NOTICE TO THE PUBLIC

Any erroneous reflection upon the reputation or standing of any individual, firm or corporation, that may appear in the columns of the News, will be gladly corrected when called to our attention.

It now seems probable that there will be no redistricting of the state into congressional districts at this session of the legislature, after all. The Metcalfe bill has passed the House and the Greer bill has passed the Senate. They are radically different and Senator Greer has given notice that unless his bill is accepted by the House substantially as it is written there will be no re-districting at this session. The free conference committee may agree upon a bill that will be acceptable to both

Houses but that is doubtful. There are too many members of the legislature who are ambitious to go to Congress for that body to be able to agree on a sensible and just measure. If no redistricting is done Texas will elect three Congressmen at large next year, and the probabilities are that all of them will come from the more populous centers of the state.

That was quite a severe slash in teachers' salaries which the school board made recently. It should be stated that these reductions in salary were not made by the board by reason of any dissatisfaction with the work of the teachers, since the work of most if not all of those who were re-elected has been highly satisfactory, but it was made because of the present and prospective shortage in funds. The drought the past year has hit the tax payers hard and many of them failed to pay their school taxes. Members of the board have also expressed the opinion that one hundred dollars in salaries now is the equivalent of at least \$120.00 a year ago. It is to be hoped that these salary reductions will not result in any impairment of the efficiency of our excellent schools.

George W. Armstrong of Fort Worth says that William Gibbs McAdoo is the best bet for the Demo-

crats in 1932. McAdoo is one of the ablest statesmen this country has produced. He has made a record in behalf of the laboring man and of the common people. He was born and reared in the South, rose to prominence and fame in New York, and is now a resident of California. He is a staunch dry and has no sympathy with the movement to disparage and to destroy national prohibition. It may be that McAdoo could not now catch the imagination of the people and be elected, but we doubt if there is better Presidential material in America than can be found in this native son of Tennessee.

Tahoka is blessed with two revival meetings this week, one conducted by the Church of Christ and the other by the Baptists. A number of speakers from this section are appearing from day to day and night to-night in the pulpit of the first church mentioned and discussing vital questions while Pastor O. J. Hull is bringing some great gospel messages at the Baptist Church. Surely people of Tahoka should take advantage of the opportunities afforded by these two revivals to gather courage and inspiration for the battles of life and to be of service to their fellow men.

Mark Sullivan, noted political writer, seems to subscribe to the opinion that Raskob is undertaking to make the Democratic party a real national party. He takes the view that it is now a sectional party, drawing its strength from the Southern States and the cities of the North. Raskob is willing to run the risk of alienating the South from the Democratic party in order to make it a national party, he thinks. We can not say that Raskob is alienating the South from the Democratic party but no man could do more to again "bust" the party wide, open than Raskob is doing.

Jack Stricklin of the Terry County Herald took a trip down east somewhere and came back with his system full of poetry or something. Anyway he printed a bunch of verses last week about bullfrogs and flappers and pigs and geese, and larks and "Old Brindle", and other poetic subjects. Among his other accomplishments, we note that he made "atwitter" rhyme with "astitter" and got away with it. We don't know whether he came back by Juarez or not but in writing of larks he wrote just like he had been on one.

Senator Tom Connolly addressed the legislature at Austin by invitation last week and press reports say that he made an appeal for the Democrats not to make an issue of Prohibition next year. That's fine, and we are glad to hear Tom talking that way, but the fellows he really needs to talk to live in New York.

The Panhandle Press Association met in Plainview last Friday and Saturday and the attendance is said to have exceeded 100. The News expected to be represented at this convention but muddy roads served to keep us away. The convention meets next year in Amarillo.

Well, we had a lot of January weather in March and have had a lot of March weather in April. Spring is late in arriving but we are predicting that great harvests will be gathered next Fall. You can't keep a good country like this down.

CITATION ON APPLICATION OF ADMINISTRATORS TO RESIGN

State of Texas.
To the Sheriff or any Constable of Lynn county, greeting:

You are hereby commanded to cause to be published for at least twenty days previous to the return day hereof, in a newspaper published in your county, a copy of the following notice:

THE STATE OF TEXAS

To all persons interested in the Estate of C. B. Gregg, Deceased:

B. J. Emanuel and M. L. Thomas, administrators of the estate of said C. B. Gregg, deceased, have filed in the County Court of Lynn County their resignation as such administrators, which is accompanied by an exhibit of the condition of said estate, together with their account of administration which said application to resign and account of administration will be heard by said Court, on the fourth Monday in April, A. D. 1931, the same being the 27th day of April, A. D. 1931, at the Court House thereof, in Tahoka, Texas, at which time all persons interested in said Estate may appear and contest said application and account, should they desire to do so.

Herein fail not, but have you this writ before said court at the time aforesaid, with your return thereon, showing how you have executed the same.

Given under my hand and seal of

said Court, at office in Tahoka, Texas, this 30th day of March, A. D. 1931 (SEAL)
TRUETT SMITH, Clerk County Court, Lynn County, Texas. 33-4tc

West Wilson

The rains the past week were very much appreciated. The wheat was needing rain. Some of the farmers around here have planted corn, maize and other small grains.

Lee Outlaw and family of Pride are visiting in the Oscar Corley home for a few days.

A few from here went to singing at the Baptist Church at Wilson Sunday afternoon.

One of Egbert Evans' fine Jersey yearlings died one day the past week.

Clarence Shambeck has been on the sick list for several days.

Sunday School and preaching services were well attended at all the churches in Wilson Sunday.

Here's hoping we will not have any more cold weather this spring.

Ye scribe failed to get the Lynn County News Saturday. I feel like

one of the family was away from home and we were expecting them back and they didn't come. I do hope

the paper comes next Saturday. We are going to try to get in our report every week from now on.

Custom Hatching

We are running full capacity, doing custom hatching. Our customers are having the best of luck.

Bring us good fertile eggs, and we are sure you will be delighted with the results.

BAYER ASPIRIN is always SAFE

Beware of Imitations

GENUINE Bayer Aspirin, the kind doctors prescribe and millions of users have proven safe for more than thirty years, can easily be identified by the name Bayer and the word genuine as above.

Genuine Bayer Aspirin is safe and sure; always the same. It has the unqualified endorsement of physicians and druggists everywhere. It doesn't depress the heart. No harmful after-effects follow its use.

Bayer Aspirin is the universal antidote for pains of all kinds.

- Headaches
- Colds
- Sore Throat
- Rheumatism
- Neuritis
- Neuralgia
- Lumbago
- Toothache

Aspirin is the trade-mark of Bayer manufacture of monoaceticacidester of salicylic acid.

FORD RELIABILITY

Long, hard use shows the value of good materials and simplicity of design

EVERYWHERE you go you hear reports of the good performance and reliability of the Ford.

One owner writes—"The Ford Tudor Sedan I am driving has covered 59,300 miles through all kinds of weather. It is still giving perfect satisfaction."

Another owner describes a trip of 3217 miles in 95 hours over bad roads and through heavy rain and sleet in the mountains. "Throughout the entire trip," he writes, "the Ford performed excellently and no mechanical trouble of any kind was experienced. The shatter-proof glass undoubtedly saved us from serious injury when a prairie chicken struck the windshield while we were traveling at 65 miles an hour."

See the nearest dealer and have him give you a demonstration ride in the Ford. Then, from your own personal experience, you will know that it brings you everything you want or need in a motor car at an unusually low price.

LOW FORD PRICES

\$430 to \$630

(F. o. b. Detroit, plus freight and delivery. Bumpers and spare tire extra at low cost. You can buy a Ford for a small down payment, on economical monthly terms, through the Authorized Ford Finance Plans of the Universal Credit Company.)

Like a Symphony . . . the best Gasoline is Blended

IT'S primer knowledge to the orchestra conductor that each group of instruments in the ensemble brings a necessary influence into the symphony's finished blend of tone. In the unaccompanied "oompah" of the bass horns the overlay of melody provided by singing violins and mellow woodwinds is lacking. All must be blended by the baton of the conductor according to the expert formula of the composer before the perfection of the symphony is achieved.

CONOCO long has realized that harmony is as necessary to gasoline as to music. So CONOCO gasoline is blended—and balanced. One type of gasoline is no more satisfactory than is an orchestra of bass horns. So CONOCO refiners take the three types

containing the elements of the perfect fuel and deftly combine them until they blend in absolute harmony. That's why CONOCO contains: Natural Gasoline, for quick starting . . . Straight-run Gasoline, for power and long mileage . . . Cracked Gasoline, for its anti-knock quality. No single type of gasoline can contain all these qualities. They are present, though, in CONOCO Gasoline . . . blended there into a symphonic, harmonious whole, with CONOCO'S master refiners wielding the baton. For, after all, it's in knowing how. That's why some musical directors, as well as some refiners, achieve fame. You'll find this triple-test gasoline with the balanced-blend wherever you see the CONOCO Red Triangle.

School is progressing fine now with very few absentees.

SIDE AND BACK

Lady Had Suffered So Much Pain Was Almost Desperate. Says Cardui Helped Her.

Denison, Texas.—"Before I took Cardui, it seemed like I had tried everything, for my health was wretched," writes Mrs. Nannie Davis, of 418 W. Woodard Street, this city. "I was in bed most of the time," explains Mrs. Davis, "suffering so much with pain in my side and back, and weakness. I was so discouraged, I was almost desperate. "I knew there ought to be something to reach my case. I only weighed about 110 pounds. My eyes were hollow and I looked awfully bad. "A good friend told me about Cardui. After taking my first bottle, I felt better, but I kept it up until I had taken four bottles, and now I am well, have no pain in my side or back, and feel like a new woman. I can work most of the time, and feel fine. "For three years, I have been free from pain. That is why I recommend Cardui." "If you are run-down, nervous, or suffer every month, take Cardui, a medicine used by women for over fifty years. As your health improves, you will share the enthusiasm of thousands of others who have praised Cardui for the benefits they have felt after taking it. 3c-410

The Girls' 4-H Club met at Mrs. Barton's Wednesday afternoon. Miss Harrison, the new home demonstration agent, gave them a good lesson on planting shrubs and flowers about the home.

The wheat is doing fine as a result of the bountiful rains we have had in this section of the county. Some sudan seed has been planted, but not much of anything else has been planted yet.

The practice period for the play, "The Path Across the Hill" is on Wednesday night.

The pupils are making good grades this month.

In general the health is good. Several people are attending the Preachers' Meeting in Tahoka this week.

AGGIE JUDGING TEAMS RETURN FROM A. & M.

Taylor White and about twenty of his Vocational Agriculture boys returned late Wednesday from College Station, where they attended the state contests. The boys say that they had a great time but came near freezing to death. They spent Tuesday night near Dublin on their return trip and state that Mother Earth was covered with a heavy frost there Wednesday morning, which indicates that the temperature was lower there than at Tahoka, for the Government thermometer here never went below 37. We will probably have a more extended account of the trip next week.

"Pope Joan" was a favorite card game in the eighteenth century.

OLDEST FORD DRIVER

L. Crow, 89, of Ethel, Miss., the oldest Ford driver in Mississippi, traversed historic old Natchez Trace in a covered wagon eighty-seven years ago.

Rugged today at 89 as the age in American history he so picturesquely typifies, J. M. Crow of Ethel, Miss., is the oldest Ford driver in Mississippi and one of the oldest in the United States.

When as a babe of two years he rode with his parents in one of a train of 30 covered wagons out of Cobb county, Georgia, into Mississippi, the old Natchez Trace followed by the brave little band was still infested by the swabbering ruffians whose bloody outrages gave that era its place in this country's history as "the outlaw years."

One of his vivid memories is hearing, as a boy of six, the news of General Scott's victorious assault on the heights of Chapultepec which ended the Mexican War in 1847, and his

proudest memory is of honorable service as a Confederate soldier during the Civil War. When the southern cause collapsed, Crow was compelled to trudge 400 miles on foot to the old homestead at Ethel, where he settled down to rear a family.

In the intervening years he has seen the lumbering stagecoach give way to the fleet automobile and the comfortable motorbus, the soggy gumbo and rough corduroy roads of his childhood to the wide paved roads of today, and although he was long past middle age before the modern automobile became commonplace he is an enthusiastic driver as youngsters who can boast less than one-quarter of his years.

Five generations of Crow's family are frequently seen together in his Model A Ford, the second of its type Crow has owned and driven.

Opinions Of Our Readers

Will The Women Go "Wet"?
Once more the wet "intellectuals" see the certain doom of the dry law right around the corner, for last week 500 women called at the White House and Hoover said he was glad they came. A well known local dry has criticized him for his courteous manner to people opposed to him for be it known that the visitors claimed to represent 300,000 women opposed to the 18th Amendment. Senator Capper and Sheppard both believe Hoover is dry so why not drop such silly criticism?

It is said that Cromwell's soldiers shouted for joy the moment the enemy came into view and the yelling continued till the enemy were all killed or conquered. It is a real pleasure to anyone on the dry side to study the methods and personnel of the enemy at close range. Think of 300,000 women in America wanting the saloon back—Lynn county's quota of this "temperance society" would be THIRTY MEMBERS, but there are at least thirty hundred women in Lynn county who want no "liquor stores" anywhere in America.

But why only 300,000? Rum-ridden Reno, Nevada, not quite as large as Lubbock, will allow ten percent of its total female population to live only in two well-defined districts. Right there in a few blocks the wets could sign up 700 women against the dry laws and if similar districts in the great wet centers had been well "organized" at least 600,000 women members could have been secured for the anti-dry league. But the Ladies' Liquor League will promptly answer that only nice respectable women are admitted to this high-toned club. So after all the ballyhoo raised by the wet press, screen and radio propaganda for over a year can it be true that only 300,000 respectable women can be found in all America who will line up to ask Mr. Hoover to kill that horrid old Volstead law so those dear sweet little liquor stores can open up right next block to the post office? Why right in the larger towns and cities of Texas are 300,000 women who don't want the saloon back under any name or "plan". There are that many Baptist and Methodist women voters in Texas alone who will fight to the last ditch for the dry laws. A surprising number of Jewish, Catholic, and foreign-born women are on the dry side.

Don't get fooled by the slick-tongued women orators the billion-dollar liquor ring has turned loose on the country—they must make a showing or their pay stops. Prohibition killed the saloon but if the women allow Prohibition to be killed what then? It is just like losing your brakes just as you start down a hill; you won't stop till you reach the bottom. You may not like the way the night watchman combs his

hair but he stands between your home and the night prowler. It is not a question of allowing a few depraved people in the great cities all the liquor they want. It is: Shall we destroy the law which stands like a stone wall between your home, your school, your store, your community and "liquor stores" of all kinds? Do you want saloons all around Tech, Simmons and S. M. U? No matter what the answer we certainly will get them there in two more years if the Ladies' Liquor League can put their program over and that is to destroy all opposition to strong drink by breaking down and repealing the 18th Amendment and the Volstead Law. Chris. L. Adair.

COLORADO HAS MOST ABSENT-MINDED MAN

"Call the police! I have been robbed. My watch and vest were stolen during the night."

Dr. P. C. Coleman, president of the chamber of commerce, thus called to members of his family Sunday morning, after he had searched frantically throughout the Coleman home for his prized ticker.

But the police could find no clue to the missing watch. It was apparent that the "thief" who had dared enter his home during the night before was an expert.

In dismay, Dr. Coleman went to Sunday school and church. He attended services again Sunday evening. There was ever present in his mind thoughts of the mysterious episode of the night before. "How in the world did that burglar enter his bedroom, steal his vest and watch and get away without arousing someone, was beyond his comprehension.

Sunday evening, as Dr. Coleman retired to his bedroom to undress for another night of sleep, he found solution to the "big robbery".

He had been wearing his vest and watch all day. He found them underneath his shirt. —Colorado Record.

WEST POINT H. D. CLUB MEETS WITH MRS BRAGG

The West Point H. D. Club met with Mrs. Cody Bragg Tuesday, April 1.

Subject for the day was "Goiter, or Sea Foods, Canned or Fresh". Eleven members were present and one visitor. Our H. D. agent, Miss Harris, was with us also.

Money was paid in for our entries in the Dairy Show at Plainview. Also, money was paid in to send a 4-H club girl to the A. & M. short course this summer.

Instead of the regular program the time was used by Miss Harrison in demonstrating and lecturing on sea foods and their values. Some appetizing dishes were prepared and enjoyed by all and we expect to prepare many more by the recipes given us by Miss Harrison.

Mrs. C. T. Tankersley was elected reporter in the place of Mrs. Rosamaine Noble, who resigned some time ago. —Reporter.

Women are not allowed to appear without a hat in two places—churches and courts of justice.

RASKOB ASSAILED BY MISSOURI SENATOR

Mountain Grove, Mo.—Charles M. Hay, Democratic nominee for United States Senator in 1928, tonight described Chairman John J. Raskob of the Democratic National committee as "a high priest of privilege and concentrated wealth."

Hay, a Missouri dry leader, assailed Raskob at a Jefferson Day dinner here.

The people have turned to the Democratic party for "deliverance from the injustices of the rule of property", he declared, but instead

of finding "a Jefferson, a Jackson, a Cleveland or a Wilson to answer their cry, they find at the head of the party a former member of the Union League Club; a scion and secretary of the House of Du Pont; a mouthpiece of mammon, a high priest of privilege and concentrated wealth."

There is gold in sea water, but the average concentration of the precious metal, in several thousand samples analyzed, has been found to be only three one-millionths of an ounce to the ton.

DR. MILES' Aspir-Mint

Suffering? There's a new, pleasant, mint-flavored, tablet that relieves ordinary headache and neuralgia, muscular pains and functional pains. It's excellent for Coryza—cold in the head—and for the sore throat that often accompanies it.

Physicians have been writing prescriptions for a similar combination for years.

The Dr. Miles Medical Company has standardized this well balanced formula and is glad to offer it in the form of a stable, palatable, mint-flavored tablet for home use. —Pocket Size 15c, Regular Package 25c

A chartered training school for nurses is conducted in connection with the sanitarium.

stand prior to the fine rain which came last Friday. This rain came just as a few were thinking that a good rain would be of much benefit to wheat and for moisture needed in the planting of the row crops. Practically all the land is ready for the planter and many will take advantage of the present season to plant, more especially grain.

A ball game between the New Home and Wilson teams was played in Wilson Saturday. New Home won by a score of 6 to 7. This was a hot game on a rainy day.

Rama Grigg, who for several years was manager of the Rockwell Bros. lumber yard of this place, moved his family to Slaton last week. We haven't learned his future plans but understand he is prospecting in other states with the view of finding a stopping place for a time at least.

The Wilson Quartett is giving a concert at the High School building Saturday night will be one of the outstanding entertainments of the season. This program will be free and every one has a cordial invitation to be there. There will be songs to suit every one if it is possible to please at all.

Jyles Shaw will represent the Wilson school in declamation at the district meet to be held at Lubbock this week end. Calloway Huffaker and Herbert Watson are to represent us at the same meet in debate. We are trusting that in next week's paper we may be able to announce their success as winners.

Mr. and Mrs. Brady Nix, Misses Day, Carney, Wright and Burke Stiles were Lubbock visitors Saturday.

Mrs. H. B. Crosby is in a Lubbock sanitarium where she is having some physical trouble looked after by specialists. It is hoped that her condition will not be found serious and that she may be able to return to her home and friends at an early date.

The Sophomore and Junior classes put on a program at the High School during the chapel hour last Thursday. The student body, faculty, and about 15 visiting patrons were present and enjoyed the program immensely. Jyles Shaw gave his declamation. James Crumley, dressed as a bum gave a reading entitled "I Am a Bum". Miss Helen Nolte presented a monologue the title being "I Am a Wash Woman". The entertainment was concluded by a play, "The Hen-Pecked Hollow Gossip", put on by 10 Sophomore and Junior boys dressed as and representing girls.

Mrs. M. J. Scaer entertained the Walter League in her home last Sunday night. Mrs. Scaer surely knows how to entertain and we know all who were present enjoyed the evening to the fullest extent.

Rev. C. N. Roth, pastor of the Lutheran churches left Monday for Seguin to be in attendance at the American Lutheran Church Conference.

The Vocational Agriculture classes have been quite busy the past week. Among the several activities, they dehorned 10 head of cattle, culled two flocks of poultry.

A Mr. Crouch, representing the Purina Feed Mills put on an educational exhibit at the High School Monday night, illustrating the value of a balanced ration.

Miss Vivian Pilley of Lubbock was a visitor in the home of her sister, Mrs. F. R. Crews, last week end. She also visited a number of friends while here.

A B. Y. P. U. training course is in progress at the Baptist church with a large attendance who are taking a great deal of interest in the work. The adult department is taking "What Baptists Believe" and is being taught by the pastor. The Seniors are being taught by Miss LaVern McCormick, Intermediates by Mrs. L. Lumsden, and Juniors by Mrs. Clyde Shaw.

Fourteen representatives of the Wilson Church attended the State Baptist Sunday School Convention held at Abilene last week and all report a very profitable as well as an enjoyable visit.

There will be choir practice each Thursday evening beginning this evening and continuing on each Thursday evening at 8:00 o'clock. Everybody invited to take part. This practice will be conducted by Mr. Luther Rudd and will be very beneficial to all who take part.

DR. MILLARD A. JENKINS TO CONDUCT

Revival at Wilson
Beginning July 27 and running through August 9 there is to be a revival at the Baptist church of Wilson. We are happy to announce that Dr. Millard A. Jenkins, pastor of the First Baptist Church at Abilene, is to do the preaching. Dr. Jenkins is one of the outstanding preachers of the West and we are fortunate in securing such an able man for this campaign and desire that all the adjoining communities make their plans to take part in this meeting. There is to be erected a large tabernacle for the accommodation and com-

fort of those attending and all within reach of Wilson are invited.

In a board meeting at the High School on Monday evening, C. A. Coleman was appointed as a trustee to fill the vacancy caused by the resignation of Rama Grigg, who has moved away. Mr. Coleman has served as trustee several times in our school and we think the board made a wise choice in selecting him.

Mrs. J. D. Cook and Miss Mertice Graves are making an extended visit to New Mexico.

Petty

The good rains have been welcome at Petty. Planters are running in most every field, gardens are looking nice, and most everybody is raising lots of chickens. We Petty folks are trying to grow at home what we eat and not grow so much of this cheap cotton. How can a farmer grow cotton when it won't pay the picking and ginning? And he can't sell cream, for it is so cheap that it won't pay for the cow feed. So, what is the farmer going to do?

Mr. and Mrs. Lowe visited friends and relatives at Wilson Sunday.

Mrs. Lane-Mooney, who underwent a serious operation, has been brought home from the sanitarium. She is doing nicely and we hope to see her up in a few days.

The ball game at the school house Sunday afternoon was well attended and everyone seemed to have a good time.

Mr. Darby has been quite ill the last week but we are glad to report he is some better.

Mr. and Mrs. Brooks Smith and Mr. and Mrs. Burnett Smith attended the Dairy Show at Plainview. They report a good time and saw lots of fine dairy cattle.

On account of the rain, the Petty Sewing Club did not get to meet with Mrs. Hawkins last Wednesday. It is not learned where the next meeting will be. We hope to keep this good work going, as it has done much good.

Mrs. Charley Pinkley of Amarillo has come to visit her sister, Mrs. Lane Mooney, who has been operated on. Another sister from East Texas is also here.—Reporter.

Edith

We had a good singing Sunday afternoon and also Sunday night. We had several visitors from various communities.

Mr. and Mrs. Bearden and Miss Grace Thompson were re-elected as

Doctors Disagree

When children are irritable and peevish, grind their teeth and sleep restlessly, have digestive pains and disturbances, lack of appetite, and have itching eyes, nose and fingers, doctors will not always agree that they are suffering from worms. Many mothers, too, will not believe that their carefully brought up children can have worms. The fact remains that these symptoms will yield, in a great majority of cases, to a few doses of White's Cream Vermifuge, the sure expellant of round and pin worms. If your child has any of these symptoms, try this harmless, old fashioned medicine which you can get at 35c per bottle from THOMAS BROS. DRUG CO.

MOTHER'S DAY

CHICKS for a PENNY each!

feed this to your breeders for greater FERTILITY and HATCHABILITY

FACTS!
A hen lays 150 eggs per year. She eats 40 lbs. of mash per year. Therefore, 100 lbs. of RED CHAIN Egg Mash will produce 375 eggs. Actual tests show it is better hatch from eggs produced by RED CHAIN. 118 of 375 eggs = 41 EXTRA CHICKS HATCHED!

FIGURES!
RED CHAIN usually costs only 10c or 15c more than other feeds. Even at 40c more per 100 lbs. you would make money BECAUSE you get 41 more chicks for only 40c difference in feed cost. Feed RED CHAIN and get these EXTRA CHICKS for a PENNY a PIECE!

41 MORE CHICKS FROM EVERY BAG

Burleson Grain Co.

RED CHAIN FEEDS ARE SUPERIOR FEEDS

When BABIES are Upset

BABY ill and ailments seem twice as serious at night. A sudden cry may mean colic. Or a sudden attack of diarrhea. How would you meet this emergency—tonight? Have you a bottle of Castoria ready?

For the protection of your wee ones for your own peace of mind—keep this old, reliable preparation always on hand. But don't keep it just for emergencies; let it be an everyday aid. It's a gentle influence will ease and soothe the infant who cannot sleep. It's mild regulation will help an older child whose tongue is coated because of sluggish bowels. All druggists have Castoria.

Soundly built to serve you long and well

The piston pin test showing one of the many ways in which Chevrolet quality is maintained.

If you could see the new Chevrolet Six being built, you would understand why it performs so well, lasts so long and brings so much satisfaction and pleasure to its owners.

The quality of raw materials is held to standards unsurpassed anywhere in the automotive industry. In the manufacture of the engine alone there are hundreds of separate inspections. Pistons are matched in sets to within one-half ounce. Piston pins must be within 1/4 tenths of one one-thousandth of their specified size. Connecting rods are matched to within

one-quarter ounce and are individually fitted by hand.

The special alloy-steel crankshaft is the subject of

truly amazing care and precision in manufacture and cannot vary from perfection in balance more than 1/4 inch-ounce!

These few examples of Chevrolet standards indicate the care used in the manufacture of every part of the car.

Soundly built to serve you long and well! No compromise with quality in manufacture means no compromise with complete satisfaction in ownership.

Chevrolet precision instruments are regularly checked against master gauges which are accurate to one millionth of an inch.
