Cooper have gone back to their home at Snyder.

Mr. Earl Cooper of Snyder, Mr. Russell Burdell of Greenville spent Sunday evening and Sunday night with Mr. and Mrs. D. D. Ware.

We are all looking forward for Brother Dyke to deliver us the sermon on Baptism as he announced he would do so the last fourth Sunday. Be sure to hear it Sunday at 11:00 o'clock.

Mrs. J. C. Wall, Mrs. J. G. Wall, Miss Florence and Pauline and Mr. Grover Wall were dinner guests of Mr. and Mrs. Smelser Sunday.

Brother Godwin and son, were dinner guests of Mr. and Mrs. J. C. Hood Sunday.

Edith

Sand and more sand has been taking the place of rain in the last few days.

Grandpa and Grandma Pharr left Friday for Brownfield. They have been staying a while with their boy, Mr. Pharr of Edith.

Sorry we didn't get to have singing Sunday evening on account of the sand storm.

We are glad to report that Miss Doris McGonagill is improving nicely.

Mrs. Pharr was called to Lubbock Saturday night to be with her sister-in-law, who had to undergo an operation.

The party Wednesday night was well attended by the young people. They all reported a good time.

Come out-and-help-us-sing-next Sunday night. As we have missed a night let's make it up next Sunday night.

School will begin the first of December. Maybe by then the school kids will be ready for their studies.

SHERIFF'S SALE

THE STATE OF TEXAS, COUNTY OF LYNN.

Notice is hereby given that by virtue of a certain Order of Sale issued out of the Honorable District Court of Lynn County, on the 5th day of November, 1930, by Truett Smith, Clerk of said Court, for the sum of One Thousand, Three Hundred, Forty-seven and 95-100 Dollars and costs of suit, under a Judgment in favor of Wm. M. Peck in a certain cause in said Court, No. 834 and styled Wm. M. Peck vs. J. C. Eubanks, Ora Lee Eubanks and A. B. Dewveall, placed in my hands for service, I, S. W. Sanford, as Sheriff of Lynn County, Texas, did, on the 5th day of November, 1930, levy on certain Real Estate, situated in Lynn County, Texas, described as follows, to-wit:

All of lots No. One (1) and Two (2) in Block No. Fifteen (15), of the original town of Tahoka, in Lynn County, Texas, and levied upon as the property of J. C. Eubanks, Ora Lee Eubanks and A. B. Dewveall, and that on the first Tuesday in December, 1930, the same being the 2nd day of said month, at the Court House door of Lynn County, in the city of Tahoka, Texas between the hours of 10 a. m. and 4 P. M., by virtue of said levy and said Order of Sale, I will sell above described Real Estate at public vendue, for cash to the highest bidder, as the property of said J. C. Eubanks, Ora Lee Eubanks and A. B. Dewveall.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Lynn County News, a newspaper published in Lynn County.

Witness my hand this 5th day of November, 1930.

S. W. SANFORD, Sheriff

Value West Texas Products Exceeds Other Empires

STAMFORD, Nov. 18.—Value of agricultural production of West Texas exceeds that of either California, Missouri or Florida, according to information compiled by the West Texas Chamber of Commerce from the United States agricultural census. Comparative figures on the four states were called to the attention of the nation during the weekly WTCC radio hour over WBAP, Fort Worth, on Wednesday evening, November 12, from 11 p. m. to midnight.

West Texas farmers, according to the 1925 census of agriculture—the latest available figures—received an average of \$23.73 per acre from their crops, while California farmers averaged \$19.63 per acre. In 1924, the value of all the farm crops in the 132 counties in West Texas aggregated \$223,574,743. This wealth was produced on 13,637,637 acres of cultivated land. For the same year, from 8,401,342 acres of farm land, California produced \$154,883,599 worth of crops.

Total areas of the two sections are approximately the same. West Texas has an area of almost exactly 100,000,000 acres of land and California approximately 99,000,000. The West Texas farmer received, according to the government figures, \$1.208 from the same amount of crop land that paid to his brother tiller of the ground in California, an even \$1.00.

Missouri, in 1924, had cultivated area of 15,278,436 acres which produced \$249,120,835 worth of crops. A comparison of these figures with those for West Texas for the same year show that West Texas was considerably ahead on an acre for acre return.

The cultivated area of West Texas is about three times that of Florida—the last named state having about 35,000,000 acres devoted to crops in 1924, as against the 100,000,000 in West Texas. The value of crops in Florida was approximately 35 million dollars as compared with around 323 million for West Texas, or a ratio of more than 8 to 1 in favor of West Texas.

QUITS TO CARE FOR MOTHER
Washington.—In order to take care of her 97-year-old mother, Miss Amelia Allyn, 72, has retired from a government position.

Relief From Curse Of Constipation

A Battle Creek physician says: "More misery than any other cause." "Constipation is responsible for But immediate relief has been found. A tablet called Rexall Orderlies has been discovered. This tablet attracts water from the system into the lazy, dry, evacuating bowel called the colon. The water loosens the dry food waste and causes a gentle, thorough, natural movement without forming a habit or ever increasing the dose.

Stop suffering from constipation. Chew a Rexall Orderlie at night. Next day bright. Get 24 for 25c today at the nearest Rexall Drug Store, Thomas Bros. Drug Co. 43-24tc

New Home

The sandstorm seems to have blown most of our news away this week but we are still here.

A large group of young people greatly enjoyed the Senior B. Y. P. U. social at the home of Mr. and Mrs. J. B. Lowe last Wednesday night, November 12th. Many games were played after which refreshments consisting of cake and hot chocolate were served.

The little son of Mr. and Mrs. Wade Smith was permitted to come home Saturday from the Lubbock Sanitarium where he had been for more than two weeks suffering from inflammation in the head caused by a paper wad in his nose.

Mr. and Mrs. Delbert Sawyers and family of Idalou visited in the Roger Adams home last week-end.

Misses Jackson and Campbell spent Sunday in the home of Mr. and Mrs. J. H. Smith.

We regret to say that at the B. Y. P. U. Social mentioned above, there was a watch taken from Mr. Lowe's home by some very thoughtless person. We, as a B. Y. P. U. regret this incident very much and would much prefer that such persons would find amusement elsewhere than to bring reproach upon our much cherished B. Y. P. U. Organization.—Reporter.

Littlefield View Of Game Expressed

Approximately 500 Littlefield football fans witnessed the Armistice Day game at Tahoka between the fighting Wildcats and the Tahoka Bulldogs. The Cats were defeated 32 to 14, but the "customers" returned home with their faith in the Cats unshaken, and with the satisfaction of having witnessed a game in which the opponents of the local team won on their ability to play good football.

One of the very pleasant features of the trip was the courtesies extended the Littlefield party by the Tahoka chamber of commerce, of which C. C. Williams is secretary-manager, and the Tahoka citizens in general. Approximately 80 cars were at the depot to carry the Littlefield fans to the game. Each automobile carried the announcement: "Welcome Littlefield. Get in and Ride." Cars also carried Littlefield people back to their train.—Lamb County Leader.

16TH RADIUM VICTIM

East Orange, N. J.—The death of Mrs. Anna Stasi was the sixteenth fatality traced to radium poison. In 1918 she was employed painting watch dials and radium entered her system, it is believed, when she moistened the tip of the brush with her tongue.

New use for cotton is being experimented with by the Texas Highway Commission, which is using heavy cotton duck on a stretch of road as a base for asphalt. The canvas was laid on top of a light coat of tar on a clean gravel roadway, and then sand and fine crushed stone screenings rolled on top of the cloth. Careful comparisons with the cloth-covered road and adjacent sections laid without the cloth will be made to determine if the cloth binder holds the surfacing material in place and prevents the edges of the road from crumbling off. If the experiment is successful it means a new outlet for a large part of the South's great crop.

"I'm A Producer And A Shareholder In The Swift Family"

"You can't blame me if I take more than an ordinary interest in the affairs of Swift & Company. I'm interested in two ways. First—as a producer. Second—as one of 45,000 shareholders."

"I'm glad to belong to this big family. And if you'd ask me to sum up why, I think I'd say—"

1—Swift & Company is one of the most efficient organizations in America. Only an exceptionally well run concern could possibly thrive on an average margin of less than 2 cents on every dollar of sales.

2—As a producer I receive the going market price for the best butterfat, eggs and poultry I can deliver. Swift's nation-wide distribution, because of their 600 car routes and 400 branch houses, assures me of an ever ready market. I am not subject to local glut or shortages.

3—Swift & Company employs 58,000 people who receive just wages. These employees live in the communities where they work. Many of them are our own neighbors. They spend their money with our merchants, build their homes here, pay taxes like you and me. They contribute to the well being of this town.

4—As one of 45,000 shareholders, I receive a return on my investment.

"You can see that there are many benefits in having contact with Swift & Company. I'll keep on taking my butterfat, eggs and poultry to the nearest produce plant. The more I raise, the more I make! No wonder I'm glad to be in the Swift family."

Association for Lynn county. At the last election he was a candidate for the Democratic nomination for Justice of the Peace and received a very flattering vote considering the fact that his opponent was the popular Uncle Ike.

"Uncle Ben" is well qualified for the position and he has been receiving the congratulations of many warm friends upon his appointment.

Rio Grande Valley fruits and vegetable shipmen's during the season just closed totaled 28,113 carloads or 4,000 greater than any previous season, valued at about \$22,000,000 or almost twice the total of any previous year.—Moulton Eagle.

BURSTED RADIATORS

The next gale that sweeps from the north may result in a bunch of bursted radiators. Better insure against such a calamity by using

I. P. METCALF DIES; WAS TEXAS PIONEER

(Continued from first page)

and only a youth when the Civil War broke out, he enlisted in the Union army and was placed in the secret service. He distinguished himself by riding through the Confederate lines to deliver messages and came to know General U. S. Grant personally.

Drifted to Texas

As a sort of soldier of fortune, he drifted to Texas soon after the war and joined the Texas Rangers. As a frontier defender, he was engaged in a number of Indian fights in central West Texas counties, and killed several of the invaders when they swept down on their marauding expeditions from the Oklahoma reservations. He made his first trip across the South Plains in 1870 after a rumor had been heard by Rangers to the effect that Indians had murdered a group of California immigrants near Big Spring. Metcalf and the rangers, thinking they would strike the trail came north through Borden, Lynn, Lobbock, and Crosby counties. He was known as one of the most daring Indian fighters in West Texas in the early days.

In 1872, Mr. Metcalf married Miss Mary Elizabeth Fancher at Palo Pinto, where they lived for many years. In 1905, they came to Lynn county, just two years after the county was organized, and for many years he ran a store, preached at Baptist churches and engaged in other occupations.

Ten years ago he was elected justice of the peace at Tahoka, and was reelected for another term in the recent election. During his term of office, "Uncle Ike" is said to have married more couples than any man in this section.

He is survived by one daughter, Mrs. J. G. Scott, Tahoka, and several grandchildren, Paul McDonald, Henry McDonald, and Ben Ike Scott, all of Lynn county; Clyde McDonald, Brownfield; Mrs. Carl Verhine, Roswell, N. M.; children of Mrs. Scott; and Jim Crow Metcalf and Mrs. Ruth Brombley, Amarillo, children of Willie Metcalf, a son who died 22 years ago.

The News joins many friends in condolences to the bereaved.

BREEDLOVE TO PADUCAH; SHEPHERD COMES HERE

(Continued from first page)

Rev. E. L. Naugle of Wilson goes to Caps in Taylor County, while the new pastor at Wilson is Rev. H. L. Thurston.

Rev. C. A. Duncan was returned to O'Donnell.

Rev. W. B. Gilham goes from Draw to Truscott in Foard county, and Rev. J. N. Hester comes to Draw.

Rev. Z. B. Pirtle, a former pastor at Draw, was sent to Bovina, while Hamilton Wright, another former pastor there, remains for another year at Sparenberg.

Rev. C. F. Carmack, whose real home is here, goes to the Wellington circuit for another year.

Former pastors at Tahoka still in this conference are Rev. J. T. Howell, who goes next year to Olton in Lamb county, and Rev. John B. Eldridge who goes from Miami, where he has been since leaving Tahoka four years ago, to Tulsa.

LEVELLAND LOBOES WILL PLAY HERE THIS FRIDAY

(Continued from first page)

about the same strength as Littlefield, and the latter team claims it was off-form when they played Tahoka.

Washam's Bulldogs are in fine fettle except for Dean who has a broken bone in his hand, and have had a rest of ten days since their 32 to 14 triumph over Littlefield Armistice Day. Though the dope is a little in favor of the Bulldogs winning, there is a strong possibility that the tables will be turned.

Citizens are assured of an excellent game, and their presence at the contest is urged by school authorities.

CALL MEETING

There will be a social meeting of Tahoka Lodge No. 1041 on Tuesday night, November 24. All master masons are urged to be present. C. R. RILEY, W. M. J. L. HEARE, Sec.

American Indians Played Baseball

CANYON, Nov. 19.—American Indians are usually thought of as buffalo hunters, hard riding fighters, carrying tomahawks, guns or spears, or as wild dancers seeking to placate the gods of rain and sunshine.

Objects in the Panhandle-Plains Historical Society museum show that Indians provided playthings for their children, and as adults were very fond of games.

Bats said to have been used in the last games of ball played between the Chickasaw and Choctaw Indians at Hickory Hill, Oklahoma, were recently presented to the Panhandle-Plains Historical Society by Mr. and Mrs. W. M. Craven of Pampa, Texas. Those bats were used in September, 1905.

The bats are made of very hard wood which has been rendered sufficiently pliable to allow the bending of one end into an oval shape. The bent portion is fastened to the heavier part of the handle by means of raw hide, and raw hide thongs are passed across the oval. The bat has some characteristics of a baseball bat and some of a tennis racket. Persons who have seen the bats in use, say that the Indians used them with great skill.

New Lynn

Oh, but howdy, the sand storms seem to take a liking to this little community from the way they have been raging for the past week.

School started Monday but only a few pupils have enrolled so far. But if the weather stays fair and the sand stops blowing we hope to have a large number of pupils.

The sand was so bad Saturday night that we didn't have singing. Maybe we will have singing this Saturday night if the weather is not too bad and everybody is not like a few of us getting discouraged by going and then not enough come to have singing. But come on and let's keep it going and don't get discouraged.

Mr. and Mrs. Weeks and family are visiting relatives at Merkel.

Remember singing Sunday afternoon at 2:30 o'clock. Everybody that can come and bring some one with you. For one and all are welcome.—Reporte.

THE CHANCE FOR MISTAKE

Newspaper publishers who are driven to near insanity by the futile effort to keep errors from getting into their papers, and readers who take delight in pointing out the occasional mistakes which all newspapers make may now devote their energies to other pursuits. The perfect alibi has at last been found.

Some newspaper man—it must have been a harassed mechanical superintendent or composing-room foreman—has mathematically worked out the number of chances for mistakes in one column of print. The number is 70,000 to one.

This brilliant colleague has worked his problem out with this result: In an ordinary newspaper column there are 10,000 letters of type; there are seven wrong positions that a letter may be put in; there are 70,000 chances to make an error, and

millions of chances for transpositions. In the short sentence, "to be or not to be," by transposition alone, it is possible to make 2,758,009 errors.

The man who perfected this defense deserves a special niche in journalism's hall of fame. We refer his result to all who are critical of our efforts.

If there era yna seakmist in this lairtoide it is use-aceb we missed a 79,00 to one hots. E ain etaoin.—Ox-ford (Miss.) Eagle.

Texas has the largest helium gas plant in the world, the largest chill and taxable manufacturing and canning plant, the largest rice packing plant, the largest single oil refinery and the largest custom smelter—to give only a few of its "largests."
