BURGLARS ARE ACTIVE HERE

Hogan Store Loses \$935.00 Worth Of Merchandise; Oil Stolen From Dollins

Prying loose and bending the iron bars that guarded a rear window, burglars broke into the Hogan dry goods store here Tuesday night and stole clothing to the value of \$935.00, according to a recent invoice. Fifteen suits of men's clothing and seventeen ladies' coats were taken.

Officers got busy on the case early Wednesday morning as soon as the burglary was discovered by night watchman W. M. Lee, but no clue as to the identity of the thieves has been found; or if so it has not been revealed by officers.

Early Wednesday morning, however, a boy on his way to school discovered a suit of clothes that had been dropped by the thieves, evidently by accident, in the alley back of the Higginbotham-Bartlett Lumber yard. This was returned to the Hogan store by Sheriff B. L. Parker and Mr. Hogan stated that the suit was worth \$25.00, thus reducing his loss to \$910.00. Officers are of the opinion that the thieves had stopped their car in the vicinity of the Connolly ware house and transported the loot on foot from the store to the car. Shoe prints of the culprits were found and traced, but the high winds had blown the sand so much as to almost obliterate the tracks.

The Hogan store has been broken into several times before since he has been in business here and quite a quantity of goods taken each time.

A barrel of oil was also stolen Tuesday night from the Bert Dollins Filling Station, possibly by a different bunch of thieves.

FIFTH GRADE GIVES AN INTERESTING PROGRAM

It was the privilege of the editor to be present at the Central Ward school building Monday morning during the chapel hour and to enjoy the program which was rendered by pupils of the fifth grade.

The scripture reading was well done by Jack Coughran. Little Jo Townes led the singing. Lois Montgomery presided and announced the program.

The feature of the program was the original poems by six members of the grade, one boy and five girls. Those participating in this part of the program were: Wells Edwards, Janice Sanders, Luda Stracener, Dottie Turrentine, Lottie Jo Townes and Lois Montgomery. All of these young poets showed much talent, and some of the productions were really excellent.

The editor had a lot of fun exhibiting an old blue-back speller to the youngsters and telling them about the schools of his childhood.

But Fishes Can't Tell
A medal was recently found in a salmon. It is thought the fish held the local championship for just getting away from the biggest angler.—Exchange.

Postoffice Has Business Slump

Postal receipts during the year 1930 at the Tahoka post office were considerably below those of 1929, the banner year so far. Receipts for the third quarter, amounting to \$2,978.39, were about \$900.00 lower than for the corresponding period during 1929.

Total receipts that were announced by D. A. Parkhurst, postmaster, were \$10,208.02 for 1930 against \$12,115.00 for 1929.

"This is the first time in my nine years experience as postmaster that the receipts were lower than those of the preceding year," Mr. Parkhurst stated.

This decrease, of course, is due to the general business depression that has prevailed throughout the country and to the prolonged drought in this section. It is manifestly only a temporary condition and the present year is expected to bring an increase of receipts over last year. With a good crop and fair prices this fall, receipts in 1932 may be expected to surpass any previous year.

Carpenter Home At O'Donnell Burns

The residence of C. R. Carpenter, who resides in O'Donnell but practices law in Tahoka, was almost totally destroyed by fire one night during the holidays.

Mr. Carpenter had arisen and started a fire in the heater early in the morning and had gone back to bed waiting for the room to warm up before dressing. He dropped off to sleep, and when he awoke the house was afire and the flames had made great headway. He and his wife and little five-year-old daughter had barely gotten out of the burning building when the roof fell in.

The loss was partially covered by insurance.

NEW FREIGHT ROUTE STARTS

Santa Fe Road Now Giving Two Day Service From Dallas, Fort Worth to Tahoka

Effective Monday, Tahoka merchants now have second morning delivery of freight shipments from Dallas and Fort Worth, according to an announcement received here from Tom B. Gallaher, general passenger and freight agent of the Santa Fe at Amarillo.

"Freight leaving Dallas and Fort Worth at 6 o'clock each night will arrive at Slaton at 9:45 o'clock the following night," he said. "Freight for Tahoka and Lamesa and O'Donnell will be transferred at Slaton and sent out on the morning freight the next morning."

The train arrives in Lubbock at 11:45 at night and all freight for the branches out of Lubbock will be delivered the second morning, Mr. Gallaher said.

Plans for the improved service have been in the making for a year, Mr. Gallaher explained. It was necessary for the G. C. & S. F. to rearrange its schedules and tighten up connections all the way around.

Family Row Ends As Man Is Jailed

A family row in which a few shots are said to have been fired and some violently abusive language was waged on a farm out eight or ten miles southeast of town Tuesday.

The trouble arose when a man whose wife had secured a divorce went to the residence of his former father-in-law to induce or compel his erstwhile spouse to resume her conjugal relations with him. The fellow is alleged to have emitted some rather lurid epithets when his intentions were foiled and the father-in-law is said to have brought the artillery into use.

The younger man was lodged in jail with an abusive language charge filed against him in the justice court.

State Aid Warrants Are Received Here

Eighteen state warrants for the aggregate sum of \$10,629 have been received by The First National Bank here as county depository from the state rural school aid fund at Austin for eighteen of the public schools of this county. This is possibly the largest apportionment ever received by the schools of Lynn county from this fund.

Gasoline Stolen At Weaver Station

A. C. Weaver reports that thieves broke the locks on one of the pumps at the Weaver Filling Station last Saturday night and stole about twenty-five gallons of gasoline. He believes the theft was perpetrated by home talent. Officers are at work on the case.

One by one the 'gaps' in the Texas highway system are being eliminated, and motorists are welcoming each such item of news. Within a few more months a dozen or more Texas counties across which travel had been possible only in dry weather will have all-season highways of the highest type of construction.

DECEMBER WAS A COLD MONTH

Many Days of Freezing Temperature But Only a Few of Them Were Disagreeable

While December was a comparatively pleasant month, yet it probably had more days on which the temperature dropped below the freezing point than usual. Of the 31 days in the month, there were 25 days on which freezing temperatures were registered. During the last 17 days of the month and for the first two days of January, nineteen days in succession, there was freezing weather at some time during the day or night. This is believed to be almost a record. Yet the lowest temperature registered during the month was 19, or only 13 degrees below the freezing point. This was on December 22. The maximum temperature reached during the month was 63 degrees on December 3. The mean (or average) maximum temperature for the month was 50.77 degrees, while the mean minimum temperature was 29.09 degrees.

The precipitation during the month amounted to 1 1/4 inches. Rain on December 4 amounted to 1.32 inches; rain on the 10th, .06 of an inch; and a little more than an inch of snow on December 21 amounted to .12 of an inch of water.

During the first seven days of January, the temperature has registered below the freezing point one every day except January 3, when the lowest temperature was 33 degrees, or one degree above freezing.

Rain and snow on Sunday, January 4, registered .40 of an inch in the government rain gauge.

New Manager At Local Jones Store

At the close of business last Saturday night, Thomas H. Speight severed his connection with the Jones Dry Goods store at this place and R. A. Hoover of Brownfield was checked in as manager here Monday morning.

We have no information as to Mr. Speight's plans for the future. With the exception of a few months the first of last year, he has been manager for the Jones Dry Goods here for five or six years, during which time the company has usually enjoyed a good business.

Mr. Hoover was at one time connected with the Jones Dry Goods store at Brownfield but has more recently been engaged in other pursuits. His family, consisting of a wife and two small children, arrived Wednesday.

School Taxes Are Coming In Slowly

Jim Weatherford is tax collector for the Tahoka Independent School district and this week he furnished us some figures which indicate that taxes are being paid more slowly this year than heretofore.

Taxes collected for the school district during the months of November and December for the past three years are shown as follows: 1928—Nov., \$424.30; Dec., \$10,424.70; total, \$10,849.00. 1929—Nov., \$699.15; Dec., \$11,332.70; total, \$12,031.85. 1930—Nov., \$1,238.10; Dec., \$8,382.75; total, \$9,620.85.

Readers Are Renewing Subscriptions; New Names Added To The News' List

New subscribers and old subscribers renewing their subscriptions during the past few weeks whose names have not appeared in previously published lists are given below. We appreciate the fact that, in spite of the hard times so many are renewing. Many others will probably do so this month and next.

New Subscribers:
John Jackson, Amarillo; J. N. Townsend, Wilson, Rt. 2; T. F. Moore, Wilson, Rt. 1; J. E. Hamilton, Wilson, Rt. 1; S. C. Harter, Nimrod; A. C. Weaver, J. P. Unfried, J. A. Welch, and Hub Barber Shop.
Renewals:
W. A. Yates, Tom Hale, N. M.

Interest Is Revived In Co-op; Will Plant High Grade Seed

NAME DROUTH RELIEF GROUP

Local Committee to Handle Federal Loans to Lynn Farmers is Made Public

Messrs. A. L. Lockwood, J. K. Applewhite, and Judge J. W. Elliott received notification Wednesday that they had been appointed as the central committee for Lynn county in the matter of receiving and passing on applications for loans to be made by the Federal Government to drouth-stricken farmers. They will be ready to function just as soon as the appropriation for this purpose is finally passed and they receive the necessary papers and instructions from the federal authorities. We are not in position to give any information as to when that will be, but the indications are that it will be in ample time to materially help many of the farmers of Lynn county.

MILT FINCH ANNOUNCES FOR REELECTION AS MARSHAL

Milt Finch has authorized The News to state that he is a candidate for reelection to the office of city marshal. He has held this position for four years and feels that his record has been such as to merit the approval of the voters. He respectfully asks for your vote and influence at the election to be held the first Tuesday in April.

Planting of Better Seed Being Urged

A meeting of farmers was held in the county court room Saturday at the call of D. T. Rogers, president of the Farmers Cooperative Gin Society No. 1 of Tahoka, for the purpose of considering the matter of planting some grade of long-staple cotton seed this year. The body was addressed by R. C. Wood and others. Orders were given for about a half car load of seed.

GUY SHERROD ANNOUNCES FOR CITY MARSHAL OFFICE

To the Voters of Tahoka:
I take this method of announcing my candidacy for the office of City Marshal, and in connection with this announcement I wish to state that I have lived practically all my life in Lynn county and for the past four years have been constable of this precinct. Having served you in this capacity, I am now asking for the office of City Marshal. If elected I promise to give my best efforts to the business in connection with that office.
Yours truly,
GUY SHERROD

Cattiness

The height of cattiness was reached by a girl who said of another girl's passport photograph that it was an excellent likeness.—The Humorist.

Texas has twenty-six electric hydro-electric plants with a total of 31,174 horsepower, ten of them being owned by manufacturing concerns.

"THIRTEEN" IS UNLUCKY NUMBER TO EARL GRIDER

Earl Grider is of the opinion that "13" really means bad luck. At the New Year's football game played with O'Donnell last Thursday he wore a No. 13 sweater and in the game he got one tooth knocked out, another broken off, and three others loosened, and the next morning got one of his fingers almost cut off when a car door was slammed on it.

COUNTY ROADS BEING WORKED

Crews Already at Work in Three of Commissioners Precincts Of the County

At a meeting of the commissioners' court last Thursday, arrangements were perfected for a public road working program throughout the county, as was forecast in this paper last week.

In pursuance of the action taken, crews of hands are already at work in three of the commissioners' precincts. Elton George has two crews at work in the New Home precinct, consisting of eight or ten men; Bob Finley has several men at work in the Wilson precinct; and Walter Florence has two crews at work in the Draw precinct. Waldo McLaurin, who was just sworn into office on January 1, has not yet gotten the work under way in the O'Donnell precinct but expects to do so within the next few days.

County warrants will be issued, according to Judge G. C. Grider, to pay the workers.

Who Wants Better Seed? Report Now

As chairman of the Good Seeds committee, D. T. Rogers requests that all persons wishing to purchase some variety of long-staple cotton seed for planting purposes shall notify some member of the committee, giving the kind and the amount of seed desired, and the members of the committee will in turn report the same to him. The members of the committee as selected at the meeting of farmers held in the court house last Saturday is composed of the following: D. T. Rogers, chairman; J. A. Jaynes of New Lynn; C. T. Tankersley of West Point; I. M. Draper of Midway; J. B. Lowe of New Home; J. C. McCauley of T-Bar; and E. A. Thomas of Grassland.

No New Fords; Model A Shown

NEW YORK, Jan. 3.—Rumors that the Ford Motor Company would introduce radical changes in the Ford car were set to rest Saturday when the company placed the Model A car on exhibition in its annual show in New York.

Instead of exhibiting in the New York automobile show, the Ford Motor Company holds its own exhibit of Fords and Lincolns each year in the building at 1710 Broadway coincident with the Automobile Show. The display this year includes the full line of Model A cars, but, with the exception of the addition of the de luxe body types announced during the last year, the only changes are the improvements made from time to time during the year in accordance with the Ford policy of avoiding annual models.

Representatives of the Ford Motor Company said the Model A would be exhibited in automobile shows throughout the country. They added that no changes in the car are contemplated other than such improvements as are ordinarily made in the course of production.

Elmer Ray, who has been away from Tahoka several years, came back this week to reside. For the past several months he has been at Amherst.

CO-OP MEETING HELD MONDAY

Large Crowd of Farmers Hear Lynn Stokes, N. H. Payne, and C. A. Barron Speak

The district court room was crowded full of farmers Monday afternoon intently listening to addresses made by representatives of the Cotton Cooperative Association explaining the workings of the Federal Farm Board and answering criticisms that have been directed against the organization. The speakers were N. H. Payne, field representative of the Texas Cotton Cooperative Association of the Lubbock district, C. A. Barron of the Dawson County Cooperative Association, and Lynn Stokes, president of the Texas Cotton Cooperative Association. C. C. Williams of the local chamber of commerce presided.

The speakers asserted that a terrific drive was being made by the cotton exchanges, the grain exchanges, and other interests to discredit the farm board and to bring about a repeal of the law creating it. They called attention to the fact that published statement was recently made to the effect that \$100,000 had been raised with which to combat the organization. They maintained that although the price of cotton has greatly declined during the present marketing season yet it would have run much lower but for the efforts of the Federal Farm Board.

"The association is handling cotton so economically that abnormal profits in the business have been completely eliminated and those who have been making such profits are fighting to get them back," one of the speakers said. "Cotton would have gone to seven cents a pound or lower if the Farm Board and the cooperatives had not held three million bales off the market this season. It costs two dollars a bale and up for the average street buyer to handle cotton from the farmer to the big exporter, through the medium of a small shipper or broker, and when cotton reaches the big exporter it is no closer to the cotton mill than when the farmer puts it on the railroad platform tagged to the cooperative. At least two dollars a bale is saved to the farmer when he delivers to the co-op in 'handling charges alone.'"

The speakers invited questions from the auditors and a number were asked and answered. At the suggestion of Mr. Payne a committee was selected by the farmers present to work out a plan whereby better seed for planting purposes might be procured. This committee consists of D. T. Rogers of Tahoka, J. A. Jaynes of New Lynn, C. T. Tankersley of West Point, I. M. Draper of Midway, J. B. Lowe of New Home, J. C. McCauley of T-Bar, and E. A. Thomas of Grassland.

Red Cross Calls For More Clothes

Mrs. W. D. Nevels, acting for the Red Cross, requests that all who have articles of clothing which they are willing to donate for the use of the needy shall place same in bundles on their front porches early next Saturday morning, and Boy Scouts will be around to gather up the same.

Or, parties wishing to donate clothing, may leave the same at the office of C. C. Williams, secretary of the Chamber of Commerce, at any time before Saturday.

Mrs. Nevels states that much clothing can be used and people should contribute liberally.

Texas produced 464,648,000,000 cubic feet of natural gas in 1929 and consumed 461,718,000,000 cubic feet—only 3,210,000 cubic feet excess production over consumption.—Authority U. S. Bureau of Mines.

Dimmitt voted \$35,000 for a new school building.

NOTICE TO THE PUBLIC

Any erroneous reflection upon the reputation or standing of any individual, firm or corporation, that may appear in the columns of the News, will be gladly corrected when called to our attention.

Literally thousands of friends and acquaintances throughout West Texas were shocked and grieved to learn last week of the self-inflicted death of Rev. C. E. Ball, formerly pastor of the First Baptist Church at Brownfield for a number of years. It was a terrible tragedy that so good a man should come to such an end—but who can chide him? For many weeks his good wife had been confined to a hospital. Operations failed to restore her health. On the other hand, long-continued disease finally wrecked her mind. Specialists were unable to successfully combat the malady and to restore her mental faculties. Laboring week after week and month after month under the terrible strain, hearing no answer to his prayer to a merciful God for relief, "broken financially, physically, and mentally", facing black despair and seeing no ray of hope, the good man himself lost his mental balance presumably and decided to end it all. It was a terrible deed, but thousands of friends throughout this section will bear witness that he was one of the best and truest men that God ever made. We knew him well—in his happiest days and in his sore affliction—and we drop a tear to his memory.

The legislature will meet next Tuesday and one week from that date a new governor, Ross Sterling, will be sworn in. This administration and this legislature will have many important problems to deal with. Under constitutional amendments recently adopted, the regular session of this legislature may last 120 days, and a new method of hand-

ling legislation will be introduced. Members will receive \$10.00 per day during the regular session instead of \$5.00 as heretofore. With more pay and more time at their disposal, the legislature should be able to do more careful work than it has done heretofore.

We are hoping and believing that 1931 will be a better year for the farmers of Lynn county and of Texas. We believe that as to Lynn county, a better grade of cotton, better crops, and better prices will turn the trick. In the meantime, let us remember that safety lies in diversification. Then if one crop fails another may pull the farmer out of the hole; or if the price for one commodity is bad, possibly the price for the other will be good. At any rate two or three chances are always better than one.

We are proud of our churches in Tahoka. We are proud of our ministry. We doubt if there is a town in the state the size of Tahoka that can surpass us in this respect. If you are a bit discouraged, if you are burdened with sorrow, if you are racked with care, if you feel dissatisfied with your lot or with your self, then go to the church of your choice next Sunday. We feel sure that you will hear a message that will be inspiring and helpful. Try it.

If the soil in Lynn county could have been put in finer condition for the beginning of a new crop, that rain and snow Sunday turned the trick. A slow rain followed by a heavy snowfall continuing for several hours and meeting soon after it fell rendered the soil exceedingly soft and made the roads almost impassable. The most excellent season in the ground presages a good crop this year. It's a long lane that never turns and we think we see the turn in the lane.

Gifford Pinchot, Republican candidate for Governor of Pennsylvania "The Church doesn't vote as it prays."

Opinions
Of Our
ReadersLOWER FREIGHT RATES ON
FARM PRODUCTS IS
PROPOSED

I have introduced in the Congress a joint resolution directing the Federal Farm Board to establish a rate adjustment division for the purpose of filing applications to correct the freight rate discriminations against the shipment of farm products.

Every railroad and practically every major industry has its highly paid, trained rate experts to handle their cases before the Interstate Commerce Commission. The unorganized farmers have no such advocates to fight their rate battles, and the result is obvious in the glaring discriminations to which agriculture is subjected in our rate structure.

When iron, steel and farm machinery are shipped abroad they are given freight reductions of from 25 to 40 per cent from the factory to port of export. When steel is shipped from Gary, Indiana, to New York for export the freight rate is reduced 40 per cent. Automobiles for export are also allowed a big reduction, and when farm machinery is shipped from Chicago to Galveston for export a reduction of 35 per cent is granted, but if the machinery is for use of Texas farmers the full rate is charged.

In other words, the American farmer is charged a higher freight rate for American made machinery than his foreign competitor who has the advantage of cheap farm labor as well as cheap freight rates.

But when cotton and wheat are shipped abroad they are allowed no reduced rates. Some reductions are allowed from terminal centers but not from production centers, and it is difficult to ascertain why these reductions should be given manufacturers and not the farmers.

These reduced rates stimulate commerce in iron, steel and manufactured products it is only logical to presume that they would stimulate the sale of wheat and cotton. The Farm Board is spending millions of dollars on a marketing system, but no marketing system, however perfect, can cure the discriminations that are woven into our rate structure.

In the recent grain case Commissioner Lewis of the Interstate Commerce Commission says: "Our carriers have extended—and we have not interfered—to manufacturers of iron and steel articles, automobiles and farm machinery railroad rates 25 per cent lower on export than on domestic shipments. If the same principle were here applied to wheat and its products it would have a very beneficial effect."

The United States Steel Corporation has not missed a dividend in thirty years. Its common stock has earned on the average about 12 per cent and it has ranged as high as 46 per cent. No amount of word juggling can justify continuing export freight rate reductions to that company's products and denying such reductions to the products of America's farms.

I have repeatedly urged the Farm Board to file applications all along

the line for reduced export freight rates on wheat and cotton, but no action has been taken. The purpose of the resolution is to direct that this be done.

To remedy these discriminations would be the finest service the Federal Farm Board could render agriculture. And unless this is done, no matter how skillfully their marketing plans may be carried out, agriculture would still suffer an economic handicap in freight rates that are too high. These discriminations should be eliminated. This is a matter of great importance as freight rates are invariably woven into the price of the commodity.

MARVIN JONES, Congressman

CLAUDE EDITOR TELLS WHY
TIMES ARE HARD

A very, very sad story comes to us from last week's Lynn County News. Read it over and then give us your remedy. The News says:

"That old slogan, 'Back to the farm', that we used to hear so much must be all wrong, for according to the economists we have already raised too much. We have so much cotton that it must be sold for a mere song; so much wheat that farmers in the North and West are burning it for fuel; so much butter and eggs that the markets are glutted; so many turkeys and hogs and bees that there is little profit in raising them. It seems that we should reverse the order and start an 'Away from the farm' slogan."

Judge Hill, the editor, is a very smart man and a ready writer, and just why he did not go further and give us the remedy we do not know. Had he told us that we should have about \$50 per capita in ACTUAL CIRCULATION, instead of less than half that amount IN CIRCULATION, he would have hit the nail on the head". The Smart Ones have been telling us all the time that there is just as much money in this country now as there ever was. Sure there is, but it is being hoarded up by the Gold Standard Crowd, who are able to make THREE FOR ONE OFF THIS Modus Operandi. As long as we had something like \$53 to \$55 per capita in ACTUAL CIRCULATION, you heard nothing about hard times or of people being out of employment, or those not being able to find work at fairly good wages. Everybody had a job that wanted to work, at good wages too. Not so now, all caused by not having enough of that Medium of Exchange or the measure of values—money in circulation to do the business of the country properly. We are of the opinion that there are few men more able to judge this matter than is Judge Hill, editor of The Lynn County News. This was thoroughly explained in last week's Claude News by an article headed: "The Greatest Curse or Cause of

Hard Times". Everyone who read this article knows exactly why we are having hard times, when the country is flooded with plenty to eat and plenty of clothing being sold at less than the cost of production. It does not take a smart man to know that if he produces anything when we have \$50 per capita and then tries to sell when that per capita has been reduced one half, that he will lose 50 per cent or more, because his products sell for HALF PRICE, or the money buys twice what it did before the per capita reduction.—Claude News.

CARD OF THANKS

We wish to thank each and every one for the kindness shown us during the death of our darling baby. May God's richest blessings rest upon each and every one of you, is our prayer.

We especially wish to thank the Red Cross, the Chamber of Commerce, and the American Legion.

EDITOR'S NOTE

In his eleven years at Notre Dame University, prior to 1930, Knute Rockne has turned out four national championship teams and has seen 101 victories chalked up by the eleven under his guidance. Naturally, these men have been most carefully conditioned—for no sport is more exacting in its demands upon stamina than is the particular brand of football played by Coach Rockne's "Fighting Irish". We feel that Mr. Rockne's views on correct eating may be copied profitably by all who must face the struggle of modern life—and surely no man is better able to speak authoritatively on this matter of outstanding importance.

Editor.

By Knute Rockne

Famous coach of champion Notre Dame teams, pictured above.

Too much emphasis cannot be placed upon the importance of proper diet in the making of a football team. A coach is faced with the task not only of bringing his men to a fine fighting edge for any particular game, but also of being able to hold them at their physical best throughout an entire season. And I find that watching

carefully over what my men put into their stomachs is even more important to assure a team's continued fitness than is the usual required abstinence from smoking and other undermining habits.

Mental alertness—so necessary in the Notre Dame system, where speed and the ability to think quickly are stressed more than sheer weight—is directly dependent upon a healthy body. And a healthy physique, as we all know, is one that is kept free at all times from those accumulations of residual poisons that might have been eliminated through a carefully balanced diet.

Unfortunately, very few persons seem to "have time" to study their diet. They must be educated and guided in what to eat and what not to eat. This is particularly true of those just entering upon college life; and thus we find the conscientious coach faced with many duties other than teaching embryo stars the fundamentals of the game. Early in his experience he learns that he must emphasize the principles of hygiene and balanced diet along with his instruction in football lore—and see to it, personally, that every player has real appreciation of the needs of his body to endure the strain of competition on the gridiron.

Notre Dame football teams have been called the "eleven halfbacks", because we do not stress weight in the line so much as we insist upon speed and the ability to think quickly. This physical stamina and

mental alertness are promoted through strict adherence to fundamental dietary laws—and just as much stress is placed upon this building of bodily energy as is given to playing instructions in our workouts on the field.

At Notre Dame, both the scrubs and members of the varsity football team are held to a strict diet throughout the playing season. While this is not at all an unusual practice in collegiate athletics, we do believe that our system of conditioning is largely responsible for the success of the "Fighting Irish". In those special dishes which we prepare for our training table are included generous quantities of fruits, fibrous vegetables and those cereals that give a bulky "vegetable effect". Thus the normal secretarial activities of the athlete's body are promoted, and his system kept free from accumulated residues that induce both mental and physical inertia.

Such a careful and rigorous schedule of diet brings real results. And it is imperative for the success of our teams that it should, for one physically weak or mentally sluggish man in the line creates a gap that may render the rest of his team mates impotent to win. The chain and its weakest link—the team and its weakest player! The analogy is absolute. All other things being equal, the healthy football team is the winning football team. And at Notre Dame we know it's food that puts the "fight" into a squad.

Unusual Contrasts In "Silver Horde"

Hollywood's two fiercest looking actors and handsomest leading men! These are the titles attached to three featured players in "The Silver Horde", a red-blooded Alaskan drama showing at the English Theatre Friday and Saturday.

Louis Wolheim, he of the crooked nose and Ivan Linow, former wrestler, are said to have the fiercest countenances. Joel McCrea newcomer to the screen and winner of the choicest role of the year, quickly gained the reputation of being the best looking actor.

Contrasts are strikingly shown in many scenes of the production. Joel is depicted in combat with both of the other players; the latter, clash several times; and in the thrilling fight scene aboard a fleet of 24 fishing boats, the three line up on one side.

In addition to these three players, Evelyn Brent, Raymond Hatton, Jean Arthur and Gavin Gordon are featured.

New Lynn

We have a number of new pupils in our school now, and the others have returned so that now we really look like a school when we get together for chapel and other school gatherings.

My! how the snow and rain did fall Sunday morning.

Singing Saturday night was not as good as it would have been had our president, or even our vice-president, been present. We had a good-sized crowd. Come!

Mrs. S. P. Levacy has been on our sick list for the past two or three weeks. We hope she is greatly improved by now.

Mr. Jeff Higginbotham of Crosbyton visited with his brother, Henry, and family Tuesday, Jan. 6.

School is progressing just fine.

Miss Alice Church entertained the young people at her home last Friday night.

Mr. Thomas Robbins of McKinney spent Saturday night with his mother, Mrs. Mary Robbins.

Misses Florence Meeks and Vera Flemings accompanied by Florence's parents spent the week-end at Merkel. When they returned Mr. Cooper, Mrs. Meeks' father, came with them.

The Senior Class will organize as soon as the other member is able to return to school. Although our class is few in number (four) we are on the job and hope to be the best class N. L. H. S. will have this year. The Juniors will organize soon. Watch our column for news.

The New Lynn club girls held a meeting Wednesday morning and organized our club for 1931. The following were elected: Ruby Levacy, pres.; Allie Barton, vice-pres.; Vera Fleming, secretary; Irene Terry, reporter; Mrs. Terry, sponsor. We will meet again on the fourth Tuesday of January. Miss Alice French is our recreational leader.

The girls played their second basketball game on the home court Friday P. M. The game offered many thrills in the way of good passing and forwarding. We won over the Edith players 17 to 2. We are glad of the victory, but have not considered it exceptional since it was a practice game and our opponents have not been playing lately.

The boys played two games Friday, one with Edith and one with Grassland. They won over Edith, but lost to Grassland. The score of the game were: New Lynn vs. Edith, 18-4; New Lynn vs. Grassland, 6-13.

The boys played Close City at

Well, folks, how did you like the little rain and snow last Sunday?

On account of the bad weather, there was no Sunday School or singing. Everyone come next Sunday and make up for lost time.

Mr. and Mrs. Jodie Hodge and family of Tahoka spent Saturday night and Sunday with Mrs. Hodge's parents and family, T. I. Hammonds.

Mr. Sam Harter and family left this week for Eastland county where they will make their home this year.

Mr. and Mrs. T. Tippit, Grandma, Linnie and Faye Tippit were at Lubbock last Thursday, where Lin-

nie and Faye registered at the Tech.

Mr. and Mrs. D. C. Stevens, Mrs. W. A. Tredway and M. C. Guire of O'Donnell spent New Year's day with Mr. and Mrs. D. A. Stevens and family.

Mr. Carl Sanders and his mother and brothers are moving back into this community.

Mrs. H. O. Hargett is on the sick list this week.

Don't forget Sunday School and church at 10:00 o'clock Sunday.

—Reporter.

What Comes in Small Packages?

A man wrapped up in himself makes a very small package.—Doughty News.

Locals

Edgar Hays, who has been linotype operator for the News the past eighteen months, left Wednesday to visit relatives at Slaton for a few days, after which he will return to his home at Bowie in Montague county, where his father operates a job printing shop. Frank Hill has added the task of operating the machine to his other duties in The News office.

Mr. and Mrs. Frank P. Hill and little daughter, Patricia, and Miss Berta Hill went to Canyon Saturday to visit relatives and to see the basketball game Saturday between the West Texas State Teachers College and Baylor University. They report a great game, the Teachers winning by a score of 45 to 35.

Mr. Scott Gunn of Gatesville is here again this week on business. In fact, Mr. Gunn has been on a deal for some property here.

Tom Higgins was recently re-employed by the commissioners' court as janitor at the court house for the ensuing year.

C. A. Thomas left Wednesday afternoon to spend several days visiting his mother and his brother at Ennis.

W. L. Knight is visiting his aged mother at Eastland. She is 91 years of age and has not been very well recently.

Miss Bonnie Alphin accepted a position as stenographer in Lubbock.

Which Time?

Old Salt—"So you want me to spin a yarn, boys?"

Boys—"Yes, a true one."

Old Salt—"Right, I'll tell you about the time I was eaten by cannibals."—Exchange.

Oh Yes, Indeed

Dr. Quackster (the cheerful comforter in best bedside manner)—Pardon my bringing by hill with me but you know how difficult it is to drag money out anyone's heels.—Optimist.

SOCIETY

Club and Church News

ORGANIZE SENIOR LEAGUE AT METHODIST CHURCH

On Sunday evening, December 28, 1930, a Senior League was organized at the First Methodist Church.

The following officers were elected: Mr. M. J. Weaver, president; Matthew Shepherd, vice-president; Lorene Childers, secretary; and Mabel Lee, treasurer. The four department superintendents are as follows: Mission Department, Mrs. J. W. Shepherd; Recreation Department, Clifton Janak; and Spiritual Department, Frank Sargent. The superintendent for the Social Service Department has not been chosen yet. The work of this league will be carried on under the efficient supervision of Reverend J. W. Shepherd.

There have been several attempts to organize a senior league, but none of them have proved successful. Through Reverend and Mrs. Shepherd's influence and the enthusiasm of its twenty members, this new 1931 Senior League has nothing to hinder its success.

All young people who do not belong to any organization are requested to visit this league at 6:15 on every Sunday evening. The meetings are lively with a splendid program which offers interesting spiritual material for thought that is at once challenging and helpful. A special invitation is extended to all.

PRESBYTERIAN SERVICES

The old year with its record is now closed. The Christmas joys are over. Now, upon the threshold of the new year, we take stock and begin the work or business of this new year. May it be for all of us a year of enthusiasm, courage, and faith against all of the problems and difficulties; a year when Christian fortitude and earnest endeavor sustains us all in our places of service. The goal of each year is to improve upon the one preceding. This, under God, we all may do, given vision, work, and the Lord with us.

On account of weather I could not get here last Sunday and will preach at Tahoka next Sunday—a New Year's message. Let us have a fine Sunday School hour and a good church attendance. Start this new church year in high key and let its music roll on all this year. You are invited to all of our services. Always glad to be here.

W. K. Johnson, Minister.

PHEBE K. WARNER CLUB MEETS FRIDAY, JAN. 9th

On Friday afternoon, January 9th, the Phebe K. Warner Club will meet at the American Legion Hall.

A Federation Day program will be given as follows:

Music—"America, the Beautiful", the Club.

Roll Call—Some interesting item from Federation News.

Trade the Development, in 18th the Individual Clubs and the State Organization, from a Cultural and Sociological Life—Mrs. R. W. Fenton.

The Evolution of Woman's Position—Mrs. M. J. Weaver.

Special Feature—Mrs. W. O. Henderson.

PHEBE K. WARNER CLUB TO ESTABLISH LIBRARY

A public library is an asset to any town and steps are being taken in our little city to have one. The Phebe K. Warner Club has library work as one of its motives and at the last meeting of the club, many volumes were sent to be placed in the new library. At a recent meeting of the Commissioners' Court, a room in the court house was allowed the club where the library is to be located. Shelves have already been placed in this room and quite soon the books will be accessible to those who wish to use them.

METHODIST CHURCH

Now that the holidays are over and we are entering upon a new year let's set ourselves as individuals to the task of meeting our obligations and responsibilities and fulfilling our missions to the best of our ability. As pastor of this Church I desire your sincere, hearty, prayerful cooperation in carrying out the program of our church; thereby spreading the gospel and influence of the great Captain of our salvation. By so doing we feel that the results would be gratifying to all: first, in spiritual uplift on the part of the membership; second, for the salvation of the unsaved of our town and community. As a member of this Church do you feel this is asking too much of you? If not may I expect you at every service that it is possible for you to attend?

I have a special message for you Sunday morning at the morning worship hour. Can you arrange to be present? I crave your prayers and presence; will you help me put over the program of the Church?

J. W. Shepherd, Pastor.

AT BAPTIST CHURCH SUNDAY

In spite of the rain and snow last Sunday there was a fine attendance at all the services of the Church. The little children came right on to Sunday School through the snow. The attendance in all the departments was encouraging. Its fine for everyone to begin the new year right.

If you let the weather bluff you off last Lord's Day, let's do our best to get into the services this coming Sunday. Sunday School begins promptly at 9:45 A. M. Classes for all ages. Efficient teachers in every department. Nearly all the teachers were present last Sunday. Some few were absent and in every class where that was true there were disappointed pupils.

The pastor is preparing a special message for the New Year. He is exceedingly anxious that all who possibly can be present for the eleven o'clock hour. There should be a message in God's Word for these stressful times. We feel that at the sanctuary of the Lord is the place to find encouragement for any dark hour.

We promise a program of worshipful music for all the services. Be on time in order to enjoy the music.

GRASSLAND COUPLE WED IN LOVINGTON TUESDAY

Miss Pauline Jackson and Mr. Vernon Hill, both of the Grassland community, were married in Lovington, New Mexico, Tuesday afternoon, returning to the home community that night, and they will make their home in that community.

The bride is the daughter of Mr. and Mrs. T. J. Jackson, who formerly resided in Tahoka. Mr. Jackson operating a grocery near the Santa Fe railroad tracks. Mr. Hill has resided in the Grassland community for several years. The couple have many friends, who are wishing them much happiness.

J. R. Strain and T. B. Cowan were visitors at Colorado Tuesday and Wednesday. Mr. Strain reports that a brother there is ill and had to be taken to a sanitarium at Dallas for treatment.

T. K. KARD KLUB ENTERTAINED BY MISS SHRAFFER

On Tuesday evening, January 6, another delightful evening was spent at the home of Mrs. Clyne Thomas when she and Miss Lois Shaffer entertained the T. K. Kard Klub. Delightful refreshments consisting of individual pecan pies topped with whipped cream and coffee were served to ten members and our guest, Mrs. T. S. Williams.

SLAT'S DIARY

Friday—Well I don't see no use in people learning to speak french. Are teacher thinks she nose how to but all she does is to tawk about sum girl which's name is Jenny Sepaw or sum thjn. An I don't see how you cud make up a football yell out of French so whut does enny buddy want to be leant french for.

Saturday—Jake aint as dum as he seems at least I hope he aint. Today it was raining so we studied are lessons for Monday with each other. Finely I ast Jake whut was the three best ways to take care of the yuman body and he sed. Wash greeze and powder.

Sunday—Well ma had made a date for me to go to the dentest tomorrow p. m. after skool and this morning the dentests wife called up and sed he was layed up with the mumps on 1 side of his face and I wood haf to wait a wile for my treatment. It seems like suchy offie pity that he has got the mumps. thank hev-en.

Monday—They is a new girl down at the sody fountain at the drug store and she is offly fresh with sum of us customers. This p. m. I set down at the counter and I sed do you serve nuts with ice cream. She looks at me kinda sneerishly and sed Don't ast such foolish kwestions. What kind of ice cream do you want. We serve any buddy with ice cream.

Tuesday—Ant Emmy went and got a manacure this p. m. and she can't tawk about nothing else but and she sed she thot it sounded so mutch nicer to call them manicure lawn-dry. But I gess we half to speck things like that from Ant Emmy.

Wednesday—Mrs. Blunt was at are house for supper tonite and I think she got about half sore at pa becuz he ast her didnt she want some more bread and she sed Just a mouth full and pa went and give her three more slices.

Thursday—Mrs. Gillem's sister rote a letter to her and sed for her to enkwire around and find the best Tonsorial parlor in town becuz she was a going to half to have her little dotters toils amputated *this coming week.

That Tumbledown Shack Oh, I'd like to go back To that tumbledown shack, But not just for nothing, you bet; I'd clear off the land, Build a big hot-dog stand And clean up a cool million net. —Brooklyn Eagle

Is It Far Off? A man can borrow a cigarette from a girl now, but the worst won't have happened until the frail can borrow a compact from the man.—Cincinnati Enquirer.

Texas shipped its second carload of frozen-pack figs from Texas City this season, the first carload having been shipped in 1929.

WHY—

You should take this safe and sure Cough Syrup

Rexillana helps nature to get rid of the cause of the cough. Moreover, it coats the irritated spot with a protective covering that aids in the healing process. Since it contains no narcotics, it is perfectly safe for children as well as adults; and since it tastes just like honey, every member of your family will enjoy taking it. Finally, it is guaranteed to give you satisfaction. Relieve your next cough with Rexillana

Locals

Prof. Taylor White, who visited relatives during the holidays in Sulphur Springs, the home town of J. S. Bagwell, editor of the Hopkins County Echo, reports that he found an immense persimmon crop down in old Hopkins and says that the 'possums were all fat. He expected to have a great time while there hunting 'possums and made due application to Editor and Game Warden Bagwell for a permit to hunt on the Hopkins County 'Possum Reserve, expecting to be allowed a pack of hounds; but he says Bagwell reluctantly granted the permit and then allowed him only one old mangy hound to hunt with. At the same time he sent three deputy game wardens along to see to it that the gentleman from the "wild and woolly West" did not exceed the limit, no person being allowed to kill or capture more than 100 'possums in a single night. White was a bit peeved at the kind of treatment accorded at the hands of the Hopkins county editor but he attributes it all to jealousy. He says Bagwell is jealous of all west Texans.

Bill Burleson has closed his business at Midland temporarily and has returned to Tahoka. Mr. Burleson says that during the month of December and on the first of this month, all the oil men at Midland and in that territory were fired. This included office men, field workers, scouts, and everybody. This action was taken because of the over-production of oil and of the proration orders that have recently been put into effect, making it difficult to market crude oil. He is again in personal charge of the Tahoka Service Station here.

Mrs. Rube King received a message Sunday to the effect that her aged father, James Watts, had just died at his home in Franklin, Mo. Mr. Watts was 77 years of age. He spent about five months here with Mr. and Mrs. King the first of last year and had quite a number of friends and acquaintances here who will regret to learn of his death.

A fine little girl weighing just nine pounds came into the home of Mr. and Mrs. Claude Wells last Saturday morning. Claude says every member of the family had a different name for the little lady and so she is struggling along under four names thus far but seems to be thriving and enjoying the experience.

Mr. and Mrs. Roy Hamilton, who reside out southwest of town, are the parents of a fine little Miss who made her advent Tuesday morning. Bettie Jo is the pretty name the little lady will bear.

F. I. Greathouse and family arrived from Kaufman county on New Year's day and will farm this year on the F. O. Greathouse place a few miles northeast of town. He is a brother of F. O.

(SEAL) THELMA L. SWAN, Notary Public, Lynn County, Texas
Correct Attest: B. P. Maddox, G. E. Lockhart, W. C. Wells, Directors.

Little Dorothy Jean, daughter of Mr. and Mrs. D. F. Cooper of New Home, came with the new year. She made her appearance on Thursday, January 1. Mother and babe are doing well.

Mr. and Mrs. T. C. Leedy had as their guests Saturday their daughter, Mrs. Roy Maxey and her daughter and son-in-law, Mr. and Mrs. Aves Dagley, all of Plainview.

Orvis Weathers who is telegraph operator at Quanah for the Q. A. & P. Railway is spending the week here with his parents, Mr. and Mrs. Larkin Weathers.

Miss Noel D. Bray returned Tuesday from a week's visit with her brother at Amarillo. She was accompanied by Miss Eva Mae DeLavan of Lubbock.

Mr. and Mrs. O. C. Richards were business visitors to Levelland Monday.

FINE ARTS ANNOUNCEMENT

To whom it may concern:

My pupils are now beginning intensive study on the numbers for the competitive programs of the Music Festival to be held in Lubbock early in March. I am anxious for several more entries in each department, and will consider their enrollment in regular classes or for temporary coaching. Several of the contest numbers in voice, piano, (both solo and ensemble), trumpet and saxophone can be seen at my home.

If any student under my direction should place first in any final contest, I shall be very happy to present him with a full term of lessons, or its equivalent, in any branch in which I offer instruction,—voice, piano, expression, etc.

Thorough training is assured; terms are reasonable, and hours arranged for your convenience.

Please telephone 182 for desired particulars.

Mrs. RUBIE D. SUDDARTH
Adv-1tp.

TO THE STOCKHOLDERS OF THE PECOS AND NORTHERN TEXAS RAILWAY COMPANY:

You are hereby notified that the Board of Directors have called a meeting of the stockholders to be held in the City of Amarillo, County of Potter, State of Texas, at the principal office of the Company on the 10th day of February, 1931, between the hours of 10 o'clock A. M. and 4 o'clock P. M., to consider and act upon a proposition to authorize the execution by the Company of a mortgage or deed of trust to be called "general mortgage" or by such other name as may be determined, on all of its railroad properties now owned or hereafter acquired, to secure bonds to be hereafter issued in series, so much of such bonds as may be necessary to be used from time to time in paying or exchange for the bonds and other indebtedness of the Company, other bonds to be issued to be used for the acquisition, construction or extension of railroads, additions and betterments to such railroads and properties now or hereafter owned and for other lawful corporate purposes, each series of bonds to be issued to mature at such time and provide for the payment of such lawful rate of interest, to be tax free or not tax free, to be convertible or not convertible into shares of capital stock as may be determined.

terminated by the Board of Directors, and to contain such other terms and conditions as may be determined or prescribed by said Board, and such mortgage to contain such terms and conditions as may be prescribed or authorized by the stockholders at said meeting.

14-9tc J. N. FREEMAN, Sec'y.

CHRISTMAS TREE HELD AT COLORED CHURCH

A Christmas tree was had at the Colored Church Christmas night and was contributed to by the Junior League through J. D. Donaldson, Jr. and was appreciated by all.

An old fashioned watch meeting was celebrated New Year's night by a host of colored and Mexican Christians. Surely the angels rejoiced in Heaven at such great praises that were offered up.

DAISY DEO, Sec'y.
Ebenezer Baptist Church

SOUR STOMACH

Gas Formed, Head Hurt, and Woman Had To Hold To Things When She Walked.

Kaufman, Texas.—"Two years ago, I began suffering with spells of indigestion," says Mrs. Marshall Smith, of this place. "It seemed like everything I ate disagreed with me. I had gas on the stomach, and often my head would hurt so bad I had to lie down."

"Everything would get black before my eyes, and I would be so dizzy when I would get upon my feet that I had to hold on to things, to walk around the room."

"My food soured on my stomach, and I was constipated."

"I had often read about Black-Draught, and my mother told me it was a good medicine to take, and so I began a course of it."

"It was not long until I was feeling better. I took a pinch after meals, and I soon found I was suffering much less. It relieved constipation, and I was not any longer troubled with indigestion."

"We try to keep it in the house, and I use Black-Draught now, whenever I feel a sick headache coming on. It is a fine medicine."

Thedford's Black-Draught is prepared from medicinal roots and herbs, of highest quality, finely powdered, carefully combined and packaged by automatic machinery. 2c-117

J. S. WEATHERFORD MAKES STATEMENT ON RETIRING

In retiring from the office of Tax Assessor of Lynn county, I take this opportunity to thank those who so loyally stood by me during my administration. To you I owe my success in the three successive campaigns and as a public official. During the six years that I have served Lynn county I have given my best.

I have tried to conduct myself as any public official should, clean and honest, remembering that my friends were responsible for my being in office.

I hold no malice for those who opposed me.

Again thanking you for your support and confidence shown me, I am,
Yours respectfully,

J. S. WEATHERFORD
Ex-Tax Assessor

THE GREAT AMERICAN VALUE

At the National Automobile Shows

Chevrolet wins

first place

for the fourth time

First place at the National Automobile Shows—a position granted on the basis of annual sales volume—is again awarded to Chevrolet.

This is the fourth consecutive time that Chevrolet has achieved this honor. And the reason lies in the exceptional value which Chevrolet cars consistently provide.

This year, in its bigger and better Six, Chevrolet is offering an outstanding example of the value which has brought it such record success.

In fact, no previous Chevrolet car has ever represented such a high degree of quality and advancement, and sold at such low prices as today's Chevrolet Six.

New low prices

Roadster, \$475; Sport Roadster with rumble seat, \$495; Coach or Standard Five-Window Coupe, \$545; Phaeton, \$510; Standard Coupe, \$535; Sport Coupe (rumble seat), \$575; Standard Sedan, \$635; Special Sedan, \$650. Special equipment extra. Prices f. o. b. Flint, Michigan.

NEW CHEVROLET SIX

TEXAS GARAGE

Wilson

With a fine rain and snow Sunday, everything is still looking favorable for a bumper crop. About 1500 bales of cotton have been ginned here and about forty more will likely be ginned from last year's crop.

Rockwell Bros. Sell Out
A deal was made last week in which Foxworth-Galbraith Lumber Co. became the owner of the Rockwell Bros. & Co. yard at this place. Rockwell Bros. bought out the Wilson Lumber Co. about thirteen years ago and have been operating the yard ever since. Foxworth-Galbraith came to Wilson a little more than a year ago, having purchased the W. A. Brasher yard at that time. J. D. Cook, who has been manager of the Foxworth-Galbraith yard since its coming to Wilson, will continue as manager and is moving his stock to the old Rockwell yard. Rama Grigg, who has been manager of the Rockwell yard, will remain in Wilson several weeks looking after his company's affairs.

Gas Fumes Near Fatal
A near serious accident happened in the Lumsden home one night last week when gas filled the room in which Mr. and Mrs. W. D. Green, who have been spending the holidays with the Lumsdens, were sleeping. They awoke just in time to be saved from the effects of deadly gas fumes. Medical aid was hastily summoned and in a short time they were none the worse for their experience.

Basketball
The Wilson boys and girls went to Southland last Friday night and played basketball. Our girls lost by a score of 17 to 49. Our girls played well but could not stay up with the fast girl team that Southland has. Our boys won only by a hard fight, the score being 18 to 32. It was a very fast, rough game. All the boys played well but the work of Olen Crews, Harold Key, and Herbert Watson stood out. Herbert Ehlers also played good ball. Leroy Crews was high point man with 10 points, Key next with 8 points. Stiles did little scoring but his leadership and defensive ability were good. Following these games, the Wilson Independents defeated the Southland Independent team by a score of 33 to 23 in a rough and tumble game.

Workers Council Meets
One of the greatest meetings of its kind was held in the First Baptist Church Tuesday, when the Workers' Council of the Brownfield Baptist Association met here. A great crowd was in attendance from a widely distributed area and the program for the day proceeding with increasing interest.

Rev. Partin, the Wilson pastor, was elected moderator and R. C. Forrester led the song services. The Wayland Quartette rendered a number of selections during the day. A number of important subjects were ably discussed by pastors and others residing in the Association, and in the forenoon one of the most soul-lifting and spiritual sermons it has ever been our privilege to hear was delivered by Dr. L. R. Scarborough, President of the Southwestern Baptist Theological Seminary at Fort Worth. He also delivered a most able and helpful address in the afternoon and brought another wonderful discourse at night. His messages made a profound impression on all who heard them.

Dr. G. W. McDonald of Wayland College at Plainview also made some splendid addresses. In fact all the discussions of the day were excellent.

In the afternoon the men held a board meeting and the women a business meeting.

A most bounteous dinner was served at the noon hour and again in the evening by the ladies of the Wilson Church.

Locals
Supt. A. L. Faubion reports several new pupils since the holidays and quite a number to come in soon. Mr. Faubion is anxious for those who have not enrolled to do so next week so as to make it possible to get in a half year's work.

L. Lumsden and John Heck left Sunday afternoon for Winters on business returning Monday evening. Lynn West made a flying trip to Perryton Wednesday and Thursday of last week.

Miss Virgie Cobb and Mrs. Andrew Aycox have been spending a few days with their sister, Mrs. Jim Bob McAtee, who lives in Santa Anna.

The many friends of Miss Frankie McAtee will be glad to know that she was happily married during the holidays. Frankie is an ex-Wilson girl and is well and favorably known here and we all extend good wishes to her in her new venture.

E. P. Holder, who for a long time was barber at this place, has sur-
Clyde Shaw is recovering from an attack of flu combined with asthma.

rendered the trade for the time being and accepted a place on the Mrs. W. J. West farm.

Mr. Bernice Hobbs and wife are leaving for Brownwood, where Mr. Hobbs has accepted a position. Miss Zenda Kiser returned to her home in Hale Center last Saturday after several days visit to Miss Curtis Cook.

Mr. H. R. Williamson is making a few days visit in his old home, Thorndale. He assisted Mr. Stiles, who moved there last week.

J. D. Cook and wife and Miss Curtis Cook spent the week end with home folk.

Misses Sallie Beth Wright and Lela Day and Mrs. J. R. Houston were Slaton visitors Saturday.

Billie, the little son of Mr. and Mrs. R. E. Finley went home from school last Friday feeling very badly and has been quite ill ever since.

Mr. and Mrs. W. D. Green, who have been visiting in the L. Lumsden home for several weeks, returned to their home in Shiner Sunday. They were accompanied by their good friend, Mrs. M. L. Price of Lubbock, who will visit in the Green home several weeks. They expect to make short stops in Winters, Austin, and San Antonio on their way to Shiner.

Billie and Johnnie Key returned from a visit to their old home in Grimes county last Thursday. They were accompanied by their uncle, R. E. Key, who visited in Wilson a day or so after their return.

John Deaver, a one time Wilsonite and a graduate of the Wilson school, was a visitor the first of the week.

Howard Crosby was a Tahoka visitor Monday afternoon.

Noel Galloway is taking a business course in Lubbock.

Mr. Spencer Swann of Tahoka was visiting his brother, Pat, Monday.

Mr. Olen Painter of Dallas is visiting in the home of his parents for a few days. He expects to return to Dallas in a short while.

Chris Schnell has very lately moved his blacksmith shop and garage back to his old stand and has leased it to Mr. A. J. Moore, who is at present making his home in Tahoka. He will be assisted by Mr. C. W. Bynum, also of Tahoka, and will do both blacksmithing and garage work. If plans work out as they wish they expect to move to Wilson in the near future.

Any Rattlesnakes In Your Home?

Rubber Hose, or any other flexible connection, is as dangerous as Rattlesnakes. It is likely at any time to become leaky, or disconnected, with resultant injury to health and property.

Because of its lack of durability and the ease with which it may become leaky or disconnected, rubber hose, or other flexible material, should never be used for connecting gas stoves, or other gas burning appliances.

A three-eighths inch iron pipe connection is the safest and most efficient connection for the ordinary room heater. Have your plumber replace rubber hose, and other flexible gas connections in your home with iron pipe. DO IT NOW!

This advertisement is not written for the purpose of giving alarm, but is written in the hope that consumers of the West Texas Gas Company may use an ideal fuel with the greatest possible degree of safety and security.

Natural gas, when properly used, not only is a safe fuel, but it also is the cleanest, most efficient and economical fuel in existence.

The Service Department of the West Texas Gas Company is constantly available to help you with your gas problems. Its advice and assistance are free.

West Texas Gas Co.
