KIWANIS CLUB HEARS TALKS

World Traveler Tells Of Sights In Foreign Countries; Burton Hackney Talks

Bill Lee for 31 years a member of either the army or the navy, was a guest at the Kiwanis luncheon Wednesday and told of some of his interesting experiences while in the service. Among them he told of some of the fights with Aguinaldo and his forces in the Philippine Islands with whom the American forces were engaged following the Spanish-American War.

Burton Hackney, who resided here for several years and is a graduate of the Tahoka high school and who is now a resident of Globe, Arizona, was also a guest of the Club and he made an interesting talk, describing the people, the scenery, and the resources of Southwestern Arizona.

Both these talks were greatly enjoyed by the Kiwanians, for they contained much interesting information.

NEW HOME H. D. CLUB WILL PRESENT PLAY

The New Home H. D. Club will present a play entitled "A Worthy Vagabond" at the New Home high school auditorium Wednesday night, July 1.

The play is a typical western play, morally clean, and also furnishes ample comedy. The proceeds received from this play will go to the Club for the purpose of sending our representatives to the A. & M. Short Course July 26.

The cast of characters is composed of Wilmer Smith, who plays the leading role, R. N. Turner, Clarence Keel, Mr. and Mrs. Henry Heck, Mr. and Mrs. Joe Poindexter, and Mesdames Loyd McCormick and G. B. Sherrod.

It will be worth your time and money to see Joe Poindexter play the role of a professor of biology, whose hobby is bugs. Mrs. Loyd McCormick plays the role of an Eastern city girl on a vacation to the ranch, who also becomes intent on "bugs".

Mrs. G. B. Sherrod plays the role of a "negro mammy" who looks after her old misanthropic child, which part is played by Mrs. Henry Heck. Very naturally does Henry Heck play the role of a "hard boiled" ranch foreman; and Mrs. Joe Poindexter, R. W. Turner, and Clarence Keel prove to be very interesting characters.

Everyone is cordially invited to come and see for yourself what you think of our play. A small admission fee of 10c and 20c will be charged.—Reporter.

Legion Officials Visit Tahoka

Hon. Howell L. Brennan, state commander of the American Legion, Hon. Robt. O. Whiteaker, state adjutant, and Dr. R. A. Webb, executive committeeman of the 18th district, were here Friday meeting local Legionnaires. They attended the dedication of the new Legion Hall at Lamesa that night and the Lubbock meeting Saturday and Sunday.

Do You Know—

Twins were born to the parents of A. L. Dunagan on July 4, 1886, and just five years later, July 4, 1891, another couple of twins were born to them. One of each pair of twins is dead, but one of each pair is still living and reside within a mile of the spot where they were born at Frost, Navarro county. One will be 45 and the other 40 years of age on July 4. . . . One fork of the Brazos River heads in Lynn county. . . . Horace Hale drove the mail hack from Gail to Lubbock in the '90's making the trip in one day. . . . Later, he owned the Gail-Tahoka line; the trip from Gail to Tahoka and return was made in one day. . . . Judge J. R. Kelso, St. Louis, president of Texas Utilities, who frequently visits Tahoka, gave the official welcome to Chas. A. Lindberg when the latter returned home from his famous New York to Paris flight. . . . Of the nearly 100 species of snakes in the U. S. only four, the rattlesnake, copperhead, water moccasin and coral snake are venomous.

Tahoka Legionnaires Attend Convention

Tahoka people attending the American Legion meeting in Lubbock Sunday included D. H. Goodnough, Emmett Fleming, Aubra M. Cade, Claude Conway, Mr. and Mrs. Skip Taylor, Mr. and Mrs. Happy Smith, Mr. and Mrs. Jake Wilonsky, Mr. and Mrs. Bob Luttrell, and Mrs. John Stokes. Congressman Marvin Jones was one of the speakers, and they report a most excellent program. Many Tahoka people, whose names we failed to get, also attended the meet on Saturday.

Tourists Have Accident Here

F. B. Harris of San Benito sustained a fracture of a rib and his companion, M. O. Bailey of Mercedes, received painful bruises on the head when their car went into the ditch and was badly wrecked seven miles south of Tahoka on highway No. 9 on last Thursday about noon.

The accident occurred as the tourists were coming down the hill beyond the lake that lies across the old highway. They were running at a speed of about 40 miles per hour, Mr. Bailey stated to the News, when one of the tires was punctured by a nail. An attempt by the driver to stop the car too quickly while coming down the hill caused the car to head into the ditch, which was rather deep at that point.

Messrs. Harris and Bailey were on their way out into New Mexico to inspect a ranch owned by Mr. Bailey. They were detained here two or three days having the car repaired and recovering from their injuries.

Tahoka Is Loser In Two Games

The Tahoka ball team has encountered bad luck this week. They lost to Littlefield in that city Sunday afternoon, the score being 9 to 4.

On Tuesday afternoon the New Home team came down and took another game from Tahoka to the tune of 7 to 6.

Both these are splendid teams. They have to be to beat Tahoka. The New Home team is a stronger team than the Colorado team, according to some of the members of the local team.

Brownfield Leads In S. S. Contest

The Brownfield Baptist Sunday School leaped ahead of the Tahoka Baptist Sunday School last Sunday, the figures for the two schools being as follows: Brownfield 280, Tahoka 261. On the two preceding Sundays Tahoka had maintained a slight lead. The pastor and the Sunday School officials are urging a larger attendance here next Sunday.

WILL ROGERS TO APPEAR IN "A CONNECTICUT YANKEE"

Will Rogers, often called the "modern Mark Twain", makes his local appearance in Mark Twain's greatest comedy satire, the Fox production of "A Connecticut Yankee" at the English Theatre Thursday, Friday and Saturday of this week.

Advance reports hail this talking picture as the greatest thing Rogers ever has done which is praise indeed in view of his past pictures.

The Rogers version of "A Connecticut Yankee" has been completely modernized, and contains many original witticisms of the inimitable cowboy comedian's own authorship. He has injected the modern spirit into the Mark Twain story, while director David Butler has preserved the meat of the original.

This picture is said to be even better than "They Had to See Paris" or "So This Is London" or "Lightnin'".

M. D. Shepherd, son of Rev. and Mrs. J. W. Shepherd, was operated in a Lubbock sanitarium Tuesday morning for appendicitis. He is reported to have withstood the operation as well as could be expected.

T. J. Bovell is installing a big Kelvinator in the bakery.

BURGLARY AT PRIDE FRIDAY

Yates' Store and Postoffice Entered; Much Merchandise And Cash Are Taken

The store of W. M. Yates at Pride was burglarized and a large quantity of goods stolen last Friday night, according to W. A. Yates, father of the proprietor, who resides near Tahoka. Mr. Yates operates a general mercantile business there. Officers were at work on the case.

Mr. Yates not only operates a store but he is also postmaster at Pride and a small sum of money was also taken from the post office.

In addition to these activities, Mr. Yates is also principal of the school at Pride and has been such the past four years. He was recently re-elected for the ensuing year. But this is not all. He is engaged in extensive farming operations and cultivates quite a large acreage. Of course he has some help. His wife is manager of the store and looks after the post office and he hires most of his farm labor. The burglars possibly figured that he was well able to stand a little haul and so they took away a large portion of the contents of his store, consisting of dry goods, groceries and hardware.

Leedy's Pullet Sets A Record

Jake Leedy says that he has a record-breaking White Leghorn pullet. She began laying when just four months and nine days old, he declares, which is the earliest age on has begun to lay. He had several which began laying when they were four months and fifteen days old. Jake fed these chickens a balanced ration made up of Lynn county feed-stuffs. He says he believes this is the best chicken country in the world. All the feeds necessary to make the best chicken anywhere make a balanced ration are grown here in abundance, he says, and climate and other conditions conducive to their growth are excellent.

Big Spring Mayor Here

J. B. Pickle, mayor of Big Spring, was a brief caller at the News office Tuesday morning. Mr. Pickle and the editor are friends of long standing. Mr. Pickle having been editor-owner of the Roscoe Times several years during our residence in that city. Mr. Pickle is now prospering in business at Big Spring.

Mrs. Frank Hill and Mrs. Harley Henderson and little daughters are in Crosbyton this week visiting the former's parents.

Spikes-Haley Libel Suit At Lubbock Decided In Favor Of The Defendants

A verdict was rendered for the defendants Saturday afternoon in the case of Fred Spikes vs. J. Evetta Haley and the trustees of the Capitol Land Reservation Company by a jury in the 72nd district court in Lubbock, as the culmination of a trial which consumed five weeks.

Spikes was suing Haley and the company, generally known as the Capitol Land Syndicate, for damages in the sum of \$200,000 alleged to have been sustained by plaintiff by reason of alleged libelous statements contained in a history of the Spikes Ranch written by Haley and published by the trustees of the company, in which reference was made to the "Spikes Gang" as cattle rustlers and outlaws. Two of the Spikes brothers were killed in an armed conflict with officers at Mesa Redonda in New Mexico thirty years ago, and reference was made in the book to this incident. These were brothers of Fred Spikes, the plaintiff, who now resides in Lubbock and has resided there for many years, engaging in the real estate business. He alleged in his petition that these statements were false and libelous and defamatory of the character of himself and brothers. Under the law it devolved upon the defendants to prove the truth of the statements complained of. The jury by its verdict held in effect that the truth of the statements had been substantiated, or at least that plaintiff had failed to show that they were false.

Plaintiff's attorneys have filed a motion for a new trial and have expressed the intention of appealing the case. There are five other cases of like nature pending, brought by other members of the Spikes family. One of these was filed in the district court at Crosbyton and will be called for trial next fall. Attorneys for both the plaintiff and defendants say that they expect to be ready for trial.

Mothers, Dads Legion's Guests

Many of the mothers and dads of ex-service men were guests at the Legion meeting held here last Thursday night, according to D. H. Goodnough. Mr. Goodnough says that the mothers and fathers of Legionnaires are in fact honorary members of the organization and he wants them to realize this fact. Two gold star mothers were present.

A splendid musical program was given, consisting of numbers by the Redwine string band and by Mrs. Marcus Edwards and her boys.

Judge B. P. Maddox delivered an inspiring address.

The O'Donnell Post will be guests of the local Post at the next meeting, which will be held Thursday night, July 2, and plans for the program and entertainment were discussed.

Tahoka Juniors Win Over Lamesa

The Tahoka Junior League baseball team got revenge on Lamesa Wednesday afternoon. They defeated Lamesa in a game here by a score of 6 to 1. Mutt Rogers pitched for Tahoka and did excellent work. It was a good game from start to finish.

Lamesa had defeated Tahoka in the first game played by the two teams by a score of 12 to 8. This game was played at Lamesa last Friday.

Following the Junior League game here Wednesday afternoon, two local teams matched a game, the Bankers and the Grease Slingers. The Grease Slingers won, the score being 12 to 11. Truett Smith did most of the pitching for the Bankers-Court House gang while Joe Bovell strutted his stuff in the box for the mechanics.

Tahoka is becoming very baseball minded.

MANY WOMEN WILL ATTEND

Club Women Of Six Counties Meet At Two Draw Lake, Post, For Outing

The women of the Home Demonstration Clubs of Lynn, Eckley, Lubbock, Garza, Scurry and Dawson counties are making arrangements to hold summer camp this year at Two Draw Lake near Post next Wednesday and Thursday, July 1 and 2.

The purpose of the encampment is not only to get the instruction from a program to be given on various subjects, but that the ladies of the six counties might get acquainted and exchange ideas and imbibe a greater enthusiasm in the work of improving and raising the standards in the home. The encampment will also prove a much enjoyed outing for the ladies of the various counties as Two Draw Lake is ideally equipped for such a gathering. It has a large pavilion capable of seating several hundred, quite a few cottages and an abundance of shade and cool water. Boating, bathing, and fishing are also sports that are provided for at the lake.

Miss Harrison says she has hopes of 75 Lynn county women attending the encampment. The only requirements are that each woman furnish a fryer, four eggs, two potatoes, two quarts of canned vegetables, a small pie or cake, and 25c to pay incidentals. Each lady will also furnish her own bedding. The cost is practically nothing and it would be highly beneficial if every club member in the county could attend.

There is now a total enrollment of 221 women enrolled in eleven clubs in the county, a gain of 63 over enrollment of 1930. These clubs are all doing good work and their influence will be seen in a large measure in furthering the "live at home" campaign, the raising of the standard of living and in betterment of the general health of the county. These clubs are located in the New Home, Tahoka, O'Donnell, T-Bar, Draw, New Lynn, Newmore, Morgan, Midway, West Point, and Grassland communities.

Any erroneous reflection upon the reputation or standing of any individual, firm or corporation, that may appear in the columns of the News, will be gladly corrected when called to our attention.

A beer runner up in New York City got shot and killed the other day by the police. He was not only a beer runner but one of the chief racketeers of the city. So they gave him a princely burial. The silver casket that encased his form is said to have cost twenty thousand dollars. In order that the assembled multitudes might see it, the coffin was carried around the block in which the gangster had lived on the shoulders of six men before it was placed in the hearse. Seventy-five coaches and fifty private automobiles filled with "mourners" followed the hearse to the cemetery. Thirty-five carloads of floral offerings were piled on the grave. This man's name was Daniel J. Amasia, and he was a guard for Arthur (Dutch) Schultz Flegenheimer. The horde of foreigners, most of them with unpronounceable names no doubt, who thus honored this lawless dago, have no respect for the laws of our country. They are opposed to the Eighteenth Amendment. They are opposed to the Volstead Act. They trample the Constitution under their unholy feet as if it were an instrument of oppression. The spirit that actuates them actuates millions of other foreigners in New York City. These foreigners virtually control the Democratic party in New York and they are undertaking to dominate the policies of the National Democracy. The question is: Will Southern Democrats permit them to dictate the next Democratic platform and nominate the next Democratic candidate?

The annual highway traffic count is being made on all the highways in the Lubbock division this week. This territory embraces Lubbock, Hale, Lamb, Swisher, Floyd, Motley, Crosby, Hockley, Terry, Lynn, Garza, Dawson, and other south plains counties. There are eleven state highways in this division, and 128 employees of the state highway department have been detailed to make the count. A perusal of the list of places showing the location of the "checkers" reveals one singular thing, which we are not quite able to comprehend. On all the principal highways in this division except No. 84 the "checkers" or counters are stationed near the principal cities and towns through which the highways pass. But on highway No. 84 the checkers are placed only at the county lines. Traffic is necessarily much heavier near the cities and towns than it is at halfway stations between them. For instance, traffic on highway No. 84 is obviously much greater three miles east of Tahoka than it is at the Lynn-Garza line. But no counter is stationed on the highway three miles east of Tahoka. Counters on this highway are stationed only at the county lines from Post to New Mexico. On all the other principal highways counters are placed within three miles of the principal cities and towns. As a result, this count will show a minimum of traffic on highway No. 84 while showing a maximum of traffic on the other highways of this division. We merely raise to ask, Why is this thus?

Hoover's proposal for a moratorium on inter-government debts seems to have made a hit. His suggestion that the United States Government would be willing to forget about the debts owing it by the governments of Europe, for the period of one year, provided they would give Germany a breathing spell for that length of time, seems to have pleased everybody overseas and to be meeting with general approbation in this country. His purpose in making the suggestion was to enable the nations of Europe to devote one year to repairing their finances and their business affairs without being harassed with these old war debts. They say it is calculated to hasten the return of prosperity. They say that it is the beginning of the end of this period of depression. Well, we are willing to try it. If it will help just a little bit, we're for it.

Morris Sheppard is quoted as saying that the present business depression is due in part to our failure at the close of the World War to enter the League of Nations. If we had entered, all this feverish uncertainty that exists in Europe would have been avoided, he argues. The burdensome expenses of building up and maintaining big armies and navies in fear of another world conflict would likewise have been obviated. Our failure to join the League was a calamity, he says. We believe he is right. This nation no doubt would have entered the League had it not been for the littleness and meanness of Senator Lodge and others who envied and hated President Wilson and opposed the League chiefly because Wilson proposed it.

Lawlessness never wins in the long run. "Scarface" Al Capone ran rough-shod over the law for a long time but he finally came to the end of the way. He will be sentenced next Tuesday to a term in the Federal penitentiary. The punishment doubtless will not be commensurate by any means with the enormity of his crimes, but who would like to be in his shoes? If Al Capone was not smart enough to indefinitely escape the clutches of the law, how can the ordinary young "squirrel" who decides to start out on a criminal career expect to successfully "buck the law"? He can't do it. Again we repeat that the person who deliberately chooses a criminal course is a fool.

We are beginning to feel just a tinge of disappointment over our much touted new mayor, Anton J. Cermack of Chicago. When he went into office he cleaned out the city hall about the second day. We thought he was going to make all the criminals hard to catch. We have hardly seen his name in print since—except for his boosting of J. Ham Lewis for the Democratic nomination for the Presidency and a few knocks on Prohibition. If he has done a thing to catch Al Capone and other gangsters, the news doesn't seem to have leaked out. Uncle Sam seems to have gotten Al without Anton's assistance. Come alive, Anton.

We still believe that West Texas is "coming back" this fall. People need not get alarmed because it gets a little dry occasionally. A drought through May and June sometimes means plenty of rain later in the summer, and it is these late rains that make bumper crops on the plains. Get your cotton sacks ready, boys.

We talked with many farmers last Saturday afternoon. Nearly all of them reported that the cotton was still growing and they seemed to be in good spirits. We are still betting that there will be a good crop gathered here next fall.

Wilson

Crops are still holding up wonderfully well but a good rain would be very acceptable just at this time. Everyone seems to be busy. Wheat harvest is in full swing and the thrasher men are tuning up their machines.

Sunday morning at 7 o'clock, Rev. W. G. Boyd conducted the funeral service of a Mexican man who passed away on Saturday morning. The man was of the Baptist faith and the service was a most impressive one. He died at Slaton but the remains were laid to rest in the Mexican division of the Wilson cemetery.

Another Pioneer Passes
In the passing of Mrs. G. W. Pilley on last Sunday morning, the Wilson friends and loved ones looked upon the face of another pioneer for the last time. Mrs. Pilley was one of the first settlers of our community, coming here at an early date with her husband who passed on some ten years ago, and her five children who are all still living and were present during her late illness and death. She was 57 years old, a consecrated Christian, having accepted Christ as a personal savior in her early life and continuing in the faith until death came. We believe she and Mr. Pilley were charter members in the Wilson Baptist Church and continued that membership until their passing. She was well known throughout the entire country and to know her was to love her. She was a devoted wife and a loving mother, never tiring in her efforts to bring happiness and sunshine into her home. The funeral services were held at the First Baptist Church of Lubbock at 3 P. M. Monday, Rev. J. W. Partin, pastor

of the local church, and Rev. Campbell, pastor of the Lubbock church, officiating. Interment was in the Lubbock cemetery. Her children are Mrs. F. R. Crews of Wilson, George Pilley, Mrs. Luther Bynum, Mrs. Edna Fertsch and Miss Vivian Pilley, Lubbock. A large number of relatives and a host of friends were present in the last hours of her life. Our deep sympathy goes out to the bereaved.

Mr. Pete Crews and wife of Corpus Christi are spending a few days with relatives and friends. They will likely return home the last of this week.

Mrs. L. Lumsden attended a meeting at Tahoka Tuesday afternoon. The meeting was for the purpose of planning a program for the Mission Study Institute of the Brownfield Baptist Association.

Mr. and Mrs. George Vineyard of Lubbock and Mrs. Chamberland Bounds of Abilene were guests in the home of Mr. and Mrs. H. B. Crosby Sunday.

Mrs. C. A. Hine, mother of Mrs. Fannie Dawson, has been ill for several days. Mrs. Hine has passed the 90th mile post and up to a few weeks ago had enjoyed good health and was very active but friends and relatives are much concerned about her present condition.

An extension of six miles was added to rural route 2 a short time ago, covering the newly settled territory just north of town.

Mrs. J. L. Quicksall of Lubbock, is spending the first part of the week with her sister, Mrs. H. B. Crosby.

Miss Alice Hobbs of Big Spring who is a registered nurse is visiting several weeks in the home of her father and mother, Mr. and Mrs. J. A. Hobbs.

William Lumsden spent last week playing cowboy on his father's ranch near Brownfield.

The Epworth League of the local Methodist Church enjoyed a splendid outing last Friday evening. The afternoon was spent in baseball, and at about nightfall a sumptuous dinner was served and the evening was spent in story telling.

HI-LEAGUERS GUESTS OF MR. AND MRS. DONALDSON

On last Friday evening about 25 of the Epworth Hi-Leaguers met at the home of Mr. and Mrs. J. D. Donaldson for the regular monthly social. We were met at the door by Elizabeth Crie, recreational director, with a box of taffy candy and with the order: "Put a whole piece in your mouth at once and talk." We put the pieces in our mouths but silence reigned save for groans when our teeth became stuck too tight. The evening was spent in playing games and giving stunts. We were very much pleased to have Miss Carmack give us a reading as a special feature of the evening. About ten o'clock delicious cream and cake were served to the happy guests.—Reporter.

Presbyterians In Revival Meeting

Rather small crowds have been attending the revival meeting being conducted this week in the city tabernacle here, although Evangelist W. O. Parr, Cumberland Presbyterian, has been doing some vigorous preaching. Mr. H. M. Scott, Methodist of Milan, Tennessee, is directing the song services.

The Cumberland Presbyterians have no church organization here, and for that reason possibly it has been a little hard for the evangelist to enlist interest. Members of all denominations, however, are being invited and urged to attend and assist in the services.

WHAT OTHERS THINK

HOOVER DISCOVERS EUROPE

The vacation trips of Mellon and Stimson to Europe have revived long forgotten memories in the mind of President Hoover. He has just remembered that there is a continent called Europe and that the United States has its prosperity tied up with the prosperity of the nations of Europe. The mere suggestion in the press that he is concerned at the distressing situation of Germany, brought out the comment in London that if America would in some fashion come to the aid of Germany it would be "epochal" and would strengthen all Europe and the world at large.

It is not the particular line of action that the United States may take, so much as the thought that we as a Nation recognize at last that the nations of the world have common interests and stand or fall together. Even from purely selfish motives the United States could do nothing better than to show a deep concern in the troubled situations of other nations and to extend aid constructively. It is "casting bread upon the waters". It would give renewed hope and courage to those in black despair. The present hatred felt against the United States would turn to an appreciation of kindly service rendered in time of need, and would banish the memory of our present "holier than thou" attitude of aloofness and apparent indifference to the distress of Europe and the Far East.

If President Hoover's words are followed by definite constructive policies on the part of the United States, world depression and pessimism would soon pass, good times would come again, and tangible steps toward a real disarmament program could be attained at the conference of 1932.—Dallas News

THE GOVERNORS WERE DRY

The Asheville (North Carolina) Citizen notes that Frank R. Kent of the Baltimore Sun was much impressed at French Lick Springs, Indiana, by the fact that out of the twenty-three Governors present only three — Roosevelt of New York, Ritchie of Maryland and Case of Rhode Island — were politically wet. All the rest were dry.

Mr. Kent, who is wet himself, is convinced that the twenty dry Governors were most hypocritical to the extent that they do not really believe in prohibition. It is a common attitude among wet newspaper men to dismiss as insincere dry sentiment on the part of a public official. However, whether Mr. Kent is right about that or not, he concludes that the Governors were abundantly right in their judgment that the dry stand is politically safer than the wet one in their respective States.

That must have been a disappointing discovery to Mr. Kent. The Asheville Citizen, however, thinks that it is something of moment for the Raasch element in the party to consider. If in twenty States out of twenty-three represented at French Lick Springs the politicians are afraid, as Mr. Kent interprets it, to come out for the wet side, although they would like to do that, what real chance is there for repeal of the Eighteenth Amendment? — Dallas News

Whenever you have some nagging ache or pain, take some tablets of Bayer Aspirin. Relief is immediate!

There's scarcely ever an ache or pain that Bayer Aspirin won't relieve—and never a time when you can't take it.

The tablets with the Bayer cross are always safe. They don't depress the heart, or otherwise harm you. Use them just as often as they can spare you any pain or discomfort. Just be sure to buy the genuine. Examine the package. Beware of imitations.

Aspirin is the trade-mark of Bayer manufacture of monoaceticacidester of salicylic acid.

Restless, could not sleep

"THERE were days when I felt like I could not get my work done. I would get so nervous and 'trembly' I would have to lie down. I was very restless, and could not sleep at night.

My mother advised me to take Cardui, and I certainly am glad she did. It is the first thing that seemed to give me any strength. I felt better after the first bottle. I kept it up and am now feeling fine."—Mrs. T. R. Gibson, Fort Payne, Ala.
