EXPLAINS FARM LOAN PURPOSE

Lockwood Says Farmers Must Use Federal Funds For Purposes Indicated Only

A. L. Lockwood, chairman of the Lynn County Drouth Relief Committee, says that many who have made applications for loans from the Federal Drouth Relief fund seem to be under the impression that the money when obtained may be used for any purpose which the borrower chooses. Such is not the case, however. He calls attention to the following paragraphs contained in each application for a loan and says that each borrower who willfully disregards the agreement's therein contained may be severely punished by the Federal Government.

"If this application is granted, I agree to use such seed, fertilizer, and methods of farming as are approved by the Department of Agriculture, through its local representatives. I further agree to plant a garden for my home use and a sufficient acreage of feed to supply feed for my live stock. I also agree to report to the Department of Agriculture how I have spent money loaned to me for crop production, and, if requested, will report the average yield per acre of each crop grown by me from seed and fertilizer purchased from the proceeds of this loan on blanks furnished for the purpose at or about harvest time.

"In consideration of the United States loaning the aforesaid sum of (blank) dollars, I agree to use said loan in purchasing seed of the varieties mentioned aforesaid for planting for the growing season of 1931, fertilizer for the acreages and crops specified in this application, and feed for my work stock or fuel and oil for tractors used by me for crop production."

Hung Jury In Cold Checking Case

A case that excited more than usual attention was tried in the county court here Monday. W. M. Haynie of the T-Bar community was tried for the alleged offense of swindling by the giving of a bad check. The check was given to the United Dry Goods Company and was for the sum of \$22.50. It was returned to the Company unpaid after having been presented to the Bank, and efforts of the House to have it taken up were unsuccessful. Defendant claimed, however, that he had no intention of swindling anybody, and the jury was unable to agree upon a verdict.

Jesse Noble Of Dixie Is Dead

Jesse Noble, 35, resident of the Dixie community, died in a hospital in Lubbock Monday morning, after having been a patient in that institution for 35 or 40 days. Originally he underwent an operation for appendicitis. Adhesions made other operations necessary and he is said to have undergone four operations all together, the last one being performed Sunday morning.

Funeral services were conducted at the residence in the Dixie community Tuesday morning by Rev. J. W. Thurston, pastor of the Methodist churches at Wilson and Dixie, after which the remains were brought to Tahoka by Harris & Applewhite, undertakers, and shipped to Ferris in Ellis county for burial.

Mr. Nobles removed from Ferris to this county about three years ago. He was a member of the Methodist Church and was a most excellent citizen. He is survived by a wife and three children and other relatives residing in the Dixie community. His wife was a teacher in the Dixie school up till the time her husband became ill.

The family and other bereaved relatives have the sincere sympathy of a great host of friends.

District Boy Scout Meeting Is Tonight

The district committee for the southern district of the South Plains Area Council, B. Y. Scouts, is to meet in Tahoka at 7:30 P. M. tonight in the county court room, according to announcement made by District Scout Executive D. T. Jennings of Lubbock. Members of the local committees are also urged to attend.

Lamesa, O'Donnell, Post, Slaton, Wilson, and Tahoka will be represented at this meeting. Matters of importance to the Scout program in this district are to be decided, it is said.

Jurors At Kiwanis Club Wednesday

The members of the grand jury were guests of the Kiwanis Club at luncheon Wednesday. A song fest was conducted by Rev. O. J. Hull, following which Dr. C. B. Townes, Judge G. H. Nelson, Rev. J. W. Shepherd, and D. J. Balch, one of the grand jurors favored the bunch with a quartette. Mrs. J. K. Applewhite was the piano accompanist.

Another feature of the program was a stunt put on by Judge Nelson at the expense of Brother Hull. This created quite a bit of merriment, the preacher's picture being an object of interest on the part of Kiwanians and visitors alike.

The editor briefly called attention to some of the interesting things about Texas, and this ended the program.

Old Hen Helps In Fight On Drouth

Mrs. M. E. Barker of this city has a Rhode Island Red hen that seems to be doing her part to bring about drouth relief. She laid an egg last Saturday so large that Mrs. Barker and her neighbor, Mrs. J. H. Colleenback, brought it to town to see how much it would weigh. The scales said that it weighed 3 1/4 ounces. Five such eggs would weigh more than a pound. A dozen of them would weigh 2 5/8 pounds. We hope Biddy keeps up the work, and we would beg other good hens to go and do likewise.

McCOY IS SHOT ACCIDENTALLY

Romney Father Mistakes Son For Burglar; Family Formerly Lived Near Here

Press dispatches from Cisco tell of the shooting of Rue McCoy, 19, by his father, C. B. McCoy, last Sunday night at the family residence near Romney, the father mistaking the son for a burglar. Young McCoy was taken to a hospital at Gorman and was said to be in a most critical condition. His entire body was paralyzed as a result of a spinal injury inflicted by the bullet.

The McCoy family resided in the Edith community in this county several years, removing from this place to Romney about a year ago. They are related to the Gollehon families who have resided for many years in the vicinity of Central Church.

In a statement published in the Cisco News, the father, C. B. McCoy, explained that the shooting was the result of mistaken identity. Awakened about 10:30 by a noise at the back door, he arose and walked to the back porch. He saw the figure of a man fumbling with the latch and just as the supposed intruder was about to open the door, Mr. McCoy fired. The bullet struck the youth in the back. Mr. McCoy stated that the home had been aroused several times recently by prowlers. He thought his two sons were asleep in bed at the time. The son stated that he had arisen from bed and was preparing to leave the house, and the darkness prevented him from finding the latch readily.

The terrible tragedy is greatly deplored by friends here.

Bill Anderson Jr. Died Last Friday

William Anderson Jr., 8, son of Mr. and Mrs. W. P. Anderson of this city, died at the family residence Friday morning of diphtheria. He had been stricken down with the disease ten days or more previously, had gotten up and was able to be out of bed two or three days, but when two of the other children were stricken with the disease, William Jr. was put back to bed. The parents and the physician did all in their power to stay the hand of death, but the little fellow gradually grew weaker until finally the end came on Friday morning.

Funeral services were conducted in the City Cemetery at 2 o'clock Saturday afternoon, Rev. O. J. Hull, pastor of the Baptist Church, officiating.

The grief-stricken parents and other relatives have the deepest sympathy of many friends in this hour of trial.

The two little girls who are sick of the same disease accompanied by their mother were taken to Lubbock Sunday to spend a few days there. The girls were much improved.

Fifteen H. D. Club Women Put Up 10,512 Cans, Total Value Of \$4,013

(By Miss Thelma Greenwade) Food preservation has played an important part in the club life of Lynn county, because tucked away in cellars, cabinets and boxes lies over 175,000 cans of foodstuffs. According to a record received from various hardware stores in O'Donnell, Tahoka and Grassland, a total of 139,600 tin cans have been sold, 252 dozen glass jars and 6,000 extra lids, 52 pressure cookers and 40 sealers.

The 4-H Pantry This demonstration has been very interesting to a large number of women in Lynn county. Twenty-one demonstrators and about 50 or 60 cooperators are included. The demonstrator planned to can a budget to meet her family needs for a period of six months, make a menu-recipe file and provide a storage place.

Below is a report of each: Mrs. C. E. Short, Grassland Club, has 941 quarts of food canned, 15 pounds of meat cured and 25 pounds of dried vegetables. The total cost of her cans is cleared by selling some of her canned products. Her pantry is valued at \$420.20.

District Court Is In Session, Grand Jury Indicts Several

CHARGE THREE WITH THEFTS

One Indicted For Driving While Intoxicated And Two For Liquor Possession

The grand jury has been doing some quick work this week. Empaneled between 10 and 11 o'clock Monday morning, they returned six felony indictments into court Tuesday morning, according to District Attorney T. L. Price.

J. R. Webb of Sweetwater was indicted for driving a car while intoxicated. This indictment grew out of an accident that occurred on the highway near the Cross Roads Filling Station a few weeks ago, in which defendant's car struck a car driven by Mr. Tankersley.

L. G. King and Jess Fullbright were jointly indicted for the burglary of the residence of Mrs. Viola Walker, residing near T-Bar school house. This home was entered a few weeks ago when the family were away and a lot of furniture, mattresses, quilts, blankets, and other household articles were taken. Defendants were arrested soon thereafter and part of the stolen goods recovered.

An indictment was returned against Paul W. Wykoff alias Pat Darty charging him with forgery.

Judge McGuire Is In Big Spring

Judge Gordon B. McGuire, who opened court here Monday morning, went to Big Spring Wednesday to hold court there the remainder of the week for Judge Fritz R. Smith, who is sick. Judge Chapman of Abilene, who is also judge of this administrative district, assigned Judge McGuire to this work.

Ira McKee Will Not Be Released

District Attorney T. L. Price returned Sunday from Austin, where he had been called to represent the State in a habeas corpus trial before the court of criminal appeals. Attorney for Ira McKee, who was convicted and given the death penalty at Lamesa last June for the murder of W. R. Billingsley while the former was attempting to rob a filling station at Sparenburg, sued out a writ of habeas corpus on the grounds that McKee had been represented in the trial of the case by an attorney who had been disbarred. A Fort Worth attorney represented McKee on the trial. This attorney had been disbarred, according to Mr. Price, but the Court of Criminal Appeals promptly held that that was no grounds for releasing the defendant and denied the application.

Mr. Price further stated that this case will be submitted for hearing on appeal in the higher court on February 25. If the judgment of the trial court is affirmed, and if McKee's sentence is not commuted, he will be electrocuted in the penitentiary at Huntsville some time later. This is the first death penalty assessed in this district, if we mistake not.

Mother of T. M. Ward Is Dead

T. M. Ward and son Jim of T-Bar were called to Hernleigh on Wednesday morning of last week by the death of Mr. Ward's mother, Mrs. J. A. L. Ward. The remains were shipped to Plainview, her former home, for burial. Her husband died at Plainview about a year ago.

Mrs. Ward was 71 years of age. She had been a member of the Methodist Church ever since she was 16 years old. The funeral was conducted by the Methodist pastor at Snyder.

Justice Renders Default Judgments

Not to be outdone by others higher up, Uncle Ben set the wheels of justice court to turning down in the basement of the court house Monday morning and ground out quite a bit of judicial grist himself.

It was his regular court day, and while there were no contested cases ready for trial he rendered three judgments by default in civil suits which had been filed. All of these were suits on promissory notes. One of them was secured by a mortgage on a car and plaintiff took judgment foreclosing his lien. Another foreclosed a mortgage on other personal property. All this property will be sold at public auction some time soon.

JUDGE GIVES JURY CHARGE

McGuire Says Thieves And Bootleggers Are Our Meanest Of Law Breakers

District Court opened at 10:00 o'clock Monday morning, with district judge Gordon B. McGuire on the bench, and district attorney T. L. Price, district clerk Skip Taylor, and court reporter C. L. Backenstoss present.

The first business of the court, as usual, was to empanel a grand jury. This body consists of the following gentlemen: G. A. Brasfield, Tahoka; Wash W. Johnson, Three Lakes; O. C. Roberts, Tahoka; J. R. Strain, Midway; C. T. Tankersley, West Point; B. M. Haynes, O'Donnell; D. J. Boich, Wells; J. N. Schooler, O'Donnell; J. E. Sherrill, Draw; J. W. Warrick, Grassland; J. B. Ray, Magnolia; and F. C. Crews, Wilcox. G. A. Brasfield was appointed foreman.

The following bailiffs were appointed: W. S. Swan, and H. W. Calaway, Tahoka, and Charley Morrison, O'Donnell.

The charge which Judge McGuire made to the grand jury was not lengthy but it was most timely.

"There are two characters of crime," the Judge began, "those committed in the heat of passion or on sudden provocation, when the mind is not capable of thinking rationally; and those crimes which are deliberately, coolly planned. It is easy to understand how a person may be led to commit any crime of the former class.

"It is possible that the courts, the petit jury, and the enforcement officers are responsible to some extent for the fact that so many crimes of the latter class are committed. Possibly the enforcement machinery has been a little lax in punishing this class of offenders, and the criminal figures that he has a good chance to escape punishment.

"One of the greatest deterrents of crime is quick and thorough investigations by the courts and quick action in meting out punishment to the criminals.

"One of the meanest, lowest-down of all criminals is the thief, the swindler, and the forger. Another of the meanest criminals is the bootlegger, who does not hesitate to debauch the boys and even the girls for gain. Another serious offense is that of driving a car while intoxicated. That is a violation of the law and should be. When a man gets at the wheel of a car while drunk and undertakes to drive, he becomes a mere engine of destruction."

The Judge also called the attention of the grand jury to the fact that some evidence had recently come to light indicating that a killing had occurred either in this county or in an adjoining county—the exact location not being known—about two years ago. The body was instructed to investigate this matter.

Following the charge of the court, the grand jury began its work immediately.

Council Asks Gas Rate Reduction

A resolution was adopted by the city council in session Monday night requesting the West Texas Gas Company to adjust charges for January service in Tahoka. The resolution recited that these charges appeared too unreasonable and unconscionable. A copy of the resolutions were mailed to the general office of the West Texas Gas Company at Lubbock by the city secretary, Mrs. J. B. Walker.

This resolution was adopted in response to a petition addressed to the city council and signed by eighty-two gas consumers in the city of Tahoka, which included most of the business firms here.

**ABOUT REDISTRICTING
TEXAS**

Mr. Metcalfe of San Angelo has introduced Congressional and Representative redistricting bills in the legislature that will doubtless form the basis of whatever redistricting legislation is passed. If any Senatorial redistricting bill has been introduced, it has escaped our notice.

It is probable that most of the Congressional districts as outlined in the Metcalfe bill will be slightly but not radically changed.

The population of Texas, according to the 1930 census, is 5,824,715.

Texas will have 21 congressmen. The Metcalfe bill undertakes to form the new districts according to population and community interest. Therefore, he has taken 277,367 as the population basis on which to build his redistricting bill. Some of the proposed districts have a slightly larger population than this figure and some slightly smaller. Each of the counties of Dallas, Harris, and Bexar is made a separate district, for the reason that each has more than

the required population. West Texas is to get two of the new districts and South Texas one.

One of these new districts lies on the South Plains and the country east of it below the Caprock, with Lubbock as the chief city. The north line of this district coincides with the north line of Bailey, Lamb, Hale, and Floyd counties. Then it drops down south one tier of counties and reaches out eastward and takes in Knox and Haskell counties on the extreme east. On the southwest it dips down and takes in Andrews and Martin, then drops back to the northwest corner of Howard and follows the south line of Borden, Scurry, and Fisher. It leaves Jones county in the Abilene district, and Nolan, Mitchell, and Howard in the San Angelo district. It is possible that some changes could be made around the fringes of this district that would improve it slightly but on the whole it is admirably constructed.

There is another Congressional redistricting bill pending, introduced by a couple of East Texas gentlemen but it is a fearful monstrosity in so far as West Texas is concerned. It provides that the Lubbock district shall dip down and take in Abilene and Taylor county. It leaves Nolan county and Sweetwater off the map entirely. Perhaps those East Texans have never heard of Sweetwater, a fine little city of more than 10,000 population.

Mr. Metcalfe's Representative redistricting bill also seems to have been admirably drawn. His Representative districts are also built on the basis of population and community interest, the population basis being 38,800, since there are 150 Representatives, the Constitutional limit. Therefore, Lubbock county with a population of 39,104, is constituted a separate district, as are other counties of like population.

Lynn, Terry, Yoakum, Dawson, and Gaines will constitute the new 101st district, according to the Metcalfe bill. These counties have an aggregate population of 38,891.

Redistricting the state on the basis of the 1930 census will give West Texas and the larger cities much stronger representation in the legislature, while other portions of the state will lose in numerical strength in that body, excepting the small territory embraced in the Lower Rio Grande Valley, which, like the Plains has had a remarkable increase in population. Harris county, under the Metcalfe bill, will have nine representatives, Dallas eight, Bexar sev-

en, and Tarrant five. But why not? They have the population and are entitled to increased representation.

The Metcalfe redistricting bills appear to be fair and otherwise admirable on the whole. They should be passed, with possibly some changes.

In conversation with the editor Monday, Judge McGuire referred to another district judge in West Texas as the best and greatest district judge he had ever seen. The compliment was doubtless well deserved, but there are many people in West Texas who regard Judge McGuire himself as one among the best district judges in Texas: His poise, his sense of fairness, his knowledge of the law, and his firmness and solidity of character make him almost an ideal judge. We don't know whether he has any other aspirations or not, but it is our opinion that along with several others, he would be good timber for a congressman from the new South Plains district about to be created.

The News has received a copy of The Texas Almanac and State Industrial Guide, edition of 1931, issued by The Dallas Morning News, and like its predecessors we find it filled with valuable information about Texas. In fact, the volume is invaluable. We may give more detailed information about it in a later issue. Suffice to say now that every person who desires to keep well informed as to the resources, the industries, the growth, and the political history of this state should by all means possess himself of The Texas Almanac.

Gas Formed, Head Hurt, and Woman Had To Hold To Things When She Walked.

Kaufman, Texas.—"Two years ago, I began suffering with spells of indigestion," says Mrs. Marshall Smith, of this place. "It seemed like everything I ate disagreed with me. I had gas on the stomach, and often my head would hurt so bad I had to lie down."

"Everything would get black before my eyes, and I would be so dizzy when I would get upon my feet that I had to hold on to things, to walk around the room."

"My food soured on my stomach, and I was constipated."

"I had often read about Black-Draught, and my mother told me it was a good medicine to take, and so I began a course of it."

"It was not long until I was feeling better. I took a pinch after meals, and I soon found I was suffering much less. It relieved constipation, and I was not any longer troubled with indigestion."

"We try to keep it in the house, and I use Black-Draught now, whenever I feel a sick headache coming on. It is a fine medicine."

ERRORS MADE IN JONES AD. LAST WEEK BY THE NEWS

Several errors occurred in the advertisement of the Jones Dry Goods Company run in this paper last week for which we are sorry. Wash dresses were advertised for 69 cents when it should have been 89 cents. "Fox-Craft" sheeting appeared as "Fox-Craft" sheeting; and we said "Ladies best size bloomers" when we should have said "Ladies out size bloomers".

This ad. came in late and had to be set in a hurry and we did not get the manager of the store. We are taking time to have proof verified by sorry the errors occurred.

The Judge stated that he would like to have reports for publication in the News from time to time.

LOANS AMOUNTING TO \$72,000 ARE APPROVED

Applications for loans aggregating \$72,148.25 have been approved by the Lynn County Drouth Relief Committee and forwarded to the St. Louis Office. There are 342 applicants, the average amount called for in the applications being \$210.96.

Very few checks have been received up to this time, however. "They are coming in mighty slow", is the way Ray Shaver expressed it. But this is a vast undertaking that necessarily requires time. It is believed that the checks will be coming in from now on in ever increasing numbers until all the applicants have been accommodated.

More Than 73,000 Miles In A New FORD

The substantial worth of the new Ford is reflected in its good performance, economy and reliability. Its stamina and endurance are particularly apparent in sections where bad roads and severe weather put a heavy extra burden on the automobile.

In less than a year a new Ford Tudor Sedan was driven more than 73,000 miles over difficult routes. The operating cost per mile was very low and practically the only expense for repairs was for new piston rings and a new bearing for the generator.

The car carried an average load of 1200 pounds of mail and was driven 250 miles daily. "The Ford has never failed to go when I was ready", writes one of the three mail carriers operating the car. "The starter did the trick last winter even at 34 degrees below zero. The gas runs about 20 miles per gallon. At times I pull a trailer whenever I have a bulky load."

Many other Ford owners report the same satisfactory performance. Every part has been made to endure—to serve you faithfully and well for many thousands of miles.

Our Last Appeal

Once again, and doubtless for the last time, we feel that we must appeal to the tax payers of the Tahoka Independent School District who have not already paid their taxes to do so at the earliest date possible

We owe it to the school children of the district to do this.

We are seeing to it that expenses are cut to the limit and that every dollar shall go as far as possible.

We believe that we have a good school and it would be a calamity to have to cut down the term.

If we can not pay all our taxes at once, let us pay our school taxes first.

We appreciate the spirit of sacrifice that many have already shown in the payment of their school taxes. We feel confident that others are just as willing and will do their best. Also, we wish to thank the people for their cooperation and moral support in making our school a great success thus far

For the sake of our children, let's go our whole length, financially and otherwise, to keep our school on its present high plane and maintain a full nine months term.

Moore Tells How To Prune Roses And Grape Vines

(By BEN MOORE)
Prune Roses Now

Roses are rather forward this season and should be pruned within the next few days. Remove all dead and damaged wood, leaving only last year's growth as far as possible. Do not fear that too much wood is being removed since all blooms will appear on the following season's growth. So the more new growth we have this season the more blooms you will have. Unless already set, we would advise the planting of pink and red Radiance, Kaiserin (white) and Lady Hillingdon (yellow). There are no more profuse bloomers throughout the season.

Since climbers must form on last years wood do not make the mistake of pruning them along with the bush roses. If necessary to prune them, this should be done as soon as the season is over, thus giving time for new wood to form for following season. We like pink Killarney for continued blooming. Dr. Van Fleet is also fine in pink. Paul's Scarlet and Meteor are fine reds and Frau Karl Druschki is a good white for this section. Mareschal Neil is too tender for the Plains. Many others are also good.

We should all appreciate our roses since it was freely predicted that roses would never succeed in this section as late as twenty years ago.

Grapes

Do not wait until buds are swelling before pruning your grapes, else they are likely to bleed profusely, weakening their bearing ability for the season. Perhaps arborers are pruned more than are necessary in some instances. In making a cut, always cut just ahead of a bud or the cane will likely die back for several inches, back to the next bud. Remember, grapes will spring from last year's wood growth, principally. Principal reason for pruning is not to make grapes bear more bunches but rather to make them larger.

In rooting cuttings be sure to put them deep, even two feet deep is not too deep, permitting two buds to remain above ground surface. We like to use long cuttings and leave each end protruding. Don't forget to water well through the summer or they are likely to die after growth seems well under way.

We are very partial to Niagara for white variety. Concord is a good all around grape, used much for grape juice. Thompson seedless does well here. The wonderful Tokay should be planted, though they were killed to the ground last winter. This may not occur again soon. They are out and ready for another crop this season.

Much could be said along this line but we do not wish to take up valuable space in The News.

Invites Friends To Take Pony Ride

Dear Editor:

As possessor of the lucky ticket at the pony drawing at the English Theatre recently, I shall be glad if you will give me space to tell both of my surprise and delight in getting the pretty Shetland pony.

There were so many desiring the pony and so many disappointed in not getting him, that I want all the small boys—and girls too, if they like—to visit me and take a ride on him, not all at once, however.

I live at 401 West Porterfield Street. I am eleven years old and in the fifth grade at school.

Also, I would like to express to all firms that gave tickets my gratefulness for their having made it possible for some one—especially me—to be the owner of "Prince", the black and white Shetland.

Your friend,

Noel Weldon Alphin.

Wilson

Those in connection with the Red Cross work at Wilson gave out a statement about what had been done through this station up to last Saturday at which time the writer received the following information: There have been 121 applications approved, which means that that number of families in the Morgan, Wilson and Joe Stokes communities have received relief funds ranging from \$1.25 to \$5.00 each per week, most of whom are getting their groceries weekly.

This office has a great many calls for clothes and those who have clothing that may be done without and want to have a part in this worthy work will help a lot by sending them in. The Wilson office will be open to issue disbursing orders on Thursday and Saturday each week. The investigating committee is composed of E. E. Finley, F. R. Crews, C. A. Coleman, Mrs. A. L. Faubion, Mrs. J. D. Cook, W. H. May, John Hamilton, and Mrs. L. Lumsden.

Wilson Wins Championship
Wilson is again the champion of Lynn county, for the fifth consecutive time. Not a game have we lost in this county for five years. We think this is a mighty good record, and we are proud of the boys.

Wilson won the county last Friday by defeating T-Bar at the latter place, the score being 42 to 14. T-Bar had just finished defeating Tahoka in two games, but they were no match for the Wilson team once it got started. Every boy on the squad got a chance and all did well. Traweek was high point man with 14 points, closely followed by Leroy Crews and Capt. Stiles. The team is busy preparing for the district meet at Lubbock.

Mr. and Mrs. Brady Nix entertained last Saturday night with a Valentine party complimenting the faculty and a few friends other than the faculty. Five tables were arranged for hearts in which Miss Evelyn Thomas won high score prize. A Valentine color note was cleverly carried out in the decorations and refreshments. Delightful fortune favors added to the season's suggestions.

Last Friday night a jolly crowd of B. Y. P. U.-pers were royally entertained at the Baptist Church by Misses McAllister and Thomas. Such games as Hearts, Fruit-Basket, Turn Over, and Passing the Slipper were played. Those entertained were intermediates as follows: Natalie Cross by, Edith McCormick, Anna Ruth Crowder, J. W. Partin, Lloyd Swan, William Lumsden, Manny George, Jyles Shaw, Ray Jolley, Earl Cummings and Olen Crews.

A very enjoyable evening was spent Monday, Feb. 16, at the home of Mr. and Mrs. Paul Limmer, when a number of friends came to surprise Mrs. Limmer and her sister, Miss Helen Nalte on their birthdays, Miss Helen's being on the 16th and Mrs. Limmer's on the 17th. They were the recipients of many lovely gifts. About fifty were present and at a late hour a delicious luncheon was served.

Misses Hazel Cline and Veda West teachers at Ropesville, spent the week end with home folk.

Mrs. R. C. Forrester, accompanied her sister-in-law, Mrs. H. H. Hughes, and her father, B. F. Knoll, on a business trip to Dallas the first of the week.

Mrs. D. Freeman and little daughter are visiting in the home of her parents, Mr. and Mrs. John Heck.

Rev. Hardy Powers of California is a guest in the home of his sister, Mrs. E. Evans, for a few days.

Mrs. Fannie Dawson received a message Sunday night stating that her mother had suffered a stroke of paralysis. She left immediately to be at her bedside and is expected to be away several days.

Mr. John Janssen of Arkansas City, Kan., has been a visitor for the last ten days in the home of Mr. and Mrs. Geo. Nolte and Mr. and Mrs. Paul Limmer. He leaves for Sealy Tuesday to visit other relatives.

Mrs. H. R. Williamson left Friday for Thorndale to be at the funeral of her father who passed away early that morning.

The play given last Thursday night in the interest of the Red Cross Relief Fund netted \$28.04 and was enjoyed by a fine crowd.

Mrs. Rickard of Lubbock was a guest in the home of her sister, Mrs. J. D. Cook last Thursday night.

Miss Zinda Kaiser of Hale Center has returned home after a two weeks visit with Miss Curtis Cook.

Last Saturday night thieves entered the August Fischer Service Station and made away with a quantity of merchandise. They also damaged a cash register beyond repair. In all, it is estimated that the loss was \$100.00. Entrance was gained by breaking a window light and unfastening the window lock.

About 125 people met at the Baptist Church Sunday afternoon and

enjoyed several hours in the singing of gospel songs. It was agreed that we have singing every Sunday in each month and every one is not only cordially invited to attend these meetings but is urged to be there. Come and enjoy singing in the old fashioned way.

The Live Wire Epworth League Union, composed of Leagues from Draw, Grassland, Post, Southland, Tahoka, and Wilson, will meet at Grassland for a program and social hour next Sunday, Feb. 22, at 2:30 in the afternoon. Those who attended the meeting held at Draw on Feb. 1 were well repaid for the time and trouble of going.

Every League in the Union is expected to bring a majority of its members next Sunday. Also any visitors who would like to come will be welcome and will undoubtedly enjoy the program. This is already one of the best Unions in the Lubbock District. METHODIST CHURCH

Next Sunday at the evening hour we will finish our Mission book we have been studying during the month. At that hour we will put on a Missionary Pageant with sixty-five characters taking active part. All of our Mission fields will be represented and briefly explained, all for your information and benefit. We sincerely hope every member of the church that possibly can will be present. If you miss this you will miss the best thing we have had for some time and will disappoint those who take part on the program. We are trying to make it interesting and helpful to all. Can we count on you? Make your arrangements to be present. Let nothing interfere that

you can avoid. The Lord Jesus Christ wants you to go to church. Don't disappoint Him. Sunday school at 9:45; morning worship, 11:00 o'clock; evening worship, 7:30. All the Leagues meet at 6:30.

The public is cordially invited to worship with us. We desire to be helpful to the entire community. Come!

W. M. S. HOLDS BUSINESS SESSION AT CHURCH

The Women's Missionary Society of the Baptist Church met for its monthly business session at the Church Monday afternoon. Following a devotional led by the president Mrs. Caveness, all chairmen of standing committees were asked to describe their respective duties and also give monthly reports of work done by their committee. The response was enthusiastic and spontaneous, and the reports showed that much constructive work was being done by these ten committees. Tentative plans were made for entertaining the Workers' Council of the Brownfield Association which meets with our church Tuesday, March 3. At that time we are to have as guests the Workers' Council of the Lubbock County Association, and we are anticipating a fine spiritual meeting as we enjoy the fellowship of workers of our own Association and our co-workers from a sister Association. We trust that not only the women of the church, but the men as well, will avail themselves of this privilege of honoring God and enriching their own spiritual lives by entering fully into the spirit of this meeting. Visitors from other churches are always heartily welcomed to our meetings.—Publicity Chairman.

Mrs. R. W. Fenton Jr., impersonating George Washington, and Miss Charlene Maddox as the Revolutionary belle made their bow to the audience to the strains of violin music. The story of George and Martha Washington was delightfully given by Mrs. H. P. Caveness.

Mrs. Fenton as George Washington and Mrs. Truman Walker as Martha Washington gave a graceful demonstration of an old-time dance. This was followed by another such demonstration by Peggy and Mary Beth Fenton.

GREAT NUMBERS ATTENDING BAPTIST CHURCH SERVICES

More people are attending the services of the First Baptist Church at this time than at any previous time during the present pastorate, and those who have a right to know say the services are more largely attended than at any time during the history of the church. There is a reason for this. As we see it, the people feel their great need of the presence and power of God during the stressful times through which we are passing.

Surely if there has ever been a time when we should "carry on" for the Lord, that time is upon us. If there has ever been a time when the doors of our churches should be kept open that time is today.

As we are enabled to interpret the history of this old world the people everywhere need to come back to God. We need to take into account God's program for not only our individual lives, but for the world in which we live.

Are Motor Truck companies fighting Railroads ?

Why should they
Each of these transportation agencies has its own place. Only in those cases where there is disagreement as to the proper sphere of each is there any conflict, and these cases are becoming fewer and fewer.

In the majority of cases, the motor truck and the railroad supplement each other admirably. Neither could accomplish as much without the other, and more and more the two agencies are being coordinated in such a way as to render the public better service.

Blackshear, Ga.—Mrs. L. E. Thornton, of this place, tells how she was benefited in a case of weakness by taking Cardui.

"I was very weak," says Mrs. Thornton. "My back gave me a lot of trouble. I felt like my back was sprained. I was very nervous and restless. I did not sleep well at night. I was so tired in my back. It seemed to hurt me when I tried to turn over."

"I did not want anything to eat. I was in bad shape."

"I thought I would try some Cardui. The first bottle seemed to ease the pain some in my back. I took another bottle, and then I felt more like eating. I noticed that I had more strength and my work seemed easier. My back didn't feel so awfully bad when I had to stand. I could sleep better and felt more rested when I got up in the morning. I took six bottles of Cardui. I certainly think Cardui is a good medicine for women."

For more than fifty years, women who had suffered, or who had gotten into a run-down, weak condition, have been enthusiastic in praising Cardui for the benefits obtained from its use.

Try Cardui in your case.

Hickman Price, "wheat king" of the Texas Panhandle, is planting 80,000 acres in wheat, 12000 acres more than his 1930 crop. Six new canneries, involving an investment of \$75,000 will be established in the Rio Grande Valley, definite assurance of deep water ports close by being largely instrumental in the decision to increase canning facilities.

an Open letter to Buick owners

February 7, 1931

Dear Buick Owner:
Because of its importance, we decided to inform you now that the present line of 1931 Buick Straight Eights will not be replaced by new models this summer.

Buick, as you know, has introduced its new cars on August 1st, year after year. But inasmuch as these new Straight Eight models have met with such spontaneous approval by thousands everywhere, Buick has decided to continue manufacturing the present Eights throughout the summer and coming fall.

This is mighty good news to thousands of Buick owners because they will buy new Buicks now with the knowledge that there will be no model change next summer.

They will find in these new Buicks a degree of performance that is certain to give them a genuine thrill. All have the safe, silent-shift Syncro-Mesh transmission. All have Valve-in-Head Straight Eight engines. And all have the famous insulated Bodies by Fisher.

So well has the 1931 line been received that, out of every 100 eights sold in Buick's price class, 56 are Buicks.

May we suggest that you drive the Eight as Buick Builds It? Your Buick dealer will be glad to have you take the wheel and learn at first hand how much Buick Straight Eight performance adds to the joy of motoring.

Very truly yours,
BUICK MOTOR COMPANY, FLINT, MICH.

DISTRICT COURT IS IN SESSION THIS WEEK

(Continued from first page)

This forgery is alleged to have been committed by means of raising a check from \$5.07 to \$50.07. The check had been given by I. M. Draper and was passed to L. E. Weathers. Defendant was arrested a few hours later in Post.

F. M. Roberts living 10 or 12 miles west of town was indicted for the alleged possession of intoxicating liquor for the purpose of sale and also for the alleged possession of a still. Another indictment was returned against his son, Hollis Roberts, a young man about 19 years of age, for the same offense. These indictments grew out of a search made of defendant's house and premises by members of the sheriff's force a few weeks ago.

Aaron Warrick is alleged in another indictment to have committed the offense of burglary. The smoke house of T. E. McGinnis on the John Donaldson farm southeast of town was entered about two weeks ago and a couple of hams were stolen therefrom. The lock was broken in order that entry might be effected. Officers were notified and in a few days arrested Warrick and placed him in jail, charged with the offense.

The grand jury will remain in session probably all the week, according to Mr. Price.

CARD OF THANKS

We take this method of thanking the neighbors and friends for their kindness during the illness and death of our loved one. L. Storrs.

Plans are ready for a new \$100,000 jail at Abilene.

Locals

Mrs. R. B. Floyd called at the News office Saturday to see about her paper and reported that Mr. Floyd was sick. She also declared that February 12, 1899, was the coldest day Texas ever saw. She and Mr. Floyd had just married at that time, and she associated the two events together. They lived in Brown county. She asserts that it never was as cold before and never has been as cold since.

Truett Smith was bragging around last Friday about his birthday. He recalled that Thomas A. Edison was born on February 11, Abraham Lincoln on February 12, and Truett Smith on February 13. We didn't tell him so but the editor beat them all to it. He was born on February 10. By the way, Truett was a bit uneasy in spite of his seeming hilarity, for his birthday fell on Friday, the 13th. But he lived over it.

Prof and Mrs. B. M. Hays of Spade, Lamb county, visited Mr. and Mrs. Alvin Seth here last Sunday. Mrs. Hays and Mrs. Seth being sisters. Prof. Hays was principal of the Tahoka high school last year. is superintendent at Spade this year. Spade is a big new district carved out of the Littlefield district. A splendid building was constructed last year.

Mrs. N. A. Duncan of Cleburne, better known here as Mrs. N. A. Jones, missed a copy of her paper last week and wrote in frantically to know why it didn't reach her. Of course we pass the buck on to Uncle Sam, but we will try to see that she gets one of the missing copies yet. We appreciate the fact that our readers appreciate the paper.

Some of the old trees on the court house lawn are being dug up by order of the commissioners' court and are being replaced with new trees. The discarded trees had been badly damaged by drought and storm. The new trees are Chinese Elm, which is generally regarded as the best tree for the South Plains.

Mr. and Mrs. Claude Thomas of Grassland are the happy parents of a seven and a half pound boy, who was born in the Lubbock Sanitarium Monday morning. "Happy" is right, for this is their first-born.

Jack West, who lives ten miles north of town, was in Tahoka one day last week and took back to his home, 400 White Leghorn baby chicks which had been hatched out at the Tahoka Hatchery. Jack is not discouraged by the mere fact that eggs are now cheap. Why should he be? They may be worth a lot of money after while.

M. L. Handley was taken to a sanitarium in Lubbock Sunday and submitted to an operation for appendicitis and gall bladder trouble Monday morning. Reports from the hospital are to the effect that he seems to be doing well.

The interior of Jones Dry Goods Store is being slightly remodeled and the stock rearranged so as to make a better display. Portions of the interior will also be treated to a new coat of paint.

'Leggers, Thieves Are Worst—Price

District Attorney T. L. Price is of the opinion that a stronger public sentiment against the chicken thief and the bootlegger ought to be created in this county. "Both are operating to some extent in the county, and I regard the chicken thief and the bootlegger as the dirtiest, lowest-down criminals we have," he stated vehemently. "With the help of the jurors and the local officers, which I know I will have, I am going to lend every effort possible to put a stop to this character of crime in Lynn county."
