MHS Football Struggled Its Start In The Twenties

Efforts By Individuals Put Sport "On Its Feet" At MHS

NOTE: The following is the fourth in a series of articles on the history of football at Muleshoe High School. The author has tried to contact everyone concerned with the period involved, but has not been able to talk to everyone he wanted to. Anyone who can "fill in the holes" is invited to contact him at the Post Office before he returns to Texas Tech this fall.

Special thanks this week to Jim and Jack Cox, Roland Matthesen, Mrs. Bill Collins, Jim Burrell, Theo Moeller, the Harrell Clifflins, Rufus Gilbert, Red Glasscock, and Vance Waggoner for supplying information. Apologies to Claude Riley for omitting his name from last week's list.

By BILLY ELLIS
Football at Muleshoe high school apparently had its beginning on a competitive basis during the 1924-25 school year. The Muleshoe Journal of 1924 produced only one score, an 11-7 loss to Sudan on Nov. 22. Players who remember that year recall at least one other game, a "disastrous defeat" at Littlefield.

There was no paid coach in 1924, as the team was tutored by Taylor White, an agriculture teacher. Eric Moeller, the quarterback, captained the team. At this time the team played on a field next to the high school building.

In 1925, the second year of football at MHS, the team moved to Cob Park for its home games, a place the Yellowjackets were to occupy for some 21 years. At this point, we'd better clarify the true reason for the football field's name.

It seems that in those days, corn was an abundant crop around Muleshoe, and when it was marketed annually, an immense pile was made of the product by the railroad track, next to the football field. When the ears of corn were shelled, thousands of cobs were left behind, making excellent weapons for fighting, but eventually covering the field and "the cobs fell like rocks when you fell on one."

1925
Coaches in 1925 were Dick Reed and Billy McClure. Fullback Bill Hart, a hard runner and fine kicker, captained the team, which won three of its last four games to finish 3-4 for seven games played. The Jackets began the year with losses to Texico-Farwell, Olton and the Sudan "Herdsmen" in their first three matches.

On Nov. 30 of that year, the squad travelled to Happy and returned to tell the unbelieving townspeople that they had beaten the Happy team, 45-0, for the first win in Muleshoe's history. The Jackets had been sparked by quarterback Eric Moeller, who took the opening kickoff all the way for a touchdown.

The following week, Muleshoe won its second straight game, downing the Portales "Herdsmen" 17-0. By a strange twist of fate, the extra three points were made when McClure, the assistant coach, booted a field goal. McClure had played in a practice game against the "Bailey County Teachers", kicking a 57-yarder, and apparently believed in "practice what you preach", since he helped round out the team on various occasions.

The team lost to Olton 18-13, on Armistice Day, as a late scoring drive by the visitors offset the two Moeller TD's. Muleshoe won its final game of the year, though, beating Texico-Farwell

Safe 'n Sound

By LEE R. POOL
After the fire is out. What then? Within the hour loss from fire, or any one of many other hazards, could destroy or badly damage your household goods. Prized possessions it has taken years to accumulate. You may save some easy to remove possessions before the fire drives you out, but chances are you won't be able to save very much. Don't gamble your hard earned personal property dollars. Replacement on your sentimental possession is impossible, but if you are properly covered by insurance, we can replace the financial loss. Count on today's value of what's inside your home. Then call POOL INSURANCE for adequate insurance.

POOL INSURANCE AGENCY

Phone 7010 — Muleshoe

in a return match, 13-7. Moeller again led the team, as according to a Journal writer, he "flew the track, stiff-arming the twin-city fellows, for a touchdown."

1926
The 1926 team, under coaches Denison and Jenkins, got off to a bad start and finished with a 1-4-1 record. The Yellowjackets, captained by guard Jim Cox, lost to Friona in the first game, 8-0, then dropped a game to Olton before tying Sudan 7-7.

Read losses to Texico-Farwell and to Sudan, Portales, 26-6, were suffered before the hometowners took a win. Again hosting Texico-Farwell in the season finale, Muleshoe took an exciting 7-6 win to close the year on a winning note.

The school didn't sponsor a team in 1927, since officials thought it would not be worth the expense under the circumstances. There was a team, however, thanks to L. S. Barron, Sr., an avid football fan, who wanted the boys to play badly enough that he undertook to sponsor the team himself.

Barron would schedule the games, see to it that all the boys had a way to the games, and even officiate the games if necessary, as he personally saw to it that football remained alive at MHS. His efforts are noteworthy because it averted an "open year" in Muleshoe's football records, although very little is known about the games played that year, since none were recorded in The Journal.

1928
The '28 season was another struggle for survival, although the school did finance the team. Joe March, an ex-Oklahoma U. star who was employed by a local firm, donated his time in coaching the boys, and a 3-3-1 record was achieved.

The team was victorious over Springlake, 13-6, in its first outing, then lost a pair of games to Friona in a home and home series before stopping Amherst 14-13.

Sudan was beaten 9-0, in a game which had special significance to Theo Atkinson. Not allowed to play previously by his father, Theo finally persuaded to suit out for the Sudan game, and his showing convinced his dad that football wasn't so bad. He ran the opening kickoff back 80 yards for a touchdown, being the first time he had ever carried the

ball in a game. Theo also stood out in the return game at Sudan which ended tied, 0-0.

1929
The '29 team was the first to play 10 games, finishing with a 5-5 mark. Wins over Friona 18-0 and 6-0, Sudan 33-0, Dimmitt 26-0 and Springlake 26-6. The Jackets lost a pair of games to Vega by 6-0 scores, to Dimmitt 12-7, Amherst 20-0 and Springlake 33-0.

C. W. Pharies coached the squad, and fullback Damon Danner was captain. The good record turned in by this team, as well as the '28 squad, marked the end of the struggle which football had had in getting a foothold at MHS, and saw the sport come into its own during the next several years, when Muleshoe produced some outstanding teams.

Footnotes: Claude Wilmon probably was the youngest player to ever play at MHS. Because of a shortage of players Claude was brought up from the seventh grade to play on the 1928 team, and played every year until he graduated from high school. Tripping over one of your own men when you're in the clear is bad enough, but Jack Cox has one to beat that. At Vega in '29, Jack took a blocked punt and headed for open spaces. Looking back to see how he stood, Jack tripped in a deep wagon track, which ran diagonally across the field, and went sprawling.

NEXT: The records.

Lions Club Hosts District Governor

District Governor of District 2-T-1 of Lions International, "Bill" Smith, of Falls, was a special guest of the Muleshoe Lions club Wednesday.

Governor Smith complimented the club on its activity program and its support of the Texas Lions camp for crippled children. Smoky Harris of Lubbock spoke briefly on the operation of the New York Stock Exchange and told the history and modern day operation of the stock market. Lichen Sam Damron was program chairman.

LICENSE EXAMINER CHANGES SCHEDULE

The car license examining of

Lamb County Pioneers Reunion Is August 27

Mrs. Bonnie Haberer
Littlefield, Aug. 22 (Special)—When the Lamb County Pioneers meet here on August 27 for their ninth annual get together, at the community center, a woman will be presiding as president for the first time.

Mrs. Bonnie Haberer of Pleasant Valley, is the first woman president of the group and will preside at the short business meeting during which time new officers will be elected and new directors named.

Mrs. Haberer is well known as

the owner and operator of the "Bonnie Black Angus" farm, where she raised registered Black Angus until last year when she sold her cattle.

Serving with Mrs. Haberer for the 1957 meeting are: Willis White, vice-president, Springlake; Mrs. Stanley Doss, secretary, Littlefield; Mrs. Lester La Grange, treasurer, Amherst; and Mrs. Bill Clayton, scrapbook custodian, Springlake. Directors are: Pat Boone, Sr., Littlefield; Simon D. Hay, Sudan; I. B. Holt, Olton; Mrs. A. C. Barton, Springlake; Luther Usselton, Amherst.

No formal program has been planned for this year's celebration but informal visiting will be the order of the day. Charlie Duval, president of the Littlefield Chamber of Commerce, will extend the welcome for the town

and county, and Judge Otha Dent, former Lamb County Judge and now a member of the Water Conservation board of the state, living in Austin, will respond.

Beef for the barbecue will be furnished by the mayor of Littlefield, E. J. Foust, Sr., and the beef will be barbecued by a committee of Lester LaGrage, Amherst; Johnny Murrell and Red Murrell, both of Earth, and Ted Haberer, Muleshoe.

MR. AND MRS. GLENN RETURN FROM HOUSTON

Mr. and Mrs. J. G. Glenn, proprietors of the "Teen 'N' Tot Shop," have returned from a week's visit with her daughter, Mrs. C. A. Wisneski and family at Houston, another daughter, Mrs. W. T. Dixon and family in Longview, and a sister, Mrs. L. L. Sims in Henrietta.

While in Houston they visited the historical San Jacinto monument, and the famous battleship Texas. They didn't get to do any deep sea fishing as planned, due to hurricane warnings at that time.

UNDERGOES SURGERY

Lennie Dee Merriott has returned home from Ft. Worth again, after undergoing surgery for the second time within a month.

Mrs. Juance Niestead, junior elementary education major at Harding College, was named to the Dean's List for the summer session.

A 1953 honor graduate of Sweetwater high school, she is the daughter of Mr. and Mrs. Rea Dill, Muleshoe.

GUESTS IN FORBES HOME

Mr. and Mrs. J. M. Forbes had as their guests Sunday night her sister and husband, Mr. and Mrs. R. L. Dennis, Chula Vista, Calif.; his brother and wife, Mr. and Mrs. I. N. Forbes, their daughter and family, Mr. and Mrs. Pierce Harlow and children, Mike and Pat, Houston.

VISITING SON

Rev. and Mrs. Ernest L. Merriott of Dalhart have been visiting in the home of their son and family, the Lennie Dee Merriotts.

**Geneva Bartlett-Leland Ray Gustin
Wed In Double Ring Ceremony Sunday**

MRS. LELAND RAY GUSTIN

(Photo by Cline)
Wearing an original model gown of white imported Chantilly lace, Miss Geneva Bartlett, daughter of Mr. and Mrs. E. V. Bartlett of Muleshoe, became the bride of Mr. Leland Ray Gustin, son of Mr. and Mrs. C. D. Gustin of Lazbuddie, Sunday afternoon at 2 o'clock in the First Baptist Church in Muleshoe. Rev. E. K. Shepherd officiated at the double ring ceremony.

The bride was given in marriage by her father, and wore a gown of lace and nylon tulle over net and taffeta. The gown was designed with high neckline framed with applique lace held with silver thread. The fitted lace bodice had a sheer yoke outlined with lace embroidered with silver. Long sleeves ending in points over the hands, terminated with fitted midriff accented with point at center front waistline. From this stemmed a voluminous waltz length skirt made of lace, fully shirred, joining with applique lace, a wide ruffle of tulle that outlined the bottom edge. The fullness of tulle, net and taffeta was emphasized by crinoline worn underneath. She carried a bouquet of pink roses and stephanotis atop a white Bible. For something old, a handkerchief of the bridegroom's grandmother; for something blue a starter; for something borrowed, the white Bible, and for something new, ear rings.

The bride's only attendant, Laura Mae Bartlett, sister-in-law of the bride, was attired in a blue voile dress with white inset lace, featuring puffed sleeves.

Attendants
Don Stevens of Earth was best man. Candlelighters were Ronnie Gustin and Dwayne Stevens. Flower girls were Tamara Jennings, cousin of the bridegroom, and Barbara Sue Allen, niece of the bride. Ushers were Doyle and Neal Eubanks, of Muleshoe; Donald Dean Littlefield of Lazbuddie, and Doyle Bills of Earth. Miss LaVon Copley played traditional wedding music at the or-

**Martha Riddle To
Wed Joe Coffey**

The marriage of Miss Martha Riddle, daughter of Mr. and Mrs. T. R. Riddle of Tahoka, and Joe Coffey, son of the F. T. Coffeys of Muleshoe, is planned for 3 p.m., Sunday, August 25, at the First Baptist Church of Tahoka. All friends of the couple are cordially invited to attend.

The bride was a 1956 graduate at Tahoka high school. The groom, a 1954 Muleshoe high school graduate, will be a senior this fall at Texas Tech. After a short honeymoon the couple will be at home in Lubbock, where he is employed by the Pioneer Cookie Company.

Get a head-start on starting the kids to school! Stock up on school supplies. Only from our complete selection... and "spruce-up" your girls with a new home-permanent from our hair Health and Beauty Aids department. Let Pig Wiggle help you BE READY when school starts this year!

DAVIS & HUMPHRIES, OWNERS & OPERATORS

Formal Opening of Bobo Building Is Scheduled For Friday And Saturday

PAT R. BOBO

From a law practice over a drug store to a luxurious suite of air conditioned offices, is the 30-year story of Pat R. Bobo, Muleshoe attorney who is holding formal opening of his new building at 110 East Avenue C, August 23 and 24.

Soundproof and fireproof, the new building houses the offices of Mr. Bobo's law practice, The Bobo Insurance Agency, Guaranty Abstract Company and the offices of Jesse Osborn.

Striking Design

It was designed by architects Herbert Brashear and Associates, and the color scheme was chosen by Mr. Bobo. A striking use of colored glazed tile combines with dark fired brick and aluminum trim to offset the spacious window treatment. Large panels of turquoise and white glazed tile contrast brightly with the dark brown brick walls. There are 3000 square feet of floor space.

The entry into the west office is framed with a bright red door, and opens into a large reception room done in grey tones, which are carried out in Mr. Bobo's private offices. Vinyl tile is used on the floors in a terrazzo pattern. Fluorescence lighting is used throughout.

The central office, designated 110 East Avenue C, is in shades

of brown and tan, and features a white tile front with large glass area. Mr. Osborn's office at 112 East Avenue C is also in brown and tan.

The entire building is year round air conditioned with Carrier heat pump which automatically regulates the temperature.

Open House

During open house Friday and Saturday, Mr. Bobo and his staff of Mrs. Dolores Ivy, and Mrs. Jody Blaylock will be assisted in hospitalities by Mrs. Bobo, and Miss Claudia Huber, nine year old niece of the Bobos, from Phoenix, Ariz. Coffee will be served and souvenirs will be available.

Ox Bow Sign

The exterior of the building features an aluminum letter design and the ox-bow which has been a trademark of Mr. Bobo for many years. Pat bought the ox-bow at the farm sale of Bill Mathiesen, and paid \$14 for it. It has been a part of his office equipment ever since.

Contractor for the building was C. M. Pharr Construction Co., and sub-contractors were Spud Thomas Electric, Blair and Wolf Plumbing, Home Decorators, Taylor Metal Products and Muleshoe Ready Mix Concrete Co.

Prefacing his remarks with the statement that the highlights of his career was when he married Mae Farrel in 1932, Pat relates how he came to Muleshoe on June 9, 1927 and set up private law practice in a room over Western Drug Store. He roomed at the Cupton Hotel, with the late Mr. and Mrs. Abner C. D. Gupton.

He was appointed County Attorney in 1928 and elected to that office in 1933, serving in that capacity for about 20 years.

In 1951 he moved into the Muleshoe State Bank building and remained there until early in 1957 when he moved his offices temporarily into the Muleshoe Ice House, moving into his present spacious quarters August 1, 1957.

HD Clubs Study Great Variety Of Subjects Today

Rebekahs Hold Family Night

Fifty-five persons attended a family party given by the Needmore Rebekahs Tuesday evening. They enjoyed watermelon and lemonade and had a long get together.

Sue Sanders, Bailey county delegate on the United Nations Pilgrimage this summer, told of her trip to New York, Niagara Falls and other points. She also showed motion pictures and illustrated her talk with slides.

Mrs. Dana Arnold presided at a short business session held before the social hour.

Mr. and Mrs. Bill Collins had their three children and families with them Sunday, the first time since November for them all to be together. Here were Mr. and Mrs. Bill Jeter, Betch and Nanette, Springdale, Ark; Mr. and Mrs. Donald Harrison and son, Donald Glenn, of Earth; and Mr. and Mrs. Gene Richardson, Lubbock.

Visiting in the home of Mr. and Mrs. K. K. Krebs Sunday were her sister and family, Mr. and Mrs. Bill Clark of Lubbock.

Home Demonstration Club ladies are studying subjects far removed from those of a few years back. Mrs. Harriett Brummett, County HD agent told the Rotary Club at its noon meeting Tuesday.

In the old days the members did craft work, studied new ways of cooking or decorating. Nowadays, they may have only one program a year on crafts. These days, they hear lectures from the agent on home economics, family economics and kindred subjects.

They consider such things as whether there is a family will; where the insurance policies are; what would they do should they become a widow; how to carry on with the family in such an event. In addition they study how to prepare a balanced meal, in order to be sure that each member of the family is receiving proper amounts of nutrients.

Mrs. Brummett had a chart outlining the organization of the Extension Service through the clubs, county council, district and state THDA. The program was in charge of John Miller.

Brightest Potential In Years For Title As 13 Mule Lettermen Back

Coach Wayne Mantooth

Thirteen lettermen—the most since 1952—are expected to be among the approximately 40 candidates who report for the first workout for the 1957 Muleshoe high school grid team Monday at 7 a.m. Workouts will be conducted on a twice daily basis, with the morning session set for 7-8 each day and the evening workout to start at 7 p.m.

Coach Wayne Mantooth, beginning his third year as the Mules' head coach, has the best potential of any Muleshoe coach in the last 10 years. The Mules were labeled a favorite by district coaches in a poll at the Texas High School Coaching School two weeks ago in Dallas.

The Associated Press story concerning class AA favorites, carried in papers throughout the state, started off: District I—Muleshoe—probably the first time in a generation that a Muleshoe team has been listed as a district favorite.

This reflects quite a building job by Muleshoe coaches, who only two years ago experienced a winless season.

Beginning his fourth year as assistant coach at Muleshoe is Bill Taylor, who besides his work with the football team has acted as track coach and compiled an outstanding record with the Mules' girls' basketball team while at MHS.

Charles McClure, who was the second assistant last year in his first job as a coach, will hold that position again this year.

Coach Mantooth does not see his Mules taking the district championship as easily as some of his fellow coaches in the district may have indicated by their vote at Dallas. He thinks Canyon is the team to beat, and adds that "it will be a dogfight between us, Dimmitt, Dalhart and Olton for the runnerup or challenging spot."

One thing that may hurt Canyon is the expected weakness in depth. "If the Eagles lose a man or two, it would be rougher on them than if we were to do so," Mantooth said. The Mules play host to Canyon this year, as well as Dalhart and Tulia in district 1-AA.

The main interest to the Muleshoe coaches at the moment is the season opener at Clovis, which shapes up to be one of the most exciting games of the year. The Wildcats began their workouts this past Monday, with more than 100 hopefuls coming out.

Never having met before on the gridiron, the two teams will be fighting hard for the first win over the other, as the two schools inaugurate what is hoped to become a yearly affair. One Clovis sports writer has already expounded the Clovis-Muleshoe

game as the ideal season opener each year.

One thing for sure—Muleshoe fans will be over in full force to help well Wildcat Stadium to its capacity on the night of Sept. 6.

Back on the subject of district 1-AA, Coach Mantooth believes that the eventual champion will lose at least one district game, pointing out that the conference is more equally balanced than last year. "The team that gets the break on the right Friday night will win district," the young coach stated.

Mantooth came to Muleshoe in 1955, after compiling a fine record at Claude high school. In his first year at Claude in 1952, Mantooth produced a district champion and regional playoffs participants from an original squad of only 13 which reported to him at the beginning of the year.

The Mules' returning lettermen include: ends Lee Roy Corruel, Okie Alexander, Leon Atchison; tackles Bob Sanders (2),

Jack Wright, Thurman Clark; guards, Royce Turner, Doyce Turner, Edgar Martin; quarterback Dick Johnson (2); halfbacks, Donnie Shafer, Darrell Oliver and fullback Bill Black (2).

The 1957 Schedule
 Sept. 6, Clovis, N. M., there.
 Sept. 13, Sudan, there.
 Sept. 20, Morton, there.
 Sept. 27, Springlake, there.
 Oct. 4, Hale Center, here.
 Oct. 11, Open.
 *Oct. 18, Olton, there.
 *Oct. 25, Dalhart, here.
 *Nov. 1, Canyon, here.
 *Nov. 8, Dimmitt, there.
 *Nov. 15, Tulia, here.
 *Conference games.

It will be noted that the first four games are away from home, due to Clovis replacing Portales on the schedule, and that this change made six games away from home. But it will also be seen that of the road games, Dimmitt is the farthest away, with the four home games including the four teams farthest

New H. D. Club Is Formed Thursday

The Blackwater Valley Home Demonstration club was organized last Thursday in a meeting at the home of Mrs. C. P. Calvert.

The club serves a new community located southwest of Muleshoe where ranch land has recently been put into cultivation. Mrs. Harriett Brummett, the Home Demonstration Agent met with the ladies for the organizational meeting.

Mrs. J. E. Sigar was elected president of the new club. Other officers include Mrs. H. C. Elliott, vice-president; Mrs. Clarence Mason, secretary-treasurer; Mrs. Charles Glover, reporter; Mrs. Don Sumrow, Council Delegate and Mrs. C. P. Calvert, alternate council delegate.

Mrs. William Aylesworth and Mrs. J. W. Durrew were also present.

The next meeting will be September 3 in the home of Mrs. William Aylesworth. Any lady interested in joining the club is invited to attend this meeting.

Announces Engagement

Mr. and Mrs. Frank R. Simpson of Ovalo, Texas, are announcing the approaching marriage of their daughter, Dorothy Sue, to Mr. Ralph Eugene Cooper, son of Mr. and Mrs. Arthur L. Cooper of Muleshoe.

The wedding will be September 8 at 6 p.m. in the Drasco Methodist Church, with Chaplain D. O. Deaver of San Antonio officiating.

Miss Simpson is a 1955 graduate of South Taylor high school. She has attended McMurry College for the past two years. Cooper is a 1955 graduate of Muleshoe high school and has attended Texas Tech and McMurry College. They plan to enroll in Texas Tech in September where they will be junior students.

Kidnap Breakfast For JayCeetes

Members of the JayCeets staged a kidnap breakfast Tuesday morning. Lavern Simmons was hostess.

Attending were: Barbara Keifer, Punk Gragg, LaVern Winn, Marie Roark, Jean Gillespie, Bonnie Adcox, Louise Wilson, Pauline Middlebrook, Joyce Goss and the hostess.

The ladies enjoyed coffee, donuts, and fresh peach slices.

TO VISIT RELATIVES

Mr. and Mrs. J. E. Wilhite and children, Mrs. Carrie Wilhite and Mr. and Mrs. Lonnie Wilhite and children will go to Mangum, Okla., Friday to visit relatives.

MRS. SANDERS HERE

Mrs. H. S. Sanders, Sr., and grandson, Mike, have returned after a ten day visit in East Texas. They visited her mother and step-father, Mr. and Mrs. Henry Taylor, Dadd City; and other relatives and friends in Paris, Dallas, and Seymour. Mrs. Sanders was to go on to her home in Albuquerque today.

Kidnap Breakfast Held By M. Y. F.

The YL Methodist Youth Fellowship held a kidnap breakfast early Friday morning, August 16 and donations from the guests totaled \$61.

The MYF members who participated in serving the kidnap breakfast were Marilyne Mitchell, Lula Mae Embry, Gerald Shanks, Eugene Hawkins, Dennis Knowlton, and Marvin Knowlton. Adult sponsors are Mr. and Mrs. Marshall Head and Mrs. W. T. Milten.

Barbecue Supper At Davis Home

An outdoor barbecue supper at the home of Mr. and Mrs. Cecil Davis Monday night honored guests who have been visiting with them: her sister and husband, Mr. and Mrs. J. I. Guess, of Weatherford; a niece and husband, Mr. and Mrs. Dutch Griffin, Fort Worth; her mother, who is making her home with the Davises; and Mr. and Mrs. David Weyer, Linda, Kathy and Timmye Lynn, Muleshoe; and the two farm workers, Alex Macias and Julian Rameriz.

"A good time was had by all", Mrs. Davis reported.

Travelogue Theme Of WSCS Meeting

A Missionary Pilgrimage Travelogue, was the title of the program at the Tuesday morning meeting of the Muleshoe Methodist WSCS, with Mrs. Dean Bishop program leader.

Taking parts on the program were Mmes. Arnold Morris, R. O. Gregory, Bishop and M. L. Wood.

Mrs. W. F. Birdsong led the devotional, and Mrs. H. Jay Weyer reported on the seminar to be held in Plainview soon.

The WSCS will meet in the home of Mrs. O. N. Jennings next Tuesday for a social honoring husbands.

Those present were Mmes. Edwin Hall, A. H. Owen, M. L. Morris, C. R. Farrell, F. B. Pierson, N. J. Mathiesen, Bishop, Weyer, Jennings, Birdsong, Mervin Witterding, Beulah Carles, Gregory and Miss Ann Birdsong.

VACATION IN TRES RITOS

Mr. and Mrs. Leanie Wilhite and children and Mr. and Mrs. J. E. Wilhite vacationed in Tres Ritos last week.

H. D. Agent's Column

THE COST OF FOOD WASTE

Is your garbage can a heavy eater? How much does it cost to feed it for a year?

The average American feeds 225 pounds of food a year to the garbage can, according to estimates by extension foods specialists. That's two-thirds of a pound a day. For a family of five that would add up to 3 1/3 pounds a day or 1,125 pounds a year. At

the low rate of 25 cents a pound, this means a family of five pays \$281 for groceries they do not eat.

Four causes of food waste in the home are:

Lack of good planning and buying, which results in over-buying.

Poor preparation and serving of food.

Poor use of leftovers.

Improper practices of food preservation and storage.

What to do about them? Plan your buying and preserving so that food can be used or stored promptly before it loses freshness and flavor or spoils. Serve food when it reaches the "just-right" stage. It loses texture and flavor if over cooked or if it stands too long before it is served. Use leftovers promptly in soups, salads, stews, sandwiches or casserole dishes. Keep all food clean, cool and covered until you use it. Check food often and keep it moving.

The Extension Bulletin, "Eat Well For Less", contains suggestions for planning meals, buying, preparing, serving and preserving foods. The bulletin is free. Get a copy from the county home demonstration agent's office.

Managing The Home Is A Business

Do you ever need important business papers and spend time and energy searching for them? I'm sure most of us have had this experience. With a well equipped

business center all of your equipment and supplies will be on hand when you need them. A definite place to keep all receipts and other important papers can save time, energy in searching, and frayed nerves when they are needed.

If you would like help in planning a business center for your home I will be glad to help you with such an important project.

The Muleshoe Journal

DEDICATED TO THE PROGRESS AND DEVELOPMENT OF BAILEY COUNTY AND THE GREAT MULESHOE COUNTRY

VOLUME 36, NUMBER 34

THURSDAY, AUGUST 22, 1957

MRS. FLANAGAN HOME
Mrs. Hope Flanagan has returned home after a stay of two and one-half months with the family of her daughter, Mr. and Mrs. Johnny Parker, in St. Ignace, Mich.

LETTERS TO THE EDITOR Reader Sets Old Scoop And Journal Subscribers Straight On His Attitude

MANY WOES FARM
Muleshoe, Texas
Dear Scoop:
Your editorial Aug. 15, 1957, concerning my attitude toward Social Security is completely misinterpreted by you and I would like to set both you and the readers of your paper straight.
I do not oppose Social Security (O. A. S. I.) if it be on a voluntary basis, and those who wish to be taxed sufficient to make the program self supporting.

About support of old and aged people. They have been cared for and in a manner which was and is the correct way, by the county and state. Scoop, you state that the benefits have been paid for by those receiving benefits. Do you really believe that those receiving benefits have actually paid for the benefits received?

Do you know that there are over 27 million people who are having benefits that have only paid a small fraction into the fund that they receive? I believe that if you will spend a little time investigating even the local conditions you will find at least 20 people who have retired after paying into this fund for a period of less than 5 years and at a cost to them of less than \$500 for the entire time and they will receive the total amount of over \$500 back in less than 3 months.

After such time it is strictly government dole. Money taken from the general revenue fund to support this program; socialism pure and simple.

I cannot understand how it would be possible for any other

definition. Did you not know that there are many thousands who receive Social Security who are wealthy? Do you know that many millions of dollars are paid out to residents of many foreign countries? Do you know that many criminals who are confined in penal institutions are drawing Social Security?

Do you believe that any person is entitled to pension paid for by tax dollars who do not deserve it or need it? Do you think the program fair for one person to retire after paying into this program for a short period of time, and, requiring another to pay for a period of perhaps 50 years to receive the same benefits?

Do You Believe In Socialism?
Can you name for the public any nation on the face of the earth practicing socialism, communism, that has not required physical, mental, moral and financial help from the United States, operating under the free enterprise system, the opposite of socialism-communism?

This program sounds good, is good politically, but, in reality no country has ever survived under socialism.

Again I wish to state that I do not oppose help for those who had the misfortune and ill luck to prepare themselves for those years when they could not care for themselves, but, I definitely am opposed to any program which tends to destroy all those things which made this country great and free in such a short period of time.

I personally wish to preserve for posterity, those freedoms and

General Installs 250,000th Phone

A milestone of major importance has been reached by General Telephone Company of the Southwest with the installation of its 250,000th telephone.

August 14, 1957, General Telephone installed the 250,000th telephone in the form of a yellow extension in the kitchen of a new home belonging to Mr. and Mrs. R. E. Kane, Denton, Texas. Mrs. Kane was given a free long distance telephone call and other souvenir items in recognition of General's quarter-millionth telephone being installed in her home.

PGA Tourney Is On At Lubbock

Ralph Krebs, Lubbock insurance man, was here this week to help publicize the Texas PGA tournament, being held at Lubbock Hillcrest Country Club Aug. 20 through 25.

They expect 80 to 100 golf pros to enter and have invited and qualified some 40 talented amateurs of the region. Heading the celebrity list is Byron Nelson, who is to conduct a golf clinic Wednesday at 5:30. Dick Forester,

privileges which I enjoyed until a few short years ago when the socialists took over. For these people who believe that socialism is the answer to our problems, they should read the history of the fallen nations who thought the same thing.

Yours truly,
JOHN W. WEST

SWPS Division Has Two Million Hours Without Accidents

Plains Division employees of the Southwestern Public Service Company, which includes Muleshoe, have worked 2,000,000 man-hours without a lost-time accident, it has been reported by J. V. Peeler, the company's manager here.

There has not been a lost-time injury in the division since January of 1953, and this is the first time that one of the company's divisions has reached the 2,000,000 man-hour mark, although several of them have accumulated 1,000,000 accident-free man-hours on more than one occasion.

"Safety is no accident, it is the result of constant cooperation and teamwork among all members of our organization. You and all of your fellow-workers have made our service to our customers better by performing your

work safely and efficiently", J. M. Collins, division manager for the company, told Peeler in congratulating the local Public Service people for their part in the new safety record.

Correct Address Speeds Delivery Of All Mailings

Many Muleshoe business firms are continuing to send out statements and bills incorrectly addressed, postal officials this week pointed out. Incorrectly addressed mail frequently winds up in General Delivery and is undeliverable in many cases, say the postoffice clerks.

Not only business firms, but individuals are careless about addressing mail, too, the clerks state. Often people living on the farm move to town and neglect to notify publishers of books, magazines and newspapers of their change in address.

Forms for notifying correspondents of changes in address are available free at the postoffice, and personnel there are anxious to assist anyone in getting their mail delivered correctly and quickly.

Again postal officials pointed out that in times past personnel knew most everyone and could correctly route mail which did not bear correct addresses. But now the community has grown so and there are so many people whom the clerks do not know, they can no longer guarantee to find the right address.

"By verifying the address on mail you send out, you will speed up delivery of that mail and valuably assist the postoffice department in rendering better service to patrons", postmaster Arnold Allcorn said.

ENGRAMS HAVE GUESTS
Mrs. Dee Warner, daughter Sandra and son Bobby Jennings are here from Adrian, Mo., visiting her parents, Mr. and Mrs. J. H. Engram, sister Marie Engram and other relatives and friends.

He entered the Army in June 1956 and received basic training at Fort Chaffee, Ark. Polk attended Morton high school. —U. S. ARMY PHOTO

LAZBUDDIE NEWS LETTER School Tax Election Wednesday, Aug. 28

Mrs. Clyde Monk
Lazbuddie patrons are reminded to be sure and vote Wednesday, August 28. This is of vital importance to carry on our school.

Also reminded again that school takes up again Sept. 2, Monday, with registration of all grades Friday, August 30.

Coach Washington has returned and football practice will begin Monday, August 26 at 8 a.m. So boys must already have their physicals by then.

Bridal Shower
The home of Mrs. Shanks Ivy was the setting for a bridal shower honoring Mrs. Jimmie Norton, nee Sharon Thorn, Thursday afternoon, August 15. Assisting Mrs. Ivy with hostess duties were Misses Neal Bradshaw, Jack Smith, Andrew Brown, Calvin Clark, Euel Hall, John McGehee, Dalton Mimms, Pete Mimms, and Miss Jan Clark and Miss Catherine Smith.

Gifts were piled high around the mantel of the spacious living room giving it a look of Christmas time had it not been for the lovely fresh cut flowers used for decoration. Johnnie Nowell and Catherine Smith registered the guests as they arrived.

The honoree was assisted with the opening of gifts by Jean Gammon and Wilma Norton while Catherine Smith and Janice Oliver registered and numbered the gifts.

A refreshment plate of punch, nuts, mints and white cake squares covered with white icing and miniature wedding bells, were served to 51 guests.

May sent gifts who were unable to attend.

Birthday Party
R. J. Steinbock was honored on his birthday last Monday night at his home with a birthday cake and ice cream. Those attending beside Mr. and Mrs. Steinbock were Mr. and Mrs. Demp Foster, Timmy and Steve, Mr. and Mrs. Ed Steinbock and L. L. Bewley.

Lazbuddie News—

Mr. and Mrs. Finis Jennings and daughter Mina, and Miss Barbara Millich returned home last week from a two week visit in the west. Some of the high points of their trip were to the Grand Canyon, Las Vegas, Nev., and then on to California up through the San Joaquin Valley and visited both Sequoia and Yosemite National Parks.

The Jennings visited with Roy Jacobs in Bakersfield while on their trip. Mr. Jacobs is a brother to Mrs. O. M. Jennings.

Mrs. Wreathel Hendrix and son Nathan, from House N. M., were overnight guests Thursday in the home of her daughter, the John McGehees.

Mr. and Mrs. Harold Wilson and children, Cathy, Becky, Tommy and Carol have returned from a weeks vacation to Colorado, Salt Lake City on into Yellowstone National Park and other points of interest along the way.

Mrs. Frank Hunt returned last week from Dallas, where she has been for the past three weeks at the bedside of her brother, Cleo Beasley, who has recently undergone surgery.

Mr. and Mrs. Ed Thompson from Plainview were dinner guests Sunday in the C. D. Gustin home and Mr. and Mrs. G. T. Jones from Lubbock were over-

night guests Sunday with the Gustins. They were all here visiting and to attend the Gustin-Bartlett wedding.

Last Tuesday a group of youngsters from the Baptist church went to Tulla for a "Christmas Tree" party. They took gifts which were to be sent to Albuquerque, N. M., to be distributed to needy children at Christmas time. Those attending were Doyle Reed, Bobby Redwine, David Wimberley, Hillos and Kent Hargrove, Carolyn Jean and Gale Morris. Adults going along were Mmes. Wesley Barnes, Alton Morris, Carrie Withrow, Raymond Houston and Miss Marie Houston.

Mrs. D. Warner and children, Sandy Warner and Bob Jennings from Adrian, Mo., were overnight guests Saturday night in the Finis Jennings home. Mrs. Warner, Sandy and Bob are visiting her parents, Mr. and Mrs. John Ingram of Muleshoe, and other relatives.

Weekend guests in the Bill Lancaster home were Mr. and Mrs. C. C. Donaldson and their grand-children, Peggy and Donald Donaldson, all from Waco.

Jackie and Johnce spent a few days visiting in Canyon with their grandmother, Mrs. A. M. Seaton before the family were called to California.

Mr. and Mrs. Joe Scott Menefee and Carolyn are here this week from Corpus Christi visiting with their parents, the W. S. Menefees and Mrs. Perry Barnes. They will return Keith home with them for the beginning of the school term. Keith has been working here all summer.

Mr. and Mrs. Al E. Jennings and daughter Linda Ann, left Monday morning for a two weeks vacation to the western states sight seeing and visiting. Johnny and Rex Jennings will stay with their grandparents while their parents and sister is away.

Recent visitors in the Lowell Savage home were their son, Mr. and Mrs. Cletis Savage and family from Plainview.

Glenda Hall and Betty Logan visited in Kress Friday evening and brought Betty Floyd home from Plainview for a weekend visit.

Mr. and Mrs. W. S. Menefee were called last week to be at the bedside of his brother, A. W. (Bud) Menefee, who was in the hospital at Greenville. Mr. Menefee passed away Tuesday, August 13 and funeral services were held at Celeste, where he had made his home, on Wednesday.

Mr. and Mrs. Bob Trigue from Abilene, spent the weekend in the home of her sister, Mr. and Mrs. Jess Pendergrass. Sunday afternoon the Triguess and Pendergrass left for Chama, N. M., where they will do some fishing and vacation for a week.

Mrs. L. B. Gray from Sandown celebrated her 75th birthday Sunday at MacKenzie State Park in Lubbock, with approximately 70 or 80 relatives in attendance. Mrs. Gray is the mother of Mrs. Bill Lancaster and those attending the celebration from here were Mr. and Mrs. Bill Lancaster and Linda, Bobbie Donaldson, Mr. and Mrs. Bill Lancaster and Nathan Rich from Sudaan.

WMU Circles Meet
All three circles of the WMU met Monday afternoon at the church building with the Paul Bell Circle in charge. Mrs. A. E. Redwine gave the devotional and Mrs. Jack Black was in charge of the program with the study on the "Water of Life in Europe". Others present were Mmes. Ted Treider, J. E. Williams, Wesley Barnes, George Washington, W. F. Greene, A. Hargrove, W. R. Broadhurst, Bert Gordon and W. S. Menefee.

Mr. and Mrs. J. R. Harris and family attended a barbecue supper at the MacKenzie Park in Lubbock Sunday afternoon. Attend-

"Hate to throw my crank-case drains away —

AMALIE

L. P. G.!"

"Sure does look like good oil! And I don't drain near as often. When you burn butane or propane (Liquid Petroleum Gas), you sure need to get away from the ordinary, common-grade oil. It used to thicken up for me, like gear grease. Man, that's hard on an engine!"

When you switch to AMALIE L. P. G. Oil, you'll see performance you never thought was possible, burning butane or propane. Most important—how AMALIE L. P. G. Oil saves that engine! First, it's 100% pure Pennsylvania—no other crude like that, on earth. Second, the viscosity, the flowing qualities, stay put. Don't burn away. Third, special additives keep dust, grit, etc., in suspension—so the filter takes them out; no caking up on you.

Give YOUR engines—and your bank balance—a break!

"My ELECTRIC Home Freezer FREES ME!"

says **MRS. CLIFF BAUER** OF BOISE CITY, OKLAHOMA

"My freezer frees me from the usual last minute rushes, when fixing a meal for my husband, entertaining, or getting ready to go fishing", says Mrs. Bauer. "I grow all kinds of vegetables in my garden and I freeze all my freezer will hold because the flavor is so much better. My meats and poultry I buy in quantity and, in season, when I can get the best prices." Take a tip from Mrs. Bauer — a freezer will free you just as it frees her.

Mortgage Loans Available Through Voluntary Home Mortgage Credit

Home seekers and builders in small communities around the nation have found mortgage loans accessible by using the facilities offered by the Voluntary Home Mortgage Credit Program. By using the VHMCP, more than 30,000 families throughout the nation who otherwise might not have been able to secure financing, have been successful in obtaining loans from private lenders. Established by Congress in 1954, VHMCP's job is to put prospective home buyers and builders in remote areas and small communities in touch with lenders who have funds available for Government-insured loans.

In spite of the tight money market, the new 5 1/2% interest rate on FHA loans is sufficiently attractive to enable VHMCP to obtain private financing to meet the needs of all qualified borrowers.

VHMCP's services are available to all persons in small communities and to members of minority groups anywhere. All applicants for obtaining home loans with VHMCP's assistance must certify that they have been denied loans by two local or reasonably accessible lending institutions.

The organization of VHMCP consists of a national committee headed by Housing Administra-

tor, Albert Cole, and 15 regional committees. VHMCP's service in Texas and New Mexico is made possible through a Regional Committee headed by Donald McGregor, executive vice-president, T. J. Bettes Company, Houston, Texas. As of June 30, this committee has succeeded in obtaining loan commitments for 2,310 applicants, totaling approximately \$19,500,000.

Realtors have found the VHMCP a real boon. As one realtor commented, "Our only source of supply is through VHMCP; without their assistance mortgage money would be unavailable." Anyone wishing descriptive information and application forms may secure both by writing C. J. Hermann, Executive Secretary, Region XIII, Voluntary Home Mortgage Credit Program, 1114 Commerce Street, Dallas 2, Texas.

1957 Cotton Crop Predicted 11 Per Cent Below 1956

The crop Reporting Board has forecast a 1957 cotton crop of 11,897,000 bales — 11 percent less

than last year's crop of 13,310,000 bales and compares with the 1946-55 average of 13,669,000. An average loan rate of 28.81 cents a pound, basis Middling 7/8 inch, was also announced.

Handicapped by unfavorable early season weather, crops made an exceptionally good response to favorable late June and July weather. However, lateness of crop in northern areas of Central Belt, Oklahoma and Northwest Texas, which was only partially overcome, remains the limiting factor.

The expected yield per acre for the U. S. of 416 pounds per acre is only one pound less than the 1955 record high and compares with the 1946-55 average of 300 pounds. Record-high yields are expected in Georgia, Texas, Arizona, and California with better than average yields in other states.

The average loan rate of 28.81 cents for middling upland cotton is an increase of 0.66 cents above the advance "minimum" rate announced last winter. This final rate reflects 78 percent parity price of 36.93 cents a pound for upland cotton as of August 1, 1957.

Cotton Insect Report

Local rains during the past week were very timely for dryland cotton, particularly in the southwestern part of the area. Conditions have been favorable for rapid growth of cotton in many irrigated fields. Such conditions have continued favorable to the activity of bollworms and leafworms.

Leafworms appeared in damaging infestations in an increasing number of fields. While control was more general in the southern part of the area, damaging infestations were found in some fields throughout the area.

Bollworm activity increased during the past week. While only scattered fields of cotton had heavy infestations, the worms were found in light to medium infestations in some fields throughout the area. As with the leafworm, heaviest infestations were found in the southern part of the area.

Lycus bugs were present in light infestations in a majority of fields. No heavy populations were reported.

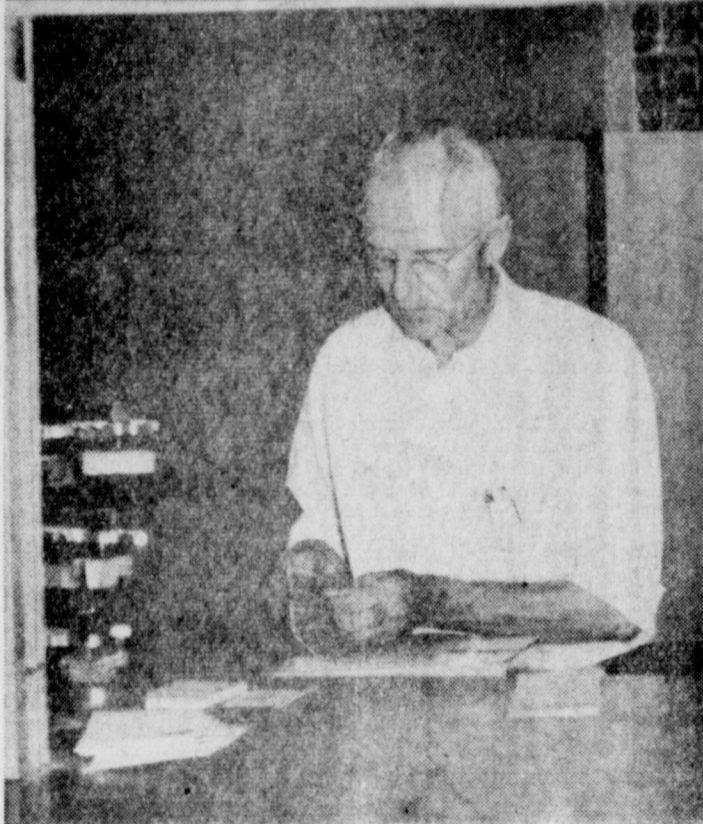

Cabbage loopers were found on cotton in most fields. While occasional localized ragging of leaves occurred, few fields have been treated for control of the insect.

Aphids appeared in greater numbers in many fields. Heaviest infestations were generally observed on cotton which had fairly recent applications of insecticides for control of other insects.

VISITORS FROM EUNICE
Mr. and Mrs. L. G. Black and family visited last weekend in the home of his mother, Mrs. Beulah Black and Lavonne, and in the homes of his sisters, Mr. and Mrs. H. B. Flanagan and Mr. and Mrs. Willie James

LEGAL PROTECTION FOR FARMERS

Texas farmers should beware of doing business with unknown or "traveling" fruit or vegetable buyers on a credit basis unless the buyer is licensed by the Texas Department of Agriculture.

"Hot check" dealers and fly-by-night buying contractors of past seasons are experiencing a crack-down by the Department this year. An Agricultural Protective Act is now in force over the entire state requiring fruit and vegetable buyers to be licensed and bonded unless they operate on a cash basis.

Growers are urged to check an unknown buyer's TDA license before turning over their crops on a "pay later" basis. Purchase agreements must be made in writing. A licensed buyer is a bonded buyer and the farmer is protected from bad checks or contract failures.

Penalties of up to \$1,000 fine and a year's jail sentence are provided to snuff out unscrupulous operators of years past.

TEXAS CITRUS ENTERS FLORIDA

A quarantine of more than 20 years standing against movement of Texas citrus fruit into Florida has been lifted.

Negotiations by the Texas Department of Agriculture succeeded in removing the barriers

which had shut off an important market for state products. Florida citrus has been sold in Texas during most of the nearly three decades that our own fruit was barred there.

Rio Grande Valley fruit growers and the entire citrus industry will benefit from the new agreement.

JUSTICE RUEL WALKER VISITED IN MULESHOE

Ruel Walker, of Austin, associate justice of the Supreme Court of Texas, was in Muleshoe Monday renewing old friendships and making new acquaintances. Judge Walker married a Plainview girl, Miss Virginia Sansom, and is widely acquainted throughout the Panhandle.

Mr. and Mrs. John Shephard of Hart and children, and Mr. and Mrs. Bob Kindle and children spent the weekend in Ruidoso.

COLORADO VACATION

Mr. and Mrs. Bob Sandlin and children have gone to Colorado on a vacation. They plan to see the Royal Gorge and Pikes Peak while there.

Miss Paula Kindle spent the weekend with her grandparents in Childress.

Mr. and Mrs. Everett Sowder and Janice spent Friday evening at the Howard Pierce home at Buva.

COMMUNITY PICNIC

There was a nice crowd at the community picnic held at Monument Lake last Friday night. There was plenty to eat and everyone had a nice time.

Mr. and Mrs. Gene Kinley are driving a new car on a trip to Arkansas.

Mr. and Mrs. Jimmie Daricek and children, and Mr. and Mrs. Mike Flannigan and children visited in the G. W. Edwards home in Muleshoe, and also visited a sister, Mrs. J. T. Gilbreath of Abilene.

Troy and Jeannie Tyson are spending the week in Lubbock

Put Best Foot Forward in These Chic Styles

These buck boots, left, are perfect for long walks with comfort this fall. Slippers, right, suit cold-weather lounging time.

USHERING in fall foot styles are buck boots, left, apparently medievally influenced, and traditional red velvet lounging slippers on the right. The snug and snappy boots feature top-to-top stitching and elasticized side gores, insuring correct fit and stylish comfort. The slippers are lined in gold satin and have a turned-out cuff of the same material. There's a matching golden bow, too.

(Town and Country, left; Swan, right)

YL Community News Briefs

Roscoe Trostle

Our former Pat Norwood or Mrs. Billy Wayne Johnson, and son, Donnie have enjoyed the last six weeks with her parents, Mr. and Mrs. L. O. Norwood.

Her husband, Billy Wayne Johnson, is in service and is being transferred from Detroit, Mich., to Ft. Huachuca, near Bisbee, Ariz. He got to come by and spend a week en route to his new location.

Mr. and Mrs. Jimmy Smyth and daughters, Barbara and Linda from Arlington, Texas, spent a few days visiting relatives, which include Mr. and Mrs. Melvin McCoy, Mr. and Mrs. C. A. Watson and Mr. and Mrs. Harvey Bass.

Caralla Bass has been in the hospital for a check-up.

Danny McCoy is doing nicely since having his tonsils out last Friday morning.

Mr. and Mrs. Ronald Lewis, Shirley and Morris took Jim and Bill Mitchell to Three Rivers, N. M., Sunday to attend the Boy's Rodeo.

Mr. and Mrs. Roy Tabor of Blythe, Calif., and Betty Lou of Hollywood are here visiting Mrs. Jesse Lewis and other relatives, including the Leon Lewises and Marshall Heads.

Mr. and Mrs. D. B. Head and Glenn left Monday for the Cimarron Canyon and other places of interest. They were accompanied by Miss Irene Head of Lubbock, who got her vacation at the same time.

PFC. DALE KREBBS ON WAY TO GERMANY

Pfc. Dale Krebbs, son of Mr. and Mrs. K. K. Krebbs, is on his way to Germany after graduating from radio teletype school in Fort Gordon, Ga. His wife Helen returned here with his parents, who visited them a few days at Fort Gordon before he was shipped out.

Mrs. Krebbs will visit here a few days with relatives and friends before leaving to join her husband in Germany.

FISH AT PAGOSA

W. C. Eubanks spent several days last week in Lubbock. He is planning on attending Texas Tech this fall.

MAPLE NEWS NOTES

Local Families Fishing In New Mexico Lakes

By Mrs. Oran Reeves

Mr. and Mrs. Walter Crowell and sons of Dallas are visiting this week in the home of her parents, Mr. and Mrs. Fred Kelly. Other guests in the Kelly home were Mr. and Mrs. Ravis Kelly and children, and Mr. and Mrs. Jim Emerson and daughter.

Billy Wall of Portales spent several days last week with Doran Taylor.

Guests in the Ted Simpson home Sunday were Mr. and Mrs. C. L. Taylor and son, Mr. and Mrs. Vurles Wall and sons, Mr. and Mrs. Roy Lewis and children, Mr. and Mrs. Cecil Mann and Terry, Linda Wall and Bro. and Mrs. Steve Eckstein and children of Portales.

Mr. and Mrs. Deward Wall and sons spent Sunday afternoon in the Oran Reeves home.

Mr. and Mrs. C. L. Taylor visited the M. O. Walls in Portales Wednesday.

Mr. and Mrs. Deward Wall and children visited the Vurles Walls Thursday.

Mr. and Mrs. Ted Simpson visited in the home of Mr. and Mrs.

Jim Simpson Saturday afternoon.

Mrs. Mattie Richardson had as her guests this week, two of her grandsons from Lubbock.

Fishing Party

Several families from this community are spending the week fishing in New Mexico. Those going were Mr. and Mrs. C. L. Taylor and sons, Mr. and Mrs. Deward Wall and children, Mr. and Mrs. Vurles Wall and sons, Mr. and Mrs. Roy Lewis and children, Mr. and Mrs. Foy Lewis and children, and Mr. and Mrs. M. O. Wall and Billy of Portales.

Terry Hutton spent Tuesday with his grandparents, Mr. and Mrs. James Pruitt.

Charles Lewis spent Saturday with Lawrence Taylor.

W. C. Eubanks spent several days last week in Lubbock. He is planning on attending Texas Tech this fall.

A FEW COLD LICKS—It wouldn't be easy taking the "candy" from this baby. This polar bear, suffering from the heat in his zoo enclosure in Rome, Italy, fondles a rapidly melting stick of ice which attendants dumped into the pool with others to keep its temperature suitable to polar bear comfort.

PROVEN RESULTS OF TERRACING

On the Jesse Park farm south of Circleback. The large photo shows the increased yield of grain at the terrace as contrasted with the light grain in the right foreground. Similar results may be seen in the small photo below, made in a cotton field near one of the terraces.

Discount Wheat Varieties Named For 1957 Support

Because of their inferior milling or baking qualities, 31 wheat varieties have been listed by the U. S. Department of Agriculture as undesirable. They will be discounted 20 cents a bushel in price support rates on the 1958 wheat crop.

According to Extension Agronomist R. J. Hodges, several varieties of hard red winter wheats, the type most commonly grown in Texas, are on the list. They are Blue Jacket, Chiefkan, Early Blackhall, Kankaj, Redchief and Red Jacket. Others listed are soft red winter, hard red spring, durum, and white wheat varieties. Local county agents, adds Hodges, have a complete list of the undesirable varieties.

The designated varieties were found to be undesirable for commercial food use. The dis-

Value Of Terracing Proven On Park Farm Two Miles South of Circleback

Terraces on the Jesse Park farm southeast of Muleshoe have more than paid their way in stopping water erosion and increasing production.

Mr. Park lives in Sudan and has extensive holdings in Bailey county. In 1952 he became a co-operator with the Blackwater Valley Soil Conservation District

and the District agreed to assist him with terracing his place near Circleback.

Through technical assistance of the SCS, 10 miles of standard terraces were laid out and built on the 1400 acre farm two miles south of Circleback. A. W. (Slats) Gore who has operated the place for the past several years was visited about two weeks ago to check on the effect of the terraces on crops.

Gore believes that year in, year out, terraces pay. His main reason for believing in terracing is the extra production he receives in moisture held on the land. Every drop that falls on the terraced land stays on the place to fill soil profile and stop soil washing.

Since terraces have been installed, only one has broken, and Mr. Gore is pleased with the job they do. The accompanying pictures show that this year his early feed will only make above terraced channels and increased production may be seen above the terrace channel in the cotton also. He believes that without the terraces his production would have been zero. Thus, he points out, terraces pay in dry and wet years as well.

Of course, Mr. Gore pointed out his objections to terraces, which he felt should be given even though they do not nearly equal the benefits he realizes. He said one fourth more time and labor is spent in farming terraces. Point rows between terraces have to be double run, and in planting, terraces have a wide middle left on top which has to

be cleaned with a large sweep. However with wide, workable terraces he finds the extra time and trouble is more than offset by the extra yields.

For example, in 1954, it took seven acres of cotton to yield one bale on non-terraced land and only three acres for one bale from the terraces. After seeing the job they did in 1954, the next year Mr. Park asked Slats if he would like to have the rest of the east section of farm in terraces (another 10 miles plus one mile of diversion terrace). With District assistance, he installed these additional terraces.

Also, two waterways were installed, one on each half of the farm. There is a large drainage area above the farm and these waterways were designed to take care of the outside water coming onto the farm by confining it to a channel through the farm and into lakes below. There is a good possibility now that this extra water could be picked up and spread over terraced land with a water spreading system.

These two men have once again proven the feasibility of terraces. Terraces have their place on most dryland farms in this district and should be eventually found on most of them if wise use is made of rainfall and conservation of the topsoil.

Soon after harvest is a good time to see about terracing your farm. There is a substantial government payment on the building of terraces. See your District Supervisor, the local Soil Conservation Service technician, or your County Agent.

Mr. and Mrs. K. R. Schramm have moved to Muleshoe from Canyon, and he has taken a position with Johnso-Pool. They have two sons, Don 20, and Darrell 16. They are Methodists.

Mr. and Mrs. J. L. Kirby and children, Linda 10, Brenda 7, and Cindy 5, have moved here from Bula. Mr. Kirby is a carpenter and is helping on the new school building. They are members of the Baptist church.

Mr. and Mrs. Lovelle Brewer are from Pueblo, Colo. They

have one child, Kathy, 20 months. He is employed at Goss Bros. Station.

Mr. and Mrs. B. E. Atkins and children, Diane 15, and Jene 10, are from San Diego. He is employed at Muleshoe Motor. They are members of the Methodist church.

Mr. and Mrs. H. D. Venable have moved here from Andrews. He is manager of the local Dunlap store. They are Baptists.

Mr. and Mrs. Bobby R. Lewis are from Lubbock, and he is assistant vice-president and agricultural consultant of the Muleshoe State Bank. They have two children, Marshall 3, and Mark 1 months. They are Methodists.

Famed Umpire Calls Wilcy Moore Best Defensive Outfielder He Has Watched

The following article was printed August 8 in "Pere's Column", written by Jere R. Hayes, Dallas Times Herald Sports Director. A copy was furnished to The Journal by Mrs. Horace Blackburn. It is, as Jere says, a distinct compliment for Wilcy Moore, Muleshoe's gift to the Dallas Eagles, Texas League baseball team:

BOGESS HANDS
WILCY MOORE BOUQUET

"Wilcy Moore is as fine a defensive outfielder as I have ever seen in action."

That statement, coming from a gent who has either played or umpired in around 5,000 baseball games, is a top compliment. It was authored by none other than Dusty Bogess, veteran National League umpire, the other night at Burnett Field.

Bogess, who has been laid up with a heart ailment, plans to get back into umpire's harness around Aug. 15. He is due to report to Cincinnati on August 13 and will be given a final examination by a doctor designated by

the National League.

Dusty has been working out with the Eagles for several days and says he is ready to return to duty.

The praise handed to Moore was voluntary. We were sitting behind home plate (Bogess must be in line to see how the pitchers are working) and discussing baseball in general and the Eagles in particular.

"I rate Salty Parker as one of the smartest managers in the minor leagues", Bogess pointed out. "And he has a flock of hustling ball players who don't know what it means to quit. They'll fight you right down to the last out, and that is what makes a winner."

"One of the reasons the Eagles have been winning so consistently is their sharp fielding", Dusty went on. "Wilcy Moore is as fine a defensive outfielder as I have ever seen in action in the minors or majors. And I have seen quite a batch of 'em in action."

GOLD IN THE WATER—Pinned over Carin Cone's bureau in her Ridgewood, N.J., home is a collection of medals that would do credit to any athlete. She's packing to get set for another trip. The young swimming star won the silver medal in last year's Olympics and holds the National AAU 100 and 200-meter backstroke crowns.

Gary Cooper has more than an armful in Audrey Hepburn, his lovely co-star in Billy Wilder's "Love In The Afternoon", the Paris-in-the-Spring romantic hit coming to the Cox Drive-In Theatre on Sunday and Monday, August 25 and 26. Maurice Chevalier is co-starred in the Allied Artists picture.

NO NAME YET—Some might think this piece of sculpture deserves the "Made in the Black Forest by Elves" tag but it's actually the work of German artist Joachim Schultze, a Berlin Art Academy student. The work, 11 feet high, adorns a new housing project in West Berlin's Spandau district.

First Field Day September 18 At Hi Plains Farm

Wednesday, September 18, is the date set for the first field day at the High Plains Station of the Texas Research Foundation at Halfway, according to Harold Hinn, chairman of the regional council and Dr. T. C. Longnecker, head of the station. Tours will start at 2 p.m., and continue through the afternoon. Wagons drawn by tractors will transport the guests down the road thru the center of the station past the new recharge well and back to the starting point. Descriptions of the crop and fertilizer research on both irrigated and dryland portions of the station will be given a various stops on the tour by scientists familiar with the plans and purposes.

Each wagon load will be accompanied by a guide who will point out the various items of interest enroute and answer questions raised by their group. It is estimated the tour will be of one hour duration.

September 18 was selected as the date most convenient to the largest number in the High Plains area, and after inquiry disclosed it would not conflict with other planned agricultural events. Many inquiries have been made at the station and to the members of the regional council concerning a "Field Day", therefore, a good attendance is anticipated.

Harvest Time Is Time For Safety

Harvest time is payday on the farm, but it can easily become hazardous time. When harvesting machines with their highspeed mechanisms are operated in the "rush of harvest", the chances for accidents mount rapidly, warns W. L. Ulich, extension agricultural engineer.

But farmers can greatly reduce the number of accidents by following a few basic safety rules during harvest, says Ulich.

Safe machine operation necessitates good judgement and a knowledge of the machine. Shut off power before cleaning, adjusting or lubricating. Keep hands away from moving parts and never leave a running machine unattended.

When moving machinery on public roads, obey traffic laws, continues the engineer. Warn motorists of the slow moving vehicle with flags by day and lights and reflective material by night. Do not allow riders on the machinery unless a seat or standing platform is provided.

Do not allow small children in work areas unless an adult is there to watch over them—with his full attention—for they are often the victims of harvest accidents.

Experience is still the best teacher. Beginners need careful instruction and supervision. Do not turn them loose on a job unless they can handle it safely, adds Ulich.
