W. R. NEYLAND SHOOTSELF

Former Citizen Despondent Over Young Daughter's Death It is Believed

Mrs. W. O. Henderson received a telegram Tuesday afternoon from Mrs. W. R. Neyland at Teague stating that "Wallace (Mr. Neyland) died today, buried tomorrow". A press dispatch from Houston published in the daily papers Wednesday stated that Neyland had died from a bullet wound self-inflicted Tuesday afternoon. Grief over the death of his little daughter, Pauline, 13, who committed suicide at Littlefield last week is attributed as the cause of his rash act.

The little girl took poison following her failure in an arithmetic examination and died in a hospital in Lubbock a day or two later. The Neylands formerly resided here and Mr. and Mrs. Neyland were in business here for more than a year. Mrs. Neyland has many friends here who greatly sympathize with her in this sad hour.

New Home Plans For Graduation

The New Home School will close a very successful year Friday afternoon of next week, according to J. C. Thomas, superintendent. Diplomas of graduation will be awarded Melvin Peek, George Hancock, and Floyd Smith. Promotion certificates will be awarded Misses Billie Hilton, Margarette Basse, Eldridge Burkhalter, Pauline Shadden, Fern Downey, Vera Stockham, and Irene Smith; Masters Jimmie Wood, A. B. Sutton, Floyd Goad, J. W. Shadden, Luther Halford, Merrill Turner, and Garland Peek.

Baccalaureate Program, Sunday Night, May 24

Processional
Song—"Onward Christian Soldiers"
Invocation—P. W. Goad.
Song—"Have Thine Own Way".
Scripture Reading and Sermon—Rev. W. K. Horn.

Song—"Blest Be The Tie".
Benediction—Mr. Thomas, Supt.
Wednesday Evening, May 27
First Grade—"Gates To Fairy Land".

Fourth and Fifth Grades—Playlet "The Green Door".
Drills and Readings.

Thursday Evening, May 28
Seventh Grade Play—"A Scream in the Dark".

Friday, May 29
Graduation exercises of 11th and 7th grades.

Processional, song, and invocation.
Commencement Address—Hon. G. H. Nelson, County Attorney.

Awarding of Diplomas and Promotion Certificates—S. L. Smith, president of School Board.

Benediction.
George Hancock is salutatorian, Melvin Peek, valedictorian; and Floyd Smith is president.

CAFE MAN'S WIFE TAKES SHOT AT HIM WITH PISTOL

Quite a lot of excitement was occasioned here Wednesday night when Mrs. Babe C. Howe, wife of a local cafe man walked into the Club Cafe where he is proprietor and fired two shots at him with a small calibre gun. Both shots went wild. She was immediately arrested and lodged in the county jail.

It is reported that they have heretofore had domestic trouble and we understand at one time divided the property but after were reunited. We understand that they have recently been separated.—Terry County Herald.

One of the worst and wickedest cities in the world is Irkutsk, in Siberia. With a population of 120,000, as many as 500 murders are committed there every year. Arrests average only one in 50 murders and only one-half the arrests are followed by convictions.

Miners in the Myndd Newydd coal mines in Wales have a chapel all their own at the bottom of the shaft in which they work. On Sundays, as they go into the mine to work, they first attend church services in the chapel.

Each leaf on a tree has on it a number of pores, which open and shut to regulate the evaporation of excessive moisture.

Nowlin Buys Out Swan Loan Firm

Deen Nowlin has purchased the loan business of Mrs. Theima Swan and has also received the appointment as secretary of the Tahoka National Farm Loan Association, a position which she has held since the death of her husband, E. M. Swan, who died several months ago. He has removed the office fixtures into the rear of the Security State Bank, where he will maintain his office.

Mrs. Swan has removed to Lubbock, having accepted a position with an insurance firm in that city.

Morgan Copeland Commits Suicide

Many friends here were shocked and grieved to learn Monday of the suicide of Morgan Copeland at Brownfield early that morning. Copeland was cashier of the Brownfield State Bank, and immediately after entering the bank Monday morning he walked back to a telephone booth which he entered and then drew a revolver and shot himself through the head, dying almost instantly. His rash act is attributed to ill health and to the serious condition of his mother. He himself had been sick, and employees in the bank state that when he entered Monday morning he acted queerly. The condition of the bank is said to be thoroughly sound.

Copeland was very popular over this section of the state. He was recently elected president of the South Plains Bankers Association. For a number of years he had taken an active and a leading part in the development of this section, lending his aid to local and section-wide chamber of commerce activities. He had also been active in organizing pig clubs and 4-H boys clubs in his county. Companionable, genial in disposition, unfailingly courteous and genteel, he won friends readily and held them tenaciously. He had many friends in Tahoka and at other places in Lynn county, who greatly deplore this terrible tragedy.

Boy Scout Meeting At Post Planned

D. T. Jennings of Lubbock, Boy Scout executive of the South Plains Area Council, has announced a meeting of the district committee at Post tonight, for the purpose of planning for two Boy Scout projects. We quote from Mr. Jennings' communication as follows:

"The Southern District of the South Plains Area Council has two projects in front of it which should receive immediate and serious consideration. The first of these is plans for the district Field Meet. This Field Meet will be held in one of the cities of the Southern district at a time decided on by the district committee. If you want the field meet held in your city, get your gang together and fight for it."

"The second project is the summer camp which will be held on a district basis—that is, the cities of your district will carry out the camping program for the troops of your district. Plans should be gotten under way without delay to give your scouts the benefit of camping experience this summer."

WOMEN CUT COST OF CHILDREN'S CLOTHING

Wichita Falls—The home demonstration clubs of Wichita county recently exhibited 78 children's dresses, ages two to nine, at their annual dress contest. Each dress was entered by a different club member. The total cost of these dresses including material and labor was \$48.38. Their value was \$97.50, making a total saving of \$49.12 for the women who made them. At a "dress parade" in the afternoon the dresses were worn by the children for whom they were made.

Patient: Will that anaesthetic make me sick?

Doctor: Not a bit.

Patient: How long will it be before I know anything.

Doctor: See here, young man, isn't that asking a good deal of an anaesthetic?

Would-Be Propagandists Seek Much Free Newspaper Publicity; Is Waste

Everybody is trying to fill the newspapers with propaganda. Each week an armful of this "dope" comes through the mails to every newspaper in the land. Quite a bit of it finds its way into print in the daily newspapers but very little of it in the weeklies. No weekly newspaper could afford to print it. If it did so it would have room for nothing else. Here is a resume of what came to this office during one week, none of which could be used.

First, here are five closely typewritten pages from the Manufacturer and Industrial News Bureau of Portland, Oregon. This is pure propaganda intended to influence public opinion against any legislation that would adversely affect the interests of the manufacturers and big industrial corporations. If put into print it would occupy about three or four columns of our paper. It goes into the waste basket.

Then, here is a sheet of propaganda dished out in the form of "news" the purpose of which is to hog some free space for a certain brand of cigaret. It goes into the waste basket.

Here are four sheets from the American Petroleum Institute of New York seeking publicity for a bunch of big oil companies and the oil business generally. It would require at least two columns to print this dope and so it is junked.

Next is a half column or more of stuff sent out in the interest of the Fisher Body Craftman's Guild. It

Singing Convention At Slaton May 30

The Great Lubbock County Singing Convention will convene in Slaton's high school auditorium the fifth Sunday of this month at 10 A. M. and invites all singers and song lovers to be with us.

Slaton also invites everybody to come and will furnish the coffee, water, and other comforts. The convention has long since grown too large to be fed by any community. Mr. Virgil O. Stamps and his quartet is scheduled to be here and we hope to make this the greatest of all our song fests.

Bring your "Cheerful Chimes" and "Sacred Harps"—W. P. Florence, Publicity Agent.

Red & White Stores Hold Big Banquet

Mr. and Mrs. E. H. Bouillon came by Tuesday afternoon and picked the editor up and took him to Lubbock, where a banquet was held that night in the basement of the Methodist Church by the Red & White Stores of this section. We didn't count 'em but there must have been at least seventy-five plates. A most excellent program of music and speech-making was rendered. That vocal quartet of Post "did its stuff" in a great way and Mr. Brown of the Wooten Grocery Company of Lubbock proved to be a wonderful entertainer. The dinner itself was very fine. Now if anybody else wants to take us to a banquet, we'll be johnnie on the spot.

SKIPPING A ROW NOW AND THEN IS A PAYING PLAN

Robert Lee—Because last year's maize planted on the two-row-and-skip-one plan doubled the yield of maize planted in every row, Lem Cowley, Coke county farmer living near Valley View, has told the county agent, B. J. Baskin, that he intends to plant his entire crop by the newer system this season. M. Cowley states that his maize crop last year was almost as good as in years of normal moisture due to this form of crop insurance.

A pretty school marm who prided herself on knowing the parents of all her pupils, on the street car one day said: "How are you, Mr. Smith?" Then perceiving he was a total stranger, she apologized: "Beg your pardon, I thought you were the father of one of my children."

Amber is said to be a hard lustrous, resinous substance composed of a fossilized vegetable gum which originally exuded from an extinct kind of cone-bearing tree standing in prehistoric forests.

Kiwanians Enjoy Excellent Meeting

The Kiwanians enjoyed a snappy program Wednesday. Following a brief speech by Prof. M. J. Weaver, J. D. Donaldson Jr. delivered his "My Home Town" oration which he used in Lubbock in the contest held last week.

Ray Weathers then entertained for ten minutes or more with a series of his latest jokes, told at the expense of various members of the Kiwanis Club, and Mrs. Rubie D. Suddarth gave three readings which were much enjoyed.

The luncheon is being served now by the Methodist ladies in the basement of their church.

Weatherford Is Now In Mexico

Jim Weatherford is in Mexico this week in company with that Amarillo delegation that is making a special trip to the capital of our southern neighbor to invite the President of that Republic to visit the Tri-State Fair to be held in Amarillo next fall, as well as to advertise Texas. Charles Guy of the Lubbock Avalanche-Journal is also a member of the gang and he writes back to his paper the following item about our Jim:

"Folks down in Lynn county will be glad to hear that Jim Weatherford is having a big time. He wasn't on the train ten minutes before he knew everybody from the engineer to the porters—and everybody knew him, too. There are people on the train who have lived on the North Plains as long as he has lived in Lynn county, which is more than 40 years."

W. T. Bovell And Miss Edwards Wed

Immediately following the close of school last week, W. T. Bovell and Miss Juarine Edwards announced their marriage, which event had occurred on March 22. A few close friends learned of the happy event soon after it occurred but it was unknown to the public generally until they announced it following the close of school. The wedding ceremony was performed in Lovington, New Mexico. Their only reason for keeping the event a secret was because of the fact that Miss Juarine was a member of the Senior Class in the high school here and expected to and did receive her diploma last Friday night. They have secured apartments immediately west of the Methodist Church, into which they moved Monday.

These are among Tahoka's very finest young people. W. T. is associated with his father T. J. Bovell in the bakery business here and is a young man of sterling worth. Miss Juarine is the daughter of Mr. and Mrs. A. J. Edwards and has been reared here. Both are very popular and have hosts of friends who wish for them the greatest happiness that life can bring.

O'DONNELL CITY DADS HAVING STREETS WORKED

When it comes to downright good management, O'Donnell's city dads have the world beat. Somewhere, somehow, they found a surplus of that comparatively unknown quantity—coin of the realm—and with the next few days or weeks or may be months (when the equipment can be put in shape) the streets, avenues, and boulevards of our fair city will receive a "working over".

Of course, they don't need it, but the dads thought that, since they might come to that point within the next year or two, the money might as well be spent now as later.

Naturally, some of the older and younger inhabitants are feeling a few touches of sadness at the prospect of losing some of our local scenery, and some of the garage men are lamenting the prospective decrease in spring repair business, but for the most part the citizens are bearing up under the shock as well as could be expected.—O'Donnell Index.

Measuring 70 feet from tip to tip of its wings, the world's largest gliding plane is being built in Germany.

DIPLOMAS ARE PRESENTED 43

Final School Exercises Last Friday Night As Successful School Term Closes

The curtain was rung down on the 1930-'31 session of the Tahoka High School last Friday night, when forty-three members of the Senior Class received diplomas. These were presented by R. C. Wood, president of the school board, following an address delivered to the class by Prof. H. C. Pender of the Texas Technological College.

Miss Doris Lynn Hull gave the valedictory address while Miss Mary Fenton was salutatorian. Miss Hull and J. D. Donaldson Jr., who made the highest grades among the girls and the boys respectively during the school session, were each awarded scholarships which gave them scholarship privileges in fifty-seven Southern colleges and universities.

The program for the evening was comparatively brief and was conducted with clock-like precision.

Superintendent J. B. Pace and his faculty are to be congratulated upon the high character of work done during the past year. Tahoka is proud of her public school system.

The twenty-three girls and the twenty boys who received diplomas of graduation were:

Misses Hazel Anglin, Mae Armstrong, Fern Aycox, Reta Lois Colleenback, Mary Sue Clinton, Lorene Childers, Gladys Douthitt, Juarine Edwards, Lolo Belle Edwards, Jettie Falkner, Virgie Falkner, Mary Fenton, Doris Lynn Hull, Beatrice Hammonds, Estelyn Jeffreys, Evelyn Jeffreys, Glenda Milliken, Snookie Maddox, Madeline McCord, Faye Richardson, Inez Sanders, Lucille Slaton and Evelyn Wells.

Robert Benson, Neely Brooks, Coleman Cowan, Andrew Cooper, Jack Childers, J. D. Donaldson, Harlan Dean, Boswell Edwards, Clifton Janak, Coughran Ketter, Billy Lester, Jack Minor, Paul Miller, Lester Prater, Norville Redwine, Ovis Richardson, Vance Tredway, Amel Williamson, Dee Eastridge, M. D. Shepherd.

Mrs. Crosslin Weds South Texas Man

Mrs. Jewell Crosslin, daughter of Mr. and Mrs. G. E. Hogan of this city, was married to Brice Ferguson of Pharr, Hidalgo county, in San Antonio Wednesday, according to a wire message received by Mr. Hogan from her Wednesday afternoon. Dr. L. E. Gates, pastor of one of the Baptist Churches in San Antonio and one of the leaders in the denomination in this state, officiated.

Mrs. Crosslin, who has been residing here for three or four years and who has been connected with the Hogan Dry Goods Company, left Monday. During her residence here she has made many warm friends, who will wish for her the best blessings that life can bring.

Mr. Ferguson is an attorney by profession and is a nephew of ex Governor James E. Ferguson. His father has long been a prominent citizen of Bell county and was for several years postmaster in the city of Belton.

LITTLE LAMESA GIRL IS DROWNED IN POOL

Little Maggie Louise Dodd, two-year old daughter of Mr. and Mrs. A. H. Dodd of Patricia, was found dead in a shallow puddle of water near their home last Saturday afternoon. The child was discovered by her parents floating face downward in the pool, which was not more than eight inches deep and only a few feet across.

The little girl had apparently stumbled into the puddle and when she started to cry, was strangled with water. The parents stated that they heard no cry from the baby, although they found her only a few minutes after she had strayed from the house.—Lamesa Reporter.

Blubber is now believed to be the equipment that enables whales to withstand the pressure of great sea depths.

The Bank of England has its own water supply. One artesian well, 400 feet deep, gives a supply of 7,000 gallons an hour.

SOCIETY

Club and Church News

WILSON SENIORS ARE HONORED BY RECEPTION

At the suggestion of Miss Clara May, the local W. M. S. arranged a reception in honor of the 1931 Senior Class of the Wilson High School. This reception was given in the home of Mr. and Mrs. W. H. May at 4 P. M. Tuesday, May 12. The faculty with their 18 seniors arrived and were received by Rev. and Mrs. Partin, Rev. and Mrs. Phillip McGahey, Mesdames Williams, Forrester, W. H. May, Richardson, Tadlock, Cummings, George, Fountain, Baker, Edwin May, Shaw, Orville Cranfill, Lumsden, and Swann who were in the receiving line. An excellent program was rendered and refreshments were served to about 60 guests.

The First and Second grades held a picnic on Wednesday, May 13, at the sand hill near Tahoka. They were accompanied by their teachers, Miss McAlister and Mrs. W. L.

Forrester, and a number of the children's parents. This picnic was sponsored by the P. T. A. and was the culmination of a contest between the grades. The second grade winning, invited the first grade to enjoy the fruits of their labor.

WEST POINT H. D. CLUB MEETS WITH MRS. HART

The West Point H. D. Club met with Mrs. W. V. Hart Tuesday evening, May 12. Twelve members were present, and there was one new member. Our H. D. agent was with us and gave a very interesting and useful demonstration and lecture on finishes for children's clothing.

Mrs. J. N. Jeffreys was elected as chairman of the marketing committee.—Reporter.

The cow tree of Venezuela contains a milky latex in its stem. This is consumed by natives as milk is consumed in other countries.

MUSICAL TEA

One of the prettiest affairs of the season was the musical tea given May 12 by the Phebe K. Warner Club at the home of Mrs. E. E. Callaway in honor of Mrs. W. B. Slaton, retiring president of the club.

The club colors of pink and green were used in all appointments, and the rooms were beautifully decorated with pink phlox and blooming geraniums. In the dining room, the ladies were served a lovely salad course. The tea table, covered with lace cloth over pink, was beautiful in the candle light with its appointments of silver. The centerpiece was a huge basket of pink phlox, and at either end were graceful candle sticks holding pink tapers. Mrs. M. J. Weaver, wearing pink taffeta and Mrs. A. D. Sanders Jr. in green chiffon were seated at the table pouring lemonade iced with pink and green cubes. Mrs. R. W. Fenton Jr. and Mrs. J. H. Powell, gowned in pastel shades of chiffon, served from the buffet, which was also covered with lace over pink.

Small tables were laid with maderia linen—the centerpiece being green baskets filled with pink phlox. Tiny pot plants were favors. Hand painted programs, which also served as place cards marked places for the twenty-eight club members and for one guest, Miss Lucille Slaton, daughter of the honoree.

The following program was given: Duet—"Welcome, Sweet Springtime" (Rubinstein)—Mrs. Durham and Mrs. Weaver.

Dance—"Valse" (Chopin)—Mrs. Walker.

Piano Solo—"Am Spinnradchen" (Schultze)—Mrs. Applewhite.

Pianologue—"Smiles" (Wilcox)—Mrs. Pace.

Violin—"Traumerei" (Schumann)—Lucille Slaton.

After the program, Mrs. J. W. Elliott, in paying tribute to Mrs. Slaton, presented her with a lovely gift from the club. The following ladies are members of the club: Mesdames Applewhite, Callaway, Caviness, Craft, Durham, Elliott, Fenton, Fenton Jr., Finch, Haney, Henderson, Howell, Hull, Maasen, Nevels, Pace, Powell, Slaton, Stewart, Sanders, Shepherd, Stokes, Townes, Turrentine, Weathers, Weaver, Walker, and Snowden.—Reporter.

MORGAN WOMEN HAVE INTERESTING MEETING

The Morgan H. D. Club met Tuesday, May 19, at the school building. There were nine members and four visitors present.

The program was given; then, our agent gave a very interesting demonstration on finishing touches for children's clothing.

Mrs. Cosgrove favored us with a reading.

The Club voted to get up a program for Slaton's birthday which is June 15.

After the business session, the Club adjourned to meet at the school building the first Tuesday in June. Visitors are always welcome.—Reporter.

DIXIE TEACHERS HONORED AT SOSSOMAN HOME

Somewhere near 100 Dixie folks were gathered at the home of Mr. and Mrs. John Sossoman Saturday night and enjoyed a real entertainment which Mrs. Lee Holley and Mrs. Sossoman had gotten up in honor of the teachers. Prof. James and wife, Miss Faye Anderson, and Mrs. Jesse Noble were the teachers entertained.

Refreshment of cake and lemonade were served galore. Everyone reported an excellent time.

JOE STOKES GIRLS' 4-H CLUB HAS DEMONSTRATION

The Joe Stokes 4-H Club meeting was held at the school auditorium Monday, May 11, for a yeast bread demonstration. We were glad to have our dear Miss Harrison meet with us again. She is always willing to help us. There were twelve of our members present, and they all gave good reports.—Reporter.

ALL SEW CLUB MEETS WITH MRS. SMALL

The All Sew Club met last with Mrs. G. W. Small. Some of our members were not present as they were busy with graduation affairs.

We planned a picnic supper to entertain our husbands May 21. Sandwiches and tea were enjoyed by all present.—Reporter.

THE INDIVIDUAL AND HIS BANK

By ROME C. STEPHENSON
President American Bankers Association

BANKERS recognize that their business carries especially heavy public responsibilities and welcome all sound measures to aid them meet the duties this imposes. Unceasing efforts to bring about continually improving methods to safeguard depositors in banks of all kinds have long been uppermost in the plans of bankers' organizations throughout the nation. They are not the outgrowth merely of the past year of business adversity, but have been carried on actively for many years and have resulted in great progress along lines of better, safer banking methods. Although banking along with all business has suffered reverses, conditions in this field have been far less severe than they would have been had not bankers been widely successful in their endeavors to develop the high standards of banking that now generally prevail.

The American Bankers Association and bankers' organizations in every state actively support the principle of government supervision of banking. The national banks, which receive their charters to do business from the federal government, are under the supervision of the Comptroller of the Currency at Washington. Through his efficient staffs of expert bank examiners in every section he has the duty and powers to keep watch of the way every national bank is being conducted, to suggest desirable changes in its policies or methods and even to step in and take control for the protection of the depositors if such action is warranted. The state banks, also, which are chartered by the various state governments, are subject to similar supervision and control by state bank officials. In addition banks in many places have long maintained voluntary clearing house associations which enforce even closer supervision over their members.

Bankers Favor Public Supervision
Present laws adequately enforced contain ample provisions for government supervision. Bankers universally believe in strong, capable banking departments manned by officials with the discretion and courage to enforce these laws and act under them as the common welfare demands. They believe that these public officials should be paid sufficient salaries to command the services of men of character, ability and a resolute spirit of public service. They believe also that the banking departments should be kept free from all political or other special influence in order to be able to act at all times with single-minded independence solely for the benefit of the public interest.

Although banks in the United States operating under state or national charters are thus subject to supervision of public authority, they are strictly private business enterprises. They are owned by their stockholders and administered by officials chosen through the boards of directors which their stockholders elect. No bank is owned or operated by the United States Government, nor, with one small exception in a western state, by any state government. The function of government in banking is to promote and enforce careful banking administration through the system of examination and supervision which I have described. This, however, does not relieve the individual depositor from the necessity of judging and choosing carefully as to his banking relations, just as in his other business or professional relations. He must inquire for himself into the character and type of institution and men he shall do business with, satisfying himself as to their reputation, reliability and capability. These qualities are essential to complete the element of safety and dependability in any human institution.

An Illusory Law
The bank deposit guaranty law in any form is a snare and a delusion, declares a banker in a state where it has been tried, adding: "It is a license and encouragement to irresponsible banks and banking and penalizes capital solvency and prudent banking. It creates a sense of security in the minds of the unthinking and uninformed that is false and impossible to be realized on ultimately. To compare it to legitimate insurance is without reason and absurd. It jeopardizes the solvency of all banks and the safety of all depositors for the theoretical safety of a few. Guaranty schemes always have been, and always will be, impotent, futile and disastrous. It is not new. Has been tried, failed and discarded at intervals for more than 100 years in this country. No well-informed, honest and intelligent mind can accept it in principle or practice. Competent bank supervision and restriction of banks to territory that will warrant sufficient capital investment and accounts is the only sane and honest course and will afford all the guaranty the depositing public is entitled to as compared with all other human affairs."

NOTICE TO THE PUBLIC

Any erroneous reflection upon the reputation or standing of any individual, firm or corporation, that may appear in the columns of the News, will be gladly corrected when called to our attention.

A man's friends rarely ever slap him on the back and give him an encouraging word when he is most in need of encouragement and support. They may thoroughly sympathize and approve but they just neglect to tell him so. On the other hand, his enemies never fail to knock. Therefore when a county official is faithful and courageous in his efforts to enforce the law, he hears plenty of criticism but entirely too little of praise and approval. We again say that the friends of law enforcement and good government in this county should let the county officials know that they appreciate honesty and courage and fidelity to duty in an official.

There was very little evidence of drinking among the visitors in Lubbock last week attending the sessions of the West Texas Chamber of Commerce. On the day we attended, Friday, we noted only one case of inebriety. This was an ex-newspaper man who attended a luncheon in an intoxicated condition and made an

ass of himself. That is, we judged him to be drunk; a Lynn county jury might have hung up on the proposition—but at any rate he disgusted every other person present. What we need is not repeal of the Eighteenth Amendment but a little better enforcement of it—and better observance of it.

Newspaper men of West Texas were guests of the Lubbock Chamber of Commerce at a luncheon served in the ball room of the Lubbock Hotel during the meeting of the West Texas Chamber of Commerce last Friday, with Charles Guy, publisher of the Lubbock Avalanche-Journal, as toastmaster. A number of short talks were made, but no long speeches. Senator Tom Connally and Amos G. Carter were the most distinguished among the speakers. It was a most pleasant occasion, for which the newspaper men of this section feel deeply grateful to the Lubbock Chamber of Commerce.

The News is not Puritanical in prescribing the kinds of amusements that other folks shall enjoy, but the character of public dance halls that have been operated in this county is not calculated to elevate the morals of our young people. One defense attorney in the trial of a case here recently denominated them as "hell-holes". We do not believe that any county official should lend his patronage to any sort of a "hell-hole".

Texas lost one of her most valuable citizens in the death of Dr. S. P. Brooks, who was buried last Friday. He was one of the really big men of Texas, intellectually, morally, and spiritually. As President of Baylor University for twenty-nine years, he has left an impress upon Texas, present and prospective, such as few other men have made. As Pat Neff expressed it, "he sleeps today among the immortals".

It is not often that a young woman is seen smoking a cigarette in public in West Texas. It may be a common occurrence in other parts of the country but not so here. Therefore when one is daring enough to thus indulge, she becomes the cynosure of all eyes. And what a spectacle she is! How unladylike she appears! May her tribe never increase.

There are those who say that liquor flowed freely at the West Texas Chamber of Commerce convention in Lubbock last week—that it was in evidence everywhere. As for us, we were not looking for liquor the day we were there and we saw little evidence of its presence. But we hope that the time will come when peace officers in every county in Texas will make it so hot for the bootleggers that nobody will be able to truthfully charge that liquor is plentiful and may be obtained easily, hot not only for the bootleggers but for those who patronize the bootleggers.

WHAT OTHERS
THINKRUSSIA MAKES WONDERFUL
PROGRESS

Everywhere one turns now there is discussion of Russia. For Russia is no longer merely a political problem for governments and statesmen. It has become a practical business problem for individual citizens. And it is a business problem not only for merchants and manufacturers but for farmers as well.

A few years ago Russia was the most backward of all white countries in the use of farm machinery. Now it is fast becoming one of the world's most advanced nations in the use of machinery of all kinds, both agricultural and industrial.

"The Five Year Plan" of the government is perhaps the most far-reaching industrial program ever inaugurated on this planet.

What shall we do about Russia? To be very specific, let us see, just for example, how our cotton growers right here in Dixie are affected. We used to sell American cotton to Russia. To what extent will "The Five Year Plan" probably change all this? The following paragraph from The Business Week of April 8 gives an answer:

"Under the Plan, 43 irrigation projects in cotton growing regions are opening vast new areas. Acreage is to be increased from 2,700,000 in 1930 to 4,400,000 in 1931. To this can be added 1,200,000 acres which do not require irrigation. Production has risen from 41,000 bales in 1921 to 1,900,000 in 1930. This is 12 per cent of United States production; 6.7 per cent of world production. The 1931 crop is expected to reach 3 1/4 million bales. Home consumption requires 2 million bales now, 3 million at the end of the Plan. Russia, evidently, is going to get ready to export besides supplying a huge market with finished goods. With Russian cotton now selling in Lancashire for 1/4 cent less than American, the Southern grower is paying heed."

What then should we do about Russia—the manufacturers, the merchants, the farmers who face a new kind of competition? It is competition not merely of individuals but of a whole nation working on

one vast, well coordinated, two-continent policy, with profits to capital largely eliminated, and with the ability and willingness to suffer losses at any point today in order to win a more substantial victory tomorrow.

The reactionaries among us propose a policy of conflict and repression. They would perpetuate present industrial policies in this country, curb free speech if necessary in an effort to check the spread of Russian ideas in America and other countries, and organize the so-called capitalistic nations (in spirit if not in form) to oppose Russia at every turn. Of such a policy the inevitable end—sometime—would be war and possibly more nations overturned by communistic revolutions as Russia was.

Much wiser, it seems to us, would be a policy of (1) acting fair with

Russia, (2) preserving our American standards of free thought and free speech (no matter how little Russia itself may practice them), and (3) so improving our own laws and industrial system that we shall not be afraid of an intelligent citizenship preferring the Russian system to ours.—Progressive Farmer.

"Were you ever completely down and out?"
"No, but there was a time once when I would have given a thousand dollars to be that way."
"Quit your kidding. How could that be?"
"My plane went into a tailspin at one thousand feet".

America's leading
business concerns
have bought
27,605 Chevrolets

STANDARD COUPE, \$535

SEDAN DELIVERY, \$575

LIGHT DELIVERY PANEL TRUCK, \$555

Prominent among the thousands of concerns using large fleets of Chevrolets are many of the leaders of American industry. In fact, 73 outstanding business firms have purchased a total of 27,605 Chevrolet cars and trucks.

The reason for this preference lies in the unexcelled economy of Chevrolet cars and trucks, as proved by official cost records. These records show that 20 miles to the gallon is a common occurrence among Chevrolet cars. That oil expense is extremely low. That Chevrolet

cars and trucks require only a minimum of service attention. That they give satisfactory low-cost service over exceptionally long periods of time.

Naturally, a car with such a fine record of economy represents an extremely wise investment for any buyer! Especially so, when you consider the many advantages that Chevrolet offers above and beyond economical operation. Come in and learn what these advantages are—what they mean in terms of style, comfort, safety, reliability and value.

NEW CHEVROLET SIX

The Great American Value

New Low Prices—Chevrolet passenger car prices range from \$415 to \$650. Chevrolet truck chassis, \$355 to \$590. Low delivered prices and easy terms. All passenger car and truck chassis prices f. o. b. Flint, Michigan. All truck body prices f. o. b. Indianapolis, Indiana. Special equip. and extra.

SNOWDEN CHEVROLET COMPANY

Lals

C. P. Shepley, an attorney of Ballinger and of Miss Evelyn Shepherd who taught English in the high school the past year, was here Friday attending the Commencement exercises and called at the News on Saturday. In addition to being a lawyer by profession, Mr. Shepley is also owner of the Ballinger Star, a daily and a weekly newspaper. For many years he was county clerk of his county. His daughter will teach in the Ballinger school next year.

J. B. Walker returned Monday morning from oil fields of East Texas, where he spent the past few weeks in the game. All that country is getting big oil play now, but J. B. doesn't think much of it as a farming proposition—fields too small. He brags the gardens and flowers, however, English peas almost shoulder high and the biggest and most beautiful flowers he ever saw. Just a sort of a little Paradise in the springtime he thinks.

W. J. Crouch received a little message last week informing him that he had been a great-grandfather for the second time. Ouida Joy, a daughter, was born to Mr. and Mrs. E. A. Martz Chappel in San Saba county on May 11, and Mr. Crouch was invited to run on down and get acquainted with the little Miss.

Curtis Shaw colored, better known as "Wit", who has been working at one of the mines here the past few years recovering from some kind of paralysis. General rumor has it that he was poisoned by some kind of concoction which he drank as a beverage. Bootleg liquor is a mocker.

Rev. O. J. H. pastor of the Baptist Church here preached the Commencement sermon to the graduating class of the Won high school Sunday morning. Reports a vast throng present. Rev. J. W. Partin, the Wilson pair, filled the Baptist pulpit here in the absence of Pastor Hull.

Rev. D. D. Jenson of this city has resigned as missionary of the Brownfield Baptist Association, his resignation to take effect in June. Rev. Johnson has been engaged in this work for the past two or three years and the members of the association say that he has done most faithful work.

Last week it was stated that Henry Ford had just manufactured his sixteen millionth car. That was a little mistake of just four million only. He has just manufactured his twenty millionth car, Ches. Connolly says—and Ches ought to know. We beg Henry's pardon.

Mrs. C. O. Edwards of Fort Worth was here the latter part of last week visiting on the T-Bar ranch and witnessing the graduation of Jack and Miss Lorene Childers. She returned home Sunday accompanied by Mr. Edwards, who has been here for some time.

Mrs. H. A. Snowden and the children left Monday to visit her parents near San Marcos. They expect to be away two weeks.

Mr. and Mrs. Duesy L. French and little son Ronald of Hale Center and Mrs. Otto Cotten and two little daughters, Leta Dell and Bettie Jane, of Seagraves visited in the home of Mr. and Mrs. H. P. French a few days last week.

J. Wilford Jones, who resides in the Dixie community, was called to Vernon Monday morning by the death of his sister, who was killed in an automobile wreck Sunday night. We did not learn the particulars.

Mr. Scott Garner of Brownwood was the guest Sunday of Uncle Jimmie Fleming. Mr. Garner and Mr. Fleming were boyhood friends and served in the army in the Civil War together.

Mr. and Mrs. Borden Davis and Mrs. W. M. Harris left Sunday for San Antonio, where Borden went to attend a series of lectures on embalming. Mrs. Davis and Mrs. Harris are visiting friends.

R. E. Key is now out in New Mexico with a view to filing on a section of land and establishing a homestead. We can't quite figure out what Key wants with a homestead but possibly he can.

One day service on Conoco kerosene. Phone 234. 38-4tc.

A citizen of Wilson had business in the justice court here Monday—just paid a little fine for simple assault, as a result of a little fracas that occurred a day or two before.

Mrs. A. B. Seroyer and daughters, Misses Marie and Mattie Will, left the first of the week for Cleburne to spend a few weeks visiting relatives and friends.

Try Conoco kerosene. Phone 234. 38-4tc.

IMPOUNDED STOCK SALE
Notice is hereby given that on Monday, May 18, between the hours of 10 A. M. and 4 P. M., I will sell at public auction, to the highest bidder, for cash, the following stock found running at large within the city of Tahoka, to-wit: 1 bay horse about 16 h. h., weight 900 or 1,000 lbs, 18 or 20 years old, no brands; 1 bay horse 14 h. h., weight about 750 lbs., old, no brands. M. C. Finch, City Marshal. 37-2tc

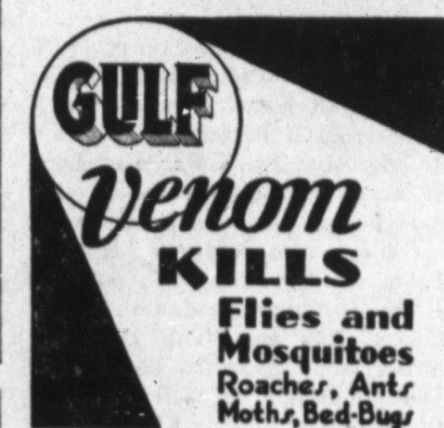

SPECIAL NOTICE
The next stated meeting of Tahoka Lodge No. 1041 A. F. & A. M. will be Tuesday night, June 2, and officers will be elected at that time. All members are urged to be present.
C. R. Riley, W. M.
J. L. Heare, Sec'y.

The oldest coronation of which any contemporary relic survives, was the coronation of the Ethiopian King Aspalut, about 600 B. C.

Glycerin Mix Removes Cause of Stomach Gas

Simple glycerin, buckthorn bark, saline, etc., as mixed in Adlerika acts on BOTH upper and lower bowel, removing poisons you never thought were there and which caused gas and other stomach trouble. Just ONE spoonful relieves GAS, sour stomach, sick-headache and constipation. Don't take medicine which cleans only PART of bowels, but let Adlerika give you a REAL cleaning and see how good you feel. It will surprise you. F-6

THOMAS BROS. DRUG CO.

Once upon a time an enterprising poultryman crossed his hens with parrots, to save time. He used to spend much time in hunting the eggs, but now the hens walk up to him and say: "Hank, I just laid an egg. Go get it."

Welfare Worker: "Now, let's see, your name begins with—?"
Convict: "With a nine, lady."

PAINS QUIT COMING

"When I was a girl, I suffered periodically with terrible pains in my back and sides. Often I would bend almost double with the intense pain. This would last for hours and I could get no relief.

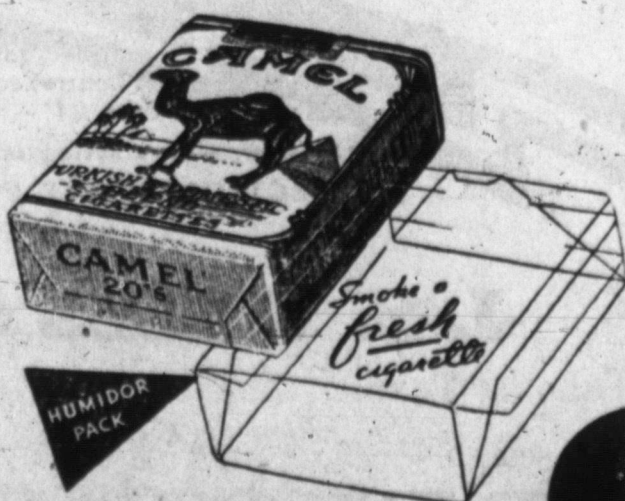

"I tried almost everything that was recommended to me, but found nothing that would help until I began taking Cardui. My mother thought it would be good for me, so she got a bottle of Cardui and started me taking it. I soon improved. The bad spells quit coming. I was soon in normal health."

—Mrs. Jewel Harris, Willsboro, Texas.

CARDUI
Helps Women to Health

Take Thedford's Black-Draught for Constipation, Indigestion, and Biliousness.

IN congratulating the winners in the great Camel contest we want at the same time to thank most cordially the approximately million men and women who displayed their friendly interest by sending in an entry.

We wish also to thank the millions of smokers throughout the country for the appreciation they are showing for our new Humidor Pack as is evidenced by the notable increase in the sale of Camel cigarettes.

By means of this dust-proof, germ-proof,

moisture-proof Cellophane wrapping the rich aroma and full flavor of choice Turkish and mellow Domestic tobaccos have been air-sealed in Camels for your enjoyment.

If you have not tried Camels in the Humidor Pack all we ask is that you switch over to this brand for one day.

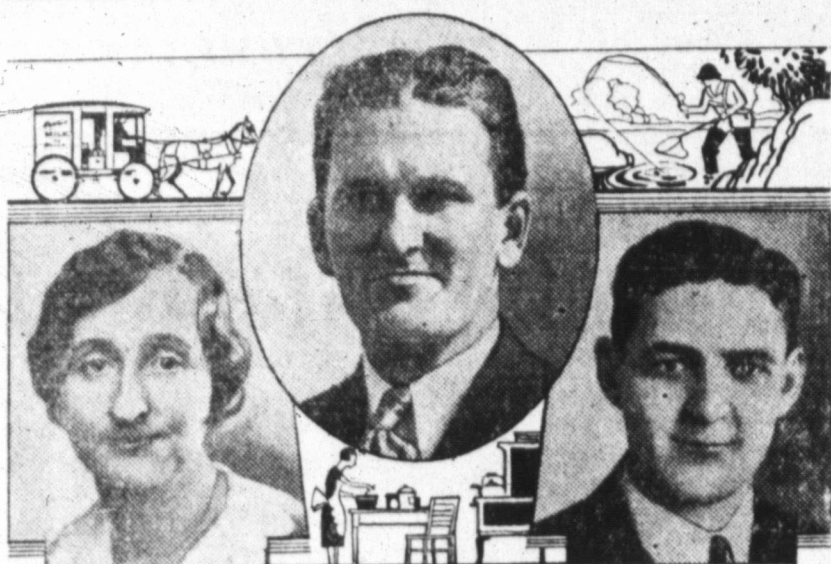

After you have learned how much milder, how much cooler, how much more enjoyable it is to smoke a perfectly conditioned fresh cigarette, go back to the harsh hotness of stale cigarettes if you can.

Milkman, Housewife, Sportsman, Winners in \$50,000 Contest

Top, James Thomas Sharkey, first prize winner; lower left, Mrs. Walter Sweet, winner of second prize; lower right, Julius M. Nolte, winner of third prize.

Pictures show the three major prize winners in the Camel cigarette contest. James Thomas Sharkey, 32, a milkman in Boston, was awarded first prize of \$25,000; Mrs. Walter Sweet, mother of three children and wife of a Marine Corps captain stationed at the Brooklyn (N. Y.) Navy Yard, won second prize of \$10,000, and Julius M. Nolte, real estate dealer, and former secretary of the Duluth Commercial Club, received the third prize of \$5,000. In addition, five prizes of \$1,000 each, five prizes of \$500 each and twenty-five prizes of \$100 each were awarded.

The three fortunate prize winners will go to Winston-Salem, N. C., where Camel cigarettes are manufactured, to receive their checks.

Wilson

Nice rain hit Wilson Monday and did much benefit to gardens and young crops in and near town but was limited to a small territory. This rain was accompanied by considerable hail which damaged wheat and other crops in some sections. Some are needing rain to aid in getting up the crops recently planted, the ground being dried out by the wind and hot sun since planting.

11 Graduate From Grammar School

On Friday afternoon the program which appeared in last week's issue was carried out in a very splendid way. We especially mention the address by Mr. G. H. Nelson, which was very impressive and will no doubt have its effect in the thinking of all who heard him. Those receiving diplomas were: Viola Brewer, Leroy Mueller, Floyd Heck, Garland

Swann, Raymond Holder, William Lumsden, Raymond Milliken, Joe Kolodziezyk, Willbourne Terrell, Nona Pendleton, and J. W. Fahrlander.

Where Teachers Will Go

The teachers of our school have almost all planned for the next three months and we are giving out some information which we feel you will be interested in. Mr. Faubion is to remain in Wilson and do work in Tech preparatory to getting his Masters degree. Mr. and Mrs. Brady Nix went to their home in Stephenville and expect to spend the most part of the summer in school. Mr. William Copecky will go to Wallace, where he has a place as principal in that school; he, too, is planning to be in school part of the summer. Miss Mavice Carney goes to Brownwood, and Miss Sallie Beth Wright to her home in Denton. Miss Lela Day will visit home in Dallas and later enter Teachers College, Den-

ton, working toward her degree. Miss Bertha McAlister goes to her home in Brownwood and later will do work in Howard Payne; she has accepted a place in the New Hope school and will be there this winter. Mrs. W. L. Forrester will visit her sister and daughter a few days and enter Teachers College, Denton. Miss Evelyn Thomas will visit home at Kaufman and later work in S. M. U. of Dallas. Miss Curtis Cook will be at home in Hale Center, and Miss Evva Faye Huffaker goes to her home at Avoca and later to the Tech at Lubbock.

Rev. and Mrs. Partin spent the first part of this week in Abilene.

Miss Veda West is home since the closing of her school at Ropes.

Our little city was well represented at the Chamber of Commerce meeting held at Lubbock last week.

Mr. and Mrs. Pat Swann entertained a number of relatives in their home last week end.

Mr. and Mrs. Mike Harris of Potts ville were week end visitors in the W. F. Terrell home. Mrs. Harris is a sister of Mrs. Terrell.

Mr. and Mrs. Jim Johnson of Lubbock were visiting relatives and friends in our community last week end. They also returned Monday night to see Mrs. Johnson's nephew, Calloway Huffaker, graduate.

Messrs. Foy and Tony Davis of Amarillo came down to be present at the graduation of their brother.

Mr. and Mrs. W. M. Kinsey were the guests in the home of their daughter, Mrs. Frank Terrell, last week end. Their home is in Potts-ville.

Clyde Shaw moved back to the farm Tuesday after spending the winter in Wilson where he came to take advantage of our fine school.

Mr. and Mrs. G. C. Watson of O'Donnell were here for the graduation exercises. Their son Herbert finished high school this year.

Mr. Paul Limmer is in South Texas for a few weeks where he has accepted some kind of employment; he plans to stay through the harvest.

Miss Beatrice Marchbank was a week end visitor in Lubbock.

Mr. Clyde Jones is planning to move with his family to Lubbock in the near future and went there the first of the week to look out a location. He will likely move next week.

Wilson High School Graduation Exercises

At 11 o'clock Sunday morning, May 17, the baccalaureate sermon was delivered to the Seniors of Wilson high school by Rev. Hull, pastor of the First Baptist Church of Tahoka. The high school auditorium was packed to capacity. Rev. Hull delivered one of the best sermons we have ever had the pleasure to hear. The Seniors were deeply impressed by the lessons he gave them. Every one went away resolved to live a more noble life.

At 8:30 Monday evening, May 18, the class listened to the address given by Rev. Mm. Krauhaar, president of Seguin College. The address was very appropriate and inspiring. He spoke on "Building Character", holding Jesus up as the Supreme example. No one could have listened to this address and failed to love and appreciate our dear Master a little more. Seventeen graduates received diplomas from Supt. A. L. Faubion, the largest class in the history of the school to graduate. Miss Thyria Painter gave the Salutatory, while Miss Alfreda Schaffner delivered the Valedictory. Scholarships were presented by Mr. Nix, principal of High School, to Miss Alfreda Schaffner who won highest honors of the class and to Herbert Watson, he having the highest average for the boys of the class.

The following is a list of graduates: Callaway Huffaker, Alfreda Schaffner, Herbert Watson, Thyria Painter, Herbert Ehlers, Lloyd Roxburgh, Thyria Painter, Effie Hamilton, Werner Mueller, Noma Parks, Ruth Dulin, Burke Stiles, Mattye Pearl Jones, Natalia Aherns, Leo Davis, Iva Presley and R. D. Presley.

Redwine

Miss Carol Holloway and brother, Robert, were visiting their sister, Mrs. Roy Tunnell near South Ward over the week end.

Mr. and Mrs. Henry Cox and daughter, Miss Vera, and son, Mr. and Mrs. Virgil Cox and little daughter, Margarite, left Monday for their home in Jack county after spending a week here with their daughter and sister, Mrs. Mable Willingham and family.

Kenneth Fuller of New Mexico is here visiting his sister, Miss Jessie Fuller.

D. Forrester of Munford, Tenn., was a guest of his cousins, Mr. and Mrs. Weldon McClintock Saturday.

Mr. and Mrs. Bill Thompson were Sunday guests in the J. Y. Thompson home.

Misses Pauline, Opal, and Johnny Willyne McClintock of Midway visited their aunt, Mrs. Curtis Driver,

Sunday.

J. C. and Jack Gilson of Lubbock were visiting their sister, Mrs. Weldon McClintock and family Saturday.

There was a party at Mr. and Mrs. Johnson's home last Friday night. It was enjoyed by a large crowd of young folks.

Lester Carroll and his father were called to Oklahoma Monday by the death of their brother and son.

Misses Pauline Thompson and Jessie Fuller and Kenneth Fuller were Lubbock visitors Monday.

Misses Leda Martin and Ruth Uzzell of Draw attended the party here Friday night.

Miss Belle Henderson entertained the young folks with a party in her parents' home Saturday night.

Mr. and Mrs. Carl McClintock and family of Midway visited their parents here Sunday.

Ben Bairrington of near Tahoka attended the party Saturday night at the Henderson home.

Mr. and Mrs. Johnson of South Ward were guests of Mr. and Mrs. Bunk Hunt Sunday.

Mrs. Tom Smith continues to improve. She is spending a week with her daughter, Mrs. Lucian Nelson.

News is a little scarce this week. No fishing trips to report for "West Wilson Reporter"; no birth, or mar-

Doctors Disagree

When children are irritable and peevish, grind their teeth and sleep restlessly, have digestive pains and disturbances, lack of appetite, and have itching eyes, nose and fingers, doctors will not always agree that they are suffering from worms.

Many mothers, too, will not believe that their carefully brought up children can have worms. The fact remains that these symptoms will yield, in a great majority of cases, to a few doses of White's Cream Vermifuge, the sure expellant of round and pin worms. If your child has any of these symptoms, try this harmless, old fashioned medicine which you can get at 35c per bottle from

WHAT OTHERS THINK

WEST TEXAS GROWS UP

The day of reckoning has come. For years we've been treating West Texans like step children. We've burned their cotton, and paid them for it when we felt darn good and ready. We've maintained East Texas, North Texas and South Texas schools upon the rentals from vast areas of West Texas lands on which we refused to pay any taxes. When we cut a melon, we've kept the heart and tossed West Texans the rind.

And now somebody's let the cat out of the bag; West Texans have learned that our political chickens grow something besides necks and wings. They've grown up; they've grown big and strong; and they're asserting themselves in ways that are decidedly disconcerting to our notions of paternal privilege. They almost gave us a governor

last year; the time isn't far distant when they will give us one. They raise a confident voice in our legislative assemblies, and, whether we like it or not, we give that voice a respectful hearing.

West Texans have minds of their own. They are independent; they aren't hampered with a lot of outworn traditions. They think broadly and liberally, and they have the ability to look over, around, or under a bale of cotton.

Just now—down at Austin—West Texas is more or less a pain-in-the-neck to the representatives of older sections who resent the loss of their authoritative and final speech.

The facts are, however, we're a little jealous of West Texas' magnificent self-confidence and self-assurance; we're a little impatient of the impertinence of its youth; we're a little awed at its superb strength, its amazing sagacity; but, deep down in our hearts, we're mighty proud of our youngest child and, for all the world, wouldn't have it anything but what it is.—Editorials of the Month.

PAY AS YOU ROLL

The motto of those who favor the state road bond plan says: "When Lizzie is not in the shed, she should not be paying road tax." We are not highway finance authorities, but it seems to us that the gas tax, which will be mostly paid by the tourist, the joy-rider and the truck owner, is the most equitable way to build highways. No roads would be built from monies obtained from taxes on homes, farms and ranches or on any real or personal property. It sounds like good business to us, especially in view of the fact that road building money amounting to hundreds of thousands of dollars would be refunded to tax-burdened counties—Scurry County Times.

SUSPENDING DRIVING RIGHTS
Driving an automobile while intoxicated will become a risky business in Texas under the terms of a new law agreed to by both branches of the legislature.

The terms of the bill are not clear in press dispatches, but roughly it gives the trial judge the discretion of suspending the convicted driver's right to operate an automobile for varying periods up to two years. This feature, however, can only become operative when the jury recommends it and names the period of suspension.

This sort of law would be real punishment more befitting the crime than the usual small fine.—Abilene Morning News.

Locals

Marlin Humphries of Austin and Frank D. Creasy of Waco, son and son-in-law respectively of Mrs. Will Humphries, were here Wednesday. They left for Waco early this morning accompanied by Mrs. Humphries and little daughter, Etha, who have spent the winter here with Mrs. Humphries' parents, Mr. and Mrs. W. C. Cowan.

Prof. C. O. Head, principal of the school at Midway, reports that the Midway school is to run two weeks yet. The present faculty, consisting of himself, Mrs. Head, and Miss Verne Headstream, have been elected for the ensuing year.

Mr. and Mrs. George W. Neill of Brownfield came over to Tahoka Wednesday night to visit their son-in-law and daughter, Mr. and Mrs. C. T. Burnett. Mr. Neill is an attorney and has long been a prominent citizen of Brownfield.

Prof. C. L. Davis of the Vocational Agriculture Department of the State Department of Education was a visitor in Tahoka Tuesday morning. Just dropped by to see his good friend, Taylor White of the Tahoka schools.

G. M. Reid and M. O. Canaday returned Sunday from a fishing trip down on the Concho, in the vicinity of San Angelo and Christoval.

Many friends will be grieved to learn that Mrs. E. N. Weathers is not improving. In fact, she is gradually growing weaker. It is stated, and grave fears are expressed as to her condition.

Jess Eubanks returned Monday from a fishing trip on the San Saba. He tried his luck round about Ft. McConvitt. He had lots of fun but says all the big ones got away.

Mr. and Mrs. A. J. Mullins visited Mrs. Edna Mullins in Brownfield Sunday, the latter having been sick for several days. They found her improving.

Mr. and Mrs. J. L. Cade of Jayton spent Saturday and Sunday here with A. M. Cade and family.

Vernon Massingale has accepted a position with Jackson's Market.

Miss Floy Anglin is spending the week with friends at Bledsoe.

L. F. Frazier and family visited relatives in Ralls Sunday.

Mrs. J. B. Walker is now reported to be much improved.

Jean Pierre Blanchard, a French aeronaut residing in England, made the first successful balloon flight across the English Channel in 1785.

The Best Of Everything

Newspaper Advertising Is Purely A Business Matter

Shrewd business men do not "run an ad" because they like or dislike a newspaper's editorial policy—nor because they want to favor a personal friend.

Newspapers do not ask "support". They do not pass the hat. Advertising is a business matter just as surely as the matter of fire insurance or the matter of your store lease or the purchase of goods from wholesalers to be resold at retail.

Advertising is more essential when business is quiet and when money is tight than at any other time. Your payroll expense, your insurance, your rent and other fixed expenses remain about the same. The most economical way to adjust expenses in proportion to the amount of business is by the stimulation of sales through consistent advertising in the newspapers.

We have the necessary illustrations, copy, and advertising specialists to help make your advertising effective.

When you buy advertising you do it for a special, specific purpose. A friendly discussion of the whole subject does not entail any obligation and in such a discussion some business facts may be brought to light which may be of great interest to you.

MANY SPREAD PROPAGANDA

(Continued from first page)

ter and need something with which
to fill up on at the last minute be-
fore press time.

Here are three pages of facts and
figures and observations from the
general manager of the Brazos River
Conservation and Reclamation
District. It may be good dope but
since it would require a lot of time
and space to set it and since we
have no Brazos River in Lynn coun-
ty, it goes into the discard.

A Dallas gentleman sends us a
half column of propaganda announc-
ing a radio program which is to be
given by a certain big gas and oil
company. We'll let 'em get their
publicity over the radio.

An announcement comes from a
big Chicago packing house advising
that certain boys and girls from
Southern and Western states are to
be given a free trip to that city next
December. It is a scheme to adver-
tise this big corporation, and hence
we fail to fall for the propaganda.

Six sheets of "news" stories come
from the Extension Department of
the Texas A. & M. College. Good
stuff, much of it, but too much pub-
licity to give any one institution
free of charge. We sometimes use
some of their material.

Here are three sheets of "informa-
tion" from the state department of
agriculture. If all the departments
of our state government should send
us as much free matter as this de-
partment does, it would take about
sixteen pages of our paper each
week to publish the stuff. So, all of
Mr. McDonald's valuable informa-
tion must waste its sweetness on
the desert air.

Next we find seven "news" stories
from the University of Texas. But
they carry very little interest for
our readers and therefore we can't
use them.

Usually, we get a lot of matter
from other state colleges but find
very little of it usable.

Here are nine typewritten pages
of news stories from a certain de-
nominational school, but they con-
tain little or nothing of local interest
so we bid it goodbye. Nearly every
week there are communications also
from several other denominational
schools, none of which are of any
interest to our readers.

And thus it goes. The mails are
literally filled with this kind of
junk. It must cost Uncle Sam a con-
siderable sum of money daily to car-
ry this propaganda material from
the propagandists to the newspa-
pers. Very little of it is ever print-
ed. And yet, the various "interests"
and institutions go on day after day
and week after week and year after
year paying somebody to prepare
and mail out this stuff. It is a
great nuisance and a terrible waste.

We drop this hint to the propa-
gandists. If they will write stuff of
local interest and then boil it down,
probably the home town newspaper
will use it.

SLAT'S DIARY

Friday—ma and pa had ben have-
ing a few wirts this eving that is
ma had the wirts and pa played
the part of a audience and this
eving Mr Gillem droped in for a
game of chek-
kers and finely
wile ma was up
stares I herd pa
ast Mr. Gillem
how did he get a
long with his bet-
ter 1/2 and Mr
Gillem replied an-
snerred. Well I
havent never ben
able to figger
that out.

Saturday—Blisters was a brag-
ging about his grampaw today be-
cuz he was eighty 9 yrs of old age.
well I dont think that is so much
to brag about becuz it has tuk him
all most a life time to do it.

Sunday—wile we was at Blisters
house this p. m. ma ast Blisters
where the old vase was at witch had
ben handed down for fore Genera-
shuns and Blisters smiled and sed
that this generashun drapt it yester-
day. And it is not no more.

Munday—Clem Brant was a tell-
ing pa that a cupple weaks ago he
told his wife he was a thinking of
getting a divorce from her so she
hassent spoke to him since then so
now he dussent half to wirry about
no divorce.

Tuesday—Unkel Hen was in town
today and went & Boughten a lot of
Malt. I thot at 1st he was a going
to try to get sum Malter milk mebbey
frum-his cows but pa winks at Ant
Emmy and sed this hassent got eny-
thing to do with no cows. Sum
fokes makes me tired with there ri-
maris on the side to each another.

Wednesday—Teecer diddnt men-
chin no names today but she looked
at me when she was talking. she
sed They are some kids witch dussent
know mutch but they try to
lern and they are sum kids witch
dussent no mutch and you cant lern
them nothing. I dont no if I blushed
or not but mebbey I winced a little.

Thursday—Jakes uncle has started
a drug store and was a getting a
long fine till yesterday and sum guy
comes in with a Perskiptrion and
now Jakes uncle says he will half to
go and put in a stock of drugs.

Two different piles of ruins in
Babylonia are diversely credited
with being remnants of the tower
whose building caused the confusion
of tongues, the Tower of Babylon.

SUSPENDING DRIVING RIGHTS

Driving an automobile while in-
toxicated will become a risky busi-
ness in Texas under the terms of a
new law agreed to by both branches
of the legislature.

The terms of the bill are not clear
in press dispatches, but roughly
it gives the trial judge the discre-
tion of suspending the convicted driv-
er's right to operate an automobile
for varying periods up to two years.
This feature, however, can only be-
come operative when the jury re-
commends it and names the period
of suspension.

This sort of law would be real
punishment more befitting the crime
than the usual small fine.—Abilene
Morning News.

Local officers made another raid
for liquor Monday night but failed
to find any wet goods that time.
The peace officers are ever on the
job, however, and are determined to
make the bootlegger scarce and far-
between in this county.

The world's largest known copper
deposit, in Chile, is estimated to
contain 700,000,000 tons of ore.

"When I sell anybody on Germ-Processed Oil once... they stay sold!"

THE use of Conoco Germ-Processed Motor Oil be-
comes a decided preference once you have had it
in your crankcase. Its value to your motor, and to
you, is quickly demonstrated. You may never have need
to call on it for the extra safety factor it provides.
You may never drive fast enough to test its ability to
stand up day after day at 60 miles per hour.
But when your speedometer says it is
your usual oil changing time and you
find your oil in perfect condition
for longer use... when your gas

gauge tells you that your mileage has definitely in-
creased... when the space of time between added
quarts of oil and between repair bills has appreciably
lengthened... then you know that you were right in
changing to Germ-Processed oil.

So many motorists have changed to Germ-Processed
and "stayed sold" that it has caused a real stir
in oil circles. Join these motorists in their satis-
faction. Stop today at the sign of the Conoco
Red Triangle and ask for Conoco Germ-
Processed Motor Oil. All grades 35¢ per quart.
