Number 25

Schools Situation Is Serious, Pace Says

REPORT SHOWS FUNDS SHORT

Board Is Economizing As Much As Possible; Budgets For Two Years Are Given

(By J. B. Pace Jr., Supt.)

In the publication of the financial condition of Tahoka schools it is my sincere purpose to give to the patrons and tax payers of this independent district some facts relative to the maintenance and operation of our school system for the year 1930-31. It is not the prevailing custom for school boards and superintendents to publish financial statements of school districts, yet I can see no good reason why such statements should not be published as the school is always one of the big institutions in any community. Again I think the taxpayers are justly entitled to know the "where and how" their money is being expended.

It has not been my intention nor purpose to tear down and destroy that which has already been done, but instead to take it just as it exists and make such changes as are necessary to maintain and operate our school system and at the same time increase its efficiency and improve its standards. Some changes in the organization of work have been made such as the doing away with all the classrooms in the basement of the Central Ward building and the giving of all work of one grade to one teacher. This has eliminated the biggest fire hazard of that building and has offered to the children in its place well lighted rooms, fresh air and freedom. The giving of all the work of one grade to one teacher has brought about better order and discipline in that building and seems to be improving the quality of work done by the students because the work is systematically carried on by each teacher, the assignments of the proper length and in accordance with the value of the subjects.

The High School curriculum which has 26 1/2 units of affiliation is being expanded by offering courses in the commercial field in which we hope to get affiliation this year. Also, the curriculum has been arranged in three logical courses, namely: College Preparatory, Vocational, and Commercial. This will cause the students to derive more benefit from their years in high school because they have pursued courses that better prepares them for the life's work they have selected after graduation.

This year our school retains its membership with the Southern Associated List of Secondary Schools without any adverse criticism. Also, the visitor Mr. Smith from the State Department of Education commended our school very highly for its excellent work and organization.

When I assumed my duties as your Superintendent the Tahoka Independent School District had a deficit of \$5,625.00 of notes and unpaid bills. The Board of Trustees together with my assistance have set about

(Continued on last page)

H. D. Club Women Make Poultry Pay Big Profit From Eggs, Records Show

(By Miss Thelma Greenwade)

Poultry has been stressed in Lynn county this year. Demonstrators and Cooperators have done the work which makes it very effective. There was no program given in the year book on this phase of work this year. Individual help has far surpassed that of programs in the year book.

Ten demonstrators have been enrolled, but due to various reasons some dropped out, but a large number of things have been learned through the old road of experience. Below is given a report of the demonstrators:

This report is a summary of the months demonstration has been carried on by the various demonstrators of the county.

Mrs. J. B. Lowe of New Home community has Rhode Island Reds.

Will Let Highway 9 Contract Soon

Announcement has been made that contracts for paving 17 miles of highway No. 9, extending from Lubbock to the Hale county line, will be let some time this month. Contract for paving 12 miles of No. 9, extending from Lubbock to the Lynn county line, will also be let either the latter part of this month or in March, more probably in March. The prospects are that this highway will be paved throughout its entire course in Lubbock county before the year closes.

COURT TERM OPENS MONDAY

Criminal And Civil Dockets. Both Light; Grand Jury Will Also Meet

Everything is set for the opening of the February term of the district court on next Monday, according to Skip Taylor, the new district clerk.

Both the civil and the criminal dockets are light thus far, however, except in the matter of divorces. There are eleven divorce suits pending on the docket, one of which comes over from the last term of court, the other ten being new cases.

Aside from the divorce suits there are very few civil cases pending. The criminal docket is almost clear also, there being a few old cases on the docket, most of which will probably never be tried, for one reason or another. Of course, the grand jury which is to be empaneled next Monday may return a number of indictments and thus materially lengthen the criminal docket. It is not believed that there will be any trials of criminal cases that will attract much attention, however.

The grand jury will be set to work Monday but there will be no jury trials the first week of the term. Juries have been ordered for the second, third, and fourth weeks. After the setting of the docket Monday, a few divorce cases and other non-jury cases will probably be disposed of during the week.

Everyone Should Have A Hot Bed

"Each family in Lynn county should build a hot bed in order to supply a fresh supply of green vegetables before the spring gardens are ready," according to Miss Thelma Greenwade, county home demonstration agent.

"These hot beds can be made very inexpensively and should be made and planted within the next two weeks by all means. This will be a real cue for the inadequate diet. Everyone who gets aid from the Federal government is expected to build and plant a hot bed and plant and cultivate a garden according to methods recommended by the Extension Service of A. & M. College. Your home demonstration agent will be glad to help in every way possible on hot beds and gardening."

(Continued on last page)

MILD WEATHER DURING MONTH

Winter Was Never Milder on Plains Old Timers Say; Rain Of Week Totals .66

The rainfall in Tahoka Saturday afternoon and night amounted to .66 of an inch, according to the Government rain gauge kept by the editor. Parties living near Central Church report that the rain there amounted to more than an inch, one report placing it at 1 3/8 inches. Geo. Lindly, who lives near Edith, reports 1 1/2 inches at his place, while it is claimed that an inch to one and a half inches fell at Draw. It grew lighter toward Brownfield, but the entire county, as well as other counties in this section, was covered with a soaking rain.

Owing to the rains that have fallen during this month and in January and to the mild weather that has prevailed, the wheat is growing rapidly and is affording excellent grazing. Weeds are likewise coming up and growing, giving a verdant aspect to old Mother Earth in many places.

Thus far, this winter has been one of the mildest within the memory of the oldest inhabitants. During the entire month of January there was only one day on which the thermometer registered as low as 20 degrees, and that was at night, of course. This was on January 14. There were eighteen days on which the temperature reached the freezing point or went a little below it. There were eight days on which the temperature went above 60, as follows: 61 on January 2; 62 on January 3; 61 on January 21 and on January 22; 62 on January 23 and January 24; and 63 on January 30 and January 32.

The average minimum temperature for the month was 31.25 degrees. The average maximum temperature was 53.12 degrees. The average mean temperature was 42.19 degrees.

No Foreclosures In West Texas Area

Houston, Feb. 4—"More than 95 percent of the borrowers from the Federal Land Bank of Houston living in the West Texas drought area met all their installments up to December 31, 1930," M. H. Gossett, President of the bank here says. "The bank has not found it necessary to make foreclosures in the drought area to date. The officers of the bank have a sympathetic attitude and concern toward the plight of agriculture but they also realize that any relaxation of the policy of urging payments would result in wholesale delinquencies and a serious menace to the bank's ability to meet its own obligations."

HARLEY WELLS IS IN RACE FOR TAHOKA CITY MARSHAL

To the Voters of the City of Tahoka:

In making my announcement for the office of city marshal of the city of Tahoka, I want to say first that I am a "full-fledged" citizen of the city of Tahoka and Lynn county, having lived here the entire 25 years of my life. While living in Tahoka, I believe that I have built up a reputation of being honest, hard working, and fair minded in my dealings with everyone, and promise that if I am elected to this office, that I will live up to the reputation that I have built.

This is my first time to ask for a public office, and I would greatly appreciate your vote and influence in the coming election.

Yours respectfully,
HARLEY WELLS.

J. P. Fulton of New Home was a caller at the News office Monday and incidentally dropped the information that he is planning to open up a new filling station and also a new cafe at that place. The building for these new business enterprises is now under construction and he believes that it is a nice one. He believes that the proposed T. & P. railroad extension is to be built and that one branch of it will pass through New Home. He is preparing for the big rush that he figures is coming. Here's wishing those good New Home people good luck.

TOWNES TALKS TO KIWANIS

Doctor Stresses Importance Efforts To Suppress Diseases in Talk At Club Meeting

Dr. C. B. Townes favored the Kiwanis Club at its luncheon Wednesday with a talk on Communicable Diseases, devoting his attention particularly to diphtheria for the reason that there are a few cases of that dreaded disease in town just now.

Dr. Townes stressed the importance of having this disease treated in its early stages, otherwise it is likely to prove fatal, since it develops so rapidly and may do its deadly work before the patient or members of the family realize the danger.

Measles and whooping cough are also really more serious than they are usually regarded, the Doctor stated, since they greatly sap the vitality of the patient and render him susceptible to other diseases that may attack him later with fatal effects. Many deaths attributable to pneumonia and other diseases are really due to previous attacks of such diseases as measles and whooping cough, the Doctor declared.

Another statement that the Doctor made was that people ought to be better informed about venereal diseases. He believes that school children should be given some instruction about these terrible maladies.

There have been three great pandemics of "flu". The one in 1918, which is supposed to have had its inception in Spain, extended entirely around the world before it spent its force. There is liable to be just such another scourge of its kind at any time, in his opinion.

The importance of using preventive measures against contracting and spreading infectious and contagious diseases was stressed.

The Doctor's talk was not only most interesting but was of such a nature as is calculated to inspire more precaution on the part of those who heard it.

Valera Bartlett, 10, Died Last Week

Elita Valera Bartlett, 10, daughter of Mr. and Mrs. J. A. Bartlett, died at the family residence here last Thursday afternoon, February 5. Death resulted from pneumonia and tonsillitis after an attack of about two weeks duration.

Funeral services were conducted at the City Cemetery Friday afternoon, conducted by Rev. Owens, Primitive Baptist minister, of Lamesa, after which the little body was laid to rest.

Death came rather unexpectedly, for it was thought that the patient was improving and she sat up in a chair Thursday morning. Prior to her illness she had been attending the Central Ward school and was a student in the fourth grade. Besides the father and mother there are four other children in the family.

The News joins many friends in expressing sympathy for all the bereaved.

PARENT-TEACHERS ASSN. ENJOYS GOOD PROGRAM

The February meeting of the Parent-Teachers Association convened as usual on Wednesday afternoon of last week, with the president, Mrs. J. H. Powell, in charge.

The brief devotional consisted of a prayer by Mrs. Suddarth followed by the singing of "America". Dr. Townes, who was scheduled for a speech, was most inopportunistly called out of town, so Mr. Pace was called upon, and gave an impromptu resume of the school program of physical education. Pupils of Mrs. M. H. Edwards, Miss Valrie Wells and Wells Edwards then favored the meeting with piano and saxophone solos, respectively, after which Miss O'Brien Forrester gave a clever impersonation. Following the program a social hour was enjoyed while refreshments of hot coffee and doughnuts were dispensed.

Farm Agents Here
District Farm Agent Sterling C. Evans and District Home Demonstration Agent Miss Myrtle Murray both of College Station, were here Monday discussing the local work with Ray Shaver and Miss Thelma Greenwade.

259 Federal Aid Applications Filed

Fitzgerald Brought To Tahoka For Trial

Sheriff B. L. Parker and Deputy John Bulman brought Dick Fitzgerald from the Lubbock jail to the Tahoka jail Tuesday. It is believed that Fitzgerald will be tried here again at the approaching term of the district court, this time on a charge of burglarizing The Limit here a few years ago. He was tried and convicted at the last term of court for burglarizing the Santa Fe depot.

SET SALARIES OF OFFICIALS

Commissioners' Court Agrees On Salaries For All Officials Except Sheriff

The commissioners' court was in session Monday and Tuesday of this week, and among other items of business attended to was the fixing of the ex officio salaries of county officers.

The ex officio salary of the county judge was fixed at \$175.00 per month; county clerk, \$50.00 per month; county attorney, \$75.00 per month; and district clerk, \$25.00 per month. The salary of John Bulman as deputy sheriff was also fixed at \$150.00 per month. The ex officio salary of the sheriff was left undetermined but this salary will also be fixed at an early date, it is said.

All the above ex officio salaries are the same as they have been the past year. A year ago the salary of the county judge was raised from \$150.00 to \$175.00 per month and the salary of the county attorney was raised from \$50.00 to 75.00 per month. Of course each of these officials and the other county officials also receive certain fees in addition to the above salaries, such as costs taxed against defendants convicted of misdemeanors. The county clerk is paid chiefly from fees allowed by law for the filing and recording of legal instruments in his office.

The First National Bank of this city was selected as the depository for county and common school district funds. It was the only banking institution in the county which submitted a bid. It has been the county depository for many years past.

Newmoore Infant Died On Monday

Little Billie Ruth Rogers, only four and a half months old, and daughter of Mr. and Mrs. J. G. Rogers of Newmoore died at the family residence in that community Monday, death resulting from an attack of pneumonia.

The remains were buried in the City Cemetery here Tuesday afternoon, the funeral being conducted by Rev. J. W. Shepherd, pastor of the Methodist Church here.

All parents who have suffered a like bereavement can deeply sympathize with Mr. and Mrs. Rogers in their bereavement.

T-Bar Defeats Tahoka, And Will Play Wilson For The County Championship

Tahoka is out of the county basketball race, and the honors will go to either Wilson or T-Bar. The two latter teams will play the first of a series to determine the champions on the T-Bar court Friday afternoon. A second game will be played at Wilson Saturday night, and if a third is necessary, the teams will decide on the time and location.

Tahoka's part of the championship was decided here last night when T-Bar eked out a 19 to 20 victory over Coach Weir Washam's Bulldogs. The game was fast and furious, featured by air-tight guarding. The half ended 12 to 7 in the visitors' favor. Although the Bulldogs threatened to forge ahead several times, the long, tall fast T-Bar Longhorns were just a little too much for them. In a game at T-Bar Tuesday after-

FIRST CHECKS ARE RECEIVED

Three Applications Have Already Gone Through; Lockwood Expects 400

Up until Wednesday night 259 drought relief applications for loans from the Federal government had been approved and sent in by the committee for this county, according to A. L. Lockwood the chairman.

Total loans applied for amounted to \$55,555.00, averaging \$214.50 per applicant.

Mr. Lockwood is of the opinion that the applications will total more than 400 from this county when all are in.

On Tuesday morning the first checks for approved loans were received by Ray Shaver, county farm agent. They were three in number and came from the St. Louis office. Two of them were for the full amount applied for less interest, which is figured in the face of the loans and deducted. The other check was for a sum amounting to \$40.00 or \$50.00 less than the amount applied for. This reduction was made by reason of the fact that the applicant indicated that he intended to plant a larger acreage this year than last year, it is said. His loan was figured on the basis of last year's acreage.

Mr. Shaver admonishes all applicants that all the required releases of mortgages and liens must be filed with the county clerk before checks for their loans can be delivered to them.

SHOOKS EXPERIENCE AN EARTHQUAKE SHOCK

Mrs. H. C. Crie received a letter a few days ago from Mrs. Charles F. Shook, who now resides in Albuquerque, New Mexico, in which she describes a recent earthquake shock. We quote the following paragraph: "I had a new experience last night. We had a severe earth tremor. I was at Burnie's and the rumble was so loud I thought their heating system in the basement was exploding. The house shook so that the china rattled and books fell from the shelves next door. It was a weird feeling. You know this part of New Mexico is full of extinct volcanoes. There are four perfect cones a few miles from here and some lava beds are miles in extent. I can not describe the feeling or the sound which accompanied the shake, but I do not care to go through another. The east end of the house acted as though a giant were heaving his shoulder against it and the rumble was awe-inspiring."

Employment On Increase
Chevrolet factory employment as of Saturday, January 24, totaled 34,447, an increase of more than 2,000 over the corresponding date in December and 8,000 more than when the company commenced production of its new cars in early November. During the current month employment is expected to reach 40,000, Chevrolet's normal operating force.

NOTICE TO THE PUBLIC

Any erroneous reflection upon the
reputation or standing of any indi-
vidual, firm or corporation, that may
appear in the columns of the News,
will be gladly corrected when called
to our attention.

It may be that the people of
this country will some day vote to
abolish the Eighteenth Amendment.
It may be that they will repudiate
it at the next Presidential election.
The wets are turning heaven and
earth to bring about such a result.
Millions of young men and women
in our country never saw an old-
time saloon. They think of it merely
as a place of bright lights and
sparkling wine. They never saw a
half dozen men lying on the floor
or in the "bull-pen" at the back of
a saloon, all "dog drunk", with flies
swarming over them. They have
never seen the repulsive side of the
saloon. They have no conception of
the old-time low dive and beer joint.
They have never pictured to them-
selves what Tahoka would be, for
instance, with a half dozen such
saloons and beer joints running wide
open. They have only had pictured
to them the so-called failure of pro-
hibition. They have heard the
Eighteenth Amendment and the Vol-
stead Act denounced and ridiculed
until they think these came as the
result of "old-fogy" notions. They
have seen very few real old-time
drunks but they have been taught to
believe that it is a bit "smart" to
get "teased up". The heaven that is
being spread by the wet propagand-
ists of the North and East seems
to be working among our young
people, and in their ignorance of con-
ditions that prevailed in pre-Vol-
stead days, they may some day vote
for a return of the legalized liquor
traffic. But if they do, there will be
a temporary saturnalia of drunken-
ness and vice and crime that will
make the present crime wave look
like a mere ripple.

An effort is being made in the pre-
sent legislature to repeal the so-called

ed "gin-marriage license law" en-
acted by the last legislature. Those
who favor the repeal of the law cite
the fact that in many counties near
the border, persons desiring mar-
riage licenses go to other states to
procure them, and that Texas coun-
ty clerks, justices of the peace, and
ministers of the gospel are conse-
quently losing many fees that they
would otherwise get. The Dallas
News, the Fort Worth Star Tele-
gram, and other papers point out
the fact in opposition that the "gin-
marriage license law" was not en-
acted with a view to helping or
hurting anybody's pocketbook but
that its purpose was to prevent has-
ty and ill-considered marriages and
to protect the health of future moth-
ers of our country against disease
that might be contracted from their
husbands. Not only are the wives
due this protection but it is due to
their children also, for statistics
show that many deformities and
physical defects of children are due
to the presence of some loathsome
disease contracted many years be-
fore their birth by the father. We
believe that this law should be re-
tained on our statute books and pos-
sibly, in the course of time, neigh-
boring states will enact similar
laws.

Officials of one government must
necessarily be careful as to what
they say about officials of other
governments. Indiscreet remarks of
this kind may lead to serious conse-
quences. Therefore, it was regarded
as a serious offense against interna-
tional etiquette and an inexcusable
breach of courtesy when Smedley D.
Butler of the United States Navy
recently referred to Premier Musso-
lini of Italy as a "hit-and-run" driv-
er, virtually charging the Italian
dictator with criminal negligence in
injuring a child with his car. The re-
marks called for an apology by this
government, which was promptly
made, but most Americans must be
pleased that the plans to "court-
martial" General Butler have been
abandoned. Most Americans believe
that Mussolini is a war-mad ruler
that is threatening the peace of Eu-
rope and that if he pursues his pol-
icy far enough he may bring death
or injury not to one child but to
millions of children. Therefore A-
mericans have little love for Musso-
lini and private citizens have no
compunctions of conscience in say-
ing so, but the navy officials must
be careful of their language.

Not long ago we heard a rich old
codger aching and grumbling about
the hard times. To hear him talk
one would think that the old miser

was on the verge of starvation. He
cusses the government, the church,
and most of his fellow townsmen.
Hardly anything seems to please
him. He is a confirmed "grouch".
Then we went to church and heard
an old man pray. He had little of
this world's goods. He works hard
for a living. He has had his share
of reverses and disappointments.
But he fervently thanked God for
the many rich blessings that a kind
Heavenly Father had continually be-
stowed upon him. Not only was he
grateful to God but he loves and
appreciates his fellow man. He
greeted every one with a smile and a
warm handshake. He carries sun-
shine around in his heart and dis-
penses it among his fellow men.
And every time we think of these
two men, we say in our heart that
the rich man is indeed poor—and
that the poor man is rich.

Two or three bills have been in-
troduced in the legislature to abol-
ish primary elections and to return
to the convention method of nomi-
nating candidates. The proponents of
these measures soon found that
these proposals were unpopular,
however, and withdrew them. The
people of Texas are not yet ready
to return to the old rotten conven-
tion system. A preferential primary
law properly drawn, whereby the
voter may express his first and sec-
ond choice for any office for which
there are more than two candidates,
is probably the best method that
could be adopted. By this method the
candidate receiving the largest num-
ber of first and second choice votes
would be declared the nominee. It
would also probably be well to set
the date of the primary election in
Presidential years early enough so
that the people could at the same
time express their preference for
Presidential candidates. Why not?

We have always felt that the po-
sition taken by Jim and Ma Fergu-
son in the last campaign with re-
spect to the drinking of bootleg li-
quor by public officials is just about
correct. An official whose duty it
is to enforce the laws or whose duty it
is to preside over a court that is
supposed to mete out justice, should
not himself violate the law or be a
party to its violation. Jim and Ma
said that they would favor kicking
any such person out of office. A pub-
lic official who drinks bootleg liquor
is not only aiding and abetting some
crook in the violation of the law but
he is setting a shamefully bad exam-
ple to the youth of our country.

On account of the mild weather and
the abundant rains, which have made
quite a bit of grazing for live stock,
people are getting through the win-
ter much better than it seemed pos-
sible for them to do so a couple of
months ago. With a fine season in
the ground and spring approaching,
we believe that the worst is past
and that good crops and better times
lie out in the future. Just an abun-
dant feed crop, which seems almost
assured, would help wonderfully,
even if the cotton crop were to be a
failure again. But this is our year
for a bumper cotton crop. It's com-
ing, folks.

A campaign is being launched to
nominate Governor Ritchie of Mary-
land as the next Democratic candi-
date for the Presidency. Ritchie is
popular in Maryland, having been
elected governor for four or five
successive terms. He has presuma-
bly made a good record except as to
the enforcement of the liquor laws.
He is a fanatic in his opposition to
prohibition and wants to see every
prohibition law wiped off the sta-
tute books. America can't be made
too wet to suit him. We don't need
him as President.

Friends are beginning to boost
Senator Joe Robinson of Arkansas
for the Democratic nomination for
the Presidency. While it is doubtful
if a Southern man can be nominated
and while there are probably other
Southerners more able and deserv-
ing than Joe Robinson, yet we could
support him enthusiastically on the
right sort of a platform. We are
against a Tammanyized Democracy.
Let the good work go on.

Dinosaur eggs have been found in
Montana by the Scott Fund Expedi-
tion of Princeton University, and the
discovery is said to be the first of
its kind in this country. The only
other authenticated find of a prehis-
toric reptilian "nest" was in Mongo-
lia.

Bleeding Gums Healed

The sight of sore gums is sicken-
ing. Reliable dentists often report
the successful use of LETO'S PYOR-
RHEA REMEDY on their very
worst cases. If you will get a bottle
and use as directed druggists will
return money if it fails. (8)
THOMAS BROS. DRUG CO.

Morgan

As it was raining Sunday we did
not have Sunday School or church.
Bro. Parton of Wilson aimed to
preach in the afternoon. He has a
regular appointment on the second
Sunday.

Little Colene Rockler, 7 months
old baby of Mr. and Mrs. Freeman
Rockler, passed away Tuesday morn-
ing. She was afflicted with pneumo-
nia and meningitis.

Orville Cranfill and wife visited
home folks last week.

Mr. and Mrs. Tom Johnson and
children and Mr. and Mrs. Alvin
Wooten of Levelland attended the
funeral of little Colene Rockler
Wednesday.

Miss Hull spent the week end in
Tahoka.

Mrs. Ann Davidson is sick with
the "flu".

Mr. and Mrs. Townsend were
shopping in Lubbock Saturday.

Mrs. B. Collings received a tele-
gram Sunday morning stating that
her mother, who lives at Stephen-
ville, had passed away. We extend
deepest sympathy to them in this
dark hour of sorrow. May the Lord
comfort you.

Mr. and Mrs. R. L. Thompson and
children are visiting in San An-
geles.

Mr. and Mrs. E. Weaver of South-
land visited Mr. and Mrs. Clay
Johnson Sunday.

Monie McAnnally made a trip to
Tahoka Saturday.

Dial Boxley's horse fell on him
Saturday morning hurting his knee
and foot.

John Rackler of Southland visited
Kenneth Rackler Friday.

Mr. and Mrs. T. E. McGeehe visited
his brother and family at Close
City Friday.

Ed Milliken is suffering with
something like sinus trouble.

Jackie Boo Collings is sick with
a bad cold.

Mesdames Shaw and Hatchett of
Idalou and Patterson of Tahoka
spent Thursday with Mrs. Ed. Mil-
iken.

Draw

There has not been very much
news happening around Draw the
past week.

Grandma Crabtree seems to be
improving rapidly.

Mr. and Mrs. Earl Proctor's little
boy has been sick.

Guss Sherrell has returned home.
He has been staying with his grand-
father awhile helping him farm.

Ruby and Floyd Lemond have
been sick the past week.

Mrs. West Luttrell's class—that
is part of them—met Friday and
hoed the church yard.

The Sunday School training class
will start Monday week night at
Draw.

The Home Demonstration Club
met at Mrs. H. C. Renkin's Wednes-
day. They had three new members
to join.

Mr. and Mrs. Carl Williams have
a new girl in their home.

There was a party given Wednes-
day night at Mr. and Mrs. Taylor's.

We have recently learned that
Miss Tead Durham and Mr. "Slim"
Beattie were married in December.

A dairy man in King county cut
down on feed from 28 pounds of
roughness and 12 pounds of cotton-
seed per cow daily, to 12 pounds of
roughness and seven pounds of cot-
tonseed. The feed cost of produc-
ing butterfat was reduced from 34
cents to 18 cents per pound.

Relief!
When you start at sud-
den noises, worry over
trifles, can't bear the noise
that children make, feel
irritable and blue—ten to
one it's your nerves.

Don't wait until your over-
wrought nerves have kept you
awake half the night and paved
the way for another miserable
day. Take two teaspoonfuls of
Dr. Miles' Nerve and enjoy the
relief that follows. Take two
more before you go to bed.
Sleep—and wake up ready for
the day's duties or pleasures.

Dr. Miles' Nerve is now
made in two forms—Liquid and
Effervescent Tablet.

Both are the same
therapeutically.

Liquid or Efferves-
cent Tablets at all
drug stores.

Price \$1.00

The new Ford is an economical car to own and drive

Low first cost, low cost of oper-
ation and up-keep, and low yearly
depreciation mean a distinct saving
to every purchaser

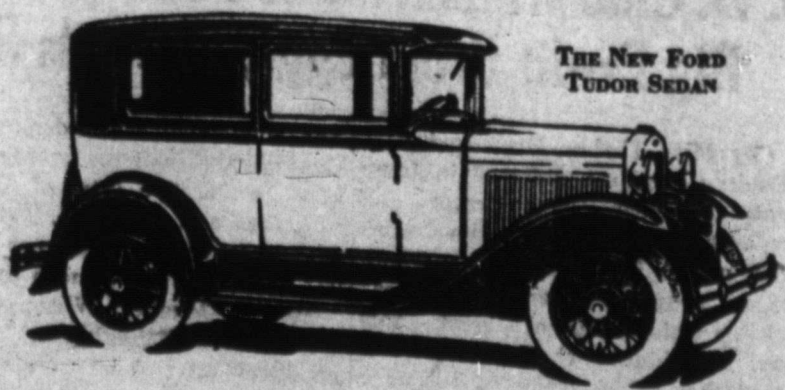

THE NEW FORD is a splendid car to own and drive
because of its attractive lines and colors, safety, com-
fort, speed, reliability and long life.

There are, in addition, three other features of
importance to every far-seeing automobile owner...
low first cost, low cost of operation and up-keep, and
low yearly depreciation.

During the life of the car, the day-by-day economy
of owning a Ford will amount to considerably more
than the saving on the first cost. You save when you
buy the Ford and you save every mile you drive.

The reasons for this economy are simplicity of
design, high quality of materials and care in manu-
facturing and assembling. Many vital parts are made
to limits of one one-thousandth of an inch. Some to
three ten-thousandths of an inch. Throughout, the
new Ford is an outstanding example of fine crafts-
manship in automobile engineering.

The more you see of the new Ford—the more you
talk to Ford owners and experienced mechanics—the
more certain you become of this fact... It brings
you everything you want or need in a motor car at an
unusually low price.

LOW PRICES OF FORD CARS

\$430 to \$630

F. O. B. Detroit, plus freight and delivery. Bumpers and spare tire extra
at small cost. You can purchase a Ford on convenient terms through
the authorized Ford Finance Plans of the Universal Credit Company.

(Continued from first page)

cial mash, maize and milk. Mrs. B. L. Davis had an average of 60 White Wyandottes for two months in which she conducted her demonstration. Due to the health of her husband she had to give up her poultry and go to the mountains. During these two months the hens

produced 1,736 eggs. Feed cost \$20.12 and the total profit was \$42.93 or a profit of 71 1/4c per hen for 2 months. Average eggs per hen, 27.26.

Mrs. Gus Porterfield conducted a poultry demonstration for 8 months with an average of 65 hens. The feed cost was \$27.80 and the profit \$95.49 with a total egg production of 5,012. This gives a profit of \$1.46 per hen for 8 months. This flock is Rhode Island Reds. Average eggs per hen, 88.1.

Mrs. T. I. Hannonds had an average of 78 White Leghorns for a period of nine months. He hens have produced 8,323 eggs. The feed cost has been \$16.75, and the profit \$95.76. Average eggs per hen, 106.7.

Mrs. Mable Milner has had an average of 43 hens for 6 months. These hens have produced 2,199 eggs. The feed cost has been \$19.50 and the profit \$37.66. Average eggs per hen 51.13.

Mrs. J. W. Warrick has had an average of 116 hens. These hens in a period of 10 months have produced a total of 16,000 eggs. Mrs. Warrick says that she has found that feed pays better than anything else. A total feed cost of \$118.07 and a total profit of \$356.42. Average eggs per hen, 155.17.

Mrs. J. L. Schooler had an average of 208 White Leghorn hens and she conducted a demonstration for 6 months. The egg production during that time was 14,987 and feed cost was 68.46. Total profit was \$211.22. Average per hen 72.05 eggs.

Mrs. R. W. Fenton had an average of 38 for nine months, total eggs produced was 7,441 the total feed cost \$20.25, and the total profit \$121.00. She fed commercial mash in early part of year and grain and milk in the summer months and remainder of the fall months.

Total profit made by demonstrators: \$2,673.75 plus \$2,818.96 in eggs and chickens sold by co-operators making a total of \$5,492.71 made by these women from their poultry industry.

Winfred Orman, suffered the fracture of the bones of the right forearm Wednesday morning when he undertook to crank a car, which "kicked" back. The broken member was promptly dressed by a physician and it is hoped that it will rapidly heal.

Frank Larkin had a letter Tuesday from his father, H. M. Larkin, who is spending a few weeks at Winter Park, Florida. Mr. Larkin writes that he is having a great time and expects to spend the entire month there. Mrs. Larkin is with him.

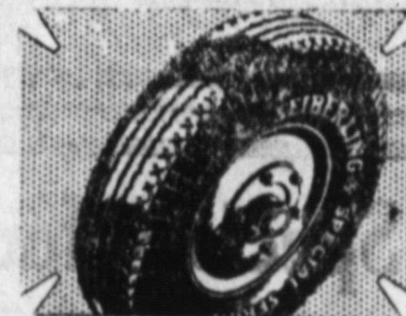

Mrs. Winter Knight who recently underwent a serious major operation in a Lubbock sanitarium is reported to be improving nicely. She will be able to come home soon.

E. H. Boullion Jr. had his adenoids and tonsils removed in a Lubbock sanitarium Tuesday. He is recovering nicely.

Sweetwater dedicated and put into use its new \$110,000 Reagan High School.

L. F. Frazier was a business visitor to Midland Tuesday.

Locals

Mr. and Mrs. J. Murray Malone of Plainview were here Tuesday looking after business matters and visiting Mr. and Mrs. Larkin Weathers. Mrs. Malone and Mrs. Weathers are sisters. Mr. Malone is district agent for one of the big life insurance companies.

Mrs. G. E. Lockhard was in Tahoka Tuesday visiting relatives. She has been at Austin the past month with her husband, who is a member of the Legislature, but was called to the bedside of her daughter, Mrs. Winter Knights in Lubbock ten days ago. Ernestine is attending school in Austin, she says.

Earl Clements, who was employed at the Woodridge Lumber Yard here a few years ago but who has been residing at Floydade recently, spent Tuesday night here, leaving Wednesday for his former home at Colorado, where his mother still resides. It was his father who built the Methodist Church here.

Rev. and Mrs. O. J. Hull attended a Bible Conference of the Baptists of the Plains and Panhandle held in Plainview Tuesday and Wednesday. They report a large attendance and a wonderful meeting.

Rev. Girgis, an Egyptian who was converted to Christianity a few years ago and who has been taking some college courses in this country preparatory to doing missionary work among his own people, spoke to a well-filled house at the Baptist Church here Monday afternoon.

What Shall The Answer Be?

Not even an old Model-T Ford will run long after the gasoline plays out.

Neither can a school be run long after all the money is gone.

The financial report of the Tahoka Independent School district published in this paper shows that the School Board this year has been as economical as possible. We have cut expenses wherever they could be cut. Yet, our funds are short, due to the fact that many have not paid their taxes.

We believe hat school taxes should come first with the local citizen. We like the spirit of a certain big oil and pipe line company manifested in an announcement made recently in which they stated that "Despite the fact that the depression has seriously affected the oil industry, as well as the farmers and other taxpayers, taxes now due by this company are being paid, as it is felt that all taxpayers who can possibly do so should pay now to relieve local conditions as far as possible, especially as regards School District finances."

Other oil companies and corporations have pursued the same policy. We appeal to the individual taxpayers to adopt this policy as far as possible, in order that our schools may continue to run until the end of the regular term. If you have not paid your taxes, pay your school taxes first.

CAMP FIRE GIRLS ARE ENTERTAINED WITH PARTY

Friday night, Feb. 6, the Camp Fire Girls of the older group entertained with a valentine party at the American Legion Hall. The decorations were red and white and valentines were given as prizes for the games. Among the many interesting games played, the boys were told to sew together pieces of cloth which formed a red heart when completed. Puzzles and questions about hearts were enjoyed and many amusing moments were spent in playing a game with candy hearts. Refreshments of chicken salad sandwiches, lemonade, and candy hearts disappeared rapidly as they were served to the following: Misses Jo Shepherd, Elizabeth Crie, Orabell Williamson, Alice Weathers, Mary Jane Weathers, Geneva Mae Dickson, Dama Anglin, and Ruth Suddarth, and Messrs. Lester Prater, Edgar O'Neal, Billie Clinton, Acel Moffett, Guy and Raymond Bulman, and Kenneth Reid. Mrs. H. C. Crie and R. P. Weathers were also guests, while Mrs. R. P. Weathers, guardian, and Mrs. K. R. Durham, assistant, were the gracious hostesses.

SENIOR LEAGUE ENTERTAINS WITH A SOCIAL

On Tuesday evening, February 4, the Senior Epworth League of the Methodist Church entertained with a Robert E. Lee social at the American Legion Hall.

This social is a part of the program of the membership campaign now in progress in the Senior League. Invitations were sent to approximately thirty-five eligible young people of Tahoka in order to enlist their membership in that worthy organization. Some success has been achieved as a result of this campaign but the members of the membership committee are still unsatisfied. A special invitation is extended to all young people to visit this League some Sunday evening at 6:15 and see for themselves what it has to offer. An interesting program is held every Sunday evening and some social entertainment is offered during each month.

Give the League a trial!—Reporter.

MRS. HANCOCK HONORS DAUGHTER WITH PARTY

On Saturday afternoon, February 7 at her home in New Home Mrs. L. N. Hancock entertained a number of her friends in honor of her daughter Mrs. Edgar Womack of Bonham who is now visiting her.

At 2 o'clock the guests arrived and soon the merriment began. A number of contests were played, after which a humorous prize was given each winner. We soon decided that Mrs. Hancock was a splendid entertainer and a charming hostess.

A course of cakes, hot chocolate and salted peanuts in which a pink and white color scheme was carried out was served to Mesdames P. W. Goad, J. P. Unfred, J. P. Fulton, F. H. Hancock, J. W. Armoutraut, J. W. Shadden, Henry Hook, R. N. Turner, J. B. Lowe, Joe Morrow; Misses Una and Aileen Morrow; Mesdames H. R. Taylor and Eugene Hancock of Lubbock, Mrs. R. W. White of Pampa, and the honoree.—A Guest.

MORGAN 4-H CLUB REPORTS MEETING LAST TUESDAY

Miss Greenwade was with the 4-H Club girls at Mrs. J. N. Townsend's Tuesday morning.

After a few songs led by our recreational leader, Miss Greenwade gave instructions in the making of hot beds. The girls showed great interest in their work. Nearly all the girls had their work prepared and are to have it completed by the next meeting.

There are eight new members enrolled. Our club now has a total membership of 16.

Our next meeting will be held on February 17.

METHODIST W. M. S. HAS HOLDS SOCIAL MEETING

The W. M. S. of the Methodist Church met Monday at the parsonage in a social meeting.

Work was started on a quilt for the Church nursery. Several games were played, after which the charming hostess, Mrs. J. W. Shepherd, served tea and heart-shaped sandwiches and cakes to the following members: Mesdames Fenton, Clinton, Childers A. I. Thomas, C. A. Thomas Slaton Callaway, Weaver, Carmack, Bucy, Turrentine, Stewart, Wyatt, Anglin, J. N. Thomas, Reid, Chris. Adair, and Grandmother Adair.—Reporter.

EXECUTIVE SESSION IS HELD BY THE P. T. A.

At a council meeting of the Parent-Teachers Association Monday afternoon definite plans were offered for raising finances to equip the schools with the necessary supplies with which to promote the Inter-scholastic League work for this season.

It was eventually decided to sponsor a benefit "42" tournament to be held at the American Legion Hall on Friday, Feb. 20, to which the general public is cordially urged to come. Reservations may be made at 50c per couple by calling Mrs. J. H. Powell, No. 218. This cover charge will include refreshments and an interesting musical program of orchestra and solos arranged by Mrs. Rubie D. Suddarth.

Watch for a more detailed account next week.

NEW LYNN H. D. CLUB MEETS WITH MRS. H. HIGGINBOTHAM

The New Lynn Women's H. D. Club met with Mrs. H. Higginbotham Tuesday, February 3, with seven members and three visitors present. Miss Greenwade gave an interesting demonstration on rug making. The next meeting will be with Mrs. Lynn Yandell on February 17.

TAHOKA H. D. CLUB MEETS WITH MRS. W. S. ANGLIN

Thirty women of Tahoka and vicinity were present at the meeting of the Tahoka H. D. Club at the home of Mrs. W. S. Anglin Wednesday afternoon. The program consisted of a discussion of living rooms and a demonstration by Miss Thelma Greenwade in the making of hooked and braided rugs.

WEST POINT H. D. CLUB MET TUESDAY AFTERNOON

The West Point H. D. Club met Tuesday with Mrs. H. R. Tankersley. We had a business meeting. Our lesson was "The Living Room", with the following discussions:

Importance of the living room as a family center—Mrs. Barnett; Living room floors—Mrs. Hale; Miss Greenwade demonstrated the making of braided and hooked rugs. We adjourned to meet with Mrs. J. H. Barnett on Tuesday, Feb. 24.

SQUIRES NEARS WORLD'S RECORD ON BALL THROW

Lefty "Art" Squires, Tahoka's star of the diamond and participant in all other sports of this city, has hung up a new record that is hard to approach.

It is reported to us from several witnesses, and "Art" admits it too, that he threw a baseball a distance of 127 yards out on the high school grounds Monday afternoon. This is about eight yards short of the world's baseball throw set by Bob Musel of the New York Yankees at 135 yards and 6 inches.

C. B. Barton has moved to Hale Center, but he has ordered the News to follow him to his new address—wants to keep up with Tahoka affairs.

Wilson

Another fine rain last week end, and with the ground already wet, everything is in fine shape for a good start on the 1931 year. So far there has been something like 2000 bales of cotton ginned at Wilson of the 1930 crop and it is all in except for a possible few bales which it is hoped by the gins will be finished by next Saturday, since the gins are planning to close down on that day.

Quite a little sickness in the community this week, mostly all of which is "flu" and bad colds. There is to be a play put on at the school house next Thursday night for the benefit of the Red Cross. The name of the play is "The Poor Married Man" and is being directed by Miss Graves, our expression teacher. This is a splendid play and is being put on for a worthy cause. It is hoped there will be a large attendance. There will be no admission charge, but all who will may give what ever amount they can, same to be turned over to the Red Cross.

Rev. Girgis, converted Egyptian from the Holy land, educated in the Seminary at Fort Worth, showed some pictures and lectured on same at the Baptist Church last Sunday night. Much interest was shown by a splendid audience at the school house Monday morning.

Representatives of the Wilson, Tahoka, and T-Bar schools met at Tahoka Monday and the following schedule was agreed upon for the basketball games of the week. T-Bar and Tahoka played Tuesday night at T-Bar. The same teams played at Tahoka Wednesday night; then Wilson is to play the winner of these games on the court of the winning team Friday night and at Wilson Saturday night; and if necessary to play the third game, the place of playing to be determined.

Mr. Johnnie Williams, who has been making his home in New York for some two years, is paying his parents, Mr. and Mrs. J. T. Williams a two weeks visit, having arrived Monday. He will visit his brother, Webb, in Sierra Blanca, and other relatives in south Texas before returning to New York.

Mrs. Fannie Dawson and son, Albert, spent the week end with Mrs. Dawson's daughter, Mrs. Hobbs of Pecos. They say they found Mr. and Mrs. Hobbs doing fine.

Miss Zenda Kisor of Hale Center is a guest in the J. D. Cook home for a few weeks.

Miss Sallie Beth Wright had a wisdom tooth removed last Saturday which had become embedded in such a way that it could not be extracted in the usual way and had to be taken out with the knife. The operation was very painful.

Misses Cook and Graves entertained a group of young people one evening last week. Games were the order of the evening and refreshments were also served. A very pleasant evening was reported by the guests.

Little Marion, the son of Mr. and Mrs. William Kopecky, has been very ill with "flu" for several days. He is some improved.

Rev. Partin and Frank Crews were in Tahoka Tuesday in the interest of the Red Cross.

The Vocational Agriculture classes of the Wilson High School have so far this year laid off 2,575 acres of land for terracing and have culled ten flocks of hens. They are not quite up to where they were this time last year as they had laid off 4,000 acres by this time.

R. R. Webb of Seagraves was a business visitor in Wilson Thursday.

R. E. Hughes and family of New Mexico are visiting his sister, Mrs. R. C. Forrester, this week.

Aileen Hughes entered our school Wednesday of this week and will finish the term here. She will stay in the home of her aunt, Mrs. R. C. Forrester.

Rev. Thurston and family went for a brief visit to New Mexico but is being detained on account of the illness of his two children. We understand they have the "flu".

Home demonstration club women and girls in Shackelford county report having canned 10,328 quarts of meat worth \$4,357.52.

2 Glasses Water, Not Too Cold, Helps Constipation
One glass water is not enough—take two glasses a half hour before breakfast. You get quicker and better results by adding a little simple glycerin, saline, etc., (known as Adlerika) to one glass.

Unlike other remedies, Adlerika acts on BOTH upper and lower bowel and removes old poisons you never thought were in your system. Adlerika stops GAS and aches stomach in 10 minutes. Relieves constipation in two hours.

New Lynn

We, the Senior Class, met with Mr. Miller February 4 and organized our class. Our class is small as there are only four members. All members were elected to offices, as follows: President, Margie Higginbotham; Vice President, Ruby Levey; Secretary, Treasurer, Doyle Terry; Class Historian and Reporter, Alice Frerich. Mr. Miller is sponsor.

This is the second graduating class of New Lynn and we are striving to make it the best senior class New Lynn has had or ever will have.

We have adopted our class colors, the school colors, green and white, and the class flower, white carnation. The class motto is: "Follow the Gleam". We hope to ever "follow the gleam" as we march onward to our goals.

The Junior Class organized Monday, Feb. 9. Mr. Miller presided as chairman and the following officers were elected: President, Allie Barton; Vice President, Otis Spears; Secretary, Fay Jones; Reporter, Alton Fleming. They chose blue and white as the class colors and "One Step at a Time But Always Forward" as the motto. They decided to wait until a later date to choose the class flower. There are nine Juniors this year, the first organized Junior class New Lynn has ever had. May they strive to be the best that will ever be!

Well, singing was rained out Saturday night, but Sunday was a good day for the singers despite the fact that the rain continued until about 10:00 o'clock. Everyone who was present reports a good time. New Mexico singers came and those who missed hearing the songs rendered by them missed a treat. We are hoping that Draw will have a better day to sing than we did, the second Sunday in August.

Everyone come to New Lynn next Saturday night if you want to sing and hear some singing. We'll be "tuned up" by then "good and proper" so we can sing good.—Reporter.

(Delayed)
Mrs. J. A. Jaynes returned Sunday from Merkel, Taylor county.

Little P. C. Levey is reported as being very ill. His mother, Mrs. S. P. Levey is not well.

Misses Ruby Levey and Loma and Alice Frerich spent Sunday with Miss May Levey of Tahoka. Miss May was visiting home folks Saturday.

Miss Dell Winkler is in a hospital in Lubbock and is reported to be in a critical condition with appendicitis. Mrs. J. M. Spears' brother Mr. C. K. Alewine of Brownfield, and his family spent the week end with the Spears family here.

Mr. and Mrs. J. L. Evans of Eugene, Oregon, are visiting their parents, Mr. and Mrs. C. A. Cashion and Mr. and Mrs. J. D. Evans of New Lynn.

Miss Greenwade filled her regular appointment with the girls club Tuesday, February 3. She gave a lesson on making hot beds and hooked rugs.

West Point

Grandma Tankersley returned Mr. and Mrs. W. V. Hart and Mr. and Mrs. H. R. Tankersley attended the Singing Convention at New Lynn Sunday.

for ANY BABY

WE can never be sure just what makes an infant restless, but the remedy can always be the same. Good old Castoria! There's comfort in every drop of this pure vegetable preparation, and not the slightest harm in its frequent use. As often as Baby has a fretful spell, is feverish, or cries and can't sleep, let Castoria soothe and quiet him. Sometimes it's a touch of colic. Sometimes constipation. Or diarrhea—a condition that should always be checked without delay. Just keep Castoria handy and give it promptly. Relief will follow very promptly; if it doesn't you should call a physician.

Fletcher's CASTORIA

Several of the men of this neighborhood are working on the road this week.

T. W. Hale, a third grade pupil, deserves mention of a straight "A" record this month.

Mr. J. H. Barnett Jr. and his brother, Eugene left Friday for their home town where they visited their parents and a brother who was operated on for appendicitis. They returned Sunday night.

(Delayed)

Mrs. W. V. Hart has been on the home Friday after visiting several weeks with her children at Breckenridge and San Angelo.

Several of the neighbors met at the home of Mr. and Mrs. Silas Dean Saturday eve and showered them with lots of nice gifts.

Mr. and Mrs. Levi Noble of Brown field were callers at the J. M. Noble home Saturday eve.

Brownfield is spending a few days Mr. Everett Brantly of west of with his uncle and aunt, Mr. and Mrs. Will Bond.

sick list the past week.

Mr. and Mrs. Roy Taylor of Tahoka

CARD OF THANKS

Words fail to express our appreciation of the kind attention, the words of sympathy, and the beautiful flowers that were extended by friends during our recent bereavement. May God bless and keep all of you.

Mr. and Mrs. J. A. Bartlett and family.

Corner of Tenth and Lamar has been selected as site for the new \$750,000 post office at Wichita Falls.

"You can drive all day at 60...and your Germ-Processed won't thin out!"

HOW often have you heard, "I'll have to change oil early

this time because of high speed driving"? It was quite the

customary thing, until Conoco Germ-Processed Oil came along.

Now an all-day drive at a 60-mile speed brings no oil worries.

You know that Germ-Processed oil won't thin out at high speeds;

know, too, that it actually reduces motor operating temperatures

because of the added "oiliness" produced by the Germ Process. The

proof... at the Indianapolis and Altoona races at speeds up to

120 miles an hour and in numberless individual tests... is history

now. Your own experience will add to the weight of the proof.

You need Conoco Germ-Processed Motor Oil in this day of high

speed motors and high speed driving. You'll find it at the sign of the

Conoco Red Triangle... the proper grade for your car at 35¢ a quart.

**CONOCO

ABOUT BIOLOGICALS

Few people ever think about the biological department of a Drug Store, still this is one of the most important lines of our stock. A life may be saved by the use of standard preparations by your Physician. All standard biologicals are about the same and the only difference in their effectiveness is the way they are kept. Some must be kept at one temperature and others at other temperatures. Smallpox Vaccine is kept active, we are informed, for a period of at least four years if frozen. Other serums cannot be frozen but must be kept at a different temperature.

For this reason and in order to give the people of this neighborhood the best goods in the most potent condition we have a large Electric Refrigerator which keeps these goods ready at all times for your use.

Yours for better service,

Thomas Bros. Drug Company

LOCAL SCHOOL SITUATION

SERIOUS SUPT. PACE SAYS
(Continued from first page)

to remove that indebtedness and at the same time not to impair the standards or efficiency of our system. As a result changes in system and curtailment of expenditures had to be made. Teachers came first and upon investigation we found that we could offer the same work with one subject additional to that of the preceding year, and at the same time reduce the faculty. We have one teacher less in High School, one less in the seventh grade, and four less in the Central Ward building making a faculty reduction of six teachers. It was found necessary to reduce teachers salaries from \$135.00 to \$125.00 in the high school and from \$110.00 to \$100.00 in the ward buildings. We regretted to make this curtailment yet these salaries are on par with the majority of those within the state and serve as a basis for salary scales by districts that have sufficient funds to justify same.

Our school system is not perfect but we are earnestly and honestly striving to improve it whereby it will efficiently and adequately meet the needs of this community. Some material improvements could be made in buildings and grounds that would prove helpful though the conditions are not considered acute nor the school fund sufficient to warrant same just now.

The following is the School Budget for the year 1930-31:

Financial Statement Of The School District For Year 1930-31

Disbursements	
Sal. teachers & janitors	\$26,970.00
Sinking fund & interest	8,175.00
Sal. assessor & collector	1,000.00
Insurance on buildings	775.00
Fuel (gas)	800.00
Coal (South Ward)	100.00
Lights	70.00
Water	180.00
Sewerage	125.00
Telephones	75.00
Voc. Home Ec. Dept.	125.00
Voc. Ag. Dept.	125.00
Commercial Dept.	210.00
Libraries & laboratories	325.00
Printing	100.00
Office supplies	50.00
Sanitary supplies	150.00
Gen. repairs & improvements	200.00
Mis. supplies & materials	250.00

Total Disbursements	\$39,705.00
Note at bank carried over from year 1929-30	4,600.00
Note West Texas Gas Co. made 1928-29	700.00
Outstanding bills carried over from 1929-30	325.00

Grand Total Disburse. \$45,330.00

Resources	
Assessed val. of property \$3,300,000 @ \$1.00	\$33,000.00
Tuition, high school	1,117.50
Transfers	175.00
County apportionment	200.00
Reimbursement, Voc. Ag.	1,500.00
Reimbursement, Voc. H. E.	325.00
State Apportionment, 710 scholars @ \$17.50	12,425.00
Bal. in bank Aug. 1st	4,267.00

Total Resources \$53,009.50

In order to show the curtailment of expenditures of Tahoka Independent District for the year 1930-31, I am herewith having published the financial statement for the previous year:

Statement For Year 1929-30

Disbursements	
Sinking fund & interest	\$ 8,925.00
Lights	143.99
Telephone	108.00
Sewerage	100.00
Gas	1,020.00
Disinfectants, floor oil	401.46
Records	22.09

Gas stoves	50.00
Teachers & janitors sal.	34,190.00

Total Disbursements	\$48,190.00
Resources	
State apportionment	\$12,303.50
Tuition	950.00

EVANGELIST

John R. Rice

Of Fort Worth

Will begin a meeting in

WILSON

MONDAY NIGHT, FEB. 16

Everybody Invited!

Reimbursement, Voc. Ag. \$1,875.00
Reimbursement, Voc. H. E. \$506.25
Local tax (collected) \$1,088.60
*Valuation of property was \$3,300,000.00, tax rate \$1.00.

Total Resources \$46,723.35

This budget was made in good faith and in keeping with the times. All items that were necessary were reduced as much as possible and all items that did not contribute to the efficient operation of the system were eliminated entirely. The state apportionments, reimbursements and tuition will all be paid this year. The local tax on assessed valuation of \$3,300,000.00 amounts to \$33,000.00 if all were collected. Of this amount, we have collected up to date \$21,500.71, which amount is hardly sufficient to keep our school system in operation for the full term. This community is entitled to a nine months school and the citizenship cannot afford to think about the situation in any other terms. We are experiencing the greatest percentage of delinquent taxes in the history of the schools, yet let me insist on every one that can possibly pay the school tax to do so as soon as possible.

Respectfully,
J. B. PACE, JR., Supt.

WINTER IS MILDEST IN PROFITS FROM POULTRY

(Continued from first page)

During the month there were 14 clear days, 12 cloudy days, and 5 partly cloudy days. There was one inch of snowfall and some rain on January 4, the total precipitation amounting to .40 of an inch. There was a little rain on January 10-11 and again on January 25-26. The total precipitation for the month was .87 of an inch. The wind was from the south, southeast, and southwest 20 days during the month; from the north and northeast 7 days, and from the west 4 days.

The weather during the present month has likewise been balmy for the most part so far.

BACK TO CARDUI

Lady Who Had Been in a Run-Down Condition Tells How She Got Well.

Mayo, Fla.—"I was greatly benefited after I took the Cardui Home Treatment," says Mrs. W. H. Trawick, of this place. "For several months I had been in bad health. I was run-down and weak."

"I dragged around from day to day, not feeling fit for anything. My back ached and often my sides hurt all night long. I could not sleep, and my nerves gave me a good deal of trouble."

"I had used Cardui several years before for a similar spell, so I got some for my trouble. I soon recovered and felt better than I had in a long time."

"After taking Cardui for several weeks, I began to feel stronger and to rest better. It is a fine medicine, and I have recommended it to friends."

"Thousands of other women have taken Cardui to help them to build up their health. The good reports which have been received, telling of the experience of others, should encourage you to try Cardui, for your troubles."

Cardui is a purely vegetable remedy, and contains nothing harmful or injurious. It may be safely taken by women of all ages.

For sale by all druggists. 22-234

Is the
Motor Truck
an asset to the
Community
?

Undoubtedly.

The progress of any community depends largely upon the type of transportation service it enjoys, and the frequent, flexible, thoroughly modern service rendered by the trucks is a valuable asset to any community.

Through its work in transporting materials and supplies into and out of your city or community, the motor truck speeds up the wheels of business there, brings in more people and more industries, and affords you a contact with neighboring and other cities and communities that is priceless.
